RECORD DATE

The Board of Directors of the Company (the "Board") has fixed the close of business on March 29, 2010 as the Record Date for the 2010 Annual Meeting (the "Record Date"). Only stockholders of record at the Record Date are entitled to notice of and to vote at the Annual Meeting and any postponements or adjournments thereof, in person or by proxy. At the Record Date, there were 173,318,632 shares of Common Stock outstanding.

PROXIES

The proxy accompanying this Proxy Statement is solicited on behalf of the Board for use at the Annual Meeting and any postponements or adjournments thereof. Each holder of Common Stock is entitled to one vote for each share of Common Stock held at the Record Date. The holders in person or by proxy of a majority of the shares of Common Stock entitled to be voted at the Annual Meeting shall constitute a quorum.

Any proxy delivered pursuant to this solicitation is revocable at the option of the person(s) executing the same upon receipt by the Company, prior to the time the proxy is voted, of a duly executed instrument revoking it, or of a duly executed proxy bearing a later date, or in the case of death or incapacity of the person(s) executing the same, of written notice thereof, or by such person(s) voting in person at the Annual Meeting. An affirmative vote of a majority of the shares of Common Stock, present in person or represented by proxy at the Annual Meeting, is required for approval of all items submitted to stockholders for their consideration. Effective January 1, 2010, your broker is no longer permitted to vote on your behalf on the election of directors unless you provide specific instructions. **For your vote to be counted, you now will need to communicate your voting decisions to your broker, bank or other financial institution before the date of the Annual Meeting.**

The inspectors of election appointed for the Annual Meeting with the assistance of the Company's transfer agent, Computershare Trust Company, N.A., will tabulate the votes. Broker non-votes will be treated as votes cast for purposes of a quorum, but will not be counted as either voting for or against any proposal. Abstentions will be included in tabulations of the votes cast on proposals presented in the same manner as votes cast against such proposals.

Proxies may be solicited personally, by mail, e-mail, telephone or other means of communication by the Company's directors, officers and regular employees who are not specifically employed for proxy solicitation purposes and who will not receive any additional compensation. As presiding director, Mr. Lietz has the authority to call, schedule and chair executive sessions of the independent directors. After each executive session the presiding director communicates with the Chairman of the Board and/or the Chief Executive Officer, to provide feedback and to effectuate the decisions and recommendations of the independent directors.

The Board of Directors has determined that its current leadership structure, including an independent presiding director, a Chairman of the Board who is an inside director and a Chief Executive Officer who is also an inside director is appropriate at the present time and allows the Board to fulfill its duties effectively and efficiently based on the Company's current needs. Historically, the Company's Board of Directors has relied on an independent presiding director and a Chief Executive Officer who was also served as Chairman of the Board. However, with the transition to a new Chief Executive Officer in 2009, the Company's Board of Directors determined that it was appropriate at this time to separate the role of Chief Executive Officer and Chairman of the Board. This structure allows an independent presiding director to ensure that the Board is able to operate independently of management, while continuing to draw upon the skills and 37 years of Company experience of a Chairman who continues to provide strategic oversight and broad direction while permitting the Company's new Chief Executive Officer to manage the ongoing business operations and finances of the Company, including an array of strategic, short term and long term initiatives.

The Board has five standing committees: the Audit Committee, the Compensation Committee, the Executive Committee, the Pension Committee and the Nominating/Corporate Governance Committee. The Board has determined that all the members of all of its committees are independent and satisfy the

relevant SEC and the New York Stock Exchange independence requirements for the members of such Committees

Audit Committee. The Audit Committee's principal oversight duties include (1) review reports on the evaluation of the Company's internal controls for financial reporting and the Company's annual audited and quarterly unaudited financial statements and related disclosures under "Management's Discussion and Analysis of Financial Condition and Results of Operations"; (2) review the Company's earnings releases; (3) the selection of independent auditors and the approval of all audit engagement fees and terms; (4) review the qualifications, performance and independence of the Company's independent auditors; (5) review and approve the scope of the annual audit of the Company's financial statements; (6) review the Company's internal system of audit and financial controls, the results of internal audits and the procedures for maintaining internal controls; (7) review the quality and integrity of the Company's financial reporting process and the selection of the Company's accounting principles; (8) review critical accounting principles and practices and applicable legal and regulatory matters and their effect on the financial statements of the Company; (9) review audit issues identified by the Company's internal audit function or the Company's independent auditors and the Company's responses thereto; (10) review accounting adjustments noted or proposed by the Company's independent auditors, reports on the Company's internal controls, and material written communications with the independent auditors; (11) review and discuss the Company's guidelines and policies for risk assessment and management; (12) establish hiring policies for employees of the Company's independent auditors; and (13) establish, monitor and maintain procedures for the receipt, retention and treatment of complaints. See also "Report of the Audit Committee" on page 18. The members of the Audit Committee are Ronald P. Badie, Stanley L. Clark, Edward G. Jepsen and Dean H. Secord each of whom is an independent director as defined under the NYSE Listing Standards. Mr. Jepsen was appointed to the Audit Committee in January 2010. The Board of Directors has determined that each of the four current members of the Committee are financially literate and that Messrs. Jepsen and Secord have been determined to be audit committee financial experts as defined by the applicable rules of the SEC and the NYSE Listing Standards. Effective April 1, 2010, Mr. Secord resigned as Chairman of the Audit Committee and Mr. Jepsen was appointed Chairman of the Audit Committee. Mr. Secord continues to serve as a member of the Audit Committee.

Compensation Committee. The Compensation Committee establishes the principles related to the compensation programs of the Company. It approves compensation guidelines, reviews the role and performance of executive officers and key management employees of the Company and its subsidiaries, approves the base compensation, incentive plan target and award and the allocation of stock option awards, if any, for the Chief Executive Officer and Executive Chairman, and reviews and approves the recommendations of the Chief Executive Officer and Executive Chairman for base compensation and adjustments in base compensation, incentive plan targets and allocations and stock option awards, if any, for the other executive officers and key management employees of the Company and its subsidiaries. See also the "Compensation Discussion and Analysis" on page 21 and the "Compensation Committee Report" on page 29. The members of the Compensation Committee are Edward G. Jepsen, Andrew E. Lietz and John R. Lord (Chairman).

Executive Committee. The Executive Committee is empowered to exercise the powers and authority of the full Board in the management of the business and affairs of the Company, subject at all times to the supervision and control of the full Board. The Board has granted the Executive Committee the broadest authority permitted by the General Corporation Law of the State of Delaware. The Executive Committee meets as necessary and all actions of the Committee are presented for ratification and approval of the full Board, as necessary and appropriate, at the next regular scheduled quarterly meeting of the Board. The members of the Executive Committee are Ronald P. Badie (Chairman), Andrew E. Lietz and John R. Lord.

Pension Committee. The Pension Committee administers the Company's pension plan and consults with the Chief Financial Officer and the Treasurer of the Company at least annually and with the actuarial consultants and other advisors and the trustee and investment managers of the assets of the Company's pension plans as it deems necessary and appropriate. The Pension Committee reviews the liabilities, assets and investments of the Company's pension plan either as a Committee or as part of a full Board meeting at least semi-annually. The members of the Pension Committee are Ronald P. Badie, Stanley L. Clark (Chairman) and Edward G. Jepsen.

Nominating/Corporate Governance Committee. The Nominating/Corporate Governance Committee's principal duties include (1) assisting the Board in identifying appropriate individuals qualified to serve as directors of the Company and evaluating the qualifications of such individuals; (2) selecting, or recommending that the Board select, the candidates for all directorships to be filled by the Board or by the stockholders; (3) developing and recommending to the Board a set of corporate governance guidelines applicable to the Company; and (4) overseeing and discussing, as necessary and appropriate, a plan for the continuity and development of senior management of the Company. The Nominating/Corporate Governance Committee also oversees the annual evaluation of and the compensation of the Board. As part of its responsibilities relating to the recruitment of new qualified directors, the Nominating/Corporate Governance Committee also reviews and makes recommendations to the Company and to the full Board regarding director compensation from time to time. The members of the Nominating/Corporate Governance Committee are Stanley L. Clark, Andrew E. Lietz (Chairman) and John R. Lord.

The Nominating/Corporate Governance Committee will consider candidates for Board membership suggested by its members and other Board members, as well as by management and stockholders. A stockholder may recommend any person for consideration as a nominee for director by writing to the Nominating/Corporate Governance Committee of the Board of Directors, c/o Secretary, Amphenol Corporation, 358 Hall Avenue, P.O. Box 5030, Wallingford, CT 06492-7530. Recommendations must be received by December 30, 2010 to be considered for the 2011 Annual Meeting of Stockholders, and must comply with the requirements in the Company's by-laws. Recommendations must include the name and address of the stockholder making the recommendation, a representation that the stockholder is a holder of record of Common Stock, biographical information about the individual recommended and any other information the stockholder believes would be helpful to the Nominating/Corporate Governance Committee in evaluating the individual being recommended by the stockholder.

Once the Nominating/Corporate Governance Committee has identified a candidate, the Committee will evaluate the candidate based upon the following principles:

character, judgment, personal and professional ethics, integrity and values;

business, financial and/or other applicable experience;

familiarity with national and international issues affecting the Company's business;

depth of experience, skills and knowledge complementary to the Board and the Company's business; and

willingness to devote sufficient time to carry out the duties and responsibilities of a director of the Company effectively.

The Board believes that an important component of the Board is diversity including educational and business background, skills, experience, expertise, gender, race and culture. The full Board meets at least annually with the Nominating/Corporate Governance Committee to review and discuss the Nominating/Corporate Governance Committee's self-evaluation including its performance as measured against the Charter of the Nominating/Corporate Governance Committee and the continuing effectiveness of its

Table of Contents

Charter as well as the corporate governance guidelines that it is responsible for developing and recommending to the Board.

The Nominating/Corporate Governance Committee will also consider such other relevant factors as it deems appropriate. The Committee will make a recommendation to the full Board as to any persons it believes should be nominated by the Board, and the Board will determine the nominees after considering the recommendation and report of the Committee. The procedures for considering candidates recommended by a stockholder for Board membership will be no different than the procedures for candidates recommended by members of the Nominating/Corporate Governance Committee, other members of the Board or management.

Meetings of the Board

During 2009 there were five formal meetings of the Board and five actions taken by unanimous written consent of the Board, six formal meetings and one action by unanimous written consent of the Audit Committee, two formal meetings and one action by unanimous written consent of the Compensation Committee and one formal meeting, and two actions by unanimous written consent of the Pension Committee. The Executive Committee met informally from time to time in person and via telephone conference calls to discuss several potential capital markets and acquisition transactions and acted on three matters including a number of general administrative matters by unanimous written consent. The Nominating/Corporate Governance Committee had two formal meetings in conjunction with Board meetings and its individual members met informally in person and via telephone conference calls from time to time to discuss, among other things, additions to and potential vacancies on the Board and/or Committees of the Board, nominee directors for election, various executive officer appointments, normal and unanticipated succession planning and to perform its annual self evaluation and two actions by unanimous written consent. Actions taken by unanimous written consent by the Board or by a Committee of the Board are typically preceded by telephone calls during which the subject matter of the proposed consent are reviewed and discussed. All directors participated in all meetings of the Board and the Committees on which they served in 2009. Many directors also attended many meetings of committees on which they did not serve in 2009 as invited guests.

Non-management directors of the Company meet informally in executive sessions as necessary and following the conclusion of each Board Meeting and each Committee Meeting. Such private meetings are presided over by the presiding director or by the Chairman of the Committee or by the non-management director who requests the opportunity to meet in executive session.

Risk Oversight

The Board is actively involved in overseeing risk management for the Company. This oversight is conducted primarily through committees of the Board. The Board receives reports from each committee chair regarding the committee's risk management considerations and actions as necessary.

The Audit Committee reviews the Company's portfolio of risk with management and the Company's independent accountants, discusses with management significant financial risks, the Company's policies with respect to risk assessment and risk management and the actions management has taken to limit, monitor or control financial and enterprise risk exposure. The Audit Committee also reviews the Company's internal system of audit and financial controls and the procedures for maintaining internal controls with management and the Company's independent accountants.

The Compensation Committee oversees risk management as it relates to compensation plans, policies and practices in connection with structuring the Company's executive compensation programs and incentive compensation programs for other employees. The Compensation Committee has reviewed with management whether our compensation programs create incentives for our employees that may cause such

Table of Contents

employees to take excessive or inappropriate risks which could have a material adverse effect on the Company.

The Nominating and Corporate Governance Committee has adopted a corporate governance framework for the oversight of enterprise risk. The Nominating and Corporate Governance Committee works with management to identify and evaluate enterprise risks, and also to develop risk avoidance, mitigation and response strategies.

The Pension Committee oversees risk management as it relates to the Company's U.S. pension plan described on page 36. The Pension Committee reviews with management the forecasted liabilities of the plan, the actuarial assumptions used in determining those liabilities, the investments funding those anticipated obligations, the periodic performance of those investments and, as necessary, reviews and revises the general investment policies governing the investment of the assets of such pension plan.

- (1) The dollar value of Option Awards in this column reflects the aggregate grant date fair value computed in accordance with FASB Accounting Standards Codification Topic 718 ("ASC Topic 718"). Assumptions used in the calculation of these amounts are included in Note 6 Shareholders' Equity; Stock Options to the Company's consolidated financial statements for the fiscal year ended December 31, 2009 included in the Company's Annual Report on Form 10-K filed with the SEC, except that rules of the SEC require that the amounts shown in this table and its footnotes exclude the impact of assumed forfeitures, if any, related to service based vesting conditions. These amounts do not correspond to the actual value that may be recognized by the directors upon the actual exercise of such option awards.
- (2) The Director's Deferred Compensation Plan allows each non-employee director to elect to defer payment of their fees to a future date with the ultimate payment in cash or Common Stock subject to the prior election of each director. Initially, Messrs. Badie, Clark, Lietz and Secord had elected deferral of fees and the payment of fees in Common Stock. Commencing with the fourth quarter 2008, Mr. Secord elected to receive his quarterly director's fees in cash in lieu of shares as earned. Commencing with the fourth quarter 2009, each of Messrs. Badie, Clark and Lietz elected to receive his quarterly director's fees in cash in lieu of shares as earned. Messrs. Jepsen and Lord have elected to receive their director fees in cash as earned.

The aggregate grant date fair value of the 10,000 options granted to each of Messrs. Badie, Clark, Jepsen, Lietz, Lord and Secord on May 21, 2009, computed in accordance with ASC Topic 718, is \$115,000. As of December 31, 2009, (i) each of Messrs. Badie, Lietz, Lord and Secord had an aggregate of 54,000 option awards outstanding with exercise prices ranging from \$14.84 to \$45.95 of which 33,999 options were vested and 20,001 options were unvested, (ii) Mr. Clark had an aggregate of 54,000 option awards outstanding with exercise prices ranging from \$19.235 to \$45.95 of which 33,999 options were vested and 20,001 options were unvested, and (iii) Mr. Jepsen had an aggregate of 30,000 option awards outstanding with exercise prices ranging from \$32.01 to \$45.95 of which 9,999 options were vested and 20,001 options were unvested.

In 2009, Mr. Loeffler served the Company as Executive Chairman, an executive officer position. However, he was not a named executive officer (as defined on page 21), and therefore his compensation information is not included in the Summary Compensation Table on page 30. As Mr. Loeffler was an employee director in 2009, he did not receive any

Table of Contents

retainer fee as a director and he did not receive any stock options pursuant to the Directors' Stock Option Plan. He also did not receive any stock options as an employee in 2009 pursuant to the 2009 Option Plan. As of December 31, 2009, Mr. Loeffler had an aggregate of 1,560,000 option awards outstanding with exercise prices ranging from \$15.075 to \$34.55 of which 1,104,000 options were vested and 456,000 options were unvested.

- (5) The Company does not have a non-equity incentive plan compensation program applicable to its non-employee directors. As Executive Chairman, an executive officer position, Mr. Loeffler was eligible to participate in the 2009 Management Incentive Plan described on page 23. No incentive plan payment pursuant to the 2009 Management Incentive Plan was made to Mr. Loeffler or to any other executive officer of the Company. Consistent with the methodology for calculating incentive plan payments described in "Performance Based Incentive Plans" on page 23, as the Company failed to achieve year-over-year growth in EPS, the threshold performance requirement for consideration of any incentive plan payment, no payment was made. Mr. Loeffler is not a participant in the 2010 Management Incentive Plan described on page 23 or any other incentive plan.
- (6) The Company does not have a pension plan program applicable to its non-employee directors. As Executive Chairman, an executive officer position, Mr. Loeffler continued to participate in the pension plan described beginning on page 36. The increase in pension value in 2009 for Mr. Loeffler was \$655,900.
- (7) The Company does not have any other compensation programs for its non-employee directors. In 2009, as Executive Chairman, an executive officer position, Mr. Loeffler continued to participate in the same compensation programs he participated in prior to his transition from Chief Executive Officer to Executive Chairman, albeit at reduced levels to reflect the transitioning of certain responsibilities to Mr. Norwitt as the new Chief Executive Officer. Mr. Loeffler's base salary in 2009 was \$800,000. As of January 1, 2010, his base salary was decreased by 25% from \$800,000 to \$600,000. In 2009, Mr. Loeffler was provided with car and driver services. The Company incurred expenses associated with this car and driver were \$11,030. The imputed value of compensation for Group Term Life Insurance provided to Mr. Loeffler in 2009 in excess of \$50,000, net of employee payments, was \$23,622. The Company continues to provide Mr. Loeffler with car and driver services and to contribute to his Group Term Life Insurance in 2010.

The Board is currently comprised of eight directors. Two are inside directors who are employees and executive officers of the Company, Messrs. Loeffler and Norwitt. Six are non-employee, independent directors, Messrs. Badie, Clark, Jepsen, Lietz, Lord and Secord. Messrs. Loeffler and Norwitt are eligible to participate in the Company's core compensation programs applicable to executive officers and key management employees described in more detail in the "Compensation Discussion and Analysis" on page 21. Mr. Loeffler is not participating in the 2010 Management Incentive Plan or any other incentive plan. Mr. Loeffler's compensation is described in more detail in the table and footnotes above. Mr. Norwitt's compensation is described in more detail in the "Summary Compensation Table" on page 30 and in the section "Compensation of Named Executive Officers" on page 25. The compensation arrangements for the non-employee directors follow.

Effective with the July 1, 2009 quarterly payment, the retainer fee to non-employee directors was increased to \$55,000 per year. Prior thereto, the fee was \$45,000 per year. In addition, the Audit Committee Chairman receives an additional \$10,000 per year and the chairpersons of the other Committees of the Board receive an additional \$6,000 per year.

In 1997, the Company adopted the Directors' Deferred Compensation Plan. The Directors' Deferred Compensation Plan allows each director to elect to defer payment of their fees to a future date with the ultimate payment in cash or Common Stock subject to the prior election of each director. Messrs. Badie, Clark, Lietz and Secord initially elected deferral of fees and the payment of fees in Common Stock. Commencing with the fourth quarter 2008, Mr. Secord elected to receive his quarterly director's fees in cash as earned in lieu of shares. Commencing with the fourth quarter 2009, Messrs. Badie, Clark and Lietz elected to receive their quarterly director's fees in cash as earned in lieu of shares. As long as this election continues, the cumulative balance in the Directors' Deferred Compensation account for each of Messrs. Badie, Clark, Lietz and Secord will only increase by the number of shares credited for dividends. Mr. Lietz was appointed to the Board on January 24, 2001 and the cumulative balance in his Directors' Deferred Compensation account as of April 1, 2010, including credit for dividends, is 20,073 unit shares. Mr. Secord was appointed to the Board on March 28, 2002 and the cumulative balance in his Directors'

Table of Contents

Deferred Compensation account as of April 1, 2010, including credit for dividends, is 14,791 unit shares. Mr. Badie was appointed to the Board on July 21, 2004 and the cumulative balance in his Directors' Deferred Compensation account as of April 1, 2010, including credit for dividends, is 9,356 unit shares. Mr. Clark was appointed to the Board on January 27, 2005 and the cumulative balance in his Directors' Deferred Compensation account as of April 1, 2010, including credit for dividends, is 8,225 unit shares. None of the shares credited to any directors' account are currently issued or outstanding. Mr. Lord was appointed to the Board on March 10, 2004 and since his appointment he has elected to receive director fees in cash, as earned quarterly. He received cash fees of \$58,500 for services rendered as a member of the Board and as Chairman of the Compensation Committee during 2009. Mr. Jepsen was appointed to the Board on January 5, 2005 and retired as an employee of the Company on December 31, 2006. Since his appointment he has elected to receive director fees in cash as earned quarterly. He received cash fees \$52,500 for services rendered as a member of the Board during 2009.

During 2004, the Board authorized and the stockholders of the Company approved, the Directors' Stock Option Plan. From May 2004 through May 2006, each non-employee director received an annual award of 8,000 stock options at fair market value on the first business day following the day of each annual meeting of the stockholders of the Company since the Plan was approved. The options vest ratably over three years and there are no additional restrictions on transfer or sale. In May 2007, the stockholders of the Company approved an amendment to the Directors' Stock Option Plan which increased the options awarded to each non-employee director from 8,000 to 10,000 options per year commencing with the May 2007 award. Messrs. Badie, Clark, Jepsen, Lietz, Lord and Secord each received a grant of 10,000 stock options on May 21, 2009 with an exercise price of \$32.01.

The Nominating/Corporate Governance Committee of the Board will continue to monitor and make recommendations to the Company and to the Board regarding the annual retainer fee, committee fees and equity compensation elements of the directors' compensation program to ensure that total director compensation is fair and reasonable and competitive for the purpose of attracting and retaining qualified directors. The Board recognizes that the equity compensation element of the directors compensation program and the ability to defer payment of fees with the ultimate payment in Common Stock serves to align the interests of directors with stockholders.

Communications with the Board of Directors

Stockholders and other interested parties may communicate directly with the presiding director, the Chairman of the Nominating/Corporate Governance Committee, the non-employee directors or the Audit Committee in writing c/o Secretary, Amphenol Corporation, 358 Hall Avenue, P.O. Box 5030, Wallingford, CT 06492-7530. All communications will be promptly forwarded to the appropriate directors for their review, except that the Board has instructed the Secretary not to forward solicitations, bulk mail or communications that address improper or irrelevant topics or requests for general information.

Board Member Attendance at Annual Meeting of Stockholders

In each of the last ten years, there have been no controversial matters voted upon, more than 85% of outstanding shares of Common Stock have been voted by Proxy (with a substantial number of those shares voted by Proxy voted in accordance with the recommendations of the Board of Directors) and no more than five non-employee stockholders (representing only a nominal number of shares) have personally attended any of the Company's Annual Meetings of Stockholders. Accordingly, the Company does not require members of the Board to attend the Annual Meeting of Stockholders. The only Board members who attended the 2009 Annual Meeting of Stockholders were Mr. Loeffler, as Chairman of the Board and Executive Chairman, and Mr. Norwitt, as President and Chief Executive Officer.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee has undertaken a review of its Charter, practices and procedures in order to assure continuing compliance with the provisions of the Sarbanes-Oxley Act of 2002 and related regulatory requirements promulgated by the Securities and Exchange Commission and the NYSE. Following that review, the Audit Committee approved its Charter and its policies and practices with certain limited modifications. The Audit Committee Charter is attached as Annex A to this Proxy Statement and is also available on the Company's website at www.amphenol.com by clicking on "Investors", then "Governance" and then "Audit Committee Charter". In addition, a printed copy of the most current Audit Committee Charter will also be provided to any stockholder of the Company free of charge upon written request to the Secretary of the Company, 358 Hall Avenue, P.O. 2. The Audit Committee has discussed with Deloitte & Touche LLP those matters required to be discussed by professional auditing standards including, without limitation, those matters required to be discussed by Auditing Standards No. 61, as amended (AICPA, *Professional Standards*, Vol. 1. PRE-APPROVAL OF AUDITOR SERVICES

The Audit Committee has adopted and implemented approval policies and procedures related to the provision of permissible audit, tax and other non-audit services by the Company's independent accountants. Under these procedures, the Audit Committee must pre-approve the use of the independent accountants for specific types of services, including merger and acquisition due diligence and audit services, tax services, internal control reviews and reviews of employee benefit plans. Engagement for permitted services where the estimated cost of such services is not expected to exceed \$25,000 on a project-by-project basis are reported to the Audit Committee on no less frequently than a quarterly basis. Any permitted services by Deloitte where the estimated cost of such services is expected to exceed \$25,000 for any given engagement must be pre-approved by the Audit Committee to ensure compatibility with maintaining the accountants' independence. The Audit Committee has also reviewed and confirmed Company policies and procedures imposing restrictions on the hiring of certain individuals employed by or formerly employed by the Company's independent accountants including any employee or former employee of the Company's independent accountants who currently has or who has previously had any responsibility for the performance of any audit work for the Company or any involvement with the certification of the Company's financial statements.

PROPOSAL 2. RATIFICATION OF INDEPENDENT ACCOUNTANTS

The Audit Committee of the Board of Directors has considered the performance and qualifications of Deloitte & Touche LLP and has selected Deloitte & Touche LLP to act as independent accountants to examine the financial statements of the Company for the current fiscal year. Deloitte & Touche LLP has acted as independent accountants for the Company since 1997, and management believes it desirable and in the best interests of the Company to continue the employment of that firm. COMPENSATION DISCUSSION & ANALYSIS

Overview of Compensation. The Compensation Committee of the Board (referred to in this Compensation Discussion & Analysis as the "Committee") has responsibility for establishing, implementing and continually monitoring adherence with the Company's compensation philosophy and guidelines. A primary goal of the compensation philosophy and these guidelines is to align the interests of management with the stockholders to drive stockholder value. In allocating the Company's resources towards compensation, the Committee strives to ensure that the total compensation paid to executive officers and key management employees is judicious and reasonable, while, at the same time, capable of attracting, retaining and motivating the executive officers and key management employees of the Company and its subsidiaries. The Company's core management compensation programs include base salary, an annual performance based incentive plan payment opportunity, annual stock option awards, insurance benefits and retirement benefits.

Throughout this 2010 Proxy Statement, the individuals who served as the Company's Chief Executive Officer and as the Company's Chief Financial Officer during the 2009 fiscal year, as well as the three other individuals included in the Summary Compensation Table on page 30 are referred to as the "named executive officers". References to "executive officers and key management employees" in this Proxy Statement relate to the approximately 300 management personnel of the Company and its subsidiaries who currently participate in the Company's core management compensation programs.

The Compensation Committee. The Committee is currently composed of three directors, none of whom are officers or employees of the Company or its subsidiaries. The activities and actions of the Committee are subject to the review of the full Board. All actions of the Committee are reported no later than the next subsequent meeting of the full Board following any Committee action.

The Committee has responsibility, from time to time, but at least annually, to:

Review and approve the overall compensation philosophy and guidelines for all executive officers and key management employees of the Company and its subsidiaries.

Review and approve the goals and the performance of the Company's Chief Executive Officer and Executive Chairman and approve, as deemed necessary and appropriate, any changes in the level for each of base salary and performance based incentive plan target. Also approve any performance based incentive plan payments and/or option awards to the Company's Chief Executive Officer and Executive Chairman.

Review and approve recommendations from the Company's Chief Executive Officer and Executive Chairman related to the performance based incentive plan pool, performance based incentive plan allocations, the stock option pool, stock option awards and other related matters for all other executive officers and key management employees and any prospective senior management employees of the Company and its subsidiaries.

Approve specific adjustments to individual compensation for all other executive officers and key management employees and any prospective senior management employees of the Company and its subsidiaries whose proposed annual base salary exceeds \$200,000 or the U.S. dollar equivalent of such amount.

Review and recommend changes, as necessary and appropriate, to the Company's incentive plans as described beginning on page 23 and stock option plans as described beginning on page 24.

Role of Executive Officers in Compensation Decisions. In establishing, reviewing and assessing the appropriateness of compensation levels and adjustments in compensation levels for the executive officers and key management employees and prospective senior management employees, the Committee considers the recommendations of certain executive officers of the Company. Two executive officers, Mr. Norwitt and Mr. Loeffler, are particularly involved. Mr. Norwitt has been the Company's President and Chief Executive Officer since January 2009 and he was President and Chief Operating Officer prior thereto. Mr. Loeffler was the Company's Chief Executive Officer from 1996 to December 2008 and currently serves

Table of Contents

as the Company's Executive Chairman. Messrs. Norwitt and Loeffler review the performance and compensation of the executive officers and key management employees at least annually and any prospective senior management employees as necessary. They also review certain other peer company performance and compensation data compiled by the Company's legal, accounting and human resources departments. The conclusions reached and recommendations of certain executive officers, including Messrs. Norwitt and Loeffler, regarding any salary adjustments, annual performance based incentive plan payments and annual option award amounts based on individual and operating unit performance as well as reviews of peer company performance and compensation, are presented to the Committee. The Committee exercises its discretion in approving or modifying any compensation recommendations for any executive officer or key management employee or any prospective senior management employee. Neither Mr. Norwitt nor Mr. Loeffler participate in the final determination of their own or the other's compensation.

Neither Mr. Norwitt nor Mr. Loeffler vote on any compensation matters considered by the Committee. However, both are available to the Committee as an additional resource to discuss individual, operating unit and peer performance and compensation matters. The Committee also meets and discusses compensation matters without Company personnel present.

Philosophy and Objectives of Compensation Program. The Committee continues to strive to develop, refine and implement a complete and straightforward compensation program that will serve to attract, retain and motivate the executive officers and key management employees, and that remains competitive relative to the compensation paid to similarly situated senior management employees of certain peer companies with comparable performance. The program is designed to promote decision making geared to increasing stockholder value by rewarding executive officers and key management employees who contribute to stockholder value. The Committee believes that to further these objectives, executive compensation packages should include both cash and equity-based compensation as well as reasonable benefits.

Elements of Compensation Program. The Committee endeavors to provide an appropriate mix of different elements of compensation, including finding a balance among (i) fixed versus at-risk compensation, (ii) current versus long-term compensation, (iii) cash versus equity-based compensation and (iv) basic benefits. Cash payments primarily reward recent performance and equity-based awards encourage key management employees, including the named executive officers, to continue to deliver results over a longer period of time and serve as a retention tool. The Committee generally strives to provide equity-based compensation at a level that will cause focus on long-term performance of the Company. The compensation program for all executive officers and key management employees, including the named executive officers, includes the following elements:

base salary

performance based incentive plans

stock option plans

insurance benefits

retirement benefits

Base Salary. The Company establishes base salary to provide fixed income near the median level for executives of certain peer companies with similar responsibilities. Several elements are considered in setting base salary, including the size, scope and complexity of the executive officer's or key management employee's responsibilities. Position and economic and market conditions are also considered. Base salary must be reasonable, fair and competitive. The Committee also considers the historical, current and forecasted performance of the Company and individual operating units and groups, and the contributions or expected contributions of each executive officer or key management employee to those results when considering proposed adjustments to base salary. Salary levels for all executive officers and key management employees are reviewed and typically adjusted at least annually. Salary levels are also

Table of Contents

typically reviewed and adjusted in connection with a change in job responsibilities with the support of senior management of the Company. In December 2008, salary levels for all executive officers and key management employees were reviewed in connection with the annual review process, and preliminary adjustments to base salary were proposed and discussed. At that time the Committee decided, with the support of senior management of the Company, that in view of the worldwide financial crisis it would be appropriate, with certain limited exceptions, to defer to a later date the proposed increases in the annual base salaries of all employees of the Company, including executive officers and key management employees. Accordingly, proposed increases in base salary for all named executive officers were deferred. As the Company experienced a recovery in its business during the second quarter of 2009, the Committee reassessed the deferral of increases in the third quarter of 2009. The Committee confirmed the previously deferred increases in salary which were implemented effective August 2009 with certain exceptions. As part of the annual review process, limited increases in salary levels were also approved and implemented effective January 2010.

Performance Based Incentive Plans. Executive officers and key management employees, including the named executive officers (with the exception of key sales and marketing employees who typically have their own sales incentive or commission plans and from time-to-time certain key employees of newly acquired companies who had or have their own incentive plans), were eligible to receive payments pursuant to The 2009 Management Incentive Plan (the "2009 Management Incentive Plan"). The 2009 Management Incentive Plan is an executive bonus plan that falls within the parameters of The 2009 Amphenol Executive Incentive Plan (the "2009 Executive Incentive Plan") approved by the stockholders at the 2009 Annual Meeting of Stockholders. The Committee has reviewed and approved the 2010 Management Incentive Plan (the "2010 Management Incentive Plan") with terms that are substantially the same as the 2009 Management Incentive Plan. The 2010 Management Incentive Plan is an executive bonus plan that falls within the parameters of the 2009 Executive Incentive Plan. The 2010 Management Incentive Plan, the 2009 Management Incentive Plan, and the 2009 Executive Incentive Plan, are collectively hereinafter referred to as the "incentive plan". Target payments under the incentive plan when added to fixed base salary are intended to generate total annual cash compensation for participating Company employees that is reasonable, fair and competitive with annual cash compensation paid to similarly situated employees in comparable positions with comparable performance.

The incentive plan provides participants with a cash bonus opportunity if certain individual, operating unit and/or Company goals are achieved. An "*operating unit*" in the discussion below refers to the group or business unit to which the employee has management responsibility or is assigned. The incentive plan is intended to reward participants upon the achievement of those goals for their operating unit, with discretion for qualitative individual, operating unit and Company performance factors. No annual incentive payments will be made if threshold performance levels are not achieved, absent the occurrence of extenuating circumstances that, in the discretion of the Committee, merit an exception to the threshold performance requirement. As a general rule, the threshold performance requirement for consideration of any incentive plan payment for employees with Company-wide responsibilities is year-over-year growth in Company EPS and for other employees is year-over-year growth in operating unit operating income.

No payments were made to any of the named executive officers pursuant to the 2009 Management Incentive Plan because in 2009 the Company did not experience year-over-year growth in EPS and none of the operating units as a group for which any of the named executive officers have responsibility experienced year-over-year growth in operating income.

Payments under the incentive plan, if any, are intended to constitute "performance based compensation" within the meaning of Section 162(m)(4)(C) of the Internal Revenue Code and the regulations promulgated thereunder. The Compensation Committee has the authority to change performance targets each year and to select among different performance criteria.

Incentive plan payments, when made, have historically totaled less than 2% of the annual consolidated operating income for the Company. There were approximately 225 participants in the 2008 Management

Table of Contents

Incentive Plan who were paid approximately \$6.6 million (using January 2009 exchange rates) representing approximately 1.1% of the Company's consolidated operating income for 2008. There were approximately 270 participants in the 2009 Management Incentive Plan, of which 64 were paid a total of approximately \$1.3 million (using January 2010 exchange rates) representing approximately 0.25% of the Company's consolidated operating income for 2009. There are currently approximately 300 participants in the 2010 Management Incentive Plan who, at achievement of 100% of 2010 performance targets and goals, would be paid an aggregate of approximately \$9.4 million (using 2010 budgeted exchange rates).

Incentive plan payment amounts are calculated by multiplying three factors together: (i) a participant's annual base salary, (ii) a participant's incentive plan target percentage and (iii) a participant's incentive plan multiplier.

Incentive plan target percentages for each participant are established at the beginning of each year, occasionally subject to adjustment mid-year with the approval of the Compensation Committee if there is a significant change in job responsibilities. Incentive plan target percentages for all participants in the 2009 Incentive Plan ranged from 5% to 75% of annual base salary. The incentive plan target percentages for the named executive officers for 2009 ranged from 55% to 75% of annual base salary and at the beginning of 2010 were set at a range from 55% to 90% of annual base salary.

The incentive plan multiplier is determined for each participant at the end of each year by analyzing a number of quantitative factors, subject to qualitative adjustment, as discussed in more detail below. The maximum incentive plan multiplier any recipient may be awarded is 200%. The incentive plan does not guarantee any minimum incentive plan multiplier to any participant. For 2009, participants received incentive plan multipliers ranging from 0% to 200%.

A participant's incentive plan multiplier is based primarily on Company or operating unit performance against quantitative measures established at the beginning of each year. In addition, consideration is given, when appropriate, to certain qualitative factors as further discussed below. In 2009, the aggregated qualitative adjustment with respect to all participants in the incentive plan was an increase of approximately 1.5% of the total amount calculated pursuant to the quantitative measures. The quantitative portion of the incentive plan multiplier is contingent upon the Company's achievement and/or each operating unit's achievement of performance targets and/or goals. These targets and/or goals may vary from year to year and include revenue growth, operating income growth, operating cash flow, return on investment, return on sales, organic growth and/or contribution to EPS growth. Actual performance against these criteria is measured against both year-over-year growth and/or the current year target.

The Company did not have EPS growth in 2009 and, therefore, the Committee determined that the threshold performance requirement was not met for an annual incentive payment to be made to Mr. Norwitt or Ms. Reardon. Likewise, none of the operating units as a group for which the named executive officers have responsibility experienced year-over-year growth in operating income and, therefore, the Committee determined that the threshold performance requirement was not met for an annual incentive payment to be made to Messrs. Anderson, Walter or Schneider. In 2010 the quantitative performance criteria for (i) employees with Company-wide responsibilities will be primarily based on Company revenue and EPS growth in 2010 over 2009 and actual EPS growth in 2010 as compared to 2010 budget and (ii) other employees will be primarily based on operating unit revenue and income growth in 2010 over 2009 and actual performance in 2010 as compared to 2010 budget.

Stock Option Plans. The Committee believes that granting stock options helps create competitive levels of compensation and provides an opportunity for increased equity ownership by executive officers and key management employees (including the named executive officers). Granting stock options also serves to maintain the alignment of the interests of the Company's executive officers and key management employees with its stockholders and allows executive officers and key management employees to participate in the long-term growth and profitability of the Company. All currently outstanding employee stock options have a five-year vesting period, with 20% vesting each year. Vesting is automatically accelerated upon death or under certain circumstances disability. Vesting is also automatically accelerated

Table of Contents

for option awards made prior to 2007 upon retirement at age 65. The Committee has the discretion to allow continued vesting of other unvested options following termination of employment due to retirement at age 65 or older or following termination of employment due to retirement at age 55 or older with at least ten (10) years of employment with the Company. Vesting stops under most other termination situations. The Committee believes this vesting schedule helps retain executive officers and key management employees and encourages them to make decisions geared towards long-term growth. The total annual expense for options granted is typically in the range of 3% to 5% of the Company's annual budgeted consolidated operating income for the year.

The Committee has authorized the Company to issue stock options to executive officers, key management employees and other key employees pursuant to The 2009 Stock Purchase and Option Plan for Key Employees of Amphenol and Subsidiaries and its amendments (the "2009 Stock Option Plan"). In determining the number of options to be granted to an individual employee, a value is imputed for each option, with reference to the Company's then current stock price, the estimated Black-Scholes valuation for option grants and the Company's growth assessment for its Common Stock. The Committee also considers information regarding the total amount of options available, an individual's base salary, the amount of stock options, if any, previously awarded to an individual, an individual's past and expected future contributions to the Company's financial performance and an individual's responsibilities for assisting the Company in achieving its long-term strategic goals.

Employee stock options are granted at fair market value at the time of the award, i.e., the closing price of the Company's Common Stock on the New York Stock Exchange on the date of the grant. The Committee has historically made annual awards of stock options in the second quarter of each year. Newly hired or promoted executives have on occasion received an award of stock options at the date of appointment. The Committee has never approved the grant of any stock options with an exercise price that is less than the closing price of the Company's Common Stock on the grant date.

All stock option recipients must enter into a Stock Option Agreement and Management Stockholder's Agreement with the Company which set forth the terms and conditions and limitations applicable to any shares purchased pursuant to options granted.

Insurance Benefits. Each executive officer and key management employee (including the named executive officers) receives health and life insurance identical to the benefits of other employees working at the same location. The Company also makes a contribution to life insurance on behalf of almost all U.S.-based salaried employees pursuant to a formula that treats similarly situated employees equally.

Retirement Benefits. U.S.-based senior executives and key management employees (including the named executive officers) participate in the Company's Pension Plan and Supplemental Employee Retirement Plan (the "SERP") and the Company's 401(k) programs on the same terms and conditions as similarly situated U.S.-based salaried employees. For more information on the Pension Plan, the SERP and 401(k) programs, see "Pensions and Deferred Compensation" beginning on page 36. Key management employees outside of the U.S. participate in the same retirement programs on the same terms and conditions as similarly situated salaried employees.

Perquisites

Mr. Norwitt was provided with car services in 2009. These services allow him to work more efficiently and facilitate his ability to communicate with the Company's global organization. The Company also makes contributions to Group Term Life Insurance for which the Company is required to impute compensation for amounts in excess of \$50,000 net of employee payments, see table of "All Other Compensation" under footnote (5) on page 31.

Compensation of Named Executive Officers

Company Performance 2009 was a difficult year, but one in which the Company performed well relative to its competitors and the industry in general. In 2009, the Company was able to maintain

Table of Contents

operating margins of 17.3% as compared to operating margins of 19.5% in 2008. In 2009, free cash flow increased by 39% to \$519.2 million. However, in 2009 Company revenue and operating income declined by 13% and 23%, respectively. A detailed analysis of the Company's financial and operational performance is provided in the Company's Annual Report on Form 10-K for the year ended December 31, 2009 that has been filed with the SEC.

CEO Compensation Mr. Norwitt became the Company's principal executive officer when he was appointed Chief Executive Officer in January 2009. Notwithstanding his promotion to Chief Executive Officer and corresponding increase in responsibilities, consistent with the treatment of almost all other employees, Mr. Norwitt's proposed increase in salary was deferred from January until August. At that time, his base salary was increased by 33% from \$600,000 to \$800,000. Mr. Norwitt's annual base salary at the beginning of 2010 was increased by 10% from \$800,000 to \$880,000, in conjunction with the decrease in Mr. Loeffler's salary from \$800,000 to \$600,000 as he relinquishes certain additional responsibilities to Mr. Norwitt as part of the transition from his former role as Chief Executive Officer to Executive Chairman of the Company. In establishing Mr. Norwitt's annual base salary as the newly appointed Chief Executive Officer, the Compensation Committee considered the Company's revenue, operating income, headcount and number of facilities and the changes in those numbers during Mr. Norwitt's tenure as President and more recent tenure as Chief Executive Officer of the Company. In the three year period commencing in January 2007 when Mr. Norwitt was appointed President of the Company, the Company's annual revenues increased by 14%, annual operating income increased by 15%, total employees increased by 26% and the number of operating locations increased by 18%. The Compensation Committee also considered the annual base salary that had been paid to Mr. Loeffler as Chief Executive Officer and President of the Company as well as the base salary paid to chief executive officer's of similarly sized companies in the electronics manufacturing industry.

No incentive plan payment pursuant to the 2009 Management Incentive Plan was made to Mr. Norwitt in 2009. Consistent with the methodology for calculating incentive plan payments described in "Performance Based Incentive Plans" above, as the Company failed to achieve year-over-year growth in EPS, the threshold performance requirement for consideration of any incentive plan payment, no payment was made.

Mr. Norwitt's incentive plan target percentage pursuant to the 2010 Management Incentive Plan was increased from 75% to 90% to reflect his expanded responsibilities associated with his appointment as Chief Executive Officer. When considered with a potential incentive plan multiplier to be determined based on fiscal year 2009 results with a range from 0% to 200% means his actual potential 2010 Management Incentive Plan payment could range from 0% to 180% of his base salary in 2010.

Mr. Norwitt was awarded 480,000 options pursuant to the 2009 Option Plan with an exercise price of \$32.01. The option award reflects the expanded responsibilities associated with his appointment as Chief Executive Officer.

In 2009, Mr. Norwitt was provided with car and driver services. The Company incurred expenses associated with this car and driver were \$25,524. The imputed value of compensation for Group Term Life Insurance provided to Mr. Norwitt in 2009 in excess of \$50,000, net of employee payments, was \$1,580. The Company continues to provide Mr. Norwitt with car and driver services and to contribute to his Group Term Life Insurance in 2010.

Mr. Norwitt continues to participate in the pension plan, but his benefits under such Plan have been frozen as described in the *Pension Plan Background* commencing on page 36. In 2009, Mr. Norwitt received a 401(k) match of \$12,250 and the Company made contributions to a non-qualified supplemental defined contribution plan (the "DC SERP") on behalf of Mr. Norwitt in 2009 of \$38,792. Mr. Norwitt continues to participate in the 401(k) Plan and the DC SERP in 2010.

Other Named Executive Officer's Compensation. For each of the other named executive officers, in determining incentive plan payments and stock option awards for 2009, and base salary adjustments for 2009 and 2010, the Committee considered each executive's performance against individual goals and

Table of Contents

objectives and, in the case of Ms. Reardon, the Committee evaluated the overall performance of the Company and her respective contributions to that performance and, in the case of Messrs. Anderson, Schneider and Walter, their contributions to the performance and results of the operating units they lead. No incentive plan payments pursuant to the 2009 Management Incentive Plan were made to Ms. Reardon or Messrs. Anderson, Walter or Schneider.

Ms. Reardon. As Chief Financial Officer, Ms. Reardon is the Company's principal financial officer. Consistent with the treatment of almost all other employees, Ms. Reardon's proposed 2009 increase in salary was deferred from January until August. At that time, her base salary was increased by approximately 3% from \$548,000 to \$565,000. In January 2010 Ms. Reardon's annual base salary was increased by approximately 1.5% from \$565,000 to \$574,500.

No incentive plan payment pursuant to the 2009 Management Incentive Plan was made to Ms. Reardon in 2009. Consistent with the methodology for calculating incentive plan payments described in "Performance Based Incentive Plans" above, as the Company failed to achieve year-over-year growth in EPS, the threshold performance requirement for consideration of any incentive plan payment, no payment was made.

Ms. Reardon's incentive plan target percentage pursuant to the 2010 Management Incentive Plan continues at 55% of her base annual salary in 2010 which, considered with a potential incentive plan multiplier to be determined based on fiscal year 2010 results with a range from 0% to 200%, means her actual potential 2010 Management Incentive Plan payment could range from 0% to 110% of her base annual salary in 2010.

In May 2009, Ms. Reardon was awarded 200,000 options pursuant to the 2009 Option Plan with an exercise price of \$32.01.

The imputed value of compensation for Group Term Life Insurance provided to Ms. Reardon in 2009 in excess of \$50,000, net of employee payments was \$2,926. Ms. Reardon continues to participate in the pension plan, but her benefits under such pension plan have been frozen as described in the *Pension Plan Background* commencing on page 36. In 2009, Ms. Reardon received a 401(k) match of \$12,250 and the Company made contributions to the DC SERP on behalf of Ms. Reardon in 2009 of \$30,574. In 2010, the Company continues to contribute to Ms. Reardon's Group Term Life Insurance. She also continues to participate in the 401(k) plan and the DC SERP in 2010.

Mr. Anderson. Consistent with the treatment of almost all other employees, Mr. Anderson's proposed 2009 increase in salary was deferred from January until August. At that time, his base salary was increased by 3% from \$424,000 to \$437,000. In January 2010, Mr. Anderson's annual base salary was increased by approximately 1.5% from \$437,000 to \$444,000.

No incentive plan payment pursuant to the 2009 Management Incentive Plan was made to Mr. Anderson in 2009. Consistent with the methodology for calculating incentive plan payments described in "Performance Based Incentive Plans" above, as his operating unit failed to achieve year-over-year growth in operating income, the threshold performance requirement for consideration of any incentive plan payment, no payment was made.

Mr. Anderson's incentive plan target percentage pursuant to the 2010 Management Incentive Plan continues at 55% of his base annual salary in 2010 which, considered with a potential incentive plan multiplier to be determined based on fiscal year 2010 results with a range from 0% to 200%, means his actual potential 2010 Management Incentive Plan payment could range from 0% to 110% of his base annual salary in 2010.

In May 2009, Mr. Anderson was awarded 110,000 options pursuant to the 2009 Option Plan with an exercise price of \$32.01.

The imputed value of compensation for Group Term Life Insurance provided to Mr. Anderson in 2009 in excess of \$50,000, net of employee payments was \$4,174. Mr. Anderson continues to participate in the pension plan described in the *Pension Plan Background* commencing on page 36. The increase in

Table of Contents

pension value in 2009 for Mr. Anderson was \$430,600. The Company continues to contribute to Mr. Anderson's Group Term Life Insurance in 2010.

Mr. Walter. Consistent with the treatment of almost all other employees, Mr. Walter's proposed 2009 increase in salary was deferred from January until August. At that time his base salary, subject to certain foreign exchange currency adjustments, was increased by approximately 6% from \$434,180 to \$460,456. In January 2010, Mr. Walter's annual base salary was increased by approximately 1.5% from \$465,988 to \$472,576, subject to certain foreign exchange currency adjustments.

No incentive plan payment pursuant to the 2009 Management Incentive Plan was made to Mr. Walter in 2009. Consistent with the methodology for calculating incentive plan payments described in "Performance Based Incentive Plans" above, as his operating unit failed to achieve year-over-year growth in operating income, the threshold performance requirement for consideration of any incentive plan payment, no payment was made.

Mr. Walter's incentive plan target percentage pursuant to the 2010 Management Incentive Plan continues at 55% of his base salary in 2010 which, considered with a potential incentive plan multiplier to be determined based on fiscal year 2010 results with a range from 0% to 200%, means his actual potential 2010 Management Incentive Plan payment could range from 0% to 110% of his base salary in 2010.

In May 2009, Mr. Walter was awarded 110,000 options pursuant to the 2009 Option Plan with an exercise price of \$32.01.

The imputed value of compensation for Group Term Life Insurance provided to Mr. Walter in 2009 in excess of \$50,000, net of employee payments was \$1,913. Mr. Walter continues to participate in the pension plan, but his benefits under such plan have been frozen as described in the *Pension Plan Background* commencing on page 36. In 2009, Mr. Walter received a Company contribution to his 401(k) of \$12,250 and the Company also made contributions to the DC SERP of \$17,280. In 2010, the Company continues to contribute to Mr. Walter's Group Term Life Insurance. He also continues to participate in the 401(k) plan and the DC SERP in 2010.

Mr. Schneider. Consistent with the treatment of almost all other employees, Mr. Schneider's proposed 2009 increase in salary was deferred from January until August. At that time, his base salary was increased by approximately 3% from \$390,000 to \$402,000. Mr. Schneider's annual base salary at the beginning of 2010 was increased by approximately 1.5% from \$402,000 to \$408,000.

No incentive plan payment pursuant to the 2009 Management Incentive Plan was made to Mr. Schneider in 2009. Consistent with the methodology for calculating incentive plan payments described in "Performance Based Incentive Plans" above, as his operating unit failed to achieve year-over-year growth in operating income, the threshold performance requirement for consideration of any incentive plan payment, no payment was made.

Mr. Schneider's incentive plan target percentage pursuant to the 2010 Management Incentive Plan continues at 55% of his base annual salary in 2010 which, considered with a potential incentive plan multiplier to be determined based on fiscal year 2010 results with a range from 0% to 200%, means his actual potential 2010 Management Incentive Plan payment could range from 0% to 110% of his base annual salary in 2010.

In May 2009, Mr. Schneider was awarded 110,000 options pursuant to the 2009 Option Plan with an exercise price of \$32.01.

The imputed value of compensation for Group Term Life Insurance provided to Mr. Schneider in 2009 in excess of \$50,000, net of employee benefits was \$1,497. In 2009, Mr. Schneider received a 401(k) match of \$12,250. In 2010, the Company continues to contribute to Mr. Schneider's Group Term Life Insurance. Mr. Schneider continues to participate in the 401(k) plan in 2010.

(1) The amounts in this column reflect the aggregate grant date fair value computed in accordance with ASC Topic 718 for awards granted in the fiscal years ended December 31, 2007, 2008 and 2009. Assumptions used in the calculation of these amounts are included in Note 6 Shareholders' Equity; Stock Options to the Company's consolidated financial statements for the fiscal year ended December 31, 2009 except that rules of the SEC require that the amounts shown in this table and its footnotes exclude the impact of assumed forfeitures, if any, related to service based vesting conditions. The amounts in this column do not correspond to the actual value that may be recognized by the named executive officers when any such option awards are actually exercised.

(2) Effective January 2009, Mr. Norwitt became the principal executive officer when he succeeded Mr. Loeffler as Chief Executive Officer. Mr. Norwitt also continues to serve as President of the Company.

(3) None of the named executive officers was paid non-equity incentive compensation for 2009. The Non-Equity Incentive Plan Compensation for 2008 and 2007, respectively, for all plan participants including the named executive officers was paid in January 2009 and 2008, respectively. See "Performance Based Incentive Plans" on page 23.

(4) In 2006, the Company amended its Pension Plan for Employees of Amphenol Corporation (the "Pension Plan") by freezing accruals effective December 31, 2006 for certain personnel below the age of 50 and/or with certain years of service with the Company. Simultaneously, the Company implemented employer contributions to the Amphenol 401(k) Plan and to a related non-qualified supplemental defined contribution plan (the "DC SERP") for those same individuals. Beginning in 2007, Ms. Reardon and Messrs. Norwitt and Walter are no longer accruing any additional benefits under the Pension Plan. Notwithstanding that their pension benefits were frozen effective December 31, 2006, there was a change in pension values for Ms. Reardon and Messrs. Norwitt and Walter of \$98,900, \$7,000 and \$48,600, respectively, because of changes in actuarial assumptions in 2009 as compared to 2008. The increase in pension value for each of Ms. Reardon and Messrs. Norwitt, and Walter represents the increase in the actuarial present value of their respective benefits under the Pension Plan using the interest rate and mortality assumptions consistent with those used in the Note 8 Benefit Plans and Other Postretirement Benefits to the financial statements included in the Company's 2009 Annual Report on Form 10-K. Mr. Anderson continues to accrue additional benefits under the Pension Plan but does not receive an employer contribution under the Amphenol 401(k) Plan nor does he participate in the DC SERP. Mr. Schneider does not participate in the Pension Plan or the DC SERP, but does receive an employer contribution under the Amphenol 401(k) Plan.

Prior to 2009, Mr. Schneider had not been a named executive officer and, therefore, only compensation information for 2009 appears in this table.

Section 162(m) of the Internal Revenue Code

Section 162(m) of the Internal Revenue Code provides that public companies cannot deduct certain compensation paid to the principal executive officer and certain other executive officers in excess of \$1 million per year. However, certain performance-based compensation is not subject to such limitation. The Company's 2009 Executive Incentive Plan compensation is performance-based and is designed and is intended to qualify for such performance-based deductibility exception.

Employment Agreements

Each of the named executive officers is a party to management stockholder's agreements with the Company which contemplate, among other things, that a terminated employee will be paid, at the Company's discretion, an additional fifty percent of base salary in the form of salary continuation following his/her termination for up to two years, in exchange for a firm undertaking from the terminated employee not to compete with the business of the Company.

Pursuant to an employment letter agreement with the Company dated March 22, 1999, the Company has agreed that if Mr. Walter is terminated, the Company is obligated to pay him lump sum severance equal to 100% of the base compensation he received in the twelve-month period preceding his termination, provided that no severance payment will be made to Mr. Walter if he voluntarily terminates his employment or

if he is terminated for cause.

Ms. Reardon and Messrs. Norwitt, Anderson and Schneider are not parties to any employment letter agreements or employment contracts with the Company.

Stock Option Plans

The 1997 Option Plan for Key Employees of Amphenol and Subsidiaries. The 1997 Stock Option Plan for Key Employees of Amphenol and Subsidiaries has expired and all outstanding options under the 1997 Stock Option Plan were exercised prior to April 27, 2009.

The 2000 Stock Purchase and Option Plan for Key Employees of Amphenol and Subsidiaries. In June 2000, the Board authorized the 2000 Stock Purchase and Option Plan for Key Employees of Amphenol and Subsidiaries (the "2000 Option Plan"). The terms of the 2000 Option Plan are similar to the terms of the 1997 Option Plan with option awards vesting in equal annual installments over a five year period. Only non-qualified options as defined in Section 422 of the Internal Revenue Code have been granted under the 2000 Option Plan and its amendments.

Table of Contents

In January 2003, the Board authorized and approved the Amended 2000 Stock Purchase and Option Plan for Key Employees of Amphenol and Subsidiaries (the "First Amended 2000 Option Plan") which increased the number of shares of Common Stock to be reserved for issuance under the 2000 Option Plan from 7,200,000 to 16,000,000 shares. The First Amended 2000 Option Plan also increased the number of options that may be granted to any one participant in the First Amended 2000 Option Plan from not more than 2,000,000 to not more than 4,000,000 options. The First Amended 2000 Option Plan was approved by stockholders at the 2003 Annual Meeting.

In April 2004, the Board authorized and approved the Second Amended 2000 Stock Purchase and Option Plan for Key Employees of Amphenol and Subsidiaries (the "Second Amended 2000 Option Plan") which amended the 2000 Option Plan to provide that no options could be granted under the 2000 Option Plan at less than the fair market value of the Company's Common Stock on the date of such grant, to eliminate the ability to grant any restricted stock awards, stock appreciation rights ("SARs"), dividend equivalent rights, performance units, performance shares or any other stock-based grants, other than non-qualified options under the 2000 Option Plan and to require stockholder approval of any further material amendments to the 2000 Option Plan. The Second Amended 2000 Option Plan did not require stockholder approval.

In January 2006, the Board authorized and approved the Third Amended 2000 Stock Purchase and Option Plan for Key Employees of Amphenol and Subsidiaries which increased the number of shares of Common Stock to be reserved for issuance under the Amended 2000 Option Plan from 16,000,000 to 24,000,000 shares (the "Third Amended 2000 Option Plan"). The Fourth Amended 2000 Option Plan is administered by the Compensation Committee of the Board. The Compensation Committee will consider recommendations of the Chief Executive Officer and other senior management employees of the Company and determine those employees of Amphenol and its subsidiaries who will be eligible to receive additional options, the number and the terms and conditions of each option grant, the form of the option agreement and any conditions on the exercise of an option award. No options were granted in 2009 under the Fourth Amended 2000 Option Plan. No further options will be granted under the 2000 Option Plan.

- (1) All options currently outstanding vest at a rate of 20% per year over the first five years of the ten-year option term, subject to certain exceptions. Vesting of all unvested options would be accelerated upon death or disability of the option awardee. Vesting for all option grants made prior to 2007 would be accelerated automatically upon retirement at age 65. The Compensation Committee of the Board of Directors also has the discretion to allow continued vesting of other unvested options following termination of employment due to retirement at age 65 or older or following termination of employment due to retirement at age 55 or older with at least ten (10) years of employment with the Company. Vesting stops immediately and all such unvested options are automatically forfeited upon termination of active employment under most other termination situations.

Table of Contents**PENSIONS AND DEFERRED COMPENSATION****Pension Plan**

Pension Plan Background. Through December 31, 2006, the only retirement benefit funded by the Company was its pension plan. Prior to 1998, the Company and its U.S. domestic subsidiaries maintained eight separate defined benefit pension plans covering substantially all U.S. employees of Amphenol Corporation and its U.S. subsidiaries. Effective December 31, 1997, these pension plans were merged into the Pension Plan for Employees of Amphenol Corporation (the "Plan"). The prior formulas for calculating pension benefits for employees from different operations were retained in different sections of the Plan. All the named executive officers participate in and their pension benefits are calculated under the Amphenol Plan Section, the LPL Plan Section, or the Sidney Salaried Plan Section of the Plan.

In 2006, the Company amended the Plan by freezing accruals effective December 31, 2006 for certain personnel (referred to herein as the "non-grandfathered participants"). Simultaneously, the Company implemented employer contributions to the Amphenol 401(k) Plan and to a related non-qualified supplemental defined contribution plan for these non-grandfathered participants. Prior to 2007, the Company did not make any contributions to the Amphenol 401(k) Plan and the Company did not have a related non-qualified supplemental defined contribution plan.

Non-grandfathered participants are salaried employees of Amphenol Corporation or one of its subsidiaries participating in the Plan who are not "grandfathered participants". "Grandfathered participants" are all salaried personnel of Amphenol Corporation or its subsidiaries participating in the Plan who as of December 31, 2006 were either: (i) age 50 or older with 15 or more years of service or (ii) who had 25 or more years of service. Of the five named executive officers, (i) Mr. Anderson is the only grandfathered participant, (ii) Ms. Reardon and Messrs. Norwitt and Walter are non-grandfathered participants and (iii) Mr. Schneider is not and has not been a participant. Mr. Loeffler, the Chairman of the Board and Executive Chairman, is a grandfathered participant.

Grandfathered participants, including Messrs. Loeffler and Anderson, will continue to accrue incremental benefits under the Plan and the related Supplemental Employee Retirement Plan (the "SERP") (See Supplemental Employee Retirement Plan on page 38) and will continue to be eligible to participate in the Amphenol 401(k) plan with no employer contributions. Additional benefit accruals for non-grandfathered participants in the Plan ceased effective January 1, 2007. The Plan freeze for non-grandfathered participants does not affect any retirement benefit earned by such non-grandfathered participants under the Plan prior to January 1, 2007.

The Company has a policy that prohibits granting extra years of credited service under the Plan.

General Provisions of the Plan for Salaried Employees. The Plan provides for annual pensions to certain salaried employees who complete five years of service with the Company. The normal retirement date under the Plan is the first day of the month following a participant's 65th birthday. A participant may also retire as of the first day of any month subsequent to the participant's 55th birthday and completion of ten years of service, however, a participant's normal retirement benefit is reduced by as much as 50% if payment of retirement benefits commences upon early retirement. Retirement benefits are paid in the form of a life annuity (generally a reduced joint and survivor annuity for married participants).

Mr. Loeffler's Retirement. Mr. Loeffler met the age and service requirements for normal retirement under the Plan during 2009. He is now working beyond his normal retirement age. If Mr. Loeffler were to have elected retirement as of December 31, 2009, he could have elected to receive his accrued benefit starting immediately (\$8,122 per month payable from the Plan and \$20,395 per month payable from the SERP).

Mr. Anderson's Retirement Benefit Assuming He Elects Early Retirement. Mr. Anderson meets the age and service requirements for early retirement under the Plan. If Mr. Anderson were to have elected early retirement as of December 31, 2009, he could have elected to receive his accrued benefit starting at age 65 or a reduced benefit commencing as of his retirement date. The reduced benefit would be equal to the benefit that would otherwise be payable at his normal retirement date (\$9,257 per month payable from the Plan and \$16,607 per month payable from the SERP), reduced by 1/180th for each of the first 60 months

Table of Contents

and by $1/360^{\text{th}}$ for each of the months more than 60 by which Mr. Anderson's hypothetical early retirement date precedes his normal retirement date (i.e. 71 months). Using this formula, Mr. Anderson's early retirement benefit if he had elected early retirement as of December 31, 2009 would have been \$5,888 per month payable from the Plan and \$10,564 per month payable from the SERP.

Details About the Amphenol Plan Section. The Company is required to make all contributions necessary to provide benefits payable under the Amphenol Plan Section of the Plan. No participant contributions are required or permitted.

Retirement benefits are calculated based on final average pensionable compensation which is defined under the Amphenol Plan Section of the Plan as the participant's highest average annual total compensation from the Company and its participating divisions or affiliates, excluding bonuses and incentive plan payments, during any five consecutive years of service with the Company or its participating divisions or affiliates during the ten calendar years of service preceding the participant's termination of employment. The annual normal retirement benefit for a participant in the Amphenol Plan Section of the Plan is equal to the greater of: (i) 1.1% of the participant's final average pensionable compensation multiplied by the participant's years of credited service or (ii) 1.8% of the participant's final average pensionable compensation multiplied by the participant's years of credited service not in excess of 25 (1% for years in excess of 25) reduced by 2% of the participant's estimated annual social security benefit multiplied by the participant's years of credited service not in excess of 30. In 2009, Mr. Norwitt was the only named executive officer in the Amphenol Plan Section of the Plan, although Mr. Norwitt's benefit was frozen as of December 31, 2006. Mr. Loeffler is also in the Amphenol Plan Section of the Plan.

Details About the LPL Plan Section. Prior to January 1, 2000, participants in the LPL Plan Section of the Plan were required to make contributions to the Plan. Since January 1, 2000, no participant contributions are required or permitted.

Retirement benefits are calculated based on final average pensionable compensation which is defined under the LPL Plan Section of the Plan as the participant's highest average annual total compensation from the Company and its participating divisions or affiliates, including bonuses and incentive plan payments, during any five consecutive years of service with the Company and its participating divisions or affiliates during the ten years of service preceding the participant's termination of employment. The annual normal retirement benefit for a participant in the LPL Plan Section of the Plan is equal to 2% of the participant's final average pensionable compensation multiplied by the participant's years of credited service not in excess of 25 less 2% of the participant's estimated annual social security benefit multiplied by the participant's years of credited service not in excess of 25. In 2009, Ms. Reardon and Mr. Walter were the only named executive officers in the LPL Plan Section of the Plan, although each of their benefits was frozen as of December 31, 2006.

Details About the Sidney Plan Salaried Section. The Company is required to make all contributions necessary to provide benefits payable under the Sidney Salaried Section of the Plan. No participant contributions are required or permitted.

Retirement benefits are calculated based on final average pensionable compensation which is defined under the Sidney Salaried Section of the Plan as twelve times the participant's highest average monthly total compensation from the Company and its participating divisions or affiliates, including bonuses and incentive plan payments, during any sixty consecutive months of service with the Company and its participating divisions or affiliates during the 120 months of service preceding the participant's termination of employment. The annual normal retirement benefit for a participant in the Sidney Salaried Section of the Plan is equal to the greater of: (i) 2.0% of the participant's final average pensionable compensation multiplied by the participant's years of credited service not in excess of 25 (0.5% for years in excess of 25) reduced by 2% of the participant's estimated annual social security benefit multiplied by the participant's years of credited service not in excess of 25 or (ii) \$8 plus 0.75% of the participant's final average pensionable compensation multiplied by the participant's years of credited service not in excess of 30. In 2009, Mr. Anderson was the only named executive officer in the Sidney Salaried Section of the Plan.

Supplemental Employee Retirement Plan. Section 415 of the Internal Revenue Code of 1986, as amended (the "Internal Revenue Code"), currently limits the maximum annual benefit which may be paid to any employee from a tax-qualified plan to \$195,000 in 2009 and 2010. Section 401(a)(17) of the Internal Revenue Code currently limits the amount of compensation taken into account under a tax-qualified plan to \$245,000 in 2009 and 2010. These limitations continue to be subject to future adjustment. The Company sponsors a SERP which formally provides for the payment of the portion of an annual pension which cannot be paid from the Plan as a result of the Internal Revenue Code limitations described above. Final average pensionable compensation under the SERP, however, is limited to 3.33 times the Section 401(a)(17) limitation beginning with 2007 pensionable compensation (\$500,000 for years before 2007).

- (3) Although as of December 31, 2009 Mr. Norwitt had been employed with the Company or its subsidiaries for 11 years, he has only 3.0 years of credited service in the Plan and the SERP. Prior to becoming directly employed by Amphenol Corporation and joining the Plan and the SERP, Mr. Norwitt was employed by Amphenol East Asia Limited, a Hong Kong subsidiary of the Company.
- (4) Although as of December 31, 2009 Mr. Walter had been employed with the Company or its subsidiaries for approximately 26 years, he has only 8.0 years of credited service in the Plan and the SERP. Prior to becoming directly employed by Amphenol Corporation and joining the Plan and the SERP, Mr. Walter was employed by Amphenol Socapex SAS, a French subsidiary of the Company.
- (5) Mr. Schneider has only been employed by the Company for four years. Mr. Schneider does not participate in and has never participated in any Company sponsored pension plans.

Pension Plan and 401(k) Plan Changes. Prior to December 31, 2006, none of the named executive officers participated in a non-qualified defined contribution or other deferred compensation plan. Prior to December 31, 2006, all salaried personnel of Amphenol Corporation and its subsidiaries which participate in the Plan had a retirement income program consisting of: (i) eligibility to participate in the Plan and (ii) the Company's qualified 401(k) savings plan, for which the Company did not make any contributions (the "Amphenol 401(k) Plan").

In 2006, the Company amended this retirement income program by freezing accruals under the Plan effective December 31, 2006 for non-grandfathered participants and simultaneously implementing employer contributions to the Amphenol 401(k) Plan for non-grandfathered participants. Grandfathered participants continue to accrue incremental benefits under the Plan and to be eligible to participate in the Amphenol 401(k) plan with no employer contributions to the Amphenol 401(k) Plan.

As part of these changes to the retirement income program, commencing January 1, 2007, non-grandfathered participants, including Ms. Reardon, and Messrs. Norwitt and Walter, are provided a Company contribution to their Amphenol 401(k) Plan accounts equal to 2% of their covered earnings. No employee contribution is required for this 2% Company contribution. Covered earnings include base salary and incentive plan compensation. In addition, the Company matches 100% of the non-grandfathered employee's first 3% contribution of their covered earnings to his or her Amphenol 401(k) Plan account, including the accounts of Ms. Reardon, and Messrs. Norwitt, and Walter. During the first four years of a participant's employment with the Company, the employer allocation vests 25% per year for each year of service. After four full years of employment with the Company, the employer allocation is fully vested historically and on a going forward basis.

The Company also sponsors a non-qualified supplemental defined contribution plan, or DC SERP, effective January 1, 2007. Under the DC SERP, non-grandfathered participants, including Ms. Reardon and Messrs. Norwitt and Walter, are credited with a 5% employer allocation on compensation in excess of the Internal Revenue Code Section 401(a)(17) limit, subject to a vesting schedule that requires the participant to complete five full years of service with the Company before the employee is entitled to the account balance which begins accumulating when employment commences. Compensation for this purpose is limited to 6.66 times the Internal Revenue Code Section 401(a)(17) limit. Eligible employees, including Ms. Reardon, and Messrs. Norwitt and Walter, are also permitted to defer a portion of compensation in excess of the maximum amount that he or she is allowed to defer into his or her Amphenol 401(k) Plan account into his or her DC SERP account. A participant's election to defer compensation is made prior to the beginning of each year, and is binding for the applicable year. The participant concurrently selects the timing of the distribution of their deferred compensation. Distributions may occur upon termination of employment (including retirement or disability) or upon a specified future date while still employed (an "in-service distribution"), as elected by the participant. Each year's deferrals may have a separate distribution election. Distributions payable upon termination of employment may be elected as (i) a lump sum cash payment or (ii) a series of annual cash installments payable over a designated term between two

Table of Contents

and fifteen years. In-service distributions may be elected by the participant as a single lump sum cash payment or in annual cash payments over a term between two and fifteen years, in either case beginning not earlier than January of the year following the calendar year of the deferral. However, when no election regarding the form of distribution is made, the distribution will be a lump sum. When the executive is a "key employee" for purposes of Section 409A of the Internal Revenue Code, any distribution payable on account of termination of employment will not occur until after six months following termination of employment. The named executive officers would be key employees for this purpose. Compensation deferred by participants and any matching contributions made by the Company are credited to a bookkeeping account that represents the Company's unsecured obligation to repay the participant in the future. Participants elect to allocate deferred and matching contributions among one or more hypothetical investment options. Participants can change hypothetical investment options at their discretion, except that so-called "round-trip" transactions (ie., trading from one fund to another, and then back to the original fund within 30-days) are not permitted. Eligible compensation permitted to be deferred under the DC SERP program includes base salary and non-equity incentive plan compensation

- (1) The amounts in the column titled "Registrant Contributions in Last Fiscal Year" reflect the Company's allocation to the DC SERP for the benefit of Ms. Reardon and Messrs. Norwitt, Schneider and Walter, respectively, and are included in the amounts in the table "All Other Compensation" under footnote (5) on page 31 and in the Summary Compensation Table on page 30. Messrs. Anderson and Schneider are not eligible to participate in the DC SERP.
- (2) The amounts in the column titled "Aggregate Earnings in Last Fiscal Year" reflect the notational earnings of Ms. Reardon and Messrs. Norwitt and Walter in the DC SERP determined by tracking the increase in value in the bookkeeping account of the hypothetical investment options selected by each of Ms. Reardon, Mr. Norwitt and Mr. Walter for current year and prior year deferred and matching contributions. These notational earnings are not included in the Summary Compensation Table on page 30 because such notational earnings relate to the increase in value of compensation the individual elected to defer and such increase is based on market rates that are determined by reference to mutual funds.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

The amount of compensation that may be payable to each named executive officer upon voluntary termination, early retirement, normal retirement, involuntary not-for-cause termination, for cause termination, termination following a change of control and in the event of disability or death of the executive is shown on the tables on pages 42 to 44. The amounts shown assume that such termination was effective as of December 31, 2009, and thus include amounts earned through such time and are estimates of the amounts which would have been paid out to the named executive officers in connection with their termination. The actual amounts to be paid out can only be determined in the event of and at the time of such executive's separation from the Company.

Payments Made Upon Termination. Regardless of the manner in which a named executive officer's employment is terminated, she or he is entitled to receive amounts earned during her or his term of employment. Such amounts *might* include:

unused vacation pay;

amounts accrued and vested through the Company's retirement plans;

statutory entitlements; and

non-equity incentive compensation relating to the fiscal year.

Payments Made Upon Retirement. In the event of normal retirement at age 65 of any employee, including a named executive officer, in addition to the items identified above, she or he will immediately vest in all options awarded prior to 2007. The Board has the discretion to decide if options awarded after 2006 will continue to vest following normal retirement at age 65 or upon early retirement at or after age 55 with more than 10 years of service. None of the named executive officers is currently eligible for normal retirement. The disclosure in the tables below for normal retirement and for early retirement assumes that the named executive officers were eligible to retire and that the Board has exercised its discretion to accelerate vesting of options awarded after 2006.

Payments Made Upon Involuntary Not for Cause Termination. In the event of involuntary not for cause termination of any employee, including a named executive officer, in addition to the benefits which might be made as reflected under the heading "Payments Made Upon Termination" above, the Board has the discretion to decide if options awarded that are not vested at the time of such termination shall vest and the terms of such vesting. The disclosure in the tables below for involuntary not for cause termination assumes that the Board has exercised its discretion to accelerate vesting of all such options.

Payments Made Upon a Change in Control. Immediately prior to a change in control, all outstanding options held by any employee, including a named executive officer, immediately vest and become exercisable. A change in control is deemed to occur if there is a sale of all or substantially all of the assets of the Company or there is an acquisition of more than 50% of the Common Stock of the Company by a person or group.

Payments Made Upon Death or Disability. In the event of the death or disability of any employee, including a named executive officer, in addition to the benefits which might be made as reflected under the heading "Payments Made Upon Termination" above, she or he will receive benefits under the Company's disability plan and/or payments under the Company's Group Term Life Insurance plan, as appropriate. In the event of death or disability as defined in the Company's Option Plans, she or he will also immediately vest in all outstanding options.

Health Care Benefits. The Company does not currently offer any employee, including any named executive officers, any enhanced health care benefits on termination for any reason.

(2) Each of the named executive officers is a party to management stockholder's agreements with the Company which contemplate, among other things, that a terminated employee will be paid an additional fifty percent of base salary following her/his termination, at the Company's discretion, for up to two years, in exchange for a firm undertaking from the terminated employee not to compete with the business of the Company. Mr. Norwitt's annual base salary at December 31, 2009 was \$800,000. Payments are made in the form of salary continuation.
