INDEPENDENT AUDITORS' REPORT

To the Administrator
Arch Coal, Inc. Employee Thrift Plan

We have audited the accompanying statements of net assets available for benefits of the Arch Coal, Inc. Employee Thrift Plan as of December 31, 2000 and 1999 and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available

for benefits of the Plan at December 31, 2000 and 1999, and the changes in net assets available for benefits for the years then ended in conformity with auditing standards generally accepted in the United States.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental schedule of assets held for investment purposes as of December 31, 2000 is presented for purposes of complying with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, and is not a required part of the basic financial statements. The supplemental schedule has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

June 29, 2001

ARCH COAL, INC. EMPLOYEE THRIFT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2000 and 1999

NOTE 1 - DESCRIPTION OF PLAN

The Arch Coal, Inc. Employee Thrift Plan (the Plan) was established by Arch Coal, Inc. (the Company) for the benefit of the eligible employees of the Company, its subsidiaries and controlled affiliates.

The following description of the Plan provides only general information. Participants should refer to the Summary Plan Description, copies of which are available from the Company, for a more complete description of the Plan's provisions.

Certain provisions of the Plan as described below do not apply to or have been modified for certain subsidiaries and affiliates of the Company.

General

The Plan is a defined contribution plan established by the Company under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company has established a Pension Committee to oversee the activities of the Plan and has appointed the Vice President Human Resources as Plan Administrator. Through November 2000, Chase Manhattan Bank was the Plan's trustee and American Century Retirement Plan Services was the Plan's recordkeeper. Effective December 1, 2000, Fleet Bank became trustee for the Plan and Putnam Fiduciary Trust Company became Plan recordkeeper.

Eligibility

Participation in the Plan is open to all full-time salaried employees, all full-time nonunion hourly employees, and certain union employees where specified by applicable collective bargaining agreements of the Company, its subsidiaries, and any controlled affiliates that elect to participate in the Plan.

Participant Accounts

Individual accounts are maintained for each participant to reflect the participant's share of the Plan's income, the Company's contributions and the participant's contributions. Allocations of the Plan's income and Company contributions are based on participant account balances, as defined.

Contributions

Participants may contribute up to 16% of compensation, as defined by the Plan, on a pre-tax, after-tax, or combined basis. The Company matches 100% of the first 6% of compensation contributed by each participant. Participant and Company contributions are made with each weekly or biweekly payroll. Contributions to the plan, including employee and employer contributions, are subject to various limitations imposed by the Internal Revenue Code.

Vesting

Participants are fully vested in their contributions and all earnings thereon. All eligible employees of the Company at December 31, 1997 became fully vested in the Plan. Eligible employees hired subsequent to December 31, 1997 vest in Company contributions and earnings thereon upon the completion of three full and consecutive years of service.

All participants become fully vested upon death while employed, total disability, or at normal retirement age (age 65), regardless of the number of months of participation.

Forfeitures of terminated participants' nonvested amounts are used to reduce the Company's future contributions. Restoration of such forfeitures to reemployed participants is made in accordance with the Plan's provisions.

Withdrawals

Upon death, disability, retirement, or termination of employment, a participant or his or her designated beneficiary may elect to withdraw the value of the participant's vested interest in his or her account. The normal form of payment is a lump-sum distribution. Alternative forms of payment include annuity purchase, installments, and direct rollover.

Active participants can make hardship withdrawals of pre-tax employee contributions in certain circumstances and can make withdrawals of vested employer contributions, after-tax employee contributions, or rollover contributions on a non-hardship basis. All such withdrawals are subject to various restrictions and may be subject to income tax penalties.

Loans to Participants

Participants who have been in the Plan for at least 12 months may borrow a portion of their account in accordance with the provisions of the Plan. No loan shall be made if, immediately after the loan, the unpaid balance of all loans to the participant would exceed the lesser of \$50,000 or 50% of the vested portion of the participant's account.

Loans to Participants *(Continued)*

The maximum repayment period for a loan not used for the acquisition of a participant's primary residence is five years. If a loan is used for the acquisition of a participant's primary residence, the maximum repayment period is 15 years. All outstanding participant loans must be repaid upon the participant's termination of employment with the Company.

Loans are secured by assignment of the participant's account and the participant's collateral promissory note for the amount of the loan. Interest rates are based on the prime rate on the first working day of the month in which the loans are made.

Investment Options

Participants direct contributions, including Company matching contributions, into one or more investment options in 1% increments. Participants may change their investment elections daily. A description of each investment option available at December 31, 2000 is provided below:

- o Arch Coal, Inc. Common Stock Fund - Funds are invested in Arch Coal, Inc. common stock.
- o Primco Stable Value Fund - This fund invests in long-term investment contracts issued by a variety of insurance carriers, collective trusts, pooled separate accounts, and money market funds. The objective of this fund is to generate

current income, while providing protection against loss of capital. Interest income is calculated and credited daily based on the aggregate contract yield of the underlying investments. The investment contracts included in this fund had average yields of 6.11% and 5.66% for the years ended December 31, 2000 and 1999, respectively. The average crediting interest rates were 6.18% and 5.94% at December 31, 2000 and 1999, respectively. The fair value of the investment contracts was \$48,075,798 and \$53,822,660 at December 31, 2000 and 1999, respectively.

- o Putnam Balanced Fund This fund invests in a combination of stocks and bonds and seeks to provide current income and the opportunity for long-term growth.
- o American Century Income and Growth Fund This fund invests primarily in dividend-paying common stocks and seeks to provide current income and long-term growth.
- o Franklin Balance Sheet Fund This fund invests in common stocks, preferred stocks, and debt securities and seeks high total return and long-term growth by following a value-oriented investment approach.

Investment Options *(Continued)* o Putnam S&P 500 Index Fund This fund invests in a broad portfolio of common stocks and seeks to track the performance of the Standard & Poor's 500 Index.

- o Putnam International Growth Fund This fund invests primarily in common stocks of foreign companies and seeks long-term growth subject to the volatility inherent in international investing.
- o CSFB Direct Personal Choice Retirement Account This is an option wherein a plan participant can make self-directed investments directly in equity and debt securities through a CSFB Direct brokerage account.
- o PIMCO Total Return Fund - This fund seeks a total return consistent with preservation of capital. The fund invests at least 65% of assets in debt securities, including U.S. government securities, corporate bonds, and mortgage-related securities.
- o Putnam Growth Opportunities Fund - This fund principally invests in growth stocks of large U.S. companies. It may invest in foreign securities, preferred stocks, convertible securities, debt instruments, and derivatives. The fund invests in securities that the advisor believes will benefit from long-term economic trends.
- o Putnam Vista Fund - This fund invests primarily in common stocks of U.S. companies, with a focus on growth stocks. The fund invests mainly in mid-sized companies. It can invest in foreign securities and options and futures.

Administrative Expenses

The Company pays the salaries and related benefits of employees who administer the Plan. Participants pay loan fees. All other administrative expenses are paid by the Plan. Administrative expenses do not include investment advisory fees, which directly reduce net investment income.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become fully vested in their accounts. The net assets of the Plan will be allocated to provide benefits to participants as prescribed by ERISA.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment Valuation

Investments of the Plan are stated at fair value. Publicly traded securities are valued at their quoted market prices. Investments in mutual funds are valued at published market value on the last business day of the plan year. Investment contracts are stated at contract value (which represents cost plus accumulated interest, less funds to pay certain benefits and loans to participants) because they are fully benefit responsive. The fair value of the participation units owned by the Plan in the collective trust funds and pooled separate accounts are based on quoted redemption values on the last business day of the plan year.

Participant notes receivable are valued at their outstanding balances, which approximate fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

NOTE 3 - INVESTMENTS

The following presents investments of the Plan, including investments that represent five percent or more of the Plan's net assets. All investments are participant directed.

	December 31,	
	2000	1999
American Century Equity Index Fund, 4,408,537 shares	-	\$25,878,111

NOTE 4 - TAX STATUS OF THE PLAN

The Plan obtained its latest determination letter on August 9, 1996, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 5 - TRANSACTIONS WITH PARTIES-IN-INTEREST

The Company engages the services of a third-party service provider to assist it in carrying out certain administrative and recordkeeping functions under the Plan. The Plan has investments in the common stock of the Company as well as in mutual funds sponsored by the third-party service provider and a collective trust sponsored by the Plan Trustee.
