- (c) This amount represents \$50,000 due from the Title Company for over funding the closing of this acquisition, which is offset by \$21,420 which was reclassified from deferred acquisition costs to investment in real estate. Deferred acquisition costs are costs incurred prior to the closing of the acquisition such as due diligence costs and travel costs.
- (d) This amount consists of tenant deposits, accrued real estate taxes and management's estimate on remaining acquisition costs.
- (e) A certain amount of capital was raised through the Company's public offering after June 30, 2003 which was used to fund the Chickasaw acquisition on July 22, 2003. As such, management estimated the minimum number of shares that were sold subsequent to June 30, 2003 in order to facilitate adequate funding of the Chickasaw acquisition as well as maintain an adequate cash balance for certain debt covenant purposes.

Pro Forma Consolidated Statements of Operations for the Six Months Ended June 30, 2003 and for the Twelve Months Ended December 31, 2002:

- (1) This amount of rental revenue reflects the monthly straight-line rental rate of the in-place leases as of June 30, 2003 pro-rated for Pro Forma periods presented.
- (2) Depreciation and amortization expense for the Pro Forma periods presented is based on the allocation of the purchase price between tangible and intangible assets. The Company depreciates

these assets on a straight-line basis over the estimated useful life of the assets. The following table represents the allocation of the total cost of the two properties presented:

- (5) A certain amount of capital was raised through the Company's public offering after December 31, 2002 which was used to fund the acquisitions on July 22, 2003.
