DXP ENTERPRISES INC. AND SUBSIDIARIES

NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 - THE COMPANY

DXP Enterprises, Inc. together with its subsidiaries (collectively “DXP,” “Company,” “us,” “we,” or “our”) was incorporated in Texas on July 26, 1996, to be the successor to SEPCO Industries, Inc. DXP Enterprises, Inc. and its subsidiaries are primarily engaged in the business of distributing maintenance, repair and operating (MRO) products, equipment and service to industrial customers. The Company is organized into three business segments: Service Centers, Supply Chain Services (SCS) and Innovative Pumping Solutions (IPS). See Note 12 for discussion of the business segments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING AND BUSINESS POLICIES

Basis of Presentation

The Company’s financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (“USGAAP”). The accompanying consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries. The accompanying unaudited condensed consolidated financial statements have been prepared on substantially the same basis as our annual consolidated financial statements and should be read in conjunction with our annual report on Form 10-K for the year ended December 31, 2013. For a more complete discussion of our significant accounting policies and business practices, refer to the consolidated annual report on Form 10-K filed with the Securities and Exchange Commission on March 11, 2014. The results of operations for the three and six months ended June 30, 2014 are not necessarily indicative of results expected for the full fiscal year.

All intercompany accounts and transactions have been eliminated upon consolidation. Certain prior year amounts have been reclassified to conform to the current year presentation; none affected net income.

Revenue Recognition

For binding agreements to fabricate tangible assets to customer specifications, the Company recognizes revenues using the percentage of completion method. Under this method, revenues are recognized as costs are incurred and included in estimated profits calculated on the basis of the relationship between costs incurred and total estimated costs at completion. If at any time expected costs exceed the value of the contract, the loss is recognized immediately. The typical time span of these contracts is approximately one to two years.

At June 30, 2014 and December 31, 2013, \$28.5 million and \$6.5 million, respectively, of unbilled costs and estimated earnings are included in accounts receivable. At June 30, 2014 and December 31, 2013 billings in excess of costs of \$4.3 million and \$1.3 million, respectively, are included in other current liabilities.

NOTE 3 - RECENT ACCOUNTING PRONOUNCEMENTS

In May 2014, the FASB issued ASU No. 2014-09, Revenue from Contracts with Customers (Topic 606), which provides guidance on revenue recognition. The core principal of this guidance is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. This guidance requires entities to apply a five-step method to (1) identify the contract(s) with customers; (2) identify the performance obligation(s) in the contract; (3) determine the transaction price; (4) allocate the transaction price to the performance obligation(s) in the contract; and (5) recognize revenue when (or as) the entity satisfies a performance obligation. This pronouncement is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. We are

evaluating the impact that the adoption of this standard will have on our consolidated financial statements.

5

---

In July 2013, the FASB issued ASU 2013-11, Income Taxes (Topic 740), which requires entities to present unrecognized tax benefits as a liability and not combine it with deferred tax assets to the extent a net operating loss carry-forward, a similar tax loss, or a tax credit carry-forward is not available at the reporting date. ASU 2013-11 is effective for fiscal years beginning after December 15, 2013. DXP adopted this guidance in the first quarter of 2014. There was no material effect on our financial statements.

#### NOTE 4 - FAIR VALUE OF FINANCIAL ASSETS AND LIABILITIES

Authoritative guidance for financial assets and liabilities measured on a recurring basis applies to all financial assets and financial liabilities that are being measured and reported on a fair value basis. Fair value, as defined in the authoritative guidance, is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The authoritative guidance affects the fair value measurement of an investment with quoted market prices in an active market for identical instruments, which must be classified in one of the following categories:

##### Level 1 Inputs

Level 1 inputs come from quoted prices (unadjusted) in active markets for identical assets or liabilities.

##### Level 2 Inputs

Level 2 inputs are other than quoted prices that are observable for an asset or liability. These inputs include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

##### Level 3 Inputs

Level 3 inputs are unobservable inputs for the asset or liability which require the Company's own assumptions.

Financial assets and liabilities are classified based on the lowest level of input that is significant to the fair value measurement. Our assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of the fair value of assets and liabilities and their placement within the fair value hierarchy levels.

The following table presents the changes in Level 1 assets for the period indicated (in thousands):

	Six Months Ended June 30,	
	2014	2013
Fair value at beginning of period	\$ 1,837	\$ 2,413
Investment during the period	-	68
Realized and unrealized gains (losses) included in other comprehensive income	(149)	(1,238)
Proceeds on sale of investment	(1,688)	-
Fair value at end of period	\$ -	\$ 1,243

The Company paid a total of \$1.7 million for an investment with quoted market prices in an active market. At December 31, 2013, the market value of this investment was \$1.8 million. During the six months ended June 30, 2014, the Company sold this investment for \$1.7 million. The Company recognized a \$0.1 million loss in 2014 on the sale of this investment, which is included in other income within our condensed consolidated statements of income.

## NOTE 5 - INVENTORY

The carrying values of inventories are as follows (in thousands):

	June 30, 2014	December 31, 2013
Finished goods	\$ 102,362	\$ 102,608
Work in process	12,960	6,657

Inventories, net	\$ 111,858	\$ 105,271

## NOTE 6 - PROPERTY AND EQUIPMENT

The carrying values of property and equipment are as follows (in thousands):

	June 30, 2014	December 31, 2013
Land	\$ 2,342	\$ 2,137
Buildings and leasehold improvements	12,925	9,565
Furniture, fixtures and equipment	95,596	79,633
Less – Accumulated depreciation	(38,842)	(33,082)
Total Property and Equipment, net	\$ 72,021	\$ 58,253

## NOTE 7 - GOODWILL AND OTHER INTANGIBLE ASSETS

The following table presents the changes in the carrying amount of goodwill and other intangible assets during the six months ended June 30, 2014 (in thousands):

	Goodwill	Other Intangible Assets	Total
Balance as of December 31, 2013	\$ 188,110	\$ 69,722	\$ 257,832
Acquired during the period	184,719	86,406	271,125
Translation adjustment	-	23	23
Amortization	-	(9,223)	(9,223)
Balance as of June 30, 2014	\$ 372,829	\$ 146,928	\$ 519,757

The following table presents goodwill balance by reportable segment as of June 30, 2014 and December 31, 2013 (in thousands):

	2014	2013
Service Centers	\$ 191,592	\$ 142,714
Innovative Pumping Solutions	164,099	28,258
Supply Chain Services	17,138	17,138
Total	\$ 372,829	\$ 188,110

Edgar Filing: DXP ENTERPRISES INC - Form 10-Q

The following table presents a summary of amortizable other intangible assets (in thousands):

	As of June 30, 2014			As of December 31, 2013		
	Gross Carrying Amount	Accumulated Amortization	Carrying Amount, net	Gross Carrying Amount	Accumulated Amortization	Carrying Amount, net
V e n d o r agreements	\$ 2,496	\$ (1,268)	\$ 1,228	\$ 2,496	\$ (1,205)	\$ 1,291
C u s t o m e r relationships	196,381	(51,488)	144,893	109,897	(42,468)	67,429
Non-compete agreements	1,739	(932)	807	1,739	(737)	1,002
Total	\$ 200,616	\$ (53,688)	\$ 146,928	\$ 114,132	\$ (44,410)	\$ 69,722

Other intangible assets are generally amortized on a straight-line basis over their estimated useful lives.

NOTE 8 – LONG-TERM DEBT

Long-term debt consisted of the following at June 30, 2014 and December 31, 2013 (in thousands):

	2014	2013
Line of credit	\$ 254,179	\$ 76,849
Term loan	231,250	109,375
Promissory note payable in monthly installments at 2.9% through January 2021, collateralized by equipment	5,610	6,000
Unsecured subordinated notes payable in quarterly installments at 5% through November 2015	781	2,361
	491,820	194,585
Less: Current portion	(39,022)	(26,213)
Total Long-term Debt	\$ 452,798	\$ 168,372

On July 11, 2012, DXP entered into a credit facility with Wells Fargo Bank National Association, as Issuing Lender, Swingline Lender and Administrative Agent for the lenders (as amended, the “Original Facility”). On December 31, 2012, the Company amended the Original Facility which increased the Credit Facility by \$75 million. On January 2, 2014, the Company entered into an Amended and Restated Credit Agreement with Wells Fargo Bank, National Association, as Issuing Lender and Administrative Agent for other lenders (the “Facility”), amending the Company’s Original Facility.

The Facility provides a term loan and a \$350 million revolving line of credit to the Company. At June 30, 2014 the term loan component of the facility was \$231.3 million.

The Facility provides the option of interest at LIBOR (or CDOR for Canadian dollar loans) plus an applicable margin ranging from 1.25% to 2.50% or prime plus an applicable margin from 0.25% to 1.50% where the applicable margin is determined by the Company’s leverage ratio as defined by the Facility as of the last day of the fiscal quarter most recently ended prior to the date of borrowing. Commitment fees of 0.20% to 0.45% per annum are payable on the portion of the Facility capacity not in use at any given time on the line of credit. Commitment fees are included as interest in the consolidated statements of income.

On June 30, 2014, the LIBOR based rate of the Facility was LIBOR plus 2.0%, the prime based rate of the Facility was prime plus 1.0%, and the commitment fee was 0.35%. At June 30, 2014, \$485.4 million was borrowed under the Facility at a weighted average interest rate of approximately 2.15% under the LIBOR options. At June 30, 2014, the Company had approximately \$63.1 million available for borrowing under the Facility.

8

---

The Facility expires on January 2, 2019. The Facility contains financial covenants defining various financial measures and levels of these measures with which the Company must comply. Covenant compliance is assessed as of each quarter end. Substantially all of the Company's assets are pledged as collateral to secure the credit facility.

#### NOTE 9 - STOCK-BASED COMPENSATION

##### Restricted Stock

Under the restricted stock plan approved by our shareholders (the "Restricted Stock Plan"), directors, consultants and employees may be awarded shares of DXP's common stock. The shares of restricted stock granted to employees and that are outstanding as of June 30, 2014 vest in accordance with one of the following vesting schedules: 100% one year after date of grant; 33.3% each year for three years after date of grant; 20% each year for five years after the grant date; or 10% each year for ten years after the grant date. The Restricted Stock Plan provides that on each July 1 during the term of the plan each non-employee director of DXP will be granted the number of whole shares calculated by dividing \$75 thousand by the closing price of the common stock on such July 1. The shares of restricted stock granted to non-employee directors of DXP vest one year after the grant date. The fair value of restricted stock awards is measured based upon the closing prices of DXP's common stock on the grant dates and is recognized as compensation expense over the vesting period of the awards. Once restricted stock vests, new shares of the Company's stock are issued.

The following table provides certain information regarding the shares authorized and outstanding under the Restricted Stock Plan at June 30, 2014:

Number of shares authorized for grants	800,000
Number of shares granted	(834,459)
Number of shares forfeited	120,067
Number of shares available for future grants	85,608
Weighted-average grant price of granted shares	\$ 27.66

Changes in restricted stock for the six months ended June 30, 2014 were as follows:

	Number of Shares	Weighted Average Grant Price
Non-vested at December 31, 2013	211,510	\$ 36.17
Granted	49,300	\$ 94.07
Forfeited	(11,158)	\$ 35.72
Vested	(39,026)	\$ 36.88
Non-vested at June 30, 2014	210,626	\$ 49.54

Compensation expense, associated with restricted stock, recognized in the six months ended June 30, 2014 and 2013 was \$1.7 million and \$1.4 million, respectively. Related income tax benefits recognized in earnings for the six months ended June 30, 2014 and 2013 were approximately \$0.7 million and \$0.6 million, respectively. Unrecognized compensation expense under the Restricted Stock Plan at June 30, 2014 and December 31, 2013 was \$8.6 million and \$5.7 million, respectively. As of June 30, 2014, the weighted average period over which the unrecognized compensation expense is expected to be recognized is 29.9 months.

## NOTE 10 - EARNINGS PER SHARE DATA

Basic earnings per share is computed based on weighted average shares outstanding and excludes dilutive securities. Diluted earnings per share is computed including the impacts of all potentially dilutive securities.

The following table sets forth the computation of basic and diluted earnings per share for the periods indicated (in thousands, except per share data):

	Three Months Ended June 30,		Six Months Ended June 30,	
	2014	2013	2014	2013
<b>Basic:</b>				
Weighted average shares outstanding	\$ 14,708	\$ 14,451	\$ 14,716	\$ 14,424

Net income for diluted earnings per share	\$ 15,539	\$ 13,749	\$ 27,157	\$ 26,981
Per share amount	\$ 1.00	\$ 0.90	\$ 1.75	\$ 1.77

## NOTE 11 - BUSINESS ACQUISITIONS

All of the Company's acquisitions have been accounted for using the purchase method of accounting. Revenues and expenses of the acquired businesses have been included in the accompanying consolidated financial statements beginning on their respective dates of acquisition. The allocation of purchase price to the acquired assets and liabilities is based on estimates of fair market value and may be prospectively revised if and when additional information the Company is awaiting concerning certain asset and liability valuations is obtained, provided that such information is received no later than one year after the date of acquisition. Goodwill is calculated as the excess of the consideration transferred over the net assets recognized and represents the future economic benefits arising from other assets acquired that could not be individually identified and separately recognized. It specifically includes the expected synergies and other benefits that we believe will result from combining the operations of our acquisitions with the operations of DXP and any intangible assets that do not qualify for separate recognition such as the assembled workforce.

On April 16, 2013, DXP acquired all of the stock of National Process Equipment Inc. (“NatPro”) through its wholly owned subsidiary, DXP Canada Enterprises Ltd. DXP acquired this business to expand DXP’s geographic presence in Canada and strengthen DXP’s pump, integrated system packaging, compressor, and related equipment offering. The \$40.0 million purchase price was financed with \$36.6 million of borrowings under DXP’s existing credit facility and 52,542 shares of DXP common stock. Additionally, the purchase agreement included an earn-out provision, which stated that former owners of NatPro may earn \$6.0 million based on achievement of an earnings target during the first year of DXP’s ownership. The fair value of the earn-out recorded at the acquisition date was \$2.8 million. As of December 31, 2013, the Company’s earn-out liability was estimated to be zero and \$2.8 million was recorded as a reduction of selling, general and administrative expense in the fourth quarter of 2013. No earn-out was earned.

Estimated goodwill of \$24.6 million and intangible assets of \$14.8 million were recognized for this acquisition. None of the estimated goodwill or intangible assets are expected to be tax deductible. The goodwill associated with this acquisition is included in both the Service Centers segment and IPS segment.

On May 17, 2013, DXP acquired substantially all of the assets of Tucker Tool Company, Inc. (“Tucker Tool”). DXP acquired this business to expand DXP's geographic presence in the northern U.S. and strengthen DXP's industrial cutting tools offering. DXP paid approximately \$5.0 million for Tucker Tool which was borrowed under our existing credit facility. Estimated goodwill of \$3.2 and intangible assets of \$1.5 million were recognized for this acquisition. All of the goodwill is included in the Service Centers segment.

On July 1, 2013, DXP acquired all of the stock of Alaska Pump & Supply, Inc. (APS). DXP acquired this business to expand DXP's geographic presence in Alaska. DXP paid approximately \$13.0 million for APS which was borrowed under our existing credit facility. Estimated goodwill of \$8.1 million and intangible assets of \$4.1 million were recognized for this acquisition. None of the estimated goodwill or intangible assets are expected to be tax deductible. All of the goodwill is included in the Service Centers segment.

On July 31, 2013, DXP acquired substantially all of the assets of Tool-Tech Industrial Machine & Supply, Inc. (“Tool-Tech”). DXP acquired this business to enhance our metal working product offering in the southwest region of the United States. DXP paid approximately \$7.6 million for Tool-Tech which was borrowed under our existing credit facility. Estimated goodwill of \$4.9 million and intangible assets of \$2.4 million were recognized for this acquisition. All of the estimated goodwill is included in the Service Centers segment.

On January 2, 2014, the Company completed the acquisition of all of the equity securities and units of B27, LLC (“B27”) by way of a Securities Purchase Agreement to expand DXP's pump packaging offering. The total transaction value was approximately \$293.6 million, excluding approximately \$1.0 million in transaction costs recognized within SG&A in the 2013 statement of income. The purchase price was financed with borrowings under DXP's amended credit facility and approximately \$4.0 million (36,000 shares) of DXP common stock. DXP has not completed appraisals of intangibles for B27, the valuation of working capital items or completed analysis of tax effects, and therefore, has made preliminary estimates for purposes of this disclosure. Estimated goodwill of \$181.1 million and intangible assets of \$81.1 million were recognized for this acquisition. Approximately \$209.8 million of the estimated goodwill or intangible assets are expected not to be tax deductible. The estimated goodwill associated with this acquisition will be included in the IPS and Service Centers segments.

On May 1, 2014, the Company completed the acquisition of all of the equity interests of Machinery Tooling and Supply, LLC (MT&S) by way of an Equity Purchase Agreement to expand DXP's cutting tools offering in the North Central region of the United States. DXP paid approximately \$14.9 million for MT&S, which was borrowed under our existing credit facility. DXP has not completed appraisals of intangibles for MT&S, the valuation of working capital items or completed analysis of tax effects, and therefore, has made preliminary estimates for purposes of this disclosure. Estimated goodwill of \$3.4 million and intangible assets of \$5.3 million were recognized for this acquisition. All of the estimated goodwill is included in the Service Centers segment.

The value assigned to the non-compete agreements and customer relationships for business acquisitions were determined by discounting the estimated cash flows associated with non-compete agreements and customer relationships as of the date the acquisition was consummated. The estimated cash flows were based on estimated revenues net of operating expenses and net of capital charges for assets that contribute to the projected cash flow from these assets. The projected revenues and operating expenses were estimated based on management estimates. Net capital charges for assets that contribute to projected cash flow were based on the estimated fair value of those assets. For the acquisitions discussed above, discount rates of 13.5% to 15.9% were deemed appropriate for valuing these assets and were based on the risks associated with the respective cash flows taking into consideration the acquired company's weighted average cost of capital.

For the three months ended June 30, 2014, businesses acquired during 2013 and 2014 contributed sales of \$27.1 million and \$49.7 million, respectively, and earnings (loss) before taxes of approximately \$0.5 million and \$2.4 million, respectively.

Edgar Filing: DXP ENTERPRISES INC - Form 10-Q

For the six months ended June 30, 2014, businesses acquired during 2013 and 2014 contributed sales of \$50.1 million and \$80.1 million, respectively, and earnings (loss) before taxes of approximately \$(0.4) million and \$1.0 million, respectively.

The following table summarizes the estimated fair values of the assets acquired and liabilities assumed during 2013 and 2014 in connection with the acquisitions described above (in thousands):

	NatPro	Tucker Tool	APS	Tool-Tech	B27	MT&S	Total
Cash	\$ -	\$ -	\$ -	\$ 430	\$ 2,538	\$ 806	\$ 3,774
Accounts Receivable, net	14,549	505	1,424	1,505	51,448	5,656	75,087
Inventory	6,883	209	1,332	409	6,472	2,522	17,827

NOTE 12 - SEGMENT REPORTING

The Company's reportable business segments are: Service Centers, Innovative Pumping Solutions and Supply Chain Services. The Service Centers segment is engaged in providing maintenance, MRO products, equipment and integrated services, including logistics capabilities, to industrial customers. The Service Centers segment provides a wide range of MRO products in the rotating equipment, bearing, power transmission, hose, fluid power, metal working, fastener, industrial supply, safety products and safety services categories. The Innovative Pumping Solutions segment fabricates and assembles custom-made pump packages. The Supply Chain Services segment manages all or part of a customer's supply chain, including warehouse and inventory management.

The high degree of integration of the Company's operations necessitates the use of a substantial number of allocations and apportionments in the determination of business segment information. Sales are shown net of intersegment

eliminations.

NOTE 13 – COMMITMENTS AND CONTINGENCIES

From time to time, the Company is a party to various legal proceedings arising in the ordinary course of business. While DXP is unable to predict the outcome of these lawsuits, it believes that the ultimate resolution will not have, either individually or in the aggregate, a material adverse effect on DXP's consolidated financial position, cash flows, or results of operations.

NOTE 14 – SHARE REPURCHASES

On May 7, 2014, the Board of Directors authorized DXP from time to time to purchase up to 200,000 shares of DXP's common stock over 24 months. DXP publicly announced the authorization on May 14, 2014. Purchases could be made in open market or in privately negotiated transactions. DXP has purchased 100,000 shares for \$6.8 million under this authorization as of June 30, 2014.

NOTE 15 - SUBSEQUENT EVENTS

We have evaluated subsequent events through the date the interim condensed consolidated financial statements were issued. There were no subsequent events that required recognition for disclosure.

## ITEM 2: MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following management discussion and analysis (MD&A) of the financial condition and results of operations of DXP Enterprises, Inc. together with its subsidiaries (collectively "DXP," "Company," "us," "we," or "our") for the three months ended June 30, 2014 should be read in conjunction with our previous annual report on Form 10-K and our quarterly reports on Form 10-Q incorporated in this Quarterly Report on Form 10-Q by reference, and the financial statements and notes thereto included in our annual and quarterly reports. The Company's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America ("USGAAP").

### DISCLOSURE REGARDING FORWARD-LOOKING STATEMENTS

This Quarterly Report on Form 10-Q (this "Report") contains statements that constitute "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995, as amended. Such statements can be identified by the use of forward-looking terminology such as "believes", "expects", "may", "might", "estimates", "will", "shall", "could", "plans" or "anticipates" or the negative thereof or other variations thereon or comparable terminology, or by discussions of strategy. Any such forward-looking statements are not guarantees of future performance and may involve significant risks and uncertainties, and actual results may vary materially from those discussed in the forward-looking statements as a result of various factors. These factors include the effectiveness of management's strategies and decisions, our ability to implement our internal growth and acquisition growth strategies, general economic and business condition specific to our primary customers, changes in government regulations, our ability to effectively integrate businesses we may acquire, new or modified statutory or regulatory requirements and changing prices and market conditions. This Report identifies other factors that could cause such differences. We cannot assure that these are all of the factors that could cause actual results to vary materially from the forward-looking statements. Factors that could cause or contribute to such differences include, but are not limited to, those discussed in "Risk Factors", included in our Annual Report on Form 10-K filed with the Securities and Exchange Commission on March 11, 2014. We assume no obligation and do not intend to update these forward-looking statements. Unless the context otherwise requires, references in this Report to the "Company", "DXP", "we" or "our" shall mean DXP Enterprises, Inc., a Texas corporation, together with its subsidiaries.

### RESULTS OF OPERATIONS

(in thousands, except percentages and per share data)

14

---

DXP is organized into three business segments: Service Centers, Supply Chain Services (SCS) and Innovative Pumping Solutions (IPS). The Service Centers are engaged in providing maintenance, repair and operating (MRO) products, equipment and integrated services, including technical expertise and logistics capabilities, to industrial customers with the ability to provide same day delivery. The Service Centers provide a wide range of MRO products and services in the rotating equipment, bearing, power transmission, hose, fluid power, metal working, industrial supply and safety product and service categories. The SCS segment manages all or part of our customer's supply chain, including inventory. The IPS segment fabricates and assembles integrated pump system packages custom made to customer specifications.

Three Months Ended June 30, 2014 compared to Three Months Ended June 30, 2013

**SALES.** Sales for the three months ended June 30, 2014 increased \$73.7 million, or 23.9%, to approximately \$381.6 million from \$307.9 million for the prior corresponding period. Sales by businesses acquired accounted for \$60.6 million of the second quarter increase. Excluding second quarter 2014 sales from businesses acquired, on a same store sales basis, sales for the second quarter in 2014 increased by \$13.0 million, or 4.2% from the prior corresponding period. This sales increase is primarily the result of increases in our Service Center and Supply Chain Services segments of \$8.0 and \$5.1 million, respectively on a same store sales basis. These increases are explained in segment discussions below.

**GROSS PROFIT.** Gross profit as a percentage of sales for the three months ended June 30, 2014 decreased by 62 basis points compared with the prior corresponding period. This decrease was primarily the result of businesses acquired in 2013 and 2014 (primarily B27 and MT&S) having a lower gross profit percentage of 25.3% than the 29.8% gross profit percentage for the remainder of DXP. On a same store sales basis the gross profit percentage increased by nine basis points from the prior corresponding period as a result of improved gross profit margin for the IPS segment.

**SELLING, GENERAL AND ADMINISTRATIVE.** Selling, general and administrative expense (SG&A) for the three months ended June 30, 2014 increased by approximately \$14.4 million to \$82.6 million from \$68.2 million for the prior corresponding period. Selling, general and administrative expense from businesses acquired accounted for \$10.1 million of the second quarter increase. Excluding second quarter expenses from businesses acquired, on a same store sales basis, SG&A for the quarter increased by \$4.3 million. This increase is primarily related to a \$2.1 million, or 84.4%, increase in health care claims and a \$2.2 million, or 3.2%, increase in other expenses which are consistent with the 4.2% increase in sales on a same store sales basis. As a percentage of sales, the second quarter 2014 expense decreased 50 basis points to 21.7%, from 22.2% for the prior corresponding period primarily as a result of B27 and other businesses acquired in 2013 and 2014 having lower SG&A as a percent of sales of 16.7% than the remainder of DXP of 22.6%.

**OPERATING INCOME.** Operating income for the second quarter of 2014 increased \$5.1 million, or 22.1% compared to the prior corresponding period. This increase in operating income is primarily the result of the 23.9% increase in sales discussed above. B27 generated \$4.5 million of the increase in operating income. Natpro operating income decreased to approximately breakeven for the second quarter of 2014 compared to \$0.2 million of income for the prior corresponding period. MT&S generated \$0.3 million of the increase in operating income.

**INTEREST EXPENSE.** Interest expense for the three months ended June 30, 2014 increased 88.0% from the prior corresponding period primarily due to increased borrowings to fund our January 2, 2014 acquisition of B27, LLC and our May 1, 2014 acquisition of Machinery Tooling and Supply, LLC., further discussed in the Business Acquisitions and Supplemental Pro-forma Data section herein. The increased borrowings for the acquisitions also increased the interest rate on our borrowings.

**SERVICE CENTERS SEGMENT.** Sales for the Service Centers segment increased by \$30.9 million, or 14.2% for the second quarter of 2014 compared to the prior corresponding period. Excluding second quarter 2014 Service Centers segment sales from acquired businesses of \$22.9 million, Service Centers segment sales for the second quarter in 2014 increased \$8.0 million, or 3.7% from the prior corresponding period, on a same store sales basis. This sales increase is primarily the result of increased sales of rotating equipment to oil and gas related customers.

We believe our oil and gas related customers increased purchases of rotating equipment primarily because of increased oil production in the U.S. Operating income for the Service Centers segment increased 9.0%. Excluding second quarter Service Centers segment operating income from acquired businesses of \$2.5 million, Service Centers segment operating income for the second quarter in 2014 decreased by \$0.4 million, or 1.8% primarily as a result of a 64 basis point decline in the gross profit percentage for the segment on a same store sales basis. The decline in gross profit as a percentage of sales, on a same store sales basis, is primarily the result of an estimated \$4.6 million decline in sales of higher margin safety services work primarily related to work over rigs in the U.S. and drilling and well completions in Canada. We believe our customers purchased fewer safety services because of eliminating costs in the U.S. and limitations on the ability to transport oil to markets in Canada. This decline is not considered to be the result of a known trend. However, we do not know when we will be able to replace this work.

**INNOVATIVE PUMPING SOLUTIONS SEGMENT.** Sales for the IPS segment increased by \$37.6 million, or 71.0% for the second quarter of 2014 compared to the prior corresponding period. Excluding second quarter 2014 IPS segment sales from acquired businesses of \$37.8 million, IPS segment sales for the second quarter in 2014 remained flat from the prior corresponding period, on a same store sales basis. Operating income for the IPS segment increased 95.3% primarily as a result of the 71.0% increase in sales. Excluding operating income from acquired businesses of \$4.8 million, operating income increased \$2.9 million on a same store sales basis. This increase was primarily the result of a 442 basis point increase in gross profit margin. The increased gross profit as a percentage of sales for the IPS segment, on a same store sales basis, is the result of sales of higher margin pump packages to mid-stream oil and gas customers. We believe our mid-stream oil and gas related customers increased purchases of pump packages primarily because of increased oil production in the U.S. Gross profit margins for individual orders for the IPS segment can fluctuate significantly because each order is for a unique package which is built to unique customer specifications. This improvement is not the result of a known trend.

**SUPPLY CHAIN SERVICES SEGMENT.** Sales for the SCS segment increased by \$5.1 million, or 13.8%, for the second quarter of 2014 compared to the prior corresponding period. The increase in sales is primarily related to increased sales to four customers in the gas turbine, oil and gas, and trucking industries with increased operations that amounted to approximately \$2.9 million of this increase. We suspect these customers purchased more products from DXP because the customers increased production during the period. The remainder of the increase was primarily the result of obtaining a new customer in the oil and gas industry. Operating income for the SCS segment increased 13.3% primarily as a result of the 13.8% increase in sales.

Six Months Ended June 30, 2014 compared to Six Months Ended June 30, 2013

**SALES.** Sales for the six months ended June 30, 2014 increased \$132.1 million, or 22.1%, to approximately \$730.1 million from \$598.0 million for the prior corresponding period. Sales by businesses acquired accounted for \$114.1 million of the second quarter increase. Excluding second quarter 2014 sales from businesses acquired, on a same store sales basis, sales for the second quarter in 2014 increased by \$18.0 million, or 3.0% from the prior corresponding period. This sales increase is primarily the result of increased sales by the Service Centers segment of \$8.3 million, IPS segment of \$5.7 million, and Supply Chain Services segment of \$4.0 million, on a same store sales basis. These increases are explained in the segment discussions below.

**GROSS PROFIT.** Gross profit as a percentage of sales for the six months ended June 30, 2014 decreased by 106 basis points compared with the prior corresponding period. This decrease was primarily the result of businesses acquired in 2013 and 2014 (primarily B27 and MT&S) having a lower gross profit percentage of 25.1% than the 29.9% gross profit percentage for the remainder of DXP. On a same store sales basis, gross profit as a percentage of sales for the six months ended June 30, 2014 decreased by 30 basis points compared with the prior corresponding period. This decline is primarily the result of an estimated \$7.8 million decline in sales of higher margin safety services work primarily related to work over rigs in the U.S. and drilling and well completions in Canada. We believe our customers purchased fewer services because of eliminating costs in the U.S. and limitations on the ability to transport oil to

markets in Canada. This decline is not considered to be the result of a known trend. However, we do not know when we will be able to replace this work.

**SELLING, GENERAL AND ADMINISTRATIVE.** Selling, general and administrative expense (SG&A) for the six months ended June 30, 2014 increased by approximately \$27.5 million to \$162.2 million from \$134.7 million for the prior corresponding period. Selling, general and administrative expense from businesses acquired accounted for \$23.3 million of the year-to-date increase. Excluding expenses from businesses acquired, on a same store sales basis, SG&A year-to-date increased by \$4.2 million, or 3.1%. This increase is consistent with the 3.0% increase in sales on a same store sales basis. As a percentage of sales, the year-to-date 2014 expense decreased to 22.2%, from 22.5% for the prior corresponding period as a result of businesses acquired having lower SG&A as a percentage of sales of 20.5%.

**OPERATING INCOME.** Operating income for the first six months of 2014 increased \$4.6 million, or 10% compared to the prior corresponding period. This increase in operating income is primarily the result of the 22.1% increase in sales discussed above. B27 generated \$5.2 million of the increase in operating income. Natpro's operating income decreased \$1.2 million, to a loss of \$1.0 million for the first six months of 2014, compared to \$0.2 million of income for the prior corresponding period. MT&S generated \$0.3 million of the increase in operating income.

**INTEREST EXPENSE.** Interest expense for the six months ended June 30, 2014 increased 98.2% from the prior corresponding period primarily due to increased borrowings to fund our January 2, 2014 acquisition of B27, LLC and out May 1, 2014 acquisition of Machinery Tooling and Supply, LLC., further discussed in the Business Acquisitions and Supplemental Pro-forma Data section herein. The increased borrowings for the acquisition also increased the interest rate on our borrowings.

**SERVICE CENTERS SEGMENT.** Sales for the Service Centers segment increased by \$52.0 million, or 12.2% for the first six months of 2014 compared to the prior corresponding period. Excluding year-to-date 2014 Service Centers segment sales from acquired businesses of \$43.8 million, Service Centers segment sales for the first six months in 2014 increased \$8.3 million, or 1.9% from the prior corresponding period, on a same store sales basis. This sales increase is primarily the result of increased sales of pumps to oil and gas related customers. We believe our oil and gas related customers increased purchases of rotating equipment primarily because of increased oil production in the U.S. Operating income for the Service Centers segment increased \$1.5 million, or 3.1%. Excluding year-to-date Service Centers segment operating income from acquired businesses of \$4.4 million, Service Centers segment operating income for the first six months in 2014 decreased by \$2.9 million, or 6.1% primarily as a result of a 108 basis point decline in the gross profit percentage for the segment on a same store sales basis. The decline in gross profit as a percentage of sales, on a same store sales basis, is primarily the result of an estimated \$7.8 million decline in sales of higher margin safety services work primarily related to work over rigs in the U.S. and drilling and well completions in Canada. We believe our customers purchased fewer safety services because of eliminating costs in the U.S. and limitations on the ability to transport oil to markets in Canada. This decline is not considered to be the result of a known trend. However, we do not know when we will be able to replace this work.

**INNOVATIVE PUMPING SOLUTIONS SEGMENT.** Sales for the IPS segment increased by \$76.0 million, or 80.4% for the first six months of 2014 compared to the prior corresponding period. Excluding year-to-date 2014 IPS segment sales from acquired businesses of \$70.3 million, IPS segment sales for the first six months in 2014 increased 6.0% from the prior corresponding period, on a same store sales basis. The sales increase primarily resulted from an increase in capital spending by our oil and gas related customers. Operating income for the IPS segment increased by \$10.1 million, or 66.7%, primarily as a result of the 80.4% increase in sales. Excluding operating income from an acquired business of \$5.1 million, operating income increased \$5.0 million, or 33.0% on a same store sales basis. This increase was primarily the result of the increase in sales as well as a 317 basis point increase in gross profit margins. The increased gross profit as a percentage of sales for the IPS segment, on a same store sales basis, is the result of improved margins on sales of pump packages to mid-stream oil and gas customers. We believe our mid-stream oil and gas related customers increased purchases of pump packages primarily because of increased oil production in the U.S. Gross profit margins for individual orders for the IPS segment can fluctuate significantly because each order is for a unique package which is built to unique customer specifications. This improvement is not the result of a known trend.

SUPPLY CHAIN SERVICES SEGMENT. Sales for the SCS segment increased by \$4.0 million, or 5.4%, for the first six months of 2014 compared to the prior corresponding period. The increase in sales is primarily related to increased sales to two customers in the gas turbines and oil and gas industries with increased operations that amounted to approximately \$3.8 million of this increase. We suspect these customers purchased more products from DXP because the customers increased production during the period. The remainder of the increase was driven by obtaining new customers, partially offset by some decreases from existing customers, servicing various industries. Operating income for the SCS segment increased 5.6% primarily as a result of the 5.4% increase in sales.

#### BUSINESS ACQUISITIONS AND SUPPLEMENTAL PRO-FORMA DATA

A key component of our growth strategy includes completing acquisitions of businesses with complementary or desirable product lines, locations or customers. Since 2004, we have completed 29 acquisitions across our three business segments. Below is a summary of recent acquisitions.

On April 16, 2013, DXP acquired all of the stock of National Process Equipment Inc. (“NatPro”) through its wholly owned subsidiary, DXP Canada Enterprises Ltd. DXP acquired this business to expand DXP’s geographic presence in Canada and strengthen DXP’s pump, integrated system packaging, compressor, and related equipment offering. The \$40.0 million purchase price was financed with \$36.6 million of borrowings under DXP’s existing credit facility and 52,542 shares of DXP common stock. Additionally, the purchase agreement included an earn-out provision, which stated that former owners of NatPro may earn CDN \$6.0 million based on achievement of an earnings target during the first year of DXP’s ownership. The fair value of the earn-out recorded at the acquisition date was \$2.8 million. As of December 31, 2013 the \$2.8 million accrued liability associated with this earn-out provision was reversed and included in 2013 operating income. No earn-out was earned through its expiration on April 16, 2014.

On May 17, 2013, DXP acquired substantially all of the assets of Tucker Tool Company, Inc. (“Tucker Tool”). DXP acquired this business to expand DXP’s geographic presence in the northern U.S. and strengthen DXP’s industrial cutting tools offering. DXP paid approximately \$5.0 million for Tucker Tool which was borrowed under our existing credit facility.

On July 1, 2013, DXP acquired all of the stock of Alaska Pump & Supply, Inc. (APS). DXP acquired this business to expand DXP’s geographic presence in Alaska. DXP paid approximately \$13.0 million for APS which was borrowed under our existing credit facility.

On July 31, 2013, DXP acquired substantially all of the assets of Tool-Tech Industrial Machine & Supply, Inc. (“Tool-Tech”). DXP acquired this business to enhance our metal working product offering in the southwest region of the United States. DXP paid approximately \$7.6 million for Tool-Tech which was borrowed under our existing credit facility.

On January 2, 2014, the Company acquired all of the equity securities and units of B27, LLC (“B27”). DXP acquired this business to expand DXP’s pump packaging offering. The total transaction value was approximately \$293.6 million, excluding approximately \$1.0 million in transaction costs. The purchase price was financed with borrowings under DXP’s amended credit facility and approximately \$4.0 million (36,000 shares) of DXP common stock.

On May 1, 2014, the Company completed the acquisition of all of the equity interests of Machinery Tooling and Supply, LLC (MT&S) by way of an Equity Purchase Agreement to expand DXP’s cutting tools offering in the North Central region of the United States. DXP paid approximately \$14.9 million for MT&S, which was borrowed under our existing credit facility.

For the three months ended June 30, 2014, businesses acquired during 2013 and 2014 contributed sales of \$27.1 million and \$49.7 million, respectively, and earnings (loss) before taxes of approximately \$0.5 million and \$2.4

million, respectively.

For the six months ended June 30, 2014, businesses acquired during 2013 and 2014 contributed sales of \$50.1 million and \$80.1 million, respectively, and earnings (loss) before taxes of approximately \$(0.4) million and \$1.0 million, respectively.

Edgar Filing: DXP ENTERPRISES INC - Form 10-Q

The following table summarizes the estimated fair values of the assets acquired and liabilities assumed during 2013 and 2014 in connection with the acquisitions described above (in thousands):

	NatPro	Tucker Tool	APS	Tool-Tech	B27	MT&S	Total
Cash	\$ -	\$ -	\$ -	\$ 430	\$ 2,538	\$ 806	\$ 3,774
Accounts Receivable, net	14,549	505	1,424	1,505	51,448	5,656	75,087
Inventory	6,883	209	1,332	409	6,472	2,522	17,827
Property and equipment	3,317	-	172	19	14,573	557	18,638
Goodwill and intangibles	39,345	4,678	12,241	7,254	262,250	8,656	334,424
Other assets	698	-	389	2	1,163	59	2,311
Assets acquired	64,792	5,392	15,558	9,619	338,444	18,256	452,061
Current liabilities assumed	19,175	391	1,079	1,987	26,690	3,336	52,658
Non-current liabilities assumed	5,649	-	1,419	-	18,202	-	25,270
Net assets acquired	\$ 39,968	\$ 5,001	\$ 13,060	\$ 7,632	\$ 293,552	\$ 14,920	\$ 374,133

The pro forma unaudited results of operations for the Company on a consolidated basis for the three and six months ended June 30, 2014 and 2013, assuming the acquisition of businesses completed in 2014 and 2013 were consummated as of January 1, 2013 are as follows (in thousands, except per share data):

	Three Months Ended June 30,		Six Months Ended June 30,	
	2014	2013	2014	2013
Net sales	\$ 384,751	\$ 370,350	\$ 743,055	\$ 730,888
Net income	\$ 15,562	\$ 15,991	\$ 27,415	\$ 29,959
Per share data				
Basic earnings	\$ 1.06	\$ 1.10	\$ 1.86	\$ 2.07
Diluted earnings	\$ 1.00	\$ 1.04	\$ 1.77	\$ 1.96

## LIQUIDITY AND CAPITAL RESOURCES

### General Overview

As a distributor of MRO products and services, we require significant amounts of working capital to fund inventories and accounts receivable. Additional cash is required for capital items for information technology, warehouse equipment and safety services equipment. We also require cash to pay our lease obligations and to service our debt.

The Company generated \$19.8 million of cash in operating activities during the six months ended June 30, 2014 compared to \$39.0 million during the prior corresponding period. This change between the two periods was primarily driven by changes in working capital.

During the six months ended June 30, 2014, the amount available to be borrowed under our credit agreement with our bank lender decreased from \$154.1 million at December 31, 2013 to \$63.1 million at June 30, 2014. This decrease in availability primarily resulted from the acquisition of B27 and the January 2, 2014 amendment and restatement of our credit facility.

Credit Facility

On July 11, 2012, DXP entered into a credit facility with Wells Fargo Bank National Association, as Issuing Lender, Swingline Lender and Administrative Agent for the lenders (as amended, the “Original Facility”). On December 31, 2012, the Company amended the Original Facility which increased the Credit Facility by \$75 million. On January 2, 2014, the Company entered into an Amended and Restated Credit Agreement with Wells Fargo Bank, National Association, as Issuing Lender and Administrative Agent for other lenders (the “Facility”), amending the Company’s Original Facility.

The Facility provides a term loan and a \$350 million revolving line of credit to the Company. At June 30, 2014 the term loan component of the facility was \$231.3 million.

The Facility provides the option of interest at LIBOR (or CDOR for Canadian dollar loans) plus an applicable margin ranging from 1.25% to 2.50% or prime plus an applicable margin from 0.25% to 1.50% where the applicable margin is determined by the Company's leverage ratio as defined by the Facility as of the last day of the fiscal quarter most recently ended prior to the date of borrowing. Commitment fees of 0.20% to 0.45% per annum are payable on the portion of the Facility capacity not in use at any given time on the line of credit. Commitment fees are included as interest in the consolidated statements of income.

On June 30, 2014, the LIBOR based rate of the Facility was LIBOR plus 2.0%, the prime based rate of the Facility was prime plus 1.0%, and the commitment fee was 0.35%. At June 30, 2014, \$485.4 million was borrowed under the Facility at a weighted average interest rate of approximately 2.15% under the LIBOR options. At June 30, 2014, the Company had approximately \$63.1 million available for borrowing under the Facility.

The Facility expires on January 2, 2019. The Facility contains financial covenants defining various financial measures and levels of these measures with which the Company must comply. Covenant compliance is assessed as of each quarter end. Substantially all of the Company's assets are pledged as collateral to secure the credit facility.

The Facility's principal financial covenants include:

**Consolidated Leverage Ratio** – The Facility requires that the Company's Consolidated Leverage Ratio, determined at the end of each fiscal quarter, not exceed 3.75 to 1.0 as of the last day of each quarter from the closing date through June 30, 2014, not exceed 3.50 to 1.00 at September 30, 2014, and not to exceed 3.25 to 1.00 from December 31, 2014 and thereafter. The Consolidated Leverage Ratio is defined as the outstanding indebtedness divided by Consolidated EBITDA for the period of four consecutive fiscal quarters ending on or immediately prior to such date. Indebtedness is defined under the Facility for financial covenant purposes as: (a) all obligations of DXP for borrowed money including but not limited to obligations evidenced by bonds, debentures, notes or other similar instruments; (b) obligations to pay deferred purchase price of property or services; (c) capital lease obligations; (d) obligations under conditional sale or other title retention agreements relating to property purchased; (e) issued and outstanding letters of credit; and (f) contingent obligations for funded indebtedness. At June 30, 2014, the Company's Leverage Ratio was 3.10 to 1.00. At March 31, 2014, the Company's Leverage Ratio was 2.99 to 1.00. This increase in the Leverage Ratio will result in a 25 basis point increase in the interest rates under the Facility beginning during August, 2014. The commitment fee will increase from 0.35% to 0.4% at the same time.

**Consolidated Fixed Charge Coverage Ratio** – The Facility requires that the Consolidated Fixed Charge Coverage Ratio on the last day of each quarter be not less than 1.25 to 1.0 with "Consolidated Fixed Charge Coverage Ratio" defined as the ratio of (a) Consolidated EBITDA for the period of 4 consecutive fiscal quarters ending on such date minus capital expenditures during such period (excluding acquisitions) minus income tax expense paid minus the aggregate amount of restricted payments defined in the agreement to (b) the interest expense paid in cash, scheduled principal payments in respect of long-term debt and the current portion of capital lease obligations for such 12-month period, determined in each case on a consolidated basis for DXP and its subsidiaries. At June 30, 2014, the Company's Consolidated Fixed Charge Coverage Ratio was 2.43 to 1.00.

**Asset Coverage Ratio** – The credit facility requires that the Asset Coverage Ratio at any time, beginning on December 31, 2014, be not less than 1.0 to 1.0 with "Asset Coverage Ratio" defined as the ratio of (a) the sum of 85% of net accounts receivable plus 65% of net inventory to (b) the aggregate outstanding amount of the revolving credit outstanding on such date. At June 30, 2014, the Company's Asset Coverage Ratio was 1.10 to 1.00. The Asset Coverage Ratio does not apply until December 31, 2014.

Consolidated EBITDA as defined under the Facility for financial covenant purposes means, without duplication, for any period the consolidated net income of DXP plus, to the extent deducted in calculating consolidated net income, depreciation, amortization (except to the extent that such non-cash charges are reserved for cash charges to be taken in the future), non-cash compensation including stock option or restricted stock expense, interest expense and income tax expense for taxes based on income, certain one-time costs associated with our acquisitions, integration costs, facility consolidation and closing costs, severance costs and expenses and one-time compensation costs in connection with the acquisition of HSE and any permitted acquisition, write-down of cash expenses incurred in connection with the existing credit agreement and extraordinary losses less interest income and extraordinary gains. Consolidated EBITDA shall be adjusted to give pro forma effect to disposals or business acquisitions assuming that such transaction(s) had occurred on the first day of the period excluding all income statement items attributable to the assets or equity interests that is subject to such disposition made during the period and including all income statement items attributable to property or equity interests of such acquisitions permitted under the Facility.

The following table sets forth the computation of the Leverage Ratio as of June 30, 2014 (in thousands, except for ratios):

For the Twelve Months ended June 30, 2014	Leverage Ratio
Income before taxes	\$ 96,082
Interest expense	9,539
Depreciation and amortization	26,468
Stock compensation expense	3,124
Pro forma acquisition EBITDA	23,668
Other adjustments	(345)
(A) Defined EBITDA	\$158,536
As of June 30, 2014	
Total long-term debt	\$491,820
(B) Defined indebtedness	\$491,820
Leverage Ratio (B)/(A)	3.10

The following table sets forth the computation of the Asset Coverage Ratio as of June 30, 2014 (in thousands, except for ratios):

Credit facility			\$ 254,179
Letters of credit			30,730
Defined indebtedness			\$ 284,909
Accounts receivable, net	281,872	85%	\$239,591
Inventory, net	111,858	65%	72,708
			\$ 312,299
Asset Coverage Ratio (Assets/ Defined indebtedness)			1.10

## Borrowings (in thousands):

	June 30, 2014	December 31, 2013	Increase (Decrease)
Current portion of long-term debt	\$ 39,022	\$ 26,213	\$ 12,809
Long-term debt, less current portion	452,798	168,372	284,426
Total long-term debt	\$ 491,820	\$ 194,585	\$ 297,235 (2)
Amount available	\$ 63,056(1)	\$ 154,124(1)	\$(91,068) (3)

(1) Represents amount available to be borrowed at the indicated date under the Facility.

(2) The increase in total long-term debt is primarily the result of funds borrowed to acquire B27.

(3) The decrease in the amount available is primarily the result of the acquisition of B27 and the January 2, 2014 amendment to and restatement of the Original Facility.

## Performance Metrics (in days):

	Three Months Ended June 30,		Increase (Decrease)
	2014	2013	
Days of sales outstanding	69.8	58.2	11.6
Inventory turns	9.7	8.0	1.7

Accounts receivable days of sales outstanding were 69.8 days at June 30, 2014 compared to 58.2 days at June 30, 2013. The 11.6 days increase was primarily from our B27 acquisition that has more days sales in receivables. Inventory turns were 9.7 times compared to 8.0 times at June 30, 2013. The 1.7 times increase is primarily related to our acquisition of B27 that has higher inventory turns.

## Funding Commitments

We believe our cash generated from operations and cash available under our credit facility will meet our normal working capital needs during the next twelve months. However, we may require additional debt or equity financing to fund potential acquisitions. Such additional financings may include additional bank debt or the public or private sale of debt or equity securities. In connection with any such financing, we may issue securities that substantially dilute the interests of our shareholders. We may not be able to obtain additional financing on attractive terms, if at all.

## Share Repurchases

On May 7, 2014, the Board of Directors authorized DXP from time to time to purchase up to 200,000 shares of DXP's common stock over 24 months. DXP publicly announced the authorization on May 14, 2014. Purchases could be made in open market or in privately negotiated transactions. DXP has purchased 100,000 shares for \$6.8 million under this authorization as of June 30, 2014.

## Acquisitions

All of the Company's acquisitions have been accounted for using the purchase method of accounting. Revenues and expenses of the acquired businesses have been included in the accompanying consolidated financial statements

beginning on their respective dates of acquisition. The allocation of purchase price to the acquired assets and liabilities is based on estimates of fair market value.

## DISCUSSION OF SIGNIFICANT ACCOUNTING AND BUSINESS POLICIES

Critical accounting and business policies are those that are both most important to the portrayal of a company's financial position and results of operations, and require management's subjective or complex judgments. These policies have been discussed with the Audit Committee of the Board of Directors of DXP.

The Company's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America ("USGAAP"). The accompanying consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries. The accompanying unaudited condensed consolidated financial statements have been prepared on substantially the same basis as our annual consolidated financial statements and should be read in conjunction with our annual report on Form 10-K for the year ended December 31, 2013. For a more complete discussion of our significant accounting policies and business practices, refer to the consolidated annual report on Form 10-K filed with the Securities and Exchange Commission on March 11, 2014.

## RECENT ACCOUNTING PRONOUNCEMENTS

In May 2014, the FASB issued ASU No. 2014-09, Revenue from Contracts with Customers (Topic 606), which provides guidance on revenue recognition. The core principal of this guidance is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. This guidance requires entities to apply a five-step method to (1) identify the contract(s) with customers; (2) identify the performance obligation(s) in the contract; (3) determine the transaction price; (4) allocate the transaction price to the performance obligation(s) in the contract; and (5) recognize revenue when (or as) the entity satisfies a performance obligation. This pronouncement is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. We are evaluating the impact that the adoption of this standard will have on our consolidated financial statements.

In July 2013, the FASB issued ASU 2013-11, Income Taxes (Topic 740), which requires entities to present unrecognized tax benefits as a liability and not combine it with deferred tax assets to the extent a net operating loss carry-forward, a similar tax loss, or a tax credit carry-forward is not available at the reporting date. ASU 2013-11 is effective for fiscal years beginning after December 15, 2013. DXP adopted this guidance in the first quarter of 2014. There was no material effect on our financial statements.

## ITEM 3: QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

Our market risk results from volatility in interest rates. Our exposure to interest rate risk relates primarily to our debt portfolio. Using floating interest rate debt outstanding at June 30, 2014, a 100 basis point change in interest rates would result in approximately a \$4.9 million change in annual interest expense.

## ITEM 4: CONTROLS AND PROCEDURES

As of the end of the period covered by this Quarterly Report on Form 10-Q, the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) promulgated under the Securities Exchange Act of 1934) was evaluated by our management with the participation of our President and Chief Executive Officer, David R. Little (principal executive officer), and our Senior Vice President and Chief Financial Officer, Mac McConnell (principal financial officer). Messrs. Little and McConnell have concluded that our disclosure controls and procedures are effective, as of the end of the period covered by this Quarterly Report on Form 10-Q, to help ensure that information we are required to disclose in reports that we file with the SEC is accumulated and communicated to management and recorded, processed, summarized and reported within the time periods prescribed by the SEC.

There were no changes in our internal control over financial reporting that occurred during our last fiscal quarter (the quarter ended June 30, 2014) that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II: OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS.

From time to time, the Company is a party to various legal proceedings arising in the ordinary course of business. While DXP is unable to predict the outcome of these lawsuits, it believes that the ultimate resolution will not have, either individually or in the aggregate, a material adverse effect on DXP's consolidated financial position, cash flows, or results of operations.

ITEM 1A. RISK FACTORS.

No material changes have occurred from risk factors previously disclosed in the Company's Annual Report on Form 10-K for the year ended December 31, 2013.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

None.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES

None.

ITEM 4. MINE SAFETY DISCLOSURES

None.

ITEM 5. OTHER INFORMATION

None.
