EDIETS.COM, INC
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
March 31, 2002
(Unaudited)

1. ORGANIZATION

eDiets.com, Inc. (the Company) was incorporated in the State of Delaware on March 18, 1996 for the purpose of developing and marketing an Internet-based diet and nutrition program. In addition to a personalized and regularly updated plan, subscribers to the Company's program can also purchase related items and attend online motivational meetings. The Company markets its program primarily through advertising and other promotional arrangements on the world wide web.

2. BASIS OF PRESENTATION

The accompanying unaudited condensed consolidated financial statements included herein have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and note disclosures normally included in annual financial statements prepared in accordance with accounting principles generally accepted in the United States have been condensed or omitted pursuant to those rules and regulations. The Company believes that the disclosures made are adequate to make the information presented not misleading. All the adjustments which, in the opinion of management, are considered necessary for a fair presentation of the results of operations for the periods shown are of a normal recurring nature and have been reflected in the unaudited condensed consolidated financial statements. Results of operations for the three months ended March 31, 2002 are not necessarily indicative of the results that may be expected for the year ending December 31, 2002. The information included in these unaudited condensed consolidated financial statements should be read in conjunction with Management's Discussion and Analysis of Financial Condition and Results of Operations contained in this

Edgar Filing: EDIETS COM INC - Form 10QSB

report and the consolidated financial statements and accompanying notes included in the Company's Annual Report on Form 10-KSB for the fiscal year ended December 31, 2001.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the condensed consolidated financial statements and accompanying notes. While the Company believes that such estimates are fair when considered in conjunction with the condensed consolidated financial position and results of operations taken as a whole, the actual amount of such estimates, when known, may vary from these estimates.

3. STOCKHOLDERS' EQUITY

In connection with the Company's 1999 Private Placement, the Company had issued 640,625 warrants, each to purchase one share of common stock at an exercise price of \$2.50 per share, to the placement agent. The quantity and price of such warrants were subject to adjustment in certain events. On March 28, 2001 an adjustment was made to the quantity and price of the placement agent warrants. Under the terms of the modified warrant agreement, the placement agent and its designees held 950,000 warrants, each to purchase one share of common stock at an exercise price of \$1.38 per share. Such warrants remain exercisable through November 2004 and under the modified agreement are now redeemable at the option of the Company upon the occurrence of certain events. The excess of the fair value of the new warrants over the value of the original warrants at the date of modification was charged to equity during the quarter ended March 31, 2001.

In January 2001, the Company entered into a consulting agreement whereby the consultant worked with management to strategize and coordinate all public, media and investor relations efforts of the Company for a one-year period. As compensation to the consultant, the Company issued 400,000 warrants with an exercise price of \$0.75 per share. The warrants had immediate vesting and are exercisable through January 2004. The fair value of the warrants totaled approximately \$158,000 and has been recognized as consulting expense over the term of the agreement.

In January 2002, the Company issued 25,000 stock options to a member of the Company's Board of Directors for services provided to the company beyond his duties as a Board Member. The fair value of the options totaled approximately \$24,000, which was recognized as consulting expense in the accompanying condensed consolidated income statement for the quarter ended March 31, 2002.

During the first quarter of 2002, the Company issued a total of 61,000 stock options to non-employees. The fair value of the options totaled approximately \$53,000, which was recognized as general and administrative expense in the accompanying condensed consolidated income statement for the quarter ended March 31, 2002.

6

4. EQUITY INVESTMENT

The Company has a 60% interest in a foreign joint venture, eDiets Europe Limited, that is accounted for under the equity method of accounting. The investment recorded to date is zero as it has been limited to the license of the Company's international technology rights. Accordingly, since the Company has not invested any funds, nor is it committed to do so, the Company has not recorded its share of the joint venture's losses since inception. eDiets Europe Limited's losses since inception totaled approximately \$325,000 through March 31, 2002. Once the Company makes a cash investment or commitment to the joint venture, the Company will record its share of the losses to date, up to the

Edgar Filing: EDIETS COM INC - Form 10QSB

amount funded.

5. EARNINGS PER COMMON SHARE

Basic earnings per common share is computed using the weighted average number of common shares outstanding during the period. Diluted earnings per share is computed using the weighted average number of common and dilutive potential common shares outstanding during the period. Dilutive potential common shares consist of the incremental common shares issuable upon exercise of stock options and warrants (using the treasury stock method).

The following table sets forth the computation of basic and diluted earnings per common share (in thousands, except per share information):

	Three Months Ended March 31,	
	2002	2001
Basic earnings per common share:		
Net income	\$ 472	\$ 26
Weighted average common shares outstanding	15,609	13,553

Diluted earnings per common share:		
Net income	\$ 472	\$ 26

Effect of dilutive potential common shares:		
Stock options and warrants	2,097	1,106
	-----	-----
Adjusted weighted average shares and assumed conversions	17,706	14,659
	=====	=====
Diluted earnings per common share	\$ 0.03	\$ -
	=====	=====

6. INCOME TAXES

The Company recorded approximately \$62,000 of income tax benefit for the three months ended March 31, 2002 related to the amortization of intangible assets resulting from the DietSmart acquisition in October 2001. The Company expects to be able to offset substantially all taxable income for the current year with available net operating loss carryforwards from prior years.

7. NEW ACCOUNTING PRONOUNCEMENTS

The Company adopted Statement of Financial Accounting Standards No. 142 (SFAS No. 142), "Goodwill and Other Intangible Assets", as of January 1, 2002. Under SFAS No. 142, goodwill and intangible assets deemed to have indefinite lives will no longer be amortized but will be subject to annual impairment tests in accordance with the statement. Other intangible assets will continue to be amortized over their useful lives. The Company performed the transitional impairment test required under SFAS No. 142 and has determined that no impairment exists. As of March 31, 2002, the Company had goodwill of \$5.2

million.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

The information contained in this Current Report on Form 10-QSB, other than historical information may include forward-looking statements as defined in the Private Securities Reform Act of 1995. Words such as "may", "will", "expect", "intend", "anticipate", "believe", "estimate", "continue", "plan" and similar expressions in this report identify forward-looking statements. The forward-looking statements are based on current views with respect to future events and financial performance. Actual results may differ materially from those projected in the forward-looking statements. The forward-looking statements are subject to risks, uncertainties and assumptions, including, among other things those:

- . associated with our ability to meet our financial obligations;
- . associated with the relative success of marketing and advertising;
- . associated with the continued attractiveness of our diet and fitness programs;
- . competition, including price competition and competition with self-help weight loss and medical programs;
- . adverse results in litigation and regulatory matters, more aggressive enforcement of existing legislation or regulations, a change in the interpretation of existing legislation or regulations, or promulgation of new or enhanced legislation or regulations; and
- . general economic and business conditions.

The factors listed in the section entitled "Certain Factors Which May Affect Future Results" in the section "Management's Discussion and Analysis of Financial Condition and Results of Operations", as well as any other cautionary language in this report, provide examples of risks, uncertainties and events which may cause our actual results to differ materially from the expectations we described in our forward-looking statements. We do not undertake any obligation to publicly release the result of any revisions to these forward-looking statements, which may be made to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events.

OUR BUSINESS

We are the leader in personalized online diet and fitness programs, with a current base of over 200,000 paying customers and a total online community of over 10 million consumers. We were named a Forbes Best of the Web Fitness and Nutrition Website by Forbes(TM) Magazine in 2000 and 2001.

We are one of the original marketers of customized fee-based diet programs exclusively online. We have developed a proprietary software engine that enables us to create a diet program that is unique to each individual and then deliver it directly to the individual's home or office via the Internet. We believe our personalization features, low cost and centralized Internet distribution creates

COMPARISON OF THE THREE MONTHS ENDED MARCH 31, 2002 TO MARCH 31, 2001

Our revenue for the three months ended March 31, 2002 was \$6,998,000 as compared to \$4,370,000 for the three months ended March 31, 2001. The 60% increase in revenue was mainly due to the increase in the number of subscribers to our diet and fitness programs and price increases over the prior year. Paying members as of March 31, 2002 were approximately 205,000 compared to approximately 185,000 as of March 31, 2001. Revenue growth was also driven by a 34% increase in revenues per average subscriber. The majority of the increase was due to price increases in the form of a shorter initial membership period combined with a higher absolute price for our program. Approximately 7% of our revenues in the three months ended March 31, 2002 came from additional sources of revenue, such as opt-in email revenue, advertising revenue, commission revenue and e-commerce revenue.

As of March 31, 2002, we had deferred revenue of \$2,668,000 relating to payments for which services/products had not yet been provided/shipped.

Cost of revenue consists primarily of Internet access and service charges, credit card fees, revenue sharing costs, consulting costs for professionals that provide online meetings, advertising servicing fees and salary payments to our nutritional staff. Cost of revenue increased to \$820,000 or 12% of revenues for the three months March 31, 2002 from \$467,000 or 11% of revenues for the three months ended March 31, 2001. We attribute the dollar increase primarily to increased Internet access and service charges, credit card fees, and product and shipping costs related to the sale of our proprietary products.

Product development costs consist primarily of salary payments to our development staff and related expenditures for technology and software development. These expenses increased to \$361,000 or 5% of revenues for the three months ended March 31, 2002 from \$81,000 or 2% of revenues for the three

Edgar Filing: EDIETS COM INC - Form 10QSB

months ended March 31, 2001. The dollar increase for the three months ended March 31, 2002 as compared to the corresponding period in the prior year was primarily due to additional personnel costs related to creating and testing new design concepts and tools to be used throughout our Website.

9

Sales and marketing expenses consist primarily of Internet advertising expenses which we generally incur prior to the recognition of revenues from sales generated from those efforts. These expenses increased to \$3,572,000 or 51% of revenues for the three months ended March 31, 2002 from \$3,119,000 or 71% of revenues for the three months ended March 31, 2001. Sales and marketing costs for Internet advertising was approximately \$2.7 million for the periods ended March 31, 2002 and 2001. The Company also incurred approximately \$800,000 of compensation costs related to its sales and marketing activities for the period ended March 31, 2002 as compared to approximately \$400,000 in the corresponding period in the prior year. The increase was primarily due to additional personnel costs related to sales and marketing efforts.

General and administrative expenses consist primarily of salaries, overhead and related costs for general corporate functions, including professional fees. General and administrative expenses increased to \$1,470,000 or 21% of revenues for the three months ended March 31, 2002 from \$583,000 or 13% of revenues for the three months ended March 31, 2001. The dollar increase was primarily due to increases in salaries for additional personnel, general overhead and professional fees.

Depreciation and amortization expenses increased to \$324,000 or 5% of revenues for the three months ended March 31, 2002 from \$98,000 or 2% of revenues for the three months ended March 31, 2001. The dollar increase was primarily attributable to the larger asset base subject to depreciation and amortization.

Other (expense) income, net, which consists of interest income and interest expense, decreased by \$36,000 to \$(32,000) for the three months ended March 31, 2002 from the corresponding period in the prior year. The decrease was primarily due to a lower average invested cash balance for the current year as compared to the prior year in addition to interest expense incurred in connection with the notes payable issued as a part of the acquisition of DietSmart, Inc. (DietSmart) in October 2001.

Income tax benefit for the three months ended March 31, 2002 mainly relates to the tax benefit from the amortization of intangible assets resulting from the DietSmart acquisition. We expect to be able to offset substantially all taxable income for the current year with available net operating loss carryforwards from prior years.

As a result of the factors discussed above, we recorded net income of \$472,000 for the three months ended March 31, 2002 compared to \$26,000 for the three months ended March 31, 2001.

LIQUIDITY AND CAPITAL RESOURCES

As of March 31, 2002, we had unrestricted cash and cash equivalents of \$2,836,000. For the three months ended March 31, 2002, net cash provided by operating activities was \$1,100,000, and was primarily due to net income during the period and an increase in deferred revenue, offset by a decrease in accounts payable and accrued liabilities. Net cash used in investing activities was \$79,000 and related to our purchases of property and equipment. Net cash used in financing activities was \$27,000 for the period and was primarily related to the repayment of capital lease obligations.

Edgar Filing: EDIETS COM INC - Form 10QSB

The following summarizes future cash outflow related to our contractual obligations at March 31, 2002 (in thousands):

	Total	Less than 1 year	1-3 years
	-----	-----	-----
Contractual obligations:			
Long term debt (1)	\$2,000	\$2,000	
Capital lease obligations	252	145	
Operating leases	817	243	
Online advertising	225	125	
	-----	-----	-----
Total contractual cash obligations	\$3,294	\$2,513	
	=====	=====	=====

(1) Long term debt represents amounts owed in connection with the DietSmart acquisition. In accordance with the merger agreement, payments may be accelerated under the following situations:

- a) If we have cash and cash equivalents in excess of a certain amount at October 31, 2002, we will be required to make the final installment within ten (10) days after the availability of the monthly financial statements.

- b) If there is a change in control which results in beneficial owners (excluding the current beneficial owners) owning an interest of at least 51% of our outstanding common shares, all of the scheduled payments, including interest, are payable within thirty (30) days of the change in control.

- c) If we raise equity in excess of \$1,000,000, then 20% of those proceeds will be used as a prepayment towards future scheduled payments.

10

We currently have online advertising commitments with major Internet portals totaling approximately \$225,000 through March 31, 2004.

We have an irrevocable standby letter of credit from a bank in the amount of \$200,000 that expires in January 2003. The letter of credit is collateralized by certain cash equivalents and is being used to guarantee our obligations under our capital leases for computer servers. As of March 31, 2002 we had approximately \$122,000 in leased equipment against the letter of credit.

We are committed to loan the three founders of DietSmart funds to satisfy their tax obligations if the acquisition of DietSmart is determined not to be a tax-free reorganization by the Internal Revenue Service. Such commitment is outstanding as long as we have not yet fully paid the scheduled debt payments to the DietSmart shareholders. If we grant loans, such loans would be interest bearing and secured by an equal value of eDiets shares and due no later than three years after the loans were made. Management does not expect the loans to be required but to the extent they are granted, they could have a material impact on the Company's liquidity.

Management believes that cash on hand and cash flows from operations will be sufficient to fund its working capital and capital expenditures for at least the next twelve months. To the extent we require additional funds to support our

Edgar Filing: EDIETS COM INC - Form 10QSB

operations or the expansion of our business, we may seek to undertake additional equity financing. There can be no assurance that additional financing, if required, will be available to us in amounts or on terms acceptable to us or at all.

NEW ACCOUNTING PRONOUNCEMENTS

In July 2001, the Financial Accounting Standards Board issued Statements of Financial Accounting Standards No. 141, "Business Combinations", and No. 142, "Goodwill and Other Intangible Assets", effective for fiscal years beginning after December 15, 2001. Under the new rules, goodwill and intangible assets deemed to have indefinite lives will no longer be amortized but will be subject to annual impairment tests in accordance with the Statements. Other intangible assets will continue to be amortized over their useful lives. The Company adopted SFAS No. 141 effective July 1, 2001 and SFAS No. 142 as of January 1, 2002. The Company performed the transitional impairment test required upon the adoption of SFAS No. 142 and has determined that no impairment of its goodwill exists. As such, there was no impact as a result of the adoption of SFAS No. 142 on the Company's financial position, results of operations or cash flows.
