NOTICE OF ACTION TO BE TAKEN WITHOUT A STOCKHOLDERS' MEETING

TO OUR STOCKHOLDERS:

Notice is hereby given that Park City Group, Inc. plans to take certain corporate action pursuant to the written consent of our Board of Directors and the holders of a majority of our outstanding voting securities ("Majority

Edgar Filing: PARK CITY GROUP INC - Form PRE 14C

Stockholders"). The action we plan to take is to (i) amend our Articles of Incorporation to decrease the number of shares of common stock which we are authorized to issue from 500,000,000 to 50,000,000 (the "Decreased Capital Proposal"), and (ii) amend our Articles of Incorporation to effect a one-for-fifty reverse split of our issued and outstanding shares of common stock ("Reverse Split Proposal").

On June 26, 2006, our Board of Directors unanimously approved the Decreased Capital Proposal and the Reverse Split Proposal and the Majority Stockholders have consented in writing to each of such proposals.

Both the Decreased Capital Proposal and the Reverse Split Proposal will be affected through amendments to our Articles of Incorporation.

The Board of Directors has fixed the close of business on July 7, 2006, as the Record Date for determining the stockholders entitled to notice of the foregoing.

THIS IS NOT A NOTICE OF A MEETING OF STOCKHOLDERS AND NO STOCKHOLDERS' MEETING WILL BE HELD TO CONSIDER ANY MATTER DESCRIBED HEREIN AND NO PROXY OR VOTE IS SOLICITED BY THIS NOTICE.

July 7, 2006

By Order of the Board of Directors

PARK CITY GROUP, INC.
333 Main Street, Suite 300
Park City, UT 84060
PRELIMINARY INFORMATION STATEMENT
July 7, 2006

This Information Statement is being provided to you by the
Board of Directors of Park City Group, Inc.

This Information Statement and the Notice of Action Taken Without a Stockholders' Meeting (jointly, the "Information Statement") is furnished by the Board of Directors of Park City Group, Inc. ("We," "Us" or "Park City Group"), a Nevada corporation, to the holders of the Park City Group's common stock at July 7, 2006 (the "Record Date") to provide information with respect to action taken by the written consent of the Majority Stockholders. The Majority Stockholders approved by written consent, proposals to:

- o amend our Articles of Incorporation to decrease the number of shares of common stock which we are authorized to issue from 500,000,000 to 50,000,000, and
- o amend our Articles of Incorporation to effect a one-for-fifty reverse split of our common stock ("Reverse Stock Split").

Because the Reverse Split will reduce the holdings of some stockholders to a fractional amount below one (1) share and will create for others a fractional amount because their shareholdings before the reverse split are not evenly divisible by 50, those shareholders with fractional shares will be entitled, upon surrender to the exchange agent of certificates representing such shares, to receive cash in lieu of fractional shares based on the market price of the stock on the date the reverse stock split becomes effective. The terms of the Reverse Split provide that each fifty (50) of the outstanding shares of our

Edgar Filing: PARK CITY GROUP INC - Form PRE 14C

common stock on the date of the Reverse Split will be automatically converted into one (1) share of our common stock, thereby reducing the number of shares of common stock issued and outstanding. The Reverse Split does not change the \$0.01 par value designation of our common stock. The Reverse Split does not change the number of shares of our common stock authorized for issuance; however, the Decreased Capital Proposal does decrease the number of shares of our common stock authorized from 500,000,000 to 50,000,000.

The Board of Directors decided to obtain written consent of the Majority Stockholders in order to avoid the costs and management time required to hold a special meeting of stockholders. All required corporate approvals of the Decreased Capital Proposal and the Reverse Split Proposal have been obtained, subject to furnishing this notice and 20 days elapsing from the date of this notice. This Information Statement is furnished solely for the purpose of informing stockholders of this corporate action in the manner required by Rule 14c-2(b) under the Securities Exchange Act of 1934, as amended.

WE ARE NOT ASKING YOU FOR A PROXY
AND YOU ARE REQUESTED NOT TO SEND US A PROXY

THIS IS NOT A NOTICE OF A MEETING OF STOCKHOLDERS AND NO STOCKHOLDER'S MEETING WILL BE HELD TO CONSIDER ANY MATTER DESCRIBED HEREIN.

We have asked brokers and other custodians, nominees and fiduciaries to forward this Information Statement to the beneficial owners of our common stock held of record by such persons and will reimburse such persons for out-of-pocket expenses incurred in forwarding such material.

INTEREST OF CERTAIN PERSONS IN FAVOR OF OR OPPOSITION
TO MATTERS ACTED UPON

We are not aware of any interest that would be substantially affected through the adoption of the Decreased Capital Proposal or Reverse Split Proposal whether adversely or otherwise.

VOTING SECURITIES

As of the Record Date, our authorized capitalization consisted of 500,000,000 shares of common stock, par value \$.01 per share, and 30,000,000 shares of preferred stock, par value \$.01 per share. At July 5, 2006, there were 446,561,686 shares of common stock outstanding and no shares of preferred stock outstanding.

Each share of common stock entitles its holder to one vote on each matter submitted to the common stockholders for a vote. We have obtained the written consent of the Majority Stockholders representing 226,943,119 votes on the Reverse Split Proposal.

AMENDMENT TO ARTICLES OF INCORPORATION TO
DECREASE CAPITAL STOCK

General

Our Board of Directors has unanimously approved a proposal to amend our Articles of Incorporation to decrease the number of shares of common stock which we are authorized to issue from 500,000,000 to 50,000,000. Our Board has recommended to our Majority Stockholders that they vote in favor of the Decreased Capital Proposal and our Majority Stockholders have voted in favor of the Decreased Capital Proposal. The votes of our Majority Stockholders were

Edgar Filing: PARK CITY GROUP INC - Form PRE 14C

obtained by written consent.

Consent Required

Approval of the Decreased Capital Proposal, through an amendment to our Articles of Incorporation, requires the consent of the holders of a majority of the outstanding voting shares. The Majority Stockholders beneficially own 226,943,119 shares of our common stock representing approximately 50.8% of the votes that could be cast by the holders of our outstanding voting shares as of the Record Date. The Majority Stockholders have given their written consent to the Decreased Capital Proposal and accordingly, the requisite stockholder approval of this Proposal was obtained by the execution of the Majority Stockholders' written consent in favor of the Proposal.

Amendment

Our Board of Directors and the Majority Stockholders have voted to amend Article V of our Articles of Incorporation to read as follows:

(Beginning of Amended Article V)

ARTICLE V CAPITAL STOCK

The total number of shares of all classes of capital stock that the Corporation has the authority to issue is 80,000,000 shares that are divided into two classes as follows: (1) 30,000,000 shares of Preferred Stock (Preferred Stock) \$.01 par value per share, and (2) 50,000,000 shares of Common Stock (Common Stock) \$.01 par value per share. This Corporation is authorized to issue two classes of shares. Except as may be otherwise required by law or this Certificate of Incorporation, each holder of Common Stock has one vote in respect of each share of stock held by him of record on the books of the corporation on all matters voted upon by the Stockholders.

The Board of Directors may determine the preferences, limitations and relative rights, to the extent permitted by the Nevada Revised Statutes, of any class of shares of Preferred Stock before the issuance of any shares of that class, or of one or more series within a class before the issuance of any shares of that series. Each class or series shall be appropriately designated by a distinguishing designation prior to the issuance of any shares thereof. The Preferred Stock of all series shall have preferences, limitations and relative rights identical with those of other shares of the same series and, except to the extent otherwise provided in the description of the series, with those shares of the series of the same class

(End of Amended Article V)

Reasons for Decrease in Capital

We currently have 500,000,000 shares of common stock authorized and 446,561,686 shares of common stock issued and outstanding. Subsequent to the effective date of the Reverse Split, we will have approximately 8,931,234 shares of common stock issued and outstanding and 976,793 shares issuable upon the exercise of outstanding warrants, options and other convertible securities. We do not anticipate that for the foreseeable future following the Reverse Split we will need to have 50,000,000 shares authorized. By reducing the number of shares authorized we anticipate that our filing fees in Nevada will be reduced,

Edgar Filing: PARK CITY GROUP INC - Form PRE 14C

Rather than reduce the number of shares of our common stock authorized on the same basis as the Reverse Split (1-for-50), we believe that it is in the best interests of Park City Group and its shareholders to have sufficient shares authorized to be available, if needed, for future financings and other transactions without the delay and expense associated with holding a special meeting of stockholders.

We are actively seeking to expand our business by acquiring other companies and additional shares will likely be issued as part of such an acquisition if we are successful in obtaining other businesses. We have no other specific plans at this time to issue additional shares of common stock.

The Board of Directors is authorized to issue any of the additional shares of common stock and preferred stock at such times, to such persons and for such consideration as it may determine in its discretion, except as may otherwise be required by applicable law or the rules of any exchange on which the common stock and preferred stock may be listed. At the present time, the common stock and the preferred stock are not listed with any exchange.

There are certain advantages and disadvantages of maintaining 50,000,000 shares of our authorized common stock. The advantages include:

- o The ability to raise capital by issuing capital stock in financing transactions.
- o The ability to fulfill our obligations by having common stock available upon the exercise of outstanding options and warrants.
- o To have shares of common stock available to pursue business expansion opportunities, if any.

The disadvantages include:

- o The issuance of authorized but unissued stock could be used to deter a potential takeover of Park City Group that may otherwise be beneficial to stockholders by diluting the shares held by a potential suitor or issuing shares to a shareholder that will vote in accordance with our Board of Directors' desires. A takeover may be beneficial to independent stockholders because, among other reasons, a potential suitor may offer such stockholders a premium for their shares of stock compared to the then-existing market price. We do not have any plans or proposals to adopt provisions or enter into agreements that may have material anti-takeover consequences.
- o Stockholders do not have any preemptive or similar rights to subscribe for or purchase any additional shares of common stock that may be issued in the future, and therefore, future issuances of common stock may, depending on the circumstances, have a dilutive effect on the earnings per share, voting power and other interests of the existing stockholders.

Blank Check Preferred Stock

Neither the Decreased Capital Proposal nor the Reverse Split Proposal will have any effect on our authorized preferred stock. We will continue to have authorized 30,000,000 shares of preferred stock. Our class of preferred stock is "blank check" preferred stock. The term "blank check" refers to preferred stock,

Edgar Filing: PARK CITY GROUP INC - Form PRE 14C

the creation and issuance of which is authorized in advance by the stockholders and the terms, rights and features of which are determined by our Board of Directors upon issuance without further stockholder approval. The authorization of such blank check preferred stock permits the Board of Directors to authorize and issue preferred stock from time to time in one or more series.

Subject to the provisions of our amended Articles of Incorporation and the limitations prescribed by law, the Board of Directors would be expressly authorized, at its discretion, to adopt resolutions to issue shares, to fix the number of shares and to change the number of shares constituting any series and to provide for or change the voting powers, designations, preferences and relative, participating, optional or other special rights, qualifications, limitations or restrictions thereof, including dividend rights (including whether the dividends are cumulative), dividend rates, terms of redemption (including sinking fund provisions), redemption prices, conversion rights and liquidation preferences of the shares constituting any series of the preferred stock, in each case without any further action or vote by the stockholders. The Board of Directors would be required to make any determination to issue shares of preferred stock based on its judgment as to the best interests of Park City Group and its stockholders.

AMENDMENT TO ARTICLES OF INCORPORATION TO EFFECT A REVERSE STOCK SPLIT OF COMMON STOCK

General

Our Board of Directors has unanimously approved a proposal to amend our Articles of Incorporation to effect a reverse stock split, pursuant to which every fifty (50) shares (the "Old Shares") of our outstanding common stock would be exchanged for one new share (the "New Shares") of common stock.

The number of Old Shares for which each New Share is to be exchanged is referred to as the "Exchange Number". The Reverse Stock Split will be affected simultaneously for all shares of common stock and the Exchange Number will be the same for all shares of common stock. Upon the effectiveness of the Reverse Stock Split, each option or warrant right for common stock would entitle the holder to acquire a number of shares equal to the number of shares which the holder was entitled to acquire prior to the reverse stock split divided by the Exchange Number at the exercise price in effect immediately prior to the Reverse Stock Split, multiplied by the Exchange Number.

Our Board has recommended to our Majority Stockholders that they vote in favor of the Reverse Split Proposal and our Majority Stockholders have voted in favor of the Reverse Stock Split Proposal. The votes of our Majority Stockholders were obtained by written consent.

The Board will have the authority to determine the exact timing of the Effective Date (as defined below) of the reverse stock split, without further stockholder approval. Such timing will be determined in the judgment of the Board.

Consent Required

Approval of the Reverse Split Proposal, through an amendment to our Articles of Incorporation, requires the consent of the holders of a majority of the outstanding voting shares. The Majority Stockholders beneficially own 226,943,119 shares of our common stock representing approximately 50.8% of the votes that could be cast by the holders of our outstanding voting shares as of the Record Date. The Majority Stockholders have given their written consent to this Reverse Split Proposal and accordingly, the requisite stockholder approval

Edgar Filing: PARK CITY GROUP INC - Form PRE 14C

of this Proposal was obtained by the execution of the Majority Stockholders' written consent in favor of the Proposal.

Amendment

Our Board of Directors and the Majority Stockholders have voted to further amend Article V of our Articles of Incorporation to add the following language to the amended Article V stated above:

REVERSE STOCK SPLIT. At the effective time of the filing of the Certificate of Amendment to Certificate of Incorporation of the Corporation with the Secretary of State of the State of Nevada pursuant to the General Corporation Law of the State of Nevada (the "Effective Time"), each share of the Corporation's Common Stock, par value \$0.01 per share (the "Old Common Stock"), issued and outstanding immediately prior to the Effective Time, will be automatically reclassified as and converted into one-fiftieth (1/50) of a share of Common Stock, par value \$0.01 per share (the "New Common Stock"), of the Corporation. Any stock certificate that, immediately prior to the Effective Time,

represented shares of the Old Common Stock will, from and after the Effective Time, automatically and without the necessity of presenting the same for exchange, represent the number of shares of the New Common Stock as equals the product obtained by multiplying the number of shares of Old Common Stock represented by such certificate immediately prior to the Effective Time by one-fiftieth (1/50). No fractional shares of New Common Stock of the Corporation shall be issued. Each holder of Old Common Stock at the Effective Time who would otherwise be entitled to a fraction of a share shall, in lieu thereof, receive, upon surrender to the exchange agent of certificates representing such shares, cash in lieu of fractional shares based on the market price of the stock on the date the reverse stock split becomes effective.

Board Discretion

The Board also reserves the right, notwithstanding stockholder approval and without further action by the stockholders, not to proceed with the Reverse Stock Split, if, at any time prior to filing the amendment to the Articles of Incorporation with the Secretary of State of the State of Nevada, the Board, in its sole discretion, determines that the Reverse Stock Split is no longer in Park City Group's best interests or the best interests of our stockholders. The Board may consider a variety of factors in determining whether or not to implement the reverse stock split including, but not limited to,

- o overall trends in the stock market;
- o recent changes and anticipated trends in the per share market price of the common stock, business and transactional developments; and
- o our actual and projected financial performance.

Reasons for the Reverse Stock Split

The primary purpose of the Reverse Stock Split is to increase proportionately the per share trading price of Park City Group's common stock. The Board of Directors believes that doing so may improve the perception of Park City Group common stock as an investment and enable Park City Group common stock to appeal to a broader range of investors. Park City Group believes that a number of institutional investors are unwilling to invest, and in some cases,

Edgar Filing: PARK CITY GROUP INC - Form PRE 14C

have internal policies prohibiting them from investing, in lower priced stocks.

Park City Group also believes that many brokerage firms are reluctant to recommend lower priced stocks to their clients. Because brokers' commissions on low-priced stocks generally represent a higher percentage of the stock price than commissions on higher priced stocks, the current share price of Park City Group's common stock can result in shareholders paying transaction costs that are a higher percentage of their total share value than would be the case if Park City Group's common stock were priced substantially higher. This may limit the willingness of investors to purchase Park City Group common stock. By affecting the Reverse Stock Split, we believe we may be able to raise the trading price of our common stock to a level at which Park City Group's common stock could be viewed more favorably by potential investors. If the Reverse Stock Split results in an increased trading price and increased investor interest, the Board of Directors believes that shareholders may benefit from improved trading liquidity of Park City Group's common stock.

Certain Effects of the Reverse Stock Split

The Reverse Stock Split will not affect the par value of the common stock. As a result, on the Effective Date (as defined below) of the Reverse Stock Split, the stated capital on the Company's balance sheet attributable to the common stock will be reduced in proportion to the exchange ratio of one to fifty (50), and the additional paid-in capital account shall be credited with the amount by which the stated capital is reduced. The per share net income or loss and net book value of our common stock will be increased because there will be fewer shares of our common stock outstanding.

Upon the effectiveness of the Reverse Stock Split, the number of authorized shares of common stock that are not issued or outstanding will increase, as reflected in the following table:

	PRIOR TO REVERSE STOCK SPLIT	AFTER REVERSE STOCK SPLIT
	-----	-----
Number of shares of common stock:		
Authorized	500,000,000	50,000,000
Outstanding	446,561,686	8,931,234
Reserved for issuance(1)	48,839,624	976,793
Available for future issuance	4,598,690	40,091,973

(1) Includes: (i) 44,841,935 shares issuable upon the exercise of outstanding warrants and (ii) 3,997,689 shares issuable upon the exercise of outstanding options granted under the Company's Non-Qualified Stock Option and Stock Incentive Plan. The foregoing share amounts are as of the Record Date and do not give effect to the reverse stock split.

As of the effective time of the Reverse Stock Split, each issued and outstanding share of Park City Group common stock would immediately and automatically be reclassified and reduced into one-fiftieth of a share of Park City Group common stock.

Except to the extent that the Reverse Stock Split would result in any shareholder receiving cash in lieu of fractional shares described below, the reverse stock split will not:

- o affect any shareholder's percentage ownership interest in Park City Group;

Edgar Filing: PARK CITY GROUP INC - Form PRE 14C

- o affect any shareholder's proportionate voting power;
- o substantially affect the voting rights or other privileges of any shareholder; or
- o alter the relative rights of common shareholders, option holders, warrant holders or holders of equity compensation plan awards.

The principal effects of the reverse stock split are:

- o the number of shares of common stock issued and outstanding will be reduced by a factor of fifty;
- o the per share exercise price will be increased by a factor of fifty, and the number of shares issuable upon exercise shall be decreased by the same factor, for all outstanding options, restricted stock awards, restricted stock units, performance share units, warrants and other convertible or exercisable equity instruments entitling the holders to purchase shares of Park City Group common stock; and
- o the number of shares authorized and reserved for issuance under Park City Group's existing equity compensation plans and employee stock purchase plan will be reduced proportionately.

Stockholders should also recognize that if the Reverse Stock Split is effected they will own a fewer number of shares than they presently own, equal to the number of shares owned immediately prior to the filing of the amendment divided by the Exchange Number. While we expect that the Reverse Stock Split will result in an increase in the market price of the common stock, there can be no assurance that the reverse stock split will increase the market price of the common stock by a multiple equal to the Exchange Number or result in the permanent increase in the market price, which is dependent upon many factors, including our performance and prospects. Also, should the market price of the common stock decline, the percentage decline as an absolute number and as a percentage of our overall market capitalization may be greater than would pertain in the absence of a Reverse Stock Split. Furthermore, the possibility

exists that liquidity in the market price of the common stock could be adversely affected by the reduced number of shares that would be outstanding after the Reverse Stock Split. In addition, the Reverse Stock Split will increase the number of our stockholders who own odd lots, that is, less than 100 shares. Stockholders who hold odd lots typically will experience an increase in the cost of selling their shares, as well as possible greater difficulty in effecting such sales. Consequently, there can be no assurance that the reverse stock split will achieve the desired results that have been outlined above.

Procedure for Effecting the Reverse Stock Split and Exchange of Stock Certificates

If the Board still believes that the Reverse Stock Split is in the best interests of Park City Group and its stockholders, we will file the Certificate of Amendment with the Secretary of State of the State of Nevada at such time as the Board has determined the appropriate effective time for such split, but in no event earlier than twenty (20) calendar days following the mailing of this Information Statement to the stockholders of Park City Group. The reverse stock split will become effective on the date of filing the amendment (the "Effective Date"). Beginning on the Effective Date, each certificate representing Old

Edgar Filing: PARK CITY GROUP INC - Form PRE 14C

Shares will be deemed for all corporate purposes to evidence ownership of New Shares.

As soon as practicable after the Effective Date, stockholders will be notified that the Reverse Stock Split has been affected. Our transfer agent will act as exchange agent for the reverse stock split for purposes of implementing the exchange of stock certificates. Holders of Old Shares will be asked to surrender to the exchange agent certificates representing Old Shares in exchange for certificates representing New Shares in accordance with the procedures to be set forth in a letter of transmittal to be sent by Park City Group. No new certificates will be issued to a stockholder until such stockholder has surrendered such stockholder's outstanding certificate(s), together with the properly completed and executed letter of transmittal to the exchange agent. Stockholders should not destroy any stock certificates and should not submit any certificates until requested to do so.

No Fractional Shares

No scrip or fractional certificates will be issued in connection with the reverse stock split. Stockholders who otherwise would be entitled to receive fractional shares because they hold a number of Old Shares not evenly divisible by the Exchange Number, will be entitled, upon surrender to the exchange agent of certificates representing such shares, to receive cash in lieu of fractional shares based on the market price of the stock on the date the reverse stock split becomes effective.

Federal Income Tax Consequences of the Reverse Stock Split

The following is a summary of certain material federal income tax consequences of the reverse stock split, and does not purport to be complete. It does not discuss any state, local, foreign or minimum income or other U.S. federal tax consequences. Also, it does not address the tax consequences to holders that are subject to special tax rules, such as banks, insurance companies, regulated investment companies, personal holding companies, foreign entities, nonresident alien individuals, broker-dealers and tax-exempt entities. The discussion is based on the provisions of the United States federal income

tax law as of the date hereof, which is subject to change retroactively as well as prospectively. This summary also assumes that the Old Shares were, and the New Shares will be, held as a "capital asset," as defined in the Internal Revenue Code of 1986, as amended (the "Code"), generally, property held for investment. The tax treatment of a stockholder may vary depending upon the particular facts and circumstances of such stockholder. EACH STOCKHOLDER SHOULD CONSULT WITH SUCH STOCKHOLDER'S OWN TAX ADVISOR WITH RESPECT TO THE CONSEQUENCES OF THE REVERSE STOCK SPLIT.

No gain or loss should be recognized by a stockholder of Park City Group upon such stockholder's exchange of Old Shares for New Shares pursuant to the reverse stock split. The aggregate tax basis of the New Shares received in the reverse stock split, including any fraction of a New Share deemed to have been received, will be the same as the stockholder's aggregate tax basis in the Old Shares exchanged therefore. The stockholder's holding period for the New Shares will include the period during which the stockholder held the Old Shares surrendered in the reverse stock split.

DISSENTERS' RIGHTS

There are no dissenters' rights applicable to the amendment of our Articles of Incorporation relating to Decreased Capital Proposal or the Reverse Split Proposal.
