This Quarterly Report on Form 10-Q contains a number of forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). These statements may be identified by use of words such as "anticipate," "believe," "could," "estimate," "expect," "intend," "may," "outlook," "plan," "potential," "predict," "project," "should," "will," "would" and similar terms and phrases, including references to assumptions.

Forward-looking statements are based upon various assumptions and analyses made by Dime Community Bancshares, Inc. (the "Holding Company," and together with its direct and indirect subsidiaries, the "Company") in light of management's experience and its perception of historical trends, current conditions and expected future developments, as well as other factors it believes are appropriate under the circumstances. These statements are not guarantees of future performance and are subject to risks, uncertainties and other factors (many of which are beyond the Company's control) that could cause actual results to differ materially from future results expressed or implied by such forward-looking statements. These factors include, without limitation, the following:

- the timing and occurrence or non-occurrence of events may be subject to circumstances beyond the Company's control;
- there may be increases in competitive pressure among financial institutions or from non-financial institutions; • changes in the interest rate environment may reduce interest margins;
- changes in deposit flows, loan demand or real estate values may adversely affect the business of The Dime Savings Bank of Williamsburgh (the "Bank");

- changes in accounting principles, policies or guidelines may cause the Company's financial condition to be perceived differently;
 - changes in corporate and/or individual income tax laws may adversely affect the Company's financial condition or results of operations;
- general economic conditions, either nationally or locally in some or all areas in which the Bank conducts business, or conditions in the securities markets or banking industry, may be less favorable than the Company currently anticipates;
 - legislation or regulatory changes may adversely affect the Company's business;
 - technological changes may be more difficult or expensive than the Company anticipates;
- success or consummation of new business initiatives may be more difficult or expensive than the Company anticipates; or
- litigation or other matters before regulatory agencies, whether currently existing or commencing in the future, may delay the occurrence or non-occurrence of events longer than the Company anticipates.

The Company has no obligation to update forward-looking statements to reflect events or circumstances after the date of this document.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

1. NATURE OF OPERATIONS

Dime Community Bancshares, Inc. (The "Holding Company," and together with its direct and indirect subsidiaries, the "Company") is a Delaware corporation and parent company of The Dime Savings Bank of Williamsburgh (the "Bank"), a federally-chartered stock savings bank. The Holding Company's direct subsidiaries are the Bank, Dime Community Capital Trust 1 and 842 Manhattan Avenue Corp. The Bank's direct subsidiaries are Boulevard Funding Corp., Havemeyer Investments, Inc., DSBW Preferred Funding Corporation, DSBW Residential Preferred Funding Corp. and Dime Reinvestment Corp.

The Bank maintains its headquarters in the Williamsburg section of Brooklyn, New York and operates twenty-two full service retail banking offices located in the New York City boroughs of Brooklyn, Queens, and the Bronx, and in Nassau County, New York. The Bank's principal business has been, and continues to be, gathering deposits from customers within its market area, and investing them primarily in multifamily residential, commercial real estate, one-to four-family residential, construction and land acquisition, and consumer loans, as well as mortgage-backed securities ("MBS"), obligations of the U.S. Government and Government Sponsored Entities ("GSEs"), and corporate debt and equity securities.

2. SUMMARY OF ACCOUNTING POLICIES

In the opinion of management, the accompanying unaudited condensed consolidated financial statements contain all adjustments (consisting only of normal recurring adjustments) necessary for a fair presentation of the Company's financial condition as of March 31, 2008, and the results of operations and statements of comprehensive income, changes in stockholders' equity and cash flows for the three month periods ended March 31, 2008 and 2007. The results of operations for the three-month period ended March 31, 2008 is not necessarily indicative of the results of operations for the remainder of the year ending December 31, 2008. Certain information and note disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") have been omitted pursuant to the rules and regulations of the Securities and Exchange Commission.

The preparation of the condensed consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Areas in the accompanying consolidated financial statements where estimates are significant include the allowance for loans losses, valuation of mortgage servicing rights, asset impairment adjustments related to the valuation of goodwill and other than temporary impairments of securities, loan income recognition, the valuation of financial instruments, recognition of deferred tax assets and unrecognized tax benefits and the accounting for defined benefit plans sponsored by the Company.

These unaudited condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements as of and for the year ended December 31, 2007 and notes thereto.

3. RECENT ACCOUNTING PRONOUNCEMENTS

In March 2008, the FASB issued SFAS 161, "Disclosures about Derivative Instruments and Hedging Activities—an amendment of FASB Statement No. 133" ("SFAS 161"). SFAS 161 changes the disclosure requirements for derivative instruments and hedging activities by requiring enhanced disclosures about (i) the manner in which and reason that an entity uses derivative instruments, with particular emphasis upon underlying risk, (ii) the manner in which derivative instruments and related hedged items are accounted for under SFAS 133 and its related interpretations, and (iii) (in tabular form) the manner in which derivative instruments and related nedged items are accounted for under SFAS 133 and its related an entity's financial position, financial performance, and cash flows. SFAS 161 further requires enhanced disclosures of credit-risk-related contingent features of derivative instruments. This Statement is effective for financial statements issued for fiscal years and interim periods beginning after November 15, 2008, with early application encouraged. This Statement encourages, but does not require, comparative disclosures for earlier periods at initial adoption. Adoption of SFAS 161 is not expected to have a material impact upon the Company's consolidated financial condition or results of operations.

In February 2008, the FASB issued Staff Position FAS 140-3, "Accounting for Transfers of Financial Assets and Repurchase Financing Transactions" ("FSP 140-3"). FSP 140-3 provides guidance on accounting for a transfer of a financial asset and repurchase financing. FSP 140-3 presumes that an initial transfer of a financial asset and a repurchase financing

-7-

are considered part of the same arrangement (linked transaction) under SFAS No. 140, "Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities" ("SFAS 140"), however, if certain criteria are satisfied, the initial transfer and repurchase financing shall not be evaluated as a linked transaction and shall be evaluated separately under SFAS 140. Under FSP 140-3, a transferor and transferee shall not separately account for a transfer of a financial asset and a related repurchase financing unless; (i) the two transactions have a valid and distinct business or economic purpose for being entered into separately; and (ii) the repurchase financing does not result in the initial transferor regaining control over the financial asset. FSP 140-3 is effective for financial statements issued for fiscal years beginning after November 15, 2008, and interim periods within those fiscal years. The Company is currently evaluating the potential impact, if any, of the adoption of FSP 140-3 on its consolidated financial statements.

In December 2007, the FASB issued SFAS No. 141 (revised 2007), "Business Combinations" ("SFAS 141R"), which replaces FASB Statement No. 141. SFAS 141R establishes principles and requirements governing the manner in which an acquirer of a business recognizes and measures in its financial statements the identifiable assets acquired, liabilities assumed, any non-controlling interest in the acquiree, and goodwill acquired. SFAS 141R also establishes disclosure requirements intended to enable users to evaluate the nature and financial effects of the business combination. SFAS 141R is effective for business combinations for which the acquisition date occurs during a fiscal year beginning after December 15, 2008. The Company is currently evaluating the potential impact, if any, of the adoption of FAS 141R on its consolidated financial statements.

In December 2007, the FASB issued SFAS No. 160, "Noncontrolling Interests in Consolidated Financial Statement—amendments of ARB No. 51." ("SFAS 160"). SFAS 160 requires that, for purposes of accounting and reporting, minority interests be re-characterized as non-controlling interests and classified as a component of equity. SFAS 160 also requires financial reporting disclosures that clearly identify and distinguish between the interests of the parent and the non-controlling owners. SFAS 160 applies to all entities that prepare consolidated financial statements other than not-for-profit organizations, however, will affect only those entities that have an outstanding non-controlling interest in one or more subsidiaries or that deconsolidate a subsidiary. SFAS 160 is effective for fiscal years beginning after December 15, 2008. Adoption of SFAS 160 is not expected to have a material impact upon the Company's consolidated financial condition or results of operations.

In November 2007, the U.S. Securities and Exchange Commission issued Staff Accounting Bulletin No. 109, "Written Loan Commitments Recorded at Fair Value Through Earnings." ("SAB 109"). SAB 109 provides guidance on accounting for loan commitments recorded at fair value under GAAP. SAB 109 supersedes SAB No. 105, "Application of Accounting Principles to Loan Commitments." SAB 109 requires that the expected net future cash flows related to the associated servicing of a loan be included in the measurement of all written loan commitments that are accounted for at fair value. The provisions of SAB 109 are applicable on a prospective basis to written loan commitments recorded at fair value that are issued or modified in fiscal quarters beginning after December 15, 2007. The Company adopted SAB 109 on January 1, 2008. Adoption of SAB 109 did not have a material impact on the Company's consolidated financial condition or results of operations.

In February 2007, the FASB issued SFAS No. 159, "The Fair Value Option for Financial Assets and Financial Liabilities" ("SFAS 159"). SFAS 159 permits companies to choose to measure many financial instruments and certain other items at fair value. SFAS 159 seeks to improve the overall quality of financial reporting by providing companies the opportunity to mitigate volatility in reported earnings caused by measuring related assets and liabilities differently without requiring the application of complex hedge accounting provisions. The Company adopted SFAS 159 on January 1, 2008. The adoption of SFAS 159 did not have a material impact on the Company's consolidated financial condition or results of operations, as the Company did not elect to apply the fair value method of accounting to any of its assets or liabilities.

In September 2006, the Emerging Issues Task Force reached a consensus on Issue 06-4, "Accounting for Deferred Compensation and Postretirement Benefit Aspects of Endorsement Split-Dollar Life Insurance Arrangements" ("EITF

06-4"). Under EITF 06-4, an employer should recognize a liability for future benefits associated with an endorsement split-dollar life insurance arrangement based on the substantive agreement with the employee. If the substance of these benefits is deemed comparable to benefits of a postretirement benefit plan, the liability associated with the endorsement split-dollar life insurance arrangement should be measured in accordance with SFAS No. 106, "Employers' Accounting for Postretirement Benefits Other Than Pensions" ("SFAS 106"). If the endorsement split-dollar life insurance arrangement is, in substance, an individual deferred compensation contract, then the liability should be measured in accordance with Accounting Principles Board Opinion No. 12, "Omnibus Opinion-1967" ("APB 12").

-8-

Under EITF 06-4, if the employer has agreed to maintain life insurance during the employee's retirement, the cost of the insurance policy during the postretirement period should be accrued in accordance with either SFAS 106 or APB 12. Similarly, if the employer has agreed to provide the employee with a death benefit, the employer should accrue, over the service period, a liability for the actuarial present value of the future death benefit as of the employee's expected retirement date, in accordance with either SFAS 106 or APB 12. The Company adopted EITF 06-4 on January 1, 2008. The adoption of EITF 06-4 did not have a material impact on the Company's consolidated financial condition or results of operations.

In September 2006, the FASB issued SFAS 157, which defined fair value, established a framework for measuring fair value under GAAP, and expanded disclosures about fair value measurements. Other current accounting pronouncements that require or permit fair value measurements will require application of SFAS 157. SFAS 157 does not require any new fair value measurements, however, changes the definition of, and methods used to measure, fair value. SFAS 157 emphasizes fair value as a market-based, not entity-specific, measurement. Under SFAS 157, a fair value measurement should be based on the assumptions that market participants would use in pricing the asset or liability. SFAS 157 further establishes a fair value hierarchy that distinguishes between (i) market participant assumptions developed based on market data obtained from sources independent of the reporting entity (observable inputs), and (ii) the reporting entity's own assumptions about market participant assumptions developed based on the circumstances. SFAS 157 also expands disclosures about the use of fair value to measure assets and liabilities in interim and annual periods subsequent to initial recognition. The Company adopted SFAS 157 on January 1, 2008. Disclosures required as a result of the adoption of SFAS 157 are included in Note 7.

In February 2008, the FASB issued Staff Position FAS 157-2, "Effective Date of FASB Statement No. 157, Fair Value Measurements" ("FSP 157-2"). FSP 157-2 delays the effective date of SFAS 157 for all nonrecurring fair value measurements of non-financial assets and non-financial liabilities until fiscal years beginning after November 15, 2008.

4. TREASURY STOCK

During the three months ended March 31, 2008, the Holding Company repurchased 51,000 shares of its common stock into treasury. All shares repurchased were recorded at the acquisition cost, which totaled \$654,000 during the period.

5. ACCOUNTING FOR GOODWILL

The Company has designated the last day of its fiscal year as its date for annual impairment testing. The Company performed an impairment test as of December 31, 2007 and concluded that no impairment of goodwill existed. No events have occurred nor circumstances changed subsequent to December 31, 2007 that would reduce the fair value of the Company's reporting unit below its carrying value. Such events or changes in circumstances would require the immediate performance of an impairment test in accordance with SFAS No. 142, "Goodwill and Other Intangible Assets."

6. EARNINGS PER SHARE ("EPS")

EPS is calculated and reported in accordance with SFAS No. 128, "Earnings Per Share." For entities like the Company with complex capital structures, SFAS No. 128 requires disclosure of basic EPS and diluted EPS on the face of the income statement, along with a reconciliation of the numerators and denominators of basic and diluted EPS.

Basic EPS is computed by dividing net income by the weighted-average number of common shares outstanding during the period (weighted-average common shares are adjusted to exclude unvested RRP shares and unallocated ESOP shares). Diluted EPS is computed using the same method as basic EPS, however, the computation reflects the potential dilution that would occur if unvested RRP shares or restricted stock awards became vested and outstanding

in-the-money stock options were exercised and converted into common stock.

The following is a reconciliation of the numerators and denominators of basic EPS and diluted EPS for the periods presented:

	Three Months	Ended March 31,
	2008	2007
	(Dollars in	n Thousands)
Numerator:		
Net Income per the Consolidated Statement	ts	\$5,817
of Operations	\$5,957	
Denominator:		
Weighted-average number of shares		34,473,159
outstanding utilized in the calculation of		
basic EPS	32,464,132	
Unvested RRP and Restricted Stock Award		67,922
shares	62,348	
Common stock equivalents resulting from		
the dilutive effect of "in-the-money"		
outstanding stock options	214,180
