PROXY STATEMENT

**QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS
AND THE ANNUAL MEETING**

Q: *Why am I receiving these materials?*

A: ADESA is providing these proxy materials to you in connection with the solicitation, by ADESA's Board of Directors, of proxies to be voted at ADESA's 2005 annual meeting of stockholders and at any adjournments or postponements thereof. Stockholders are invited to attend the annual meeting to be held on May 17, 2005 beginning at 9:30 a.m., local time, at the Ritz Charles, 12156 North Meridian Street, Carmel, Indiana 46032. ADESA's proxy materials are being mailed to stockholders starting April 11, 2005.

Q: *What proposals will be voted on at the annual meeting?*

A: There are two proposals scheduled to be voted on at the annual meeting:

the election of three directors of ADESA, each until the annual meeting in 2008 and until his successor is elected and qualified, subject, however, to prior death, resignation or removal; and

the ratification of the audit committee's appointment of PricewaterhouseCoopers LLP (an independent registered public accounting firm) as ADESA's independent auditors for fiscal year 2005.

Q: *What is the ADESA Board's voting recommendation?*

A: ADESA's Board recommends that you vote your shares "**FOR**" each of the nominees to the Board and "**FOR**" the ratification of the audit committee's appointment of PricewaterhouseCoopers LLP as ADESA's independent auditors.

Q: *Who is entitled to vote?*

A: All shares owned by you as of the record date, which is the close of business on March 18, 2005, may be voted by you. You may cast one vote per share of common stock that you held on the record date. These shares include shares that are:

held directly in your name as the stockholder of record, including shares purchased through ADESA's employee stock purchase plan; and

held for you as the beneficial owner through a stockbroker, bank or other nominee.

On the record date, ADESA had approximately 91,076,424 shares of common stock issued and outstanding.

Q: *What is the difference between holding shares as a stockholder of record and as a beneficial owner?*

A: Many stockholders of ADESA hold their shares through a stockbroker, bank or other nominee rather than directly in their own name. As summarized below, there are some differences between shares held of record and those owned beneficially.

Stockholder of Record. If your shares are registered directly in your name with ADESA's transfer agent, Wells Fargo, you are considered, with respect to those shares, the stockholder of record, and these proxy materials are being sent to you directly by ADESA. As the stockholder of record, you have the right to grant your voting proxy directly to ADESA or to vote in person at the annual meeting. ADESA has enclosed a proxy card for you to use. You may also vote on the Internet or by telephone, as described below under the heading "How can I vote my shares without attending the annual meeting?"

Beneficial Owner. If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in "street name", and these proxy materials are being forwarded to you by your broker or nominee who is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your broker on how to vote and are also invited to attend the annual meeting. However, since you are not the stockholder of record, you may not vote these shares in person at the annual meeting. Your broker or nominee has enclosed a voting instruction card for you to use in directing your broker or nominee as to how to vote your shares. You may also vote by Internet or by telephone, as described below under "How can I vote my shares without attending the annual meeting?"

Q: *How can I vote my shares in person at the annual meeting?*

A: Shares held directly in your name as the stockholder of record may be voted in person at the annual meeting. If you choose to vote your shares in person at the annual meeting, please bring proof of identification. Even if you plan to attend the annual meeting, ADESA recommends that you vote your shares in advance as described below so that your vote will be counted if you later decide not to attend the annual meeting.

Shares held in street name may be voted in person by you only if you obtain a signed proxy from the record holder giving you the right to vote the shares.

Q: *How can I vote my shares without attending the annual meeting?*

A: Whether you hold your shares directly as the stockholder of record or beneficially in "street name", you may direct your vote without **attending** the annual meeting by voting in one of the following manners:

on the Internet;

by telephone; or

by completing and mailing your proxy card or voting instruction card in the enclosed, pre-paid envelope.

Please refer to the proxy card for more detailed instructions.

If you vote on the Internet or by telephone, you do not need to return your proxy card or voting instruction card. Internet and telephone voting for stockholders will be available 24 hours a day, and will close at 12:00 p.m., central time, on May 16, 2005.

Q:
Can I revoke my proxy?

A:
Yes. You may revoke your proxy at any time prior to the vote at the annual meeting by:

- providing written notice to the corporate secretary of ADESA;
- delivering a valid, later-dated proxy or a later-dated vote on the Internet or by telephone; or
- attending the annual meeting and voting in person.

Please note that your attendance at the annual meeting in person will not cause your previously granted proxy to be revoked unless you specifically so request. Shares held in street name may be voted in person by you at the annual meeting only if you obtain a signed proxy from the record holder giving you the right to vote the shares.

Q:
What is the quorum requirement for the annual meeting?

A:
The quorum requirement for holding the annual meeting and transacting business is a majority of the outstanding shares entitled to be voted. The shares may be present in person or represented by proxy at the annual meeting.

Both abstentions and broker non-votes are counted as present and entitled to vote for the purpose of determining the presence of a quorum. Generally, broker non-votes occur when shares held by a broker for a beneficial owner are not voted with respect to a particular proposal because:

- the broker has not received voting instructions from the beneficial owner; and
- the broker lacks discretionary voting power to vote such shares.

If you are a beneficial stockholder and your broker holds your shares in its name, the broker is permitted to vote your shares on the election of directors and the ratification of PricewaterhouseCoopers LLP as ADESA's independent auditors, even if the broker does not receive voting instructions from you.

Q:
What is the voting requirement to approve each of the proposals?

A:
In the election for directors, the three persons receiving the highest number of "for" votes will be elected. Only votes "for" or "withheld" affect the outcome. Abstentions are not counted for purposes of the election of directors.

The affirmative vote of a majority of those shares present and entitled to vote is required to approve the ratification of the audit committee's appointment of PricewaterhouseCoopers LLP as ADESA's independent auditors. Abstentions and, if applicable, broker non-votes, are not counted as votes "for" or "against" this proposal.

Q:
What does it mean if I receive more than one proxy or voting instruction card?

A:
It means your shares are registered differently or are in more than one account. Please provide voting instructions for all proxy and voting instruction cards you receive.

Q: *Who will count the vote?*

A: A representative of Wells Fargo will tabulate the votes and act as the inspector of election.

Q: *Who will bear the cost of soliciting votes for the annual meeting?*

A: ADESA will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials. In addition to the mailing of these proxy materials, the solicitation of proxies or votes may be made in person, by telephone or by electronic and facsimile transmission by ADESA's directors, officers and employees, who will not receive any additional compensation for such solicitation activities. In addition, ADESA may reimburse brokerage firms and other persons representing beneficial owners of shares of ADESA common stock for their expenses in forwarding solicitation material to such beneficial owners.

Q: *How can I obtain a copy of ADESA's Annual Report on Form 10-K?*

A: **Copies of ADESA's Annual Report on Form 10-K for the fiscal year ended December 31, 2004, as filed with the SEC, are available to stockholders free of charge on ADESA's website at www.adesainc.com or by writing to Attn: Investor Relations, ADESA, Inc., 13085 Hamilton Crossing Blvd., Carmel, Indiana 46032.**

BOARD STRUCTURE AND CORPORATE GOVERNANCE

Board Structure and Committees

The Board is divided into three classes serving staggered three-year terms. The Board has eight directors and the following three committees:

- audit;
- executive compensation; and
- corporate governance and nominating.

The membership and the function of each committee are described below. Two of ADESA's Board members were appointed to ADESA's Board in January 2004 and the remainder of the Board members were appointed in May 2004. Subsequent to May 2004, the Board held three meetings and the audit, executive compensation and corporate governance and nominating committees held five, two and one meeting(s), respectively. Each director attended at least 75% of the aggregate number of Board and applicable committee meetings. It is the Board's policy that directors are expected to attend ADESA's annual meeting of stockholders.

Audit Committee. The audit committee assists the Board with the oversight of: the integrity of ADESA's financial statements and internal controls; ADESA's compliance with legal and regulatory requirements; the independent auditors' qualifications and independence; and the performance of ADESA's internal audit function and the independent auditors. More specifically, under its current charter, the audit committee, among other things:

- is solely responsible for the appointment, compensation and oversight of the work of ADESA's independent registered public accounting firm;
- pre-approves all auditing and non-auditing services to be performed by the independent auditors;
- engages in dialogue with the independent auditors with respect to relationships or services that may impact the objectivity and independence of the independent auditors;
- reviews and discusses with management and the independent auditors ADESA's annual and quarterly financial statements;
- reviews, with management, the independent auditors and the senior internal audit executive, the adequacy and effectiveness of, and any significant changes in, ADESA's internal controls, the accounting policies, procedures or practices of ADESA; and
- reviews the status of compliance with laws, regulations and internal procedures, contingent liabilities and risks that may be material to ADESA.

The responsibilities and activities of the audit committee are described in greater detail in the section entitled "Report of the Audit Committee" and the audit committee charter, which is attached as Appendix A to this proxy statement.

The audit committee consists of Dennis O. Green (chairperson), Wynn V. Bussmann, Thomas L. Cunningham and A. R. Sales. The Board has determined that each of the members of the audit committee is "independent" within the meaning of the applicable listing standards of the New York Stock Exchange. The Board has determined that Mr. Green and Mr. Sales are each an "audit committee financial expert" and "independent" as defined under the applicable rules of the NYSE and the Securities and Exchange Commission.

Executive Compensation Committee. The executive compensation committee establishes ADESA's philosophy and policies regarding executive and director compensation; oversees the administration of ADESA's director and executive compensation programs; and reviews the compensation of directors, executive officers and senior management. More specifically, under its current charter, the executive compensation committee, among other things:

based on the performance evaluation conducted by the corporate governance and nominating committee, sets the CEO's compensation level, sets performance goals and approves awards for the CEO under incentive compensation plans;

reviews and approves the individual elements of total compensation for the executive officers of ADESA, other than the CEO, and reviews and approves revisions to ADESA's executive and senior management salary range structure and annual salary increase guidelines; and

makes recommendations to the Board with respect to ADESA's equity and incentive plan, employee stock purchase plan and other similar plans.

The responsibilities and activities of the executive compensation committee are described in greater detail in the section entitled "Report of the Executive Compensation Committee."

The executive compensation committee consists of Donald C. Wegmiller (chairperson), Wynn V. Bussmann, Thomas L. Cunningham, Nick Smith and Deborah L. Weinstein. The Board has determined that each of the members of the executive compensation committee is "independent" within the meaning of the applicable listing standards of the NYSE.

Corporate Governance and Nominating Committee. Under its current charter, the corporate governance and nominating committee, among other things:

develops and recommends to the Board a set of corporate governance principles applicable to ADESA;

provides recommendations to the Board with respect to:

- > Board organization, membership and function;
- > committee structure and membership;
- > succession planning for the executive management of ADESA;
- > corporate governance principles applicable to ADESA; and

oversees the evaluation of the Board and ADESA's executive officers, including the CEO.

In addition, the corporate governance and nominating committee, in consultation with the chairman of the Board, is responsible for identifying, screening, personally interviewing and recommending candidates to the entire Board. The Board, as a whole, is responsible for nominating individuals for election to the Board and for filling vacancies on the Board that may occur between annual meetings of the stockholders. In nominating candidates, the Board takes into consideration such factors as it deems appropriate. These factors may include integrity, achievements, judgment, intelligence, personal character, the interplay of the candidate's relevant experience with the experience of other Board members, the willingness of the candidate to devote adequate time to Board duties and likelihood that he or she will be willing and able to serve on the Board for a sustained period. In connection with the selection of nominees for director, due consideration will be given to the Board's overall balance of diversity of perspectives, backgrounds and experiences. It is the Board's policy that any potential nominee must be interviewed by a majority of the members of the corporate governance and nominating committee. The corporate governance and nominating committee

will consider any suggestions offered by management, other directors or any stockholder with respect to potential directors.

The corporate governance and nominating committee will consider candidates recommended for nomination by stockholders, provided that the recommendations are made in accordance with the procedures described in the section entitled "Requirements, Including Deadlines, For Submission of Proxy Proposals, Nominations of Directors and Other Business of Stockholders" located at the end of this proxy statement. Candidates recommended for nomination by stockholders that comply with these procedures will receive the same consideration as other candidates recommended by the committee.

The corporate governance and nominating committee consists of Deborah L. Weinstein (chairperson), Dennis O. Green, A. R. Sales and Nick Smith. The Board has determined that each of the members of the corporate governance and nominating committee is "independent" within the meaning of the applicable listing standards of the NYSE.

Corporate Governance

Corporate Governance Guidelines, Committee Charter and Codes of Ethics. ADESA has had corporate governance guidelines in place since the company's completion of its initial public offering in June 2004. ADESA has reviewed internally and with the Board the rules of the SEC and the NYSE's corporate governance listing standards regarding corporate governance policies and processes. ADESA also has adopted charters for its audit committee, executive compensation committee and corporate governance and nominating committee consistent with the applicable rules and standards. You can access ADESA's corporate governance guidelines, committee charters, code of business conduct and ethics and financial code of ethics that applies to ADESA's senior financial officers (and any amendments to, or waivers of, the codes of ethics) in the "Investor Relations" section of ADESA's web page at www.adesainc.com. These documents also are available in print to any stockholder requesting a copy by writing to ADESA, Inc., 13085 Hamilton Crossing Blvd., Carmel, Indiana 46032, Attention: Corporate Secretary.

Executive Sessions of the Board. At each regularly scheduled meeting, the Board conducts executive sessions of the Board, which are discussions that involve only the non-management directors. ADESA's corporate governance guidelines state that the executive sessions of the Board will be chaired by either the chairman of the Board (if he or she is an independent director) or by the independent lead director (if the chairman is not an independent director). Because ADESA's chairman of the Board is not an independent director, ADESA's lead independent director, Deborah L. Weinstein, chairs the executive sessions of the Board.

In addition, if not all of the non-management directors are independent directors, then the independent directors will meet separately in executive session at least once a year in connection with the annual meeting of stockholders. All of ADESA's non-management directors are independent directors within the meaning of the applicable listing standards of the NYSE.

Communications with Directors. Stockholders and other interested parties may contact any member (or all members) of the Board by mail. To communicate with the Board, any individual directors or any group or committee of directors, correspondence should be addressed to the Board or any such individual directors or group or committee of directors by either name or title. All such correspondence should be sent to ADESA, Inc., 13085 Hamilton Crossing Blvd., Carmel, Indiana 46032, Attention: Corporate Secretary.

All communications received as set forth in the preceding paragraph will be opened by the office of the corporate secretary for the sole purpose of determining whether the contents represent a message to ADESA's directors. Any contents that are not in the nature of advertising, promotions of a product or service, or patently offensive material will be forwarded promptly to the addressee. In the case of communications to the Board or any group or committee of directors, the corporate secretary's office will make sufficient copies of the contents to send to each director who is a member of the group or committee to which the envelope or e-mail is addressed.

Director Qualification Standards and Independence. The Board has made an affirmative determination that the following members of the Board meet the standards for "independence" set forth in the applicable listing standards of the NYSE on the basis that they have no material relationship with ADESA (either directly or as a partner, stockholder or officer of an organization that has a relationship with ADESA): Wynn V. Bussmann, Thomas L. Cunningham, Dennis O. Green, A. R. Sales, Nick Smith, Donald C. Wegmiller and Deborah L. Weinstein.

In making this determination, the Board evaluated the following relationships involving Deborah L. Weinstein and Nick Smith and found that those relationships were not material, as defined by the applicable listing standards of the NYSE, because they would not interfere with either Ms. Weinstein's or Mr. Smith's exercise of independent judgment. Ms. Weinstein has practiced law with LaBarge Weinstein, LLP since 1997. In 2004, LaBarge Weinstein, LLP charged ADESA \$3,353 (Canadian dollars) for a legal opinion rendered in connection with a financing. Currently, Mr. Smith also serves as a director of ALLETE, Inc., ADESA's former parent company. If Mr. Smith's directorship on ALLETE's Board ever rises to an interest that conflicts, or appears to conflict, with the interests of ADESA, the Board will take all appropriate steps to ensure that Mr. Smith will be excused from discussions on the issue and recuse himself from voting on the issue.

David G. Gartzke does not meet the aforementioned independence standards because he is ADESA's current chairman of the Board, president and chief executive officer.

DIRECTOR COMPENSATION ARRANGEMENTS AND STOCK OWNERSHIP GUIDELINES**2004 Retainers and Committee Fees**

The following table provides information regarding the compensation paid to ADESA's non-employee directors during the fiscal year ended December 31, 2004. Directors who are employed by ADESA do not receive any compensation for their Board activities. All of the directors listed below became directors of ADESA in May 2004, except for Ms. Weinstein who became a director of ADESA in January 2004. In 2004, all of the directors listed below only received half of their annual cash retainer and half of their committee chair and member fees.

- (2) All of ADESA's Board members served on the ALLETE Board of Directors, except for Mr. Sales. In connection with their service on ALLETE's Board, ALLETE granted performance shares to each of those directors. At the completion of the spin-off, the outstanding performance shares held by those ALLETE directors who became directors of ADESA were converted into performance shares of ADESA. Dividend-equivalents were accrued on the performance shares and the amounts reflected in the table include dividend equivalents through February 15, 2005.
- (3) All of ADESA's Board members served on the ALLETE Board of Directors, except for Mr. Sales. In connection with their service on ALLETE's Board, ALLETE granted stock options to purchase ALLETE common stock to each of those directors. At the completion of the spin-off, the unexercised stock options held by those ALLETE directors who became directors of ADESA were converted into stock options to purchase ADESA common stock.
- (4) This amount does not include \$1,667 received by each of Messrs. Bussmann, Cunningham and Smith from ALLETE for serving on an ad hoc committee relating to the spin-off of ADESA. This number does not include \$3,334 received by Mr. Wegmiller from ALLETE for serving on two ad hoc committees relating to the spin-off of ADESA. ADESA reimbursed ALLETE for these fees.
- (5) This amount does not include a one-time payment received by Mr. Sales in an amount of \$7,250 for his attendance at ALLETE Board meetings prior to his formal appointment to ADESA's Board.

PROPOSAL NO. 2
RATIFICATION OF INDEPENDENT AUDITORS

Proposal

The audit committee of the Board has appointed PricewaterhouseCoopers LLP (an independent registered public accounting firm) as ADESA's independent auditors to audit its consolidated financial statements for the 2005 fiscal year. During the 2004 fiscal year, PricewaterhouseCoopers LLP served as ADESA's independent auditors and also provided certain tax and other non-audit services. Although ADESA is not required to seek stockholder approval of this appointment, the Board believes it to be sound corporate governance to do so. If the appointment is not ratified, the audit committee will investigate the reasons for stockholder rejection and will reconsider the appointment.

Representatives of PricewaterhouseCoopers LLP are expected to attend the annual meeting where they will be available to respond to questions and, if they desire, to make a statement.

***ADESA's Board recommends a vote "FOR" the ratification of the
audit committee's appointment of
PricewaterhouseCoopers LLP as ADESA's independent auditors.***

Fees Paid To PricewaterhouseCoopers LLP

The following table sets forth the aggregate fees charged to ADESA by PricewaterhouseCoopers LLP for audit services rendered in connection with the audited consolidated financial statements and reports for the 2004 and 2003 fiscal years and for other services rendered during the 2004 and 2003 fiscal years to ADESA and its subsidiaries, as well as all out-of-pocket costs incurred in connection with these services:

Fee Category	2004	Percentage of Total	2003	Percentage of Total
Audit Fees	\$1,296,149	43%	\$735,744	53%
Audit-Related Fees				
Tax Fees	1,288,664	43%	663,542	47%
All Other Fees	401,500	14%	1,400	
Total Fees	\$2,986,313	100%	\$1,400,686	100%

Audit Fees: Consists of fees for professional services rendered for the audit of ADESA's consolidated financial statements and review of the interim condensed consolidated financial statements included in quarterly reports and services that are normally provided by PricewaterhouseCoopers LLP in connection with statutory and regulatory filings or engagements, and attest services, except those not required by statute or regulation.

Tax Fees: Consists of fees for professional services for tax compliance, reporting and consulting.

All Other Fees: Consists of fees for all other services other than those reported above. These services include services related to an inquiry by the SEC and a license fee for the use of PricewaterhouseCoopers LLP's accounting research software.

In making its recommendation to ratify the appointment of PricewaterhouseCoopers LLP as ADESA's auditors for the fiscal year ending December 31, 2005, the audit committee has considered whether services other than audit and audit-related provided by PricewaterhouseCoopers LLP are compatible with maintaining the independence of PricewaterhouseCoopers LLP.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditors

ADESA's independent auditor fee pre-approval policy provides for an annual process through which the audit committee evaluates the nature and scope of the audit prior to the commencement of the audit. At the same time, the committee evaluates audit-related, tax and other services that are proposed, along with the anticipated cost of such services. The committee reviews schedules of specific services to be provided.

If other services are desired outside of this annual process, under the policy they may be pre-approved by the committee at a regularly scheduled meeting or by the chair, acting between meetings and reporting back to the committee at the next scheduled meeting.

ADESA's audit committee was established in May 2004. Subsequent to May 2004, all audit, tax and all other services performed by PricewaterhouseCoopers LLP were approved by the audit committee.

REPORT OF THE AUDIT COMMITTEE

The Board of Directors established the audit committee for the purpose of overseeing the accounting, internal controls and financial reporting processes of ADESA. The audit committee also has oversight of ADESA's independent auditors. The audit committee is comprised of four non-management directors and operates pursuant to a written charter approved by the Board of Directors in May 2004. A copy of the audit committee charter is attached hereto as Appendix A. Each member of the audit committee meets the independence requirements of the SEC and the NYSE and has been determined by the Board to be "independent." The Board of Directors has determined that Dennis O. Green and A. R. Sales are each an "audit committee financial expert" in accordance with applicable SEC rules. The Board has also determined that each member of the audit committee is financially literate in accordance with the qualification standard set forth in the rules of the NYSE.

As described more fully in its charter, the audit committee assists the Board in its oversight of (i) the integrity of ADESA's financial statements; (ii) ADESA's compliance with legal and regulatory requirements; (iii) ADESA's independent auditors' qualifications and independence; (iv) the performance of ADESA's internal audit function and independent auditors; and (v) ADESA's assessment and management of its financial and operational risks. The audit committee reports regularly to the Board with respect to actions, findings, issues and policy matters. Management is responsible for the preparation, presentation and integrity of ADESA's financial statements; accounting and financial reporting principles; internal controls; and procedures designed to reasonably assure compliance with accounting standards, applicable laws and regulations. ADESA has a full-time internal audit department that reports to the audit committee and to management. Responsibilities of the internal audit department include reviewing and evaluating the adequacy, effectiveness and quality of ADESA's system of internal controls relating to the reliability and integrity of ADESA's financial information, compliance with corporate policies and procedures and the safeguarding of ADESA's assets. PricewaterhouseCoopers LLP, ADESA's independent auditing firm, is responsible for performing an independent audit of the consolidated financial statements in accordance with generally accepted auditing standards. The audit committee has the authority to engage its own outside advisers, including independent legal counsel and experts in particular areas of accounting, as it determines appropriate, apart from counsel or advisers hired by management.

The audit committee establishes an agenda for the year that includes discussion and review of ADESA's quarterly earnings releases, earnings guidance, SEC filings, financial statements, risk assessment and risk management policies, internal controls and internal audit activities. The audit committee's agenda is established by the audit committee in consultation with the director of internal audit. Subsequent to the closing of ADESA's initial public offering in June 2004, the audit committee held two regularly scheduled meetings and three meetings by telephonic conference call. At each of its regularly scheduled meetings, the audit committee held separate and private executive sessions with ADESA's independent auditors, director of internal audit, chief executive officer, chief financial officer, controller and general counsel.

At each regular quarterly meeting, the audit committee meets with PricewaterhouseCoopers LLP, the director of internal audit and management to review ADESA's financial results before finalization and issuance of ADESA's earnings press releases. The audit committee also reviews ADESA's Form 10-Q and Form 10-K before filing with the SEC. In connection with its quarterly review of ADESA's financial statements, the audit committee reviews with management and the independent auditors the acceptability and quality of the accounting principles, the reasonableness of and quality of management's accounting judgments and the clarity of disclosures. At each regular meeting, the audit committee reviews

with the director of internal audit, management and the independent auditors the overall audit plans and scope of audits, the results of internal audits and the quality of ADESA's financial reporting.

The audit committee has implemented pre-approval policies and procedures related to the provision of audit and non-audit services by the independent auditors. Under these procedures, the audit committee pre-approves both the type of services to be provided by the independent auditors and the estimated fees related to these services. During the pre-approval process, the audit committee considers the impact of the types of services and the related fees on the independence of the auditor. The services and fees must be deemed compatible with the maintenance of the auditor's independence, including compliance with SEC and NYSE rules and regulations.

The audit committee appointed PricewaterhouseCoopers LLP as the independent auditors for ADESA for the year ended December 31, 2004. The audit committee relies on the work and assurances of ADESA's management, which has primary responsibility for financial statements and reports, and of the independent auditors, who, in their report, express an opinion on the conformity of ADESA's annual financial statements to generally accepted accounting principles. Under ADESA's governance structure, including the audit committee charter, the audit committee has the responsibility to select, compensate, evaluate and, when appropriate, replace ADESA's independent auditors. The audit committee believes it is appropriate to recommend to the Board to request the stockholders of ADESA to ratify the audit committee's selection of the independent auditors at the 2005 annual stockholders meeting.

The audit committee has reviewed ADESA's audited consolidated financial statements and discussed such statements with management. The audit committee has discussed with the independent auditors other matters required to be discussed by the independent auditors with the audit committee under Statement on Auditing Standards No. 61, as amended, and other regulations. The audit committee has also received and discussed with the auditors their annual written report on their independence from ADESA and its management pursuant to Independence Standards Board Standard No. 1 (independence discussions with audit committees), and reviewed with the independent auditors whether the provision of non-audit services provided by them to ADESA during 2004 was compatible with the auditors' independence.

In reliance on these reviews and discussions, and the report of the independent auditors, the audit committee has recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in ADESA's Annual Report on Form 10-K for the year ended December 31, 2004, for filing with the Securities and Exchange Commission.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires ADESA's directors and executive officers and persons who own more than 10% of the issued and outstanding shares of ADESA common stock to file reports of initial ownership of common stock and other equity securities and subsequent changes in that ownership with the SEC and the NYSE. Based solely on a review of such reports and written representations from the directors and executive officers, ADESA believes that all such filing requirements were met during 2004.

Change in Control of ADESA

In June 2004, ADESA completed its initial public offering and began trading on the NYSE. Upon completion of ADESA's initial public offering, ALLETE, ADESA's former parent company, owned 88,600,000 shares of ADESA's common stock, representing approximately 93% of the issued and outstanding shares of ADESA's common stock. On September 20, 2004, ALLETE distributed its remaining ownership interest in ADESA to its stockholders by means of a special dividend. As a result, ALLETE no longer owns any shares of stock of ADESA.

(1) These awards were made pursuant to ADESA's equity and incentive plan. The options held by the Named Executive Officers that expire on June 15, 2010 were granted in connection with the initial public offering of ADESA. These stock options are fully vested and immediately exercisable as of the date of this proxy statement. Any remaining options held by the Named Executive Officers were ALLETE stock options granted to the applicable Named Executive Officers and were converted into options to purchase ADESA common stock in connection with the spin-off by ALLETE. The ADESA options issued upon conversion have the same terms and conditions, including the same vesting provisions and exercise periods as the ALLETE options had immediately prior to the completion of the spin-off. All of the converted stock options are fully vested and immediately exercisable as of the date of this proxy statement.

(2) All options that expire on June 15, 2010 have an exercise price equal to ADESA's initial public offering price. All other reported option grants were granted upon the completion of the spin-off and the exercise price was calculated based on the conversion ratio of 1.63 utilized for the spin-off from

ALLETE.

(3)

* indicates that the exercise price was equal to or more than the market price on the date of grant.

(4)

In accordance with the SEC rules, these columns show gains that could accrue for the respective options, assuming that the market price of the common stock appreciated from the date of grant over the applicable term of the option at an annualized rate of 0%, 5% and 10%, respectively. These values do not reflect ADESA's estimate of future stock price appreciation, if any, of the common stock.

REPORT OF THE EXECUTIVE COMPENSATION COMMITTEE

Executive Compensation Policy

Philosophy. The executive compensation committee intends to provide a compensation program that will support ADESA's long-term success by achieving the following goals:

strengthen the motivation of employees and the focus of management with incentive compensation programs tied to the financial results of ADESA's business and the market performance of ADESA's common stock;

encourage equity ownership and stockholder alignment;

drive long-term stockholder value creation; and

provide competitive rewards commensurate with performance.

Methodology. For purposes of the annual incentive awards to executives, the committee set goals and considers ADESA's achievement of earnings before interest, taxes, depreciation and amortization ("EBITDA") and return on capital ("ROC") goals. In designing the total compensation package for executives, however, the committee places more emphasis on long-term compensation, that is, compensation which pays out based on the long-term, sustained performance of ADESA.

No other publicly-traded company has a similar mix of businesses to ADESA. Therefore, in order to ascertain the competitiveness of ADESA's compensation for its top executive talent, the executive compensation committee reviews the compensation of a portfolio of similarly-sized companies ranging from \$100 million to \$5 billion in the following businesses: auto retailing, auto financing services, logistics, salvage/auto services and OEMs. The committee also consults general industry and other appropriate data sources to ensure that the compensation is reasonable and appropriate.

The committee strives to target individual and overall total compensation around the median of the market with the ability for executives to earn top-quartile compensation for superior performance.

The committee retains an independent compensation consultant to assist it in evaluating its executive compensation programs. The use of an independent consultant provides additional assurance that ADESA's programs are reasonable and consistent with ADESA's objectives.

Components of Executive Compensation for 2004

Annual Compensation

Base Salary. The committee annually reviews ADESA's base salaries for key executive officers. In determining individual salaries, the committee conducts a qualitative evaluation of a variety of factors, including individual performance, level of responsibility, prior experience and a comparison of base salaries paid for comparable positions.

Annual Incentive Program. ADESA provides annual incentive opportunities to ADESA's executive and management employees under ADESA's equity and incentive plan. Annual cash incentives reward participants for the achievement of annual financial results that positively

impact total stockholder return. The committee's goal is to provide an annual incentive program that meets the following criteria:

- aligns annual incentives with overall company financial results;
- where appropriate, aligns annual incentives with business unit or division financial results; and
- aligns annual incentives with the stockholder experience.

For 2004, annual incentive awards to executives were based on an assessment of EBITDA and ROC goals. Eligible participants below the executive level receive payouts based on a combination of corporate, division and individual site goals, as appropriate. Every eligible individual has a component of at least 25% tied to corporate performance to encourage a team-based approach and cultivate alignment with the stockholder experience. Executive officers who do not oversee a business unit are rewarded 100% on the company's financial results.

Threshold performance objectives must be met for each measure in order for any payout to occur. Payouts can range from 50% of target awards for performance at threshold to a maximum of 250% of target awards. The committee has discretion to reduce or eliminate individual payouts for noncompliance with company controls and/or policies. In addition to earned payouts made in cash, ADESA grants restricted stock units with a value equal to 25% of the bonus payout to key executive officers. The restricted stock units are intended to further align executives with stockholders, and have a three-year cliff vesting provision to further encourage retention of these senior key executives.

Long-Term Incentives

ADESA provides long-term incentive opportunities to ADESA's executive officers and management under ADESA's equity and incentive plan. The long-term incentive program is designed to motivate sustained share price growth over the long term and to align executive interests with those of the stockholders. ADESA has primarily focused on stock options, but has also used restricted stock units, which support retention of key talent and promote ownership. The committee's goal is to provide a long-term incentive plan that meets the following criteria:

- meaningful in level and design to participants;
- linked to stockholder value creation;
- encourages retention;
- encourages equity ownership; and
- does not significantly dilute the economic interests of stockholders.

Outstanding ALLETE Awards. Prior to ADESA's initial public offering, eligible ADESA employees were awarded ALLETE stock options. These stock options were converted into stock options to purchase ADESA shares on the date of the completion of the spin-off from ALLETE. The number of shares of ADESA common stock subject to the converted option was equal to the number of shares of ALLETE common stock subject to the original option multiplied by an ADESA conversion ratio. The per share exercise price of the converted option was equal to the per share exercise price of the original option divided by the ADESA conversion ratio. The vesting and expiration of the adjusted option is conditioned upon continuing employment with ADESA. This method of adjustment was intended to preserve both the aggregate intrinsic value of each option and the conversion ratio of the exercise price to the market price of the shares. The ADESA conversion ratio of approximately 1.63 ADESA options for each ALLETE option converted was based upon the conversion ratio of the fair market value of ALLETE stock prior

to the separation to the fair market value of ADESA stock immediately following the separation from ALLETE.

Prior to the initial public offering of ADESA, eligible ADESA employees received performance shares under ALLETE's executive long-term incentive compensation plan. Concurrently with the separation from ALLETE on September 20, 2004, approximately 160,000 ALLETE restricted stock units and performance shares held by ADESA employees were converted to ADESA restricted stock units and performance shares. The majority of these converted share awards vested in the first quarter of 2005.

Stock Options. Stock option grants were authorized at the time of the initial public offering to further align the interests of ADESA's executive officers and management with those of ADESA's stockholders following the initial public offering of ADESA. These options have (a) an exercise price equal to the initial public offering price of \$24.00 per share; (b) a six-year option term; and (c) are immediately exercisable. To provide a significant and immediate incentive for executive officers to focus on stockholder value creation, this initial stock option grant was front loaded a practice consistent with the market for companies that go public. We do not intend to provide an additional stock option grant these executive officers in 2005.

Restricted Stock Units. To further encourage retention and stock ownership for ADESA's key executives, restricted stock unit grants were granted at the time of the initial public offering. The restricted stock units are intended to further align the interests of these executives with stockholders, and have a three-year cliff vesting provision to further encourage retention of key executives. As mentioned earlier in this report, the key executive officers received grants of restricted stock units with a value equal to 25% of the annual bonus payout.

Perquisites and Personal Benefits

ADESA has established certain benefits and perquisites programs for Named Executive Officers. These programs include, but are not limited to: personal use of company aircraft, company automobile allowance and/or leases, club membership dues, financial consulting services, life insurance and annual physicals. While these programs do have expenses associated with them, the committee believes they are within industry norms, competitive, and necessary to attract, retain, and motivate the necessary talent.

Supplemental Executive Benefits

ADESA has established a supplemental executive retirement plan (SERP) to compensate certain employees, including the executive officers, to provide retirement benefits which are competitive with those offered by other businesses with which ADESA competes for executive talent. ADESA provides a company contribution to the SERP based on annual base salary and years of service to eligible participants. These amounts are reflected in the Summary Compensation Table in this proxy statement.

The SERP also provides employees whose salaries exceed the salary limitations for tax-qualified plans imposed by the Internal Revenue Code with additional benefits such that they receive in aggregate the benefits they would have been entitled to receive had such limitations not been imposed. To help pay for any income taxes imposed on a participant upon a distribution resulting from a change in control event, the gross distribution payable to any participant as a result of a change in control event shall be increased by 40% and immediately distributable.

Edgar Filing: ADESA INC - Form DEF 14A

An employee and director matters agreement was signed by ALLETE and ADESA governing the responsibility of certain employee benefits. This agreement governs the allocation of responsibilities related to employee benefit plans provided by ALLETE prior to this spin-off to ADESA employees and directors and the allocation of liability relating to employees and directors of ALLETE and ADESA in connection with the initial public offering and the subsequent spin-off by ALLETE. As a result of this agreement, ADESA will be required to make payments to key executive officers that may be somewhat substantial in nature. These payments will be made beginning in 2005, and are contingent upon continued employment. They will be shown in the proxy statement issued in the spring of 2006.

Chief Executive Officer Compensation for 2004

Mr. Gartzke, who received compensation in his capacities as chairman, president and chief executive officer of ALLETE in the year ended December 31, 2003, stepped down as chairman of ALLETE in conjunction with the spin-off that was completed as of September 20, 2004. ALLETE did not compensate Mr. Gartzke after May 31, 2004. Mr. Gartzke now serves as ADESA's chairman, president and chief executive officer.

The committee established Mr. Gartzke's 2004 total compensation package after reviewing his performance and compensation with the independent directors of the full Board. The committee considered:

- Mr. Gartzke's individual performance with respect to the achievement of key strategic and financial objectives;
- Mr. Gartzke's leadership in connection with ADESA's initial public offering and spin-off from ALLETE;
- Mr. Gartzke's development of a new ADESA leadership team; and
- ADESA's financial performance in 2004.

The committee also assessed Mr. Gartzke's compensation relative to the compensation programs that apply to other ADESA executive officers, taking into account his individual contributions to ADESA.

The committee established a base salary of \$600,000 for Mr. Gartzke in his new position of chairman, president and chief executive officer of ADESA effective June 1, 2004.

Under ADESA's annual incentive plan, Mr. Gartzke earned a cash annual incentive award of \$535,650, which was 119% of his target award. The award was based on the successful achievement of objective financial goals as set by the committee at the beginning of the year. Awards under the ADESA's annual incentive plan are intended to be 162(m) compliant as discussed later in this report. In addition, Mr. Gartzke received a grant of restricted stock units with a value of \$133,146 (25% of annual incentive payout) with conditions as set forth in the annual incentive plan above. Mr. Gartzke also received a one-time bonus payment of \$100,000 in recognition of his efforts relating to the separation of ADESA from ALLETE.

Mr. Gartzke received option grants to purchase 663,950 shares of ADESA common stock at the completion of the initial public offering of ADESA. These options have an exercise price equal to the initial public offering price of \$24.00 per share and a six-year option term. At the time these options were granted, the options had a three-year vesting schedule; however on March 9, 2005, the Board of Directors approved resolutions to accelerate the vesting of all stock options granted under ADESA's equity and incentive plan in connection with ADESA's initial public offering. As such, Mr. Gartzke's options granted in connection with ADESA's initial

public offering are currently exercisable. The Board considered several factors in determining to accelerate the vesting of the options granted in connection with the initial public offering. Primarily, the acceleration will enhance the comparability of ADESA's financial statements in prior and subsequent periods. The options awarded were special, one-time grants in conjunction with ADESA's initial public offering. As such, these grants are not indicative of past grants when ADESA was a subsidiary of ALLETE prior to June 2004 and are not representative of ADESA's future grants. In particular, Mr. Gartzke will not be considered for an additional option grant any sooner than 2006. The Board also believes that the acceleration was in the best interest of the stockholders as it will reduce ADESA's reported stock option expense in future periods mitigating the impact of the new accounting standard (Statement of Financial Accounting Standard 123R, *Share-Based Payment*) that will take effect in the third quarter of 2005.

As disclosed in the option grant table in this proxy statement, options previously granted by ALLETE were converted to options with the right to purchase 369,597 shares of ADESA common stock at the completion of the spin-off from ALLETE.

As disclosed in the summary compensation table in this proxy statement, performance shares previously granted by ALLETE were converted to a total of approximately 15,589 shares of ADESA stock at the completion of the spin-off from ALLETE.

In connection with the initial public offering, Mr. Gartzke received a one-time grant of 41,497 restricted stock units with a value of \$995,928 based on the initial public offering price of \$24.00. The restricted stock units vest three years from the date of grant.

In addition, as a participant in the ADESA SERP, Mr. Gartzke received a prorated 2004 company contribution of \$40,800.

Deductibility Cap on Executive Compensation

ADESA's ability to deduct compensation it pays to covered officers is generally limited, under Section 162(m) of the Internal Revenue Code, to \$1,000,000 annually. However, performance-based compensation is not subject to this limitation, provided certain conditions are satisfied. The annual and long-term incentives the committee awarded to covered officers in 2004 were subject to, and made in accordance with, arrangements implemented by the committee to qualify for Section 162(m)'s performance-based compensation exemption, so that such payments would be fully tax-deductible.

Generally, ADESA's policy is to preserve the federal income tax deductibility of compensation it pays. Accordingly, the committee has taken appropriate actions, to the extent the committee believes feasible, to preserve the deductibility of annual and long-term incentive awards. However, the committee will retain the authority to authorize payments that may not be deductible if the committee believes that they are in the stockholders' and ADESA's best interests. Income for ADESA's covered officers may exceed the \$1,000,000 deductibility limit because of certain elements of their annual compensation, such as perquisites, certain restricted stock awards and cash dividends thereon, payments related to reductions in retirement

benefits, tax reimbursements and income resulting from payments made pursuant to plans that do not discriminate in favor of executive officers.

This agreement will remain in effect through December 31, 2008.

ADESA entered into a severance agreement with its chief administrative officer, Brenda J. This agreement will remain in effect through June 1, 2009.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Relationships with ALLETE

Distribution of Stock Dividend by ALLETE. On September 20, 2004, ADESA's majority stockholder, ALLETE, completed the distribution of a stock dividend to all ALLETE stockholders. All ADESA shares previously owned by ALLETE were distributed. One share of ADESA common stock was distributed to stockholders of record as of September 13, 2004 for each share of ALLETE common stock outstanding, resulting in a total distribution of 88.6 million shares of ADESA. The distribution was structured to qualify as a tax-free stock dividend to ALLETE stockholders.

Prior to September 20, 2004, ALLETE provided certain services, including accounting, treasury, tax, legal, public affairs, executive oversight, human resources, as well as other corporate services. ALLETE made certain allocations for its costs related to such services

provided to ADESA. These cost allocations were determined on a proportionate cost basis that both ADESA and ALLETE considered to be reasonable reflections of the cost of services provided by ALLETE. These services accounted for approximately \$2.2 million of expense for the period January 1 through September 20, 2004. ADESA also paid ALLETE approximately \$0.5 million in the fourth quarter of 2004 for services provided by ALLETE.

Payment of Dividends and Debt by ADESA. In 2004, ADESA paid ALLETE aggregate dividends of \$117.5 million and repaid ALLETE \$136.1 million for intercompany debt owed by ADESA to ALLETE.

Agreements with ALLETE. In connection with the initial public offering of ADESA, ALLETE and ADESA delivered agreements governing various interim and ongoing relationships. These agreements included a master separation agreement, a tax sharing agreement, an employee and director matters agreement and a joint aircraft ownership and management agreement.

Master Separation Agreement. ADESA and ALLETE entered into a master separation agreement which contained the key provisions relating to the separation of ADESA's business from ALLETE and the subsequent spin-off by ALLETE to its stockholders of the remaining shares of ADESA's common stock.

Tax Sharing Agreement. ADESA and ALLETE entered into a tax sharing agreement, effective on the date of the spin-off, which governs ALLETE's and ADESA's respective rights, responsibilities and obligations after the spin-off with respect to taxes. Under the tax sharing agreement, ADESA will indemnify ALLETE for tax liabilities that are allocated to ADESA for periods prior to the spin-off. The amount of taxes allocated to ADESA for such periods is the amount that ADESA and its subsidiaries would have been required to pay under the previous agreements in place with ALLETE, determined in accordance with past practice, which generally is equal to the federal income or state income or franchise taxes that would have been payable by ADESA during such periods if ADESA had filed separate consolidated or combined returns with its own subsidiaries.

ADESA has agreed in this tax sharing agreement that ADESA will indemnify ALLETE for any taxes arising out of the failure of the spin-off to qualify as tax-free distribution to ALLETE and the ALLETE stockholders as a result of ADESA's actions or inaction, and 50% of any such taxes that do not result from the actions or inaction of either ADESA or ALLETE. ADESA will share with ALLETE the right to control the disposition of any audits, litigation or other controversies with any taxing authorities regarding such taxes.

Employee and Director Matters Agreement. ADESA entered into an employee and director matters agreement with ALLETE that governs the allocation of responsibilities related to employee benefit plans provided by ALLETE to ADESA's employees and directors and the allocation of liability relating to employees and directors of ALLETE and ADESA in connection with the initial public offering and the subsequent spin-off by ALLETE. In general, ALLETE is responsible for all liabilities relating to employees and directors of ALLETE, and ADESA will be responsible for all liabilities relating to its employees and directors as of the date of the initial public offering. The agreement also addresses treatment of liabilities in respect of those ALLETE employees and directors that have become employees and directors of ADESA. Under the agreement, ADESA's employees ceased to participate in any ALLETE pension plan as of the date of the initial public offering and ceased to participate in any ALLETE equity plan, including the employee stock purchase plan, as of the date of the spin-off. Any transferring employees and directors received credit under each of ADESA's applicable benefit plans for past service with ALLETE. The agreement also sets forth the treatment of ALLETE stock options and

performance shares held by employees and directors of ALLETE and ADESA as of the time of the spin-off.

Joint Aircraft Ownership and Management Agreement. ADESA entered into a joint aircraft ownership and management agreement with ALLETE that allocates use of and responsibilities with regard to the two aircraft previously owned by ALLETE. Subsequent to the spin-off, ALLETE contributed 70% ownership interest in the aircraft to ADESA. ALLETE continues to undertake the duties of managing and scheduling the aircraft in exchange for a management fee equal to 3.5% of the total operating costs and expenses associated with the aircraft from the preceding quarter. The agreement will terminate upon withdrawal of one of the owners or the loss of one or both of the aircraft. Each owner will be entitled to 100% ownership interest in, and title to, one of the aircraft upon termination of the agreement.

Total non-cash capital contributions from ALLETE were \$6.2 million for the year ended December 31, 2004. The amount contributed from ALLETE in 2004 includes the 70% ownership interest in two aircraft previously owned by ALLETE.

Other Related Party Matter

Wholesale vehicle businesses owned by Sean Hallett, the son of James P. Hallett, an executive vice president of ADESA, had three separate lines of credit with a wholly-owned subsidiary of ADESA, Automotive Finance Corporation ("AFC"), and an outstanding loan through a related entity. As of December 31, 2004, the total amount owed to AFC was \$1.7 million. The lines of credit totaling \$0.4 million are secured with a perfected blanket security interest in the assets of the wholesale vehicle businesses. The loan is cross-collateralized with one of the credit lines and is secured by certain unencumbered personal property valued up to approximately \$0.5 million. As of December 31, 2004, Sean Hallett and his related businesses were in default on these obligations. Based on an assessment of recoverability, ADESA recorded provisions for credit losses totaling \$0.8 million during the second half of 2004 related to the \$1.7 million outstanding. All three credit lines have been closed. AFC had gross receivables from this individual's wholesale vehicle business totaling \$0.9 million at December 31, 2004.

ADESA is pursuing legal action related to collection of these amounts. AFC and a wholly-owned subsidiary of AFC, Automotive Finance Canada, Inc. (together, the "AFC Entities"), filed their Statement of Claim in the Ontario Superior Court of Justice on or about November 8, 2004 wherein it was alleged that Sean Hallett and his related companies (the "Hallett Entities") had defaulted on their outstanding obligations to AFC. On or about December 15, 2004, Mr. Hallett filed his Statement of Defense and Counterclaim against the AFC Entities, ADESA, ADESA Canada and ADESA Auctions Canada alleging that there was no outstanding obligation and that the named counterclaim defendants owed approximately \$6 million to Mr. Hallett in compensatory and punitive damages.

On or about February 1, 2005, the AFC Entities filed their Reply and Defense to Counterclaim denying the claims made by the Hallett Entities and reaffirming the allegations made in the Statement of Claim. On or about February 17, 2005, the Hallett Entities filed a Reply to Defense to Counterclaim essentially denying the allegations in the AFC Entities' Reply and Defense to Counterclaim and reaffirming the claims and allegations in their Statement of Defense and Counterclaim.

On March 4, 2005, the parties met in Toronto, Canada and participated in a mandatory mediation session in an effort to resolve the litigation. Subsequent to March 4, 2005, the parties, working through the mediator, have had further discussions in pursuit of resolving the litigation. The AFC Entities continue to prosecute their claims against the Hallett Entities.
