The Issuer's system of internal accounting control is designed to assure, among other items, that 1) recorded transactions are valid; 2) valid transactions are recorded; and 3) transactions are recorded in the proper period in a timely manner to produce financial statements which present fairly the financial condition, results of operations and cash flows of the Issuer for the respective periods being presented.

Company Background

Citizens Capital Corp. (the "Company") is a development stage holding company with plans to target, evaluate and pursue specific acquisition candidates or joint venture and/or internally develop operating entities, assets and/or marketing rights which provide the Issuer with an initial entry into new markets or serve as complementary additions to existing operations, assets and/or products.

Currently, the Issuer's plans contemplate operating in the following four market segments: 1) commercial and multi-family residential real estate investment and development; 2) specialty news, broadband television broadcasting; 3) the design, marketing and distribution of branded athletic shoes and apparel and 4) professional sports entertainment and broadcasting, through its four wholly owned subsidiaries: Landrush Realty Corporation ("Landrush" - 97%); Media Force Sports & Entertainment, Inc. ("Media Force" - 97%); SCOR Brands, Inc. ("SCOR" - 97%) and DLFA Industries, Inc. ("Industries" - 100%). Operations since inception have primarily included expenditures related to development of the Issuer's proposed business ventures. In 2000, the Issuer acquired the assets of a printing business for integration into its Media Force unit and the Issuer primarily through this unit began to generate revenues.

On March 19, 1999, pursuant to the Exchange Act of 1934, as amended, the Registrant filed a Form 10 registration statement and thereby registered with the United States Securities and Exchange Commission, 39,500,000 shares of its Class A; common stock for secondary market trading. Said Form 10 registration statement became effective on or about May 16, 1999. The 39,500,000 common shares included 15,000,000 common shares initially held by the Registrant's ESOP Trust (see Note 7).

On January 5, 2001, the Issuer finalized a joint venture, research and development agreement with Far Reach Technologies Inc. (the "JV Group") for the research and development of broadband video broadcast technologies and the development of a multi-channel, direct to home, broadcast TV platform to be deployed over existing internet protocol (IP) based broadband networks.

On January 1, 2008, the Issuer's Media Force unit completed transformation and conversion of its Black Financial News® magazine publication into the Black Financial News® Network (BFNN) video based website, a digital, financial and general news, information and advertising platform located at the following Company owned, internet domain: bfnnetwork.com.

On February 5, 2008, the Issuer officially completed the internal development of the Dream League Football Association (DLFA), to include the design of its Dream League Football Association, league seal, the league brand and team logos for each of its twenty (20) initial teams.

The Issuer, through each of its twenty (20) DLFA teams, holds the exclusive television and radio broadcast rights, product manufacturing, product marketing, product merchandising and product distribution rights for each of its twenty (20) uniquely branded teams and team logos. Each the Issuer's named DLFA teams as they pertain to their team brands and current cities of operation, respectively, are listed as follows:

Thereby, for the period ended December 31, 2009, the Issuer recorded a value of \$25,010 under the "Other Assets – Investments" section of its balance sheet representing its common stock, equity interest investment in Industries. On Oct 21, 2010, the Issuer's DLFA Industries Inc. unit's Dream League TV Network entered into a 10 year content licensing and distribution agreement with Memphis, Tennessee based Vivicast Media, LLC. Vivicast is in the business of licensing television networks to third-party, multi-channel video pay-television distribution system owners that use CATV, SMATV, MMDS and alternative technology systems for distribution of television networks to their respective subscribers.

Principles of Consolidation

The consolidated financial statements include the accounts of the Issuer and its subsidiaries. All significant inter-company accounts and transactions have been eliminated in consolidation.

Property and Equipment

Property and equipment is carried at cost less accumulated depreciation. Significant improvements and additions are capitalized. Maintenance and repair costs are expensed as incurred. Depreciation is computed on the straight-line method over the useful lives of the assets, which range from five to seven years. When property and equipment are retired or otherwise disposed of, the related cost and accumulated depreciation are eliminated and any profit or loss on disposition is reflected in income.

Due to a general decline in the commercial printing business combined with the introduction of new, self service consumer, as well as, new, in house business printing technologies, the Issuer's commercial printing operation experienced multiple quarters of un-profitability, As such, the Issuer made the strategic decision to discontinue its Media Force unit's commercial printing operation effective the period ended December 31, 2003 resulting in the retirement and elimination of all related equipment at the depreciated value of \$20,242. As such, the Issuer experienced a loss of \$10,758 related to the disposition of said equipment which was reflected and charged to the Issuer's income for the period ended December 31, 2003.

While the Issuer elected to discontinue its Media Force unit's in house, commercial printing operation, the Issuer's Media Force unit continues to produce, on an outsource basis going forward, its Black Financial News® magazine publication. Further, the Issuer's Media Force unit continues to offered and provide several commercial printing products and services, to existing customers, on an outsourced, brokered basis for the period ended December 31, 2003.

Loss Per Share

Loss per share is calculated in accordance with Statement of Financial Accounting Standards No. 128 ("SFAS 128"), Earnings Per Share. Basic income (loss) per share is computed based upon the weighted average number of common shares outstanding during the period. Diluted income (loss) per share takes common equivalent shares into consideration. However, common equivalent shares are not considered if their effect is antidilutive. Common stock equivalents consist of outstanding stock options and warrants. Common stock equivalents are assumed to be exercised with the related proceeds used to repurchase outstanding shares except when the effect would be antidilutive. The Issuer had 400,000 common equivalent shares which were antidilutive in all periods presented.

CITIZENS CAPITAL CORP.
(a development stage company)

The weighted average number of shares outstanding used in the loss per share computation was 48,022,500 and 48,022,500 for the quarter ended March 31, 2011.

Income Taxes

The Issuer accounts for income taxes under the liability method, which requires recognition of deferred tax assets and liabilities for the expected future tax consequences of events that have been included in the financial statements or tax returns. Under this method, deferred tax assets and liabilities are determined based on the difference between the financial statements and tax bases of assets and liabilities using enacted tax rates in effect for the year in which the differences are expected to reverse. The Issuer had deferred tax assets, resulting from net operating loss carry forwards (NOL) for tax which were fully reserved. The Issuer had no material deferred tax liabilities. The Issuer's NOL at December 31, 2010 was approximately \$260,635 and it expires through the year 2020.

Statement of Cash Flows

For purposes of the statements of cash flows, the Issuer considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents.

Use of Estimates

The preparation of the Issuer's consolidated financial statements in conformity with generally accepted accounting principles requires the Issuer's management to make estimates and assumptions that affect the amounts reported in these financial statements and accompanying notes. Actual results could differ from those estimates.

2. Plan of Operation for the 2011 Fiscal Year

The Issuer's plan of operation for the 2011 fiscal year is to: (1) acquire certain studio and broadcast equipment necessary for the fulfillment of its 10 year content licensing and distribution agreement between and amongst the Issuer's Media Force unit's Black Financial News TV Network® and Vivicast Media, LLC.

The Issuer intends to acquire certain studio and broadcast equipment necessary for the fulfillment of its 10 year content licensing and distribution agreement between and amongst the Issuer's DLFA Industries' unit's Dream League TV Network and Vivicast Media, LLC. The Dream League TV Network serves as a game broadcast platform for the Dream League Football Association, a professional football league structured to have twenty (20) teams located in twenty (20) of the top consumer markets in North America. The Dream League Football Association players are intended to wear the Issuer's SCOR Brands unit's SCOR brand footwear as the official shoe of the Dream League Football Association.

The Issuer intends to acquire certain IPTV broadcast equipment necessary for the implementation and operation of its 100+ channels, pay television programming and distribution platform. Each of the Issuer's Media Force unit's current and future programming networks shall also separately distribute their content from its captive market programming and distribution platform.

The Issuer's SCOR Brands unit has completed development of its SCOR Brand footwear and has previously introduced said branded footwear products into the consumer market place. The Issuer intends to continue to look for opportunities to produce and further the marketing and distribution of its SCOR branded footwear products into the consumer market place and (2) continue to target, evaluate and pursue suitable mergers and/or acquisition candidates. The Issuer's cash requirements have been funded to date by its principal stockholder. The Issuer generally projects a

consistent annual requirement of approximately \$1,000,000 as an available acquisition line of credit to be utilized to target, evaluate and pursue and consummate potential acquisition candidates. The Issuer intends to attempt to borrow these funds from affiliates of the Issuer and third party lenders, as well as, access both the public and private debt and equity capital markets, through its ESOP Trust, when and where available. Should the Issuer be unable to borrow these funds, it may be unable to fully implement its business plan, as well as, its plan of acquisition. Regardless of whether any funding is received, the Issuer's major stockholder has committed to provide funding required which allows the Issuer to continue as a going concern.

CITIZENS CAPITAL CORP.
(a development stage company)

3. Acquisition

In July 2000, the Issuer acquired the assets and operations of a printing business for \$31,000 for integration with its Media Force unit. The acquisition was accounted for as a purchase and the operations are consolidated with those of the Issuer beginning July 1, 2000.

Due to a general decline in the commercial printing business subsequent to the terrorist attacks of September 11, 2001 and the corresponding softening of the United States economy, combined with the introduction of new, self service consumer, as well as, new, in house business printing technologies, the Issuer's commercial printing operation experienced multiple quarters of un-profitability. As such, the Issuer made the strategic decision to re-deploy its resources and discontinue its Media Force unit's commercial printing operation effective the period ended December 31, 2003.

For the period ended March 31, 2011, the Issuer has no current or pending acquisitions transactions under consideration.

4. Credit Card Cash Advances

The Issuer, through its Landrush Realty Corporation subsidiary unit, has cash advances from a credit card outstanding at December 31, 2000 of \$38,418. These advances bear interest at 19.8% per annum as of December 31, 2000. As of December 31, 2000, the Issuer discontinued active use and/or further cash advances from said credit card as a funding source. However, said credit card balance outstanding shall continue to accrue annual interest payable at 19.8 per annum. For the period ended December 31, 2003, interest payable on the credit card principal balance outstanding was \$26,322.

On November 22, 2004, the Issuer's principal officer reached agreement with credit card provider to restructure the annual interest rate charge, charged on the annual outstanding card balance, from 19.8% per annum to 5% per annum and convert the repayment term of said current outstanding credit card balance to a 10 year term with a maturity date of November 22, 2014. Per the terms of the agreement, the Issuer may repay the full outstanding credit card balance, with accrued interest, at any time prior to the maturity date of November 22, 2014. As of its period ended December 31, 2004, the Issuer re-classified and recorded the existing outstanding credit card balance, with accrued interest payable, as a long term liability of the Issuer. Total Credit Card loan Principal and Accrued Interest Due as of the period ended the period ended March 31, 2011 is: \$91,096.

B. Management's Discussion and Analysis of Financial Condition and Result of Operations.

Liquidity and Capital Resources

Since its inception, the Issuer has financed its operations primarily from the sale of its common stock, contributions and from the cash contributions of its principle stockholder. For the period ending March 31, 2011, contributions from its principal stockholder totaled \$359. The Issuer had (\$71,745) in cash as of March 31, 2011.

The Issuer's operating activities generated a net loss of (\$359) for the fiscal quarter ended March 31, 2011. Losses generated during this period were due to administrative and operating expenses exceeding revenue for the reported periods.

As of the Issuer's fiscal quarter ended March 31, 2011, the Issuer's products and services have not been fully introduced, marketed and/or distributed into the consumer market place and thus have not generated a significant level of revenues streams necessary to offset administrative and operating expenses through the Issuer's fiscal quarter ended March 31, 2011. During fiscal year 2011, the Issuer's plans to introduce and publicly market its 1) subscriber based Black Financial News TV Network; 2) Dream League Football Association, professional football league; 3) Dream League TV Network; 4) 100+ channels; IPTV subscriber based; pay television, sports and entertainment, programming and distribution platform.

For the fiscal quarter ended March 31, 2011, the Issuer used (\$0) for investing activities. As a development stage company, the Issuer has not yet generated sufficient cash from operations to initiate a material level of investing activities.

At March 31, 2011, the Issuer's level of cash reserves and liquid working capital may not be sufficient to allow the Issuer to introduce and publicly market its developed products and services into the consumer market place. During fiscal year 2011, the Issuer intends to pursue the secondary re-marketing of both equity and debt held by its ESOP Trust, continue to pursue lines of credit from third party lenders; pursue both short term and/or long term borrowings from institutional investors necessary to fund its working capital requirements and the introduction of its branded products and services in to the consumer market place.

As of the fiscal quarter ended March 31, 2011, the Issuer did not have a material level of commitments for capital expenditures. However, during its 2011 fiscal year, the Issuer anticipates making initial capital expenditures of approximately \$520,000 for the purchase of certain studio and broadcast equipment related to 1) its Black Financial

News TV Network; 2) its Dream League TV Network; and 3) its 100+ channels; IPTV subscriber based; pay television, sports and entertainment, programming and distribution platform. The Issuer anticipates that the capital necessary for its acquisition initiatives and the further introduction of its products and/or services into the consumer marketplace shall be derived from the anticipated proceeds received from the secondary, re-marketing, to both institutional and accredited investors, of its common equity and Series 2010A Bonds, held by its ESOP Trust, as selling holder.

Result of Operations

The Issuer is a development stage company whose internally developed assets, branded products and services have not been advertised, promoted or introduced fully into the consumer marketplace as of its fiscal quarter ended March 31, 2011. As such, revenue generated as a result of the Issuer's internally developed assets, branded products and services did not generate a material level of operating revenue during this period.

For the fiscal quarter ended March 31, 2011, the Issuer's DLFA Industries unit contributed \$0 to the Issuer's operating revenue for the period.

Administrative and operating expenses outpaced revenues resulting in net losses of (\$359) for the Issuer's fiscal quarter ended March 31, 2011.

During the fourth quarter of fiscal year 2011, the Issuer anticipates making capital expenditures of approximately \$520,000 related to the purchase of studio and broadcast equipment related to 1) its Black Financial News TV Network; 2) its Dream League TV Network; and 3) its 100+ channels; Media Force Sports & Entertainment TV (MFS&E TV) IPTV, subscriber based; sports and entertainment, video programming and distribution platform.

It is the Issuer's opinion that at the event in which its internally developed assets, products and services are fully introduced, advertised, and distributed into the market place, there shall be a corresponding increase in the Issuer's revenue and profitability. Further, it is the Issuer's objective to initiate and pursue a program of growth and acquisition which will allow the Issuer to add, to its current holdings, various operating companies and/or operating assets thereby allowing the Issuer to "acquire" revenue.
