Dear Shareholder:

You are cordially invited to attend the Annual Meeting of Shareholders (the "Annual Meeting") of Dime Community Bancshares, Inc. (the "Company"), which will be held on May 23, 2013 at 10:00 a.m. Eastern Time, at Giando on the Water, 400 Kent Avenue, Brooklyn, New York 11211.

The attached Notice of the Annual Meeting of Shareholders and Proxy Statement describe the business to be transacted at the Annual Meeting. The Directors and several officers of the Company, as well as a representative of Crowe Horwath LLP, the accounting firm appointed by the Audit Committee of the Board of Directors to be the Company's independent auditors for the year ending December 31, 2013, will be present at the Annual Meeting.

The Company's Board of Directors has determined that an affirmative vote on each matter to be considered at the Annual Meeting is in the best interests of the Company and its shareholders and unanimously recommends a vote "FOR" each of these matters.

Please complete, sign and return the enclosed proxy card promptly, whether or not you plan to attend the Annual Meeting. Your vote is important regardless of the number of shares you own. Voting by proxy will not prevent you from voting in person at the Annual Meeting, but will assure that your vote is counted if you are unable to attend. If you are a shareholder whose shares are not registered in your own name, you will need additional documentation from your record holder to attend and vote personally at the Annual Meeting. Examples of such documentation include a broker's statement, letter or other document confirming your ownership of the Company's shares.

On behalf of our Board of Directors and employees, we thank you for your continued support and hope to see you at the Annual Meeting.

Sincerely yours,

Vincent F. Palagiano

PROXY STATEMENT FOR THE
ANNUAL MEETING OF SHAREHOLDERS

To Be Held on May 23, 2013

GENERAL INFORMATION

General

This Proxy Statement and accompanying proxy card are being furnished to the shareholders of Dime Community Bancshares, Inc. (the "Company") in connection with the solicitation of proxies by the Company's Board of Directors from holders of the shares of the Company's issued and outstanding common stock, par value \$0.01 per share (the "Common Stock"), for use at the Annual Meeting of Shareholders to be held on May 23, 2013 (the "Annual Meeting") at Giando on the Water, 400 Kent Avenue, Brooklyn, New York, 11211 at 10:00 a.m. Eastern Time, and at any adjournment or postponement thereof. The Company is a Delaware corporation and operates as a unitary savings and loan holding company for The Dime Savings Bank of Williamsburgh (the "Bank"). This Proxy Statement, together with the enclosed proxy card, is first being mailed to shareholders on or about April 8, 2013.

Record Date

The Company's Board of Directors has fixed the close of business on March 28, 2013 as the record date for the determination of shareholders entitled to notice of, and to vote at, the Annual Meeting (the "Record Date").

Accordingly, only holders of record of shares of Common Stock at the close of business on March 28, 2013 will be entitled to vote at the Annual Meeting. There were 35,871,939 shares of Common Stock outstanding on the Record Date. The presence, in person or by proxy, of the holders of at least a majority of the total number of shares of Common Stock entitled to vote at the Annual Meeting is necessary to constitute a quorum.

Important Notice Regarding the Availability of Proxy Materials for the Annual Meeting

The notice of meeting, proxy statement, annual report and sample proxy card are available for review at www.materials.proxyvote.com/253922. The notice of meeting, proxy statement and annual report are also available on the Company's website at www.dime.com.

Voting Rights

Each holder of Common Stock on the Record Date will be entitled to one vote at the Annual Meeting for each share of record held on the Record Date (other than Excess Shares as defined below). As provided in the Company's Certificate of Incorporation, record holders (other than any compensation plan maintained by the Company and certain affiliates) of Common Stock who beneficially own in excess of 10% of the issued and outstanding shares of Common Stock (such shares in excess of 10% referred to herein as "Excess Shares") shall be entitled to cast only one-hundredth of one vote per share for each Excess Share. A person or entity is deemed to beneficially own shares owned by an affiliate or associate as well as by persons acting in concert with such person or entity. The Company's Certificate of Incorporation authorizes a majority of the Board of Directors to interpret the provisions of the Certificate of Incorporation governing Excess Shares, and to determine, on the basis of information known to them after reasonable inquiry, all facts necessary to ascertain compliance with the Excess Shares provisions of the Certificate of Incorporation, including, without limitation, (i) the number of shares of Common Stock beneficially owned by any person or purported owner, (ii) whether a person or purported owner is an affiliate or associate of, or is

acting in concert with, any other person or purported owner, and (iii) whether a person or purported owner has an agreement or understanding with any other person or purported owner as to the voting or disposition of any shares of Common Stock.

You may vote your shares by marking and signing the enclosed proxy card and returning it in the enclosed postage-paid envelope, by telephone or internet by following the instructions stated on the Proxy Card or by attending the Annual Meeting and voting in person. All properly executed proxies received by the Company on or before the close of voting on May 23, 2013 will be voted in accordance with the instructions indicated thereon. If no instructions are given, executed proxies will be voted FOR election of each of the four nominees for Director, FOR approval of the Dime Community Bancshares, Inc. 2013 Equity and Incentive Plan, FOR ratification of the appointment of Crowe Horwath LLP as independent auditors for the year ending December 31, 2013, FOR the compensation of the Company's executive officers, and FOR each other proposal identified in the Notice of the Annual Meeting of Shareholders.

Management is not aware of any matters other than those set forth in the Notice of the Annual Meeting of Shareholders that may be brought before the Annual Meeting. If any other matters properly come before the Annual Meeting, the persons named in the accompanying proxy

will vote the shares represented by all properly executed proxies on such matters in such manner as shall be determined by a majority of the Company's Board of Directors.

If you are a shareholder whose shares are not registered in your own name, you will need appropriate documentation from your shareholder of record to vote personally at the Annual Meeting. Examples of such documentation include a broker's statement, letter or other document that will confirm your ownership of the Common Stock.

Vote Required

Directors are elected by a plurality of the votes cast in person or by proxy at the Annual Meeting. The holders of Common Stock may not vote their shares cumulatively for the election of Directors. With respect to the election of the four nominees for Director, shares as to which the "WITHHOLD AUTHORITY" box has been selected for either all or some of the nominees will be counted as being present for the matter but not as voting "for" the election of the respective nominee(s). Therefore, the proxy represented by these shares will have the same effect as voting against the respective nominee(s). In contrast, shares underlying broker non-votes will not be counted as present and entitled to vote and will have no effect on the vote on Proposal 1.

Proposals 2, 3 and 4 require the affirmative vote of the holders of a majority of the number of votes eligible to be cast by the holders of Common Stock represented, in person or by proxy, and entitled to vote at the Annual Meeting.

Shares as to which the "ABSTAIN" box has been selected on the Proxy Card with respect to Proposals 2, 3 and 4 will be counted as present and entitled to vote and will have the effect of a vote against these proposals. In contrast, shares underlying broker non-votes will not be counted as present and entitled to vote and will have no effect on the vote on Proposals 2, 3 and 4.

Although the advisory vote on the compensation of executive officers is non-binding as provided by law, the Company's Board of Directors will review the results of the vote and consider them in making future determinations concerning executive compensation.

Revocability of Proxies

A proxy may be revoked at any time before it is voted by filing a written revocation of the proxy with the Company's Secretary at 209 Havemeyer Street, Brooklyn, New York 11211 or by submitting a duly executed proxy bearing a later date. A proxy also may be revoked by attending and voting at the Annual Meeting, only if a written revocation is filed with the Secretary prior to the voting of such proxy.

Solicitation of Proxies

The Company will bear the costs of soliciting proxies from its shareholders. In addition to the use of mail, proxies may be solicited by officers, Directors or employees of the Company or the Bank by telephone or other forms of communication. The Company will also request persons, firms and corporations holding shares in their names or in the names of their nominees, which are beneficially owned by others, to send proxy materials to, and obtain proxies from, such beneficial owners, and will reimburse such holders for reasonable expenses incurred in connection therewith. In addition, the Company has retained Broadridge Financial Solutions, Inc. to assist in the solicitation of proxies. The cost of such solicitation, which will be comprised of reimbursement for reasonable out-of-pocket expense, will be paid by the Company.

Interests of Directors and Management in Certain Proposals

At the Annual Meeting, shareholders are being asked to vote on The Dime Community Bancshares, Inc. 2013 Equity And Incentive Plan ("2013 Plan"), under which directors, executives, officers and employees may be granted various awards including, but not limited to, stock options, restricted stock awards restricted stock unit awards and/or stock

appreciation rights, and executive officers and employees may be granted performance-based cash compensation. As a result, the Company's senior executives and directors have personal interests in the outcome of this proposal that are different from the interests of the Company's other shareholders. Shareholders will also be asked to cast a non-binding advisory vote on Proposal No. 4 regarding compensation to the Company's named executive officers, and the results of such advisory vote may influence future compensation decisions. The Board was aware of these interests and took them into account in recommending that the shareholders vote in favor of the proposed 2013 Plan and in favor of Proposal No. 4.

Director Attendance at Annual Meetings

The Company considers Board attendance at shareholder meetings a priority. It is the policy of the Company that Directors exercise their best efforts to attend every meeting. All of the Directors attended the annual meeting held in 2012.

(1) The Employee Stock Ownership Plan of Dime Community Bancshares, Inc. and Certain Affiliates (the "ESOP") filed a Schedule 13G with the SEC on February 6, 2013. The ESOP is administered by the Compensation Committee of the Company's Board of Directors (the "Compensation Committee"). The ESOP's assets are held in the ESOP Trust, for which Pentegra Asset Management (formerly RS Group Trust Company) serves as trustee (the "ESOP Trustee"). The ESOP Trust purchased these shares with funds borrowed from the Company and placed them in a suspense account for release and allocation to participants' accounts in annual installments. As of March 28, 2013, 2,178,932 shares held by the ESOP Trust were allocated. The terms of the ESOP provide that, subject to the ESOP Trustee's fiduciary responsibilities under the Employee Retirement Income Security Act of 1974, as

amended ("ERISA"), the ESOP Trustee will vote, tender or exchange shares of Common Stock held in the ESOP Trust in accordance with instructions received from the participants. The ESOP Trustee will vote allocated shares as to which no instructions are received and any shares that have not been allocated to participants' accounts in the same proportion as allocated shares with respect to which the ESOP Trustee receives instructions are voted, subject to fiduciary duties of the ESOP Trustee. The ESOP Trustee will tender or exchange any shares in the suspense account or that otherwise have not been allocated to participants' accounts in the same proportion as allocated shares with respect to which the ESOP Trustee receives instructions are tendered or exchanged, subject to fiduciary duties of the ESOP Trustee. Shares indicated in the table as beneficially owned by the Compensation Committee include all shares indicated in the table as beneficially owned by the ESOP Trust. The Compensation Committee has the authority to direct the ESOP Trustee with respect to the investment of the ESOP's assets (including the acquisition or disposition of both allocated and unallocated shares) in the absence of a tender offer, but has no voting power with respect to any shares. With respect to the ESOP, ERISA, in limited circumstances, may confer upon the ESOP Trustee the power and duty to control the voting and tendering of Common Stock allocated to the accounts of participating employees and beneficiaries who fail to exercise their voting and/or tender rights. Each member of the Compensation Committee disclaims beneficial ownership of such shares.

(1) See "Security Ownership of Certain Beneficial Owners and Management – Principal Shareholders of the Company" for a definition of "beneficial ownership."

The figures shown include ESOP shares held in trust that have been allocated to individual accounts as follows: Mr. Palagiano, 58,551 shares; Mr. Devine, 58,551 shares; Mr. Mahon, 58,551 shares; Mr. Harris, 3,507 shares, Mr. Mitchell, 1,734 shares and all Directors and executive officers as a group, 299,003 shares (the Outside Directors do not participate in the ESOP). Such persons have voting power (subject to the legal duties of the ESOP Trustee) but no investment power, except in limited circumstances, as to such shares. The figures shown for Messrs. Palagiano, Devine, Mahon, Harris and Mitchell do not include any portion of the 1,016,007 ESOP shares held in trust that have not been allocated to any individual's account and as to which Messrs. Palagiano, Devine, Mahon, Harris and Mitchell may be deemed to share voting power with other ESOP participants. The figure shown for all Directors and executive officers as a group includes 1,016,007 shares as to which the members of the Compensation

(2) Committee (consisting of Messrs. Williams, Bergamo, and Clark, and Ms. Nelson) may be deemed to have sole investment power, except in limited circumstances, thereby causing each such Compensation Committee member to be deemed a beneficial owner of such shares. Each member of the Compensation Committee disclaims beneficial ownership of such shares and, accordingly, such shares are not attributed to the members of the Compensation Committee individually. In addition, the figure shown for all Directors and executive officers as a group includes 803,476 shares held in trust ("BMP Trust") for the benefit of Messrs. Palagiano, Devine, Mahon, Harris, Mitchell and other officers under the Benefit Maintenance Plan of Dime Community Bancshares, Inc. (the "BMP"). The BMP Trust, as directed by the Company, exercises voting and investment power over these shares (See "Compensation – Executive Compensation – Compensation Plans – BMP").

The figures shown include shares held pursuant to the 401(k) Plan that were allocated as of the Record Date to individual accounts as follows: Mr. Mahon, 128,495 shares; Mr. Harris, 5,640 shares; Mr. Mitchell, 473 shares, (3) and all Directors and executive officers as a group, 142,292 shares. Outside Directors do not participate in the 401(k) Plan. Such persons have sole voting power and sole investment power as to such shares [See "Compensation – Executive Compensation – Compensation Plans – 401(k) Plan"].

Amounts include stock options eligible to be exercised within 60 days of March 28, 2013 as follows: Messrs. Bergamo, Clark, Cohn, Curtin, Golden, Perry and Williams, 2,444 options each; Ms. Nelson 2,444 options; Mr. (4) Devine, 17,882 options; Mr. Mahon, 11,958 options; Mr. Harris, 8,658 options; Mr. Mitchell, 7,080 options and all Directors and executive officers as a group, 81,172 options.

Other non-beneficial ownership amounts represent shares that are held in trust for the benefit of the respective Named Executive Officers under the BMP. Messrs. Palagiano, Devine, Mahon, Harris and Mitchell have neither (5) voting nor investment power with respect to these shares. However, since the Company maintains full voting and dispositive powers over these shares, they are included in the total beneficial ownership amount for the full Directors and executive officers group (see footnote 2 above).

(6) Includes 656,480 shares as to which Mr. Palagiano may be deemed to share voting and investment power.

(7) Includes 396,539 shares as to which Mr. Devine may be deemed to share voting and investment power.

(8) Includes 121,281 shares as to which Mr. Mahon may be deemed to share voting and investment power.

(9) Includes 139,702 shares as to which Mr. Bergamo may be deemed to share voting and investment power.

(10) Includes 84,375 shares as to which Mr. Clark may be deemed to share voting and investment power.

(11) Includes 71,327 shares as to which Mr. Cohn may be deemed to share voting and investment power.

(12) Includes 75,826 shares as to which Mr. Curtin may be deemed to share voting and investment power.

(13) Includes 11,000 shares as to which Mr. Harris may be deemed to share voting and investment power.

PROPOSAL 1

ELECTION OF DIRECTORS

General

The Company's Certificate of Incorporation and Bylaws provide for the election of Directors by the shareholders. For this purpose, the Company's Board of Directors is divided into three classes, each class to be as nearly equal in number as possible. The terms of office of the members of one class expire, and a successor class is to be elected, at each annual meeting of shareholders. The Company currently has eleven Directors.

Vincent F. Palagiano, Patrick E. Curtin and Omer S. J. Williams, whose terms expire at the Annual Meeting, have been nominated by the Nominating Committee of the Board of Directors to be re-elected at the Annual Meeting for a term expiring at the annual meeting to be held in 2016, or when their successors are otherwise duly elected and qualified. Further, in order to achieve improved equality among the three classes of Directors, Kathleen M. Nelson, an incumbent Director whose current term expires at the annual meeting to be held in 2014, has been nominated by the Nominating Committee of the Board of Directors to be re-elected at the Annual Meeting for a three-year term expiring at the annual meeting to be held in 2016, or when her successor is otherwise duly elected and qualified.

Upon election at the Annual Meeting to the class of Directors with a term of office expiring in 2016, Ms. Nelson will simultaneously resign her current board seat with a term expiring in 2014. If Ms. Nelson is not elected to the class of Directors with a term of office expiring in 2016, she will retain her current board seat, and serve until the annual meeting to be held in 2014, or when her successor is otherwise duly elected and qualified.

Each nominee has consented to being named in this Proxy Statement and to serve, if elected. In the event that any nominee for election as a Director at the Annual Meeting is unable or declines to serve, which the Board of Directors

has no reason to expect, the persons named in the proxy card will vote with respect to a substitute nominee designated by the present Nominating Committee of the Board of Directors, unless the shareholder has elected to "withhold authority" with respect to all nominees.

Information as to Nominees and Continuing Directors

In March 2013, the Board determined that all of its current Directors with the exception of Messrs. Palagiano, Devine, Mahon and Curtin were independent pursuant to its Policy Regarding Director Independence (the "Director Independence Policy") and National Association of Securities Dealers, Inc. Rule 5605(a)(2) ["Rule 5605(a)(2)"].

Messrs. Palagiano, Devine and Mahon were not independent because they were officers of the Company. Mr. Curtin was deemed not independent because he was a member of a law firm providing various legal services to the Company or its subsidiaries. See, "Transactions with Certain Related Persons." The Director Independence Policy is available on the Company's website at www.dime.com by clicking "About Us," then "Investor Relations," and then "Governance Documents" within the "Investor Relations" menu.

The Nominating Committee is responsible for identifying and selecting nominees for election by the Company's shareholders. The Nominating Committee is authorized to retain search firm(s) to assist in the identification of candidates. The Nominating Committee is not limited to a specific process in identifying candidates and will consider potential nominees from various sources, including recommendations from

Board Leadership Structure

The CEO also serves as Chairman of the Board, due, in part, to his extensive tenure with the Company and Bank, which provides unique and vital knowledge regarding their history, strategy, business and operations. In order to enhance Board independence and oversight, the Board has created a lead independent director position. George L. Clark, Jr. is currently the Lead Director. Among other functions, the Lead Director presides at executive sessions of the independent Directors and serves as a liaison between the Chairman of the Board and the independent Directors.

In the ordinary course of business, the Company faces various strategic, operating, compliance and financial risks. Management is responsible for the day-to-day management of risk, while the Board, as a whole and through its standing Committees, is responsible for the oversight of risk management. In its risk oversight role, the Board has the responsibility of satisfying itself that the risk management processes designed and implemented by management are adequate and functioning as designed. To help accomplish this objective, the Board created the Risk Committee in 2011. The purpose of this committee, which meets on a quarterly basis, is to assist the Board with respect to oversight of the Company's risk: identification; measurement; control processes; and ongoing monitoring. Senior management also attends, and presents reports at, all Board meetings. The Chief Risk Officer attends all meetings of the Audit and Risk Committees of the Board, and presents risk management activity updates to the Risk Committee quarterly, and to the Board monthly.

Meetings and Committees of the Company's Board of Directors

The Board of Directors meets on a monthly basis and may have additional special meetings upon the request of the Chairman of the Board, President or at least 60% (but not less than five) of the Directors then in office. The Executive Committee conducted no meetings during the year ended December 31, 2012.

The Compensation Committee presently consists, and consisted during 2012, of four independent Directors: Messrs. Williams (Chair), Bergamo, and Clark and Ms. Nelson. The Compensation Committee establishes the compensation of the CEO, approves the compensation of

executive management, oversees administration of the process for determining the compensation and benefits of officers and employees of the Bank, recommends Director compensation to the Board and assists the Board in its oversight of the human resources activities of the Company and its subsidiaries.

The Compensation Committee utilizes Mercer U.S., Inc. ("Mercer"), a nationally recognized compensation consulting firm, and outside legal counsel, to assist in performing its duties. Mercer is instructed to analyze the Company's performance and executive pay levels. A peer group of public banks and thrifts is used for comparison of both pay level and corporate performance. The Compensation Committee uses this analysis to assist it in understanding market practices and trends and to develop and evaluate the effectiveness of recommended performance-linked compensation strategies. The Committee relies on legal counsel to advise on its obligations under applicable corporate, securities and employment laws, to assist in interpreting the Company's obligations under compensation plans and agreements, and to draft plans and agreements to document business decisions. The Committee considers the expectations of executive management with respect to their own compensation, and their recommendations with respect to the compensation of Directors and more junior executive officers.

The Compensation Committee may delegate such of its powers and responsibilities as it deems appropriate to subcommittees of its membership or officers of the Company. The Compensation Committee operates pursuant to a charter, which is available on the Company's website at www.dime.com, by initially selecting "About Us" then "Investor Relations" and subsequently selecting "Governance Documents." Ms. Nelson, Mr. Bergamo and Mr. Cohn are, and Mr. Williams and Mr. Fehrenbach were, independent as defined in Rule 5605(a)(2). The Nominating Committee identifies and selects nominees for all Directorships, recommends committee memberships to the Board, and establishes criteria for the selection of new Directors to serve on the Board. The Nominating Committee met twice during 2012. In addition, the Nominating Committee met on March 28, 2013 to, among other matters, select the nominees for election as Directors at the Annual Meeting. In accordance with the Company's Bylaws, provided the Nominating Committee makes such nominations, no nominations for election as Director except those made by the Nominating Committee shall be voted upon at the Annual Meeting unless properly made by a shareholder in accordance with the procedures set forth under "2013 Annual Meeting Stockholder Proposals" in the proxy statement for the annual meeting held in May 2012. The Nominating Committee operates pursuant to a charter. A current copy of the Nominating Committee charter is available on the Company's website, at www.dime.com, by clicking "About Us" then "Investor Relations" and then "Governance Documents" within the "Investor Relations" menu.

Directors' Retirement Plan. The Company has adopted the Retirement Plan for Board Members of Dime Community Bancshares, Inc. (the "Directors' Retirement Plan"), which provides benefits to each eligible non-employee Director ("Outside Director") commencing on termination of Board service at or after age 65. An eligible Outside Director retiring at or after age 65 will be paid an annual retirement benefit equal to the amount of the aggregate compensation for services as a Director (excluding stock compensation) paid to him or her for the 12-month period immediately prior to termination of Board service, multiplied by a fraction, the numerator of which is the number of years of

service, up to a maximum of 10, as an Outside Director (including service as a Director or trustee of the Bank or any predecessor) and the denominator of which is 10. An individual who terminates Board service after having served as an Outside Director for 10 years may elect to begin collecting benefits under the Directors' Retirement Plan at or after attainment of age 55, however, the annual retirement benefits will be reduced pursuant to an early retirement reduction formula to reflect the commencement of benefit payments prior to age 65. An Outside Director may elect to have benefits distributed in any one of the following forms: (i) a single life annuity; (ii) a 50% or 100% joint and survivor annuity; or (iii) a single life annuity with a 5, 10, or 15 year guaranteed term. In the event that an Outside Director dies prior to the commencement of earned benefit payments under the Directors' Retirement Plan, a 50% survivor annuity will automatically be paid to his or her surviving spouse, unless the decedent has elected otherwise. This plan was frozen effective March 31, 2005.

2001 Stock Option Plan. The Dime Community Bancshares, Inc. 2001 Stock Option Plan for Outside Directors, Officers and Employees (the "2001 Stock Option Plan") was adopted by the Company's Board of Directors and subsequently approved by its shareholders at their annual meeting held in 2001. The 2001 Stock Option Plan reached its ten year anniversary in November 2011, and future awards are no longer permitted thereunder.

-10-

2004 Stock Incentive Plan. The Dime Community Bancshares, Inc. 2004 Stock Incentive Plan (the "2004 Stock Incentive Plan") was initially adopted by the Company's Board of Directors and subsequently approved by its shareholders at their annual meeting held in 2004. Amendment Number One to the 2004 Stock Incentive Plan was adopted by the Company's Board of Directors in March 2008 and subsequently approved by its shareholders at their annual meeting held in 2008. At December 31, 2012, 249,230 shares remained eligible for future grant to either Outside Directors or officers and employees of the Company and its subsidiaries under the 2004 Stock Incentive Plan.

All 249,230 shares may be granted in the form of options; however, no more than 188,999 may be granted as restricted stock awards. During the year ended December 31, 2012, the eight current Outside Directors and Fred P. Fehrenbach and John J. Flynn, two Outside Directors that retired on May 24, 2012 (the "Retired Directors") were each granted 2,444 options under the 2004 Stock Incentive Plan. All of these options expire on April 30, 2022 and vest to the respective recipients on May 1, 2013. In addition, during the year ended December 31, 2012 a grant of 2,165 restricted stock awards was made to the eight current Outside Directors and the Retired Directors under the 2004 Stock Incentive Plan, all of which vest to the respective recipients on May 1, 2013.

Director Stock Purchase Plan. In 2012, the Company established the Dime Community Bancshares, Inc. Director Stock Purchase Plan (the "DSPP"). The DSPP permits Outside Directors to receive, in the form of Common Stock, all or any portion of Board, Committee Chair or Lead Director retainers that are otherwise payable in cash. Any election must be made during a period when open market trading by the Outside Director is permitted, and can only be changed or revoked during a similar period. All elections and changes are subject to Compensation Committee approval. Elections are limited to a specific calendar year, and therefore must be renewed and approved by the Compensation Committee each year. Under the DSPP, cash compensation is converted into shares of Common Stock based on the consolidated closing bid quotation for the Common Stock on the Nasdaq National Stock Market on the date on which the cash compensation would otherwise be paid.

The following table sets forth information regarding compensation earned by each Outside Director during the year ended December 31, 2012:

Compensation Discussion and Analysis

Introduction

Set forth below are: (i) a description of the Company's decision making process for compensating the Named Executive Officers, (ii) a discussion of the background and objectives of the Company's compensation programs for Named Executive Officers, and (iii) a description of the material elements of the compensation of each of the Named Executive Officers.

The descriptions of compensation plans, programs and individual arrangements referred to in the Compensation Discussion and Analysis that are governed by written documents are qualified in their entirety by reference to the full text of their governing documents. Other than broad-based plans applicable to substantially all salaried employees, these documents have been filed as exhibits to the Company's Annual Report on Form 10-K for the year ended December 31, 2012 and are incorporated herein by this reference.

1. Objectives

The goals of the executive compensation program are to enable the Company to attract, develop and retain strong executive officers capable of maximizing the Company's performance for the benefit of its shareholders. The Company's executive compensation philosophy is, consistent with prudent banking business practices, to provide competitive target compensation opportunities with actual amounts earned commensurate with its financial performance and the generation of long-term value for shareholders through dividends and stock price appreciation. To accomplish these goals, the Company sets a base salary to provide a reasonable level of predictable base income and near- and long-term performance-based compensation to provide the Named Executive Officers with clear opportunities to increase the value of their compensation by positive contribution to stockholder interests. The pay elements are intended to balance an appropriate mix of risk and return. Annual incentive awards are designed to provide incentives to encourage efforts to attain near-term goals which do not encourage excessive risk taking. Longer term incentive and stock awards are structured to align the executive's interests with those of the Company's shareholders and serve to retain executives over the long term.

2. Key Elements of the Compensation Package

The Company's 2012 compensation program for Named Executive Officers consisted of three key elements:

- base salary to provide a reasonable level of recurring income;
- annual incentives to motivate the Named Executive Officers to achieve short-term operating objectives; and
- long-term incentives designed to retain talented employees and provide an incentive to maximize shareholder return in the longer term.

The Company additionally provides certain retirement plans, termination benefits, fringe benefits and perquisites, in some instances for a large group of employees and in others limited to one or more executives.

Base Salary. The Company seeks to pay competitive base salaries by establishing a median pay level approach (See "3. Material Policies and Procedures – Benchmarking and Survey Data" for further detail regarding the methods used to that end). Executive base salary levels are generally reviewed on an annual basis and adjusted as appropriate. The Company desires to compensate executives fairly while being sensitive to managing fixed costs.

For 2012, the Compensation Committee considered the prevailing market conditions and determined, with the input of Mercer, an independent, nationally recognized compensation consulting firm, to maintain base salaries at 2011 levels for the Named Executive Officers of the Company.

In 2012, base salaries for the Named Executive Officers were as follows:

Name	Resulting Annual Base Salary Rate
Vincent F. Palagiano	\$710,000
Michael P. Devine	560,000
Kenneth J. Mahon	416,000

Daniel Harris	337,000
Terence Mitchell	325,000

-13-

Salary decisions for the Named Executive Officers resulted from an assessment of the Company's 2011 performance within the context of a competitive compensation review produced by Mercer that evaluated corporate performance during 2011. Overall, the base salaries provided to the CEO, COO and CFO are within 10% (plus or minus) of the median of the twelve comparable sized and similarly located public banks and thrifts used by Mercer for comparison of both pay level and corporate performance (the "2011 Comparison Group"), while the base salaries provided to Messrs. Harris and Mitchell approximate the 75th percentile.

Annual Incentives. The Company maintains a formal, shareholder-approved Annual Incentive Plan ("AIP") under which the Named Executive Officers may be awarded the opportunity to earn an annual cash payment based on the degree of achievement of pre-determined, formulaic performance measures. For 2012, the Company used a goal attainment approach to determine annual incentive payments for Named Executive Officers. Under this approach, maximum annual incentive award opportunities of \$486,938 and \$360,150 were established for Mr. Palagiano and Mr. Devine, respectively, for threshold achievement of any of one four key measures, and a collective bonus pool was established for the remaining executive officers to provide competitive target cash compensation opportunities.

Target represents the payout level for performance at expectation. A threshold opportunity for performance below which no award is paid was set at 50% of target and a maximum payout of 150% of target was set to reward superior performance. Target annual incentive percentages for the Named Executive Officers approximate median relative to levels obtained from the 2011 Comparison Group.

The award opportunities were then linked with performance outcomes. For 2012, performance was initially assessed on four equally weighted key measures: Core Earnings Per Share before credit costs ("Core EPS Before Credit Costs"), Reported Earnings Per Share ("Reported EPS"), Return on Average Stockholders' Equity ("Reported ROAE") and Core Return on Average Risk-weighted Assets. Results of these measures relative to the pre-established objectives were used to determine preliminary payout levels at the end of 2012. To balance incentives to achieve financial results against the need to discourage excessive risk-taking, the Compensation Committee also considered Company performance on supplemental measures, including efficiency ratio, non-performing assets, net charge-offs and capital ratios, relative to historical and peer company results. The Compensation Committee may exercise judgment to adjust the payout levels from the preliminary amounts based on its review of performance on supplemental or other relevant measures, but may not increase the payouts to Messrs. Palagiano or Devine above the pre-established maximums.

Performance measure results were as follows:

Key Measures	Threshold	Target	Superior	Result
Core EPS Before Credit Costs ⁽¹⁾	\$1.11	\$1.23	\$1.35	\$1.28
Reported EPS	\$1.00	1.11	\$1.22	1.17
Reported ROAE	9.05%	10.05%	11.05%	10.73%
Core Return on average risk-weighted assets ⁽²⁾	1.14%	1.27%	1.40%	1.48%

⁽¹⁾ Core EPS Before Credit Costs reflects the following adjustments from Reported EPS:

Gain on the sale of equity mutual funds and real estate	\$(0.23)
Prepayment fee income above Forecast	(0.16)
Prepayment expense on borrowings above Forecast	0.46
Credit costs	0.04
Total adjustment	\$0.11

⁽²⁾ Average risk-weighted assets is computed as the average of the Bank's period-end risk weighted assets as of December 31, 2012, September 30, 2012, June 30, 2012, March 31, 2012 and December 31, 2011, as reported on Schedule RC-R of the Bank's quarterly Call Report filed publicly with the Federal Deposit Insurance Corporation. Schedule RC-R reconciles the Bank's period-end stockholders' equity computed under Accounting Principles Generally Accepted in the U. S. ("GAAP"), with the period-end risk-weighted assets.

The Compensation Committee, in consideration of overall financial results and the aforementioned supplemental measures, approved payment amounts to Mr. Palagiano of \$400,000 (123.2% of target payout, and 92.6% of payment calculation); and Mr. Devine of \$300,000 (124.9% of target payout, and 93.9% of payment calculation). The approved payments to Mr. Mahon, Mr. Harris, and Mr. Mitchell were \$200,000, \$140,000, and \$140,000, respectively. These bonus payments were analyzed as part of a collective bonus paid to the Company's remaining executive officer group. The aggregate bonus paid to this group of remaining executives totaled 125.7% of the target payout and 94.5% of the payment calculation. The aggregate calculated amount of \$1.63 million represented 133.0% of target. As part of the continuing effort to control operating expenses, the Compensation Committee decided to pay out less than the full aggregate amount. Payments aggregating \$1,530,000 were approved compared to \$1,630,000 permitted under the plan.

Long-Term Incentives - Vincent F. Palagiano. The 2008 amendments to the 2004 Stock Incentive Plan increasing the number of shares available provide that Mr. Palagiano is ineligible to receive stock options or awards under that plan. Instead, the Company has adopted a cash-

based, multi-year long-term incentive plan in which Mr. Palagiano is eligible to participate. The amendment was designed to provide a competitive long-term incentive arrangement instead of the opportunities that Mr. Palagiano would otherwise have received under the 2004 Stock Incentive Plan. The plan enhances overall pay for performance since the value earned relates directly to the Company's performance on selected key metrics. The period for measurement of the grant awarded in 2012 is January 1, 2012 through December 31, 2014. The plan sets an incentive target for this period of \$447,300 (63.0% of base salary of \$710,000), and a range of payout levels for this period as follows: threshold payout level represents a payment of \$223,650 (50% of the target), and is paid for a baseline level of acceptable performance to receive any award; target payout represents a payment of \$447,300 and is paid for performance at expectation; and maximum payout represents a payment of \$670,950 (150% of target) and is paid for exceptional performance. The criteria for payment for this period are as follows:

	Threshold	Target	Maximum	Criteria Weight in Determining Payout
Total Shareholder Return ("TSR") (percentile rank in 2011 Comparison Group)(1)	40th	50th	74th	50%
Cumulative Core EPS (2)	\$2.50	\$2.78	\$3.06	25%
Average Annualized Reported ROAE	7.0%	8.2%	9.5%	25%

(1) The 2011 Comparison Group is discussed below under "3. Material Policies and Procedures."

(2) Core EPS is a non-GAAP measure that is calculated as Reported EPS excluding other-than-temporary impairment charges on investments, gains or losses on disposals of assets (excluding loans held for sale), and other significant income or expense items that are non-recurring in nature.

The Compensation Committee does not have discretion to increase the size of the payout or to award compensation if the goals are not met. Payment will be made in cash in the first quarter of 2015 if Mr. Palagiano is employed on December 31, 2014. If Mr. Palagiano's employment terminates prior to that date due to death, disability or retirement, the Company's obligation will be prorated for performance as of the effective date of the termination and paid at the end of the performance period unless the Compensation Committee has determined otherwise. The Compensation Committee may provide for immediate payout in the case of death. In the event of a change of control, performance will be assessed through the end of the change of control date and prorated payment made as soon as possible after that date. If the actual performance results cannot be calculated, the target will be used.

A similar long-term incentive arrangement implemented for Mr. Palagiano in 2010 for the 3-year period ended December 31, 2012 was settled. The plan set an incentive target for this period of \$429,000 (62.5% of base salary of \$686,000), and a range of payout levels for this period as follows: threshold payout level represents a payment of \$214,500 (50% of the target), and is paid for a baseline level of acceptable performance to receive any award; target payout represents a payment of \$429,000 and is paid for performance at expectation; and maximum payout represents a payment of \$643,500 (150% of target), and is paid for exceptional performance. The established performance goals, actual achievement levels and incentive earned for the measurement period are shown in the following table:

Performance Goal	Threshold	Target	Maximum	Actual	Achievement (% of Target)	Weighted Achievement(1)	Payout Amount (\$)
TSR (percentile rank in comparison group) (2)	40 th	50 th	74 th	45.45	75.00%	37.50%	\$160,875
Cumulative Core EPS (3)	\$3.07	\$3.41	\$3.75	\$3.73	147.06%	36.7650%	\$157,722
Average Annualized Reported ROAE	9.80%	11.58%	13.30%	12.31%	122.19%	30.5475%	\$131,048
Total Payout						115.4750%	\$449,646

(1) The weighted achievement is calculated as the achievement percentage multiplied by the weighting of the performance goal in determining the payout amount. In accordance with the plan, the TSR was provided a 50% weighting, while Cumulative Core EPS and Average Annualized Reported ROAE were each provided a 25% weighting. See "Compensation – Compensation Plans - Long Term Cash Incentive Payment Plan"

for a further discussion of the applicable provisions of the plan.

(2) The comparison group was developed by Mercer as of December 31, 2009, and consisted of the following: New York Community Bancorp, Astoria Financial Corporation, Valley National Bancorp, First Niagara Financial Group Inc., New Alliance Bancshares Inc., Provident Financial Services Inc., Investors Bancorp Inc., Signature Bank, Sun Bancorp Inc., Flushing Financial Corp, OceanFirst Financial Corporation, Sterling Bancorp and Smithtown Bancorp Inc.

(3) The following adjustments were made in deriving Core EPS from Reported EPS:

Reported EPS	\$3.81
Other than temporary impairment charges on investments	0.05
Gain on the sale of equity mutual funds and real estate	(0.23)
Prepayment Fees Above Forecast	(0.33)
Prepayment expense on borrowings above Forecast	0.46
Reversal of reserve for income taxes	(0.03)
Core EPS	\$3.73

Long-Term Incentives – Named Executive Officers other than Mr. Palagiano. In 2012, the Company elected to provide 50% of the total long-term incentive compensation award for each of the Named Executive Officers excluding Mr. Palagiano in the form of equity based awards and 50% in the form of a cash-based, multi-year long-term incentive plan award. As previously discussed, Mr. Palagiano receives all of his long-term incentive compensation through a cash-based, multi-year long-term incentive award.

Long-Term Equity Award Incentives– Named Executive Officers other than Mr. Palagiano. The Compensation Committee believes that grants of long-term incentives in the form of stock options or restricted stock awards are an effective method, where available, of aligning executive rewards with the creation of value for shareholders through stock appreciation.

In consideration of the Company's performance for the year ended December 31, 2011, the Compensation Committee recommended, and the Board granted, awards of restricted stock to the Named Executive Officers other than Mr. Palagiano after considering Mercer's assessment of comparable practices at the 2011 Comparison Group as well as Company and individual performance, the 2011 operating environment and competitive market conditions.

In 2012, no grants of stock options were made to the Named Executive Officers, and grants of restricted stock shares were made to the following Named Executive Officers:

Name	# of Shares in	
	Restricted Stock Awards	Total Value of Grant
Michael P. Devine	10,101	\$ 140,000
Kenneth J. Mahon	6,753	93,600
Daniel Harris	5,106	70,770
Terence Mitchell	4,924	68,250

Long-term incentives granted to the Named Executive Officers are positioned between the median and 75th percentile of the 2011 Comparison Group.

All of the above grants were made effective April 30, 2012, vest over four years and had a grant date fair value of \$13.86 per restricted stock share. The Company intends to make selective equity awards in the future as part of its ongoing competitive executive compensation program. Please refer to Note 15 of the Company's financial statements included in its Annual Report on Form 10-K for the year ended December 31, 2012 for information on the calculation

of these award values.

Cash-Based Long-Term Incentives – Named Executives other than Mr. Palagiano. As previously discussed, in 2012, the Company elected to provide 50% of the total long-term incentive compensation computed for each of its Named Executive Officers excluding Mr. Palagiano in the form of equity based awards and 50% in the form of a cash-based, multi-year long-term incentive plan award. Such award arrangement enhances overall pay for performance since the value earned relates directly to the Company's performance on selected key metrics. The period for measurement of the grant awarded in 2012 is January 1, 2012 through December 31, 2014. The plan award sets incentive targets for each individual for this period and a range of payout levels for the measurement period. The criteria for payment for this period are as follows:

-16-

Performance Metrics (1)	Criteria Weight in			
	Threshold	Target	Maximum	Determining Payout
TSR (percentile rank in 2011 Comparison Group) (2)	40th	50th	74th	50%
Cumulative Core EPS (3)	\$2.50	\$2.78	\$3.06	25%
Average Annualized Reported ROAE	7.0%	8.2%	9.5%	25%

(1) These performance criteria are identical to those used for Mr. Palagiano's 2012 grant.

(2) The 2011 Comparison Group is discussed below under "3. Material Policies and Procedures."

(3) Core EPS is a non-GAAP measure that is calculated as Reported EPS excluding other-than-temporary impairment charges on investments, gains or losses on disposals of assets (excluding loans held for sale), and other significant income or expense items that are non-recurring in nature.

Based upon this criteria, each Named Executive Officer (other than Mr. Palagiano) can earn either a target payout, representing 50% of his total long-term incentive award value, and which is paid for performance at expectation, a threshold payout level (50% of the target payout), which is paid for a baseline level of acceptable performance to receive any award, or a maximum payout (150% of the target payout) which is paid for exceptional performance.

For the Named Executive Officers other than Mr. Palagiano, the following table summarizes these potential payouts:

Name	Threshold Payout	Target Payout	Maximum Payout
Michael P. Devine	\$ 70,000	\$ 140,000	\$ 210,000
Kenneth J. Mahon	46,800	93,600	140,400
Daniel Harris	35,385	70,770	106,155
Terence Mitchell	34,125	68,250	102,375

The Compensation Committee does not have discretion to increase the size of the payout or to award compensation if the goals are not met. Payment will be made in cash in the first quarter of 2015 to any of the Named Executive Officers listed in the table above if such Named Executive Officer is employed on December 31, 2014. If the employment of any such Named Executive Officer terminates prior to that date due to death, disability or retirement, the Company's obligation will be prorated for performance as of the effective date of the termination and paid at the end of the performance period unless the Compensation Committee has determined otherwise. The Compensation Committee may provide for immediate payout in the case of death. In the event of a change of control, performance will be assessed through the end of the change of control date and prorated payment made as soon as possible after that date. If the actual performance results cannot be calculated, the target will be used.

Other Elements of the Executive Compensation Package. The Company's compensation program for Named Executive Officers consisted of the following additional elements:

Retirement Plan – The Bank maintains the Retirement Plan of The Dime Savings Bank of Williamsburgh (the "Retirement Plan"), a noncontributory, tax-qualified defined benefit pension plan for eligible employees; however, all participant benefits under the Retirement Plan were frozen in March of 2000, and no benefits have been accrued under the Retirement Plan since that date.

401(k) Plan – The Bank maintains the 401(k) Plan, which is a tax-qualified defined contribution plan permitting salaried employees with at least one year of service to make pre-tax salary deferrals under Section 401(k) of the Internal Revenue Code of 1986 (the "Code"). Each participant receives a fully vested contribution of 3% of "covered compensation" as defined in the 401(k) Plan, up to applicable Internal Revenue Service ("IRS") limits. The 3% contribution was required through 2006 and is discretionary in years after 2006.

ESOP – The Company has established, and the Bank has adopted, the ESOP and related trust for the benefit of eligible employees. All of the Company's and Bank's salaried employees are eligible to become participants in the ESOP after one year of employment.

BMP – The Bank maintains a BMP, which provides eligible employees with benefits that would be due under the Retirement

Plan, ESOP and 401(k) Plan, if such benefits were not limited under the Code. Effective April 1, 2000, Retirement Plan benefit accruals were frozen, thus eliminating related benefit accruals under the BMP. However, the present value of such benefits continues to increase as the Named Executive Officers approach normal retirement age. These increases in present value are reported in the Summary Compensation Table under the column Change in Pension Value and Nonqualified Deferred Compensation Earnings. Effective January 1, 2005, the BMP benefit accruals associated with the 401(k) Plan and ESOP were suspended even though contributions to the 401(k) Plan and ESOP were continued. In December 2010, the BMP benefit accruals associated with the 401(k) Plan and ESOP were reactivated and catch-up credits were made for the years ended December 31, 2005 through 2010. These credits are reported in the Summary Compensation Table under the column All Other Compensation.

2001 Stock Option Plan – The Company's Board of Directors adopted the 2001 Stock Option Plan, which was approved by the Company's shareholders at their 2001 annual meeting. At December 31, 2012, there were no stock options eligible for future grant under the 2001 Stock Option Plan.

2004 Stock Incentive Plan – The Company's Board of Directors has adopted the 2004 Stock Incentive Plan, which was approved by the Company's shareholders at their 2004 annual meeting, with additional shares approved by shareholders at their 2008 annual meeting. At December 31, 2012, up to 249,230 shares remained eligible for future grant to either Outside Directors or officers and employees of the Company and its subsidiaries under the 2004 Stock Incentive Plan. All of these may be granted in the form of stock options, while up to 188,999 shares may be granted as restricted stock awards. Under the terms of the 2004 Stock Incentive Plan, the eligible grant amount may be increased by the amount of shares granted under the 2004 Stock Incentive Plan that are subsequently forfeited by the recipient. All grants made prior to December 30, 2005 under the 2004 Stock Incentive Plan vested as of December 30, 2005.

Perquisites – Certain Named Executive Officers are provided with modest perquisites, including use of a company car and professional financial planning and tax preparation services. The Company provides these benefits in kind; however, the Compensation Committee considers the cost of these items in establishing the other elements of compensation. The Company provides these benefits because they are usual and customary in the industry.

Potential Payments Upon Termination and Change of Control – The Company believes it is in its best interests to provide severance benefits to the Named Executive Officers in the event of their termination of employment under certain circumstances. Specifically, Messrs. Palagiano, Mahon and Devine (the "Senior Executives") are entitled to severance benefits upon their termination of employment by the Company without cause, or their resignation for good reason. Messrs. Harris and Mitchell (the "Contract Employees") have change of control agreements that provide severance benefits payable only upon a change of control and termination of their employment by the Company or its successors without cause or their resignation for good reason, in each case, within certain periods following or preceding a change of control. The Company and Bank have determined that these types of protections are required in order to retain talented and qualified executive officers. The Compensation Committee has determined that a more comprehensive employment agreement with change of control triggers is necessary to retain the Senior Executives. Employment Agreements and Change in Control Agreements. Consistent with the practices of other financial institutions of similar size and business mix in the greater New York metropolitan area, the Company and Bank have entered into employment or change in control severance agreements with each of their executive officers. The Company considers these arrangements important retention devices. They also provide a measure of financial security for executive officers so that, when faced with the prospect of a negotiated or unsolicited merger opportunity, they can focus on the business of the Company with reduced personal distractions. The Company periodically reviews the terms of these agreements against the publicly disclosed terms and conditions of contracts at other institutions and compares their projected costs to those disclosed for similar contracts in the merger proxy statements in recent financial institution mergers. The employment agreements were amended and restated in 2011 to reflect the most recent such review.

Employment Agreements with Messrs. Palagiano, Devine and Mahon. At December 31, 2012, the Company and Bank were parties to employment agreements ("Employment Agreements") with each of the Senior Executives. These Employment Agreements establish the respective duties and compensation of the Senior Executives and are intended to ensure that both the Company and Bank can maintain a stable and competent management base. The continued success of the Company and Bank depend to a significant degree on the skills and competence of the Senior Executives.

The Employment Agreements provide for three-year terms. The Bank's Employment Agreements provide that, prior to the first anniversary date and continuing each anniversary date thereafter, the Bank's Board of Directors may agree, after conducting a performance evaluation of the Senior Executive, to extend his Employment Agreement for an additional year, so that the remaining term shall be three years. Each of the Bank's Employment Agreements has been extended to a December 31, 2015 expiration date. The Company's Employment Agreements provide for automatic daily extensions unless written notice of non-renewal is provided by the Board of Directors or the Senior Executive, in which event the Employment Agreement shall end on the third anniversary of such notice. The Employment Agreements provide for termination by the Bank or the Company at any time for cause as defined in the Employment

-18-

Agreements. In the event that either the Company or Bank chooses to terminate a Senior Executive other than for cause, or a Senior Executive resigns from the Bank or Company for "good reason" as defined in the Employment Agreements, the Senior Executive or, in the event of death, his beneficiary, would be entitled to a lump sum cash payment in an amount equal to the remaining base salary and bonus payments (based upon current target or highest of his last three bonus payments, whichever is greater) due to the Senior Executive and the additional contributions or benefits that would have been earned under any employee benefit plans during the remaining term of the Employment Agreement and payments that would have been made under any non-equity incentive compensation plan during the remaining term of the Employment Agreement. The Senior Executive would also have the right to receive a lump sum cash payment of benefits to which he would have been entitled under the BMP. Both the Bank and Company would also continue the Senior Executive's life, health and disability insurance coverage for the remaining term of the Employment Agreement. For purposes of the Employment Agreements, "good reason" generally means (i) assignment of duties inconsistent with the Senior Executive's status or a substantial adverse alteration in the nature or status of responsibilities or a requirement to report to a different position, (ii) reduction in annual base salary (unless mandated at the initiation of applicable regulatory authority), (iii) failure to pay compensation or deferred compensation within seven days of when due unless inadvertent, immaterial or cured after notice, (iv) failure to continue in effect compensation plans material to total compensation (or substitute plans) with respect to the Senior Executive, (v) failure to continue to provide certain benefits or materially maintain benefits (unless mandated at the initiation of applicable regulatory authority), (vi) failure of the Bank to obtain satisfactory agreement from a successor to assume and agree to perform the Employment Agreements, (vii) any purported termination by the Bank not for cause or disability, (viii) a relocation of the Senior Executive's principal place of employment outside of the New York metropolitan area, or (ix) a material breach of the Employment Agreements, unless cured within 30 days. Payments to the Senior Executives under the Bank's Employment Agreements are guaranteed by the Company in the event that payments or benefits are not paid by the Bank. The Company will make all payments under its own Employment Agreements. To the extent that payments under the Company's and Bank's Employment Agreements are duplicative, payments due under the Company's Employment Agreements would be offset by amounts actually paid by the Bank. Each Senior Executive would be entitled to reimbursement of certain costs incurred in interpreting or enforcing the Employment Agreements up to \$50,000.

Cash and benefits paid to a Senior Executive under the Employment Agreements together with payments under other benefit plans following a change of control of the Bank or Company may constitute an "excess parachute" payment under Section 280G of the Code, resulting in the imposition of a 20% excise tax on the recipient and the denial of the deduction for such excess amounts to the Company and the Bank. The Company's Employment Agreements include a provision indemnifying each Senior Executive on an after-tax basis for any "excess parachute" excise taxes ("280G Indemnity").

Employee Retention Agreements with Messrs. Harris and Mitchell. The Bank has, jointly with the Company, entered into Employee Retention Agreements ("Retention Agreements") with the Contract Employees. The purpose of the Retention Agreements is to secure the Contract Employees' continued availability and attention to the Bank's affairs, relieved of distractions arising from the possibility of a change of control, as defined in the Retention Agreements. The Retention Agreements do not impose an obligation on the Bank to continue the Contract Employees' employment, but provide for a period of assured compensation (the "Assurance Period") following a change of control. The Retention Agreements provide for Assurance Periods of three years for Mr. Harris and two years for Mr. Mitchell. The applicable Assurance Periods for the present agreements with Mr. Harris and Mr. Mitchell will be automatically extended on a daily basis under the Retention Agreements until written notice of non-extension is provided by the Bank or the Contract Employee. Both Retention Agreements expire as of December 31, 2015, on which date, or prior thereto, the Bank may choose to extend either or both Retention Agreements.

If, during the Assurance Period, or prior to commencement of the Assurance Period but within three months of and in connection with a change of control (as defined in the Retention Agreements), a Contract Employee is discharged without "cause" (as defined in the Retention Agreements) or voluntarily resigns within ninety days following: (i) a failure to appoint or elect the Contract Employee to the same position in which he was serving; (ii) a material failure, after notice, to vest in the Contract Employee his responsibilities on the day before the Assurance Period commenced (or the functions, duties and responsibilities of a more senior office to which he may be appointed); (iii) a failure of the Bank to cure a material breach of the Retention Agreement after notice; (iv) a

reduction in compensation or a material reduction in benefits; or (v) relocation of the Contract Employee's principal place of employment which results in certain adverse commuting increases, the Contract Employee (or, in the event of his death, his estate) would be entitled to, subject to certain restrictions: (a) continued group life, health, accident and long-term disability insurance benefits for the unexpired Assurance Period, (b) a lump sum cash payment equal to the remaining base salary (present value) and bonus payments the Contract Employee would have earned during the unexpired Assurance Period, and (c) any additional contributions and benefits that the Contract Employee would have earned under the Bank's or the Company's employee benefit plans during the unexpired Assurance Period.

The cash and benefits paid under the Retention Agreements, together with payments under other benefit plans following a "change of control," may constitute an "excess parachute" payment under Section 280G of the Code, resulting in the imposition of a 20% excise tax on the recipient and the denial of the deduction for such excess amounts to the Company and Bank under Section 4999 of the Code. The Retention Agreement of Mr. Harris includes a provision whereby the Company pays him a 280G Indemnity.

3. Material Policies and Procedures

Benchmarking and Survey Data. The Compensation Committee utilizes legal counsel and Mercer, a nationally recognized compensation consulting firm, to assist in performing its duties. The Committee relies on legal counsel to advise on its obligations under applicable corporate, securities and employment laws, to assist in interpreting the Company's obligations under compensation plans and agreements, and to draft plans and agreements to document business decisions. The consulting firm regularly analyzes the Company's executive pay levels, by each of the three key elements cited and in total, and the Company's performance. The 2011 Comparison Group was used for comparison of both pay level and corporate performance. The following companies comprised the 2011 Comparison Group: First Niagara Financial Group Inc., Flushing Financial Corp., Investors Bancorp Inc., OceanFirst Financial Corporation, Provident Financial Services Inc., Signature Bank, Sterling Bancorp, Sun Bancorp Inc., Kearny Financial Corporation, Oritani Financial Corporation, TrustCo Bank Corporation and Valley National Bancorp. The Compensation Committee uses this analysis to assist it in understanding market practices and trends and to develop and evaluate the effectiveness of recommended performance-linked compensation strategies. Generally, the Compensation Committee endorses a median pay level approach, with actual pay commensurate with relative performance. To that end, the flexibility provided by the bonus program permits the Compensation Committee to take market conditions into account each year.

Role of Executive Officers in Determining Executive Compensation. The Compensation Committee determines the compensation for all executive officers but considers the views of the CEO, COO and CFO in making compensation decisions for their subordinates.

Impact of Accounting and Tax Treatment.

Section 162(m) – Section 162(m) of the Code imposes a \$1,000,000 annual limit per executive officer on the Company's federal tax deduction for certain types of compensation paid to the Named Executive Officers other than the CFO. It has been the Compensation Committee's practice to structure the compensation and benefit programs offered to the Named Executive Officers with a view to maximizing the tax deductibility of amounts paid. However, in structuring compensation programs and making compensation decisions, the Compensation Committee considers a variety of factors, including the Company's tax position, the materiality of the payments and tax deductions involved, and the need for flexibility to address unforeseen circumstances. After considering these factors, the Compensation Committee may decide to authorize payments all or part of which would be nondeductible for federal tax purposes. It is anticipated that any compensation for 2012 that is rendered non-deductible by this limit will not have a material effect. Payments made on account of a change of control under the agreements described above might include non-deductible payments.

Sections 4999 and 280G – Section 4999 of the Code imposes a 20% excise tax on certain "excess parachute payments" made to "disqualified individuals." Under section 280G of the Code, such excess parachute payments are also nondeductible to the Company. If payments that are contingent on a change of control to a disqualified individual (which includes the Named Executive Officers) exceed three times the individual's "base amount," they constitute "excess parachute payments" to the extent they exceed one time the individual's base amount.

Pursuant to their Employment Agreements or Retention Agreements, the Company or Bank will reimburse Messrs. Palagiano, Devine, Mahon and Harris for the amount of the excise tax, if any, and make an additional gross-up payment so that, after payment of the excise tax and all income and excise taxes imposed on the reimbursement and gross-up payments, Messrs. Palagiano, Devine, Mahon and Harris each would retain approximately the same net after-tax amounts under the Employment Agreement or Retention Agreement that he would have retained if there was no excise tax. Neither the Bank nor the Company is permitted to claim a federal income tax deduction for the portion of the change of control payment that constitutes an excess parachute payment, the excise tax reimbursement payment or the gross-up payment.

Accounting Considerations. The Compensation Committee is informed of the financial statement implications of the elements of the Named Executive Officer compensation program. However, the probable contribution of a compensation element to the objectives of the Company's Named Executive Officer compensation program and its projected economic cost, which may or may not be reflected on the Company's financial statements, are the primary drivers of Named Executive Officer compensation decisions.

Risk. The Company's compensation program is designed to mitigate risk by: (1) providing non-performance-based salaries, retirement and fringe benefits that permit executives to pay living expenses and plan for the future without

reliance on incentives, (2) incorporating cash incentives to reward current successes, and (3) including long-term incentives in the form of restricted stock and cash, as well as maintaining stock ownership guidelines, to maintain focus on long-term shareholder value. The Compensation Committee exercises substantial discretion in awarding annual incentives, including a retrospective assessment of management's performance in light of prevailing business conditions, to discourage excessive focus on formulaic goals. This retrospective assessment includes, in addition to financial measures, consideration of indicators of business prudence such as credit quality and capital ratios. Management stock ownership requirements and equity-based retirement benefits provided through the Company's tax-qualified ESOP and related BMP assure that management retains a significant financial interest in the long-term performance of the Common Stock, and sensitivity to the potential long-term effects of short-term business strategies, throughout their tenure with the Company. The Company believes these features recognize a balance between the need to accept risk exposure in the successful operation of its business and the need to identify and prudently manage such risks.

In addition to assisting with the competitive review of executive compensation, Mercer has been engaged to assist the Compensation Committee in conducting a risk review of the Company's incentive compensation programs.

Stock Ownership and Retention Requirement. The Company has a policy that requires each executive officer employed on June 26, 1996 to maintain ownership of a number of shares of Common Stock at least equal to 50% of the number of shares issued to him under the Company's 1996 Recognition and Retention Plan and requires each other executive officer to own shares of common stock with an aggregate value at least equal to 25% of his or her annual rate of base salary. The stock ownership requirement is phased in ratably over four years for newly appointed executive officers. Shares owned directly, shares owned in vested retirement accounts and share units in vested accounts under the Company's BMP count toward this limit. Unexercised stock options, unvested restricted stock awards and shares held in unvested retirement accounts do not count toward this requirement. The following table indicates the stock ownership requirement applicable to each Named Executive Officer as well as the stock ownership of each:

Name	Stock Ownership Requirement (# of Shares)	Stock Ownership Counted Toward Requirement (# of Shares)
Vincent F. Palagiano	194,062	1,057,439
Michael P. Devine	126,562	688,116
Kenneth J. Mahon	92,812	437,310
Daniel Harris	6,040	22,588
Terence Mitchell	5,825	11,202

The Company's policy further requires that each executive officer who is not in full compliance with the Company's stock ownership guidelines must retain at least 50% of the net shares (after taxes and acquisition costs) acquired through stock option exercises and restricted stock vesting until he or she attains full compliance with the ownership guidelines.

Clawback Policy. The Company has adopted a policy permitting it to seek recovery of certain performance-based compensation in the event of a financial restatement due to the Company's material non-compliance with the financial reporting requirements of the federal securities laws. In the event of such a restatement, performance-based compensation paid during the prior three years will be reviewed to determine if the right to, or amount of, such compensation was based on the achievement of performance goals derived from the financial statements and if so, whether the right to, or amount of, such compensation would be different based on the financial restatement. If, based on this review, an overpayment has occurred, the Company may require the recipient to repay the excess amount. This policy applies to the Company's and Bank's executive officers.

Consideration of Non-binding Shareholder Vote on Named Executive Officer Compensation. At the Company's 2012 annual shareholders meeting, approximately 89.4% of the votes cast by shareholders with respect to a non-binding resolution to approve Named Executive Officer compensation were cast in favor of approval. The Company regarded the results of this vote as an endorsement of its approach to Named Executive Officer compensation and did not change its executive compensation policies or decisions as a consequence of the shareholder vote.

Compensation Committee Report

1. The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management; and
2. Based on the review and discussions referred to in paragraph 1 above, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's Proxy Statement on Schedule 14A for the 2013 Annual Meeting of Shareholders.

Compensation Consultant Conflicts of Interest

Edgar Filing: DIME COMMUNITY BANCSHARES INC - Form DEFR14A

Includes for each Named Executive Officer (a) the increase (if any) for the fiscal year in the present value of the individual's accrued benefit (whether or not vested) under the Retirement Plan and BMP calculated by comparing the present value of each individual's accrued benefit under both such plans in accordance with FASB ASC Topic (5)715 ("ASC Topic 715") as of the plan's measurement date in such fiscal year to the present value of the individual's accrued benefit as of the plan's measurement date in the prior fiscal year, plus (b) the amount of interest accrued on defined contribution deferred compensation balances at a rate in excess of 120% of the applicable federal long-term rate under section 1274(d) of the Code.

The Named Executive Officers participate in certain group life, health, and disability insurance and medical reimbursement plans not disclosed in the Summary Compensation Table that are generally available to salaried employees and do not discriminate in scope, terms and operation. For 2012 the figure shown for each Named Executive Officer includes the following items exceeding \$10,000 in value:

Name	Life Insurance Premiums	Automobile	401(k) Plan Employer Cash Contribution	ESOP Allocation (a)	BMP Annual Service Credit / (b)	BMP (c)	Other(d)	Total

The amount reported for ESOP allocation was determined based upon the \$13.89 closing price of the Common (a) Stock on the last trading day of 2012. (See Notes 1 and 15 to the audited consolidated financial statements in the Company's 2012 Annual Report on Form 10-K, which discuss the manner in which ESOP expense is recognized). Please refer to "Compensation - Executive Compensation - Compensation Plans - BMP" for a discussion of the (b) BMP annual service credit. For 2012, the amount shown represents the expense recognized for annual service credits payable pursuant to the respective Employment Agreements, which were funded into the accounts of the respective Named Executive Officers in December 2012.

Amount represents BMP benefits earned during the year ended December 31, 2012 associated with the 401(k) Plan (c) and ESOP. For 2012, the ESOP component was determined based upon a \$13.89 value of the Common Stock, the closing price on the last day of 2012.

(d) Amount represents dividends paid on unvested restricted stock awards during 2012 for Messrs. Devine, Mahon, Harris and Mitchell, and tax preparation services for Messrs. Palagiano, Devine and Mahon.

Compensation Plans

Retirement Plan. The Bank maintains the Retirement Plan, a non-contributory, tax-qualified defined benefit pension plan for eligible employees. All salaried employees at least age 21 who have completed a minimum of one year of service are eligible to participate in the Retirement Plan. The Retirement Plan provides for a benefit for each participant, including the Named Executive Officers, equal to 2% of the participant's average annual earnings multiplied by the participant's years (and any fraction thereof) of eligible employment (up to a maximum of 30 years). Such benefit is not reduced by a Social Security offset. A participant is fully vested in his or her benefit under the Retirement Plan after five years of service. The Retirement Plan is funded by the Bank on an actuarial basis and all assets are held in trust by the Retirement Plan trustee. Effective March 31, 2000, all participant benefits under the Retirement Plan were frozen, and no benefits have been accrued under the Retirement Plan since that date.

There are currently no benefits earned by the Named Executive Officers under the Retirement Plan.

401(k) Plan. The Bank maintains the 401(k) Plan, which is a tax-qualified defined contribution plan permitting salaried employees with at least one year of service to make pre-tax salary deferrals under Section 401(k) of the Code.

Under a 401(k) Plan amendment effective July 1, 2000, the 401(k) Plan annually received the proceeds from a 100% vested cash contribution to all participants in the ESOP in the amount of 3% of "covered compensation" as defined in the 401(k) Plan, up to applicable IRS limits. This contribution, which was guaranteed through December 31, 2006 and has been made on a discretionary basis thereafter, was allocated to eligible participants regardless of their participant contribution level.

The 401(k) Plan permits participating employees to elect to invest all or any part of their 401(k) Plan account balances in Common Stock. Common Stock held by the 401(k) Plan may be newly issued shares or outstanding shares purchased on the open market or in privately negotiated transactions. All Common Stock held by the 401(k) Plan is held by an independent trustee and allocated to the accounts of individual participants. Participants control the exercise of voting and investment rights relating to Common Stock held in their accounts.

ESOP. The Company has established, and the Bank has adopted, the ESOP and related trust for the benefit of eligible employees. All salaried employees of the Company and its subsidiaries are eligible to become participants in the ESOP. As of the Record Date, the ESOP held 3,194,939 shares of Common Stock, all of which were purchased during the Company's initial public offering. Of this total, 2,178,932 shares were allocated to individual participant accounts, while 1,016,007 remained unallocated. In order to fund the ESOP's purchase of such Common Stock, the ESOP borrowed the aggregate purchase price from the Company. Effective July 1, 2000, the loan maturity period was extended by approximately 20 years from June 2006 to June 2026, and it continues to bear interest at the rate of 8% per annum. The loan calls for level annual payments of principal

-23-

and interest designed to amortize the loan over its term, except that payments in any year may be deferred, in whole or in part, in prescribed circumstances. Prepayments are also permitted.

Shares purchased by the ESOP were pledged as collateral for the loan from the Company and are held in a suspense account until released for allocation among participants in the ESOP as the loan is repaid. The pledged shares will be released annually from the suspense account in an amount proportional to the repayment of the ESOP loan for each plan year. The released shares will be allocated among the accounts of participants on the basis of the participant's compensation for the calendar year preceding allocation. Benefits generally become vested at the rate of 25% per year after two years with 100% vesting after five years of service. Participants become immediately vested upon termination of employment due to death, retirement at age 65, permanent disability or the occurrence of a "change of control," as defined by the ESOP. Forfeitures will be utilized to reduce the contribution required by the Bank. Vested benefits may be paid in a single payment of cash or shares of Common Stock or installment payments of cash and are payable upon death, retirement at age 65, disability or separation from service.

BMP. The Bank maintains the BMP, which provides eligible employees with benefits that would be due under the Retirement Plan, ESOP and 401(k) Plan, if such benefits were not limited under the Code. Effective April 1, 2000, Retirement Plan benefit accruals were frozen, thus eliminating related benefit accruals under the BMP. However, the present value of such benefits continues to increase as the participating Named Executive Officers approach normal retirement age. These increases in present value are reported in the Summary Compensation Table under the column Change in Pension Value and Nonqualified Deferred Compensation Earnings. Effective January 1, 2005, the BMP benefit accruals associated with the 401(k) Plan and ESOP were suspended even though contributions to the 401(k) Plan and ESOP were continued. In December 2010, the BMP benefit accruals associated with the 401(k) Plan and ESOP were reactivated and catch-up credits were made for the period January 1, 2005 to 2010. These credits are reported in the Summary Compensation Table under the column All Other Compensation. Messrs. Palagiano, Devine, and Mahon have previously been, and continue to be, participants in the BMP. Both Mr. Harris and Mr. Mitchell were eligible to participate in the BMP commencing in 2011. The BMP has also been amended to provide annual service credits to Messrs. Palagiano, Devine and Mahon of \$581,155, \$525,818 and \$293,027, respectively, for each year from 2011 through 2015, subject to their continued employment and/or performance of certain post-employment obligations.

Long Term Cash Incentive Payment Plan ("LTIP")- Pursuant to an amendment to the 2004 Stock Incentive Plan, the Chairman of the Board and CEO is no longer eligible for equity awards thereunder.

On March 18, 2010, pursuant to authority granted under the AIP, the Compensation Committee made an incentive award to Mr. Palagiano in lieu of an equity award under the 2004 Stock Incentive Plan (the "2010 LTIP"). The 2010 LTIP was settled in March 2013, with a total cash payment to Mr. Palagiano of \$449,646. Please refer to Compensation Discussion and Analysis for further information regarding the calculation of this payment.

On March 17, 2011, pursuant to authority granted under the AIP, the Compensation Committee made an additional incentive award to the CEO. The threshold, target and maximum award opportunities are \$223,650, \$447,300 and \$670,950, respectively, and are earned based on performance relative to three performance goals measured over the period beginning January 1, 2011 and ending December 31, 2013. The award will be paid in full on or before March 31, 2014. The three performance measures and their relative weights are as follows:

Goal	Weight	Threshold	Target	Maximum
TSR (percentile rank in comparison group)	50%	40th Percentile	50th Percentile	74th Percentile
Cumulative Core EPS	25%	\$3.19	\$3.54	\$3.89
Average Annualized Reported ROE	25%	9.2%	10.8%	12.4%

Edgar Filing: DIME COMMUNITY BANCSHARES INC - Form DEFR14A

On March 22, 2012, pursuant to authority granted under the AIP, the Compensation Committee made an incentive award to each of the Named Executive Officers. Threshold, target and maximum award opportunities are eligible to be earned based on performance relative to three performance goals measured over the period beginning January 1, 2012 and ending December 31, 2014. The award will be paid in full on or before March 31, 2015. The three performance measures and their relative weights are as follows:

Goal	Weight	Threshold	Target	Maximum
TSR (percentile rank in comparison group)	50%	40th Percentile	50th Percentile	74th Percentile
Cumulative Core EPS	25%	\$2.50	\$2.78	\$3.06
Average Annualized Reported ROE	25%	7.0%	8.2%	9.5%

For each Named Executive Officer, the following table summarizes the potential payouts under this incentive award:

Name	Threshold Payout	Target Payout	Maximum Payout
Vincent F. Palagiano	\$223,650	\$447,300	\$670,950
Michael P. Devine	70,000	140,000	210,000

2001 Stock Option Plan. The Company's Board of Directors adopted the 2001 Stock Option Plan, which was approved by the Company's shareholders at their annual meeting held in 2001. Upon reaching its tenth anniversary in November 2011, future awards are no longer permitted under the 2001 Stock Option Plan. As of the Record Date, 2,147,908 stock options were granted to Outside Directors, officers and employees of the Company or its subsidiaries under the 2001 Stock Option Plan, of which 737,464 were outstanding and 705,733 were exercisable. On April 30, 2010, a grant of 18,206 stock options was made to Mr. Devine under the 2001 Stock Option Plan. These options expire on April 30, 2020. 25% of these awards vested on each of May 1, 2011 and May 1, 2012, with the remaining shares vesting in equal annual installments on May 1, 2013 and 2014. On April 29, 2011, a grant of 14,522 stock options was made to Mr. Devine under the 2001 Stock Option Plan. All of these options expire on April 29, 2021. 25% of these awards vested on May 1, 2012, with the remaining shares vesting in equal annual installments on May 1, 2013, 2014 and 2015. (1) On termination by reason of death, the Employment Agreements provide for (i) payment of earned but unpaid salary, (ii) benefits to which the executive is entitled as a former employee, (iii) payment for all unused vacation days and floating holidays in the year of termination at the highest rate of annual salary for such year and (iv) a death benefit, payable to the beneficiaries of the executive through life insurance or otherwise. This death benefit

is the equivalent on a net after-tax basis of the benefit payable under a term life insurance policy with a stated face value of three times such executive's then annual base salary. This death benefit shall be paid within thirty days of death. The Retention Agreements provide no severance benefits on termination by reason of death, except for (a) earned but unpaid salary, and (b) benefits to which such executive is entitled as a former employee.

(2) On termination by reason of disability, the Employment Agreements provide for (i) payment of earned but unpaid salary, (ii) benefits to which the executive is entitled as a former employee, (iii) payment for all unused vacation days and floating holidays in the year of termination at the highest rate of annual salary for such year and (iv) a disability benefit. The disability benefit is a lump sum amount equal to three times the executive's then annual base salary, payable within thirty days after termination. The Retention Agreements provide no severance benefits on termination by reason of disability.

-30-

- In the event of a termination without cause or a resignation with good reason, the Employment Agreements provide for a lump sum salary severance payment in an amount equal to the present value of the salary that the executive would have earned if he had worked for the Company during the remaining unexpired employment period at the highest annual rate of salary (assuming, if a change in control has occurred, that annual 6% salary increases would apply from the time of the change in control). The present value of this payment is to be determined using a discount rate of six percent (6%) per year, compounded with the frequency corresponding to the Company's regular payroll periods with respect to its officers. In the event of a termination without cause or resignation with good reason, in either event during the assurance period immediately following a change in control (or within three months prior to and in connection with a change in control), the Retention Agreements provide for a lump sum payment in an amount equal to the present value of the salary that the executive would have earned if he had continued working for the Bank during the remaining unexpired assurance period at the highest annual rate of salary achieved during the executive's period of actual employment with the Bank. This present value is to be determined using a discount rate equal to the applicable short-term federal rate prescribed under section 1274(d) of the Code, compounded using the compounding periods corresponding to the Bank's regular payroll periods for its officers. The assurance period for Mr. Harris is three years. The assurance period for Mr. Mitchell is two years. In the event that the employee is a "specified employee" within the meaning of Section 409A of the Code, then, if necessary to comply with Section 409A, payments will be delayed and paid on the first day of the seventh month following separation from service, with any such delayed payments for Messrs. Palagiano, Devine, Mahon and Harris to be held in a grantor trust which meets the requirements of Revenue Procedure 92-65 until such date of payment.
- In the event of a termination without cause or a resignation with good reason, the Employment Agreements provide for a lump sum bonus severance payment in an amount equal to the lump sum salary severance described in footnote (3) above, multiplied by the greater of (i) the target bonus (expressed as a percentage of salary) in effect at the time of termination, and (ii) the average of the actual bonuses (expressed as a percentage of salary) earned for the most recent three years. In the event of a termination without cause or resignation with good reason, in either event during the assurance period immediately following a change in control (or within three months prior to and in connection with a change in control), the Retention Agreements provide for a lump sum payment equal to the amount of incentives the executive would have received under all cash bonus or long-term or short-term cash incentive compensation plans maintained by, or covering employees of, the Bank, if he had continued working for the Bank and had earned the maximum bonus or incentive award in each calendar year that ends during the remaining unexpired assurance period. For Mr. Harris, these incentive payments are to be equal to the product of:
- (4) (a) the maximum percentage rate at which an award was ever available to him under such incentive compensation plan, multiplied by (b) the salary that would have been paid to him during each such calendar year at the highest annual rate of salary achieved. For Mr. Mitchell, these incentive payments are to be equal to the product of (x) the greater of (i) the target bonus (expressed as a percentage of salary) in effect at the time of termination, and (ii) the average of the actual bonuses (expressed as a percentage of salary) earned for the most recent three years, and (y) the present value of the compensation that would have been paid to him during each such calendar year at the highest annual rate of compensation achieved, calculated using the applicable short-term federal rate prescribed under section 1274(d) of the Code, compounded using the compounding periods corresponding to the Bank's regular payroll periods for its officers. The assurance period for Mr. Harris is three years. The assurance period for Mr. Mitchell is two years. In the event that the employee is a "specified employee" within the meaning of Section 409A of the Code, then, if necessary to comply with Section 409A, payments will be delayed and paid on the first day of the seventh month following separation from service, with any such delayed payments for Messrs. Palagiano, Devine, Mahon and Harris to be held in a grantor trust which meets the requirements of Revenue Procedure 92-65 until such date of payment.
- (5) In the event of a termination without cause or a resignation with good reason in the absence of a change in control, the Employment Agreements provide for a lump sum payment in an amount approximately equal to the present value of three years of participation in the ESOP, and the present value of excess benefits under the BMP that would have been due for three years participation in the ESOP if such benefits were not limited under the Code, where such present value is determined using a discount rate of six percent per annum, compounded with the frequency corresponding to the Company's regular payroll periods with respect to its officers. The Retention

Agreements provide for no severance benefits in the event of a termination without cause or a resignation with good reason in the absence of a change in control. Market value is calculated on the basis of \$13.89 per share, which was the closing sales price for the Common Stock on the NASDAQ National Market on December 31, 2012. In the event of a termination without cause or a resignation with good reason, the Employment Agreements provide for continued group life, health (including hospitalization, medical, major medical, and dental), accident and long-term disability insurance benefits, in addition to benefits to which the executive is entitled as a former employee, after taking into account the coverage provided by any subsequent employer. These continued benefits will be provided if and to the extent necessary to provide the executive and his family and dependents for a period of three years following termination of employment, with coverage identical to, and in any event no less favorable than, the coverage to which they would have been entitled under plans in effect on the date of his termination of employment. If the executive's termination of employment occurs after a change in control, he may elect coverage to which he would be entitled under plans in effect on the date of his termination of employment or during the one-year period ending on the date of such change in control. These continued benefits will be determined as if the executive had continued working for the Company during the remaining unexpired employment period as defined in the Employment Agreement at the highest annual rate of compensation (assuming, if a change in control has occurred, that annual 6% salary increases would apply from the time of the change in control) under the Employment Agreement. In the event of a termination without cause or resignation with good reason, in either event during the assurance period immediately following a change in control, the Retention Agreements provide (6) for continued group life, health (including hospitalization, medical and major medical), accident and long term disability insurance benefits, in addition to benefits to which the executive is entitled as a former employee, and after taking into account the coverage provided by any subsequent employer. These continued benefits will be provided if and to the extent necessary to provide the executive, for the remaining unexpired assurance period, with coverage equivalent to the coverage to which such Contract Employee would have been entitled under plans in effect on the date of his termination of employment. or, if his termination of employment occurs after a change of control, under plans in effect upon the change of control, if the benefits are greater. These continued benefits will be determined as if the Contract Employee had continued working for the Bank during the remaining unexpired assurance period at the highest annual rate of compensation achieved during the Contract Employee's period of actual employment with the Bank. The assurance period for Mr. Harris is three years. The assurance period for Mr. Mitchell is two years. Each figure shown represents the present value of continued insurance benefits for a fixed period of two years for Mr. Mitchell and three years for the remaining Named Executive Officers and assumes no offset for benefits provided by a subsequent employer, calculated on the basis of the assumptions used by the Company in measuring its liability for retiree benefits other than pensions for financial statement purposes under ASC Topic 715. For more information concerning other major assumptions used for these calculations, please refer to Note 15 to the audited consolidated financial statements included in the Company's 2012 Annual Report on Form 10-K.

In the event of a termination without cause or a resignation with good reason, the Employment Agreements provide for a lump sum payment in an amount approximately equal to the present value of matching contributions for three years of participation in the 401(k) Plan, and the present value of excess benefits under the BMP that would have been due for three years participation in the 401(k) Plan if such benefits were not limited under the Code (assuming, if a change in control has occurred, that annual 6% salary increases would apply from the time of the change in control). Each such present value is determined using a discount rate of six percent per annum, compounded with the frequency corresponding to the Company's regular payroll periods with respect to its (7) officers. In the event of termination without cause or resignation with good reason during the assurance period immediately following a change in control (or within three months prior to and in connection with a change in control), the Retention Agreements provide for a lump sum payment approximately equal to the present value of matching contributions for participation in the 401(k) Plan during the remaining unexpired assurance period, where such present value is determined using a discount rate equal to the applicable short-term federal rate prescribed under section 1274(d) of the Code, compounded with the frequency corresponding to the Company's regular payroll periods with respect to its officers. The assurance period for Mr. Harris is three years. The assurance period for Mr. Mitchell is two years.

The ESOP provides that in the event of a change in control of the Company or Bank, a portion of the proceeds from the sale of the shares of the Common Stock held in a suspense account for future allocation to employees would be applied to repay the outstanding balance on the loan used to purchase the unallocated shares. The remaining unallocated shares (or the proceeds from their sale) would be distributed among the accounts of plan participants in proportion to the balances credited to such accounts immediately prior to such allocation. The Company estimates this distribution to be approximately \$6.19 per allocated share, based on 1,703,919 allocated shares that are held by current active participants, 1,016,007 (8) unallocated shares, an outstanding loan balance of \$3,567,003, and a price of \$13.89 per share, which was the closing sales price for the Common Stock on the NASDAQ National Market on December 31, 2012.

The BMP provides eligible employees with benefits that would be due under the ESOP if such benefits were not limited under the Code. The figures shown represent an estimated earnings credit of \$6.19 per stock unit credited to each of the Named Executive Officers under the BMP as of December 31, 2012.

All stock options granted under the 2001 Stock Option Plan and 2004 Stock Incentive Plan provide for full vesting upon death, disability, retirement or change in control. The figures shown reflect the in-the-money value of those (9) stock options that would accelerate, calculated based on the positive difference between the option exercise price and \$13.89, which was the closing sales price for a share of Common Stock on December 31, 2012.

All restricted stock awards granted under the 2004 Stock Incentive Plan provide for full vesting upon death, (10) disability, retirement or change in control. The figures shown reflect the value of those restricted stock awards that would accelerate, calculated based on a per share value of \$13.89, which was the closing sales price for a share of Common Stock on December 31, 2012.

In 2011, Mr. Palagiano was granted an incentive award with a performance period ending December 31, 2013. In 2012, each of the Named Executive Officers was granted an incentive award with a performance period ending (11) December 31, 2014. A description of the payment levels and criteria are set forth in the "Compensation Discussion and Analysis." Upon a change of control, death, disability or retirement, each amount is pro-rated based on performance through the date of such event. Since the amount of the performance awards cannot be determined at this time, the estimate has been prepared based on the target opportunities under each award.

Cash and benefits paid to Messrs. Palagiano, Mahon and Devine under the Employment Agreements and Messrs. Harris and Mitchell under their Retention Agreements, together with payments under other benefit plans following a change of control of the Bank or the Company may constitute "excess parachute payments" under Section 280G of the Code, resulting in the imposition of a 20% excise tax on the recipient and the denial of the deduction for such excess amounts to the Company and the Bank. Each of the Employment Agreements and Mr. Harris' Retention Agreement include a provision indemnifying the executive on an after-tax basis for any "excess parachute payment" excise taxes. Mr. Mitchell's Retention Agreement provides that, in the event that the payments provided thereunder constitute "excess parachute payments" under Section 280G of the Code, the payments will be limited to the lesser of 2.99 times his average annual compensation for the last five years, and, if it would result in a greater after tax benefit, the maximum amount that could be paid without triggering the tax under Section 4999 of the Code. The entry for Mr. Mitchell shows any reduction in payments under his Retention Agreement resulting from this provision.

Transactions With Certain Related Persons

The Company's Lending Policy, which is approved at least annually by the full Board, contains written procedures designed to ensure compliance with all relevant laws related to transactions involving the Company or Bank and any Director, executive officer or their immediate family. The Company's Board of Directors, through its Audit Committee, monitors adherence to these policies on an annual basis.

Federal Reserve Board Regulation O requires that all Bank or Company loans or extensions of credit to certain executive officers, as defined in Regulation O ("Regulation O Officers"), and Directors must be made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with the general public and must not involve more than the normal risk of repayment or present other unfavorable features. The Bank has in the past made loans or extended credit to Regulation O Officers and also to certain persons related to Regulation O Officers and Directors. All such loans were: (i) made by the Bank in the ordinary course of business; (ii) made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons, and (iii) did not involve more than the normal risk of repayment or present other unfavorable features. Pursuant to its current written policy, the Bank is prohibited from advancing loans to the Named Executive Officers or Directors. The policy additionally requires that all Bank loans to executives other than the Named Executive Officers contain terms that are no less favorable to the Bank than those it could have obtained in arms-length negotiations with unaffiliated persons, and do not involve more than normal risk of repayment or contain other unfavorable features. As of the Record Date, the Bank owned one loan with a remaining principal balance of \$19,375 that was made to a family member of a Director. This loan, which is fully secured by a multifamily residential real estate property, was: (i) made by the Bank in the ordinary course of business; (ii) made on substantially the same terms, including interest rates and collateral, as those prevailing at the time of origination for comparable transactions with other persons, and (iii) did not involve more than the normal risk of repayment or present other unfavorable features.

Section 402 of the Sarbanes-Oxley Act of 2003 ("Sarbanes-Oxley") prohibits the extension of personal loans to Directors and executive officers of issuers (as defined in Sarbanes-Oxley). The prohibition, however, does not apply to mortgages advanced by an insured depository institution, such as the Bank, that is subject to the insider lending restrictions of Section 22(h) of the Federal Reserve Act.

Delaware General Corporate Law ("DGCL") §143 permits a Delaware corporation, such as the Company, to advance a loan to, guarantee the obligation of, or otherwise assist any officer or other employee of the corporation or its subsidiaries, including employees who are directors of the corporation, whenever, in the judgment of the directors, such loan, guarantee or assistance may reasonably be expected to benefit the corporation. The loan, guaranty or other assistance may be with or without interest, and may be unsecured, or secured in such manner as the board of directors shall approve, including, without limitation, a pledge of shares of stock of the corporation.

Pursuant to DGCL §144(a), no contract or transaction between a corporation and its directors or officers, or between a corporation and any other entity in which its directors or officers are directors or officers or have a financial interest, shall be voidable solely for this reason, or solely because the director or officer is present at or participates in the meeting of the Board or Committee which authorizes the contract or transaction, or solely because any such director's or officer's votes are counted for such purpose, if: (1) the material facts as to the Director's or officer's relationship to the contract or transaction are disclosed or known to the Board or Committee, and the Board or Committee in good faith authorizes the contract or transaction by the affirmative vote of a majority of the disinterested Directors, even though the disinterested Directors may be less than a quorum; (2) the material facts as to the Director's or officer's relationship to the contract or transaction are disclosed or are known to the shareholders entitled to vote thereon, and the contract or transaction is specifically approved in good faith by vote of the shareholders; or (3) the contract or transaction is fair as to the corporation as of the time it is authorized, approved or ratified by the Board, a Committee or the shareholders.

Mr. Curtin is a partner in the law firm of Conway Farrell. The Bank retains Conway Farrell to conduct loan closings and perform other requested legal services. Conway Farrell received fees in the amount of \$1,706,200 from third parties pursuant to its representation of the Bank in loan closings for the year ended December 31, 2012. During the year ended December 31, 2012, the Bank also paid \$8,250 directly to Conway Farrell for services rendered during the year ended December 31, 2012, of which \$7,500 related to loan closings and \$750 related to other legal services provided.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's executive officers and Directors, and persons who own more than 10% of the Common Stock, to file with the SEC reports of ownership and changes in ownership of Common Stock. Executive officers, Directors and greater than 10% shareholders are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file. Based solely on review of the copies of such forms received by the Company, or written representations from certain reporting persons, the Company believes that its executive officers, Directors and greater than 10% beneficial owners complied with all applicable filing requirements.

PROPOSAL 2

APPROVAL OF THE DIME COMMUNITY BANCSHARES, INC. 2013 EQUITY AND INCENTIVE PLAN

The Board of Directors has adopted the Dime Community Bancshares, Inc. 2013 Equity And Incentive Plan (the "2013 Plan"), subject to shareholder approval. Provided below is a summary of the Company's reasons for adopting the 2013 Plan and seeking shareholder approval. The following summary is qualified in its entirety by the full text of the 2013 Plan document. The 2013 Plan document is included at the end of this Proxy Statement in Appendix A and is incorporated by reference into this proposal.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE "FOR" APPROVAL OF THE DIME COMMUNITY BANCSHARES, INC. 2013 EQUITY AND INCENTIVE PLAN.

New Plan Benefits

Due to the discretionary nature of benefits under the 2013 Plan, no estimate of the potential future benefits for any individual or group of individuals is feasible.

Discussion of the 2013 Equity and Incentive Plan

The 2004 Stock Incentive Plan currently permits the Company to make stock, option and stock appreciation right grants to Outside Directors, officers and other employees of the Company or its subsidiaries, other than the CEO. The 2004 Stock Incentive Plan will expire on May 19, 2014. The Dime Community Bancshares, Inc. Annual Incentive Plan currently permits the Company to provide cash-based incentive compensation to officers and employees in a manner that enhances the tax deductibility of certain compensation paid to certain executive officers. The Annual Incentive Plan was last approved by shareholders in 2009 and must be approved by shareholders again no later than 2014 in order to continue to provide enhanced tax deductibility. The 2013 Plan, if approved by shareholders, would provide the Company with the flexibility to make equity compensation available to Outside Directors, officers (including the CEO) and other employees of the Company or its subsidiaries, and to continue to offer cash-based incentive compensation in a tax-efficient manner to officers (including the CEO) and employees in 2014, and beyond.

Reasons the Company is Requesting Shareholder Approval

The Company is requesting shareholders to approve the 2013 Plan so that the Company may continue to grant stock-based compensation to its directors, officers and employees and may continue offer performance-based cash and equity compensation that is eligible for certain tax benefits to the Company. The majority of the companies with which the Company competes for directors and management-level employees are public companies that offer stock

awards as part of their director and officer compensation packages and offer cash-based incentive compensation to officers. By approving the 2013 Plan, the shareholders will enable the Company to continue offering a competitive compensation package that is linked to stock price performance and other corporate performance goals in attracting, retaining, motivating and rewarding highly qualified directors and officers.

As a Nasdaq Stock Market listed company, the Company is required to seek the approval of its shareholders before implementing an equity compensation plan such as the 2013 Plan. Shareholder approval will also enhance the Company's ability to deduct the expense of certain performance-based stock and cash awards for federal income tax purposes. The Company is seeking shareholder approval in 2013 so that it will be able to plan for and implement executive compensation decisions for 2014 in the ordinary course of business.

If the Company Does Not Receive Shareholder Approval It Will Not Implement the 2013 Plan

-34-

If the proposed 2013 Plan is not approved by the Company's shareholders, the 2013 Plan will not be implemented, but the 2004 Stock Incentive Plan will remain in effect in its current form, subject to amendment from time to time by the Board in respects that do not constitute material amendments requiring shareholder approval, through its May 19, 2014 expiration date. As of March 28, 2013, the number of shares for which additional awards may be made in the future was 249,230, all of which may be issued as stock options or stock appreciation rights, while only up to 188,999 may be issued as restricted stock awards. In addition, the Annual Incentive Plan will remain in effect but 2013 will be the last year that awards may be made under that plan to certain executive officers. If shareholders do not approve the proposed 2013 Plan, the Company expects that its Board of Directors will consider substituting other forms of compensation to assure that the Company's compensation packages for officers and directors are competitive with those of other publicly traded financial services companies in the New York City Metropolitan area.

Purpose of the 2013 Plan

The purpose of the 2013 Plan is to promote the Company's growth and profitability; provide certain key officers, employees and directors of the Company and its affiliates with an incentive to achieve corporate objectives; and attract and retain individuals of outstanding competence; by providing such individuals with an equity interest in the Company or other incentive compensation.

Description of the 2013 Plan

Administration. Initially, the 2013 Plan will be administered by a committee appointed by the Board of Directors consisting of the members of the Compensation Committee of the Company's Board of Directors. The administrative committee will consist of not less than two members of the Board of Directors. The administrative committee has broad discretionary powers. The Board of Directors may exercise any power or discretion conferred on the administrative committee. In addition, to the extent permitted under Delaware law, the Compensation Committee may delegate to an executive officer or a committee of executive officers the power to make equity-linked awards under the 2013 Plan to employees below the executive officer level.

Stock Subject to the 2013 Plan. The Company will at all times reserve and keep available such number of Common Stock as may be required to satisfy the needs of the 2013 Plan. A maximum of 1,000,000 shares of Common Stock may be issued under the 2013 Plan. As of March 28, 2013, the aggregate fair market value of the shares to be reserved under the 2013 Plan was \$14,360,000 based on the \$14.36 closing sales price per share of the Company's Common Stock on the Nasdaq Stock Market on March 28, 2013.

In addition, through May 19, 2014, the Company may continue to make equity compensation awards to its Outside Directors, officers (other than the CEO) and employees under the 2004 Stock Incentive Plan. As of March 28, 2013, up to an additional 249,230 stock option, stock appreciation right or restricted stock awards could be made under the 2004 Stock Incentive Plan, of which only up to 188,999 could be made in the form of restricted stock awards. The Company anticipates that a substantial portion of these available awards will be used to make awards for 2013 to non-employee Directors, officers (other than the CEO) and employees in the second quarter of 2013.

In selecting a number of shares of Common Stock to reserve for purposes of the 2013 Plan, the Company considered, among other factors:

- 1) Its practice in the past three fiscal years of granting approximately 126,000 to 146,000 shares of restricted stock annually to non-employee Directors, officers and employees, not including the CEO.
- 2) The potential to begin including equity awards in the CEO's compensation package.
- 3) The need for flexibility to accommodate growth in participant headcount and overall compensation trends for officers and non-employee Directors.
- 4) The need for flexibility to settle all or part of cash-denominated awards in stock or equity-linked instruments, with deferred settlement or vesting dates, if necessary in the future to accommodate emerging regulatory policies

regarding risk mitigation in incentive compensation programs in particular.

The Company believes a reserve of 1,000,000 shares of Common Stock under the 2013 Plan is reasonable in the context of these factors.

Eligibility. The administrative committee selects the people who may participate in the 2013 Plan. Any key employee or non-employee Director of the Company, the Bank or any other subsidiary is eligible for selection as a participant. As of March 28, 2013, there were 51 employees and eight non-employee Directors eligible to be selected for participation.

Terms and Conditions of Awards. The administrative committee may, in its discretion, grant to eligible employees or non-employee Directors any or all of four types of equity-linked awards that are both expressed in and settled in shares of Common Stock: stock options, restricted stock awards, restricted stock unit awards and stock appreciation rights. The administrative committee may also grant non-equity awards in the form of share-denominated awards that are settled in cash, cash denominated awards that are settled in shares of Common Stock and cash-denominated awards that are settled in cash. The administrative committee may also grant any other type of equity-linked or share-

-35-

denominated or cash denominated awards. The Company believes it is appropriate to provide the administrative committee with this flexibility so that it may take into account emerging practices in the design of future equity and incentive compensation awards in general, and the emerging regulatory requirements for incentive compensation arrangements at financial institutions.

The administrative committee will, in its discretion, determine the type of awards made and establish other terms and conditions applicable to the award. In establishing terms and conditions, it must observe the following restrictions:

- 1) It may not grant awards that will result in the issuance of more than 1,000,000 shares of Common Stock. Shares actually issued, as well as unissued shares that may be retained to pay the exercise price or provide for required tax withholding for awards, will count against this limit.
- 2) It may not grant equity-linked awards in any calendar for more than 60,000 shares to any officer or employee or 25,000 shares to any non-employee Director.
- 3) It may not grant cash-denominated awards in any calendar year, whether settled in cash or shares, for more than \$2,000,000 to any officer or employee and may not make such awards to non-employee Directors.
- 4) It may not grant awards with an effective date that is before the date that the Company receives shareholder approval for the 2013 Plan.

The 60,000 share annual limit on equity awards to individual officers and employees is the same as the shareholder-approved limit on restricted stock awards under the 2004 Stock Incentive Plan. The 25,000 share limit on equity awards to individual non-employee directors reflects a decrease from the shareholder-approved 60,000 share limit in the 2004 Stock Incentive Plan. The \$2,000,000 annual limit on cash-denominated awards to individual officers and employees reflects an increase from the \$1,500,000 shareholder-approved limit under the current Annual Incentive Plan. The Company believes these limits are appropriate to reflect changes in compensation practices subsequent to shareholder approval of the 2004 Stock Incentive Plan and the current Annual Incentive Plan and to provide flexibility to accommodate future compensation trends.

Stock Options. The administrative committee establishes the terms and conditions of the stock options that it grants. In creating terms and conditions, it must observe the following restrictions:

- 1) It may not grant a stock option with a purchase price that is less than the fair market value of a share of the Company's Common Stock on the date it grants the stock option.
- 2) It may not grant a stock option with a term longer than 10 years.

The administrative committee may grant incentive stock options to officers and employees that qualify for special federal income tax treatment or non-qualified stock options that do not qualify for special federal income tax treatment. Incentive stock options are subject to certain additional restrictions under the Code. Unless otherwise designated by the administrative committee, options granted under the 2013 Plan will be exercisable for a period of ten years after the date of grant (or for a shorter period ending three months after the option holder's termination of employment due to discharge without cause, one year after termination of employment due to death, disability or retirement, or immediately upon voluntary resignation or termination for cause). The exercise period may be further extended (but not beyond a maximum option period of ten years) by up to three years in the event of a change of control and, in the event the option is scheduled to expire while a securities trading suspension is in effect for an option holder, until 90 days following the end of the suspension period.

Upon the exercise of an option, the exercise price must be paid in full. Payment may be made in cash, in shares of Common Stock already owned by the option holder, by withholding of shares otherwise issuable upon exercise of the option or in such other consideration as the administrative committee authorizes. Vested options may be transferred prior to exercise only to certain family members and on the death of the option holder. If permitted by the

administrative committee, options may be exercised before they are vested. In this event, the shares issued upon exercise will carry a restrictive legend prohibiting transfer prior to the vesting date and requiring that the shares be returned to the Company in exchange for the lesser of the exercise price paid or the fair market value of the shares when returned if the vesting conditions are not satisfied. Unless otherwise specified by the administrative committee, stock options will not be exercisable prior to vesting and will vest at the rate of 25% per year beginning on the first anniversary of the grant date. Unless otherwise specified by the administrative committee, in the event of termination of employment due to retirement, death or disability a pro-rated portion (calculated to correspond to the portion of the unvested award that has been expensed for accounting purposes) of the unvested options will become vested. Unless otherwise specified by the administrative committee, in the event of a change of control followed by discharge without cause or resignation with good reason of an officer or employee, the vesting of all options is accelerated to the date of termination of employment. Unless otherwise specified by the administrative committee, unvested options outstanding to non-employee Directors are 100% vested upon the occurrence of a change in control.

Restricted Stock. As a general rule, shares of Common Stock that are subject to a restricted stock award are held by the administrative committee for the benefit of the award recipient until vested and, when vested, are transferred to the award recipient. In the

alternative, the administrative committee may authorize the immediate distribution of the restricted shares to the award recipient in the form of a stock certificate bearing a legend containing the applicable vesting restrictions.

Unless the administrative committee determines otherwise with respect to any restricted stock award, before the shares subject to a restricted stock award are vested and transferred to the award recipient, the administrative committee shall exercise any voting or tender rights in its discretion, cash dividends will be passed through to the award recipient and non-cash dividends will be accumulated for distribution at the same time and on the same terms as the related shares.

All restricted stock awards will be subject to a vesting schedule specified by the administrative committee when the award is made. Unless otherwise specified by the administrative committee, the award will vest at the rate of 25% per year beginning on the first anniversary of the date of grant. Unless otherwise specified by the administrative committee, in the event of termination of employment due to retirement, death or disability a pro-rated portion (calculated to correspond to the portion of the unvested award that has been expensed for accounting purposes) of the unvested restricted stock will become vested. Unless otherwise specified by the administrative committee, in the event of a change of control followed by discharge without cause or resignation with good reason of an officer or employee, the vesting of all restricted stock is accelerated to the date of termination of employment. Unless otherwise specified by the administrative committee, unvested restricted stock outstanding to non-employee Directors is 100% vested upon the occurrence of a change in control. Unless otherwise specified by the administrative committee, all other awards that are unvested at termination of employment will be forfeited, with the award recipient receiving a refund equal to the lesser of the fair market value of the unvested shares at termination of employment or the amount (if any) paid when the award was made.

The administrative committee may also make restricted stock awards in the form of restricted stock units. A restricted stock unit entitles its holder to one share of Common Stock (or the cash equivalent) for each unit that becomes vested.

Restricted stock units may, if the committee so specifies, provide for deferred settlement, in which case shares of Common Stock in settlement of the unit will not be delivered at the time of vesting but instead will be delivered at a future settlement date, and provide for the payment of dividend equivalents. A restricted stock unit does not carry dividend or voting rights. With these exceptions, restricted stock unit awards are subject to the same limits and may provide for the same features as restricted stock awards.

Performance-Based Awards. At the time of grant, the administrative committee may designate a restricted stock award or any non-equity award as a performance-based award. If it does so, the administrative committee shall establish, in addition to or in lieu of service-based vesting requirements, one or more performance goals which must be attained by the award recipient as a condition of earning the award. The performance goal(s) shall be based on one or more of the following:

- (a) Earnings per common share
- (b) Net income
- (c) Return on average equity
- (d) Return on average assets
- (e) Earnings
- (f) Stock price
- (g) Strategic business objectives, consisting of one or more objectives based upon satisfying specified cost targets, business expansion goals, and goals relating to acquisitions or divestitures
- (h) Operating income
- (i) Operating efficiency ratio
- (j) Net interest spread
- (k) Loan production volumes
- (l) Non-performing loans
- (m) Cash flow
- (n) Total shareholder return

- (o) Net revenue
- (p) Gross revenue
- (q) Operating expense
- (r) Fee income
- (s) Deposit growth
- (t) Capital levels
- (u) Non performing assets
- (v) Loan Charge-offs
- (w) Net interest margin
- (x) except for performance based-awards intended comply with section 162(m) of the Internal Revenue Code, any other performance criteria established by the administrative committee

-37-

(y) Any combination of (a) through (x) above

Performance goals may be established on the basis of reported earnings, cash earnings or core earnings, and on the basis of consolidated results or individual business units and on a risk-adjusted basis and may, in the discretion of the administrative committee, include or exclude extraordinary items and/or the results of discontinued operations, intangibles and/or other items specified at the time the performance goal is established. Each performance goal may be expressed on an absolute and/or relative basis, may be based on or otherwise employ comparisons based on internal targets, past performance (or the past performance of individual business units) and/or the past or current performance of other companies. Attainment of the performance goals will be measured over a performance measurement period specified by the administrative committee when the award is made. Performance goals will be measured over a period of at least one year. Performance goals must be established no later than 90 days after the beginning of the performance measurement period, and at least 75% of any performance measurement period (determined at the time the performance measurement period is established) will occur after the performance goal(s) are established.

The administrative committee shall determine in its discretion whether the goals have been attained. If they have been satisfied, it shall certify that fact in writing. If the performance goals are not satisfied during the performance measurement period, the relevant awards will be forfeited. If the performance goals and any service-based vesting schedule are satisfied, the award will be distributed (or any vesting-related legend removed from any stock certificates previously delivered to the award recipient). If the performance goals are achieved prior to the end of the performance measurement period, the awards may, if so determined by the administrative committee, be distributed early.

Unless the administrative committee specifies otherwise, in the event of termination of employment due to death or disability prior to the end of the performance measurement period, a pro-rated pay is made based on the portion of the performance measurement period that has elapsed and an estimate of performance through the termination date.

Unless the administrative committee specifies otherwise, in the event of retirement prior to the end of the performance measurement period, a pro-rated payment is made based on the portion of the performance measurement period that has elapsed and either actual performance at the end of the performance measurement period or an estimate of performance through the termination date, whichever produces the lower payment. Unless the administrative committee specifies otherwise, in the event of a change in control, payment is made in full based on performance through the date of the change in control or if actual performance cannot be measured, based on an assumption of target performance.

Stock Appreciation Rights. A stock appreciation right affords the holder the right to receive, upon exercise, a payment in cash or shares of Common Stock equal to the positive difference between the exercise price assigned to the right and the fair market value of a share of Common Stock on the exercise date. The administrative committee establishes the terms and conditions of the stock appreciation rights that it grants. In setting terms and conditions, it must observe the following restrictions:

- (1) It may not grant a stock appreciation right with an exercise price that is less than the fair market value of a share of Common Stock on the date it grants the stock appreciation right.
- (2) It may not grant a stock appreciation right with a term that is longer than 10 years.

The administrative committee may grant either tandem or stand-alone stock appreciation rights. Tandem stock appreciation rights are granted in tandem with, and are exercisable on the same terms and conditions as, a related stock option that is granted simultaneously. The exercise of a tandem stock appreciation right cancels the related option and the exercise of a related stock option cancels the tandem stock appreciation right. Tandem stock appreciation rights may only be settled in shares of Common Stock. Unless otherwise designated by the administrative committee, stock appreciation rights granted under the 2013 Plan will be stand-alone stock appreciation rights, will have an exercise price equal to the fair market value of a share of Common Stock on the date of grant, will be exercisable for a period of ten years after the date of grant (or for a shorter period ending upon the holder's

termination of employment for any reason) and will vest at the rate of 25% per year beginning on the first anniversary of the date of grant. Unless otherwise designated by the administrative committee, in the event of termination of employment due to retirement, death or disability a pro-rated portion (calculated to correspond to the portion of the unvested award that has been expensed for accounting purposes) of the unvested stock appreciation rights will become vested. Unless otherwise designated by the administrative committee, in the event of a change of control followed by discharge without cause or resignation with good reason of an officer or employee, the vesting of all stock appreciation rights is accelerated to the date of termination of employment. Unless otherwise designated by the administrative committee, unvested stock appreciation rights outstanding to non-employee Directors are 100% vested upon the occurrence of a change in control.

Other Awards. The administrative committee has the discretion to create and set the terms and conditions of any other type of equity or non-equity award. The administrative committee may not use this discretion to create an award that is the equivalent of a stock option or stock appreciation right and that has a term longer than 10 years or an exercise price that is lower than the fair market value of a share of Common Stock on the date the award is made.

-38-

Mergers and Reorganizations. The number of shares available under the 2013 Plan, the maximum limits on awards to individual officers, employees and non-employee Directors and any outstanding awards will be adjusted to reflect any merger, consolidation or business reorganization in which the Company is the surviving entity, and to reflect any stock split, stock dividend or other event where the administrative committee determines an adjustment is appropriate in order to prevent the enlargement or dilution of an award recipient's rights. If a merger, consolidation or other business reorganization occurs and the Company is not the surviving entity, outstanding equity-linked awards may be exchanged for awards linked to the equity of the surviving entity that are designed to neither increase nor diminish the rights of the holders of the outstanding awards or may be settled for a monetary or other payment when the merger, consolidation or reorganization occurs.

Clawback Policy. All awards under the 2013 Plan are subject to recoupment by the Company under the terms of the Company's prevailing clawback policy.

Conditions of Effectiveness. The proposed 2013 Plan will become effective upon shareholder approval. No performance-based awards will be granted after the fifth anniversary of the 2013 Plan's effective date, unless the list of permissible performance goals is re-approved by the shareholders.

Termination or Amendment

The Board of Directors has the authority to suspend or terminate the 2013 Plan in whole or in part at any time by giving written notice to the administrative committee.

The Board of Directors has the authority to amend or revise the 2013 Plan in whole or part at any time. As a Nasdaq Stock Market listed company, the Company is required to seek shareholder approval for amendments to the 2013 Plan that are deemed material under the Nasdaq Stock Market listing rules. The 2013 Plan expressly prohibits any amendment of the 2013 Plan, any modification of an outstanding award, or any other action that has the effect of re-pricing a stock option or stock appreciation right without shareholder approval. No material amendments affecting the terms of performance-based awards may be made without shareholder approval.

No amendment, suspension or termination may adversely affect any award granted prior to the effective date of the suspension, amendment or termination without the recipient's consent.

Federal Income Tax Consequences

The following discussion is intended to be a summary and is not a comprehensive description of the federal tax laws, regulations and policies affecting awards that may be granted under the 2013 Plan. Any descriptions of the provisions of any law, regulation or policy are qualified in their entirety by reference to the particular law, regulation or policy. Any change in applicable law or regulation or in the policies of various taxing authorities may have a significant effect on this summary. The 2013 Plan is not a qualified plan under Section 401(a) of the Code.

Restricted Stock Awards. Restricted stock awards and restricted stock unit awards under the 2013 Plan do not result in federal income tax consequences to either the Company or the award recipient when they are made. Once the award is vested and the shares subject to the award (or their monetary value) are distributed, the award recipient will generally be required to include in ordinary income, for the taxable year in which the vesting date occurs, an amount equal to the fair market value of the shares on the vesting date. The Company will generally be allowed to claim a deduction, for compensation expense, in a like amount. If dividends are paid on unvested shares held under the 2013 Plan, such dividend amounts will also be included in the ordinary income of the recipient. The Company will be allowed to claim a deduction for compensation expense for this amount as well. In certain cases, a recipient of a restricted stock award that is not a performance-based restricted stock award may elect to include the value of the shares subject to a restricted stock award in income for federal income tax purposes when the award is made instead of when it vests.

Stock Options. Incentive stock options will not create federal income tax consequences when they are granted. If they are exercised during employment or within three months after termination of employment (one year in cases of termination due to death or disability), the exercise will similarly not create federal income tax consequences. When the shares acquired on exercise of an incentive stock option are sold, the seller must pay federal income taxes on the amount by which the sales price exceeds the purchase price. This amount will be taxed at capital gains rates if the sale occurs at least two years after the option was granted and at least one year after the option was exercised. Otherwise, it is taxed as ordinary income. The amount by which the fair market value of the shares acquired on exercise exceeds the option exercise price will be an item of adjustment in the year of exercise for purposes of determining the option holder's liability, if any, for alternative minimum tax.

Incentive stock options that are exercised more than one year after termination of employment due to death or disability or three months after termination of employment for other reasons are treated as non-qualified stock options. Non-qualified stock options will not create federal income tax consequences when they are granted. When they are exercised, federal income taxes at ordinary income tax rates must be paid on

the amount by which the fair market value of the shares acquired by exercising the option exceeds the exercise price. When an option holder sells shares acquired by exercising a non-qualified stock option, he or she must pay federal income taxes on the amount by which the sales price exceeds the purchase price plus the amount included in ordinary income at option exercise. This amount will be taxed at capital gains rates. A cash payment, if directed by the administrative committee, on a merger or other reorganization under the 2013 Plan's business reorganization provisions, is taxed as if it were the exercise of a non-qualified stock option followed immediately by a resale of the stock acquired by exercising the option.

When a non-qualified stock option is exercised, the Company may be allowed a federal income tax deduction for the same amount that the option holder includes in his or her ordinary income. When an incentive stock option is exercised, there is no tax deduction unless the shares acquired are resold sooner than two years after the option was granted or one year after the option was exercised. A cash payment, if directed by the administrative committee on a merger or other reorganization under the 2013 Plan's business reorganization provisions is deductible as if it were the exercise of a non-qualified stock option.

Stock Appreciation Rights. Stock appreciation rights do not have federal income tax consequences for recipients or the Company when they are granted. When a stock appreciation right is exercised, the amount paid in settlement is included in the payee's gross income for federal income tax purposes, and the Company may be entitled to claim a federal tax deduction for a like amount.

Other Awards. As a general rule, other types of awards that may be made under the plan will be includible in the ordinary income of the recipient for federal income tax purposes when paid or otherwise settled and the Company will generally be allowed to claim a deduction, for compensation expense, in an amount equal to the amount includible in the recipient's ordinary income.

Deduction Limits. Section 162(m) of the Code limits the Company's deductions for compensation in excess of \$1,000,000 per year for the CEO serving in that position at the end of the year and the three other non-CFO Named Executive Officers serving at the end of the year who are named in the Summary Compensation Table because their compensation is highest (collectively, "covered employees"). Section 162(m) generally does not limit deductions for compensation paid to the CFO serving in that position at the end of the year or to any executive officer not serving in such capacity at the end of the year. Compensation amounts for covered employees resulting from so-called "qualified performance-based compensation" are not subject to this limit. Restricted stock awards, other than performance-based restricted stock awards, may be subject to this deduction limitation if the amount of the restricted stock awards in addition to other compensation of the executive that is subject to the limit exceeds \$1,000,000. The Company has designed the 2013 Plan so that stock options, stock appreciation rights and performance-based awards may qualify as qualified performance-based compensation that is not subject to the \$1,000,000 deduction limit. The Company expects that the administrative committee will take these deduction limits into account in establishing the size and the terms and conditions of awards. However, the administrative committee may decide to grant awards all or a portion of which will exceed the deduction limit.

The preceding statements are intended to summarize the general principles of current federal income tax law applicable to awards that may be granted under the 2013 Plan. State and local tax consequences may also be significant.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE "FOR" RATIFICATION OF THE APPOINTMENT OF CROWE HORWATH LLP AS THE COMPANY'S INDEPENDENT AUDITORS FOR THE YEAR ENDING DECEMBER 31, 2013.

PROPOSAL 4

ADVISORY VOTE ON THE COMPENSATION OF NAMED EXECUTIVE OFFICERS

The Company is seeking a non-binding advisory vote on the compensation of the Named Executive Officers as disclosed in this Proxy Statement.

As discussed in the Compensation Discussion and Analysis, the Company's executive compensation program has been designed to attract, retain and motivate the highest quality executive officers, directly link pay to the Company's performance, and build value for its shareholders. The Company's executive compensation philosophy is, with the benefit of objective input from an independent consultant, to provide competitive target compensation opportunities with actual amounts earned commensurate with financial performance and the generation of long-term value to shareholders. The Company believes that the compensation data in this Proxy Statement demonstrates the success of this philosophy.

This proposal, commonly known as a "Say-on-Pay" proposal, gives the Company's shareholders the opportunity to express their views on the compensation provided to Named Executive Officers. This vote is not intended to address any specific item of compensation, but rather the overall compensation of the Named Executive Officers.

Accordingly, the Board invites you to review carefully the Compensation Discussion and Analysis, as well as the tabular and other disclosures on compensation under the section titled "Compensation" and approve the following resolution:

RESOLVED, that the compensation paid to the Company's Named Executive Officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.

Under applicable law, the Say-on-Pay vote is advisory, and therefore not binding on the Company or its Board of Directors. The shareholders' advisory vote will not overrule any decision made by the Board or any of its Committees or create or imply any additional fiduciary duty by the Company's Directors. The Company's Board of Directors and Compensation Committee value the opinions of shareholders and will consider the voting results, along with relevant factors, in connection with their ongoing executive compensation activities.

THE BOARD OF DIRECTORS RECOMMENDS AN ADVISORY VOTE "FOR" APPROVAL OF THE COMPENSATION OF NAMED EXECUTIVE OFFICERS AS DESCRIBED IN THIS PROXY STATEMENT

A shareholder's notice to the Secretary shall set forth such information as required by, and otherwise comply with, the Company's Bylaws. Nothing in this paragraph shall be deemed to require the Company to include in its proxy statement and proxy card relating to an annual meeting any shareholder proposal or nomination which does not satisfy all of the requirements for inclusion established by the SEC in effect at the time such proposal or nomination is received.

The Board of Directors will review any shareholder proposals that are filed as required and determine whether such proposals satisfy applicable criteria for consideration at the annual meeting to be held in 2014.
