CAUTIONARY NOTE REGARDING differences in united states and canadian reporting practices

We are permitted, under a multi-jurisdictional disclosure system adopted by the United States and Canada, to prepare this Annual Report in accordance with Canadian disclosure requirements, which are different from those of the United States.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS AND INFORMATION

The information presented or incorporated by reference in this document contains both historical information and "forward-looking statements" (within the meaning of Section 27A of the Securities Act and Section 21E of the Exchange Act) or "forward looking information" (within the meaning of applicable Canadian securities laws) (collectively referred to herein as "forward-looking statements") that may state our intentions, hopes, beliefs, expectations or predictions for the future.

Forward-looking statements are necessarily based upon a number of estimates and assumptions that, while considered reasonable by us at this time, are inherently subject to significant business, economic and competitive uncertainties and contingencies that may cause our actual financial results, performance, or achievements to be materially different from those expressed or implied herein and many of which are outside our control.

Some of the material factors or assumptions used to develop forward-looking statements include, without limitation, the uncertainties associated with: our ability to complete the transactions contemplated by the Memorandum of Understanding (the "MOU") we entered into with the Bolivarian Republic of Venezuela ("Venezuela"), on February 24, 2016, with respect to the potential settlement, including the payment and resolution, of the amounts awarded (including pre and post award interest and legal costs) (the "Arbitral Award") by the International Centre for Settlement of Investment Disputes ("ICSID"), an amount yet to be agreed to by the parties in exchange for our contribution to the Brisas-Cristinas Project (as defined herein) of the technical mining data (the "Mining Data") related to our previous mining project in Venezuela known as the "Brisas Project" and the potential subsequent joint development and

financing of the Brisas-Cristinas Project by us and Venezuela; the ability of Venezuela to obtain financing on favorable terms, if at all, to fund the contemplated payments to us pursuant to the Arbitral Award or the other transactions contemplated by the MOU; risks associated with the concentration of our potential future operations and assets in Venezuela; the timing of our enforcement or collection of the Arbitral Award if the transactions contemplated by the MOU are not concluded; actions and/or responses by the Venezuelan government in connection with the negotiation of definitive documentation pursuant to the MOU and/or with respect to our ongoing collection efforts related to the Arbitral Award; economic and industry conditions influencing the sale of the equipment related to the Brisas Project; conditions or events impacting our ability to fund our operations and/or service our debt; our ability to maintain listing of our Class A common shares on the TSX Venture Exchange (the "TSXV"); and our long-term plans for identifying and achieving revenue producing operations.

Forward-looking statements involve risks and uncertainties, as well as assumptions that may never materialize, prove incorrect or materialize other than as currently contemplated which could cause our results to differ materially from those expressed or implied by such forward-looking statements. The words “believe,” “anticipate,” “expect,” “intend,” “estimate,” “plan,” “may,” “could” and other similar expressions that are predictions of or indicate future events and future trends, which do not relate to historical matters, identify forward-looking statements. Any such forward-looking statements are not intended to provide any assurances as to future results.

Numerous factors could cause actual results to differ materially from those described in the forward-looking statements, including without limitation:

- our ability to reach agreement with Venezuela on definitive documentation for the transactions contemplated by the MOU and complete such transactions;
- the timing of the conclusion of the transactions contemplated by the MOU or our collection of the Arbitral Award, if at all;
- the ability of Venezuela to obtain financing on favorable terms, if at all, to fund the contemplated payments pursuant to the Arbitral Award or the other transactions contemplated by the MOU, including the potential development of the Brisas-Cristinas Project;
- value realized from the disposition of the Mining Data, if any, pursuant to the transactions contemplated by the MOU or otherwise;
- our ability with Venezuela to obtain the approval of the National Executive Branch of the Venezuelan government to create a special economic zone or otherwise provide tax and other economic benefits for the activities of the jointly owned entity (which we refer to herein as the “mixed company”) contemplated by the MOU;
- our ability to repay our outstanding notes and associated interest in cash, if required, satisfy our obligations under our outstanding contingent value rights CVRs or make a distribution of any remaining funds to our shareholders after repaying our then existing obligations following any payment by Venezuela pursuant to the Arbitral Award or with respect to our contribution of the Mining Data to the mixed company,;
- the costs associated with the enforcement and collection of the Arbitral Award, including the costs that we may incur in connection with the completion of the MOU;
- the complexity and uncertainty of varied legal processes in multiple international jurisdictions associated with our ongoing efforts to collect the Arbitral Award;
- concentration of our potential future operations and assets, if any, in Venezuela;
- the potential for corruption and uncertain legal enforcement, civil unrest, military actions and crime in Venezuela and its impact on our potential future operations in Venezuela;
- risks associated with future exploration and development of the Brisas-Cristinas Project;
- our current liquidity and capital resources and access to additional funding in the future when required;
- continued servicing or restructuring of our outstanding Notes or other obligations as they come due;
- our ability to maintain continued listing of our Class A common shares on the TSXV;

Edgar Filing: GOLD RESERVE INC - Form 40-F

- shareholder dilution resulting from restructuring, refinancing or conversion of our outstanding Notes or from the sale of additional equity;
- value realized from the disposition of the remaining Brisas Project related assets, if any;
- prospects for our exploration and development of Brisas-Cristinas Project and/or the LMS Gold Project, as described in the attached Annual Information Form Exhibit 99.1 ;
- currency, metal prices and metal production volatility;
- adverse U.S. and/or Canadian tax consequences;

Form 40-F – Page 3

- or ability to attract new employees, if required, and the continued participation of existing employees; and
- other risks normally incident to the exploration, development and operation of mining properties.

This list is not exhaustive of the factors that may affect any of our forward-looking statements. See "*Risk Factors*" in Management's Discussion and Analysis for the fiscal year ended December 31, 2015 is included herein as Exhibit 99.3.

Investors are cautioned not to put undue reliance on forward-looking statements, whether in this document, other documents periodically filed with the Securities and Exchange Commission (the "SEC") or other securities regulators or presented on our website. Forward-looking statements speak only as of the date made. All subsequent written and oral forward-looking statements attributable to us or persons acting on our behalf are expressly qualified in their entirety by this notice. We disclaim any intent or obligation to update publicly or otherwise revise any forward-looking statements or the foregoing list of assumptions or factors, whether as a result of new information, future events or otherwise, subject to our disclosure obligations under applicable rules promulgated by the SEC and the Ontario Securities Commission (the "OSC"). Investors are urged to read our filings with U.S. and Canadian securities regulatory authorities, which can be viewed online at www.sec.gov and www.sedar.com, respectively.

Attestation Report of The Registered Public Accounting Firm

The effectiveness of our internal control over financial reporting as of December 31, 2015 has been audited by PricewaterhouseCoopers LLP, independent auditors, as stated in their report included herein as part of Exhibit 99.2.

CHANGES IN INTERNAL CONTROL OVER FINANCIAL REPORTING

During the fiscal year ended December 31, 2015, there were no changes in our internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting (as defined in Rules 13(a)-15(f) and 15d-15(f) under the Exchange Act).

AUDIT COMMITTEE

Our Board of Directors (the "Board") has a separately-designated standing Audit Committee for the purpose of overseeing our accounting and financial reporting processes and audits of our annual financial statements. As at the date of the Annual Report, the following individuals comprise the entire membership of our Audit Committee, which has been established in accordance with Section 3(a)(58)(A) of the Exchange Act:

Patrick McChesney (Chair)

Jean Charles Potvin

James P Geyer

Our Audit Committee's Charter can be found on our website at www.goldreserveinc.com in the Investor Relations section under "Governance."

Independence. The Board has made the affirmative determination that all members of the Audit Committee are "independent" pursuant to the criteria outlined by the Canadian National Instrument 52-110 - Audit Committees and Rule 10A-3 of the Exchange Act.

Audit Committee Financial Expert. Mr. McChesney, now a business consultant, was most recently a financial executive for an automotive sales group and has served in similar positions for a number of other companies. Mr. Potvin is a director and President of Murchison Minerals Ltd. (formerly Flemish Gold Corp.), has a MBA-Finance degree and was an investment analyst at Burns Fry Ltd for 13 years. Mr. Geyer has a Bachelor of Science in Mining Engineering from the Colorado School of Mines, has substantial experience in underground and open pit mining and has held engineering and operations positions with a number of companies including AMAX and ASARCO and has had previous audit committee experience with another public company.

The Board has determined that Mr. McChesney is an "audit committee financial expert" as such term is defined under Item 8(b) of General Instruction B to Form 40-F. The SEC has indicated that the designation of Mr. McChesney as an audit committee financial expert does not make Mr. McChesney an "expert" for any purpose, impose any duties, obligations or liabilities on Mr. McChesney that are greater than those imposed on other members of the Audit Committee and Board who do not carry this designation or affect the duties, obligations or liability of any other

member of the Audit Committee and Board.

CODE OF ETHICS

We have adopted a Code of Conduct and Ethics (the "Code") that is applicable to all our directors, officers and employees. The Code contains general guidelines for conducting our business. The Code was amended and approved by the Board effective March 24, 2006. No waivers to the provisions of the Code have been granted since its inception. We intend to disclose future amendments to, or waivers from, certain provisions of the Code on our website within five business days following the date of such amendment or waiver. A copy of the Code can be found on our website at www.goldreserveinc.com in the Investor Relations section under "Governance." We believe that the Code constitutes a "code of ethics" as such term is defined by Item 9(b) of General Instruction B to Form 40-F.
