MIGRATION OF THE OPERATING AGREEMENTS IN VENEZUELA

TO PARTIALLY STATE-OWNED COMPANIES

Buenos Aires, April 3, 2006 Petrobras Energía Participaciones S.A. (Buenos Aires: PBE, NYSE: PZE) announces that its controlled company Petrobras Energía S.A., through its subsidiaries and affiliates in Venezuela (hereinafter PESA), and Petróleos de Venezuela S.A. and Corporación Venezolana del Petróleo S.A. (hereinafter CVP) entered into the respective Memorandums of Understanding (MOUs) in order to effect migration of the operating agreements of the Oritupano Leona, La Concepción, Acema and Mata areas to partially state-owned companies.

Pursuant to the above mentioned MOUs, interest of private investors in the partially state-owned companies will be 40%, with the Venezuelan Government holding a 60% interest. Partially state-owned companies are scheduled to start operations on April 1, 2006. PESA's indirect interest in the Oritupano Leona, La Concepción, Acema and Mata areas will be 22%, 36%, 34.5% and 34.5%, respectively. The economic effects of the migration will be effective April 1, 2006.

In addition, the MOUs establish that CVP will recognize a divisible and transferable credit in favor of the private companies that will compose the partially state-owned companies, in an amount, in PESA's participation, of US\$ 88.5 million. The credit will not bear interest and may be used for the payment of acquisition bonds within the framework of any new partially state-owned company project for the development of oil exploration and production activities or of a license project for the development of gas exploration and production operations in Venezuela.

Execution of the MOUs is subject to approval of the pertinent authorities, including the National Assembly, as specified below, and Petrobras Energía S.A.'s Board of Directors.

Organization of the partially state-owned companies and the terms and conditions governing the performance of primary activities thereby are subject to approval of the Ministry of Energy and Oil and the Venezuelan National Assembly, in accordance with the provisions of the Decree with the standing and authority of Hydrocarbons Organic Law.

The Company believes that the effects of execution of the MOUs and the process of migration to partially state-owned companies under the current terms will not materially differ from the projections reported on the Financial Statements as of December 31, 2005.
