### PROXY STATEMENT

#### GENERAL

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors (the "Board") of Teton Petroleum Company, a Delaware corporation (the "Company"), of proxies in the enclosed form for use in voting at the Special Meeting of Stockholders (the "Special Meeting") to be held at 1600 Broadway, Suite 590, Denver, Colorado 80202 on January 27, 2004 at 9:00 AM (local time), and any adjournment or postponement thereof. Only holders of record of the Company's common stock, \$.001 par value per share (the "Common Stock"), on December 9, 2003 (the "Record Date") will be entitled to vote at the Meeting. At the close of business on the Record Date, the Company had issued and outstanding 8,584,068 shares of Common Stock.

In accordance with the Company's bylaws, the presence of one third of the shares entitled to vote, whether present in person or represented by proxy, will constitute a quorum at the meeting. Abstentions will be treated as shares that are present and entitled to vote but against any proposal submitted to stockholders. Executed proxies returned by a broker holding shares of the Company's Common Stock in street name which indicate that the broker does not have discretionary authority as to certain shares to vote on one or more matters ("broker non-votes") will be considered present but not entitled to vote on any proposal submitted to stockholders.

Any person giving a proxy in the form accompanying this Proxy Statement has the power to revoke it prior to its exercise. An proxy given is revocable prior to the Meeting by an instrument revoking it or by a duly executed proxy bearing a later date delivered to the Secretary of the Company. Such proxy is also revoked if the stockholder is present at the Meeting and elects to vote in person.

The Company will bear the entire cost of preparing, assembling, printing and mailing the proxy materials furnished by the Board of Directors to stockholders. Copies of the proxy materials will be furnished to brokerage houses, fiduciaries and custodians to be forwarded to the beneficial owners of the Common Stock. In addition to the solicitation of proxies by use of the mail, some of the officers, directors and regular employees of the Company may (without additional compensation) solicit proxies by telephone or personal interview, the costs of which the Company will bear.

This Proxy Statement and the accompanying form of proxy is being sent or given to stockholders on or about December 29, 2003.

Stockholders of the Company's Common Stock are entitled to one vote for each share held. Such shares may not be voted cumulatively.

## Edgar Filing: TETON PETROLEUM CO - Form DEF 14A

Each validly returned proxy (including proxies for which no specific instruction is given) which is not revoked will be voted "FOR" each of the proposals as described in this Proxy Statement and, at the proxy holders' discretion, on such other matters, if any, which may come before the Meeting (including any proposal to adjourn the Meeting).

Determination of whether a matter specified in the Notice of Special Meeting of Stockholders has been approved will be determined as follows. The affirmative vote of the holders of a majority of the outstanding shares of the Company is required to approve the issuance of our Preferred Stock.

### APPROVAL OF THE ISSUANCE OF PREFERRED STOCK

#### Series A Convertible Preferred Stock

On October 23, 2003, the Company completed the first tranche of a private placement of Series A Convertible Preferred Stock. Under the first tranche of the private placement, the Company sold 1,735,154 shares of restricted Series A Convertible Preferred Stock and raised approximately \$7,548,000. Approximately 1,243,762 shares of the Series A Convertible Preferred Stock which were sold in the first tranche of the private placement were sold at a discount to market value. This number represents 18.27% of our common stock outstanding at the time of the initial issuance.

Under the second tranche of the private placement, which closed on November 11, 2003, the Company raised approximately \$2,289,000. In the second tranche, the Company sold approximately 526,000 shares of Series A Convertible Preferred Stock at a price of \$4.35. This number represents 7.73% of our common stock outstanding at the time of the initial issuance. In order to comply with Section 713 of the American Stock Exchange Guide, the securities purchased in this tranche are NOT convertible into shares of common stock unless our shareholders approve this transaction.

The private placement raised an aggregate of approximately \$9,837,000. Both the first and second rounds of the private offering were placed with institutional and accredited private investors. The offering proceeds will be used for working capital in the Goloil license in Western Siberia and for general corporate purposes. The Series A Convertible Preferred shares carry an 8% dividend, payable quarterly and are convertible into common stock on a one for one basis. If converted within 60 days of the closing, the investors will be entitled to receive (i) dividends payable in common stock for one year, and (ii) 100,000 Class B Warrants for each \$500,000, exercisable at \$6.00 per share.

#### Series B Convertible Preferred Stock

The Company has also entered into an agreement to sell approximately 114,942 shares of Series B Convertible Preferred Stock to one accredited private investor for a purchase price of approximately \$500,000. This number represents 1.69% of our common stock outstanding at the time of the initial issuance. The Series B Convertible Preferred shares carry an 8% dividend payable quarterly. In order to comply with Section 713 of the American Stock Exchange Guide, the securities purchased in this tranche are NOT convertible into shares of common stock unless our shareholders approve this transaction.

#### Section 713 of the American Stock Exchange Guide

Section 713 of the American Stock Exchange Guide requires that certain transactions be approved by the Company's shareholders. Specifically,

## Edgar Filing: TETON PETROLEUM CO - Form DEF 14A

shareholder approval is required under Section 713 for a transaction, other than a public offering, involving the sale, issuance, or potential issuance by the Company of common stock (or securities convertible into common stock) equal to 20% or more of presently outstanding stock for less than the greater of book or market value of the stock.

Because the private placement of Series A Convertible Preferred Stock and Series B Convertible Preferred Stock described in this proposal involves the potential issuance by the Company of securities convertible into common stock below market value that amounts to greater than 20% of its presently outstanding common stock, this proposal is subject to Section 713 and, therefore, requires your approval.

In the event, we do not obtain shareholder approval then the securities purchased in the second tranche of Series A and Series B will remain a non-convertible preferred security that entitles its holders to receive 8% dividends and liquidation preferences.

The American Stock Exchange has the authority to delist the securities of any issuer that fails to comply with its listing criteria, including the stockholder voting provisions of Section 713. Therefore, if we do not obtain your approval to issue the Company's Series A Convertible Preferred Stock and the Company's Series B Convertible Preferred Stock in excess of the limits of Section 713, and we nonetheless issue such shares, the Company's common stock could be delisted from the American Stock Exchange. In the event Company's common stock is delisted from the American Stock Exchange, trading, if any, in the Company's common stock would thereafter be conducted in the over-the-counter market. As a result of such delisting, the market price of the Company's common stock could be adversely affected and an investor could find it more difficult to dispose, or to obtain accurate quotations as to the market value, of the common stock.

3

Accordingly our board of directors is requesting approval of the issuance of the Company's Series A Convertible Preferred Stock and Series B Convertible Preferred Stock.

Under Delaware law, stockholders are not entitled to dissenters' rights of appraisal with respect to this proposal.

### RECOMMENDATION OF THE BOARD:
