GRISTEDE'S FOODS, INC. AND SUBSIDIARIES NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

1. BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Business - -----

The Company's corporate predecessor was originally incorporated in 1956 in New York under the name Designcraft Industries, Inc., and was engaged in the jewelry business until 1992, when the Company commenced its supermarket operations. The Company became a public company in 1968, listed its common stock on the American Stock Exchange in 1972, and reincorporated in Delaware in 1985. The Company changed its name to Sloan's Supermarkets, Inc. in September 1993 and to Gristede's Sloans, Inc. in November 1997. The Company changed its name to Gristede's Foods, Inc. in August 1999 to reflect its strategy of changing its "Sloan's" banner locations to "Gristede's" subsequent to a store remodeling.

On November 10, 1997, 29 supermarkets that were owned by John A. Catsimatidis, the Company's majority stockholder, Chairman of the Board and CEO (such 29 supermarkets hereinafter referred to as the "Food Group") were merged into the Company's existing 15 supermarkets. The transaction was accounted for as an acquisition of the Company by the Food Group pursuant to Emerging Issues Task Force 90-13 as a result of the Food Group obtaining control of the Company after the transaction. The assets and liabilities of the Food Group were recorded at their historical cost. The Company's assets and liabilities were recorded at their fair value to the extent acquired. Consideration for the transaction was based on an aggregate of \$36,000,000 in market value of the Company's common stock and the assumption of \$4,000,000 of liabilities. 16,504,298 shares of common stock were issued on the date of the acquisition based on a market price of \$2.18 per share.

The Company operates 38 supermarkets and two free-standing pharmacies in Manhattan, New York, three supermarkets in Westchester County, New York, one supermarket in each of Brooklyn, New York and Long Island, New York. All of the supermarkets and pharmacies are leased and operated under the "Gristede's" banner. (See subsequent events note).

The Company also owns City Produce Operating Corp., a company which operates a warehouse and distribution facility primarily for fresh produce on leased premises in the Bronx, New York.

Basis of presentation - The unaudited consolidated financial statements included

herein have been prepared by the Company pursuant to the rules and regulations of the Securities and Exchange Commission ("SEC"). In the opinion of management, the information furnished reflects all adjustments (consisting of normal recurring adjustments), which are necessary for a fair statement of the results of operations and financial position of the Company for the interim period. The interim figures are not necessarily indicative of the results to be expected for the fiscal year.

Principles of Consolidation - The consolidated financial statements include the

accounts of the Company and its wholly owned subsidiaries. All material intercompany accounts and transactions have been eliminated in consolidation.

Quarter End - The Company operates using the conventional retail 52/53-week

fiscal year. The fiscal quarter ends on the Sunday closest to the end of the

Edgar Filing: GRISTEDES FOODS INC - Form 10-Q

quarter. The Company's fiscal year ends on the Sunday closest to November 30.

Inventory - Store inventories are valued principally at the lower of cost or -----
market with cost determined under the retail first in, first out (FIFO) method.

Property and Equipment and Depreciation - Property and equipment is stated at -----
cost. Depreciation of furniture, fixtures and equipment is computed by the straight-line method over the estimated useful lives of the assets.

7

Leases and Amortization - The Company charges the cost of noncancelable -----
operating lease payments and beneficial leaseholds to operations on a straight-line basis over the lives of the leases.

Provision for income taxes - Income taxes reflect Federal and State alternative -----
minimum tax only, as all regular income taxes have been offset by utilization of the Company's net operating loss carry forward.

Income per share - Per share data are based on the weighted average number of -----
shares of common stock and equivalents outstanding during each quarter. Income per share is computed by the treasury stock method; basic and diluted income per share are the same.

The Company's Annual Report on Form 10-K for the 12 month period ended December 2, 2001 contains information which should be read in conjunction herewith.

2. RELATED PARTY TRANSACTIONS

Under a management agreement dated November 10, 1997, Namdor Inc., one of the Company's subsidiaries, performs consulting and managerial services for a supermarket owned by a corporation controlled by John A. Catsimatidis. In consideration of such services, Namdor Inc. is entitled to receive, on a quarterly basis, a cash payment of one and one-quarter percent (1.25%) of all sales of inventory and merchandise made at, in or from the managed supermarket.

The Company leases the following locations from affiliates: a portion of its warehouse and distribution facility comprising 25,000 square feet, its office facilities and seven store locations. During the 39 weeks and the 13 weeks ended September 1, 2002 the Company paid \$1,729,539 and \$646,550, respectively, to these affiliates for rent and real estate taxes under such leases. The leases are triple net whereby the tenant pays all real estate taxes, insurance and maintenance.

Certain of the Company's supermarkets have entered into capital and operating leases with Red Apple Lease Corporation. (formerly Red Apple Leasing, Inc.). These leases are primarily for store operating equipment. Obligations under these leases at September 1, 2002 were \$3,647,543. These leases require that monthly payments of \$76,790 be made to Red Apple Lease Corp. through March 2007. In January 2002, these leases were amended, which resulted in additional capital lease availability of \$2,750,000. This additional availability was drawn upon during the 13 weeks ended June 2, 2002. The monthly payments required by these leases has been extended through March 2007 and will constitute the debt service on the new financing.

Certain of the Company's supermarkets have entered into capital leases with

Edgar Filing: GRISTEDES FOODS INC - Form 10-Q

United Acquisition Leasing Corp., a company wholly owned by John A. Catsimatidis. These leases are primarily for store equipment. Obligations under these leases at September 1, 2002 were \$1,893,346. These leases require that monthly payments of \$46,574 be made to United Acquisition Leasing Corp. through June 2007.

Amounts due to United Acquisition Corp., a corporation wholly owned by John A. Catsimatidis represent liabilities in connection with the 1997 merger and additional advances made to the Company by United Acquisition Corp. since the merger. United Acquisition Corp. has agreed not to demand payment of these liabilities in fiscal 2003. Accordingly, the liability has been classified as noncurrent. As part of post-closing adjustments in connection with the 1997 merger, approximately \$3,600,000 that is due from certain of the Company's affiliates has been offset against the amounts due to United Acquisition Corp. The net amount due to United Acquisition Corp. at September 1, 2002 was \$14,480,217, \$12,800,000 of which was subordinated to the Company's banks. The liability presently does not bear interest. However, the Company's credit agreement with its banks permits the Company to pay interest on such subordinated debt provided the Company has a positive net income.

8

Due from related parties trade, represents amounts due from affiliated companies for merchandise shipped to it from the Company's subsidiary City Produce Operating Corp. in the ordinary course of business and for which payments are made to City Produce on a continuous basis under extended terms, as well as management fees receivable for administrative and managerial services performed by the Company for an affiliate. During the 39 weeks and the 13 weeks ended September 1, 2002, merchandise sales to the affiliate were approximately \$777,913 and \$291,979, respectively.

On February 6, 1998, the Company agreed to purchase substantially all of the assets and assumed certain of the liabilities of a supermarket located at 1644 York Avenue, New York City, that was owned by an affiliate. On March 1, 2000, the Company and the affiliate restructured the transaction by rescinding the purchase effective as of February 6, 1998, and entering into an operating agreement which gives the Company full control of the supermarket and the right to operate the supermarket for its account. The operating agreement presently terminates on December 1, 2003, but the term will be extended for additional one year periods unless either party shall give notice of termination not later than 90 days prior to the end of the then current term of the agreement. Under the operating agreement, the Company is obligated to pay the affiliate \$1.00 per annum, plus such other consideration as may be approved by the Company's directors (excluding John A. Catsimatidis). Pursuant to the operating agreement the Company or any of its designees, also has the option until December 31, 2005 to purchase the supermarket for \$2,778,175, which price is the fair market price of the supermarket established on October 11, 1999 by the Company's directors (excluding John A. Catsimatidis).

In May 2000, the Company entered into a similar operating agreement with another affiliate, for a store owned by such affiliate. The operating agreement presently terminates on May 10, 2003, but the term will be extended for additional one year periods unless either party shall give notice of termination not later than 90 days prior to the end of the then current term of the agreement. Under the operating agreement, the Company is obligated to pay the affiliate \$1.00 per annum, plus such other consideration as may be approved by the Company's directors (excluding John A. Catsimatidis). Pursuant to the operating agreement, the Company, or any designee of the Company, also has the option until December 31, 2005 to purchase the supermarket for the fair market price of the supermarket as established by the Company's directors (excluding John A. Catsimatidis) using a valuation criterion similar to that issued for

Edgar Filing: GRISTEDES FOODS INC - Form 10-Q

valuing the store at 1644 York Avenue, New York City.

The intention of the affiliates in entering into these two operating agreements with the Company, where the Company enjoys full benefits of ownership for the nominal consideration of \$1.00 per annum per store, was to effect post closing adjustments in connection with the 1997 reorganization. If the option to purchase the supermarkets is exercised, the excess of the purchase price over the net book value of the assets will be shown as a charge to equity.

3. LITIGATION

Reference is made to Item 3 contained in the Company's Annual Report on Form 10-K for the year ended December 2, 2001 to the matter captioned: Ansoumana v. Great Atlantic & Pacific Tea Company, Inc. d/b/a A&P, Shopwell Inc. d/b/a Food Emporium, Gristede's Operating Corp., Duane Reade, Inc., Charlie Baur, individually and d/b/a B&B Delivery Service a/k/a Citi Express, Scott Weinstein and Steven Pilavan, individually and d/b/a Hudson Delivery Service Inc., Chelsea Trucking, Inc. a/k/a Hudson York (hereinafter referred to as the "Federal Court Action"). The Company has entered into an agreement in principle on the parameters of a possible settlement ("Settlement") with delivery workers of The Great American Delivery Service Company and predecessor companies operated by Charles Baur ("Great American / Baur"). The Company estimates that such a possible settlement could result in potential payments of \$2,750,000, payable over a number of years, without interest, which amount would be shared approximately 50-50 by the Company with its predecessor private companies, and with the private companies also paying plaintiff's legal expenses. Additionally, recoveries from a \$400,000 security bond posted by Great American / Baur shall be solely for the Company's benefit. However, any final settlement must be approved by the Company's banks, the state, the courts, and the plaintiffs. The Company and its legal counsel are not presently able to predict whether the settlement will be implemented. Accordingly, the Company has not recorded any contingent liability in its consolidated financial statements related to this matter.

Reference is also made to Item 3 contained in the Company's Annual Report on Form 10-K for the year ended December 2, 2001 to the matter captioned: RMED International Inc. v. Sloan's Supermarkets Inc. and John A. Catsimatidis. The defendants filed a motion to reargue the court's decision not to dismiss certain of the plaintiff's claims on summary judgment, including the plaintiff's claim under Section 10(b) of the Securities Exchange Act of 1934, as amended, and Rule

9

10b-5 thereunder, as well as the plaintiff's claim of fraud under state common law. This motion has been denied. The case is scheduled to go to trial in 2003.

4. IMPACT OF THE TERRORIST ATTACKS OF SEPTEMBER 11, 2001

The Company has two stores in the World Trade Center area of Manhattan, which were forced to close as a result of the terrorist attacks of September 11, 2001. One store reopened for business on October 1, 2001, the other has been renovated and re-opened in May 2002. The Company has suffered property damage losses, including inventory, costs to repair and clean fixtures and facilities and loss of revenue. Management has filed claims for the above losses with its insurance carriers, including business interruption. The Company has reached a negotiated settlement of all its claims in September 2002 and has collected these in full in October 2002. The Company has applied for certain grants for which it is eligible under various programs.

Edgar Filing: GRISTEDES FOODS INC - Form 10-Q

5. DEFERRED ACQUISITION COSTS

In connection with the Company's proposed \$175 million Senior Note Offering and its proposed acquisition of Kings Supermarkets, Inc., a chain of 29 stores, mainly located in Northern New Jersey, the Company incurred certain costs (principally professional fees) in the amount of \$1,153,380 (included in other assets on the accompanying balance sheet). \$708,175 of such costs are reimbursable to the Company by United Acquisition Corp. The Company intends to exhaust all efforts to acquire this company unless and until it is acquired by someone else. The deferred costs will be amortized over the term of the note pending the completion of the offering. Should the proposed offering prove to be unsuccessful, the deferred costs will be charged to operations.

6. SUBSEQUENT EVENT

In October 2002, the company and an affiliate of the Company acquired the fixtures, equipment, leasehold improvements and store leases of three stores from The Great Atlantic & Pacific Tea Company for a total purchase price of \$5,500,000. The affiliate has leased the acquired fixed assets to the Company. Such stores had been closed for more than six months prior to this transaction.

PART I

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS FOR THE NINE MONTHS AND THE QUARTERS ENDED SEPTEMBER 1, 2002 AND SEPTEMBER 2, 2001

CRITICAL ACCOUNTING POLICIES

Financial Reporting Release No. 60, which was recently released by the Securities and Exchange Commission, requires all companies to include a discussion of critical accounting policies or methods used in the preparation of financial statements. Note 1 of the notes to our consolidated financial statements includes a summary of the significant accounting policies and methods used in the preparation of our consolidated financial statements. The following is a brief discussion of the more significant accounting policies and methods we use. In addition, Financial Reporting Release No. 61 was recently released by the Securities and Exchange Commission to require all companies to include a discussion to address, among other things, liquidity, off-balance sheet arrangements, contractual obligations and commercial commitments.

General. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenues and expenses during the reported periods. The most significant estimates and assumptions relate to the recoverability of internally developed software costs, fixed assets and other intangibles, inventories, realization of deferred income taxes and the adequacy of allowances for doubtful accounts. Actual amounts could differ significantly from these estimates.

Accounts Receivable. We continuously monitor collections and payments from our customers, third party and vendor receivables and maintain a provision for

Edgar Filing: GRISTEDES FOODS INC - Form 10-Q

estimated credit losses based upon our historical experience and any specific collection issues that we have identified. While such credit losses have historically been within our expectations and the provisions established, we cannot guarantee that we will continue to experience the same credit loss rates that we have in the past.

Inventories. We value our inventory at the lower of cost or market with cost determined under the retail method. We regularly review inventory quantities on hand and record a provision for excess and obsolete inventory where appropriate based primarily on our historical shrink and spoilage rates.

Deferred Taxes. We recognize deferred tax assets and liabilities based on the differences between the financial statement carrying amounts and the tax bases of assets and liabilities. We regularly review our deferred tax assets for recoverability and establish a valuation allowance based on historical taxable income, projected future taxable income, and the expected timing of the reversals of existing temporary differences. If we are unable to generate sufficient future taxable income, or if there is a material change in the actual effective tax rates or time period within which the underlying temporary differences become taxable or deductible, we would be required to continue to recognize a valuation allowance against all or a significant portion of our deferred tax assets resulting in a material adverse impact on our operating results.

11

Intangibles and Other Long-Lived Assets. Intangible and other long-lived assets are amortized over their useful lives. Useful lives are based on management's estimates of the period that the assets will generate revenue. Intangible assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable.

RESULTS OF OPERATIONS

The following table sets forth, as a percentage of sales, components of our Results of Operations:

	39 weeks ended 9/1/02	13 weeks ended 9/1/02	39 weeks ended 9/2/01	13 weeks ended 9/2/01

Net income (loss)	0.1	-1.3	0.2	-0.9

Sales were \$182,175,544 and \$60,505,818 for the 39 weeks and for the 13 weeks ended September 1, 2002, respectively, as compared to \$170,403,587 and \$53,569,511 for the 39 weeks and for the 13 weeks ended September 2, 2001, respectively. We temporarily closed four stores during the 13 weeks ended March 3, 2002. During the 13 weeks ended June 2, 2002, we re-opened three stores that were closed for remodeling; the fourth store was closed for the entire 39 weeks ended September 1, 2002 and is expected to re-open later in 2002.

Same store sales increased 8.7% and 11.8% for the 39 weeks and for the 13 weeks ended September 1, 2002, respectively, as compared to the 39 weeks and 13 weeks ended September 2, 2001. Same store sales are calculated using stores that were open for business both in the current period and in the same period last year.

Gross profit was \$72,890,207 or 40.0% of sales and \$24,221,233 or 40.0% of sales for the 39 weeks and for the 13 weeks ended September 1, 2002, respectively, as compared to \$67,367,786 or 39.5% of sales and \$21,539,230 or 40.2% of sales for the 39 weeks and for the 13 weeks ended September 1, 2001, respectively. The increase in gross profit as a percentage of sales during the 2002 year to date

12

period was primarily due to increased sales of perishables, which have higher gross margins.

Store operating, general and administrative expenses were \$57,764,780 or 31.7% of sales and \$20,170,495 or 33.3% of sales for the 39 weeks and for the 13 weeks ended September 1, 2002, respectively, as compared to \$53,014,750 or 31.1% of sales and \$17,270,249 or 32.2% of sales for the 39 weeks and for the 13 weeks ended September 2, 2001, respectively. Store operating, general and administrative expenses increased as a percentage of sales during the 13 weeks ended September 1, 2002 mainly due to higher labor costs resulting from the three remodeled stores which reopened during the second quarter and in anticipation of several new stores opening during the fourth quarter.

Pre-store opening startup costs were \$312,040 and \$130,041 for the 39 weeks and for the 13 weeks ended September 1, 2002, respectively as compared to \$165,000 and \$33,000 for the 39 weeks and for the 13 weeks ended September 2, 2001, respectively. Four remodeled stores were opened during the 13 weeks ended September 1, 2002 and the Company prepared for a new store which opened September 6, 2002, compared to one store during the 13 weeks ended September 2, 2001.

Non-store operating expenses were \$7,151,728 or 3.9% of sales and \$2,422,547 or 4.0% of sales for the 39 weeks and for the 13 weeks ended September 1, 2002, respectively, as compared with \$6,290,843 or 3.7% of sales and \$2,155,199 or 4.0% of sales for the 39 weeks and for the 13 weeks ended September 2, 2001, respectively. Administrative payroll and fringes were 2.8% and 2.9% of sales for the 39 weeks and for the 13 weeks ended September 1, 2002, respectively as compared to 2.3% and 2.6% of sales for the 39 weeks and for the 13 weeks ended September 2, 2001, respectively. The increase in the 2002 periods primarily

Edgar Filing: GRISTEDES FOODS INC - Form 10-Q

reflects the addition of supervisory personnel as a result of additional business generated by the store remodeling program. We incurred higher costs of fringe benefits during the 2002 periods due to higher administrative salaries and higher costs of health care benefits. General office expenses were 0.9% of sales for both the 39 weeks and for the 13 weeks ended September 1, 2002, respectively as compared to 1.1% of sales for both the 39 weeks and for the 13 weeks ended September 2, 2001, respectively. Professional fees were 0.2% and 0.1% of sales for the 39 weeks and for the 13 weeks ended September 1, 2002, respectively as compared to 0.3% and 0.2% of sales for the 39 weeks and for the 13 weeks ended September 2, 2001, respectively. Corporate expenses were 0.1% of sales for each of the 39 weeks and for the 13 weeks ended September 1, 2002 and the 39 weeks and for the 13 weeks ended September 2, 2001, respectively.

Depreciation and amortization expense was \$5,902,418 or 3.2% of sales and \$2,032,828 or 3.4% of sales for the 39 weeks and for the 13 weeks ended September 1, 2002, respectively, as compared to \$5,085,861 or 3.0% of sales and \$1,762,393 or 3.3% of sales for the 39 weeks and for the 13 weeks ended September 2, 2001, respectively. The increase in depreciation and amortization expense was primarily the result of significant capital expenditures incurred in connection with our store remodeling and expansion program.

Interest expense was \$2,136,709 or 1.2% of sales and \$730,555 or 1.2% of sales for the 39 weeks and for the 13 weeks ended September 1, 2002, respectively, as compared to \$2,656,687 or 1.6% of sales and \$786,894 or 1.5% of sales for the 39 weeks and for the 13 weeks ended September 2, 2001, respectively. The decreases in the 2002 periods were primarily attributable to lower interest rates, partially offset by increased borrowings under the bank line and capital leases for equipment financing.

Other income (expense) was \$0 for both the 39 weeks and for the 13 weeks ended September 1, 2002 as compared to \$177,329 and (\$3,811) for the 39 weeks and for the 13 weeks ended September 2, 2001, respectively (which was attributable to the closure of a store and the sale of its lease in January 2001).

As a result of the items reviewed above, net income (loss) before provision for income taxes were \$189,245 and (\$777,264) for the 39 weeks and for the 13 weeks ended September 1, 2002, respectively, as compared to \$318,700 and (\$472,895) for the 39 weeks and for the 13 weeks ended September 2, 2001, respectively.

LIQUIDITY AND CAPITAL RESOURCES

Liquidity:

Our consolidated financial statements indicate that at September 1, 2002 current assets exceed current liabilities by \$4,923,402 and stockholders' equity was \$11,781,746. Management believes that cash flows generated from operations, supplemented by financing from our bank facility and third party leasing companies, will be sufficient to pay our debts as they may come due, provide for our capital expenditure program and meet our other cash requirements.

Debt and Debt Service:

Effective October 2001, our credit agreement with a group of banks was amended and increased to an aggregate total of \$32,500,000, consisting of a \$15,500,000 term loan and a \$17,000,000 revolving line of credit. As of September 1, 2002, our credit facility, as amended, provides for (i) a maturity date of November 28, 2004 for the revolving line of credit, and December 3, 2006

Edgar Filing: GRISTEDES FOODS INC - Form 10-Q

for the term loan, at which time all amounts outstanding thereunder are due, (ii) certain financial covenants, and (iii) amortization of the term loan in monthly amortizations totaling \$2,000,000, \$2,300,000, \$2,600,000, \$2,900,000 and \$3,200,000, respectively, in each year during its term, and a \$2,500,000 balloon payment at maturity.

Borrowings under our credit facility bear interest at a spread over either the prime rate of the bank acting as agent for the group of banks or a LIBOR rate, with the spread dependent on the ratio of our funded debt to EBITDA ratio, as defined in our credit facility. The average interest rate on amounts outstanding under our credit facility during the quarter ended September 1, 2002 was 5.05% per annum.

Our credit facility contains covenants, representations and events of default typical of credit agreements, including financial covenants which require us to meet, among other things, a minimum tangible net worth, debt service coverage ratios and fixed charge coverage ratios, and which limit transactions with affiliates. Our credit facility is secured by equipment, inventories and accounts receivable.

As of September 1, 2002, John A. Catsimatidis, through affiliates, has contributed approximately \$14.5 million to us in the form of unsecured non-interest bearing loans, with \$12.8 million subordinated to our bank lenders. The liability presently does not bear interest. However, our credit facility permits us to pay interest on such subordinated debt provided we have positive net income.

Capital Expenditures:

Capital expenditures were \$9.2 million for the 39 weeks ended September 1, 2002, including property acquired under capital leases, as compared to \$6.3 million for the 39 weeks ended September 2, 2001.

We have not incurred any material commitments for capital expenditures, although we anticipate spending approximately \$8 million to \$10 million exclusive of new capital leases on our store remodeling and expansion program in fiscal 2002. Such amount is subject to adjustment based on the availability of funds.

Cash Flow:

Cash provided by operating activities amounted to \$4,883,923 for the 39 weeks ended September 1, 2002 as compared to \$2,662,738 for the 39 weeks ended September 2, 2001. The change in cash flow from operating activities was primarily due to cash used in reducing accounts payable and provided by operating assets and liabilities. Net cash used for investing activities was \$5,639,418 in 2002 as compared to \$3,521,230 in 2001 (net of proceeds from a store closed in January 2001). Cash provided by financing activities was \$839,452 for the 39 weeks ended September 1, 2002 as compared to \$800,313 for

the 39 weeks ended September 2, 2001 reflecting the bank financing drawn upon in 2002 and the additional proceeds provided by an affiliate of the Company, offset by repayments of bank loans and capital leases.

Recent Accounting Pronouncements:

Edgar Filing: GRISTEDES FOODS INC - Form 10-Q

In June 2001, the Financial Accounting Standards Board finalized FASB Statements No. 141, "Business Combinations" (SFAS 141), and No. 142, "Goodwill and Other Intangible Assets" (SFAS 142). SFAS 141 requires the use of the purchase method of accounting and prohibits the use of the pooling-of-interests method of accounting for business combinations initiated after June 30, 2001. SFAS 141 also requires that the Company recognize acquired intangible assets apart from goodwill if they meet certain criteria. SFAS 141 applies to all business combinations initiated after June 30, 2001 and for purchase business combinations completed on or after July 1, 2001. It also requires, upon adoption of SFAS 142 that we reclassify the carrying amounts of intangible assets and goodwill based on the criteria in SFAS 141. We adopted SFAS 141 in the first quarter of fiscal 2002 with no material effect on our financial statements.

SFAS 142 requires, among other things, that companies no longer amortize goodwill, but instead test goodwill for impairment at least annually. In addition, SFAS 142 requires that the Company identify reporting units for the purposes of assessing potential future impairments of goodwill, reassess the useful lives of other existing recognized intangible assets, and cease amortization of intangible assets with an indefinite useful life. An intangible asset with an indefinite useful life should be tested for impairment in accordance with the guidelines in SFAS 142. SFAS 142 is required to be applied in fiscal years beginning after December 15, 2001 to all goodwill and other intangible assets recognized at that date, regardless of when those assets were initially recognized. It also requires us to complete a transitional goodwill impairment test within six months from the date of adoption. We are also required to reassess the useful lives of other intangible assets within the first interim quarter after adoption of SFAS 142. We adopted SFAS 142 in the first quarter of fiscal 2002 with no material effect on our financial statements.

In August 2001, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards ("SFAS") No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets." SFAS 144 addresses financial accounting and reporting for the impairment or disposal of long-lived assets to be held and used, to be disposed of other than by sale and to be disposed of by sale. Although SFAS 144 retains certain of the provisions of SFAS No. 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed Of," it superceded SFAS No. 121. SFAS 144 is effective for financial statements issued for fiscal years beginning after December 15, 2001 and interim periods within those fiscal years. We adopted SFAS 144 as of March 4, 2002 with no material effect on our financial statements.

ITEM 4. CONTROLS AND PROCEDURES

- a. Evaluation of disclosure controls and procedures: The Company's Chief Executive Officer and its Chief Financial Officer, after evaluating the effectiveness of the Company's disclosure controls and procedures (as defined in Exchange Act Rules 13a-14 (c) and 15-d-14 (c)) as of a date within 90 days of the filing date of the quarterly report (the "Evaluation Date"), have concluded that as of the Evaluation Date, the Company's disclosure controls and procedures were adequate and effective to ensure that material information relating to the Company would be made known to them by others within the Company.
- b. Changes in internal controls: There were no significant changes in the Company's internal controls or in other factors that could significantly affect the Company's internal controls and procedures subsequent to the Evaluation Date, nor any significant deficiencies or

Edgar Filing: GRISTEDES FOODS INC - Form 10-Q

material weaknesses in such internal controls and procedures requiring corrective actions.

GRISTEDE'S FOODS INC. AND SUBSIDIARIES

PART II - OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

Reference is made to Item 3 contained in the Company's Annual Report on Form 10-K for the year ended December 2, 2001 to the matter captioned: Ansoumana v. Great Atlantic & Pacific Tea Company, Inc. d/b/a A&P, Shopwell Inc. d/b/a Food Emporium, Gristede's Operating Corp., Duane Reade, Inc., Charlie Baur, individually and d/b/a B&B Delivery Service a/k/a Citi Express, Scott Weinstein and Steven Pilavan, individually and d/b/a Hudson Delivery Service Inc., Chelsea Trucking, Inc. a/k/a Hudson York (hereinafter referred to as the "Federal Court Action"). The Company has entered into an agreement in principle on the parameters of a possible settlement ("settlement") with delivery workers of The Great American Delivery Service Company and predecessor companies operated by Charles Baur ("Great American / Baur). The Company estimates that such a possible settlement could result in potential payments of \$2,750,000, payable over a number of years, without interest, which amount would be shared approximately 50-50 by the Company with its predecessor private companies, and with the private companies also paying plaintiff's legal expenses. Additionally, recoveries from a \$400,000 security bond posted by Great American / Baur shall be solely for the Company's benefit. However, any final settlement must be approved by the Company's banks, the state, the courts, and the plaintiffs. The Company and its legal counsel are not presently able to predict whether the settlement will be implemented. Accordingly, the Company has not recorded any contingent liability in its consolidated financial statements related to this matter.

Reference is also made to Item 3 contained in the Company's Annual Report on Form 10-K for the year ended December 2, 2001 to the matter captioned: RMED International Inc. v. Sloan's Supermarkets Inc. and John A. Catsimatidis. The defendants filed a motion to reargue the court's decision not to dismiss certain of the plaintiff's claims on summary judgment, including the plaintiff's claim under Section 10(b) of the Securities Exchange Act of 1934, as amended, and Rule 10b-5 thereunder, as well as the plaintiff's claim of fraud under state common law. This motion has been denied. The case is scheduled to go to trial after the new year.

ITEM 5. OTHER INFORMATION

Forward-looking information:

This report and documents incorporated by reference contain both historical and "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Words such as "anticipates", "believes", "expects", "intends", "future", and similar expressions identify forward-looking statements. Any such "forward-looking" statements in this report reflect the Company's current views with respect to future events and financial performance, and are subject to a variety of factors that could cause the actual results or performance to differ materially from historical results or from the anticipated results or performance expressed or implied by such forward-looking statements. Because of such factors, there can be no assurance that the actual results or developments anticipated by the Company will be realized or, even if substantially realized, that they will have the anticipated results. The risks and uncertainties that may affect the Company's business include, but are not limited to: economic conditions, governmental regulations, technological advances, pricing and competition, acceptance by the marketplace of new products, retention of key personnel, the sufficiency of financial resources to sustain and expand the Company's operations, and other factors described in this report and in prior filings with the Securities and Exchange Commission. Readers should not place undue reliance on such forward-looking statements, which speak only as of the date hereof, and should be aware that except as may be otherwise legally required of the Company, the Company undertakes no obligation to publicly revise any such forward-looking statements to reflect events or circumstances that may arise after the date hereof. A more detailed description of some of the risk factors is set forth in the Company's Annual Report on Form 10-K, dated December 2, 2001.
