YORK WATER COMPANY
REPORTS REDUCED NINE MONTH EARNINGS

York, Pennsylvania, November 12, 2002: The York Water Company's (Nasdaq: YORW) President, William T. Morris, announced today the Company's financial results for the third quarter and the first nine months of 2002.

President Morris reported that quarterly operating revenues of \$5,276,000 increased 3.2% over the third quarter of 2001, and that quarterly net income of \$1,116,000 decreased 18.2% compared to the third quarter of 2001. Quarterly operating revenues also increased 8.2% over second quarter 2002, while quarterly net income increased 21.1% compared to second quarter 2002. President

Morris also reported that the first nine months' operating revenues of \$14,832,000 increased 3.2% over the first nine months of 2001, and that net income of \$2,912,000 decreased 3.7% compared to the first nine months of 2001. The decrease in net income for both periods is attributable to the drought, to abnormal favorable realty and depreciation adjustments in 2001, and to increased pension expenses.

During the first nine months of 2002 the Company spent over \$4.9 million on construction projects, primarily on its water distribution system to expand its service territory.

Because of the continuing drought emergency and conservation efforts on the part of customers, the Company anticipates that revenue and net income for the fourth quarter 2002 will be lower than the fourth quarter 2001. Annual net income for 2002 will be lower than in 2001.

This press release contains forward-looking statements which management believes to be reasonable as of today's date. Actual results may differ significantly because of risks and uncertainties which are difficult to predict and many of which are beyond the Company's control. Among them are adverse weather conditions, regulatory policies, interest rates, general economic conditions within the Company's service territory and other factors generally beyond the Company's control. The Company undertakes no obligation to release revisions to its forward-looking statements to reflect events or circumstances occurring after today's date.
