POGO PRODUCING COMPANY

PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation of proxies by the board of directors (the "Board of Directors") of Pogo Producing Company (the "Company") to be voted at the Annual Meeting of Shareholders to be held at the time and place and for the purposes set forth in the accompanying notice.

This Proxy Statement and the accompanying proxy card are being mailed to shareholders beginning on or about March 27, 2006. The Company will bear the costs of soliciting proxies in the accompanying form. In addition to the solicitation of proxies by mail, proxies may also be solicited by telephone, telegram or personal interview by officers and regular employees of the Company. The Company also expects to retain D. F. King & Co., Inc., a professional proxy soliciting firm, to assist in the solicitation of proxies. The Company anticipates that the fees and expenses it will incur for these services will be less than \$40,000. The Company will reimburse brokers or other persons holding stock in their names or in the names of their nominees for their reasonable expenses in forwarding proxy material to beneficial owners of stock.

VOTING OF SHARES

As of the close of business on March 10, 2006, the record date for determining shareholders entitled to vote at the meeting, the Company had outstanding and entitled to vote 57,961,147 shares of common stock, par value \$1 per share ("Common Stock"). The Company has no other class of stock outstanding. Each share of Common Stock is entitled to one vote with respect to the matters to be acted upon at the meeting. Shareholders are not allowed to cumulate votes in the election of directors. The presence, in person or by proxy, of the holders of a majority of the votes represented by outstanding shares of Common Stock is necessary to constitute a quorum at the Annual Meeting of Shareholders.

You may vote for all, some or none of the nominees for director. The votes of a plurality of the shares of Common Stock present, in person or by proxy, and entitled to vote at the Annual Meeting of Shareholders is sufficient to elect directors. The vote required for the ratification of the appointment of PricewaterhouseCoopers LLP to audit the financial statements of the Company for 2006 is a majority of the votes cast on the matter. Abstentions and broker non-votes are not counted as voted either for or against and, therefore, have no effect on the outcome of the proposal for ratification, provided the total votes cast exceed 50% of the shares entitled to vote.

All duly executed proxies received before the meeting will be voted in accordance with the choices specified thereon. As to a matter for which no choice has been specified in a proxy, the shares represented thereby will be voted by the persons named in the proxy (1) FOR the election as directors of the three nominees listed herein, (2) FOR ratification of the appointment of PricewaterhouseCoopers LLP, independent registered public accounting firm, to audit the financial statements of the Company for 2006, and (3) in the discretion of the persons named in the proxy in connection with any other business that may properly come before the meeting.

REVOCABILITY OF PROXIES

Shareholders have the right to revoke their proxies at any time prior to the voting of their proxies at the meeting by (i) filing a written revocation with the Corporate Secretary of the Company at the address set forth on the attached Notice of Annual Meeting of Shareholders, (ii) giving a duly executed proxy

bearing a later date, or (iii) attending the annual meeting and voting in person. Attendance by shareholders at the annual meeting will not, of itself, revoke their proxies.

ELECTION OF THREE DIRECTORS

Unless contrary instructions are set forth on the proxies, it is intended that the persons named in the proxy will vote all shares represented by proxies FOR the election as directors of Messrs. Armstrong and Gong and Mrs. Suggs.

If the three nominees are elected at this meeting, each will serve for a term of three years ending in 2009, unless prior to that date they resign, are re-elected or removed from office. The Restated Certificate of Incorporation of the Company, as amended, provides for the classification of the Board of Directors into three classes having staggered terms of three years each. The five continuing directors named below in the section "Current Directors With Terms Expiring in 2006, 2007 and 2008" will not stand for election at this meeting, as their present terms expire in either 2007 or 2008. Should Messrs. Armstrong or Gong or Mrs. Suggs become unable or unwilling to accept nomination or election, the persons acting under the proxy will vote for the election of such other person as the Board of Directors may recommend. Management has no reason to believe that any of the nominees will be unable or unwilling to serve if elected. Proxies cannot be voted for more than three of the nominees listed below.

ORGANIZATION AND ACTIVITY OF THE BOARD OF DIRECTORS

The Board of Directors currently includes five standing committees: the Executive Committee, the Audit Committee, the Compensation Committee, the Nominating and Corporate Governance Committee and the Management Committee. From time to time, additional committees are appointed by the Board of Directors as needed. As of the date of this Proxy Statement, the five standing committees were comprised of the following members: the Executive Committee was comprised of Messrs. Van Wagenen (Chairman), Armstrong, Campbell and Wells; the Audit Committee was comprised of Messrs. Wells (Chairman), Fisher, Gong and Groat; the Compensation Committee was comprised of Messrs. Armstrong (Chairman), Campbell and Fry and Mrs. Suggs; the Nominating and Corporate Governance Committee was comprised of Messrs. Campbell (Chairman), Armstrong and Fry and Mrs. Suggs; and the Management Committee is comprised of Messrs. Fisher (Chairman), Armstrong, Campbell, Fry, Gong, Groat and Wells and Mrs. Suggs.

The Board of Directors has determined that all of its members, other than Mr. Van Wagenen, are independent within the meaning of the listing standards for general independence of the New York Stock Exchange. Under the listing standards, a majority of the Company's directors are required to be independent, and the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee are each required to be comprised solely of members who are independent. The standards for audit committee membership include additional requirements under rules of the Securities and Exchange Commission (the "SEC"), and the Board of Directors has also determined that the audit committee members meet those additional requirements. The listing standards relating to general independence consist of both a requirement for a board determination that the director has no material relationship with the listed company and a listing of several specific relationships that preclude independence. To assist it in making determinations of independence, the Board of Directors has adopted categorical standards as permitted under the listing standards. Although the Board of Directors considers all relevant facts and circumstances in assessing whether a director is independent, relationships falling within the categorical standards are not required to be disclosed or separately discussed in the Proxy Statement in connection with the Board of Director's independence determinations. A relationship falls within the categorical standards adopted by the Board of Directors if it:

//*

is a type of relationship addressed in

the rules of the SEC requiring proxy statement disclosure of relationships and transactions, or

the provisions of the New York Stock Exchange Listed Company Manual listing relationships that preclude a determination of independence,

but under those rules neither requires disclosure nor precludes a determination of independence, or

//*

consists of charitable contributions by the Company to an organization where a director is an executive officer and does not exceed the greater of \$1 million or 2% of the organization's gross revenue in any of the last three years, or

//*

consists of beneficial ownership of securities of the Company (determined as provided in Rule 13d-3 under the Securities Exchange Act of 1934) of less than 10% of the Company's outstanding Common Stock.

The Audit Committee

Among other responsibilities, the functions of the Audit Committee include: engagement, oversight and retention of an independent registered public accounting firm to audit the financial statements of the Company; pre-approval of audit and non-audit services, including engagement fees and terms; meeting with the independent auditor and financial management of the Company to review the scope of the proposed audit; following the audit, reviewing results of the audit with the independent auditor; reviewing with the independent auditor and Company officers the Company's significant accounting policies and its

internal control policies and procedures; providing opportunities for the independent auditor to meet with the Audit Committee and Company officers; resolution of any disagreements between management and the independent auditor; reviewing the Company's annual and quarterly financial statements prior to their being filed with the SEC; reporting on matters discussed at Audit Committee meetings to the Board of Directors; investigating any matters brought to its attention within the scope of its duties; meeting with Company's internal accounting staff; and other general responsibilities in connection with related matters. A copy of the amended and restated Audit Committee Charter is included as Appendix A to this Proxy Statement and is also available for review on the Company's website at www.pogoproducing.com under "Corporate Profile." The 2006 report of the Audit Committee is included in this Proxy Statement.

The Board of Directors has determined that all members of the Audit Committee are independent within the meaning of Rule 10A-3 under the Securities Exchange Act of 1934 and the current independence requirements of the New York Stock Exchange for audit committee members. It has also determined that Mr. Wells is an audit committee financial expert within the meaning of the regulations adopted by the SEC.

The Compensation Committee

The principal responsibilities of the Compensation Committee include: evaluating the Company's director, officer and key employee compensation plans, policies and programs and making recommendations to the Board of Directors with respect to equity-based and other incentive compensation plans; administering employment contracts with certain officers of the Company; and administering long-term compensation under the Company's incentive plans, including the granting of restricted stock, stock options and bonuses to key employees. The Compensation Committee also has the sole authority, to the extent it deems necessary, to retain and terminate compensation consultants, and legal, accounting or other advisors to assist the Compensation Committee in fulfilling its responsibilities. A copy of the Compensation Committee Charter is available for review on the Company's website at www.pogoproducing.com under "Corporate Profile." The 2006 report of the Compensation Committee is included in this Proxy Statement.

The Nominating and Corporate Governance Committee

The primary responsibilities of the Nominating and Corporate Governance Committee include: identifying, reviewing, approving and recommending, for the approval of the Board of Directors, potential nominees for election to the Board of Directors; recommending membership on standing committees to the Board of Directors; leading the Board of Directors in its annual review of the Board of Directors' performance and establishing, periodically reviewing and recommending to the Board of Directors any updates to the Company's Corporate Governance Guidelines and Code of Business Conduct and Ethics. Copies of both of these documents, together with the Nominating and Corporate Governance Committee Charter, can be found on the Company's website at www.pogoproducing.com under "Corporate Profile." The Code of Business Conduct and Ethics includes the code of ethics applicable to the Company's Chief Executive Officer, Chief Financial Officer and principal accounting officer or controller required by SEC regulations. Information regarding amendments to or waivers of these code provisions applicable to these individuals will be posted at the same website location. The members of the Nominating and Corporate Governance Committee meet the applicable requirements for independence under the listing standards of the New York Stock Exchange.

In assessing the qualifications of candidates for director, the Nominating and Corporate Governance Committee considers, in addition to qualifications set forth in the Company's bylaws, each potential nominee's personal and professional integrity, experience, reputation, skills, ability and willingness to devote the time and effort necessary to be an effective member of the Board of Directors, and commitment to acting in the best interests of the Company and its shareholders. The Nominating and Corporate Governance Committee also considers requirements under the listing standards of the New York Stock Exchange for a majority of independent directors, as well as qualifications applicable to

membership on the committees of the Board of Directors under the listing standards and various regulations. Consideration is also given to the Board of Directors' having an appropriate mix of backgrounds and skills. The Nominating and Corporate Governance Committee makes recommendations to the Board of Directors, which in turn makes the nominations for consideration by the shareholders. The Company's newest director, Dr. Groat, was initially identified as a candidate by non-management directors.

Suggestions for potential nominees for director can come to the Nominating and Corporate Governance Committee from a number of sources, including incumbent directors, officers, executive search firms and others. If an executive search firm is engaged for this purpose, the Nominating and Corporate Governance Committee has sole authority with respect to the engagement. The Nominating and Corporate Governance Committee will consider director candidates recommended by shareholders. The extent to which the Nominating and Corporate Governance Committee dedicates time and resources to the consideration and evaluation of any potential nominee brought to its attention depends on the information available to it about the qualifications and suitability of the individual, viewed in light of the needs of the Board of Directors, and is at the Nominating and Corporate Governance Committee's discretion. The Nominating and Corporate Governance Committee evaluates the desirability for incumbent directors to continue on the Board of Directors following the expiration of their respective terms, and conducts a more detailed review of each director's suitability to continue on the Board of Directors following alternate expirations of the director's term (*i.e.*, generally every six years).

Shareholders may submit the names and other information regarding individuals they wish to be considered for nomination as directors by writing to the Chairman of the Nominating and Corporate Governance Committee at the address of the Company's principal executive offices indicated on the first page of this Proxy Statement. In order to be considered, submissions of potential nominees should be made no later than September 30 in the year prior to the annual meeting at which they would be nominated.

The Management Committee

The Management Committee is comprised of all of the members of the Board of Directors who are not officers of the Company, all of whom currently are also independent under the listing standards of the New York Stock Exchange, as described above. The primary purpose of this committee is to promote open discussion in regular executive sessions among the directors who are not officers. The director who presides at meetings of the Management Committee is chosen by the Management Committee and is currently Dr. Fisher. Interested parties who wish to make concerns known to the Management Committee may communicate directly with the members of the Management Committee as a group by making a submission in writing to the Management Committee of the Board of Directors in care of the Company's Corporate Secretary at the address indicated on the attached Notice of Annual Meeting.

Attendance at Meetings

It is the Company's policy that members of the Board of Directors attend meetings of the Board of Directors and committees on which they serve. The Board of Directors held eight meetings during 2005. The Audit Committee held five meetings during the year. The Compensation and the Nominating and Corporate Governance Committees each held four meetings during 2005. The Management Committee met once during 2005. Each of the Company's directors attended every meeting of the Board of Directors and each committee on which he or she served during 2005.

Directors typically attend annual meetings of shareholders. All directors attended the 2005 Annual Meeting of Shareholders.

Process for Shareholder Communications with the Board of Directors

In addition to the procedure for communications with the Management Committee described above, the Board of Directors will receive communications in writing from shareholders. Any such communications should be addressed to the Board of Directors in care of the Company's Corporate Secretary at the address indicated on the attached Notice of Annual Meeting.

REPORT OF THE AUDIT COMMITTEE

February 21, 2006

The Audit Committee of Pogo Producing Company's Board of Directors (hereinafter referred to as the "Audit Committee") is composed of four directors who are independent under New York Stock Exchange listing standards and operates under a written charter approved by the Audit Committee and the Board of Directors. The Audit Committee is directly responsible for the appointment, compensation and oversight of the public accounting firm engaged to audit the Company's financial statements. Customarily, as is the case this year, the Audit Committee submits this appointment to the shareholders for ratification.

Management is responsible for the Company's internal controls and the financial reporting process. The independent accountants are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and a related audit of internal control over financial reporting. It is the Audit Committee's responsibility to monitor and oversee these processes. However, the Audit Committee's role does not provide any special assurances with regard to the Company's financial statements, nor does it involve a professional evaluation of the quality of the audits performed by the independent auditors.

In this context, the Audit Committee has met and held discussions with management and the independent accountants. The Audit Committee has reviewed and discussed the audited consolidated financial statements with management and the independent accountants. This review included a discussion of the quality and acceptability of the Company's financial reporting and controls. The Audit Committee also discussed with the independent accountants matters required to be discussed by Statement on Auditing Standards ("SAS") No. 61 (Communication with Audit Committees), as updated by SAS No. 89 (Audit Adjustment) and SAS No. 90 (Audit Committee Communications).

The Company's independent accountants also provided to the Audit Committee the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with the independent accountants that firm's independence.

Based on the Audit Committee's review and discussions with management and the independent accountants referred to above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2005.

THE AUDIT COMMITTEE:

Stephen A. Wells, *Chairman*
William L. Fisher
Gerrit W. Gong
Charles G. Groat

AUDIT FEES

On April 26, 2005, the Board of Directors retained PricewaterhouseCoopers LLP as its principal independent auditor to audit the Company's financial statements for 2005 and to provide certain other services. Set forth below are the amounts billed by PricewaterhouseCoopers LLP for services provided to the Company for 2004 and 2005:

	2004	2005
Audit Fees(1)	\$ 2,427,998	\$ 2,346,832
Audit-Related Fees(2)	82,000	86,000
Tax Fees(3)	698,600	118,385
All Other Fees		
Total Fees	\$ 3,208,598	\$ 2,551,217

- (1) Audit fees include fees for audit or review services in accordance with the standards of the Public Company Accounting Oversight Board (United States) plus fees for statutory audits, attest services, consents and assistance with a review of documents filed with the SEC.
- (2) Audit-related fees include fees for services for employee benefit plan audits.
- (3) Tax fees include fees for all services for tax compliance services, tax planning and tax advice. Of the aggregate amount, fees for compliance and return preparation assistance were \$412,600 in 2004 and \$93,093 in 2005.

In issuing its report set forth above, the Audit Committee considered whether the provision of non-audit services by PricewaterhouseCoopers LLP is compatible with maintaining auditor independence.

**AUDIT COMMITTEE POLICIES AND PROCEDURES FOR
PRE-APPROVAL OF AUDIT AND NON-AUDIT SERVICES**

The Audit Committee is responsible for pre-approving audit and non-audit services performed by the independent auditor in order to assure that the provision of those services does not impair the auditor's independence. Unless a service to be provided by the independent auditor has been pre-approved by the Audit Committee under an annual pre-approval policy framework adopted by the Audit Committee, it will require specific pre-approval of the engagement terms by the Audit Committee. The Audit Committee's pre-approval policy contemplates that each year, the Audit Committee will designate detailed categories of recurring or foreseeable specified audit services, audit-related services, tax services and other services that may be performed by the independent auditor for the Company and its subsidiaries without further specific engagement pre-approval. The pre-approval policy framework must be sufficiently detailed as to the particular services to be provided so that it does not result in a delegation of the Audit Committee's pre-approval responsibility to management, and must be sufficiently objective so that no judgments by management are required to determine whether a specific service falls within the scope of what has been pre-approved. The Audit Committee may delegate pre-approval authority to one or more of its members, including to a subcommittee of the Audit Committee. As contemplated by these procedures, the Audit Committee has approved a pre-approval policy framework listing specified audit and non-audit services and determined that the types of non-audit services listed therein will not affect its independence.

The Audit Committee will receive regular reports informing it of the status of each service being performed pursuant to its pre-approval policy framework. The Audit Committee may adjust, supplement or revise its policy framework for pre-approval of services more frequently than annually, as it deems necessary or appropriate.

Requests to provide services that require separate approval by the Audit Committee will be submitted to the Audit Committee by both the independent auditor and any of the Chief Accounting Officer, Chief Financial Officer or Controller, and must include a joint statement that, in their view, the nature or type of service is not a prohibited non-audit service under the SEC's rules on auditor independence. With respect to each proposed pre-approved service, the independent auditor provides to the Audit Committee detailed back-up documentation regarding specific services being provided.

During 2005, no pre-approval requirements were waived for services included in the *Audit-Related Fees, Tax Fees and All Other Fees* captions of the fee table above pursuant to the limited waiver provisions in applicable rules of the SEC.

- (1) The bonus amounts were awarded in the year noted but only $\frac{1}{3}$ was paid in the year of award. The remainder of each year's bonus award is deferred and vests and is paid in two equal increments on August 1, 2006 and August 1, 2007 contingent upon, among other things, the officer's continued employment on those dates.
- (2) These amounts are payments made to assist the named individuals in paying taxes on restricted stock awards that vested in 2005. No executive received perquisites or other personal benefits in any year shown that exceeded the lesser of \$50,000 or 10% of the sum of his salary and bonus.
- (3) This amount represents the fair market value at the grant date (August 1, 2005) of unvested restricted stock awards made to the named individuals pursuant to the Incentive Plans. The participants receive dividends on the restricted stock and each award vests in four equal increments beginning annually in August 2006, contingent upon, among other things, the officer's continued employment at that time. As of December 31, 2005, the aggregate unvested restricted share holdings and their value (based upon a per share price of \$49.81, the closing price of the Common Stock as reported on The New York Stock Exchange Composite Transactions Reporting System for December 31, 2005) of each of the named individuals were: Mr. Van Wagenen, 71,000 shares worth \$3,536,510; Messrs. Brunner and Cooper, 29,000 shares worth \$1,444,490; Mr. McCoy, 24,500 shares worth \$1,220,345; and Mr. Ulm, 23,000 shares worth \$1,145,630.

III. *Retirement Plan.* The Company maintains a noncontributory retirement plan (the "Retirement Plan"), covering all salaried employees, under which the Company annually makes such contributions as are actuarially necessary to provide the retirement benefits established under such plan. The following table shows estimated annual benefits payable under the Retirement Plan upon retirement at age 65, based on average annual covered compensation during the five highest consecutive years of the ten years before retirement, to persons having the average compensation levels and years of service specified in the table. The amounts in this table are computed based on a single-life annuity and presented without deduction for Social Security or any other offset amounts.

Benefits under the Retirement Plan are based on a percentage of covered compensation (which is generally salary), length of service and certain other factors and are payable upon normal retirement at age 65, upon early retirement at age 55, or after termination of employment under certain circumstances. The

Retirement Plan provides that annual benefits under such plan are limited to the maximum amount prescribed by sections 415 and 401(a)(17) of the Internal Revenue Code of 1986, as amended (the "Code"), for pensions payable under tax-qualified retirement plans. For 2006, the Code provides that the annual compensation of each employee that is to be taken into account under the Retirement Plan cannot exceed \$220,000, and the maximum allowable pension benefit payable under such plan would be limited to \$175,000. In order to maintain benefit levels under the Retirement Plan to which they would otherwise be entitled but for limitations prescribed by the Code, as part of his employment contract, the Company has agreed to supplement Mr. Van Wagenen's (and his spouse's) benefits under the Retirement Plan in the event and to the extent that these Code limitations reduce the retirement benefits that would otherwise be payable to them under the Retirement Plan. In addition, Mr. Van Wagenen's employment contract provides that his aggregate pension and supplemental benefit is determined on the basis of covered compensation equal to his salary plus cash bonus (including deferred cash bonus).

Messrs. Van Wagenen, Brunner, Cooper, McCoy and Ulm have approximately twenty-seven, twelve, twenty-six, twenty-eight and six credited years of service, respectively, under the Retirement Plan.

IV. *Tax-Advantaged Savings Plan.* The Company has a Tax-Advantaged Savings Plan (the "Savings Plan") in which all salaried employees may participate. Under the Savings Plan, a participating employee may currently allocate up to 30% of such employee's salary as a tax-deferred contribution (subject to a maximum dollar limitation in 2006 of \$15,000, and an additional \$5,000 if participating employee attains age 50 during 2006), and the Company makes matching contributions of 100% of the amount contributed by the employee, up to the lesser of 6% of such employee's salary or \$13,200.

Funds contributed to the Savings Plan by an employee and the earnings and accretions thereon may, according to instructions from such employee, be used to purchase shares of Common Stock or to invest in certain mutual funds managed by The Vanguard Group of Investment Companies ("Vanguard"), including a money-market fund, a long-term bond fund, a balanced fund (investing in both stocks and bonds), a growth and income fund and a growth stock fund. All contributions to the Savings Plan are held by entities controlled by Vanguard. Participants in the Savings Plan may exercise voting rights over shares of Common Stock held in accounts established under the Savings Plan for their benefit.

V. *Employment Agreements.* Messrs. Van Wagenen, Brunner, Cooper, McCoy and Ulm have each entered into extension agreements to amended and restated employment agreements, effective August 1, 2005, with the Company. The extension agreements extend the expiration date of the previous employment agreements entered into by these executives from August 1, 2006 to August 1, 2007. The agreements provide for minimum annual salaries for Messrs. Van Wagenen, Brunner, Cooper, McCoy and Ulm of \$1,640,000, \$600,000, \$600,000, \$410,000 and \$365,000. The agreements also provide for continuation of coverage in the Company's employee benefit plans and programs during the agreement term. In addition, upon termination of employment by reason of death or disability, or, prior to a "change of control" of the Company, by the Company without cause or by the employee for good reason (as defined in the employment agreements), the employee is entitled to (i) compensation theretofore earned or owed, (ii) three years' salary and bonus, (iii) compensation for retirement benefits that would have been earned had the employee completed an additional three years of employment, (iv) coverage under the Company's compensation plans and practices for the remaining term of the employment agreement and (v) payments to compensate the employee for the imposition of certain excise taxes imposed under the Code on payments made to such employee in connection with a change in control of the Company. The same benefits are also payable under employment agreements entered into with Messrs. Brunner, Cooper, McCoy and Ulm if their employment is terminated at any other time by the Company without cause, by the employee for good reason or within six months after a "change of control" of the Company. Mr. Van Wagenen's employment agreement separately provides that if, following a "change of control," his employment is terminated by the Company without cause, or by him for good reason or within a thirty-day period commencing one year after the "change of control," he shall be entitled to (i) compensation theretofore earned or owed, (ii) five years' salary and bonus, (iii) compensation for retirement benefits

that would have been earned had he remained employed for an additional five years, (iv) coverage under the Company's compensation plans and practices for the remaining term of the employment agreement, (v) a lump sum payment equal to four times the fair market value on the grant date of Mr. Van Wagenen's most recent equity award (or most recent award prior to the change of control, if higher) based on the market price of the underlying common stock, and (vi) payments to compensate Mr. Van Wagenen for the imposition of certain excise taxes imposed under the Code on payments made to him in connection with a "change of control" of the Company. In addition, Mr. Van Wagenen's employment agreement further provides for the supplement to Mr. Van Wagenen's (and his spouse's) benefits under the Retirement Plan described above under "Retirement Plan." Mr. Van Wagenen is also given the option of requiring payment of these amounts in a lump sum, similar to the way lump sum payments are made under the Retirement Plan. "Change of control," as defined in the employment agreements, includes certain events constituting a change in the control or management of the Company (whether by merger, consolidation, acquisition of assets or stock or otherwise).

The Company also has a supplemental disability plan under which amounts may be payable to officers of the Company from time to time in the future. Supplemental disability amounts are in addition to existing programs and are designed to bring total monthly disability benefits to a level equal to 60% of monthly salary at the time of disability. The participants in such plan include the named executive officers, among others.

VI. *Compensation of Directors.* Each director, other than those who are regularly employed officers of the Company, receives an annual director's fee of \$55,000. In addition, each director, other than those who are regularly employed officers of the Company, receives a fee of \$2,000 for each meeting of the Board of Directors (including meetings of the Executive Committee, which acts for the Board of Directors) actually attended. The members of the Audit Committee receive a fee of \$2,000 for each meeting actually attended and the members of the Compensation, Nominating and Corporate Governance and Management Committees receive \$1,000 for each meeting actually attended. A director that is not a regularly employed officer of the Company, that serves as the chairman of a standing committee also receives an annual retainer of \$1,000 for his or her service in such capacity. The Company also reimburses directors for reasonable travel and related expenses incurred in attending meetings of the Board of Directors or its committees.

The 2004 Incentive Plan provides for the grant of stock awards to nonemployee directors as approved from time to time by the Compensation Committee, provided that no nonemployee director may be granted stock awards covering or relating to more than 2,500 shares of Common Stock per year. It is expected that future equity compensation granted to nonemployee directors will be made in the form of stock awards under this plan, in lieu of options under the Company's other incentive plans. On June 1, 2005, each non-employee director, other than Mr. Groat, also received 1,500 restricted shares of Common Stock and a cash award equal to 1,500 shares of Common Stock valued at the average of high and low trades as reported on The New York Stock Exchange Composite Transactions Reporting System on June 1, 2005 (\$49.79).

VII. *Report of the Compensation Committee on Executive Compensation.* The Compensation Committee of the Board of Directors has furnished the following report on executive compensation:

The Compensation Committee of the Board of Directors (referred to hereafter as the "Committee") periodically reviews the compensation of the Company's executive officers, including the chief executive officer, and all other employees, and customarily meets in July of each year to do so. In July 2005, the Committee reviewed (i) personnel evaluations of the Company's key employees; (ii) compensation guidelines and comparisons with industry peer group companies (the "Peer Group") prepared by an independent compensation consultant; (iii) information regarding the Company's results in meeting its principal business objectives; and

Edgar Filing: POGO PRODUCING CO - Form DEF 14A

(iv) the recommendations of management. The Committee also considers internal pay equity among executive officers and employees generally.

In setting the compensation of the Company's chief executive officer and, to a lesser extent, the compensation of the Company's executive officers and other personnel, the Committee has adopted a definitive compensation policy to foster the improvement of the Company's value to its shareholders. The Committee recognizes that the Company's value is, in part, reflected by the market value of the Company's common equity on the national exchanges on which it is traded. The Committee believes that there are even more important measures of employee and executive performance than the trading price of the Company's common stock, notably including the results relative to the four publicly enunciated corporate objectives, to-wit: (i) increasing hydrocarbon producing levels, typically leading to higher revenues, cash flows and earnings; (ii) growing the proven oil and natural gas reserves asset base; (iii) maintaining appropriate levels of debt and interest expense and controlling overhead and operating costs consistent with the Company's activity levels; and (iv) expanding exploration and production activities within the areas of the Company's current operations, as well as other geographic areas that are consistent with the Company's expertise.

The Committee determined that the stated objectives were largely met during 2004, the last completed fiscal year preceding the year in which the Committee made its determination. With respect to increasing hydrocarbon production levels (Goal No. 1), the Company's 2004 total equivalent natural gas production levels were 324 million cubic feet per day (mmcf/d) up from 297 mmcf/d in 2003. Liquid hydrocarbon production, negatively impacted by unavoidable Gulf of Mexico hurricanes and planned Thailand shut-ins for facilities upgrades, fell to 51,357 barrels per day from 66,230 barrels per day in 2003.

Goal No. 2, growing the proven oil and gas reserves asset base, is measured by use of estimates formulated by the independent engineering firms employed by the Company for that purpose. Those reserves reached a 35-year (all-time) high at year-end 2004 of 1,778 billion cubic feet equivalent (Bcfe) of oil and natural gas, up from 1,702 Bcfe at year-end 2003. The Company replaced (by drilling or acquisition) approximately 133% of all the reserves produced during 2004, and has more than replaced its production during each of the 13 years preceding the year in which the Committee made its determination, 1992 through 2004.

Goal No. 3, maintaining appropriate levels of debt and interest expense for a very active and rapidly growing company, and controlling overhead and operating costs consistent with the Company's activity levels, is best demonstrated by the Company's debt coverage ratios. For example, year-end 2004 net debt was approximately 24% of the Company's capitalization, a very favorable ratio.

Goal No. 4, expansion within current areas of operation and into geographic areas that are consistent with the Company's expertise, is best demonstrated by the Company's increased 2004 activity levels, as well as its acquisitions of additional properties in the panhandle areas of Texas and the Permian and San Juan Basins of New Mexico.

The Committee reviewed and approved all forms of compensation granted to all Company employees, including salary levels and, where appropriate, cash and/or stock bonuses, restricted stock grants and other grants. The determinations were made after carefully considering recommendations, reviews, goal accomplishments and peer comparisons. In addition, the Committee considered advice of legal counsel, as well as the individual views of Committee members.

The Peer Group was selected after an examination of companies in the Company's industry with similar property holdings in similar geographic areas, foreign as well as domestic. From that

group, with the help of outside independent consultants practicing in the field of public company executive compensation, 10 peer companies having a statistically similar range of market capitalization and gross revenue were chosen and analyzed. Based upon information provided by the Company's independent consultants, the Company's officers were near the middle of the range of base salary and short-term bonus provided to executive officers of Peer Group comparators and, in the case of long-term compensation including restricted (delayed-vesting) stock and bonuses, in the lower half of similar compensation provided to executive officers of the Peer Group comparators.

The Committee believes, and the executive compensation arrangements so reflect, that a blend of current cash compensation, fringe benefits and long-term incentive compensation is appropriate.

All executive officers (including the chief executive officer) were awarded cash bonuses in August 2005, of which one-third was paid immediately. A second one-third of any such bonus award will vest in August 2006 and the final one-third will similarly vest in August 2007, each portion being contingent upon continued employment of the recipient through those dates. As noted previously, bonuses for the chief executive officer and the other executive officers were paid in cash. Long-term incentive grants to some executives, including, but not limited to, the chief executive officer and the other executive officers, were made in the form of restricted stock, which will vest in equal 25% increments annually in August of 2006 through 2009. In all cases, vesting is contingent upon continued employment of recipient through those vesting dates.

The actions of the Committee were based upon the foregoing determinations, and upon an analysis of two William M. Mercer, Inc. surveys, commissioned by the Company, contrasting comparable and competitive compensation levels for both executive officers and other employees. The Committee does not assign weights to particular factors, and determinations by the Committee of the exact levels of compensation, including salary, bonus, fringe benefits and long-term incentives, for all employees, including the chief executive officer, are based on all factors taken as a whole, but are ultimately subjective.

Executives, including the chief executive officer and other named executive officers, like all employees, participate in a tax-qualified retirement plan and a tax-qualified savings plan maintained by the Company, as well as in certain welfare benefit programs elsewhere described, which arrangements in the aggregate are substantially similar to those provided by the Peer Group comparators.

In addition to its annual July meeting, the Committee also customarily meets in January, April and October of each year. In January 2005, the Committee agreed to extend the Company's executive employment contracts to August 1, 2006. At that time, minimum salaries were established in each contract that equaled the salary currently being received by such executive, as established in the annual salary review conducted six months earlier. In August 2005, the Committee agreed to further extend the Company's executive employment contracts to August 1, 2007. Eleven executives of the Company, including the named executive officers, presently have such employment contracts. The Committee believes that the employment contracts are necessary to secure for the benefit of the Company the services of the individuals offered the contracts on the terms and conditions therein stated, and to provide management stability in the event of significant corporate control events, such as a tender offer, significant change in stock ownership or a proxy contest.

Under Section 162(m) of the tax code, certain deductions otherwise available to the Company by reason of its incurrence of executive compensation expenses might not be deductible if the aggregate of such amounts otherwise deductible in a single year by the Company with respect to an executive officer exceeds \$1,000,000. In structuring and awarding executive compensation, the

Committee considers the provisions of 162(m), which can limit the Company's income tax deduction, and the Committee attempts, where in the best interest of the Company, to take advantage of exemptions under 162(m) in order that such compensation be deductible. The Committee has and is likely to continue to award compensation that is not so deductible in order to achieve what it considers the appropriate compensation structure and level for the Company's executive officers.
