Table of ContentsIRON MOUNTAIN INCORPORATED
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(In Thousands, Except Share and Per Share Data)

(Unaudited)

(1) General

The interim condensed consolidated financial statements are presented herein and, in the opinion of management, reflect all adjustments of a normal recurring nature necessary for a fair presentation. Interim results are not necessarily indicative of results for a full year. Iron Mountain Incorporated, a Delaware corporation ("IMI"), and its subsidiaries ("we" or "us") store records, primarily physical records and data backup media, and provide information management services in various locations throughout North America, Europe, Latin America, Asia and Africa. We have a diversified customer base consisting of commercial, legal, financial, healthcare, insurance, life sciences, energy, business services, entertainment and government organizations.

The unaudited condensed consolidated financial statements have been prepared pursuant to the rules and regulations of the United States Securities and Exchange Commission (the "SEC"). Certain information and footnote disclosures normally included in the annual financial statements prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") have been omitted pursuant to those rules and regulations, but we believe that the disclosures included herein are adequate to make the information presented not misleading. The Condensed Consolidated Financial Statements and Notes thereto, which are included herein, should be read in conjunction with the Consolidated Financial Statements and Notes thereto for the year ended December 31, 2016 included in our Annual Report on Form 10-K filed with the SEC on February 23, 2017 (our "Annual Report"). We have been organized and have operated as a real estate investment trust for United States federal income tax purposes ("REIT") since our taxable year ended December 31, 2014.

On May 2, 2016 (Sydney, Australia time), we completed the acquisition of Recall Holdings Limited ("Recall") pursuant to the Scheme Implementation Deed, as amended, with Recall (the "Recall Transaction"). See Note 4.

(2) Summary of Significant Accounting Policies

This Note 2 to Notes to Condensed Consolidated Financial Statements provides information and disclosure regarding certain of our significant accounting policies and should be read in conjunction with Note 2 to Notes to Consolidated Financial Statements included in our Annual Report, which may provide additional information with regard to the accounting policies set forth herein and other of our significant accounting policies.

a. Foreign Currency

Local currencies are the functional currencies for our operations outside the United States, with the exception of certain foreign holding companies and our financing centers in Europe, whose functional currency is the United States dollar. In those instances where the local currency is the functional currency, assets and liabilities are translated at period-end exchange rates, and revenues and expenses are translated at average exchange rates for the applicable period. Resulting translation adjustments are reflected in the accumulated other comprehensive items, net component of Iron Mountain Incorporated Stockholders' Equity, Redeemable Noncontrolling Interests and Noncontrolling Interests in the accompanying Condensed Consolidated Balance Sheets. The gain or loss on foreign currency transactions, calculated as the difference between the historical exchange rate and the exchange rate at the applicable measurement date, including those related to (i) borrowings in certain foreign currencies under our Former Revolving Credit Facility and Revolving Credit Facility (each as defined and discussed more fully in Note 5), (ii) our Euro Notes (as defined and discussed more fully in Note 5), and (iii) certain foreign currency denominated intercompany obligations of our foreign subsidiaries to us and between our foreign subsidiaries, which are not considered permanently invested, are included in Other expense (income), net, in the accompanying Condensed Consolidated Statements of Operations.

Total loss on foreign currency transactions for the three and nine months ended September 30, 2016 and 2017 is as follows:

Three Months Ended September 30,	Nine Months Ended September 30,
--	---------------------------------------

Edgar Filing: IRON MOUNTAIN INC - Form 10-Q

	2016	2017	2016	2017
Total loss on foreign currency transactions	\$10,685	\$11,865	\$15,336	\$27,900

b. Goodwill and Other Intangible Assets

Goodwill

Goodwill is not amortized but is reviewed annually for impairment, or more frequently if impairment indicators arise. We have selected October 1 as our annual goodwill impairment review date. We performed our most recent annual goodwill impairment review as of October 1, 2016 and concluded there was no impairment of goodwill at such date. As of December 31, 2016 and September 30, 2017, no factors were identified that would alter our October 1, 2016 goodwill impairment analysis. In making this assessment, we considered a number of factors including operating results, business plans, anticipated future cash flows, transactions and marketplace data. There are inherent uncertainties related to these factors and our judgment in applying them to the analysis of goodwill impairment. When changes occur in the composition of one or more reporting units, the goodwill is reassigned to the reporting units affected based on their relative fair values.

Our reporting units as of December 31, 2016 are described in detail in Note 2.h. to Notes to Consolidated Financial Statements included in our Annual Report. The goodwill associated with acquisitions completed during the first nine months of 2017 (which are described in Note 4) has been incorporated into our reporting units as they existed as of December 31, 2016. During the nine months ended September 30, 2017, there were certain changes to the composition of our reporting units, which are described below.

i. Impact of Russia and Ukraine Divestment

Prior to the Russia and Ukraine Divestment (as defined in Note 10), our businesses in Russia and Ukraine were a component of our Northern and Eastern Europe reporting unit. As disclosed in Note 10, on May 30, 2017, Iron Mountain EES Holdings Ltd. ("IM EES"), a consolidated subsidiary of IMI, sold its records and information management operations in Russia and Ukraine. As a result of the Russia and Ukraine Divestment, \$3,515 of goodwill associated with our Northern and Eastern Europe reporting unit was allocated, on a relative fair value basis, to the Russia and Ukraine Divestment and included in the carrying value of the divested businesses. See Note 10 for additional information regarding the Russia and Ukraine Divestment.

ii. Northern and Eastern Europe, Africa and India reporting units

During the second quarter of 2017, as a result of changes in the management of our businesses included in our Other International Business segment, we reassessed the composition of our reporting units. As a result of this reassessment, we determined that our businesses in our former Africa and India reporting unit, which included our businesses in South Africa and India, as well as our business in the United Arab Emirates which was acquired in the first quarter of 2017, were now being managed in conjunction with our businesses included in our Northern and Eastern Europe reporting unit. This newly formed reporting unit, which consists of (i) the businesses included in our former Northern and Eastern Europe reporting unit and (ii) our businesses in the United Arab Emirates, South Africa and India is referred to as the Northern/Eastern Europe and Middle East, Africa and India, or NEE and MEAI, reporting unit.

iii. North American Secure Shredding reporting unit

During the second quarter of 2017, we reassessed the composition of our reporting units included in our North American Records and Information Management Business segment. As a result of this reassessment, we determined that the discrete financial information and operating results of our North American Secure Shredding business are no longer being regularly reviewed by the segment manager of our North American Records and Information Management Business segment. Therefore, we have concluded that our secure shredding operations in North America no longer constitute a separate reporting unit and that our North American Records and Information Management Business segment consists of one reporting unit, which is referred to as the North American Records and Information

Management reporting unit.

(2) Summary of Significant Accounting Policies (Continued)

Finite-lived intangible assets

Customer relationship intangible assets, which are acquired through either business combinations or acquisitions of customer relationships, are amortized over periods ranging from eight to 30 years and are included in depreciation and amortization in the accompanying Condensed Consolidated Statements of Operations. The value of customer relationship intangible assets is calculated based upon estimates of their fair value utilizing an income approach based on the present value of expected future cash flows.

Costs related to the acquisition of large volume accounts are capitalized. Free intake costs to transport boxes to one of our facilities, which include labor and transportation costs ("Move Costs"), are amortized over periods ranging from eight to 30 years and are included in depreciation and amortization in the accompanying Condensed Consolidated Statements of Operations. Payments that are made to a customer's current records management vendor in order to terminate the customer's existing contract with that vendor, or direct payments to a customer ("Permanent Withdrawal Fees"), are amortized over periods ranging from three to 15 years and are included in storage and service revenue in the accompanying Condensed Consolidated Statements of Operations. Move Costs and Permanent Withdrawal Fees are collectively referred to as "Customer Inducements". If a customer terminates its relationship with us, the unamortized carrying value of the Customer Inducement intangible asset is charged to expense or revenue. However, in the event of such termination, we generally collect, and record as income, permanent removal fees that generally equal or exceed the amount of the unamortized Customer Inducement intangible asset.

Other finite-lived intangible assets, including trade names, noncompetition agreements and trademarks, are capitalized and amortized over periods ranging from three to 10 years and are included in depreciation and amortization in the accompanying Condensed Consolidated Statements of Operations.

The components of our finite-lived intangible assets as of December 31, 2016 and September 30, 2017 are as follows:

	December 31, 2016			September 30, 2017		
	Gross Carrying Amount	Accumulated Amortization	Net Carrying Amount	Gross Carrying Amount	Accumulated Amortization	Net Carrying Amount
Customer relationship intangible assets and Customer Inducements	\$ 1,604,020	\$(351,497)	\$ 1,252,523	\$ 1,810,871	\$(425,723)	\$ 1,385,148
Other finite-lived intangible assets (included in other assets, net)	24,788	(7,989)	16,799	20,990	(9,616)	11,374
Total	\$ 1,628,808	\$(359,486)	\$ 1,269,322	\$ 1,831,861	\$(435,339)	\$ 1,396,522

Amortization expense associated with finite-lived intangible assets and revenue reduction associated with the amortization of Permanent Withdrawal Fees for the three and nine months ended September 30, 2016 and 2017 are as follows:

	Three Months Ended		Nine Months Ended	
	September 30, 2016	September 30, 2017	September 30, 2016	September 30, 2017
Amortization expense associated with finite-lived intangible assets	\$26,310	\$27,940	\$59,616	\$78,839
Revenue reduction associated with amortization of Permanent Withdrawal Fees	2,947	2,721	9,047	8,627

c. Stock-Based Compensation

We record stock-based compensation expense, utilizing the straight-line method, for the cost of stock options, restricted stock units ("RSUs") and performance units ("PUs"). The stock options, RSUs, PUs and shares of stock issued under our employee stock purchase plan ("ESPP") are collectively the "Employee Stock-Based Awards". Stock-based compensation expense for Employee Stock-Based Awards for the three and nine months ended September 30, 2016 was \$5,957 (\$4,245 after tax or \$0.02 per basic and diluted share) and \$21,870 (\$16,170 after tax or \$0.07 per basic and diluted share), respectively. Stock-based compensation expense for Employee Stock-Based Awards for the three and nine months ended September 30, 2017 was \$7,761 (\$6,851 after tax or \$0.03 per basic and diluted share) and \$22,853 (\$20,174 after tax or \$0.08 per basic and diluted share), respectively. Stock-based compensation expense for Employee Stock-Based Awards included in the accompanying Condensed Consolidated Statements of Operations is as follows:

	Three Months Ended		Nine Months Ended	
	September 30,		September 30,	
	2016	2017	2016	2017
Cost of sales (excluding depreciation and amortization)	\$28	\$25	\$80	\$80
Selling, general and administrative expenses	5,929	7,736	21,790	22,773
Total stock-based compensation	\$5,957	\$7,761	\$21,870	\$22,853

Stock Options

A summary of our stock options outstanding as of September 30, 2017 by vesting terms is as follows:

	September 30, 2017		
	Stock Options Outstanding	% of Stock Options Outstanding	
Three-year vesting period (10 year contractual life)	3,386,180	88.5	%
Five-year vesting period (10 year contractual life)	442,171	11.5	%
	3,828,351	100.0	%

The weighted average fair value of stock options granted for the nine months ended September 30, 2016 and 2017 was \$2.55 and \$4.26 per share, respectively. These values were estimated on the date of grant using the Black-Scholes option pricing model. The weighted average assumptions used for grants in the respective periods are as follows:

	Nine Months Ended			
	September 30,			
Weighted Average Assumptions	2016	2017		
Expected volatility	27.2	%	25.8	%
Risk-free interest rate	1.32	%	1.96	%
Expected dividend yield	7	%	6	%
Expected life	5.6 years		5.0 years	

Expected volatility is calculated utilizing daily historical volatility over a period that equates to the expected life of the option. The risk-free interest rate was based on the United States Treasury interest rates whose term is consistent with the expected life (estimated period of time outstanding) of the stock options. Expected dividend yield is considered in the option pricing model and represents our current annualized expected per share dividends over the current trade price of our common stock. The expected life of the stock options granted is estimated using the historical exercise behavior of employees.

(Unaudited)

(2) Summary of Significant Accounting Policies (Continued)

A summary of stock option activity for the nine months ended September 30, 2017 is as follows:

	Stock Options	Weighted Average Exercise Price	Weighted Average Remaining Contractual Term (Years)	Average Intrinsic Value
Outstanding at December 31, 2016	3,451,698	\$ 31.79		
Granted	1,007,224	36.89		
Exercised	(572,677)	24.51		
Forfeited	(56,113)	33.50		
Expired	(1,781)	38.83		
Outstanding at September 30, 2017	3,828,351	\$ 34.20	7.42	\$21,436
Options exercisable at September 30, 2017	1,751,045	\$ 31.44	5.83	\$15,332
Options expected to vest	1,966,919	\$ 36.54	8.76	\$5,789

The aggregate intrinsic value of stock options exercised for the three and nine months ended September 30, 2016 and 2017 is as follows:

	Three Months Ended September 30, 2016		Nine Months Ended September 30, 2017	
Aggregate intrinsic value of stock options exercised	\$5,433	\$3,142	\$16,792	\$6,989

Restricted Stock Units

Under our various equity compensation plans, we may also grant RSUs. Our RSUs generally have a vesting period of between three and five years from the date of grant. However, RSUs granted to our non-employee directors vest immediately upon grant.

All RSUs accrue dividend equivalents associated with the underlying stock as we declare dividends. Dividends will generally be paid to holders of RSUs in cash upon the vesting date of the associated RSU and will be forfeited if the RSU does not vest. The fair value of RSUs is the excess of the market price of our common stock at the date of grant over the purchase price (which is typically zero).

Cash dividends accrued and paid on RSUs for the three and nine months ended September 30, 2016 and 2017 are as follows:

	Three Months Ended September 30, 2016		Nine Months Ended September 30, 2017	
Cash dividends accrued on RSUs	\$620	\$615	\$1,867	\$1,960
Cash dividends paid on RSUs	129	183	1,960	2,122

The fair value of RSUs vested during the three and nine months ended September 30, 2016 and 2017 is as follows:

	Three Months Ended September 30, 2016		Nine Months Ended September 30, 2017	

Fair value of RSUs vested \$1,486 \$1,933 \$19,271 \$18,006

14

Table of Contents

IRON MOUNTAIN INCORPORATED

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

(In Thousands, Except Share and Per Share Data)

(Unaudited)

(2) Summary of Significant Accounting Policies (Continued)

A summary of RSU activity for the nine months ended September 30, 2017 is as follows:

	RSUs	Weighted- Average Grant-Date Fair Value
Non-vested at December 31, 2016	1,163,393	\$ 33.21
Granted	592,119	36.66
Vested	(550,683)	32.70
Forfeited	(88,226)	34.98
Non-vested at September 30, 2017	1,116,603	\$ 35.15

Performance Units

Under our various equity compensation plans, we may also make awards of PUs. For the majority of outstanding PUs, the number of PUs earned is determined based on our performance against predefined targets of revenue and return on invested capital ("ROIC"). The number of PUs earned may range from 0% to 200% of the initial award. The number of PUs earned is determined based on our actual performance as compared to the targets at the end of a three-year performance period. Certain PUs that we grant will be earned based on a market condition associated with the total return on our common stock in relation to either (i) a subset of the Standard & Poor's 500 Index (for certain PUs granted prior to 2017), or (ii) a subset of the MSCI United States REIT Index (for certain PUs granted in 2017), rather than the revenue and ROIC targets noted above. The number of PUs earned based on the applicable market condition may range from 0% to 200% of the initial award.

All of our PUs will be settled in shares of our common stock and are subject to cliff vesting three years from the date of the original PU grant. PUs awarded to employees who terminate their employment during the three-year performance period and on or after attaining age 55 and completing 10 years of qualifying service are eligible for pro-rated vesting, subject to the actual achievement against the predefined targets or a market condition as discussed above, based on the number of full years of service completed following the grant date (but delivery of the shares remains deferred). As a result, PUs are generally expensed over the three-year performance period.

All PUs accrue dividend equivalents associated with the underlying stock as we declare dividends. Dividends will generally be paid to holders of PUs in cash upon the settlement date of the associated PU and will be forfeited if the PU does not vest.

Cash dividends accrued and paid on PUs for the three and nine months ended September 30, 2016 and 2017 are as follows:

	Three Months Ended September 30, 2016		Nine Months Ended September 30, 2017	
Cash dividends accrued on PUs	\$264	\$315	\$789	\$960
Cash dividends paid on PUs	—	—	645	205

Table of Contents

IRON MOUNTAIN INCORPORATED

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

(In Thousands, Except Share and Per Share Data)

(Unaudited)

(2) Summary of Significant Accounting Policies (Continued)

During the nine months ended September 30, 2017, we issued 229,692 PUs. The majority of our PUs are earned based on our performance against revenue and ROIC targets during their applicable performance period; therefore, we forecast the likelihood of achieving the predefined revenue and ROIC targets in order to calculate the expected PUs to be earned. We record a compensation charge based on either the forecasted PUs to be earned (during the performance period) or the actual PUs earned (at the three-year anniversary of the grant date) over the vesting period for each of the awards. The fair value of PUs based on our performance against revenue and ROIC targets is the excess of the market price of our common stock at the date of grant over the purchase price (which is typically zero). For PUs earned based on a market condition, we utilize a Monte Carlo simulation to fair value these awards at the date of grant, and such fair value is expensed over the three-year performance period. As of September 30, 2017, we expected 50%, 100% and 100% achievement of the predefined revenue and ROIC targets associated with the awards of PUs made in 2015, 2016 and 2017, respectively.

The fair value of earned PUs that vested during the three and nine months ended September 30, 2016 and 2017 is as follows:

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2016	2017	2016	2017
Fair value of earned PUs that vested	\$ 17	\$ 52	\$ 5,272	\$ 957

A summary of PU activity for the nine months ended September 30, 2017 is as follows:

	Original PU Awards	PU Adjustment(1)	Total PU Awards	Weighted- Average Grant-Date Fair Value
Non-vested at December 31, 2016	559,340	(121,038)	438,302	\$ 33.67
Granted	229,692	—	229,692	41.93
Vested	(34,242)	—	(34,242)	27.95
Forfeited/Performance or Market Conditions Not Achieved	(19,188)	(129,029)	(148,217)	29.66
Non-vested at September 30, 2017	735,602	(250,067)	485,535	\$ 39.20

Represents an increase or decrease in the number of original PUs awarded based on either the final performance (1) criteria or market condition achievement at the end of the performance period of such PUs or a change in estimated awards based on the forecasted performance against the predefined targets.

Employee Stock Purchase Plan

We offer an ESPP in which participation is available to substantially all United States and Canadian employees who meet certain service eligibility requirements. The price for shares purchased under the ESPP is 95% of the market price of our common stock at the end of the offering period, without a look-back feature. As a result, we do not recognize compensation expense for the ESPP shares purchased. For the nine months ended September 30, 2016 and 2017, there were 56,662 shares and 60,167 shares, respectively, purchased under the ESPP. As of September 30, 2017, we had 667,427 shares available under the ESPP.

Edgar Filing: IRON MOUNTAIN INC - Form 10-Q

As of September 30, 2017, unrecognized compensation cost related to the unvested portion of our Employee Stock-Based Awards was \$44,965 and is expected to be recognized over a weighted-average period of 2.0 years. We generally issue shares of our common stock for the exercises of stock options, the vesting of RSUs and PUs and under our ESPP from unissued reserved shares.

(Unaudited)

(2) Summary of Significant Accounting Policies (Continued)

d. Income (Loss) Per Share—Basic and Diluted

Basic income (loss) per common share is calculated by dividing income (loss) by the weighted average number of common shares outstanding. The calculation of diluted income (loss) per share is consistent with that of basic income (loss) per share but gives effect to all potential common shares (that is, securities such as stock options, RSUs or PUs) that were outstanding during the period, unless the effect is antidilutive.

The calculation of basic and diluted income (loss) per share for the three and nine months ended September 30, 2016 and 2017 is as follows:

	Three Months Ended		Nine Months Ended		
	September 30,		September 30,		
	2016	2017	2016	2017	
Income (loss) from continuing operations	\$5,759	\$ 25,382	\$54,080	\$ 167,374	
Less: Net income (loss) attributable to noncontrolling interests	720	(21) 1,822	2,853	
Income (loss) from continuing operations (utilized in numerator of Earnings Per Share calculation)	\$5,039	\$ 25,403	\$52,258	\$ 164,521	
Income (loss) from discontinued operations, net of tax	\$2,041	\$(1,058) \$3,628	\$(3,421)
Net income (loss) attributable to Iron Mountain Incorporated	\$7,080	\$ 24,345	\$55,886	\$ 161,100	
Weighted-average shares—basic	263,269,265	198,000	240,394,000	423,000	
Effect of dilutive potential stock options	640,202	414,258	628,263	423,688	
Effect of dilutive potential RSUs and PUs	592,773	526,725	497,658	446,002	
Weighted-average shares—diluted	264,501,265	138,983	241,519,265	292,690	
Earnings (losses) per share—basic:					
Income (loss) from continuing operations	\$0.02	\$ 0.10	\$0.22	\$ 0.62	
Income (loss) from discontinued operations, net of tax	0.01	—	0.02	(0.01)
Net income (loss) attributable to Iron Mountain Incorporated(1)	\$0.03	\$ 0.09	\$0.23	\$ 0.61	
Earnings (losses) per share—diluted:					
Income (loss) from continuing operations	\$0.02	\$ 0.10	\$0.22	\$ 0.62	
Income (loss) from discontinued operations, net of tax	0.01	—	0.02	(0.01)
Net income (loss) attributable to Iron Mountain Incorporated(1)	\$0.03	\$ 0.09	\$0.23	\$ 0.61	
Antidilutive stock options, RSUs and PUs, excluded from the calculation	759,478	2,620,225	1,725,249	2,605,203

(2) Summary of Significant Accounting Policies (Continued)

e. Income Taxes

We provide for income taxes during interim periods based on our estimate of the effective tax rate for the year. Discrete items and changes in our estimate of the annual effective tax rate are recorded in the period they occur. Our effective tax rate is subject to variability in the future due to, among other items: (1) changes in the mix of income between our qualified REIT subsidiaries ("QRSs") and our domestic taxable REIT subsidiaries ("TRSs"), as well as among the jurisdictions in which we operate; (2) tax law changes; (3) volatility in foreign exchange gains and losses; (4) the timing of the establishment and reversal of tax reserves; and (5) our ability to utilize net operating losses that we generate.

Our effective tax rates for the three and nine months ended September 30, 2016 were 81.2% and 46.2%, respectively. The primary reconciling items between the federal statutory tax rate of 35.0% and our overall effective tax rates for the three and nine months ended September 30, 2016 were the benefit derived from the dividends paid deduction, differences in the rates of tax at which our foreign earnings are subject, including foreign exchange gains and losses in different jurisdictions with different tax rates, and the impact of the \$14,000 charge (described in Note 2.i.) recorded during the third quarter of 2016 related to the anticipated loss on disposal of the Australia Divestment Business (as defined in Note 6 to Notes to Consolidated Financial Statements included in our Annual Report), which had no associated tax benefit. Our effective tax rates for the three and nine months ended September 30, 2017 were 8.0% and 15.1%, respectively. The primary reconciling items between the federal statutory tax rate of 35.0% and our overall effective tax rate for the three months ended September 30, 2017 were the benefit derived from the dividends paid deduction, differences in the rates of tax at which our foreign earnings are subject and a release of valuation allowances on certain of our foreign net operating losses of \$18,457 as a result of the merger of certain of our foreign subsidiaries. The primary reconciling items between the federal statutory tax rate of 35.0% and our overall effective tax rate for the nine months ended September 30, 2017 were the benefit derived from the dividends paid deduction, differences in the rates of tax at which our foreign earnings are subject and a release of valuation allowances on certain of our foreign net operating losses of \$25,968 as a result of the merger of certain of our foreign subsidiaries.

During 2016, as a result of the closing of the Recall Transaction and the subsequent integration of Recall's operations into our operations, we reassessed our intentions regarding the indefinite reinvestment of current and future undistributed earnings of our unconverted foreign TRSs outside the United States (the "2016 Indefinite Reinvestment Assessment"). As a result of the 2016 Indefinite Reinvestment Assessment, we concluded that it is our intent to indefinitely reinvest our current and future undistributed earnings of our unconverted foreign TRSs outside the United States. Accordingly, we no longer provide incremental foreign withholding taxes on the retained book earnings of these unconverted foreign TRSs. As a REIT, future repatriation of incremental undistributed earnings of our foreign subsidiaries will not be subject to federal or state income tax, with the exception of foreign withholding taxes in limited instances; however, such future repatriations will require distribution in accordance with REIT distribution rules, and any such distribution may then be taxable, as appropriate, at the stockholder level. We continue, however, to provide for incremental foreign withholding taxes on net book over outside basis differences related to the earnings of our foreign QRSs and certain of our converted TRSs.

f. Concentrations of Credit Risk

Financial instruments that potentially subject us to credit risk consist principally of cash and cash equivalents (including time deposits) and accounts receivable. The only significant concentrations of liquid investments as of December 31, 2016 and September 30, 2017, respectively, related to cash and cash equivalents. At December 31, 2016 and September 30, 2017, we had time deposits with six global banks. As of December 31, 2016 and September 30, 2017, our cash and cash equivalents was \$236,484 and \$337,886, respectively, including time deposits of \$22,240 and \$55,132, respectively.

g. Fair Value Measurements

Our financial assets or liabilities that are carried at fair value are required to be measured using inputs from the three levels of the fair value hierarchy. A financial asset or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement.

The three levels of the fair value hierarchy are as follows:

Level 1—Inputs are unadjusted quoted prices in active markets for identical assets or liabilities that we have the ability to access at the measurement date.

Level 2—Inputs include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability (i.e., interest rates, yield curves, etc.), and inputs that are derived principally from or corroborated by observable market data by correlation or other means (market corroborated inputs).

Level 3—Unobservable inputs that reflect our assumptions about the assumptions that market participants would use in pricing the asset or liability.

The assets and liabilities carried at fair value measured on a recurring basis as of December 31, 2016 and September 30, 2017, respectively, are as follows:

Description	Total Carrying Value at December 31, 2016	Fair Value Measurements at December 31, 2016 Using		
		Quoted prices in active markets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Time Deposits(1)	\$ 22,240	\$—	\$ 22,240	\$ —
Trading Securities	10,659	10,659	—	(1) —
Description	Total Carrying Value at September 30, 2017	Fair Value Measurements at September 30, 2017 Using		
		Quoted prices in active markets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Time Deposits(1)	\$ 55,132	\$—	\$ 55,132	\$ —
Trading Securities	11,252	10,741	511	(1) —
Derivative Assets(3)	808	—	808	—

Time deposits and certain trading securities (included in Prepaid expenses and other in our Condensed (1) Consolidated Balance Sheets) are measured based on quoted prices for similar assets and/or subsequent transactions.

(2) Certain trading securities are measured at fair value using quoted market prices.

Derivative assets relate to short-term (six months or less) foreign currency contracts that we have entered into to hedge certain of our foreign exchange intercompany exposures, as more fully disclosed at Note 3. We calculate the value of such forward contracts by adjusting the spot rate utilized at the balance sheet date for translation purposes by an estimate of the forward points observed in active markets.

(Unaudited)

(2) Summary of Significant Accounting Policies (Continued)

Disclosures are required in the financial statements for items measured at fair value on a non-recurring basis. We did not have any material items that are measured at fair value on a non-recurring basis at December 31, 2016 and September 30, 2017, with the exception of: (i) goodwill (as disclosed in Note 2.b.); (ii) the assets and liabilities acquired through acquisitions (as disclosed in Note 6 to Notes to Consolidated Financial Statements included in our Annual Report and Note 4); (iii) the Access Contingent Consideration (as defined and disclosed in Note 10); (iv) the redemption value of certain redeemable noncontrolling interests (as disclosed in Note 2.x. in Notes to Consolidated Financial Statements included in our Annual Report); and (v) our investment in OSG Records Management (Europe) Limited (as disclosed in Note 10), all of which are based on Level 3 inputs.

The fair value of our long-term debt, which was determined based on either Level 1 inputs or Level 3 inputs, is disclosed in Note 5. Long-term debt is measured at cost in our Condensed Consolidated Balance Sheets as of December 31, 2016 and September 30, 2017.

h. Accumulated Other Comprehensive Items, Net

The changes in accumulated other comprehensive items, net for the three months ended September 30, 2016 and 2017, respectively, are as follows:

	Foreign Currency Translation Adjustments	Market Value Adjustments for Securities	Total
Balance as of June 30, 2016	\$ (149,289)	\$ —	—\$(149,289)
Other comprehensive income (loss):			
Foreign currency translation adjustments	10,843	—	10,843
Total other comprehensive income (loss)	10,843	—	10,843
Balance as of September 30, 2016	\$ (138,446)	\$ —	—\$(138,446)

	Foreign Currency Translation Adjustments	Market Value Adjustments for Securities	Total
Balance as of June 30, 2017	\$ (153,590)	\$ —	—\$(153,590)
Other comprehensive income (loss):			
Foreign currency translation adjustments	38,247	—	38,247
Total other comprehensive income (loss)	38,247	—	38,247
Balance as of September 30, 2017	\$ (115,343)	\$ —	—\$(115,343)

The changes in accumulated other comprehensive items, net for the nine months ended September 30, 2016 and 2017, respectively, are as follows:

	Foreign Currency Translation Adjustments	Market Value Adjustments for Securities	Total
Balance as of December 31, 2015	\$ (175,651)	\$ 734	\$(174,917)
Other comprehensive income (loss):			
Foreign currency translation adjustments	37,205	—	37,205

Edgar Filing: IRON MOUNTAIN INC - Form 10-Q

Market value adjustments for securities	—	(734)	(734)
Total other comprehensive income (loss)	37,205	(734)	36,471	
Balance as of September 30, 2016	\$(138,446))	\$ —	\$(138,446)

(Unaudited)

(2) Summary of Significant Accounting Policies (Continued)

	Foreign Currency Translation Adjustments	Market Value Adjustments for Securities	Total
Balance as of December 31, 2016	\$ (212,573)	\$	—\$(212,573)
Other comprehensive income (loss):			
Foreign currency translation adjustments(1)	97,230	—	97,230
Total other comprehensive income (loss)	97,230	—	97,230
Balance as of September 30, 2017	\$ (115,343)	\$	—\$(115,343)

During the nine months ended September 30, 2017, approximately \$29,100 of cumulative translation adjustment (1) associated with our businesses in Russia and Ukraine was reclassified from accumulated other comprehensive items, net and was included in the gain on sale associated with the Russia and Ukraine Divestment (see Note 10).

i. Other Expense (Income), Net

Other expense (income), net for the three and nine months ended September 30, 2016 and 2017 consists of the following:

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2016	2017	2016	2017
Foreign currency transaction losses (gains), net	\$ 10,685	\$ 11,865	\$ 15,336	\$ 27,900
Debt extinguishment expense	—	48,298	9,283	48,298
Other, net	12,617	(684)	12,387	(42,449)
	\$ 23,302	\$ 59,479	\$ 37,006	\$ 33,749

We recorded a charge of \$9,283 in the nine months ended September 30, 2016 related to the termination of an \$850,000 unsecured bridge term loan during the second quarter of 2016 (which is described more fully in our Annual Report), which primarily consisted of the write-off of unamortized deferred financing costs. We recorded a charge of \$48,298 in the three and nine months ended September 30, 2017, primarily related to the early extinguishment of (i) the 6% Senior Notes due 2020 and (ii) the CAD Notes due 2021 (each as defined and described more fully in Note 5), consisting of the write-off of unamortized deferred financing costs and call premiums.

Other, net for the three and nine months ended September 30, 2016 includes a charge of \$14,000 associated with the anticipated loss on disposal of the Australia Divestment Business (as defined in Note 6 to Notes to Consolidated Financial Statements included in our Annual Report). The Australia Divestment Business, which was sold on October 31, 2016 (see Note 10), met the criteria to be reported as held for sale beginning in the second quarter of 2016 and, therefore, the Australia Divestment Business was reflected in our Condensed Consolidated Balance Sheet as of September 30, 2016 at the lower of its carrying value or its fair value (less costs to sell). This charge represents the excess of the carrying value of the Australia Divestment Business compared to its fair value (less costs to sell) as of September 30, 2016, based upon the sale price of the business.

Other, net for the nine months ended September 30, 2017 includes a gain of \$38,869 associated with the Russia and Ukraine Divestment (see Note 10).

(2) Summary of Significant Accounting Policies (Continued)

j. Property, Plant and Equipment and Long-Lived Assets

During the three and nine months ended September 30, 2016, we capitalized \$3,601 and \$12,139 of costs, respectively, associated with the development of internal use computer software projects. During the three and nine months ended September 30, 2017, we capitalized \$5,872 and \$17,792 of costs, respectively, associated with the development of internal use computer software projects.

Consolidated gain on disposal/write-down of property, plant and equipment (excluding real estate), net for the three and nine months ended September 30, 2016 was \$54 and \$1,131, respectively, and \$292 and \$967 for the three and nine months ended September 30, 2017, respectively. These gains are primarily associated with the retirement of leased vehicles accounted for as capital lease assets within our North American Records and Information Management Business segment.

Consolidated gain on sale of real estate, net of tax, for the three and nine months ended September 30, 2016 was \$325 associated with the sale of land in the United States and Canada. Consolidated gain on sale of real estate for the nine months ended September 30, 2017 was \$925, net of tax of \$640, and consisted of the sale of land and a building in the United States for net proceeds of approximately \$12,700.

k. New Accounting Pronouncements

Recently Adopted Accounting Pronouncements

In January 2017, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2017-04, Intangibles - Goodwill and Other (Topic 350): Simplifying the Test for Goodwill Impairment ("ASU 2017-04"). ASU 2017-04 modifies the process by which entities will test goodwill for impairment. Under existing GAAP, when the carrying value of a reporting unit exceeds the reporting unit's fair value, an entity would then proceed to a "Step 2" goodwill impairment analysis, which requires calculating the implied fair value of goodwill by assigning the fair value of a reporting unit to all of its assets and liabilities, as if that reporting unit had been acquired in a business combination. Under ASU 2017-04, a goodwill impairment will be the amount by which a reporting unit's carrying value exceeds its fair value, not to exceed the carrying value of the reporting unit's goodwill. We adopted ASU 2017-04 in the first quarter of 2017. ASU 2017-04 did not impact our consolidated financial statements.

In January 2017, the FASB issued ASU No. 2017-01, Business Combinations (Topic 805): Clarifying the Definition of a Business ("ASU 2017-01"). ASU 2017-01 provides greater clarity on the definition of a business to assist entities in evaluating whether transactions should be accounted for as an acquisition or disposal of assets or businesses. We adopted ASU 2017-01 in the third quarter of 2017. ASU 2017-01 did not have a material impact on our consolidated financial statements.

As Yet Adopted Accounting Pronouncements

a. ASU 2014-09

In May 2014, the FASB issued ASU No. 2014-09, Revenue from Contracts with Customers (Topic 606) ("ASU 2014-09"). ASU 2014-09 provides guidance for management to reassess revenue recognition as it relates to: (1) transfer of control, (2) variable consideration, (3) allocation of transaction price based on relative standalone selling price, (4) licenses, (5) time value of money, and (6) contract costs.

Table of Contents

IRON MOUNTAIN INCORPORATED

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

(In Thousands, Except Share and Per Share Data)

(Unaudited)

(2) Summary of Significant Accounting Policies (Continued)

ASU 2014-09 will replace the current revenue recognition criteria under GAAP, including industry-specific requirements, and provide companies with a single revenue recognition model for recognizing revenue from contracts with customers. The core principle of ASU 2014-09 is that a company should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the company expects to be entitled in exchange for such goods or services. The two permitted transition methods under ASU 2014-09 are: (i) the full retrospective method, whereby ASU 2014-09 would be applied to each prior reporting period presented and the cumulative effect of adoption would be recognized at the earliest period shown, or (ii) the modified retrospective method, whereby the cumulative effect of applying ASU 2014-09 would be recognized at the date of initial application. In August 2015, the FASB issued ASU No. 2015-14, Revenue from Contracts with Customers (Topic 606): Deferral of the Effective Date, which deferred the effective date of ASU 2014-09 for one year, making ASU 2014-09 effective for us on January 1, 2018, with early adoption permitted as of January 1, 2017. We will adopt ASU 2014-09 as of January 1, 2018 using the modified retrospective method.

During 2015, we established a project team responsible for the assessment and implementation of ASU 2014-09. We utilized a bottoms-up approach to analyze the impact of ASU 2014-09 on our contracts with customers by reviewing our current accounting policies and practices to identify potential differences that would result from applying the requirements of ASU 2014-09 to our contracts with customers. We are currently in the process of designing and implementing appropriate changes to our business processes, systems and controls to support the accounting and the financial disclosure requirements under ASU 2014-09. We have been closely monitoring the FASB activity related to specific interpretative issues pertaining to ASU 2014-09. During the second half of 2016, we substantially completed our evaluation of the potential changes resulting from the adoption of ASU 2014-09 on our accounting and the financial disclosure requirements and are currently assessing the quantification of the impacts of adopting ASU 2014-09 on our consolidated financial statements, the more significant of which are discussed below. Based on our analysis to date, we expect that the most significant impacts associated with adopting ASU 2014-09 compared to current GAAP will relate to (i) the deferral of certain commissions related to our long-term storage contracts (“Accounting for Commissions”) and (ii) certain policy changes related to initial moves of physical storage (“Accounting for Initial Moves”).

i. Accounting for Commissions

Under current GAAP, commissions that we pay related to our long-term storage contracts are expensed as incurred. Under ASU 2014-09, however, certain commissions will be capitalized and amortized over the period of expected earned revenue. In the year of adoption, this will result in increased contract assets on our Consolidated Balance Sheet, a reduction in selling, general and administrative expenses and a corresponding increase in amortization expense (assuming consistent levels of spending up through the adoption date) on our Consolidated Statement of Operations and an increase in cash flows from operating activities and a corresponding increase in cash used for investing activities on our Consolidated Statement of Cash Flows.

ii. Accounting for Initial Moves

Under current GAAP, intake costs incurred but not charged to a customer to transport records to our facilities, which include labor and transportation costs, are capitalized and amortized as a component of depreciation and amortization in our Consolidated Statements of Operations. Under ASU 2014-09, however, the revenue and costs associated with all initial moves of physical storage, regardless of whether or not the services associated with such initial moves are

provided to the customer at no charge, will be deferred and recognized over the period consistent with the transfer of the service to the customer to which the asset relates. In the year of adoption, this will result in decreased assets and increased deferred revenue on our Consolidated Balance Sheet, a reduction in cost of sales and a corresponding increase in amortization expense (assuming consistent levels of initial move spending through the adoption date) on our Consolidated Statement of Operations and an increase in cash flows from operating activities and a corresponding increase in cash used for investing activities on our Consolidated Statement of Cash Flows.

b. Other As Yet Adopted Accounting Pronouncements

In January 2016, the FASB issued ASU No. 2016-01, Financial Instruments - Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities ("ASU 2016-01"). ASU 2016-01 requires that most equity investments be measured at fair value, with subsequent changes in fair value recognized in net income, while eliminating the available-for-sale classification for equity securities with readily determinable fair values and the cost method for equity investments without readily determinable fair values. ASU 2016-01 also impacts financial liabilities under the fair value option and the presentation and disclosure requirements for financial instruments. ASU 2016-01 is effective for us on January 1, 2018. We will adopt ASU 2016-01 on January 1, 2018 and are currently evaluating the impact ASU 2016-01 will have on our consolidated financial statements.

In February 2016, the FASB issued ASU No. 2016-02, Leases (Topic 842) ("ASU 2016-02"). ASU 2016-02 requires lessees to recognize assets and liabilities on the balance sheet for the rights and obligations created by all leases with terms of more than 12 months. ASU 2016-02 also will require certain qualitative and quantitative disclosures designed to give financial statement users information on the amount, timing, and uncertainty of cash flows arising from leases. ASU 2016-02 will be effective for us on January 1, 2019, with early adoption permitted. We will adopt ASU 2016-02 on January 1, 2019 and are currently evaluating the impact ASU 2016-02 will have on our consolidated financial statements.

In November 2016, the FASB issued ASU No. 2016-18, Statement of Cash Flows (Topic 230): Restricted Cash ("ASU 2016-18"). ASU 2016-18 provides guidance on the classification of restricted cash in the statement of cash flows. ASU 2016-18 is effective for us on January 1, 2018, with early adoption permitted and is required to be adopted on a retrospective basis. We do not believe that the adoption of ASU 2016-18 will have a material impact on our consolidated financial statements.

In August 2017, the FASB issued ASU No. 2017-12, Derivatives and Hedging (Topic 815): Targeted Improvements to Accounting for Hedging Activities ("ASU 2017-12"). ASU 2017-12 amends the hedge accounting recognition and presentation requirements as outlined in Accounting Standards Codification Topic 815 with the objective of improving the financial reporting of hedging relationships to better portray the economic results of an entity's risk management activities in its financial statements and enhance the transparency and understandability of hedge transactions. In addition, ASU 2017-12 makes improvements to simplify the application of the hedge accounting guidance. ASU 2017-12 is effective for us on January 1, 2019, with early adoption permitted. We are currently evaluating the impact ASU 2017-12 will have on our consolidated financial statements.

Table of Contents

IRON MOUNTAIN INCORPORATED

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

(In Thousands, Except Share and Per Share Data)

(Unaudited)

(3) Derivative Instruments and Hedging Activities

Historically, we have entered into forward contracts to hedge our exposures associated with certain foreign currencies. At the maturity of the forward contracts, we may enter into new forward contracts to hedge movements in the underlying currencies. At the time of settlement, we either pay or receive the net settlement amount from the forward contract and recognize this amount in Other expense (income), net in the Consolidated Statements of Operations as a realized foreign exchange gain or loss. At the end of each month, we mark the outstanding forward contracts to market and record an unrealized foreign exchange gain or loss for the mark-to-market valuation. We have not designated any of the forward contracts we have entered into as hedges. Our policy is to record the fair value of each derivative instrument on a gross basis. As of December 31, 2016, we had no forward contracts outstanding. As of September 30, 2017, we had outstanding forward contracts to purchase 135,000 Euros and sell \$159,591 United States dollars to hedge our foreign exchange exposures associated with the Euro. As of September 30, 2017, we recorded a derivative asset of \$808 as a component of Prepaid expenses and other on our Condensed Consolidated Balance Sheet, associated with open forward contracts as of September 30, 2017. During the three and nine months ended September 30, 2016, there were no cash receipts or payments included in cash from operating activities from continuing operations related to settlements associated with foreign currency forward contracts. During the three and nine months ended September 30, 2017, cash receipts included in cash from operating activities from continuing operations related to settlements associated with foreign currency forward contracts was \$7,643 and \$8,536, respectively.

We have designated a portion of our (i) Euro denominated borrowings by IMI under our Former Revolving Credit Facility and (ii) Euro Notes (as defined in Note 5) as a hedge of net investment of certain of our Euro denominated subsidiaries. For the nine months ended September 30, 2016, we designated, on average, 29,858 Euros of our Euro denominated borrowings by IMI under our Former Revolving Credit Facility as a hedge of net investment of certain of our Euro denominated subsidiaries. For the nine months ended September 30, 2017, we designated, on average, 84,443 Euros of our Euro denominated borrowings by IMI under our Former Revolving Credit Facility and Euro Notes as a hedge of net investment of certain of our Euro denominated subsidiaries. As a result, we recorded the following foreign exchange gains (losses), net of tax, related to the change in fair value of such debt due to currency translation adjustments, which is a component of accumulated other comprehensive items, net:

	Three Months		Nine Months	
	Ended		Ended	
	September 30,		September 30,	
	2016	2017	2016	2017
Foreign exchange (losses) gains	\$(313)	\$(4,211)	\$(901)	\$(12,359)
Less: Tax (benefit) expense on foreign exchange (losses) gains	—	—	—	—
Foreign exchange (losses) gains, net of tax	\$(313)	\$(4,211)	\$(901)	\$(12,359)

As of September 30, 2017, cumulative net gains of \$5,844, net of tax, are recorded in accumulated other comprehensive items, net associated with this net investment hedge.

(4) Acquisitions

We account for acquisitions using the acquisition method of accounting, and, accordingly, the assets and liabilities acquired are recorded at their estimated fair values and the results of operations for each acquisition have been included in our consolidated results from their respective acquisition dates. Cash consideration for our various acquisitions completed in 2017 was primarily provided through cash flows from operating activities and borrowings, as well as cash and cash equivalents on-hand.

a. Acquisition of Recall in 2016

On May 2, 2016 (Sydney, Australia time), we completed the Recall Transaction. At the closing of the Recall Transaction, we paid approximately \$331,800 in cash and issued 50,233,412 shares of our common stock which, based on the closing price of our common stock as of April 29, 2016 (the last day of trading on the New York Stock Exchange ("NYSE") prior to the closing of the Recall Transaction) of \$36.53 per share, resulted in a total purchase price to Recall shareholders of approximately \$2,166,900.

In connection with the acquisition of Recall, we sought regulatory approval of the Recall Transaction from the United States Department of Justice (the "DOJ"), the Australian Competition and Consumer Commission (the "ACCC"), the Canada Competition Bureau (the "CCB") and the United Kingdom Competition and Markets Authority (the "CMA").

As part of the regulatory approval process, we agreed to make certain divestments in order to address competition concerns raised by the DOJ, the ACCC, the CCB and the CMA in respect of the Recall Transaction (the "Divestments"). The Divestments, all of which were completed during the year ended December 31, 2016, are defined in Note 6 to Notes to Consolidated Financial Statements included in our Annual Report and are described in greater detail within that note, as well as within Note 10 in this Quarterly Report, were as follows:

i. United States

☛The Initial United States Divestments

☛The Seattle/Atlanta Divestments

ii. Australia

☛The Australia Divestment Business

iii. Canada

☛The Recall Canadian Divestments

☛The Iron Mountain Canadian Divestments

iv. United Kingdom

☛The UK Divestments

(4) Acquisitions (Continued)

The unaudited consolidated pro forma financial information (the "Pro Forma Financial Information") below summarizes the combined results of us and Recall on a pro forma basis as if the Recall Transaction had occurred on January 1, 2015. The Pro Forma Financial Information is presented for informational purposes and is not necessarily indicative of the results of operations that would have been achieved if the acquisition had taken place on January 1, 2015. The Pro Forma Financial Information, for all periods presented, includes adjustments to convert Recall's historical results from International Financial Reporting Standards to GAAP, purchase accounting adjustments (including amortization expenses from acquired intangible assets, depreciation of acquired property, plant and equipment and amortization of favorable and unfavorable operating leases), stock-based compensation and related tax effects. Through September 30, 2017, we and Recall have collectively incurred \$140,661 of operating expenditures to complete the Recall Transaction (including advisory and professional fees and costs to complete the Divestments and to provide transitional services required to support the divested businesses during a transition period). These operating expenditures have been reflected within the results of operations in the Pro Forma Financial Information as if they were incurred on January 1, 2015. The costs we have incurred to integrate Recall with our existing operations, including moving, severance, facility upgrade, REIT conversion and system upgrade costs are reflected in the Pro Forma Financial Information in the period in which they were incurred.

The Pro Forma Financial Information, for all periods presented, excludes from income (loss) from continuing operations the results of operations of the Initial United States Divestments, the Seattle/Atlanta Divestments, the Recall Canadian Divestments and the UK Divestments, as these businesses are presented as discontinued operations. See Note 10 for information regarding our conclusion with respect to the presentation of these divestments as discontinued operations. The results of the Australia Divestment Business and the Iron Mountain Canadian Divestments are included within the results from continuing operations in the Pro Forma Financial Information through the closing date of the Australia Sale (as defined in Note 10), in the case of the Australia Divestment Business, and through the closing date of the ARKIVE Sale (as defined in Note 10), in the case of the Iron Mountain Canadian Divestments, as these businesses do not qualify for discontinued operations. See Note 10 for information regarding our conclusion that these divestments do not meet the criteria to be reported as discontinued operations. The Australia Divestment Business and the Iron Mountain Canadian Divestments, collectively, represent \$12,951 and \$39,678 of total revenues for the three and nine months ended September 30, 2016, respectively, and \$1,012 and \$2,504 of total income from continuing operations for the three and nine months ended September 30, 2016, respectively.

	Three Months Ended September 30, 2016	Nine Months Ended September 30, 2016
Total Revenues	\$942,822	\$2,829,736
Income from Continuing Operations	\$7,843	\$86,677
Per Share Income from Continuing Operations - Basic	\$0.03	\$0.33
Per Share Income from Continuing Operations - Diluted	\$0.03	\$0.33

In addition to our acquisition of Recall, we completed certain other acquisitions during 2016 and 2017. The Pro Forma Financial Information does not reflect these acquisitions due to the insignificant impact of these acquisitions on our consolidated results of operations.

(4) Acquisitions (Continued)

b. Other Noteworthy Acquisitions

In November 2016, we entered into a binding agreement to acquire the information management assets and operations of Santa Fe Group A/S ("Santa Fe") in ten regions within Europe and Asia in order to expand our presence in southeast Asia and western Europe. In December 2016, we acquired the information management assets and operations of Santa Fe in Hong Kong, Malaysia, Singapore, Spain and Taiwan (the "2016 Santa Fe Transaction") for approximately 15,200 Euros (approximately \$16,000, based upon the exchange rate between the United States dollar and the Euro as of December 30, 2016, the closing date of the 2016 Santa Fe Transaction). Of the total purchase price, 13,500 Euros (or approximately \$14,200, based upon the exchange rate between the United States dollar and the Euro on the closing date of the 2016 Santa Fe Transaction) was paid during the year ended December 31, 2016, and the remaining balance is due on the 18-month anniversary of the closing of the 2016 Santa Fe Transaction. During the first half of 2017, we acquired, in two separate transactions, (i) the information management assets and operations of Santa Fe in Macau and South Korea, and (ii) the information management assets and operations of Santa Fe in India, Indonesia and the Philippines (collectively, the "2017 Santa Fe Transaction") for an aggregate purchase price of approximately 11,700 Euros (or approximately \$13,000, based upon the exchange rate between the United States dollar and the Euro on the closing dates of the respective transactions).

In June 2017, in order to expand our presence in Peru, we acquired the information management assets and operations of Ransa Comercial, S.A. and Depositos, S.A. (the "Ransa and Depositos Transaction"), two records and information management companies with operations in Peru, for approximately \$14,700.

In July 2017, in order to expand our European operations, we acquired Fileminders Ltd., a storage and records management company with operations in Cyprus (the "Fileminders Transaction"), for approximately 24,900 Euros (or approximately \$28,500, based upon the exchange rate between the United States dollar and the Euro on the closing date of the acquisition).

In September 2017, in order to expand our data center operations in the United States, we acquired Mag Datacenters LLC, which operates Fortrust LLC ("Fortrust"), a private data center business with operations in Denver, Colorado (the "Fortrust Transaction"). At the closing of the Fortrust Transaction, we paid approximately \$54,500 in cash (the "Fortrust Cash Consideration") and issued 2,193,637 shares of our common stock (the "Fortrust Stock Consideration"). The shares of our common stock issued to the former owners of Fortrust in connection with the Fortrust Transaction contain certain restrictions that impact the marketability of such shares for a period of six months following the closing date of the Fortrust Transaction (the "Lack of Marketability Restriction"). The 2,193,637 shares issued as part of the Fortrust Stock Consideration were valued at approximately \$37.84 per share, which represents the closing price of our common stock as of August 31, 2017 (the last day of trading on the NYSE prior to the closing of the Fortrust Transaction), discounted for the Lack of Marketability Restriction, resulting in a total purchase price (including the Fortrust Cash Consideration and the Fortrust Stock Consideration) of approximately \$137,500.

In September 2017, in order to expand our existing entertainment services operations in the United States and to expand our entertainment services operations into Canada, France, Hong Kong, the Netherlands and the United Kingdom, we acquired Bonded Services of America, Inc. and Bonded Services Acquisition, Ltd., providers of media asset management services for global entertainment and media companies (the "Bonded Transaction"), for approximately 62,000 British pounds sterling (or approximately \$83,000, based upon the exchange rate between the British pound sterling and the United States dollar on September 29, 2017, the closing date of the Bonded

Transaction).

In addition to the transactions noted above, during 2017, in order to enhance our existing operations in the United States, Greece and South Africa and to expand our operations into the United Arab Emirates, we completed the acquisition of three storage and records management companies, one storage and data management company and one art storage company for total consideration of approximately \$15,100. The individual purchase prices of these acquisitions ranged from approximately \$1,400 to approximately \$4,400.

(Unaudited)

(4) Acquisitions (Continued)

A summary of the cumulative consideration paid and the preliminary allocation of the purchase price paid for all of our 2017 acquisitions through September 30, 2017 is as follows:

Cash Paid (gross of cash acquired)(1)	\$207,772
Fair Value of Common Stock Issued	83,014
Fair Value of Noncontrolling Interests	1,497
Total Consideration	292,283
Fair Value of Identifiable Assets Acquired:	
Cash	13,781
Accounts Receivable and Prepaid Expenses	15,648
Other Assets	1,687
Property, Plant and Equipment(2)	135,369
Customer Relationship Intangible Assets & Acquired in Place Lease Value(3)	86,052
Other Intangible Assets	14,487
Debt Assumed	(3,934)
Accounts Payable, Accrued Expenses and Other Liabilities	(22,200)
Deferred Income Taxes	(10,004)
Total Fair Value of Identifiable Net Assets Acquired	230,886
Goodwill Initially Recorded(4)	\$61,397

Included in cash paid for acquisitions in the Condensed Consolidated Statement of Cash Flows for the nine months (1) ended September 30, 2017 is net cash acquired of \$13,781 and contingent and other payments, net of \$137 related to acquisitions made in previous years.

Consists primarily of building, building improvements, racking structures and warehouse equipment. These assets (2) are depreciated using the straight-line method with the useful lives as noted in Note 2.f. to Notes to Consolidated Financial Statements included in our Annual Report.

The weighted average lives of customer relationship intangible assets associated with acquisitions in 2017 was 11 (3) years. The weighted average life of the acquired in place lease value associated with acquisitions in 2017 was 6 years.

(4) The goodwill associated with acquisitions is primarily attributable to the assembled workforce, expanded market opportunities and costs and other operating synergies anticipated upon the integration of the operations of us and the acquired businesses.

IRON MOUNTAIN INCORPORATED

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

(In Thousands, Except Share and Per Share Data)

(Unaudited)

(4) Acquisitions (Continued)

Allocations of the purchase price for acquisitions made in 2016 and 2017 were based on estimates of the fair value of the net assets acquired and are subject to adjustment upon the finalization of the purchase price allocations. The accounting for business combinations requires estimates and judgments as to expectations for future cash flows of the acquired business, and the allocations of those cash flows to identifiable tangible and intangible assets, in determining the assets acquired and liabilities assumed. The fair values assigned to tangible and intangible assets acquired and liabilities assumed, including contingent consideration, are based on management's best estimates and assumptions, as well as other information compiled by management, including valuations that utilize customary valuation procedures and techniques. The estimates and assumptions underlying the initial valuations are subject to the collection of information necessary to complete the valuations within the measurement periods, which are up to one year from the respective acquisition dates. The preliminary purchase price allocations that are not finalized as of September 30, 2017 primarily relate to the final assessment of the fair values of intangible assets (primarily customer relationship intangible assets and acquired in-place lease value), property, plant and equipment (primarily building, building improvements and racking structures), operating leases, contingencies and income taxes (primarily deferred income taxes), primarily associated with the 2017 Santa Fe Transaction, the Ransa and Depositos Transaction, the Fileminders Transaction, the Fortrust Transaction, the Bonded Transaction, as well as other acquisitions which closed in 2017.

As the valuation of certain assets and liabilities for purposes of purchase price allocations are preliminary in nature, they are subject to adjustment as additional information is obtained about the facts and circumstances regarding these assets and liabilities that existed at the acquisition date. Any adjustments to our estimates of purchase price allocation will be made in the periods in which the adjustments are determined and the cumulative effect of such adjustments will be calculated as if the adjustments had been completed as of the acquisition dates. Adjustments recorded during the three and nine months ended September 30, 2017 were not material to our results from operations.

(5) Debt (Continued)

(3) Collectively, the "CAD Notes".

The fair value (Level 1 of fair value hierarchy described in Note 2.s. to Notes to Consolidated Financial Statements (4) included in our Annual Report) of the Euro Notes and the 4⁷/₈% Notes is based upon quoted market prices for the Euro Notes and the 4⁷/₈% Notes on September 30, 2017.

See Note 4 to Notes to Consolidated Financial Statements included in our Annual Report for additional information regarding our long-term debt, including the direct obligors of each of our debt instruments as well as information regarding the fair value of our debt instruments (including the levels of the fair value hierarchy used to determine the fair value of our debt instruments). The levels of the fair value hierarchy used to determine the fair value of our debt as of September 30, 2017 are consistent with the levels of the fair value hierarchy used to determine the fair value of our debt as of December 31, 2016 (which are disclosed in our Annual Report). Additionally, see Note 6 for information regarding which of our consolidated subsidiaries guarantee certain of our debt instruments.

a. Credit Agreement

On August 21, 2017, we entered into a new credit agreement (the "Credit Agreement") which amended and restated our then existing credit agreement (the "Former Credit Agreement") which consisted of a revolving credit facility (the "Former Revolving Credit Facility") and a term loan (the "Former Term Loan") and was scheduled to terminate on July 6, 2019. The Credit Agreement consists of a revolving credit facility (the "Revolving Credit Facility") and a term loan (the "Term Loan"). The maximum amount permitted to be borrowed under the Revolving Credit Facility is \$1,750,000. The original amount of the Term Loan is \$250,000. We have the option to request additional commitments of up to \$500,000, in the form of term loans or through increased commitments under the Revolving Credit Facility, subject to the conditions specified in the Credit Agreement. The Credit Agreement is scheduled to mature on August 21, 2022, at which point all obligations become due.

The Revolving Credit Facility is supported by a group of 24 banks and enables IMI and certain of its United States and foreign subsidiaries to borrow in United States dollars and (subject to sublimits) a variety of other currencies (including Canadian dollars, British pounds sterling and Euros, among other currencies) in an aggregate outstanding amount not to exceed \$1,750,000. The Term Loan is to be paid in quarterly installments in an amount equal to \$3,125 per quarter, with the remaining balance due on August 21, 2022.

The interest rate on borrowings under the Credit Agreement varies depending on our choice of interest rate and currency options, plus an applicable margin, which varies based on our consolidated leverage ratio. Additionally, the Credit Agreement requires the payment of a commitment fee on the unused portion of the Revolving Credit Facility, which fee ranges from between 0.25% to 0.4% based on our consolidated leverage ratio and fees associated with outstanding letters of credit. As of September 30, 2017, we had \$1,165,538 and \$246,875 of outstanding borrowings under the Revolving Credit Facility and the Term Loan, respectively. Of the \$1,165,538 of outstanding borrowings under the Revolving Credit Facility, \$939,800 was denominated in United States dollars, 140,600 was denominated in Canadian dollars and 95,650 was denominated in Euros. In addition, we also had various outstanding letters of credit totaling \$53,646. The remaining amount available for borrowing under the Revolving Credit Facility as of September 30, 2017, which is based on IMI's leverage ratio, the last 12 months' earnings before interest, taxes, depreciation and amortization and rent expense ("EBITDAR"), other adjustments as defined in the Credit Agreement and current external debt, was \$530,816 (which amount represents the maximum availability as of such date). The average interest rate in effect under the Credit Agreement was 3.2% as of September 30, 2017. The average interest rate in effect under the Revolving Credit Facility was 3.2% and ranged from 2.0% to 5.3% as of September 30, 2017 and the interest rate in effect under the Term Loan as of September 30, 2017 was 3.2%.

Table of Contents

IRON MOUNTAIN INCORPORATED

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

(In Thousands, Except Share and Per Share Data)

(Unaudited)

(5) Debt (Continued)

The capital stock or other equity interests of most of our United States subsidiaries, and up to 66% of the capital stock or other equity interests of most of our first-tier foreign subsidiaries, are pledged to secure borrowings under the Credit Agreement, together with all intercompany obligations (including promissory notes) of subsidiaries owed to us or to one of our United States subsidiary guarantors. In addition, Iron Mountain Canada Operations ULC ("Canada Company") has pledged 66% of the capital stock of its subsidiaries, and all intercompany obligations (including promissory notes) owed to or held by it, to secure the Canadian dollar subfacility under the Revolving Credit Facility. The Credit Agreement, our indentures and other agreements governing our indebtedness contain certain restrictive financial and operating covenants, including covenants that restrict our ability to complete acquisitions, pay cash dividends, incur indebtedness, make investments, sell assets and take certain other corporate actions. The covenants do not contain a rating trigger. Therefore, a change in our debt rating would not trigger a default under the Credit Agreement, our indentures or other agreements governing our indebtedness. The Credit Agreement uses EBITDAR-based calculations as the primary measures of financial performance, including leverage and fixed charge coverage ratios.

Our leverage and fixed charge coverage ratios under the Former Credit Agreement as of December 31, 2016 and the Credit Agreement as of September 30, 2017, as well as our leverage ratio under our indentures as of December 31, 2016 and September 30, 2017, respectively, are as follows:

	December 31, 2016	September 30, 2017	Maximum/Minimum Allowable
Net total lease adjusted leverage ratio	5.7	5.5	Maximum allowable of 6.5(1)(2)
Net secured debt lease adjusted leverage ratio	2.7	2.3	Maximum allowable of 4.0
Bond leverage ratio (not lease adjusted)	5.2	5.9	Maximum allowable of 6.5(3)
Fixed charge coverage ratio	2.4	2.2	Minimum allowable of 1.5

Our maximum allowable net total lease adjusted leverage ratio under the Former Credit Agreement was 6.5. The Former Credit Agreement also contained a provision which limited, in certain circumstances, our cash dividends in any four consecutive fiscal quarters to 95% of Funds From Operations (as defined in the Former Credit Agreement) for such four fiscal quarters or, if greater, the amount that we would be required to pay in order to (1) continue to be qualified for taxation as a REIT or to avoid the imposition of income or excise taxes on IMI. This former limitation only applied in certain circumstances, including where our net total lease adjusted leverage ratio exceeded 6.0 as measured as of the end of the most recently completed fiscal quarter (the "Dividend Limitation Leverage Condition"). The Credit Agreement does not contain a Dividend Limitation Leverage Condition. The maximum allowable net total lease adjusted leverage ratio under the Credit Agreement is 6.5.

The definition of the net total lease adjusted leverage ratio was modified under the Credit Agreement. The net total lease adjusted leverage ratio at September 30, 2017 was calculated as defined in the Credit Agreement, while the (2) net total lease adjusted leverage ratio at December 31, 2016 was calculated as defined in the Former Credit Agreement. Had the net total lease adjusted leverage ratio at December 31, 2016 been calculated as defined in the Credit Agreement it would have been 5.4.

(3) The maximum allowable leverage ratio under our indenture for the 4⁷/₈% Notes is 7.0.

Noncompliance with these leverage and fixed charge coverage ratios would have a material adverse effect on our financial condition and liquidity.

(5) Debt (Continued)

b. Australian Dollar Term Loan

On September 28, 2016, Iron Mountain Australia Group Pty. Ltd., a wholly owned subsidiary of IMI, entered into a 250,000 Australian dollar Syndicated Term Loan B Facility (the "AUD Term Loan"), which matures in September 2022. The AUD Term Loan was issued at 99% of par. The net proceeds of approximately 243,750 Australian dollars (or approximately \$185,800, based upon the exchange rate between the Australian dollar and the United States dollar on September 28, 2016 (the settlement date for the AUD Term Loan)), after paying commissions to the joint lead arrangers and net of the original discount, were used to repay outstanding borrowings under the Former Revolving Credit Facility and for general corporate purposes.

Principal payments on the AUD Term Loan are to be paid in quarterly installments in an amount equivalent to an aggregate of 6,250 Australian dollars per year, with the remaining balance due on September 28, 2022. The AUD Term Loan is secured by substantially all assets of Iron Mountain Australia Group Pty. Ltd. IMI and its direct and indirect 100% owned United States subsidiaries that represent the substantial majority of its United States operations (the "Guarantors") guarantee all obligations under the AUD Term Loan. The interest rate on the AUD Term Loan is based upon BBSY (an Australian benchmark variable interest rate) plus 4.3%. As of September 30, 2017, we had 243,750 Australian dollars (\$190,905 based upon the exchange rate between the United States dollar and the Australian dollar as of September 30, 2017) outstanding on the AUD Term Loan and the interest rate in effect under the AUD Term Loan was 6.0%. The amount of debt for the AUD Term Loan reflects an unamortized original issue discount of \$1,725 and \$1,632 as of December 31, 2016 and September 30, 2017, respectively.

c. Issuance of the Euro Notes and the 4⁷/₈% Notes

In May 2017, IMI completed a private offering of 300,000 Euro in aggregate principal amount of the Euro Notes, which were issued at par. The net proceeds to IMI from the Euro Notes of 296,250 Euro (or \$332,683, based upon the exchange rate between the Euro and the United States dollar on May 16, 2017 (the settlement date for the Euro Notes)), after deducting discounts to the initial purchasers, were used to repay outstanding borrowings under the Former Revolving Credit Facility.

In September 2017, IMI completed a private offering of \$1,000,000 in aggregate principal amount of the 4⁷/₈% Notes. The 4⁷/₈% Notes were issued at par. The net proceeds of approximately \$987,500 from the 4⁷/₈% Notes after deducting discounts to the initial purchasers, together with borrowings under the Revolving Credit Facility, were used to fund the redemption of all of the 6% Notes due 2020, as described below.

IMI is the direct obligor on the Euro Notes and the 4⁷/₈% Notes, which are fully and unconditionally guaranteed, on a senior basis, by the Guarantors. These guarantees are full and unconditional, as well as joint and several obligations of the Guarantors. Canada Company, Iron Mountain Europe PLC ("IME"), the Accounts Receivable Securitization Special Purpose Subsidiaries (as defined below), the Mortgage Securitization Special Purpose Subsidiary (as defined below) and the remainder of our subsidiaries do not guarantee the Euro Notes or the 4⁷/₈% Notes. See Note 6.

d. Redemption of CAD Notes due 2021 and 6% Notes due 2020

In August 2017, we redeemed all of the 200,000 Canadian dollars in aggregate principal outstanding of the CAD Notes due 2021 (approximately \$157,458, based upon the exchange rate between the Canadian dollar and the United States dollar on August 15, 2017 (the redemption date for the CAD Notes due 2021)) at 103.063% of par, plus accrued and unpaid interest to, but excluding the redemption date, utilizing borrowings under the Former Revolving Credit Facility. We recorded a charge of \$6,354 to other expense (income), net in the third quarter of 2017 related to the early extinguishment of this debt, representing the call premium associated with the early redemption, as well as a write off of unamortized deferred financing costs.

In September 2017, we redeemed all of the \$1,000,000 in aggregate principal outstanding of the 6% Notes due 2020 at 103.155% of par, plus accrued and unpaid interest to, but excluding, the redemption date, utilizing the net proceeds from the issuance of the 4⁷/₈ Notes and borrowings under the Revolving Credit Facility. We recorded a charge of \$41,738 to other expense (income), net in the third quarter of 2017 related to the early extinguishment of this debt, representing the call premium associated with the early redemption, as well as a write off of unamortized deferred financing costs.

e. Accounts Receivable Securitization Program

In March 2015, we entered into a \$250,000 accounts receivable securitization program (the "Accounts Receivable Securitization Program") involving several of our wholly owned subsidiaries and certain financial institutions. Under the Accounts Receivable Securitization Program, certain of our subsidiaries sell substantially all of their United States accounts receivable balances to our wholly owned special purpose entities, Iron Mountain Receivables QRS, LLC and Iron Mountain Receivables TRS, LLC (the "Accounts Receivable Securitization Special Purpose Subsidiaries"). The Accounts Receivable Securitization Special Purpose Subsidiaries use the accounts receivable balances to collateralize loans obtained from certain financial institutions. The Accounts Receivable Securitization Special Purpose Subsidiaries are consolidated subsidiaries of IMI. The Accounts Receivable Securitization Program is accounted for as a collateralized financing activity, rather than a sale of assets, and therefore: (i) accounts receivable balances pledged as collateral are presented as assets and borrowings are presented as liabilities on our Condensed Consolidated Balance Sheets, (ii) our Condensed Consolidated Statements of Operations reflect the associated charges for bad debt expense related to pledged accounts receivable (a component of selling, general and administrative expenses) and reductions to revenue due to billing and service related credit memos issued to customers and related reserves, as well as interest expense associated with the collateralized borrowings and (iii) receipts from customers related to the underlying accounts receivable are reflected as operating cash flows and borrowings and repayments under the collateralized loans are reflected as financing cash flows within our Condensed Consolidated Statements of Cash Flows. Iron Mountain Information Management, LLC ("IMIM") retains the responsibility of servicing the accounts receivable balances pledged as collateral for the Accounts Receivable Securitization Program and IMI provides a performance guaranty.

On July 31, 2017, we amended the Accounts Receivable Securitization Program to (i) increase the maximum amount available from \$250,000 to \$275,000 and (ii) to extend the maturity date from March 6, 2018 to July 30, 2020, at which point all obligations become due.

The maximum availability allowed under the Accounts Receivable Securitization Program is limited by eligible accounts receivable, as defined under the terms of the Accounts Receivable Securitization Program. As of September 30, 2017, the maximum availability allowed and amount outstanding under the Accounts Receivable Securitization Program was \$254,073. The interest rate in effect under the Accounts Receivable Securitization Program was 2.2% as of September 30, 2017.

f. Mortgage Securitization Program

In October 2016, we entered into a \$50,000 mortgage securitization program (the "Mortgage Securitization Program") involving certain of our wholly owned subsidiaries with Goldman Sachs Mortgage Company ("Goldman Sachs"). Under the Mortgage Securitization Program, IMIM contributed certain real estate assets to its wholly owned special purpose entity, Iron Mountain Mortgage Finance I, LLC (the "Mortgage Securitization Special Purpose Subsidiary"). The Mortgage Securitization Special Purpose Subsidiary then used the real estate to secure a collateralized loan obtained from Goldman Sachs. The Mortgage Securitization Special Purpose Subsidiary is a consolidated subsidiary of IMI. The Mortgage Securitization Program is accounted for as a collateralized financing activity, rather than a sale of assets, and therefore: (i) real estate assets pledged as collateral remain as assets and borrowings are presented as liabilities on our Condensed Consolidated Balance Sheets, (ii) our Condensed Consolidated Statement of Operations reflects the associated charges for depreciation expense related to the pledged real estate and interest expense associated with the collateralized borrowings and (iii) borrowings and repayments under the collateralized loans are

reflected as financing cash flows within our Condensed Consolidated Statement of Cash Flows. The Mortgage Securitization Program is scheduled to terminate on November 6, 2026, at which point all obligations become due. As of September 30, 2017, the outstanding amount under the Mortgage Securitization Program was \$50,000. The interest rate in effect under the Mortgage Securitization Program was 3.5% as of September 30, 2017.

g. Cash Pooling

Certain of our subsidiaries participate in cash pooling arrangements (the "Cash Pools") with Bank Mendes Gans ("BMG"), an independently operated fully-owned subsidiary of ING Group, in order to help manage global liquidity requirements. Under the Cash Pools, cash deposited by participating subsidiaries with BMG is pledged as security against the debit balances of other participating subsidiaries, and legal rights of offset are provided and, therefore, amounts are presented in our Condensed Consolidated Balance Sheets on a net basis. Each subsidiary receives interest on the cash balances held on deposit or pays interest on its debit balances based on an applicable rate as defined in the Cash Pools. At December 31, 2016, we had a net cash position of approximately \$1,700 (which consisted of a gross cash position of approximately \$69,500 less outstanding debit balances of approximately \$67,800 by participating subsidiaries).

During the first quarter of 2017, we significantly expanded our utilization of the Cash Pools and reduced our utilization of our financing centers in Europe for purposes of meeting our global liquidity requirements. We currently utilize two separate cash pools with BMG, one of which we utilize to manage global liquidity requirements for our QRSs (the "QRS Cash Pool") and the other for our TRSs (the "TRS Cash Pool"). During the second quarter of 2017, we executed overdraft facility agreements for the QRS Cash Pool and TRS Cash Pool, each in an amount not to exceed \$10,000. Each overdraft facility permits us to cover a temporary net debit position in the applicable pool. As of September 30, 2017, we had a net cash position of approximately \$1,000 in the QRS Cash Pool (which consisted of a gross cash position of approximately \$406,300 less outstanding debit balances of approximately \$405,300 by participating subsidiaries) and we had a net cash position of approximately \$2,700 in the TRS Cash Pool (which consisted of a gross cash position of approximately \$223,300 less outstanding debit balances of approximately \$220,600 by participating subsidiaries). The net cash position balances as of December 31, 2016 and September 30, 2017, respectively, are reflected as cash and cash equivalents in the Condensed Consolidated Balance Sheets.

(Unaudited)

(6) Selected Consolidated Financial Statements of Parent, Guarantors, Canada Company and Non-Guarantors

The following data summarizes the consolidating results of IMI on the equity method of accounting as of December 31, 2016 and September 30, 2017 and for the three and nine months ended September 30, 2016 and 2017 and are prepared on the same basis as the consolidated financial statements.

The Parent Notes, CAD Notes, GBP Notes and the 5³/₈% Notes are guaranteed by the Guarantors. The guarantees are full and unconditional, as well as joint and several.

Additionally, IMI guarantees the CAD Notes, which were issued by Canada Company, the GBP Notes, which were issued by IME, and the 5³/₈% Notes, which were issued by Iron Mountain US Holdings, Inc., which is one of the Guarantors. Canada Company and IME do not guarantee the Parent Notes. The subsidiaries that do not guarantee the Parent Notes, the CAD Notes, the GBP Notes and the 5³/₈% Notes, including IME, the Accounts Receivable Securitization Special Purpose Subsidiaries and the Mortgage Securitization Special Purpose Subsidiary, are referred to below as the "Non-Guarantors". As discussed below, the results of the Non-Guarantors for 2016 exclude the results of Canada Company, as those are presented in a separate column.

The CAD Notes due 2021 were issued by Canada Company and registered under the Securities Act of 1933, as amended (the "Securities Act"). The CAD Notes due 2023 have not been registered under the Securities Act, or under the securities laws of any other jurisdiction. As disclosed in Note 5, we redeemed the CAD Notes due 2021 in August 2017 and, therefore, as of September 30, 2017, Canada Company had no outstanding debt registered under the Securities Act that would require the presentation of Canada Company on a standalone basis in the accompanying consolidating financial statements. Accordingly, (i) the assets, liabilities and equity of Canada Company are presented as a component of the Non-Guarantor subsidiaries in the accompanying Condensed Consolidated Balance Sheet as of September 30, 2017, (ii) the revenues, expenses and other comprehensive income (loss) of Canada Company are presented as a component of the Non-Guarantor subsidiaries in the Condensed Consolidated Statements of Operations and Comprehensive Income (Loss) for the three and nine months ended September 30, 2017, and (iii) the operating, investing and financing cash flows for Canada Company are presented as a component of the Non-Guarantor subsidiaries in the Condensed Consolidated Statement of Cash Flows for the nine months ended September 30, 2017. In the normal course of business, we periodically change the ownership structure of our subsidiaries to meet the requirements of our business. In the event of such changes, we recast the prior period financial information within this footnote to conform to the current period presentation in the period such changes occur. Generally, these changes do not alter the designation of the underlying subsidiaries as Guarantors or Non-Guarantors. However, they may change whether the underlying subsidiary is owned by the Parent, a Guarantor or a Non-Guarantor. If such a change occurs, the amount of investment in subsidiaries in the below Condensed Consolidated Balance Sheets and equity in the earnings (losses) of subsidiaries, net of tax in the below Condensed Consolidated Statements of Operations and Comprehensive Income (Loss) with respect to the relevant Parent, Guarantors, Non-Guarantors and Eliminations columns also would change.

(7) Segment Information

Our five reportable operating segments as of December 31, 2016 are described in Note 9 to Notes to Consolidated Financial Statements included in our Annual Report and are as follows:

North American Records and Information Management Business

North American Data Management Business

Western European Business

Other International Business

Corporate and Other Business

There have been no changes made to our reportable operating segments since December 31, 2016, other than the impact of the Russia and Ukraine Divestment. Prior to the Russia and Ukraine Divestment, our businesses in Russia and Ukraine were a component of our Other International Business segment. The operations associated with acquisitions completed during the first nine months of 2017 (which are described in Note 4) have been incorporated into our existing reportable operating segments.

(7) Segment Information (Continued)

Cash paid for acquisitions, net of cash acquired for our Other International Business segment for the nine months ended September 30, 2016 primarily consists of the cash component of the purchase price for the Recall (1) Transaction, as the IMI entity that made the cash payment was an Australian subsidiary. However, the Recall Transaction also benefited the North American Records and Information Management Business, North American Data Management Business and Western European Business segments.

The accounting policies of the reportable segments are the same as those described in Note 2 and in our Annual Report. Adjusted EBITDA for each segment is defined as income (loss) from continuing operations before interest expense, net, provision (benefit) for income taxes, depreciation and amortization, and also excludes certain items that we believe are not indicative of our core operating results, specifically: (i) (gain) loss on disposal/write-down of property, plant and equipment (excluding real estate), net; (ii) intangible impairments; (iii) other expense (income), net; (iv) gain on sale of real estate, net of tax; and (v) Recall Costs (as defined below). Internally, we use Adjusted EBITDA as the basis for evaluating the performance of, and allocating resources to, our operating segments. A reconciliation of Adjusted EBITDA to income (loss) from continuing operations on a consolidated basis is as follows:

	Three Months Ended		Nine Months Ended	
	September 30,		September 30,	
	2016	2017	2016	2017
Adjusted EBITDA	\$294,203	\$323,024	\$790,783	\$933,652
(Add)/Deduct:				
Gain on Sale of Real Estate, Net of Tax(1)	(325)	638	(325)	(925)
Provision (Benefit) for Income Taxes	23,418	2,268	46,157	29,497
Other Expense (Income), Net	23,302	59,479	37,006	33,749
Interest Expense, Net	83,300	88,989	225,228	265,010
(Gain) loss on disposal/write-down of property, plant and equipment (excluding real estate), net	(54)	(292)	(1,131)	(967)
Depreciation and Amortization	124,670	128,513	326,896	381,319
Recall Costs(2)	34,133	18,047	102,872	58,595
Income (Loss) from Continuing Operations	\$5,759	\$25,382	\$54,080	\$167,374

(1) Tax expense associated with the gain on sale of real estate for the three and nine months ended September 30, 2017 was \$640.

(2) Represents operating expenditures associated with the Recall Transaction, including: (i) advisory and professional fees to complete the Recall Transaction; (ii) costs associated with the Divestments required in connection with receipt of regulatory approvals (including transitional services); and (iii) costs to integrate Recall with our existing operations, including moving, severance, facility upgrade, REIT conversion and system upgrade costs, as well as certain costs associated with our shared service center initiative for our finance, human resources and information technology functions ("Recall Costs").

(Unaudited)

(8) Commitments and Contingencies

a. Litigation—General

We are involved in litigation from time to time in the ordinary course of business. A portion of the defense and/or settlement costs associated with such litigation is covered by various commercial liability insurance policies purchased by us and, in limited cases, indemnification from third parties. Our policy is to establish reserves for loss contingencies when the losses are both probable and reasonably able to be estimated. We record legal costs associated with loss contingencies as expenses in the period in which they are incurred. The matters described below represent our significant loss contingencies. We have evaluated each matter and, if both probable and reasonably able to be estimated, accrued an amount that represents our estimate of any probable loss associated with such matter. In addition, we have estimated a reasonably possible range for all loss contingencies including those described below. We believe it is reasonably possible that we could incur aggregate losses in addition to amounts currently accrued for all matters up to an additional \$19,500 over the next several years, of which certain amounts would be covered by insurance or indemnity arrangements.

b. Italy Fire

On November 4, 2011, we experienced a fire at a facility we leased in Aprilia, Italy. The facility primarily stored archival and inactive business records for local area businesses. Despite quick response by local fire authorities, damage to the building was extensive, and the building and its contents were a total loss. We have been sued by six customers. Four of those lawsuits have been settled and two remain pending, including a claim asserted by Azienda per i Trasporti Autoferrotranviari del Comune di Roma, S.p.A, seeking 42,600 Euros for the loss of its current and historical archives. We have also received correspondence from other affected customers, including certain customers demanding payment under various theories of liability. Although our warehouse legal liability insurer has reserved its rights to contest coverage related to certain types of potential claims, we believe we carry adequate insurance. We deny any liability with respect to the fire and we have referred these claims to our warehouse legal liability insurer for an appropriate response. We do not expect that this event will have a material impact on our consolidated financial condition, results of operations or cash flows. We sold our Italian operations on April 27, 2012, and we indemnified the buyers related to certain obligations and contingencies associated with the fire. As a result of the sale of the Italian operations, any future statement of operations and cash flow impacts related to the fire will be reflected as discontinued operations.

c. Argentina Fire

On February 5, 2014, we experienced a fire at a facility we own in Buenos Aires, Argentina. As a result of the quick response by local fire authorities, the fire was contained before the entire facility was destroyed and all employees were safely evacuated; however, a number of first responders lost their lives, or in some cases, were severely injured. The cause of the fire is currently being investigated. We believe we carry adequate insurance and do not expect that this event will have a material impact to our consolidated financial condition, results of operations or cash flows. Revenues from our operations at this facility represent less than 0.5% of our consolidated revenues.

d. Brooklyn Fire (Recall)

On January 31, 2015, a former Recall leased facility located in Brooklyn, New York was completely destroyed by a fire. Approximately 900,000 cartons of customer records were lost impacting approximately 1,200 customers. No one was injured as a result of the fire. We believe we carry adequate insurance to cover any losses resulting from the fire. There are two pending customer-related lawsuits stemming from the fire, which are being defended by our warehouse legal liability insurer. We have also received correspondence from other customers, under various theories of liability. We deny any liability with respect to the fire and we have referred these claims to our insurer for an appropriate response. We do not expect that this event will have a material impact on our consolidated financial condition, results of operations or cash flows.

(Unaudited)

(8) Commitments and Contingencies (Continued)

e. Roye Fire (Recall)

On January 28, 2002, a former leased Recall records management facility located in Roye, France was destroyed by a fire. Local French authorities conducted an investigation relating to the fire and issued a charge of criminal negligence for non-compliance with security regulations against the Recall entity that leased the facility. We intend to defend this matter vigorously. We are currently corresponding with various customers impacted by the fire who are seeking payment under various theories of liability. There is also pending civil litigation with the owner of the destroyed facility, who is demanding payment for lost rental income and other items. Based on known and expected claims and our expectation of the ultimate outcome of those claims, we believe we carry adequate insurance coverage. We do not expect that this event will have a material impact on our consolidated financial condition, results of operations or cash flows.

f. Puerto Rico Facility Damage

In September 2017, two of our four facilities in Puerto Rico, one of which is owned and one of which we lease, sustained damage as a result of Hurricane Maria. The leased facility experienced structural damage to a portion of the roof and wall, while the owned facility sustained non-structural damage to a portion of the roof. Both buildings sustained water damage that impacted certain customer records and we are in the process of fully assessing the extent of the damage to our customers' records at these facilities. We believe we carry adequate insurance coverage for this event and do not believe it will have a material impact to our consolidated financial condition, results of operations or cash flows. Revenues from our operations in Puerto Rico represent less than 0.5% of our consolidated revenues.

(9) Stockholders' Equity Matters

Our board of directors has adopted a dividend policy under which we have paid, and in the future intend to pay, quarterly cash dividends on our common stock. The amount and timing of future dividends will continue to be subject to the approval of our board of directors, in its sole discretion, and to applicable legal requirements.

In fiscal year 2016 and in the first nine months of 2017, our board of directors declared the following dividends:

Declaration Date	Dividend Per Share	Record Date	Total Amount	Payment Date
February 17, 2016	\$0.4850	March 7, 2016	\$102,651	March 21, 2016
May 25, 2016	0.4850	June 6, 2016	127,469	June 24, 2016
July 27, 2016	0.4850	September 12, 2016	127,737	September 30, 2016
October 31, 2016	0.5500	December 15, 2016	145,006	December 30, 2016
February 15, 2017	0.5500	March 15, 2017	145,235	April 3, 2017
May 24, 2017	0.5500	June 15, 2017	145,417	July 3, 2017
July 27, 2017	0.5500	September 15, 2017	146,772	October 2, 2017

(10) Divestments

a. Divestments Associated with the Recall Transaction

As disclosed in Note 4, in connection with the acquisition of Recall, we sought regulatory approval of the Recall Transaction from the DOJ, the ACCC, the CCB and the CMA and, as part of the regulatory approval process, we agreed to make the Divestments.

On May 4, 2016, we completed the sale of the Initial United States Divestments to Access CIG, LLC, a privately held provider of information management services throughout the United States ("Access CIG"), for total consideration of approximately \$80,000, subject to adjustments (the "Access Sale"). Of the total consideration, we received \$55,000 in cash proceeds upon closing of the Access Sale, and we are entitled to receive up to \$25,000 of additional cash proceeds (the "Access Contingent Consideration") on August 4, 2018, the 27-month anniversary of the closing of the Access Sale. Our estimate of the fair value of the Access Contingent Consideration is approximately \$21,400 (which reflects a fair value adjustment of approximately \$2,200 and a present value adjustment of approximately \$1,400). We have a non-trade receivable amounting to \$22,300 included in Prepaid expenses and other in our Condensed Consolidated Balance Sheet as of September 30, 2017 related to the Access Contingent Consideration.

On December 29, 2016, we completed the sale of the Seattle/Atlanta Divestments, the Recall Canadian Divestments and the Iron Mountain Canadian Divestments to Arkive Information Management LLC and Arkive Information Management Ltd., both information management companies (collectively, "ARKIVE"), for total consideration of approximately \$50,000, subject to adjustments (the "ARKIVE Sale"). Of the total consideration, we received approximately \$45,000 in cash proceeds upon the closing of the ARKIVE Sale and the remaining consideration is held in escrow. ARKIVE may be entitled to receive from us, on the 24-month anniversary of the closing of the ARKIVE Sale, cash payments, up to the total consideration paid by ARKIVE, based on lost revenues attributable to the acquired customer base.

On October 31, 2016, after receiving approval of the proposed transaction from the ACCC, we completed the sale of the Australia Divestment Business (the "Australia Sale") to a consortium led by Housatonic Partners (the "Australia Divestment Business Purchasers") for total consideration of approximately 70,000 Australian dollars (or approximately \$53,200, based upon the exchange rate between the United States dollar and the Australian dollar as of October 31, 2016, the closing date of the Australia Sale), subject to adjustments. The total consideration consists of (i) 35,000 Australian dollars in cash received upon the closing of the Australia Sale and (ii) 35,000 Australian dollars in the form of a note due from the Australia Divestment Business Purchasers to us (the "Bridging Loan Note"). The Bridging Loan Note bears interest at 3.3% per annum and matures on December 29, 2017, at which point all outstanding obligations become due. The total consideration for the Australia Sale is subject to certain adjustments, including ones associated with customer attrition, subsequent to the closing of the Australia Sale.

On December 9, 2016, we completed the sale of the UK Divestments (the "UK Sale") to the Oasis Group for total consideration of approximately 1,800 British pounds sterling (or approximately \$2,200, based upon the exchange rate between the United States dollar and the British pound sterling as of December 9, 2016, the closing date of the UK Sale), subject to adjustments.

We have concluded that the Australia Divestment Business and the Iron Mountain Canadian Divestments (collectively, the "Iron Mountain Divestments") do not meet the criteria to be reported as discontinued operations as our decision to divest these businesses did not represent a strategic shift that had a major effect on our operations and financial results. Accordingly, the revenues and expenses associated with the Iron Mountain Divestments are presented as a component of income (loss) from continuing operations in our Condensed Consolidated Statements of

Operations for the three and nine months ended September 30, 2016 and the cash flows associated with the Iron Mountain Divestments are presented as a component of cash flows from continuing operations in our Condensed Consolidated Statement of Cash Flows for the nine months ended September 30, 2016.

We have concluded that the Initial United States Divestments, the Seattle/Atlanta Divestments, the Recall Canadian Divestments and the UK Divestments (collectively, the “Recall Divestments”) meet the criteria to be reported as discontinued operations in our Consolidated Statements of Operations and Consolidated Statements of Cash Flows as the Recall Divestments met the criteria to be reported as assets and liabilities held for sale at, or within a short period of time following, the closing of the Recall Transaction.

(10) Divestments (Continued)

The table below summarizes certain results of operations of the Recall Divestments for the three and nine months ended September 30, 2016:

Description	Three Months Ended September 30, 2016			
	Initial United States Divestments(1)	Seattle/Atlanta Divestments	Recall Canadian Divestments	UK Divestments Total
Total Revenues	\$-3,200	\$ 2,977	\$ 385	\$6,562
Income (Loss) from Discontinued Operations Before Provision (Benefit) for Income Taxes	—1,534	888	(88)	2,334
Provision (Benefit) for Income Taxes	—70	239	(16)	293
Income (Loss) from Discontinued Operations, Net of Tax	\$-1,464	\$ 649	\$ (72)	\$2,041
Description	Nine Months Ended September 30, 2016			
	Initial United States Divestments(1)	Seattle/Atlanta Divestments	Recall Canadian Divestments	UK Divestments Total(1)
Total Revenues	\$-5,010	\$ 4,865	\$ 696	\$10,571
Income (Loss) from Discontinued Operations Before Provision (Benefit) for Income Taxes	—2,468	1,755	(13)	4,210
Provision (Benefit) for Income Taxes	—114	471	(3)	582
Income (Loss) from Discontinued Operations, Net of Tax	\$-2,354	\$ 1,284	\$ (10)	\$3,628

The Access Sale occurred nearly simultaneously with the closing of the Recall Transaction. Accordingly, the revenue and expenses associated with the Initial United States Divestments are not included in our Condensed Consolidated Statements of Operations for the three and nine months ended September 30, 2016, respectively, and (1) the cash flows associated with the Initial United States Divestments are not included in our Condensed Consolidated Statement of Cash Flows for the nine months ended September 30, 2016, due to the immaterial nature of the revenues, expenses and cash flows related to the Initial United States Divestments for the period of time we owned these businesses (May 2, 2016 through May 4, 2016).

(Unaudited)

(10) Divestments (Continued)

The table below summarizes certain results of operations of the Recall Divestments for the three and nine months ended September 30, 2017:

Description	Three Months Ended September 30, 2017				Total(1)
	Initial Unsettled State Divestments	Seattle/Atlanta Divestments	Recall Canadian Divestments	UK Divestments	
Income (Loss) from Discontinued Operations Before Provision (Benefit) for Income Taxes	\$-\$ (1,061)		\$ (617)	\$	—\$(1,678)
Provision (Benefit) for Income Taxes	—(383)		(237)	—	(620)
Income (Loss) from Discontinued Operations, Net of Tax	\$-\$ (678)		\$ (380)	\$	—\$(1,058)
	Nine Months Ended September 30, 2017				
Description	Initial Unsettled State Divestments	Seattle/Atlanta Divestments	Recall Canadian Divestments	UK Divestments	Total(1)
Income (Loss) from Discontinued Operations Before Provision (Benefit) for Income Taxes	\$-\$ (2,623)		\$ (2,533)	\$	—\$(5,156)
Provision (Benefit) for Income Taxes	—(988)		(747)	—	(1,735)
Income (Loss) from Discontinued Operations, Net of Tax	\$-\$ (1,635)		\$ (1,786)	\$	—\$(3,421)

(1) During the three and nine months ended September 30, 2017, the loss from discontinued operations before benefit for income taxes of \$1,678 and \$5,156, respectively, was primarily related to costs to provide transition services related to the Recall Divestments.

b. Russia and Ukraine Divestment

On May 30, 2017, IM EES, a consolidated subsidiary of IMI, sold its records and information management operations in Russia and Ukraine to OSG Records Management (Europe) Limited (“OSG”) in a stock transaction (the “Russia and Ukraine Divestment”). As consideration for the Russia and Ukraine Divestment, IM EES received a 25% equity interest in OSG (the “OSG Investment”).

We have concluded that the Russia and Ukraine Divestment does not meet the criteria to be reported as discontinued operations in our consolidated financial statements, as our decision to divest these businesses does not represent a strategic shift that will have a major effect on our operations and financial results. Accordingly, the revenues and expenses associated with these businesses are presented as a component of income (loss) from continuing operations in our Condensed Consolidated Statements of Operations for the three and nine months ended September 30, 2016 and the nine months ended September 30, 2017, respectively, and the cash flows associated with these businesses are presented as a component of cash flows from continuing operations in our Condensed Consolidated Statements of Cash Flows for the nine months ended September 30, 2016 and 2017, respectively.

IRON MOUNTAIN INCORPORATED

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

(In Thousands, Except Share and Per Share Data)

(Unaudited)

(10) Divestments (Continued)

As a result of the Russia and Ukraine Divestment, we recorded a gain on sale of \$38,869 to other expense (income), net, in the second quarter of 2017, representing the excess of the fair value of the consideration received over the carrying value of our businesses in Russia and Ukraine. As of the closing date of the Russia and Ukraine Divestment, the fair value of the OSG Investment was approximately \$18,000. As of the closing date of the Russia and Ukraine Divestment, the carrying value of our businesses in Russia and Ukraine was a credit balance of \$20,869, which consisted of (i) a credit balance of approximately \$29,100 of cumulative translation adjustment associated with our businesses in Russia and Ukraine that was reclassified from accumulated other comprehensive items, net, (ii) the carrying value of the net assets of our businesses in Russia and Ukraine, excluding goodwill, of \$4,716 and (iii) \$3,515 of goodwill associated with our Northern and Eastern Europe reporting unit (of which our businesses in Russia and Ukraine were a component of prior to the Russia and Ukraine Divestment), which was allocated, on a relative fair value basis, to our businesses in Russia and Ukraine.

We account for the OSG Investment as an equity method investment. The fair value of the OSG Investment is \$17,973 and is presented as a component of Other within Other assets, net in our Condensed Consolidated Balance Sheet as of September 30, 2017.

(11) Recall Costs

Recall Costs included in the accompanying Condensed Consolidated Statements of Operations are as follows:

	Three Months		Nine Months	
	Ended		Ended	
	September 30,		September 30,	
	2016	2017	2016	2017
Cost of sales (excluding depreciation and amortization)	\$4,457	\$3,059	\$4,788	\$16,019
Selling, general and administrative expenses	29,676	14,988	98,084	42,576
Total Recall Costs	\$34,133	\$18,047	\$102,872	\$58,595

Recall Costs included in the accompanying Condensed Consolidated Statements of Operations by segment are as follows:

	Three Months		Nine Months	
	Ended		Ended	
	September 30,		September 30,	
	2016	2017	2016	2017
North American Records and Information Management Business	\$4,989	\$2,540	\$7,822	\$16,165
North American Data Management Business	1,578	295	2,095	2,171
Western European Business	7,483	2,586	11,613	7,933
Other International Business	5,638	2,570	11,586	6,158
Corporate and Other Business	14,445	10,056	69,756	26,168
Total Recall Costs	\$34,133	\$18,047	\$102,872	\$58,595

A rollforward of accrued liabilities related to Recall Costs on our Condensed Consolidated Balance Sheets as of December 31, 2016 to September 30, 2017 is as follows:

	Accrual for Recall Costs
Balance at December 31, 2016	\$4,914
Amounts accrued	18,803
Change in estimates(1)	(230)
Payments	(15,179)
Currency translation adjustments	89
Balance at September 30, 2017(2)	\$8,397

(1) Includes adjustments made to amounts accrued in a prior period.

Accrued liabilities related to Recall Costs as of September 30, 2017 presented in the table above generally related to employee severance costs and onerous lease liabilities. We expect that the majority of these liabilities will be (2) paid throughout 2017. Additional Recall Costs recorded in our Condensed Consolidated Statement of Operations have either been settled in cash during the nine months ended September 30, 2017 or are included in our Condensed Consolidated Balance Sheet as of September 30, 2017 as a component of accounts payable.

(12) Subsequent Events

Credit Suisse Data Center Acquisition

In October 2017, we entered into agreements to acquire two Credit Suisse data centers located in London and Singapore from Credit Suisse International and Credit Suisse AG (together, "Credit Suisse") for an aggregate purchase price of approximately \$100,000 (the "Credit Suisse Transaction"). As part of the Credit Suisse Transaction, we will take ownership of both data center facilities, with Credit Suisse entering into a long-term lease with us to maintain existing data center operations. The completion of the Credit Suisse Transaction is subject to closing conditions; accordingly, we can provide no assurance that we will be able to complete the Credit Suisse Transaction, that the Credit Suisse Transaction will not be delayed or that the terms will remain the same. We expect to close the Credit Suisse Transaction during the first quarter of 2018.

At The Market Equity Program

In October 2017, we entered into a distribution agreement (the "Distribution Agreement") with a syndicate of 10 banks (the "Agents") pursuant to which we may sell, from time to time, up to an aggregate sales price of \$500,000 of our common stock, par value \$0.01 per share, through the Agents (the "At The Market (ATM) Equity Program"). Sales of our common stock made pursuant to the Distribution Agreement, if any, may be made in negotiated transactions or transactions that are deemed to be "at the market" offerings as defined in Rule 415 under the Securities Act, including sales made directly on the NYSE, or sales made to or through a market maker other than on an exchange, or as otherwise agreed between the applicable Agent and us. We intend to use the net proceeds from sales of our common stock pursuant to the At The Market (ATM) Equity Program for general corporate purposes, including financing the expansion of our adjacent businesses through acquisitions, such as the Credit Suisse Transaction, and repaying amounts outstanding from time to time under the Revolving Credit Facility.

IRON MOUNTAIN INCORPORATED

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion and analysis of our financial condition and results of operations for the three and nine months ended September 30, 2017 should be read in conjunction with our Condensed Consolidated Financial Statements and Notes thereto for the three and nine months ended September 30, 2017, included herein, and our Consolidated Financial Statements and Notes thereto for the year ended December 31, 2016, included in our Annual Report on Form 10-K filed with the United States Securities and Exchange Commission ("SEC") on February 23, 2017 (our "Annual Report").

FORWARD-LOOKING STATEMENTS

We have made statements in this Quarterly Report on Form 10-Q ("Quarterly Report") that constitute "forward-looking statements" as that term is defined in the Private Securities Litigation Reform Act of 1995 and other securities laws. These forward-looking statements concern our operations, economic performance, financial condition, goals, beliefs, future growth strategies, investment objectives, plans and current expectations, such as our (1) commitment to future dividend payments, (2) expected 2017 consolidated internal storage rental revenue growth rate and capital expenditures, (3) estimate of total acquisition and integration expenditures associated with our acquisition of Recall Holdings Limited ("Recall") pursuant to the Scheme Implementation Deed, as amended, with Recall (the "Recall Transaction"), and (4) our ability to close pending acquisitions. These forward-looking statements are subject to various known and unknown risks, uncertainties and other factors. When we use words such as "believes," "expects," "anticipates," "estimates" or similar expressions, we are making forward-looking statements. Although we believe that our forward-looking statements are based on reasonable assumptions, our expected results may not be achieved, and actual results may differ materially from our expectations. In addition, important factors that could cause actual results to differ from expectations include, among others:

- our ability to remain qualified for taxation as a real estate investment trust for United States federal income tax purposes ("REIT");
- the adoption of alternative technologies and shifts by our customers to storage of data through non-paper based technologies;
- changes in customer preferences and demand for our storage and information management services;
- the cost to comply with current and future laws, regulations and customer demands relating to data security and privacy issues, as well as fire and safety standards;
- the impact of litigation or disputes that may arise in connection with incidents in which we fail to protect our customers' information;
- changes in the price for our storage and information management services relative to the cost of providing such storage and information management services;
- changes in the political and economic environments in the countries in which our international subsidiaries operate and changes in the global political climate;
- our ability or inability to complete acquisitions on satisfactory terms, to close pending acquisitions and to integrate acquired companies efficiently;
- changes in the amount of our capital expenditures and our ability to invest according to plan;
- changes in the cost of our debt;
- the impact of alternative, more attractive investments on dividends;
- the cost or potential liabilities associated with real estate necessary for our business;
- the performance of business partners upon whom we depend for technical assistance or management expertise outside the United States; and
- other trends in competitive or economic conditions affecting our financial condition or results of operations not presently contemplated.

You should not rely upon forward-looking statements except as statements of our present intentions and of our present expectations, which may or may not occur. You should read these cautionary statements as being applicable to all forward-looking statements wherever they appear. Except as required by law, we undertake no obligation to release

publicly the result of any revision to these forward-looking statements that may be made to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events. Readers are also urged to carefully review and consider the various disclosures we have made in this Quarterly Report, as well as our other periodic reports filed with the SEC including under "Risk Factors" in our Annual Report.

Table of Contents

Overview

The following discussions set forth, for the periods indicated, management's discussion and analysis of financial condition and results of operations. Significant trends and changes are discussed for the three and nine month periods ended September 30, 2017 within each section. Trends and changes that are consistent with the three and nine month periods are not repeated and are discussed on a year to date basis only.

Recall Acquisition

On May 2, 2016 (Sydney, Australia time), we completed the Recall Transaction. The results of operations of Recall have been included in our consolidated results from May 2, 2016. See Note 4 to Notes to Condensed Consolidated Financial Statements included in this Quarterly Report for unaudited pro forma results of operations for us and Recall, as if the Recall Transaction was completed on January 1, 2015, for the three and nine months ended September 30, 2016.

We currently estimate total acquisition and integration expenditures associated with the Recall Transaction to be approximately \$380.0 million, the majority of which is expected to be incurred by the end of 2018. This amount consists of (i) operating expenditures to complete the Recall Transaction, including advisory and professional fees and costs associated with the Divestments (as defined in Note 4 to Notes to Condensed Consolidated Financial Statements included in this Quarterly Report) required in connection with receipt of regulatory approvals (including transitional services) and costs to integrate Recall with our existing operations, including moving, severance, facility upgrade, REIT conversion and system upgrade costs, as well as certain costs associated with our shared service center initiative for our finance, human resources and information technology functions ("Recall Costs") and (ii) capital expenditures to integrate Recall with our existing operations. From January 1, 2015 through September 30, 2017, we have incurred cumulative operating and capital expenditures associated with the Recall Transaction of \$279.9 million, including \$237.6 million of Recall Costs and \$42.4 million of capital expenditures.

See Note 11 to Notes to Condensed Consolidated Financial Statements included in this Quarterly Report for more information on Recall Costs, including costs recorded by segment as well as recorded between cost of sales and selling, general and administrative expenses.

Divestments

a. Divestments Associated with the Recall Transaction

As disclosed in Note 4 to Notes to Condensed Consolidated Financial Statements included in this Quarterly Report, we sought regulatory approval of the Recall Transaction and, as part of the regulatory approval process, we agreed to make the Divestments.

The Initial United States Divestments, the Seattle/Atlanta Divestments, the Recall Canadian Divestments and the UK Divestments (each as defined in Note 6 to Notes to Consolidated Financial Statements included in our Annual Report) (collectively, the "Recall Divestments") meet the criteria to be reported as discontinued operations as the Recall Divestments met the criteria to be reported as assets and liabilities held for sale at, or within a short period of time following, the closing of the Recall Transaction. Accordingly, the results of operations for the Recall Divestments are presented as a component of discontinued operations in our Condensed Consolidated Statements of Operations for the three and nine months ended September 30, 2016 and 2017 and the cash flows associated with the Recall Divestments are presented as a component of cash flows from discontinued operations in our Condensed Consolidated Statements of Cash Flows for the nine months ended September 30, 2016 and 2017.

The Australia Divestment Business and the Iron Mountain Canadian Divestments (each as defined in Note 6 to Notes to Consolidated Financial Statements included in our Annual Report) (collectively, the "Iron Mountain Divestments") do not meet the criteria to be reported as discontinued operations as our decision to divest the Iron Mountain Divestments does not represent a strategic shift that will have a major effect on our operations and financial results. Accordingly, the revenues and expenses associated with the Iron Mountain Divestments are presented as a component of income (loss) from continuing operations in our Condensed Consolidated Statement of Operations for the three and nine months ended September 30, 2016 and the cash flows associated with the Iron Mountain Divestments are presented as a component of cash flows from continuing operations in our Condensed Consolidated Statement of Cash

Flows for the nine months ended September 30, 2016.

58

Table of Contents

The Australia Divestment Business represents approximately \$11.6 million and \$35.8 million of total revenues and approximately \$0.1 million and \$0.3 million of total loss from continuing operations for the three and nine months ended September 30, 2016, respectively. The Iron Mountain Canadian Divestments represent approximately \$1.3 million and \$3.9 million of total revenues and approximately \$1.0 million and \$2.8 million of total income from continuing operations for the three and nine months ended September 30, 2016, respectively. The Australia Divestment Business was previously included in our Other International Business segment and the Iron Mountain Canadian Divestments were previously included in our North American Records and Information Management Business segment.

b. Iron Mountain - Russia and Ukraine Divestment

On May 30, 2017, Iron Mountain EES Holdings Ltd. ("IM EES"), a consolidated subsidiary of Iron Mountain Incorporated ("IMI"), sold its records and information management operations in Russia and Ukraine to OSG Records Management (Europe) Limited ("OSG") in a stock transaction (the "Russia and Ukraine Divestment"). As consideration for the Russia and Ukraine Divestment, IM EES received a 25% equity interest in OSG (the "OSG Investment"). We have concluded that the Russia and Ukraine Divestment does not meet the criteria to be reported as discontinued operations in our consolidated financial statements, as our decision to divest these businesses does not represent a strategic shift that will have a major effect on our operations and financial results. Accordingly, the revenues and expenses associated with these businesses are presented as a component of income (loss) from continuing operations in our Condensed Consolidated Statement of Operations for the three and nine months ended September 30, 2016 and the nine months ended September 30, 2017, respectively, and the cash flows associated with these businesses are presented as a component of cash flows from continuing operations in our Condensed Consolidated Statement of Cash Flows for the nine months ended September 30, 2016 and 2017, respectively. Our businesses in Russia and Ukraine represent approximately \$4.5 million and \$12.4 million of total revenues and approximately \$(0.9) million and \$1.1 million of total (loss) income from continuing operations for the three and nine months ended September 30, 2016, respectively. Our businesses in Russia and Ukraine represent approximately \$8.6 million of total revenues and approximately \$0.9 million of total income from continuing operations (excluding the gain on sale described below) for the nine months ended September 30, 2017.

As a result of the Russia and Ukraine Divestment, we recorded a gain on sale of \$38.9 million to other expense (income), net, in the second quarter of 2017, representing the excess of the fair value of the consideration received over the carrying value of our businesses in Russia and Ukraine. As of the closing date of the Russia and Ukraine Divestment, the fair value of the OSG Investment was approximately \$18.0 million. As of the closing date of the Russia and Ukraine Divestment, the carrying value of our businesses in Russia and Ukraine was a credit balance of \$20.9 million, which consisted of (i) a credit balance of approximately \$29.1 million of cumulative translation adjustment associated with our businesses in Russia and Ukraine that was reclassified from accumulated other comprehensive items, net, (ii) the carrying value of the net assets of our businesses in Russia and Ukraine, excluding goodwill, of \$4.7 million and (iii) \$3.5 million of goodwill associated with our Northern and Eastern Europe reporting unit (of which our businesses in Russia and Ukraine were a component of prior to the Russia and Ukraine Divestment), which was allocated, on a relative fair value basis, to our businesses in Russia and Ukraine.

Transformation Initiative

During the third quarter of 2015, we implemented a plan that calls for certain organizational realignments to reduce our overhead costs, particularly in our developed markets, in order to optimize our selling, general and administrative cost structure and to support investments to advance our growth strategy (the "Transformation Initiative"). As a result of the Transformation Initiative, we recorded a charge of \$0.2 million and \$6.0 million, respectively, for the three and nine months ended September 30, 2016, primarily related to employee severance and associated benefits.

Table of Contents

General

Our revenues consist of storage rental revenues as well as service revenues and are reflected net of sales and value added taxes. Storage rental revenues, which are considered a key driver of financial performance for the storage and information management services industry, consist primarily of recurring periodic rental charges related to the storage of materials or data (generally on a per unit basis) that are typically retained by customers for many years, technology escrow services that protect and manage source code, data backup and storage on our proprietary cloud and revenues associated with our data center operations. Service revenues include charges for related service activities, which include: (1) the handling of records, including the addition of new records, temporary removal of records from storage, refiling of removed records and the destruction of records; (2) courier operations, consisting primarily of the pickup and delivery of records upon customer request; (3) secure shredding of sensitive documents and the related sale of recycled paper, the price of which can fluctuate from period to period; (4) other services, including the scanning, imaging and document conversion services of active and inactive records, or Information Governance and Digital Solutions, which relate to physical and digital records, and project revenues; (5) customer termination and permanent removal fees; (6) data restoration projects; (7) special project work; (8) the storage, assembly, reporting and delivery of customer marketing literature, or fulfillment services; (9) consulting services; (10) cloud-related data protection, preservation, restoration and recovery; and (11) other technology services and product sales (including specially designed storage containers and related supplies). Our service revenue growth has been negatively impacted by declining activity rates as stored records are becoming less active. While customers continue to store their records and tapes with us, they are less likely than they have been in the past to retrieve records for research and other purposes, thereby reducing service activity levels.

Cost of sales (excluding depreciation and amortization) consists primarily of wages and benefits for field personnel, facility occupancy costs (including rent and utilities), transportation expenses (including vehicle leases and fuel), other product cost of sales and other equipment costs and supplies. Of these, wages and benefits and facility occupancy costs are the most significant. Selling, general and administrative expenses consist primarily of wages and benefits for management, administrative, information technology, sales, account management and marketing personnel, as well as expenses related to communications and data processing, travel, professional fees, bad debts, training, office equipment and supplies. Trends in facility occupancy costs are impacted by the total number of facilities we occupy, the mix of properties we own versus properties we occupy under operating leases, fluctuations in per square foot occupancy costs, and the levels of utilization of these properties. Trends in total wages and benefits in dollars and as a percentage of total consolidated revenue are influenced by changes in headcount and compensation levels, achievement of incentive compensation targets, workforce productivity and variability in costs associated with medical insurance and workers' compensation.

The expansion of our international businesses has impacted the major cost of sales components and selling, general and administrative expenses. Our international operations are more labor intensive relative to revenue than our operations in North America and, therefore, labor costs are a higher percentage of international segment revenue. In addition, the overhead structure of our expanding international operations has generally not achieved the same level of overhead leverage as our North American segments, which may result in an increase in selling, general and administrative expenses, as a percentage of consolidated revenue, as our international operations become a more meaningful percentage of our consolidated results.

Our depreciation and amortization charges result primarily from the capital-intensive nature of our business. The principal components of depreciation relate to storage systems, which include racking structures, buildings, building and leasehold improvements and computer systems hardware and software. Amortization relates primarily to customer relationship intangible assets. Both depreciation and amortization are impacted by the timing of acquisitions.

Our consolidated revenues and expenses are subject to the net effect of foreign currency translation related to our entities outside the United States. It is difficult to predict the future fluctuations of foreign currency exchange rates and how those fluctuations will impact our Consolidated Statements of Operations. As a result of the relative size of

our international operations, these fluctuations may be material on individual balances. Our revenues and expenses from our international operations are generally denominated in the local currency of the country in which they are derived or incurred. Therefore, the impact of currency fluctuations on our operating income and operating margin is partially mitigated. In order to provide a framework for assessing how our underlying businesses performed excluding the effect of foreign currency fluctuations, we compare the percentage change in the results from one period to another period in this report using constant currency presentation. The constant currency growth rates are calculated by translating the 2016 results at the 2017 average exchange rates. Constant currency growth rates are a non-GAAP measure.

Table of Contents

The following table is a comparison of underlying average exchange rates of the foreign currencies that had the most significant impact on our United States dollar-reported revenues and expenses:

	Average Exchange Rates for the Three Months Ended September 30,		Percentage Strengthening / (Weakening) of Foreign Currency	
	2016	2017		
Australian dollar	\$0.758	\$0.790	4.2	%
Brazilian real	\$0.308	\$0.316	2.6	%
British pound sterling	\$1.313	\$1.309	(0.3)	%
Canadian dollar	\$0.767	\$0.798	4.0	%
Euro	\$1.116	\$1.175	5.3	%

	Average Exchange Rates for the Nine Months Ended September 30,		Percentage Strengthening / (Weakening) of Foreign Currency	
	2016	2017		
Australian dollar	\$0.742	\$0.766	3.2	%
Brazilian real	\$0.283	\$0.315	11.3	%
British pound sterling	\$1.393	\$1.275	(8.5)	%
Canadian dollar	\$0.757	\$0.766	1.2	%
Euro	\$1.116	\$1.113	(0.3)	%

Table of Contents

Non-GAAP Measures

Adjusted EBITDA

Adjusted EBITDA is defined as income (loss) from continuing operations before interest expense, net, provision (benefit) for income taxes, depreciation and amortization, and also excludes certain items that we believe are not indicative of our core operating results, specifically: (i) (gain) loss on disposal/write-down of property, plant and equipment (excluding real estate), net; (ii) intangible impairments; (iii) other expense (income), net; (iv) gain on sale of real estate, net of tax; and (v) Recall Costs. Adjusted EBITDA Margin is calculated by dividing Adjusted EBITDA by total revenues. We use multiples of current or projected Adjusted EBITDA in conjunction with our discounted cash flow models to determine our estimated overall enterprise valuation and to evaluate acquisition targets. We believe Adjusted EBITDA and Adjusted EBITDA Margin provide our current and potential investors with relevant and useful information regarding our ability to generate cash flow to support business investment. These measures are an integral part of the internal reporting system we use to assess and evaluate the operating performance of our business.

Adjusted EBITDA excludes both interest expense, net and the provision (benefit) for income taxes. These expenses are associated with our capitalization and tax structures, which we do not consider when evaluating the operating profitability of our core operations. Finally, Adjusted EBITDA does not include depreciation and amortization expenses, in order to eliminate the impact of capital investments, which we evaluate by comparing capital expenditures to incremental revenue generated and as a percentage of total revenues. Adjusted EBITDA and Adjusted EBITDA Margin should be considered in addition to, but not as a substitute for, other measures of financial performance reported in accordance with accounting principles generally accepted in the United States of America ("GAAP"), such as operating income, income (loss) from continuing operations, net income (loss) or cash flows from operating activities from continuing operations (as determined in accordance with GAAP).

Reconciliation of Income (Loss) from Continuing Operations to Adjusted EBITDA (in thousands):

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2016	2017	2016	2017
Income (Loss) from Continuing Operations	\$5,759	\$25,382	\$54,080	\$167,374
Add/(Deduct):				
Gain on Sale of Real Estate, Net of Tax ⁽¹⁾	(325)) 638	(325)) (925)
Provision (Benefit) for Income Taxes	23,418	2,268	46,157	29,497
Other Expense (Income), Net	23,302	59,479	37,006	33,749
Interest Expense, Net	83,300	88,989	225,228	265,010
(Gain) Loss on Disposal/Write-Down of Property, Plant and Equipment (Excluding Real Estate), Net	(54)) (292)	(1,131)) (967)
Depreciation and Amortization	124,670	128,513	326,896	381,319
Recall Costs	34,133	18,047	102,872	58,595
Adjusted EBITDA	\$294,203	\$323,024	\$790,783	\$933,652

(1) Tax expense associated with the gain on sale of real estate for the three and nine months ended September 30, 2017 was \$0.6 million.

Table of Contents

Adjusted EPS

Adjusted EPS is defined as reported earnings per share fully diluted from continuing operations excluding: (1) (gain) loss on disposal/write-down of property, plant and equipment (excluding real estate), net; (2) gain on sale of real estate, net of tax; (3) intangible impairments; (4) other expense (income), net; (5) Recall Costs; and (6) the tax impact of reconciling items and discrete tax items. Adjusted EPS includes income (loss) attributable to noncontrolling interests. We do not believe these excluded items to be indicative of our ongoing operating results, and they are not considered when we are forecasting our future results. We believe Adjusted EPS is of value to our current and potential investors when comparing our results from past, present and future periods.

Reconciliation of Reported EPS—Fully Diluted from Continuing Operations to Adjusted EPS—Fully Diluted from Continuing Operations:

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2016	2017	2016	2017
Reported EPS—Fully Diluted from Continuing Operations	\$0.02	\$0.10	\$0.22	\$0.62
Add/(Deduct):				
Income (Loss) Attributable to Noncontrolling Interests	—	—	—	0.01
Gain on Sale of Real Estate, Net of Tax	—	—	—	—
Other Expense (Income), Net	0.09	0.22	0.15	0.13
(Gain) Loss on Disposal/Write-Down of Property, Plant and Equipment (Excluding Real Estate), Net	—	—	—	—
Recall Costs	0.13	0.07	0.43	0.22
Tax Impact of Reconciling Items and Discrete Tax Items(1)	0.03	(0.08)	0.01	(0.12)
Adjusted EPS—Fully Diluted from Continuing Operations(2)	\$0.27	\$0.31	\$0.80	\$0.85

The difference between our effective tax rate and our structural tax rate (or adjusted effective tax rate) for the three and nine months ended September 30, 2016 and 2017, respectively, is primarily due to (i) the reconciling items above, which impact our reported income (loss) from continuing operations before provision (benefit) for income taxes but have an insignificant impact on our reported provision (benefit) for income taxes and (ii) other discrete tax items. Our structural tax rate for purposes of the calculation of Adjusted EPS for the three and nine months ended September 30, 2016 and 2017 was 18.6% and 21.5%, respectively.

(2) Columns may not foot due to rounding.

Table of Contents

FFO (NAREIT) and FFO (Normalized)

Funds from operations (“FFO”) is defined by the National Association of Real Estate Investment Trusts (“NAREIT”) and us as net income (loss) excluding depreciation on real estate assets and gain on sale of real estate, net of tax (“FFO (NAREIT)”). FFO (NAREIT) does not give effect to real estate depreciation because these amounts are computed, under GAAP, to allocate the cost of a property over its useful life. Because values for well-maintained real estate assets have historically increased or decreased based upon prevailing market conditions, we believe that FFO (NAREIT) provides investors with a clearer view of our operating performance. Our most directly comparable GAAP measure to FFO (NAREIT) is net income (loss). Although NAREIT has published a definition of FFO, modifications to FFO (NAREIT) are common among REITs as companies seek to provide financial measures that most meaningfully reflect their particular business. Our definition of FFO (Normalized) excludes certain items included in FFO (NAREIT) that we believe are not indicative of our core operating results, specifically: (1) (gain) loss on disposal/write-down of property, plant and equipment (excluding real estate), net; (2) intangible impairments; (3) other expense (income), net; (4) Recall Costs; (5) the tax impact of reconciling items and discrete tax items; (6) (income) loss from discontinued operations, net of tax; and (7) loss (gain) on sale of discontinued operations, net of tax.

Reconciliation of Net Income (Loss) to FFO (NAREIT) and FFO (Normalized) (in thousands):

	Three Months Ended		Nine Months Ended	
	September 30,		September 30,	
	2016	2017	2016	2017
Net Income (Loss)	\$7,800	\$24,324	\$57,708	\$163,953
Add/(Deduct):				
Real Estate Depreciation(1)	61,655	64,533	165,037	193,402
Gain on Sale of Real Estate, Net of Tax	(325)) 638	(325)) (925)
FFO (NAREIT)	69,130	89,495	222,420	356,430
Add/(Deduct):				
(Gain) Loss on Disposal/Write-Down of Property, Plant and Equipment (Excluding Real Estate), Net	(54)) (292)) (1,131)) (967)
Other Expense (Income), Net(2)	23,302	59,479	37,006	33,749
Recall Costs	34,133	18,047	102,872	58,595
Tax Impact of Reconciling Items and Discrete Tax Items(3)	7,345	(20,419)) 1,672	(32,277)
(Income) Loss from Discontinued Operations, Net of Tax(4)	(2,041)) 1,058	(3,628)) 3,421
FFO (Normalized)	\$131,815	\$147,368	\$359,211	\$418,951

(1) Includes depreciation expense related to real estate assets (land improvements, buildings, building improvements, leasehold improvements and racking).

(2) Includes foreign currency transaction losses, net of \$11.9 million and \$27.9 million in the three and nine months ended September 30, 2017, respectively, and \$10.7 million and \$15.3 million in the three and nine months ended September 30, 2016, respectively. See Note 2.i. to Notes to Condensed Consolidated Financial Statements included in this Quarterly Report for additional information regarding the components of Other expense (income), net.

(3) Represents the tax impact of (i) the reconciling items above, which impact our reported income (loss) from continuing operations before provision (benefit) for income taxes but have an insignificant impact on our reported provision (benefit) for income taxes and (ii) other discrete tax items. Discrete tax items resulted in a (benefit) provision for income taxes of \$(18.4) million and \$(26.5) million for the three and nine months ended September 30, 2017, respectively, and \$2.5 million and \$1.7 million for the three and nine months ended September 30, 2016, respectively.

Edgar Filing: IRON MOUNTAIN INC - Form 10-Q

Net of tax benefit of \$0.6 million and \$1.7 million for the three and nine months ended September 30, 2017, (4) respectively. Net of tax provision of \$0.3 million and \$0.6 million for the three and nine months ended September 30, 2016, respectively.

Table of Contents

Critical Accounting Policies

Our discussion and analysis of our financial condition and results of operations are based upon our Condensed Consolidated Financial Statements, which have been prepared in accordance with GAAP. The preparation of these financial statements requires us to make estimates, judgments and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of contingent assets and liabilities at the date of the financial statements and for the period then ended. On an ongoing basis, we evaluate the estimates used. We base our estimates on historical experience, actuarial estimates, current conditions and various other assumptions that we believe to be reasonable under the circumstances. These estimates form the basis for making judgments about the carrying values of assets and liabilities and are not readily apparent from other sources. Actual results may differ from these estimates. Our critical accounting policies include the following, which are listed in no particular order:

Revenue Recognition

Accounting for Acquisitions

Impairment of Tangible and Intangible Assets

Income Taxes

Further detail regarding our critical accounting policies can be found in "Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations" in our Annual Report, and the Consolidated Financial Statements and the Notes included therein. We have determined that no material changes concerning our critical accounting policies have occurred since December 31, 2016.

Recent Accounting Pronouncements

See Note 2.k. to Notes to Condensed Consolidated Financial Statements included in this Quarterly Report for a description of recently issued accounting pronouncements, including those recently adopted.

Table of Contents

REVENUES

Consolidated revenues consists of the following (in thousands):

	Three Months Ended		Dollar Change	Percentage Change					
	September 30, 2016	September 30, 2017		Actual	Constant Currency(1)	Internal Growth(2)			
Storage Rental	\$576,465	\$601,091	\$24,626	4.3 %	3.1 %	3.5 %			
Service	366,357	364,570	(1,787)	(0.5)%	(1.7)%	(0.2)%			
Total Revenues	\$942,822	\$965,661	\$22,839	2.4 %	1.3 %	2.0 %			
	Nine Months Ended		Dollar Change	Percentage Change					
	September 30, 2016	September 30, 2017		Actual	Constant Currency(1)	Internal Growth(2)			
Storage Rental	\$1,576,358	\$1,763,609	\$187,251	11.9%	11.9 %	3.8 %			
Service	1,000,902	1,090,734	89,832	9.0 %	8.8 %	(0.3)%			
Total Revenues	\$2,577,260	\$2,854,343	\$277,083	10.8%	10.7 %	2.2 %			

(1)Constant currency growth rates are calculated by translating the 2016 results at the 2017 average exchange rates.

Our internal revenue growth rate, which is a non-GAAP measure, represents the year-over-year growth rate of our revenues excluding the impact of business acquisitions, divestitures and foreign currency exchange rate fluctuations. The revenues generated by Recall have been integrated with our existing revenues and it is impracticable for us to determine actual Recall revenue contribution for the applicable periods. Therefore, our (2) internal revenue growth rates exclude the impact of revenues associated with the Recall Transaction based upon forecasted or budgeted Recall revenues beginning in the third quarter of 2016 through the one-year anniversary of the Recall Transaction. Our internal revenue growth rate includes the impact of acquisitions of customer relationships.

Storage Rental Revenues

In the three and nine months ended September 30, 2017, increases in reported consolidated storage revenues were driven by the favorable impact of acquisitions/divestitures and consolidated internal storage rental revenue growth. The net impact of acquisitions/divestitures contributed 8.1% to the reported storage rental revenue growth rates for the nine months ended September 30, 2017 compared to the comparable prior year period, primarily driven by our acquisition of Recall. Internal storage rental revenue growth of 3.8% in the nine months ended September 30, 2017 compared to the comparable prior year period was driven by internal storage rental revenue growth of 3.1% in our North American Records and Information Management Business segment, primarily driven by net price increases, as well as internal storage rental revenue growth of 2.7%, 2.2% and 6.4% in our North American Data Management Business, Western European Business and Other International Business segments, respectively, primarily driven by volume increases. Excluding the impact of acquisitions/divestitures, global records management net volumes as of September 30, 2017 increased by 1.3% over the ending volume as of September 30, 2016. Global records management reported net volumes, including acquisitions/divestitures, as of September 30, 2017 increased by 1.4% over the ending volume at September 30, 2016, supported by volume increases of 2.0%, 4.3% and 0.1% in our Western European Business, Other International Business and North American Records and Information Management Business segments, respectively.

Table of Contents

Service Revenues

In the three months ended September 30, 2017, the decrease in reported consolidated service revenues was driven by the unfavorable impact of acquisitions/divestitures noted below and negative internal service revenue growth of 0.2%, partially offset by favorable fluctuations in foreign currency exchange rates of 1.2% compared to the three months ended September 30, 2016. The net impact of acquisitions/divestitures decreased reported service revenue growth rates by 1.5% for the three months ended September 30, 2017, compared to the comparable prior year period, primarily driven by the Iron Mountain Divestments and the Russia and Ukraine Divestment. In the nine months ended September 30, 2017, the increase in reported consolidated service revenues was driven by the favorable impact of acquisitions/divestitures and favorable fluctuations in foreign currency exchange rates, partially offset by negative internal service revenue growth compared to the nine months ended September 30, 2016. The net impact of acquisitions/divestitures contributed 9.1% to the reported service revenue growth rates for the nine months ended September 30, 2017, compared to the comparable prior year period, primarily driven by our acquisition of Recall. Internal service revenue growth was negative 0.3% for the nine months ended September 30, 2017, compared to the comparable prior year period. The negative internal service revenue growth for the nine months ended September 30, 2017 reflects continued declines in service revenue activity levels in our North American Data Management Business segment, as the storage business becomes more archival in nature, as well as declines in project activity in our Western European Business and Other International Business segments, partially offset by growth in secure shredding revenues, in part due to higher recycled paper prices, and the stabilization in recent periods of the decline in retrieval/re-file activity and the related decrease in transportation revenues within our North American Records and Information Management Business segment.

Total Revenues

For the reasons stated above, our reported consolidated revenues increased \$22.8 million, or 2.4%, to \$965.7 million and \$277.1 million, or 10.8%, to \$2,854.3 million for the three and nine months ended September 30, 2017, respectively, from \$942.8 million and \$2,577.3 million for the three and nine months ended September 30, 2016, respectively. The net impact of acquisitions/divestitures contributed 8.5% to the reported consolidated revenue growth rate for the nine months ended September 30, 2017 compared to the comparable prior year period, primarily driven by our acquisition of Recall. Consolidated internal revenue growth was 2.2% in the nine months ended September 30, 2017 compared to the comparable prior year period.

Internal Growth—Eight-Quarter Trend

	2015				2016				2017			
	Fourth Quarter	First Quarter	Second Quarter	Third Quarter	Fourth Quarter	First Quarter	Second Quarter	Third Quarter	Fourth Quarter	First Quarter	Second Quarter	Third Quarter
Storage Rental Revenue	2.2 %	2.2 %	2.1 %	2.1 %	2.9 %	3.0 %	4.8 %	3.5 %				
Service Revenue	0.3 %	1.6 %	(2.1)%	(1.3)%	(0.9)%	0.6 %	(1.1)%	(0.2)%				
Total Revenue	1.4 %	2.0 %	0.4 %	0.8 %	1.4 %	2.0 %	2.5 %	2.0 %				

We expect our consolidated internal storage rental revenue growth rate for 2017 to be approximately 3.0% to 3.5%. During the past eight quarters, our internal storage rental revenue growth rate has ranged between 2.1% and 4.8%. Consolidated internal storage rental revenue growth and consolidated total internal revenue growth benefited by approximately 0.8% and 0.5%, respectively, in the second quarter of 2017, from a \$4.2 million customer termination fee in our data center business within our Corporate and Other Business segment. Our internal storage rental revenue growth rates have been relatively stable over the past two fiscal years, as internal storage rental revenue growth for full year 2015 and 2016 was 2.7% and 2.3%, respectively. At various points in the economic cycle, internal storage rental revenue growth may be influenced by changes in pricing and volume. Within our international portfolio, the Western European Business segment is generating consistent low single-digit internal storage rental revenue growth, while the Other International Business segment is producing high single-digit internal storage rental revenue growth

by capturing the first-time outsourcing trends for physical records storage and management in those markets. The internal growth rate for service revenue is inherently more volatile than the internal growth rate for storage rental revenues due to the more discretionary nature of certain services we offer, such as large special projects, and, as a commodity, the volatility of pricing for recycled paper. These revenues, which are often event-driven and impacted to a greater extent by economic downturns as customers defer or cancel the purchase of certain services as a way to reduce their short-term costs, may be difficult to replicate in future periods. The internal growth rate for total service revenues over the past eight quarters reflects reduced retrieval/re-file activity and a related decrease in transportation revenues within our North American Records and Information Management Business and Western European Business segments, as well as continued service declines in service revenue activity levels in our North American Data Management Business segment as the storage business becomes more archival in nature.

Total Cost of Sales	\$429,808	\$418,327	\$(11,481)	(2.7)%	(3.9)%	45.6%	43.3%	(2.3)%	

	Nine Months Ended		Dollar Change	Percentage Change		% of Consolidated Revenues		Percentage Change	
	September 30, 2016	September 30, 2017		Actual	Constant Currency	2016	2017	(Favorable)/Unfavorable	
Labor	\$561,056	\$588,526	\$27,470	4.9%	4.6%	21.8%	20.6%	(1.2)%	
Facilities	383,648	435,363	51,715	13.5%	13.3%	14.9%	15.3%	0.4%	
Transportation	96,812	106,402	9,590	9.9%	9.7%	3.8%	3.7%	(0.1)%	
Product Cost of Sales and Other	105,258	113,008	7,750	7.4%	6.9%	4.1%	4.0%	(0.1)%	
Recall Costs	4,788	16,019	11,231	234.6%	223.9%	0.2%	0.6%	0.4%	
Total Cost of Sales	\$1,151,562	\$1,259,318	\$107,756	9.4%	9.1%	44.7%	44.1%	(0.6)%	

Labor

For the three months ended September 30, 2017, labor decreased \$7.8 million on a reported dollar basis compared to the three months ended September 30, 2016, primarily associated with our North American Records and Information Management Business and North American Data Management Business segments attributable to synergies associated with our acquisition of Recall, and to a lesser extent, the Iron Mountain Divestments and the Russia and Ukraine Divestment. Labor expenses decreased to 20.6% of consolidated revenues in the nine months ended September 30, 2017 compared to 21.8% in the nine months ended September 30, 2016. The decrease in labor expenses as a percentage of consolidated revenues was primarily driven by an approximately 100 basis point decrease in labor expenses associated with our North American Records and Information Management Business segment as a percentage of consolidated revenues, primarily associated with wages and benefits growing at a lower rate than revenue, partially attributable to synergies associated with our acquisition of Recall. On a constant dollar basis, labor expenses for the nine months ended September 30, 2017 increased by \$26.1 million, or 4.6%, compared to the comparable prior year period, primarily driven by our acquisition of Recall.

Facilities

Facilities expenses increased to 15.3% of consolidated revenues in the nine months ended September 30, 2017 compared to 14.9% in the nine months ended September 30, 2016. The 40 basis points increase in facilities expenses as a percentage of consolidated revenues was primarily driven by an increase in rent expense as a result of the acquisition of Recall, as Recall's real estate portfolio contains a more significant proportion of leased facilities than our real estate portfolio as it existed prior to the closing of the Recall Transaction. On a constant dollar basis, facilities expenses for the nine months ended September 30, 2017 increased by \$50.9 million, or 13.3%, compared to the comparable prior year period, primarily driven by our acquisition of Recall.

Table of Contents

Transportation

For the three months ended September 30, 2017, transportation decreased \$2.8 million on a reported dollar basis compared to the three months ended September 30, 2016, driven by a decrease in vehicle lease expense, fuel cost and third party carrier costs, primarily associated with our North American Records and Information Management Business segment attributable to synergies associated with our acquisition of Recall, and to a lesser extent, the Iron Mountain Divestments and the Russia and Ukraine Divestment. Transportation expenses decreased to 3.7% of consolidated revenues in the nine months ended September 30, 2017 compared to 3.8% in the nine months ended September 30, 2016. The decrease in transportation expenses as a percentage of consolidated revenues was driven by a decrease in vehicle lease expense, primarily associated with our North American Records and Information Management Business segment, partially offset by an increase in third party carrier costs as a percentage of consolidated revenue, primarily associated with our Other International Business segment. On a constant dollar basis, transportation expenses for the nine months ended September 30, 2017 increased by \$9.4 million, or 9.7%, compared to the comparable prior year period, primarily driven by our acquisition of Recall.

Product Cost of Sales and Other

For the three months ended September 30, 2017, product cost of sales and other decreased \$3.0 million on a reported dollar basis compared to the three months ended September 30, 2016, driven by decreased project activity in our Other International Business segment, and to a lesser extent, the Iron Mountain Divestments and the Russia and Ukraine Divestment. Product cost of sales and other, which includes cartons, media and other service, storage and supply costs and is highly correlated to service revenue streams, particularly project revenues, decreased to 4.0% of consolidated revenues for the nine months ended September 30, 2017 compared to 4.1% in the nine months ended September 30, 2016. The decrease in product cost of sales and other was driven by special project costs. On a constant dollar basis, product cost of sales and other increased by \$7.3 million, or 6.9%, compared to the comparable prior year period, primarily driven by our acquisition of Recall.

Recall Costs

Recall Costs included in cost of sales were \$16.0 million in the nine months ended September 30, 2017, and primarily consisted of employee severance costs and facility integration costs including labor, maintenance, transportation and other costs related to building moves and consolidation. Recall Costs included in cost of sales were \$4.8 million in the nine months ended September 30, 2016, and primarily consisted of employee severance costs.

Table of Contents

Selling, General and Administrative Expenses

Selling, general and administrative expenses consists of the following expenses (in thousands):

	Three Months Ended		Dollar Change	Percentage Change		% of Consolidated Revenues		Percentage Change	
	September 30, 2016	September 30, 2017		Actual	Constant Currency	2016	2017	(Favorable)/Unfavorable	
General and Administrative Sales, Marketing & Account Management	\$128,250	\$127,685	\$(565)	(0.4)%	(1.3)%	13.6%	13.2%	(0.4)%	
Information Technology	60,572	61,859	1,287	2.1%	1.2%	6.4%	6.4%	—%	
Bad Debt Expense	31,863	34,001	2,138	6.7%	6.1%	3.4%	3.5%	0.1%	
Recall Costs	2,583	3,824	1,241	48.0%	49.0%	0.3%	0.4%	0.1%	
Total Selling, General and Administrative Expenses	29,676	14,988	(14,688)	(49.5)%	(50.4)%	3.1%	1.6%	(1.5)%	
	\$252,944	\$242,357	\$(10,587)	(4.2)%	(5.1)%	26.8%	25.1%	(1.7)%	
	Nine Months Ended September 30,		Dollar Change	Percentage Change		% of Consolidated Revenues		Percentage Change	
	2016	2017		Actual	Constant Currency	2016	2017	(Favorable)/Unfavorable	
General and Administrative Sales, Marketing & Account Management	\$371,654	\$388,598	\$16,944	4.6%	4.8%	14.4%	13.6%	(0.8)%	
Information Technology	175,332	186,879	11,547	6.6%	6.9%	6.8%	6.5%	(0.3)%	
Bad Debt Expense	86,968	96,110	9,142	10.5%	10.9%	3.4%	3.4%	—%	
Recall Costs	5,749	5,805	56	1.0%	1.1%	0.2%	0.2%	—%	
Total Selling, General and Administrative Expenses	98,084	42,576	(55,508)	(56.6)%	(56.8)%	3.8%	1.5%	(2.3)%	
General and Administrative	\$737,787	\$719,968	\$(17,819)	(2.4)%	(2.3)%	28.6%	25.2%	(3.4)%	

General and administrative expenses decreased to 13.6% of consolidated revenues in the nine months ended September 30, 2017 compared to 14.4% in the nine months ended September 30, 2016. The decrease in general and administrative expenses as a percentage of consolidated revenues was driven mainly by a decrease in compensation expense, primarily associated with wages and benefits growing at a lower rate than revenue, partially attributable to the Transformation Initiative and synergies associated with our acquisition of Recall, partially offset by an increase in professional fees associated with innovation initiatives. On a constant dollar basis, general and administrative expenses for the nine months ended September 30, 2017 increased by \$17.6 million, or 4.8%, compared to the comparable prior year period, primarily driven by our acquisition of Recall.

Sales, Marketing & Account Management

Sales, marketing and account management expenses decreased to 6.5% of consolidated revenues in the nine months ended September 30, 2017 compared to 6.8% in the nine months ended September 30, 2016. The decrease in sales, marketing and account management expenses as a percentage of consolidated revenues was driven by a decrease in compensation expense, primarily associated with wages and benefits growing at a lower rate than revenue, partially attributable to the Transformation Initiative and synergies associated with our acquisition of Recall. On a constant dollar basis, sales, marketing and account management expenses for the nine months ended September 30, 2017 increased by \$12.0 million, or 6.9%, compared to the comparable prior year period, primarily driven by our acquisition of Recall.

Table of Contents

Information Technology

Information technology expenses were 3.4% of consolidated revenues in both the nine months ended September 30, 2017 and the nine months ended September 30, 2016. Information technology expenses as a percentage of consolidated revenues reflect a decrease in compensation expense, primarily associated with wages and benefits growing at a lower rate than revenue, partially attributable to the Transformation Initiative and synergies associated with our acquisition of Recall, offset by higher professional fees. On a constant dollar basis, information technology expenses for the nine months ended September 30, 2017 increased by \$9.4 million, or 10.9%, compared to the comparable prior year period, primarily driven by our acquisition of Recall.

Bad Debt Expense

We maintain an allowance for doubtful accounts that is calculated based on our past loss experience, current and prior trends in our aged receivables, current economic conditions, and specific circumstances of individual receivable balances. We continue to monitor our customers' payment activity and make adjustments based on their financial condition and in light of historical and expected trends.

Recall Costs

Recall Costs included in selling, general and administrative expenses were \$42.6 million in the nine months ended September 30, 2017, and primarily consisted of advisory and professional fees, as well as severance costs. Recall Costs included in selling, general and administrative expenses were \$98.1 million in the nine months ended September 30, 2016, and primarily consisted of advisory and professional fees, as well as severance and REIT conversion costs.

Depreciation and Amortization

Depreciation expense increased \$35.2 million, or 13.2%, on a reported dollar basis for the nine months ended September 30, 2017 compared to the nine months ended September 30, 2016, primarily due to the increased depreciation of property, plant and equipment acquired in the Recall Transaction. See Note 2.f. to Notes to Consolidated Financial Statements in our Annual Report for additional information regarding the useful lives over which our property, plant and equipment is depreciated.

Amortization expense increased \$19.2 million, or 32.2%, on a reported dollar basis for the nine months ended September 30, 2017 compared to the nine months ended September 30, 2016, primarily due to the increased amortization of customer relationship intangible assets acquired in the Recall Transaction, which are amortized over a weighted average useful life of 13 years.

OTHER EXPENSES, NET

Interest Expense, Net

Consolidated interest expense, net increased \$39.8 million to \$265.0 million in the nine months ended September 30, 2017 from \$225.2 million in the nine months ended September 30, 2016. This increase was a result of higher average debt outstanding during the current year period compared to the prior year period. Our weighted average interest rate was 5.0% and 5.1% at September 30, 2017 and 2016, respectively. See Note 5 to Notes to Condensed Consolidated Financial Statements included in this Quarterly Report for additional information regarding our indebtedness.

Table of Contents

Other Expense (Income), Net (in thousands)

	Three Months		Dollar Change	Nine Months		Dollar Change
	Ended September 30, 2016	2017		Ended September 30, 2016	2017	
Foreign currency transaction losses, net	\$10,685	\$11,865	\$1,180	\$15,336	\$27,900	\$12,564
Debt extinguishment expense	—	48,298	48,298	9,283	48,298	39,015
Other, net	12,617	(684)	(13,301)	12,387	(42,449)	(54,836)

Foreign Currency Transaction Losses

We recorded net foreign currency transaction losses of \$27.9 million in the nine months ended September 30, 2017, based on period-end exchange rates. These losses resulted primarily from the impact of changes in the exchange rate of each of the British pound sterling, Canadian dollar and Euro against the United States dollar compared to December 31, 2016 on our intercompany balances with and between certain of our subsidiaries and the Euro Notes (as defined below). These losses were partially offset by gains resulting primarily from the impact of changes in the exchange rate of each of the Brazilian real, Mexican peso and Russian ruble against the United States dollar compared to December 31, 2016 on our intercompany balances with and between certain of our subsidiaries.

We recorded net foreign currency transaction losses of \$15.3 million in the nine months ended September 30, 2016, based on period-end exchange rates. These losses resulted primarily from the impact of changes in the exchange rate of each of the Argentine peso and British pound sterling against the United States dollar compared to December 31, 2015 on our intercompany balances with and between certain of our subsidiaries, as well as Euro denominated borrowings by IMI under our Former Revolving Credit Facility (as defined below). These losses were partially offset by gains resulting primarily from the impact of changes in the exchange rate of each of the Brazilian real, Euro and Russian ruble against the United States dollar compared to December 31, 2015 on our intercompany balances with and between certain of our subsidiaries.

Debt Extinguishment Expense

We recorded a charge of \$48.3 million in the three and nine months ended September 30, 2017, primarily related to the early extinguishment of (i) the 6% Notes due 2020 and (ii) the CAD Notes due 2021 (each as defined and described more fully in Note 5 to Notes to Condensed Consolidated Financial Statements included in this Quarterly Report), consisting of the write-off of unamortized deferred financing costs and call premiums.

We recorded a charge of \$9.3 million in the nine months ended September 30, 2016 related to the termination of an \$850.0 million unsecured bridge term loan during the second quarter of 2016 (which is described more fully in Note 5 to Notes to Consolidated Financial Statements in our Annual Report), which primarily consisted of the write-off of unamortized deferred financing costs.

Other, Net

Other, net for the nine months ended September 30, 2017 includes a gain of \$38.9 million associated with the Russia and Ukraine Divestment (see Note 10 to Notes to Condensed Consolidated Financial Statements included in this Quarterly Report).

Other, net for the three and nine months ended September 30, 2016 includes a charge of \$14.0 million associated with the anticipated loss on disposal of the Australia Divestment Business (see Note 2.i. to Notes to Condensed Consolidated Financial Statements in this Quarterly Report).

Table of Contents

Provision for Income Taxes

We provide for income taxes during interim periods based on our estimate of the effective tax rate for the year. Discrete items and changes in our estimate of the annual effective tax rate are recorded in the period they occur. Our effective tax rate is subject to variability in the future due to, among other items: (1) changes in the mix of income between our qualified REIT subsidiaries ("QRSs") and our domestic taxable REIT subsidiaries ("TRSs"), as well as among the jurisdictions in which we operate; (2) tax law changes; (3) volatility in foreign exchange gains and losses; (4) the timing of the establishment and reversal of tax reserves; and (5) our ability to utilize net operating losses that we generate.

Our effective tax rates for the three and nine months ended September 30, 2017 were 8.0% and 15.1%, respectively. The primary reconciling items between the federal statutory tax rate of 35.0% and our overall effective tax rate for the three months ended September 30, 2017 were the benefit derived from the dividends paid deduction, differences in the rates of tax at which our foreign earnings are subject and a release of valuation allowances on certain of our foreign net operating losses of \$18.5 million as a result of the merger of certain of our foreign subsidiaries. The primary reconciling items between the federal statutory tax rate of 35.0% and our overall effective tax rate for the nine months ended September 30, 2017 were the benefit derived from the dividends paid deduction, differences in the rates of tax at which our foreign earnings are subject and a release of valuation allowances on certain of our foreign net operating losses of \$26.0 million as a result of the merger of certain of our foreign subsidiaries. Our effective tax rates for the three and nine months ended September 30, 2016 were 81.2% and 46.2%, respectively. The primary reconciling items between the federal statutory tax rate of 35.0% and our overall effective tax rates for the three and nine months ended September 30, 2016 were the benefit derived from the dividends paid deduction, differences in the rates of tax at which our foreign earnings are subject, including foreign exchange gains and losses in different jurisdictions with different tax rates, and the impact of the \$14.0 million charge (described in Note 2.i. to Notes to Condensed Consolidated Financial Statements included in this Quarterly Report) recorded during the third quarter of 2016 related to the anticipated loss on disposal of the Australia Divestment Business (as defined in Note 6 to Notes to Consolidated Financial Statements included in our Annual Report), which had no associated tax benefit.

As a result of the 2016 Indefinite Reinvestment Assessment (as defined in Note 2.e. to Notes to Condensed Consolidated Financial Statements included in this Quarterly Report), we concluded that it is our intent to indefinitely reinvest our current and future undistributed earnings of our unconverted foreign TRSs outside the United States. Accordingly, we no longer provide incremental foreign withholding taxes on the retained book earnings of these unconverted foreign TRSs. As a REIT, future repatriation of incremental undistributed earnings of our foreign subsidiaries will not be subject to federal or state income tax, with the exception of foreign withholding taxes in limited instances; however, such future repatriations will require distribution in accordance with REIT distribution rules, and any such distribution may then be taxable, as appropriate, at the stockholder level. We continue, however, to provide for incremental foreign withholding taxes on net book over outside basis differences related to the earnings of our foreign QRSs and certain of our converted TRSs.

As a REIT, we are entitled to a deduction for dividends paid, resulting in a substantial reduction of federal income tax expense, and substantially all of our income tax expense will be incurred based on the earnings generated by our foreign subsidiaries and our domestic TRSs.

Gain on Sale of Real Estate, Net of Tax

Consolidated gain on sale of real estate for the nine months ended September 30, 2017 was \$0.9 million, net of tax of \$0.6 million, and consisted of the sale of land and a building in the United States for net proceeds of approximately \$12.7 million. Consolidated gain on sale of real estate, net of tax, for the three and nine months ended September 30, 2016 was \$0.3 million associated with the sale of land in the United States and Canada.

Table of Contents

INCOME (LOSS) FROM CONTINUING OPERATIONS AND ADJUSTED EBITDA (in thousands)

The following table reflects the effect of the foregoing factors on our consolidated income (loss) from continuing operations and Adjusted EBITDA:

	Three Months Ended		Dollar Change	Percentage Change	
	September 30, 2016	2017			
Income from Continuing Operations	\$5,759	\$25,382	\$19,623	340.7	%
Income from Continuing Operations as a percentage of Consolidated Revenue	0.6	% 2.6	%		
Adjusted EBITDA	\$294,203	\$323,024	\$28,821	9.8	%
Adjusted EBITDA Margin	31.2	% 33.5	%		
	Nine Months Ended		Dollar Change	Percentage Change	
	September 30, 2016	2017			
Income from Continuing Operations	\$54,080	\$167,374	\$113,294	209.5	%
Income from Continuing Operations as a percentage of Consolidated Revenue	2.1	% 5.9	%		
Adjusted EBITDA	\$790,783	\$933,652	\$142,869	18.1	%
Adjusted EBITDA Margin	30.7	% 32.7	%		

INCOME (LOSS) FROM DISCONTINUED OPERATIONS, NET OF TAX

Income (loss) from discontinued operations, net of tax was \$3.6 million and \$(3.4) million for the nine months ended September 30, 2016 and 2017, respectively, primarily related to the operations of the Recall Divestments.

NONCONTROLLING INTERESTS

For the nine months ended September 30, 2016 and 2017, net income attributable to noncontrolling interests resulted in a decrease in net income attributable to IMI of \$1.8 million and \$2.9 million, respectively. These amounts represent our noncontrolling partners' share of earnings/losses in our majority-owned international subsidiaries that are consolidated in our operating results.

Table of Contents

Segment Analysis (in thousands)

See Note 9 to Notes to Consolidated Financial Statements included in our Annual Report for a description of our reportable operating segments.

North American Records and Information Management Business

	Three Months Ended		Dollar Change	Percentage Change		
	September 30,			Actual	Constant Currency	Internal Growth
	2016	2017

Segment Adjusted EBITDA Margin(2)	39.6%	42.8%				

See Note 7 to Notes to Condensed Consolidated Financial Statements included in this Quarterly Report for the (1) definition of Adjusted EBITDA and a reconciliation of Adjusted EBITDA to income (loss) from continuing operations.

(2) Segment Adjusted EBITDA Margin is calculated by dividing Segment Adjusted EBITDA by total segment revenues.

For the nine months ended September 30, 2017, reported revenue in our North American Records and Information Management Business segment increased 7.3%, compared to the nine months ended September 30, 2016, due to the favorable net impact of acquisitions/divestitures and internal revenue growth. The net impact of acquisitions/divestitures contributed 4.9% to the reported revenue growth rates in our North American Records and Information Management Business segment for the nine months ended September 30, 2017, compared to the comparable prior year period, primarily driven by our acquisition of Recall. Internal revenue growth of 2.3% in the nine months ended September 30, 2017 was primarily the result of (i) internal storage rental revenue growth of 3.1% in the nine months ended September 30, 2017, primarily driven by net price increases and (ii) internal service revenue growth of 1.1% in the nine months ended September 30, 2017, driven by growth in secure shredding revenues, in part due to higher recycled paper prices, as well as the stabilization in recent periods of the decline in retrieval/re-file activity and the related decrease in transportation revenues. Adjusted EBITDA margin increased 320 basis points during the nine months ended September 30, 2017 compared to the nine months ended September 30, 2016, primarily driven by a decrease in wages and benefits as a percentage of segment revenue, primarily associated with wages and benefits growing at a lower rate than revenue, partially attributable to the Transformation Initiative and synergies associated with our acquisition of Recall, as well as decreases in professional fees and bad debt expense.

See Note 7 to Notes to Condensed Consolidated Financial Statements included in this Quarterly Report for the (1) definition of Adjusted EBITDA and a reconciliation of Adjusted EBITDA to income (loss) from continuing operations.

(2) Segment Adjusted EBITDA Margin is calculated by dividing Segment Adjusted EBITDA by total segment revenues.

For the nine months ended September 30, 2017, reported revenue in our North American Data Management Business segment increased 4.2%, compared to the nine months ended September 30, 2016, due to the favorable net impact of acquisitions/divestitures. The net impact of acquisitions/divestitures contributed 4.6% to the reported revenue growth rates in our North American Data Management Business segment for the nine months ended September 30, 2017, compared to the comparable prior year period, primarily driven by our acquisition of Recall. The negative internal revenue growth for the nine months ended September 30, 2017 of 7.3% is primarily attributable to continued declines in service revenue activity levels as the business becomes more archival in nature, partially offset by internal storage rental revenue growth of 2.7% in the nine months ended September 30, 2017, primarily attributable to volume increases. Adjusted EBITDA margin decreased 250 basis points during the nine months ended September 30, 2017 compared to the nine months ended September 30, 2016, primarily driven by an increase in selling, general and administrative expenses, partially attributable to investments associated with product management and development.

Segment Adjusted EBITDA Margin(2)	30.7%	30.8%				

See Note 7 to Notes to Condensed Consolidated Financial Statements included in this Quarterly Report for the (1) definition of Adjusted EBITDA and a reconciliation of Adjusted EBITDA to income (loss) from continuing operations.

(2) Segment Adjusted EBITDA Margin is calculated by dividing Segment Adjusted EBITDA by total segment revenues.

For the nine months ended September 30, 2017, reported revenue in our Western European Business segment increased 10.5%, compared to the nine months ended September 30, 2016, due to the favorable net impact of acquisitions/divestitures and internal revenue growth, partially offset by unfavorable fluctuations in foreign currency exchange rates. The net impact of acquisitions/divestitures contributed 13.5% to the reported revenue growth rates in our Western European Business segment for the nine months ended September 30, 2017, compared to the comparable prior year period, primarily driven by our acquisition of Recall. Internal revenue growth for the nine months ended September 30, 2017 was 1.8%, primarily attributable to internal storage rental revenue growth of 2.2% for the nine months ended September 30, 2017, primarily associated with volume increases. For the nine months ended September 30, 2017, foreign currency exchange rate fluctuations decreased our reported revenues for the Western European Business segment by 4.8%, compared to the comparable prior year period due to the weakening of the British pound sterling and Euro against the United States dollar. Adjusted EBITDA margin increased 330 basis points during the three months ended September 30, 2017 compared to the three months ended September 30, 2016, driven by a decrease in selling, general and administrative expenses and cost of sales as a percentage of segment revenue, driven by decreased wages and professional fees, property insurance and project costs, primarily attributable to synergies associated with our acquisition of Recall. Adjusted EBITDA margin increased 10 basis points during the nine months ended September 30, 2017 compared to the nine months ended September 30, 2016, driven by a decrease in selling, general and administrative expenses as a percentage of segment revenue, associated with wages and benefits growing at a lower rate than revenue as a result of the Transformation Initiative and synergies associated with our acquisition of Recall. This decrease was partially offset by an increase in cost of sales as a percentage of segment revenue, associated with increased compensation, rent expense and property taxes driven by our acquisition of Recall.

See Note 7 to Notes to Condensed Consolidated Financial Statements included in this Quarterly Report for the (1) definition of Adjusted EBITDA and a reconciliation of Adjusted EBITDA to income (loss) from continuing operations.

(2) Segment Adjusted EBITDA Margin is calculated by dividing Segment Adjusted EBITDA by total segment revenues.

In the three months ended September 30, 2017, the decrease in reported service revenues in our Other International Business segment was driven by the unfavorable impact of acquisitions/divestitures and negative internal service revenue growth, partially offset by favorable fluctuations in foreign currency exchange rates compared to the three months ended September 30, 2016. The impact of acquisitions/divestitures decreased reported service revenue growth rate by 6.8% for the three months ended September 30, 2017, compared to the comparable prior year period, primarily driven by the Iron Mountain Divestments and the Russia and Ukraine Divestment. For the nine months ended September 30, 2017, reported revenue in our Other International Business segment increased 25.3% compared to the nine months ended September 30, 2016, due to the favorable net impact of acquisitions/divestitures, internal revenue growth and favorable fluctuations in foreign currency exchange rates. The net impact of acquisitions/divestitures contributed 18.3% to the reported revenue growth rate in our Other International Business segment for the nine months ended September 30, 2017 compared to the comparable prior year period, primarily driven by our acquisition of Recall. Internal revenue growth for the nine months ended September 30, 2017 was 3.5%, supported by 6.4% internal storage rental revenue growth, primarily due to volume increases, partially offset by negative 1.1% internal service revenue growth primarily due to decreased project activity. Foreign currency fluctuations in the nine months ended September 30, 2017 resulted in increased revenue, as measured in United States dollars, of approximately 3.5% compared to the comparable prior year period, primarily due to the strengthening of the Australian dollar and Brazilian real against the United States dollar. Adjusted EBITDA margin increased 400 basis points during the nine months ended September 30, 2017 compared to the nine months ended September 30, 2016, primarily due to higher margin business in Australia as a result of our acquisition of Recall and to a lesser extent, synergies associated with our acquisition of Recall.

During the nine months ended September 30, 2017, Adjusted EBITDA in the Corporate and Other Business segment as a percentage of consolidated revenues improved 20 basis points compared to the nine months ended September 30, 2016. Adjusted EBITDA in the Corporate and Other Business segment decreased \$10.7 million in the nine months ended September 30, 2017 compared to the nine months ended September 30, 2016, primarily driven by an increase in information technology expenses associated with our acquisition of Recall, professional fees associated with our innovation investments and \$3.5 million of costs associated with natural disasters, primarily Hurricane Maria, which damaged certain of our facilities in Puerto Rico in the third quarter of 2017, partially offset by a customer termination fee in our data center business in the second quarter of 2017.

Table of Contents

Liquidity and Capital Resources

The following is a summary of our cash balances and cash flows (in thousands) as of and for the nine months ended September 30,

	2016	2017
Cash flows from operating activities - continuing operations	\$418,952	\$522,290
Cash flows from investing activities - continuing operations	(507,108)	(483,401)
Cash flows from financing activities - continuing operations	441,337	41,480
Cash and cash equivalents at the end of period	458,128	337,886

Net cash provided by operating activities from continuing operations was \$522.3 million for the nine months ended September 30, 2017 compared to \$419.0 million for the nine months ended September 30, 2016. The \$103.3 million period over period increase in cash flows from operating activities resulted from an increase in net income (including non-cash charges and realized foreign exchange losses) of \$170.7 million, offset by an increase in cash used in working capital of \$67.4 million, primarily related to the timing of accrued expenses and deferred revenue.

Our business requires capital expenditures to maintain our ongoing operations, support our expected revenue growth and new products and services, and increase our profitability. These expenditures are included in the cash flows from investing activities. The nature of our capital expenditures has evolved over time along with the nature of our business. Our capital goes to support business-line growth and our ongoing operations, but we also expend capital to support the development and improvement of products and services and projects designed to increase our profitability. These expenditures are generally discretionary in nature. Cash paid for our capital expenditures, cash paid for acquisitions (net of cash acquired), acquisition of customer relationships and customer inducements during the nine months ended September 30, 2017 amounted to \$243.7 million, \$194.1 million, \$43.6 million and \$13.3 million, respectively. For the nine months ended September 30, 2017, these expenditures were primarily funded with cash flows from operations, as well as through borrowings under both our Former Revolving Credit Facility and Revolving Credit Facility, as well as the issuance of the Euro Notes (as defined below). Excluding capital expenditures associated with potential future acquisitions, opportunistic real estate investments and capital expenditures associated with the integration of Recall, we expect our capital expenditures to be approximately \$290.0 million to \$330.0 million in the year ending December 31, 2017.

Net cash provided by financing activities from continuing operations was \$41.5 million for the nine months ended September 30, 2017, consisting primarily of net proceeds of \$204.6 million under both the Former Revolving Credit Facility and Revolving Credit Facility (each as defined below) and net proceeds of \$126.3 million associated with the issuance and retirement of senior notes, partially offset by the payment of dividends in the amount of \$293.0 million on our common stock and the payment of \$12.7 million for debt issuance costs.

Table of Contents

Capital Expenditures

Below are descriptions of the major types of investments and other capital expenditures that we have made in recent years or that we are likely to consider in 2017. Beginning in the first quarter of 2017, we are separately identifying an additional capital expenditure category, Innovation and Growth Investment capital spend, which was previously included within the Non-Real Estate Investment capital spend category. We have reclassified the categorization of our prior year capital expenditures to conform with our current presentation.

Real Estate:

Real estate assets that support core business growth primarily related to investments in land, buildings, building improvements, leasehold improvements and racking structures that expand our revenue capacity in existing or new geographies, replace a long-term operational obligation or create operational efficiencies ("Real Estate Investment").

Real estate assets necessary to maintain ongoing business operations primarily related to the repair or replacement of real estate assets such as buildings, building improvements, leasehold improvements and racking structures ("Real Estate Maintenance").

Non-Real Estate:

Non-real estate assets that either (i) support the growth of our business, and/or increase our profitability, such as customer-inventory technology systems, and technology service storage and processing capacity, or (ii) are directly related to the development of core products or services in support of our integrated value proposition and enhance our leadership position in the industry, including items such as increased feature functionality, security upgrades or system enhancements ("Non-Real Estate Investment").

Non-real estate assets necessary to maintain ongoing business operations primarily related to the repair or replacement of customer-facing assets such as containers and shred bins, warehouse equipment, fixtures, computer hardware, or third-party or internally-developed software assets. This category also includes operational support initiatives such as sales and marketing and information technology projects to support infrastructure requirements ("Non-Real Estate Maintenance").

Innovation and Growth Investment:

Discretionary capital expenditures in significant new products and services in new, existing or adjacent business opportunities.

The following table presents our capital spend for the nine months ended September 30, 2016 and 2017, respectively, organized by the type of the spending as described above:

Nature of Capital Spend (in thousands)	Nine Months Ended	
	September 30, 2016	September 30, 2017
Real Estate:		
Investment	\$157,272	\$175,808
Maintenance	35,611	38,430
Total Real Estate Capital Spend	192,883	214,238
Non-Real Estate:		
Investment	27,939	33,714
Maintenance	14,592	19,192
Total Non-Real Estate Capital Spend	42,531	52,906
Innovation and Growth Investment Capital Spend	5,816	15,425
Total Capital Spend (on accrual basis)	241,230	282,569
Net increase (decrease) in prepaid capital expenditures	853	1,571
Net decrease (increase) in accrued capital expenditures	3,946	(40,394)
Total Capital Spend (on cash basis)	\$246,029	\$243,746

Table of Contents

Dividends

See Note 9 to Notes to Condensed Consolidated Financial Statements included in this Quarterly Report for a listing of dividends that were declared in fiscal year 2016 and the first nine months of 2017. Our quarterly cash dividend for the third quarter of 2017 was paid on October 2, 2017, subsequent to the end of the third quarter, which significantly impacted our financing cash flows from continuing operations for the nine months ended September 30, 2017 compared to the nine months ended September 30, 2016. In October 2017, we declared a dividend to our stockholders of record of \$0.5875 per share for the fourth quarter of 2017.

Financial Instruments and Debt

See Note 2.f. to Notes to Condensed Consolidated Financial Statements included in this Quarterly Report for information on our financial instruments, including concentrations of credit risk.

Our consolidated debt as of September 30, 2017 is as follows (in thousands):

	September 30, 2017		
	Debt (inclusive of discount)	Unamortized Deferred Financing Costs	Carrying Amount
Revolving Credit Facility	\$1,165,538	\$ (15,189)	\$1,150,349
Term Loan	246,875	—	246,875

See Note 4 to Notes to Consolidated Financial Statements included in our Annual Report and Note 5 to Notes to Condensed Consolidated Financial Statements included in this Quarterly Report for additional information regarding our long-term debt.

Table of Contents

a. Credit Agreement

On August 21, 2017, we entered into a new credit agreement (the "Credit Agreement") which amended and restated our then existing credit agreement (the "Former Credit Agreement") which consisted of a revolving credit facility (the "Former Revolving Credit Facility") and a term loan (the "Former Term Loan") and was scheduled to terminate on July 6, 2019. The Credit Agreement consists of a revolving credit facility (the "Revolving Credit Facility") and a term loan (the "Term Loan"). The maximum amount permitted to be borrowed under the Revolving Credit Facility is \$1,750.0 million. The original amount of the Term Loan is \$250.0 million. We have the option to request additional commitments of up to \$500.0 million, in the form of term loans or through increased commitments under the Revolving Credit Facility, subject to the conditions specified in the Credit Agreement. The Credit Agreement is scheduled to mature on August 21, 2022, at which point all obligations become due.

The interest rate on borrowings under the Credit Agreement varies depending on our choice of interest rate and currency options, plus an applicable margin, which varies based on our consolidated leverage ratio. Additionally, the Credit Agreement requires the payment of a commitment fee on the unused portion of the Revolving Credit Facility, which fee ranges from between 0.25% to 0.4% based on our consolidated leverage ratio and fees associated with outstanding letters of credit. As of September 30, 2017, we had \$1,165.5 million and \$246.9 million of outstanding borrowings under the Revolving Credit Facility and the Term Loan, respectively, and \$53.6 million of various letters of credit outstanding. The remaining amount available for borrowing under the Revolving Credit Facility as of September 30, 2017, which is based on IMI's leverage ratio, the last 12 months' earnings before interest, taxes, depreciation and amortization and rent expense ("EBITDAR"), other adjustments as defined in the Credit Agreement and current external debt, was \$530.8 million (which amount represents the maximum availability as of such date). The average interest rate in effect under the Credit Agreement was 3.2% as of September 30, 2017. The average interest rate in effect under the Revolving Credit Facility was 3.2% and ranged from 2.0% to 5.3% as of September 30, 2017 and the interest rate in effect under the Term Loan as of September 30, 2017 was 3.2%.

The capital stock or other equity interests of most of our United States subsidiaries, and up to 66% of the capital stock or other equity interests of most of our first-tier foreign subsidiaries, are pledged to secure borrowings under the Credit Agreement, together with all intercompany obligations (including promissory notes) of subsidiaries owed to us or to one of our United States subsidiary guarantors. In addition, Iron Mountain Canada Operations ULC ("Canada Company") has pledged 66% of the capital stock of its subsidiaries, and all intercompany obligations (including promissory notes) owed to or held by it, to secure the Canadian dollar subfacility under the Revolving Credit Facility.

b. Issuance of the Euro Notes and the 4⁷/₈% Notes

In May 2017, IMI completed a private offering of 300.0 million Euro in aggregate principal amount of the Euro Notes, which were issued at par. The net proceeds to IMI from the Euro Notes of 296.3 million Euro (or \$332.7 million, based upon the exchange rate between the Euro and the United States dollar on May 16, 2017 (the settlement date for the Euro Notes)), after deducting discounts to the initial purchasers, were used to repay outstanding borrowings under the Former Revolving Credit Facility.

In September 2017, IMI completed a private offering of \$1,000.0 million in aggregate principal amount of the 4⁷/₈% Notes. The 4⁷/₈% Notes were issued at par. The net proceeds of approximately \$987.5 million from the 4⁷/₈% Notes after deducting discounts to the initial purchasers, together with borrowings under the Revolving Credit Facility, were used to fund the redemption of all of the 6% Senior Notes due 2020, as described below. See Note 5 to Notes to Condensed Consolidated Financial Statements included in this Quarterly Report for additional information regarding the Euro Notes and the 4⁷/₈% Notes.

Table of Contents

c. Redemption of CAD Notes due 2021 and 6% Senior Notes due 2020

In August 2017, we redeemed all of the 200.0 million Canadian dollars in aggregate principal outstanding of the CAD Notes due 2021 (approximately \$157.5 million, based upon the exchange rate between the Canadian dollar and the United States dollar on August 15, 2017 (the redemption date for the CAD Notes due 2021)) at 103.063% of par, plus accrued and unpaid interest to, but excluding the redemption date, utilizing borrowings under the Former Revolving Credit Facility. We recorded a charge of \$6.4 million to other expense (income), net in the third quarter of 2017 related to the early extinguishment of this debt, representing the call premium associated with the early redemption, as well as a write off of unamortized deferred financing costs.

In September 2017, we redeemed all of the \$1,000.0 million in aggregate principal outstanding of the 6% Senior Notes due 2020 at 103.155% of par, plus accrued and unpaid interest to, but excluding, the redemption date, utilizing the net proceeds from the issuance of the 4⁷/₈ Notes and borrowings under the Revolving Credit Facility. We recorded a charge of \$41.7 million to other expense (income), net in the third quarter of 2017 related to the early extinguishment of this debt, representing the call premium associated with the early redemption, as well as a write off of unamortized deferred financing costs.

d. Accounts Receivable Securitization Program

On July 31, 2017, we amended the Accounts Receivable Securitization Program (as defined in Note 5 to Notes to Condensed Consolidated Financial Statements included in this Quarterly Report) to (i) increase the maximum amount available from \$250.0 million to \$275.0 million and (ii) to extend the maturity date from March 6, 2018 to July 30, 2020, at which point all obligations become due. See Note 5 to Notes to Condensed Consolidated Financial Statements included in this Quarterly Report for additional information regarding the Accounts Receivable Securitization Program.

e. Cash Pooling

Certain of our subsidiaries participate in cash pooling arrangements (the "Cash Pools") with Bank Mendes Gans ("BMG"), an independently operated fully-owned subsidiary of ING Group, in order to help manage global liquidity requirements. Under the Cash Pools, cash deposited by participating subsidiaries with BMG is pledged as security against the debit balances of other participating subsidiaries, and legal rights of offset are provided and, therefore, amounts are presented in our Condensed Consolidated Balance Sheets on a net basis. Each subsidiary receives interest on the cash balances held on deposit or pays interest on its debit balances based on an applicable rate as defined in the Cash Pools. At December 31, 2016, we had a net cash position of approximately \$1.7 million (which consisted of a gross cash position of approximately \$69.5 million less outstanding debit balances of approximately \$67.8 million by participating subsidiaries).

During the first quarter of 2017, we significantly expanded our utilization of the Cash Pools and reduced our utilization of our financing centers in Europe for purposes of meeting our global liquidity requirements. We currently utilize two separate cash pools with BMG, one of which we utilize to manage global liquidity requirements for our QRSs (the "QRS Cash Pool") and the other pool for our TRSs (the "TRS Cash Pool"). During the second quarter of 2017, we executed overdraft facility agreements for the QRS Cash Pool and TRS Cash Pool, each in an amount not to exceed \$10.0 million. Each overdraft facility permits us to cover a temporary net debit position in the applicable pool. As of September 30, 2017, we had a net cash position of approximately \$1.0 million in the QRS Cash Pool (which consisted of a gross cash position of approximately \$406.3 million less outstanding debit balances of approximately \$405.3 million by participating subsidiaries) and we had a net cash position of approximately \$2.7 million in the TRS Cash Pool (which consisted of a gross cash position of approximately \$223.3 million less outstanding debit balances of approximately \$220.6 million by participating subsidiaries). The net cash position balances as of December 31,

2016 and September 30, 2017, respectively, are reflected as cash and cash equivalents in the Condensed Consolidated Balance Sheets.

The Credit Agreement, our indentures and other agreements governing our indebtedness contain certain restrictive financial and operating covenants, including covenants that restrict our ability to complete acquisitions, pay cash dividends, incur indebtedness, make investments, sell assets and take certain other corporate actions. The covenants do not contain a rating trigger. Therefore, a change in our debt rating would not trigger a default under the Credit Agreement, our indentures or other agreements governing our indebtedness. The Credit Agreement uses EBITDAR-based calculations as the primary measures of financial performance, including leverage and fixed charge coverage ratios.

Table of Contents

Our leverage and fixed charge coverage ratios under the Former Credit Agreement as of December 31, 2016 and the Credit Agreement as of September 30, 2017, as well as our leverage ratio under our indentures as of December 31, 2016 and September 30, 2017, respectively, are as follows:

	December 31, 2016	September 30, 2017	Maximum/Minimum Allowable
Net total lease adjusted leverage ratio	5.7	5.5	Maximum allowable of 6.5(1)(2)
Net secured debt lease adjusted leverage ratio	2.7	2.3	Maximum allowable of 4.0
Bond leverage ratio (not lease adjusted)	5.2	5.9	Maximum allowable of 6.5(3)
Fixed charge coverage ratio	2.4	2.2	Minimum allowable of 1.5

Our maximum allowable net total lease adjusted leverage ratio under the Former Credit Agreement was 6.5. The Former Credit Agreement also contained a provision which limited, in certain circumstances, our cash dividends in any four consecutive fiscal quarters to 95% of Funds From Operations (as defined in the Former Credit Agreement) for such four fiscal quarters or, if greater, the amount that we would be required to pay in order to (1) continue to be qualified for taxation as a REIT or to avoid the imposition of income or excise taxes on IMI. This former limitation only applied in certain circumstances, including where our net total lease adjusted leverage ratio exceeded 6.0 as measured as of the end of the most recently completed fiscal quarter (the “Dividend Limitation Leverage Condition”). The Credit Agreement does not contain a Dividend Limitation Leverage Condition. The maximum allowable net total lease adjusted leverage ratio under the Credit Agreement is 6.5.

The definition of the net total lease adjusted leverage ratio was modified under the Credit Agreement. The net total lease adjusted leverage ratio at September 30, 2017 was calculated as defined in the Credit Agreement, while the (2) net total lease adjusted leverage ratio at December 31, 2016 was calculated as defined in the Former Credit Agreement. Had the net total lease adjusted leverage ratio at December 31, 2016 been calculated as defined in the Credit Agreement it would have been 5.4.

(3) The maximum allowable leverage ratio under our indenture for the 4⁷/₈% Notes is 7.0.

Noncompliance with these leverage and fixed charge coverage ratios would have a material adverse effect on our financial condition and liquidity.

At The Market Equity Program

In October 2017, we entered into a distribution agreement (the “Distribution Agreement”) with a syndicate of 10 banks (the “Agents”) pursuant to which we may sell, from time to time, up to an aggregate sales price of \$500.0 million of our common stock, par value \$0.01 per share, through the Agents (the “At The Market (ATM) Equity Program”). Sales of our common stock made pursuant to the Distribution Agreement, if any, may be made in negotiated transactions or transactions that are deemed to be “at the market” offerings as defined in Rule 415 under the Securities Act of 1933, including sales made directly on the New York Stock Exchange (“NYSE”), or sales made to or through a market maker other than on an exchange, or as otherwise agreed between the applicable Agent and us. We intend to use the net proceeds from sales of our common stock pursuant to the At The Market (ATM) Equity Program for general corporate purposes, including financing the expansion of our adjacent businesses through acquisitions, such as the Credit Suisse Transaction (as defined below), and repaying amounts outstanding from time to time under the Revolving Credit Facility.

Table of Contents

Acquisitions

a. Acquisition of Recall

On May 2, 2016 (Sydney, Australia time), we completed the Recall Transaction. We currently estimate total acquisition and integration expenditures associated with the Recall Transaction to be approximately \$380.0 million, the majority of which is expected to be incurred by the end of 2018. This amount consists of (i) Recall Costs and (ii) capital expenditures to integrate Recall with our existing operations.

The following table presents the operating and capital expenditures associated with the Recall Transaction incurred for the year ended December 31, 2016, the three and nine months ended September 30, 2017 and the cumulative amount incurred through September 30, 2017 (in thousands):

	Year Ended December 31, 2016	Three Months Ended September 30, 2017	Nine Months Ended September 30, 2017	Cumulative Total
Recall Costs	\$ 131,944	\$ 18,047	\$ 58,595	\$ 237,553
Recall Capital Expenditures	18,391	6,363	23,937	42,393
Total	\$ 150,335	\$ 24,410	\$ 82,532	\$ 279,946

b. Other Noteworthy Acquisitions

In November 2016, we entered into a binding agreement to acquire the information management assets and operations of Santa Fe Group A/S ("Santa Fe") in ten regions within Europe and Asia in order to expand our presence in southeast Asia and western Europe. In December 2016, we acquired the information management assets and operations of Santa Fe in Hong Kong, Malaysia, Singapore, Spain and Taiwan (the "2016 Santa Fe Transaction") for approximately 15.2 million Euros (approximately \$16.0 million, based upon the exchange rate between the United States dollar and the Euro as of December 30, 2016, the closing date of the 2016 Santa Fe Transaction). Of the total purchase price, 13.5 million Euros (or approximately \$14.2 million, based upon the exchange rate between the United States dollar and the Euro on the closing date of the 2016 Santa Fe Transaction) was paid during the year ended December 31, 2016, and the remaining balance is due on the 18-month anniversary of the closing of the 2016 Santa Fe Transaction. During the first half of 2017, we acquired, in two separate transactions, (i) the information management assets and operations of Santa Fe in Macau and South Korea, and (ii) the information management assets and operations of Santa Fe in India, Indonesia and the Philippines (collectively, the "2017 Santa Fe Transaction") for an aggregate purchase price of approximately 11.7 million Euros (or approximately \$13.0 million, based upon the exchange rate between the United States dollar and the Euro on the closing dates of the respective transactions).

In June 2017, in order to expand our presence in Peru, we acquired the information management assets and operations of Ransa Comercial, S.A. and Depositos, S.A., two records and information management companies with operations in Peru, for approximately \$14.7 million.

In July 2017, in order to expand our European operations, we acquired Fileminders Ltd., a storage and records management company with operations in Cyprus, for approximately 24.9 million Euros (or approximately \$28.5 million, based upon the exchange rate between the United States dollar and the Euro on the closing date of the acquisition).

In September 2017, in order to expand our data center operations in the United States, we acquired Mag Datacenters, LLC, which operates Fortrust LLC ("Fortrust"), a private data center business with operations in Denver, Colorado (the "Fortrust Transaction"). At the closing of the Fortrust Transaction, we paid approximately \$54.5 million in cash (the "Fortrust Cash Consideration") and issued approximately 2.2 million shares of our common stock (the "Fortrust Stock Consideration"). The shares of our common stock issued to the former owners of Fortrust in connection with the Fortrust Transaction contain certain restrictions that impact the marketability of such shares for a period of six months following the closing date of the Fortrust Transaction (the "Lack of Marketability Restriction"). The 2.2 million shares issued as part of the Fortrust Stock Consideration were valued at approximately \$37.84 per share, which represents the

closing price of our common stock as of August 31, 2017 (the last day of trading on the NYSE prior to the closing of the Fortrust Transaction), discounted for the Lack of Marketability Restriction, resulting in a total purchase price (including the Fortrust Cash Consideration and the Fortrust Stock Consideration) of approximately \$137.5 million.

Table of Contents

In September 2017, in order to expand our existing entertainment services operations in the United States and to expand our entertainment services operations into Canada, France, Hong Kong, the Netherlands and the United Kingdom, we acquired Bonded Services of America, Inc. and Bonded Services Acquisition, Ltd, providers of media asset management services for global entertainment and media companies (the "Bonded Transaction"), for approximately 62.0 million British pounds sterling (or approximately \$83.0 million, based upon the exchange rate between the British pound sterling and the United States dollar on September 29, 2017, the closing date of the Bonded Transaction).

In addition to the transactions noted above, during 2017, in order to enhance our existing operations in the United States, Greece and South Africa and to expand our operations into the United Arab Emirates, we completed the acquisition of three storage and records management companies, one storage and data management company and one art storage company for total consideration of approximately \$15.1 million. The individual purchase prices of these acquisitions ranged from approximately \$1.4 million to approximately \$4.4 million.

In October 2017, we entered into agreements to acquire two Credit Suisse data centers located in London and Singapore from Credit Suisse International and Credit Suisse AG (together, "Credit Suisse") for an aggregate purchase price of approximately \$100.0 million (the "Credit Suisse Transaction"). As part of the Credit Suisse Transaction, we will take ownership of both data center facilities, with Credit Suisse entering into a long-term lease with us to maintain existing data center operations. The completion of the Credit Suisse Transaction is subject to closing conditions; accordingly, we can provide no assurance that we will be able to complete the Credit Suisse Transaction, that the Credit Suisse Transaction will not be delayed or that the terms will remain the same. We expect to close the Credit Suisse Transaction during the first quarter of 2018.

Contractual Obligations

We expect to meet our cash flow requirements for the next twelve months from cash generated from operations, existing cash, cash equivalents, borrowings under the Credit Agreement, sales of our common stock under the At The Market (ATM) Equity Program and other financings, which may include senior or senior subordinated notes, secured credit facilities, securitizations and mortgage or capital lease financings, and other issuances of equity. We expect to meet our long-term cash flow requirements using the same means described above. We are currently operating above our long-term targeted leverage ratio. As a REIT, we expect our long-term capital allocation strategy will naturally shift towards lower leverage, though our leverage has increased over the last several fiscal years to fund the costs of our REIT conversion and the Recall Transaction.

Inflation

Certain of our expenses, such as wages and benefits, insurance, occupancy costs and equipment repair and replacement, are subject to normal inflationary pressures. Although to date we have been able to offset inflationary cost increases with increased operating efficiencies, the negotiation of favorable long-term real estate leases and an ability to increase prices in our customer contracts (many of which contain provisions for inflationary price escalators), we can give no assurance that we will be able to offset any future inflationary cost increases through similar efficiencies, leases or increased storage rental or service charges.

Item 4. Controls and Procedures

Disclosure Controls and Procedures

The term "disclosure controls and procedures" is defined in Rules 13a-15(e) and 15d-15(e) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). These rules refer to the controls and other procedures of a company that are designed to ensure that information is recorded, processed, accumulated, summarized, communicated and reported to management, including its principal executive and principal financial officers, as appropriate to allow timely decisions regarding what is required to be disclosed by a company in the reports that it files under the Exchange Act. As of September 30, 2017 (the "Evaluation Date"), we carried out an evaluation, under the supervision and with the participation of our management, including our chief executive officer and chief financial officer, of the effectiveness of our disclosure controls and procedures. Based upon that evaluation, our chief executive officer and chief financial officer concluded that, as of the Evaluation Date, our disclosure controls and procedures are effective.

Changes in Internal Control over Financial Reporting

Our management, with the participation of our principal executive officer and principal financial officer, is responsible for establishing and maintaining adequate internal control over financial reporting as defined in Rules 13a-15(f) and 15d-15(f) of the Exchange Act. Our internal control system is designed to provide reasonable assurance to our management and board of directors regarding the preparation and fair presentation of published financial statements.

Table of Contents

As part of our shared service center initiative, we are centralizing certain finance, human resources and information technology functions. During the three months ended September 30, 2017, we implemented significant steps in this plan related to certain accounting and procure to pay functions. We have and will continue to align and streamline the design and operation of our financial control environment as part of the shared service center initiative.

There have been no changes in our internal control over financial reporting (as defined in Rules 13a-15(f) under the Securities Act of 1934) during the quarter ended September 30, 2017 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Part II. Other Information

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

Other than the 2,193,637 shares of our common stock issued in connection with the closing of the Fortrust Transaction (as more fully described in Note 4 to Notes to Condensed Consolidated Financial Statements included in this Quarterly Report), we did not sell any unregistered equity securities during the three months ended September 30, 2017, nor did we repurchase any shares of our common stock during the three months ended September 30, 2017.
