ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD APRIL 23, 2003

The information concerning the enclosed proxy and the matters to be acted upon at the Annual Meeting of Stockholders to be held on April 23, 2003 (the Annual Meeting) is submitted to the stockholders for their information.

SOLICITATION OF AND POWER TO REVOKE PROXY

This Proxy Statement is furnished in connection with the solicitation of proxies on behalf of the Board of Directors of DOVER MOTORSPORTS, INC., a Delaware corporation (the Company). Proxies solicited hereby are to be voted at the Annual Meeting or at any adjournment thereof.

The mailing address for the Company s principal executive office is 1131 North DuPont Highway, Route 13, Dover, Delaware 19901. This Proxy Statement and the form of proxy were first sent to the Company s stockholders on or about March 27, 2003.

A form of proxy is enclosed. Each proxy submitted will be voted as directed but, if not otherwise specified, proxies solicited by the Board of Directors of the Company will be voted in favor of the candidates for election to the Board of Directors as Class I Directors.

The solicitation of proxies will be by mail. It may be that further solicitation of proxies will be made by telephone, telegram or interview with some stockholders of the Company, following the original solicitation. All such further solicitations will be made by regular officers and employees of the Company, who will not be additionally compensated therefor, or its Transfer Agent. The Company will bear the entire cost of all such solicitations, which will be nominal and include reimbursements paid to brokerage firms and others for their expenses in forwarding solicitation material regarding the meeting to beneficial owners.

Each stockholder has the right to revoke his or her proxy at any time before it is voted. A proxy may be revoked by filing with the General Counsel of the Company a written revocation or a duly executed proxy bearing a later date or by voting in person at the Annual Meeting. Any stockholder may attend the Annual Meeting and vote in person, whether or not such stockholder has previously given a proxy. If you hold your stock in a broker or bank street account and wish to vote your shares in person at the meeting, you must obtain the appropriate documentation from your broker or bank custodian (the record holder).

CAPITAL STOCK

The outstanding capital stock of the Company on March 1, 2003 consisted of 16,344,475 shares of Common Stock, par value \$.10 per share (the Common Stock), and 23,448,585 shares of Class A Common Stock, par value \$.10 per share (the Class A Common Stock). Shares of Class A Common Stock are convertible at any time into shares of Common Stock on a share-for-share basis at the option of the holder thereof.

Voting Rights in General. Each holder of Common Stock is entitled to one vote for each share of Common Stock held and each holder of Class A Common Stock is entitled to ten votes for each share of Class A Common Stock held, except to the extent that voting by class is required by law. At a meeting of stockholders at which a quorum is present, a majority of the votes cast decides all questions, unless the matter is one upon which a different vote is required by express provision of law or the Company's Certificate of Incorporation or By-Laws. Under the General Corporation Law of the State of Delaware, holders of Common Stock and Class A Common Stock are entitled to vote as a class with respect to certain matters, including mergers and amendments to the Certificate of Incorporation of the Company which would have certain specified effects on the rights of holders of Common Stock and Class A Common Stock, respectively.

Quorum. A majority of the outstanding shares, present in person or by proxy, will constitute a quorum at the Annual Meeting. Abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum for the transaction of business. Broker non-votes occur when a broker or other nominee does not vote on a particular proposal because it does not have discretionary voting authority for that proposal and has not received voting instructions from the beneficial owner.

Vote Required. The election of the nominees named herein as directors will require a plurality of the votes cast by the shares entitled to vote in the election (i.e., the nominees receiving the greatest number of votes will be elected). Accordingly, abstentions and broker non-votes will not affect the outcome of the election of directors. There is no class voting or cumulative voting with respect to the election of directors.

- (1) As to officers and directors, shares owned directly and of record are reflected in the table and other holdings are noted by footnote. Class A Common Stock is convertible, at any time, on a share-for-share basis into Common Stock at the option of the holder thereof. As a result, pursuant to Rule 13d of the Securities

- Exchange Act of 1934, a stockholder is deemed to have beneficial ownership of the shares of Common Stock which such stockholder may acquire upon conversion of Class A Common Stock. In order to avoid overstatement, the amount of Common Stock beneficially owned does not take into account such shares of Common Stock which may be acquired upon conversion of Class A Common Stock (an amount which is equal to the number of shares of Class A Common Stock held by a stockholder). The above numbers exclude the following shares of Common Stock subject to options granted under the Company's 1996 Stock Option Plan (the Plan) which the listed beneficial owner has the right to acquire beneficial ownership as specified in Rule 13d of the Securities Exchange Act of 1934: Denis McGlynn, 71,691 shares; Klaus M. ELECTION OF DIRECTORS

Three individuals are to be elected at the Annual Meeting to serve as Class I Directors for a term of three years, and until the election and qualification of their successors. Six other individuals serve as directors but are not standing for re-election because their terms as directors extend past the Annual Meeting pursuant to provisions of the Company's Restated Certificate of Incorporation which provide for the election of directors for staggered terms, with each director serving a three year term.

The Company has nine members and one vacancy on its Board of Directors. There is a position for a Class I Director which will remain vacant. The Board of Directors believes that it is in the best interests of the Company and its stockholders to keep this vacancy on the Board so that the Board may, if the opportunity arises, appoint a candidate in the future without amending its Certificate of Incorporation. A majority of the members of the Board of Directors may appoint an individual to fill the vacancy.

Unless a stockholder WITHHOLDS AUTHORITY, the proxy holders will vote FOR the election of each of the nominees named below to a three year term as a director. Although the Board of Directors does not contemplate the possibility, in the event a nominee is not a candidate or is unable to serve as director at the time of the election, unless the stockholder WITHHOLDS AUTHORITY, the proxies will be voted for such nominee as is designated by the present Board of Directors to fill such vacancy.

**REPORT OF THE COMPENSATION AND STOCK OPTION COMMITTEE OF THE
BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION**

During the fiscal year ending December 31, 2002, the members of the Compensation and Stock Option Committee of the Board of Directors held primary responsibility for determining executive compensation levels.

The Company is engaged in a highly competitive industry. As a consequence, the Company views its ability to attract and retain qualified executives as the cornerstone of its future success. In order to accomplish this objective, the Company has endeavored to structure its executive compensation in a fashion that takes into account the Company's operating performance and the individual performance of the executive.

Of necessity, this analysis is subjective in nature and not based upon a structured formula. The factors referred to above are not weighted in an exact fashion.

Pursuant to the above compensation philosophy, the total annual compensation of executive officers of the Company is made up of one or more of three elements. The three elements are salary, an annual incentive and, in some years, grants of stock options.

The salary of each executive officer is determined by the Compensation and Stock Option Committee. As previously stated, in making its determinations the Committee gives consideration to the Company's operating performance for the prior fiscal year and the individual executive's performance.

The annual incentive compensation package for the executive officers is developed by the Chief Executive Officer (CEO) of the Company prior to the end of each fiscal year and presented to the Committee for review, modification or approval. The package is based upon a performance formula for the ensuing fiscal year but its payment is within the discretion of the Chief Executive Officer based on each individual officer's performance.

Awards under the Company's Stock Option Plan are purely discretionary, are not based upon any specific formula and may or may not be granted in any given fiscal year. Grants are made under the Plan and the Plan is administered pursuant to Rule 16b-3 of the Securities Exchange Act of 1934. When considering the grant of stock options, the Committee gives consideration to the overall performance of the Company and the performance of individual employees.

CEO COMPENSATION

The CEO's compensation is determined by the Compensation and Stock Option Committee. As is the case with respect to the executive officers, the CEO's compensation is based upon the Company's operating performance and his individual performance. The CEO's compensation consists of the same three elements identified above with respect to executive officers: salary, an annual incentive, and, in some years, grants of stock options. The determination of salary and the award of stock options, if any, are subjective and not based upon any specific formula or guidelines. The determination of an annual incentive depends on a favorable overall evaluation of the CEO's performance and is calculated as five percent of the year over year increase in the Company's pre-tax earnings less \$125,000. The formula is revised annually. The CEO is not a member of the Committee and does not participate in the deliberations of the Committee when his salary or incentive is determined.

Compensation and Stock Option Committee

COMPLIANCE WITH SECTION 16(a) OF THE SECURITIES EXCHANGE ACT

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's officers and directors and persons who own more than ten percent of a registered class of the Company's equity securities to file reports of ownership and changes in ownership with the Securities and Exchange Commission (SEC). Officers, directors and greater than ten percent stockholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

Based on its review of the copies of such forms, the Company believes that during its fiscal year ended December 31, 2002, all filing requirements applicable to its officers, directors and greater than ten percent beneficial owners were complied with.

COMMON STOCK PERFORMANCE

The following graph reflects a comparison of the cumulative total stockholder return on the Company's Common Stock with the S&P Composite 500 Index and an index of peer companies selected by the Company consisting of companies engaged in the motorsports business. The peer group is comprised of the Company, Speedway Motorsports, Inc., International Speedway Corporation and Championship Auto Racing Teams, Inc. The graph assumes that the value of the investment in the Company's Common Stock and each index was 100 at December 31, 1997 and all dividends were reinvested. Appropriate adjustment has also been made relative to the Company's spin-off of its gaming business to Dover Downs Gaming & Entertainment, Inc. on April 1, 2002. This spin-off is treated as a special dividend and the value of the shares acquired in the spin-off assumed to have been reinvested. The comparisons in this table are required by the Securities and Exchange Commission and, therefore, are not intended to forecast or be necessarily indicative of any future return on the Company's Common Stock.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The following non-employee directors serve on the Company's Compensation and Stock Option Committee: Henry B. Tippie, Chairman and R. Randall Rollins. Mr. Rollins replaced Patrick J. Bagley as a member of the Committee since Mr. Bagley resigned from the Committee upon becoming an executive officer of the Company in 2002.

The actual future value of the options will depend on the market value of the Company's Common Stock.

LONG-TERM INCENTIVE PLAN AWARDS IN LAST FISCAL YEAR

There were no Long-Term Incentive Plan Awards to the Named Executives during the fiscal year ended December 31, 2002.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In conjunction with the spin-off of Dover Downs Gaming & Entertainment, Inc. (Gaming & Entertainment) by the Company, the two companies entered into various agreements that address the allocation of assets and liabilities between the companies and that define the companies relationship after the separation. These are the Agreement Regarding Distribution and Plan of Reorganization, the Real Property Agreement, the Employee Benefits Agreement, the Transition Support Services Agreement, and the Tax Sharing Agreement. The companies have several common directors and officers.

The Plan of Reorganization set forth the principal corporate transactions required to effect the spin-off and the allocation between the companies of certain assets and liabilities such that all assets and liabilities relating to the gaming business are owned and assumed by Gaming & Entertainment or its subsidiaries, and all assets and liabilities relating to the motorsports business are owned and assumed by the Company or its subsidiaries.

The Real Property Agreement governs certain real property transfers, leases and easements affecting the Company's Dover, Delaware facility. The Employee Benefits Agreement provides for the transfer by Gaming & Entertainment employees from employee benefits under plans or programs sponsored by the Company to those sponsored by Gaming & Entertainment.

The Transition Support Services Agreement provides for each of the Company and Gaming & Entertainment to provide each other with certain administrative and operational services and may be terminated by the party receiving the service or by the party providing the service after April 1, 2003. The Tax Sharing Agreement provides for the treatment of income tax matters for periods beginning before and including the date of the spin-off and any taxes resulting from transactions effected in connection with the spin-off.

During the year ended December 31, 2002, Gaming & Entertainment allocated corporate costs of \$495,000 to the Company for certain administrative and operational services, including the Company's use of office space. The allocation was based on both an allocation to the business that directly incurred the costs and an analysis of each company's share of the costs. The net costs incurred by each company for these services are not necessarily indicative of the costs that would have been incurred if the companies had been separate, independent entities and/or had otherwise independently managed these functions; however, management believes that these allocations are reasonable.

During the third quarter of 2002, under the Tax Sharing Agreement, Gaming & Entertainment paid the Company \$2,700,000 for its portion of the 2002 consolidated federal income tax liability. Since the spin-off was effective on March 31, 2002, the Company's 2002 federal income tax return will include the operations of Gaming for the first quarter of the year.

Use by Gaming & Entertainment of the Company's 5/8-mile harness racing track is under an easement granted by the Company which does not require the payment of any rent. Under the terms of the easement Gaming & Entertainment has exclusive use of the harness track during the period beginning November 1 of each year and ending April 30 of the following year, together with set up and tear down rights for the two weeks before and after such period. The harness track is located on property owned by the Company and is on the inside of its one-mile motorsports speedway. Gaming & Entertainment's indoor grandstands are used by the Company free of charge in connection with its motorsports events. The Company also leases its principal executive office space from Gaming & Entertainment. Various easements and agreements relative to access, utilities and parking have also been entered into between the Company and Gaming & Entertainment relative to the Company's Dover, Delaware facilities.

Edgar Filing: DOVER MOTORSPORTS INC - Form DEF 14A

As reported by the Company in its Form 8-K dated August 12, 2002, four existing shareholders, including two directors, acquired from the Company 1,162,800 shares of its Common Stock for an aggregate purchase price of \$5,000,040 or \$4.30 per share. The full amount of the proceeds was utilized to reduce outstanding debt.

The shares of Common Stock were sold in a private offering in four equal amounts to each of Henry B. Tippie, R. Randall Rollins, Gary W. Rollins and Michele M. Rollins. Each of the purchasers represented that the shares were being acquired for investment purposes and not with a view towards public distribution. The purchase agreements required that the price per share be the higher of the closing price of the Common Stock on the New York Stock Exchange on the immediately preceding trading day or the ten-day average of the closing price of the Common Stock on the New York Stock Exchange on such date. The sale was made without any discount to market for the purchasers, no registration rights were granted to the purchasers, and no other special terms were provided to the purchasers. The offering was unanimously approved by the full board of directors of the Company based on the recommendations of an independent committee of the Board and a fairness opinion from a financial advisor retained to review the transaction. The Company believes that the sales were on terms no less favorable than would have been available in similar transactions with unaffiliated third parties.

BENEFIT PLANS

Pension Plans

The Company's Pension Plan is a non-contributory qualified defined benefit plan. All full time employees of the Company and its subsidiaries are eligible to participate in the Pension Plan. Up to September 30, 1989, retirement benefits were equal to the sum of from 1% to 1.8% of an employee's annual cash compensation for each year of service to age 65. Commencing October 1, 1989 and thereafter, retirement benefits are equal to the sum of 1.35% of earnings up to covered compensation, as that term is defined in the Plan, and 1.7% of earnings above covered compensation. Pensionable earnings includes regular salaries or wages, commissions, bonuses, overtime earnings and short-term disability income protection benefits.

Retirement benefits are not subject to any reduction for Social Security benefits or other offset amounts. An employee's benefits may be paid in certain alternative forms having actuarially equivalent values. Retirement benefits are fully vested after the completion of five years of credited service or, if earlier, upon reaching age 55. The maximum annual benefit under a qualified pension plan is currently \$160,000 beginning at the Social Security retirement age (currently age 65).

The Company maintains a non-qualified, defined benefit plan, called the Excess Benefit Plan, which covers those participants of the Pension Plan whose benefits are limited by the Internal Revenue Code. A participant in the Excess Benefit Plan is entitled to a benefit equaling the difference between the amount of the benefit payable without limitation and the amount of the benefit payable under the Pension Plan.

Annual pension benefit projections for the Named Executives assume: (a) that the participant remains in the service of the Company until age 65; (b) that the participant's earnings continue at the same rate as paid in the fiscal year ended December 31, 2001 during the remainder of his service until age 65; and (c) that the Plans continue without substantial modification.

The estimated annual benefit at retirement for each of the following Named Executives of the Company is: Denis McGlynn, \$69,935; Jerome T. Miraglia, \$46,536; Patrick J. Bagley, \$25,704; and Klaus M. Belohoubek, \$68,639.

In addition, the Company contributes up to an additional 100% of the first \$250 of compensation contributed by any covered employee to the plan. An employee's maximum annual contribution to the plan is \$11,000. All contributions are funded currently.
