14a-8 Shareholder Proposal Sent to the Fund on November 11, 2016

**VIA FEDERAL EXPRESS**

November 11, 2016

First Trust/Aberdeen Global Opportunity Income Fund  
Attn: W. Scott Jardine, Secretary  
120 East Liberty Drive, Suite 400  
Wheaton, Illinois 60187

Re: 14a-8 Shareholder Proposal for the First Trust/Aberdeen Global Opportunity Income Fund ("FAM" or the "Fund")

Mr. Jardine:

This letter shall serve as notice to the First Trust/Aberdeen Global Opportunity Income Fund ("FAM" or the "Fund"), as to Karpus Management, Inc.'s ("Karpus") timely submittal of a shareholder proposal pursuant to Rule 14a-8 of the Securities Exchange Act of 1934 for presentation to FAM shareholders at the Fund's next annual shareholders' meeting anticipated to be held in April 2017, or any postponement or adjournment thereof (the "Meeting"). Karpus' non-binding 14a-8 shareholder proposal (the "Proposal") is as follows:

**BE IT RESOLVED**, the shareholders of the First Trust/Aberdeen Global Opportunity Income Fund ("FAM" or the "Fund") request that the Trustees promptly consider authorizing a self-tender offer for all outstanding common shares of the Fund at or close to net asset value ("NAV"). If more than 50% of the Fund's outstanding common shares are tendered, the tender offer should be cancelled and the Board should take the steps necessary to liquidate, merge, or convert the Fund to an open-end mutual fund or exchange traded fund.

**Supporting Statement**

In closed-end funds, the Trustees' job is to manage the discount and the manager. The manager's job is to manage the assets of the fund. First, with respect to managing FAM's discount, the Trustees have failed. The Fund announced a token repurchase of 5% before last year's prospectus measurement period (September 2015) and only repurchased 0.8% of the Fund's shares at a weighted average discount of over 15%. This year, again just ahead of the Fund's prospectus measurement period, the Fund announced another buyback, again for up to a measly 5%. What better investment could the Fund make than to invest in its own securities and buy them for \$0.85 on the dollar in 2015 or now for \$0.88-\$0.90? Does the Fund not have conviction in its own strategy? Next, with respect to the Advisor, First Trust Advisors L.P., the Trustees acknowledged in the Fund's annual statement that based on third party information provided to it by Management Practice, Inc. ("MPI"), FAM's net asset value performance has lagged its MPI peer group for multiple periods ended 12/31/2015. The Trustees also acknowledged that the Fund underperformed its blended benchmark for multiple periods ended 12/31/2015. Adding fuel to the fire, MPI's data indicated above median advisory fee rates. The Advisor also indicated it didn't anticipate further benefits to the Fund from economies of scale "over the next twelve months as the Advisor continues to make investments in personnel and infrastructure." As an investor, we cannot understand why the Trustees would not take more aggressive or committed measures to address the Fund's persistent discount. The Fund's own prospectus anticipates that it may need to take action from time to time to reduce a persistent discount. Now is clearly that time. Our proposal, if

approved and implemented, would take steps toward the type of action that it doesn't appear the Trustees are willing to consider on behalf of shareholders. It is no wonder that a Fund that has underperformed its peer group and expects to keep paying higher than median advisory fee rates would trade at a persistent discount. Simply put, the Fund's excessive discount level indicates that the market has lost faith in the Adviser's and Board's ability to significantly add to shareholder value. Now is the time for more effective action. Please vote **FOR** Karpus' Proposal and tell our Fund's Trustees that you want them to take more effective action to narrow FAM's discount.

**END OF PROPOSAL**

As is required by Rule 14a-8, attached as Exhibits 1 and 2 are letters from U. S. Bank N.A. and the "record" holder of the referenced shares, verifying that the referenced shares were continuously and beneficially owned, and had a market value of \$2,000 or more, for at least a one year period prior to the date of the submittal of the above Proposal. Karpus intends to hold the shares referenced through the date of the Meeting. In reviewing the Fund's filings, we also came across one additional item which requires clarification. With respect to the Exhibit to the Fund's Semi-Annual Statement, Form NSAR-A, filed with the U.S. Securities and Exchange Commission on August 26, 2016, we noticed that 100% of FAM's outstanding securities were indicated to be cast in the election of Messrs. Bowen and Nielson. As the Fund's Advisor, legal counsel, and proxy solicitor know well, voter turnout for closed-end fund meetings is typically quite low. Here, the Fund is saying that not one shareholder forgot to cast their vote at FAM's 2016 shareholder meeting. This simply doesn't make sense. Please advise us immediately if this notice is deficient in any way or if any additional information is required so that Karpus may promptly provide it in order to cure any deficiency. Also, thank you in advance for your prompt attention to our question with respect to 2016's Annual Meeting voter turnout.

Sincerely,

/s/

Brett D. Gardner  
Senior Corporate Governance Analyst
