NOTE 1 - BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Company Description and Nature of Operations

Home Solutions of America, Inc. ("we," "us," "Home Solutions," or the "Company") is a Delaware corporation that was incorporated in 1998. Our growth strategy is to become a leading provider of specialty residential services that protect the homeowner's single largest investment - their home. We seek a dominant market position through the acquisition of strategic, specialized, profitable and well-managed residential service companies, and through the above average internal growth of these operations. Home Solutions provides restoration services such as cleaning and fabric protection, fire and water restoration. The Company also provides specialty interior services including cabinet and countertop installations.

In November 2002, Home Solutions acquired PW Stephens, Inc. ("PWS"), a provider of residential and light commercial indoor air remediation services, for \$13,402, consisting of cash, the exchange of certain assets, seller notes, commissions and other costs. These operations are included in our 2003 financial results. In July 2003, the Company closed the acquisition of Fiber Seal Systems, LP ("FSS"). FSS operations are included in our 2003 financial results, beginning July 2003.

Effective December 31, 2003, Home Solutions acquired 100% of Southern Exposure Unlimited of Florida, Inc., 100% of SE Tops of Florida, Inc. and 50% of SouthernStone Cabinets, Inc (together, "SE") based in Fort Myers, Florida, for approximately \$12,172, including \$2,000 in cash, \$5,968 in seller notes, \$2,500 in common stock and \$1,704 in acquisition costs. SE provides specialty interior services, including cabinet and countertop installation to homebuilders and homeowners throughout southwestern Florida.

The Company currently has a signed definitive agreement to acquire a specialty residential services company for approximately \$10,000. The acquisition is subject to regulatory approvals and other closing conditions. There can be no assurances that we will successfully complete this transaction.

The Company is aggressively acquiring complementary specialty residential services businesses as part of its announced strategy.

The accompanying unaudited, interim consolidated financial statements have been prepared by the Company in accordance with accounting principles generally accepted in the United States of America and Regulation S-B, as promulgated by the Securities and Exchange Commission. Certain information and footnote disclosures normally included in audited financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted. Accordingly, these interim consolidated financial statements should be read in conjunction with the Company's consolidated financial statements and related notes as contained in the Company's annual report on Form 10-KSB/A for the year ended December 31, 2003. In the opinion of management, the interim consolidated financial statements reflect all adjustments, including normal recurring adjustments, necessary for fair presentation of the interim periods presented. The results of operations for the three and six months ended June 30, 2004 are not necessarily indicative of results of operations to be expected for the full year.

Principles of Consolidation

The accompanying consolidated financial statements include the accounts of Home Solutions of America, Inc. and its wholly and majority owned subsidiaries. All significant inter-company transactions and balances have been eliminated in consolidation. The minority owner's interest in a subsidiary has been reflected as minority interest in the accompanying consolidated balance sheet.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of the contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Significant estimates made by management include, among others, the realizability of accounts receivable, notes receivable, property and equipment and goodwill, and valuation of deferred tax assets. Actual results could differ from these estimates.

Goodwill

Goodwill represents the excess of acquisition cost over the net assets acquired in a business combination and is not amortized in accordance with Statement of Financial Accounting Standards ("SFAS") No. 142, "*Goodwill and Other Intangible Assets*". Management reviews, on an annual basis, the carrying value of goodwill in order to determine whether impairment has occurred. Impairment is based on several factors including the Company's projection of future undiscounted operating cash flows. If an impairment of the carrying value were to be indicated by this review, the Company would adjust the carrying value of goodwill to its estimated fair value. During the three months ended June 30, 2004, the goodwill balance was increased by \$74 due to adjustments in SE's net assets acquired.

Long-Lived Assets

The Company's management assesses the recoverability of its long-lived assets by determining whether the depreciation and amortization of long-lived assets over their remaining lives can be recovered through projected undiscounted future cash flows. The amount of long-lived asset impairment, if any, is measured based on fair value and is charged to operations in the period in which long-lived asset impairment is determined by management. At June 30, 2004 the Company's management believes there is no impairment of its long-lived assets. There can be no assurance, however, that market conditions will not change or demand for the Company's products and services will continue, which could result in impairment of long-lived assets in the future.

NOTE 1 - BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Revenue Recognition

Since the purchase of PWS in November 2002 and Fiber Seal Systems L.P. (FSS) in July 2003, revenue is recognized at the time the contract and related services are performed. The Company recognizes revenues from time and materials contracts and consulting services as those services are performed. Advance payments made under these contracts are recorded as deferred revenue and recognized when the related services are performed.

In 2004, PWS undertook a fixed price contract. The Company recognizes revenue from the fixed price contract using the percentage of completion method for financial reporting purposes. Under the percentage of completion method, revenues with respect to individual contracts are recognized in the proportion that costs incurred to date bear to total estimated costs. Revenue and costs estimates are subject to revision during the terms of the contracts and any required adjustments are made in the periods in which the revisions become known. General and administrative costs are not allocated to contract costs and are charged to expense as incurred.

SouthernStone Cabinets, Inc. and SE Tops of Florida, Inc. recognize revenue for product sales at the time the related products are shipped to the customer. SE recognizes revenue upon complete installation of the cabinets and inspection by the customer. Deferred revenue represents amounts billed to customers prior to completion of the cabinets and inspection by the customer.

Stock-Based Compensation

The Company uses the intrinsic value method of accounting for stock-based compensation to employees in accordance with Accounting Principles Board Opinion ("APB") No. 25, as amended, "Accounting for Stock Issued to Employees." The Company accounts for non-employee stock-based compensation under SFAS No. 123, "Accounting for Stock-Based Compensation." At June 30, 2004, the Company has two stock-based employee compensation plans, which are described more fully in Note 6. During the six months ended June 30, 2004 and 2003, no compensation expense was recognized in the accompanying consolidated statements of operations for options issued to employees pursuant to APB 25. No other stock-based employee compensation cost is reflected in the six months ended June 30, 2004 and 2003, as all options granted in these periods ended under those plans had either exercise prices equal to or greater than the market value of the underlying common stock on the date of grant or the vesting period starts after the six months ended June 30, 2004 and 2003. The following table illustrates the effect on net income (loss) and income (loss) per share if the Company had applied the fair value recognition provisions of SFAS No. 123 to stock-based employee compensation:

NOTE 1 - BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued**Other Income**

During the six months ended June 30, 2004, the Company recognized income of \$129 from the release and discharge of a promissory note related to the acquisition of PWS. The Company was released from the promissory note as a result of a negotiated settlement. The original amount of \$1,000 by and between the Company and Jane Barber dated November 1 2002 was exchanged as a part of the consideration for the acquisition of PW Stephens, Inc. by Home Solutions of America, Inc. from Jane Barber. The income is recorded in other income in the accompanying consolidated statements of operations.

Comprehensive Income

During the periods presented, the Company had no items of comprehensive income and, therefore, has not presented a statement of comprehensive income.

Per Share Data

Basic earnings per share ("BEPS") is computed by dividing income (loss) available to common stockholders by the weighted average number of outstanding common shares during the period of computation. Diluted earnings per share ("DEPS") gives effect to all dilutive potential common shares outstanding during the period of computation.. The computation of DEPS does not assume conversion, exercise or contingent exercise of securities that would have an anti-dilutive effect on earnings. For the six months ended June 30, 2003, all potentially dilutive shares of 1,864 have been excluded from dilutive loss per share, as their effect would be anti-dilutive.

The following is a table reconciling BEPS and DEPS and the related weighted average number of shares outstanding for the three and six months ended June 30, 2004:

Under the Southern Exposure™ brand name, Home Solutions offers cabinet and countertop installation services. See Note 8 for segment disclosures.

NOTE 3 - DISPOSITIONS AND ACQUISITIONS

The acquisition of SE was closed on February 6, 2004 and was effective December 31, 2003. It has been accounted for as a purchase.

The purchase price was comprised of the following:

Acquisition payable (paid in February 2004)	\$	2,000
Notes payable (see Note 5)		5,968
Common stock committed to be issued (issued in February 2004)		2,500
Commissions, legal, accounting and other costs (including \$931 of stock and warrants committed to be issued and issued in February 2004)		1,704
	\$	12,172

The purchase price was allocated as follows:

Current assets	\$	4,542
Property and equipment		167
Other long-term assets		9
Current liabilities		(628)
Payable to seller (cash and receivables distributed to seller prior to closing in February 2004)		(2,290)
Long-term liabilities		(356)
Minority interest		(38)
Estimated fair value of tangible net assets acquired		1,406
Goodwill and other intangible assets		10,766
	\$	12,172

The Company has classified the excess of the purchase price over the estimated fair value of the tangible net assets acquired as goodwill as of June 30, 2004 in the accompanying consolidated balance sheet. The Company is in the process of analyzing the components of the intangible assets and will have an appraisal performed by a third party during 2004 to assist the Company in determining its final purchase price allocation.

The following pro forma information presents the results of operations for the three and six months ended June 30, 2003, as though the FSS and SE acquisitions had occurred on January 1, 2003:

	Three Months Ended June 30, 2003	Six Months Ended June 30, 2003

<u>Definitive Agreement</u>		

Edgar Filing: HOME SOLUTIONS OF AMERICA INC - Form 10QSB

In July 2004, the Company signed a definitive agreement to acquire a specialty residential services company for approximately \$10,000. The acquisition is subject to regulatory approvals and other closing conditions. There can be no assurances that the Company will successfully complete this transaction.

The Company will continue to aggressively pursue the acquisition of companies that provide specialty residential services as it proceeds with its growth strategy. The Company's ability to acquire such businesses will be dependent upon, among other factors, its ability to obtain outside financing and/or issue shares of its common stock as a portion of the purchase price.

NOTE 4 - RELATED PARTY TRANSACTIONS

The Company is involved in various related party transactions. These transactions are summarized as follows:

In March 2003, the Company borrowed \$250 from an affiliate of a stockholder of the Company. The note accrues interest at 8% per annum, payable monthly with an unpaid principal balance of \$125 at June 30, 2004. Accrued and unpaid interest is due September 2004.

The Company has a note payable to a related party for the purchase of the land and building for the Company's former corporate headquarters location. The note is secured by a deed of trust, accrues interest at 12% per annum, payable monthly with an unpaid principal balance of \$750 at June 30, 2004.

On June 30, 2004, the Company borrowed \$175 from an affiliate of a stockholder of the Company for short term working capital needs. The note accrues interest at 12% with repayment at the earliest of the funding of a preferred financing, the funding of an acquisition financing or September 30, 2004. The Company paid the note, loan fees and accrued interest in July 2004 for a total of \$179k.

For the six months ended June 30, 2004, the Company recognized \$129 in other income from the forgiveness of debt from a stockholder (see Note 1 Other Income).

For the six months ended June 30, 2004 and 2003, the Company recorded interest expense on related party notes of \$53 and \$50, respectively.

NOTE 5 - DEBT

In January 2004, the Company raised \$4,000 in a private placement with Laurus Master Fund, Ltd. ("Laurus"). The placement included two promissory notes -- a secured convertible minimum borrowing note in the original principal amount of \$1,500 (the "Convertible Note") and a secured revolving note in the original principal amount of \$2,500 (together, the "Laurus Notes"). The Laurus Notes accrue interest at the prime rate plus 2.5% (totaling 6.5% at June 30, 2004) are secured by all of the assets of the Company and its wholly owned subsidiaries, and the Convertible Note can be converted into shares of Common Stock at a conversion price of \$1.88 per share. The Company incurred \$490 in related debt issuance costs (\$372 cash, \$118 non-cash) to be amortized as additional interest expense over the two-year life of the agreement, which are recorded as a debt discount in the accompanying consolidated balance sheet. For the three and six months ended June 30, 2004, \$61 and \$122, respectively, has been amortized to interest expense. Because of the Series B Convertible Preferred Share issuance, the conversion price of \$1.88 was adjusted to \$1.87 due to an antidilution provision in the Laurus Convertible Note terms.

Debt consists of the following at June 30, 2004:

Short-Term Debt

FSS seller note with interest at the prime rate (4% at June 30, 2004) payable June 30, 2004. The FSS seller has granted the Company an extension of the note until the earlier of the funding of an acquisition financing or September 30, 2004.	\$260

NOTE 6 - EQUITY

Preferred Stock

In March 2004, the Company raised \$2,000 in a private placement of 0.08 shares of Series A Preferred Stock, \$0.001 par value per share ("Series A Preferred Stock"). Dividends on the Series A Preferred Stock are payable semi-annually at a rate of 8% per annum, in cash or common stock, at the option of the Company. The Series A Preferred Stock converts into common stock at a conversion rate of \$1.25 for each share of common stock at the option of the holder or automatically after two years. Purchasers of the Series A Preferred Stock received Series A Warrants to purchase 1,600 shares of common stock at an exercise price of \$1.75 per share, expiring 90 days from the effective date of their registration statement, and Series B Warrants to purchase 1,600 shares of common stock at an exercise price of \$2.25 per share, expiring March 2009. In the event of a liquidation, dissolution or winding up of the affairs of the Company, whether voluntary or involuntary, the holders of the Series A Preferred Stock are entitled to receive, out of the assets of the Company available for distribution to its stockholders, an amount equal to \$25,000 per share of the Series A Preferred Stock plus any accrued and unpaid dividends before any payment is made or any assets distributed to the holders of the common stock. Related to this financing, the Company also issued 480 warrants to purchase common shares in the Company to consultants. Estimated costs of this transaction of \$876 (\$122 cash, \$754 non-cash) will be amortized as additional dividends over the two-year maximum life of the preferred stock. In addition, the beneficial conversion feature of the preferred stock, totaling \$331, will also be amortized as additional dividends over the two-year maximum life of the preferred stock. For the three and six months ended June 30, 2004, the Company accrued \$37 and \$49 in dividends payable, respectively, plus \$177 and \$227, respectively, in amortization of issuance costs and beneficial conversion.

Stock Options

The Company's Board of Directors approved the 2001 Stock Plan (the "2001 Plan") on April 2, 2001. The 2001 Plan provides for awards of incentive stock options, non-qualified stock options, and restricted stock purchase rights. At the Company's 2003 annual stockholders' meeting, which was held on May 20, 2003, the Company's stockholders approved an amendment to the 2001 Plan that increased the options available for grant under the 2001 Plan by 1,000, bringing the total to 3,000. The Company has reserved 3,000 shares of common stock under the 2001 Plan. The exercise price of the awards shall be determined by the Plan administrator at the date of grant, but shall not be less than the fair market value of the stock on the date of grant for employees, or 85 percent of the fair market value for non-employees. The exercise period shall be no more than 10 years and the awards will vest over a period of time determinable by the Board of Directors. The number of options under the 2001 Plan available for grant at June 30, 2004 was 1,347.

The Company's Board of Directors approved the 1998 Stock Option Plan (the "1998 Plan"). The 1998 Plan covers two types of options: incentive stock options and non-qualified stock options. At the Company's 2003 annual stockholders' meeting, which was held on May 20, 2003, the Company's stockholders approved an amendment to the 1998 Plan that increased the options available for grant under the 1998 Plan by 1,000, bringing the total to 2,000. The aggregate number of shares that may be issued pursuant to the 1998 Plan may not exceed 2,000 shares. The exercise price for the options shall be determined by the Plan administrator at the date of grant, but shall not be less than the fair market

value of the stock at the date of grant. The option period can be no more than 10 years and the options will vest over a period of time determinable by the Board of Directors. The number of options under the 1998 Plan available for grant at June 30, 2004 was 617.

During the six months ended June 30, 2004, the Company issued options to purchase 500 shares of the Company's common stock (at \$1.80) (fair value on the date of grant) to certain officers under the 1998 Plan.

During the six months ended June 30, 2004, as part of a \$4,000 senior debt financing, the Company issued 426 warrants to purchase shares of the Company's common stock (370 warrants to investors and 56 warrants to consultants), valued at \$118 under SFAS 123 and recorded as a debt discount at December 31, 2003 (see Note 5).

During the six months ended June 30, 2004, as part of a \$2,000 preferred stock financing, the Company issued 3,680 warrants to purchase common shares in the Company (3,200 warrants to investors and 480 warrants to consultants), valued at \$754 under SFAS 123 and will be recorded as amortized to preferred stock dividend (see above).

NOTE 7 - COMMITMENTS AND CONTINGENCIES

Litigation

The nature and scope of the Company's business operations bring it into regular contact with the general public, a variety of businesses and government agencies. These activities inherently subject the Company to potential litigation, which are defended in the normal course of business. At June 30, 2004, there were various claims and disputes incidental to the business. The Company believes that the disposition of all such claims and disputes, individually or in the aggregate, should not have a material adverse affect upon the Company's financial position, results of operations or cash flows. As of June 30, 2004, the Company has not been named as a responsible party for any environmental issues under the Federal Superfund Law.

The Company has accrued \$23 in the accompanying consolidated financial statements related to the above proceedings. Based on management's analysis, the Company believes that this amount will be sufficient to cover any potential losses that may occur.

As reported in our quarterly report on Form 10-QSB for the quarter ended March 31, 2004, on February 11, 2004, a lawsuit was filed against the Company in the United States District Court for the Southern District of Texas entitled *Acstar Insurance Company v. Home Solutions of America, Inc. f/k/a U.S. Industrial Services, Inc.* (the "Acstar Lawsuit"). In the Acstar Lawsuit, the plaintiff Acstar Insurance Company ("Acstar") alleged that the Company was liable to Acstar as a result of an indemnity that the Company gave Acstar in November 1999, in order for Acstar to act as surety on payment and performance bonds for projects undertaken by certain

subsidiaries that the Company owned at the time that were involved in the environmental and industrial services sectors, including P.W. Stephens Contractors, Inc. ("Contractors"). Acstar alleged that it had suffered losses in excess of \$1,600 as a result of the performance bond and payment bond that it provided Contractors for work on the Hanford Nuclear Reservation. In late 2000, the Company sold Contractors and the Company's operating subsidiaries to Spruce MacIntyre Holding Corp. ("Spruce"). At the time of this sale, Spruce provided an indemnity for any losses that the Company suffered as a result of the bond indemnities that the Company had previously provided on behalf of its subsidiaries. The Company answered the Acstar Lawsuit and filed third-party claims against the co-indemnitors of the bond indemnity and Spruce (the "Spruce Lawsuit"). As described in the following paragraphs, the Acstar Lawsuit and Spruce Lawsuit were settled in the second quarter of 2004.

On July 7, 2004, a final judgment (the "Acstar Judgment") was executed by the District Court Judge presiding over the Acstar Lawsuit, ending this litigation, pursuant to a settlement between Acstar and the Company. Under the terms of the Acstar Judgment, Acstar recovered a judgment from the Company for \$1,550 (the "Judgment Amount"); however, the Acstar Judgment cannot be enforced or executed upon unless the Company defaults under a Liquidating Agreement (so called herein) with Acstar, dated June 30, 2004, which was executed in connection with the settlement of the Acstar Lawsuit. Under the terms of the Liquidating Agreement, the Company will pay Acstar the Judgment Amount, without interest unless a default occurs, in the following installments: (i) \$75 on or before June 1, 2004; (ii) \$175 on or before July 1, 2004; (iii) \$15 on or before July 9, 2004, and (iv) \$15 each and every subsequent Friday until the Judgment Amount is paid in full. The Company has recorded this amount to long-term debt, with an implicit interest rate of 6.5%, resulting in an initial balance of \$1,481 (see Note 5).

As reported in our quarterly report on Form 10-QSB for the quarter ended March 31, 2004, on March 11, 2004, the Company received a notice of default from Jane C. Barber ("Barber") in connection with a promissory note that the Company owed to Barber (the "Barber Note"), which had a principal balance of \$971 at the time that such notice was received. Prior to receiving such notice, the Company had ceased making payments on the Barber Note to Barber, who is an affiliate of Spruce, pending negotiations between the Company and Barber for the payment of certain amounts that the Company claimed to be owed by Barber. The Company filed a lawsuit against Barber in the District Court of Dallas County, Texas, entitled *Home Solutions of America, Inc. f/k/a Nextgen Communications Corporation v. Jane C. Barber* (the "Barber Lawsuit"), seeking damages for breach of contract related to certain representations and warranties made by Barber in connection with the Company's purchase of P.W. Stephens, Inc. ("PWS") in late 2002, and certain declaratory judgments related to the Company's rights under the Barber Note and with regard to 745 shares of the Company's common stock owned by Barber (the "Barber Shares"), and certain other relief. As described in the following paragraph, in connection with the Company's settlement of the Acstar Lawsuit, the Barber Lawsuit was settled during the second quarter of 2004.

On June 2, 2004, the Company, PWS, Barber and Spruce entered into a Fourth Amendment to Stock Purchase Agreement and Global Settlement and Release Agreement (the "Barber Global Settlement"), whereby the Spruce Lawsuit and the Barber Lawsuit were dismissed by the Company

Edgar Filing: HOME SOLUTIONS OF AMERICA INC - Form 10QSB

with prejudice, and the parties released each other from any liability other than their respective obligations under the Barber Global Settlement and agreements entered in connection therewith. Pursuant to the Barber Global Settlement, Barber assigned to the Company a promissory note in the original principal amount of \$1,550 (the "Note Receivable"), secured by the Barber Shares, which Barber had obtained from a third party in connection with the sale of the Barber Shares to such third party. The Note Receivable requires payments to the Company of \$15 per week, without interest unless a default occurs, commencing on July 9, 2004, until the Note Receivable is paid in full. The Note Receivable is personally guaranteed by a third party. The Company recorded this Note Receivable with an implicit rate of 4.55%, resulting in an initial balance of \$1,481. As the amount of the Note Receivable equaled the Judgment Amount, no amounts were recorded in the statement of operations related to the Acstar Judgment or the Note Receivable.

Also pursuant to the Barber Global Settlement, the Company issued a replacement promissory note to Barber in the original principal amount of \$800 (the "New Note"), which Barber accepted in full substitution for the Barber Note, which, as discussed above, had an outstanding balance of \$971 at such time. The New Note is payable by the Company as follows: (i) \$75 on June 2, 2004, (ii) eleven equal installments of approximately \$62 on the 26th day of the month, commencing on June 26, 2004; and (iii) all remaining amounts are due and payable on May 26, 2005. The New Note bears interest at 6% per annum and is unsecured; however, the Company and PWS provided Barber with a Stipulation of Judgment in the Superior Court for the State of California against PWS and the Company

for any amount remaining on the New Note at the time that a default occurs under the New Note, which would provide Barber with an expedited process to collect upon the New Note if a default occurs thereunder. The difference of \$171 between the original Barber note and the New Note was used by the Company to pay various other matters the Company claimed to be owed by Barber including \$80 related to CIT (see below). As a result, the Company recorded no gain or loss on the revision to the original Barber note.

Pursuant to an indemnification agreement between the Company and Spruce, the Company settled claims brought by CIT Group/EquipmentFinancing, Inc. and Acstar, both filed in the United States District Court for the Eastern District of Missouri, which will be paid by Spruce. The CIT settlement agreement requires Spruce to make certain payments to the plaintiffs, which Spruce has made through the filing date of this Form 10-QSB. In the event that Spruce fails to make the remaining settlement payments, the plaintiffs could seek satisfaction of their \$713 consent judgment against the Company, in which case the Company would have to seek indemnification from Spruce. In May 2004, the Company paid \$40 to CIT on behalf of Spruce. The Company paid the remaining settlement balance to CIT of \$40 on August 9, 2004.

Indemnities and Guarantees

During the normal course of business, the Company has made certain indemnities and guarantees under which it may be required to make payments in relation to certain transactions. These indemnities include certain agreements with the Company's officers, under which the Company may be required to indemnify such person for liabilities arising out of their employment relationship. The duration of these indemnities and guarantees varies and, in certain cases, is indefinite. The majority of these indemnities and guarantees do not provide for any limitation of the maximum potential future payments the Company could be obligated to make. Except as noted above, historically, the Company has not been obligated to make significant payments for these obligations and no liabilities have been recorded for these indemnities and guarantees in the accompanying consolidated balance sheet.

NOTE 9 - SUBSEQUENT EVENTS

In July 2004, the Company signed a definitive agreement to acquire a specialty residential services company for approximately \$10,000. The acquisition is subject to regulatory approvals and other closing conditions. There can be no assurances that the Company will successfully complete this transaction.

In July 2004, the Company raised \$1,000 in a private placement of .04 shares of Series B Preferred Stock, \$0.001 par value per share ("Series B Preferred Stock"). Dividends on the Series B Preferred Stock are payable semi-annually at a rate of 8% per annum, in cash or common stock, at the option of the Company. The Series B Preferred Stock converts into common stock at a conversion rate of \$1.50 for each share of common stock at the option of the holder or automatically after two years. In the event of a liquidation, dissolution or winding up of the affairs of the Company, whether voluntary or involuntary, the holders of the Series B Preferred Stock are entitled to receive, out of the assets of the Company available for distribution to its stockholders, an amount equal to \$25,000 per share of the Series B Preferred Stock plus any accrued and unpaid dividends before any payment is made or any assets distributed to the holders of the common stock. The Series B Convertible Preferred Stock is on parity with the Series A Convertible Preferred Stock issued in March 2004.

Item 2. Management's Discussion and Analysis or Plan of Operation (Dollars and shares in thousands except per share data).

Overview

Home Solutions of America, Inc. ("we," "us," "Home Solutions," or the "Company") is a Delaware corporation that was incorporated in 1998. Our growth strategy, developed in 2002, is to become a leading provider of specialty residential services that protect the homeowner's single largest investment - their home. We seek a dominant market position through the acquisition of strategic, specialized, profitable and well-managed residential service companies and through the above average internal growth of these operations. Home Solutions will provide services such as cleaning and fabric protection, restoration services, and residential renovation sales.

Growth Strategy

Home Solutions seeks to acquire companies or internally generate projects that will focus on providing specialty residential services to homeowners. Effective November 1, 2002, we closed our first acquisition as part of this strategy, acquiring PW Stephens, Inc. ("PWS"), a provider of indoor air contaminate removal services for homeowners in California. In July 2003 we acquired Fiber-Seal Systems, L.P. In February 2004, which was effective December 31, 2003, we acquired Southern Exposure. We expect to continue our aggressive growth strategy with additional acquisitions. The following is a list of the targeted services that we are pursuing:

Cleaning and Fabric Protection: We will provide fabric protection services to protect furniture, carpet and draperies from stains and daily wear and tear. This niche market is primarily targeted at above-average income homeowners with an average ticket of approximately \$400 or more. We will provide our customers with an annual fabric protection service agreement that will allow them to have on-site spill clean up during the life of the agreement. In addition, using well-tested methods of cleaning carpet, we will offer maintenance and emergency response services to our customer base to repair carpet damaged by common stains, pet dander, bacteria and dust. This procedure will extend the life of the homeowners' carpets and make the carpet look its finest. Furthermore, air duct cleaning is another under-developed market the Company will approach. Particulate (organic and inorganic) material within a home's heating and air conditioning systems and the transfer air ducts can cause allergic reactions and generally indicate poor air quality. Furthermore, the conditions of these systems, high moisture content and heat are often the breeding ground for many types of mold. It is expected that a portion of our cleaning operations will generate additional opportunities across our other business segments.

Restoration Services: As part of Home Solutions' specialty residential services strategy, we will provide highly trained technicians to respond to fire, water and weather-related emergencies to inspect structural members and contents damaged by water, to determine the likelihood or extent of mold growth, and to provide immediate cleaning, drying, moving, storage, and deodorization, among other services. Indoor air contamination, including contamination from mold, asbestos and lead paint, is a growing concern for the homeowner. With increased media attention regarding the health threat of mold, fewer insurance options, and property transfers at risk, current market conditions have created significant demand for mold inspections, certifications and remediation services. These services consist of property and system inspections, surface and air testing, project design, microbial removal, light interior demolition, repair and specialized cleaning work. Home inspections and testing can range from \$300 to several thousand dollars. Customer opportunities are developed through a regional sales force as well as through referrals by real estate firms, insurance adjusters, mortgage companies, attorneys and nationally branded retailers. As most cases of mold are associated with excess moisture, we believe that response to this type of event-related damage will provide significant additional revenue opportunities. The cost and time requirements of these projects can vary dramatically from case-to-case. It is expected that a portion of our fire/water damage restoration operations will generate additional opportunities across our other business segments.

Specialty Interior Services: Under the Southern Exposure™ brand name, Home Solutions offers cabinet and countertop installation services. SE manufactures and installs a high-end product line of cabinets and countertops. Its customer base includes both homebuilders and homeowners in the rapidly growing southwestern Florida marketplace. It is expected that a portion of our cabinet and countertop installation services will generate additional opportunities across our other business segments.

Use of Estimates and Critical Accounting Policies

In preparing our consolidated financial statements, we make estimates, assumptions and judgments that can have a significant effect on our revenues, income (loss) from operations, and net income (loss), as well as on the value of certain assets on our balance sheet. We believe that there are several accounting policies that are critical to an understanding of our historical and future performance as these policies affect the reported amounts of revenues, expenses, and significant estimates and judgments applied by management. While there are a number of accounting policies, methods and estimates affecting our financial statements, areas that are particularly significant include revenue recognition, stock-based compensation, and goodwill. In addition, please refer to Note 1 to the accompanying financial statements for further discussion of our accounting policies.

Revenue Recognition

Revenue is primarily recognized at the time the contract and related services are performed. On occasion the Company reports revenue from fixed price contracts using the percentage of completion method for financial reporting purposes. Under the percentage of completion method, revenues with respect to individual contracts are recognized in the proportion that costs incurred to date bear to total estimated costs. Revenue and costs estimates are subject to revision during the terms of the contracts and any required adjustment are made in the periods in which the revisions become known. General and administrative costs are not allocated to contract costs and are charged to expense as incurred.

Stock-Based Compensation

The Company uses the intrinsic value method of accounting for stock-based compensation to employees in accordance with Accounting Principles Board Opinion ("APB") No. 25, as amended, "Accounting for Stock Issued to Employees." The Company accounts for non-employee stock-based compensation under Statement of Financial Accounting Standards ("SFAS") No. 123, "Accounting for Stock-Based Compensation." At June 30, 2004, the Company had two stock-based employee compensation plans, which are described more fully in Note 6 of the accompanying consolidated financial statements. The Company accounts for those plans under the recognition and measurement principles of APB 25, and related interpretations. The Company has applied the disclosure provisions in SFAS No. 148 in its consolidated financial statements and the accompanying notes.

Goodwill

Goodwill represents the excess of acquisition cost over the net assets acquired in a business combination. Management reviews, on an annual basis, the carrying value of goodwill in order to determine whether impairment has occurred. Impairment is based on several factors including the Company's projection of future undiscounted operating cash flows. If an impairment of the carrying value were to be indicated by this review, the Company would adjust the carrying value of goodwill to its estimated fair value.

Other Income (Expense)

Interest expense was \$306 for the six months ended June 30, 2004 compared to \$358 for the six months ended June 30, 2003. The decrease in the six months ended June 30, 2004 compared to the six months ended June 30, 2003 is primarily due to the payoff of higher interest debt using the Laurus Notes proceeds from the financing events finalized in February 2004. Other income was \$164 in 2004 compared to \$156 in 2003.

Liquidity and Capital Resources

The Company's existing capital resources as of June 30, 2004, consisted of cash and accounts receivable totaling \$5,833 compared to cash and accounts receivable of \$2,954 as of June 30, 2003. The Company believes that the financing arrangements the Company currently has in place are sufficient throughout the next twelve months to finance its working capital needs. Implementation of the Company's strategic plan of acquiring niche residential services companies will require additional capital, however.

The Company had a credit agreement with a financial institution. The credit agreement included a term loan, revolving line of credit and an equipment line of credit. A former stockholder of PWS guaranteed the credit agreement, secured by substantially all PWS assets and contained a provision that required PWS to maintain certain financial covenants. The Company repaid the term loan, revolving line of credit and

Edgar Filing: HOME SOLUTIONS OF AMERICA INC - Form 10QSB

equipment line of credit facility in full on January 22, 2004 using proceeds from the Laurus Master Funds financing.

In January 2004, the Company raised \$4,000 in a private placement with Laurus Master Fund, Ltd. ("Laurus"). The placement included two promissory notes -- a secured convertible minimum borrowing note in the original principal amount of \$1,500 (the "Convertible Note") and a secured revolving note in the original principal amount of \$2,500 (together, the "Notes"). The Notes earn interest at the prime rate plus 2.5%, are secured by all of the assets of the Company, and the Convertible Note can be converted into shares of common stock at a conversion price of \$1.88 per share. These notes have a two-year term. Estimated costs of this financing of approximately \$490 will be amortized as additional interest expense over the two-year life of the agreement. Because of the Series B Convertible Preferred Share issuance, the conversion price of \$1.88 was adjusted to \$1.87 due to an antidilution provision in the Laurus Convertible Note terms.

In March 2004, the Company raised \$2,000 in a private placement of .08 shares of Series A Preferred Stock, \$0.001 par value per share ("Series A Preferred Stock"). Dividends on the Series A Preferred Stock are payable semi-annually at a rate of 8% per annum, in cash or common stock, at the option of the Company. The Series A Preferred Stock converts into common stock at a conversion rate of \$1.25 for each share of common stock at the option of the holder or automatically after two years. Purchasers of the Series A Preferred Stock received Series A Warrants to purchase 1,600 shares of common stock at an exercise price of \$1.75 per share, expiring 90 days from the effective date of their registration statement, and Series B Warrants to purchase 1,600 shares of common stock at an exercise price of \$2.25 per share, expiring March 2009. In the event of a liquidation, dissolution or winding up of the affairs of the Company, whether voluntary or involuntary, the holders of the Series A Preferred Stock are entitled to receive, out of the assets of the Company available for distribution to its stockholders, an amount equal to \$25,000 per share of the Series A Preferred Stock plus any accrued and unpaid dividends before any payment is made or any assets distributed to the holders of the common stock. Estimated costs of this transaction of \$876 will be amortized as additional dividends over the two-year maximum life of the preferred stock.

In March 2004, the Company filed an S-3 registration statement, which was declared effective April 2, 2004, relating to the offer and sale of an aggregate of 10,533 shares of common stock, \$0.001 par value per share to be offered by the selling stockholders identified in the S-3 prospectus. Such shares include (i) 1,535 previously issued shares of Common Stock (ii) 2,560 shares of Common stock that could be issued by the Company upon the conversion of .08 shares of Series A Preferred Stock, \$0.001 par value per shares ("Preferred Stock") (including a certain number of shares of Common Stock that may be paid as dividends on the Preferred Stock issued by the Company), (iii) up to 1,499 shares of Common Stock that could be issued upon the conversion of a convertible promissory note (including a certain number of shares that could be paid as interest on such note) issued by the Company, and (iv) 4,940 shares of Common Stock that could be issued by the Company upon the exercise of certain outstanding warrants issued by the Company. The prices at which the selling stockholders may sell these shares will be determined by the prevailing market price for shares of our Common Stock or in negotiated transactions. The Company will not receive any of the proceeds from the sale of these shares, other than the exercise prices of any warrants that are exercised by selling stockholders who do not conduct cashless exercises of such warrants.

During the six months ended June 30, 2004, the Company generated net cash from operating activities of \$1,388 including net income of \$1,006.

The Company's investing activities used net cash of \$4,946 primarily due to the purchase of SE and purchase of property and equipment.

The Company's financing activities source of cash of \$2,106 is primarily due to proceeds from preferred stock issuance and notes payable. Cash flow outlays were for principal payments on long-term debt and capital leases, to repay the line of credit balance and payments on notes payable to a related party.

In July 2004, the Company raised \$1,000 in a private placement of .04 shares of Series B Preferred Stock, \$0.001 par value per share ("Series B Preferred Stock"). Dividends on the Series B Preferred Stock are payable semi-annually at a rate of 8% per annum, in cash or common stock, at the option of the Company. The Series B Preferred Stock converts into common stock at a conversion rate of \$1.50 for each share of common stock at the option of the holder or automatically after two years. In the event of a liquidation, dissolution or winding up of the affairs of the Company, whether voluntary or involuntary, the holders of the Series B Preferred Stock are entitled to receive, out of the assets of the Company available for distribution to its stockholders, an amount equal to \$25,000 per share of the Series B Preferred Stock plus any accrued and unpaid dividends before any payment is made or any assets distributed to the holders of the common stock.

PART II
OTHER INFORMATION

(Dollars and shares in thousands, except for per share data)

Item 1. Legal Proceedings.

The nature and scope of our business operations bring us into regular contact with the general public, a variety of businesses and government agencies. These activities inherently subject us to potential litigation, which we defend in the normal course of business. At June 30, 2004, there were various claims and disputes incidental to the business. The Company believes that the disposition of all such claims and disputes, individually or in the aggregate, should not have a material adverse affect upon our financial position, results of operations or cash flows.

As reported in our quarterly report on Form 10-QSB for the quarter ended March 31, 2004, on February 11, 2004, a lawsuit was filed against the Company in the United States District Court for the Southern District of Texas entitled *Acstar Insurance Company v. Home Solutions of America, Inc. f/k/a U.S. Industrial Services, Inc.* (the "Acstar Lawsuit"). In the Acstar Lawsuit, the plaintiff Acstar Insurance Company ("Acstar") alleged that the Company was liable to Acstar as a result of an indemnity that the Company gave Acstar in November 1999, in order for Acstar to act as surety on payment and performance bonds for projects undertaken by certain subsidiaries that the Company owned at the time that were involved in the environmental and industrial services sectors, including P.W. Stephens Contractors, Inc. ("Contractors"). Acstar alleged that it had suffered losses in excess of \$1,600 as a result of the performance bond and payment bond that it provided Contractors for work on the Hanford Nuclear Reservation. In late 2000, the Company sold Contractors and the Company's operating subsidiaries to Spruce MacIntyre Holding Corp. ("Spruce"). At the time of this sale, Spruce provided an indemnity for any losses that the Company suffered as a result of the bond indemnities that the Company had previously provided on behalf of its subsidiaries. The Company answered the Acstar Lawsuit and filed third-party claims against the co-indemnitors of the bond indemnity and Spruce (the "Spruce Lawsuit"). As described in the following paragraphs, the Acstar Lawsuit and Spruce Lawsuit were settled in the second quarter of 2004.

On July 7, 2004, a final judgment (the "Acstar Judgment") was executed by the District Court Judge presiding over the Acstar Lawsuit, ending this litigation, pursuant to a settlement between Acstar and the Company. Under the terms of the Acstar Judgment, Acstar recovered a judgment from the Company for \$1,550 (the "Judgment Amount"), however, the Acstar Judgment cannot be enforced or executed upon unless the Company defaults under a Liquidating Agreement (so called herein) with Acstar, dated June 30, 2004, which was executed in connection with the settlement of the Acstar Lawsuit. Under the terms of the Liquidating Agreement, the Company will pay Acstar the Judgment Amount, without interest unless a default occurs, in the following installments: (i) \$75 on or before June 1, 2004; (ii) \$175 on or before July 1, 2004; (iii) \$15 on or before July 9, 2004, and (iv) \$15 each and every subsequent Friday until the Judgment Amount is paid in full.

As reported in our quarterly report on Form 10-QSB for the quarter ended March 31, 2004, on March 11, 2004, the Company received a notice of default from Jane C. Barber ("Barber") in connection with a promissory note that the Company owed to Barber (the "Barber Note"), which had a principal balance of \$971 at the time that such notice was received. Prior to receiving such notice, the Company had ceased making payments on the Barber Note to Barber, who is an affiliate of Spruce, pending negotiations between the Company and Barber for the payment of certain amounts that the Company claimed to be owed by Barber. The Company filed a lawsuit against Barber in the District Court of Dallas County, Texas, entitled *Home Solutions of America, Inc. f/k/a Nextgen Communications Corporation v. Jane C. Barber* (the "Barber Lawsuit"), seeking damages for breach of contract related to certain representations and warranties made by Barber in connection with the Company's purchase of P.W. Stephens, Inc. ("PWS") in late 2002, and certain declaratory judgments related to the Company's rights under the Barber Note and with regard to 745 shares of the Company's common stock owned by Barber (the "Barber Shares"), and certain other relief. As described in the following paragraph, in connection with the Company's settlement of the Acstar Lawsuit, the Barber Lawsuit was settled during the second quarter of 2004.

On June 2, 2004, the Company, PWS, Barber and Spruce entered into a Fourth Amendment to Stock Purchase Agreement and Global Settlement and Release Agreement (the "Barber Global Settlement"), whereby the Spruce Lawsuit and the Barber Lawsuit were dismissed by the Company with prejudice, and the parties released each other from any liability other than their respective obligations under the Barber Global Settlement and agreements entered in connection therewith. Pursuant to the Barber Global Settlement, Barber assigned to the Company a promissory note in the original principal amount of \$1,550 (the "Note Receivable"), secured by the Barber Shares, which Barber had obtained from a third party in connection with the sale of the Barber Shares to such third party. The Note Receivable requires payments to the Company of \$15 per week,

Edgar Filing: HOME SOLUTIONS OF AMERICA INC - Form 10QSB

without interest unless a default occurs, commencing on July 9, 2004, until the Note Receivable is paid in full. Also pursuant to the Barber Global Settlement, the Company issued a replacement promissory note to Barber in the original principal amount of \$800 (the "New Note"), which Barber accepted in full substitution for the Barber Note, which, as discussed above, had an outstanding balance of \$971 at such time. The New Note is payable by the Company as follows: (i) \$75 on June 2, 2004, (ii) eleven equal installments of approximately \$62 on the 26th day of the month, commencing on June 26, 2004; and (iii) all remaining amounts are due and payable on May 26, 2005. The New Note bears interest at 6% per annum and is unsecured, however, the Company and PWS provided Barber with a Stipulation of Judgment in the Superior Court for the State of California against PWS and the Company for any amount remaining on the New Note at the time that a default occurs under the New Note, which would provide Barber with an expedited process to collect upon the New Note if a default occurs thereunder.

Item 2. Changes in Securities and Small Business Issuer Purchases of Equity Securities.

As discussed in the Liquidity and Capital Resources in the Results of Operations section, in March 2004 the Company issued its newly-created Series A Convertible Preferred Stock, which has a liquidation preference over the Company's common stock.

In July 2004, the Company issued newly created Series B Convertible Preferred Stock, which also has a liquidation preference over the Company's common stock, on parity with the Series A Convertible Stock. In addition, the terms of the Laurus financing and the Series A and Series B Convertible Preferred Stock restrict the Company's payment of dividends to holders of the Company's common stock.

During the three months ended June 30,2004, the Company issued the following shares of its common stock and other equity securities without registration under the Securities Act of 1933, as amended (the "Securities Act") (dollars and shares are in thousands):

1. In April 2004, the Company issued 140 shares of common stock in connection with the conversion of .007 shares of preferred stock at a conversion price of \$1.25 per share.
2. In May 2004, the Company issued 293 shares of common stock in connection with the exercise of 293 warrants at a conversion price of \$0.01 per share. The Company issued 60 shares of common stock in connection with the conversion of .003 shares of preferred stock at a conversion price of \$1.25 per share.

The above issuances were unregistered, as the Company was relying on the exemptions from registration contained in Section 4(2) of the Securities Act, and Regulation D promulgated thereunder, on the basis that such transactions did not involve public offerings of securities.

In April 2004, the Company retired 850 shares of common stock that it purchased from two stockholders in connection with the unwinding of the acquisition of Central Texas Residential Services ("CTRS"). The Company provided the two stockholders with a full release and returned all the shares of CTRS to the stockholders in consideration for the return of the 850 shares.
