EYE DYNAMICS, INC. AND SUBSIDIARY

NOTES TO INTERIM UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 - NATURE OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

NATURE OF BUSINESS: Eye Dynamics, Inc. and subsidiary (the "Company") markets and distributes diagnostic equipment that utilize the Company's proprietary technology and computer software to test individuals for impaired eye and pupil performance. The Company also markets a medical diagnostic product that tracks and measures eye movements during a series of standardized tests.

A summary of significant accounting policies follows:

PRESENTATION OF INTERIM INFORMATION: The financial information at June 30, 2003 and for the three and six months ended June 30, 2003 and 2002 is unaudited but includes all adjustments (consisting only of normal recurring adjustments) that the Company considers necessary for a fair presentation of the financial information set forth herein, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") for interim financial information, and with the instructions to Form 10-QSB. Accordingly, such information does not include all of the information and footnotes required by U.S. GAAP for annual financial statements. For further information refer to the Consolidated Financial Statements and footnotes thereto included in the Company's Annual Report on Form 10-KSB for the year ended December 31, 2002.

The results for the three and six months ended June 30, 2003 may not be indicative of results for the year ending December 31, 2003 or any future periods.

PRINCIPLES OF CONSOLIDATION AND PRESENTATION: The accompanying consolidated financial statements include the accounts of Eye Dynamics, Inc. and its wholly-owned subsidiary, Oculokinetics, Inc., after elimination of all material intercompany accounts and transactions. Certain prior period balances have been reclassified to conform to the current period presentation.

INCOME (LOSS) PER COMMON SHARE: Basic earnings per share includes no dilution and is computed by dividing net income (loss) available to common stockholders by the weighted average number of common stock outstanding for the period. Diluted earnings per share is computed by dividing net income by the weighted average number of shares plus the dilutive effect of outstanding warrants and shares issuable under convertible debt to sell 3,796,927 shares and 3,841,754 shares of the Company common stock for the three and six months ended June 30, 2003, respectively, using the treasury stock method. Approximately, 200,000 shares outstanding stock warrants were excluded from the calculation of diluted earnings per share for 2003 because they were anti-dilutive. However, these options and warrants could be dilutive in the future. Diluted net loss per common share does not differ from basic net loss per common share since

Edgar Filing: EYE DYNAMICS INC - Form 10QSB

potential shares of common stock are anti-dilutive for all periods presented. Shares excluded from diluted net loss per share totaled 850,000.

NEW ACCOUNTING STANDARDS: In April 2003, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards ("SFAS") No. 149, "Amendment of Statement 133 on Derivative Instruments and Hedging Activities," which is generally effective for contracts entered into or modified after June 30, 2003 and for hedging relationships designated after June 30, 2003. SFAS 149 clarifies under what circumstances a contract with an initial net investment meets the characteristic of a derivative as discussed in SFAS No. 133, clarifies when a derivative contains a financing component, amends the definition of an "underlying" to conform it to the language used in FASB Interpretation No. 45, "Guarantor Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others" and amends certain other existing pronouncements. The Company does not have any derivative financial instruments. The Company does not anticipate that the adoption of SFAS No. 149 will have an impact on its consolidated balance sheets or statements of operations and cash flows.

4

EYE DYNAMICS, INC. AND SUBSIDIARY

NOTES TO INTERIM UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 - NATURE OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

In May 2003, the FASB issued SFAS No. 150, "Accounting for Certain Financial Instruments with Characteristics of Both Liabilities and Equity." This Statement requires that certain instruments that were previously classified as equity on the Company's statement of financial position now be classified as liabilities. The Statement is effective for financial instruments entered into or modified after May 31, 2003, and otherwise is effective at the beginning of the first interim period beginning after June 15, 2003. The Company currently has no instruments impacted by the adoption of this statement and therefore the adoption did not have an effect on the Company's consolidated financial position, results of operations or cash flows.

NOTE 2 - WIND DOWN OF SUBSIDIARY

On June 30, 2003, the Board of Directors decided to wind down its wholly owned subsidiary, which was inactive and has no asset or liability as of June 30, 2003. Management believes that the wind down of the subsidiary has no material effect on the Company's financial position, results of operations and cash flows.

NOTE 3 - NET INCOME (LOSS) PER SHARE

The following table sets forth the computation of basic and diluted net income (loss) per share:

Three Months ended June 30,

Edgar Filing: EYE DYNAMICS INC - Form 10QSB

	2003	2002
	-----	-----
Numerator:		
Net income (loss)	\$ 100,992	\$ 19,997
	-----	-----
Denominator:		
Weighted average of common shares	17,850,313	16,216,980
Diluted effect of convertible debt and stock warrants	3,796,927	--
	-----	-----
Diluted weighted average common shares outstanding	21,647,240	16,216,980
	-----	-----
Basic net income (loss) per share	\$ 0.01	\$ 0.00
Diluted net income (loss) per share	\$ 0.00	\$ 0.00

The net income amount for three months ended June 30, 2002 and the net loss amount for six months ended June 30, 2002 included an after-tax amount of \$26,479, which relates primarily to an extraordinary gain from restructuring of debt. Excluding the effects of these transactions, the basic and diluted loss per share would have been the same for both periods.

NOTE 4 - PRIOR PERIOD ADJUSTMENT

An understatement of 2002 reported Income Tax Payable of \$12,699 was discovered during the second quarter of 2003. The Company charged this error to the current quarter's operations and did not restate the 2002 financial statements. Management believes that the restatement did not have material effect on the Company's financial position, results of operations and cash flows.

5

EYE DYNAMICS, INC. AND SUBSIDIARY

NOTES TO INTERIM UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

NOTE 5 - MAJOR CUSTOMER

During the three months ended June 30, 2003 and 2002, the Company's private label distributor accounted for \$322,451 and \$200,091 or 46.9% and 64.1% of total revenues, respectively.

During the six months ended June 30, 2003 and 2002, the Company's private label distributor accounted for \$733,215 and \$370,299 or 54.7% and 69.9% of total revenues, respectively.

NOTE 6 - DEBT RESTRUCTURING

In April 2002, the Company restructured a debt of \$396,721 plus accrued interest of \$223,987 with a prior distributor in regards to the Settlement Agreement and Mutual Release that was signed in 1993. The new settlement includes that a new note of \$400,000 was issued to replace the old debt. The new note is compounded at 7% per annum and is amortized over 5 years commencing January 1, 2003. The

Edgar Filing: EYE DYNAMICS INC - Form 10QSB

Company recognized an extraordinary gain of \$26,479 on the restructuring in accordance with SFAS No. 15.

NOTE 7 - SEGMENT INFORMATION

The Company is currently managed and operated as one business. The entire business is managed by a single management team that reports to the Company's President. The Company does not operate separate lines of business or separate business entities with respect to any of its product candidates. Accordingly, the Company does not prepare discrete financial information with respect to separate product areas or by location and does not have separately reportable segments as defined by SFAS No. 131 "Disclosures about Segments of an Enterprise and Related Information".

6

ITEM 2. Management's Discussion and Analysis or Plan of Operation

THREE MONTHS ENDED JUNE 30, 2003 COMPARED TO THREE MONTHS ENDED JUNE 30, 2002

Revenues from the sale of medical products during the second quarter were \$688,000, representing an increase of 220% over the second quarter of 2002. This is the fourth quarter in succession where sales are a minimum of two times the corresponding quarter of the prior year and is a reflection of the steady growth of the company. This increase is attributed to the success of the Company's private label customer opening up and developing new markets and applications for the video ENG products, as well as an increase in the Eye Dynamics brand products. The private label portion of the Company's business represented 47% of revenues for the quarter, which is a smaller percent than in the first quarter, and is a reflection of the increase in Eye Dynamics brand product sales. The market increase in the ENT segment of the medical market is not substantial, but the Neurology segment, which is being actively pursued by the Company's private label customer, continues to be successful. In addition, mobile diagnostic testing companies are beginning to recognize the value of the Company's products, and several have purchased systems for their use.

The gross profit for the quarter was 43%, which is lower than the first quarter. This decrease in gross profit is due to larger than normal commissions being paid to distributors for sale of the Company's products. However, total revenues are more than two times the same quarter of the prior year.

As a result of the sales increase of 220% for the quarter, the gross profit dollars are still substantial and a profit, after taxes, of \$100,992 was achieved, compared to a loss of \$6,482 in the second quarter of 2002. This is a substantial improvement and turnaround to profitability for the company for four successive quarters. Overhead fixed expenses have increased only slightly, which is a contributing factor to the increase in earnings.

The principal additional expense for the second quarter was the accrual of state income taxes for 2003 of \$25,496, as well as expense of \$12,699 for state income taxes for the year 2002. These state income taxes were the result of a moratorium on the use of tax loss carryovers for 2002 and 2003 imposed by the California Franchise Tax Board. Accordingly, despite the existence of substantial tax loss carryovers from prior years, the Company was unable to use them to offset state income taxes for 2002 and 2003. Federal tax loss carryovers, however, were not affected and the Company was not required to

Edgar Filing: EYE DYNAMICS INC - Form 10QSB

accrue federal income taxes for 2003.

LIQUIDITY AND CAPITAL RESOURCES

Cash and cash equivalents as of June 30, 2003 totaled \$304,308. Inventory of \$217,000 at June 30, 2003 includes \$25,000 of SafetyScope Impairment Detection Device items, which are not being actively marketed but are being used as production samples and demonstrators for capital-raising activities related to the SafetyScope impairment detection device. The inventory balance of \$192,000 represents only a little more than one month of turnover, and is relatively balanced in content.

7

Accounts receivable of \$114,000 represents less than 15 days accounts receivable aging, which is favorable as the Company's private label customer generally makes payment within the net 15 days term of sale. Other customers are utilizing leasing and credit cards more, which provide for very quick collection of receivables.

The Company continues to seek financing for the business plan to commercialize the SafetyScope product, which is an Impairment Detection Device. The plan requires substantial financial resources to fully implement the commercialization of the product. Discussions and explorations of strategic alliances are ongoing with the goal of securing the financing; however the Company has no arrangements or agreements as to any such financing.

The Company continues to search out and evaluate other products and alliances to enhance its product lines and to augment revenues. The search for new products is an ongoing project.

Sales prospects for the balance of the year are encouraging as evidenced by July revenues being in the order of \$250,000, which is above the Company's informal monthly target of \$200,000.

Item 3. Controls and Procedures.

Under the supervision and with the participation of our Chief Executive and Financial Officer, we conducted an evaluation of our disclosure controls and procedures, as such term is defined under Rule 13a-14(c) promulgated under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), within 90 days of the filing date of this report. Based on this evaluation, our Chief Executive and Financial Officer concluded that the Company's disclosure controls and procedures are effective. Disclosure controls and procedures are designed to ensure that information required to be disclosed in reports under the Exchange Act are processed and reported within the time periods specified by law. The design of any such system of controls is based in part on assumptions about the likelihood of future events, and there can be no assurance that any such system of controls will succeed in all circumstances.

12

Edgar Filing: EYE DYNAMICS INC - Form 10QSB

Since the date of the evaluation described above, there have been no significant changes in our internal controls or in other factors that could significantly affect these controls.

PART II OTHER INFORMATION

Item 1. Legal Proceedings

There are no pending legal proceedings to which the Company is a party or to which the property interests of the Company are subject.

Item 2. Changes In Securities And Use Of Proceeds

None

Item 3. Defaults Upon Senior Securities
