PROXY STATEMENT

FOR ANNUAL MEETING OF SHAREHOLDERS

TO BE HELD April 15, 2014

GENERAL INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

This Proxy Statement accompanies the Notice of Annual Meeting of Shareholders of Cumberland Pharmaceuticals Inc., a Tennessee corporation (“we,” “our,” “the Company”), in connection with the solicitation of proxies by and on behalf of our Board of Directors for use at our Annual Meeting to be held on April 15, 2014 at 10 a.m. Central Time, at the Cumberland Pharmaceuticals Inc. Boardroom, 2525 West End Avenue, Suite 950, Nashville, Tennessee 37203, and at any postponement or adjournment of the meeting.

The Company’s Annual Report for the fiscal year ended December 31, 2013 is being mailed to shareholders with the mailing of the Notice of Annual Meeting and Proxy Statement. This Proxy Statement and the accompanying proxy card are first being sent to our shareholders on or about March 17, 2014.

The solicitation of proxies by the Board of Directors will be conducted primarily by mail. The cost of this solicitation will be borne by the Company. In addition, our officers, directors and employees may solicit proxies personally or by telephone, e-mail or facsimile communication. Our officers, directors and employees will not receive any compensation for these services. We will reimburse brokers, custodians, nominees and fiduciaries for reasonable expenses incurred by them in forwarding proxy materials to beneficial owners of our common stock.

What is the Purpose of the 2014 Annual Meeting?

At the 2014 Annual Meeting, shareholders will act upon the matters outlined in the attached Notice of Annual Meeting and described in detail in this Proxy Statement, which are: (1) to elect two (2) Class I Directors to serve until the 2017 Annual Meeting of Shareholders, or until their successors are duly elected and qualified; (2) to ratify the appointment of KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2014; (3) to provide shareholders an opportunity to participate in an advisory vote on executive compensation; and (4) to transact such other business as may properly come before our annual meeting or any postponement or adjournment of the meeting. In addition, our management will report on our performance during the fiscal year ended December 31, 2013 and respond to questions from shareholders.

Although the Board does not anticipate that any other matters will come before the 2014 Annual Meeting, your executed proxy gives the official proxies the right to vote your shares at their discretion on any other matter properly brought before the Annual Meeting.

Who Is Entitled to Vote at the 2014 Annual Meeting?

Only shareholders of record at the close of business on March 7, 2014, or the “record date,” will be entitled to notice of, and to vote at, the Annual Meeting or any adjournment or postponement of the meeting.

What Are the Voting Rights of the Holders of Our Common Stock?

Holders of our common stock are entitled to one vote per share with respect to each of the matters to be presented at the Annual Meeting. With regard to the election of directors, holders of common stock are entitled to vote for as many individuals as there are director seats to be elected, which for the 2014 Annual Meeting include two director seats. The two nominees receiving the greatest number of votes cast will be elected provided a quorum is present. On each other matter to be presented, a matter will be approved if the votes cast in favor of the action exceed the votes cast opposing the action.

Abstentions will not be counted towards the tabulation of votes cast on matters properly presented to the shareholders (except the election of directors). In the election of directors, if more votes are withheld than votes for the election of a director, that director must tender his or her resignation to the Board of Directors; the Board of Directors will have 90 days to consider the matter and act. Any director who tenders his or her resignation due to this process cannot participate in any decision, unless the election resulted in less than two directors.

What Constitutes A Quorum?

Our Bylaws provide that the presence, in person or by proxy, of the holders of a majority of shares entitled to vote at our Annual Meeting shall constitute a quorum. On the record date there were 17,868,049 shares of our common stock (excluding restricted shares) issued and outstanding and such shares are the only shares entitled to vote at the Annual Meeting.

What Are the Board's Recommendations?

Unless you provide other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board of Directors. The Board's recommendations are set forth together with the description of the Proposals in this Proxy Statement. In summary, the Board recommends a vote FOR election to the Board of Directors of each of the two (2) nominees for directorship named in this Proxy Statement (see Proposal I), a vote FOR the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the year ending December 31, 2014 (see Proposal II) and a vote FOR the resolution regarding compensation of the named executive officers (see Proposal III).

The proxy holders will vote in their discretion with respect to any other matter that may properly come before the Annual Meeting.

Proxies

If the enclosed proxy card is executed, returned in time and not revoked, the shares represented thereby will be voted at the Annual Meeting and at any postponement or adjournment of the meeting in accordance with the instructions indicated on such proxy. **IF NO INSTRUCTIONS ARE INDICATED ON THE PROXY CARD, THE OFFICIAL PROXIES WILL VOTE (1) "FOR" PROPOSALS I, II and III DESCRIBED IN THIS PROXY STATEMENT; and (2) AS TO ANY OTHER MATTERS PROPERLY BROUGHT BEFORE THE ANNUAL MEETING OR ANY POSTPONEMENT OR ADJOURNMENT THEREOF, IN THE SOLE DISCRETION OF THE PROXY HOLDERS.** A shareholder who has returned a proxy card may revoke it at any time prior to its exercise at the Annual Meeting by (i) giving written notice of revocation to our Corporate Secretary, (ii) properly submitting to Cumberland Pharmaceuticals Inc. a duly executed proxy bearing a later date or (iii) appearing at the Annual Meeting and voting in person. All written notices of revocation of proxies should be addressed as follows: Cumberland Pharmaceuticals Inc., 2525 West End Avenue, Suite 950, Nashville, Tennessee 37203, Attention: Corporate Secretary.

PROPOSAL I ELECTION OF DIRECTORS

The Board of Directors

Effective April 15, 2014, our Board of Directors will consist of seven directors, divided into three classes, serving staggered three-year terms. One of three classes is elected each year to succeed the directors whose terms are expiring. At this 2014 Annual Meeting, the term of the Class I directors expire. The individuals nominated for election as directors in Class I at this 2014 Annual Meeting would, if elected, hold office for a three-year term expiring in 2017.

Director Nominees

Both of the nominees are currently serving as directors of the Company. There are currently five independent directors serving on our Board.

Nomination to serve as Class I directors, for term expiring in 2017

Joey Jacobs. Mr. Jacobs, 60, joined Cumberland's Board of Directors in 2011 and is a member of the Governance & Nominating Committee. A healthcare veteran with more than 35 years of industry experience, Mr. Jacobs is currently the Chairman and Chief Executive Officer of Acadia Healthcare, a rapidly growing behavioral health company. Mr. Jacobs is the former Chairman, President and Chief Executive Officer of Nashville-based Psychiatric Solutions, Inc. (PSI), which he co-founded in 1997 and grew into a \$2 billion behavioral healthcare system before the company's sale to Universal Health Services in 2010. Prior to founding PSI, Mr. Jacobs spent 21 years at Hospital Corporation of America, or HCA, where he served in various capacities. In addition to serving as the former Chairman of the Nashville Health Care Council, he is also the past director of the Federation of American Hospitals and the National Association of Psychiatric Health Systems. He is currently a board member of the Monroe Carell, Jr. Children's Hospital at Vanderbilt, AmSurg Corporation and Mental Health Management. Mr. Jacobs holds a B.S. degree from Middle Tennessee State University. The Board believes Mr. Jacobs' extensive hospital industry experience as well as his experience as chairman and CEO of a publicly traded healthcare company will be critical as the Company continues to develop its hospital acute care product line and navigate the responsibilities associated with being a public company.

Jonathan Griggs. Mr. Griggs, 79, has served as a member of our Board of Directors since 2010 and is a member of our Audit, Compensation and Governance & Nominating Committees. His career spans more than 40 years in the pharmaceutical and biotechnology industries and includes significant international experience. He spent 23 years at Warner Lambert Corporation in positions of increasing responsibility, culminating with his position as Vice President of Human Resources. During his tenure with Warner Lambert, he provided leadership for the successful integration of three pharmaceutical businesses into what became Parke Davis, the largest consolidation in the industry at that time. From 1992 to present he has been the CEO of Griggs & Associates, a management and human resources consulting firm assisting start-up companies and providing critical assistance in turnaround situations. Mr. Griggs also provided the leadership and strategic management for the formation and establishment of the AACA (Antique Auto Club of America) Museum, a leading transportation museum where he served as chairman and is currently a director. Mr. Griggs has his B.S. Degree from Penn State and attended the Wharton School of Management at the University of Pennsylvania. He has been an advisor to Cumberland Pharmaceuticals as a member of the Company's Pharmaceutical Advisory Board since it began operations in 1999. The Board believes Mr. Griggs' experience in strategic management and human resources consulting will be critical as the Company continues to build a strong, effective management team.

Class II Directors Expected to Stand For Re-Election in 2015

James R. Jones. Mr. Jones, 66, has served as a member of our Board of Directors since 2010. Mr. Jones' 35 year career in professional accounting at KPMG LLP included the role of Managing Partner at their Nashville, Tennessee office from 1999 to 2006. He served in various capacities during his career at KPMG which also included positions at their offices in Jackson, Mississippi, Washington, D.C. and Greenville, South Carolina. During his tenure with KPMG, Mr. Jones led a team of more than 100 individuals providing accounting services for an extensive client base. Following retirement in 2006, he has served as an advisor and provided various consulting services to several companies, including acting as liaison between management and the board of directors of a long-term care facility and serving as interim CEO of a charitable organization. Mr. Jones is an adjunct faculty member at the Owen Graduate School of Business

at Vanderbilt University. He is currently a board director and member of the audit committee of Argent Trust Company of Tennessee. Mr. Jones also serves as Chairman of our Audit Committee and is the Committee's financial expert. Mr. Jones holds a B.S. from Mississippi College and an M.B.A from Mississippi State University. The Board believes Mr. Jones' significant accounting background will strengthen Cumberland's existing financial capabilities and play a key role as the Company is subject to increasingly stringent accounting and auditing regulations as a public entity.

Thomas R. Lawrence. Mr. Lawrence, 74, has served as a member of our Board of Directors since 1999. Since 2003 he has been Chairman of Aetos Technologies Inc., a corporation formed in 2003 by Auburn University to market technological breakthroughs by its faculty. Since 1998, Mr. Lawrence advises business clients on matters of marketing and corporate governance through his firm Capital Consultants. He previously served as Co-Founder and Managing Partner of Delta Capital Partners, or Delta, in Memphis from 1989 to 1998. The partnership made investments in ten early-stage companies which, by 1998, were valued at more than \$30 million. Prior to the formation of Delta, Mr. Lawrence founded several companies in the areas of commercial leasing and venture capital financing. He also worked for most of the 1980s as an Institutional Sales Representative and Commercial Leasing Specialist with the Investment Banking Group of Union Planters Bank in Memphis, where he was responsible for the structure and sale of over \$1 billion in securities. Mr. Lawrence serves as the Chairman of our Compensation Committee, a member of our Audit Committee and a director for CET. He holds a B.A. from Mississippi State University. The Board believes Mr. Lawrence has played a significant role in guiding the Company's strategy, and that he will continue to offer valuable services in directing Cumberland's growth. He is currently a majority owner of the publishing company Front Porch Press, LLC.

Class III Directors Expected to Stand For Re-Election in 2016

A.J. Kazimi. Mr. Kazimi, 55, founded our company in 1999 and has served as the Chairman of our Board of Directors and Chief Executive Officer since inception. His career includes 25 years in the biopharmaceutical industry. Prior to joining our company, he spent eleven years helping to build Therapeutic Antibodies Inc., an international biopharmaceutical company. As President and Chief Operating Officer, he made key contributions to that company's growth from its start-up phase through its initial public offering. Mr. Kazimi oversaw operations in three countries and was personally involved with the company's product development strategies, approvals, licensing agreements and the raising of over \$100 million in equity and debt financings. Prior to that role, Mr. Kazimi worked at Brown-Forman Corporation, rising through a series of management positions and helping to launch several new products. Mr. Kazimi has served on the board of directors for the Nashville Health Care Council, an industry association representing the largest concentration of healthcare companies in the United States and Aegis Toxicology Sciences Corporation, a federally certified forensic toxicology laboratory. He also serves as Chairman and Chief Executive Officer of CET. He holds a B.S. from the University of Notre Dame and an M.B.A. from the Vanderbilt University Owen Graduate School of Management. The Board believes that Mr. Kazimi brings strategic insight, leadership and a history of successful execution to the Board along with a wealth of experience in both the biopharmaceutical industry and the development of emerging companies.

Martin E. Cearnal. Mr. Cearnal, 69, has served as a member of our Board of Directors since 2004. In 2008, he joined our management team to head commercial development for Cumberland, currently serving as Senior Vice President and Chief Commercial Officer. He is the former President and Chief Executive Officer of Physicians World, which became the largest provider of continuing medical education during his tenure from 1985 to 2000. Physicians World was acquired by Thomson Healthcare in 2000, and Mr. Cearnal served as President of Thomson Physicians World from 2000 to 2003 and Executive Vice President-Chief Strategy Officer for Thomson Medical Education from 2003 through 2005. He then became Executive Vice President-Chief Strategy Officer for Jobson Medical Information. Mr. Cearnal has 44 years of experience in the healthcare industry and has been involved with the launches of such noteworthy pharmaceutical products as Lipitor[®], Actos[®], Intron-A[®], Straterra[®], Botox[®] and Humira[®]. He spent 17 years at Revlon Healthcare in a variety of domestic and international pharmaceutical marketing roles culminating in his position as Vice President, Marketing for International Operations. He has a B.S. degree from Southeast Missouri State University. The Board believes Mr. Cearnal brings significant marketing-related knowledge to the Company, which has and will help facilitate successful product launches and marketing plans, among other things.

Gordon R. Bernard. Dr. Bernard, 62, served as our Medical Director from 1999 until 2010 and currently serves as an advisor to the Company as Chair of our Medical Advisory Board. He has served on our Board of Directors since 2010. Dr. Bernard is the Associate Vice-Chancellor for Research at Vanderbilt University, and also the Melinda Owen Bass Professor of Medicine and former Chief of the Division of Allergy, Pulmonary and Critical Care Medicine at Vanderbilt. In addition, he is Senior Associate Dean for Clinical Sciences and Chairman of Vanderbilt's Pharmacy and Therapeutics Committee, which is responsible for approving the Vanderbilt Medical Center Formulary of approved drugs and therapeutics. Dr. Bernard has been conducting national and international trials of pharmaceuticals since 1980, and he has been steering committee chair of the National Institutes of Health, Acute Respiratory Distress Syndrome Clinical Trials Network since its inception in 1994. This network is the only federally supported, ongoing system for the conduct of research in the hospital Intensive Care Unit, or ICU. He holds a B.S. from the University of Southwestern Louisiana and an M.D. from Louisiana State University. Dr. Bernard maintains an active practice as an Intensivist in the Medical ICU at Vanderbilt and is therefore in a position to observe, firsthand, the pharmaceutical management issues surrounding the care of a wide variety of the most severely ill patients and identify their unmet medical needs. The Board believes Dr. Bernard's medical background is extremely valuable as the Company seeks to continue expanding its pipeline with promising products that offer advancement to patient care and are well-positioned competitively.

Please refer to the section labeled "CORPORATE GOVERNANCE" for a discussion of the various committees of our Board of Directors and the composition and duties of these committees, as well as the nomination process for directors, and a discussion of other corporate governance and ethical considerations.

Based on their qualifications and experience, we believe the aforementioned nominees for directorship are suitable nominees to serve on the Board and we believe the nominees will be available and able to serve as directors. In the event that a nominee is unable to serve, the proxy holders will vote the proxies for such other nominee as they may determine.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE SHAREHOLDERS VOTE "FOR" THE ELECTION OF EACH OF THE DIRECTOR NOMINEES LISTED ABOVE.

**PROPOSAL II
PROPOSAL TO RATIFY APPOINTMENT OF
KPMG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee of our Board of Directors has appointed the firm of KPMG LLP as our independent registered public accounting firm to audit our consolidated financial statements for the fiscal year ending December 31, 2014. From December 31, 2003 through December 31, 2013, KPMG LLP has served as our independent registered public accounting firm.

We are not required to seek shareholder approval for the appointment of our independent registered public accounting firm; however, the Audit Committee and the full Board of Directors believe it to be sound corporate practice to seek such approval. If the appointment is not ratified, the Audit Committee will investigate the reasons for shareholder rejection and will re-consider the appointment. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of our Company and our shareholders.

Independent Registered Public Accounting Firm

Aggregate fees billed to us for professional services by KPMG LLP for the fiscal years ended December 31, 2013 and 2012 were as follows:

	2013	2012
Audit Fees	\$ 330,000	\$ 343,000
Audit-Related Fees	—	—
Tax Fees	—	—
All Other Fees	—	—
Total	\$ 330,000	\$ 343,000

In the above table, in accordance with the definitions and rules of the SEC, “Audit Fees” are fees we paid KPMG LLP for professional services for the audit of our consolidated financial statements included in our Form 10-K, the review of financial statements included in our Form 10-Q’s and for services that are normally provided by auditors in connection with statutory and regulatory filings or engagements.

Representatives of KPMG LLP will be present at the Annual Meeting and will have an opportunity to make a statement, if they so desire, and will be available to respond to appropriate questions.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE “FOR” THE RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL YEAR 2014.

PROPOSAL III

ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act, or the Dodd-Frank Act, provides that our shareholders have the opportunity to cast a non-binding advisory vote regarding the approval of the compensation disclosed in this Proxy Statement of the Company's executive officers. The Company's executive officers are named in the Summary Compensation Table and the Company has disclosed the compensation of the named executive officers pursuant to SEC rules.

The Company believes that the compensation policies for the named executive officers are designed to attract and retain talented and experienced executives; motivate and reward executives whose knowledge, skills and performance are critical to our success and align the interests of our executive officers and shareholders by motivating executive officers to increase shareholder value and rewarding them when shareholder value increases. This advisory shareholder vote, commonly referred to as a "say-on-pay vote" and currently held every three years, gives you as a shareholder the opportunity to approve or not approve the compensation of the named executive officers that is disclosed in this Proxy Statement by voting for or against the following resolution (or by abstaining with respect to the resolution):

RESOLVED, that the shareholders of Cumberland Pharmaceuticals Inc. approve all of the compensation of Cumberland's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion.

Although the say on pay vote is advisory and is not binding on either the Board of Directors or the Company, the Compensation Committee will take into consideration the outcome of the shareholder vote on this proposal when considering future executive compensation decisions.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE RESOLUTION REGARDING THE COMPENSATION OF NAMED EXECUTIVE OFFICERS.

Audit Committee Report

The Board of Directors appointed the undersigned directors as members of the Audit Committee and adopted a written charter setting forth the procedures and responsibilities of the Audit Committee. Each year, the Audit Committee reviews the charter and reports to the Board on its adequacy in light of applicable NASDAQ Global Select Market rules.

During the last year, and earlier this year in preparation for the filing with the SEC of our Annual Report on Form 10-K for the year ended December 31, 2013 or the 10-K, the Audit Committee:

- reviewed and discussed the audited financial statements with management and the Company's independent registered public accounting firm;
- reviewed the overall scope and plans for the audit and the results of the independent registered public accounting firm's examinations;
- met with management periodically during the year to consider the adequacy of the Company's internal controls and the quality of its financial reporting and discussed these matters with the Company's independent registered public accounting firm and with appropriate Company financial personnel;
- discussed with the Company's senior management, independent registered public accounting firm and appropriate Company financial personnel the process used for the Company's chief executive officer and chief financial officer to make the certifications required by the SEC and the Sarbanes-Oxley Act of 2002 in connection with the 10-K and other periodic filings with the SEC;
- reviewed and discussed with the independent registered public accounting firm (1) their judgments as to the quality (and not just the acceptability) of the Company's accounting policies, (2) the written communication required by the Public Company Accounting Oversight Board (PCAOB) Ethics and Independence Rule 3526, "Communication with Audit Committees Concerning Independence" and the independence of the independent registered public accounting firm and (3) the matters required to be discussed with the Audit Committee under auditing standards generally accepted in the United States, including PCAOB Auditing Standard No. 16, "Communication with Audit Committees"; and
- based on these reviews and discussions, as well as private discussions with the independent registered public accounting firm and appropriate Company financial personnel, recommended to the Board of Directors the inclusion of the audited financial statements of the Company and its subsidiaries in the 10-K.

Notwithstanding the foregoing actions and the responsibilities set forth in the Audit Committee charter, the charter clarifies that it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and in accordance with generally accepted accounting principles. Management is responsible for the Company's financial reporting process including its system of internal controls, and for the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States. The independent registered public accounting firm is responsible for expressing an opinion on those financial statements and on the effectiveness of internal control over financial reporting. Audit Committee members are not necessarily accountants or auditors by profession or experts in the fields of accounting or auditing. Therefore, the Audit Committee has relied, without independent verification, on (i) management's representation that the consolidated financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States and (ii) the representations of the independent registered public accounting firm included in their report on the Company's consolidated financial statements.

The Audit Committee met regularly with management and the independent registered public accounting firm, including private discussions with the independent registered public accounting firm, and received the communications described above. The Audit Committee has also established procedures for (i) the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters and (ii) the confidential, anonymous submission by the Company's employees of concerns regarding questionable accounting or auditing matters. However, this oversight does not provide us with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, our considerations and discussions with management and the independent

registered public accounting firm do not assure that the Company's consolidated financial statements are presented in accordance with generally

12

accepted accounting principles or that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards.

The Audit Committee is responsible for recommending the independent registered public accounting firm to serve as the Company's auditors each year and for monitoring the auditor's qualifications, performance and independence. The Audit Committee maintains written procedures that require it to pre-approve the scope of all auditing services to be performed by the Company's independent registered public accounting firm. The Audit Committee's procedures prohibit the independent registered public accounting firm from providing any non-audit services unless the service is permitted under applicable law and is pre-approved by the Audit Committee or its Chair. Although applicable regulations waive these pre-approval requirements in certain limited circumstances, the Audit Committee reviews and pre-approves all non-audit services provided by KPMG LLP. The Audit Committee has determined that the provision of KPMG LLP's non-audit services is compatible with maintaining KPMG LLP's independence.

If you would like additional information on the responsibilities of the Audit Committee, please refer to its charter, a copy of which is posted on the Company's website at www.cumberlandpharma.com and is available in print to any shareholder who requests it.

Executive Summary

2013 was a transition year for our Company as our Acetadote® brand encountered its first generic competition. We launched an authorized generic to Acetadote and were able to maintain a majority market share through sales of our brand and authorized generic.

• We began to expand our product portfolio in 2013 through the addition of rights to Omeclamox®-Pak, an FDA approved product.

• Sales of Kristalose® were steady in 2013 and Caldolor® became our fastest growing product.

• We expanded our international network of companies to register and commercialize our Caldolor brand including new agreements for India, Indonesia, the Pacific Rim and South America.

• A significant portion of an executive's compensation is tied to both Company and individual performance.

• We review our programs periodically to ensure that they are appropriate and competitive.

• We have annual agreements for each of our employees that do not contain change-of-control features.

• We generally do not provide perquisites.

We provide what we believe is a competitive total compensation package to our executive management team through a combination of base salary, annual bonuses, grants under our long-term equity incentive compensation plan, retirement plan and broad-based benefits programs. We place significant emphasis on performance-based incentive compensation programs. This Compensation Discussion and Analysis explains our compensation philosophy, policies and practices.

Role of Advisory Vote on Compensation of our Named Executive Officers

Our Board recognizes the fundamental interest our shareholders have in the compensation of our executive officers. At the 2011 Annual Meeting, our shareholders approved, on an advisory basis, the compensation of our named executive officers. Based upon the results of such advisory vote and our review of our compensation policies and decisions, we believe that these policies and decisions are consistent with our compensation philosophy and objectives

discussed below and align the interests of our named executive officers with the long-term goals of the Company.

Based on the advisory vote of our shareholders at the 2011 Annual Meeting, the Board determined that the Company will hold shareholder advisory votes on executive compensation once every three years. The next shareholder advisory vote on executive compensation is scheduled to occur at this year's Annual Meeting of Shareholders. While the say on pay vote is not binding on the Board or the Company, we will continue to review our executive compensation program in the future and will consider the views of our shareholders as well as other developments during such review.

Compensation Philosophy and Objectives

Our compensation programs are designed to achieve the following objectives:

- attract and retain talented and experienced executives;
- motivate and reward executives whose knowledge, skills and performance are critical to our success;
- align the interests of our executive officers and shareholders by motivating executive officers to increase shareholder value and rewarding them when shareholder value increases;
- provide a competitive compensation package in which total compensation is primarily determined by company and individual results along with the creation of long-term shareholder value;
- ensure fairness among the executive management team by recognizing the contributions each executive makes to our success; and
- compensate our executives so they will manage our business to meet our long-range objectives.

When making decisions on setting compensation for our named executive officers, the Compensation Committee considers, among other factors, the importance of the position to us, the individual's past salary history, market compensation for similar positions and the contributions to be made by the executive officer to the Company.

We use the following principles to guide our decisions regarding executive compensation:

- provide compensation packages considering market levels;
- require performance goals to be achieved that will increase long-term value to our shareholders;
- offer a comprehensive benefits package to all full-time employees; and
- provide fair and equitable compensation consistent with experience and performance.

Our Compensation Process

The Compensation Committee and management each play a role in designing our executive compensation program and determining performance levels and associated payouts. The roles of the Compensation Committee and management are carefully determined to reflect best practices.

Role of the Compensation Committee

The Compensation Committee, which is composed entirely of independent directors, oversees our executive compensation program. Each year the Compensation Committee reviews and approves the elements of compensation

for all executive officers, including the named executive officers. Our Compensation Committee independently considers appropriate compensation for our Chief Executive Officer (CEO). Our Compensation Committee meets with the CEO outside the presence of all other executive officers to consider their compensation.

Role of Management

Our CEO annually reviews each other executive's performance with the Compensation Committee and makes recommendations to the Compensation Committee with respect to the appropriate base salary, annual bonuses and grants of long-term equity incentive awards. In developing these recommendations, information from the Radford survey is considered. Based in part on these recommendations from our CEO, the Compensation Committee approves the annual compensation package of our executives other than our CEO.

Competitive Marketplace Assessment

In making compensation determinations, our Compensation Committee periodically considers published survey data to guide compensation decisions. As with previous years, in 2013, the Compensation Committee used the Radford Global Life Sciences, or Radford, Survey of approximately 650 pharmaceutical and biotechnology companies to ensure that our compensation practices are competitive relative to our industry and our size based on number of employees.

The Compensation Committee reviews data in the Radford Survey to determine whether base salary, annual bonuses and long-term equity incentive awards for each of our named executive officers is generally in the range of reported compensation for positions similar to those held by each named executive officer.

Determining the Individual Compensation of our Named Executive Officers

Our compensation programs do not encourage excessive risk taking but reward achievement of short-term and long-term financial and strategic objectives through a balanced mix of compensation components not overly weighted towards the short-term and through the use of multiple performance factors related to both Company-wide metrics and individual performance goals. The Compensation Committee then determines adjustments in each element of compensation paid to our named executive officers based on a review of annually established corporate and individual objectives. These annual objectives help identify achievements made by our executive officers. Increases or decreases in compensation in relation to the midpoint of the range identified in the Radford survey are based on our Compensation Committee's review of each executive's performance, as well as other factors including the Compensation Committee's assessment of the executive officer's past experience, knowledge, future potential and the scope of his or her responsibilities.

Corporate objectives against which our executive officers are evaluated include growth in shipments of our marketed products, progress in our product development activities, progress in expanding our product pipeline through development or acquisition activities, enhancement of our corporate infrastructure and improvement in overall progress in building the Company. Individual objectives for our executive officers involve more specific progress in areas of personal responsibility and vary by individual. The achievement of particular corporate and individual objectives does not determine compensation levels in a formulaic manner.

Elements of Compensation

Overall, our compensation programs are designed to be consistent with the objectives and principles set forth above. We believe the objectives of our compensation programs are collectively best achieved through a compensation package comprised of the following basic elements:

- base salary;
- annual bonuses;
- long-term equity incentive compensation; and
- other compensation and benefits including retirement, health and welfare benefits.

A description of the primary role of each compensation element is provided below, followed by a discussion of the individual elements of compensation for the named executive officers, including the CEO, during 2013.

18

Base Salary

We review salary ranges and individual salaries for our executive officers on an annual basis. We establish the base salary for each executive officer based on consideration of median pay levels in the market and internal factors, such as the individual's performance and experience, the level of responsibility held, as well as pay of others on our executive team.

As discussed above, our Compensation Committee determines base salaries for each named executive officer after a review of published survey data, which provides us with a general understanding of the reasonableness and competitiveness of our compensation. We believe the base salaries paid to our executives during 2013 achieved our compensation objectives, compared favorably to market pay levels and remained consistent with our goal of providing base salaries that are within the market ranges for similar sized companies in our industry.

Annual Bonuses

The awards of discretionary annual bonuses are determined after consideration of our organizational and individual objectives, and are intended to recognize and reward our named executive officers with cash payments above base salary as determined by our success in a given year. Our Compensation Committee uses the Radford survey as a benchmarking guide for bonuses as a percentage of base salary, and then considers each executive's individual performance to determine bonuses paid in a given year. In 2013, adjustments to our executive officers' total compensation were made based on an analysis of current market pay levels in the aforementioned Radford survey. In addition to our analysis of market pay levels, factors taken into account in determining 2013 bonuses included each executive's contributions, performance, role and responsibilities and the relationship of the executive officer's base pay to that of other executives.

Long-term Equity Incentive Compensation

We award long-term equity incentive grants to executives as part of our total compensation package. These awards are consistent with our pay for performance principles and align the interests of the executives with the interests of our shareholders. The Compensation Committee reviews and approves the amount of each award to be granted to executive officers. The Compensation Committee's goal is to provide awards that are competitive with the external market. Long-term equity incentive awards granted to executives are determined after consideration of data included in the Radford survey. The awards generally vest over a period of four years and are intended to focus our executives on achievement of our long-term strategic goals. Long-term equity incentive awards were made pursuant to our 1999 Stock Option Plan, or the 1999 Plan, until April 2007, and thereafter pursuant to our 2007 Long-Term Incentive Compensation Plan.

1999 Stock Option Plan

Our 1999 Plan provided for the grant of incentive stock options and nonqualified stock options. The 1999 Plan is administered by a committee designated by our Board of Directors. The committee, in its sole discretion, granted options under the 1999 Plan to certain persons rendering services to us, including employees, directors and consultants. Except as otherwise determined by the committee and stated in the applicable option agreement, the exercise price per share of each option granted under the 1999 Plan is the fair market value per share on the date of grant, as defined in the 1999 Plan, except for incentive stock options granted to our CEO, whose exercise price is 110% of fair market value at the time of issuance. In general, the fair market value per share was determined by our Board of Directors until the Company became a public entity. An option granted under our 1999 Plan may generally be exercised until the tenth anniversary of the date that we granted the option, except for our CEO's incentive stock option agreements which have five-year terms. Option holders who exercise their options may pay for their shares in cash, check or such other consideration as is deemed acceptable by us. All agreements have defined vesting schedules.

As of December 31, 2013, there were outstanding options to purchase a total of 172,954 shares of common stock pursuant to the 1999 Plan. The exercise price per share under such options ranges from \$6.00 to \$11.00.

19

2007 Long-Term Incentive Compensation Plan

The purposes of the 2007 Long-Term Incentive Compensation Plan, the (“2007 Plan”), are to encourage our employees and consultants to acquire stock and other equity-based interests and to replace the 1999 Plan without impairing the vesting or exercise of any option granted thereunder. The 2007 Plan authorizes the issuance of each of the following incentives:

- incentive stock options (options that meet Internal Revenue Service requirements for special tax treatment);
- nonqualified stock options (all stock options other than incentive stock options);
- stock appreciation rights (right to receive any excess in fair market value of shares over a specified exercise price);
- restricted stock (shares subject to vesting, transfer and forfeiture limitations); and
- performance shares (contingent awards comprised of stock and/or cash and paid only if specified performance goals are met).

The Compensation Committee administers the 2007 Plan. The Compensation Committee is authorized to select participants, determine the type and number of awards to be granted determine and later amend, subject to certain limitations, the terms of any award, interpret and specify the rules and regulations relating to the 2007 Plan and make all other necessary determinations. Employees and consultants other than non-employee directors are eligible to participate. We may cancel unvested or unpaid incentives for terminated employees and consultants to the extent permitted by law. Upon the occurrence of a change of control event, as defined in the 2007 Plan, all outstanding options will automatically become exercisable in full, and restrictions and conditions for other issued incentives will generally be deemed terminated or satisfied. In addition, our Board of Directors may amend or terminate the 2007 Plan, subject to shareholder approval, to comply with tax or regulatory requirements.

Under the 2007 Plan, all executive officers were granted shares of restricted stock in 2013. These restricted shares will all vest on the fourth anniversary of their grant date. As of December 31, 2013, there were 514,584 shares of unvested restricted stock issued pursuant to the 2007 Plan, which have defined vesting schedules. There were also 34,580 shares of common stock outstanding as of December 31, 2013 that were issued pursuant to the 2007 Plan.

As of December 31, 2013, there were outstanding options to purchase a total of 40,852 shares of common stock pursuant to the 2007 Plan. The exercise price per share under these options ranges from \$6.69 to \$13.00.

Retirement Savings Opportunity

Effective January 1, 2006, we established a 401(k) plan covering all employees meeting certain minimum service and age requirements. The plan allows all qualifying employees to contribute the maximum tax-deferred contribution allowed by the Internal Revenue Code. The non-Highly Compensated Employees, or non-HCEs, do not have a minimum or maximum percentage limit that they can defer. The Highly Compensated Employees, however, are limited to what they can defer based on prior year's testing. Hardship distributions are permitted under well-defined circumstances. Beginning January 2008, our Board approved matching employee contributions. We intend to match a portion of the employee contributions on an annual basis.

Health and Welfare Benefits

All full-time employees, including our named executive officers, may participate in our health and welfare benefits programs, which consist of medical, dental and vision care coverage, disability insurance and life insurance.

Perquisites

We generally do not provide perquisites to our employees.

Employment Agreements

In 2013, we entered into new, annual employment agreements with all of our employees. The employment agreements provide that individuals may be eligible for any bonus program which has been approved by our Board of Directors. Any such bonus is discretionary and will be subject to the terms of the bonus program, the terms of which may be modified from year-to-year in the sole discretion of our Board of Directors. During the period of employment under these agreements, each of our employees will be entitled to additional benefits, including eligibility to participate in any company-wide employee benefits programs approved by our Board of Directors as well as reimbursement for reasonable expenses.

Employment is at-will and may be terminated by us at any time, with or without notice and with or without cause. Similarly, each employee may terminate his or her employment with us at any time, with or without notice. Our employment agreements do not provide for any severance payments in the event employment is terminated for cause nor any severance benefits in the event employment is terminated as a result of death or permanent disability. The employment agreements include noncompetition, nonsolicitation and nondisclosure covenants on the part of employees. These agreements also require that, during the term of employment with us and for one year after an individual ceases to be employed by us, each employee may not compete with our business in any manner, unless he or she discloses all facts to our Board of Directors and receives a release allowing him or her to engage in a specific activity. Pursuant to the employment agreements, our employees also agree that for a period of one year after the individual ceases to be employed by us, he or she will not solicit business related to the development or sales of pharmaceutical products from any entity, organization or person which is contracted with us, which has been doing business with us, or which the employee knew we were going to solicit business from at the time he or she ceased to be employed. The agreements also prohibit a terminated employee from soliciting our other employees. The employment agreements impose obligations regarding confidential information and state that any discoveries or improvements conceived, developed or otherwise made by the employees, or with others, are deemed our sole property. The employment agreements do not contain any termination or change in control provisions.

Retirement Plan

In 2012, we put in place a new retirement benefit plan, the Summit Program for a select group of senior management and key employees. These individuals were selected based on tenure, performance and achievement. We expect to add more individuals to this plan each year. The decision to add individuals to this plan is discretionary and will be subject to the terms of the Summit Program.

This benefit program is provided through a defined contribution Supplemental Executive Retirement Plan. As a defined contribution plan, the amount to be contributed is quantifiable and predictable in its impact on our cash and earnings. The Board approved our initial contribution to the plan and approves annual contributions thereafter, at its discretion and based on both employee and Company performance. The employees may also be given the option to defer some of their other compensation into this program.

We will use Corporate Owned Life Insurance to offset future liabilities under the plan. Utilizing such insurance allows the assets to grow on the gross contributions and thus offset the gross growth against the defined contribution liability.

Pension Benefits

Except as described above in the Retirement Plan section, we do not have any plan that provides for payments or other benefits at, following, or in connection with retirement.

2013 Executive Compensation

Our Compensation Committee believes that our executive officers made favorable progress in meeting corporate and individual objectives in 2013 and that the progress justified the resulting increases in base salary as well as annual bonuses and equity awards. In 2013, management implemented several key business development initiatives resulting in the addition of a new product to the Company's portfolio. We ended 2013 in a strong financial position with significant cash reserves and minimal debt. During 2013 we managed the life cycle of our Acetadote product through the launch of an Authorized Generic resulting in continued majority market share despite the FDA decision to allow a generic competitor. We expanded our international network by adding new Caldolor licensing agreements for the Pacific Rim, and South America. We also completed enrollment in three new Caldolor clinical studies.

The factors considered by our Compensation Committee in assessing performance of executive officers in 2013 are set forth below:

A.J. Kazimi. Mr. Kazimi has overseen the growth in our company since its inception. He has led the Company's significant corporate initiatives including our initial public offering with our listing on the Nasdaq Global Select Market and the acquisitions associated with each of our marketed products. In 2013 he led the negotiations resulting in the acquisition of rights to Omecalmox-Pak. He has continued to position us for future growth through the development activities to support our product line as well as the expansion in our infrastructure at all levels adding key personnel and partners. He also led our subsidiary Cumberland Emerging Technologies, or CET, and the efforts to acquire the ifetroban program resulting in the addition of Hepatoren to our product portfolio. Mr. Kazimi has also played a key role in establishing our international partnerships. He also oversaw our Acetadote patent defense and launch of our Acetadote Authorized Generic through an agreement with Perrigo Company.

Martin E. Cearnal. Mr. Cearnal was instrumental in the progress of our marketed products in 2013 including the stocking of Caldolor® in a growing number of U.S. medical facilities and execution of the "pull through" strategy and expanded use of the product in those institutions. He continued to direct strategy for the marketing campaigns and activities to support all our products and oversaw the reorganization and realignment of our sales organization in 2013. He has also continued as a key member of the Company's business development team helping reach agreement for the licensing of our Caldolor product in several new international markets.

Leo Pavliv. Mr. Pavliv provided leadership for the clinical development activities of our company leading to the completion of enrollment in three Caldolor clinical studies in 2013. He also led initiatives to develop new product formulations and improved manufacturing efficiencies for the Company's products. He continued to be responsible for the performance and expansion of our manufacturing partners and their capacity to supply high-quality products. He also managed our medical science liaison capability to support the Company's brands in 2013.

Rick S. Greene. Mr. Greene oversaw the financial reporting and audit activities for the Company resulting in the timely filing of all required reports in 2013. He oversaw the further development of our financial reporting infrastructure and systems led several initiatives to improve operating efficiencies in 2013. He was responsible for the Company's financial reporting. Under his leadership, Cumberland ended the year in a strong financial position with significant assets and cash reserves. Mr. Greene served as our principal financial officer in 2013.

James L. Herman. Mr. Herman managed the Company's key customer relationships in 2013 resulting in the continued timely distribution of all marketed brands during the year. He oversaw new relationships with several national purchasing organizations to support the Company's brands. In addition Mr. Herman led our Corporate Compliance efforts which included monitoring the development of relevant regulations and training, communication and monitoring of the Company's compliance policies.

Director Compensation

Annual compensation for each of our non-executive directors for service on the Board of Directors for 2013 was \$50,000 plus 1,000 shares of restricted stock issued pursuant to the 2007 Directors' Plan. In addition, certain Directors who were members of our Board Executive Committee received additional annual compensation of \$35,000. The annual compensation for non-executive directors for 2014 will be \$50,000 plus 1,000 shares of restricted stock issued pursuant to the 2007 Directors' Plan. Directors who serve on the Board Executive Committee have additional responsibility and will receive additional compensation of \$35,000 in 2014. All such director fees are paid in a combination of cash and/or equity, as we and each director shall agree. Cash fees will be accrued and paid on either a monthly or quarterly basis. Directors will not receive separate compensation for attendance at board meetings, board committee meetings or other company board-related activities. Outside directors will be reimbursed for all reasonable and necessary business expenses incurred in the performance of their board responsibilities.

2007 Director's Incentive Compensation Plan

The purposes of the 2007 Directors' Plan are to strengthen our ability to attract, motivate, and retain qualified independent directors and to replace the 1999 Plan without impairing the vesting or exercise of any option granted to any director thereunder.

The 2007 Directors' Plan authorizes the issuance to non-employee directors of each of the following types of awards:

- nonqualified options;
- restricted stock grants (shares subject to various restrictions and conditions as determined by our Compensation Committee); and
- stock grants (awards of shares of our common stock with full and unrestricted ownership rights).

The Compensation Committee of our Board of Directors administers the 2007 Directors' Plan. In the event of a change in control of our company (as defined in the 2007 Directors' Plan), all outstanding options would automatically become exercisable in full, and restrictions and conditions for other issued awards shall generally be deemed terminated or satisfied. Our Board of Directors may amend or terminate the 2007 Directors' Plan, subject to shareholder approval if necessary, to comply with tax or regulatory requirements.

As of December 31, 2013, there were outstanding options to purchase a total of 4,100 shares of common stock pursuant to the 2007 Directors' Plan. The exercise price per share under these options ranges from \$6.69 to \$11.29.

As of December 31, 2013 there were also 6,000 shares of unvested restricted stock issued pursuant to the 2007 Directors' Plan which have defined vesting schedules.

CORPORATE GOVERNANCE

Meetings of the Board of Directors and Committees

Board of Directors

The property, affairs and business of our company are under the general management of our Board of Directors as provided by the laws of the State of Tennessee and our Bylaws. We have standing Audit, Compensation and Governance & Nominating Committees of the Board of Directors. The separately designated standing Audit Committee has been operating in accordance with section 3(a) (58) (A) of The Securities Exchange Act of 1934, as amended, or the Exchange Act. The Board of Directors held four meetings during fiscal 2013. Each director attended 100% of the aggregate of the total meetings of the Board with one exception. Each director also attended all meetings held by all committees of the Board on which such director served during fiscal 2013. The Company currently has no formal policy with respect to the attendance of members of the Board of Directors at annual meetings. Each director attended our 2013 Annual Meeting with one exception.

Director Independence

The Board of Directors affirmatively determines the independence of each director in accordance with the NASDAQ Global Select Market rules and listing standards. The Board has determined that Messrs. Lawrence, Edwards, Bernard, Griggs, Jones and Jacobs each qualifies as independent non-employee directors with no relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

Company Leadership Structure

The business of the Company is managed under the direction of the Board, which is elected by the Company's shareholders. The basic responsibility of the Board is to lead the Company by exercising its business judgment to act in what each director reasonably believes to be the best interests of Cumberland and its shareholders. Leadership is important to facilitate the Board acting effectively as a working group so that the Company and its performance may benefit. The role of the Chairman includes providing continuous feedback on the direction, performance and strategy of the Company, serving as Chair of meetings of the Board, setting the Board's agenda with the Company, and leading the Board in anticipating and responding to crises. The Board believes that the advisability of having a separate or combined chairman and chief executive officer is dependent upon the strengths of the individuals that hold these positions and the most effective means of leveraging these strengths. At this time, given the composition of the Company's Board, the effective leadership of Mr. Kazimi as both Chairman of the Board and Chief Executive Officer, and the current challenges faced by the Company, the Board believes that combining the chief executive officer and Board chairman positions provides the Company with the right foundation to pursue the Company's strategic and operational objectives, while maintaining effective oversight and objective evaluation of the performance of the Company.

Board Oversight of Risk

Assessing and managing risk is the responsibility of the Company's management team, while the Board of Directors, as a whole and through its committees, has responsibility for the oversight of risk management. The Audit Committee reviews financial risks that may be material to the Company, as well as major legislative and regulatory developments which could materially impact the Company's financial risks. In addition, the Board of Directors has delegated to the Compensation Committee the responsibility of assessing the risks associated with the Company's compensation practices and policies for employees, including a consideration of the counterbalance of risk-taking incentives and risk-mitigating factors in Company practices and policies. The full Board reviews all risks that may be material to the Company, including those detailed in the Audit Committee's reports and as disclosed in the Company's quarterly and annual reports filed with the SEC. The goal of these processes is to achieve serious and thoughtful board-level attention to the Company's risk management process and system, the nature of the material risks faced by the Company, and the adequacy of the Company's risk management process and system designed to respond to and mitigate these risks.

Audit Committee

The Board of Directors has instructed the Audit Committee to meet periodically with our management and independent registered public accounting firm to, among other things, review the results of the annual audit and quarterly reviews and discuss our financial statements, recommend to our Board the independent registered public accounting firm to be retained, and receive and consider the auditors' comments as to controls, adequacy of staff and

management performance and procedures in connection with audit and financial controls. The Audit Committee is also authorized to review related party transactions for potential conflicts of interest. The Audit Committee's functions are further described under the heading "Audit Committee Report." A copy of the written charter adopted by the Board of Directors for the Audit Committee and as currently in effect is included on our website, www.cumberlandpharma.com.

The Audit Committee is comprised of Mr. James Jones, Chairman, Mr. Thomas R. Lawrence and Mr. Jon Griggs. The members of the Audit Committee are “independent,” as such term is defined in the listing standards for companies listed on the NASDAQ Global Select Market. The members also satisfy the Securities and Exchange Commission’s additional independence requirements for members of audit committees. The Board has determined that James Jones is an “audit committee financial expert” as defined under Item 401(e) (2) of Regulation S-K of the Securities Act of 1933. The Audit Committee met six times during fiscal year 2013.

Compensation Committee

The Compensation Committee is authorized to establish compensation policy for our Company, review annual salaries and bonuses of our executive officers and has the authority to determine the aggregate issuance of options and stock awards, the time or times at which options and stock awards shall be granted, the exercise price of each option and the number of shares to be issuable upon the exercise of each option under our stock plans. In addition, the Compensation Committee recommends to the full Board the compensation of our Chief Executive Officer. In fulfilling its responsibilities, the Compensation Committee has the authority to engage independent compensation consultants or legal advisers when determined by the Committee to be necessary or appropriate. The members of the Compensation Committee consist of Mr. Thomas R. Lawrence, Chairman, Dr. Robert G. Edwards and Mr. Jonathan Griggs. A copy of the written charter adopted by the Board of Directors for the Compensation Committee and as currently in effect is included on our website, www.cumberlandpharma.com. All three members of the Compensation Committee are “independent,” as such term is defined in the listing standards for companies listed on the NASDAQ Global Select Market. The Compensation Committee met one time during fiscal year 2013.

The Compensation Committee reviews the risks and rewards associated with the Company’s compensation programs. The Compensation Committee designs compensation programs with features that mitigate risk without diminishing the incentive nature of the compensation. We believe our programs encourage and reward prudent business judgment and appropriate risk-taking over the long term.

Compensation Committee Interlocks and Insider Participation

The members of the Compensation Committee are set forth above. The Compensation Committee is comprised entirely of independent directors. In addition, none of the Company’s executive officers serve as a member of the Board of Directors or Compensation Committee of any entity that has one or more of its executive officers serving as a member of our Board of Directors or Compensation Committee.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis included in this Proxy Statement with management. Based on the Compensation Committee’s review of and discussions with management with respect to the Compensation Discussion and Analysis, the Compensation Committee has recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

Nomination of Directors

The Governance & Nominating Committee (the "Committee"), the members of which are currently Dr. Robert G. Edwards, Chairman, Jonathan Griggs and Joey Jacobs, are responsible for identifying, screening and recommending qualified candidates to serve on our Board of Directors. The Committee is directed, among other things, to develop and recommend to the Board specific guidelines and criteria for selecting nominees to the Board; formulate a process to identify and evaluate candidates to be recommended, and evaluate the performance of incumbent members of the Board, to determine whether to recommend such persons for re-election. All three members of the Committee are “independent” as defined in the listing standards for companies listed on the NASDAQ Global Select Market. The Governance & Nominating Committee met one time during fiscal year 2013.

It is our policy that the Committee consider recommendations for the nomination of directors submitted by our significant, long-term shareholders (generally, shareholders that have beneficially owned more than 5% of our outstanding shares for at least two years). The Committee will give consideration to such recommendations that have been submitted in accordance with procedural requirements adopted by the Governance & Nominating Committee. All such shareholder nominating

recommendations must be in writing, addressed to the Governance & Nominating Committee, care of the Corporate Secretary at Cumberland Pharmaceuticals Inc., 2525 West End Avenue, Suite 950, Nashville, Tennessee 37203. Submissions must be made by mail, courier or personal delivery. E-mailed submissions will not be considered. Shareholders wishing to recommend nominees for election as directors at an annual meeting should submit such recommendation, together with any relevant information that they wish the Committee to consider, to the Corporate Secretary no later than 120 days prior to the date of the notice of annual meeting released to shareholders in connection with the prior year's annual meeting.

The Committee has determined that, at the minimum, nominees for directorship should possess the highest personal and professional ethics, integrity and values, and be committed to representing the long-term interests of the Company's shareholders. They must also have an inquisitive and objective perspective, practical wisdom and mature judgment. The Company endeavors to have a board representing diverse experience in areas that are relevant to the Company's business activities. Directors must be willing to devote sufficient time to carrying out their duties and responsibilities efficiently, and should be committed to serve on the Board for an extended period of time.

Prior to nominating a candidate for election to the Board, the Committee will review the qualifications of each candidate. Final candidates may be interviewed by the Company's Chairman of the Board and one or more other Board members. The Committee will then make a recommendation to the Board based on its review, the results of interviews with the candidate and all other available information.

In determining whether to nominate an incumbent director for reelection, the Committee will evaluate each incumbent's continued service, in light of the Board's collective requirements, at the time such Director comes up for reelection.

In determining whether to include a shareholder nominee in the Board's slate of nominees, the Committee will consider all information relevant in their business judgment to the decision of whether to nominate the particular candidate for a Board seat, taking into account the current composition of the Company's Board.

In addition to the foregoing, shareholders may nominate directors for election without consideration by the Committee so long as we are provided with proper notice of such nomination, which notice includes all the information required pursuant to Regulation 14A under the Exchange Act including the consent to serve as a director.

The Committee approved Mr. Jacobs and Mr. Griggs for inclusion on the Company's proxy card for election to the Board of Directors at the 2014 Annual Meeting based on the aforementioned review process. Dr. Edwards will be retiring from the Board when his current term expires in April 2014. The Board of Directors will appoint his successor as Governance & Nominating Committee Chairman at the April 2014 Board meeting. A copy of the written charter adopted by the Board of Directors for the Governance & Nominating Committee and as currently in effect is included on our website, www.cumberlandpharma.com.
