## COLUMBIA SPORTSWEAR COMPANY

# NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

#### NOTE 1—BASIS OF PRESENTATION AND ORGANIZATION

The accompanying unaudited condensed consolidated financial statements have been prepared by the management of Columbia Sportswear Company (together with its wholly owned subsidiaries and entities in which it maintains a controlling financial interest, the "Company") and in the opinion of management include all normal recurring material adjustments necessary to present fairly the Company's financial position as of June 30, 2014 and 2013, the results of operations for the three and six months ended June 30, 2014 and 2013 and cash flows for the six months ended June 30, 2014 and 2013. The December 31, 2013 financial information was derived from the Company's audited financial statements included in the Company's Annual Report on Form 10-K for the year ended December 31, 2013. A significant part of the Company's business is of a seasonal nature; therefore, results of operations for the three and six months ended June 30, 2014 are not necessarily indicative of results to be expected for the full year. Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America ("generally accepted accounting principles") have been condensed or omitted pursuant to the rules and regulations of the Securities and Exchange Commission. The Company, however, believes that the disclosures contained in this report comply with the requirements of Section 13(a) of the Securities Exchange Act of 1934 for a Quarterly Report on Form 10-Q and are adequate to make the information presented not misleading. These unaudited condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 2013.

Principles of consolidation:

The condensed consolidated financial statements include the accounts of Columbia Sportswear Company, its wholly owned subsidiaries and entities in which it maintains a controlling financial interest. All significant intercompany balances and transactions have been eliminated in consolidation.

Estimates and assumptions:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the condensed consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from these estimates and assumptions. Some of these more significant estimates relate to revenue recognition, including sales returns and miscellaneous claims from customers, allowance for doubtful accounts, excess, slow-moving and closeout inventories, product warranty, long-lived and intangible assets, income taxes and stock-based compensation.

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

There have been no significant changes to the Company's significant accounting policies as described in the Company's Annual Report on Form 10-K for the year ended December 31, 2013.

Recent Accounting Pronouncements:

In March 2013, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2013-05, Foreign Currency Matters (Topic 830): Parent's Accounting for the Cumulative Translation Adjustment upon Derecognition of Certain Subsidiaries or Groups of Assets within a Foreign Entity or of an Investment in a Foreign Entity. This ASU provides clarification regarding the release of any cumulative translation adjustment when the parent ceases to have a controlling financial interest in a business or group of assets held within a foreign entity. The amendment is effective on a prospective basis for interim and annual periods beginning after December 15, 2013. The Company adopted the new guidance as of January 1, 2014. The adoption of this standard did not have a material effect on the Company's financial position, results of operations or cash flows.

In May 2014, the FASB issued ASU No. 2014-09, Revenue from Contracts with Customers: Topic 606. This ASU outlines a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers and supersedes most current revenue recognition guidance. This accounting standard is effective for annual

reporting periods beginning after December 15, 2016, including interim reporting periods within that reporting period. Early adoption is not permitted. The Company

is currently evaluating the impact this accounting standard will have on the Company's financial position, results of operations or cash flows.

## NOTE 3—BUSINESS ACQUISITION

On May 30, 2014, the Company purchased 100% of the equity interest in prAna Living LLC ("prAna") for \$188,467,000 net of acquired cash of \$4,946,000. PrAna is a lifestyle apparel brand sold through approximately 1,400 select specialty and online retailers across North America, as well as through five company-owned retail stores, an e-commerce site and direct-mail catalogs. The acquisition of prAna strengthens and diversifies the Company's brand portfolio and generally offsets some of the more seasonal sales effects found within existing Columbia brands. The acquisition was funded with cash on hand.

PrAna contributed net sales of \$5,547,000 and net loss, including amortization of acquired assets, of \$1,065,000 to the Company from May 31, 2014 to June 30, 2014. In addition, the Company incurred transaction costs of \$3,374,000 during the three and six months ended June 30, 2014. These acquisition and integration costs are included in Selling, general and administrative expenses in the Condensed Consolidated Statements of Operations for the three and six months ended June 30, 2014.

## Purchase price allocation

Acquired assets and liabilities were recorded at estimated fair value as of the acquisition date. The excess of the purchase price over the estimated fair value of identifiable net assets resulted in the recognition of goodwill of \$54,819,000, all of which was assigned to the United States segment, and is attributable to future growth opportunities and any intangible assets that did not qualify for separate recognition. The goodwill is expected to be deductible for tax purposes.

The following table summarizes the preliminary estimated fair value of the net assets acquired and liabilities assumed as of May 30, 2014, the acquisition date (in thousands):

|   | May 30, 2014  |
|---|---------------|
| Cash  | \$4,946       |

| The allocation of the purchase price is preliminary and is based upon valuation information available | and estimates |

and assumptions made at June 30, 2014. The Company is still in the process of verifying data and finalizing information related to the valuation and recording of accounts receivable, inventories, property, plant and equipment, identified intangible assets, accrued liabilities and the resulting effects on the amount of recognized goodwill.

The following table sets forth the components of identifiable intangible assets and their estimated useful lives as of May 30, 2014, the acquisition date (in thousands, except for estimated useful lives, in years):

The unaudited pro forma financial information is presented for illustrative purposes only and is not indicative of the results of operations that would have been realized if the acquisition had been completed on the date indicated, nor is it indicative of future operating results. The unaudited pro forma consolidated net income (loss) includes differences in the amount and timing of amortization of acquired intangible assets and the fair value adjustment for acquired inventory. As a result, under the assumed pro forma acquisition date of January 1, 2013, net income for the six months ended June 30, 2014 and 2013 includes pre-tax purchase accounting amortization of \$1,908,000 and \$7,008,000, respectively. The pro forma net income (loss) attributable to the Company excludes nonrecurring transaction costs of \$3,374,000. The pro forma results also do not include, among other items, the effects of anticipated synergies from combining the two companies or differences in the combined Company's operating cost structure. NOTE 4—NON-CONTROLLING INTEREST

The Company owns a 60% controlling interest in a joint venture formed with Swire Resources, Limited ("Swire") to support the development and operation of the Company's business in China. The joint venture was in a formation and start-up phase during 2013 and began operations on January 1, 2014. The accounts of the joint venture are included in the Condensed Consolidated Balance Sheets as of June 30, 2014 and 2013, and December 31, 2013. Swire's share of net income (loss) from the joint venture is included in Net income (loss) attributable to non-controlling interest in the Condensed Consolidated Statements of Operations for the three and six months ended June 30, 2014 and 2013. The non-controlling equity interest in this entity is included in total equity as Non-controlling interest on the Condensed Consolidated Balance Sheets as of June 30, 2014 and 2013, and December 31, 2013.

The following table presents the changes in Columbia Sportswear Company shareholders' equity and non-controlling interest for the six months ended June 30, 2014 (in thousands):
