ITEM 2.02 RESULTS OF OPERATIONS AND FINANCIAL CONDITIONS

Published as Exhibit 99.1 is NN Inc.'s press release dated August 5, 2011 regarding the results for the second quarter ended June 30, 2011.

The attached press release includes the following non-GAAP measures: After-tax restructuring costs for plant closing and after-tax foreign currency (gain) loss on inter-company loans. These non-GAAP measures are not in accordance with, or an alternative for, generally accepted accounting principles and may be different from non-GAAP measures used by other companies. In addition, these non-GAAP measures are not based on any comprehensive set of accounting rules or principles. We believe that non-GAAP measures have limitations in that they do not reflect all of the amounts associated with our results of operations as determined in accordance with GAAP and that these measures should only be used to evaluate our results of operations in conjunction with the corresponding GAAP measures.

Our management uses financial information that does not include (a) after-tax restructuring costs for plant closing and after-tax foreign currency (gain) loss on inter-company loans.

We use these non-GAAP financial measures in making operating decisions because we believe the measures provide meaningful supplemental information regarding our core operational performance. We use these measures to help make budgeting and spending decisions. Further, these non-GAAP financial measures facilitate management's internal comparisons to our historical operating results.
