Item 8.01. Other Events.

On March 7, 2018, PriceSmart, Inc. issued a press release providing guidance on the Tax Cuts and Jobs Act of 2017 (“Tax Reform”). PriceSmart made a provisional estimate of the one-time transitional repatriation tax on unremitted foreign earnings (“Transition Tax”) of approximately \$13.4 million, which will be recorded as an income tax expense in the second quarter of fiscal 2018. The cash amounts due for the Transition Tax will be offset by foreign tax credits expected to exceed \$10.0 million, with the remainder to be paid over 8 years. Additionally, as a result of Tax Reform, PriceSmart re-measured certain U.S. deferred tax assets and liabilities based on the reduction in US corporate income tax rates from 35% to 21%, and will record a non-cash income tax charge of approximately \$600,000 related to this re-measurement in the second quarter of fiscal 2018. These estimated impacts to PriceSmart’s income tax provision are based on PriceSmart’s current knowledge, assumptions and interpretations of the impact of Tax Reform. The actual impact could be different from estimated provisions based upon a number of additional considerations, including, but not limited to, the issuance of final regulations, refinements in interpretation of Tax Reform provisions, and the extent that future results differ from currently available projections.
