Item 4.02 Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review.

On March 15, 2012, Management of Telkonet, Inc (the “Company”) recommended, and the Company’s Audit Committee concluded, that the Company’s audited consolidated financial statements for the year’s ended December 31, 2010 and 2009 included in its 2010 Annual Report on Form 10-K, as well as the interim consolidated financial statements for 2011 and 2010 included in its Quarterly Reports on Form 10-Q for the quarters ended March 31, 2011, June 30, 2011 and September 30, 2011 will need to be restated as a result of certain adjustments and therefore should no longer be relied upon.

The Company disclosed in Note R to the financial statements included in its Annual Report on Form 10-K for the year ended December 31, 2010, the existence of potential sales tax exposure for which it had accrued \$159,000. The Company engaged a nationally recognized sales tax consultant to assist in its analysis of the potential exposure. The process of calculating the magnitude of the exposure and determining the need to restate the financial statements has been arduous and lengthy, due to the complexities involved with incorporating statutes of all 50 states. The under accrual of sales tax, interest and penalties amounted to approximately \$815,000 for the periods including and prior to September 30, 2011. The aggregate impact of their findings led the Audit Committee to conclude that restatements were warranted. The Company and the Audit Committee discussed the conclusion to restate its financial statements with the Company’s current and predecessor independent registered public accounting firms.

In addition, during the course of the Company’s 2011 financial close process, management has become aware of certain potential adjustments related to previously reported financial information and is in the process of completing such analysis.

The Company remains committed to completing its financial review at the earliest possible time. The accounting analysis is ongoing and subject to continuing review; therefore, the final financial results may vary materially from this preliminary report.

Item 8.01 Other Events
