#### **VSE CORPORATION**

Item 2.05 Costs Associated with Exit or Disposal Activities.

On December 20, 2012, the Board of Directors of VSE Corporation (the "Board") approved the divestiture of VSE's wholly owned subsidiary, Integrated Concepts and Research Corporation ("ICRC"), a construction management services company. The Board authorized management to sell ICRC and thereby eliminate VSE's Infrastructure Group.

VSE has commenced efforts to sell ICRC, and VSE has held preliminary discussions with potential buyers. VSE, however, has not entered into any agreement with respect to the sale of ICRC, and there is no assurance that VSE will succeed in selling ICRC. If any such sale should occur, it would likely be completed within one year.

In connection with the determination to divest ICRC and eliminate VSE's Infrastructure Group, VSE expects to incur pre-tax charges of approximately \$7.8 million, which are composed of the following estimated amounts:

- approximately \$5.8 million attributable to goodwill and intangible write offs
   approximately \$1.3 million attributable to receivables write offs
- approximately \$0.7 million attributable to severance, lease termination and other future cash costs associated with the divestiture of ICRC

The impact to fiscal 2012 net income is expected to be approximately \$4.8 million, and the impact to diluted EPS is expected to be approximately \$0.90, to be recorded in the fourth quarter of fiscal 2012. The estimated pre-tax charges, net income, and diluted EPS do not include any proceeds from a potential sale.

A copy of the December 20, 2012 press release announcing VSE's determination to divest ICRC is attached to this Current Report on Form 8-K as Exhibit 99.1. The information contained in this press release shall not be deemed to be "filed" for purposes of Section 18 of the Securities Exchange Act of 1934 nor shall such press release be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended, except as shall be expressly set forth by specific reference in such a filing.
