FORWARD-LOOKING INFORMATION

Statements in this Proxy Statement not based on historical facts are considered “forward-looking” and, accordingly, involve risks and uncertainties that could cause actual results to differ materially from those discussed. Although such forward-looking statements have been made in good faith and are based on reasonable assumptions, there is no assurance that the expected results will be achieved. These statements include (without limitation) statements as to future expectations, beliefs, plans, strategies, objectives, events, conditions and financial performance. These statements are intended to constitute “forward-looking” statements in connection with the “safe harbor” provisions of the Private Securities Litigation Reform Act of 1995. Winnebago Industries, Inc., an Iowa corporation (the “Company,” “Winnebago Industries,” “we,” “us” and “our”), is providing this cautionary statement to disclose that there are important factors that could cause actual results to differ materially from those anticipated. Reference is made to our Annual Report on Form 10-K for the fiscal year ended August 27, 2011 (the “2011 Form 10-K”) filed with the Securities and Exchange Commission (the “SEC”) for a list of such factors.

PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation by our Board of Directors of proxies to be used at the Annual Meeting of Shareholders to be held in our South Office Complex Theater, 605 West Crystal Lake Road, Forest City, Iowa on December 13, 2011, at 4:00 p.m., Central Standard Time, and at any and all adjournments thereof (the “Annual Meeting” or the “Meeting”).

In accordance with rules and regulations adopted by the SEC, instead of mailing a printed copy of our proxy materials to each shareholder of record, we are now furnishing proxy materials to our shareholders on the Internet. If you received a Notice of Internet Availability of Proxy Materials by mail, you will not receive a printed copy of the proxy materials, unless specifically requested. Instead, the Notice of Internet Availability of Proxy Materials will instruct you as to how you may access and review all of the important information contained in the proxy materials. The Notice of Internet Availability of Proxy Materials also instructs you as to how you may submit your proxy on the Internet. If you received a Notice of Internet Availability of Proxy Materials by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials included in the Notice of Internet Availability of Proxy Materials.

It is anticipated that the Notice of Internet Availability of Proxy Materials will be mailed to shareholders on or about October 25, 2011.

Only holders of Common Stock of record at the close of business on October 4, 2011 will be entitled to Notice of Internet Availability of Proxy Materials and to vote at the Annual Meeting. At such date, we had outstanding 29,137,648 shares of Common Stock, par value \$.50 per share (“Common Stock”). Each share of Common Stock entitles the holder to one vote upon each matter to be voted upon at the meeting. A majority of the outstanding shares of Common Stock represented in person or by proxy will constitute a quorum for the Annual Meeting.

If you have returned your properly signed proxy or attend the Meeting in person, your Common Stock will be counted for the purpose of determining whether there is a quorum.

If you hold shares in your own name, by submitting a proxy you may either vote for or withhold authority to vote for each nominee for the Board of Directors, you may vote in favor or against or abstain from the ratification of the appointment of independent registered public accountants, you may vote in favor or against or abstain from the approval on an advisory basis of the executive compensation disclosed in this Proxy Statement, and you may vote, on an advisory basis, or you may abstain, on the frequency of the vote of the executive compensation disclosed in this Proxy Statement. If you sign and submit your proxy card without voting instructions, your shares will be voted for each director nominee and for the ratification of the appointment of independent registered public accountants. If you hold shares through a broker, follow the voting instructions provided by your broker. If you want to vote in person, a legal proxy must be obtained from your broker and brought to the Meeting. The New York Stock Exchange (“NYSE”) permits brokers to vote their customers' shares on routine matters when the brokers have not received voting

instructions from their customers. The ratification of the appointment of independent registered public accountants is an example of a routine matter on which brokers may vote in this way. Brokers may not vote their customers' shares on non-routine matters such as shareholder proposals unless they have received voting instructions from their customers. Under NYSE rules, brokers are also not permitted to exercise discretionary voting authority with respect to shares for which voting instructions have not been received, as such voting authority pertains to the election of directors (whether contested or uncontested) and to matters relating to executive compensation. As a result of the NYSE rules, brokers may not vote their customers' shares in the following matters to be considered at the Annual Meeting: Item (1): Election of Directors; Item (3): Proposal For an Advisory Vote on Executive Compensation (the "Say on Pay" Vote); and Item (4): Proposal For an Advisory Vote on the Frequency of "Say on Pay" Votes. Directors must be elected by a plurality of the votes cast at the Meeting. This means that the three nominees receiving the greatest number of votes will be elected as directors. Votes withheld from any nominee will still be counted for the purposes of establishing a quorum but will have no legal effect on the election of directors due to the fact that such elections are by a plurality of the votes cast. The ratification of the appointment of the independent registered public accountants requires the affirmative vote of a majority of those shares of Common Stock present in person or represented by proxy. Withheld votes and abstentions with respect to the

Table of Contents

ratification of the appointment of independent registered public accountants will have the same effect as a vote against the matter.

In addition, while the Board of Directors intends to carefully consider the shareholder votes resulting from the proposals under Item (3): Proposal For an Advisory Vote on Executive Compensation (the "Say on Pay" Vote) and Item (4): Proposal For an Advisory Vote on the Frequency of "Say on Pay" Votes, the final votes of shareholders will not be binding on the Company, but will be advisory in nature.

We are not now aware of any matters to be presented at the Annual Meeting other than the election of the three nominees described in this Proxy Statement, the ratification of the appointment of independent registered public accountants, the advisory approval of executive compensation, and the advisory approval on the frequency of executive compensation shareholder votes. If any matters not described in this Proxy Statement are properly presented at the Meeting, the proxies will use their personal judgment to determine how to vote your shares. If the Meeting is adjourned, the proxies can vote your Common Stock on the new Meeting date as well, unless you have revoked your proxy instructions.

Before the Meeting, you can appoint a proxy to vote your shares of Common Stock by following the instructions as set forth in the Notice of Internet Availability of Proxy Materials. If, by request, you have received a printed copy of our proxy materials, you can appoint a proxy to vote your shares of Common Stock (i) by using the Internet (<http://www.eproxy.com/wgo/>), (ii) by calling the toll-free telephone number (1-800-560-1965) or (iii) you may indicate your vote by completing, signing and dating the proxy card where indicated and returning the card to us by 12:00 p.m. Central Standard Time on December 12, 2011.

If a proxy card is executed and returned, it may nevertheless be revoked at any time insofar as it has not been exercised. A person may revoke a proxy electronically by entering a new vote via the Internet or by telephone or a proxy may be revoked by (i) giving written notice to the Secretary of the Company (the "Secretary"), (ii) subsequently granting a later-dated proxy, (iii) attending the Meeting and voting in person or (iv) executing a proxy designating another person to represent you at the Meeting and voting by your representative at the Meeting. Unless revoked, the shares represented by validly executed proxies will be voted at the Meeting in accordance with the instructions indicated thereon. To revoke a proxy by telephone or the Internet, you must do so by 12:00 p.m. Central Standard Time on December 12, 2011 (following the directions on the instructions as set forth in the Notice of Internet Availability of Proxy Materials or in the printed proxy materials received by request). Attendance at the Annual Meeting will not cause your previously granted proxy to be revoked unless you specifically so request.

If no instructions are indicated on a proxy that is signed and received by us, it will be voted: (i) for the election of the three nominees for director named below (Item 1), (ii) for the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accountants for Fiscal 2012 (Item 2), (iii) for the advisory approval of executive compensation (Item 3), (iv) for the advisory approval of an executive compensation shareholder vote each year (Item 4), and (v) in the discretion of the named proxies upon such other matters as may properly come before the Meeting.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Reporting Persons are required by the SEC regulations to furnish us with copies of all Section 16(a) forms they file. Based solely on its review of the copies of such forms received or written representations from certain Reporting Persons that no Forms 5 were required for those persons, we believe that, during Fiscal 2011, all Reporting Persons complied with all applicable filing requirements.

BOARD OF DIRECTORS, COMMITTEES OF THE BOARD AND CORPORATE GOVERNANCE

Board Leadership Structure. Our By-Laws and Corporate Governance Policy delegate to the Board of Directors the right to exercise its discretion to either separate or combine the offices of Chairman of the Board and CEO. This decision is based upon the Board's determination of what is in the best interests of Winnebago Industries and our shareholders, in light of then current and anticipated future circumstances and taking into consideration succession planning, skills and experience of the individual(s) filling those positions, and other relevant factors.

At the beginning of Fiscal 2011, upon evaluating the current facts and circumstances relating to the leadership structure of the Board, the Board believed that the interests of Winnebago Industries and its shareholders were best served by a Board leadership structure that continued to combine the roles of Chairman of the Board and CEO with Mr. Robert J. Olson filling those roles primarily because of Mr. Olson's extensive executive management and leadership experience with Winnebago Industries as the Chairman and CEO and former President, Senior Vice President-Operations and Vice President-Manufacturing; a total of 42 years of experience with Winnebago Industries; strong strategic planning, financial, operations, manufacturing and administrative skills and experience; contributions as a current Board member; demonstration of having the highest professional and personal ethics; commitment to enhancing shareholder value; and good working relationship with other Board members.

Subsequent to this determination by the Board, on June 21, 2011, the Nominating and Governance Committee recommended and the Board of Directors elected Randy J. Potts to the position of CEO in addition to his position of President. Mr. Potts has been our CEO and President since June 2011 and President since January 2011. Mr. Potts previously served as Senior Vice President, Strategic Planning; Vice President, Manufacturing; Director of Manufacturing, and as General Manager of Manufacturing Services - a total of 28 years with Winnebago Industries, with strategic planning, manufacturing and administrative skills and experience.

In connection with the election of Mr. Potts as CEO, the Board determined that the Board leadership structure that is most appropriate, given the specific characteristics and circumstances of the Company, the skills and experience of Mr. Olson and Mr. Potts and succession planning considerations, is a leadership structure based on the experienced leadership afforded by a full-time executive Chairman of the Board (currently Mr. Olson, former President and CEO of the Company) and a full-time CEO and President (currently Mr. Potts), both positions being subject to oversight and review by the Company's independent directors.

In addition, when the Chairman of the Board is the CEO or a Winnebago Industries employee, we have a designated independent Lead Director (as defined below), selected by directors who are not Winnebago Industries employees ("Non-Employee Directors"), with clearly delineated and comprehensive duties and responsibilities as set forth in our Corporate Governance Policy; this provides us with a strong counterbalancing governance and leadership structure that is designed so that independent Directors exercise oversight of our management ("Management") and key issues related to strategy and risk. In addition, only independent Directors serve on the Audit Committee, the Human Resources Committee and the Nominating and Governance Committee of the Board; moreover, Non-Employee Directors regularly hold executive sessions of the Board outside the presence of the Chairman and CEO or any other Winnebago employee and meet regularly in private session with the CEO; the Board's independent Directors also hold executive sessions at least once each year; such executive sessions are led by the Lead Director; and we have established a Shareholder and Other Interested Party Communications Policy for all shareholders and other interested parties.

The Board recognizes that, depending on the specific characteristics and circumstances of the Company, other leadership structures might also be appropriate. The Company is committed to reviewing this determination on an annual basis.

Lead Director. According to the Company's Corporate Governance Policy, when the Chairman of the Board is also the CEO or an employee of the Company, the Non-Employee Directors shall select an independent director to preside or lead at each executive session (the "Lead Director"). The Company's Corporate Governance Policy sets forth the authority, duties and responsibilities of the Board of Directors' Lead Director as follows: convene and chair meetings of the Non Employee Directors in executive session at each Board meeting; convene and chair meetings of the independent directors in executive session no less than once each year; preside at all meetings of the Board at which the Chairman is not present, including executive sessions of the non-management directors and independent directors; solicit the Non-Employee Directors for advice on agenda items for meetings of the Board; serve as a liaison between the Chairman and CEO and the Non Employee Directors; collaborate with the Chairman

Table of Contents

and CEO in developing the agenda for meetings of the Board and approve such agendas; consult with the Chairman and CEO on information that is sent to the Board; collaborate with the Chairman and the CEO and the Chairpersons of the standing committees in developing and managing the schedule of meetings of the Board and approve such schedules; and if requested by major shareholders, ensure that he or she is available for consultation and direct communication. In performing the duties described above, the Lead Director is expected to consult with the Chairs of the appropriate Board committees and solicit their participation. The Lead Director also performs such other duties as may be assigned to the Lead Director by the Company's By-Laws or the Board.

Committees of the Board. The Board has established standing Audit, Human Resources and Nominating and Governance Committees to assist it in the discharge of its responsibilities. Each of such committees is governed by a written charter.

The principal responsibilities of each of these committees are described below.

Audit Committee. Each year, the committee appoints independent registered public accountants to examine our financial statements. It reviews with representatives of the independent registered public accountants the auditing arrangements and scope of the independent registered public accountants' examination of the books, results of those audits, any non-audit services, their fees for all such services and any problems identified by and recommendations of the independent registered public accountants regarding internal controls. Others in regular attendance at the Audit Committee meeting typically include: the Chairman; the CEO; the CFO; the Vice President, General Counsel and Secretary; the Treasurer; and the Internal Audit Manager. The Audit Committee meets at least annually with the CFO, the internal auditors and the independent auditors in separate executive sessions. The Audit Committee is also prepared to meet privately at any time at the request of the independent registered public accountants or members of our Management to review any special situation arising on any of the above subjects. The Audit Committee also performs other duties as set forth in its written charter which is available for review on our Web Site at <http://www.winnebagoind.com/governance.html>. The Audit Committee annually reviews its written charter and recommends to the Board such changes as it deems necessary. Reference is also made to the "Report of the Audit Committee" herein.

Human Resources Committee. The Human Resources Committee's charter, which is available for review on our Web Site at <http://www.winnebagoind.com/governance.html>, establishes the scope of the committee's duties to include: (1) reviewing and approving corporate goals and objectives relevant to compensation of our CEO, evaluating

performance and compensation of our CEO in light of such goals and objectives and establishing compensation levels for other executive officers; (2) overseeing the evaluation of our executive officers (other than the CEO) and approving the general compensation program and salary structure of such executive officers; (3) administering and approving awards under our incentive compensation and equity-based plan; (4) reviewing and approving any executive employment agreements, severance agreements, and change in control agreements and determining policy with respect to Section 162(m) of the Internal Revenue Code of 1986 (the “IRC”); (5) from time to time, reviewing the list of peer group of companies to which we compare ourself for compensation purposes; (6) reviewing and recommending to the Board retainer fees, attendance fees, and other compensation, if any, to be paid to Non-Employee Directors; (7) reviewing and discussing with Management the Compensation Discussion and Analysis section of our Form 10-K and proxy statement; and (8) preparing an annual report on executive compensation for our Form 10-K and proxy statement.

Role of Executive Officers — In Fiscal 2011, the Human Resources Committee delegated authority to designated members of Management to approve employment compensation packages for certain employees, not including the Named Executive Officers (as defined below), under certain circumstances. Prior to and during Fiscal 2011, Mr. Olson, as Chairman, CEO and President, recommended to the committee proposals for base salary, target short-term incentive levels, actual short-term incentive payouts and long-term incentive grants for the other Named Executive Officers for Fiscal 2011. The committee

Table of Contents

separately considers, discusses, modifies as appropriate, and takes action on such proposals and the compensation of the Chairman, CEO and President. See "Compensation Discussion and Analysis-Role of Executive Officers in Compensation Decisions" below for further detail.

Role of Compensation Consultants — The Human Resources Committee has periodically utilized an outside compensation consultant for matters relating to executive compensation. In Fiscal 2011, the committee retained a compensation consultant, Towers Watson, to conduct a new study on executive compensation for Fiscal 2012 that was reviewed by the committee in June 2011. No executive compensation decisions for Fiscal 2011 for Named Executive Officers were made in reliance on this June 2011 Towers Watson study. As described in "Compensation Discussion and Analysis - Competitive Benchmarking" below, compensation decisions made prior to June 2011 relied in part upon a Towers Watson (formerly Towers Perrin) consultants study conducted in 2007 for executive compensation matters beginning in Fiscal 2007.

Nominating and Governance Committee. The Nominating and Governance Committee's charter, which is available for review on our Web Site at <http://www.winnebagoind.com/governance/html>, establishes the scope of the committee's duties to include: (1) adopting policies and procedures for identifying and evaluating director nominees, including nominees recommended by shareholders; (2) identifying and evaluating individuals qualified to become Board members, considering director candidates recommended by shareholders and recommending that the Board select the director nominees for the next annual meeting of shareholders; (3) establishing a process by which shareholders and other interested parties will be able to communicate with members of the Board; and (4) developing and recommending to the Board a Corporate Governance Policy applicable to the Company. The committee recommended to the Board the director-nominees proposed in this Proxy Statement for election by the shareholders. It reviews the qualifications of, and recommends to the Board, candidates to fill Board vacancies as they may occur during the year. The Nominating and Governance Committee will consider suggestions from all sources, including shareholders, regarding possible candidates for director in accordance with our Director Nomination Policy, as discussed below. See also, "Fiscal Year 2012 Shareholder Proposals" below for a summary of the procedures that shareholders must follow.

Our Board of Directors held five meetings during Fiscal 2011. Actions taken by any committee of the Board are reported to the Board of Directors, usually at its next meeting. During Fiscal 2011, all of the directors attended more than 75 percent of the aggregate of Board of Directors' meetings and meetings of committees of the Board on which they served. Our Corporate Governance Policy, discussed below, encourages, but does not require, Board members to attend the Annual Meeting. At the last annual meeting, six of eight directors were in attendance.

Executive Sessions of Non-Employee Directors — Non-Employee Directors meet privately in executive sessions to consider such matters as they deem appropriate, without Management being present, as a routinely scheduled agenda item for every Board meeting. An executive session including only independent directors, as defined in the NYSE listing standards and the Director Nomination Policy (as defined below), is held at least once a year. During Fiscal 2011, all Non-Employee Directors were independent. See "Director Independence" below. Director Gerald C. Kitch was chosen as Lead Director to preside at such executive sessions.

The Board has adopted the Corporate Governance Policy which incorporates the corporate governance principles by which we operate. The Nominating and Governance Committee annually reviews the Corporate Governance Policy and recommends any changes to the Board. A copy of our Corporate Governance Policy is available on our Web Site at <http://www.winnebagoind.com/governance.html>.

Nominations of Directors Policy. The Nominating and Governance Committee has adopted a Director Nomination Policy (attached as Appendix A to this Proxy Statement) (the "Director Nomination Policy") to assist it in fulfilling its duties and responsibilities in consideration of director nominations.

Briefly, the Nominating and Governance Committee will consider as a candidate any director who has indicated to the Nominating and Governance Committee that he or she is willing to stand for re-election, and who has not reached the age of 75 years prior to the date of re-election to the Board, as well as any other person who is recommended by any shareholder who provides the required information and certifications within the specified time requirements, as set forth in the Director Nomination Policy. The Nominating and Governance Committee may also undertake its own search process for candidates and may retain the services of professional search firms or other third parties to assist in identifying and evaluating potential nominees.

In considering a potential nominee for the Board, candidates also will be assessed in the context of the then current composition of the Board, the operating requirements of the Company and the long term interests of all shareholders. In conducting this assessment, the Nominating and Governance Committee will consider diversity (including, but not limited to, age, experience and skills) and such other factors as it deems appropriate given the then current and anticipated future needs of the Board and the Company, and to maintain a balance of perspectives, qualifications, qualities and skills on the Board. Although the Nominating and Governance Committee may seek candidates that have different qualities and experiences at different times in order to maximize the aggregate experience, qualities and strengths of the Board members, nominees for each election or appointment of directors will be evaluated using a substantially similar process, without regard to race, religion, gender, national origin or other protected category, and under no circumstances will the Nominating and Governance Committee evaluate nominees recommended by a shareholder of the Company pursuant to a process substantially different than that used for other nominees for the same election

Table of Contents

or appointment of directors. The Nominating and Governance Committee considers and assesses the implementation and effectiveness of this process in connection with Board nominations annually to assure that it contains an effective mix of individuals to best further the Company's long-term business interests.

Other than the foregoing, there are no stated minimum criteria for director nominees, although the Nominating and Governance Committee may also consider such other factors as it may deem are in the best interests of the Company and its shareholders. The Nominating and Governance Committee does, however, believe it appropriate for at least one member of the Board to meet the criteria as an "audit committee financial expert" as defined by SEC rules.

Policy and Procedures With Respect to Related Person Transactions. The Board of Directors adopted the Winnebago Industries, Inc. Related Person Transaction Policy and Procedures, which provides that the Nominating and Governance Committee will review and approve Related Person Transactions (as defined below); provided that the Human Resources Committee will review and approve the compensation of each employee who is an immediate family member of a director or executive officer and whose compensation exceeds \$120,000. The Chair of the Nominating and Governance Committee has delegated authority to act between committee meetings.

The policy defines a "Related Person Transaction" as a transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which we were, are or will be a participant and the amount involved exceeds \$120,000 and in which any Related Person (as defined below) had, has or will have a direct or indirect material interest, other than:

- (1) competitively bid or regulated public utility services transactions,
- (2) transactions involving trustee type services,
- (3) transactions in which the Related Person's interest arises solely from ownership of our equity securities and all equity security holders received the same benefit on a pro rata basis,
- (4) an employment relationship or transaction involving an executive officer and any related compensation solely resulting from that employment relationship or transaction if:
 - (i) the compensation arising from the relationship or transaction is or will be reported pursuant to the SEC's executive and director compensation proxy statement disclosure rules; or
the executive officer is not an immediate family member of another executive officer or director and such compensation would have been reported under the SEC's executive and director compensation proxy statement disclosure rules as compensation earned for services if the executive officer was a "named executive officer," as that term is defined in the SEC's executive and director compensation proxy statement disclosure rules, and such compensation has been or will be approved, or recommended to our Board of Directors for approval, by the Human Resources Committee of our Board of Directors, or
 - (ii) if the compensation of or transaction with a director is or will be reported pursuant to the SEC's executive and director compensation proxy statement disclosure rules.
- (5) if the compensation of or transaction with a director is or will be reported pursuant to the SEC's executive and director compensation proxy statement disclosure rules.

"Related Person" is defined as (1) each director, director nominee and executive officer, (2) 5 percent or greater beneficial owners, (3) immediate family members of the foregoing persons and (4) any entity in which any of the foregoing persons is a general partner or principal or in a similar position or in which such person and all other related persons to such person has a 10 percent or greater beneficial interest.

The Nominating and Governance Committee will assess whether a proposed transaction is a Related Person Transaction for purposes of the policy. Under the policy, the Chairman of the Nominating and Governance Committee has the authority to pre-approve or ratify (as applicable) any Related Person Transaction with a Related Person in which the aggregate amount involved is expected to be less than \$500,000.

The policy recognizes that certain Related Person Transactions are in our best interests and of our shareholders. Each of the following Related Person Transactions are deemed to be pre-approved by the Nominating and Governance

Committee pursuant to the policy, even if the aggregate amount involved will exceed \$120,000:

Certain transactions with other companies. Any transaction with another company at which a Related Person's only relationship is as an employee (other than an executive officer), director or beneficial owner of less than 10 percent of that company's shares, if the aggregate amount involved does not exceed the greater of \$1,000,000, or 2 percent of that company's total annual revenues.

Certain Company charitable contributions. Any charitable contribution, grant or endowment by Winnebago Industries or the Winnebago Industries Foundation to a charitable organization, foundation or university at which a Related Person's only relationship is as an employee (other than an officer), if the aggregate amount involved does not exceed \$100,000.

The approval procedures in the policy identify the factors the Nominating and Governance Committee will consider in evaluating whether to approve or ratify Related Person Transactions or material amendments to pre-approved Related Person Transactions. The Nominating and Governance Committee will consider all of the relevant facts and circumstances available to the Nominating and Governance Committee, including (if applicable) but not limited to: whether the Related Person Transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances, the extent of the Related Person's interest in the transaction, and whether the proposed Related Person Transaction is in compliance with or would

require disclosure under applicable SEC rules and regulations, NYSE listing requirements and our policies.

The policy provides for the annual pre-approval by the Nominating and Governance Committee of certain Related Person Transactions that are identified in the policy, as the policy may be supplemented and amended. For Fiscal 2011, the Nominating and Governance Committee approved, in accordance with the policy, our banking relations on customary terms with Manufacturers Bank & Trust Company (the "Bank"), Forest City, Iowa. The Bank is a wholly owned subsidiary of MBT Corp. John V. Hanson, a Company Director, owns approximately 33-1/3 percent of MBT Corp.'s outstanding stock. Mr. Hanson is also Chairman of the Board of the Bank and MBT Corp.

Corporate Governance Policies and Codes of Conduct. The Board of Directors has adopted a Corporate Governance Policy, a Director Nomination Policy, a Shareholder and Other Interested Party Communications Policy and written charters for its Audit Committee, Human Resources Committee and Nominating and Governance Committee.

The Board of Directors also has adopted a Code of Ethics applicable to all of our directors, officers and employees and the Code of Ethics for CEO and Senior Financial Officers (including the CFO and the Treasurer). These policies, charters, codes and other items relating to our governance are available on our Web Site at <http://www.winnebagoind.com/governance.html>. These documents are also available in print free of charge to any shareholder who requests them in writing from: Winnebago Industries, Inc., Attn: Vice President-General Counsel and Secretary, 605 West Crystal Lake Road, Forest City, Iowa 50436. Information contained on our Web Site is not incorporated into this Proxy Statement or other securities filings.

Director Independence. Under our Corporate Governance Policy and NYSE rules, the Board must have a majority of directors who meet the standards for independence under our Director Nomination Policy and applicable NYSE rules, respectively. The Board must determine, based on all of the relevant facts and circumstances, whether each director satisfies the criteria for independence. In accordance with the Director Nomination Policy, the Board undertook its annual review of director and director nominee independence. During this review, the Board considered all of the relevant facts and circumstances, including a review of all transactions and relationships between each director and director nominee or any member of his immediate family and the Company and its subsidiaries and affiliates. The Board also considered whether there were any transactions or relationships between directors, nominees or any member of their immediate family (or any entity of which a director, director nominee or an immediate family member is an executive officer, general partner or significant equity holder). As provided in the Director Nomination Policy, the purpose of this review was to determine whether any such relationships or transactions existed that were inconsistent with a determination that the director or nominee is independent. As a result of this review, the Board, at its meeting in October 2011, affirmatively determined that Mr. Aal (Class I director), Mr. Chiusano (Class II director), Mr. Currie (Class II director), Mr. England (Class I director), Mr. Erickson (Class II director), Mr. Hanson (Class III director), Mr. Kitch (Class III director), and Mr. Mark T. Schroepfer (nominee for Class III director), are independent as defined by the relevant provisions of applicable law, the NYSE listing standards and our Director Nomination Policy and that each independent director has no material relationship with Winnebago Industries.

As a result, all members of the Audit Committee, Human Resources Committee and Nominating and Governance Committee are independent under these standards.

Mr. Olson (Class III director and nominee for re-election) is not considered independent because of his employment as Chairman of the Company. Mr. Potts (nominee for Class III director) is not considered independent because of his employment as CEO and President of the Company.

Shareholder and Other Interested Party Communications with Directors. The Nominating and Governance Committee has adopted a policy for shareholders and other interested parties to send communications to the Board. Shareholders and other interested parties who desire to communicate with our directors or a particular director may write to:

Winnebago Industries, Inc., Attn: Vice President-General Counsel and Secretary, 605 West Crystal Lake Road, Forest City, Iowa 50436; or e-mail: rbeebe@winnebagoind.com. All communications must be accompanied by the following information (i) if the person submitting the communication is a shareholder, a statement of the number of shares of Common Stock that the person holds; (ii) if the person submitting the communication is not a shareholder and is submitting the communication to the non-Management directors as an interested party, the nature of the person's interest in Winnebago Industries; (iii) any special interest, meaning an interest not in the capacity of a shareholder, of the person in the subject matter of the communication; and (iv) the address, telephone number and e-mail address, if any, of the person submitting the communication. Communications received from shareholders and other interested parties to the Board of Directors will be reviewed by the Vice President-General Counsel and Secretary, or such other person designated by all non-Management members of the Board, and if they are relevant to, and consistent with, our operations and policies that are approved by all non-Management members of the Board, they will be forwarded to the Lead Director or applicable Board member or members as expeditiously as reasonably practicable.

Risk Management Oversight Process. We face a number of material risks, including financial and operational risks. Given the importance of monitoring these risks, the Board has charged its Audit Committee with oversight responsibility of the Company's overall risk management practices and policies, which includes the review with Management of policies and analyses with respect to financial risk and fraud risk assessment and related risk management. The Audit Committee meets on a regular basis to review the business risk management practices, at which time applicable members of senior management, including our Chairman, CEO, and CFO, provide reports to the Audit Committee. While the Audit Committee retains this oversight responsibility, it coordinates this

Table of Contents

oversight with other committees of the Board having primary oversight responsibility for specific risks (see “Committees of the Board” above). Each of the Board's standing committees, in turn, receives regular reports from members of senior management concerning Management's assessment of Company risks within the purview of such committee.

Notwithstanding the Board's oversight delegation to the Audit Committee, the entire Board is actively involved in risk oversight. The Audit Committee annually reviews for the Board which committees maintain oversight responsibilities described above and the overall effectiveness of the policies and programs. In addition, at each of its meetings, the Board receives a report from the Chair of the Audit Committee, as well as from the Chair of each of the Board's other standing committees, each of which is chaired by an independent director. The Board then discusses and deliberates on the Company's risk management policies and practices. Through the process outlined above, the Board believes that the leadership structure of the Board supports effective oversight of the Company's risk management.

DIRECTOR COMPENSATION

Employee directors receive no additional compensation for serving on the Board or its committees. In Fiscal 2009, as a result of economic conditions affecting the broader U.S. economy and our financial performance, the Board reduced the annual retainer paid to Non-Employee Directors by 20 percent from \$25,000 to \$20,000 per annum beginning March 25, 2009 (paid in monthly installments). These reductions in the annual board retainer remained in place through Fiscal 2010 and continued through the second fiscal quarter of Fiscal 2011. The Board of Directors reversed the annual retainer reduction beginning in March 2011. During Fiscal 2011, all Non-Employee Directors also received a \$1,000 per day attendance fee for Board and committee meetings and a \$500 fee for participation in Board or committee meetings held telephonically. During Fiscal 2011, the Audit Committee Chairman received an annual retainer of \$5,000 (paid in monthly installments) and the Chairmen of other Board Committees received an annual retainer of \$4,000 (paid in monthly installments).

Commencing in Fiscal 2007, each Non-Employee Director received an annual restricted stock grant of 1,000 shares pursuant to the Winnebago Industries, Inc. 2004 Incentive Compensation Plan, as amended (the “2004 Plan”). These restricted shares may not be sold until the Non-Employee Director retires from the Board. This annual grant of restricted stock was increased to 1,500 shares in Fiscal 2008. In Fiscal 2009 and Fiscal 2010, as part of our cost reduction measures, no awards of restricted stock or stock options were made to Non-Employee Directors. On March 23, 2011, the Board of Directors approved a restricted stock grant of 2,000 shares to each Non-Employee Director pursuant to the 2004 Plan.

Upon the review of a June 2011 Towers Watson study relating to director compensation, the Human Resources Committee recommended, and the Board of Directors approved, certain changes to Board compensation to take place at the beginning of Fiscal 2012. The adjustments, which were effective beginning September 2011, are intended to provide Non-Employee Directors with a competitive compensation package to continue to attract and retain well qualified Board members. Those adjustments provide for the following changes: annual retainer to increase from \$25,000 to \$30,000 (paid in monthly installments), Audit Committee Chairman receives an annual retainer increase from \$5,000 to \$10,000 (paid in monthly installments), the Chairmen of the other Board committees receive an annual retainer increase from \$4,000 to \$5,000 (paid in monthly installments), meeting fees to increase from \$1,000 to \$1,200 per day (regardless of the number of meetings attended in that day). Compensation for participation in Board or committee meetings telephonically remains at \$500.

(2) No awards of options, stock appreciation rights or similar equity-based compensation instruments that have option-like features were made in Fiscal 2011.

(3) No interest was paid in excess of 120% of the applicable federal long-term rates in effect during Fiscal 2011 under the Directors' Deferred Compensation Plan.

This amount includes a matching Company contribution equal to 25% of the cash retainer and fees that are deferred in Winnebago Stock Units at the election of directors Aal, Chiusano, England, Erickson and Kitch and are

(4) accrued under the Directors' Deferred Compensation Plan. The Winnebago Stock Units are to be settled 100% in Common Stock upon the earliest of the following events: director's termination of service, death or disability or a "change of control" the Company, as defined in said plan.

(5) None of the directors received perquisites and other personal benefits in an aggregate amount of \$10,000 or more.

Effective April 1, 1997, the Board of Directors adopted the Winnebago Industries, Inc. Directors' Deferred Compensation Plan (as amended, the "Directors' Deferred Compensation Plan"). The purpose of the Directors' Deferred Compensation Plan is to enable Non-Employee Directors (the "Participants") to receive their fees and retainers as members of the Board of Directors and Committees of the Board (the "Deferred Compensation") in a form other than as

direct payments. A Participant may elect to apply either 50 or 100 percent of his or her Deferred Compensation to either, but not both, of the following forms: "Money Credits" or "Winnebago Stock Units." Money Credits are units credited in the form of dollars in accordance with the Participant's election to such Participant's account established by the Company. The Money Credits accrue interest from the credit date. The interest rate to be applied to the Participant's Money Credits is the 30-year Treasury bond yield as of the first business day of the plan year. The Board of Directors may from time to time prescribe additional methods for the accrual of interest on Money Credits with respect to Deferred Compensation. Winnebago Stock Units are units credited in the form of Common Stock of the Company in accordance with the Participant's election to such Participant's account established by the Company. The Common Stock utilized for purposes of the Directors' Deferred Compensation Plan will be our treasury shares and like all Common Stock, generally, will accrue dividends, if any, paid by us on our Common Stock. Winnebago Stock Units will be recorded in such Participant's account on the basis of the mean between the high and the low prices of the Common Stock of the Company on the date upon which the account is to be credited, as officially reported by the NYSE. Any Participant investing Deferred Compensation in Winnebago Stock Units will receive a matching contribution from the Company equal to 25 percent of the Deferred Compensation so invested, which will be credited to the Participant's account and invested in Winnebago Stock Units. The matching contribution to a Participant's Winnebago Stock Unit account will vest on a graduated basis at the rate of 33-1/3

Table of Contents

percent for each complete 12-month period of service as a director following the effective date of the Directors' Deferred Compensation Plan. Any matching Winnebago Stock Units thereafter recorded in the Participant's account after the Participant's completion of 36 months of service after the effective date of the Directors' Deferred Compensation Plan will be fully vested and nonforfeitable. Notwithstanding the above, the Participant's Winnebago Stock Unit account will become fully vested upon his or her attainment of age 69-1/2 while serving as a director. Under the Directors' Deferred Compensation Plan, participants are restricted from selling the Common Stock underlying the Winnebago Stock Units until the date the participant retires from the Board of Directors. In the event that a Participant terminates his or her service as a director, any unvested Winnebago Stock Units will be forfeited by the director. The Winnebago Stock Units credited to Participant's accounts are included in the Common Stock ownership table under the caption "Voting Securities and Principal Holders Thereof." The directors, however, do not have any rights in or against any shares of Common Stock credited to their account.

In the event of any change in the outstanding shares of Common Stock of the Company by reason of any stock dividend or split, recapitalization, merger, consolidation, spin-off, reorganization, combination or exchange of shares or other similar corporate change, if the Directors' Deferred Compensation Plan administrator determines, in its sole discretion, that such change equitably requires an adjustment in the number of Winnebago Stock Units then held in a Participant's Winnebago Stock Unit account, such adjustments will be made by the Directors' Deferred Compensation Plan administrator and will be conclusive and binding for all purposes of said plan.

In the event of a "change of control" of the Company, as defined in the Directors' Deferred Compensation Plan, a Participant will receive a lump-sum distribution of his or her account within 30 days following his or her termination of service as a director after such change in control. Notwithstanding the above, in no event will a Participant's receipt of a distribution of Winnebago Stock Units from his or her accounts precede the six-month anniversary of his or her election to convert Deferred Compensation into Winnebago Stock Units.

Unless terminated earlier by the Board of Directors, the Directors' Deferred Compensation Plan terminates on June 30, 2013.

The 2004 Plan provides that Non-Employee Directors may receive "Stock Awards," "Performance Awards" or "Non-qualified Stock Options" each as defined under the 2004 Plan (collectively, "Director Awards") and may not be granted incentive stock options. Terms, conditions and limitations applicable to any Stock Awards or Performance Awards granted to a Non-Employee Director pursuant to this plan shall be determined by the Board. On the grant date, the grant price of a Non-qualified Stock Option shall be not less than the fair market value of the Common Stock subject to such Option. The term of the Non-qualified Stock Option shall extend no more than ten years after the grant date. Non-qualified Stock Options may not include provisions that "reload" the option upon exercise. Subject to the foregoing provisions, the terms, conditions and limitations applicable to any Non-qualified Stock Options awarded to directors pursuant to the 2004 Plan, including the grant price, the term of the Non-qualified Stock Options, the number of shares of Common Stock subject to the Non-qualified Stock Option and the date or dates upon which they become exercisable, shall be determined by the Human Resources Committee. No participant may be granted, during any fiscal year, Director Awards consisting of Stock Awards or Performance Awards covering or relating to more than 10,000 shares of Common Stock or Non-qualified Stock Options for more than 20,000 shares of Common Stock during any fiscal year.

Director Stock Ownership Guidelines — Our Corporate Governance Policy states that Non-Employee Directors have guidelines encouraging ownership of Common Stock, Stock Units or other equity equivalents equal in aggregate value to 250 percent of their annual director compensation.

ITEM 1

ELECTION OF DIRECTORS

Our Board of Directors is divided into three classes with staggered terms, each consisting of approximately one-third of the total number of the members of the Board of Directors. Directors are elected for a term of three years. At the Annual Meeting, the term of office of the Class III directors (Messrs. John V. Hanson, Gerald C. Kitch, and Robert J.

Olson) will expire, and three persons will be elected to serve in that class until the annual meeting following our Fiscal Year 2014 or until their respective successors is elected. The terms of office of the Class I and Class II directors will expire at the annual meetings following our Fiscal Years 2012 and 2013, respectively. Each of our directors and director nominees currently serves as a director or executive officer of the Company, except for Mr. Mark T. Schroepfer, who was recommended for nomination by a non-Management member of the Board.

At a meeting of the Board of Directors held on June 21, 2011, John V. Hanson and Gerald C. Kitch each notified the Company of his respective decision not to stand for re-election as a Class III director and to retire from the Board, effective as of the date of the Annual Meeting. Subsequently, on October 12, 2011, Joseph W. England submitted his resignation from the Board due to health reasons, to be effective on December 14, 2011. The Board has expressed its intention to appoint Mr. Kitch and Mr. Kitch has agreed to complete the unexpired portion of Mr. England's term as a Class I director beginning at its meeting on December 14, 2011. We thank Mr. Hanson and Mr. England for their service, contributions and leadership throughout their tenure as directors and, in the case of Mr. Hanson, for his many years of prior service as an officer of the Company.

Mr. Hanson, 69, has been a director since 1996, and also served as a director from 1967 to 1979 and from 1985 to 1989. Mr. Hanson is a former Deputy Chairman of the Board of Directors of Winnebago Industries and previously held numerous executive and management positions within the Company over many years. Based primarily upon Mr. Hanson's long-term experience and knowledge of Winnebago Industries, its business operations and work culture, his contributions to and insights of the recreational vehicle industry as a whole, his extensive executive management and leadership experience as the former Deputy Chairman of the

EXECUTIVE COMPENSATION

Overview

Our success has been and will be dependent on, among other things, our ability to attract, retain, motivate and reward the best talent available to us, including the employees identified in this Proxy Statement. The following provides an overview of the more detailed disclosure set forth in this section.

The primary objectives of our executive compensation programs are to attract and retain key executives critical to us; to align the interests of our Management with those of our shareholders; to integrate compensation with our business plans; and to reward for both business and individual performance, whereby a substantial portion of each executive officer's total compensation potential is a function of performance incentives.

Overall, we normally compensate our executive officers with base salary, annual incentive awards and long-term incentives. For our executives as a group, we generally emphasize a conservative base salary compensation. We alternatively provide the potential for a greater incentive compensation component of total executive compensation. Annual and long-term operational and strategic goals identified by Management and approved by the Human Resources Committee of the Board of Directors (the "Committee") are the foundation for the performance measurements used to determine annual and long-term incentive payouts to our executive officers.

Beginning in Fiscal 2009, we experienced economic conditions that were unprecedented within the history of the recreational vehicle industry. The decline in the U.S. economy during this period resulted in the demand for recreational vehicles reaching historically low levels. The recreational vehicle industry, and specifically the motor home market, has continued to be challenged, demonstrating only slight improvement during Fiscal 2010 and in Fiscal 2011. In direct response to the negative economic conditions affecting the broader U.S. economy and our economic performance during Fiscal 2009 and 2010, we initiated numerous cost reductions which were substantially continued through Fiscal 2011, including certain actions directly related to executive

Table of Contents

compensation. These compensation-related cost reductions, as more fully discussed in the “Compensation Discussion and Analysis” section below, include:

- elimination of annual merit-based salary increases for all salaried employees including executive officers;
- a substantial reduction of the base salary payable to executive officers, effective March 2009 continued through the first half of Fiscal 2011;
- a reduced level of 401(k) company matching contributions for all participants, including executive officers; and
- no payments made under our annual and long-term incentive compensation plans.

However, in order to effectively retain, incentivize and further align the interests of Management and the shareholders, we restored the base salary levels of all salaried employees, including executive officers, effective February 28, 2011, to the base salary levels that were in effect prior to March 2009. Certain additional base salary adjustments for Named Executive Officers were also made during Fiscal 2011 as a result of increased responsibility and promotion. In addition, restricted stock awards were granted to our key employees on March 23, 2011. No restricted stock awards had been granted since October 2007.

In light of the philosophy and objectives of our executive compensation program described below, we believe that the basic elements of compensation offered to our executives were appropriate for Fiscal 2011. Although we remain subject to the economic environment negatively affecting the recreational vehicle industry, we are determined to provide adequate compensation programs necessary to retain and motivate our executives to implement strategic initiatives we believe are necessary to increase shareholder value and maintain consistent profitability in the future.

Compensation Discussion and Analysis

The following Compensation Discussion and Analysis describes the material elements of our executive compensation program. Throughout this discussion, we refer to our Named Executive Officers. The following individuals are our Named Executive Officers for Fiscal 2011:

- Robert J. Olson, Chairman of the Board
- Randy J. Potts, CEO and President
 - Raymond M. Beebe, Vice President, General Counsel and Secretary
- Roger W. Martin, Vice President, Sales and Marketing
- Sarah N. Nielsen, Vice President, CFO
- William J. O’Leary, Vice President, Product Development

The Human Resources Committee. The Committee is responsible for discharging the Board’s responsibilities relating to the compensation of the Named Executive Officers, for approving and evaluating all compensation of Named Executive Officers, including salaries, bonuses, compensation plans and policies, and other incentive programs. The Committee members are all independent directors. The Committee acts pursuant to a charter that has been approved by our Board. Committee meetings are held regularly throughout the year, with four meetings typically held per fiscal year. The Committee meetings, in most instances, occur prior to regularly scheduled Board meetings, with telephonic meetings occurring as necessary. Other members of our Board of Directors are invited to attend the Committee meetings. In addition, others in regular attendance at the Committee meeting typically include the Chairman, the CEO and the Vice President, Administration.

Compensation Philosophy. The Committee believes that the most effective compensation program is one that is designed to reward the achievement of our specific annual, long-term and strategic goals, and which aligns executives’ interests with those of the shareholders by rewarding performance above established thresholds, with the ultimate objective of improving shareholder value. The Committee evaluates both performance and compensation to ensure that we maintain our ability to attract and retain superior employees in key positions and that compensation provided

to key employees remains competitive relative to the compensation paid to similarly situated executives of our Compensation Peers (as defined below). Accordingly, the Committee believes executive compensation packages provided to our executives, including the Named Executive Officers, should include both cash and stock-based compensation that reward performance as measured against established goals.

Compensation Objectives. The Committee has worked with Management to design the current executive compensation programs, following the belief that compensation should reflect the value created for the shareholders while furthering our strategic goals. In doing so, we instituted our compensation programs to achieve the following goals:

- align the interests of Management with those of shareholders;
- provide fair and competitive compensation;
- integrate compensation with our business plans;
- reward both business and individual performance; and
- attract and retain key executives critical to our success.

These objectives emphasize pay for performance by providing an incentive opportunity for at or above average performance. In accordance with these compensation objectives, the Named Executive Officers received no incentive compensation as a result of our economic performance in Fiscal 2011.

Competitive Benchmarking. In making compensation decisions, the Committee, at times, compares certain elements of total compensation against other comparable publicly traded and privately held companies in the same or related industry as ours, described below as the “Consultant Industry Group” and the “Proxy Industry Group” (collectively, the “Compensation Peers”).

The Committee has the sole authority to retain or terminate any compensation consultant used in the evaluation of compensation packages and has the sole authority to approve the consultant's fees. In Fiscal 2007, the Committee engaged an outside compensation consultant, Towers Watson (formerly Towers Perrin) (the “Consultant”), to conduct an analysis of the total compensation paid to our key executives, compared to companies of two comparative groups to which we may compete for talent (hereinafter, the “2007 Compensation Analysis”). The Consultant was retained by the Board and has not performed any services for Management.

The Consultant maintains a proprietary executive compensation database that contains information on the various compensation elements of over 500 publicly traded and privately held companies across several industries (the “General Consultant Database”). The Committee reviewed compensation information contained in the General Consultant Database and, in Fiscal 2007, additionally requested the Consultant to prepare compensation data from two comparator groups of companies that the Committee believed are more reflective of the market in which we compete for executive talent.

First, after examining the list of companies in the General Consultant Database, the Committee and Consultant formulated a group of companies found in the General Consultant Database that consisted of public and private companies generally considered to be in the same or related industry as ours, to include the following (the “Consultant Industry Group”):

American Transmission Co.	Freightliner, LLC	Milacron Inc.
AMETEK, Inc.	Harley-Davidson, Inc.	Modine Manufacturing Co.
Arctic Cat, Inc.	Harsco Corporation	Molex Incorporated

Eaton Corporation	Makino, Inc.	The Timken Company
Federal-Mogul Corporation	McDermott International, Inc.	The Toro Company
Fleetwood Enterprises, Inc.	Metaldyne Corporation	Tower Automotive LLC

The Committee and the Consultant separately considered data from proxy statements filed with the SEC by the following public companies that were generally considered to be in the same or related industry as ours, information for which may or may not have been made part of the General Consultant Database (the “Proxy Industry Group”):

Actuant Corp.	GenTek Inc.	Polaris Industries Inc.

Federal Signal Corp.	Oshkosh Corp.	Wabash National Corp.
Fleetwood Enterprises Inc.	Pall Corp.	Watts Water Technologies Inc.
Flowserve Corp.	Pentair Inc.	

Factors used in selecting companies in each of the Consultant Industry Group and the Proxy Industry Group, included:
the company's focus on manufacturing;
revenue size in comparison with ours; and
participation in automotive, transportation, recreational or lifestyle industries.

As part of the 2007 Compensation Analysis, the Committee and Consultant compared data from each of the Consultant Industry Group and Proxy Industry Group to data contained in the General Consultant Database and utilized, among other information, observations relating to data pertaining to specific job categories and industry trends. Market data in the General Consultant Database was adjusted according to these observations and regressed to our revenue size. The market analysis included data on fixed pay (base pay), and variable compensation (annual and long-term incentives).

In light of the economic conditions facing the Company, no annual base salary adjustments for Named Executive Officers were recommended by the Committee, except for the restoration of base salary levels effective February 28, 2011 to the base salary levels that were in effect prior to March 2009 or for adjustments made as a result of increased responsibility and promotion. See "Base Salary" below. As a result, the Committee did not engage the Consultant to update the 2007 Compensation Analysis or to conduct a new benchmarking analysis for the purposes of making decisions for compensation payable in Fiscal 2011. Instead, the Committee relied, in part, on certain benchmark information derived from the Fiscal 2007 Consultant Industry Group and the Proxy Industry Group as a basis for such decisions.

In addition, for Fiscal 2011, for the purpose of determining certain performance metrics used for the Officer Incentive Compensation Plan Fiscal Period 2011 and for the Long-Term Incentive Plan Fiscal 2011-2013, the Committee compared return on equity ("ROE") and return on invested capital ("ROIC") data with approximately 50 companies within the same transportation Standard Industrial Classification Code that were operationally profitable on a trailing 12 month basis at the time of determination. Those companies include the following (the "Transportation Group"):

AAR Corp.	Fuel Systems Solutions Inc.	Spirit AeroSystems Holdings Inc. (CI A)
AeroVironment Inc.	GenCorp Inc.	Stoneridge Inc.
American Axle & Mfg. Holdings Inc.	GenCorp Inc.	Strattec Security Corp.

Ford Motor Co.	Spartan Motors Inc.	

Compensation Process. The Committee reviews the benchmarking and performance evaluations prepared by Management in determining the appropriate aggregate and individual compensation levels for the performance year.

In conducting its review, the Committee considers our quantitative performance results; the overall need of the Company to attract, retain and motivate the executive team and the total cost of compensation programs.

In addition to the above, the Committee, at least annually, reviews executive compensation and benefits of the Named Executive Officers through the use of tally sheets. Each tally sheet identifies anticipated dollar amounts for individual components of executive compensation, including base salary, annual incentives, long-term incentives, equity awards, deferred compensation, benefits, perquisites and potential change in control and severance payments. Each year's decisions for setting compensation targets for each annual and three-year incentive compensation measuring period are based on the Committee's evaluation of our business needs, goals and environment for that year.

Role of Executive Officers in Compensation Decisions. The Committee makes all compensation decisions for Named Executive Officers and approves recommendations regarding salaries, bonuses, and compensation plans and policies, and other incentive programs. For compensation decisions made prior to Fiscal 2011, Mr. Olson, the former CEO, reviewed the performance of each Named Executive Officer (other than the CEO, whose performance was reviewed by the Committee). The CEO made recommendations for Fiscal 2011 compensation to the Committee based upon this

review and the Committee, in turn, exercised its discretion in modifying any recommended adjustments or awards to Named Executive Officers.

For decisions relating to compensation beginning in Fiscal 2012, subsequent to the election of Mr. Potts to the position of CEO, the CEO, with input of the Chairman, annually reviews the performance of each Named Executive Officer (other than the CEO and Chairman). The CEO's performance is directly reviewed by the Chairman and the Committee and the Chairman's performance is reviewed directly by the Committee. The conclusions reached and recommendations made by the CEO and Chairman, respectively, including any salary adjustments and annual award amounts, are presented to the Committee. The Committee can exercise its discretion in modifying any recommended adjustments or awards to each of the Named Executive Officers.

As noted above, the Committee directly evaluates the performance of the Chairman, Robert J. Olson (who also was evaluated for his performance as CEO through June 21, 2011) and Randy J. Potts (elected CEO June 21, 2011). That review is conducted at least annually with full Board participation (excluding the Chairman and CEO, as applicable). The Committee ultimately must approve all compensation decisions for all executives, including the Chairman and the CEO.

Determining the CEO's Compensation. Prior to Fiscal 2011, the Committee made a recommendation to the Board for Mr. Olson's

Table of Contents

Fiscal 2011 total compensation package as Chairman and CEO of the Company. The Committee met in executive session to formulate its recommendation for Mr. Olson's base pay, target annual and long-term incentive compensation and stock-based compensation to the Board. These recommendations were based upon:

- an evaluation of total compensation made to chief executive officers by certain of the Company's compensation peers;
- an evaluation of the CEO's performance for the fiscal year conducted by the Committee;
- an evaluation of the proposed total compensation of the CEO in comparison to other Named Executive Officers;
- a comparison of the differential of total compensation made to chief executive officers in the Company's Compensation Peers; and
- economic conditions.

The Committee utilized these same factors in formulating any adjustments to Mr. Potts' base pay, target annual and long-term incentive compensation and stock-based compensation for and during Fiscal 2011 and in compensation decisions for Mr. Potts for Fiscal 2012.

Determining the Chair's Compensation. Beginning in Fiscal 2011, the Committee makes recommendations to the Board for the Chairman's base pay, target annual and long-term incentive compensation and stock-based compensation based upon:

- an evaluation of total compensation made to the position of executive chairman by certain of the Company's Compensation Peers;
- an evaluation of the Chairman's performance for the fiscal year conducted by the Committee;
- an evaluation of the proposed total compensation of the Chairman in comparison to other Named Executive Officers;
- a comparison of the differential of total compensation made to the position of executive chairman and executive officers in the Company's Compensation Peers; and
- economic conditions.

Members of the Committee may also conduct select in-depth interviews with the Chairman's and CEO's direct reports and other executives. The evaluation is based upon the Chairman's and CEO's success in achieving their performance commitments, which include financial, strategic and company culture/leadership goals.

Determining Compensation for other Named Executive Officers. The Committee approves the annual compensation (including salary, target annual and long-term incentive compensation and stock-based compensation) for our Named Executive Officers (excluding the Chairman and the CEO), based upon:

- the executive's scope of responsibilities;
- a market competitive assessment of similar roles at Compensation Peers;
- internal comparisons to the compensation of other Named Executive Officers, including the CEO and Chairman; evaluations of performance for the fiscal year, as submitted by the Chairman, or the CEO and President, and
- supported by performance evaluation documents, which include feedback from the executive's peers, direct reports and other employees within the executive's division;
- the CEO's recommendations for each other Named Executive Officer's base pay, incentive compensation and stock-based compensation amounts; and
- economic conditions.

In Fiscal 2011, base salaries were reviewed by the Committee periodically throughout the fiscal year. The Committee previously determined that the timing of annual base salary adjustments (if any) would be typically made in September of each year to coincide with the beginning of the new fiscal year and to match the timing of wage and base salary adjustments (if any) for all other employees. However, no annual increase in base salaries took place during Fiscal 2009, Fiscal 2010 or Fiscal 2011 and furthermore, reductions in base salaries that occurred in March 2009 remained in place until they were reinstated on February 28, 2011 as further described in "Base Salary" below. In October 2010, the financial metrics for potential incentive awards were reviewed and established at the regularly scheduled meetings of the Committee and the full Board of Directors. No stock options or restricted stock grants were made to Named Executive Officers in Fiscal 2009 or in Fiscal 2010. However, the Committee recommended and the Board approved an award of restricted stock to Named Executive Officers on March 23, 2011, as further described in

"Long-Term Incentives" below.

Risk Assessment of Compensation Decisions. In formulating and evaluating material elements of compensation available to our employees, including the Named Executive Officers, the Board takes into consideration whether any such programs may encourage excessive risk behavior. As part of these considerations and consistent with its compensation philosophy, the Board is determined to formulate annual and long-term incentive compensation programs without encouraging excessive risk taking as an integral part of the applicable plan design. The Board believes that the annual and long-term incentive programs as outlined below minimize the risk that the Named Executive Officers are encouraged to take, in that:

- significant elements of the compensation rewards under our annual and long-term incentive compensation plans include stock-based compensation with required retention periods;
- the financial metrics utilized under each of these plans are widely utilized measurements of shareholder value;
- excessive compensation payment opportunities are avoided by the establishment of maximum levels of incentive payment

Table of Contents

opportunities; and
no changes to annual or long-term incentive program financial metrics have been made after the Committee initially establishes such metrics.

Beginning with Fiscal 2012 incentive compensation programs, the Board established “clawback” provisions for each of the annual and long-term incentive programs which, in part, provide for the recoupment of incentive compensation payouts in the event that payments are made based upon the achievement of financial results that are subsequently subject to a restatement due to material noncompliance with financial reporting requirements. See “Annual Incentive Plan” and “Long-Term Incentives” below. In addition, the Committee will adopt a clawback policy after the SEC issues final rules implementing the clawback provisions as set forth in the Dodd-Frank Wall Street Reform and Consumer Protection Act.

Based upon the above considerations, the Board determined that the Company's compensation policies and practices are not reasonably likely to have a material adverse effect on the Company.

Accounting and Tax Effects. The Committee considers both the financial reporting and the tax treatment of compensation elements in its decision-making process. The Committee seeks a balance among the Company's best interests, fair treatment of the Named Executive Officers, minimizing taxation of the compensation offered to the Named Executive Officers, and maximizing immediate deductibility by the Company. The Committee reviews the Accounting Standards Codification (ASC) 718 to determine the expense of each stock-based compensation grant made and its impact on our earnings per share. As a result, the Committee has limited grants of stock options and directed the use of more restricted stock grants and increased cash compensation for executives, including our Named Executive Officers, in part because of the more direct valuation and expensing of those awards.

From a tax perspective, IRC Section 409A made the taxation of certain grants more costly to the executives with no offsetting benefit to the Company. In response, the Committee froze its Executive Share Option Program in 2004 and all grants not vested before 2005 were terminated as permitted under the transition rule in the regulations under IRC Section 409A. The Committee established the Executive Deferred Compensation Plan, discussed below, to deliver that same element of the executives' competitive pay packages on a more cost-effective basis for the Company because the benefit is now provided with less tax exposure to the executive under IRC Section 409A. In addition, the Committee designed change of control agreements for executives, including the Named Executive Officers, to reduce amounts payable that otherwise would have been subject to an excise tax known as “excess golden parachute payments” as defined under IRC Section 280G and further amended such agreements in Fiscal 2009 in order to comply with IRC Section 409A. As described below under “Supplemental Executive Retirement Plan (SERP)/Split Dollar Life Insurance,” we converted benefits payable under the Executive Split Dollar Life Program to a Supplemental Executive Retirement Plan in Fiscal 2009 in order to comply with IRC Section 409A.

The Committee also is aware that IRC Section 162(m) limits deductions for compensation paid in excess of \$1 million. In response, the Committee designs much of the total compensation package of the Named Executive Officers to qualify for the exemption of “performance-based” compensation from the deductibility limit. However, the Committee reserves the right to design and use compensation elements that may not be deductible within the rules of IRC Section 162(m), if those elements are deemed by it to be in the Company's best interests.

Compensation Design and Elements. In Fiscal 2011, the principal design components of compensation for each Named Executive Officer were:

- base salary;
- annual incentive awards; and
- long-term incentives.

Additional elements of the total compensation package for Named Executive Officers include executive benefits, perquisites and severance agreements, as described below. Each component is designed to achieve a specific purpose

and to contribute to a total package that is competitive, appropriately performance-based and valued by our executives. In Fiscal 2011, we made no material deviations from previously disclosed or projected payments or practices under these programs.

The Committee has no pre-established policy or target for the allocation between either cash and non-cash or short-term and long-term incentive compensation. However, we believe that a smaller portion of potential total executive compensation should be attributed to base salary because it is a fixed component of total compensation. As a result, we have generally emphasized conservative base salary payments to Named Executive Officers, relative to our Compensation Peers. We alternatively provide the potential for a greater incentive compensation component of total executive compensation, which is based predominately on the performance factors described below. In Fiscal 2011, as was the case in Fiscal 2010, because the Committee determined that we did not achieve threshold performance measures for the incentive compensation component, base salary contributed to a larger part of total compensation for Named Executive Officers when compared to certain prior fiscal years.

Base Salary. The base salary program was designed to compensate Named Executive Officers for specific skills and competencies required to perform their respective role and to provide executive leadership. We provide Named Executive Officers and other employees with base salary to compensate them for services rendered during the fiscal year. Base salary ranges for Named Executive Officers are determined for each executive based on his or her position and responsibilities. The base salaries of

Table of Contents

our executives are also determined by considering such factors as:

- experience of the executive;
- time in position;
- individual performance;
- level of responsibility for the executive; and
- economic conditions.

In general, base salary determinations are considered in June of each year as part of the Committee's performance review process as well as upon a promotion or other change in job responsibility. Base salary is used as the basis for calculating annual and long-term incentive awards and in calculating payments that may be paid upon a change in control, as described below.

For Fiscal 2009, Fiscal 2010 and Fiscal 2011, the Committee elected not to provide Named Executive Officers with annual base salary increases as a means to control costs in response to economic conditions, except for the reinstatement of wage reductions during Fiscal 2011 and except for the increase in Mr. Potts' base salary as described below. Effective March 1, 2009, the Board of Directors, at the recommendation of Management and in connection with our continuing efforts to reduce costs, approved a 20 percent reduction of the annual base salary of Robert J. Olson, then Chairman, CEO and President, and a 10 percent reduction of the annual base salaries of all of our executive officers, including each of the Named Executive Officers. At the time of these base salary reductions, the Board of Directors delegated to Mr. Olson the authority to determine whether to implement the restoration of the base salaries, depending upon the Company's performance. Mr. Olson, pursuant to this authority, determined to implement increases to base salaries, effective February 28, 2011, as follows:

Named Executive Officer	Annual Base Salary Prior to February 28, 2011	Annual Base Salary Effective February 28, 2011
Robert J. Olson	\$371,200	\$464,000
Raymond M. Beebe	232,924	258,804
Roger W. Martin	223,330	248,144
William J. O'Leary	222,160	246,844
Sarah N. Nielsen	221,364	245,960

The reinstated base salary adjustments for the executive officers occurred at the same time that a restoration of base salaries was made for all salaried employees of the Company who had previously had their base salary reduced by 3 percent in March 2009. The Committee believed that it was appropriate to authorize the reinstatement of base salaries to the executive officers and to all salaried employees to promote continuity and retention of the Company's human resources.

During Fiscal 2011, the Committee also approved certain base salary adjustments for Randy J. Potts in recognition of his performance and increased responsibilities due to promotion to the position of President. Mr. Potts was elected to the position of President in January 2011 and in connection with this promotion, the Committee approved an increase in annual base salary to \$315,000 from \$210,000. Effective February 28, 2011, Mr. Potts received an adjustment placing his annual base salary at \$349,960 to properly align his compensation after reinstatement of the executive officers' base salaries as described above. Effective July 18, 2011, based on his performance as President, the Committee approved and Mr. Potts received a base salary adjustment, from \$349,960 to \$364,000 per annum.

Annual Incentive Plan.

Officers Incentive Compensation Plan Fiscal Period 2011. Our Named Executive Officers are eligible for annual incentive awards under our Officers Incentive Compensation Plan Fiscal Period 2011 (the "Officers Incentive Compensation Plan"). The Officers Incentive Compensation Plan is designed to promote our growth and profitability by providing our executives with an incentive to achieve identified short-term corporate profit objectives and to attract and retain such executives who will contribute to the achievement of our growth and profitability.

The Officers Incentive Compensation Plan is a program established to provide for annual measurements of financial performance, with a corresponding opportunity for annual incentive payments based upon financial results measured against performance objectives set by the Committee and approved by the Board of Directors. The amount of the participants' incentive compensation for the fiscal year is calculated under the Officers Incentive Compensation Plan to be in direct proportion to our financial performance expressed as a percentage (Financial Factor) against compensation targets for each participant as determined by the Board of Directors.

Diluted earnings per share ("EPS") and ROIC were chosen by the Committee as the key financial performance measurements under the Officers Incentive Compensation Plan. The Board, upon the recommendation of the Committee, selected EPS as a key financial performance metric for the following reasons:

• EPS is an important indicator of profitability by measuring our earnings allocable to each outstanding share of Common Stock;

• EPS aligns the interests of the Named Executive Officers with shareholders; and

• EPS factors in the effects of other items of compensation, such as stock options and restricted stock grants.

The formula utilized for EPS is net income divided by weighted average common diluted shares outstanding. For the purposes of

Table of Contents

the Officers Incentive Compensation Plan, the Committee calculated EPS to reflect the operating performance of the Company and excluded the impact of non-recurring tax related items in such calculation.

Additionally, the Board, upon the recommendation of the Committee, selected ROIC as another one of its key financial performance metrics because:

ROIC is a critical indicator of how effectively a company uses its capital invested in its operations; and

ROIC is an important measurement for judging how much value the company is creating.

The formula utilized for ROIC is operating income after the standard corporate tax rate divided by the average of beginning and ending Fiscal 2011 year-end total assets, less cash, short-term and long-term investments and non-interest bearing current liabilities.

The Officers Incentive Compensation Plan provided for a bonus (Target) opportunity of 60 percent of base salary (comprised of a mix of 2/3 cash and 1/3 restricted stock) at 100 percent achievement of each of the financial objectives of ROIC and EPS for the Named Executive Officers, except with respect to Mr. Olson as the CEO and President. For the CEO and President, the Plan provided for a bonus (Target) opportunity of 90 percent of base salary (comprised of a mix of 2/3 cash and 1/3 restricted stock) at 100 percent achievement of each of the financial objectives of ROIC and EPS. A participant must be an employee at the end of the fiscal year to be eligible for the incentive except in connection with the Change in Control or as waived by the Committee. The annual restricted stock grant portion of the Officers Incentive Compensation Plan, which comprises 1/3 of the officer's earned incentive for the year, is awarded as soon as practical after the final fiscal year-end compensation accounting is completed and upon approval by the Committee, with a one-year restriction on sale upon award.

In connection with the election of Randy J. Potts to the office of President on January 18, 2011 and subsequently CEO on June 21, 2011, the Committee determined that Mr. Potts would continue to have an annual target of 60 percent of his annualized base salary at 100 percent achievement of performance under the Officers Incentive Compensation Plan for Fiscal 2011. Robert J. Olson retained an annual target of 90 percent of his annual base salary at 100 percent achievement of performance under the Officers Incentive Compensation Plan for Fiscal 2011.

At its October 2010 meeting, the Board approved, upon the recommendation of the Committee, the Fiscal 2011 financial targets under the Officers Incentive Compensation Plan. In calculating the financial targets for incentive eligibility under the Officers Incentive Compensation Plan, the financial performance in Fiscal 2011 was weighted 75 percent to EPS and 25 percent to ROIC, with an aggregate maximum bonus of 200 percent of the Target. The Committee has placed more weight on EPS due to its belief that EPS is an excellent measurement as to overall company profitability for shareholders. The first portion of the Target is based solely on ROIC which may provide up to a maximum bonus of 50 percent of the Target which is achievable at an ROIC of 16.8 percent. Financial performance of less than 10.4 percent ROIC results in no bonus attributable to ROIC. The Committee believed that setting maximum and minimum bonus levels based on ROIC as defined, would provide for fair and equitable reward opportunity for executives while returning appropriate shareholder value proportionately within those parameters. In surveying applicable companies in the Profitable Transportation Group, the Committee found an average ROIC of approximately 10.6 percent at such companies as of the end of the last reported fiscal year. Additionally, the 10.4 percent ROIC opportunity threshold was selected because it was the ROIC percentage achieved by the first or lowest company to be listed in the top third of the Profitable Transportation Group. The 16.8 percent ROIC maximum opportunity represented the median of the top third of the Profitable Transportation Group.

The other component of the Target is based solely on EPS and provides a maximum bonus opportunity of 150 percent of the Target. The EPS target for Fiscal 2011 was established at \$0.40, after reviewing and evaluating our most recent ten-year EPS average history and the actual EPS result of \$0.35 for Fiscal 2010. Attainment of the Target of \$0.40 provides the executive 50 percent of the Target. To attain the maximum of 150 percent, EPS maximum was set at \$0.48, which represents 120 percent of the target EPS. EPS actual results of less than \$0.32, which represents less than 80 percent of target EPS, results in no bonus attributable to EPS.

As provided by the Officers Incentive Compensation Plan, the Committee has the discretion and authority to make any and all determinations necessary or advisable for administration of the Officers Incentive Compensation Plan. In

addition, under the Officers Incentive Compensation Plan, the Committee, on an annual basis, coordinates an evaluation of previously identified specific strategic organizational goals and priorities established by the Board of Directors. The Board of Directors may adjust the core incentive eligibility and may modify the Financial Factors used in determining the incentive compensation by plus or minus 20 percent as determined by the evaluation results of those strategic organizational goals and priorities. Strategic performance is measured only at the end of the fiscal year and may have included previously established strategic factors including, but not limited to:

- Revenue Growth
- Market Share
- Product Quality
- Product Introductions
- Planning
- Customer Satisfaction
- Inventory Management
- Technical Innovation
- Ethical Business Practices
- Business Diversity Initiatives

Table of Contents

For the purposes of the Officers Incentive Compensation Plan, the Board determined not to modify amounts payable pursuant to EPS and ROIC targets. Since ROIC at the end of Fiscal 2011 was lower than 10.4 percent (ROIC entry target point) and Fiscal 2011 EPS, as determined by the Committee, was less than \$0.32 (EPS entry target point), no amounts were paid to Named Executive Officers in Fiscal 2011 under the Officers Incentive Compensation Plan. For the 2012 fiscal year, the Committee recommended and the full Board approved the Officers Incentive Plan Fiscal Period 2012 (the "2012 Plan"), which includes a recoupment or "clawback" provision. In part, the clawback provision added to the 2012 Plan provides for the recoupment of incentive compensation paid in the event the Committee reasonably determines that the performance certified by the Committee, and any payment made to a participant with respect to the 2012 Plan, including the Named Executive Officers, was based on the achievement of financial results that are subsequently the subject of a restatement due to material noncompliance with any financial reporting requirement under either generally accepted accounting principles or federal securities laws, other than as a result of changes to accounting rules and regulations, the participant, including the Named Executive Officers, will be obligated to repay to the Company such amounts as required under any rules or regulations adopted by the SEC under Section 10D(b)(2) of the Exchange Act, any rules or standards adopted by a national securities exchange on which the Company's equity securities are listed, any related guidance from a governmental agency which has jurisdiction over the administration of such provision, any judicial interpretation of such provision and as otherwise may be required under applicable law or Company policy, in each case as determined by the Committee.

The 2012 Plan provides for an annual bonus Target opportunity of 90 percent of base salary for the Chairman, 75 percent of base salary for the CEO and President and 60 percent of base salary for other Named Executive Officers.

Long-Term Incentives. We recognize long-term incentive opportunity as an important element of the total executive compensation program for Named Executive Officers. Long-term incentives are intended to retain and motivate executives and to encourage a strong link between Management objectives and shareholder long-term interests. Our long-term incentives include the Officers Long-Term Incentive Plan described below, together with long-term incentives provided through grants of stock options in previous fiscal years and restricted stock.

Officers Long-Term Incentive Plan. Our Named Executive Officers are eligible for annual incentive awards under the Company's Officers Long-Term Incentive Plan (the "Long-Term Incentive Plan"). Each year, the Committee establishes a three-year performance plan to promote our long-term growth and profitability and to attract and retain executives by providing the officers an opportunity for an incentive award consisting of restricted shares of the Company's Common Stock in order to encourage stock ownership and promote the Company's long term growth and profitability. Under the Long-Term Incentive Plan, the amount of a Named Executive Officer's incentive compensation for the three-year period is calculated to be in direct linear proportion to our measured financial performance expressed as a percentage against compensation targets for each participant, as approved by the Board of Directors. Named Executive Officers may be entitled to earlier vesting of awards under the Long-Term Incentive Plan in the event of a "Change of Control" (as defined in the Long-Term Incentive Plan), or as otherwise specified by the Committee. See "Potential Payments upon Termination of Change of Control-Long-Term Incentive Plan Payments" below.

The awards for achieving results under these overlapping but separate Long-Term Incentive Plans may vary by each three-year period and by Named Executive Officer. In general, the awards are based upon our financial performance as measured against the specific three-year plan established by the Committee and approved by the Board of Directors. The Committee has established financial measurements and awards for each specific three-year plan (as defined below).

Long-Term Incentive Plan Fiscal 2009-2011. In June 2008, the Committee recommended and the Board approved a three-year plan with a performance period from Fiscal 2009 through Fiscal 2011 (the "2009-2011 Plan"). In October 2008, the Committee selected the financial measurement objective of ROE to be utilized for the Long-Term Incentive Plan for the 2009-2011 Plan. Stockholders' equity at the beginning of the Company's fiscal year 2009, will be used as the basis figure for the calculation of ROE under the 2009-2011 Plan. The Committee believes that the metric of ROE for the 2009-2011 Plan, which is an additional financial metric separate from the EPS and ROIC metrics utilized under the Officers Incentive Compensation Plan Fiscal Period 2011, will provide for a more complete measurement of Management's effectiveness and the value created for shareholders on a long-term basis. In addition, the Committee

determined that awards, if any, under the 2009-2011 Plan will be made solely in restricted stock in order to encourage stock ownership and promote the Company's long-term growth and profitability.

The 2009-2011 Plan provides for a bonus (Target) of 25 percent of the annualized base salary (Target) to be awarded in restricted stock at 100 percent achievement of the ROE financial objective. The annualized salary figure utilized for measurement in the 2009-2011 Plan is the salary in place for each participant as of January 2009, notwithstanding any adjustments to base salary made during Fiscal 2009. The resultant incentive award (at 100 percent of the three-year financial target) will be adjusted up or down as determined by the actual financial performance of ROE expressed as a percentage (Financial Factor) at the end of the three-year fiscal period.

The three-year cumulative ROE financial target under the 2009-2011 Plan is 18.8 percent. Financial performance of less than 80 percent of the three-year cumulative ROE financial target results in no incentive award under the 2009-2011 Plan. The maximum incentive award of 150 percent of Target can be earned if the financial measurement of ROE under the 2009-2011 Plan is maximized at 26.5 percent. The actual three year performance results achieved for ROE for the 2009-2011 Plan period was less than the threshold, which resulted in no payout under the 2009-2011 Plan.

Long-Term Incentive Plan Fiscal 2010-2012. In June 2009, the Committee recommended and the Board approved a three-year

Table of Contents

plan with a performance period from Fiscal 2010 through Fiscal 2012 (the "2010-2012 Plan"). In October 2009, the Committee selected the metric of ROE for the 2010-2012 Plan based on the same principles utilized for the 2009-2011 Plan, as discussed above. Stockholders equity at the beginning of the Company's fiscal year 2010 will be used as the basis figure for the calculation of ROE under the 2010-2012 Plan. In addition, as is the case with the 2009-2011 Plan, the Committee determined that awards, if any, under the 2010-2012 Plan will be made solely in restricted stock in order to encourage stock ownership and promote our long-term growth and profitability.

The 2010-2012 Plan provides for a bonus (Target) of 25 percent of the annualized base salary (Target) to be awarded in restricted stock at 100 percent achievement of the ROE financial objective. The annualized salary figure utilized for measurement in the 2010-2012 Plan is the salary in place for each participant as of January 2010. The resultant incentive award (at 100 percent of the three-year financial target) will be adjusted up or down as determined by the actual financial performance of ROE expressed as a percentage (Financial Factor) at the end of the three-year fiscal period. The three-year cumulative ROE financial target under the 2010-2012 Plan is 15 percent. Financial performance of less than 80 percent of the three-year cumulative ROE financial target results in no incentive award under the 2010-2012 Plan. The maximum incentive award of 150 percent of Target can be earned if the financial measurement of ROE under the 2010-2012 Plan is maximized at 24 percent.

Long-Term Incentive Plan Fiscal 2011-2013. In June 2010, the Committee recommended and the Board approved a three-year plan with a performance period from Fiscal 2011 through Fiscal 2013 (the "2011-2013 Plan"). In October 2010, the Committee selected the metric of ROE for the 2011-2013 Plan based on the same principles utilized for the 2009-2011 Plan and the 2010-2012 Plan as discussed above. In addition, as is the case with the 2009-2011 Plan and the 2010-2012 Plan, the Committee determined that awards, if any, under the 2011-2013 Plan will be made solely in restricted stock in order to encourage stock ownership and promote our long-term growth and profitability.

The 2011-2013 Plan provides for a bonus (Target) of 25 percent of the annualized base salary (Target) to be awarded in restricted stock at 100 percent achievement of the ROE financial objective. The annualized salary figure utilized for measurement in the 2011-2013 Plan is the salary in place for each participant as of January 2011. The resultant incentive award (at 100 percent of the three-year financial target) will be adjusted up or down as determined by the actual financial performance of ROE expressed as a percentage (Financial Factor) at the end of the three-year fiscal period. The three-year cumulative ROE financial target under the 2011-2013 Plan is 13 percent. Financial performance of less than 80 percent of the three-year cumulative ROE financial target results in no incentive award under the 2011-2013 Plan. The maximum incentive award of 150 percent of Target can be earned if the financial measurement of ROE under the 2011-2013 Plan is maximized at 22 percent.

Estimated future payouts of plan-based awards under the 2011-2013 Plan are reported in the columns designated "Threshold," "Target" and "Maximum" in the Grants of Plan-Based Awards Table in the "Compensation Tables and Narrative Disclosure" below.

A clawback provision, similar to the provision included in the 2012 Plan, was also included in the Long-Term Incentive Plan Fiscal 2012-2014. See "Annual Incentive Plan" above.

2004 Incentive Compensation Plan. The 2004 Plan was adopted to reward key employees and Non-Employee Directors by providing for certain cash benefits and additional means for those individuals to acquire Common Stock of the Company. The objective of the 2004 Plan is to further the Company's interests and those of our shareholders by providing incentives to key employees and Non-Employee Directors who contribute materially to our success and profitability. Additionally, we believe that the 2004 Plan serves to attract and retain certain key employees and Non-Employee Directors.

The 2004 Plan provides that employees and Non-Employee Directors may receive certain "Stock Awards," "Performance Awards" and "Stock Options," each as defined under the 2004 Plan. Terms, conditions and limitations applicable to any awards granted under the 2004 Plan are recommended by the Committee to the Board of Directors.

Insider Trading. With respect to the Company's Insider Trading Policy, the policy prohibits the unauthorized disclosure of any nonpublic information acquired in the workplace and the misuse of Material Nonpublic Information (as defined in the policy) in securities trading. Additionally, pursuant to the Insider Trading Policy, all directors,

officers and employees are prohibited at all times from (a) holding any Company securities in a margin account; (b) engaging in any transactions involving puts, calls, or other derivative transactions relating to the Company's securities; and (c) short-selling or pledging securities of the Company.

Restricted Stock. We have utilized restricted stock awards to complement stock options and other 2004 Plan awards as a basis for long-term equity incentive compensation. The Committee recognizes that competitive market practices have resulted in an increased use of restricted stock awards as a part of total executive compensation strategy. Our stock awards are intended to retain and motivate officers or employees, including Named Executive Officers, to seek to improve long-term stock market performance and to enhance shareholder value by placing a portion of their compensation at risk and directly tied to our stock price appreciation. The Committee believes that stock options and restricted stock grants both continue to serve as critical elements of long-term compensation plan design. Restricted stock awards provide for an effective recruitment and retention tool, inspire increased motivation by providing ownership, maintain motivation because of intrinsic value even during periods of stock price fluctuations and further align the interests of Management and the shareholders.

From time to time, we make restricted stock awards to Named Executive Officers pursuant to the 2004 Plan. In October 2006, the Committee recommended, and the Board approved, an amendment to the 2004 Plan to reduce the minimum restriction period for

Table of Contents

non-performance-based stock awards. The Committee believed that one year was the most appropriate minimum restriction period to effectively motivate executives, including the Named Executive Officers, and key personnel participants.

Award Grants. On March 23, 2011, the Committee recommended and the full Board of Directors of the Company approved a grant award of shares of the Company's restricted common stock under the 2004 Plan, to the Company's key Management group (senior level managers) including the Named Executive Officers. The awards were made in acknowledgement of the hard work and dedication put forth by this group through the last few years managing the Company through the recession, which was evidenced by improved operational profitability through February 26, 2011. No restricted stock awards had been granted to key management since October 2007.

The value of the restricted stock is based on the closing price of the Company's Common Stock on the date of grant. The Named Executive Officers received restricted stock grants pursuant to the actions described above in the following amounts:

Robert J. Olson - 25,000 shares

Randy J. Potts - 13,000 shares

Raymond M. Beebe - 7,500 shares

Roger W. Martin - 7,500 shares

Sarah N. Nielsen - 7,500 shares

William J. O'Leary - 7,500 shares

Pursuant to each restricted stock award agreement between the Company and each Named Executive Officer, the restricted stock grants vest in annual increments of one-third commencing March 23, 2012. Named Executive Officers are entitled to receive dividends declared on the restricted stock beginning from the time the restricted stock is granted regardless of the vesting schedule of the restricted stock grants. In addition, Named Executive Officers may be entitled to earlier vesting upon a "change in control," as defined in the 2004 Plan, or if the award recipient has at least five consecutive years of service with the Company or any subsidiary and his or her employment is terminated due to voluntary retirement at age 60 or older, disability or death. Unvested awards of restricted stock will immediately terminate as a result of a recipient's involuntary termination of employment with the Company or any subsidiary.

Stock Options. Prior to Fiscal 2007, we provided long-term incentives under the 2004 Plan in the form of stock options granted to Named Executive Officers and other key Management personnel. Stock option grants are intended to retain and motivate Named Executive Officers to seek to improve long-term stock market performance and enhance shareholder value by placing a portion of their compensation at risk and directly tied to stock price appreciation. No stock options were granted to Named Executive Officers in Fiscal 2011.

Under the 2004 Plan, incentive and non-qualified stock options may be granted at any time for new hires, promotions or other compensation-based reasons as determined by the Committee. Previously granted stock option awards were recommended by the Committee and approved by the Board at the regularly scheduled October Board of Directors and Committee meetings following our fiscal year end. Any future stock options are expected to be granted at the closing market price on the date of grant by the Committee and, as such, will only gain value if the price of the Company's Common Stock underlying the stock option increases above the price of the Company's Common Stock on the date of the stock option grant. Prior to Fiscal 2007, stock options were granted at the "prevailing market price" — the mean between the highest and lowest price on the date of the grant. Options are exercisable at such time or times and in such amount or amounts as determined by the Committee, generally vesting and exercisable over a three-year period in one-third increments per year, with the term of stock options extending no more than ten years after the grant date.

In addition, Named Executive Officers may be entitled to earlier vesting of stock option awards under the 2004 Plan in the event of a "change in control" (as defined in the 2004 Plan), disability, termination of employment or death. See "Potential Payments upon Termination or Change of Control—2004 Incentive Compensation Plan Payments" below. Additional vesting rules apply to incentive stock options and non-qualified options under the 2004 Plan pursuant to individual option award agreements entered into between each stock option grantee and the Company on the date of the stock option grant.

While the Committee does not believe that granting stock options every year is necessary to achieve incentive compensation goals, the Committee continues to believe that stock options are an important component of its long-term compensation philosophy.

Benefits. Our Named Executive Officers are eligible to participate in the same benefit plans designed for all of our full-time employees. The basic insurance package includes health, dental, disability and basic group life insurance coverage. In addition, employees, including the Named Executive Officers, may qualify for company subsidized retiree healthcare benefits (if hired before April 2001). Employees hired on or after April 1, 2001 and prior to April 1, 2009, while eligible to participate in our retiree healthcare program at “group rates,” are not eligible for any employer-provided subsidy. Employees hired on or after April 1, 2009 are not eligible to participate in our retiree healthcare programs as these programs are closed to all employees hired thereafter. Under our Long-Term Disability Plan, salaried employees are eligible for a monthly benefit based upon 60 percent of pre-disability earnings, up to a maximum monthly benefit of \$10,000.

Except as specifically summarized in this Compensation Discussion and Analysis, we do not currently provide retirement payments

Table of Contents

and benefits for Named Executive Officers following his or her retirement, including, but not limited to, tax-qualified defined benefit plans and supplemental executive retirement plans.

Profit Sharing and Deferred Savings and Investment Plan. We maintain a 401(k) plan, the Winnebago Industries, Inc. Profit Sharing and Deferred Savings and Investment Plan (the “401(k) Plan”), which is a tax-qualified defined contribution plan maintained for the benefit of substantially all hourly and salaried employees, including our executives. The 401(k) Plan offers Named Executive Officers and all other employees the opportunity to defer a percentage of income that is a part of their base compensation. The Board may, at its discretion, also provide for a Company matching contribution at a rate set by the Committee and approved by the Board on a quarterly basis each calendar year. For Fiscal 2011, the Company made matching contributions equal to \$0.20 per \$1.00 employee contribution, up to 6 percent of the base compensation deferred by employees (subject to IRS limits and non-discrimination testing). Although executives, including the Named Executive Officers, are eligible to participate in the 401(k) Plan, the application of the annual limitation on contributions under the IRC prevents executives from participating at the same level as non-executives. This compensation element is tax-deferred and is not intended to affect the value of any other compensation element.

Supplemental Executive Retirement Plan (SERP)/Split Dollar Life Insurance. In 1988, the Board of Directors approved the adoption of an Executive Split Dollar Life Insurance Program with respect to certain executives. The primary purpose of this insurance was to provide these executives with supplemental retirement income for a period of 15 years after retirement. Additionally, this insurance was intended to provide a liquid asset to heirs of executives to pay estate taxes, thereby minimizing the necessity for their estates to sell large blocks of shares of the Company's Common Stock to pay estate taxes, which sales might disrupt the market for our shares. We have not offered this insurance as a continuing part of the Named Executive Officer total compensation package or to other members of Management since 1998 due to regulatory and tax changes that made this program less attractive, but have maintained the benefit for those originally participating in the program. The plan is funded with individual whole life insurance policies owned by the named insured executive. The life insurance premiums were initially paid by the Company on the life of the executives and the executive receives life insurance and supplemental cash payment during the 15 years following retirement. We will “cost recover” materially all of the premiums paid by the Company at the executive's death, as each insured executive has collaterally assigned to us the right to receive proceeds in an amount equal to the total dollar value of premiums paid by the Company.

In October 2008, the Board of Directors converted benefits payable under the Executive Split Dollar Life Program to a Supplemental Executive Retirement Plan (SERP) as a result of changes in the tax and accounting regulations and rising administrative costs. The redesign was implemented in order to comply with IRC Section 409A and to control administrative costs. Benefits payable under the redesigned SERP are substantially similar to the Executive Split Dollar Life Insurance Program. However, the underlying life insurance policies previously owned by the named insured executive became company-owned life insurance (COLI) by a release of all interests from the participant and assignment to us as a prerequisite to participation in the SERP and conversion from the Executive Split Dollar Life Insurance Program. Pursuant to the SERP, benefit payments are stated as a particular dollar amount in a participation agreement and paid directly from us, no longer linked to the COLI. This program remains closed to new employee participation.

Executive Share Option Program. We established the Executive Share Option Program in April 1997 to provide executives with an opportunity to defer a portion of their compensation in the form of options to purchase shares of mutual funds invested in companies other than Winnebago Industries. Due to the enactment in 2004 of Section 409A of the IRC, which provided new tax rules for deferred compensation plans, the Executive Share Option Program was frozen effective December 31, 2004. Accordingly, there have been and will be no new deferrals or contributions to the Executive Share Option Program after that date and no new participants may enter the plan. We maintain the account balances as part of the executives' past compensation to be paid in the future in accordance with the terms of the plan, but these accounts are not considered a currently active part of the total compensation package of any Named Executive Officer participating in the plan.

Deferred Compensation Plan (1981). Under the Winnebago Industries, Inc. Non-Qualified Deferred Compensation Plan (1981) (the “Deferred Compensation Plan (1981)”), executive officers and other key employees were eligible to

annually elect to defer a portion of their compensation until retirement. The retirement benefit provided is based upon the amount of compensation deferred and the age of the individual at the time of the deferral, at a rate per annum determined by the Board. Under the plan, a participant generally vests at age 55 and five years of participation in the plan. For deferrals prior to December 1992, vesting occurs at the later of age 55 and five years service from first deferral or 20 years of service. To assist in funding the deferred compensation liability, we invested in corporate-owned life insurance policies. Participants in the plan have the same status as unsecured creditors. In 2001, the Board of Directors elected to freeze this plan to additional participants. We maintain the account balances as part of the executives' past compensation to be paid in the future in accordance with the terms of the plan, but these accounts are not considered a currently active part of the total compensation package of any Named Executive Officer participating in the plan.

Executive Deferred Compensation Plan (2007) (Non-Qualified Deferred Compensation Plan). In December 2006, the Board adopted the Winnebago Industries, Inc. Executive Deferred Compensation Plan (as amended and restated, the "Executive Deferred Compensation Plan"). The Executive Deferred Compensation Plan permits executive officers, including the Named Executive Officers, to defer a portion of their salary and all or a portion of their cash incentive award compensation. The Executive Deferred Compensation Plan became effective as of January 1, 2007 and applies to compensation paid to participants on and after such date. The Executive Deferred Compensation Plan was amended and restated effective June 22, 2011 to clarify administrative procedures and further substantiate compliance under IRC 409A.

Table of Contents

Under the Executive Deferred Compensation Plan, executive officers and certain key employees may annually choose to defer up to 50 percent of their salary and up to 100 percent of their cash incentive awards. The Committee may, from time to time and in its sole and absolute discretion, select the available investments in which a participant's deferred benefit account may be deemed invested ("Available Investments").

Each participant may designate the Available Investments in which his or her deferred benefit account will be deemed invested, and the percentage of his or her deferred benefit account that will be invested in each Available Investment, for purposes of determining the amount of earnings or losses to be credited or debited to his or her deferred benefit account.

A participant in the Executive Deferred Compensation Plan will, upon the first to occur of the following events, be entitled to a payment (a "Deferred Benefit") equal to the amount of his or her deferred benefit account as of the determination date coinciding with such event:

• date certain (which must be selected by the participant in his or her participation agreement and which cannot be changed except as otherwise provided in the Executive Deferred Compensation Plan);

• separation from service;

• disability;

• death; or

• change in control.

Under the Executive Deferred Compensation Plan, we are required to pay to the participant (or the participant's beneficiary), his or her Deferred Benefit in one of the following forms (as elected in the participation agreement filed by the participant with the administrator of the Executive Deferred Compensation Plan):

• a lump-sum payment; or

• a monthly payment of a fixed amount which shall amortize the participant's Deferred Benefit in equal monthly payments of principal and interest over a period from 2 to 120 months (as selected by the participant on his or her participation agreement); in the event of death, disability or change in control, we are required to pay to the participant (or the participant's beneficiary) the total value of his or her Deferred Benefit in a lump-sum payment. In the absence of a participant's election as to the form of the payout, a participant's Deferred Benefit account will be paid over a 120-month period.

The Executive Deferred Compensation Plan was established to provide a replacement to several of the executive non-qualified deferred compensation programs that, as described above, were previously frozen. The Committee believed that it was important to provide a current program that would permit executives to defer a portion of their compensation on a voluntary basis to supplement future retirement income due to contribution limitations on our qualified 401(k) Plan.

Perquisites. We provide Named Executive Officers with limited perquisites that the Committee believes are reasonable and consistent with the overall compensation program to better enable us to attract and retain superior employees for key positions. We avoid most of the perquisites provided to executives at many other companies and, as such, we do not provide company cars, an executive dining room, paid country club memberships or paid financial counseling. The Committee periodically reviews the levels of perquisites and other personal benefits provided to Named Executive Officers. Based upon this periodic review, perquisites are awarded or adjusted on an individual basis. Named Executive Officers are not automatically awarded all, or in equal amounts, perquisites granted by the Company.

Executive Physical. In an effort to encourage executives to monitor and maintain good health, we pay for voluntary annual physical examinations for executives, including the Named Executive Officers.

Motor Home Use. We provide each of our executives, including Named Executive Officers, an opportunity to utilize our motor homes on a periodic and temporary basis. We encourage the executive to have first hand understanding of the recreational vehicle lifestyle experienced by our customers and to provide the executive with the opportunity to evaluate product design and efficiency.

Company Aircraft. Our aircraft is intended to be used only in the conduct of official company business. When our aircraft makes flights in the conduct of company business, Named Executive Officers while not on official company business as well as other passengers who are not company employees may occupy seats only when approved by the

CEO. Occasionally, spouses or guests of Named Executive Officers may accompany the executive on a flight or may occupy an available seat on the aircraft. As appropriate, imputed cost of aircraft use is treated as compensation and reported according to IRS regulations. In Fiscal 2011, none of the Named Executive Officers utilized our aircraft for personal use.

Other Matters

Stock Ownership Guidelines. In 1999, the Committee adopted Stock Ownership Guidelines for executives. In general, each executive has five years from the date he or she becomes an executive to accumulate the appropriate number of shares. The purpose of the guidelines is to encourage our executive officers to own and retain Company shares, thereby aligning their interests with our shareholders. Although these guidelines are not mandatory, executive officers are strongly encouraged to follow them. However, special personal circumstances may require an executive officer to depart from the guidelines.

Table of Contents

The table below describes the ownership guidelines for the Named Executive Officers and the number of shares beneficially owned for the purposes of the guidelines as of October 4, 2011.

Named Executive Officer	Ownership Guidelines- Percentage of Annual Salary ⁽¹⁾	Actual Shares Beneficially Owned	Percentage of Guideline Attained ⁽²⁾
Robert J. Olson	400%	47,960	22%
Randy J. Potts	400%	21,215	14%
Raymond M. Beebe	250%	15,376	19%
Roger W. Martin	250%	18,751	24%
Sarah N. Nielsen	250%	16,444	21%
William J. O'Leary	250%	23,904	31%

Based upon the annual base salary in effect for each of the Named Executive Officers as of August 27, 2011 (Mr. (1) Olson - \$417,600; Mr. Potts - \$293,712; Mr. Beebe - \$245,864; Mr. Martin - \$235,737; Ms. Nielsen - \$233,662 and Mr. O'Leary - \$234,502).

(2) Based upon the closing market price of \$7.50 per share, the Company's Common Stock as quoted on the NYSE on October 4, 2011.

Severance Payments. The compensation package of each Named Executive Officer also provides for special payments and accelerated vesting of other compensation opportunities upon termination of employment or in specified circumstances involving significant reduction of duties or in working conditions. We have entered into change of control agreements with each of the Named Executive Officers and certain other executive officers (collectively, "Executive Change of Control Agreements").

The Executive Change of Control Agreements generally provide that, in the event of a termination of the executive's employment (for a reason other than death, disability, willful misconduct, normal retirement or, under certain circumstances, a voluntary termination of employment by the executive) within three years of a change of control, such executive will receive a cash payment and certain other benefits.

The Committee believes these agreements are an important part of the total executive compensation program because they protect our interest in the continuity and stability of the executive group. The Committee also believes that these agreements reduce the executives' interest in working against a potential change of control and help to keep them focused on minimizing interruptions in business operations by reducing any concerns they may have of being terminated prematurely and without cause during any ownership transition. See "Potential Payments upon Termination or Change of Control-Executive Change of Control Agreements" below for additional detail.

We have not provided any executives with special agreements regarding severance with the exception of the Executive Change of Control Agreements referenced above. Our executives are eligible, however, for the same severance program afforded to all salaried employees when an employee is terminated for circumstances outside of their control. Essentially, this program provides for one week of severance pay for each full year of continuous service, up to a maximum of 26 weeks. One week of severance pay is equal to the executive's weekly base compensation.

Notwithstanding anything to the contrary set forth in any of our filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, that might incorporate other filings with the SEC, including this Proxy Statement, in whole or in part, the following Winnebago Industries Human Resources Committee Report on Compensation Discussion and Analysis shall not be deemed to be incorporated by reference into any such filings.

(1) See "Compensation Discussion and Analysis-Base Salary" for information relating to certain base salary adjustments in Fiscal 2009 and Fiscal 2011.

(2) This column represents the grant date fair value computed in accordance with ASC 718 for Fiscal 2009 through Fiscal 2011 with respect to the following: (i) restricted stock granted in Fiscal 2011 pursuant to the 2004 Plan, (ii) the portion of award opportunities made available to Named Executive Officers in Fiscal 2009, Fiscal 2010 and Fiscal 2011 comprised of restricted stock pursuant to the Officers Incentive Compensation Plan Fiscal Period 2009, the Officers Incentive Compensation Plan Fiscal Period 2010 and the Officers Incentive Compensation Plan Fiscal Period 2011, respectively, and (iii) restricted stock award opportunities under each of the 2009-2011 Plan, the 2010-2012 Plan and the 2011-2013 Plan for Fiscal 2009, Fiscal 2010, and Fiscal 2011 respectively, each based upon the probable outcome of the performance conditions measured as of the grant date. The grant date fair value of each of the performance-based awards was determined at the closing price of the Company's shares on the NYSE on the grant date, based on Management's estimate of the threshold levels of achievement of the performance measures related to the applicable awards, as described under "Compensation Discussion and Analysis" above and without regard to estimated forfeitures related to service-based vesting conditions. The grant date fair values for each Named Executive Officer stock-based award in Fiscal 2011 (including restricted stock opportunities under the Officers Incentive Compensation Plan Fiscal Period 2011 and the 2011-2013 Plan) are set forth in the Grants of Plan-Based Awards table that follows. The grant date fair value of the performance stock awards granted to Named Executive Officers during Fiscal 2011 assuming that the Company's performance will be

at the levels that would result in a maximum payout under those awards is as follows: Mr. Olson - \$389,760; Mr. Potts - \$196,232; Mr. Beebe - \$185,692; Mr. Martin - \$178,044; Ms. Nielsen - \$176,477; and Mr. O'Leary - \$177,611. The amounts reported in this column do not reflect actual compensation realized by the Named Executive Officers and are not a guarantee of the amount that the Named Executive Officer will actually receive. No restricted stock awards were made to Named Executive Officers in Fiscal 2011 pursuant to the 2009-2011 Plan. The performance period under the 2010-2012 Plan and the 2011-2013 Plan will not end until August 25, 2012 and August 31, 2013, respectively, and, as such, the actual value of restricted stock grants, if any, will generally depend on the Company's achievement of certain performance measures during these periods. For information regarding the terms of the awards and the criteria for determining the amounts payable, see "Compensation Discussion and Analysis-Long-Term Incentives." In addition, no restricted stock awards were made to Named Executive Officers in Fiscal 2009, Fiscal 2010 and Fiscal 2011 pursuant to the Officers Incentive Compensation Plan Fiscal Period 2009, the Officers Incentive Compensation Plan Fiscal Period 2010 and the Officers Incentive Compensation Plan Fiscal 2011, respectively.

(3) None of the Named Executive Officers received stock option awards in Fiscal 2009 through Fiscal 2011.

No cash awards were made to Named Executive Officers in Fiscal 2011 under the Officer Incentive Compensation Plan Fiscal Period 2011 and the 2009-2011 Plan, in Fiscal 2010 under the Officer Incentive Compensation Plan

(4) Fiscal Period 2010 and the 2008-2010 Plan, or in Fiscal 2009 under the Officer Incentive Compensation Plan Fiscal Period 2009 and the 2007-2009 Plan. See "Compensation Discussion and Analysis" for further discussion on how amounts were determined for Fiscal 2011.

For all of the Named Executive Officers, "All Other Compensation" for Fiscal 2011 includes the Company match

(1) 2004 Plan refers to restricted stock awards made to Named Executive Officers under the 2004 Plan, which generally vest over a three-year period in annual one-third increments beginning in year one after the date of grant. 2011 OICP refers to our Officers Incentive Compensation Plan Fiscal Period 2011, which targets annual performance against goals established by the Committee. Awards under the 2011 OICP are payable in cash and

(2) restricted stock. The applicable Threshold, Target and Maximum amounts presented above represent such cash and dollar value, respectively, of restricted stock for the 2011 OICP. (3) 2013 LTIP refers to our Officers Long-Term Incentive Plan Fiscal Three-Year Period 2011-2013. For each of the Named Executive Officers, the Threshold, Target and Maximum amounts under the 2013 LTIP represent potential restricted stock payments that are measured over a three-year performance period from August 27, 2010 through August 31, 2013. See "Compensation Discussion and Analysis-Long Term Incentive Plans Fiscal 2011-2013" for information regarding the terms of the restricted stock awards, the description of the performance-based vesting conditions and the criteria for determining the amounts payable.

(4) With respect to the 2011 OICP and the 2013 LTIP, the Board approved the award opportunities on June 23, 2010, effective as of August 29, 2010.

Executive Employment Arrangements

None of the Named Executive Officers has an employment agreement. However, each Named Executive Officer has an Executive Change of Control Agreement that provides the executive with three-year severance benefits in the event

he or she ceases to be employed by the Company within three years of a “Change of Control,” as defined in the agreement. Discussion of the payouts provided for under various termination situations is set forth in the section “Potential Payments upon Termination or Change of Control” below.

Base Salary

In general, the Committee annually reviews and adjusts base pay, in keeping with the overall objectives, pay philosophy and relative position with comparable companies, as discussed in more detail in the “Compensation Discussion and Analysis-Base Salary” above. For Fiscal 2011, base salaries (including amounts deferred to the 401(k) Plan) as a percentage of total compensation shown in the Summary Compensation Table, were approximately as follows: Mr. Olson - 53%; Mr. Potts - 60%; Mr. Beebe - 67%, Mr. Martin, Ms. Nielsen, and Mr. O'Leary - 66%.

Stock Awards

Stock-based awards under the 2004 Plan were made as restricted stock in Fiscal 2011. Descriptions of these types of grants and the reason for these types of grants are discussed in “Compensation Discussion and Analysis—2004 Incentive Compensation

Table of Contents

Plan.” Grants of restricted stock and stock options, the ASC 718 grant date fair value of which is disclosed in the Summary Compensation Table, begin vesting in annual increments of one-third after one year from the date of grant for restricted stock grants. Restricted Stock grants and stock option awards are subject to earlier vesting in the event of a Change of Control or termination of employment, as set forth in the section “Potential Payment upon Termination or Change of Control” below.

Annual Incentive Plan

In addition to base salary, each Named Executive Officer is eligible to receive, subject to certain financial performance metrics, a target annual incentive cash and restricted stock award equal to a percentage of his or her annual base salary, as follows: Mr. Olson - 90 percent; Mr. Potts, Mr. Beebe, Mr. Martin, Ms. Nielsen and Mr. O’Leary - 60 percent. This element of compensation is carried out through the Officers Incentive Compensation Plan Fiscal Period 2011, which is discussed in the “Compensation Discussion and Analysis-Annual Incentive Plan” above. No payouts were made in Fiscal 2011 to Named Executive Officers under this plan.

Long-Term Incentive Plans

This element of compensation is described in the “Compensation Discussion and Analysis-Long-Term Incentives” above. No payouts were made in Fiscal 2011 to Named Executive Officers under the 2009-2011 Plan.

See “Compensation Discussion and Analysis” for further information regarding the terms of awards reported in the Summary Compensation Table and the Grants of Plan-Based Awards Table and for discussions regarding officer stock ownership guidelines, incentive compensation awards, and allocations between short-term and long-term compensation.

In Fiscal 2011, Mr. Beebe was the only Named Executive Officer that contributed to the Executive Deferred Compensation Plan. This amount is also included in the amount designated as “Salary” in the Summary Compensation Table.

(2) Mr. Olson's and Mr. Beebe's dollar amount under the Deferred Compensation Plan (1981) represents the additional vesting earned in Fiscal 2011. As of August 27, 2011, Mr. Martin had not qualified for early retirement under the

Deferred Compensation Plan (1981), therefore the dollar amount under this plan represents a 6% earnings as is described in the Plan document. As of August 27, 2011, the change under the Supplemental Executive Retirement Plan (SERP) represents additional vesting earned in Fiscal 2011. The change under the Executive Share Option Program represents the change in the market price of the financial instruments from August 28, 2010 to August 27, 2011 in each of such Named Executive Officer's account. The amount under "Aggregate Earnings in Last FY" for the Executive Deferred Compensation Plan represents the change in the market price of the underlying investments from August 28, 2010 to August 27, 2011.

The dollar amount under the Deferred Compensation Plan (1981) for Mr. Olson represents the total 15 year payout based on his respective Early Retirement Benefit. Mr. Beebe, who is of retirement age, has a benefit that reflects the total of the 15 years of payout based on the Normal Retirement Benefit, plus a 6% per year crediting rate, established by the Board, which is applied to each year worked past age 65. Mr. Martin had not qualified for the (3) Early Retirement Benefit under the Deferred Compensation Plan (1981); however, his balance represents his contributions into the plan plus a 6% per year crediting rate from Fiscal 1999 through Fiscal 2011. This plan was frozen as of 2001. Mr. Olson's, Mr. O'Leary's and Mr. Martin's dollar amount under SERP represents their benefit amounts adjusted for their current age (not age 65 yet) based on the early retirement formula in the plan. Mr. Beebe's dollar amount under the SERP plan represents the Normal Retirement Benefit

stated in the Participation Agreement plus a 5% increase each full year of continuous service performed by the Participant for the Company after age 65. The dollar amount under the Executive Share Option Program represents the market price of the financial instruments as of August 27, 2011 in each of such Named Executive Officer's account. The dollar amount under the Executive Deferred Compensation Plan represents the market price of the financial instruments as of August 27, 2011 in Mr. Beebe's and Ms. Nielsen's account.

Mr. Potts and Mr. O'Leary elected not to participate in the Deferred Compensation Plan (1981). The Board of (4) Directors elected to freeze this plan to additional participants in 2001; therefore, Ms. Nielsen, who joined Winnebago Industries after 2001, could not participate.

The Executive Share Option Program was established in 1997 to provide executives with an opportunity to defer a portion of their compensation in the form of options to purchase mutual funds invested in companies other than Winnebago Industries. The Executive Share Option Program was frozen effective December 31, 2004. Accordingly, no new deferrals or contributions to the Executive Share Option Program have been made after that date and no new participants may enter the plan.

The Deferred Compensation Program Plan (1981) permitted key employees to annually elect (via individual contracts) to defer a portion of their compensation until their retirement. The plan has been closed to any additional deferrals since January 2001. The retirement benefit to be provided is based upon the amount of compensation deferred and the age of the individual at the time of the contracted deferral. To assist in funding the deferred compensation liability, we invested in corporate-owned life insurance policies. See "Compensation Discussion and Analysis-Deferred Compensation Plan (1981)" above for a description of this plan.

The Executive Deferred Compensation Plan permits Named Executive Officers to defer a portion of their salary and all or a portion of their cash incentive award compensation. The Executive Deferred Compensation Plan was effective as of January 1, 2007 and applies to compensation paid to participants on and after such date. See "Compensation Discussion and Analysis-Executive Deferred Compensation Plan 2007 (Non-Qualified Deferred Compensation Plan)" for a description of this plan.

Supplemental Executive Retirement Plan (SERP) - In 1988, the Board of Directors approved the adoption of an Executive Split Dollar Life Insurance Program with respect to certain executives. In October 2008, the Board of Directors took action to convert the Executive Split Dollar Life Insurance Program to the SERP as a result of changes in the tax and accounting regulations and rising administrative costs. See "Compensation Discussion and Analysis-Supplemental Executive Retirement Plan (SERP)/Split Dollar Life Insurance" above for a description of this plan.

Potential Payments upon Termination or Change of Control

Executive Change of Control Agreements

During Fiscal 2001, the Board of Directors approved Executive Change of Control Agreements for certain executive officers and, at later dates, approved agreements for certain other executive officers, including Named Executive Officers, not previously a party to an Executive Change of Control Agreement. In December 2008, the Board of Directors approved amendments to the Executive Change of Control Agreements primarily to comply with the enactment of IRC Section 409A, while still preserving material terms of the Company's agreement with each executive (the Executive Change of Control Agreements, as amended, "Agreements").

The purpose of the Agreements is to reinforce and encourage executives to maintain objectivity and a high level of attention to their duties without distraction from the possibility of a change of control of the Company. The Agreements provide that in the event of a "Change of Control" of the Company, as that term is defined in the

Agreements, each such executive (provided such Change of Control occurs when the executive is in the employ of the Company) would receive, in the event he or she ceases to be employed by the Company within three years following a Change of Control of the Company (for a reason other than death, disability, willful misconduct, normal retirement or, under certain circumstances, a voluntary termination of employment by the executive), a lump-sum equal to three times the average of the aggregate annual compensation paid to the executive during the three fiscal years preceding the Change of Control. This multiple was arrived at through an analysis of certain Compensation Peers change of control agreements at the time these agreements were initially developed.

In addition, under the Agreements, if it is determined that any payment or distribution made to the executive would be subject to a federal excise tax, we would pay to the executive an additional payment (a "gross-up benefit") so that he or she would not be subject to a net reduction in compensation due to the imposition of the excise tax.

Under the Agreements, a "Change of Control" occurs when (i) any person becomes an "acquiring person" (as defined below) or (ii) individuals who shall qualify as Continuing Directors (as defined below) shall have ceased for any reason to constitute at least a majority of our Board of Directors; provided, however, that in the case of either clause (i) or (ii) a Change of Control shall not be deemed to have occurred if the event shall have been approved prior to the occurrence thereof by a majority of the Continuing Directors who shall then be members of such Board of Directors. "Continuing Director" means (i) any member of our Board of Directors, while such person is a member of the Board, who is not an affiliate or associate of any acquiring person or of any such acquiring person's affiliate or associate and was a member of the Board prior to the time when such acquiring person shall have become an acquiring person and (ii) any successor of a Continuing Director, while such successor is a member of the Board, who is not an acquiring person or any affiliate or associate of any acquiring person or a representative or nominee of an acquiring person or of any affiliate or associate of such acquiring person and is recommended or elected to succeed the Continuing Director by a majority of the Continuing Directors. An "acquiring person" means any person or any individual or group of affiliates or associates of such person who acquires beneficial ownership, directly or indirectly, of twenty percent or more of the outstanding

stock of the Company if such acquisition occurs in whole or in part following the date of that person's agreement.

Annual Incentive Plan Payments

In the event of a "Change in Control" (as defined in the Officers Incentive Compensation Plan), participants are entitled to receive awards within 15 days of the effective date of the Change in Control based upon the Committee's estimate of our financial performance through the end of the fiscal year in which such Change in Control occurs. A participant must be employed by the Company at the end of the fiscal year to be eligible for annual incentive payments, except for a Change in Control as described above or as determined by the Committee for normal retirement, disability and death.

Long-Term Incentive Plan Payments

In the event of a "Change in Control" (as defined in each of the Long-Term Incentive Plans) participants are entitled to receive awards within 15 days of the effective date of the Change in Control based on the Committee's estimate of our financial performance through the end of the Long-Term Incentive Plan three-year fiscal period in which such Change in Control occurs. A participant must be employed by the Company at the end of the three-year fiscal period to be eligible for any long-term incentive award, except for a Change in Control as described above or as waived by the Committee.

2004 Incentive Compensation Plan Payments

Restricted Stock. Pursuant to restricted award agreements entered into by each Named Executive Officer, unvested awards of restricted stock will immediately vest to Named Executive Officers under the following circumstances:

- if a Named Executive Officer's termination of employment is due to his or her retirement and occurs after at least five consecutive years of employment with the Company, any unvested awards of restricted stock immediately vest if the participant is at least 60 years of age;
- if the Named Executive Officer's termination of employment is due to his or her disability (as defined in the 2004 Plan) and occurs after at least five consecutive years of employment with the Company, any unvested awards of restricted stock immediately vest; and
- if the Named Executive Officer's termination of employment is due to his or her death and occurs after at least five consecutive years of employment with the Company or any subsidiary, any unvested awards of restricted stock shall immediately vest.

In addition, any restricted shares that are not vested under the 2004 Plan will vest upon a "Change of Control" (as defined in the 2004 Plan) of the Company. In all other circumstances, in the event that a Named Executive Officer ceases to be employed by the Company or any subsidiary, any awards held by such grantee will terminate and thereafter, be null and void.

Stock Options

Any options not vested under the 2004 Plan will vest upon a "Change of Control" (as defined in the 2004 Plan) of the Company, pursuant to the terms of the 2004 Plan. In the event that a Named Executive Officer ceases to be employed by the Company, stock options held by such Named Executive Officer will vest as follows:

- if the Named Executive Officer's termination of employment is due to his or her retirement, and occurs after at least five consecutive years of employment with the Company, the stock options become vested in full and immediately exercisable for a period of three months following such termination of employment for incentive stock options and for

a period of ten years after any stock option grant date for non-qualified stock options;
if the Named Executive Officer's termination of employment is due to his or her disability and occurs after at least five consecutive years of employment with the Company, the stock options become vested in full and immediately exercisable for a period of one year following such termination of employment for incentive stock options and for a period of ten years after any stock option grant date for non-qualified stock options; and
if the Named Executive Officer's termination of employment is due to his or her death and occurs after at least five consecutive years of employment with the Company, the options shall become vested in full and immediately exercisable by the Named Executive Officer's estate or legal representative for a period of one year following such termination of employment and shall thereafter, terminate, for both incentive and non-qualified stock options.

In the event that a Named Executive Officer ceases to be employed by the Company other than because of retirement, disability or death or if retirement, disability or death occurs before the Named Executive Officer has completed five consecutive years of employment with the Company, any outstanding stock options held by the Named Executive Officer which have not vested as of the date of termination of employment will terminate and the Named Executive Officer may exercise any options in which he or she is vested at the date of termination of employment for a period of three months following such date of termination of employment.

ESTIMATED CHANGE OF CONTROL OR TERMINATION PAYMENTS AND BENEFITS AT THE END OF FISCAL 2011

The tables below reflect the payments and benefits payable to each of the Named Executive Officers in the event of a termination of the executive's employment under several different circumstances. The amounts shown assume that termination was effective

Table of Contents

as of August 27, 2011, at the executive's compensation and service levels as of that date, and are estimates of the amounts that would be payable to the Named Executive Officers in each scenario and do not include benefits paid by insurance providers under life and disability policies or payments and benefits provided on a non-discriminatory basis to employees upon a termination of employment. The actual amounts to be paid out can only be determined at the time of an executive's actual separation from the Company. Factors that could affect the nature and amount of the amounts paid on termination of employment, among others, include the timing of event, compensation level, the market price of the Company's Common Stock and the executive's age.

Payments relating to the Officers Incentive Compensation Plan Fiscal Period 2011 and the Long-Term Incentive Plan Fiscal 2009-2011, Long-Term Incentive Plan Fiscal 2010-2012 and Long-Term Incentive Plan Fiscal 2011-2013 are not currently applicable, as the Company did not meet or, as of August 27, 2011, is not forecasted to meet, the applicable threshold requirements of these plans as of the end of Fiscal 2011.

ITEM 2

RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS FOR THE FISCAL YEAR ENDING AUGUST 25, 2012

Deloitte & Touche LLP (“Deloitte & Touche”) was appointed by the Audit Committee as our independent registered public accountants for the fiscal year ending August 25, 2012. We are asking our shareholders to ratify the appointment of Deloitte & Touche. Deloitte & Touche has served as our independent registered public accountants for over 25 years. For a description of the fees for services rendered by Deloitte & Touche in Fiscal 2011 and Fiscal 2010, and a description of our policy regarding the approval of independent registered public accountants provisions of audit and nonaudit services, see “Independent Registered Public Accountants Fees and Services” below.

Although ratification by the shareholders is not required by law, the Board of Directors has determined that it is desirable to request approval of this selection by the shareholders. In the event the shareholders fail to ratify the appointment, the Audit Committee will consider this factor when making any determination regarding Deloitte & Touche. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the Company's best interests and those of its shareholders.

Passage of the proposal requires the affirmative vote of a majority of the shares entitled to vote on the proposal and represented in person or by proxy at the Meeting at which a quorum is present.

YOUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE AS INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS FOR OUR FISCAL YEAR ENDING AUGUST 25, 2012.

ITEM 3

PROPOSAL FOR AN ADVISORY VOTE ON EXECUTIVE COMPENSATION (THE "SAY ON PAY" VOTE)

The Dodd-Frank Wall Street Reform and Consumer Protection Act, enacted in July 2010, requires the Board to provide our shareholders with the opportunity to vote, on a non-binding, advisory basis, on the compensation of our Named Executive Officers as set forth in this Proxy Statement in accordance with the compensation disclosure rules of the SEC. This proposal is also referred to as the "Say on Pay" vote.

As described in the “Compensation Discussion and Analysis” section of this Proxy Statement, the primary objectives of our executive compensation programs are to attract and retain key executives critical to us; to align the interests of our Management with those of our shareholders; to integrate compensation with our business plans; and to reward for both business and individual performance, whereby a substantial portion of each executive officer's total compensation potential is a function of performance incentives. In accordance with these compensation objectives, the compensation of Winnebago's executives during Fiscal 2011 was limited to their base salaries and a special grant of restricted stock. Following improvements in the performance of the Company in the first and second fiscal quarters, previous salary reductions were reinstated to levels reduced in March 2009. However, as a result of slower than expected wholesale and retail sales in our third and fourth fiscal quarters, none of the Named Executive Officers received any of the performance based incentives under the plans described in the "Compensation Discussion and Analysis". The Board believes the compensation of the Named Executive Officers outlined in the Proxy Statement is appropriate based upon the performance of the Company.

While the Board of Directors and especially the Human Resources Committee intend to carefully consider the results of the voting on this proposal when making future decisions regarding executive compensation, the vote is not binding on the Company or the Board and is advisory in nature.

YOUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS VOTING, ON A NON-BINDING, ADVISORY BASIS, FOR APPROVAL OF THE EXECUTIVE COMPENSATION AS OUTLINED IN THE

PROXY STATEMENT FOR THE REASONS DISCUSSED ABOVE. PROXIES SOLICITED BY THE BOARD OF DIRECTORS WILL BE VOTED FOR APPROVAL OF THIS ITEM, UNLESS A SHAREHOLDER INDICATES OTHERWISE IN VOTING THE PROXY.

ITEM 4

PROPOSAL FOR AN ADVISORY VOTE ON THE FREQUENCY OF "SAY ON PAY" VOTES

The Dodd-Frank Wall Street Reform and Consumer Protection Act also requires that shareholders must be given the opportunity, at least once every six years, to cast a non-binding, advisory vote on whether a "Say on Pay" vote on the compensation of Named Executive Officers should be held every one, two, or three years.

After careful consideration, the Board of Directors recommends annual ("1 Year") advisory votes on the compensation of the Named Executive Officers. The Board believes that annual votes will provide the clearest and most useful feedback from shareholders to the Company and the Human Resources Committee in this important area, and will confirm the Company's

Table of Contents

commitment to frequent and transparent communications with investors.

Shareholders are not voting to approve or disapprove of the Board's recommendation. Instead, shareholders have four choices with respect to this Item: "1 Year", "2 Years", "3 Years", or "Abstain". For the reasons discussed above, we are asking our shareholders to vote for a frequency of "1 Year" when voting on this Item.

While the Board of Directors and especially the Human Resources Committee intend to carefully consider the results of the voting on this proposal, the vote is not binding on the Company or the Board and is advisory in nature.

YOUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE IN FAVOR OF CONDUCTING A NON-BINDING, ADVISORY VOTE ON EXECUTIVE COMPENSATION EACH YEAR ("1 YEAR"). PROXIES SOLICITED BY THE BOARD OF DIRECTORS WILL BE VOTED IN FAVOR OF CONDUCTING AN ADVISORY VOTE ON EXECUTIVE COMPENSATION EACH YEAR ("1 YEAR") UNLESS A SHAREHOLDER INDICATES OTHERWISE IN VOTING THE PROXY.

OTHER MATTERS

The Board of Directors does not know of any matter, other than the election of directors, the advisory approval of executive compensation, the advisory approval to determine the frequency of an executive compensation vote, and the ratification of the appointment of independent registered public accountants, which may be presented at the Meeting. However, if any other matters should properly come before the Meeting, it is the intention of the persons named in the proxy to vote thereon in accordance with their best judgment.

NOMINATION OF DIRECTORS

The Nominating and Governance Committee (the “Committee”) has adopted the following policy (the “Director Nomination Policy”) to assist it in fulfilling its duties and responsibilities as provided in its charter (the “Charter”). This Director Nomination Policy may be amended and/or restated from time to time by the Committee in accordance with the Charter and as provided herein.

RECOMMENDED CANDIDATES. The Committee shall consider any and all candidates recommended as nominees for directors to the Committee by any directors, officers, shareholders of the Company, third-party search firms and other sources. Under the terms of our By-Laws, the Committee will consider director nominations from shareholders of record who provide timely written notice along with prescribed information to the Secretary of the Company. To be timely, the notice must be received by the Secretary at our principal executive offices not later than 90 or earlier than 120 days prior to the anniversary of the previous year’s annual meeting, except in the case of candidates recommended by shareholders of more than 5 percent of the Company’s Common Stock who may also submit nominations in accordance with the procedures in Section 2 under “5% SHAREHOLDER

1. **RECOMMENDATIONS**” and except as otherwise provided in our By-Laws. The shareholder’s notice must set forth (1) all information relating to such director nominee that is required to be disclosed under the federal securities laws in solicitation of proxies for election of directors in an election contest, including the person’s written consent to being named in the proxy statement as a nominee and to serving as a director if elected; (2) the name and address of the shareholder and any beneficial owner giving the notice as they appear on our books together with the number of shares of the Company’s Common Stock which are owned beneficially and of record by the shareholder and any beneficial owner; and (3) a signed statement by the nominee agreeing that, if elected, such nominee will (a) represent all of our shareholders in accordance with applicable laws and By-Laws and (b) comply with our Code of Ethics.

5% SHAREHOLDER RECOMMENDATIONS. For purposes of facilitating disclosure required in the Proxy Statement, the Committee and the Corporate Secretary shall identify any candidates recommended by shareholders owning more than 5 percent of the Company’s Common Stock, and identify the shareholder making such recommendation, as provided in and to the extent required by the federal securities laws. In addition to the procedures for shareholders to recommend nominees described in Section 1 above, shareholders or a group of shareholders who have owned more than 5 percent of the Company’s Common Stock for at least one year as of the date the recommendation was made, may recommend nominees for director to the Committee provided that (1) written notice from the shareholder(s) must be received by the Secretary of the Company at our principal executive offices not later than 120 days prior to the anniversary of the date our proxy statement was released to shareholders in connection with the previous year’s annual meeting, except as otherwise provided in our By-Laws; (2) such notice must contain the name and address of the shareholder(s) and any beneficial owner(s) giving the notice as they appear on our books, together with evidence regarding the number of shares of the Company’s Common Stock together with the holding period and the written consent of the recommended candidate and the shareholder(s) to being identified in our proxy statement; (3) such notice must contain all information relating to such director nominee that is required to be disclosed under federal securities laws in solicitation of proxies for election of directors in an election contest; and (4) such notice must contain a signed statement by the nominee agreeing that, if elected, such nominee will (a) represent all our shareholders in accordance with applicable laws and our By-Laws and (b) comply with our Code of Ethics.

DESIRED QUALIFICATIONS, QUALITIES AND SKILLS. The Committee shall endeavor to find individuals of high integrity who have a solid record of accomplishment in their chosen fields and who possess the qualifications, qualities and skills to effectively represent the best interests of all shareholders. Candidates will be selected for their ability to exercise good judgment and to provide practical insights and diverse perspectives.

The Committee considers the following qualifications at a minimum to be required of any Board members in recommending to the Board of Directors potential new Board members or the continued service of existing members: the highest professional and personal ethics;

broad experience in business, government, education or technology;
ability to provide insights and practical wisdom based on their experience and expertise;
commitment to enhancing shareholder value;
sufficient time to effectively carry out their duties; their service on other boards of public companies should be limited to a reasonable number;
ability to develop a good working relationship with other Board members and contribute to the Board's working relationship with our senior management; and
independence; a majority of the Board shall consist of independent directors, as defined in this Director Nomination Policy.

Other than the foregoing, there are no stated minimum criteria for director nominees, although the Committee may also consider such other factors as it may deem are in our best interests and those of our shareholders. The Committee does, however, believe it appropriate for at least one member of the Board to meet the criteria for an “audit committee financial expert” as defined by Securities and Exchange Commission rules.

A-1

Table of Contents

INDEPENDENCE. The Committee believes and it is our policy that a majority of the members of the Board meet the definition of “independent director” set forth in this Director Nomination Policy. The Committee shall annually assess each nominee for director by reviewing any potential conflicts of interest and outside affiliations, based on the criteria for independence set out below.

An independent director is one who:

- (1) has no material relationship with the Company, either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company;
- (2) is not an employee of the Company and no member of his or her immediate family is an executive officer of the Company;
- (3) has not been employed by the Company and no member of his or her immediate family has been an executive officer of the Company during the past three years;
- (4) has not received and no member of his or her immediate family has received more than \$120,000 per year in direct compensation from the Company in any capacity other than as a director during the past three years;
(A) is not a current partner or employee of a firm that is the Company's internal or external auditor; (B) does not have an immediate family member who is a current partner of a firm that is the Company's internal or external auditor; (C) does not have an immediate family member who is a current employee of the Company's internal or external auditor and who personally works on the Company's audit; and (D) within the last three years was not and no member of his or her immediate family was a partner or employee of the Company's internal or external auditor and personally worked on the Company's audit within that time.
- (5) is not and no member of his or her immediate family is currently, and for the past three years has not been, and no member of his or her immediate family has been, part of an interlocking directorate in which an executive officer of the Company serves on the compensation committee of another company that employs the director or an immediate family member of the director;
- (6) is not an executive officer or an employee, and no member of his or her immediate family is an executive officer, of another company that makes payments to, or receives payments from, the Company for property or services in an amount which, in any single year, exceeds the greater of \$1 million or 2 percent of such other company's consolidated revenues during any of the past three years;
- (7) is free of any relationships with the Company that may impair, or appear to impair, his or her ability to make independent judgments; and
- (8) is not and no member of his or her immediate family is employed by or serves as a director, officer or trustee of a charitable organization that receives contributions from the Company or a Company charitable trust, in an amount which exceeds the greater of \$1 million or 2 percent of such charitable organization's total annual receipts.
- (9)

This policy may be modified temporarily if, due to unforeseen circumstances, strict adherence would be detrimental to the Board's performance.

For purposes of determining a “material relationship,” the Committee shall utilize the following standards:

- (1) Any payments by the Company to a director's primary business affiliation or the primary business affiliation of an immediate family member of a director for goods or services, or other contractual arrangements, must be made in the ordinary course of business and on substantially the same terms as those prevailing at the time for comparable transactions with non-affiliated persons.
- (2) The aggregate amount of such payments must not exceed 2 percent of the Company's consolidated gross revenues.

For purposes of these independence standards, (i) immediate family members of a director include the director's spouse, parents, children, siblings, mother- and father-in-law, sons- and daughters-in-law, and brothers and sisters-in-law and anyone (other than domestic employees) who shares the director's home and (ii) the term “primary

business affiliation” means an entity of which the director is a principal/executive officer or in which the director holds at least a 5 percent equity interest.

NOMINEE EVALUATION PROCESS. The Committee will consider as a candidate any director of the Company who has indicated to the Committee that he or she is willing to stand for re-election as well as any other person who is recommended by any shareholders of the Company in accordance with the procedures described under “RECOMMENDED CANDIDATES” in Section 1 and under “5% SHAREHOLDER RECOMMENDATIONS” in Section 2. The Committee may also undertake its own search process for candidates and may retain the services of professional search firms or other third parties to assist in identifying and evaluating potential nominees and, if fees are paid to such persons in any year, such fees shall be disclosed in the next annual Proxy Statement relating to such year. The Committee may use any process it deems appropriate for the

A-2

purpose of evaluating candidates which is consistent with the policies set forth in the Charter, Corporate Governance Policy and this Director Nomination Policy, which process may include, without limitation, personal interviews, background checks, written submissions by the candidates and third-party references. Although the Committee may seek candidates that have different qualities and experiences at different times in order to maximize the aggregate experience, qualities and strengths of the Board members, nominees for each election or appointment of directors shall be evaluated using a substantially similar process and under no circumstances shall the Committee evaluate nominees recommended by a shareholder of the Company pursuant to a process substantially different than that used for other nominees for the same election or appointment of directors.

CATEGORIZE RECOMMENDATIONS. For purposes of facilitating disclosure required in the Proxy Statement, the Committee and the Corporate Secretary shall identify and organize the recommendations for nominees received

6. by the Committee (other than nominees who are executive officers or who are directors standing for re-election) in accordance with one or more of the following categories of persons or entities that recommended that nominee:

- (1) a shareholder, a 5% shareholder, independent director, chief executive officer, or other executive officer of the Company;
- (2) a third-party search firm used by or on behalf of the Company; and
- (3) any other specified source.

MATERIAL CHANGES TO NOMINATION PROCEDURES. For purposes of facilitating disclosure required in

7. Form 10-K and Form 10-Q, the Committee and the Corporate Secretary shall identify any material changes to the procedures for shareholder nominations of directors for the reporting period in which such material changes occur.

8. POSTING OF POLICY. This Director Nomination Policy shall be posted to the Company's Web Site in accordance with the Company's Corporate Governance Policy.

9. AMENDMENTS TO THIS POLICY. Any amendments to this Director Nomination Policy must be approved by the Committee and ratified by the Board.
