PRELIMINARY, SUBJECT TO COMPLETION, DATED OCTOBER 5, 2012

&

TRANSACTION PROPOSED YOUR VOTE IS VERY IMPORTANT

Dear Stockholders:

Each of the boards of directors of NRG Energy, Inc. and GenOn Energy, Inc. has approved a strategic merger, combining NRG and GenOn and bringing together two organizations with complementary electric generating assets and a history of operating excellence to create a stronger, larger and more geographically diverse organization that will be well positioned to create greater value for all of our stockholders.

NRG and GenOn entered into an agreement and plan of merger on July 20, 2012. Subject to stockholder approvals and certain other customary closing conditions, NRG and GenOn will combine their businesses through the merger of GenOn with a newly formed, wholly owned subsidiary of NRG, with GenOn thereupon becoming a wholly owned subsidiary of NRG.

If the merger is completed, GenOn stockholders will receive 0.1216 shares of NRG common stock for each share of GenOn common stock. This exchange ratio is fixed and will not be adjusted to reflect stock price changes prior to the closing. NRG stockholders will continue to own their existing shares and the NRG common stock will not be affected by the merger. Upon completion of the merger, former GenOn stockholders will own approximately 29% of the then outstanding NRG common stock, based on the number of shares and equity awards of NRG and GenOn outstanding on July 18, 2012. The value of the merger consideration to be received in exchange for each share of GenOn common stock will fluctuate with the market value of NRG common stock until the merger is completed.

Based on the closing sale price for NRG common stock on July 20, 2012, the last trading day before public announcement of the merger, the 0.1216 exchange ratio represented a 20.6% premium to GenOn stockholders.

The common stock of NRG and GenOn are listed on the New York Stock Exchange under the symbols "NRG" and "GEN," respectively. We urge you to obtain current market quotations for the shares of common stock of NRG and GenOn.

Your vote is very important. The merger cannot be completed unless NRG stockholders approve the issuance of NRG common stock in the merger and the amendment to NRG's certificate of incorporation, and GenOn stockholders adopt the merger agreement. Each of GenOn and NRG is holding a special meeting of its stockholders to vote on the proposals necessary to complete the merger. Information about these meetings, the merger, the share issuance, the amendment to NRG's certificate of incorporation and the other business to be considered by stockholders at each of the special meetings is contained in this joint proxy statement/prospectus. We urge you to read this joint proxy statement/prospectus carefully. **You should also carefully consider the risks that are described in the "Risk Factors" section beginning on page 34.**

Whether or not you plan to attend your company's special meeting of stockholders, please submit your proxy as soon as possible to make sure that your shares are represented at that meeting.

The NRG board of directors recommends that NRG stockholders vote "FOR" the proposal to approve the issuance of NRG common stock in the merger and "FOR" the proposal to amend NRG's certificate of incorporation, which is necessary to complete the merger.

Edgar Filing: NRG ENERGY, INC. - Form S-4/A

The GenOn board of directors recommends that GenOn stockholders vote "FOR" the proposal to adopt the merger agreement, which is necessary to complete the merger.

QUESTIONS AND ANSWERS ABOUT THE SPECIAL MEETINGS

The following questions and answers briefly address some commonly asked questions about the NRG and GenOn special meetings. They may not include all the information that is important to stockholders of NRG and GenOn. Stockholders should carefully read this entire joint proxy statement/prospectus, including the annexes and the other documents referred to herein.

Q: What is the merger?

A: NRG Energy, Inc., which is referred to as NRG, and GenOn Energy, Inc., which is referred to as GenOn, have entered into an Agreement and Plan of Merger, dated as of July 20, 2012, which is referred to as the merger agreement. A copy of the merger agreement is attached as Annex A to this joint proxy statement/prospectus. The merger agreement contains the terms and conditions of the proposed business combination of NRG and GenOn. Under the merger agreement, Plus Merger Corporation, a direct wholly owned subsidiary of NRG, will merge with and into GenOn, with GenOn continuing as the surviving entity and a wholly owned subsidiary of NRG, in a transaction which is referred to as the merger.

Q: Why am I receiving these materials?

A: NRG and GenOn are sending these materials to their respective stockholders to help them decide how to vote their shares of NRG or GenOn common stock, as the case may be, with respect to the merger and other matters to be considered at their respective special meetings.

The merger cannot be completed unless NRG stockholders approve the issuance of NRG common stock in the merger and the amendment to NRG's certificate of incorporation, and GenOn stockholders adopt the merger agreement. Each of NRG and GenOn is holding a special meeting of its stockholders to vote on the proposals necessary to complete the merger. Information about these special meetings, the merger and the other business to be considered by stockholders at each of the special meetings is contained in this joint proxy statement/prospectus.

This joint proxy statement/prospectus constitutes both a joint proxy statement of NRG and GenOn and a prospectus of NRG. It is a joint proxy statement because each of the boards of directors of NRG and GenOn are soliciting proxies from their respective stockholders. It is a prospectus because NRG will issue shares of its common stock in exchange for outstanding shares of GenOn common stock in the merger.

Q: What will GenOn stockholders receive in the merger?

A: In the merger, GenOn stockholders will receive 0.1216 shares of NRG common stock for each share of GenOn common stock, which is referred to as the exchange ratio, and will receive cash in lieu of fractional shares of NRG common stock. This exchange ratio is fixed and will not be adjusted to reflect changes in the stock price of either company before the merger is completed. NRG stockholders will continue to own their existing shares of NRG common stock and the NRG common stock will not be affected by the merger.

Q: What will happen to the preferred share purchase rights attached to GenOn common stock?

A: Prior to the completion of the merger, GenOn will terminate the rights agreement by and between GenOn and Computershare Trust Company, N.A., which is referred to as the GenOn Rights Agreement. In connection with such termination, all of the rights to purchase Series A Preferred Stock of GenOn will be cancelled without any consideration therefor.

Table of Contents

Q: When do GenOn and NRG expect to complete the merger?

A: NRG and GenOn are working to complete the merger as soon as practicable. We currently expect that the merger will be completed by the first quarter of 2013. Neither NRG nor GenOn can predict, however, the actual date on which the merger will be completed because it is subject to conditions beyond each company's control, including federal and state regulatory approvals. See "The Merger Agreement Conditions to Completion of the Merger" beginning on page 109.

Q: What am I being asked to vote on and why is this approval necessary?

A: NRG stockholders are being asked to vote on the following proposals:

1. to approve the issuance of NRG common stock, par value \$0.01 per share, pursuant to the merger agreement, which is referred to as the "Share Issuance" proposal;
2. to approve an amendment to NRG's amended and restated certificate of incorporation to fix the maximum number of directors that may serve on NRG's board of directors at 16 directors, which is referred to as the "Charter Amendment" proposal; and
3. to approve any motion to adjourn the NRG special meeting, if necessary, to solicit additional proxies, which is referred to as the "NRG Adjournment" proposal.

Approval of the Share Issuance proposal and the Charter Amendment proposal by NRG stockholders is required to complete the merger.

GenOn stockholders are being asked to vote on the following proposals:

1. to adopt the merger agreement, a copy of which is attached as Annex A to this joint proxy statement/prospectus, which is referred to as the "Merger" proposal;
2. to conduct an advisory vote on the merger-related compensation arrangements of our named executive officers, which is referred to as the "Merger-Related Compensation" proposal; and
3. to approve any motion to adjourn the GenOn special meeting, if necessary, to solicit additional proxies, which is referred to as the "GenOn Adjournment" proposal.

Approval of the Merger proposal by GenOn stockholders is required for completion of the merger.

The Share Issuance proposal, the Charter Amendment proposal and the Merger proposal are collectively referred to as the "Merger-Related" proposals.

Q: What vote is required to approve each proposal at the NRG Special Meeting?

A: *The Share Issuance proposal:* The affirmative vote of a majority of the votes cast by NRG stockholders is required to approve the Share Issuance proposal, provided that the total votes cast on such proposal (including abstentions) represent a majority of total number of shares of NRG common stock outstanding on the record date for the NRG special meeting.

Edgar Filing: NRG ENERGY, INC. - Form S-4/A

The Charter Amendment proposal: The affirmative vote of a majority of the shares of NRG common stock outstanding on the record date for the NRG special meeting is required to approve the Charter Amendment proposal.

The NRG Adjournment proposal: The affirmative vote of a majority of the shares of NRG common stock represented (in person or by proxy) and entitled to vote on the proposal is required to approve the NRG Adjournment proposal.

Q:

What vote is required to approve each proposal at the GenOn Special Meeting?

A:

The Merger proposal: The affirmative vote of a majority of the shares of GenOn common stock outstanding on the record date for the GenOn special meeting is required to approve the Merger proposal.

Table of Contents

The Merger-Related Compensation proposal: The affirmative vote of a majority of the shares of GenOn common stock represented (in person or by proxy) at the GenOn special meeting and entitled to vote on such proposal is required to approve the Merger-Related Compensation proposal. Because the vote on the Merger-Related Compensation proposal is advisory only, it will not be binding on either GenOn or NRG. Accordingly, if the merger agreement is adopted and the merger is completed, the compensation will be payable, subject only to the conditions applicable thereto, regardless of the outcome of the non-binding, advisory vote of GenOn's stockholders.

The GenOn Adjournment proposal: The affirmative vote of a majority of the shares of GenOn common stock represented (in person or by proxy) at the GenOn special meeting and entitled to vote on such proposal is required to approve the GenOn Adjournment proposal.

Q: What constitutes a quorum?

A: The representation of holders of at least a majority of the total number of shares of common stock outstanding as of the record date at the NRG special meeting or GenOn special meeting, as applicable, whether present in person or represented by proxy, is required in order to conduct business at each special meeting. This requirement is called a quorum. Abstentions, if any, which are described below, will be treated as present for the purposes of determining the presence or absence of a quorum for each special meeting.

Q: How do the boards of directors of NRG and GenOn recommend that I vote?

A: The board of directors of NRG, which is referred to as the NRG Board, recommends that holders of NRG common stock vote "**FOR**" the Share Issuance proposal, "**FOR**" the Charter Amendment proposal and "**FOR**" the NRG Adjournment proposal.

The board of directors of GenOn, which is referred to as the GenOn Board, recommends that GenOn stockholders vote "**FOR**" the Merger proposal and "**FOR**" the GenOn Adjournment proposal. In addition, the GenOn Board recommends that holders of GenOn common stock vote "**FOR**" the Merger-Related Compensation proposal to approve, on an advisory (non-binding) basis, any "golden parachute" compensation arrangement that may be paid or become payable, to GenOn's named executive officers that is based on or otherwise relates to the merger or contemplated by the merger agreement.

Q: What do I need to do now?

A: After carefully reading and considering the information contained in this joint proxy statement/prospectus, please vote your shares as soon as possible so that your shares will be represented at your respective company's special meeting. Please follow the instructions set forth on the proxy card or on the voting instruction form provided by the record holder if your shares are held in the name of your broker, bank or other nominee.

Please do not submit your GenOn stock certificates at this time. If the merger is completed, you will receive instructions for surrendering your GenOn stock certificates in exchange for shares of NRG common stock from the exchange agent.

Q: How do I vote?

A: If you are a stockholder of record of NRG as of October 5, 2012, which is referred to as the NRG record date, or a stockholder of GenOn as of October 5, 2012, which is referred to as the GenOn record date, you may submit your proxy before your respective company's special meeting in one of the following ways:

use the toll-free number shown on your proxy card;

Table of Contents

visit the website shown on your proxy card to vote via the Internet; or

complete, sign, date and return the enclosed proxy card in the enclosed postage-paid envelope.

Stockholders of record may also cast your vote in person at your respective company's special meeting.

If your shares are held in "street name," through a broker, trustee or other nominee, that institution will send you separate instructions describing the procedure for voting your shares. "Street name" stockholders who wish to vote at the meeting will need to obtain a "legal proxy" form from their broker, trustee or other nominee.

Q: When and where are the NRG and GenOn special meetings of stockholders? What must I bring to attend the special meeting?

A: The special meeting of NRG stockholders will be held at Princeton Marriott at Forrestal 100 College Road East, Princeton, NJ 08540 at 9:00 a.m., Eastern Time, on November 9, 2012. Subject to space availability, all NRG stockholders as of the NRG record date, or their duly appointed proxies, may attend the meeting. Since seating is limited, admission to the meeting will be on a first-come, first-served basis. Registration and seating will begin at 8:30 a.m., Eastern Time.

The special meeting of GenOn stockholders will be held at GenOn's corporate headquarters, 1000 Main Street, Houston, Texas 77002 at 8:00 a.m., Central Time, on November 9, 2012. Subject to space availability, all GenOn stockholders as of the GenOn record date, or their duly appointed proxies, may attend the meeting. Since seating is limited, admission to the meeting will be on a first-come, first-served basis. Registration and seating will begin at 7:30 a.m., Central Time.

If you wish to attend your respective company's special meeting, you must bring photo identification. If you hold your shares through a bank, broker, custodian or other record holder, you must also bring proof of ownership such as the voting instruction form from your broker or other nominee or an account statement.

Q: If my shares are held in "street name" by a broker, trustee or other nominee, will my broker, trustee or other nominee vote my shares for me?

A: If your shares are held in "street name" in a stock brokerage account or by a bank, trustee or other nominee, you must provide the record holder of your shares with instructions on how to vote your shares. Please follow the voting instructions provided by your broker, trustee or other nominee. Please note that you may not vote shares held in street name by returning a proxy card directly to NRG or GenOn or by voting in person at your respective company's special meeting unless you provide a "legal proxy," which you must obtain from your broker, trustee or other nominee. Your broker, trustee, or nominee is obligated to provide you with a voting instruction card for you to use.

Under the rules of the New York Stock Exchange, which is referred to as the NYSE, brokers who hold shares in street name for a beneficial owner of those shares typically have the authority to vote in their discretion on "routine" proposals when they have not received instructions from beneficial owners. However, brokers are not allowed to exercise their voting discretion with respect to the approval of matters that the NYSE determines to be "non-routine" without specific instructions from the beneficial owner. It is expected that all proposals to be voted on at the NRG special meeting and the GenOn special meeting are such "non-routine" matters. Broker non-votes occur when a broker or nominee is not instructed by the beneficial owner of shares to vote on a particular proposal for which the broker does not have discretionary voting power.

Table of Contents

If you are an NRG stockholder and you do not instruct your broker, bank or other nominee on how to vote your shares:

your broker, bank or other nominee may not vote your shares on the Share Issuance proposal, which broker non-votes will have no effect on the vote count for such proposal, but will make it more difficult to meet the NYSE requirement that the total votes cast on such proposal represent a majority of total number of shares of NRG common stock outstanding on the record date for the NRG special meeting;

your broker, bank or other nominee may not vote your shares on the Charter Amendment proposal, which broker non-votes will have the same effect as a vote "AGAINST" such proposal; and

your broker, bank or other nominee may not vote your shares on the NRG Adjournment proposal, which broker non-votes will have no effect on the vote count for this proposal.

If you are a GenOn stockholder and you do not instruct your broker, bank or other nominee on how to vote your shares:

your broker, bank or other nominee may not vote your shares on the Merger proposal, which broker non-votes will have the same effect as a vote "AGAINST" this proposal; and

your broker, bank or other nominee may not vote your shares on the Merger-Related Compensation and GenOn Adjournment proposals, which broker non-votes will have no effect on the vote count for either of these proposals.

Q:
What if I fail to vote or abstain?

A:
For purposes of each of the NRG special meeting and the GenOn special meeting, an abstention occurs when a stockholder attends the applicable special meeting in person and does not vote or returns a proxy with an "abstain" vote.

NRG

Share Issuance proposal: An abstention will have the same effect as a vote cast "AGAINST" the Share Issuance proposal. If an NRG stockholder is not present in person at the NRG special meeting and does not respond by proxy, it will have no effect on the vote count for the Share Issuance proposal, but it will make it more difficult to meet the NYSE requirement that the total votes cast on such proposal (including abstentions) represent a majority of the shares of NRG common stock outstanding as of the NRG record date.

Charter Amendment proposal: An abstention or failure to vote will have the same effect as a vote cast "AGAINST" the Charter Amendment proposal.

NRG Adjournment proposal: An abstention will have the same effect as a vote cast "AGAINST" the NRG Adjournment proposal. If an NRG stockholder is not present in person at the NRG special meeting and does not respond by proxy, it will have no effect on the vote count for the NRG Adjournment proposal (assuming a quorum is present).

GenOn

Merger proposal: An abstention or failure to vote will have the same effect as a vote cast "AGAINST" the Merger proposal.

Merger-Related Compensation proposal: An abstention will have the same effect as a vote cast "AGAINST" the Merger-Related Compensation proposal. If a GenOn stockholder is not present in person at the GenOn special meeting and does not respond by proxy, it will have no effect on the vote count for the Merger-Related Compensation proposal (assuming a quorum is present).

Table of Contents

GenOn Adjournment proposal: An abstention will have the same effect as a vote cast "AGAINST" the GenOn Adjournment proposal. If a GenOn stockholder is not present in person at the GenOn special meeting and does not respond by proxy, it will have no effect on the vote count for the GenOn Adjournment proposal (assuming a quorum is present).

Q: What will happen if I return my proxy or voting instruction card without indicating how to vote?

A: If you sign and return your proxy or voting instruction card without indicating how to vote on any particular proposal, the NRG common stock represented by your proxy will be voted as recommended by the NRG Board with respect to that proposal or the GenOn common stock represented by your proxy will be voted as recommended by the GenOn Board with respect to that proposal. Unless an NRG stockholder or a GenOn stockholder, as applicable, checks the box on its proxy card to withhold discretionary authority, the proxyholders may use their discretion to vote on other matters relating to the NRG special meeting or GenOn special meeting, as applicable.

Q: What if I hold shares of both NRG common stock and GenOn common stock?

A: If you are a stockholder of both NRG and GenOn, you will receive two separate packages of proxy materials. A vote as a GenOn stockholder will not constitute a vote as an NRG stockholder and vice versa. Therefore, please sign, date and return all proxy cards that you receive, whether from NRG or GenOn, or vote as both an NRG stockholder and as a GenOn stockholder by Internet or telephone.

Q: May I change my vote after I have delivered my proxy or voting instruction card?

A: Yes. If you are a record holder, you may change your vote at any time before your proxy is voted at the NRG or GenOn special meeting. You may do this in one of four ways:

by sending a notice of revocation to the corporate secretary of NRG or GenOn, as applicable;

by logging onto the Internet website specified on your proxy card in the same manner you would to submit your proxy electronically or by calling the telephone number specified on your proxy card, in each case if you are eligible to do so;

by sending a completed proxy card bearing a later date than your original proxy card; or

by attending the NRG or GenOn special meeting, as applicable, and voting in person.

If you choose any of the first three methods, you must take the described action no later than the beginning of the applicable special meeting.

If your shares are held in an account at a broker, bank or other nominee and you have delivered your voting instruction card to your broker, bank or other nominee, you should contact your broker, bank or other nominee to change your vote.

Q: What are the material U.S. federal income tax consequences of the merger?

A: It is a condition to the obligation of GenOn to complete the merger that GenOn receive a written opinion from Skadden, Arps, Slate, Meagher & Flom LLP, counsel to GenOn, which is referred to as Skadden, dated as of the closing date, to the effect that for U.S. federal income tax purposes the merger will qualify as a "reorganization" within the meaning of Section 368(a) of the Internal Revenue Code of 1986, as amended, which is referred to as the Code, and that NRG receive a written opinion from Kirkland &

It is a condition to the obligation of NRG to effect the merger that NRG receive a written opinion from Kirkland & Ellis, dated as of the closing date, to the effect that for U.S. federal income tax

purposes the merger will qualify as a "reorganization" within the meaning of Section 368(a) of the Code, and that GenOn receive a written opinion from Skadden, dated as of the closing date, to the effect that for U.S. federal income tax purposes the merger will qualify as a "reorganization" within the meaning of Section 368(a) of the Code.

Provided that the merger so qualifies, a holder of GenOn common stock will not recognize any gain or loss for U.S. federal income tax purposes upon the exchange of the holder's shares of GenOn common stock for shares of NRG common stock in the merger, except with respect to cash received in lieu of a fractional share of NRG common stock.

Q: Do I have appraisal rights in connection with the merger?

A: No. Under Delaware law, neither GenOn stockholders nor NRG stockholders will be entitled to exercise any appraisal rights in connection with the merger or the other transactions contemplated by the merger agreement.

Q: What if I hold GenOn stock options or restricted stock units?

A: Upon completion of the merger:

GenOn stock options (other than stock options granted in 2012) will vest in full and be converted into options with respect to NRG common stock based on the exchange ratio, and remain outstanding subject to the same terms and conditions (other than vesting conditions) as otherwise applicable to such stock options prior to the merger.

GenOn stock options granted in 2012 will be converted into options in respect of NRG common stock based on the exchange ratio, and remain outstanding subject to the same terms and conditions (including vesting conditions) as otherwise applicable to such stock options prior to the merger.

GenOn restricted stock units (other than restricted stock units granted in 2012) will vest in full and be converted into NRG common stock based on the exchange ratio (with cash paid in lieu of fractional shares).

GenOn restricted stock units granted in 2012 will be converted into NRG restricted stock units based on the exchange ratio, and remain outstanding subject to the same terms and conditions as otherwise applicable to such restricted stock units prior to the merger, except that the extent of attainment of performance targets with respect to such restricted stock units will be determined by the GenOn Board (or a committee thereof) on an appropriate basis before closing.

Notwithstanding the foregoing, GenOn outstanding stock options and restricted stock units granted in 2012 will vest (to the extent not already fully vested) at the holder's termination date if the termination occurs within two years of completion of the merger under certain qualifying circumstances.

Q: Whom should I contact if I have any questions about the proxy materials or voting?

A: If you have any questions about the proxy materials or if you need assistance submitting your proxy or voting your shares or need additional copies of this joint proxy statement/prospectus or the enclosed proxy card, you should contact the proxy solicitation agent for the company in which you hold shares.

If you are an NRG stockholder, you should contact MacKenzie Partners, Inc., the proxy solicitation agent for NRG, at (800) 322-2885 (toll-free) or (212) 929-5500 (collect). If you are a GenOn stockholder, you should contact Innisfree M&A Incorporated, the proxy solicitation agent for GenOn, at (877) 800-5187 (toll-free) or (212) 750-5833 (collect).

The Parties

NRG

NRG is an integrated wholesale power generation and retail electricity company that aspires to be a leader in the way the industry and consumers think about, use, produce and deliver energy and energy services in major competitive power markets in the United States. First, NRG is a wholesale power generator engaged in the ownership and operation of power generation facilities; the trading of energy, capacity and related products; and the transacting in and trading of fuel and transportation services. Second, NRG is a retail electricity company engaged in the supply of electricity, energy services, and cleaner energy products to retail electricity customers in deregulated markets. Finally, NRG is focused on the deployment and commercialization of potential disruptive technologies, like electric vehicles, certain solar power projects and smart meter technology, which have the potential to change the nature of the power supply industry.

For the year ended December 31, 2011, NRG had total revenues of approximately \$9.1 billion and net income of approximately \$197 million.

NRG's principal offices are located at 211 Carnegie Center, Princeton, New Jersey 08540, and its telephone number is (609) 524-4500. NRG common stock is listed on the New York Stock Exchange, which is referred to as the NYSE, trading under the symbol "NRG."

GenOn

GenOn is principally a wholesale power generator engaged in the ownership and operation of power generation facilities in competitive energy markets. GenOn also operates integrated asset management and proprietary trading operations. GenOn's customers are principally independent system operators, regional transmission organizations and investor-owned utilities.

For the year ended December 31, 2011, GenOn had total revenues of approximately \$3.6 billion and a net loss of approximately \$189 million.

GenOn's principal offices are located at 1000 Main Street, Houston, Texas 77002 and its telephone number is (832) 357-3000. GenOn common stock is listed on the NYSE, trading under the symbol "GEN."

Merger Sub

Plus Merger Corporation, or Merger Sub, a wholly owned subsidiary of NRG, is a Delaware corporation formed on July 18, 2012, for the purpose of effecting the merger. Merger Sub has not conducted any activities other than those incidental to its formation and the matters contemplated by

Table of Contents

the merger agreement, including the preparation of applicable regulatory filings in connection with the merger.

The Merger

NRG and GenOn have entered into the merger agreement, which provides that, subject to the terms and conditions of the merger agreement and in accordance with the Delaware General Corporation Law, which is referred to as the DGCL, Merger Sub will merge with and into GenOn, with GenOn continuing as the surviving entity and a direct wholly owned subsidiary of NRG.

Consideration to be Received in the Merger by GenOn Stockholders

In the merger, each share of GenOn common stock that is issued and outstanding immediately prior to the effective time of the merger (other than any shares of GenOn common stock owned or held directly or indirectly by NRG, GenOn, Merger Sub or any of their respective subsidiaries that will be cancelled upon completion of the merger) will be converted into the right to receive 0.1216 shares of NRG common stock, which is referred to as the exchange ratio. The exchange ratio will be adjusted appropriately to fully reflect the effect of any reclassification, stock split or combination, exchange or readjustment of shares, or any stock dividend or distribution with respect to the shares of either NRG common stock or GenOn common stock with a record date prior to completion of the merger. No fractional shares of NRG common stock will be issued in connection with the merger, and holders will be entitled to receive cash in lieu thereof. NRG stockholders will continue to own their existing shares, which will not be affected by the merger.

Treatment of Stock Options and Restricted Stock Units

GenOn

Upon completion of the merger, all outstanding GenOn stock options will be converted into stock options with respect to NRG common stock (with the number of shares subject to such options and the per share exercise price appropriately adjusted based on the exchange ratio) and remain outstanding, subject to the same terms and conditions as otherwise applicable to such stock options prior to the merger, except that all GenOn stock options other than those granted in 2012 will become vested upon the completion of the merger. GenOn stock options granted in 2012 will not be subject to accelerated vesting solely by reason of the completion of the merger and will remain subject to the vesting conditions applicable to such stock options prior to the merger.

All outstanding GenOn restricted stock units (other than restricted stock units granted in 2012) will immediately vest and be exchanged for the merger consideration upon completion of the merger (with cash paid in lieu of fractional shares). GenOn restricted stock units granted in 2012 will be converted into NRG restricted stock units (with the number of shares subject to such restricted stock units appropriately adjusted based on the exchange ratio and extent of performance goal attainment) and otherwise remain outstanding in accordance with their terms.

Notwithstanding the foregoing, GenOn outstanding stock options and restricted stock units granted in 2012 will vest (to the extent not already fully vested) at the holder's termination date if the termination is as a result of the merger and occurs within two years of completion of the merger under certain qualifying circumstances.

For a more complete discussion of the treatment of GenOn options and other stock-based awards, see "The Merger Agreement Treatment of GenOn Stock Options and Restricted Stock Units" on page 106. LLC, referred to as Morgan Stanley, as to the fairness, from a financial point of view and as of the date of such opinion, to NRG of the exchange ratio provided for in the merger. The full texts of Credit Suisse's and Morgan Stanley's respective written opinions, each dated July 20, 2012, are attached to this joint proxy statement/prospectus as Annex B and Annex C, respectively, and set forth the assumptions made, procedures followed, matters considered and limitations on the review undertaken by Credit Suisse and Morgan Stanley in connection with such opinions. **The opinions were provided for the benefit of the NRG Board (in its capacity as such) in connection with, and for the purpose of, its evaluation of the exchange ratio from a financial point of view to NRG and did not address any other aspect of the merger. In addition, the opinions did not in any manner address the prices at which shares of NRG common stock or GenOn common stock would trade at any time, or any compensation or compensation agreements arising from the merger which benefit any officer, director or employee of NRG or GenOn, or any class of such persons. The opinions are addressed to the NRG Board and do not constitute advice or a recommendation to any stockholder as to how to vote or act with respect to the merger.** For a more complete description of Credit Suisse's and Morgan Stanley's respective opinions, see "The Merger Opinions of NRG's Financial Advisors" beginning on page 58. For NRG's Directors and Executive Officers: Mr. David Crane, currently NRG's President and Chief Executive Officer, will continue in those positions immediately following the completion of the merger; Mr. Howard E. Cosgrove, currently Chairman of the NRG Board, will continue in that position immediately following the completion of the merger; Mr. Crane, Mr. Cosgrove and ten other directors of NRG will continue to serve as directors of NRG immediately following the completion of the merger.

The NRG Board and the GenOn Board were aware of these additional interests by their respective directors and executive officers and considered these potential interests, among other matters, in evaluating and negotiating the merger agreement and the merger, in approving the merger agreement and in recommending the applicable Merger-Related proposals.

For a further discussion of the interests of GenOn and NRG directors and executive officers in the merger, see "The Merger Interests of Directors and Executive Officers in the Merger" beginning on page 85.

Material U.S. Federal Income Tax Consequences of the Merger

It is a condition to the obligation of GenOn to complete the merger that GenOn receive a written opinion from Skadden, counsel to GenOn, dated as of the closing date, to the effect that for U.S. federal income tax purposes the merger will qualify as a "reorganization" within the meaning of Section 368(a) of the Code, and that NRG receive a written opinion from Kirkland & Ellis, counsel to NRG, dated as of the closing date, to the effect that for U.S. federal income tax purposes the merger will qualify as a "reorganization" within the meaning of Section 368(a) of the Code. It is a condition to the obligation of NRG to effect the merger that NRG receive a written opinion from Kirkland & Ellis, dated as of the closing date, to the effect that for U.S. federal income tax purposes the merger will qualify as a "reorganization" within the meaning of Section 368(a) of the Code, and that GenOn receive a written opinion from Skadden, dated as of the closing date, to the effect that for U.S. federal income tax purposes the merger will qualify as a "reorganization" within the meaning of Section 368(a) of the Code. In addition, in connection with the Registration Statement of which this joint proxy statement/prospectus is a part being declared effective, each of Skadden and Kirkland & Ellis will deliver an opinion to GenOn and NRG, respectively, to the same effect as the opinions described above and to the effect that holders of GenOn common stock whose shares of GenOn common stock

Table of Contents

are exchanged in the merger for shares of NRG common stock will not recognize gain or loss, except to the extent of cash, if any, received in lieu of a fractional share of NRG common stock.

The discussion of material U.S. federal income tax consequences of the merger contained in this joint proxy statement/prospectus is intended to provide only a general summary and is not a complete analysis or description of all potential U.S. federal income tax consequences of the merger. The discussion does not address tax consequences that may vary with, or are contingent on, individual circumstances. In addition, it does not address the effects of any foreign, state or local tax laws.

GenOn stockholders are strongly urged to consult with their tax advisors regarding the tax consequences of the merger to them, including the effects of U.S. federal, state, local, foreign and other tax laws.

For a more complete description of the material U.S. federal income tax consequences of the merger, see "The Merger Material U.S. Federal Income Tax Consequences" beginning on page 102.

Accounting Treatment of the Merger

The merger will be accounted for as an acquisition of GenOn by NRG under the acquisition method of accounting in accordance with accounting principles generally accepted in the U.S., or U.S. GAAP.

No Appraisal Rights

Under Section 262 of the DGCL, neither the holders of GenOn common stock nor the holders of NRG common stock have appraisal rights in connection with the merger.

Regulatory Matters

To complete the merger, GenOn and NRG must make filings with and obtain authorizations, approvals or consents from federal and state public utility, antitrust and other regulatory authorities. The material United States federal and state approvals, consents and filings include the following:

the expiration or termination of the waiting periods under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended, which we refer to as the HSR Act, and the related rules and regulations;

approval of the merger by the Federal Energy Regulatory Commission, which is referred to as the FERC, under the Federal Power Act;

approval of the merger by the New York Public Service Commission, which is referred to as the NYPS&C;

approval of the merger by the Public Utility Commission of Texas, which is referred to as the PUCT;

notice to the California Public Utilities Commission and the lapse of the associated notice period; and

a threshold determination from the Nuclear Regulatory Commission, which is referred to as the NRC, that the merger does not require the prior approval of the NRC under the Atomic Energy Act of 1954.

For a more complete discussion of regulatory matters relating to the merger, see "The Merger Regulatory Approvals Required for the Merger" beginning on page 95.

Litigation Related to the Merger

GenOn, members of the GenOn Board, NRG and Merger Sub are named defendants in three pending lawsuits, each purportedly brought on behalf of all of the public stockholders of GenOn. The complaints allege, among other things, that members of the GenOn Board have breached their fiduciary duties by failing to take steps to maximize the value of GenOn to its public stockholders, that the joint proxy statement contains incomplete and misleading disclosures, and that NRG and Merger Sub have aided and abetted GenOn directors' breaches of their fiduciary duties. The plaintiffs in these lawsuits seek, among other things, (i) a declaration that the merger agreement was entered into in breach of GenOn directors' fiduciary duties, (ii) an injunction enjoining the GenOn Board from consummating the merger, (iii) an order directing the GenOn Board to exercise their duties to obtain a transaction which is in the best interests of GenOn's stockholders, (iv) an order granting the class members any benefits allegedly improperly received by the defendants, (v) a rescission of the merger, in the event that it is consummated, and/or (vi) an order directing additional disclosure regarding the merger. NRG and GenOn believe the allegations of the complaints are without merit and intend to defend these lawsuits vigorously.

Conditions to Completion of the Merger

The parties expect to complete the merger after all of the conditions to the merger in the merger agreement are satisfied or waived, including after NRG and GenOn receive stockholder approvals at their respective special meetings and receive all required regulatory approvals. The parties currently expect to complete the merger by the first quarter of 2013. However, it is possible that factors outside of each company's control could require them to complete the merger at a later time or not to complete it at all.

The obligations of NRG and GenOn to complete the merger are each subject to the satisfaction (or waiver) of the following conditions:

approval by NRG stockholders of the Share Issuance proposal and Charter Amendment proposal;

approval by GenOn stockholders of the Merger proposal;

absence of any law or injunction prohibiting the consummation of the merger;

receipt of all required regulatory approvals, provided that none of these approvals (or any order issued, imposed or otherwise put into effect in connection with any of these approvals) constitutes or would reasonably be expected to constitute, cause or result in a material adverse effect on NRG or GenOn;

authorization of the listing of the shares of NRG common stock to be issued in connection with the merger or reserved for issuance in connection with the merger on the NYSE, subject to official notice of issuance;

effectiveness of the registration statement of which this joint proxy statement/prospectus forms a part and the absence of a stop order or proceedings threatened or initiated by the SEC for that purpose;

accuracy of the other party's representations and warranties in the merger agreement, subject to certain exceptions;

the prior performance by the other party, in all material respects, of its obligations under the merger agreement;

receipt of a certificate executed by an executive officer of the other party as to the satisfaction of the conditions described in the preceding two bullets; and

Table of Contents

receipt of a legal opinion from its counsel to the effect that the merger will qualify as a "reorganization" within the meaning of Section 368(a) of the Code, and receipt of a copy of the legal opinion of counsel to the other party to the same effect.

The conditions set forth in the merger agreement may be waived by NRG or GenOn, subject to the agreement of the other party in certain circumstances. For a more complete discussion of the conditions to the merger, see "The Merger Agreement Conditions to Completion of the Merger" beginning on page 109.

Treatment of GenOn's Existing Debt; Financing

There are no financing conditions to the merger and the merger is not conditioned upon the completion of the Change in Control Offers, the NRG Debt Offers or the funding of the financing contemplated by the commitment letters, each as described herein.

In connection with the merger, the parties intend to terminate GenOn's existing senior secured term loan facility and revolving credit facility. In addition, at NRG's request and subject to the terms and conditions of the merger agreement, GenOn will commence a "change of control" tender offer for each series of GenOn's outstanding notes due 2014, 2017, 2018 and 2020 (the "Notes"), conditioned on the completion of the merger. We refer to these offers as the "Change in Control Offers." Further, subject to the terms and conditions of the merger agreement, NRG may, at its election following consultation with GenOn, commence a tender offer for cash or an exchange offer for securities for all or any portion of GenOn's outstanding Notes, conditioned on the completion of the merger. We refer to these offers as the "NRG Debt Offers." Also, NRG may, subject to the terms and conditions of the merger agreement, elect to undertake a consent solicitation to alter the terms of any of GenOn's Notes that remain outstanding after completion of the Change in Control Offers and the NRG Debt Offers.

NRG intends to finance the Change in Control Offers, the NRG Debt Offers, and the related fees, commissions and expenses with a combination of funds available at each of NRG and GenOn (including funds available under NRG's existing credit facilities) and, to the extent necessary, new financing. NRG has obtained commitment letters from Credit Suisse AG, Cayman Islands Branch and Morgan Stanley Senior Funding, Inc. to fund up to \$1.6 billion under a new senior secured term loan facility, to the extent such funds are necessary to consummate the Change in Control Offers and the NRG Debt Offers.

The parties do not expect the merger to have any impact on the debt existing at GenOn's subsidiaries.

In addition to the Change in Control Offers and the NRG Debt Offers, NRG may otherwise pursue a refinancing of all or a portion of GenOn's existing indebtedness, provided that GenOn and its subsidiaries will not be required to incur any obligation with respect to such refinancing before the completion of the merger and such refinancing will not delay the completion of the merger.

For further information regarding the contemplated financing, see "The Merger Treatment of GenOn's Existing Debt; Financing" beginning on page 98 and "The Merger Agreement Financing" on page 121.

Timing of the Merger

The merger is expected to be completed by the first quarter of 2013.

No Solicitation of Other Offers

In the merger agreement, each of NRG and GenOn has agreed that it will not directly or indirectly:

solicit, initiate, seek or knowingly encourage or facilitate any proposal that constitutes or would reasonably be expected to lead to an alternative acquisition proposal (as described in the section entitled "The Merger Agreement Non-Solicitation of Alternative Acquisition Proposals" beginning on page 115);

furnish any non-public information, or afford access to properties, books and records in connection with or in response to an alternative acquisition proposal;

engage or participate in any discussions or negotiations with any person regarding an alternative acquisition proposal; or

adopt or approve any alternative acquisition proposal or enter into any letter of intent, memorandum of understanding, merger agreement or any other agreement providing for any alternative acquisition proposal.

The merger agreement does not, however, prohibit either party from considering an unsolicited acquisition proposal from a third party if certain specified conditions are met. For a discussion of the prohibition on solicitation of acquisition proposals from third parties, see "The Merger Agreement Non-Solicitation of Alternative Acquisition Proposals" beginning on page 115.

Termination of the Merger Agreement; Termination Fee and Expense Reimbursement

Generally, the merger agreement may be terminated and the merger may be abandoned at any time prior to completion of the merger, including after the required NRG stockholder approval or GenOn stockholder approval is obtained, as specified below:

by mutual written consent of NRG and GenOn;

by either party, if:

the merger has not been completed on or prior to March 30, 2013, which is referred to as the end date; provided that each party has the right to extend such end date up to July 31, 2013 if the only unsatisfied conditions to completion of the merger are those regarding the receipt of required regulatory approvals described above under "Summary Regulatory Matters;"

a law or order has been entered permanently restraining, enjoining or otherwise prohibiting completion of the merger and such injunction becomes final and non-appealable, provided that the party seeking to terminate the merger agreement for this reason has complied in all material respects with its obligation to use reasonable best efforts to obtain the required regulatory approvals;

in connection with any required regulatory approval, any governmental entity has issued any order that constitutes or would reasonably be expected to constitute, cause or result in a material adverse effect on NRG or GenOn, and such order becomes final and non-appealable;

Edgar Filing: NRG ENERGY, INC. - Form S-4/A

the requisite approvals by the stockholders of NRG or GenOn have not been obtained at the respective stockholders' meeting (or at any adjournment or postponement thereof);

the other party has breached any representation, covenant or other agreement in the merger agreement in a way that the related condition to closing would not be satisfied, and this breach is either not cured within 30 days of notice or cannot be cured prior to the end date;

the other party's board of directors changes its recommendation that its stockholders vote for, in the case of NRG, the Share Issuance proposal and the Charter Amendment proposal or, in the case of GenOn, the Merger proposal;

the other party has breached its non-solicitation obligations under the merger agreement in any material respect;

prior to obtaining approval by its stockholders, subject to compliance with certain conditions, such party terminates the merger agreement in order to enter into a definitive agreement with respect to a superior offer and concurrently pays the required termination fee to the other party; or

the other party's board of directors or any committee of the board (a) fails to recommend against any alternative acquisition proposal within 10 business days after the commencement of such alternative acquisition proposal, provided that the terminating party must exercise such terminating right within five business days after the end of such 10 business day period; (b) fails to publicly reaffirm its recommendation, in the case of NRG, for the Share Issuance proposal and/or the Charter Amendment Proposal or, in the case of GenOn, the Merger proposal, in each case within 10 business days following written request by the terminating party, provided that the terminating party must exercise this termination right within five business days after the end of such 10 business day period; (c) grants any waiver under or terminates any standstill provision in any confidentiality or similar agreement with a third party; (d) approves any transaction under, or any third party becoming an "interested stockholder" under, Section 203 of the DGCL; or (e) in the case of GenOn only, renders certain restrictions set forth in GenOn's certificate of incorporation inapplicable to any alternative transaction, or renders the GenOn Rights Agreement inapplicable to any alternative transaction or exempts any third party from becoming an "acquiring person" for purposes of the GenOn Rights Agreement, or resolves, agrees or publicly announces an intention to take any of the actions referred to in the foregoing clauses (a) through (e).

The merger agreement provides that, upon a termination of the merger agreement under specified circumstances, GenOn is required to pay a termination fee of \$60 million to NRG and, alternatively, NRG is required to pay a termination fee of \$120 million to GenOn. In addition, if the merger agreement is terminated due to the failure to obtain the required stockholder approval of the Share Issuance proposal, the Charter Amendment proposal or the Merger proposal, then NRG or GenOn, as applicable, will be required to reimburse the other for its reasonable out-of-pocket fees and expenses incurred in connection with the merger agreement, subject to a cap of \$10 million if no alternative acquisition proposal has been publicly announced and no third party has publicly announced or communicated an intention to make an alternative acquisition proposal prior to the stockholders' meeting, or \$25 million in all other circumstances. Any termination fee payable by either party will be reduced by the amount of any expense reimbursement paid by such party prior to the payment of the termination fee.

For a more detailed discussion of each party's termination rights and the related termination fee and/or expense reimbursement obligations, see "The Merger Agreement Termination of the Merger Agreement" beginning on page 124 and "The Merger Agreement Effect of Termination; Termination Fees and Expense Reimbursement" beginning on page 125.

The merger will be accounted for under the acquisition method of accounting, which means the assets and liabilities of GenOn will be recorded, as of the completion of the merger, at their respective fair values and added to those of NRG. For a more detailed description of the acquisition method of accounting, see "The Merger Accounting Treatment" on page 95 of this joint proxy statement/prospectus.

We have presented below selected unaudited pro forma combined consolidated financial information that reflects the acquisition method of accounting and gives effect to the merger, in the case of the statement of operations information, as though the merger had occurred as of January 1, 2011 and, in the case of the balance sheet information, as though the merger had occurred as of June 30, 2012.

The unaudited pro forma combined consolidated financial information has been prepared giving effect to the issuance of 0.1216 shares of NRG common stock in exchange for each share of GenOn common stock.

The unaudited pro forma combined consolidated financial information would have been different had the companies actually been combined as of January 1, 2011. For example, the selected unaudited pro forma combined consolidated financial information does not reflect cost savings that may result from the merger. The combined pro forma financial information has been presented for illustrative purposes only and is not necessarily indicative of the results of operations and financial position that would have been achieved had the pro forma events taken place on the dates indicated, or of the future consolidated results of operations or of the financial position of the combined company. The following selected unaudited pro forma combined consolidated financial information has been derived from, and should be read in conjunction with, the Unaudited Pro Forma Condensed Combined Consolidated Financial Statements and related notes beginning on page 142 of this joint proxy statement/prospectus.

On July 20, 2012, the last trading day before the public announcement of the signing of the merger agreement, the closing sale price per share of NRG common stock was \$18.05 and the closing sale price per share of GenOn common stock was \$1.82, in each case on the NYSE. On October 4, 2012, the latest practicable date before the date of this joint proxy statement/prospectus, the closing sale price per share of NRG common stock was \$22.62 and the closing sale price per share of GenOn common stock was \$2.70, in each case on the NYSE. The table below sets forth the equivalent market

value per share of GenOn common stock on July 20, 2012 and October 4, 2012, as determined by multiplying the closing prices of shares of NRG common stock on those dates by the exchange ratio of 0.1216. Although the exchange ratio is fixed, the market prices of NRG common stock and GenOn common stock will fluctuate before the special meetings and before the merger is completed. The market value of the merger consideration ultimately received by GenOn stockholders will depend on the closing price of NRG common stock on the day such stockholders receive their shares of NRG common stock.

Dividends and Other Distributions

NRG declared its first-ever quarterly dividend of nine cents per share of NRG common stock payable on August 15, 2012 to stockholders of record as of August 1, 2012. GenOn has not paid or declared any dividends on its common stock in the last three years and does not anticipate paying any cash dividends prior to completion of the merger. After the completion of the merger, the NRG Board intends to continue the dividend announced by NRG on February 28, 2012.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This document contains certain forward-looking information about NRG, GenOn and the combined company that is intended to be covered by the safe harbor for "forward-looking statements" provided by the Private Securities Litigation Reform Act of 1995. These statements may be made directly in this joint proxy statement/prospectus or may be incorporated by reference to other documents and may include statements for the period after completion of the merger. These forward-looking statements relate to outlooks or expectations for earnings, revenues, expenses, asset quality or other future financial or business performance, strategies or expectations, or the effect of legal, regulatory or supervisory matters on business, results of operations or financial condition, and include, among others:

statements relating to the benefits of the merger, including anticipated synergies and cost savings estimated to result from the merger;

statements relating to future business prospects, revenue, income, liquidity and financial condition; and

statements preceded by, followed by or that include the words "estimate," "plan," "project," "forecast," "intend," "expect," "anticipate," "believe," "think," "view," "seek," "target" or similar expressions.

Forward-looking statements reflect managements' judgment based on currently available information and involve a number of factors, risks and uncertainties that could cause actual results to differ. With respect to these forward-looking statements, each of NRG management and GenOn management has made assumptions regarding, among other things, future demand and market prices for electricity, capacity, fuel and emission allowances, operating, general and administrative costs, financial and economic market conditions and legislative, regulatory and/or market developments. The future and assumptions about the future cannot be ensured. Actual results may differ materially from those in the forward-looking statements. Some factors, risks and uncertainties that could cause actual results to differ include:

the ability to obtain stockholder and regulatory approvals for the merger on the proposed terms or on the anticipated schedule;

diversion of management attention on merger-related matters;

impact of the merger on relationships with customers, suppliers and employees;

the ability to finance the businesses of the combined company post-closing and the terms on which such financing may be available;

the financial performance of the combined company following completion of the merger;

the ability to successfully integrate the businesses of NRG and GenOn;

the ability to realize anticipated benefits of the proposed transaction (including expected cost savings and other synergies) or the risk that anticipated benefits may take longer to realize than expected;

legislative, regulatory and/or market developments, the outcome of pending or threatened lawsuits, regulatory or tax proceedings or investigations;

Edgar Filing: NRG ENERGY, INC. - Form S-4/A

allowances, weather conditions, operational constraints or outages, fuel supply or transmission issues, hedging ineffectiveness; and

those set forth in or incorporated by reference into this joint proxy statement/prospectus in the section entitled "Risk Factors" beginning on page 34.

You are cautioned not to place undue reliance on any forward-looking statements, which speak only as of the date of this joint proxy statement/prospectus, or in the case of a document incorporated by reference, as of the date of that document. Except as required by law, neither NRG nor GenOn undertakes any obligation to publicly update or release any revisions to these forward-looking statements to reflect any events or circumstances after the date that they were made or to reflect the occurrence of unanticipated events.

Additional factors, risks and uncertainties that could cause actual results to differ materially from those expressed in the forward-looking statements are discussed in reports filed with the SEC by NRG and GenOn. See "Where You Can Find More Information" beginning on page 170 for a list of the documents incorporated by reference.

Table of Contents

RISK FACTORS

In addition to the other information included or incorporated by reference in this joint proxy statement/prospectus, including the matters addressed in "Cautionary Note Regarding Forward-Looking Statements" on page 32, you should carefully consider the following risks before deciding how to vote.

Risks Related to the Merger

Because the exchange ratio is fixed and the market price of shares of NRG common stock will fluctuate, GenOn stockholders cannot be sure of the value of the merger consideration they will receive.

Upon completion of the merger, each outstanding share of GenOn common stock will be converted into the right to receive 0.1216 shares of NRG common stock. The number of shares of NRG common stock to be issued pursuant to the merger agreement for each share of GenOn common stock is fixed and will not change to reflect changes in the market price of NRG or GenOn common stock. Because the exchange ratio will not be adjusted to reflect any changes in the market value of NRG common stock or GenOn common stock, the market value of the NRG common stock issued in connection with the merger and the GenOn common stock surrendered in connection with the merger may be higher or lower than the values of those shares on earlier dates. Stock price changes may result from, among other things, changes in the business, operations or prospects of NRG or GenOn prior to or following the merger, litigation or regulatory considerations, general business, market, industry or economic conditions and other factors both within and beyond the control of NRG and GenOn. The market price of NRG common stock at the time of completion of the merger may vary significantly from the market prices of NRG common stock on the date the merger agreement was executed, the date of this joint proxy statement/prospectus and the date of the respective special stockholder meetings. Accordingly, at the time of the GenOn special stockholder meeting, you will not know or be able to calculate the market value of the merger consideration you will receive upon completion of the merger. Neither NRG nor GenOn is permitted to terminate the merger agreement solely because of changes in the market price of either company's common stock.

Current NRG and GenOn stockholders will have a reduced ownership and voting interest after the merger.

NRG will issue or reserve for issuance approximately 98 million shares of NRG common stock for issuance to GenOn stockholders in the merger (including shares of NRG common stock to be issued in connection with outstanding GenOn equity awards). As a result of these issuances, current NRG and GenOn stockholders are expected to hold approximately 71% and 29%, respectively, of the combined company's outstanding common stock immediately following completion of the merger.

NRG and GenOn stockholders currently have the right to vote for their respective directors and on other matters affecting the applicable company. When the merger occurs, each GenOn stockholder that receives shares of NRG common stock will become a stockholder of NRG with a percentage ownership of the combined company that will be smaller than the stockholder's percentage ownership of GenOn. Correspondingly, each NRG stockholder will remain a stockholder of NRG with a percentage ownership of the combined company that will be smaller than the stockholder's percentage of NRG prior to the merger. As a result of these reduced ownership percentages, NRG stockholders will have less voting power in the combined company than they now have with respect to NRG, and former GenOn stockholders will have less voting power in the combined company than they now have with respect to GenOn.

Table of Contents

The merger agreement limits each of NRG's and GenOn's ability to pursue alternatives to the merger, which could discourage a potential acquirer of either GenOn or NRG from making an alternative transaction proposal and, in certain circumstances, could require NRG or GenOn to pay to the other a significant termination fee.

Under the merger agreement, NRG and GenOn are restricted, subject to limited exceptions, from pursuing or entering into alternative transactions in lieu of the merger. In general, unless and until the merger agreement is terminated, both NRG and GenOn are restricted from, among other things, soliciting, initiating, seeking, knowingly encouraging or facilitating a competing acquisition proposal from any person. Each of the NRG Board and the GenOn Board is limited in its ability to change its recommendation with respect to the merger-related proposals. NRG or GenOn may terminate the merger agreement and enter into an agreement with respect to a superior offer only if specified conditions have been satisfied, including compliance with the non-solicitation provisions of the merger agreement, the expiration of certain waiting periods that may give the other party an opportunity to amend the merger agreement so the superior offer is no longer a superior offer and the payment of the required termination fee. These provisions could discourage a third party that may have an interest in acquiring all or a significant part of NRG or GenOn from considering or proposing such an acquisition, even if such third party were prepared to pay consideration with a higher per share cash or market value than the consideration proposed to be received or realized in the merger, or might result in a potential acquirer proposing to pay a lower price than it would otherwise have proposed to pay because of the added expense of the termination fee that may become payable. As a result of these restrictions, neither NRG nor GenOn may be able to enter into an agreement with respect to a more favorable alternative transaction without incurring potentially significant liability to the other. See "The Merger Agreement Non-Solicitation of Alternative Acquisition Proposals" beginning on page 115.

NRG and GenOn will be subject to various uncertainties and contractual restrictions while the merger is pending that could adversely affect their financial results.

Uncertainty about the effect of the merger on employees, suppliers and customers may have an adverse effect on NRG and/or GenOn. These uncertainties may impair NRG's and/or GenOn's ability to attract, retain and motivate key personnel until the merger is completed and for a period of time thereafter, and could cause customers, suppliers and others who deal with NRG or GenOn to seek to change existing business relationships with NRG or GenOn. Employee retention and recruitment may be particularly challenging prior to completion of the merger, as employees and prospective employees may experience uncertainty about their future roles with the combined company.

The pursuit of the merger and the preparation for the integration of the two companies may place a significant burden on management and internal resources. Any significant diversion of management attention away from ongoing business and any difficulties encountered in the transition and integration process could affect the financial results of NRG, GenOn and/or the combined company.

In addition, the merger agreement restricts each of NRG and GenOn, without the other's consent, from making certain acquisitions and dispositions and taking other specified actions while the merger is pending. These restrictions may prevent NRG and/or GenOn from pursuing attractive business opportunities and making other changes to their respective businesses prior to completion of the merger or termination of the merger agreement. See "The Merger Agreement Conduct of Business Prior to Closing" beginning on page 113.

If completed, the merger may not achieve its intended results, and NRG and GenOn may be unable to successfully integrate their operations.

NRG and GenOn entered into the merger agreement with the expectation that the merger will result in various benefits, including, among other things, cost savings and operating efficiencies.

Table of Contents

Achieving the anticipated benefits of the merger is subject to a number of uncertainties, including whether the businesses of NRG and GenOn can be integrated in an efficient and effective manner.

It is possible that the integration process could take longer than anticipated and could result in the loss of valuable employees, the disruption of each company's ongoing businesses, processes and systems or inconsistencies in standards, controls, procedures, practices, policies and compensation arrangements, any of which could adversely affect the combined company's ability to achieve the anticipated benefits of the merger. The combined company's results of operations could also be adversely affected by any issues attributable to either company's operations that arise or are based on events or actions that occur prior to the closing of the merger. The companies may have difficulty addressing possible differences in corporate cultures and management philosophies. The integration process is subject to a number of uncertainties, and no assurance can be given that the anticipated benefits will be realized or, if realized, the timing of their realization. Failure to achieve these anticipated benefits could result in increased costs or decreases in the amount of expected revenues and could adversely affect the combined company's future business, financial condition, operating results and prospects.

Pending litigation against NRG and GenOn could result in an injunction preventing completion of the merger, the payment of damages in the event the merger is completed and/or may adversely affect the combined company's business, financial condition or results of operations following the merger.

In connection with the merger, purported stockholders of GenOn have filed putative stockholder class action lawsuits against GenOn and its directors, NRG and Merger Sub. Among other remedies, the plaintiffs seek to enjoin the merger. See "Litigation Relating to the Merger" on page 101. In addition, one of the conditions to the closing of the merger is that no injunction, order or decree issued by any court of competent jurisdiction or other legal restraint or prohibition shall be in effect restraining, enjoining or otherwise prohibiting the consummation of the merger. Consequently, if one of the plaintiffs is successful in obtaining an injunction prohibiting GenOn or NRG from consummating the merger on the agreed-upon terms, then the injunction may prevent the merger from being completed within the expected timeframe, or at all. Furthermore, if the defendants are not able to resolve these lawsuits, the lawsuits could result in substantial costs to NRG and GenOn, including any costs associated with the indemnification of directors. The defense or settlement of any lawsuit or claim that remains unresolved at the time the merger is completed may adversely affect the combined company's business, financial condition or results of operations.

NRG and GenOn may be unable to obtain the regulatory approvals required to complete the merger or, in order to do so, NRG and GenOn may be required to comply with material restrictions or conditions that may negatively affect the combined company after the merger is completed or cause them to abandon the merger. Failure to complete the merger could negatively affect the future business and financial results of NRG and GenOn.

Completion of the merger is contingent upon, among other things, the receipt of certain required regulatory approvals, including the expiration or termination of the applicable HSR Act waiting period and required regulatory approvals from FERC, PUCT and NYPSC, as well as a determination from the NRC that approval is not needed. The receipt of these regulatory approvals without the imposition of any condition that would constitute or be reasonably likely to cause or result in a material adverse effect with respect to either NRG or GenOn is a condition to each party's obligation to complete the merger. NRG and GenOn can provide no assurance that all required regulatory authorizations, approvals or consents will be obtained or that the authorizations, approvals or consents will not contain terms, conditions or restrictions that would be detrimental to the combined company after completion of the merger. See "The Merger Regulatory Approvals Required for the Merger" beginning on page 95.

The special meetings of NRG and GenOn stockholders at which the merger-related proposals will be considered may take place before all of the required regulatory approvals have been obtained and

Table of Contents

before all conditions to such approvals, if any, are known. In this event, if the merger-related proposals are approved, NRG and GenOn may subsequently agree to conditions without further seeking stockholder approval, even if such conditions could have an adverse effect on NRG, GenOn or the combined company.

Delays in completing the merger may substantially reduce the expected benefits of the merger

Satisfying the conditions to, and completion of, the merger may take longer than, and could cost more than, NRG and GenOn expect. Any delay in completing or any additional conditions imposed in order to complete the merger may materially adversely affect the synergies and other benefits that NRG and GenOn expect to achieve from the merger and the integration of their respective businesses. In addition, each of NRG and GenOn may terminate the merger agreement if the merger is not completed by March 30, 2013, except that such date may be extended to July 31, 2013 if the only unsatisfied conditions to the completion of the merger are those regarding the receipt of required regulatory approvals.

Failure to complete the merger could negatively affect the share prices and the future businesses and financial results of NRG and GenOn.

Completion of the merger is not assured and is subject to risks, including the risks that approval of the transaction by stockholders of NRG and GenOn or by governmental agencies will not be obtained or that certain other closing conditions will not be satisfied. If the merger is not completed, the ongoing businesses and financial results of NRG or GenOn may be adversely affected and NRG and GenOn will be subject to several risks, including:

having to pay certain significant costs relating to the merger without receiving the benefits of the merger, including, in certain circumstances, a termination fee of \$120 million in the case of NRG and a termination fee of \$60 million in the case of GenOn;

the potential loss of key personnel during the pendency of the merger as employees may experience uncertainty about their future roles with the combined company;

NRG and GenOn will have been subject to certain restrictions on the conduct of their businesses which may have prevented them from making certain acquisitions or dispositions or pursuing certain business opportunities while the merger was pending;

the share price of NRG and/or GenOn may decline to the extent that the current market prices reflect an assumption by the market that the merger will be completed; and

each of NRG and GenOn may be subject to litigation related to any failure to complete the merger.

In addition, eleven purported class action lawsuits have been filed against GenOn, members of the GenOn Board, NRG and Merger Sub, seeking, among other things, an injunction prohibiting the consummation of the merger. While we believe these lawsuits are without merit, neither NRG nor GenOn can make any assurances as to the outcome of these lawsuits.

The pro forma financial statements included in this joint proxy statement/prospectus are presented for illustrative purposes only and may not be an indication of the combined company's financial condition or results of operations following the merger.

The pro forma financial statements contained in this joint proxy statement/prospectus are presented for illustrative purposes only, are based on various adjustments, assumptions and preliminary estimates and may not be an indication of the combined company's financial condition or results of operations following the merger for several reasons. See "Unaudited Pro Forma Condensed Combined

Table of Contents

Consolidated Financial Statements" beginning on page 142. The actual financial condition and results of operations of the combined company following the merger may not be consistent with, or evident from, these pro forma financial statements. In addition, the assumptions used in preparing the pro forma financial information may not prove to be accurate, and other factors may affect the combined company's financial condition or results of operations following the merger. Any potential decline in the combined company's financial condition or results of operations may cause significant variations in the stock price of the combined company.

The merger may not be accretive to EBITDA and may cause dilution to NRG's EBITDA per share, which may negatively affect the market price of NRG's common stock.

NRG currently anticipates that the merger will be accretive to EBITDA in 2014, which is expected to be the first full year following completion of the merger. This expectation is based on preliminary estimates that are subject to change. NRG also could encounter additional transaction and integration-related costs, may fail to realize all of the benefits anticipated in the merger or be subject to other factors that affect preliminary estimates. Any of these factors could cause a decrease in NRG's EBITDA per share or decrease or delay the expected accretive effect of the merger and contribute to a decrease in the price of NRG's common stock.

NRG and GenOn will incur substantial transaction fees and costs in connection with the merger.

NRG and GenOn expect to incur non-recurring expenses totaling approximately \$215 million, which include \$60 million of transaction costs and \$155 million of restructuring or exit costs that may be incurred to achieve the desired cost savings from the merger. Additional unanticipated costs may be incurred in the course of the integration of the businesses of NRG and GenOn. The companies cannot be certain that the elimination of duplicative costs or the realization of other efficiencies related to the integration of the two businesses will offset the transaction and integration costs in the near term, or at all.

NRG may need to obtain new financing in connection with the termination of GenOn's existing credit facilities, the "change in control" offers for GenOn's senior notes, or the refinancing of certain of GenOn's existing indebtedness, which new financing may be more costly or time-consuming to obtain than expected.

In connection with the merger, the parties intend to terminate GenOn's existing senior secured term loan facility and revolving credit facility, and commence a "change of control" tender offer for each series of GenOn's outstanding Notes. In addition, NRG may, at its election following consultation with GenOn, commence a tender offer for cash or an exchange offer for securities for all or any portion of GenOn's outstanding Notes. NRG intends to finance the "change in control" tender offers or other transactions with respect to the Notes, and the related fees, commissions and expenses with a combination of funds available at each of NRG and GenOn (including funds available under NRG's existing credit facilities) and, to the extent necessary, new financing. While NRG has obtained commitment letters from Credit Suisse AG, Cayman Islands Branch and Morgan Stanley Senior Funding, Inc. to fund up to \$1.6 billion under a new senior secured term loan facility, there is no assurance that the new financing will be obtained on desired terms and within a desired timeframe or will not contain terms, conditions or restrictions that would be detrimental to the combined company after the completion of the merger. There are no financing conditions to the merger and the merger is not conditioned upon the completion of the "change in control" offers or other transactions with respect to the Notes, or the funding of the financing contemplated by the financing commitments. In the event the financing contemplated by the financing commitments becomes unavailable, the merger agreement requires NRG to use reasonable best efforts to obtain alternative financing, but there is no assurance that such alternative financing will be available on reasonable terms.

Table of Contents

Certain directors and executive officers of NRG and GenOn have interests in the merger that are different from, or in addition to, those of other NRG and GenOn stockholders, which could have influenced their decisions to support or approve the merger.

In considering whether to approve the proposals at the special meetings, NRG and GenOn stockholders should recognize that certain directors and executive officers of NRG and GenOn have interests in the merger that differ from, or that are in addition to, their interests as stockholders of NRG and GenOn. These interests include, among others, ownership interests in the combined company, continued service as a director or an executive officer of the combined company, the accelerated vesting of certain equity awards and/or severance benefits as a result of termination of employment in connection with the merger. These interests, among others, may influence the directors and executive officers of NRG and/or GenOn to approve and/or recommend merger-related proposals. The NRG Board and the GenOn Board were aware of and considered these interests at the time each approved the merger agreement. See "The Merger Interests of Directors and Executive Officers in the Merger" beginning on page 85.

The combined company's hedging activities may not be fully protected from fluctuations in commodity prices and cannot eliminate the risks associated with these activities.

NRG currently enters into hedging agreements, including contracts to purchase or sell commodities at future dates and at fixed prices, in order to manage the commodity price risks inherent in its power generation operations. GenOn currently engages in hedging activities to manage the risks associated with volatility in prices for electricity, fuel and emissions allowances. NRG and GenOn expect that the combined company will use appropriate hedging strategies to manage this risk, including opportunistically hedging over multiple year periods to reduce the variability in realized gross margin from its expected generation. The combined company cannot provide assurance that these activities will be successful in managing its price risks or that they will not result in net losses as a result of future volatility in electricity, fuel and emissions markets. Actual power prices and fuel costs may differ from the combined company's expectations.

Furthermore, the hedging procedures that the combined company will have in place may not always be followed or may not always work as planned. If any of the combined company's employees were able to engage in unauthorized hedging and related activities, it could result in significant penalties and financial losses. As a result of these and other factors, we cannot predict the outcome that risk management decisions may have on the business, operating results or financial position of the combined company.

Following the merger, GenOn stockholders will own equity interests in a company that owns a nuclear generating facility, which can present unique risks.

GenOn currently does not own or operate any nuclear power facility, but NRG indirectly owns through its subsidiary NRG South Texas LP, which is referred to as NRG South Texas, a 44.0% interest in a two reactor unit nuclear generating facility, referred to as the South Texas Project or STP, and is subject to regulation by the NRC. There are unique risks associated with a nuclear power facility. These include liabilities related to: the handling, treatment, storage, disposal, transport, release and use of radioactive materials, particularly with respect to spent nuclear fuel; uncertainties regarding the ultimate, and potential exposure to, technical and financial risks associated with modifying, extending the life of, or decommissioning a nuclear facility; limitations on the amounts and types of insurance available to cover losses that might arise in connection with nuclear operations; and costs associated with NRC regulatory oversight. The NRC could impose fines in the event of non-compliance with NRC regulations. The NRC could require the shutdown of one or both STP units for safety reasons or refuse to permit restart of a unit after unplanned or planned outages. New or amended NRC safety and regulatory requirements may give rise to additional operation and maintenance costs and capital

Table of Contents

expenditures. STP may be obligated to continue storing spent nuclear fuel if the U.S. Department of Energy continues to fail to meet its contractual obligations to STP made pursuant to the U.S. Nuclear Waste Policy Act of 1982 to accept and dispose of STP's spent nuclear fuel. Costs associated with these risks could be substantial and have a material adverse effect on NRG's results of operations, financial condition or cash flow. In addition, to the extent that all or a part of STP is required by the NRC to permanently or temporarily shut down or modify its operations, or is otherwise subject to a forced outage, NRG may incur additional costs to the extent it is obligated to provide power from more expensive alternative sources either NRG's own plants, third party generators or the ERCOT to cover NRG's then existing forward sale obligations. Such shutdown or modification could also lead to substantial costs related to the storage and disposal of radioactive materials and spent nuclear fuel. As stockholders of NRG following the merger, GenOn stockholders may be adversely affected by these risks, to which they had no exposure prior to the merger.

The shares of NRG common stock to be received by GenOn stockholders as a result of the merger will have different rights from the shares of GenOn common stock.

Upon completion of the merger, GenOn stockholders will become NRG stockholders and their rights as stockholders will be governed by NRG's certificate of incorporation and by-laws. Certain of the rights associated with NRG common stock are different from the rights associated with GenOn common stock. Please see "Comparison of Rights of Stockholders of NRG and GenOn" beginning on page 160 for a discussion of the different rights associated with NRG common stock.

The merger is expected to result in an ownership change for GenOn under Section 382 of the Code, substantially limiting the use of the NOL carryforwards and other tax attributes of GenOn to offset future taxable income of the combined company.

At December 31, 2011, GenOn had approximately \$2.6 billion of net operating loss, which is referred to as NOL, carryforwards for U.S. federal income tax purposes and approximately \$5.2 billion of NOL carryforwards for state income tax purposes. The utilization of the combined company's NOL carryforwards depends on the timing and amount of taxable income earned in the future, which neither GenOn nor NRG is able to predict.

NRG anticipates that it will not be subject to a limitation under Section 382 of the Code for its \$600 million NOL balance as a result of the merger. However, the merger is expected to result in an ownership change for GenOn under Section 382 of the Code, substantially limiting the use of the NOL carryforwards of GenOn to offset future taxable income of the combined company for both federal and state income tax purposes. In addition, GenOn is expected to be in a net unrealized "built in loss" position which further restricts the utilization of immediate tax deductions the first five years subsequent to the merger. These tax attributes are subject to expiration at various times in the future to the extent that they have not been applied to offset the taxable income of the combined company. These limitations may affect the combined company's effective tax rate in the future.

NRG cannot assure you that it will be able to continue paying dividends at the current rate.

As noted elsewhere in this joint proxy statement/prospectus, NRG currently expects to continue to pay quarterly dividends. However, NRG may not continue to pay dividends at the current rate or at all, for reasons that may include any of the following factors:

NRG may not have enough cash to pay such dividends due to changes in NRG's cash requirements, capital spending plans, financing agreements, cash flow or financial position;

decisions on whether, when and in which amounts to make any future distributions will remain at all times entirely at the discretion of the NRG Board, which reserves the right to change NRG's dividend practices at any time and for any reason; and

Table of Contents

NRG may not receive dividend payments from its subsidiaries, including GenOn and its subsidiaries, in the same level that it has historically. The ability of NRG's subsidiaries to make dividend payments to it is subject to factors similar to those listed above.

NRG's stockholders should be aware that they have no contractual or other legal right to dividends that have not been declared.

Risks Relating to NRG and GenOn

NRG and GenOn are, and will continue to be, subject to the risks described in the following periodic reports, each of which is incorporated by reference into this joint proxy statement/prospectus:

NRG's Annual Report on Form 10-K for the year ended December 31, 2011, which was filed by NRG on February 28, 2012 with the SEC;

NRG's Quarterly Reports on Form 10-Q for the quarterly periods ended March 31, 2012 and June 30, 2012, which were filed by NRG with the SEC on May 3, 2012 and August 8, 2012, respectively;

GenOn's Annual Report on Form 10-K for the year ended December 31, 2011, which was filed by GenOn on February 29, 2012 with the SEC; and

GenOn's Quarterly Reports on Form 10-Q for the quarterly periods ended March 31, 2012 and June 30, 2012, which were filed by GenOn with the SEC on May 10, 2012 and August 9, 2012, respectively.

THE MERGER

The following is a discussion of the merger and the material terms of the merger agreement between NRG and GenOn. You are urged to read carefully the merger agreement in its entirety, a copy of which is attached as Annex A to this joint proxy statement/prospectus and incorporated by reference herein.

Background of the Merger

The power generation industry is capital intensive and the ownership of competitive generation assets is fragmented. As a result, seeking opportunities to achieve combination efficiencies has been a key part of the long-term strategy of each of NRG and GenOn. In fact, GenOn is itself a result of the merger of RRI Energy, Inc. and Mirant Corporation in December 2010 to achieve such efficiencies. To that end, the respective boards of directors and senior managements of NRG and GenOn actively monitor and assess developments in the business and regulatory environment of the competitive power industry, and regularly consider and evaluate options for achieving their respective company's long-term strategic goals and enhancing stockholder value, including periodically assessing potential acquisitions and business combinations with other energy companies. In this regard, both NRG and GenOn regularly discuss internally the other participants in the industry and the issues facing each participant. In addition, both companies have regular conversations and communications with various investment banking firms regarding consolidation opportunities in the sector. As part of their respective ongoing consideration of such opportunities, NRG and GenOn's predecessor companies have had intermittent contact with each other over the past several years, including NRG's acquisition of its Texas retail business from GenOn (then Reliant Energy) in May 2009, but prior to the commencement of discussions in April 2012 that culminated in this transaction, NRG and GenOn had not engaged in discussions regarding a potential business combination with each other since the formation of GenOn in December 2010.

A core element of GenOn's long-term strategy has been to explore strategic transactions to realize stockholder value through cost savings. In discussions regarding such strategic transactions in August 2011, the GenOn Board of Directors (referred to as the GenOn Board), recognized that any resulting business combination would need to satisfy a number of criteria, including that the relative value proposition must make sense for both parties, the combined balance sheet must be sustainable and there must be confidence that required regulatory approvals could be obtained in a timely manner. Based on these criteria for determining whether a transaction was realistically achievable, and the fact that none of the other potential transaction partners that GenOn had periodically considered advanced beyond preliminary contacts, by March 2012, a potential business combination with NRG was viewed as the most realistic business combination transaction that was achievable. In coming to this view, GenOn took into account (i) the difficulty that any non-strategic acquirer would have in making an attractive offer and financing an all-cash transaction given GenOn's substantial indebtedness, refinancing costs and the commodity price environment, (ii) the lack of synergies in any transaction with any non-strategic buyer in an all-cash transaction, (iii) the complementary nature of GenOn's and NRG's generation assets (including diversification by geography and by fuel type) when compared to other potential strategic partners in the industry, (iv) market power/concentration assessments done with third party experts to consider potential regulatory impediments to transactions with a broad range of industry participants, (v) market views based on the outcomes of various industry divestitures and other strategic transactions (both successful and unsuccessful) and (vi) internal and third-party assessments of the financial condition and financing capability of, and operational issues facing, other potential strategic partners in the industry. On April 13, 2012, Mr. Edward R. Muller, GenOn's Chairman of the Board and Chief Executive Officer, called Mr. David Crane, NRG's President and Chief Executive Officer, and indicated GenOn's interest in exploring a potential business combination between the two companies. Mr. Crane, on behalf of NRG, expressed an interest in having such an exploratory discussion, and they agreed to meet in person in mid-May.

Following the April 13th telephone conversation, the management of each of NRG and GenOn conducted reviews of the business and financial condition of the other company based on SEC filings and other publicly available information regarding the other company. In addition, NRG retained Kirkland & Ellis LLP (referred to as Kirkland & Ellis) as its legal advisor in connection with a potential transaction with GenOn and GenOn retained Skadden, Arps, Slate, Meagher & Flom LLP (referred to as Skadden) as its legal advisor in connection with a potential transaction with NRG.

On April 24, 2012, at a regularly scheduled meeting of the Board of Directors of NRG (referred to as the NRG Board), Mr. Crane updated the NRG Board on his conversation with Mr. Muller as well as management's review of GenOn's SEC filings and other publicly available information regarding GenOn. Mr. Crane also discussed with the NRG Board the strategic rationale for a potential transaction with GenOn and the potential capital structure for the combined company. At the conclusion of the meeting, the NRG Board authorized management to pursue discussions with GenOn regarding a potential business combination between the two companies.

On May 9, 2012, at a regularly scheduled meeting of the GenOn Board, Mr. Muller briefed the GenOn Board on his April 13, 2012 discussion with Mr. Crane and the planned meeting with NRG on May 15, 2012. Mr. Muller and Mr. J. William Holden III, GenOn's Executive Vice President and Chief Financial Officer, described for the GenOn Board the status of GenOn's review of various issues pertaining to a potential transaction with NRG, including regulatory considerations. On May 15, 2012, Mr. Crane, Mr. Kirk Andrews, NRG's Chief Financial Officer, and Mr. J. Andrew Murphy, NRG's Executive Vice President, Strategy and M&A, met with Mr. Muller, Mr. Holden and Mr. G. Gary Garcia, GenOn's Senior Vice President and Treasurer, in New York City. At the meeting, the parties discussed the strategic rationale for a potential business combination between the two companies and potential synergies that might be derived from combining the two companies. At the end of the meeting, the parties decided to enter into a confidentiality agreement to facilitate the exchange of certain financial information in order to conduct an initial phase of due diligence, which would primarily focus on confirming potential synergies of a business combination between the two companies as well as a relative value assessment to determine whether there was a basis to conduct more detailed due diligence.

On May 16, 2012, the GenOn Board had a special meeting, at which it received an update from Mr. Muller and Mr. Holden regarding the status of discussions with NRG, including the parties' preliminary views regarding potential synergies, NRG's criteria in evaluating the potential transaction, the timing of a potential transaction, governance matters, regulatory approvals, and the need for a confidentiality agreement with NRG to allow the companies to conduct reciprocal due diligence.

On May 22, 2012, NRG and GenOn entered into a mutual confidentiality agreement that contained customary standstill as well as confidentiality provisions. Following the signing of the confidentiality agreement, the managements of NRG and GenOn held several discussions regarding certain aspects of the potential transaction and the initial diligence phase, including forward commodity price curves and certain other assumptions common to each company's financial forecasts, potential transaction structures, treatment of existing debt and details of the potential synergies that could be realized by combining the two companies, as well as the anticipated timing of the potential business combination.

On July 11, 2012, Mr. Cosgrove and Mr. Caldwell had a telephone call with Mr. Miller regarding the structure and composition of the board of directors of the combined company. The parties agreed that, immediately following the consummation of the merger, the NRG Board would consist of 16 directors, 12 of whom would be incumbent directors from the NRG Board and four of whom would be current directors from the GenOn Board and that Mr. Muller would be vice chairman of the board of directors of the combined company. On July 13, 2012, Mr. Crane called Mr. Muller to discuss the potential range for the exchange ratio and the methodology supporting the range. Messrs. Crane and Muller agreed that, in light of the target signing date of July 20, 2012, the exchange ratio would be determined based on the average closing prices of NRG common stock and GenOn common stock during the 10 and 20 trading day period ending July 18, 2012. Following this conversation, Mr. Andrews of NRG and Mr. Holden of GenOn worked with each other to refine the assumptions and methodologies for determining the exchange ratio and, in accordance with NRG's and GenOn's directives, representatives from Morgan Stanley and J.P. Morgan also engaged in discussions regarding the exchange ratio. While both parties expected that the final exchange ratio would result in a premium to GenOn's stockholders, the parties did not target an exchange ratio that would result in a specific premium or range of premiums to GenOn's stockholders.

Also on July 13, 2012, the GenOn Board held a special meeting, with representatives of GenOn management, Skadden and J.P. Morgan present. On July 18, 2012, Mr. Crane and Mr. Muller had further discussions about the exchange ratio and agreed that they would seek the approval of their respective boards of directors based on an exchange ratio of 0.1216, which, as Mr. Crane and Mr. Muller had discussed on July 13, 2012, was determined based on the average closing prices of NRG common stock and GenOn common stock during the 10 and 20 trading day period ended on July 18, 2012, and applying the assumptions and methodologies previously discussed by the parties. Also on July 18, 2012, Mr. Miller held separate telephone conversations with Mr. Caldwell and Mr. Cosgrove regarding the structure and composition of the board of directors of the combined company.

Over the next two days, managements of NRG and GenOn and their respective legal advisors had a number of conference calls to resolve the remaining outstanding issues in the merger agreement and related transaction documents.

On July 20, 2012, the GenOn Board met at Skadden's offices in Houston, Texas, to consider the proposed business combination with NRG. Prior to the meeting, the GenOn Board was provided with a draft of the merger agreement and other materials related to the proposed transaction. At the meeting, GenOn's management updated the GenOn Board on the principal financial and other terms of the proposed transaction and the results of its due diligence on NRG, including the due diligence conducted by Talisman International, and reviewed the strategic rationale and the anticipated benefits of the proposed transaction to the GenOn stockholders. Skadden reviewed with the GenOn Board its fiduciary duties and then described to the GenOn Board the principal terms of the proposed merger agreement. J.P. Morgan reviewed with the GenOn Board J.P. Morgan's financial analysis performed in connection with the proposed merger and delivered to the GenOn Board an oral opinion (confirmed by delivery of a written opinion dated July 20, 2012), to the effect that, as of that date and based upon and subject to the factors and assumptions set forth therein, the exchange ratio pursuant to the merger agreement was fair, from a financial point of view, to the holders of GenOn common stock. After considering and discussing the foregoing and the proposed terms of the merger agreement, and taking into consideration the factors described under " Rationale for the Merger" and " GenOn Board of Directors' Recommendation and Its Reasons for the Merger," the GenOn Board unanimously determined that the merger and the other transactions contemplated by the merger agreement were advisable and in the best interests of the GenOn stockholders, and adopted and approved the merger agreement, the merger and the other transactions contemplated by the merger agreement and recommended that the GenOn stockholders adopt the merger agreement.

Later in the afternoon of July 20, 2012, the NRG Board held a special meeting to consider the proposed business combination with GenOn. Prior to the meeting, the NRG Board was provided with a copy of the merger agreement and other materials related to the proposed transaction. At the meeting, Mr. Crane updated the NRG Board on his discussions with Mr. Muller regarding the exchange ratio and a representative of Kirkland & Ellis reviewed with the NRG Board the terms of the proposed merger agreement. Potter Anderson then reviewed with the NRG board the proposed governance structure of the combined company. Credit Suisse and Morgan Stanley separately reviewed with the NRG Board their respective financial analyses of the exchange ratio and delivered to the NRG Board an oral opinion, confirmed by delivery of a written opinion dated July 20, 2012, to the effect that, as of that date and based on and subject to various assumptions made, procedures followed, matters considered and limitations of the review undertaken as set forth in such opinion, the exchange ratio provided for in the merger was fair, from a financial point of view, to NRG. NRG management, Credit Suisse and Morgan Stanley also discussed with the NRG Board the contemplated terms of the financing with respect to the GenOn debt that might need to be repaid in connection with the transaction. Following discussions, and taking into consideration the factors described under " Rationale for the Merger" and " NRG Board of Directors' Recommendations and Its Reasons for the Merger," the NRG Board, among other things, approved and declared advisable the merger agreement, the merger and the other transactions contemplated by the merger agreement, authorized

the execution, delivery and performance of the merger agreement, approved and declared advisable the amendment to NRG's certificate of incorporation to expand the size of the board to 16 members, directed that the approval of the issuance of shares of NRG common stock in the merger and the amendment to NRG's certificate of incorporation be submitted to NRG stockholders for their approval, resolved to recommend the approval by the NRG stockholders of the issuance of shares of NRG common stock in the merger and the amendment to NRG's certificate of incorporation to expand the size of the board to 16 members, and also authorized the execution of the commitment letter and related fee letter with respect to the proposed financing. During the period from April 13, 2012 through July 20, 2012, while NRG assessed potential asset acquisition opportunities from time to time, the board of directors and management of NRG were focused on the potential transaction with GenOn and did not consider or pursue any other strategic transaction partner.

Following the approvals of the NRG Board and the GenOn Board, NRG and GenOn executed the merger agreement. On July 22, 2012, NRG and GenOn issued a joint press release announcing execution of the merger agreement.

Rationale for the Merger

In the course of their discussions regarding a potential business combination, both NRG and GenOn recognized there were substantial potential strategic and financial benefits of the proposed merger. This section summarizes the principal potential strategies and financial benefits that the parties expect to realize in the merger and the other reasons that each party decided to approve the merger agreement and determined to recommend that their stockholders vote in favor of the merger. For a discussion of various factors that could prevent or limit the parties from realizing some or all of these benefits, see "Risk Factors" beginning on page 34.

Each of GenOn and NRG believes the merger will enhance stockholder value through, among other things, enabling NRG and GenOn to capitalize on the following strategic advantages and opportunities:

Diversification and Scale. NRG and GenOn believe the merger will create a combined company with greater scale and scope in energy generation and delivery than could be achieved in the near term by either company on a standalone basis, particularly given the complementary geographic footprints of their generating assets. The combined company is expected to become the largest competitive power generation company in the United States with approximately 47,000 MW of fossil fuel, nuclear, solar and wind capacity across the merit order, situated almost entirely in the three premier competitive energy markets in the United States. The combined fleet will generate more than 104 terawatt-hours (TWh) of electricity annually, will have increased diversity from a fuel, geography and revenue (significant increase in capacity revenues) perspective and will be strategically positioned with a significant presence across key regions.

Synergies. NRG and GenOn believe the merger will create significant synergies. Although no assurance can be given that any particular level of cost savings or other synergies will be achieved, NRG and GenOn currently expect that the transaction will result in approximately \$200 million per year in incremental EBITDA and, combined with approximately \$100 million of balance sheet efficiencies, will result in at least \$300 million of additional free cash flow by 2014, the first full year of combined operations. The approximately \$200 million per year in incremental EBITDA breaks down into approximately \$175 million per year in cost synergies, principally resulting from reduced G&A expenses, and approximately \$25 million per year of operational efficiency synergies under NRG's *FORNRG* program. In addition, as a result of interest savings through significant deleveraging and reduced liquidity and collateral requirements, the combined company is expected to realize an additional approximately \$100 million in reduced interest expense and collateral benefits. The transaction costs and total

Table of Contents

cash "cost to achieve" the synergies and other cash flow benefits will primarily be incurred during 2013 and are estimated to be approximately \$200 million.

Anticipated Financial Strength and Increased Flexibility. NRG and GenOn believe the increased scale and scope of the combined company will strengthen its balance sheet. Balance sheet efficiencies will permit the combined company to reduce indebtedness by at least \$1 billion, and increased EBITDA and funds from operations are expected to significantly improve key credit metrics. This will enhance the financial stability of the combined company, lower its average cost of debt and enable it to better navigate through industry cycles and commodity price fluctuations.

Combination of Complementary Expertise. NRG and GenOn believe that the merger will combine complementary areas of expertise, including with respect to operational, regulatory and nuclear matters, and the significant prior experience the two companies have had integrating merged businesses. The combined company is expected to draw upon the intellectual capital, technical expertise, and experience of a deeper and more diverse workforce.

Immediately and Substantially Accretive. The transaction is expected to be immediately accretive on an EBITDA basis and substantially accretive to both EBITDA and free cash flow (before growth investments) in 2014, the first full year of operation after the consummation of the transaction.

Ability to Participate in Future Growth of the Combined Company. Current NRG and GenOn stockholders are expected to hold approximately 71% and 29%, respectively, of the combined company's outstanding common stock upon completion of the merger. As a result, both NRG and GenOn stockholders will have the opportunity to benefit from the synergies expected to be realized from the business combination, any future earnings growth of the combined company and any future appreciation in the value of the combined company's common stock as a result of any economic, power demand and commodity price recovery. In particular, the transaction will significantly increase NRG's restricted payment capacity under its existing senior notes due 2017, which will enhance the combined company's ability to pay the 9 cents per share quarterly dividend (36 cents per share on an annual basis) previously announced by NRG, benefiting stockholders of both NRG and GenOn.

Enables Expanded Wholesale-Retail Model. An expanded core generation fleet will enable the combined company to duplicate in multiple markets (principally in the East) the successful integrated wholesale-retail business model NRG currently operates in ERCOT (the electric market operated by the Electric Reliability Council of Texas). NRG and GenOn believe this is the best business model across the price cycle, in an industry that is subject to commodity price volatility.

The actual synergistic benefits from the merger and costs of integration could be different from the foregoing estimates and these differences could be material. Accordingly, there can be no assurance that any of the potential benefits described above or included in the factors considered by the NRG Board described under "NRG Board of Directors' Recommendations and Its Reasons for the Merger" beginning on page 50 or by the GenOn Board described under "GenOn Board of Directors' Recommendation and Its Reasons for the merger" beginning on page 54 will be realized. See "Risk Factors" beginning on page 34 and "Cautionary Note Regarding Forward-Looking Statements" on page 32.

NRG Board of Directors' Recommendations and Its Reasons for the Merger

At a meeting on July 20, 2012, the NRG Board (i) determined that it is in the best interest of NRG and its stockholders, and declared it advisable, to enter into the merger agreement, (ii) approved the merger agreement and the transactions contemplated thereby, including the merger, (iii) approved and declared the advisability of the Share Issuance, directed that the Share Issuance proposal be submitted to a vote at a meeting of NRG stockholders and recommended that NRG stockholders vote "**FOR**" the Share Issuance proposal, and (iv) approved and declared the advisability of the Charter Amendment, directed that the Charter Amendment proposal be submitted to a vote at a meeting of NRG stockholders and recommended that NRG stockholders vote "**FOR**" the Charter Amendment proposal.

In evaluating the merger agreement and the transactions contemplated thereby, including the Share Issuance and the Charter Amendment, the NRG Board consulted with NRG's management, as well as NRG's legal and financial advisors and, in reaching its determinations, considered a variety of factors with respect to the merger and the other transactions contemplated by the merger agreement, including the specific reasons described above under " Rationale for the Merger" and the factors listed below.

Knowledge of NRG. The NRG Board's knowledge of NRG's business, operations, financial condition, earnings and prospects, and of GenOn's business, operations, financial condition, earnings and prospects, taking into account the results of NRG's due diligence review of GenOn. In particular, the NRG Board focused on the quality of GenOn's assets, the compatibility of the two companies' operations and opportunities for synergies and future growth.

Economic Conditions; Industry Trends. The prevailing macroeconomic conditions, and the economic environment of, and the trends and competitive developments in, the industries in which NRG and GenOn operate, which the NRG Board viewed as supporting the rationale for seeking a strategic transaction intended to create a stronger, more diversified combined company that will be better positioned to benefit from future improvements in the United States and global economy in general and recovery in the power sector in particular.

Financial Terms of the Merger. The review by the NRG Board of the financial terms of the merger, including the value of the merger consideration based on the exchange ratio relative to the then-current market prices and historical trading prices of NRG common stock and GenOn common stock; the fact that stockholders of NRG will own approximately 71% of the common stock of the combined company following the closing of the merger; and the expectation that the merger will qualify as a "reorganization" within the meaning of Section 368(a) of the Code.

Due Diligence. The scope of the due diligence investigation of GenOn conducted by NRG's management and outside advisors, and the results of that investigation.

Recommendation by Management. NRG management's recommendation in favor of the merger, the Share Issuance proposal and the Charter Amendment proposal.

Opinions of NRG's Financial Advisors. The separate opinions of Credit Suisse and Morgan Stanley, each dated July 20, 2012, to the NRG Board as to the fairness, from a financial point of view and as of the date of the opinion, to NRG of the exchange ratio provided for in the merger, which opinions were based on and subject to the assumptions made, procedures followed, matters considered and limitations on the review undertaken as more fully described below under the heading " Opinions of NRG's Financial Advisors" beginning on page 58.

Transaction Structure; Impact on Existing Debt. Upon the closing of the merger, GenOn is able to become an excluded project subsidiary of NRG, which is permitted under the indentures

Table of Contents

governing NRG's outstanding bonds and credit agreement and GenOn's outstanding bonds and therefore the merger will not require the approval of bondholders or first lien holders of either NRG or GenOn.

Likelihood of Completion of the Merger. The likelihood that the merger will be completed on a timely basis, including the likelihood that each of the Merger proposal, the Share Issuance proposal and the Charter Amendment proposal will receive the required stockholder approval, and the likelihood that all necessary regulatory approvals will be obtained on the anticipated schedule without the imposition of unacceptable conditions.

Commitment of the Parties. The commitment on the part of both parties to complete the merger pursuant to their respective obligations under the terms of the merger agreement.

Terms of the Merger Agreement. The terms of the merger agreement, including the representations, warranties, obligations and rights of the parties under the merger agreement, the conditions to each party's obligations to complete the merger, and the circumstances in which each party is permitted to terminate the merger agreement. See "The Merger Agreement" beginning on page 105. In particular, the NRG Board noted the following terms of the merger agreement:

Ability to Fulfill Fiduciary Duties. The fact that the merger agreement allows the NRG Board to engage in discussions with respect to, and provide information in connection with, a bona fide alternative transaction proposal that the NRG Board determines constitutes or is reasonably expected to result in a superior offer. In addition, the merger agreement allows the NRG Board to change or withdraw its recommendation with respect to the Share Issuance proposal and/or the Charter Amendment proposal in the event a superior offer is received or certain material developments or changes in circumstances occur after the execution of the merger agreement, and even to terminate the merger agreement in order to accept a superior offer if, in any of these cases, the NRG Board determines that a failure to change its recommendation or terminate the merger agreement, as applicable, would be reasonably likely to be inconsistent with the exercise of its fiduciary duties under applicable law, subject to compliance with the terms and conditions of the merger agreement, including the payment of a specified termination fee upon termination under certain circumstances.

Termination Fee. The fact that GenOn would be obligated to pay NRG a termination fee of \$60.0 million in connection with the termination of the merger agreement under certain circumstances. See "The Merger Agreement Effect of Termination; Termination Fees and Expense Reimbursement" beginning on page 125.

Governance of the Combined Company. The governance arrangements contained in the merger agreement and to be set forth in the bylaws of NRG immediately following the merger under which, after completion of the merger, (i) the board of directors of NRG will have 16 members, consisting of 12 directors from the current NRG Board (including the current Chairman of the NRG Board and the person who is currently the President and Chief Executive Officer of NRG) and four directors from the GenOn Board (including the person who is currently the Chairman and Chief Executive Officer of GenOn), (ii) the current Chairman of the NRG Board will continue as the Chairman of the NRG Board immediately following the merger, and (iii) the person who is currently the President and

Table of Contents

Chief Executive Officer of NRG will continue as the President and Chief Executive Officer of NRG immediately following the merger.

Headquarters. The fact the merger agreement provides that NRG will have dual headquarters, with its commercial and financial headquarters in Princeton, New Jersey, and its operations headquarters in Houston, Texas.

The NRG Board also considered potential risks and other negative factors concerning the merger in connection with its deliberations of the proposed transaction, including the following:

Fixed Exchange Ratio. The merger agreement provides for a fixed exchange ratio and thus the exchange ratio will not change based on changes in the trading prices of NRG or GenOn common stock or changes in the business performance or financial results of NRG or GenOn. Accordingly, if the value of GenOn's businesses declines relative to the value of NRG's businesses prior to completion of the Merger, GenOn stockholders' percentage ownership in the combined company may exceed GenOn's relative contribution to the combined company. However, the NRG Board determined that the method for determining the exchange ratio was appropriate and the risks acceptable in view of the relative intrinsic values and financial performance of NRG and GenOn and the historic trading prices of NRG and GenOn common stock. The NRG Board also noted the inclusion in the merger agreement of certain structural protections, such as NRG's right to not complete the merger in the event of a material adverse change with respect to GenOn.

Regulatory Approvals. Various regulatory approvals are required to complete the merger, which present a risk that the applicable governmental authorities may condition their grant of required approvals or consents on the imposition of unfavorable terms or conditions or that such approvals and consents will not be able to be obtained at all.

Change in Control Put Right under Certain GenOn Debt. The merger will constitute a "change of control" under GenOn's existing credit facility and trigger a "change in control" put right on the part of holders of certain bonds issued by GenOn. NRG intends to terminate the credit facility and fund the put price payable to bondholders who exercise their put right with a combination of funds available at each of NRG and GenOn and, to the extent necessary, new financing. In connection with the execution of the merger agreement, NRG has obtained commitments from Credit Suisse AG, Cayman Islands Branch and Morgan Stanley Senior Funding, Inc. to fund up to \$1.6 billion under a new senior secured term loan facility.

Failure to Close. There are risks and contingencies relating to the announcement and pendency of the merger and risks and costs to NRG if the closing of the merger is not timely, or if the merger does not close at all, including the potential impact on the relationships between NRG and its employees, customers, suppliers and other third parties, as well as the potential impact on the trading prices of NRG common stock. Additionally, there is the possibility that the merger may not be completed, or that completion may be unduly delayed, for reasons beyond the control of NRG and/or GenOn.

Non-solicitation Obligation and Termination Fee. The merger agreement prohibits each of NRG and GenOn from soliciting or engaging in discussions regarding any alternative transactions during the pendency of the merger, subject to limited exceptions. The merger agreement also requires the payment by NRG of a termination fee of \$120.0 million to GenOn if the merger agreement is terminated under certain circumstances. See "Description of the Merger Agreement Termination Fee." While these provisions could have the effect of discouraging alternative transaction proposals, these provisions would not preclude bona fide alternative transaction proposals, and the NRG Board determined that the size of the termination fee

Table of Contents

payable by NRG is reasonable in light of the size and benefits of the merger and not preclusive of a superior offer, if one were to emerge.

"Ownership Change" under Section 382 of the Internal Revenue Code. The merger is expected to result in an "ownership change" with respect to GenOn for purposes of Section 382 of the Internal Revenue Code, which would impose an annual limitation on the ability of the combined company to utilize GenOn's current net operating losses, approximately \$2.6 billion at December 31, 2011.

Restrictions on Interim Operations. The provisions of the merger agreement impose certain restrictions on the operations of NRG until completion of the merger. For further information, see "The Merger Agreement Interim Operating Covenants of NRG and GenOn."

Transaction Costs. Substantial costs will be incurred by both NRG and GenOn in connection with the merger, including legal fees, financial advisory fees and financing fees, as well as the costs of integrating the businesses of NRG and GenOn.

Diversion of Focus; Integration. There is a risk that management focus, employee attention and resources for other strategic opportunities, as well as employee attention to operational matters, could be diverted for an extended period of time while the parties work to complete the merger and integration process. In addition, there are challenges inherent in the combination of two business enterprises of this size, including the attendant risks that the anticipated cost savings and synergies and other benefits sought to be obtained from the merger might not be achieved in the time frame contemplated or at all.

Interests of Directors and Officers. The interests that certain executive officers and directors of NRG may have with respect to the merger in addition to their interests as stockholders of NRG. However, such additional interests are limited. See "The Merger Additional Interests of NRG's Directors and Executive Officers in the Merger."

Corporate Governance. The NRG Board considered the composition of the board of directors and management of the combined company and the potential for disagreement among directors and executive officers selected from two different organizations.

Employment Matters. There are differences between NRG's and GenOn's compensation practices and philosophies, which could present issues associated with the transition of GenOn employees to NRG's compensation and benefit plans. The NRG Board also noted the risk of loss of key GenOn employees and steps appropriate to retain those people through the completion of the merger and thereafter. The NRG Board also considered the fact that the parties expect to reduce the combined company's net headcount by about 500 employees across NRG's and GenOn's administrative functions and locations.

GenOn Business Risks. The NRG Board considered certain risks inherent in GenOn's business and operations.

Other Risks Considered. The NRG Board also considered the types and nature of the risks described under the section entitled "Risk Factors" beginning on page 34, and the matters described under "Cautionary Note Regarding Forward-Looking Statements" beginning on page 32.

In addition to the factors described above, the NRG Board reviewed the fees payable to Credit Suisse and Morgan Stanley in connection with the merger (including the contingent fee structure under which NRG would not be obligated to pay its financial advisors a portion of their fees unless the merger is completed) and considered the fee arrangements to be customary and appropriate for this type of transaction.

Table of Contents

In view of the wide variety of factors considered in connection with its evaluation of the merger and the complexity of these matters, the NRG Board did not consider it practical, nor did it attempt, to quantify, rank or otherwise assign relative weights to the different factors it considered in reaching its decision. In addition, individual members of the NRG Board may have given different weight to different factors.

The NRG Board did not undertake to make any specific determination as to whether any particular factor, or any aspect of any particular factor, was favorable or unfavorable to its ultimate determination, but rather the NRG Board conducted an overall review of the factors described above, including discussions with the senior management team and outside legal and financial advisors. In considering the factors described above, individual members of the NRG Board may have given different weight to different factors.

GenOn Board of Directors' Recommendation and Its Reasons for the Merger

At a meeting on July 20, 2012, the GenOn Board, by unanimous vote, (i) determined that it is in the best interest of GenOn and its stockholders, and declared it advisable, to enter into the merger agreement, (ii) approved the merger agreement and the transactions contemplated thereby, including the merger, and (iii) determined to recommend that the holders of GenOn common stock vote "**FOR**" the Merger proposal.

In evaluating the merger agreement and the transactions contemplated thereby, the GenOn Board consulted with GenOn's management, as well as GenOn's legal and financial advisors, and, in reaching its conclusion, considered a variety of factors with respect to the merger and the other transactions contemplated by the merger agreement, including the specific reasons described above under " Rationale for the Merger" and the factors listed below.

Knowledge of GenOn. The GenOn Board's knowledge of GenOn's business, operations, financial condition, earnings and prospects and of NRG's business, operations, financial condition, earnings and prospects, taking into account the results of GenOn's due diligence review of NRG. In particular, the GenOn Board focused on the quality of NRG's assets, the compatibility of the two companies' operations and opportunities for synergies and future growth.

Economic Conditions; Industry Trends. The prevailing macroeconomic conditions, and the economic environment of, and the trends and competitive developments in, the industries in which GenOn and NRG operate, which the GenOn Board viewed as supporting the rationale for seeking a strategic transaction intended to create a stronger, more diversified combined company that will be better positioned to benefit from future improvements in the United States and global economy in general and recovery in the power sector in particular.

Financial Terms of the Merger. The review by the GenOn Board, in consultation with GenOn's legal and financial advisors, of the structure of the merger and the financial and other terms and conditions of the merger agreement, including the value of the merger consideration based on the exchange ratio, which represents a premium to GenOn's stockholders relative to the then-current market price of GenOn common stock.

Tax-Free Exchange. The GenOn Board also took into account the fact that the merger is intended to be tax-free to the holders of GenOn common stock.

Due Diligence. The scope of the due diligence investigation conducted by GenOn's management and outside advisors, and the results of that investigation.

Recommendation by Management. GenOn management's recommendation in favor of the merger.

Table of Contents

Opinion of GenOn's Financial Advisor. The financial presentation and opinion of J.P. Morgan, dated July 20, 2012, to the GenOn Board as to the fairness, from a financial point of view and based upon and subject to the various considerations set forth in its opinion (attached to this joint proxy statement/prospectus as Annex D), to holders of GenOn common stock of the exchange ratio provided for in the merger agreement. See "Opinion of GenOn's Financial Advisor" beginning on page 73.

Transaction Structure; Impact on Existing Debt. Upon the closing of the merger, GenOn is able to become an excluded project subsidiary of NRG, which is permitted under the indentures governing NRG's outstanding bonds and credit agreement and GenOn's outstanding bonds and therefore will not require the approval of bondholders or first lien holders of either NRG or GenOn.

Likelihood of Completion of the Merger. The likelihood that the merger will be completed on a timely basis, including the likelihood that the Merger proposal will receive the required stockholder approval, and the likelihood that all necessary regulatory approvals will be obtained on the anticipated schedule without the imposition of unacceptable conditions.

Commitment of the Parties. The strong commitment on the part of both parties to complete the merger pursuant to their respective obligations under the terms of the merger agreement.

Strategic Alternatives. The trends and competitive developments in the industry and the range of strategic alternatives available to GenOn, including continuing to operate as a stand alone entity. To that end, the GenOn Board considered its expectations for further consolidation in the energy industry and believed it was important that, if GenOn were to be a participant in the industry consolidation, GenOn should be able to select and enter into a mutually agreeable transaction with a strategic partner that it believed offered the most significant strategic benefits. Further industry consolidation for which GenOn is not a participant could result in future market or competitive pressure to accept a strategic transaction with a less desirable strategic partner or on less desirable terms.

Terms of the Merger Agreement. The terms of the merger agreement, including the representations, warranties, obligations and rights of the parties under the merger agreement, the conditions to each party's obligation to complete the merger, and the circumstances in which each party is permitted to terminate the merger agreement. See "The Merger Agreement" beginning on page 105. In particular, the GenOn Board noted the following terms of the merger agreement:

Ability to Fulfill Fiduciary Duties. The fact that the merger agreement allows the GenOn Board to engage in discussions with respect to, and provide information in connection with, a bona fide alternative transaction proposal that the GenOn Board determines constitutes or is reasonably expected to result in a superior offer. In addition, the merger agreement allows the GenOn Board to change or withdraw its recommendation regarding the Merger proposal if a superior transaction proposal is received from a third party or in response to certain material developments or changes in circumstances, if in either case the GenOn Board determines that a failure to change its recommendation or terminate the merger agreement, as applicable, would be reasonably likely to be inconsistent with the exercise of its fiduciary duties under applicable law, subject to compliance with the terms and conditions of the merger agreement, including the payment of a specified termination fee upon termination under certain circumstances.

Termination Fee. The fact that NRG would be obligated to pay GenOn a termination fee of \$120.0 million in connection with the termination of the merger agreement under certain

Table of Contents

circumstances. See "The Merger Agreement Effect of Termination; Termination Fees" beginning on page 125.

Governance of the Combined Company. The governance arrangements contained in the merger agreement providing that, after completion of the merger, the board of directors of the combined company will initially consist of 16 directors, including Edward R. Muller, the current chairman, president and chief executive officer of GenOn, who will be the vice chairman of the combined company, and three current non-employee independent directors of GenOn, who have yet to be determined, one of whom will serve as co-chair and/or chair of a standing committee of the combined company, and that such arrangements are expected to continue until at least NRG's 2014 annual meeting of stockholders, thereby providing the combined company with directors who are familiar with GenOn's history, business and operations.

Headquarters. The fact the merger agreement provides that the combined company will have dual headquarters with its commercial and financial headquarters in Princeton, New Jersey, and its operations headquarters in Houston, Texas.

The GenOn Board also considered potential risks and other negative factors concerning the merger in connection with its deliberations of the proposed transaction, including the following:

Fixed Exchange Ratio. The merger agreement provides for a fixed exchange ratio and thus the exchange ratio will not adjust upward to compensate for declines, or downward to compensate for increases, in NRG's stock price prior to completion of the merger, and that the terms of the merger agreement did not include "collar" provisions or stock price-based termination rights that would be triggered by a decrease in the value of the merger consideration implied by the NRG stock price. However, the GenOn Board determined that the method for determining the exchange ratio was appropriate and the risks acceptable in view of the relative intrinsic values and financial performance of NRG and GenOn and the historic trading prices of NRG and GenOn common stock. The GenOn Board also noted the inclusion in the merger agreement of certain structural protections, such as GenOn's ability to not complete the merger in the event of a material adverse change to NRG.

Regulatory Approvals. Various regulatory approvals are required to complete the merger, which present a risk that the applicable governmental authorities may condition their grant of required approvals or consents on the imposition of unfavorable terms or conditions or that such approvals and consents will not be able to be obtained at all.

Change in Control Put Right under Certain GenOn Debt. The merger will constitute a "change of control" under GenOn's existing credit facilities and trigger a "change in control" put right by holders of certain bonds issued by GenOn.

Failure to Close. There are risks and contingencies relating to the announcement and pendency of the merger and risks and costs to GenOn if the closing of the merger is not timely, or if the merger does not close at all, including the potential impact on the relationships between GenOn and its employees, customers, suppliers and other third parties, as well as the potential impact on the trading prices of GenOn common stock. Additionally, there is the possibility that the merger may not be completed, or that completion may be unduly delayed, for reasons beyond the control of GenOn and/or NRG.

Non-solicitation Obligation and Termination Fee. The merger agreement prohibits each of GenOn and NRG from soliciting or engaging in discussions of any alternative transactions during the pendency of the merger, subject to limited exceptions. The merger agreement also requires the payment by GenOn of a termination fee of \$60.0 million to NRG if the merger agreement is terminated under certain circumstances. See "Description of the Merger Agreement

Table of Contents

Termination Fee." While these provisions could have the effect of discouraging alternative transaction proposals, these provisions would not preclude bona fide alternative transaction proposals, and the size of the termination fee payable by GenOn is reasonable in light of the size and benefits of the merger and not preclusive of a superior offer, if one were to emerge.

"Ownership Change" under Section 382 of the Internal Revenue Code. The merger is expected to result in an "ownership change" with respect to GenOn for purposes of Section 382 of the Internal Revenue Code, which would impose an annual limitation on the ability of the combined company to utilize GenOn's current net operating losses, approximately \$2.6 billion at December 31, 2011.

Restrictions on Interim Operations. The provisions of the merger agreement place certain restrictions on the operations of GenOn until completion of the merger. For further information, see "The Merger Agreement Interim Operating Covenants of NRG and GenOn."

Transaction Costs. Substantial costs will be incurred by both GenOn and NRG in connection with the merger, including legal fees, financial advisory fees and financing fees, as well as the costs of integrating the businesses of NRG and GenOn.

Diversion of Focus; Integration. There is a risk that management focus, employee attention and resources for other strategic opportunities, as well as employee attention to operational matters, could be diverted for an extended period of time while the parties work to complete the merger and integration process. In addition, there are challenges inherent in the combination of two business enterprises of this size, including the attendant risks that the anticipated cost savings and synergies and other benefits sought to be obtained from the merger might not be achieved in the time frame contemplated or at all.

Interests of Directors and Officers. The interests of GenOn's executive officers and directors with respect to the merger apart from their interests as GenOn stockholders, and the risk that these interests might influence their decision with respect to the merger. See "Interest of Directors and Executive Officers in the Merger Interests of Directors and Executive Officers of GenOn in the Merger" beginning on page 86.

Corporate Governance. The GenOn Board considered the facts that (i) former GenOn directors will not constitute a majority of the combined company's board of directors, (ii) the composition of the management of the combined company, and (ii) the potential for disagreement among directors and executive officers selected from two different organizations. The GenOn Board also considered the fact that GenOn stockholders will hold approximately 29% of the common stock of the combined company upon completion of the merger and will therefore not control the combined company.

Employment Matters. There are differences between GenOn's and NRG's compensation practices and philosophies, which could present issues associated with the transition of GenOn employees to NRG's compensation and benefit plans. The GenOn Board considered the fact that the parties expect to reduce the combined company's net headcount by about 500 employees across GenOn's and NRG's administrative functions and locations. Additionally, the GenOn Board considered the risk that certain members of GenOn's senior management and certain key employees might choose not to remain employed with the combined company.

Compensation of Financial Advisors. The GenOn Board selected J.P. Morgan as financial advisor because of its expertise, reputation and familiarity with the industries in which GenOn operates, and because its investment banking professionals have substantial experience in transactions that are comparable to the merger. The GenOn Board considered the fact that the payment for J.P. Morgan's services is conditioned upon completion of the merger. However, after considering the

Table of Contents

qualifications and reputation of J.P. Morgan, the GenOn Board decided that it could rely on the opinion of J.P. Morgan, notwithstanding the contingent nature of its fees.

NRG Business Risks. The GenOn Board considered certain risks inherent in NRG's business and operations, including risks inherent in NRG's nuclear activity and its concentrated retail activity in the State of Texas.

Other Risks Considered. The GenOn Board also considered the type and nature of risks described under the section entitled "Risk Factors" beginning on page 34, and the matters described under "Cautionary Note Regarding Forward-Looking Statements" beginning on page 32.

In view of the wide variety of factors considered in connection with its evaluation of the merger and the complexity of these matters, the GenOn Board did not consider it practical, nor did it attempt, to quantify, rank or otherwise assign relative weights to the different factors it considered in reaching its decision. In addition, the individual members of the GenOn Board may have given different weight to different factors.

The GenOn Board did not undertake to make any specific determination as to whether any particular factor, or any aspect of any particular factor, was favorable or unfavorable to its ultimate determination, but rather the GenOn Board conducted an overall review of the factors described above, including discussions with the senior management team and outside legal and financial advisors. In considering the factors described above, individual members of the GenOn Board may have given different weight to different factors.

Opinions of NRG's Financial Advisors

Credit Suisse Securities (USA) LLC

NRG retained Credit Suisse to act as its financial advisor in connection with the merger. In connection with Credit Suisse's engagement, the NRG Board requested that Credit Suisse evaluate the fairness, from a financial point of view, to NRG of the exchange ratio provided for in the merger. On July 20, 2012, at a meeting of the NRG Board held to evaluate the proposed merger, Credit Suisse rendered to the NRG Board an oral opinion, confirmed by delivery of a written opinion dated July 20, 2012, to the effect that, as of that date and based on and subject to various assumptions made, procedures followed, matters considered and limitations on the review undertaken, the exchange ratio provided for in the merger was fair, from a financial point of view, to NRG.

The full text of Credit Suisse's written opinion, dated July 20, 2012, to the NRG Board, which sets forth, among other things, the assumptions made, procedures followed, matters considered and limitations on the review undertaken, is attached as Annex B and is incorporated into this joint proxy statement/prospectus by reference in its entirety. The description of Credit Suisse's opinion set forth in this joint proxy statement/prospectus is qualified in its entirety by reference to the full text of Credit Suisse's opinion. Credit Suisse's opinion was provided to the NRG Board (in its capacity as such) for its information in connection with its evaluation of exchange ratio from a financial point of view to NRG and did not address any other aspect of the proposed merger, including the relative merits of the merger as compared to alternative transactions or strategies that might be available to NRG or the underlying business decision of NRG to proceed with the merger. The opinion does not constitute advice or a recommendation to any stockholder as to how such stockholder should vote or act on any matter relating to the proposed merger or otherwise.

Table of Contents

In arriving at its opinion, Credit Suisse reviewed an execution version, provided to Credit Suisse on July 20, 2012, of the merger agreement and certain publicly available business and financial information relating to NRG and GenOn. Credit Suisse also reviewed certain other information relating to NRG and GenOn, including financial forecasts relating to NRG and GenOn reflecting alternative natural gas and power pricing assumptions, provided to or discussed with Credit Suisse by NRG and GenOn, and met with the managements of NRG and GenOn to discuss NRG's and GenOn's respective businesses and prospects. Credit Suisse also considered certain financial and stock market data of NRG and GenOn and compared that data with similar data for other publicly held companies in businesses it deemed similar to those of NRG and GenOn, and Credit Suisse considered, to the extent publicly available, the financial terms of certain other business combinations and transactions which have been effected or announced. Credit Suisse also considered such other information, financial studies, analyses and investigations and financial, economic and market criteria which it deemed relevant.

In connection with its review, Credit Suisse did not independently verify any of the foregoing information and Credit Suisse assumed and relied upon such information being complete and accurate in all material respects. With respect to the financial forecasts for NRG and GenOn that Credit Suisse utilized in its analyses, the managements of NRG and GenOn advised Credit Suisse, and Credit Suisse assumed, with NRG's consent, that such forecasts were reasonably prepared on bases reflecting the best currently available estimates and judgments of the managements of NRG and GenOn as to the future financial performance of NRG and GenOn, respectively, under the alternative assumptions reflected therein regarding natural gas and power prices, and Credit Suisse expressed no opinion with respect to such forecasts or the assumptions on which they were based. With respect to the estimates provided to Credit Suisse by the managements of NRG and GenOn regarding net cost savings and synergies anticipated to result from the merger and potential net operating loss carryforwards and other tax benefits expected to be utilized by NRG and GenOn, the managements of NRG and GenOn advised Credit Suisse, and Credit Suisse assumed, with NRG's consent, that they were reasonably prepared on bases reflecting the best currently available estimates and judgments of such managements and that such cost savings, synergies and tax benefits would be realized in the amounts and at the times indicated thereby. The financial forecasts for NRG and GenOn that Credit Suisse utilized reflect certain market trends and industry assumptions of the managements of NRG and GenOn, including assumptions as to future natural gas, power and relevant commodity prices, which are subject to significant volatility and which, if different than as assumed, could have an adverse impact on Credit Suisse's analyses or opinion. Credit Suisse also relied upon, with NRG's consent and without independent verification, the assessments of the managements of NRG and GenOn as to NRG's ability to integrate the businesses of NRG and GenOn and retain key employees of NRG and GenOn. Credit Suisse assumed, with NRG's consent, that there would be no developments with respect to any such matters that would be material to Credit Suisse's analyses or opinion. Credit Suisse also assumed, with NRG's consent, that the merger would qualify as a reorganization under Section 368(a) of the Code for federal income tax purposes. In addition, Credit Suisse assumed, with NRG's consent, that, in the course of obtaining any regulatory or third party consents, approvals or agreements in connection with the merger, no delay, limitation, restriction or condition would be imposed that would have an adverse effect on NRG, GenOn or the contemplated benefits of the merger, that the merger would be consummated in accordance with the terms of the merger agreement, without waiver, modification or amendment of any material term, condition or agreement thereof, and no adverse effect would result in the event that the merger was effected through an alternative structure as permitted under the terms of the merger agreement. Representatives of NRG advised Credit Suisse, and Credit Suisse also assumed, that the terms of the merger agreement, when executed, would conform in all material respects to the terms reflected in the execution version of the merger agreement reviewed by Credit Suisse. In addition, Credit Suisse was not requested to make, and it did not make, an independent evaluation or appraisal of the assets or liabilities (contingent or otherwise) of NRG or GenOn, nor was Credit Suisse furnished with any such evaluations or appraisals.

Table of Contents

Credit Suisse's opinion addressed only the fairness, from a financial point of view and as of the date of its opinion, to NRG of the exchange ratio provided for in the merger and did not address any other aspect or implication of the merger or any other agreement, arrangement or understanding entered into in connection with the merger or otherwise, including, without limitation, the form or structure of the merger or the fairness of the amount or nature of, or any other aspect relating to, any compensation to any officers, directors or employees of any party to the merger, or class of such persons, relative to the exchange ratio or otherwise. Furthermore, no opinion, counsel or interpretation was intended regarding matters that require legal, regulatory, accounting, tax or similar professional advice. It was assumed that such opinions, counsel, interpretations or advice had been or would be obtained from appropriate professional sources. The issuance of Credit Suisse's opinion was approved by Credit Suisse's authorized internal committee.

Credit Suisse's opinion was necessarily based upon information made available to it as of the date of its opinion and financial, economic, market and other conditions as they existed and could be evaluated on that date and upon certain assumptions regarding such financial, economic, market and other conditions. Credit Suisse did not express any opinion as to what the value of shares of NRG common stock actually would be when issued to the holders of GenOn common stock pursuant to the merger or the prices at which shares of NRG common stock or GenOn common stock would trade at any time.

In preparing its opinion to the NRG Board, Credit Suisse performed a variety of financial and comparative analyses, including those described below. The summary of Credit Suisse's analyses described below is not a complete description of the analyses underlying Credit Suisse's opinion. The preparation of a fairness opinion is a complex process involving various determinations as to the most appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances and, therefore, a fairness opinion is not readily susceptible to partial analysis or summary description. Credit Suisse arrived at its ultimate opinion based on the results of all analyses undertaken by it and assessed as a whole and did not draw, in isolation, conclusions from or with regard to any one factor or method of analysis. Accordingly, Credit Suisse believes that its analyses must be considered as a whole and that selecting portions of its analyses and factors or focusing on information presented in tabular format, without considering all analyses and factors or the narrative description of the analyses, could create a misleading or incomplete view of the processes underlying its analyses and opinion.

In its analyses, Credit Suisse considered industry performance, general business, economic, market and financial conditions and other matters, many of which are beyond the control of NRG and GenOn. No company, transaction or business used in Credit Suisse's analyses is identical to NRG, GenOn or the proposed merger, and an evaluation of the results of those analyses is not entirely mathematical. Rather, the analyses involve complex considerations and judgments concerning financial and operating characteristics and other factors that could affect the acquisition, public trading or other values of the companies, business segments or transactions analyzed. The estimates contained in Credit Suisse's analyses and the ranges of valuations resulting from any particular analysis are not necessarily indicative of actual values or predictive of future results or values, which may be significantly more or less favorable than those suggested by the analyses. In addition, analyses relating to the value of businesses or securities do not purport to be appraisals or to reflect the prices at which businesses or securities actually may be sold or acquired. Accordingly, the estimates used in, and the results derived from, Credit Suisse's analyses are inherently subject to substantial uncertainty.

Credit Suisse was not requested to, and it did not, recommend the specific consideration payable in the proposed merger, which exchange ratio was determined through negotiations between NRG and GenOn, and the decision to enter into the merger agreement was solely that of the NRG Board. Credit Suisse's opinion and financial analyses were only one of many factors considered by the NRG Board in

Table of Contents

its evaluation of the proposed merger and should not be viewed as determinative of the views of NRG's board of directors or management with respect to the merger or the exchange ratio.

The following is a summary of the material financial analyses reviewed with the NRG Board on July 20, 2012 in connection with Credit Suisse's opinion. **The financial analyses summarized below include information presented in tabular format. In order to fully understand Credit Suisse's financial analyses, the tables must be read together with the text of each summary. The tables alone do not constitute a complete description of the financial analyses. Considering the data in the tables below without considering the full narrative description of the financial analyses, including the methodologies and assumptions underlying the analyses, could create a misleading or incomplete view of Credit Suisse's financial analyses.** For purposes of the financial analyses summarized below, the term "implied price per share" refers to the implied equity value per share for GenOn of \$2.20 based on the 0.1216 exchange ratio and NRG's closing stock price of \$18.10 per share on July 19, 2012.

Selected Companies Analyses. Credit Suisse performed separate selected companies analyses of NRG and GenOn utilizing financial and stock market data of NRG, GenOn and Calpine Corporation, referred to as Calpine. Credit Suisse reviewed, among other things, enterprise values, calculated as equity values based on closing stock prices on July 19, 2012 plus debt, leases, minority interest and preferred stock less cash, as a multiple of calendar years 2012, 2013 and 2014 estimated earnings before interest, taxes, depreciation and amortization, referred to as EBITDA. Based on publicly available research analysts' estimates, the overall low and high estimated EBITDA multiples observed for the selected companies for calendar year 2012 were 7.5x and 10.1x, respectively, for calendar year 2013 were 5.9x and 9.1x, respectively, and for calendar year 2014 were 6.2x and 8.9x, respectively.

NRG. Discounted Cash Flow Analyses. Credit Suisse performed separate discounted cash flow analyses of NRG and GenOn based on internal estimates of the managements of NRG and GenOn reflecting alternative natural gas and power pricing assumptions for the terminal year, referred to as "case 1" and "case 2" projections, which cases were the same for calendar years 2013 through 2016 and, under the case 1 projections, reflected natural gas and power pricing estimates of such managements for the terminal year and, under the case 2 projections, reflected natural gas and power pricing estimates based on commodity price curves (as of May 22, 2012) for the terminal year. NRG. In performing a discounted cash flow analysis of NRG, Credit Suisse calculated the estimated present value of the (a) standalone unlevered, after-tax free cash flows that NRG (excluding NRG's solar business) was forecasted to generate during fiscal years ending December 31, 2013 through December 31, 2016 and the terminal year, (b) net operating loss carryforwards and other tax benefits expected to be realized by NRG and (c) levered cash distributions and potential tax benefits to NRG that NRG's solar business was forecasted to generate during fiscal years ending December 31, 2013 through December 31, 2044. Credit Suisse calculated terminal values for NRG (excluding NRG's solar business) by applying to NRG's terminal year estimated EBITDA a selected range of EBITDA terminal value multiples of 7.0x to 8.0x. The present values (as of December 31, 2012) of the cash flows, terminal values and potential tax benefits were then calculated using discount rates ranging from 7.0% to 8.5%. The present values (as of December 31, 2012) of the cash distributions and tax benefits to NRG from NRG's solar business were calculated using discount rates ranging from 14% to 16%. This analysis indicated approximate implied equity value per share reference ranges for NRG based on the case 1 projections of \$36.98 to \$47.36 (without synergies), \$38.29 to \$48.90 (with NRG management-allocated synergies) and \$42.24 to \$53.59 (with ownership-allocated synergies) and based on the case 2 projections of \$17.65 to \$25.05 (without synergies), \$19.12 to \$26.70 (with NRG management-allocated synergies) and \$23.48 to \$32.61 (with ownership-allocated synergies), as compared to NRG's closing stock price of \$18.10 per share on July 19, 2012.

The present values (as of December 31, 2012) of the cash flows, terminal values, environmental capital expenditures and potential tax benefits, less the present value (as of December 31, 2012) of operating leases, were then calculated using discount rates ranging from 8.5% to 9.5%. No company or transaction utilized in this analysis is identical to GenOn or the merger. In evaluating the selected precedent transactions, Morgan Stanley made judgments and assumptions with regard to industry performance, general business, economic, market and financial conditions and other matters, many of which are beyond the control of GenOn, such as the impact of competition on the business of GenOn or the industry generally, industry growth and the absence of any material adverse change in the financial condition and prospects of GenOn or the industry or in the financial markets in general, which could affect the public trading value of the companies and the value of the transactions selected for comparison. Mathematical analysis (such as determining the average or median) is not in itself a meaningful method of using selected transaction data.

Discounted Cash Flow Analysis. Morgan Stanley performed a discounted cash flow analysis of each of NRG and GenOn, which is designed to provide an implied value of a company by calculating the present value of the estimated future cash flows and terminal value of the company. Morgan Stanley calculated a range of implied equity values per share for NRG common stock and GenOn common stock based on estimates of future cash flows for calendar years 2013 through 2016 and the terminal year utilizing internal estimates of the managements of NRG and GenOn reflecting alternative natural gas and power pricing assumptions for the terminal year, referred to as the "case 1" and "case 2" projections, which cases were the same for calendar years 2013 through 2016 and, under the case 1 projections, reflected natural gas and power pricing estimates of such managements for the terminal year and, under the case 2 projections, reflected natural gas and power pricing estimates based on commodity price curves (as of May 22, 2012) for the terminal year.

NRG. In performing a discounted cash flow analysis of NRG, Morgan Stanley first calculated the estimated unlevered free cash flows of NRG's generation and retail businesses and net operating loss carryforwards and other tax benefits expected to be realized by NRG and then calculated a terminal value for NRG's generation and retail businesses by applying to terminal year estimated adjusted EBITDA for such businesses a selected range of EBITDA terminal value multiples of 7.0x to 8.0x. These values and potential tax benefits were then discounted to present value as of December 31, 2012 utilizing a range of discount rates of 7.5% to 8.5%. Morgan Stanley also calculated the present values (as of December 31, 2012) of the levered cash distributions and tax benefits to NRG from NRG's solar business using a discount rate of 15%. This analysis indicated approximate implied equity value per share reference ranges for NRG common stock of \$38.97 to \$48.80 (based on the case 1 projections) and \$19.99 to \$26.28 (based on the case 2 projections), as compared to NRG's closing stock price of \$18.10 per share on July 19, 2012.

GenOn. In performing a discounted cash flow analysis of GenOn, Morgan Stanley first calculated GenOn's estimated unlevered free cash flows and net operating loss carryforwards and other tax benefits expected to be realized by GenOn and then calculated a terminal value for GenOn by applying to GenOn's terminal year estimated adjusted EBITDA a selected range of EBITDA terminal value multiples of 7.5x to 8.5x. These values and potential tax benefits were then discounted to present value as of December 31, 2012 utilizing a range of discount rates of 8.5% to 9.5%. This analysis indicated approximate implied equity value per share reference ranges for GenOn common stock of \$4.01 to \$5.28 (based on the case 1 projections) and \$1.36 to \$2.18 (based on the case 2 projections), as compared to the \$2.20 implied price per share.

Based on the implied equity value per share reference ranges described above, Morgan Stanley calculated the following implied exchange ratio reference ranges both before and after taking into account estimates of potential synergies to be realized upon consummation of the merger prepared by

the managements of NRG and GenOn assuming that such synergies were allocated equally to NRG and GenOn, as compared to the exchange ratio provided for in the merger:

Pro Forma Discounted Cash Flow Analysis. Morgan Stanley performed a discounted cash flow analysis of the pro forma combined company based on the case 1 and case 2 projections including potential net synergies estimated by the managements of NRG and GenOn, which was performed as described above under the sub-heading "Discounted Cash Flow Analysis NRG" and indicated approximate implied equity value per share reference ranges for the pro forma combined company of \$41.34 to \$52.18 (based on the case 1 projections) and \$21.72 to \$29.00 (based on the case 2 projections), as compared to NRG's closing stock price of \$18.10 per share on July 19, 2012.

Relative Contributions. Morgan Stanley reviewed relative financial contributions to the estimated financial performance of the pro forma combined company based on NRG's and GenOn's respective calendar years 2013 through 2016 estimated adjusted EBITDA utilizing internal estimates of the managements of NRG and GenOn before taking into account estimates of potential synergies, which indicated aggregate equity ownership percentages in the combined company attributed to NRG of approximately 70% to 79% and to GenOn of approximately 21% to 30% and indicated an overall implied exchange ratio reference range of 0.079x to 0.124x. Morgan Stanley also reviewed the relative contributions after taking into account estimates of potential synergies to be realized upon consummation of the merger prepared by the managements of NRG and GenOn without allocation between NRG and GenOn, which indicated aggregate equity ownership percentages in the combined company attributed to NRG of approximately 63% to 71%, to GenOn of 19% to 27% and to such estimated synergies of 8% to 10%.

General

Morgan Stanley performed a variety of financial and comparative analyses for purposes of rendering its opinion. The preparation of a financial opinion is a complex process and is not necessarily susceptible to a partial analysis or summary description. In arriving at its opinion, Morgan Stanley considered the results of all of its analyses as a whole and did not attribute any particular weight to any analysis or factor it considered. Morgan Stanley believes that selecting any portion of its analyses, without considering all analyses as a whole, would create an incomplete view of the process underlying its analyses and opinion. In addition, Morgan Stanley may have given various analyses and factors more or less weight than other analyses and factors, and may have deemed various assumptions more or less probable than other assumptions. As a result, the ranges of valuations resulting from any particular analysis described above should not be taken to be Morgan Stanley's view of the actual value of NRG or GenOn. In performing its analyses, Morgan Stanley made numerous assumptions with respect to industry performance, general business, regulatory, economic, market and financial conditions and other matters. Many of these assumptions are beyond the control of NRG and GenOn. Any estimates contained in Morgan Stanley's analyses are not necessarily indicative of future results or actual values, which may be significantly more or less favorable than those suggested by such estimates.

Morgan Stanley conducted the analyses described above in connection with its opinion to the NRG Board as to the fairness from a financial point of view to NRG of the exchange ratio provided for in the merger pursuant to the merger agreement. These analyses do not purport to be appraisals or to reflect prices at which the NRG common stock or GenOn common stock might actually trade.

The exchange ratio was determined through negotiations between NRG and GenOn and was approved by the NRG Board. Morgan Stanley acted as financial advisor to NRG during these negotiations. Morgan Stanley did not, however, recommend any specific exchange ratio to NRG or that any specific exchange ratio constituted the only appropriate consideration for the merger.

Morgan Stanley's opinion and its presentation to the NRG Board were one of many factors taken into consideration by the NRG Board in its evaluation of the proposed merger. Consequently, the analyses as described above should not be viewed as determinative of the opinion of the NRG Board with respect to the exchange ratio or whether the NRG Board would have been willing to recommend a different exchange ratio or other merger consideration.

Morgan Stanley acted as financial advisor to NRG in connection with the merger and will receive an aggregate fee of \$6 million, \$2 million of which was paid upon announcement of the merger, \$2 million of which is payable upon approval of the merger by the stockholders of NRG and GenOn and \$2 million of which is contingent upon completion of the merger. NRG also may, in its sole discretion, pay to Morgan Stanley an additional fee of up to \$4 million upon completion of the merger. Morgan Stanley or certain of its affiliates may provide financing services to NRG in respect of potential debt offers in connection with the merger, including acting as administrative agent, joint lead bookrunner and joint lead arranger for, and as a lender under, a proposed new \$1.6 billion senior secured term loan facility of NRG to the extent such funds are necessary to consummate such debt offers, and may act as a dealer manager for potential refinancings of certain debt obligations of NRG or GenOn in connection with or related to the merger, for which services Morgan Stanley and such affiliates would expect to receive compensation. In addition to the fees described above, NRG also has agreed to reimburse Morgan Stanley for its expenses incurred in performing its services, including fees, disbursements and other charges of counsel. In addition, NRG has agreed to indemnify Morgan Stanley and its affiliates, their respective officers, directors, employees and agents and each person, if any, controlling Morgan Stanley or any of its affiliates against certain liabilities and expenses, including certain liabilities under the federal securities laws, related to or arising out of Morgan Stanley's engagement. Morgan Stanley and its affiliates in the past have provided, currently are providing and in the future may provide investment banking and other financial services to NRG, GenOn and their respective affiliates, for which services Morgan Stanley and its affiliates have received and would expect to receive compensation, including acting as: (i) financial advisor to NRG in connection with certain divestiture transactions in 2012, (ii) joint lead bookrunner, joint lead arranger and documentation agent for, and as a lender under, an existing \$1.6 billion senior secured term loan facility and \$2.3 billion senior secured revolving credit facility of NRG in 2011, (iii) joint lead bookrunner for a \$2 billion senior secured notes offering of NRG in 2011, (iv) financial advisor to RRI Energy, Inc. in connection with its merger with Mirant Corporation in 2010 through which GenOn Energy was formed, and (v) joint bookrunner, co-lead arranger and co-syndication agent for, and as a lender under, an existing \$700 million senior secured term loan facility, \$1.225 billion senior unsecured notes offering and \$788 million senior secured revolving credit facility of GenOn in 2010 and 2011. Morgan Stanley also acted as an initial purchaser in connection with NRG's \$990 million senior notes offering that closed on September 24, 2012, for which services Morgan Stanley received compensation. During the past two years, NRG paid Morgan Stanley aggregate fees of approximately \$18.1 million for such investment banking services provided to NRG unrelated to the merger. and officers may at any time invest on a principal basis or manage funds that invest, hold long or short positions, finance positions, and may trade or otherwise structure and effect transactions, for their own account or the accounts of its customers, in debt or equity securities or loans of NRG, GenOn or any other company, or any currency or commodity, that may be involved in this transaction, or any related derivative instrument.

In addition, J.P. Morgan also held discussions with certain members of the management of GenOn and NRG with respect to certain aspects of the merger, and the past and current business operations of GenOn and NRG, the financial condition and future prospects and operations of GenOn and NRG, the effects of the merger on the financial condition and future prospects of GenOn and NRG, and certain other matters that J.P. Morgan believed necessary or appropriate to its inquiry.

Table of Contents

In giving its opinion, J.P. Morgan relied upon and assumed the accuracy and completeness of all information that was publicly available or was furnished to or discussed with J.P. Morgan by GenOn or NRG or otherwise reviewed by or for J.P. Morgan, and J.P. Morgan did not independently verify (nor has J.P. Morgan assumed responsibility or liability for independently verifying) any such information or its accuracy or completeness. J.P. Morgan did not conduct and was not provided with any valuation or appraisal of any assets or liabilities, nor did J.P. Morgan evaluate the solvency of GenOn or NRG under any state or federal laws relating to bankruptcy, insolvency or similar matters. In relying on financial analyses and forecasts provided to J.P. Morgan or derived therefrom, including the Synergies, J.P. Morgan assumed that they were reasonably prepared based on assumptions reflecting the best currently available estimates and judgments by management as to the expected future results of operations and financial condition of GenOn or NRG to which such analyses or forecasts relate. J.P. Morgan expressed no view as to such analyses or forecasts (including the Synergies) or the assumptions on which they were based. J.P. Morgan also assumed that the merger and the other transactions contemplated by the merger agreement would qualify as a tax-free reorganization for United States federal income tax purposes, and will be consummated as described in the merger agreement. J.P. Morgan also assumed that the representations and warranties made by GenOn or NRG in the merger agreement and the related agreements are and will be true and correct in all respects material to J.P. Morgan's analysis. J.P. Morgan is not a legal, regulatory or tax expert and has relied on the assessments made by advisors to GenOn with respect to such issues. J.P. Morgan further assumed that all material governmental, regulatory or other consents and approvals necessary for the consummation of the merger would be obtained without any adverse effect on GenOn or NRG or on the contemplated benefits of the proposed merger.

J.P. Morgan's opinion was necessarily based on economic, market and other conditions as in effect on, and the information made available to J.P. Morgan as of, the date of its opinion. J.P. Morgan opinion notes that subsequent developments may affect J.P. Morgan's opinion and that J.P. Morgan does not have any obligation to update, revise, or reaffirm its opinion. J.P. Morgan's opinion is limited to the fairness, from a financial point of view, to the holders of GenOn common stock of the exchange ratio in the proposed merger and J.P. Morgan expresses no opinion as to the fairness of any consideration to be paid in connection with the merger to the holders of any other class of securities, creditors or other constituencies of GenOn or as to the underlying decision by GenOn to engage in the proposed merger. Furthermore, J.P. Morgan expressed no opinion with respect to the amount or nature of any compensation to any officers, directors, or employees of any party to the merger, or any class of such persons relative to the exchange ratio applicable to the holders of GenOn common stock in the merger or with respect to the fairness of any such compensation. J.P. Morgan expresses no opinion herein as to the price at which GenOn common stock or the NRG common stock will trade at any future time. In connection with J.P. Morgan's engagement with respect to the merger, J.P. Morgan was not authorized to and did not solicit any expressions of interest from any other parties with respect to the sale of all or any part of GenOn or any other alternative transaction.

The terms of the merger agreement, including the consideration to be received by holders of GenOn common stock in the merger, were determined through negotiation between GenOn and NRG, and the decision to enter into the merger agreement was solely that of the GenOn Board and the NRG Board. J.P. Morgan's opinion and financial analyses were only one of the many factors considered by the GenOn Board in its evaluation of the proposed merger and should not be viewed as determinative of the views of the GenOn Board or management with respect to the proposed merger or the exchange ratio, the value of GenOn or NRG or whether the GenOn Board would have been willing to agree to different or other forms of consideration.

In accordance with customary investment banking practice, J.P. Morgan employed generally accepted valuation methodologies in connection with its opinion. The following is a summary of the material financial analyses used by J.P. Morgan in connection with providing its opinion and does not purport to be a complete description of the analyses or data presented by J.P. Morgan. **Some of the**

summaries of the financial analyses include information presented in tabular format. To fully understand the financial analyses, the tables should be read together with the text of each summary. Considering the data set forth in the tables without considering the narrative description of the financial analyses, including the methodologies and assumptions underlying the analyses, could create a misleading or incomplete view of the financial analyses. In connection with J.P. Morgan's financial analyses described below, J.P. Morgan was provided with financial forecasts relating to GenOn and NRG prepared by the managements of GenOn and NRG based on May 22, 2012 forward commodity price curves.

Discounted Cash Flow Financial Analyses

GenOn Discounted Cash Flow Analysis. J.P. Morgan performed a discounted cash flow analysis to estimate the present value of the unlevered free cash flows that GenOn is projected to generate for fiscal years 2013 through 2016. Unlevered cash flows for GenOn were based on estimated earnings before interest taxes, depreciation, amortization and operating lease expenses, referred to as EBITDAR, excluding the value of hedge positions, referred to as Open EBITDAR, adjusted for the cash value of realized hedges, capital expenditures and changes in working capital. In performing its analysis of GenOn, J.P. Morgan relied on estimates provided by GenOn management both (i) increasing terminal EBITDAR for incremental PJM capacity payments expected to be fully realized by 2018/2019 PJM auction and decreasing firm value to account for the phase in of the incremental capacity payments between 2016 and 2018/2019, which is referred herein as the GenOn base case, and (ii) without such adjustment to terminal EBITDAR and firm value, which is referred herein as the GenOn downside case.

J.P. Morgan calculated a range of terminal values for GenOn by applying a selected range of terminal value multiples of 7.5x to 8.5x to GenOn's estimated terminal year Open EBITDAR, which was based on a 2.0% escalation of the 2016 projection. The unlevered free cash flows and range of terminal values were then discounted to present value as of January 1, 2013 using a selected range of discount rates of 8.5% to 9.5%. J.P. Morgan then subtracted out the net present value of estimated environmental capital expenditures for 2018-2021 and out-of-the-money gas transportation contracts, and added the net present value of net operating loss, or NOL, usage for all years, in each case using a discount rate of 9.0%, to calculate a firm value for GenOn. After subtracting debt and the present value of operating leases using a 9.0% discount rate, and adding cash and cash equivalents, this analysis implied the following approximate per share equity value reference ranges for GenOn, as compared to GenOn's closing stock price of \$1.82 on July 20, 2012:

	Implied per Share Equity Value	Per Share Price of GenOn as of close of market on July 20, 2012
GenOn Base Case	\$2.95 - \$4.00	\$ 1.82
GenOn Downside Case	\$1.90 - \$2.75	\$ 1.82

NRG Discounted Cash Flow Analysis. Given the different nature of the businesses in which NRG participates, J.P. Morgan analyzed NRG as the sum of its constituent businesses, or as the "sum-of-the-parts," and performed a discounted cash flow analysis on each of NRG's constituent business segments. In performing its analysis of NRG, J.P. Morgan utilized both a base case and downside case derived from NRG management estimates. In the NRG base case, J.P. Morgan, in accordance with guidance from GenOn management, increased terminal earnings before interest, taxes, depreciation and taxes, which we refer herein to as EBITDA, for incremental PJM capacity payments expected to be fully realized by 2018/2019 PJM auction and decreased firm value to account for the phase in of the incremental capacity payments between 2016 and 2018/2019. In the NRG downside case, J.P. Morgan (i) did not include any adjustments to NRG's terminal EBITDA and firm value with respect to incremental PJM capacity payments, and (ii) decreased EBITDA attributable to NRG's retail business for years 2013-2016 and the terminal year per guidance provided by GenOn management.

Table of Contents

For the NRG sum-of-the-parts analysis, J.P. Morgan performed discounted cash flow analyses on the following business units with the noted assumptions and considerations:

Generation. J.P. Morgan performed a discounted cash flow analysis to estimate the present value of the unlevered free cash flows that the generation business unit is projected to generate for fiscal years 2013 through 2016. Unlevered cash flows for the generation business unit were based on estimated Open EBITDA, adjusted for the cash value of realized hedges, capital expenditures and changes in working capital. J.P. Morgan calculated a range of terminal values for the generation business unit by applying a selected range of terminal value multiples of 7.5x to 8.5x to NRG's estimated terminal year Open EBITDA, which was based on a 2.0% escalation of the 2016 projection. The unlevered free cash flows and range of terminal values were then discounted to present value as of January 1, 2013 using a selected range of discount rates of 7.5% to 8.5%.

Retail. J.P. Morgan performed a discounted cash flow analysis to estimate the present value of the unlevered free cash flows that the retail business unit is projected to generate for fiscal years 2013 through 2016. Unlevered cash flows for the retail business unit were based on estimated EBITDA, adjusted for capital expenditures and changes in working capital. J.P. Morgan calculated a range of terminal values for the retail business unit by applying a selected range of terminal value multiples of 5.5x to 6.5x to NRG's retail business unit estimated terminal year EBITDA, which was based on 2.0% escalation of the 2016 projection. The unlevered free cash flows and range of terminal values were then discounted to present value as of January 1, 2013 using a selected range of discount rates of 8.75% to 10.25%.

Solar. J.P. Morgan performed a discounted cash flow analysis to estimate the present value of project lifecycle cash flows to equity that the solar business unit is projected to generate for the next 32 years. Unlevered cash flows to equity for the retail business unit were based on estimated EBITDA, adjusted for financing, third party contributions and distributions, and solar tax benefit adjustments. These cash flows to equity were then discounted to present value as of January 1, 2013 using a selected cost of equity range of 8.5% to 9.5%.

J.P. Morgan then subtracted from the aggregated firm values of the business units calculated above the net present value of estimated 2017 environmental capital expenditures and certain recoveries of capital expenditures from co-ops after 2016 net of taxes, and added the net present value of NOL usage for all years, in each case using a discount rate of 8.0%, to calculate a firm value for NRG. After subtracting debt and preferred stock and adding cash, this analysis implied the following approximate per share equity value reference ranges for NRG, as compared to NRG's closing stock price of \$18.05 of July 20, 2012:

	Implied per Share Equity Value	Per Share Price of NRG as of close of market on July 20, 2012
Base Case	\$25.30 - \$33.05	\$ 18.05
Downside Case	\$16.15 - \$22.15	\$ 18.05

Relative Valuation Considerations

GenOn/NRG Discounted Cash Flow Analyses. J.P. Morgan compared the relative implied per share equity value reference ranges for GenOn and NRG derived from the discounted cash flow analyses described above. J.P. Morgan then calculated an implied exchange ratio reference range by (i) dividing the (x) low to high ends of the implied per share equity value reference range for GenOn based on the GenOn base case by (y) the high to low ends of the implied per share equity value reference range for NRG derived from the NRG base case, which is referred to herein as the discounted cash flow, or DCF, base case, and (ii) dividing the (x) low to high ends of the implied per share equity value reference range for GenOn based on the GenOn downside case (y) by the high to

Table of Contents

low ends of the implied per share equity value reference range for NRG based on the NRG downside case, which is referred to herein as the DCF downside case. This analysis resulted in the following implied exchange ratio reference range, as compared to the exchange ratio provided for in the merger agreement.

	Implied Exchange Ratio Reference Range	Merger Exchange Ratio
DCF Base Case	0.0899x - 0.1592x	0.1216
DCF Downside Case	0.0849x - 0.1697x	0.1216

J.P. Morgan also calculated the implied relative equity ownership percentage of the GenOn stockholders in the combined company immediately upon completion of the merger based on the implied exchange ratio reference ranges for the DCF base case and the DCF downside case described above. This calculation indicated an implied pro forma equity ownership percentage range for the GenOn stockholders of approximately 23.3% to 35.0% in the DCF base case and 22.3% to 36.4% in the DCF downside case, in each case, as compared to the pro forma equity ownership percentage of GenOn's stockholders of 29.1% in the combined company based on the exchange ratio in the merger.

Additional Analyses

Potential Pro Forma Value Creation. J.P. Morgan reviewed the implied equity values of GenOn and NRG on a standalone basis derived from the midpoints of the per share equity value reference ranges derived for GenOn and NRG from the respective base case and the downside case discounted cash flow analyses described above. J.P. Morgan added to such implied equity values the net present value of the Synergies estimated by GenOn's management to result from the merger and subtracted the loss of a portion of GenOn's NOLs to calculate the pro forma equity value of the combined company. J.P. Morgan then calculated the value attributable to the proportionate interest of the GenOn stockholders in such implied equity values based on the exchange ratio provided for in the merger agreement. This analysis indicated a potential pro forma value creation for the GenOn stockholders, using the base cases, of approximately 10.4% (relative to the midpoint of the implied equity value of GenOn derived from the GenOn base case discounted cash flow analysis) and, using the downside cases, of approximately 14.5% (relative to the midpoint of the implied equity value of GenOn derived from the GenOn downside case discounted cash flow analysis).

J.P. Morgan also reviewed for informational purposes the implied equity values of GenOn and NRG on a standalone basis derived from their respective closing stock prices on July 20, 2012. J.P. Morgan added to such implied equity values the estimated value of the Synergies estimated by GenOn's management to result from the merger. J.P. Morgan then calculated the value attributable to the proportionate interest of the GenOn stockholders in such implied equity value based on the exchange ratio provided for in the merger agreement. This analysis indicated a pro forma value creation for the GenOn stockholders of approximately 39.1% (relative to the implied equity value of GenOn derived from its closing stock price on July 20, 2012).

Other Factors. J.P. Morgan also reviewed for informational purposes certain other factors, including the following:

historical trading prices during the three-month, six-month and twelve-month periods ended July 20, 2012 of \$1.28 to \$2.20, \$1.28 to \$2.62 and \$1.28 to \$4.09, respectively, for GenOn common stock and \$14.84 to \$18.10, \$14.34 to \$18.10 and \$14.34 to \$25.41, respectively, for NRG common stock;

the implied exchange ratio reference range derived from the low to low ends and high to high ends of the historical trading prices of GenOn common stock NRG common stock for the three-month period from April 20 through July 20, 2012 of 0.0863x to 0.1215x;

When applying a selected range of such multiples of 7.5x-8.5x to GenOn's latest 12 months Adjusted EBITDA, referred to as LTM EBITDA, (based on 2012 estimate of GenOn's management), indicated an implied per share equity reference range for GenOn of approximately \$2.00 to \$2.55; and

selected future financial information of NRG and GenOn to illustrate NRG's and GenOn's relative contribution to the combined company after the merger.

Miscellaneous

The summary above of certain material financial analyses does not purport to be a complete description of the analyses or data presented by J.P. Morgan. The preparation of a fairness opinion is a complex process and is not necessarily susceptible to partial analysis or summary description. J.P. Morgan believes that the foregoing summary and its analyses must be considered as a whole and that selecting portions thereof, or focusing on information in tabular format, without considering all of its analyses and the narrative description of the analyses, could create an incomplete view of the processes underlying its analyses and opinion. In arriving at its opinion, J.P. Morgan did not attribute any particular weight to any analyses or factors considered by it and did not form an opinion as to whether any individual analysis or factor (positive or negative), considered in isolation, supported or failed to support its opinion. Rather, J.P. Morgan considered the results of all of its analyses as a whole and made its determination as to fairness on the basis of its experience and professional judgment after considering the results of all of its analyses.

Analyses based on forecasts of future results are inherently uncertain, as they are subject to numerous factors or events beyond the control of the parties. Accordingly, forecasts and analyses used or made by J.P. Morgan are not necessarily indicative of actual future results, which may be significantly more or less favorable than suggested by those analyses. Moreover, J.P. Morgan's analyses are not and do not purport to be appraisals or otherwise reflective of the prices at which businesses actually could be bought or sold. None of the selected companies reviewed as described in the above summary is identical to GenOn or NRG, and none of the selected transactions reviewed as described in the above summary was identical to the merger. However, the companies selected were chosen because they are publicly traded companies with operations and businesses that, for purposes of J.P. Morgan's analysis, may be considered similar to those of GenOn or NRG. The analyses necessarily involve complex considerations and judgments concerning differences in financial and operational characteristics of the companies involved and other factors that could affect the companies compared to GenOn or NRG and the transactions compared to the merger.

Table of Contents

As part of its investment banking and financial advisory business, J.P. Morgan and its affiliates are continually engaged in the valuation of businesses and their securities in connection with mergers and acquisitions, investments for passive and control purposes, negotiated underwritings, competitive biddings, secondary distributions of listed and unlisted securities, private placements and valuations for estate, corporate and other purposes. J.P. Morgan was selected by GenOn as its financial advisor with respect to the merger on the basis of such experience and its qualifications, reputation and experience in the valuation of businesses and securities in connection with mergers and acquisitions.

J.P. Morgan has acted as financial advisor to GenOn with respect to the merger and will receive a fee of approximately \$15 million for its services, the entire amount of which is contingent upon completion of the merger. In addition, GenOn has agreed to reimburse J.P. Morgan for its expenses incurred in connection with its services, including the fees and disbursements of counsel, and to indemnify J.P. Morgan and its affiliates for certain liabilities arising out of its engagement. J.P. Morgan may provide lending and/or investment banking services to the combined company in the future, including in connection with the refinancing transactions contemplated by the merger agreement. During the past two years, J.P. Morgan and its affiliates have had commercial or investment banking relationships with GenOn and NRG. More recently, J.P. Morgan acted as an initial purchaser in connection with NRG's \$990 million senior notes offering that closed on September 24, 2012, for which services J.P. Morgan received compensation. During the past two years, J.P. Morgan and its affiliates have received customary compensation totalling approximately \$49 million in the aggregate. Such services during such period have included acting as (i) Mirant Corporation's financial advisor on its merger with RRI Energy, Inc. to form GenOn in December 2010, (ii) GenOn's bookrunner in its issuance and sale of \$675 million in aggregate principal amount of 9.5% senior unsecured notes due in 2018 and \$550 million in aggregate principal amount of 9.875% senior unsecured notes due in 2020, in each case, in September 2010, (iii) NRG's co-manager in its issuance and sale of \$1.1 billion aggregate principal amount of 8.25% senior notes due 2020 in August 2010, (iv) NRG's bookrunner in its issuance and sale of \$1.2 billion aggregate principal amount of 7.625% senior notes due 2018 in January 2011 and (v) NRG's bookrunner in its issuance and sale of \$2.4 billion aggregate principal amount of 7.375% senior notes due 2016 in May 2011. In addition, J.P. Morgan's commercial banking affiliate is an agent bank and a lender under outstanding credit facilities of GenOn and NRG, for which it receives customary compensation or other financial benefits. In the ordinary course of J.P. Morgan's businesses, J.P. Morgan and its affiliates may actively trade the debt and equity securities of GenOn and NRG for J.P. Morgan's account or for the accounts of customers and, accordingly, J.P. Morgan may at any time hold long or short positions in such securities.

Unaudited Financial Forecasts

NRG and GenOn are including in this joint proxy statement/prospectus certain financial forecasts that NRG and GenOn prepared for their respective boards in connection with the proposed merger. These financial forecasts also were provided to NRG's and GenOn's respective financial advisors. See "The Merger Opinion of NRG's Financial Advisors" beginning on page 58 and "Opinion of GenOn's Financial Advisor" beginning on page 73. The financial forecasts were not prepared with a view toward public disclosure or compliance with published guidelines of the SEC or the American Institute of Certified Public Accountants for preparation and presentation of prospective financial information or GAAP. The inclusion of this information in this joint proxy statement/prospectus should not be regarded as an indication that any of NRG, GenOn or any other recipient of this information considered, or now considers, it to be necessarily predictive of actual future results. The inclusion of the financial forecasts in this joint proxy statement/prospectus shall not be deemed an admission or representation by NRG or GenOn that such information is material.

The financial forecasts of NRG and GenOn included in this joint proxy statement/prospectus were prepared by, and are the responsibility of, NRG management and GenOn management, respectively,

and are unaudited. Neither NRG's nor GenOn's independent registered public accounting firm, nor any other independent auditors, have compiled, examined or performed any procedures with respect to the prospective financial information contained in the financial forecasts, nor have they expressed any opinion or given any form of assurance on the financial forecasts or their achievability. Furthermore, the financial forecasts:

are based on May 22, 2012 forward curves;

make numerous assumptions, as further described below, many of which are beyond the control of NRG and GenOn and may not prove to be accurate;

do not necessarily reflect revised prospects for NRG's and GenOn's businesses, changes in general business or economic conditions, or any other transaction or event that has occurred or that may occur and that was not anticipated at the time the forecasts were prepared;

are not necessarily indicative of current values or future performance, which may be significantly more favorable or less favorable than as set forth below; and

should not be regarded as a representation that the financial forecasts will be achieved.

These financial forecasts were prepared by the respective managements of NRG and GenOn based on information they had at the time of preparation and are not a guarantee of future performance. These financial forecasts were, in general, prepared solely for use by NRG's and GenOn's respective boards and financial advisors and are subjective in many respects and thus subject to interpretation. Neither NRG nor GenOn can assure you that their respective financial forecasts will be realized or that their respective future financial results will not materially vary from the financial forecasts. The financial forecasts cover multiple years and such information by its nature becomes less predictive with each successive year.

The financial forecasts do not take into account any circumstances or events occurring after the date they were prepared. NRG and GenOn do not intend to update or revise the financial forecasts. The financial forecasts are forward-looking statements. For more information on factors which may cause NRG's and GenOn's future financial results to materially vary from those projected in the financial forecasts, see "Cautionary Note Regarding Forward-Looking Statements" beginning on page 32 and "Risk Factors" beginning on page 34.

NRG Financial Forecasts (Unaudited)

In the course of their mutual due diligence, NRG provided GenOn with non-public financial forecasts for the years ending December 31, 2013, 2014, 2015 and 2016, which forecasts are collectively referred to as the NRG management case. In addition, the NRG management case, with adjustments as described below, was provided to the NRG Board to assist the NRG Board in its evaluation of the strategic rationale for the merger and was furnished to and used by NRG's financial advisors in connection with their respective financial analyses as described in the section entitled "The Merger Opinions of NRG's Financial Advisors" beginning on page 58. The NRG management case as so adjusted is referred to as the NRG adjusted management case.

The key drivers of NRG's performance are: (1) electric generation supply and demand fundamentals in the regions in which it operates as well as the spread between power and natural gas and coal prices; (2) retail electricity load and margins; and (3) the construction of its solar projects.

Electric generation supply and demand the market's view of supply and demand fundamentals is reflected in power prices which are most affected by the price of natural gas and heat rates. NRG has set forth the ERCOT Houston Zone power prices in the table below as the largest portion of its energy sales occur in ERCOT and best reflected by the prices in and around Houston, Texas. This table also

Table of Contents

includes natural gas and average coal expenditures across the NRG fleet reflecting the market's view on dark spreads.

Retail electricity load and margins the forecasts for NRG's retail businesses are based on current load levels and NRG's forecasted growth for Mass and Commercial & Industrial, or C&I, retail customers. These forecasts are consistent with NRG's realized growth and include sufficient costs to reflect the necessary marketing and operational expenditures to support such growth.

Solar projects consistent with NRG's current investments, these projections include the growth of NRG's solar platform for those projects which we have disclosed publicly that NRG is constructing. These forecasts do not assume any additional solar projects.

For purposes of presentation to GenOn management, NRG management assumed the sale of NRG's remaining interests in the Agua Caliente project and the sell-down of 49% of its interest in the CVSR project.

GenOn's Adjustments to NRG's Management Case

GenOn's management made adjustments to the financial forecasts provided by NRG. The NRG management case described above under "NRG Financial Forecasts (Unaudited)" was revised to be consistent with GenOn's definition of Adjusted EBITDA and excluded interest income. In addition, a downside case scenario was prepared that decreased estimated Adjusted EBITDA attributable to NRG's retail business by \$7 million in 2013, \$105 million in 2014, \$210 million in 2015 and \$418 million in 2016.

Table of Contents**NRG Adjusted Management Case**

NRG management adjusted the NRG management case in the following primary areas to create the NRG adjusted management case: (a) to assume that NRG would retain its 51% ownership in Agua Caliente and sell-down only 24.5% of its interest in the CVSR project; (b) to reduce NRG's Mass and C&I load growth assumptions in markets NRG provides retail services; and (c) to include NRG management's fundamental view of results for the terminal year which assume markets reach an equilibrium whereby the cost of entry for new generating plants would be achieved, referred to as case 1, and market views for the terminal year based on the May 22, 2012 forward curve, referred to as case 2, resulting in approximately \$2.8 billion (case 1) or \$1.9 billion (case 2) of Adjusted EBITDA in the terminal year. The NRG adjusted management case was prepared for the NRG Board and NRG's financial advisors, and was not provided to GenOn.

GenOn Financial Forecasts (Unaudited)

In the course of their mutual due diligence, GenOn provided NRG with non-public financial projections for the years ending December 31, 2013, 2014, 2015 and 2016, which projections are collectively referred to as the GenOn management case. The GenOn management case was prepared to assist the GenOn Board in its evaluation of the strategic rationale for the merger and was furnished to and used by J.P. Morgan in connection with the preparation of its opinion as described in the section entitled "The Merger Opinion of GenOn's Financial Advisors" beginning on page 73. The key drivers of GenOn's performance are supply and demand fundamentals in the regions in which it operates as well as the spread between natural gas and coal prices. The market's view of supply and demand fundamentals is reflected in power prices and heat rates. GenOn has set forth the PJM West power prices in the table below as most of its energy sales occur in PJM. This table also includes natural gas and coal prices reflecting the market's view on spreads. All of these prices are as of May 22, 2012 and represented the most relevant, up-to-date, available forward market prices at the time GenOn prepared its management case. In addition, in developing the GenOn management case, GenOn management assumed that capacity prices for the Mid-Atlantic Area Council (MAAC) locational deliverability area

Table of Contents

(LDA), eastern MAAC LDA and regional transmission organization (RTO) area would be \$185 megawatt-day, \$185 megawatt-day and \$150 megawatt-day, respectively for the planning period 2016/2017. MAAC LDA, eastern MAAC LDA and RTO are zones in the PJM Market's reliability pricing model auctions. GenOn's capacity sales occur primarily through these auctions. At the time GenOn prepared its management case, base residual auctions were completed for planning periods 2013/2014, 2014/2015 and 2015/2016 and those clearing prices were used in the management case. The assumed capacity prices for planning periods 2016/2017 are consistent with the historical average base residual auction clearing prices.

NRG management also furnished to NRG's financial advisors the GenOn adjusted management case as well as NRG management's fundamental view for the terminal year, which assumes that markets reach an equilibrium whereby the cost of entry for new generating plants would be achieved, referred to as case 1, and market views for the terminal year based on the May 22, 2012 forward curve, referred to as case 2, resulting in approximately \$1,000 million (case 1) or \$700 million (case 2) of Adjusted EBITDA in the terminal year.

GenOn Change-in-Control Severance Benefits

GenOn Change-in-Control Severance Plan

Each of GenOn's executive officers, together with other officers of the Company, participates in GenOn's Change-in-Control Severance Plan. If, within two years following a change in control (which would include completion of the merger), the executive's employment is terminated by the employer without "cause," by the executive for "good reason" or by reason of an action initiated by the employer and agreed by the executive (or under certain circumstances if the executive's employment is terminated before completion of the merger at the request of NRG), the executive will receive (subject to execution of a release of claims and a one-year noncompete agreement) a lump sum cash severance payment equal to a multiple of salary (three in the case of Messrs. Muller, Holden and Jines and two in the case of the other executives) plus the same multiple times the executive's target bonus for the year in which the termination occurs; a target short term incentive award prorated based on the number of days the executive was employed during the year in which his or her employment was terminated, payable in a cash lump sum; continued welfare benefit coverage for three years in the case of Messrs. Muller, Holden and Jines and two years in the case of the other executives; and outplacement services for one year.

As described further below, some executives are party to additional plans and agreements that could provide different benefits, depending in some cases on whether the merger is completed on or before December 3, 2012, or the executive experiences a qualifying termination of employment under those plans or agreements on or before December 3, 2012.

Employment Agreement with Mr. Muller

Mr. Muller is entitled to the better of the benefits available under the GenOn Change-in-Control Severance Plan, his employment agreement, or if he experiences a qualifying termination of employment on or before December 3, 2012, the Mirant Corporation Change in Control Severance Plan (which is described below). Based on present circumstances, the benefits to Mr. Muller under his employment agreement would exceed those available to him under the GenOn Change-in-Control Severance Plan and the Mirant Corporation Change in Control Severance Plan. Under his employment agreement, in the event of his termination of employment during the period beginning six months before and ending two years following a change in control (which would include completion of the merger) by the employer without "cause" or by Mr. Muller for "good reason," he would receive the following benefits (in addition to payment of all earned but unpaid compensation, which is paid in connection with any termination for any reason):

a payment equal to three times the sum of (1) his base salary, (2) his target short term incentive award for the year of termination (or, if greater, his actual short term incentive award for the year preceding the change in control), (3) the annual cost for life and long-term disability insurance for him, and (4) the contribution for the preceding year under GenOn's 401(k) plan and the savings restoration program of GenOn's Deferral and Restoration Plan;

full vesting of all equity incentive compensation awards, with the further provision that all stock options shall remain exercisable for their full remaining term;

18 months of continued coverage (for his spouse and dependents as well, if applicable) under GenOn's medical, dental and other group health benefits for senior executives at the same rates charged active executives; and

a cash lump sum amount equal to the employer cost of an additional 18 months of coverage under the medical, dental and vision plans in which he participated immediately prior to his termination of employment.

Mirant Corporation Change in Control Severance Plan for Mr. Muller and Mr. Gaudette

Mr. Muller and Mr. Gaudette presently remain eligible for benefits under the Mirant Corporation Change in Control Severance Plan. Mr. Muller is eligible for benefits under that plan only if he experiences a qualifying termination of employment (a termination by the employer without "cause" or by the executive for "good reason" within the meaning of that plan) on or before December 3, 2012. Mr. Gaudette remains eligible for benefits under that plan if either he experiences a qualifying termination of employment on or before December 3, 2012, or, pursuant to an agreement between NRG and Mr. Gaudette, the merger is completed on or before December 3, 2012, and Mr. Gaudette experiences a qualifying termination of employment within two years following completion of the merger. In either case, benefits would be provided under the Mirant Corporation Change in Control Severance Plan only if those benefits are more favorable to the executive than those available under their other arrangements (the GenOn Change-in-Control Severance Plan and, in the case of Mr. Muller, his employment agreement as well). The benefits provided to Mr. Gaudette under the Mirant Corporation Change in Control Severance Plan would be more favorable than those provided to him under the GenOn Change-in-Control Severance Plan, but any benefits payable to Mr. Muller would be provided under his employment agreement, which would be the most favorable option for him. The benefits that would be provided to Mr. Gaudette under the Mirant Corporation Change in Control Severance Plan (subject to execution of a release of claims) are a lump-sum severance payment equal to three times the sum of his base salary and target annual bonus, the employer's cost of providing three years of continued medical benefits, a pro-rata target bonus, full vesting of outstanding equity awards and outplacement services for one year. Mr. Gaudette also would be entitled to a gross-up payment (not exceeding \$2 million) in respect of golden parachute payment excise taxes if the amount of the benefits payable to him are at least 110% of the amount that would first subject him to those taxes (and otherwise his payments would be reduced if necessary so that they would not trigger those taxes). Mr. Muller had previously waived his right to any golden parachute excise tax gross-up payment.

Change in Control Agreement with Mr. Jines

Mr. Jines remains eligible for benefits under his Change in Control Agreement with GenOn through December 3, 2012 and accordingly, upon a termination by the employer without "cause" or by Mr. Jines for "good reason" within the meaning of that agreement on or before December 3, 2012 (the second anniversary of the merger of RRI Energy, Inc. and Mirant Corporation) he would receive (subject to execution of a release of claims) the benefits provided under that agreement (regardless whether the contemplated merger of GenOn and NRG is completed) if they are more favorable than any benefits that would be provided (i.e., assuming the contemplated merger of GenOn and NRG is consummated) under the GenOn Change-in-Control Severance Plan. The benefits that would be provided to Mr. Jines under his Change in Control Agreement (i.e., upon a qualifying termination of employment on or before December 3, 2012) are essentially identical to those available to him under the GenOn Change-in-Control Severance Plan, except that he would not be subject to a one-year noncompete, he would be eligible for two rather than three years of welfare benefit continuation, and he would be eligible for gross-up payments to reimburse him for any taxes and penalties inadvertently triggered under Internal Revenue Code Section 409A, unless the tax is imposed because of the plan aggregation rules under Section 409A or, in the case of termination for "good reason," Mr. Jines does not timely notify GenOn of the event.

Legacy Retention Bonuses for Mr. Holden and Ms. Cleary

Under offer letters entered into in connection with the merger of RRI Energy, Inc. and Mirant Corporation, each of Mr. Holden and Ms. Cleary is eligible to receive a cash retention bonus on December 3, 2012, subject to their respective continued employment through that date. The amount of

Table of Contents

the respective cash retention bonuses is equal to the amount of severance that they would have been paid under the Mirant Corporation Change in Control Severance Plan had their employment ended in a qualifying termination (\$3,252,096 in the case of Mr. Holden and \$1,847,274 in the case of Ms. Cleary). They are each also entitled to those payments if, prior to December 3, 2012, they die, terminate as a result of disability, are terminated without "cause," resign within 90 days following a material breach of their respective offer letters that is not cured, or, in the case of Mr. Holden, if his employment terminates for any reason following the termination of Mr. Muller's employment. Their entitlement to those payments is not affected by the contemplated merger of GenOn and NRG. As part of those offer letters, each of Mr. Holden and Ms. Cleary retained their right to a golden parachute excise tax gross-up payment under the Mirant Corporation Change in Control Severance Plan (but no other rights under that plan) in respect of any golden parachute payments provided to them in respect of a qualifying termination of employment on or before December 3, 2012. Accordingly, they would be eligible in that case for a gross-up payment if the amount of the benefits payable to them is at least 110% of the amount that would first subject them to the golden parachute excise taxes, but otherwise the benefits would be reduced if necessary so that they would not trigger those taxes; it is not expected that there will be any such gross-up payment to them even if there is such a qualifying termination of employment.

Summary of Severance Amounts Payable

The table below sets forth, for each executive officer, an estimate of the value of the payments and benefits that would be provided to the executive assuming the merger is completed and such executive experiences a qualifying termination of employment on December 31, 2012 (though it is not expected that Mr. Gaudette or Ms. Cleary will be terminating employment on the merger completion date). The amount (if any) that actually would become payable to any executive will depend on the circumstances prevailing at the time of any actual termination of employment. The GenOn Change-in-Control Severance Plan, Mr. Muller's employment agreement and Mr. Jines' Change in Control Agreement, each provides for payments and benefits to be made to executives either in full or, if the value of the payments and benefits otherwise would include amounts that are not deductible by reason of the "golden-parachute" deduction limitations applicable under Section 280G of the Code, in such a reduced amount that would not exceed those deduction limitations if the after-tax value to the executive would be greater. The amounts reflected in the table below reflect the gross amounts due to the executives, prior to the imposition of any taxes and prior to any reduction that may be required to ensure that the payments and benefits do not exceed the limitations under Section 280G of the Code.

Executive Officer	Severance Payments and Benefits Upon Qualifying Termination as of December 31, 2012
Edward R. Muller	\$ 15,386,706
J. William Holden, III	4,835,413
Michael L. Jines	3,508,768
Robert J. Gaudette	2,014,457
Anne M. Cleary	1,905,135
All other executive officers as a group (two individuals)	3,500,800

As noted above, if Mr. Jines experiences a qualifying termination of employment on or before December 3, 2012 and he receives benefits under his Change in Control Agreement rather than the GenOn Change-in-Control Severance Plan, he would be eligible for only two rather than three years of welfare benefit continuation. Also as noted above, if the merger is completed on or before December 3, 2012, Mr. Gaudette's severance benefit upon a qualifying termination of employment would be determined under the Mirant Corporation Change in Control Severance Plan; in that case,

Table of Contents

the amount of the severance payment provided to Mr. Gaudette (determined as of December 31, 2012) would be approximately \$2,646,611, and he also would be entitled to a golden parachute excise tax gross-up payment of approximately \$850,000.

Short Term Incentive Programs

If the merger is completed prior to December 31, 2012, the GenOn Board (or a Committee thereof) will determine, prior to the effective time (as defined in the merger agreement), the performance results for GenOn's 2012 annual cash incentive program in effect immediately prior to the effective time of the merger (the "2012 Program") for GenOn employees (including executive officers). The performance results will be based on actual results at such time and a good faith estimate of the performance results for the remainder of 2012. If the merger is completed on or after December 31, 2012, GenOn's Board (or a Committee thereof) will determine, prior to the effective time of the merger, the performance results for the 2012 Program (if it has not already been paid prior to the effective time of the merger), utilizing actual results at such time, including good faith estimates of performance results to the extent results are not finalized.

If the merger is not completed before March 31, 2013, GenOn may establish prior to the effective time of the merger an annual cash bonus program in respect of 2013 on a basis substantially similar to the 2012 Program, including in terms of the individual target bonus awards, the overall cost of the program and the establishment of a financial goal such as adjusted EBITDA (representing $\frac{2}{3}$ of the overall target) and business and operational goals (collectively representing the remaining $\frac{1}{3}$ of the overall target) reasonably calculated by GenOn to promote important GenOn business objectives. If the merger is completed between March 31, 2013 and July 31, 2013, NRG may provide that any such program shall be of no force or effect at or after the effective time of the merger other than for purposes of severance amount determinations. If the merger is completed on or after July 31, 2013, the amount of the 2013 annual cash bonus payable to individuals (including GenOn executive officers) who are employed by GenOn or its affiliates immediately prior to the effective time of the merger will, for the period during 2013 prior to the effective time of the merger, be determined based on the program and performance metrics established by GenOn, with the performance metrics and the amounts payable for each individual determined prior to the effective time of the merger by GenOn's Board (or a Committee thereof) based on actual results at such time and a good faith estimate of the performance results for the remainder of 2013, provided that the target bonus amount established by GenOn will apply for purposes of severance amount determinations as applicable, and provided further that the annual cash bonus for 2013 (including the component determined by GenOn's Board (or Committee thereof as applicable), will be payable at the time NRG pays 2013 annual cash bonuses to individuals who are employees of NRG or its affiliates.

Continued Service of Certain Executives and Directors

Upon completion of the merger, Mr. Muller, who is currently GenOn's Chairman, President and Chief Executive Officer, and three other directors of GenOn Messrs. E. Spencer Abraham, Terry G. Dallas and Evan J. Silverstein will be appointed as directors of NRG. In addition, Mr. Muller will be appointed as the Vice Chairman of the NRG Board.

Subsequent to execution of the merger agreement, Ms. Cleary, currently GenOn's Senior Vice President, Asset Management, and NRG agreed that, effective as of the day following completion of the merger, Ms. Cleary will be Executive Vice President and Chief Integration Officer for NRG in its Houston, Texas office. Her annual base salary will be \$450,000 and she will be eligible for a special integration incentive of up to 275% of her eligible earnings upon one-time achievement of target synergies associated with the merger, as defined by NRG's chief executive officer, payable upon the first anniversary of the merger subject generally to continued employment through that date (with a pro-rated portion payable in the event of a termination by NRG without cause subject to successful

Table of Contents

completion of the performance goals through the date of termination). It is currently anticipated that Ms. Cleary's employment will terminate upon substantial completion of the integration activities, which is expected within one year following completion of the merger. If her employment continues beyond that time, she will become eligible for participation in NRG's annual and long-term incentive programs at a level commensurate with her position as an executive vice president. In any event, upon the earlier to occur of her termination of employment with NRG due to completion of the integration activities or the second anniversary of the merger (or upon her earlier death or disability), NRG will pay her an amount equal to the cash severance she would have received upon a qualifying termination of employment under the GenOn Change-in-Control Severance Plan, and, for purposes of determining the extent to which the stock units granted to Ms. Cleary by GenOn in 2012 are vested, she will be treated as if any such termination of employment were by the employer without cause (i.e., the units will vest in full). Following the second anniversary of the merger (if she remains employed by NRG at that time), Ms. Cleary will commence participation in NRG severance plans (which, for an executive vice president, currently generally provide a benefit equal to 2.99 times the sum of base salary and annual target bonus upon a qualifying termination of employment following a change in control and equal to 1.5 times base salary upon a qualifying termination where there has been no change in control).

Subsequent to execution of the merger agreement, Mr. Gaudette, currently GenOn's Senior Vice President and Chief Commercial Officer, and NRG agreed that, effective as of the day following completion of the merger, Mr. Gaudette will be Senior Vice President, Product Development and Origination, for NRG in its Houston, Texas office. His annual base salary will be \$300,000 and his annual target bonus and annual long-term equity incentive award opportunity will be 50% and 125% of base salary, respectively. NRG will pay Mr. Gaudette a signing bonus of \$233,333 within 30 days following the start of his employment and, subject to his continued employment, additional retention bonuses of \$233,333 on each of the first and second anniversaries of the closing of the merger. Mr. Gaudette will continue to be eligible for benefits under the GenOn Change-in-Control Severance Plan for two years following completion of the merger or, if the merger is completed on or before December 3, 2012, under the Mirant Change in Control Severance Plan; provided that any severance payable under the GenOn Change-in-Control Severance Plan would be reduced by the amount of any such signing or retention bonuses actually paid, and, if Mr. Gaudette is terminated for cause within 12 months following any such bonus payment, he will be required to repay the amount of such bonus payment prorated by the number of days worked during such 12-month period. Following the second anniversary of the merger, Mr. Gaudette will commence participation in NRG severance plans (which, for a senior vice president, currently generally provide a benefit equal to two times the sum of base salary and annual target bonus upon a qualifying termination of employment following a change in control and equal to 1.5 times base salary upon a qualifying termination where there has been no change in control).

Potential Retention Payments

GenOn may establish a retention pool in an amount up to \$10,000,000 to be allocated to key employees by the Chief Executive Officer of GenOn, provided that no allocation will be made to any named executive officer and no allocation may be made to the extent that it would fail to be deductible by reason of the golden-parachute deduction limitations applicable under Section 280G of the Code. No determination has been made at this time regarding who, if anyone, will receive such retention awards or what the amount of any such award would be.

Table of Contents**Quantification of Potential Payments to Named Executive Officers in Connection with the Merger**

In accordance with Item 402(t) of Regulation S-K, the table below sets forth the estimated amounts of compensation and benefits that each GenOn named executive officer could receive that are based on or otherwise relate to the merger. These amounts have been calculated assuming the merger is completed on September 1, 2012, which is the latest date preceding the expected mailing of this joint proxy statement/prospectus as of which information is practicably available, and, where applicable, assuming each named executive officer experiences a qualifying termination of employment on September 1, 2012 (though it is not expected that Mr. Gaudette or Ms. Cleary will be terminating employment on the merger completion date). Please see "The Merger Treatment of GenOn Stock Options and Restricted Stock Units" and "The Merger Interests of Directors and Executive Officers of GenOn in the Merger" for further information about the applicable compensation and benefits. These estimated amounts are based on multiple assumptions that may or may not actually occur, including assumptions described in this joint proxy statement/prospectus. Some of these assumptions are based on information not currently available and, as a result, the actual amounts, if any, to be received by a named executive officer may differ in material respects from the amounts set forth below. Payment of the amounts described below would be subject to execution of a release of claims and, except with regard to a termination of employment by Mr. Jines on or before December 3, 2012 or a termination by Mr. Gaudette, a one-year noncompete agreement (provided, in the case of Mr. Jines, that he receives benefits under his Change in Control Agreement rather than the GenOn Change-in-Control Severance Plan, in which case he would be eligible for only two rather than three years of continued welfare plan coverage, as more fully described below).

Golden Parachute Compensation

Name(1)	Cash(2)	Equity(3)	Perquisites/ Benefits(4)	Tax Reimbursement(5)	Total
Edward R. Muller	\$ 11,146,975	\$ 3,811,807	\$ 44,910	\$	\$ 15,003,692
J. William Holden, III	3,502,822	1,081,573	95,840		4,680,235
Michael L. Jines	2,531,562	780,820	75,632		3,388,014
Robert J. Gaudette	2,060,075	471,399	35,000	850,000	3,416,474
Anne M. Cleary	1,328,695	428,553	78,632		1,835,880

- (1) *Former Named Executive Officers.* Mark M. Jacobs and David S. Freysinger, who served as executive officers of GenOn for the portion of 2011 during which they were employed by GenOn, are not entitled to any compensation or benefits that are based on or that otherwise relate to the merger.
- (2) *Cash.* For Mr. Holden and Ms. Cleary, the cash payments represent severance under the GenOn Change-in-Control Severance Plan that is payable only upon a qualifying termination of employment within two years following (or, in certain circumstances where the termination is at the request of NRG, at any time before) completion of the merger, as follows:

a lump sum cash payment equal to a multiple of salary (three times in the case of Mr. Holden and two times in the case of Ms. Cleary) plus the same multiple times the executive's target bonus; and

a lump sum target short term incentive award payment prorated based on the number of days the executive was employed during the year in which his or her employment was terminated.

All of the cash payments to Mr. Muller represent severance that is payable to him under his employment agreement only upon a qualifying termination of employment which occurs during the period beginning six months before and ending two years following completion of the merger, as follows:

\$10,320,079, which represents a payment equal to three times the sum of (1) his base salary, (2) his actual short term incentive award for the year preceding the merger; (3) the annual cost

Table of Contents

for life and long-term disability insurance for him, and (4) the contribution for the preceding year under GenOn's 401(k) plan and the savings restoration program of GenOn's Deferral and Restoration Plan;

\$781,986, which represents the amount of bonus that he will have earned for 2012 assuming a target level of performance; and

\$44,910, which represents a lump sum amount equal to the employer cost of an additional 18 months of coverage under the medical, dental and vision plans in which he participates.

The amounts shown above for Mr. Jines will be payable under his Change in Control Agreement or the GenOn Change-in-Control Severance Plan (a lump sum cash payment equal to three times the sum of his salary and target bonus and a pro-rata target bonus).

The amounts shown above for Mr. Gaudette would be payable under the Mirant Corporation Change in Control Severance Plan and would be payable only if he experiences a qualifying termination of employment at any time during the period ending two years following completion of the merger (assuming the merger is completed on or before December 3, 2012). The benefits under that plan are a lump-sum severance payment equal to three times the sum of his base salary and target annual bonus, the employer's cost of providing three years of continued medical benefits and a pro-rata target bonus.

The respective amounts determined as of September 1, 2012 are as follows:

Executive Officer	Payment Equal to	Payment in Respect of	
	Multiple of	Target	Other
	Salary/Bonus	Incentive Award	
Edward R. Muller	\$ 9,419,700	\$ 781,986	\$ 945,289
J. William Holden, III	3,186,000	316,822	
Michael L. Jines	2,326,500	205,062	
Robert J. Gaudette	1,856,250	163,613	40,212
Anne M. Cleary	1,187,300	141,395	

If the merger is not completed on or before December 3, 2012, Mr. Gaudette would receive benefits instead under the GenOn Change-in-Control Severance Plan; in that case, the amount of the cash severance payment to him upon a qualifying termination of employment (assuming a December 31, 2012 termination date) would be approximately \$1,481,250, and no golden parachute payment excise tax gross-up would be payable.

Mr. Gaudette would be entitled to a signing bonus of \$233,333 if he remains employed by NRG on the day following completion of the merger (subject to certain repayment obligations if he were terminated without cause within 12 months); this payment is not included in the table above in light of the assumption underlying the table that he will terminate employment on the date of the completion of the merger.

Under offer letters entered into in connection with the merger of RRI Energy, Inc. and Mirant Corporation, each of Mr. Holden and Ms. Cleary is eligible to receive a cash retention bonus on December 3, 2012, subject to their respective continued employment through that date. The amount of the respective cash retention bonuses is equal to the amount of severance that they would have been paid under the Mirant Corporation Change in Control Severance Plan had their employment ended in a qualifying termination (\$3,252,096 in the case of Mr. Holden and \$1,847,274 in the case of Ms. Cleary). They are each also entitled to those payments if, prior to December 3, 2012, they die, terminate as a result of disability, are terminated without "cause," resign within 90 days following a material breach of their respective offer letters that is not cured, or, in the case of Mr. Holden, if his employment terminates for any reason following the

Table of Contents

termination of Mr. Muller's employment. Their entitlement to those payments is not affected by the contemplated merger of GenOn and NRG.

(3)

Equity. Represents the value of unvested options and restricted stock units that will vest either solely by reason of completion of the merger (single-trigger options and RSUs, respectively) or upon a qualifying termination of employment within two years following (or, in certain circumstances where the termination is at the request of NRG, at any time before) completion of the merger (double-trigger options and RSUs, respectively), assuming, in the case of the double-trigger vesting RSUs, that applicable performance goals will be satisfied at the target level of performance. For purposes of determining the value of the awards (all of which, as described above in "The Merger Treatment of GenOn Stock Options and Restricted Stock Units," will convert into awards denominated in shares of NRG common stock upon completion of the merger), it is assumed that the fair market value of a share of NRG common stock at the time of conversion will equal \$19.33, which is the average closing market price of NRG's common stock over the first five business days following the July 22, 2012 public announcement of the merger agreement. None of the options has an exercise price (as converted) of less than \$19.33.

The respective amounts determined as of September 1, 2012 are as follows:

Executive Officer	Single-Trigger Options	Single-Trigger RSUs	Double-Trigger Options	Double-Trigger RSUs
Edward R. Muller		\$ 1,405,869		\$ 2,405,938
J. William Holden, III		398,909		682,664
Michael L. Jines		283,956		496,864
Robert J. Gaudette		173,865		297,534
Anne M. Cleary		153,973		274,580

Mr. Muller holds an additional 610,216 double-trigger RSUs (with a value of \$1,434,627 based on the methodology used in the table above) that are scheduled to vest on December 3, 2012. Their vesting is unaffected by whether the merger is completed, but the RSUs will vest if he experiences a qualifying termination of employment before December 3, 2012.

(4)

Perquisites/Benefits. For Mr. Muller, represents the cash value of 18 months of continued coverage (for his spouse and dependents as well, if applicable) under GenOn's medical, dental and other group health benefits for senior executives at the same rates charged active executives. For Mr. Holden, represents the value of continued welfare benefit coverage for three years and outplacement services for one year. For Mr. Jines (assuming he receives benefits pursuant to his Change in Control Agreement) and Ms. Cleary, represents the value of continued welfare benefit coverage for two years and outplacement services for one year. For Mr. Gaudette, represents outplacement services for one year. The amounts would be payable upon a qualifying termination of employment within two years following (or, in certain circumstances where the termination is at the request of NRG, at any time before) completion of the merger or, in the case of Mr. Muller, during the period beginning six months before and ending two years following completion of the merger.

The respective amounts determined as of September 1, 2012 are as follows:

Executive Officer	Welfare Benefit Coverage	Outplacement Services
Edward R. Muller	\$ 44,910	\$
J. William Holden, III	60,840	35,000
Michael L. Jines	40,632	35,000
Robert J. Gaudette		35,000
Anne M. Cleary	43,632	35,000

Table of Contents

If the merger is completed after December 3, 2012, and Mr. Gaudette experiences a qualifying termination of employment within two years following completion of the merger, he would be entitled to two years of continued welfare benefit coverage (with an approximate value of \$26,808) and one year of outplacement services (with an approximate value of \$35,000).

If Mr. Jines experiences a qualifying termination of employment after December 3, 2012, he would be entitled to three years of continued welfare benefit coverage (with an approximate value of \$60,948) and one year of outplacement services (with an approximate value of \$35,000).

(5)

Tax Reimbursements. Represents a golden parachute excise tax gross-up payment.

Accounting Treatment

NRG prepares its financial statements in accordance with U.S. GAAP. The merger will be accounted for by applying the acquisition method in accordance with Accounting Standards Codification 805, *Business Combinations*, or ASC 805, which requires the determination of the acquirer, the acquisition date, the fair value of assets and liabilities of the acquiree and the measurement of goodwill or a bargain purchase, if any. The accounting guidance provides that in identifying the acquiring entity in a combination effected through an exchange of equity interests, all pertinent facts and circumstances must be considered, including the relative voting rights of the stockholders of the constituent companies in the combined entity, the composition of the board of directors and senior management of the combined company, the relative size of each company and the terms of the exchange of equity securities in the business combination, including payment of any premium.

Based on the fact that current NRG Board members will represent a majority of the directors of the NRG Board immediately following completion of the merger, NRG stockholders will own approximately 71% of the stock of the combined company with GenOn stockholders receiving a premium (as of the date preceding the merger announcement) over the fair market value of their shares on such date, as well as other terms of the merger, NRG is considered to be the acquirer of GenOn for accounting purposes.

Accordingly, NRG will allocate the purchase price to the fair value of GenOn's assets and liabilities at the acquisition date. If the fair value of the assets acquired and liabilities assumed is less than the purchase price, goodwill will be recognized for the difference. If the fair value of the assets acquired and liabilities assumed exceeds the purchase price, a bargain purchase will occur with a gain recognized for the difference. Currently, the preliminary purchase price allocation indicates that a gain will be recognized as the preliminary fair value of the assets to be acquired and liabilities to be assumed exceeds the preliminary purchase price.

All unaudited pro forma condensed combined consolidated financial statements contained in this joint proxy statement/prospectus were prepared using the acquisition method of accounting. The final allocation of the purchase price will be determined after the merger is completed and after completion of an analysis to determine the estimated fair value of GenOn's assets and liabilities. Accordingly, the final acquisition accounting adjustments may be materially different from the unaudited pro forma adjustments. Any decrease in the net estimated fair value of the assets and liabilities of GenOn as compared to the unaudited pro forma information included in this joint proxy statement/prospectus will have the effect of decreasing the estimated non-cash gain recognized related to the merger.

Regulatory Approvals Required for the Merger

To complete the merger, NRG and GenOn must obtain approvals or consents from, or make filings with, a number of United States federal and state public utility, antitrust and other regulatory authorities. We describe the material United States federal and state approvals, consents and filings below. NRG and GenOn are not currently aware of any other material governmental consents, approvals or filings that are required prior to the parties' completion of the merger other than those we describe below. If additional approvals, consents and filings are required to complete the merger, NRG and GenOn intend to seek such consents and approvals and make such filings.

Table of Contents

NRG and GenOn will seek to complete the merger by the first quarter of 2013. Although NRG and GenOn believe that they will receive the required consents and approvals described below to complete the merger, we cannot give any assurance as to the timing of these consents and approvals or as to NRG's and GenOn's ultimate ability to obtain such consents or approvals (or any additional consents or approvals which may otherwise become necessary) or that we will obtain such consents or approvals on terms and subject to conditions satisfactory to NRG and GenOn. The receipt of the regulatory approvals described below without the imposition of any condition that would constitute or be reasonably likely to cause or result in a material adverse effect with respect to either NRG or GenOn is a condition to the obligation of each of NRG and GenOn to complete the merger.

Hart-Scott-Rodino Antitrust Improvements Act

The merger is subject to the requirements of the Hart-Scott-Rodino Antitrust Improvements Act, which is referred to as the HSR Act, and the related rules and regulations, which provide that certain acquisition transactions may not be completed until required information has been furnished to the Antitrust Division of the Department of Justice, which is referred to as the Antitrust Division, and the Federal Trade Commission, which is referred to as the FTC, and until certain waiting periods have been terminated or have expired. The HSR Act requires NRG and GenOn to observe a 30-day waiting period after the submission of their HSR filings before consummating their transaction, unless the waiting period is terminated early. The initial 30-day waiting period can be extended if either the Antitrust Division or the FTC issues a Request for Additional Information, which is referred to as a Second Request, to NRG and GenOn. A Second Request is a request that the parties to a merger provide the Antitrust Division or FTC with information, documents and data that allows the agency or commission to further consider whether the merger violates the federal antitrust laws. Neither NRG nor GenOn believes that the merger will violate federal antitrust laws, and neither expects the review of the transaction to materially delay the expected consummation of the merger. However, we cannot guarantee that the Antitrust Division and the FTC will not take a different position. The issuance of a Second Request extends the required waiting period to consummate the transaction for an additional thirty (30) days, measured from the time both NRG and GenOn certify that they have substantially complied with the Second Request.

On August 23, 2012, each of NRG and GenOn filed a Notification and Report Form under the HSR Act with the Antitrust Division and the FTC, which filings started the 30-day waiting period required by the HSR Act. On September 21, 2012, NRG and GenOn received notice from the Antitrust Division and the FTC granting early termination of the waiting period under the HSR Act.

Federal Power Act

NRG and GenOn each have subsidiaries deemed to be public utilities subject to the jurisdiction of the Federal Energy Regulatory Commission, which is referred to as the FERC, under the Federal Power Act, which is referred to as the FPA. Section 203 of the FPA requires prior authorization from the FERC for certain transactions resulting in the direct or indirect change of control over a FERC jurisdictional public utility. Consequently, the FERC's approval of the merger under Section 203 of the FPA is required.

The FERC must authorize the merger if it finds that the merger is consistent with the public interest. The FERC has stated that, in analyzing a merger or transaction under Section 203 of the FPA, it will evaluate the impact of the merger on:

competition in electric power markets;

the applicants' wholesale power and transmission rates; and

state and federal regulation of the applicants.

In addition, in accordance with Section 203 of the FPA, the FERC also must find that the merger will not result in the cross-subsidization by utilities of their non-utility affiliates or the improper encumbrance or pledge of utility assets. If such cross-subsidization or encumbrances were to occur as a

Table of Contents

result of the merger, the FERC then must find that such cross-subsidization or encumbrances are consistent with the public interest.

The FERC will review these factors to determine whether the merger is consistent with the public interest. If the FERC finds that the merger would adversely affect competition in wholesale electric power markets, rates for transmission or the wholesale sale of electric energy, or regulation, or that the merger would result in cross-subsidies or improper encumbrances that are not consistent with the public interest, it may, pursuant to the FPA, impose upon the proposed merger remedial conditions intended to mitigate such effects or it may decline to authorize the merger. The FERC is required to rule on a completed merger application not later than 180 days from the date on which the completed application is filed. The FERC may, however, for good cause, issue an order extending the time for consideration of the merger application by an additional 180 days. If the FERC does not issue an order within the statutory deadline, then the transaction is deemed to be approved. We expect that the FERC will approve the merger within the initial 180-day review period. However, there is no guarantee that the FERC will approve the merger or that it will not extend the time period for its review or not impose remedial conditions on its approval that are unacceptable to NRG or GenOn in light of the requirements imposed under the merger agreement.

NRG, GenOn and their respective public utility subsidiaries filed their application under Section 203 of the FPA on August 10, 2012, and submitted certain supplemental information pursuant to subsequent requests from FERC staff. In their application, NRG and GenOn submitted a detailed competition analysis demonstrating that the merger does not raise any significant competitive issues or market power concerns. They also demonstrated that the merger satisfies the other criteria considered by the FERC in its review. Third parties have until October 9, 2012 to file comments to or protests of NRG's and GenOn's application at the FERC. In their application, NRG and GenOn have requested that the FERC issue an order no later than December 31, 2012, approving the merger without condition and without a hearing.

Atomic Energy Act

Under the Atomic Energy Act of 1954, as amended, and the regulations of the Nuclear Regulatory Commission, which is referred to as the NRC, an NRC power plant reactor licensee must seek and obtain prior NRC consent for the direct or indirect transfer of its NRC licenses resulting from the transfer of control over the licensee in a merger. STP Nuclear Operating Company, which is referred to as STPNOC, is a joint venture among NRG South Texas, CPS Energy and Austin Energy. STPNOC is the NRC licensed operator of STP. Through NRG South Texas, NRG indirectly holds a 44% interest in STP. Each of NRG South Texas, CPS Energy and Austin Energy hold licenses issued by the NRC with respect to their ownership interests in STP.

STPNOC submitted a threshold determination request to the NRC on August 1, 2012, requesting that the NRC make a determination that the merger does not involve any direct or indirect transfer of control of the NRC licenses held by STPNOC or NRG South Texas that would require approval under the NRC regulations. Because the existing chain of ownership for STP is unaffected by the merger, NRG has no reason to believe that the NRC will determine that the merger involves an indirect transfer of the licenses held by STPNOC or NRG South Texas. However, NRG cannot assure that the NRC will determine that no license transfers would occur with respect to STPNOC, NRG South Texas and STP, in which case STPNOC will need to submit a license transfer application for the affected licenses. Likewise, while also unlikely, NRG cannot assure that if STPNOC is required to and does submit a license transfer application for the STPNOC and NRG South Texas licenses, the NRC will approve the license transfers or that it will act within the typical six- to nine-month timeframe.

State Regulatory Approvals

The merger is subject to the approval of the New York Public Service Commission and the Public Utility Commission of Texas. Notice of the merger is to be given by NRG and GenOn to the California

Table of Contents

Public Utilities Commission. The following subheadings contain a description of the state regulatory commission requirements for the completion of the merger.

New York Public Service Commission

On August 2, 2012, NRG and GenOn filed an application with the New York Public Service Commission, which is referred to as the NYPSC, for approval pursuant to §70 of the New York Public Service Law, which is referred to as the PSL. NYPSC approval is generally required before an electric corporation may transfer ownership interests in an electric plant and/or for certain stock acquisitions of an electric corporation. Although it appears that NRG's and GenOn's facilities in New York are subject to "reduced scrutiny" and are "lightly regulated," approvals for such transfers nonetheless may be subject to a more detailed "public interest" standard which is set forth in the PSL. In conducting a public interest review, the NYPSC may examine, among other things, any affiliations with electric market participants that might afford opportunities for the exercise of market power, and consider any other potential detriments to captive ratepayer interests. In addition, the NYPSC may assess the environmental impact of the transfer based upon information provided in a required environmental assessment form.

We expect to receive the necessary approval from the NYPSC during the fourth quarter of 2012. However, there is no guarantee that the NYPSC will act by that time or that the NYPSC will not reject the proposed application or impose unacceptable terms as a condition to its approval in light of the requirements imposed under the merger agreement.

Public Utility Commission of Texas

On August 3, 2012, NRG and GenOn filed with the Public Utility Commission of Texas, which is referred to as the PUCT, an application involving a review of the business combination between NRG and GenOn. Third parties had until September 17, 2012 to intervene and no motion to intervene was filed by any third party. On September 28, 2012, the PUCT staff filed a recommendation for approval by PUCT of the application. The PUCT will approve the transaction unless the PUCT finds that the transaction results in a power generation company owning or controlling more than 20% of the installed generation capacity located in, or capable of delivering electricity to, the Electric Reliability Council of Texas, or ERCOT, power region, or the SERC Reliability Corporation, or SERC, power region. Based on the amount of generation owned or controlled by NRG and GenOn in Texas, the ERCOT region and the SERC region, we believe that the combined company will not be found to own or control more than 20% of the installed generation capacity located in, or capable of delivering electricity to, either the ERCOT region or the SERC region.

We expect to receive the necessary approvals from the PUCT during the fourth quarter of 2012. However, there is no guarantee that the PUCT will act by that time or that the PUCT will not reject the proposed application or impose unacceptable terms as a condition to its approval in light of the requirements imposed under the merger agreement.

California Public Utilities Commission

On July 31, 2012 and August 3, 2012, GenOn delivered a notice and supplemental notice, respectively, voluntarily informing the California Public Utilities Commission of the merger pursuant to General Order 167. NRG did not provide a notice as there is no change in control over their generating facilities. Under General Order 167, NRG and GenOn will be permitted to complete the merger 90 days after making this filing.

Treatment of GenOn's Existing Debt; Financing

There are no financing conditions to the merger and the merger is not conditioned upon the completion of the Change in Control Offers, the NRG Debt Offers or the funding of the Financing, as described herein.

Table of Contents

In connection with the merger, the parties intend to terminate GenOn's existing senior secured term loan facility and revolving credit facility. In addition, if NRG requests, subject to the terms and conditions of the merger agreement, GenOn will commence a "change of control" tender offer for each series of GenOn's outstanding notes due 2014, 2017, 2018 and 2020, conditioned on the completion of the merger. We refer to these offers as the "Change in Control Offers." In addition, subject to terms and the conditions of the merger agreement, NRG may, at its election following consultation with GenOn, commence a tender offer for cash or an exchange offer for securities for all or any portion of GenOn's outstanding Notes, conditioned on the completion of the merger. We refer to these offers as the "NRG Debt Offers." Also, NRG may, subject to the terms and conditions of the merger agreement, elect to undertake a consent solicitation to alter the terms of any of GenOn's Notes that remain outstanding after the Change in Control Offers and the NRG Debt Offers.

NRG intends to finance the Change in Control Offers, the NRG Debt Offers, and the related fees, commissions and expenses with a combination of funds available at each of NRG and GenOn (including funds available under NRG's existing credit facilities) and, to the extent necessary, new financing. NRG has obtained commitment letters from Credit Suisse AG, Cayman Islands Branch and Morgan Stanley Senior Funding, Inc. (which are referred to as Financing Commitment) to fund up to \$1.6 billion under a new senior secured term loan facility, to the extent such funds are necessary to consummate the Change in Control Offers and the NRG Debt Offers. We refer to the financing contemplated by the commitment letters as the Financing. NRG has agreed to use reasonable best efforts to obtain the Financing on the terms and conditions described in the documentation relating thereto, to the extent the Financing is required in connection with the consummation of the Change in Control Offers and/or the NRG Debt Offers, and GenOn has agreed to use reasonable best efforts to cooperate in NRG's efforts to obtain such Financing.

The Financing is subject to customary conditions, including:

the consummation of the merger; and

the utilization of not less than \$1.0 billion of NRG's cash or other liquidity sources available to NRG for the funding of the purchase of any notes tendered in an applicable Change in Control Offer by GenOn.

The Financing, if used, will be secured by all existing and future assets of NRG and certain of its subsidiaries on a *pari passu* basis with NRG's Senior Credit Facility, dated July 1, 2011, including assets of GenOn and its domestic subsidiaries (to the extent (i) permitted under GenOn's indentures with respect to the Notes and any other definitive documentation with respect to any debt financing, structured leases, long term sale leasebacks or other credit facilities (collectively referred to as the Other GenOn Debt), (ii) the provision of such credit support does not require the Notes or any Other GenOn Debt to be equally and ratably secured under the terms of the indenture or such Other GenOn Debt, and (iii) any such assets are not held by a subsidiary that is an Excluded Project Subsidiary (as defined in the indentures for the Notes) to the extent GenOn and its domestic subsidiaries will be guarantors (as described below), in each case subject to other exceptions, qualifications and carve-outs consistent with NRG's Senior Credit Facility) and guaranteed by an unconditional and irrevocable first-lien secured guarantee by NRG's subsidiaries, including GenOn and its domestic subsidiaries (to the extent (i) permitted under GenOn's indentures, (ii) the provision of such security does not require the Notes or any Other GenOn Debt to be equally and ratably secured under the terms of the indenture or such Other GenOn Debt, and (iii) any such subsidiary is not an Excluded Project Subsidiary (as defined in the indentures for the Notes) that is not permitted per the terms of its financing documents to provide such guarantee, and in each case subject to other exceptions, qualifications and carve-outs consistent with NRG's Senior Credit Facility). Each guarantor under NRG's senior credit facility as of the closing date of the Financing shall be a guarantor under the Financing and all collateral under NRG's senior credit facility as of the closing date of the Financing will be collateral under the Financing.

The Financing Commitments will terminate on the date that is the earlier of (a) the date that is 45 days after March 30, 2013 or such extended date pursuant to and in accordance with Section 8.1(b) of the merger agreement that is not later than July 31, 2013, and (b) the date on which the merger agreement terminates.

Table of Contents

The parties do not expect the merger to have any impact on the debt existing at GenOn's subsidiaries.

NRG may pursue a refinancing of all or a portion of GenOn's existing indebtedness, provided that GenOn and its subsidiaries will not be required to incur any obligation with respect to such refinancing before the completion of the merger and such refinancing will not delay the completion of the merger.

Treatment of GenOn Stock Options and Restricted Stock Units

Employee Stock Options

Upon completion of the merger:

each outstanding GenOn stock option that was granted before 2011 (i.e., before consummation of the merger between GenOn and Mirant) will be converted into an option to purchase NRG common stock (with the number of shares and per share exercise price appropriately adjusted based on the exchange ratio) on the terms and conditions otherwise applicable to those options;

each outstanding GenOn stock option that was granted during 2011 will vest in full and be converted into an option to purchase NRG common stock (with the number of shares and per share exercise price appropriately adjusted based on the exchange ratio in the merger) on the terms and conditions otherwise applicable to those options; and

each outstanding GenOn stock option that was granted during 2012 will be converted into an option to purchase NRG common stock (with the number of shares and per share exercise price appropriately adjusted based on the exchange ratio) on the terms and conditions otherwise applicable to those options, including their existing vesting schedule, provided that upon a termination of employment within two years following completion of the merger by the employer without "cause," by the employee for "good reason" or by reason of an action initiated by the employer and agreed by the employee (or under certain circumstances if the employee's employment is terminated before completion of the merger at the request of NRG) those options will vest in full.

Employee Restricted Stock Units

The performance-based restricted stock units granted to GenOn employees in 2012 provide that one third of the shares subject to the award vest based on the extent of attainment of certain GenOn performance goals established in respect of 2012 (generally subject to continued service) and that the remaining two thirds of the shares subject to the award vest (again generally subject to continued service) ratably over the two-year period following the date as of which vesting is determined in respect of the first third. If the merger is completed prior to December 31, 2012, the GenOn Board (or a Committee thereof) will determine, prior to the effective time (as defined in the merger agreement), the performance results applicable to the vesting of the first third of the award shares based on actual results at such time and a good faith estimate of the performance results for the remainder of 2012. If the merger is completed on or after December 31, 2012, the GenOn Board (or a Committee thereof) will determine, prior to the effective time of the merger, the performance results for 2012, utilizing actual results at such time, including good faith estimates of performance results to the extent results are not finalized.

Upon completion of the merger, (i) each restricted stock unit that was granted to GenOn's Chief Executive Officer in December 2010 and to employees in 2011 will vest in full to the extent not already vested, and (ii) each restricted stock unit that was granted to employees in 2012 will be converted into the right to receive a number of shares of NRG common stock based on the exchange ratio in the merger with performance in respect of 2012 determined as described in the preceding paragraph and on the terms and conditions otherwise applicable to those restricted stock units, including their existing

service-based vesting schedule, provided that upon a termination of employment within two years following completion of the merger by the employer without "cause," by the employee for "good reason" or by reason of an action initiated by the employer and agreed by the employee (or under certain circumstances if the employee's employment is terminated before completion of the merger at the request of NRG), those restricted stock units will vest in full. The settlement of certain restricted stock units held by certain employees, including GenOn's Chief Executive Officer is deferred until after vesting, and those deferral provisions will continue in effect in accordance with their terms. Any stock units held by directors upon completion of the merger will be settled at that time without regard to whether the director's service has terminated.

Appraisal Rights

Under Section 262 of the DGCL, neither the holders of GenOn common stock nor the holders of NRG common stock have appraisal rights in connection with the merger.

NYSE Listing of NRG Common Stock; Delisting and Deregistration of GenOn Common Stock

Prior to the completion of the merger, NRG has agreed to use all reasonable efforts to cause the shares of NRG common stock to be issued in the merger and reserved for issuance under any equity awards to be approved for listing on the NYSE. The listing of the shares of NRG common stock is also a condition to completion of the merger.

If the merger is completed, GenOn common stock will cease to be listed on the NYSE and GenOn common stock will be deregistered under the Exchange Act.

Litigation Relating to the Merger

After the announcement of the execution of the merger agreement, GenOn, members of GenOn Board, NRG and Merger Sub were named as defendants in three purported class action lawsuits filed in the 189th District Court of Harris County, Texas, which have been consolidated into one action (*Akel, et al. v. GenOn Energy, Inc., et al., Consolidated Case No. 2012-42090*); one purported class action lawsuit filed in the United States District Court for the Southern District of Texas (*Bushansky v. GenOn Energy, Inc. et al., No. 4:12-CV-02257*); and nine purported class action lawsuits filed in the Court of Chancery of the State of Delaware which have also been consolidated into one action (*In re GenOn Energy, Inc. Shareholders Litigation, Consolidated C.A. No. 7721-VCN*). In these lawsuits, purportedly brought on behalf of all of GenOn's public stockholders, the plaintiffs allege, among other things, that the proposed merger is the product of a flawed process, that the value of the proposed merger is fundamentally unfair to the public stockholders of GenOn, and that the joint proxy statement contains incomplete and misleading disclosures. Specifically, the complaints allege that members of the GenOn Board have breached their fiduciary duties by, among other things, failing to take steps to maximize the value of GenOn to its public stockholders and acting in their own self-interest in negotiating the transaction, and that NRG and Merger Sub have aided and abetted the GenOn directors' breaches of their fiduciary duties. The plaintiffs in these lawsuits are seeking, among other things, (i) a declaration that the merger agreement was entered into in breach of the GenOn Board's breaches of fiduciary duties, (ii) an injunction enjoining the GenOn Board from consummating the merger, (iii) an order directing the GenOn Board to exercise its fiduciary duties to obtain a transaction which is in the best interests of GenOn's stockholders, (iv) an order granting the class members any benefits allegedly improperly received by the defendants, (v) a rescission of the merger, in the event that it is consummated, and/or (vi) an order directing additional disclosure regarding the merger. NRG and GenOn believe the allegations in the complaints are without merit, and intend to defend these lawsuits vigorously.

Material U.S. Federal Income Tax Consequences

The following is a discussion of the material U.S. federal income tax consequences of the merger to U.S. persons (as defined below) who hold GenOn common stock. For purposes of this discussion, we use the term "U.S. person" to mean a beneficial owner which is:

a citizen or individual resident of the United States;

a corporation or other entity taxable as a corporation for United States federal income tax purposes created in or organized under the laws of the United States or any political subdivision thereof;

an estate the income of which is subject to United States federal income tax without regard to its source; or

a trust that (1) is subject to the supervision of a court within the United States and the control of one or more U.S. persons or (2) has a valid election in effect under applicable U.S. Treasury regulations to be treated as a U.S. person.

The discussion which follows is based on the Code, Treasury regulations issued under the Code, and judicial and administrative interpretations thereof, all as in effect as of the date of this joint proxy statement/prospectus and all of which are subject to change at any time, possibly with retroactive effect. The discussion applies only to stockholders who hold GenOn common stock as a capital asset within the meaning of Section 1221 of the Code. The discussion assumes that the merger will be completed in accordance with the merger agreement and as further described in this joint proxy statement/prospectus. This discussion is not a complete description of all of the consequences of the merger, and, in particular, may not address U.S. federal income tax considerations applicable to GenOn stockholders subject to special treatment under U.S. federal income tax law, including, without limitation:

financial institutions or insurance companies;

mutual funds;

tax-exempt organizations;

stockholders who are not citizens or residents of the United States;

U.S. expatriates;

pass-through entities or investors in such entities;

dealers or brokers in securities or foreign currencies;

stockholders who hold individual retirement or other tax-deferred accounts;

traders in securities who elect to apply a mark-to-market method of accounting;

Edgar Filing: NRG ENERGY, INC. - Form S-4/A

stockholders who actually or constructively own 5% or more of the outstanding shares of GenOn common stock;

stockholders who hold GenOn common stock as part of a hedge, appreciated financial position, straddle, constructive sale or conversion transaction; or

stockholders who acquired their shares of GenOn common stock pursuant to the exercise of employee stock options or otherwise as compensation.

If a partnership, or other entity or arrangement treated as a partnership for United States federal income tax purposes, is a GenOn stockholder, the tax treatment of a partner in the partnership will depend upon the status of that partner and the activities of the partnership. A partner in a partnership

that is a GenOn stockholder is strongly urged to consult with its own tax advisor regarding the tax consequences of the merger to it.

In addition, tax consequences arising under the unearned income Medicare contribution tax pursuant to the Health Care and Education Reconciliation Act of 2010, and under state, local and foreign laws, the alternative minimum tax or under federal laws other than federal income tax laws, are not addressed in this joint proxy statement/prospectus.

GenOn stockholders are strongly urged to consult with their own tax advisors regarding the tax consequences of the merger to them, including the effects of U.S. federal, state, local, foreign and other tax laws.

U.S. Federal Income Tax Consequences to GenOn Stockholders

It is a condition to the obligation of GenOn to complete the merger that GenOn receive a written opinion from Skadden, counsel to GenOn, dated as of the closing date, to the effect that for U.S. federal income tax purposes the merger will qualify as a "reorganization" within the meaning of Section 368(a) of the Code, and that NRG receive a written opinion from Kirkland & Ellis, counsel to NRG, dated as of the closing date, to the effect that for U.S. federal income tax purposes the merger will qualify as a "reorganization" within the meaning of Section 368(a) of the Code. It is a condition to the obligation of NRG to effect the merger that NRG receive a written opinion from Kirkland & Ellis, dated as of the closing date, to the effect that for U.S. federal income tax purposes the merger will qualify as a "reorganization" within the meaning of Section 368(a) of the Code, and that GenOn receive a written opinion from Skadden, dated as of the closing date, to the effect that for U.S. federal income tax purposes the merger will qualify as a "reorganization" within the meaning of Section 368(a) of the Code. Neither NRG nor GenOn currently intends to waive this opinion condition to its obligation to effect the merger. If either NRG or GenOn does waive this opinion condition after the Registration Statement is declared effective by the Commission, and if the U.S. federal income tax consequences of the merger to GenOn stockholders have materially changed, NRG and GenOn will recirculate the joint proxy statement/prospectus and resolicit the stockholder votes of NRG and GenOn. In addition, in connection with the Registration Statement of which this joint proxy statement/prospectus is a part being declared effective, each of Skadden and Kirkland & Ellis will deliver an opinion to GenOn and NRG, respectively, to the same effect as the opinions described above and to the effect that holders of GenOn common stock whose shares of GenOn common stock are exchanged in the merger for shares of NRG common stock will not recognize gain or loss, except to the extent of cash, if any, received in lieu of a fractional share of NRG common stock. The opinions will rely on assumptions, representations and covenants, which may include assumptions regarding the absence of changes in existing facts and law and the completion of the merger in the manner contemplated by the merger agreement and representations contained in representation letters of officers of NRG, GenOn and Merger Sub. If any of those representations, covenants or assumptions is inaccurate, counsel may be unable to render the required opinion and the merger may not be completed or the tax consequences of the merger could differ from those discussed here. An opinion of counsel represents counsel's best legal judgment and is not binding on the Internal Revenue Service, which is referred to as the IRS, or any court, nor does it preclude the IRS from adopting a contrary position. No ruling has been or will be sought from the IRS on the U.S. federal income tax consequences of the merger.

Accordingly, and on the basis of the foregoing opinions, as a result of the merger qualifying as a "reorganization" within the meaning of Section 368(a) of the Code, for U.S. federal income tax purposes, in general:

a GenOn stockholder will not recognize gain or loss as a result of such stockholder's GenOn common shares being exchanged in the merger for shares of NRG common stock, except as

Table of Contents

described below with respect to the receipt of cash in lieu of a fractional share of NRG common stock;

a GenOn stockholder's aggregate tax basis in shares of NRG common stock received in the merger, including any fractional share interests deemed received and exchanged as described below, will equal the aggregate tax basis of the GenOn common stock surrendered in the merger;

a GenOn stockholder's holding period for shares of NRG common stock received in the merger will include the stockholder's holding period for the shares of GenOn common stock surrendered in the merger; and

a GenOn stockholder who receives cash in lieu of a fractional share of NRG common stock in the merger will be treated as having received a fractional share in the merger and then as having received the cash in exchange for such fractional share. As a result, such a GenOn stockholder should generally recognize capital gain or loss equal to the difference between the amount of the cash received in lieu of the fractional share and the stockholder's tax basis allocable to such fractional share. Any such capital gain or loss will be a long-term capital gain or loss if the holding period of the GenOn common stock exchanged for the fractional share of NRG common stock is more than one year at the time of the merger.

GenOn stockholders who hold their GenOn common stock with differing bases or holding periods should consult their tax advisors with regard to identifying the bases or holding periods of the particular shares of NRG common stock received in the merger.

Information Reporting and Backup Withholding

Holders of GenOn common stock may be subject to information reporting and backup withholding on any cash payments they receive in the merger. GenOn stockholders generally will not be subject to backup withholding, however, if they:

timely furnish a correct taxpayer identification number, certify that they are not subject to backup withholding on the substitute Form W-9 or successor form included in the election form/letter of transmittal that they will receive and otherwise comply with all the applicable requirements of the backup withholding rules; or

provide proof that they are otherwise exempt from backup withholding.

Any amounts withheld under the backup withholding rules are not additional tax and will generally be allowed as a refund or credit against a GenOn stockholder's U.S. federal income tax liability, provided such stockholder timely furnishes the required information to the IRS.

The discussion of material U.S. federal income tax consequences set forth above is not intended to be a complete analysis or description of all potential U.S. federal income tax consequences of the merger. Moreover, the discussion set forth above does not address tax consequences that may vary with, or are contingent upon, individual circumstances. In addition, the discussion set forth above does not address any non-income tax or any foreign, state or local tax consequences of the merger and does not address the tax consequences of any transaction other than the merger.

Restrictions on Sales of Shares of NRG Common Stock Received in the Merger

All shares of NRG common stock received by GenOn stockholders in the merger will be freely tradable for purposes of the Securities Act of 1933, as amended and the Securities Exchange Act of 1934, as amended, which is referred to as the Exchange Act, except for shares of NRG common stock received by any GenOn stockholder who becomes an "affiliate" of NRG after completion of the merger (such as GenOn directors or executive officers who become directors or executive officers of NRG after the merger). This joint proxy statement/prospectus does not cover resales of shares of NRG common stock received by any person upon completion of the merger, and no person is authorized to make any use of this joint proxy statement/prospectus in connection with any resale.

THE MERGER AGREEMENT

This section of this joint proxy statement/prospectus describes the material provisions of the merger agreement, but does not describe all of the terms of the merger agreement and may not contain all of the information about the merger agreement that is important to you. The following summary is qualified by reference to the complete text of the merger agreement, which is attached as Annex A to this joint proxy statement/prospectus and incorporated by reference herein. You are urged to read the full text of the merger agreement because it is the legal document that governs the merger.

The representations, warranties and covenants contained in the merger agreement were made only for purposes of the merger agreement, as of a specific date. These representations were made solely for the benefit of the parties to the merger agreement and may be subject to important qualifications and limitations agreed upon by the contracting parties, including being qualified by confidential disclosures made for the purpose of allocating risk between parties to the merger agreement rather than the purpose of establishing these matters as facts, and may apply standards of materiality in ways that are different from what may be viewed as material by investors. These representations do not survive completion of the merger. For the foregoing reasons, one should not read them or any description thereof as characterizations of the actual state of facts or condition of NRG or GenOn, which are disclosed in the other information provided elsewhere in this joint proxy statement/prospectus or incorporated by reference herein.

The Merger

The merger agreement provides that, upon the terms and subject to the conditions of the merger agreement, and in accordance with the DGCL, upon completion of the merger, Merger Sub will merge with and into GenOn, with GenOn continuing as the surviving entity and as a direct, wholly owned subsidiary of NRG.

Effect of the Merger on Capital Stock

Conversion of GenOn Common Stock

At the effective time of the merger, each share of GenOn common stock issued and outstanding immediately prior to the effective time of the merger (other than any shares of GenOn common stock owned directly or indirectly by NRG, GenOn, Merger Sub or any of their respective subsidiaries, which will be cancelled upon completion of the merger), will be converted into the right to receive 0.1216 shares of NRG common stock (which is referred to as the exchange ratio, as it may be adjusted as described in the following sentence). The exchange ratio will be adjusted appropriately to fully reflect the effect of any reclassification, stock split or combination, exchange or readjustment of shares, or any stock dividend or distribution with respect to the shares (or other convertible or exchangeable securities) of either NRG common stock or GenOn common stock with a record date prior to the completion of the merger.

NRG will not issue fractional shares of NRG common stock in the merger. Instead, each holder of shares of GenOn common stock who would otherwise be entitled to receive fractional shares of NRG common stock in the merger (after aggregating all fractional shares of NRG common stock issuable to such holder) will be entitled to an amount of cash, without interest, in lieu of such fractional shares representing such holder's proportionate interest, if any, in the proceeds from the sale by NRG's exchange agent in one or more transactions of shares of NRG common stock equal to the excess of (a) the number of shares of NRG common stock to be delivered to NRG's exchange agent by NRG pursuant to the merger agreement over (b) the aggregate number of whole shares of NRG common stock to be distributed to the former holders of shares of GenOn common stock. NRG's exchange agent will sell such excess number of shares of NRG common stock, which sale will be executed on the NYSE at then-prevailing market prices and in round lots to the extent practicable. NRG's exchange agent will hold the proceeds of any such sale of NRG common stock in trust for the former holders of shares of GenOn common stock and will determine the pro rata portion of such proceeds to which each such former holder will be entitled.

Table of Contents

Conversion of Merger Sub Common Stock

At the effective time of the merger, each share of common stock, par value \$0.01 per share, of Merger Sub issued and outstanding immediately prior to the effective time of the merger will be converted into one share of common stock of GenOn, as the surviving corporation in the merger.

Procedures for Surrendering GenOn Stock

Within five business days of the completion of the merger, if you are a GenOn stockholder, NRG's exchange agent will transmit to you (or mail to you if you hold stock certificates for GenOn common stock) a letter of transmittal and instructions for use in surrendering your GenOn common stock (including any stock certificates if you hold shares in certificated form) for a number of whole shares of NRG common stock that you are entitled to receive pursuant to the terms of the merger agreement, a cash payment in lieu of any fractional shares of NRG common stock that would have been otherwise issuable to you as a result of the merger, and any dividends or other distributions with a record date following the effectiveness of the merger payable with respect to NRG common stock. When you deliver your GenOn stock certificates to the exchange agent along with a properly executed letter of transmittal and any other required documents, your GenOn stock certificates will be cancelled.

Holders of GenOn common stock will not receive physical stock certificates for NRG common stock unless a physical stock certificate is specifically requested. Rather, such holders will receive statements indicating book-entry ownership of NRG common stock (and a cash payment instead of any fractional shares of NRG common stock that would have been otherwise issuable to them as a result of the merger).

PLEASE DO NOT SUBMIT YOUR GENON STOCK CERTIFICATES FOR EXCHANGE UNTIL YOU RECEIVE THE TRANSMITTAL INSTRUCTIONS AND LETTER OF TRANSMITTAL FROM THE EXCHANGE AGENT.

If you own GenOn common stock in book-entry form or through a broker, bank or other holder of record, you will not need to obtain stock certificates to submit for exchange to the exchange agent. However, you or your broker, bank or other nominee will need to follow the instructions provided by the exchange agent in order to properly surrender your GenOn shares.

If you hold GenOn stock certificates, you will not be entitled to receive any dividends or other distributions on NRG common stock until the merger is completed and you have surrendered your GenOn stock certificates in exchange for NRG common stock. If NRG effects any dividend or other distribution on the NRG common stock with a record date occurring after the time the merger is completed and a payment date before the date you surrender your GenOn stock certificates, you will receive the dividend or distribution, without interest, with respect to the whole shares of NRG common stock issued to you after you surrender your GenOn stock certificates and the shares of NRG common stock are issued in exchange. If NRG effects any dividend or other distribution on the NRG common stock with a record date after the date on which the merger is completed and a payment date after the date you surrender your GenOn stock certificates, you will receive the dividend or distribution, without interest, on that payment date with respect to the whole shares of NRG common stock issued to you. The exchange agent may deduct and withhold amounts required under federal, state or local tax law.

common stock (with the number of shares and per share exercise price appropriately adjusted based on the exchange ratio) on the terms and conditions otherwise applicable to those options;

each outstanding GenOn stock option that was granted during 2011 will vest in full and be converted into an option to purchase NRG common stock (with the number of shares and per share exercise price appropriately adjusted based on the exchange ratio in the merger) on the terms and conditions otherwise applicable to those options; and

each outstanding GenOn stock option that was granted during 2012 will be converted into an option to purchase NRG common stock (with the number of shares and per share exercise price appropriately adjusted based on the exchange ratio) on the terms and conditions otherwise applicable to those options, including their existing vesting schedule, provided that upon a termination of employment within two years following completion of the merger by the employer without "cause," by the employee for "good reason" or by reason of an action initiated by the employer and agreed by the employee (or under certain circumstances if the employee's employment is terminated before completion of the merger at the request of NRG) those options will vest in full.

Employee Restricted Stock Units

The performance-based restricted stock units granted to employees in 2012 provide that one third of the shares subject to the award vest based on the extent of attainment of certain GenOn performance goals established in respect of 2012 (generally subject to continued service) and that the remaining two thirds of the shares subject to the award vest (again generally subject to continued service) ratably over the two-year period following the date as of which vesting is determined in respect of the first third. If the merger is completed prior to December 31, 2012, the GenOn Board (or a Committee thereof) will determine, prior to the effective time (as defined in the merger agreement), the performance results applicable to the vesting of the first third of the award shares based on actual results at such time and a good faith estimate of the performance results for the remainder of 2012. If the merger is completed on or after December 31, 2012, the GenOn Board (or a Committee thereof) will determine, prior to the effective time of the merger, the performance results for 2012, utilizing actual results at such time, including good faith estimates of performance results to the extent results are not finalized.

Upon completion of the merger, (i) each restricted stock unit that was granted to GenOn's Chief Executive Officer in December 2010 and to employees in 2011 will vest in full to the extent not already vested, (ii) each restricted stock unit that was granted to employees in 2012 will be converted into the right to receive a number of shares of NRG common stock based on the exchange ratio in the merger with performance in respect of 2012 determined as described in the preceding paragraph and on the terms and conditions otherwise applicable to those restricted stock units, including their existing service-based vesting schedule, provided that upon a termination of employment within two years following completion of the merger by the employer without "cause," by the employee for "good reason" or by reason of an action initiated by the employer and agreed by the employee (or under certain circumstances if the employee's employment is terminated before completion of the merger at the request of NRG), those restricted stock units will vest in full. The settlement of certain restricted stock units held by certain employees, including GenOn's Chief Executive Officer is deferred until after vesting, and those deferral provisions will continue in effect in accordance with their terms. Any stock units held by directors upon completion of the merger will be settled at that time without regard to whether the director's service has terminated.

Post-Merger Governance of NRG; Headquarters

Board of Directors; Chief Executive Officer

Immediately following the completion of the merger, the NRG Board will have 16 directors, consisting of (a) 12 directors from the NRG Board, including the person who is serving as Chairman of the NRG Board and person who is serving as President and Chief Executive Officer of NRG, and (y) four directors from the GenOn Board, including the person who is serving as Chairman, President and Chief Executive Officer of GenOn. As of the date of this joint proxy statement/prospectus, the NRG Board consists of 12 directors and all 12 directors are expected to remain on the NRG Board following the completion of the merger. GenOn has designated Messrs. Edward R. Muller, E. Spencer Abraham, Terry G. Dallas and Evan J. Silverstein to serve as directors of NRG following the completion of the merger.

The person who is serving as the Chairman of the NRG Board will continue as the Chairman of the NRG Board, and the person who is serving as President and Chief Executive Officer of NRG will continue as the President and Chief Executive Officer of NRG.

The person who is serving as Chairman, President and Chief Executive Officer of GenOn will become the Vice Chairman of the NRG Board and hold such position until at least the 2014 annual meeting of NRG stockholders. The Vice Chairman will preside at any meeting of the NRG Board where the Chairman of the NRG Board is not present, and the Vice Chairman will be permitted to attend all meetings of standing committees of the NRG Board on an *ex officio* basis.

Board Committee Membership

If the merger is completed before the 2013 annual meeting of NRG stockholders, one of the GenOn directors who becomes a director of NRG (other than the GenOn director who will become the Vice Chairman of the NRG Board) will serve as the co-chairman of one of the standing committees of the NRG Board from the completion of the merger until the 2013 annual meeting of NRG stockholders, and as the chairman of such board committee from the 2013 annual meeting until at least the 2014 annual meeting of NRG stockholders.

If the merger is completed after the 2013 annual meeting of NRG stockholders, one of the GenOn directors who becomes a director of NRG (other than the GenOn director who will become the Vice Chairman of the NRG Board) will serve as the chairman of one of the standing committees of the NRG Board from the completion of the merger until at least the 2014 annual meeting of NRG stockholders.

Classification of Directors

The NRG Board is currently divided into three classes serving staggered three-year terms. At the 2012 annual meeting of NRG stockholders held on April 25, 2012, NRG stockholders approved an amendment to the amended and restated certificate of incorporation of NRG to declassify the NRG Board. The classified structure will be eliminated over a three-year period through the election of directors for one-year terms. Beginning with the 2015 annual meeting of NRG stockholders, the entire NRG Board will be elected annually.

In light of this declassification process, the merger agreement provides that:

If the merger is completed prior to the filing of the definitive proxy statement for the 2013 annual meeting of NRG stockholders, among the four GenOn directors who will become directors of NRG, one will be designated a Class I director with a term expiring at the 2013 annual meeting of NRG stockholders, two will be designated Class II directors with a term expiring at the 2014 annual meeting of NRG stockholders, and one will be designated a Class III director with a term expiring at the 2015 annual meeting of NRG stockholders.

Table of Contents

If the merger is completed after the filing of the definitive proxy statement for the 2013 annual meeting of NRG stockholders but prior to the actual date of the 2013 annual meeting, among the four GenOn directors who will become directors of NRG, two will be designated Class II directors with terms expiring at the 2014 annual meeting of NRG stockholders and two will be designated Class III directors with terms expiring at the 2015 annual meeting of NRG stockholders.

If merger is completed after the 2013 annual meeting of NRG stockholders, among the four GenOn directors who will become directors of NRG, two will be designated Class I directors (after giving effect to the board declassification in connection with the 2013 annual meeting) with a term expiring at the 2014 annual meeting of NRG stockholders and two will be designated Class II directors (after giving effect to the board declassification in connection with the 2013 annual meeting) with a term expiring at the 2015 annual meeting of NRG stockholders.

Regardless of when the merger is completed, all NRG directors who continue serving as directors of NRG will remain in their respective classes without any change (except for any change pursuant to the declassification process).

Amendment to NRG's Certificate of Incorporation

In connection with the merger, Article Seven of NRG's amended and restated certificate of incorporation will be amended to fix the maximum number of directors that may serve on the NRG Board at 16 directors. Please see "NRG Proposals Item 2. The Charter Amendment Proposal" beginning on page 134 for the complete text of the amendment to NRG's amended and restated certificate of incorporation.

Bylaws

In connection with the merger, NRG's bylaws will be amended and restated as of completion of the merger to reflect the governance arrangements described above. Any amendment to the bylaw provisions concerning such governance arrangements will require the affirmative vote of at least 90% of the total number of NRG directors then in office. The form of the amended and restated bylaws is included as Exhibit B to the merger agreement, which is attached as Annex A to this joint proxy statement/prospectus.

Headquarters

Upon completion of the merger, (i) the executive offices and commercial and financial headquarters for the combined company will be located in Princeton, New Jersey, and (ii) the operations headquarters will be located in Houston, Texas.

Completion of the Merger

Unless NRG and GenOn agree to another date, the parties are required to complete the merger on the third business day after satisfaction or waiver of all the conditions described under " Conditions to Completion of the Merger" below. The merger will be effective at the time the certificate of merger is filed with the Secretary of State of the State of Delaware.

Conditions to Completion of the Merger

The obligations of each of NRG and GenOn to complete the merger are subject to the satisfaction of the following conditions:

approval by NRG stockholders of the Share Issuance proposal and Charter Amendment proposal;

Table of Contents

approval by GenOn stockholders of the Merger proposal;

absence of any law or injunction prohibiting the consummation of the merger;

receipt of all required regulatory approvals, which consist of FERC approval, approval of the merger by the NYPSC and PUCT (or a determination that no such approval is required), expiration or termination of any waiting period (and any extension thereof) applicable to the merger under the HSR Act, filing of notices with the CPUC and the lapse of the associated notice period, and a threshold determination from the NRC that the merger does not require the prior approval of the NRC (or a determination granting such approval), provided that none of these approvals (or any order issued, imposed or otherwise put into effect in connection with any of these approvals) constitutes or would reasonably be expected to constitute, cause or result in a material adverse effect on NRG or GenOn;

authorization of the listing of the shares of NRG common stock to be issued in connection with the merger or reserved for issuance in connection with the merger on the NYSE, subject to official notice of issuance; and

effectiveness of the registration statement of which this joint proxy statement/prospectus forms a part and the absence of a stop order or proceedings threatened or initiated by the SEC for that purpose.

In addition, the obligations of each of NRG and GenOn to complete the merger are subject to the satisfaction of the following conditions:

(i) the truth and correctness of the representations and warranties of the other party with respect to certain fundamental matters (due organization, capital structure, no material adverse effect, required stockholder approval and receipt of opinion(s) of financial advisor(s)) as of the date of the merger agreement and as of the date of completion of the merger as though made as of the date of completion of the merger (except with respect to the foregoing to the extent that any representation and warranty is made as of a specific date or time in which case they must be true and correct only as of such date or time), except for *de minimis* inaccuracies; and (ii) the truth and correctness of all other representations and warranties of the other party as of the date of the merger agreement and as of the date of completion of the merger as though made as of the date of completion of the merger (disregarding any qualifications with respect to materiality or "material adverse effect" in these representations and warranties) (except with respect to the foregoing to the extent that any representation and warranty is made as of a specific date or time in which case they must be true and correct only as of such date or time), except where the failure to be so true and correct has not had and would not reasonably be expected to have, individually or in the aggregate, a "material adverse effect" on the other party;

the prior performance by the other party, in all material respects, of all of its obligations under the merger agreement;

receipt of a certificate executed by an executive officer or another senior officer of the other party as to the satisfaction of the conditions described in the preceding two bullets; and

(i) receipt of a legal opinion of its counsel, dated as of the closing date of the merger, to the effect that the merger will qualify as a "reorganization" within the meaning of Section 368(a) of the Code and (ii) receipt of a copy of the legal opinion of the counsel to the other party to the same effect.

The merger agreement also contemplates that the completion of the merger will be conditioned upon the approval by the NYPSC of the necessary levels of indebtedness pursuant to §69 of the PSL. Subsequent to the execution of the merger agreement, the parties have determined that such approval is not necessary and therefore agreed to waive such condition.

For GenOn, the merger agreement contains additional representations and warranties to the effect that the GenOn Board has taken all necessary actions to render the transfer restrictions in GenOn's certificate of incorporation and the GenOn Rights Agreement inapplicable to the merger agreement and the transactions contemplated by the merger agreement.

For NRG, the merger agreement also contains additional representation and warranties regarding (i) authority of Merger Sub to enter into the merger agreement and consummate the transactions contemplated by the merger agreement, and no prior business activities by Merger Sub, and (ii) validity of the financing commitments from Credit Suisse AG, Cayman Islands Branch and Morgan Stanley Senior Funding, Inc., and sufficiency of the net proceeds from such financial commitment (if funded in full and taking into account funds available at each of NRG and GenOn (including funds available under NRG's existing credit facilities)), to fund the Change in Control Offers and the NRG Debt Offers.

The representations and warranties noted above are subject to qualifications and limitations agreed to by NRG and GenOn in connection with negotiating the terms of the merger agreement. Many of the representations and warranties in the merger agreement are qualified by a "material adverse effect" standard that is, they will not be deemed to be untrue or incorrect unless the failure to be true or correct, individually or in the aggregate, would reasonably be expected to have a material adverse effect.

For purposes of the merger agreement, a "material adverse effect" means any material adverse event, change, effect, development, condition, state of facts or occurrence that individually or in the aggregate (x) is materially adverse to the business, financial condition or results of operations of NRG or GenOn, as the case may be, and its respective subsidiaries, taken as a whole, or (y) prevents or materially delays the consummation of the merger or the other transactions contemplated by the merger agreement. Except as otherwise noted below, in no event may any of the following be taken into account, individually or in the aggregate, when determining whether there has been or would reasonably be expected to be a "material adverse effect" as contemplated by the preceding clause (x):

any event or change in or generally affecting (i) the economy or the financial or securities markets in the United States or elsewhere in the world or (ii) the industry or industries in which NRG or GenOn, as the case may be, operate generally or in any specific jurisdiction or geographical area, in each case to the extent not disproportionately affecting the party making the representation and its subsidiaries, taken as a whole, as compared to similarly situated companies in the same industries;

any changes or developments (i) in national, regional, state or local wholesale or retail markets for electric power, capacity or fuel or related products (including those resulting from actions by competitors or from changes in commodities prices or hedging markets), (ii) resulting from or arising out of any changes or developments in national, regional, state or local electric transmission or distribution systems, or (iii) resulting from or arising out of any changes or developments in national, regional, state or local wholesale or retail electric power and capacity prices, in each case to the extent not disproportionately affecting the party making the representation and its subsidiaries, taken as a whole, as compared to similarly situated companies in the same industries;

any event or change resulting from or arising out of any adoption, implementation, promulgation, repeal, amendment or reinterpretation or of any law by a governmental entity or any rule or protocol by any national, regional, state or local independent system operator, regional transmission organization or market administrator, in each case to the extent not

disproportionately affecting the party making the representation and its subsidiaries, taken as a whole, as compared to similarly situated companies in the same industries;

any event or change resulting from or arising out of any changes in GAAP applicable to NRG or GenOn, as the case may be, or interpretations thereof, in each case to the extent not disproportionately affecting the party making the representation and its subsidiaries, taken as a whole, as compared to similarly situated companies in the same industries;

any event or change resulting from or arising out of any natural disasters or other force majeure event or outbreak or escalation of hostilities or acts of war or terrorism, in each case to the extent not disproportionately affecting the party making the representation and its subsidiaries, taken as a whole, as compared to similarly situated companies in the same industries;

any event or change resulting from or arising out of public announcement of the merger agreement or the transactions contemplated by the merger agreement, or compliance with the explicit terms of the merger agreement;

any event or change resulting from or arising out of (i) any change in the share price or trading volume of NRG common stock or GenOn common stock, as the case may be, or the credit rating of each party or its debt Securities, as the case may be, or (ii) the failure of by NRG or GenOn, as the case may be, to meet its projections or forecasts, except that the underlying event, change, effect, development, condition, state of facts or occurrence may nonetheless be taken into account in determining whether there has been or would reasonably be expected to have a material adverse effect); or

the failure to take any action by NRG or GenOn, as the case may be, if that action is prohibited by the merger agreement and such party's request for a waiver has been refused or not timely provided by the other party.

Conduct of Business Prior to Closing

Each of NRG and GenOn has undertaken customary covenants in the merger agreement restricting the conduct of its respective business between the date of the merger agreement and completion of the merger. In general, each of NRG and GenOn has agreed to (x) conduct its and its subsidiaries' business in the ordinary course and (y) use reasonable best efforts to preserve intact its and its subsidiaries' present material lines of business, maintain its rights and franchises and preserve its relationships with material customers, suppliers and other significant business relations.

In addition, between the date of the merger agreement and completion of the merger, each of NRG and GenOn agreed, with respect to itself and its subsidiaries, not to, among other things, undertake any of the following (subject in each case to exceptions specified in the merger agreement or set forth in the confidential disclosure schedules to the merger agreement):

Non-Solicitation of Alternative Acquisition Proposals

Each of NRG and GenOn has agreed that until the earlier of the consummation of the merger or the termination of the merger agreement, it and its subsidiaries will not, will cause its or its

Table of Contents

subsidiaries' respective officers, directors or employees not to, and will use reasonable best efforts to cause its and its subsidiaries representatives not to, directly or indirectly:

solicit, initiate, seek or knowingly encourage or facilitate any inquiry, discussion request, offer or proposal that constitutes or would reasonably be expected to lead to an alternative acquisition proposal (as defined below);

furnish any non-public information, or afford access to properties, books and records in connection with or in response to, or that would be reasonably likely to lead to, an alternative acquisition proposal;

engage or participate in any discussions or negotiations with any third party regarding, or that would be reasonably likely to lead to, an alternative acquisition proposal;

adopt or approve, an alternative acquisition proposal; or

enter into any letter of intent, memorandum of understanding, merger agreement or any other agreement (other than a confidentiality agreement) providing for or related to, an alternative acquisition proposal.

Each of NRG and GenOn will, and will cause its subsidiaries, and its and their respective officers, directors and employees, and will use reasonable best efforts to cause its and their respective representatives, to (i) immediately cease and terminate any and all existing solicitations, discussions or negotiations with any third parties (or its representatives) conducted as of the date of the merger agreement in connection with or in response to, or that would reasonably likely to lead to, any alternative acquisition proposal and (ii) request that each such third party and its representatives promptly return or destroy all confidential information furnished by NRG or GenOn, as the case may be.

An "alternative acquisition proposal" with respect to NRG or GenOn, as the case may be (which is referred to as the subject company), means any written bona fide offer, inquiry, proposal or indication of interest made by a third party with respect to (i) any sale, merger, consolidation, recapitalization, reorganization, dividend distribution, joint venture, share exchange or business combination or similar transaction involving the direct or indirect issuance or acquisition of 20% or more of the outstanding shares of common stock of the subject company, (ii) any tender offer (including a self-tender offer) or exchange offer that, if consummated, would result in any third party becoming the beneficial owner of 20% or more of the outstanding shares of the subject company), (iii) the acquisition or purchase by any third party, or any other disposition by the subject company of assets (including equity securities of any subsidiary of the subject company) or businesses representing 20% or more of the consolidated assets (as determined on a fair market basis), net revenues or net income of the subject company and its subsidiaries, taken as a whole, or (iv) any combination of the above.

Notwithstanding the restrictions described above, prior to the subject company obtaining its stockholder approval, if the subject company receives a *bona fide*, written alternative acquisition proposal from a third party, which did not result from a breach of the non-solicitation provisions of the merger agreement, the subject company may furnish nonpublic information with respect to itself and its subsidiaries to the third party who made the alternative acquisition proposal and its representatives, and may participate in discussions and negotiations regarding the alternative acquisition proposal, if (and only if) (i) its board of directors, after consultation with a financial advisor and outside legal counsel, determines in good faith the alternative acquisition proposal constitutes or is reasonably likely to result in a superior offer (as defined below) (ii) the failure to take such actions with respect to the alternative acquisition proposal would be reasonably likely to be inconsistent with the exercise of its fiduciary duties under applicable law, (iii) the subject company notified the other party in writing that the board of the subject company has made the determination described above and (iv) prior to

Table of Contents

providing any non-public information, it enters into a confidentiality agreement with the third party that made the alternative acquisition proposal that contains confidentiality and standstill provisions that are no less favorable in the aggregate to the subject company than the terms of the confidentiality agreement between NRG and GenOn.

The merger agreement requires the subject company to provide prompt oral and written notice to the other party (and in no event later than 24 hours) after (i) receipt of any alternative acquisition proposal, (ii) any inquiry or request for information or request for access to the properties, books and records of the subject company in connection with an alternative acquisition proposal or (iii) any discussions or negotiations in connection with an alternative acquisition proposal. The required notice must include a copy of the alternative acquisition proposal and any draft agreements, if in writing, and, if oral, a reasonably detailed summary of the alternative acquisition proposal related communications. Furthermore, the subject company must (i) keep the other party reasonably informed on a prompt basis of any change to the financial terms or other material term or condition of such alternative acquisition proposal (and in no event later than 24 hours following any such change) and (ii) promptly provide the other party with non-public information concerning itself and its subsidiaries that was provided to a third party in connection with an alternative acquisition proposal that was not previously provided to the other party.

Notwithstanding the restrictions described above, the merger agreement does not prohibit NRG or GenOn from (i) taking and disclosing to its respective stockholders a position required by Rule 14e-2 under the Exchange Act or (ii) complying with Rule 14d-9 under the Exchange Act.

With respect to each of NRG and GenOn, any breach of the non-solicitation covenants by (x) any officer, director or employee of such party or its subsidiaries or (y) a senior-level employee or officer of such party's financial advisor or a partner of any law firm retained by such party, will be deemed to be a breach of the non-solicitation covenants by such party.

Change of Board Recommendations or Termination of Merger Agreement for Superior Offer

Under the merger agreement, the NRG Board has agreed to recommend that NRG stockholders vote in favor of the Share Issuance proposal and the Charter Amendment proposal, which is referred to as the NRG board recommendation, and the GenOn Board has agreed to recommend that GenOn stockholders vote in favor of the Merger proposal, which is referred to as the GenOn board recommendation. Subject to the provisions described below, the merger agreement provides that neither the NRG Board nor the GenOn Board will:

withhold, withdraw or modify (or publicly propose to do any of the foregoing) the NRG board recommendation or the GenOn board recommendation, as applicable, in a manner adverse to the other party; or

recommend, adopt or approve (or propose publicly to do any of the foregoing) any alternative acquisition proposal.

Each of the foregoing actions is referred to as a change of recommendation.

Notwithstanding these restrictions, before NRG or GenOn, as the case may be, obtains its stockholder approval, the NRG Board or the GenOn Board, as the case may be, may effect a change of recommendation and/or terminate the merger agreement if and only if:

the subject company receives a *bona fide* alternative acquisition proposal that did not result from a breach of the non-solicitation provisions of the merger agreement and such alternative acquisition proposal has not been withdrawn;

Table of Contents

the subject company's board of directors determines in good faith, after consultation with its financial advisor and outside legal counsel that the alternative acquisition proposal constitutes a superior offer (as defined below);

the subject company's board of directors, following consultation with its outside legal counsel, determines that the failure to effect a change of recommendation or terminate the merger agreement would be reasonably likely to be inconsistent with the exercise of its fiduciary duties under applicable law;

the subject company provides the other party with written notice that its board of directors intends to effect a change of recommendation or terminate the merger agreement at least four business days prior to taking such action (such four-business-day period is referred to as the matching period); and

at the end of the matching period, the subject company's board of directors again determines in good faith, after consultation with its financial advisor and outside legal counsel (taking into account any adjustment or modification to the terms and conditions of the merger agreement proposed by the other party) that the alternative acquisition proposal continues to constitute a superior offer and that the failure to effect a recommendation change or terminate the merger agreement would be reasonably likely to be inconsistent with the exercise of the subject company's board of directors' fiduciary duties.

Any change to the financial terms or any other material change to the terms of an alternative acquisition proposal will require the delivery of a new written notice and the subject company will need to comply again with the requirements described above before effecting a change of recommendation or terminate the merger agreement in respect of a superior offer, except that the matching period in connection with any such change will be shortened to three business days.

A "superior offer" means a *bona fide* written alternative acquisition proposal (with references to 20% being replaced by references to 50%) made by any third party, which did not result from or arise in connection with any breach by the subject company of its non-solicitation obligations under the merger agreement, which the subject company's board of directors determines in good faith, after consultation with its financial advisor and outside legal counsel, and taking into account the legal, financial, regulatory and other aspects of such proposal (including the availability of financing), the conditionality of and contingencies related to such proposal, the expected timing and risk of completion, the identity of the person making such proposal and such other factors deemed relevant by the subject company's board of directors, is more favorable to the subject company's stockholders than the transactions contemplated by the merger agreement (after taking into account any written revised proposal by the other party to amend the terms of the merger agreement).

In addition, before NRG or GenOn, as the case may be, obtains its stockholder approval, the NRG Board or the GenOn Board, as the case may be, may effect a change of recommendation in response to a material development or change in circumstances occurring or arising after the date of the merger agreement that was neither known to the board of directors of NRG or GenOn, as the case may be, nor reasonably foreseeable at the date of the merger agreement (and which change or development does not relate to an alternative acquisition proposal), if and only if:

the board of directors of NRG or GenOn, as the case may be, following consultation with its outside legal counsel, determines that the failure to effect a change of recommendation would be reasonably likely to be inconsistent with the exercise of its fiduciary duties under applicable law;

NRG or GenOn, as the case may be, provides the other party with written notice that its board of directors is considering making a recommendation change (and, in reasonable detail, the

Table of Contents

developments and reasons for such change) at least four business days prior to taking such action; and

At the end of the matching period, the subject company's board of directors again determines in good faith, after consultation with outside legal counsel and taking into account any adjustment or modification of the terms and conditions of the merger agreement, that the failure to effect a change of recommendation with respect to such development or change in circumstances would be reasonably likely to be inconsistent with the exercise of the subject company's board of directors' fiduciary duties.

Any subsequent developments or change in circumstances will require the delivery of a new written notice and the subject company will need to comply again with the requirements described above before effecting a change of recommendation, except that the matching period in connection with any such change will be shortened to three business days.

Reasonable Best Efforts to Obtain Required Stockholder Approval(s)

Each of NRG and GenOn has agreed to use their reasonable best efforts to duly give notice of, convene and hold on the same date, which date will be as soon as reasonably practicable after the date of the merger agreement, a meeting of its stockholders to consider, in the case of NRG, the Share Issuance proposal and the Charter Amendment proposal, and, in the case of GenOn the Merger proposal. Without the prior written consent of the other party, the Merger-Related proposals and the Merger-Related Compensation proposal will be the only proposals voted on at the meeting of GenOn stockholders and the approval of the stock issuance and charter amendment shall be only proposals voted on at the meeting of NRG stockholders. Such obligation will not be limited or otherwise affected by the occurrence of an alternative acquisition proposal or change of recommendation. Subject to certain exceptions, each of NRG and GenOn is prohibited from changing the record date or postponing such meeting of their respective stockholders without the prior written consent of the other party. Unless a change in recommendation occurs, each of NRG and GenOn will use reasonable best efforts to take all actions necessary or advisable to obtain the required stockholder approval(s).

Reasonable Best Efforts to Obtain Required Regulatory Approvals

NRG and GenOn are required under the terms of the merger agreement to use, and to cause their respective affiliates to use, reasonable best efforts to promptly take all necessary or advisable actions under applicable laws to complete the merger and the other transactions contemplated by the merger agreement, including obtaining necessary consents and approvals from governmental entities and third parties, defending against lawsuits challenging the merger agreement or the transactions contemplated by the merger agreement and executing and delivering any additional instruments necessary to complete the merger, except that neither NRG nor GenOn, nor any of their respective subsidiaries, is required to accept or agree to any order, condition or other legal restraint issued or imposed in connection with any required regulatory approval that constitutes, or would reasonably be expected to constitute, cause or result in a material adverse effect on NRG or GenOn.

The merger agreement requires NRG and GenOn to make the applications and notices for the required regulatory approvals as soon as practicable after the execution of the merger agreement, except that the pre-merger notification under the HSR Act should be filed as soon as practicable (in any event within 10 business days) after the filing of the FERC application.

Employee Benefits Matters

The merger agreement provides that, following completion of the merger, NRG will honor all NRG benefit plans and GenOn benefits plans and other compensation arrangements and agreements in accordance with their terms as in effect immediately prior to the consummation of the merger, except

Table of Contents

that nothing in the merger agreement prohibits NRG from amending or terminating any such plans, arrangements or agreements.

Following completion of the merger, NRG benefit plans and GenOn benefit plans will remain in effect and the employees of the combined company who, prior to the effective time of the merger, were covered by such plans will continue to be covered until such time as NRG otherwise determines, subject to applicable laws and the terms of such plans. As soon as practicable following the merger, and consistent with any obligations arising under any collective bargaining agreement, NRG and GenOn will take all necessary action to transition GenOn employees' participation in GenOn's benefit plans to NRG's benefit plans and upon such transition, GenOn employees will cease to accrue any additional benefits under the applicable GenOn benefit plans. To the extent permitted by applicable law, NRG and GenOn intend to complete such transition to NRG benefit plans on a comparable basis in respect of NRG employees and GenOn employees as soon as administratively practicable after the consummation of the merger and provide similarly situated GenOn employees and NRG employees base salaries and cash bonus opportunities on a comparable basis, in each case taking into account all relevant factors, including duties, geographic location, tenure, qualifications and abilities. In any event, except as may otherwise be provided in any collective bargaining agreement, NRG will provide each GenOn employee during the 12-month period beginning on the date of the merger with cash severance benefits in an amount, and on terms, no less favorable than the amount and terms in effect immediately before the merger under the GenOn severance plan in which the GenOn employee participated immediately before the merger.

With respect to any benefit plans in which any GenOn employees first becomes eligible to participate at or after the completion of the merger, NRG has agreed to: (i) waive all pre-existing conditions, exclusions and waiting periods with respect to participation and coverage requirements applicable to such employees and their eligible dependents (except to the extent such pre-existing conditions, exclusions or waiting periods would apply under the analogous GenOn benefit plan), (ii) in the plan year in which the merger occurs, provide each GenOn employee and their eligible dependents with credit for any co-payments and deductibles paid prior to completion of the merger under the GenOn benefit plan (to the same extent that such credit was given under the analogous GenOn benefit plan prior to completion of the merger) in satisfying any applicable deductible or out-of-pocket requirements and (iii) recognize under NRG benefit plans all service of the GenOn employees with GenOn and its affiliates, for all purposes (including purposes of eligibility to participate, vesting credit, entitlement to benefits, and, except with respect to defined benefit pension plans, benefit accrual) to the extent such service was granted under the analogous GenOn benefit plan in which such employees were eligible to participate before completion of the merger, except that such service recognition will not apply to the extent it would result in duplication of benefits or apply to equity-based plans unless such service credit is applicable to employees of NRG.

NRG has agreed to, as soon as practicable following the completion of the merger (in any event no later than March 15, 2013) make cash bonus payments to those individuals who are participants in GenOn's 2012 annual cash incentive program in such amounts as are determined for such individuals by GenOn on or before the merger, to the extent such payments have not yet been made. Notwithstanding the foregoing, in the event any participant in GenOn's 2012 annual cash incentive program terminates employment before such payment is made, such participant will, in lieu of such payment, receive payment pursuant to any applicable annual incentive-related provisions of his or her severance arrangements.

Treatment of GenOn's Existing Debt

In connection with the merger, the parties intend to terminate GenOn's existing senior secured term loan facility and revolving credit facility with JP Morgan Chase Bank. In addition, at NRG's request and subject to the terms and conditions of the merger agreement, GenOn will commence a

"change of control" tender offer for each series of GenOn's outstanding Notes, conditioned on the completion of the merger. We refer to these offers as the "Change in Control Offers." In addition, subject to terms and the conditions of the Merger Agreement, NRG may, at its election following consultation with GenOn, commence a tender offer for cash or an exchange offer for securities for all or any portion of GenOn's outstanding Notes, conditioned on the completion of the Merger. We refer to these offers as the "NRG Debt Offers." Also, NRG may, subject to the terms and conditions of the merger agreement, elect to undertake a consent solicitation to alter the terms of any of GenOn's Notes that remain outstanding after the Change in Control Offers and the NRG Debt Offers.

GenOn's obligation to accept for payment and pay for the notes tendered pursuant to the Change in Control Offer or make any payment for the requested consents in the consent solicitation are subject to the following conditions: (i) the merger has been completed or that each of NRG and GenOn is satisfied that the completion of the merger will occur substantially concurrently with such acceptance and payment and/or exchange, (ii) the consents requested in the consent solicitation have been received, (iii) there is no order or injunction prohibiting the consummation of the Change in Control Offer and (iv) such other conditions as are customary for similar transactions.

The Change in Control Offers and the NRG Debt Offers are collectively referred to as the "Debt Offers." NRG has agreed to reimburse GenOn for any unreimbursed, out-of-pocket fees and expenses incurred in connection with the Debt Offers if the merger agreement is terminated under certain specified circumstances, including any termination in connection with a superior offer with respect to GenOn.

Financing

There are no financing conditions to the merger and the merger is not conditioned upon the completion of the Debt Offers or the funding of the Financing.

To the extent funds available under the Financing Commitment are necessary to consummate the Debt Offers, NRG has agreed to use reasonable best efforts to obtain the Financing on the terms and conditions set forth in the Financing Commitment. NRG may amend and replace the Financing Commitment so long as the terms would not adversely impact NRG's ability to timely consummate the Debt Offers. If any portion of the Financing Commitment becomes unavailable, NRG will, to the extent necessary, use its reasonable best efforts to arrange to obtain alternative financing from alternative sources as promptly as practicable but in any event no later than the closing date of the merger.

NRG may pursue a refinancing of all or a portion of GenOn's existing indebtedness, provided that GenOn and its subsidiaries will not be required to incur any obligation with respect to such refinancing before the completion of the merger and such refinancing will not delay the completion of the merger. In addition, the consummation of any such refinancing will be subject to the following conditions: (i) the merger has been completed or each of NRG and GenOn is satisfied that the completion of the merger will occur substantially concurrently with such acceptance and payment and/or exchange, (ii) there is no order or injunction prohibiting the consummation of such refinancing and (iii) such other conditions as are customary for similar transactions.

Financing Cooperation

GenOn has agreed to use reasonable best efforts to cooperate in NRG's efforts to obtain the Financing or any refinancing NRG decides to pursue in accordance with the terms of the merger agreement, including (i) furnishing financial and other pertinent information regarding GenOn and its subsidiaries as reasonably requested by NRG or any financing source, (ii) participating in a reasonable number of meetings, presentations, road shows, due diligence sessions and sessions with rating agencies, (iii) assisting in the preparation of (A) any offering documents, private placement memoranda, bank

information memoranda, prospectuses and similar documents required in connection with such acceptable financing (and to provide any financial and other information customarily included in any such document) and (B) materials for rating agency presentations, (iii) obtain customary accountants' comfort letters including "negative assurance" comfort and consents of accountants for use of their reports in any materials relating to such acceptable financing, legal opinions, appraisals, surveys, title insurance and other customary documentation, (iv) executing and delivering any pledge and security documents, other definitive financing documents, or other certificates or documents, as may be reasonably necessary to facilitate such acceptable financing. GenOn has also agreed to use reasonable best efforts to cooperate with NRG to satisfy the conditions precedent to the Financing or any refinancing of GenOn's existing debt.

NRG has agreed to indemnify GenOn and its subsidiaries and their respective directors, officers, employees and representatives from any and all liabilities, losses, costs and expenses incurred in connection with the arrangement of the financing or any refinancing of GenOn's existing debt.

Other Covenants and Agreements

The merger agreement contains additional agreements relating to, among other matters:

Access to Information; Confidentiality

Until completion of the merger, each of NRG and GenOn will afford the other party and its representatives reasonable access on certain conditions to all of its and its subsidiaries' respective properties, books, contracts, commitments, personnel and records. Each of NRG and GenOn will keep confidential any nonpublic information in accordance with the terms of the confidentiality agreement between NRG and GenOn.

State Takeover Laws

In the event that any state takeover law becomes applicable to the merger agreement or any of the transactions contemplated thereby, each of NRG and GenOn will grant such approvals and take such actions as are reasonably necessary so that the transactions contemplated by the merger agreement are completed as promptly as practicable on the terms contemplated by the merger agreement and otherwise act to eliminate or minimize the effects of such law on the transactions contemplated by the merger agreement.

Indemnification and Insurance

All rights to indemnification, advancement of expenses and exculpation now existing in favor of the current or former directors, officers or employees of GenOn and its subsidiaries will survive the merger and continue in full force and effect for a period of six years after completion of the merger. NRG and GenOn, as the surviving company in the merger, will indemnify GenOn's current and former directors and officers, and any individual who served as a director, officer, member, trustee or fiduciary of another entity at the request of GenOn or any of its subsidiaries, against all costs, expenses and other payments in connection with any actual or threatened lawsuits arising out of or relating to any action or omission by such persons in such capacities occurring before or after completion of the merger. In addition, GenOn will purchase "tail" directors' and officers' liability and fiduciary liability insurance policies which will provide coverage for a period of six years from completion of the merger for its existing and former directors and officers on substantially the same terms and conditions as the policies currently maintained by GenOn, with an annual premium not to exceed 300% of the annual aggregate premium currently paid by GenOn as of for such insurance policies.

Table of Contents

Certain Tax Matters

After completion of the merger, any real estate transfer tax will be borne by the surviving company and expressly shall not be a liability of the GenOn stockholders. Each of NRG and GenOn will not, and will not permit any of its respective subsidiaries to, take any action, or fail to take any action, that would reasonably be expected to jeopardize the qualification of the merger as a "reorganization" within the meaning of Section 368(a) of the Code. Furthermore, each of NRG and GenOn will (i) keep the other party reasonably apprised of the status of any material tax matters and (ii) not settle or compromise any material tax liability or refund without first using reasonable good faith efforts to consult in good faith with the other party if such settlement or compromise could have an adverse effect that, individually or in the aggregate, is material to the party proposing to settle or compromise the tax liability or refund.

Rights Plan

GenOn has agreed to take all action necessary to cause the GenOn Rights Agreement to be terminated immediately prior to the completion of the merger without payment of any consideration to any holder of the rights.

Section 16 Matters

Each of NRG and GenOn has agreed to use reasonable best efforts to take, prior to completion of the merger, all steps necessary to exempt, under Rule 16b-3 promulgated under the Exchange Act, any dispositions of GenOn common stock or acquisitions of NRG common stock by GenOn officers or directors pursuant to the merger.

Public Announcements

Subject to certain exceptions, NRG and GenOn have agreed to use reasonable best efforts to consult with each other before issuing, and provide each other with the reasonable opportunity to review and comment upon (and reasonably consider such comments), any press release or any public announcement primarily relating to the merger agreement or the transactions contemplated thereby.

Stock Exchange Listing; Delisting

NRG has agreed to use reasonable best efforts to cause the NRG common stock issued or reserved for issuance in connection with the merger to be authorized for listing on the NYSE prior to completion of the merger.

GenOn has agreed to take all reasonable actions to cause the delisting of GenOn common stock from the NYSE and the termination of GenOn's registration under the Exchange Act as soon as practicable following the merger.

Expenses

Each of NRG and GenOn has agreed to pay its own fees and expenses incurred in connection with the merger agreement, except that each party has agreed to pay 50% of the costs and expenses incurred in connection with (i) the filing of pre-merger notification and report forms under the HSR Act and (ii) the printing, filing and mailing of this joint proxy statement/prospectus.

Control of Operations

GenOn and NRG agree that, without limiting either GenOn's or NRG's rights or obligations under the merger agreement, nothing in the merger agreement shall give either party the right to control or direct the other party's operations and, prior to completion of the merger, each party will exercise, consistent with the conditions of the merger agreement, complete control and supervision over its operations.

Termination of the Merger Agreement

The merger agreement may be terminated at any time prior to completion of the merger (except as specified below, including after the required NRG stockholder approval or GenOn stockholder approval is obtained):

by mutual written consent of NRG and GenOn; or

by either NRG or GenOn:

if the merger has not been completed on or prior to March 30, 2013, which date is referred to as the end date; provided, however, each of NRG or GenOn has the right, in its discretion, to extend the end date to July 31, 2013 if the only conditions to completion of the merger that have not been satisfied (other than those conditions that by their nature are to be satisfied at the closing) at the time of such extension are those regarding the receipt of all required regulatory approvals described above under " Conditions to Completion of the Merger," except that this termination right will not be available to a party whose failure to perform or comply in all material respects with the terms of the merger agreement was the principal cause of the failure of the merger to be completed prior to the end date;

if (i) any law or order has been issued, enforced or entered by any governmental entity that has the effect of permanently precluding, restraining, enjoining or otherwise prohibiting completion of the merger and the other transactions contemplated by the merger agreement and such order or law becomes final and non-appealable, except that this termination right will not be available to a party who has breached its obligation to use reasonable best efforts to obtain the required regulatory approvals or (ii) any governmental entity has enacted, issued, promulgated, enforced or entered any order in connection with any requisite regulatory approval that would reasonably be expected to constitute, cause or result in a material adverse effect on NRG or GenOn, and such order has become final and non-appealable;

if NRG stockholders do not approve the Share Issuance proposal and the Charter Amendment proposal at an NRG stockholder meeting (or at any adjournment or postponement thereof) at which such proposals are submitted NRG stockholder approval (such termination is referred to as an "NRG No Vote Termination");

if GenOn stockholders do not approve the Merger proposal at a GenOn stockholder meeting (or at any adjournment or postponement thereof) at which such proposal is submitted for GenOn stockholder approval (such termination is referred to as an "GenOn No Vote Termination");

upon a breach or failure to perform by the other party of any of its representations, warranties, covenants or agreement in the merger agreement resulting in the failure to satisfy a closing condition, and such breach or failure to perform has not been cured within the 30 days after written notice of such breach is received by the other party or is incapable of being cured by the end date; provided that the party seeking termination is not then in material breach of any representation, warranty, covenant or agreement contained in the merger agreement (such termination is referred to as a "Breach Termination");

if (i) the other party's board of directors effects a change of recommendation (whether or not permitted by the merger agreement), (ii) the other party has delivered a written notice indicating its intention to effect a change of recommendation or (iii) either party or any of its directors or officers has breached (or deemed to have breached) the non-solicitation obligations in any material respect (such termination is referred to as "Change of Recommendation Termination");

prior to obtaining the requisite approval of its stockholders, if (i) the board of directors of such party has authorized such party to enter into a definitive agreement with respect to a superior offer, (ii) such party has complied in all material respects with its obligations described under " Non-Solicitation of Alternative Acquisition Proposals" and " Change of Board Recommendation and Termination of Merger Agreement for Superior Offer" and (iii) such party pays the other party the termination fee as described below under " Effect of Termination; Termination Fees and Expense Reimbursement" (such termination is referred to as a Superior Offer Termination); or

if (i) the board of directors of the other party fails to recommend against an alternative acquisition proposal (including in respect of any alternative acquisition proposal subject to Regulation 14D of the Exchange Act, failing to recommend against such alternative acquisition proposal in a solicitation or recommendation statement on a Schedule 14D-9) within 10 days after the commencement of such alternative acquisition proposal, provided that the party seeking termination must exercise such termination right within 5 business days after the end of such 10 business day period, (ii) the board of directors of the other party fails to publically reaffirm its recommendation of the applicable Merger-Related proposal(s) within 10 business days following a written request from party seeking termination, provided that the party seeking termination must exercise such termination right within 5 business days after the end of such 10 business day period, (iii) the board of directors or any board committee of the other party grants any third party any waiver, exemption or release under or terminate, amend or otherwise modify any standstill or similar agreement, (iv) the board of directors or any board committee of the other party approves any transaction, or any third party becoming an "interested stockholder" under, Section 203 of the DGCL, or (v) in the case of GenOn, renders certain restrictions set forth in GenOn's certificate of incorporation inapplicable to any alternative acquisition proposal, or renders the GenOn Rights Agreement inapplicable to any alternative acquisition proposal or exempts any third party from becoming an "acquiring person" for purposes of the GenOn Rights Agreement, or if the board of directors or any board committee of the other party resolves, proposes, agrees or publically announces an intention to take any of the actions referred to in the foregoing clauses (i) through (v) (such termination is referred to as an Alternative Acquisition proposal Termination).

Effect of Termination; Termination Fees and Expense Reimbursement

If the merger agreement is validly terminated, there shall be no liability on the part of any party except for liability arising out of any willful and material breach of the merger agreement. The provisions of the merger agreement relating to termination fee and expense reimbursement, expenses, governing law, jurisdiction and specific enforcement, waiver of jury trial and amendments and waivers, as well as the confidentiality agreement entered into between NRG and GenOn will continue in effect notwithstanding termination of the merger agreement. Upon termination of the merger agreement, a party may become obligated to pay to the other party a termination fee.

The merger agreement requires NRG to pay GenOn a termination fee of \$120 million and GenOn to pay NRG a termination fee of \$60 million if the merger agreement is terminated under certain specified circumstances.

NRG will be required to pay GenOn a termination fee of \$120 million under the following circumstances:

if NRG effects a Superior Offer Termination, in which case the termination fee must be paid upon termination of the merger agreement;

Table of Contents

if GenOn effects a Change of Recommendation Termination or an Alternative Acquisition Proposal Termination, in which case the termination fee must be paid within two business days after termination of the merger agreement; or

if (i) either NRG or GenOn effects an NRG No Vote Termination, or if GenOn effects a Breach Termination due to a breach by NRG resulting in the failure to satisfy a closing condition, (ii) an alternative acquisition proposal with respect to NRG is publicly announced or otherwise made known to the board or senior management of NRG and not withdrawn prior to the NRG stockholders' meeting or the termination of the merger agreement, and (iii) within 12 months after the termination, NRG consummates an alternative acquisition proposal, or recommends to its stockholders or enters into a definitive agreement for an alternative acquisition proposal (provided that such transaction is subsequently consummated, whether within or after such 12-month period), and the termination fee must be paid upon the consummation of the alternative acquisition proposal; however, in the case of a Breach Termination, NRG will only be obligated to pay the termination fee if the alternative acquisition proposal consummated subsequently is with the person or group who made the alternative acquisition proposal prior to the termination of the merger agreement.

GenOn will be required to pay NRG a termination fee of \$60 million under the following circumstances:

if GenOn effects a Superior Offer Termination, in which case the termination fee must be paid upon termination of the merger agreement;

if NRG effects a Change of Recommendation Termination or an Alternative Acquisition Proposal Termination, in which case the termination fee must be paid within two business days after termination of the merger agreement; or

if (i) either NRG or GenOn effects a GenOn No Vote Termination, or if NRG effects a Breach Termination due to a breach by GenOn resulting in the failure to satisfy a closing condition, (ii) an alternative acquisition proposal with respect to GenOn is publicly announced or otherwise made known to the board or senior management of GenOn and not withdrawn prior to the GenOn stockholders' meeting or the termination of the merger agreement, and (iii) within 12 months after the termination, GenOn consummates an alternative acquisition proposal, or recommends to its stockholders or enters into a definitive agreement for an alternative acquisition proposal (provided that such transaction is subsequently consummated, whether within or after such 12-month period), and the termination fee must be paid upon the consummation of the alternative acquisition proposal; however, in the case of a Breach Termination, GenOn will only be obligated to pay the termination fee if the alternative acquisition proposal consummated subsequently is with the person or group who made the alternative acquisition proposal prior to the termination of the merger agreement.

In addition, if either party effects an NRG No Vote Termination or a GenOn Note Vote Termination, the party whose stockholders have failed to approve the applicable Merger-Related proposal will be obligated to reimburse the other party for its reasonable out-of-pocket fees and expenses incurred in connection with the merger agreement. Such expense reimbursement obligation is subject to a cap of \$10 million if no alternative acquisition proposal with respect to the party making the expense reimbursement has been publicly announced and no third party has publicly announced or communicated an intention to make an alternative acquisition proposal prior to the such party's stockholders' meeting, or a cap of \$25 million in all other circumstances. Any termination fee payable by either party will be reduced by the amount of any expense reimbursement provided by the party prior to the payment of the termination fee.

In addition to any other remedy that may be available to it, including monetary damages, each of NRG and GenOn is entitled to an injunction or injunctions to prevent breaches of the merger agreement and to enforce specifically the terms and provisions of the merger agreement.

Alternative Structures

Each of NRG and GenOn will reasonably cooperate in the consideration and implementation of alternative structures to effect the business combination contemplated by the merger agreement as long as any such alternative structure does not (i) impose any material delay on, or condition to, completion of the merger; (ii) cause any closing condition not to be capable of being fulfilled (unless duly waived by the party entitled to the benefits thereof) or (iii) adversely affect NRG, GenOn or their respective stockholders.

Amendment and Waiver

Any provision of the merger agreement may be amended or waived by the parties by action taken or authorized by their respective boards of directors, in each case whether before or after NRG or GenOn obtains its stockholder approval of the applicable Merger-Related proposal(s). However, after approval of the Merger proposal by GenOn stockholders, there may not be, without further approval of GenOn stockholders, any amendment or waiver that changes the amount or form of the consideration to be delivered to the holders of GenOn common stock, or any other amendment for which applicable laws or the rules and regulations of the NYSE otherwise expressly require further GenOn stockholder approval. Similarly, after approval of the Share Issuance proposal and the Charter Amendment proposal by NRG stockholders, there may not be, without further approval of NRG stockholders, any amendment or waiver for which applicable laws or the rules and regulations of the NYSE otherwise expressly require further NRG stockholder approval.

Governing Law; Jurisdiction

The merger agreement is governed by and will be construed in accordance with the internal substantive laws of the State of Delaware, without regard to the conflicts of law provision or rule which would cause the application of the laws of any jurisdiction other than the State of Delaware.

Each of NRG, GenOn and Merger Sub has irrevocably agreed that any proceeding arising out of or relating to the merger agreement will be brought and determined exclusively in the Court of Chancery of the State of Delaware or any state appellate court therefrom within the State of Delaware (or, if the Delaware Court of Chancery declines to accept jurisdiction over a particular matter, any state or federal court within the State of Delaware).

INFORMATION ABOUT THE COMPANIES

NRG

NRG is an integrated wholesale power generation and retail electricity company that aspires to be a leader in the way the industry and consumers think about, use, produce and deliver energy and energy services in major competitive power markets in the United States.

First, NRG is a wholesale power generator engaged in the ownership and operation of power generation facilities, the trading of energy, capacity and related products, and the transacting in and trading of fuel and transportation services. NRG's generation facilities consist of intermittent, baseload, intermediate and peaking power generation facilities in the United States and two international locations. The sale of capacity and power from baseload generation facilities accounts for a majority of NRG's generation revenues. In addition, NRG's generation portfolio provides NRG with opportunities to capture additional revenues by selling power during periods of peak demand, offering capacity or similar products, and providing ancillary services to support system reliability.

Second, NRG is a retail electricity company engaged in the supply of electricity, energy services, and cleaner energy products to retail electricity customers in deregulated markets. NRG's retail businesses arrange for the transmission and delivery of energy-related products to customers, bill customers, collect payments for products sold, and maintain call centers to provide customer service. The retail businesses sell products that range from system power to bundled products, which combine system power with protection products, energy efficiency and renewable energy solutions, or other value added products and services, including customer rewards offered through exclusive loyalty and affinity program partnerships. Based on metered locations, as of December 31, 2011, NRG's retail businesses combined to serve approximately 2.1 million residential, small business, commercial and industrial customers.

Finally, NRG is focused on the deployment and commercialization of potential disruptive technologies, like electric vehicles, certain solar power projects and smart meter technology, which have the potential to change the nature of the power supply industry. NRG's investment in and development of new technologies is focused where NRG believes the benefits of such investments represent significant commercial opportunities and create a comparative advantage for NRG. The development and investment initiatives are primarily focused in the areas of distributed solar, solar thermal and solar photovoltaic, and also include other low or no greenhouse gases emitting energy generating sources, such as the fueling infrastructure for electric vehicle ecosystems.

For the year ended December 31, 2011, NRG had total revenues of approximately \$9.1 billion and net income of approximately \$197 million.

NRG's principal offices are located at 211 Carnegie Center, Princeton, New Jersey 08540, and its telephone number is (609) 524-4500. NRG common stock is listed on the NYSE, trading under the symbol "NRG."

GenOn

GenOn is a wholesale power generator in competitive energy markets with approximately 22,700 MW of net electric generating capacity, much of which is located near major metropolitan load centers in the PJM, MISO, Northeast and Southeast regions, and California. GenOn also operates integrated asset management and proprietary trading operations. GenOn's coal facilities generally dispatch as baseload capacity, although some dispatch as intermediate capacity, and GenOn's gas, oil and dual fuel plants primarily dispatch as intermediate and/or peaking capacity.

GenOn provides energy, capacity, ancillary and other energy services to wholesale customers in competitive energy markets in the United States. GenOn's customers are principally independent

system operators, regional transmission organizations and investor-owned utilities, and also include power aggregators, retail providers, electric-cooperatives, other power generating companies and other load serving entities. GenOn's commercial operations consist of dispatching electricity, hedging the price of electricity that it expects to generate, selling capacity, procuring and managing fuel and providing logistical support for the operation of its facilities, as well as its trading operations. GenOn sells capacity either bilaterally or through periodic auction processes in each independent system operator and regional transmission organizations in which it participates. GenOn's capacity sales primarily occur through PJM market's reliability pricing model.

For the year ended December 31, 2011, GenOn had total revenues of approximately \$3.6 billion and a net loss of approximately \$189 million.

GenOn's principal offices are located at 1000 Main Street, Houston, Texas 77002 and its telephone number is (832) 357-3000. GenOn common stock is listed on the NYSE, trading under the symbol "GEN."

Merger Sub

Merger Sub, a wholly owned subsidiary of NRG, is a Delaware corporation formed on July 18, 2012, for the purpose of effecting the merger. Merger Sub has not conducted any activities other than those incidental to its formation and the matters contemplated by the merger agreement, including the preparation of applicable regulatory filings in connection with the merger.

NRG SPECIAL MEETING

Date, Time and Place

The special meeting of NRG stockholders will be held at 9:00 a.m., Eastern Time, on November 9, 2012, at Princeton Marriott at Forrestal, 100 College Road East, Princeton, NJ 08540. On or about [], 2012, NRG commenced mailing this joint proxy statement/prospectus and the enclosed form of proxy to its stockholders entitled to vote at the NRG special meeting.

Purpose of the NRG Special Meeting

At the NRG special meeting, NRG stockholders will be asked to:

consider and vote upon the proposal to approve the issuance of NRG common stock, par value \$0.01 per share, in the merger (the "Share Issuance" proposal) (Item 1 on the NRG Proxy Card);

consider and vote upon an amendment to NRG's amended and restated certificate of incorporation to fix the maximum number of directors that may serve on the NRG Board at 16 directors (the "Charter Amendment" proposal) (Item 2 on the NRG Proxy Card); and

consider and vote upon the proposal to approve any motion to adjourn the NRG special meeting to another time or place, if necessary, to solicit additional proxies ("NRG Adjournment" proposal) (Item 3 on the NRG Proxy Card).

Approval of both the Share Issuance proposal and the Charter Amendment proposal is required to complete the merger.

Recommendations of the NRG Board of Directors

The NRG Board has determined that the merger is advisable and in the best interests of NRG and its stockholders and recommends that NRG stockholders vote:

"FOR" the Share Issuance proposal;

"FOR" the Charter Amendment proposal; and

"FOR" the NRG Adjournment proposal.

See "The Merger Rationale for the Merger" beginning on page 48 and "The Merger NRG Board of Directors' Recommendations and Its Reasons for the Merger" beginning on page 50.

NRG Record Date; Stock Entitled to Vote

Only NRG stockholders of record at the close of business on October 5, 2012, which is referred to as the NRG record date, will be entitled to notice of, and to vote at, the NRG special meeting or any adjournments or postponements thereof.

As of the NRG record date, there were 228,286,134 shares of NRG common stock outstanding and entitled to vote at the NRG special meeting. Each share of NRG common stock outstanding on the NRG record date entitles the holder thereof to one vote on each proposal to be

considered at the NRG special meeting, in person or by proxy through the Internet or by telephone or by a properly executed and delivered proxy with respect to the NRG special meeting.

A complete list of stockholders entitled to vote at the NRG special meeting will be available for examination by any NRG stockholder at NRG's headquarters, 211 Carnegie Center, Princeton, New Jersey 08540, for purposes pertaining to the NRG special meeting, during normal business hours for a period of 10 days before the NRG special meeting, and at the time and place of the NRG special meeting.

Quorum

In order to carry on the business of the NRG special meeting, NRG must have a quorum. Under NRG's Amended and Restated Bylaws, a majority of the outstanding shares of NRG common stock entitled to vote at the NRG special meeting must be represented in person or by proxy at the meeting in order to constitute a quorum. Both abstentions and broker non-votes, if any, are counted as present for determining the presence of a quorum. Generally, broker non-votes occur when shares held by a broker for a beneficial owner are not voted with respect to a particular proposal because (a) the broker has not received voting instructions from the beneficial owner, and (b) the broker lacks discretionary voting power to vote such shares.

As of the NRG record date, there were 228,286,134 shares of NRG common stock outstanding and entitled to vote at the NRG special meeting. Accordingly, the representation, in person or by proxy, of holders of 114,143,068 shares of NRG common stock will be required in order to establish a quorum.

Required Vote

Required Vote to Approve the Share Issuance proposal (Item 1 on the NRG Proxy Card)

The affirmative vote of a majority of the votes cast by NRG stockholders is required to approve the Share Issuance proposal, provided that the total votes cast on such proposal (including abstentions) represent a majority of total number of shares of NRG common stock outstanding on the record date for the NRG special meeting.

Required Vote to Adopt the Charter Amendment proposal (Item 2 on the NRG Proxy Card)

The affirmative vote of a majority of the shares of NRG common stock outstanding on the record date for the NRG special meeting is required to approve the Charter Amendment proposal.

Required Vote to Approve the NRG Adjournment proposal (Item 3 on the NRG Proxy Card)

The affirmative vote of a majority of the shares of NRG common stock represented (in person or by proxy) and entitled to vote on the proposal is required to approve the NRG Adjournment proposal.

Treatment of Abstentions; Failure to Vote

For purposes of the NRG special meeting, an abstention occurs when an NRG stockholder attends the NRG special meeting, either in person or by proxy, but abstains from voting.

For the Share Issuance proposal, if an NRG stockholder present in person at the NRG special meeting abstains from voting, or responds by proxy with an "abstain" vote, it will have the same effect as a vote cast "AGAINST" such proposal. If an NRG stockholder is not present in person at the NRG special meeting and does not respond by proxy, it will have no effect on the vote count for the Share Issuance proposal, but it will make it more difficult to meet the NYSE requirement that the total votes cast on such proposal (including abstentions) represent a majority of the shares of NRG common stock outstanding as of the NRG record date.

For the Charter Amendment proposal, an abstention or failure to vote will have the same effect as a vote cast "AGAINST" this proposal.

For the NRG Adjournment proposal, if an NRG stockholder present in person at the NRG special meeting abstains from voting, or responds by proxy with an "abstain" vote, it will have the same effect as a vote cast "AGAINST" this proposal. If an NRG stockholder is not present in person at the NRG special meeting and does not respond by proxy, it will have no effect on the vote count for the NRG Adjournment proposal (assuming a quorum is present).

Table of Contents

Voting of Proxies; Incomplete Proxies

Giving a proxy means that an NRG stockholder authorizes the persons named in the enclosed proxy card to vote its shares at the NRG special meeting in the manner it directs. An NRG stockholder may vote by proxy or in person at the meeting. To vote by proxy, an NRG stockholder may use one of the following methods if it is a registered holder (that is, it holds its stock in its own name):

Telephone voting, by dialing the toll-free number and following the instructions on the proxy card;

Via the Internet, by going to the web address shown on your proxy card and following the instructions on the proxy card; or

Mail, by completing and returning the proxy card in the enclosed envelope. The envelope requires no additional postage if mailed in the United States.

NRG requests that NRG stockholders vote by telephone, over the Internet or by completing and signing the accompanying proxy and returning it to NRG as soon as possible in the enclosed postage-paid envelope. When the accompanying proxy is returned properly executed, the shares of NRG stock represented by it will be voted at the NRG special meeting in accordance with the instructions contained on the proxy card.

If any proxy is returned without indication as to how to vote, the shares of NRG common stock represented by the proxy will be voted as recommended by the NRG Board. Unless an NRG stockholder checks the box on its proxy card to withhold discretionary authority, the proxyholders may use their discretion to vote on other matters relating to the NRG special meeting.

If an NRG stockholder's shares are held in "street name" by a broker, trustee or other nominee, the stockholder should check the voting form used by that firm to determine whether it may vote by telephone or the Internet.

Every NRG stockholder's vote is important. Accordingly, each NRG stockholder should sign, date and return the enclosed proxy card, or vote via the Internet or by telephone, whether or not the NRG stockholder plans to attend the NRG special meeting in person.

Shares Held in Street Name

If you are an NRG stockholder and your shares are held in "street name" through a bank, broker or other holder of record, you must provide the record holder of your shares with instructions on how to vote the shares. Please follow the voting instructions provided by the bank or broker. You may not vote shares held in street name by returning a proxy card directly to NRG or by voting in person at the NRG special meeting unless you provide a "legal proxy," which you must obtain from your broker, bank or other nominee. Further, brokers, banks or other nominees who hold shares of NRG common stock on behalf of their customers may not give a proxy to NRG to vote those shares with respect to any of the proposals without specific instructions from their customers, as brokers, banks and other nominees do not have discretionary voting power on these matters. Therefore, if you are an NRG stockholder and you do not instruct your broker, bank or other nominee on how to vote your shares:

your broker, bank or other nominee may not vote your shares on the Share Issuance proposal, which broker non-votes will have no effect on the vote count for such proposal, but it will make it more difficult to meet the NYSE requirement that the total votes cast on such proposal (including abstentions) represent a majority of the shares of NRG common stock outstanding as of the NRG record date;

your broker, bank or other nominee may not vote your shares on the Charter Amendment proposal, which will have the same effect as a vote cast "AGAINST" those proposals; and

Table of Contents

your broker, bank or other nominee may not vote your shares on the NRG Adjournment proposal, which broker non-votes will have no effect on the vote count for this proposal.

Revocability of Proxies and Changes to an NRG Stockholder's Vote

An NRG stockholder has the power to change its vote at any time before its shares are voted at the NRG special meeting by:

notifying NRG's Corporate Secretary in writing at NRG Energy, Inc., 211 Carnegie Center, Princeton, New Jersey 08540 that you are revoking your proxy;

executing and delivering a later dated proxy card or submitting a later dated vote by telephone or on the Internet;

voting in person at the NRG special meeting (although attendance at the NRG special meeting will not in and of itself constitute a revocation of a proxy); or

if you hold shares of NRG common stock in NRG benefit plans, contacting the NRG trustee.

If you are an NRG stockholder of record, revocation of your proxy or voting instructions through the Internet, by telephone or by mail must be received prior to the start of the NRG special meeting, although you may also revoke your proxy by attending the NRG special meeting and voting in person. **However, if an NRG stockholder has shares held through a brokerage firm, bank or other custodian, you may revoke your instructions only by informing the custodian in accordance with any procedures it has established.**

Solicitation of Proxies

The solicitation of proxies from NRG stockholders is made on behalf of the NRG Board. NRG and GenOn will generally share equally the cost and expenses of printing and mailing this joint proxy statement/prospectus and all fees paid to the SEC. NRG will pay the costs of soliciting and obtaining proxies from NRG stockholders, including the cost of reimbursing brokers, banks and other financial institutions for forwarding proxy materials to their customers. Proxies may be solicited, without extra compensation, by NRG officers and employees by mail, telephone, fax, personal interviews or other methods of communication. NRG has engaged the firm of MacKenzie Partners, Inc. to assist NRG in the distribution and solicitation of proxies for an estimated fee of \$25,000 plus reasonable out-of-pocket expenses for its services. GenOn will pay the costs of soliciting and obtaining its proxies and all other expenses related to the GenOn special meeting.

Voting by NRG Directors

On the NRG record date, directors and executive officers of NRG and their affiliates owned and were entitled to vote 3,580,068 shares of GenOn common stock, representing approximately 1.57% of the shares of NRG common stock outstanding on that date. NRG currently expects that NRG's directors and executive officers will vote their shares in favor of the Merger proposal, although none of them has entered into any agreements obligating them to do so.

Attending the NRG Special Meeting

Subject to space availability, all NRG stockholders as of the NRG record date, or their duly appointed proxies, may attend the meeting. Since seating is limited, admission to the meeting will be on a first-come, first-served basis. Registration and seating will begin at 8:30 a.m., Eastern Time.

If your shares of NRG common stock are held in "street name" through a bank, broker or other holder of record and you wish to attend the NRG special meeting, you need to bring a copy of a bank or brokerage statement to the NRG special meeting reflecting your stock ownership as

of the NRG record date. "Street name" stockholders who wish to vote at the meeting will need to obtain a proxy form from the institution that holds their shares.

NRG PROPOSALS

Item 1. *The Share Issuance Proposal*

(Item 1 on NRG Proxy Card)

It is a condition to completion of the merger that NRG issue shares of NRG common stock in the merger. When the merger becomes effective, each share of GenOn common stock outstanding immediately before the merger will be converted into the right to receive 0.1216 shares of NRG common stock. This exchange ratio is fixed and will not be adjusted to reflect stock price changes prior to closing.

Under the NYSE Listed Company Manual, a company listed on the NYSE is required to obtain stockholder approval prior to the issuance of common stock, or of securities convertible into or exercisable for common stock, in any transaction or series of related transactions if the number of shares of common stock to be issued is, or will be upon issuance, equal to or in excess of 20% of the number of shares of common stock outstanding before the issuance of the common stock or of securities convertible into or exercisable for common stock. If the merger is completed, it is currently estimated that NRG will issue or reserve for issuance approximately 98 million shares of NRG common stock in connection with the merger, including shares of NRG common stock issuable pursuant to outstanding GenOn stock options and restricted stock units. On an as-converted basis, the aggregate number of shares of NRG common stock to be issued in the merger will exceed 20% of the shares of NRG common stock outstanding before such issuance and for this reason NRG must obtain the approval of NRG stockholders for the issuance of shares of NRG common stock to GenOn stockholders in connection with the merger.

NRG is asking its stockholders to approve the Share Issuance proposal. The issuance of these securities to GenOn stockholders is necessary to effect the merger and the approval of the Share Issuance proposal is required for completion of the merger.

The NRG Board recommends a vote "FOR" the Share Issuance proposal (Item 1).

Item 2. *The Charter Amendment Proposal*

(Item 2 on NRG Proxy Card)

NRG's certificate of incorporation currently provides that, subject to the rights of the holders of any series of preferred stock to elect additional directors under specified circumstances, the number of directors who shall constitute the NRG Board shall initially be established at 11 and, thereafter may be enlarged up to 15 by the affirmative vote of a majority of the total number of directors then in office or may otherwise be enlarged with the approval of the holders of at least a majority of the shares of NRG common stock then outstanding, and may be reduced by resolution adopted by the affirmative vote of a majority of the total number of directors then in office.

In connection with the merger agreement, NRG has agreed that upon the completion of the merger, the NRG Board will have a total of 16 directors, consisting of 12 directors from the current NRG Board and four directors from the GenOn Board. Accordingly, NRG must increase the size of the NRG Board to 16 directors and has determined that this will be the maximum number of directors permissible under its certificate of incorporation. The NRG Board believes that the proposed amendment to increase and fix the maximum number of directors on the NRG Board is appropriate given the increased size of the combined company following the merger. If the Charter Amendment proposal is approved by the holders of the requisite number of shares of NRG common stock, NRG stockholders will no longer have the right to enlarge the size of the NRG Board with the approval of the holders of at least a majority of the shares of NRG common stock then outstanding.

Table of Contents

Accordingly, after careful consideration, the NRG Board has adopted, declared advisable and is submitting for consideration and approval by the NRG stockholders an amendment to fix the maximum number of directors that may serve on the NRG Board at 16 directors. The full text of the proposed amendment is set forth below:

ARTICLE SEVEN

Subject to any rights of the holders of any series of Preferred Stock to elect additional Directors under specified circumstances, the Board of Directors shall have no more than sixteen (16) nor less than three (3) members, with the exact number of Directors constituting the full board to be determined from time to time by the affirmative vote of a majority of the total number of Directors then in office. Newly created directorships resulting from an increase in the size of the Board of Directors may be filled by the affirmative vote of a majority of the total number of Directors then in office or by vote of the stockholders.

The affirmative vote of a majority of the outstanding shares of NRG common stock is required to approve the Charter Amendment proposal. NRG is asking its stockholders to approve the Charter Amendment proposal. Approval of the Charter Amendment proposal is required for completion of the merger.

The NRG Board recommends a vote "FOR" the Charter Amendment proposal (Item 2).

Item 3. The Adjournment Proposal

(Item 3 on NRG Proxy Card)

The NRG special meeting may be adjourned to another time or place, if necessary or appropriate, to permit, among other things, further solicitation of proxies if necessary to obtain additional votes in favor of the Share Issuance or Charter Amendment proposals.

If, at the NRG special meeting, the number of shares of NRG common stock present or represented and voting in favor of the Share Issuance proposal is insufficient to approve the Share Issuance proposal, NRG intends to move to adjourn the NRG special meeting in order to enable the NRG Board to solicit additional proxies for approval of the Share Issuance proposal.

In the NRG Adjournment proposal, NRG is asking its stockholders to authorize the holder of any proxy solicited by the NRG Board to vote in favor of granting discretionary authority to the proxy holders, and each of them individually, to adjourn the NRG special meeting to another time and place for the purpose of soliciting additional proxies. If the NRG stockholders approve the NRG Adjournment proposal, NRG could adjourn the NRG special meeting and any adjourned session of the NRG special meeting and use the additional time to solicit additional proxies, including the solicitation of proxies from NRG stockholders who have previously voted.

The NRG Board recommends a vote "FOR" the NRG Adjournment proposal (Item 3).

Other Matters to Come Before the Meeting

No other matters are intended to be brought before the meeting by NRG, and NRG does not know of any matters to be brought before the meeting by others. If, however, any other matters properly come before the meeting, the persons named in the proxy will vote the shares represented thereby in accordance with the judgment of management on any such matter.

GENON SPECIAL MEETING

Date, Time and Place

The special meeting of GenOn stockholders will be held on November 9, 2012, at 8:00 a.m., Central Time, at GenOn's corporate headquarters, 1000 Main Street, Houston, Texas 77002. On or about [], 2012, GenOn commenced mailing this joint proxy statement/prospectus and the enclosed form of proxy to its stockholders entitled to vote at the GenOn special meeting.

Purpose of the GenOn Special Meeting

At the GenOn special meeting, GenOn stockholders will be asked to:

- consider and vote upon the proposal to adopt the merger agreement (the "Merger" proposal) (Item 1 on GenOn proxy card);

- consider and vote, on a advisory (non-binding) basis, upon certain compensation arrangements for GenOn's named executive officers in connection with the merger contemplated by the merger agreement (the "Merger-Related Compensation" proposal) (Item 2 on GenOn proxy card); and

- consider and vote upon the proposal to approve any motion to adjourn the GenOn special meeting to another time or place, if necessary, to solicit additional proxies (the "GenOn Adjournment" proposal) (Item 3 on GenOn proxy card).

Recommendations of the GenOn Board of Directors

The GenOn Board has unanimously determined that the merger is advisable and in the best interests of GenOn and its stockholders and unanimously recommends that GenOn stockholders vote "**FOR**" the Merger proposal, "**FOR**" the Merger-Related Compensation proposal and "**FOR**" the GenOn Adjournment proposal, if necessary. See "The Merger Rationale for the Merger" beginning on page 48 and "The Merger GenOn Board of Directors' Recommendation and Its Reasons for the Merger" beginning on page 54.

GenOn Record Date; Stock Entitled to Vote

Only GenOn stockholders of record at the close of business on October 5, 2012, which is referred to as the GenOn record date, will be entitled to notice of, and to vote at, the GenOn special meeting or any adjournments or postponements thereof.

As of the GenOn record date, there were 771,619,838 shares of GenOn common stock outstanding and entitled to vote at the GenOn special meeting. Each share of GenOn common stock outstanding on the GenOn record date entitles the holder thereof to one vote on each proposal to be considered at the GenOn special meeting, in person or by proxy through the Internet or by telephone or by a properly executed and delivered proxy with respect to the GenOn special meeting.

On the GenOn record date, directors and executive officers of GenOn and their affiliates owned and were entitled to vote 2,427,694 shares of GenOn common stock, representing approximately 0.31% of the shares of GenOn common stock outstanding on that date. GenOn currently expects that GenOn's directors and executive officers will vote their shares in favor of the Merger proposal, although none of them has entered into any agreements obligating them to do so.

A complete list of stockholders entitled to vote at the GenOn special meeting will be available for examination by any GenOn stockholder at GenOn's headquarters, 1000 Main Street, Houston, Texas 77002, for purposes pertaining to the GenOn special meeting, during normal business hours for a period of ten days before the GenOn special meeting and at the GenOn special meeting.

Table of Contents

Quorum

In order to carry on the business of the GenOn special meeting, GenOn must have a quorum present. A quorum requires the representation, in person or by proxy, of the holders of a majority of the votes entitled to be cast at the GenOn special meeting. Abstentions and broker non-votes, if any, are included in the calculation of the number of shares considered to be present at the GenOn special meeting.

As of the GenOn record date, there were 771,619,838 shares of GenOn common stock outstanding and entitled to vote at the GenOn special meeting. Accordingly, the representation, in person or by proxy, of holders of 385,809,920 shares of GenOn common stock will be required in order to establish a quorum.

Required Vote

Required Vote to Approve the Merger Proposal (Item 1 on the Proxy Card)

Approval of the Merger proposal requires the affirmative vote of a majority of the outstanding shares of GenOn common stock.

Required Vote to Approve the Merger-Related Compensation Proposal (Item 2 on the Proxy Card)

Approval of the advisory vote on the Merger-Related Compensation proposal requires the affirmative vote of a majority of the shares of GenOn common stock represented (in person or by proxy) at the special meeting and entitled to vote on the proposal. Because the vote on the Merger-Related Compensation proposal is advisory only, it will not be binding on either GenOn or NRG. Accordingly, if the merger agreement is adopted and the merger is completed, the compensation will be payable, subject only to the conditions applicable thereto, regardless of the outcome of the non-binding, advisory vote of GenOn's stockholders.

Required Vote to Approve the GenOn Adjournment Proposal (Item 3 on the Proxy Card)

Approval of the GenOn Adjournment proposal requires the affirmative vote of a majority of the shares of GenOn common stock represented (in person or by proxy) at the special meeting and entitled to vote on the proposal.

Treatment of Abstentions; Failure to Vote

For purposes of the GenOn special meeting, an abstention occurs when a GenOn stockholder attends the GenOn special meeting, either in person or by proxy, but abstains from voting.

For the Merger proposal, an abstention or a failure to vote will have the same effect as a vote cast "**AGAINST**" such proposal.

For the Merger-Related Compensation proposal, if a GenOn stockholder present in person at the GenOn special meeting abstains from voting, or responds by proxy with an "abstain" vote, it will have the same effect as a vote cast "**AGAINST**" the Merger-Related Compensation proposal. If a GenOn stockholder is not present in person at the GenOn special meeting and does not respond by proxy, it will have no effect on this proposal (assuming a quorum is present).

For the GenOn Adjournment proposal, if a GenOn stockholder present in person at the GenOn special meeting abstains from voting, or responds by proxy with an "abstain" vote, it will have the same effect as a vote cast "**AGAINST**" the this proposal. If a GenOn stockholder is not present in person at the GenOn special meeting and does not respond by proxy, it will have no effect on this proposal (assuming a quorum is present).

Voting of Proxies; Incomplete Proxies

Giving a proxy means that a GenOn stockholder authorizes the persons named in the enclosed proxy card to vote its shares at the GenOn special meeting in the manner it directs. A GenOn stockholder may vote by proxy or in person at the GenOn special meeting. If you hold your shares of GenOn common stock in your name as a stockholder of record, to submit a proxy, you, as a GenOn stockholder, may use one of the following methods:

Telephone voting, by dialing the toll-free number specified on the proxy card and following the instructions on the proxy card;

Via the Internet, by accessing the website specified on the proxy card and following the instructions on the proxy card; or

Mail, by completing and returning the proxy card in the enclosed envelope. The envelope requires no additional postage if mailed in the United States.

If any proxy is returned without indication as to how to vote, the GenOn common stock represented by the proxy will be voted as recommended by the GenOn Board. Unless a GenOn stockholder checks the box on its proxy card to withhold discretionary authority, the proxyholders may use their discretion to vote on other matters relating to the GenOn special meeting.

Every GenOn stockholder's vote is important. Accordingly, each GenOn stockholder should sign, date and return the enclosed proxy card, or submit a proxy via the Internet or by telephone, whether or not it plans to attend the GenOn special meeting in person.

Shares Held in Street Name

If you are a GenOn stockholder and your shares are held in "street name" through a bank, broker or other holder of record, you must provide the record holder of your shares with instructions on how to vote the shares. Please follow the voting instructions provided by the bank or broker. You may not vote shares held in street name by returning a proxy card directly to GenOn or by voting in person at the GenOn special meeting unless you provide a "legal proxy," which you must obtain from your broker, bank or other nominee. Further, brokers, banks or other nominees who hold shares of GenOn common stock on behalf of their customers may not give a proxy to GenOn to vote those shares with respect to any of the proposals without specific instructions from their customers, as brokers, banks and other nominees do not have discretionary voting power on these matters. Therefore, if you are a GenOn stockholder and you do not instruct your broker, bank or other nominee on how to vote your shares:

your broker, bank or other nominee may not vote your shares on the Merger proposal, which will have the same effect as a vote cast "**AGAINST**" this proposal; and

your broker, bank or other nominee may not vote your shares on the Merger-Related Compensation proposal or the GenOn Adjournment proposal, which broker non-votes will have no effect on the vote count for those proposals.

Revocability of Proxies and Changes to a GenOn Stockholder's Vote

If you are a GenOn stockholder of record, you have the power to change your vote at any time before its shares of GenOn common stock are voted at the GenOn special meeting by:

notifying GenOn's Corporate Secretary in writing at P.O. Box 3795, Houston, Texas 77253 or by facsimile at (832) 357-0140 that you are revoking your proxy;

executing and delivering a later-dated proxy card or submitting a later-dated proxy by telephone or on the Internet; or

voting in person at the GenOn special meeting.

Any such revocation of your proxy or voting instructions through the Internet, by telephone or by mail must be received prior to the start of the GenOn special meeting, although you may also revoke your proxy by attending the GenOn special meeting and voting in person.

If your shares are held in street name by a broker, bank or other nominee, you may revoke your instructions only by informing the broker, bank or other nominee in accordance with any procedures it has established.

Solicitation of Proxies

The solicitation of proxies from GenOn stockholders is made on behalf of the GenOn Board. NRG and GenOn will generally share equally the cost and expenses of printing and mailing this joint proxy/prospectus and all fees paid to the SEC. GenOn will pay the costs of soliciting and obtaining proxies from GenOn stockholders, including the cost of reimbursing brokers, banks and other financial institutions for forwarding proxy materials to their customers. Proxies may be solicited, without extra compensation, by GenOn officers and employees by mail, telephone, fax, personal interviews or other methods of communication. GenOn has engaged the firm of Innisfree M&A Incorporated to assist it in the distribution and solicitation of proxies from GenOn stockholders for an estimated fee of \$50,000 plus out-of-pocket expenses for its services. NRG will pay the costs of soliciting and obtaining proxies from NRG stockholders and all other expenses related to the NRG special meeting.

Delivery of Proxy Materials to Households Where Two or More GenOn Stockholders Reside

As permitted by the Exchange Act, only one copy of this joint proxy statement/prospectus is being delivered to GenOn stockholders residing at the same address, unless GenOn stockholders have notified GenOn of their desire to receive multiple copies of this joint proxy statement/prospectus. This is known as householding.

GenOn will promptly deliver, upon oral or written request, a separate copy of this joint proxy statement/prospectus to any GenOn stockholder residing at an address to which only one copy was mailed. Requests for additional copies should be directed to GenOn Energy, Inc., P.O. Box 3795, Houston, Texas 77253, Attention: Investor Relations or by calling (832) 357-7000.

Voting by GenOn Directors and Executive Officers

On the GenOn record date, directors and executive officers of GenOn and their affiliates owned and were entitled to vote 2,427,694 shares of GenOn common stock, representing approximately 0.31% of the total voting power of the shares of GenOn common stock outstanding on that date. It is currently expected that GenOn's directors and executive officers will vote their shares of GenOn common stock in favor of each of the proposals to be considered at the GenOn special meeting, although none of them have entered into any agreements obligating them to do so.

Attending the GenOn Special Meeting

Subject to space availability, all GenOn stockholders as of the GenOn record date, or their duly appointed proxies, may attend the GenOn special meeting. Since seating is limited, admission to the GenOn special meeting will be on a first-come, first-served basis. Registration and seating will begin at 7:30 a.m., Central Time.

If you hold your shares of GenOn common stock in your name as a stockholder of record and you wish to attend the GenOn special meeting, please bring your proxy and evidence of your stock ownership, such as your most recent account statement, to the GenOn special meeting. You should also bring valid picture identification.

If your shares of GenOn common stock are held in "street name" in a stock brokerage account or by a bank or nominee and you wish to attend the GenOn special meeting, you need to bring a copy of a bank or brokerage statement or a statement from the bank, broker or nominee to the GenOn special meeting reflecting your stock ownership as of the GenOn record date. You should also bring valid picture identification.

GENON PROPOSALS

Item 1. The Merger Proposal

(Item 1 on GenOn Proxy Card)

As discussed throughout this joint proxy statement/prospectus, GenOn is asking its stockholders to approve the Merger proposal. Holders of GenOn common stock should read carefully this joint proxy statement/prospectus in its entirety, including the annexes, for more detailed information concerning the merger agreement and the merger. In particular, holders of GenOn common stock are directed to the merger agreement, a copy of which is attached as Annex A to this joint proxy statement/prospectus.

The GenOn Board recommends a vote "FOR" the Merger proposal.

Item 2. The Merger-Related Compensation Proposal

(Item 2 on GenOn Proxy Card)

As required by Section 14A of the Exchange Act of 1934 and the applicable SEC rules issued thereunder, which were enacted pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, GenOn is required to submit a proposal to GenOn stockholders for a non-binding, advisory vote to approve the payment by GenOn of certain compensation to the named executive officers of GenOn that is based on or otherwise relates to the merger. This proposal, commonly known as "say-on-golden parachute," and which GenOn refers to as the Merger-Related Compensation proposal, gives GenOn stockholders the opportunity to vote on an advisory basis on the compensation that GenOn's named executive officers may be entitled to receive from GenOn that is based on or otherwise relates to the merger.

The compensation that GenOn's named executive officers may be entitled to receive from GenOn that is based on or otherwise relates to the merger is summarized and included in the section entitled "The Merger Quantification of Potential Payments to Named Executive Officers in Connection with the Merger" beginning on page 92. That summary includes all compensation and benefits that may be paid or become payable to GenOn's named executive officers by GenOn that is based on or otherwise relate to the merger.

The board of directors of GenOn encourages you to review carefully the named executive officer Merger-Related Compensation information disclosed in this joint proxy statement/prospectus.

GenOn's board of directors recommends that GenOn's stockholders approve the following resolution:

"RESOLVED, that the stockholders of GenOn Energy, Inc. approve, on a non-binding, advisory basis, the compensation that will or may become payable to the named executive officers that is based on or otherwise relates to the merger as disclosed pursuant to Item 402(t) of Regulation S-K in the section entitled "The Merger Quantification of Potential Payments to Named Executive Officers in Connection with the Merger."

Because the vote on the Merger-Related Compensation proposal is advisory only, it will not be binding on either GenOn or NRG. Accordingly, if the merger agreement is adopted and the merger is completed, the compensation will be payable, subject only to the conditions applicable thereto, regardless of the outcome of the non-binding, advisory vote of GenOn's stockholders.

The GenOn Board recommends a vote "FOR" the Merger-Related Compensation proposal.

Item 3. The GenOn Adjournment Proposal

(Item 3 on GenOn Proxy Card)

The GenOn special meeting may be adjourned to another time or place, if necessary or appropriate, to solicit additional proxies if there are insufficient votes at the time of the GenOn special meeting to approve the Merger proposal.

If, at the GenOn special meeting, the number of shares of GenOn common stock present or represented and voting in favor of the merger is insufficient to approve the Merger proposal, GenOn intends to move to adjourn the GenOn special meeting in order to enable the GenOn Board to solicit additional proxies for approval of the merger. In that event, GenOn will ask its stockholders to vote only upon the GenOn Adjournment proposal, and not the Merger proposal.

In this proposal, GenOn is asking its stockholders to authorize the holder of any proxy solicited by the GenOn Board to vote in favor of granting discretionary authority to the proxy holders, and each of them individually, to adjourn the GenOn special meeting to another time and place for the purpose of soliciting additional proxies. If GenOn stockholders approve the GenOn Adjournment proposal, GenOn could adjourn the GenOn special meeting and use the additional time to solicit additional proxies, including the solicitation of proxies from GenOn stockholders who have previously voted.

The GenOn Board recommends a vote "FOR" the GenOn Adjournment proposal.

Other Matters to Come Before the Meeting

No other matters are intended to be brought before the special meeting by GenOn, and GenOn does not know of any matters to be brought before the meeting by others. If, however, any other matters properly come before the GenOn special meeting, the persons named in the proxy will vote the shares represented thereby in accordance with the judgment of management on any such matter.

**UNAUDITED PRO FORMA CONDENSED COMBINED CONSOLIDATED
FINANCIAL STATEMENTS**

The Unaudited Pro Forma Condensed Combined Consolidated Financial Statements, or the pro forma financial statements, combine the historical consolidated financial statements of NRG and GenOn to illustrate the effect of the merger. The pro forma financial statements were based on, and should be read in conjunction with, the:

accompanying notes to the Unaudited Pro Forma Condensed Combined Consolidated Financial Statements;

consolidated financial statements of NRG for the year ended December 31, 2011 and for the six months ended June 30, 2012 and the notes relating thereto, incorporated herein by reference; and

consolidated financial statements of GenOn for the year ended December 31, 2011 and for the six months ended June 30, 2012 and the notes relating thereto, incorporated herein by reference.

The historical consolidated financial statements have been adjusted in the pro forma financial statements to give effect to pro forma events that are (1) directly attributable to the merger, (2) factually supportable and (3) with respect to the pro forma statements of operations, expected to have a continuing impact on the combined results. The Unaudited Pro Forma Condensed Combined Consolidated Statements of Operations, or the pro forma statement of operations, for the year ended December 31, 2011 and for the six months ended June 30, 2012, give effect to the merger as if it occurred on January 1, 2011. The Unaudited Pro Forma Condensed Combined Consolidated Balance Sheet, or the pro forma balance sheet, as of June 30, 2012, gives effect to the merger as if it occurred on June 30, 2012. Intercompany transactions have not been eliminated as the preliminary estimates are not material to the pro forma financial statements.

As described in the accompanying notes, the pro forma financial statements have been prepared using the acquisition method of accounting under existing United States generally accepted accounting principles, or GAAP, and the regulations of the SEC. NRG has been treated as the acquirer in the merger for accounting purposes. The purchase price will be allocated to GenOn's assets and liabilities based upon their estimated fair values as of the date of completion of the merger. The allocation is dependent on certain valuations and other studies that have not progressed to a stage where there is sufficient information to make a definitive allocation. Additionally, a final determination of the fair value of GenOn's assets and liabilities, which cannot be made prior to the completion of the transaction, will be based on the actual net tangible and intangible assets of GenOn that existed as of the date of completion of the merger. Accordingly, the pro forma purchase price adjustments are preliminary, subject to future adjustments, and have been made solely for the purpose of providing the unaudited pro forma combined financial information presented herewith. Differences between these preliminary estimates and the final acquisition accounting will occur and these differences could have a material impact on the accompanying pro forma financial statements and the combined company's future results of operations and financial position.

The pro forma financial statements have been presented for informational purposes only and are not necessarily indicative of what the combined company's results of operations and financial position would have been had the merger been completed on the dates indicated. NRG expects to incur significant costs to integrate NRG's and GenOn's businesses. The pro forma financial statements do not reflect the cost of any integration activities or benefits that may result from synergies that may be derived from any integration activities. In addition, the pro forma financial statements do not purport to project the future results of operations or financial position of the combined company.

Description of the Merger

On July 20, 2012, NRG, Merger Sub and GenOn entered into the merger agreement.

The merger agreement provides that, subject to the terms and conditions of the merger agreement, Merger Sub will merge with and into GenOn, with GenOn continuing as the surviving entity and a direct wholly owned subsidiary of NRG.

In the merger, each share of GenOn common stock that is issued and outstanding immediately prior to the effective time of the merger (other than any shares of GenOn common stock owned or held directly or indirectly by NRG, GenOn, Merger Sub or any of their respective subsidiaries that will be cancelled upon completion of the merger) will be converted into the right to receive 0.1216 shares of NRG common stock, which is referred to as the exchange ratio. The exchange ratio will be adjusted appropriately to fully reflect the effect of any reclassification, stock split or combination, exchange or readjustment of shares, or any stock dividend or distribution with respect to the shares of either NRG common stock or GenOn common stock with a record date prior to completion of the merger. No fractional shares of NRG common stock will be issued in connection with the merger, and holders will be entitled to receive cash in lieu thereof. NRG stockholders will continue to own their existing shares, which will not be affected by the merger.

Upon completion of the merger, all outstanding GenOn stock options will be converted into stock options with respect to NRG common stock (with the number of shares subject to such options and the per share exercise price appropriately adjusted based on the exchange ratio) and remain outstanding, subject to the same terms and conditions as otherwise applicable to such stock options prior to the merger, except that all GenOn stock options other than those granted in 2012 will become vested upon the completion of the merger. GenOn stock options granted in 2012 will not be subject to accelerated vesting solely by reason of the completion of the merger and will remain subject to the vesting conditions applicable to such stock options prior to the merger.

All outstanding GenOn restricted stock units (other than restricted stock units granted in 2012) will immediately vest and be exchanged for the merger consideration upon completion of the merger (with cash paid in lieu of fractional shares). GenOn restricted stock units granted in 2012 will be converted into NRG restricted stock units (with the number of shares subject to such restricted stock units appropriately adjusted based on the exchange ratio and extent of performance goal attainment) and otherwise remain outstanding in accordance with their terms.

Notwithstanding the foregoing, GenOn outstanding stock options and restricted stock units granted in 2012 will vest (to the extent not already fully vested) at the holder's termination date if the termination is as a result of the merger and occurs within two years of completion of the merger under certain qualifying circumstances.

Note 1. Basis of Pro Forma Presentation

The pro forma statements of operations for the six months ended June 30, 2012, and the year ended December 31, 2011, give effect to the merger as if it were completed on January 1, 2011. The pro forma balance sheet as of June 30, 2012 gives effect to the merger as if it were completed on June 30, 2012.

The pro forma financial statements have been derived from the historical consolidated financial statements of NRG and GenOn that are incorporated by reference into this joint proxy statement/prospectus. Assumptions and estimates underlying the pro forma adjustments are described in the accompanying notes, which should be read in connection with the pro forma financial statements.

The pro forma financial statements were prepared using the acquisition method of accounting under GAAP and the regulations of the SEC. NRG has been treated as the acquirer in the merger for accounting purposes. Upon completion of the merger, NRG stockholders will have a majority of the voting interest in the combined company. Acquisition accounting requires, among other things, that most assets acquired and liabilities assumed be recognized at fair value as of the acquisition date. In addition, acquisition accounting establishes that the consideration transferred be measured at the closing date of the merger at the then-current market price. Because acquisition accounting is dependent upon certain valuations and other studies that must be completed as of the merger date, there is not currently sufficient information for a definitive measurement. Therefore, the pro forma financial statements are preliminary and have been prepared solely for the purpose of providing unaudited pro forma condensed combined financial information. Differences between these preliminary estimates and the final acquisition accounting will occur and these differences could have a material impact on the accompanying pro forma financial statements and the combined company's future results of operations and financial position.

The merger is reflected in the pro forma financial statements as being accounted for based on the accounting guidance for business combinations. Under the acquisition method, the total estimated purchase price is calculated as described in Note 2 to the pro forma financial statements. In accordance with accounting guidance for business combinations, the assets acquired and the liabilities assumed have been measured at fair value. The fair value measurements utilize estimates based on key assumptions of the merger, including prior acquisition experience, benchmarking of similar acquisitions and historical and current market data. The pro forma adjustments included herein are likely to be revised as additional information becomes available and as additional analyses are performed. The final purchase price allocation will be determined after the merger is completed and the final amounts recorded for the merger may differ materially from the information presented in these pro forma financial statements.

Estimated transaction costs of \$60 million, as well as the related tax benefit of \$22 million, calculated at NRG's statutory rate of 36.71%, have been excluded from the pro forma statements of operations as these costs reflect non-recurring charges directly related to the merger and if not incurred prior to the merger are expected to be incurred in the period which includes the merger. However, the anticipated transaction costs are reflected in the pro forma balance sheet as an accrual to accrued expenses and other current liabilities and a decrease to retained earnings.

The pro forma financial statements do not reflect any cost savings from operating efficiencies or synergies that could result from the merger. Additionally, the pro forma financial statements do not reflect potential restructuring costs of \$155 million that may be incurred to achieve the desired cost savings from the merger.

Table of Contents**Note 1. Basis of Pro Forma Presentation (Continued)**

For the purpose of measuring the estimated fair value of the assets acquired and liabilities assumed, as reflected in the pro forma financial statements, NRG and GenOn have applied the accounting guidance for fair value measurements, which defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Note 2. Estimated Purchase Price and Preliminary Purchase Price Allocation**Estimated Purchase Price:**

NRG is proposing to acquire all of the outstanding common shares of GenOn for a fixed ratio of 0.1216 NRG shares per GenOn share. The purchase price for the business combination is estimated as follows (in millions except exchange ratio and share price):

	Number of Shares/Awards Issued	NRG Equivalent Shares at 0.1216	Total Estimated Fair Value
Issuance of NRG common stock to GenOn stockholders at the exchange ratio of 0.1216 shares for each share of GenOn common stock; based on the closing price of NRG common stock as of August 10, 2012, of \$20.86	772.9	94.0	\$ 1,961
Estimated issuance of shares pursuant to restricted stock units that will vest upon completion of the merger	5.0	0.6	13
Total			1,974
Issuance of NRG equity awards to replace existing GenOn equity awards (see Description of the Merger)			6
Total estimated purchase price			\$ 1,980

The estimated purchase price was computed using GenOn's outstanding shares as of June 30, 2012, adjusted for the exchange ratio. The estimated purchase price also reflects the total estimated fair value of GenOn's share-based compensation awards outstanding as of June 30, 2012, excluding the value associated with employee service yet to be rendered.

The purchase price will fluctuate with the market price of NRG's common stock until it is reflected on an actual basis when the merger is completed. An increase or decrease of 15% in NRG's common share price from the price used above would increase or decrease the purchase price by approximately \$297 million. Assessing sensitivity at a 15% rate of change is reasonable based on the history of NRG's common stock price.

Table of Contents**Note 2. Estimated Purchase Price and Preliminary Purchase Price Allocation (Continued)****Preliminary Purchase Price Allocation:**

	Total Estimated Fair Value
Current assets	\$ 3,675
Property, plant and equipment	3,474

Estimated gain on bargain purchase	\$ 1,162

The allocation of the preliminary purchase price to the fair values of assets acquired and liabilities assumed includes pro forma adjustments to reflect the fair values of GenOn's assets and liabilities at the time of the completion of the merger. The final allocation of the purchase price could differ materially from the preliminary allocation used for the Unaudited Pro Forma Condensed Combined Consolidated Balance Sheet primarily because power market prices, interest rates and other valuation variables will fluctuate over time and be different at the time of completion of the merger compared to the amounts assumed in the pro forma adjustments.

As the fair value of the net assets acquired exceeds the purchase price, the merger is being accounted for as a bargain purchase in accordance with the accounting guidance for business combinations. Prior to recording a gain, the acquiring entity must reassess whether all acquired assets and assumed liabilities have been identified and perform re-measurements to verify that the assets acquired and liabilities assumed have been properly valued. The estimated gain has been excluded from the pro forma statements of operations as it is non-recurring in nature. The estimated gain on the bargain purchase is primarily representative of the undiscounted value of the deferred tax assets generated by the reduction in book basis of the net assets recorded in connection with acquisition accounting as well as the undiscounted value of GenOn's net operating losses and other deferred tax benefits that the combined company has the ability to realize in the post-acquisition period.

A 10% change in the undiscounted cash flows of GenOn's plants would affect the estimated gain on bargain purchase by approximately \$250 million. Furthermore, a 1% change in the discount rates used in valuing GenOn's plants would affect the estimated gain on bargain purchase by approximately \$230 million.

Note 3. Significant Accounting Policies

Based upon NRG's initial review of GenOn's summary of significant accounting policies, as disclosed in the GenOn consolidated historical financial statements incorporated by reference into this joint proxy statement/prospectus, as well as on preliminary discussions with GenOn's management, the pro forma combined consolidated financial statements assume there will be no significant adjustments necessary to conform GenOn's accounting policies to NRG's accounting policies. Upon completion of

the merger and a more comprehensive comparison and assessment, differences may be identified that would necessitate changes to GenOn's future accounting policies and such changes could result in material differences in future reported results of operations and financial position for GenOn's operations as compared to historically reported amounts.

Note 4. Pro Forma Adjustments

The pro forma adjustments included in the pro forma financial statements are as follows:

- (a) *GenOn historical presentation* Based on the amounts reported in the consolidated statements of operations for the six months ended June 30, 2012, and the year ended December 31, 2011, and the consolidated balance sheet as of June 30, 2012, certain financial line items included in GenOn's historical presentation have been reclassified to corresponding line items included in NRG's historical presentation. These reclassifications have no effect on the historical operating income (loss), net income (loss), or stockholders' equity reported by NRG or GenOn.

Adjustments to Pro Forma Condensed Combined Consolidated Statements of Operations

- (b) *Cost of operations* Represents adjustments related to the operating leases for GenOn REMA, LLC, and its subsidiaries, or REMA, and GenOn MidAtlantic, LLC and its subsidiaries, or GenOn Mid-Atlantic, to decrease net lease expense as a result of fair value adjustments and amortization of the related out-of-market values:

	For the Six Months Ended June 30, 2012	For the Year Ended December 31, 2011
	(in millions)	
GenOn Mid-Atlantic leases	\$ (16)	\$ (33)
REMA leases	(5)	(12)
Total	\$ (21)	\$ (45)

- (c) *Depreciation and amortization* Represents the net depreciation expense resulting from the fair value adjustments of GenOn's property, plant and equipment. The estimate is preliminary, subject to change and could vary materially from the actual adjustment at the time the merger is completed. For each \$100 million change in the fair value adjustment to property, plant and equipment, NRG and GenOn combined would expect an annual change in depreciation expense of approximately \$5 million. The estimated useful lives of the property, plant and equipment acquired range from 8 to 31 years. The adjustments to depreciation and amortization include:

	For the Six Months Ended June 30, 2012	For the Year Ended December 31, 2011
	(in millions)	
Net decrease to depreciation expense as a result of fair value adjustments of property, plant and equipment	\$ (76)	\$ (153)

(d)

Interest expense Reflects a decrease in interest expense as a result of the fair value adjustments of GenOn's debt, and a reduction in interest expense due to the payment of GenOn's Term Loan due 2017, or the GenOn Term Loan. The final fair value determination of debt will be based on prevailing market interest rates at the completion of the merger and the necessary adjustment will be amortized as a reduction (in the case of a premium to book value) or an increase (in the case of a discount to book value) to interest expense over the remaining life of the applicable debt.

	For the Six Months Ended June 30, 2012	For the Year Ended December 31, 2011

Net decrease in interest expense as a result of the paydown of the GenOn Term Loan	(27)	(55)

The estimated amortization of the fair value adjustment to long-term debt over the next five years is as follows (in millions):

2012 (6 months)	\$ (22)

Weighted average shares outstanding basic and diluted The pro forma weighted average number of basic shares outstanding is calculated by adding NRG's weighted average number of basic shares of common stock outstanding for the six months ended June 30, 2012 or the year ended December 31, 2011, as applicable, and GenOn's weighted average number of basic shares of common stock outstanding for those same periods multiplied by the exchange ratio of 0.1216. Adjustments to Pro Forma Condensed Combined Consolidated Balance Sheet

- (g) *Cash and cash equivalents* Represents cash utilized to pay down the GenOn Term Loan of \$688 million.
- (h) *Prepayments and other current assets* Represents the removal of prepaid rent related to the REMA and GenOn Mid-Atlantic leases for \$16 million and \$97 million, respectively. The adjustment also includes a tax benefit of \$22 million related to the estimated transaction costs of \$60 million, as discussed below in adjustment (n).
- (i) *Property, plant and equipment* Represents the adjustment to reflect GenOn's property, plant and equipment at their estimated fair values. The estimated fair values were determined based on consideration of both an income method using discounted cash flows and a market approach based on recent transactions of comparable assets. The income approach was primarily relied upon as the forecasted cash flows more appropriately incorporate differences in regional markets, plant type, age, useful life, equipment condition and environmental controls of each asset. Furthermore, the income approach allows for a more accurate reflection of current and expected market dynamics such as supply and demand, commodity prices, and regulatory environment as of the valuation date. The market approach was computed based on data for transactions announced proximate to the valuation date and analyzed on a \$/kW basis for fuel/dispatch type and region. Due to the limited volume of recent transactions and amount of financial and operating characteristics that are publicly disclosed, that market approach was given less weight. The estimate is preliminary, subject to change and could vary materially from the actual adjustment at the time the merger is

completed. For each \$100 million change in the fair value adjustment to property, plant and equipment, NRG and GenOn combined would expect an annual change in depreciation expense of approximately \$5 million. The estimated useful lives of the property, plant and equipment acquired range from 8 to 31 years.

- (j) *Intangible assets* Represents the adjustment to record the estimated value of the 10-year power purchase agreement for the Marsh Landing project. The estimated fair value was determined based on a variation of the income method which calculates the present value of the difference between the contract pricing and available market pricing data.
- (k) *Deferred taxes* Represents the estimated deferred tax impact related to the excess of GenOn's historical carrying amount of assets and liabilities over the net amount assigned to GenOn's assets and liabilities, calculated at GenOn's statutory rate of 35%, and the estimated deferred tax assets with respect to net operating losses and other temporary differences that are expected to be realized during post-acquisition periods, as well as the reclassification of NRG's non-current deferred income tax liabilities to non-current deferred tax assets, as follows:

	As of June 30, 2012 (In millions)
Deferred tax assets non-current:	
Adjustment to record realizable GenOn deferred tax assets	\$ 750
Impact of excess of carrying amount over fair value	1,288
Netting of GenOn liabilities against assets	(208)
Netting of NRG liabilities against assets	(1,147)
	\$ 683
Deferred tax liabilities current:	
Impact of excess of carrying amount over fair value	\$ (40)
Netting of GenOn assets against liabilities	(208)
	\$ (248)
Deferred tax liabilities non-current:	
Netting of NRG liabilities against assets	\$ (1,147)

- (l) *Other non-current assets* Represents the removal of \$81 million of unamortized deferred financing costs for GenOn's long-term debt, and the removal of \$436 million of prepaid rent related to the GenOn Mid-Atlantic leases.
- (m) *Long-term debt, including current portion* Represents adjustments to GenOn's long-term debt as follows:

	As of June 30, 2012 (In millions)
Estimated fair value adjustment of GenOn's long-term debt	\$ 239
Write-off of unamortized discount on GenOn's long-term debt	27
Paydown of the GenOn Term Loan	(688)
Total adjustments to GenOn's long-term debt	\$ (422)

Table of Contents

Note 4. Pro Forma Adjustments (Continued)

The adjustments above reflect the paydown of the GenOn Term Loan upon closing of the merger. The fair value adjustment of GenOn's debt was estimated based on market prices and quotes from investment banks as of August 10, 2012. The final fair value determination for debt will be based on prevailing market interest rates at the completion of the merger, and the necessary adjustment will be amortized as a reduction (in the case of a premium to book value) or an increase (in the case of a discount to book value) to interest expense over the remaining life of the individual debt issues, with the longest amortization period being approximately 19 years. A 1% increase in interest rates would decrease the fair value adjustment of long-term debt as of August 10, 2012 by \$177 million, which would result in an annual decrease to interest expense of \$19 million.

(n) *Accrued expenses and other current liabilities* Represents the accrual for estimated transaction costs of \$60 million, consisting of investment banking fees, commitment fees, legal fees and other merger-related transaction costs. The merger transaction costs are excluded from the pro forma statements of operations as they reflect non-recurring charges not expected to have a continuing impact on the combined results.

(o) *Other non-current liabilities* Represents an adjustment for the out-of-market value of the REMA and GenOn Mid-Atlantic leases of \$169 million and \$150 million, respectively.

(p) *Equity* Represents adjustments to common stock and additional paid-in capital to reflect the value of consideration transferred by NRG to complete the merger. The adjustment to common stock is based on the par value of NRG common stock of \$0.01 per share. The additional paid-in capital also includes \$6 million for the fair value adjustment related to all of the GenOn stock options as well as GenOn restricted stock units granted in 2012, which will be replaced with NRG stock awards. In addition, the pro forma equity also includes adjustments to retained earnings totaling \$1,124 million for the estimated gain on bargain purchase and the transaction costs, net of the related tax benefit. The transaction costs are shown as an adjustment to retained earnings in accordance with accounting guidance applicable to business combinations, which requires that these costs be expensed.

You are encouraged to read NRG's amended and restated certificate of incorporation, which was incorporated by reference as Exhibit 3.1 to the registration statement of which this joint proxy statement/prospectus forms a part, and is incorporated herein by reference, and form of NRG's amended and restated bylaws, included as Exhibit B to the merger agreement, which is attached as Annex A to this joint proxy statement/prospectus, as well as the form of certificate of amendment to the NRG amended and restated certificate of incorporation, which will be in effect if the NRG Board implements the proposed Charter Amendment proposal, the complete text of which is included under "NRG Proposals Item 2. The Charter Amendment Proposal" beginning on page 134, for greater detail on the provisions that may be important to you. All references within this section to common stock mean the common stock of NRG unless otherwise noted.

Authorized Capital Stock of NRG

NRG's amended and restated certificate of incorporation provides that the total number of shares of capital stock which may be issued by NRG is 510,000,000, consisting of 500,000,000 shares of common stock, par value \$0.01 per share, and 10,000,000 shares of preferred stock, par value 0.01 per share.

See "NRG Proposals Item 2. The Share Issuance Proposal."

NRG Preferred Stock

As of October 5, 2012, there were 250,000 shares of NRG's 3.625% Convertible Perpetual Preferred Stock issued and outstanding (the "NRG Preferred Stock"). Description of NRG Common Stock

Voting Rights

The holders of NRG's common stock are entitled to one vote on each matter submitted for their vote at any meeting of NRG stockholders for each share of common stock held as of the record date for the meeting.

Generally, the vote of the holders of a majority of the total number of votes of NRG capital stock represented at a meeting and entitled to vote on a matter is required in order to approve such matter. Certain extraordinary transactions and other actions require supermajority votes, including but not limited to the supermajority voting provisions described below in " Anti-takeover Provisions Amendments."

Liquidation Rights

In the event that NRG is liquidated, dissolved or wound up, the holders of NRG common stock will be entitled to a pro rata share in any distribution to stockholders, but only after satisfaction of all of NRG's liabilities and of the prior rights of any outstanding series of NRG Preferred Stock.

No Preemptive Rights

The common stock has no preemptive rights or other subscription rights.

No Redemption Rights, Conversion Rights or Sinking Fund

There are no redemption, conversion or sinking fund provisions applicable to the common stock.

Transfer Agent and Registrar

The transfer agent and registrar for the common stock is The Bank of New York Mellon.

Anti-takeover Provisions

Some provisions of Delaware law and NRG's amended and restated certificate of incorporation and bylaws could discourage or make more difficult a change in control of NRG without the support of the NRG Board. A summary of these provisions follows.

Meetings and Elections of Directors

Special Meetings of Stockholders. NRG's amended and restated certificate of incorporation provides that a special meeting of stockholders may be called only by the NRG Board by a resolution adopted by the affirmative vote of a majority of the total number of directors then in office or the chief executive officer of NRG (or, if there is no chief executive officer, by the most senior executive officer of NRG).

Elimination of Stockholder Action by Written Consent. NRG's amended and restated certificate of incorporation and its bylaws provide that holders of NRG common stock cannot act by written consent in lieu of a meeting.

Table of Contents

Classification of Directors. Directors of NRG are currently divided into three classes of directors with each director serving a three-year term. However, at the 2012 annual meeting of NRG stockholders held on April 25, 2012, NRG stockholders approved an amendment to the amended and restated certificate of incorporation of NRG to declassify the NRG Board. The classified structure will be eliminated over a three-year period through the election of directors whose terms are expiring for one-year terms. Beginning with the 2015 annual meeting of NRG stockholders, the entire NRG Board will be elected annually.

Removal of Directors. Until the 2015 annual meeting of NRG stockholders, directors may only be removed for cause. From and after the 2015 annual meeting of NRG stockholders, directors may be removed without or without cause.

Vacancies. Any vacancy occurring on the NRG Board and any newly created directorship may be filled only by a majority of the directors remaining in office (even if less than a quorum), subject to the rights of holders of any series of preferred stock.

Amendments

Amendment of Certificate of Incorporation. The provisions described above under " Special Meetings of Stockholders", " Elimination of Stockholder Action by Written Consent" and " Classification of Directors" may be amended only by the affirmative vote of holders of at least two-thirds ($\frac{2}{3}$) of the combined voting power of outstanding shares of NRG capital stock entitled to vote in the election of directors, voting together as a single class.

Amendment of Bylaws. The NRG Board has the power to make, alter, amend, change or repeal NRG's bylaws or adopt new bylaws by the affirmative vote of a majority of the total number of directors then in office. This right is subject to repeal or change by the affirmative vote of a majority of the combined voting power of the then outstanding capital stock of NRG entitled to vote on any amendment or repeal of the bylaws.

Notice Provisions Relating to Stockholder Proposals and Nominees

NRG's bylaws also impose some procedural requirements on stockholders who wish to make nominations in the election of directors or propose any other business to be brought before an annual or special meeting of stockholders.

Specifically, a stockholder may (i) bring a proposal before an annual meeting of stockholders, (ii) nominate a candidate for election to the NRG Board at an annual meeting of stockholders, or (iii) nominate a candidate for election to the NRG Board at a special meeting of stockholders that has been called for the purpose of electing directors, only if such stockholder delivers timely notice to NRG's corporate secretary. The notice must be in writing and must include certain information and comply with the delivery requirements as set forth in the bylaws.

To be timely, a stockholder's notice must be received at the principal executive offices of NRG:

in the case of a nomination or other business in connection with an annual meeting of stockholders, not later than the close of business on the 90th day nor earlier than the close of business on the 120th day prior to the first anniversary of the previous year's annual meeting of stockholders; provided, however, that if the date of the annual meeting is advanced more than 30 days before or delayed more than 70 days after the first anniversary of the preceding year's annual meeting, notice by the stockholder must be delivered not earlier than the close of business on the 120th day prior to such annual meeting and not later than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following the day on which public announcement of the date of such meeting is first made by NRG; or

Table of Contents

in the case of a nomination in connection with a special meeting of stockholders, not earlier than the 120th day prior to such special meeting and not later than the close of business on the later of the 90th day before such special meeting or the 10th day following the day on which public announcement of the date of such meeting is first made by NRG.

With respect to special meetings of stockholders, NRG's bylaws provide that only such business shall be conducted as shall have been stated in the notice of the meeting.

Delaware Anti-takeover Law

NRG is subject to Section 203 of the General Corporation Law of the State of Delaware. Section 203 provides that, subject to certain exceptions specified in the law, a Delaware corporation shall not engage in certain "business combinations" with any "interested stockholder" for a three-year period following the time that the stockholder became an interested stockholder unless:

prior to such time, the NRG Board approved either the business combination or the transaction that resulted in the stockholder becoming an interested stockholder;

upon consummation of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock outstanding at the time the transaction commenced, excluding certain shares; or

at or subsequent to that time, the business combination is approved by the NRG Board and by the affirmative vote of holders of at least $66\frac{2}{3}\%$ of the outstanding voting stock that is not owned by the interested stockholder.

Generally, a "business combination" includes a merger, asset or stock sale or other transaction resulting in a financial benefit to the interested stockholder. Subject to certain exceptions, an "interested stockholder" is a person who, together with that person's affiliates and associates, owns, or within the previous three years did own, 15% or more of NRG's voting stock.

Under certain circumstances, Section 203 makes it more difficult for a person who would be an "interested stockholder" to effect various business combinations with a corporation for a three-year period. The provisions of Section 203 may encourage companies interested in acquiring NRG to negotiate in advance with the NRG Board because the stockholder approval requirement would be avoided if the NRG Board approves either the business combination or the transaction that results in the stockholder becoming an interested stockholder. These provisions also may make it more difficult to accomplish transactions that stockholders may otherwise deem to be in their best interests.

**COMPARISON OF RIGHTS OF STOCKHOLDERS
OF NRG AND GENON**

Both GenOn and NRG are incorporated under the laws of the State of Delaware and, accordingly, the rights of the stockholders of each are currently governed by the DGCL. The combined company will continue to be a Delaware corporation following completion of the merger and will be governed by the DGCL.

Upon completion of the merger, the GenOn stockholders will become NRG stockholders. The current bylaws of NRG will be amended and restated immediately prior to the time of the completion of the merger in the form of amended and restated bylaws of NRG included as Exhibit B to the merger agreement, which is attached as Annex A to this joint proxy statement/prospectus (with such changes as necessary to reflect the applicable provisions based on the actual date of completion of the merger). Subject to the approval of the Charter Amendment proposal by the NRG stockholders, NRG's current amended and restated certificate of incorporation may be amended immediately prior to the completion of the merger as described under "NRG Proposals Item 2. The Share Issuance Proposal." Following, the rights of the former GenOn stockholders and the NRG stockholders will thereafter be governed by the DGCL and by NRG's amended and restated certificate of incorporation, as amended, and NRG's second amended and restated bylaws.

The following description summarizes the material differences between the rights of the stockholders of NRG and GenOn, but is not a complete statement of all those differences, or a complete description of the specific provisions referred to in this summary. Stockholders should read carefully the relevant provisions of the DGCL and the respective certificates of incorporation and bylaws of NRG and GenOn. For more information on how to obtain the documents that are not attached to this joint proxy statement/prospectus, see "Where You Can Find More Information" beginning on page 170.

Classified Board

Directors of NRG are currently divided into three classes of directors with each director serving a three year term. However, at the 2012 annual meeting of NRG stockholders held on April 25, 2012, NRG stockholders approved an amendment to the amended and restated certificate of incorporation of NRG to declassify the NRG Board. The classified structure will be eliminated over a three-year period through the election of directors whose terms are expiring for one-year terms. Beginning with the 2015 annual meeting of NRG stockholders, the entire NRG Board will be elected annually.

GenOn does not have a classified board and each director is elected annually.

DATES FOR SUBMISSION OF STOCKHOLDER PROPOSALS FOR 2013 ANNUAL MEETING

NRG

In order for a stockholder proposal to be considered for inclusion in NRG's Proxy Statement for next year's annual meeting, NRG's Corporate Secretary must receive the proposal no later than the close of business on November 15, 2012, which is the 120th day prior to the first anniversary of the date on which the proxy statement was first released to NRG stockholders in connection with the 2012 annual meeting of NRG stockholders. If NRG changes the date of the 2013 annual meeting of stockholders by more than 30 days from the anniversary of the 2012 annual meeting, stockholder proposals must be received a reasonable time before NRG begins to print and mail the proxy materials for the 2013 annual meeting in order to be considered for inclusion in NRG's proxy statement. Proposals must be sent via registered, certified, or express mail (or other means that allows the stockholder to determine when the proposal was received by the Corporate Secretary) to the Corporate Secretary, NRG Energy, Inc., 211 Carnegie Center, Princeton, New Jersey 08540. Proposals must contain the information required under NRG's bylaws, a copy of which is available upon request to NRG's Corporate Secretary, and also must comply with the SEC's regulations regarding the inclusion of stockholder proposals in company sponsored proxy materials.

Alternatively, stockholders intending to present a proposal or nominate a director for election at the 2013 annual meeting without having the proposal or nomination included in NRG's proxy statement must comply with the requirements set forth in NRG's bylaws. NRG's bylaws require, among other things, that NRG's Corporate Secretary receive the proposal or nomination no earlier than the close of business on the 120th day, and no later than the close of business on the 90th day, prior to the first anniversary of the preceding year's annual meeting, unless the 2013 annual meeting is more than 30 days before or more than 70 days after such anniversary date. Accordingly, for NRG's 2013 annual meeting, NRG's Corporate Secretary must receive the proposal or nomination no earlier than December 26, 2012 and no later than the close of business on January 25, 2013, unless the 2013 annual meeting is held earlier than March 26, 2013 or later than July 4, 2013, in which case the proposal or nomination should be received not earlier than the close of business on the one hundred twentieth (120th) day prior to such annual meeting and not later than the close of business on the later of (i) the

90th day prior to the date of the 2013 annual meeting or (ii) the 10th day following the day on which the date of the 2013 annual meeting is first publicly announced by NRG. The proposal or nomination must contain the information required by the Bylaws, a copy of which is available upon request to NRG's Corporate Secretary. If the stockholder does not meet the applicable deadlines or comply with the requirements of SEC Rule 14a-4, NRG may exercise discretionary voting authority under proxies NRG solicits to vote, in accordance with NRG's best judgment, on any such proposal.

GenOn

GenOn held its 2012 annual meeting of stockholders on May 9, 2012. If the merger is completed, GenOn does not expect to hold an annual meeting of stockholders in 2013. In that case, stockholder proposals must be submitted to the Corporate Secretary of NRG in accordance with the procedures described above.

If the merger is not completed, GenOn will hold a 2013 annual meeting of stockholders. In order for stockholder proposals submitted under Rule 14a-8 of the Exchange Act to be presented at GenOn's 2013 annual meeting of stockholders and included in its proxy statement and form of proxy relating to that meeting, the proposals must be received by 5:00 p.m. Central Time on November 30, 2012 to GenOn's Corporate Secretary via mail to GenOn Energy, Inc., P.O. Box 3795, Houston, Texas 77253.

For business to be properly brought or nominations of persons for election to GenOn's board to be properly made at the time of the 2013 annual meeting of stockholders, notice must be received by GenOn's Corporate Secretary via mail to GenOn Energy, Inc., P.O. Box 3795, Houston, Texas 77253 between January 9, 2013 and 5:00 p.m. Central Time on February 8, 2013. As provided in GenOn's bylaws, after 5:00 p.m. Central Time on February 8, 2013, notice of a stockholder proposal or nomination will be considered untimely. If, however, GenOn's 2013 annual meeting of stockholders is called for a date that is not within 25 days before or after May 9, 2013, notice must be received by GenOn's Corporate Secretary at the address listed above no later than 5:00 p.m. Central Time on the tenth day following the day on which notice of the date of GenOn's 2013 annual meeting of stockholders is mailed or public disclosure of that date is made, whichever occurs first. In each case, the notice must comply with the requirements of Article II, Section 11 or Article III, Section 4 of GenOn's bylaws, as applicable, and indicate whether the stockholder intends to deliver or otherwise solicit proxies in support of the proposal or nomination. Any change of address will be posted on GenOn's website at www.genon.com, which stockholders should verify prior to any mailing to GenOn's Corporate Secretary. A copy of GenOn's bylaws may be obtained upon written request to GenOn's Corporate Secretary.

Whenever the words "include," "includes" or "including" are used in this Agreement, they shall be deemed to be followed by the words "without limitation." The words "hereof," "herein" and "hereunder" and words of similar import when used in this Agreement shall refer to this Agreement as a whole and not to any particular provision of this Agreement. All terms defined in this Agreement shall have the defined meanings when used in any certificate or other document made or delivered pursuant thereto unless otherwise defined therein. The definitions contained in this Agreement are applicable to the singular as well as the plural forms of such terms and to the masculine as well as to the feminine and neuter genders of such term. Any statute defined or referred to herein means such statute as from time to time amended, modified or supplemented, including by succession of comparable successor statutes. References in this Agreement to specific laws or to specific provisions of laws shall include all rules and regulations promulgated thereunder. The word "extent" and the phrase "to the extent" shall mean the degree to which a subject or other thing extends and not simply "if."

ARTICLE II

THE MERGER

Section 2.1 *The Merger.* At the Effective Time, upon the terms and subject to the conditions set forth in this Agreement and in accordance with the applicable provisions of the General Corporation Law of the State of Delaware (the "*DGCL*"), Merger Sub shall be merged with and into the Company, whereupon the separate corporate existence of Merger Sub shall cease, and the Company shall continue its corporate existence under Delaware law as the surviving corporation in the Merger (the "*Surviving Corporation*") and a direct wholly-owned subsidiary of Parent.

Section 2.2 *Closing.* The closing of the Merger (the "*Closing*") shall take place at the offices of Kirkland & Ellis LLP, 601 Lexington Avenue, New York, NY 10022 at 10:00 a.m., local time, on the date (the "*Closing Date*") that is the third Business Day after the satisfaction or waiver (to the extent permitted by applicable Law) of the conditions set forth in *Article VII* (other than those conditions that by their nature are to be satisfied by action taken at the Closing, but subject to the satisfaction or waiver of such conditions), or at such other place, date and time as the Company and Parent may agree in writing.

Section 2.3 *Effective Time.* On the Closing Date, the Company and Merger Sub shall file the certificate of merger (the "*Certificate of Merger*"), executed in accordance with, and containing such information as is required by, the relevant provisions of the DGCL with the Secretary of State of the State of Delaware. The Merger shall become effective at such time as the Certificate of Merger is duly filed with the Secretary of State of the State of Delaware, or at such later time as is agreed between the parties and specified in the Certificate of Merger in accordance with the relevant provisions of the DGCL (such date and time is hereinafter referred to as the "*Effective Time*").

Section 2.4 *Effects of the Merger.* The effects of the Merger shall be as provided in this Agreement and in the applicable provisions of the DGCL. Without limiting the generality of the foregoing, and subject thereto, at the Effective Time, all of the property, rights, privileges, powers and franchises of the Company and Merger Sub shall vest in the Surviving Corporation, and all debts, liabilities and duties of the Company and Merger Sub shall become the debts, liabilities and duties of the Surviving Corporation, all as provided under the DGCL.

Section 2.5 *Certificate of Incorporation and By-laws of the Surviving Corporation.*

(a) At the Effective Time, the certificate of incorporation of the Company as in effect immediately prior to the Effective Time shall be amended in the Merger to read in its entirety as the certificate of incorporation of Merger Sub in effect immediately prior to the Merger (except

that the name of the corporation shall be "GenOn Energy, Inc." and with such modifications as may be required by *Section 6.11*), and as so amended shall be the certificate of incorporation of the Surviving Corporation until thereafter amended in accordance with the provisions thereof and hereof and applicable Law.

(b) At the Effective Time, the by-laws of Merger Sub as in effect immediately prior to the Effective Time shall be amended in the Merger to read in their entirety in the form of the by-laws of Merger Sub as in effect immediately prior to the Merger (except that the name of the corporation shall be "GenOn Energy, Inc." and with such modifications as may be required by *Section 6.11*), and as so amended shall be the by-laws of the Surviving Corporation until thereafter amended in accordance with the provisions thereof and hereof and applicable Law.

Section 2.6 *Directors.* Subject to applicable Law, the directors of Merger Sub immediately prior to the Effective Time shall be the initial directors of the Surviving Corporation and shall hold office until their respective successors are duly elected and qualified, or their earlier death, resignation or removal.

Section 2.7 *Officers.* The officers of the Company immediately prior to the Effective Time shall be the initial officers of the Surviving Corporation and shall hold office until their respective successors are duly elected and qualified, or their earlier death, resignation or removal.

Section 2.8 *Certificate of Incorporation and Bylaws of Parent.*

(a) Subject to the receipt of Parent Stockholder Approval, Parent shall take all necessary actions to cause the Parent Charter Amendment to become effective at or immediately following the Effective Time, and Parent's Amended and Restated Certificate of Incorporation, as amended by the Parent Charter Amendment, shall be the certificate of incorporation of Parent until thereafter amended in accordance with the provisions thereof and applicable Law.

(b) Parent shall take all necessary actions to cause the by-laws of Parent to be amended and restated as of the Effective Time in the form attached hereto as *Exhibit B* (with such changes as necessary to reflect the applicable provisions based on the actual Closing Date).

Section 2.9 *Alternative Structures.* The parties agree to reasonably cooperate in the consideration and implementation of alternative structures to effect the business combination contemplated by this Agreement as long as any such alternative structure does not (a) impose any material delay on, or condition to, the consummation of the Merger, (b) cause any condition set forth in *Article VII* to not be capable of being satisfied (unless duly waived by the party entitled to the benefits thereof), or (c) adversely affect any of the parties hereto or either of the parties' stockholders.

ARTICLE III

CONVERSION OF SHARES; EXCHANGE OF CERTIFICATES

Section 3.1 *Effect on Capital Stock.* At the Effective Time, by virtue of the Merger and without any further action on the part of the Company, Merger Sub or the holders of any securities of the Company or Merger Sub:

(a) ***Conversion of Company Common Stock.*** Subject to *Sections 3.1(b)* and *3.1(d)*, each share of common stock of the Company, par value \$0.001 per share ("*Company Common Stock*"), issued and outstanding immediately prior to the Effective Time (each such share, a "*Share*"), excluding any Cancelled Shares, shall at the Effective Time automatically be converted into the right to receive, 0.1216 (the "*Exchange Ratio*") fully paid and nonassessable shares of Parent Common Stock (the "*Merger Consideration*").

Table of Contents

(b) *Cancellation of Shares.* Each Share that is owned directly or indirectly by Parent or Merger Sub or any of their respective Subsidiaries immediately prior to the Effective Time or held directly or indirectly by the Company or any of its Subsidiaries immediately prior to the Effective Time (in each case, other than the Reserved Shares and any other Shares held by such Persons on behalf of third parties) (the "*Cancelled Shares*") shall, by virtue of the Merger and without any further action on the part of any Person, be cancelled and shall cease to exist, and no consideration shall be delivered in exchange for such cancellation.

(c) *Conversion of Merger Sub Common Stock.* Each share of common stock, par value \$0.01 per share, of Merger Sub issued and outstanding immediately prior to the Effective Time shall automatically be converted into and become one validly issued, fully paid and nonassessable share of common stock, par value \$0.01 per share, of the Surviving Corporation and shall constitute the only outstanding shares of capital stock of the Surviving Corporation. From and after the Effective Time, all certificates representing the common stock of Merger Sub shall be deemed for all purposes to represent the number of shares of common stock of the Surviving Corporation into which they were converted in accordance with the immediately preceding sentence.

(d) *Fractional Shares.*

(i) No fractional shares of Parent Common Stock shall be issued in the Merger, but in lieu thereof each former holder of Shares otherwise entitled to a fractional share of Parent Common Stock (after aggregating all fractional shares of Parent Common Stock issuable to such holder) will be entitled to receive, from the Exchange Agent in accordance with the provisions of this *Section 3.1(d)*, a cash payment in lieu of such fractional share of Parent Common Stock representing such holder's proportionate interest, if any, in the proceeds from the sale by the Exchange Agent (reduced by any fees of the Exchange Agent attributable to such sale) in one or more transactions of shares of Parent Common Stock equal to the excess of (A) the aggregate number of shares of Parent Common Stock to be delivered to the Exchange Agent by Parent pursuant to *Section 3.2(a)* over (B) the aggregate number of whole shares of Parent Common Stock to be distributed to the holders of Shares pursuant to *Section 3.2(b)* (such excess, the "*Excess Shares*"). The parties acknowledge that payment of the cash consideration in lieu of issuing fractional shares of Parent Common Stock was not separately bargained-for consideration but merely represents a mechanical rounding off for purposes of avoiding the expense and inconvenience to Parent that would otherwise be caused by the issuance of fractional shares of Parent Common Stock. As soon as reasonably practicable after the Effective Time, the Exchange Agent, as agent for the holders of Shares that would otherwise receive fractional shares of Parent Common Stock, shall sell the Excess Shares at the then-prevailing prices on the New York Stock Exchange (the "*NYSE*") in the manner provided in *Section 3.1(d)(ii)*.

(ii) The sale of the Excess Shares by the Exchange Agent, as agent for the holders of Shares that would otherwise receive fractional shares of Parent Common Stock, shall be executed on the NYSE through one or more member firms of the NYSE and shall be executed in round lots to the extent practicable. Until the proceeds of such sale or sales have been distributed to the holders of Shares, the Exchange Agent shall hold such proceeds in trust for the holders of Shares that would otherwise receive fractional shares of Parent Common Stock (the "*Common Shares Trust*"). The Exchange Agent shall determine the portion of the Common Shares Trust to which each former holder of Shares shall be entitled, if any, by multiplying (A) the amount of the aggregate proceeds comprising the Common Shares Trust by (B) a fraction, (x) the numerator of which is the amount of the fractional share interest to which such former holder of Shares would otherwise be entitled and (y) the denominator of which is the aggregate amount of fractional share interests to which all holders of Shares would otherwise be entitled.

Table of Contents

(iii) As soon as practicable after the determination of the amount of cash, if any, to be paid to holders of Shares in lieu of any fractional shares of Parent Common Stock, the Exchange Agent shall make available such amounts to such holders of shares of Parent Common Stock without interest, subject to and in accordance with *Section 3.2*.

(e) *Adjustments to the Exchange Ratio.* If at any time during the period between the date of this Agreement and the Effective Time, any change in the outstanding shares of capital stock of the Company or Parent (or any other securities convertible therefor or exchangeable thereto) shall occur as a result of any reclassification, stock split (including a reverse stock split) or combination, exchange or readjustment of shares, or any stock dividend or stock distribution with a record date during such period, the Exchange Ratio, the Merger Consideration and any other similarly dependent items shall be equitably adjusted to provide to Parent, Merger Sub and the holders of Shares the same economic effect as contemplated by this Agreement prior to such action, and thereafter, all references in this Agreement to the "Exchange Ratio" shall be references to the Exchange Ratio as so adjusted; *provided, however*, that nothing in this *Section 3.1(e)* shall be deemed to permit or authorize any party hereto to effect any such change that it is not otherwise authorized or permitted to undertake pursuant to this Agreement. For the avoidance of doubt, the issuance or distribution of Reserved Shares shall not give rise to any adjustment under the terms of this *Section 3.1(e)*.

Section 3.2 *Exchange of Shares.*

(a) *Exchange Agent.* Prior to the Effective Time, Parent shall appoint an exchange agent reasonably acceptable to the Company (the "*Exchange Agent*") for the purpose of exchanging Shares for the Merger Consideration. Prior to the Effective Time, Parent shall deposit, or shall cause to be deposited, with the Exchange Agent, in trust for the benefit of holders of the Shares and the Company RSUs, shares of Parent Common Stock in book-entry form issuable pursuant to *Section 3.1(a)*. Following the Effective Time, Parent agrees to make available to the Exchange Agent, from time to time as needed, cash sufficient to pay any dividends and other distributions pursuant to *Section 3.2(c)*. All book-entries representing shares of Parent Common Stock (including the amount of any dividends or other distributions payable with respect thereto pursuant to *Section 3.2(c)*) and cash in lieu of any fractional shares of Parent Common Stock to be paid pursuant to *Section 3.1(d)*) are hereinafter referred to as the "*Exchange Fund*".

(b) *Exchange Procedures.* As soon as reasonably practicable after the Effective Time and in any event not later than the fifth Business Day following the Effective Time, Parent shall cause the Exchange Agent to transmit (or mail in the case of certificated Shares) to each former holder of Shares, which at the Effective Time were converted into the right to receive the Merger Consideration pursuant to *Section 3.1*, (i) a letter of transmittal (which shall specify that delivery shall be effected, and that risk of loss and title to the Shares shall pass, only upon delivery of the Shares to the Exchange Agent and which shall be in form and substance reasonably satisfactory to Parent and the Company) and (ii) instructions for use in effecting the surrender of the Shares in exchange for whole shares of Parent Common Stock, cash in lieu of any fractional shares of Parent Common Stock pursuant to *Section 3.1(d)* and any dividends or other distributions payable pursuant to *Section 3.2(c)*. Upon surrender of Shares for cancellation and exchange to the Exchange Agent, together with such letter of transmittal, duly completed and validly executed in accordance with the instructions thereto, and such other documents as may reasonably be required by the Exchange Agent, the holder of such Shares shall be entitled to receive in exchange therefor that number of whole shares of Parent Common Stock (after taking into account all Shares surrendered by such holder) to which such holder is entitled pursuant to *Section 3.1* (which shall be in uncertificated book entry form unless a physical certificate is requested), payment by check in lieu of fractional shares of Parent Common Stock which such holder is entitled to receive pursuant to *Section 3.1(d)* and any dividends or distributions payable pursuant to *Section 3.2(c)*,

Table of Contents

and the Shares so surrendered shall forthwith be cancelled. If any portion of the Merger Consideration is to be registered in the name of a Person other than the Person in whose name the applicable surrendered Share is registered, it shall be a condition to the registration thereof that the surrendered Share be in proper form for transfer and that the Person requesting such delivery of the Merger Consideration pay any transfer or other similar Taxes required as a result of such registration in the name of a Person other than the registered holder of such Share or establish to the satisfaction of the Exchange Agent that such Tax has been paid or is not payable. Until surrendered as contemplated by this *Section 3.2(b)*, each Share shall be deemed at any time after the Effective Time to represent only the right to receive the Merger Consideration (and any amounts to be paid pursuant to *Section 3.1(d)* or *Section 3.2(c)*) upon such surrender. No interest shall be paid or shall accrue on any amount payable pursuant to *Section 3.1(d)* or *Section 3.2(c)*.

(c) *Distributions with Respect to Unexchanged Shares.* No dividends or other distributions with respect to shares of Parent Common Stock with a record date after the Effective Time shall be paid to the holder of any unsurrendered Share with respect to the shares of Parent Common Stock represented thereby, and no cash payment in lieu of fractional shares of Parent Common Stock shall be paid to any such holder pursuant to *Section 3.1(d)*, until such Share has been surrendered in accordance with this *Article III*. Subject to applicable Law, following surrender of any such Share, there shall be paid to the record holder thereof, without interest, (i) promptly after such surrender, the number of whole shares of Parent Common Stock issuable in exchange therefor pursuant to this *Article III*, together with any cash payable in lieu of any fractional share of Parent Common Stock to which such holder is entitled pursuant to *Section 3.1(d)* and the amount of any dividends or other distributions with a record date after the Effective Time theretofore paid with respect to such whole shares of Parent Common Stock and (ii) at the appropriate payment date (if any), the amount of dividends or other distributions with a record date after the Effective Time and a payment date subsequent to such surrender payable with respect to such whole shares of Parent Common Stock.

(d) *No Further Ownership Rights in Company Common Stock; Closing of Transfer Books.* All shares of Parent Common Stock issued upon the surrender for exchange of Shares in accordance with the terms of this *Article III* and any cash paid pursuant to *Section 3.1(d)* or *Section 3.2(c)* shall be deemed to have been issued (or paid) in full satisfaction of all rights pertaining to the Shares. After the Effective Time, the stock transfer books of the Company shall be closed, and there shall be no further registration of transfers on the stock transfer books of the Surviving Corporation of the Shares which were outstanding immediately prior to the Effective Time. If, after the Effective Time, Shares are presented to the Surviving Corporation or the Exchange Agent for any reason, they shall be cancelled and exchanged as provided in this *Article III*.

(e) *Termination of Exchange Fund.* Any portion of the Exchange Fund (including the proceeds of any investments thereof) that remains undistributed to the former holders of Shares for one year after the Effective Time shall be delivered to Parent upon demand, and any former holders of Shares who have not theretofore complied with this *Article III* shall thereafter look only to Parent for payment of their claim for the Merger Consideration, any cash in lieu of any fractional shares of Parent Common Stock pursuant to *Section 3.1(d)* and any dividends or distributions pursuant to *Section 3.2(c)*.

(f) *No Liability.* Notwithstanding anything in this Agreement to the contrary, none of the Company, Parent, Merger Sub, the Surviving Corporation, the Exchange Agent or any other Person shall be liable to any former holder of Shares for any amount properly delivered to a public official pursuant to any applicable abandoned property, escheat or similar Law.

(g) *Withholding Taxes.* The Exchange Agent, the Surviving Corporation and Parent shall be entitled to deduct and withhold from the consideration otherwise payable under this Agreement to any former holder of Shares or holder of Company RSUs, such amounts as are required to be withheld or deducted under the Code or any provision of U.S. state, local or foreign Tax Law with respect to the making of such payment. To the extent that amounts are so withheld or deducted and paid over to the applicable Governmental Entity, such withheld or deducted amounts shall be treated for all purposes of this Agreement as having been paid to the holder of the Shares or holder of the Company RSUs, in respect of which such deduction and withholding were made.

(h) *Lost, Stolen or Destroyed Certificates.* In the event any certificate formerly representing Shares shall have been lost, stolen or destroyed, upon the making of an affidavit of that fact by the Person claiming such certificate to be lost, stolen or destroyed and, if requested by Parent or the Surviving Corporation, the delivery by such Person of a bond (in such amount as Parent or the Surviving Corporation may reasonably direct) as indemnity against any claim that may be made against the Exchange Agent, Parent or the Surviving Corporation on account of the alleged loss, theft or destruction of such certificate, the Paying Agent will issue in exchange for such lost, stolen or destroyed certificate the Merger Consideration deliverable in respect thereof as determined in accordance with this *Article III*.

Section 3.3 *No Dissenters' Rights.* In accordance with Section 262 of the DGCL, no appraisal rights shall be available to holders of Company Common Stock in connection with the Merger.

ARTICLE IV

Section 5.4 *Reports and Financial Statements.*

(a) Parent and each of its Subsidiaries has filed or furnished all forms, documents and reports required to be filed or furnished prior to the date hereof by it with the SEC since January 1, 2011 (the "*Parent SEC Documents*"). As of their respective dates or, if amended, as of the date of the last such amendment, the Parent SEC Documents complied in all material respects with the requirements of the Securities Act and the Exchange Act, as the case may be, and none of the Parent SEC Documents contained any untrue statement of a material fact or omitted to state any material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading. None of Parent's Subsidiaries is required to file any forms, reports or other documents with the SEC.

Parent's management has completed an assessment of the effectiveness of Parent's internal control over financial reporting in compliance with the requirements of Section 404 of the Sarbanes-Oxley Act for the year ended December 31, 2011, and such assessment concluded that such controls were effective. No executive officer of Parent has failed to make the certifications required of him or her under Section 302 or 906 of the Sarbanes Oxley Act with respect to any Parent SEC Document, except as disclosed in certifications filed with the Parent SEC Documents. Neither Parent nor any of its executive officers has received notice from any Governmental Entity challenging or questioning the accuracy, completeness, form or manner of filing of such certifications. Since the enactment of the Sarbanes Oxley Act, neither Parent nor any of its Subsidiaries has made or permitted to remain outstanding any prohibited loans to any executive officer of Parent (as defined in Rule 3b-7 under the Exchange Act) or director of Parent or any of its Subsidiaries.

(c) Immediately following the execution of this Agreement, Parent shall, and shall cause its Subsidiaries and its and their respective officers, directors and employees, and shall use its reasonable best efforts to cause its and their respective Representatives to, (i) immediately cease and terminate any and all solicitations, discussions or negotiations existing as of the date of this Agreement between Parent or any of its Subsidiaries or any of their respective officers, directors, employees or Representatives and any Third Party (or its Representatives) in connection with or in response to a Parent Acquisition Proposal, and (ii) request that each such Third Party and its Representatives promptly return or destroy all confidential information theretofore furnished thereto by or on behalf of Parent or any of its Subsidiaries (and destroy all analyses and other materials prepared by or on behalf of such Third Party that contain, reflect or analyze such information). (e) Notwithstanding anything in this Agreement to the contrary, the Board of Directors of Parent may, at any time prior to receipt of the Parent Stockholder Approval, effect a Parent Change of Recommendation in connection with or relating to a Parent Acquisition Proposal (*provided* that, for the avoidance of doubt, such actions will nonetheless constitute a Parent Change of Recommendation) or terminate this Agreement pursuant to *Section 8.1(k)*, if (but only if):

(i) a *bona fide* written Parent Acquisition Proposal is received by Parent or its directors, officers, employees or Representatives from a Third Party after the execution and delivery of this Agreement which did not result from, arise in connection with a breach of this *Section 6.5* and such Parent Acquisition Proposal is not withdrawn;

(iv) at the end of such four Business Day period described in *clause (iii)* (or three Business Day period, as applicable), the Board of Directors of Parent again determines in good faith, after consultation with outside legal counsel, and taking into account any adjustment or modification to the terms and conditions of this Agreement proposed by the Company, that the failure to effect a Parent Change of Recommendation with respect to such development or change in circumstances would be reasonably likely to be inconsistent with the exercise of the Board of Directors' fiduciary duties under applicable Law.

(g) Parent agrees that any breach of this *Section 6.5* by any Representative of Parent or any Subsidiary of Parent who is a director, officer or employee of Parent or any Subsidiary of Parent or who is (i) a senior-level employee or officer (i.e., a managing director (or similar title) or more senior) of any financial advisor or investment bank or (ii) a partner of any law firm, in either case retained by Parent or any Subsidiary of Parent, shall be deemed to be a breach of this *Section 6.5* by Parent for all purposes of this Agreement.

Each of Parent and the Company shall use reasonable best efforts to have the Form S-4 declared effective under the Securities Act as promptly as reasonably practicable after such filing and to keep the Form S-4 effective as long as necessary to consummate the Merger and the other transactions contemplated hereby (or until the termination of this Agreement in accordance with *Article VIII*). Parent shall cause the Joint Proxy Statement to be mailed to Parent's stockholders, and the Company shall cause the Joint Proxy Statement to be mailed to the Company's stockholders, in each case as promptly as reasonably practicable after the Form S-4 is declared effective under the Securities Act. Parent shall also take any action required to be taken under any applicable state or provincial securities laws in connection with the issuance and reservation of shares of Parent Common Stock in the Merger and the conversion of Company Stock Options into options with respect to shares of Parent Common Stock, and the conversion of the Company RSUs into shares of Parent Common Stock as set forth in *Section 6.7(a)(ii)*, and the Company shall furnish all information concerning the Company and the holders of Company Common Stock, Company Stock Options and the Company RSUs as may be reasonably requested in connection with any such action.

(d) Each of the Company and Parent shall take all actions necessary in accordance with applicable Law and the Company Organizational Documents, in the case of the Company, and the Parent Organizational Documents, in the case of Parent, to duly give notice of, convene and hold a meeting of its stockholders, respectively, to be held as promptly as practicable after the Form S-4 is declared effective under the Securities Act, to consider, in the case of Parent, the Stock Issuance and the Parent Charter Amendment (the "*Parent Stockholders' Meeting*") and, in the case of the Company, the adoption of this Agreement (the "*Company Stockholders' Meeting*"). The Company will, except in the case of a Company Change of Recommendation in accordance with *Section 6.4(e)* or *Section 6.4(f)*, use reasonable best efforts to solicit from its stockholders proxies in favor of the adoption of this Agreement and to take all other action necessary or advisable to secure the vote or consent of its stockholders required by the rules of the NYSE or applicable Law to obtain such approvals. Parent will, except in the case of a Parent Change of Recommendation in accordance with *Section 6.5(e)* or *Section 6.5(f)*, use reasonable best efforts to solicit from its stockholders proxies in favor of the Stock Issuance and the Parent Charter Amendment and to take all other action necessary or advisable to secure the vote or consent of its stockholders required by the rules of the NYSE or applicable Law to obtain such approval. (e) Each of the Company and Parent will use reasonable best efforts to hold the Company Stockholders' Meeting and the Parent Stockholders' Meeting, respectively, on the same date and as soon as reasonably practicable after the date of this Agreement. Notwithstanding anything to the contrary in this Agreement but subject to the DGCL, the Company's obligation to give notice of, convene and hold the Company Stockholders' Meeting and Parent's obligation to give notice of, convene and hold the Parent Stockholders' Meeting, shall not be limited, or otherwise affected, by the commencement, disclosure, announcement or submission of any Company Acquisition Proposal or Parent Acquisition Proposal or the occurrence of a Company Change of Recommendation or Parent Change of Recommendation, and neither the Company nor Parent shall change the record date for the Company Stockholders' Meeting or Parent Stockholder's Meeting, respectively, or postpone or adjourn the Company Stockholders' Meeting or Parent Stockholders' Meeting, respectively, without the prior written consent of the other party. In addition, without the prior written consent of the other party, the adoption of the Merger Agreement and an advisory vote on compensation payable to executive officers of the Company in connection with the Merger shall be the only proposals to be voted on at the Company Stockholders' Meeting, and the approval of the Stock Issuance and the adoption of the Parent Charter Amendment shall be the only proposals to be voted on at the Parent Stockholders' Meeting. Notwithstanding the foregoing, either the Company or Parent may, and Parent or the Company may require the other party to, adjourn, delay or postpone the Company Stockholders' Meeting or Parent Stockholders' Meeting, respectively, an aggregate of one time (for a period of not more than 30 calendar days but not past two Business Days prior to the End Date), if prior to such adjournment, delay or postponement the Company or Parent, respectively, shall not have received an aggregate number of proxies voting for the adoption of this Agreement or for the Stock Issuance, respectively, which have not been withdrawn, such that the Company Stockholder Approval or Parent Stockholder Approval, respectively, shall be obtained. Each of the Company and Parent shall, upon the reasonable request of the other party, provide information to such other party regarding the aggregate vote tally of the proxies received with respect to the Company Stockholder Approval and Parent Stockholder Approval, respectively.

(a) *Stock Options and Other Stock-Based Awards.*

(i) Each option to purchase shares of Company Common Stock (each, a "*Company Stock Option*") granted under the employee and director stock plans of the Company (the "*Company Stock Plans*"), whether vested or unvested, that is outstanding immediately prior to the Effective Time shall, as of the Effective Time, automatically and without any action on the part of the holders thereof, vest and be converted into an option (a "*Parent Stock Option*"), on the same terms and conditions (except as provided in this *Section 6.7(a)(i)*) as were applicable under such Company Stock Option immediately prior to the Effective Time, to purchase that number of shares of Parent Common Stock equal to the product of (A) the total number of shares of Company Common Stock subject to such Company Stock Option and (B) the Exchange Ratio, rounded down to the nearest whole number of shares of Parent Common Stock; *provided, however*, there shall be no acceleration of the vesting of Company Stock Options granted in 2012 and all such Company Stock Options, upon conversion into Parent Stock Options, shall remain subject to the vesting conditions as were applicable to such Company Stock Options immediately prior to the Effective Time. The per-share exercise price for the shares of Parent Common Stock issuable upon exercise of such Parent Stock Options will be equal to the quotient determined by dividing (x) the exercise price per share of Company Common Stock at which the Company Stock Options were exercisable immediately prior to the Effective Time by (y) the Exchange Ratio, and rounding the resulting per-share exercise price up to the nearest whole cent.

(ii) Effective as of the Effective Time, (A) each award of restricted share units with respect to shares of Company Common Stock under a Company Stock Plan that is outstanding immediately prior to the Effective Time (collectively, the "*Company RSUs*") (other than any Company RSUs granted in 2012) shall, as of the Effective Time, whether or not then vested or free of conditions to payment, automatically and without any action on the part of the holder thereof, be converted, into the right to receive from Parent, at the Effective Time, a number of shares of Parent Common Stock (and cash in lieu of fractional shares to be paid by the Surviving Corporation to the holder) equal to the product of (x) the total number of shares of Company Common Stock subject to such grant of Company RSUs (in the case of any award subject to performance vesting, at the target level of performance applicable to such award) and (y) the Exchange Ratio; *provided*, that, for the avoidance of doubt, to the extent that a holder of a Company RSU has made a valid deferral election with respect to such Company RSU, the settlement of such Company RSU shall be governed by the terms of such deferral election, and (B) all Company RSUs granted in 2012 that are outstanding immediately prior to the Effective Time shall, as of the Effective Time, automatically and without any action on the part of the holder thereof, be converted into a number of Parent RSUs equal to the product of (x) the number of Company RSUs held by such holder immediately prior to the Effective Time and (y) the Exchange Ratio, rounded down to the nearest whole number, and remain outstanding on the same terms and conditions as are applicable to such awards prior to the Effective Time, with the performance targets applicable thereto equitably adjusted by the Company's Board of Directors or a Committee thereof before the Effective Time as appropriate (and in a manner consistent with that outlined in Section 6.7(a)(ii)(B) of the Company Disclosure Schedule) to reflect relevant performance targets.

As soon as practicable following the Effective Time and consistent with any obligations arising under any collective bargaining agreement or similar contract, the Company and Parent shall take all actions necessary to transition the Company Employees' participation in the Company Benefit Plans to the Parent Benefit Plans, and, at the effective time of such transition, such Company Employees shall cease to accrue any additional benefits under the applicable Company Benefit Plans. It is the intention of Parent and the Company, to the extent permitted by applicable Law, to (x) complete such transition to Parent Benefit Plans on a comparable basis in respect of Company Employees and Parent Employees as soon as administratively practicable after the Effective Time, and (y) provide to similarly situated Company Employees and Parent Employees following the Effective Time base salaries and wage rates and cash bonus opportunities on a comparable basis, in the case of both clauses (x) and (y) taking into account all relevant factors, including duties, geographic location, tenure, qualifications and abilities. On and after the Effective Time, the Company shall continue in full force and effect pursuant to their terms all agreements set forth in *Section 4.15(a)(i)* of the Company Disclosure Schedule and any similar agreements entered into consistent with *Section 6.1*, as such agreements may be amended from time to time in accordance with their terms.

For a period of six (6) years from the Effective Time, Parent and the Surviving Corporation shall maintain in effect the exculpation, indemnification and advancement of expenses provisions of the Company's and any of its Subsidiary's certificate of incorporation and by-laws or similar organization documents in effect immediately prior to the Effective Time or in any indemnification agreements of the Company or its Subsidiaries with any of their respective directors, officers or employees in effect immediately prior to the Effective Time, and shall not amend, repeal or otherwise modify any such provisions in any manner that would adversely affect the rights thereunder of any individuals who immediately before the Effective Time were current or former directors, officers or employees of the Company or any of its Subsidiaries; *provided, however*, that all rights to indemnification in respect of any Action pending or asserted or any claim made within such period shall continue until the disposition of such Action or resolution of such claim. From and after the Effective Time, Parent shall assume, be jointly and severally liable for, and honor, guaranty and stand surety for, and shall cause the Surviving Corporation and its Subsidiaries to honor and perform, in accordance with their respective terms, each of the covenants contained in this *Section 6.11* without limit as to time.

(b) Each of Parent and the Surviving Corporation shall, to the fullest extent permitted under applicable Law, indemnify and hold harmless (and advance funds in respect of each of the foregoing) each current and former director or officer of the Company or any of its Subsidiaries and each individual who served as a director, officer, member, trustee or fiduciary of another corporation, partnership, joint venture, trust, pension or other employee benefit plan or enterprise if such service was at the request or for the benefit of the Company or any of its Subsidiaries (each, together with such individual's heirs, executors or administrators, an "*Indemnified Party*"), in each case against any costs or expenses (including advancing attorneys' fees and expenses in advance of the final disposition of any claim, suit, proceeding or investigation to each Indemnified Party to the fullest extent permitted by applicable Law; *provided, however*, that the Person to whom expenses are advanced provides an undertaking, if and only to the extent required by Delaware law, to repay such advances if it is ultimately determined that such individual is not entitled to indemnification), judgments, fines, losses, claims, damages, liabilities and amounts paid in settlement in connection with any actual or threatened claim, action, suit, proceeding or investigation, whether civil, criminal, administrative or investigative (an "*Action*"), arising out of, relating to or in connection with any action or omission by them in their capacities as such occurring or alleged to have occurred whether before or after the Effective Time (including acts or omissions in connection with such individuals serving as an officer, director or other fiduciary in any entity if such service was at the request or for the benefit of the Company). "tail" directors' and officers' liability and fiduciary liability insurance policies which will provide coverage for a period of six years after the Effective Time for the Company's current and former directors and officers on substantially the same terms and conditions as the policies currently maintained by the Company, including any existing directors' and officers' liability or fiduciary liability run off programs, for claims arising out of acts or conduct occurring on or before the Effective Time and effective for claims asserted prior to or during the six-year period referred to above (and, with respect to claims made prior to or during such period, until final resolution thereof); *provided, however*, that in no event shall Parent, the Company or the Surviving Corporation expend for any year of such six-year period an amount in excess of 300% of the annual aggregate premium currently paid by the Company for such insurance policies (the "*Maximum Premium*"). If such insurance coverage cannot be obtained at all, or can only be obtained at an annual premium in excess of the Maximum Premium, Parent, the Company or the Surviving Corporation, as the case may be, will cause to be maintained the most advantageous policies of directors' and officers' insurance obtainable for an annual premium equal to the Maximum Premium

(d) Parent shall pay all reasonable out of pocket expenses, including reasonable out of pocket attorneys' fees, that may be incurred by any Indemnified Party in enforcing the indemnity and other obligations provided in this *Section 6.11*.

Section 6.12 Control of Operations. Without in any way limiting any party's rights or obligations under this Agreement, the parties understand and agree that (a) nothing contained in this Agreement shall give Parent or the Company, directly or indirectly, the right to control or direct the other party's operations prior to the Effective Time and (b) prior to the Effective Time, each of the Company and Parent shall exercise, consistent with the terms and conditions of this Agreement, complete control and supervision over its operations.

Section 6.14 Section 16 Matters. Prior to the Effective Time, Parent and the Company shall use reasonable best efforts to take all such steps as may be required to cause any dispositions of Company Common Stock (including derivative securities with respect to Company Common Stock) or acquisitions of Parent Common Stock (including derivative securities with respect to Parent Common Stock) resulting from the transactions contemplated by this Agreement by each individual who is subject to the reporting requirements of Section 16(a) of the Exchange Act with respect to the

Provided the conditions set forth in *Sections 7.2(d)* and *7.3(d)* have been satisfied, Parent shall file the opinions contemplated by *Sections 7.2(d)* and *7.3(d)* with the SEC by a post-effective amendment to the Form S-4 promptly following the Closing, unless such opinions issued to the Company and Parent and addressing the qualification of the Merger (in similar form to those opinions described in *Sections 7.2(d)* and *7.3(d)*) were previously filed with the SEC.

The Company shall use its reasonable best efforts to obtain from Company's Counsel the opinion contemplated by *Section 7.2(d)*. In rendering such opinion, Company's Counsel shall be entitled to rely upon assumptions, representations, warranties and covenants, including those contained in this Agreement and in the Tax Representation Letters described in this *Section 6.16*. (iii) In the event the Closing occurs after the filing of the definitive proxy statement for the 2013 Annual Meeting but prior to the 2013 Annual Meeting, two Company Directors shall be designated as Class II directors with terms expiring at the 2014 Annual Meeting and two Company Directors shall be designated as Class III directors with terms expiring at the 2015 Annual Meeting. (b) After the Effective Time, (i) the principal executive offices of Parent and its commercial and financial headquarters shall be located in Princeton, New Jersey and (ii) the operations headquarters of Parent shall be located in Houston, Texas.

Section 6.19 *Treatment of Certain Indebtedness.*

(a) As part of the transactions contemplated by this Agreement, (i) the Company shall, if requested by Parent, commence a "change of control" tender offer (the "*Change in Control Offers*") for each series of the outstanding Notes pursuant to the terms of the Notes prior to, but conditioned on, the Closing, and (ii) Parent may, at its election following consultation with the Company, commence a tender offer for cash or an exchange offer for securities for all or any portion of the outstanding Notes prior to, but conditioned on, the Closing (the "*Parent Debt Offers*" and, together with the Change in Control Offers, the "*Debt Offers*"), in each case in compliance with applicable Law. Each of the Company, Parent and Merger Sub shall use reasonable best efforts to cooperate with each other in connection with the Debt Offers; *provided, however*, that except as set forth in *Section 6.19* of the Company Disclosure Schedule, the terms, conditions, timing and all other decisions regarding the Debt Offers shall be determined by Parent in its sole discretion. As part of any Debt Offer, Parent may elect to include a Consent Solicitation to alter the terms of any remaining Notes outstanding after giving effect to the Debt Offer *provided*, that any such altered terms shall become operative only upon Closing and the acceptance of the offer and payment for the Notes tendered pursuant thereto.

(b) Promptly after the Parties determine to make a Debt Offer, Parent or its Representatives shall prepare all necessary and appropriate documentation in connection with such Debt Offer, including the offer to purchase, any related letters of transmittal and other related documents (collectively, the "*Debt Offering Documents*"). Parent and the Company shall cooperate with each other in the preparation of the Debt Offering Documents. The Debt Offering Documents and all mailings to the holders of the Notes in connection with the Debt Offers shall be subject to the prior review and comment by each of the Company and Parent and/or their Representatives, subject to the terms and conditions of *Section 6.19* of the Company Disclosure Schedule, and shall

be reasonably acceptable to each of them. The closing of the Debt Offers shall be subject to the conditions set forth in *Section 6.19(e)*; *provided*, that the consummation of the Debt Offers will not be a condition to the Closing. The Company, Parent and Merger Sub shall cooperate in connection with the Debt Offers in order to cause the consent date under the Consent Solicitation to occur as directed by Parent concurrently with the Closing and the initial settlement of the Debt Offers to occur concurrently with the Closing. Subject to *Section 6.19* of the Company Disclosure Schedule, the Company shall waive any of the conditions to the Change in Control Offers (other than that the Merger shall have occurred or that Parent and the Company shall be satisfied that it shall occur substantially concurrently with the closing of the Change in Control Offers, the Requested Consents shall have been received, and that there shall be no order or injunction prohibiting consummation of the Change in Control Offers) as may be reasonably requested by Parent and so long as such waivers would not cause the Change in Control Offers to violate the Exchange Act, the Trust Indenture Act, or any other Law and shall not, without the consent of Parent, waive any condition to the Change in Control Offer or make any changes to the terms and conditions of the Change in Control Offer other than as agreed between Parent and the Company. Notwithstanding the immediately preceding sentence, the Company need not make any change to the terms and conditions of the Change in Control Offers requested by Parent that decreases the price per Note payable in the Change in Control Offers or imposes conditions to the Change in Control Offers in addition to those set forth in *Section 6.19* of the Company Disclosure Schedule that are materially adverse to holders of the Notes, unless such change is approved in advance by the Company in writing. If at any time prior to the Effective Time any information relating to Parent or the Company, or any of their respective Affiliates, officers or directors, is discovered by Parent or the Company which should be set forth in an amendment or supplement to any of the Debt Offering Documents so that any of such documents would not include any misstatement of a material fact or omit to state any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading, the party which discovers such information shall promptly notify the other parties hereto and an appropriate amendment or supplement describing such information shall be promptly filed with the SEC and, to the extent required by applicable Law, disseminated to the respective holders of Notes (subject to this *Section 6.19(b)*). Notwithstanding anything to the contrary in this *Section 6.19(b)*, the Company shall comply with the requirements of Rule 14e-1 under the Exchange Act and any other applicable Law to the extent such Law is applicable in connection with any Change in Control Offer. To the extent that the provisions of any applicable Law conflict with this *Section 6.19(b)*, the Company shall comply with the applicable Law and shall not be deemed to have breached its obligations hereunder by such compliance.

(c) Promptly upon the receipt of the Requested Consents, the Company shall enter into a supplemental indenture reflecting the amendments to the applicable Indenture approved by such Requested Consents and will use its reasonable best efforts to cause the trustee of the applicable Indentures to promptly enter into such supplemental indenture; *provided*, that the amendments contained in such supplemental indenture shall become operative only upon the Closing and the acceptance of the offer and payment for the Notes tendered pursuant thereto. Concurrently with the Closing, pursuant to Parent's written instructions, the Company shall use Available Funds, together with the proceeds of the Financing Commitment (to the extent necessary), to consummate the Change in Control Offers and Consent Solicitations (including the payment of all applicable premiums, consent fees and all related fees and expenses). The Company shall accept for purchase and use such funds to purchase the Notes tendered in the Change in Control Offers and pay such applicable premiums, consent fees and other related fees and expenses.

(d) In connection with the Change in Control Offers, the Company shall enter into one or more dealer-manager, information agent and/or depositary agreements with such Persons of national reputation in the provision of such services as Parent shall reasonably request, after

consultation with the Company, in form and substance reasonably satisfactory to the Company. Parent shall be solely responsible for any payment obligation to any dealer-manager, information agent, depository or other agent or Person with respect to fees and expenses under any agreement referred to in the preceding sentence and agrees to become a party to any such agreement for purposes of such obligations and that any such agreement may expressly provide that Parent shall be solely responsible for such payments.

(e) The Company's and the Surviving Corporation's obligation to accept for payment and pay for the Notes tendered pursuant to each Change in Control Offer or make any payment for the Requested Consents shall be subject to the conditions that (i) the Merger shall have occurred (or Parent and the Company shall each be satisfied that the Closing will occur substantially concurrently with such acceptance and payment and/or exchange), (ii) the Requested Consents shall have been received, (iii) there shall be no Order prohibiting the consummation of the Change in Control Offer and (iv) such other conditions as are customary for transactions similar to the Debt Offers. Parent's obligation to accept and to exchange the Notes tendered pursuant to the Parent Debt Offer shall be subject to the conditions that (i) the Merger shall have occurred (or Parent and the Company shall each be satisfied that the Closing will occur substantially concurrently with such acceptance and payment and/or exchange), (ii) there shall be no Order prohibiting the consummation of the Parent Debt Offer and (iii) such other conditions as are customary for transactions similar to the Debt Offers.

(f) If this Agreement is terminated pursuant to *Article VIII* (other than a termination by Parent pursuant to *Section 8.1(g)*, *Section 8.1(h)* or *Section 8.1(m)*), or by the Company pursuant to *Section 8.1(j)*, but without limitation of Parent's payment obligations under *Section 6.19(d)*), then Parent shall promptly reimburse the Company for any previously unreimbursed, documented reasonable out-of-pocket costs, fees and expenses incurred by the Company in connection with the transactions contemplated by this *Section 6.19*. If the Effective Time does not occur, Parent and Merger Sub shall, on a joint and several basis, indemnify and hold harmless the Company, its Subsidiaries and their respective officers and directors, any dealer-manager and each Person, if any, who controls the Company within the meaning of Section 20 of the Exchange Act, for and against any and all liabilities, losses, damages, claims, costs, expenses, interest, awards, judgments and penalties suffered or incurred by them in connection with any Debt Offer, the Debt Offering Documents or any other actions taken by them in accordance with this *Section 6.19*; *provided, however*, that neither Parent nor Merger Sub shall have any obligation to indemnify and hold harmless any such Person to the extent that any such liabilities, losses, damages, claims, costs, expenses, interest, awards, judgments and penalties suffered or incurred arises from disclosure regarding the Company or any of its Subsidiaries provided by the Company or any of its Subsidiaries (including disclosures incorporated by reference in the Debt Offering Documents) that is finally judicially determined by a court of competent jurisdiction to have contained a material misstatement or omission.

(g) The Company shall use reasonable best efforts to negotiate a payoff letter, in advance of the Closing, from the agent under that certain Credit Agreement by and among RRI Energy, Inc., JPMorgan Chase Bank, N.A., as administrative agent, the lenders from time to time party thereto and, GenOn Americas, Inc., dated at September 20, 2010 (the "*Company Credit Facility*"). The Company shall, and cause its Subsidiaries to, (i) terminate on the Closing Date the Company Credit Facility and all related loan documents to which the Company or any of its Subsidiaries is a party and (ii) cause to be released contemporaneously with the termination of the Company Credit Facility, all Liens on the Company's assets and the assets of the Company's Subsidiaries relating to the Company Credit Facility.

Section 6.20 *Debt Offer Financing; Alternative Financing.*

(a) Parent shall, to the extent the funds available under the Financing Commitment are necessary to consummate the Debt Offers or Change in Control Put Offers, use its reasonable best efforts to take, or cause to be taken, all actions and to do, or cause to be done, all things necessary, proper or advisable to obtain the Financing with respect to the Debt Offers and/or Notes Put Offers, as the case may be, on the terms and conditions described in the Financing Commitment (provided that, for clarity, Parent may replace or amend the Financing Commitment to add lenders, lead arrangers, bookrunners, syndication agents or similar entities which had not executed the original Financing Commitment, or otherwise replace or amend the Financing Commitment so long as the terms would not adversely impact the ability of Parent to timely consummate the Debt Offers and/or the Notes Put Offers, as the case may be), including using reasonable best efforts to (i) maintain in effect the Financing Commitment for the commitment period set forth therein, (ii) negotiate, execute and deliver definitive agreements with respect to the Financing on the terms and conditions contemplated by the Financing Commitment (except as otherwise permitted by this Agreement), and (iii) satisfy on a timely basis all conditions in such Financing Commitment applicable to Parent that are within their control. In the event that all conditions to the Financing Commitment have been satisfied in Parent's good faith judgment, to the extent necessary for the consummation of the Debt Offers and/or Notes Put Offers, as the case may be, Parent shall draw upon the Financing contemplated by the Financing Commitment; provided that the amount of such funding may be reduced by the amount of Available Funds, if any. If any portion of the Financing becomes unavailable on the terms and conditions contemplated in the Financing Commitment, Parent shall, to the extent necessary, use its reasonable best efforts to arrange to obtain alternative financing from alternative sources on terms no less favorable in any material respect in the aggregate to Parent as promptly as practicable following the occurrence of such event but no later than the Closing Date. Parent shall promptly provide the Company with execution copies of all documentation relating to such alternative financing and any references in this Agreement to "Financing" and/or "Financing Commitment" shall be deemed to include such alternative financing upon the execution of any documentation relating thereto. Parent shall give the Company prompt notice of any material breach, default, or repudiation by any party to the Financing Commitment of which Parent or Merger Sub becomes aware or the termination of the Financing Commitment. Parent shall keep the Company informed on a reasonably current basis of the status of its efforts to obtain the Financing and shall provide the Company with recent copies and drafts of the documentation with respect to the Financing.

Section 6.21 *Financing Cooperation.*

(a) In connection with the Financing and any Alternative Financing, the Company shall use reasonable best efforts to provide to Parent, at Parent's sole expense, all cooperation reasonably requested by Parent in connection with the Financing or any Alternative Financing (provided that the foregoing shall not require such cooperation to the extent it would interfere unreasonably with the business or operations of the Company or its Subsidiaries), including:

(i) furnishing Parent and its sources of Financing or Alternative Financing as promptly as practicable with financial and other pertinent information regarding the Company and its Subsidiaries as may be reasonably requested by Parent or the sources of the Financing or Alternative Financing in connection with the Financing or Alternative Financing, including financial statements (including the financial statements set forth in *clause (ii)* below) (which, with respect to annual financial statements, shall have been audited and, with respect to interim financial statements, shall have been reviewed by the independent accountants for the Company as provided in Statement on Auditing Standards No. 100), pro forma financial statements (*provided* that it is understood that assumptions underlying the pro forma adjustments are to be the responsibility of Parent), and business and other financial data, in each case, of the type and form required by Regulation S-X and Regulation S-K under the Securities Act and of the type and form customarily included in a registration statement on Form S-1 under the Securities Act for a public offering of the debt securities contemplated by the Alternative Financing, assuming that such offering was consummated at the same time during the Company's fiscal year as the offering of debt securities contemplated by the Alternative Financing (other than consolidating and other financial statements; *provided* that customary data as to the total assets, revenue, EBITDA and Adjusted EBITDA of non-guarantor subsidiaries shall be provided), all other data that would be necessary for the underwriter of such offering of debt securities contemplated by the Alternative Financing to receive customary "comfort" (including "negative assurance" comfort) from the Company's independent accountants in connection with such offering of the debt securities contemplated by the Alternative Financing, all data that would be necessary to obtain or confirm a corporate rating for the Company's secured and unsecured Indebtedness on a standalone basis, all data of the type that has historically been required by the Company's lenders in connection with its secured debt financings and reasonable and customary authorization letters to the financing sources authorizing the distribution of information to prospective lenders and containing customary information, and such other financial or other data as Parent or its lenders may reasonably request;

(ii) furnishing Parent and its financing sources when filed with the SEC (A) the unaudited consolidated balance sheet of the Company as of the end of any quarterly period ended no less than forty-five (45) calendar days prior to the anticipated Closing Date and the related unaudited statements of income, equity and cash flows and (B) the audited consolidated balance sheet of the Company as of the end of any fiscal year ended not less than ninety (90) days prior to the anticipated Closing Date, and the related audited statements of income, equity and cash flows for the year then ended, and the notes and schedules thereto (the information described in *clauses (A)* and *(B)* being referred to as the "*Required Information*"), provided that the Company shall use reasonable best efforts to file the Required Information on a timely basis pursuant to applicable Law;

(iii) participating in a reasonable number of meetings (including customary one-on-one meetings with the parties acting as lead arrangers or agents for, and prospective lenders and purchasers of, the financing and senior management and Representatives, with appropriate seniority and expertise, of the Company and its Subsidiaries), presentations, road shows, due diligence sessions, drafting sessions and sessions with rating agencies in connection with the

Financing or Alternative Financing, and providing reasonable cooperation in obtaining corporate and facilities ratings at least twenty days prior to the anticipated Closing Date to the extent required under the Financing or Alternative Financing;

(iv) facilitating the pledging of collateral and the granting and perfection of security interests (including obtaining customary payoff letters, lien releases and instruments of termination or discharge and preparing information and due diligence schedules) as required by the Financing or Alternative Financing, including executing and delivering any customary collateral documents and other customary documents and certificates as may be reasonably requested by Parent, providing all documentation or other information required by Governmental Entities with respect to the Financing or Alternative Financing under applicable "know your customer" and anti-money laundering rules and regulations, and cooperating and assisting Parent in obtaining customary legal opinions, field exams and appraisals, environmental assessments, surveys, title insurance and other certifications and documents reasonably requested by the sources of Financing or Alternative Financing for financings similar to the Financing or Alternative Financing;

(v) assisting with the preparation of materials for rating agencies and rating agency presentations, bank information memoranda, offering documents (including (x) assistance in the preparation of pro forma financial statements giving effect to the transactions contemplated hereunder; it being understood that assumptions underlying the pro forma adjustments to be made are the responsibility of Parent and (y) requesting consents of accountants for use of their reports in any materials relating to the Financing or Alternative Financing and the delivery of one or more customary representation letters), private placement memoranda and similar documents required in connection with the Financing or Alternative Financing;

(vi) facilitating the execution and delivery at the Closing of definitive Financing or Alternative Financing documents by the Company and its Subsidiaries and all other customary documents in connection therewith, including pledge and security agreements, mortgages, guarantees, filings and certificates as reasonably required in connection with the Financing or Alternative Financing (including a certificate of the Chief Financial Officer of the Company or any of its Subsidiaries with respect to solvency matters and consents of independent accountants for the use of their reports in any materials relating to the Financing or Alternative Financing) (*provided* that any obligations contained in such documents shall be effective no earlier than as of the Closing); and

(vii) using reasonable best efforts to cooperate with Parent to satisfy the conditions precedent to the Financing or Alternative Financing to the extent within the control of the Company and causing the taking of corporate actions by the Company and its Subsidiaries reasonably necessary to permit the completion of the Financing or Alternative Financing.

(b) The Company shall provide Parent with an electronic version of the trademarks, service marks and corporate logo of the Company and its Subsidiaries for use in marketing materials for the purpose of facilitating the marketing of the Financing or Alternative Financing, and hereby consents to the use of the foregoing in connection with the Financing or Alternative Financing; *provided* that such logos are used in a manner that is not intended or is reasonably likely to harm or disparage the Company or its Subsidiaries or their marks or the reputation or goodwill of the Company.

(d) For the avoidance of doubt, if the Financing becomes unavailable or the Alternative Financing has not been obtained, Parent and Merger Sub shall continue to be obligated to consummate the Merger on the terms contemplated by this Agreement and subject only to the satisfaction or waiver of the conditions set forth in Article VII.

Section 6.22 Tax Matters. From and after the date hereof and prior to the Effective Time or the date, if any on which this Agreement is earlier terminated pursuant to *Section 8.1*, each of Parent and the Company (i) shall keep the other reasonably apprised of the status of any material Tax matters and (ii) shall not settle or compromise any material Tax liability or refund without first using reasonable good faith efforts to consult in good faith with the other party if such settlement or compromise could have an adverse effect that, individually or in the aggregate, is material to Parent and its Subsidiaries or the Company and its Subsidiaries respectively.

Section 6.23 Rights Plan. Prior to the Closing, the Company shall take all action necessary to cause the Company Rights Agreement to terminate immediately prior to the Effective Time without payment of any consideration to any holder of the Company Rights.

For purposes of this Agreement, "willful and material breach" shall mean a deliberate act or a deliberate failure to act by an officer or other senior executive of the applicable party, which act or failure to act constitutes in and of itself a material breach of this Agreement, and which breach was the conscious object of the act or failure to act.

(d) If this Agreement is terminated (or deemed to be terminated) by Parent or the Company pursuant to *Section 8.1(e)*, then Parent shall pay to the Company the reasonable and documented out-of-pocket fees and expenses (including reasonable fees and expenses of outside legal counsel, accountants, investment bankers, experts, consultants and other advisors, and the costs of all filing fees and printing costs) incurred by the Company and/or its Subsidiaries in connection with this Agreement or the transactions contemplated hereby, whether incurred before or after the date of this Agreement, including reasonable and documented out-of-pocket fees and expenses incurred in connection with its investigation, structuring, financing, negotiation, due diligence, and financial, operating, legal and other analysis in connection with this Agreement or the transactions contemplated hereby; *provided* that the maximum aggregate amount of fees and expenses for which Parent shall be required to reimburse the Company for under this *Section 8.3(d)* shall not exceed \$25,000,000 (except that the maximum aggregate amount for such reimbursement shall not exceed \$10,000,000 if and only if prior to the termination (or deemed termination) of this Agreement pursuant to *Section 8.1(e)*, no Parent Acquisition Proposal shall have been publicly announced and no Third Party shall have publicly announced or communicated a *bona fide* intention, whether or not conditional, to make a Parent Acquisition Proposal) (the "*Parent Expense Reimbursement*"), and in no event shall Parent be required to make any Parent Expense Reimbursement if it has paid the Parent Termination Fee to the Company in full. Parent shall pay the Parent Expense Reimbursement to the Company in cash by wire transfer of immediately available funds on the second Business Day following receipt from the Company of request therefor accompanied by (to the extent practicable) documentation with respect thereto.

(e) Subject to the parties' right to specifically enforce the terms of this Agreement pursuant to *Section 9.5(a)* prior to the valid termination of this Agreement, but notwithstanding any other provision of this Agreement to the contrary, Parent and Merger Sub agree that (i) Parent's right to receive the payment of the Company Termination Fee (and, if applicable, the Company Expense Reimbursement), as and when set forth in *Section 8.3(a)* (and, if applicable, *Section 8.3(c)*), shall be the sole and exclusive remedy of Parent and Merger Sub against the Company, any of the Company's Subsidiaries or any of their respective former, current or future Representatives, stockholders, general or limited partners, members, managers, directors, officers, employees, agents, assignees or Affiliates (collectively, the "*Company Related Parties*") for all losses and damages suffered as a result of the failure of the Merger or the other transactions contemplated by this Agreement to be consummated or for any other breach or failure to perform hereunder or otherwise, and (ii) none of the Company Related Parties shall have any liability or obligation, in any such case (*clause (i)* or (*ii*)) relating to, arising out of or with respect to this Agreement or any of the transactions contemplated hereby (whether relating to, arising out of or with respect to any matter(s) forming the basis for such termination or otherwise). Without limitation of the foregoing, none of Parent, Merger Sub, any of their respective Affiliates or any other Person shall be entitled to bring or maintain any proceeding, claim, suit or action against, or seek damages from, any of the Company Related Parties in contravention of the preceding sentence. Under no circumstances shall the Company Termination Fee be payable by the Company more than once.

(f) Subject to the parties' right to specifically enforce the terms of this Agreement pursuant to *Section 9.5(a)* prior to the valid termination of this Agreement, but notwithstanding any other provision of this Agreement to the contrary, the Company agrees that (i) its right to receive the payment of the Parent Termination Fee (and, if applicable, the Parent Expense Reimbursement), as and when set forth in *Section 8.3(b)* (and if applicable, *Section 8.3(d)*), shall be the sole and exclusive remedy of the Company against Parent, any of Parent's Subsidiaries or any of their respective former, current or future Representatives, stockholders, general or limited partners, members, managers, directors, officers, employees, agents, assignees or Affiliates (collectively, the "*Parent Related Parties*") for all losses and damages suffered as a result of the failure of the Merger or the other transactions contemplated hereby to be consummated or for any other breach or

failure to perform hereunder or otherwise, and (ii) none of the Parent Related Parties shall have any liability or obligation, in any such case (*clause (i) or (ii)*) relating to, arising out of or with respect to this Agreement or any of the transactions contemplated hereby (whether relating to, arising out of or with respect to any matter(s) forming the basis for such termination or otherwise). Without limitation of the foregoing, none of the Company, the Company's Subsidiaries, any of their respective Affiliates or any other Person shall be entitled to bring or maintain any proceeding, claim, suit or action against, or seek damages from, any of the Parent Related Parties in contravention of the preceding sentence. Under no circumstances shall the Parent Termination Fee be payable by Parent more than once.

(g) Each of the parties hereto acknowledges that (i) the agreements contained in this *Section 8.3* are an integral part of the transactions contemplated hereby, (ii) the Parent Termination Fee or the Company Termination Fee, as the case may be, is not a penalty, but constitutes liquidated damages, in a reasonable amount that will compensate the Company or Parent, as the case may be, in the circumstances in which the Parent Termination Fee or the Company Termination Fee, as the case may be, is payable for the efforts and resources expended and opportunities foregone while negotiating this Agreement and in reliance on this Agreement and on the expectation of the consummation of the transactions contemplated hereby, which amount would otherwise be impossible to calculate with precision, and (iii) without these agreements, the parties would not enter into this Agreement. If either the Company or Parent fails to pay the Company Termination Fee or the Parent Termination Fee, as the case may be, the Company Expense Reimbursement or the Parent Expense Reimbursement, as applicable when due, and, in order to obtain such payment, the other party commences a suit that results in a judgment against the defaulting party for such Company Termination Fee, Parent Termination Fee, Company Expense Reimbursement or Parent Expense Reimbursement, as the case may be, the defaulting party shall pay to the other party its reasonable costs and expenses (including reasonable attorneys' fees and expenses) incurred in connection with such suit, together with interest on the amount of the Parent Termination Fee or the Company Termination Fee, as the case may be, the Company Expense Reimbursement or the Parent Expense Reimbursement, as the case may be, from the date such payment was required to be made until the date of payment at the prime rate of Citibank N.A. in effect on the date such payment was required to be made.

(h) In the event the Merger or any of the other transactions contemplated by this Agreement shall fail to be consummated or there shall be any breach or failure to perform by Parent or Merger Sub hereunder, neither the Company nor any of its Affiliates (for the avoidance of doubt, neither Parent nor any of its Affiliates prior to the Effective Time shall be deemed an Affiliate of the Company for purposes of this *Section 8.3(h)*) shall have any rights or claims against any Lender Party, its Affiliates or any of their respective directors, officers, managers, employees, advisors or agents in connection with the Financing Commitment or this Agreement.

Section 9.3 *Counterparts; Effectiveness.* This Agreement may be executed in two or more counterparts (including by facsimile), each of which shall be an original, with the same effect as if the signatures thereto and hereto were upon the same instrument, and shall become effective when one or more counterparts have been signed by each of the parties and delivered (by telecopy or otherwise) to the other parties.

Section 9.4 *Governing Law.* This Agreement shall be governed by and construed in accordance with the internal substantive laws of the State of Delaware, without giving effect to any choice or conflict of law provision or rule (whether of the State of Delaware or any other jurisdiction) that would cause the application of the laws of any jurisdiction other than the State of Delaware.

Section 9.5 *Jurisdiction; Specific Enforcement.*

(a) The parties agree that irreparable damage, for which monetary damages, even if available, would not be an adequate remedy, would occur in the event that any of the provisions of this Agreement were not performed, or were threatened to be not performed, in accordance with their specific terms or were otherwise breached. It is accordingly agreed that, prior to the valid termination of this Agreement in accordance with *Article VIII*, and in addition to any other remedy that may be available to it, including monetary damages, each of the parties shall be entitled to an injunction or injunctions to prevent breaches of this Agreement and to enforce specifically the terms and provisions of this Agreement exclusively in the Delaware Court of Chancery and any state appellate court therefrom within the State of Delaware (or, if the Delaware Court of Chancery declines to accept jurisdiction over a particular matter, any state or federal court within the State of Delaware). The parties further agree that no party to this Agreement shall be required to obtain, furnish or post any bond or similar instrument in connection with or as a condition to obtaining any remedy referred to in this *Section 9.5(a)* and each party waives any objection to the imposition of such relief or any right it may have to require the obtaining, furnishing or posting of any such bond or similar instrument. In addition, each of the parties hereto irrevocably agrees that any legal action or proceeding with respect to this Agreement and the rights and obligations arising hereunder, or for recognition and enforcement of any judgment in respect of this Agreement and the rights and obligations arising hereunder brought by the other party hereto or its successors or assigns, shall be brought and determined exclusively in the Delaware Court of Chancery and any state appellate court therefrom within the State of Delaware (or, if the Delaware Court of Chancery declines to accept jurisdiction over a particular matter, any state or federal court within the State of Delaware). Each of the parties hereto hereby irrevocably submits with regard to any such action or proceeding for itself and in respect of its property, generally and unconditionally, to the personal jurisdiction of the aforesaid courts and agrees that it will not bring any action relating to this Agreement or any of the transactions contemplated by this Agreement in any court other than the aforesaid courts. Each of the parties hereto hereby irrevocably waives, and agrees not to assert, by way of motion, as a defense, counterclaim or otherwise, in any action or proceeding with respect to this Agreement, (i) any claim that it is not personally subject to the jurisdiction of the above named courts for any reason other than the failure to serve in accordance with this *Section 9.5(a)*, (ii) any claim that it or its property is exempt or immune from jurisdiction of any such court or from any legal process commenced in such courts (whether through service of notice, attachment prior to judgment, attachment in aid of execution of judgment, execution of judgment or otherwise) and (iii) to the fullest extent permitted by the applicable Law, any claim that (A) the suit, action or proceeding in such court is brought in an inconvenient forum, (B) the venue of such suit, action or proceeding is improper or (C) this Agreement, or the subject matter hereof, may not be enforced in or by such courts. Each party agrees that (x) service of all process, including the summons and complaints, in any action or proceeding with respect to this Agreement may be made by registered or certified mail, return receipt requested, to such party at its address set forth in *Section 9.7*, and (y) any service pursuant to *clause (x)* is sufficient to confer personal

jurisdiction over such party in such action or proceeding and otherwise constitutes effective and binding service in every respect.

(b) Notwithstanding anything to the contrary in this Agreement, each of the parties hereto agrees that it will not bring or support any action, cause of action, claim, cross-claim or third-party claim of any kind or description, whether at law or in equity, whether in contract or in tort or otherwise, against any Lender Party in any way relating to this Agreement or any of the transactions contemplated by this Agreement, including any dispute arising out of or relating in any way to the Financing Commitment or the performance thereof, in any forum other than the Supreme Court of the State of New York, County of New York, or, if under applicable Law jurisdiction is vested in Federal courts, the United States District Court for the Southern District of New York (or appellate courts thereof).

Section 9.6 *WAIVER OF JURY TRIAL.* EACH OF THE PARTIES HERETO IRREVOCABLY WAIVES ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY.

Section 9.7 *Notices.* Any notice required to be given hereunder shall be sufficient if in writing, and sent by facsimile transmission (*provided* that any notice received by facsimile transmission or otherwise at the addressee's location on any non-Business Day or any Business Day after 5:00 p.m. (addressee's local time) shall be deemed to have been received at 9:00 a.m. (addressee's local time) on the next Business Day), by reliable overnight delivery service (marked for overnight delivery and with proof of service) or hand delivery, addressed as follows:

Any party to this Agreement may notify any other party of any changes to the address or any of the other details specified in this paragraph; *provided, however*, that such notification shall only be effective on the date specified in such notice or five Business Days after the notice is given, whichever is later. Rejection or other refusal to accept or the inability to deliver because of changed address of which no notice was given shall be deemed to be receipt of the notice as of the date of such rejection, refusal or inability to deliver.

Section 9.8 *Assignment; Binding Effect.* Neither this Agreement nor any of the rights, interests or obligations hereunder shall be assigned by any of the parties hereto without the prior written consent of the other parties, except for assignments by Merger Sub to a wholly-owned direct or indirect Subsidiary of Parent. Subject to the preceding sentence, this Agreement shall be binding upon and shall inure to the benefit of the parties hereto and their respective successors and assigns.

Section 9.9 *Severability.* Any term or provision of this Agreement which is invalid or unenforceable in any jurisdiction shall, as to that jurisdiction, be ineffective to the extent of such invalidity or unenforceability without rendering invalid or unenforceable the remaining terms and provisions of this Agreement in any other jurisdiction. If any provision of this Agreement is so broad as to be unenforceable, such provision shall be interpreted to be only so broad as is enforceable.

Section 9.10 *Entire Agreement.* This Agreement (including the exhibits and schedules hereto) and the Confidentiality Agreement constitute the entire agreement, and supersede all other prior agreements and understandings, both written and oral, between the parties, or any of them, with respect to the subject matter hereof and thereof.

Section 9.11 *Amendments; Waivers.* Subject to *Section 9.13(b)*, at any time prior to the Effective Time, any provision of this Agreement may be amended (by action taken or authorized by their respective boards of directors, in the case of the Company or Merger Sub) or waived, in each case whether before or after the receipt of the Company Stockholder Approval and/or the Parent Stockholder Approval, if, and only if, such amendment or waiver is in writing and signed, in the case of an amendment, by the Company, Parent and Merger Sub or, in the case of a waiver, by the party against whom the waiver is to be effective; *provided, however*, that after receipt of the Company Stockholder Approval, if any such amendment or waiver shall by applicable Law or in accordance with the rules and regulations of the NYSE require further approval of the stockholders of the Company, the effectiveness of such amendment or waiver shall be subject to the approval of the stockholders of the Company; and *provided, further*, that after receipt of the Parent Stockholder Approval, if any such amendment or waiver shall by applicable Law or in accordance with the rules and regulations of the NYSE require further approval of the stockholders of Parent, the effectiveness of such amendment or waiver shall be subject to the approval of the stockholders of Parent. Notwithstanding the foregoing, no failure or delay by the Company or Parent in exercising any right hereunder shall operate as a waiver thereof nor shall any single or partial exercise thereof preclude any other or further exercise of any other right hereunder.

Section 9.12 *Headings.* Headings of the Articles and Sections of this Agreement are for convenience of the parties only and shall be given no substantive or interpretive effect whatsoever. The table of contents to this Agreement is for reference purposes only and shall not affect in any way the meaning or interpretation of this Agreement.

Section 9.13 *No Third Party Beneficiaries.*

(a) Except as set forth in *Section 9.13(b)* below or, after the Effective Time, for *Sections 3.1, 6.7(a)* and *6.11*, each of Parent, Merger Sub and the Company agrees that (i) their respective representations, warranties, covenants and agreements set forth herein are solely for the benefit of the other party hereto, in accordance with and subject to the terms of this Agreement, and (ii) this Agreement is not intended to, and does not, confer upon any Person other than the parties hereto any rights or remedies hereunder, including the right to rely upon the representations and warranties set forth herein.

(b) Each of the Lender Parties shall be an express third party beneficiary of, and shall be entitled to enforce the agreements contained in, *Section 8.3(h)*, *Section 9.5(b)*, *Section 9.6* and this *Section 9.13(b)*. **FORM OF AMENDED AND RESTATED
BY-LAWS
OF
NRG ENERGY, INC.**

A Delaware Corporation

(Adopted as of December 5, 2003, and Amended as of August 4, 2004,
February 25, 2005, February 26, 2008, October 15, 2009 and [])

**ARTICLE I
OFFICES**

Section 1. Registered Office. The registered office of NRG Energy, Inc. (the "*Corporation*") in the State of Delaware shall be located at 1209 Orange Street, Wilmington, DE 19801. The name of the Corporation's registered agent at such address shall be The Corporation Trust Company. The registered office and/or registered agent of the Corporation may be changed from time to time by action of the Board of Directors.

Section 2. Other Offices. The Corporation may also have offices at such other places, both within and without the State of Delaware, as the Board of Directors may from time to time determine or the business of the Corporation may require.

**ARTICLE II
MEETINGS OF STOCKHOLDERS**

Section 1. Annual Meeting. An annual meeting of the stockholders shall be held at such date and time specified by the Board of Directors for the purpose of electing Directors and conducting such other proper business as may come before the annual meeting. At the annual meeting, stockholders shall elect Directors and transact such other business as properly may be brought before the annual meeting pursuant to *Section 11* of ARTICLE II hereof.

Section 2. Special Meetings. Special meetings of the stockholders may only be called in the manner provided in the Amended and Restated Certificate of Incorporation.

Section 3. Place of Meetings. The Board of Directors may designate any place, either within or without the State of Delaware, as the place of meeting for any annual meeting or for any special meeting. If no designation is made, or if a special meeting be otherwise called, the place of meeting shall be the principal executive office of the Corporation. If for any reason any annual meeting shall not be held during any year, the business thereof may be transacted at any special meeting of the stockholders.

Section 4. Notice. Whenever stockholders are required or permitted to take action at a meeting, written or printed notice stating the place, date, time and, in the case of special meetings, the purpose or purposes, of such meeting, shall be given to each stockholder entitled to vote on the record date, determined in accordance with the provisions of *Section 3* of ARTICLE VI. If mailed, such notice shall be deemed to be delivered when deposited in the United States mail, postage prepaid, addressed to the stockholder at his, her or its address as the same appears on the records of the Corporation. An affidavit of the secretary or an assistant secretary or of the transfer agent of the Corporation that the notice required by this *Section 4* has been given shall, in the absence of fraud, be prima facie evidence of the facts stated therein. Whenever the giving of any notice to stockholders is required by applicable law, the Amended and Restated Certificate of Incorporation or these By-laws, a waiver thereof, given by the person entitled to said notice, whether before or after the event as to which such notice is required, shall be deemed equivalent to notice. Attendance of a person at a meeting shall constitute a

Table of Contents

waiver of notice of such meeting, except when the person attends for the express purpose of objecting at the beginning of the meeting to the transaction of any business because the meeting is not lawfully called or convened. Neither the business to be transacted at, nor the purpose of, any regular or special meeting of the stockholders need be specified in any waiver of notice unless so required by applicable law, the Amended and Restated Certificate of Incorporation or these By-laws.

Section 5. Stockholders List. The officer having charge of the stock ledger of the Corporation shall make, at least 10 days before every meeting of the stockholders, a complete list of the stockholders entitled to vote at such meeting arranged in alphabetical order, showing the address of each stockholder and the number of shares registered in the name of each stockholder. Such list shall be open to the examination of any stockholder, the stockholder's agent or attorney, at the stockholder's expense, for any purpose germane to the meeting for a period of at least 10 days prior to the meeting, (i) on a reasonably accessible electronic network, provided that the information required to gain access to such list shall be provided with the notice of the meeting or (ii) during ordinary business hours, at the principal place of business of the Corporation. The list shall also be produced and kept at the time and place of the meeting during the whole time thereof, and may be inspected by any stockholder who is present. Except as provided by applicable law, the stock ledger shall be the only evidence as to who are the stockholders entitled to examine the stock ledger, the list of stockholders or the books of the Corporation, or to vote in person or by proxy at any meeting of stockholders.

Section 6. Quorum. The holders of a majority of the outstanding shares of capital stock entitled to vote at the meeting of stockholders, present in person or represented by proxy, shall constitute a quorum at all meetings of the stockholders, except as otherwise provided by the Delaware General Corporation Law or by the Amended and Restated Certificate of Incorporation. If a quorum is not present, the holders of a majority of the shares present in person or represented by proxy at the meeting, and entitled to vote at the meeting, may adjourn the meeting to another time and/or place. When a specified item of business requires a vote by the holders of a class or series of shares of capital stock (if the Corporation shall then have outstanding shares of more than one class or series) voting as a class or series, the holders of a majority of the shares of such class or series shall constitute a quorum (as to such class or series) for the transaction of such item of business, except as otherwise provided by the Delaware General Corporation Law or by the Amended and Restated Certificate of Incorporation.

Section 7. Adjourned Meetings. When a meeting is adjourned to another time and place, notice need not be given of the adjourned meeting if the time and place thereof are announced at the meeting at which the adjournment is taken. At the adjourned meeting the Corporation may transact any business which might have been transacted at the original meeting. If the adjournment is for more than 30 days, or if after the adjournment a new record date is fixed for the adjourned meeting, a notice of the adjourned meeting shall be given to each stockholder of record entitled to vote at the meeting.

Section 8. Vote Required. When a quorum is present, the affirmative vote of the majority in voting power of shares present in person or represented by proxy at the meeting and entitled to vote on the subject matter shall be the act of the stockholders, unless (i) by express provisions of an applicable law, the rules and regulations of any stock exchange applicable to the Corporation, or of the Amended and Restated Certificate of Incorporation a different vote is required, in which case such express provision shall govern and control the decision of such question, or (ii) the subject matter is the election of Directors, in which case ARTICLES SIX and TEN of the Amended and Restated Certificate of Incorporation shall govern and control the approval of such subject matter.

Section 9. Voting Rights. Except as otherwise provided by the Delaware General Corporation Law, the Amended and Restated Certificate of Incorporation or these By-laws, every stockholder entitled to vote at any meeting of stockholders shall at every meeting of the stockholders be entitled to one vote in person or by proxy for each share of capital stock held by such stockholder which has voting power upon the matter in question.

Table of Contents

Section 10. Proxies. Each stockholder entitled to vote at a meeting of stockholders may authorize another person or persons to act for him or her by proxy, but no such proxy shall be voted or acted upon after three years from its date, unless the proxy provides for a longer period. A duly executed proxy shall be irrevocable if it states that it is irrevocable and if, and only as long as, it is coupled with an interest sufficient in law to support an irrevocable power. A proxy may be made irrevocable regardless of whether the interest with which it is coupled is an interest in the stock itself or an interest in the Corporation generally. Any proxy is suspended when the person executing the proxy is present at a meeting of stockholders and elects to vote, except that when such proxy is coupled with an interest and the fact of the interest appears on the face of the proxy, the agent named in the proxy shall have all voting and other rights referred to in the proxy, notwithstanding the presence of the person executing the proxy. At each meeting of the stockholders, and before any voting commences, all proxies filed at or before the meeting shall be submitted to and examined by the secretary or a person designated by the secretary, and no shares may be represented or voted under a proxy that has been found to be invalid or irregular.

To be timely, a stockholder's notice must be delivered to or mailed and received at the principal executive offices of the Corporation, not later than the close of business on the ninetieth (90th) day nor earlier than the close of business on the one hundred twentieth (120th) day prior to the first anniversary of the preceding year's annual meeting (provided, however, that in the event that the date of the annual meeting is more than thirty (30) days before or more than seventy (70) days after such anniversary date, notice by the stockholder must be so delivered not earlier than the close of business on the one hundred twentieth (120th) day prior to such annual meeting and not later than the close of business on the later of the ninetieth (90th) day prior to such annual meeting or the tenth (10th) day following the day on which public announcement of the date of such meeting is first made by the Corporation). In no event shall the public announcement of an adjournment or postponement of an annual meeting commence a new time period (or extend any time period) for the giving of a stockholder's notice as described above. Notwithstanding anything in this paragraph to the contrary, in the event that the number of directors to be elected to the Board of Directors at an annual meeting is increased and there is no public announcement by the Corporation naming the nominees for the additional directorships at least one hundred (100) days prior to the first anniversary of the preceding year's annual
