## ONLINE VACATION CENTER HOLDINGS CORP AND SUBSIDIARIES NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

### NOTE 1 - BACKGROUND

#### Overview

-----

Online Vacation Center Holdings Corp. (the "Company") is a Florida holding company which provides vacation travel services through its wholly owned subsidiary Online Vacation Center, Inc., an internet-based vacation seller focused on serving the affluent retiree market.

#### History

-----

Under a share exchange agreement dated August 25, 2005, effective March 15, 2006, the Company issued to the Online Vacation Center Holdings, Inc. interest holders an aggregate of 15,000,000 shares of the Company's common stock in exchange for a 100% interest in Online Vacation Center Holdings, Inc. In connection with the share exchange, pursuant to an asset purchase agreement, the Company sold all of its assets (and transferred all of its liabilities) to Alan Rubin for a total purchase price of 2,700,000 shares of the Company's common stock. The 2,700,000 shares were returned to the Company and have been cancelled. For accounting purposes the consummation of these actions resulted in a reverse merger and Online Vacation Center Holdings, Inc. is the accounting survivor and surviving business entity; however, the Company is the surviving legal entity.

### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### Principles of Consolidation

-----

The accompanying consolidated financial statements include the accounts of Online Vacation Center Holdings Corp. and its wholly owned subsidiaries. All significant intercompany transactions and balances have been eliminated.

#### Use of Estimates

-----

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements. These estimates and assumptions also affect the reported amounts of revenues, costs and expenses during the reporting period. Management evaluates these estimates and assumptions on a regular basis. Actual results could differ from those estimates.

#### Interim Financial Statements

-----  
The interim financial statements presented herein have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission ("SEC"). Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted pursuant to such rules and regulations. The interim

8

ONLINE VACATION CENTER HOLDINGS CORP AND SUBSIDIARIES

(Unaudited)

financial statements should be read in conjunction with the Company's annual financial statements, notes and accounting policies included in the Company's year-end financial statements as of December 31, 2005. In the opinion of management, all adjustments (consisting only of normal recurring adjustments) which are necessary to provide a fair presentation of financial position as of June 30, 2006 and the related operating results and cash flows for the interim period presented have been made. The results of operations, for the period presented are not necessarily indicative of the results to be expected for the year.

Revenue Recognition  
-----

Revenues are derived from transactions where the Company is the merchant of record and determines the price to the customer. The Company has agreements with suppliers for travel packages that the Company sells. The Company does not have purchase obligations for unsold travel packages. The Company presents revenue in accordance with Staff Accounting Bulletin (SAB) No. 104 "Revenue Recognition in Financial Statements" and Emerging Issues Task Force (EITF) Issue No. 99-19, "Reporting Revenue Gross as a Principal versus Net as an Agent", including the weighing of the relevant qualitative factors regarding the Company's status as a primary obligor, and the extent of their pricing latitude. The method of net revenue presentation does not impact operating profit, net income, earnings per share or cash flows. Based upon the Company's evaluation of sales transactions and in accordance with the various indicators identified in EITF Issue No. 99-19, the Company's suppliers assume the majority of the business risks such as providing the service and the risk of unsold travel packages. As such, all sales transactions are to be recorded at the net amount, which is the amount charged to the customer less the amount to be paid to the supplier. Sales transactions are billed to customers at the time of booking, however revenue is not recognized on the accompanying consolidated financial statements until the customers' travel occurs.

The Company generally recognized advertising revenues ratably over the advertising period, depending on the terms of the advertising contract. For the six-month periods ended June 30, 2006 and 2005, the Company derived no revenues from the sales of advertisements on its internet website. The Company applies EITF Issue No. 99-17, "Accounting for Advertising Barter Transactions", in the valuation and recognition of barter arrangements, however, during the current period, there was no revenue derived from barter agreements.

Concentration of Credit Risk  
-----

The Company's business is subject to certain risks and concentrations including dependence on relationships with travel suppliers (primarily

## Edgar Filing: ONLINE VACATION CENTER HOLDINGS CORP - Form 10QSB

cruise lines), and to a lesser extent, exposure to risks associated with online commerce security and credit card fraud. The Company is highly dependent on its relationships with three major cruise lines: Celebrity Cruises, Princess Cruises, and Royal Caribbean Cruise Line. The Company also depends on third party service providers for processing certain fulfillment services.

9

### ONLINE VACATION CENTER HOLDINGS CORP AND SUBSIDIARIES NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

Concentrations of credit risk with respect to client accounts receivable are limited because of the Company's policy to require deposits from customers, the number of customers comprising the client base and their dispersion across geographical locations.

Financial instruments, which potentially subject the Company to concentration of credit risk, consist primarily of cash and bank certificates of deposit. These accounts are maintained with financial institutions insured by the Federal Deposit Insurance Corporation (FDIC) up to \$100,000. At June 30, 2006 and December 31, 2005, the balances at various financial institutions over the FDIC insured limit relating to cash and cash equivalents and restricted cash were approximately \$2.7 million and \$2.0 million, respectively. The Company believes these balances are not as risk as they are held by sound financial institutions.

#### Advertising Costs -----

Substantially all advertising costs are charged to expense as incurred and principally represent direct mail costs and online advertising, including fees paid to search engines and distribution partners. Direct mail advertising costs are recorded as prepaid expenses and charged to expense as consumed. Advertising expense for the six-month period ended June 30, 2006 and 2005 was \$424,946 and \$731,093, respectively. Advertising expense for the three-month period ended June 30, 2006 and 2005 was \$228,372 and \$194,808, respectively.

#### Cash and Cash Equivalents -----

The Company considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. At June 30, 2006 and December 31, 2005, cash and cash equivalents include cash in the bank and cash on hand.

#### Accounts Receivable -----

Suppliers generally pay commissions between 60 days before to 90 days after travel has commenced, overrides in the first quarter following the period earned, and marketing invoices between 30 days to 90 days after invoice date. The Company determines its allowance by considering a number of factors, including the length of time trade accounts receivable are past due, the Company's previous loss history, the specific supplier's current ability to pay its obligation to the Company and the condition of the general economy and the industry as a whole. The Company writes off accounts receivable when they become uncollectible, and payments subsequently received on such receivables are recognized as revenue in the period received. At June 30, 2006 and December 31, 2005, the allowance for

## Edgar Filing: ONLINE VACATION CENTER HOLDINGS CORP - Form 10QSB

doubtful accounts was \$4,317.

### Restricted Cash

-----  
In accordance with Accounting Review Board (ARB) No. 43, Chapter 3A, "Current Assets and Current Liabilities", cash which is restricted as to withdrawal is considered a noncurrent asset. Restricted cash consists of

10

### ONLINE VACATION CENTER HOLDINGS CORP AND SUBSIDIARIES NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

collateral for two letters of credit and a reserve for credit card processing. The Company's credit card processor, Global Payments, holds a \$280,000 reserve for credit cards processed. Global Payments will hold this reserve for as long as the Company uses them as their credit card processor and will release all funds no later than six months after the final transaction deposit. Certificates of deposit of \$35,000 are collateral for two outstanding letters of credit due to expire in 2007. The letters of credit are required by industry and state regulations and will be renewed.

### Property and Equipment

-----  
Property and equipment, including significant improvements, are recorded at cost. Repairs and maintenance and any gains or losses on dispositions are recognized as incurred. Depreciation and amortization are provided for on a straight-line basis to allocate the cost of depreciable assets to operations over their estimated service lives.

Asset Category	Depreciation/ Amortization Period
-----	-----
Office equipment	2 to 3 Years
Furniture & fixture	5 to 7 Years
Leasehold improvements	6.5 Years

### Goodwill and Indefinite-Lived Intangible Assets

-----  
In accordance with SFAS No. 142, "Goodwill and Other Intangible Assets," goodwill acquired in business combinations is assigned to reporting units that are expected to benefit from the synergies of the combination as of the acquisition date. Under this standard, goodwill and intangibles with indefinite useful lives are no longer amortized. The Company assesses goodwill and indefinite-lived intangible assets for impairment annually at the beginning of the fourth quarter, or more frequently if events and circumstances indicate impairment may have occurred in accordance with SFAS No. 142. If the carrying value of a reporting unit's goodwill exceeds its implied fair value, the Company records an impairment loss equal to the difference. SFAS No. 142 also requires that the fair value of indefinite-lived purchased intangible assets be estimated and compared to the carrying value. The Company recognizes an impairment loss when the estimated fair value of the indefinite-lived purchased intangible assets is less than the carrying value. At June 30, 2006 and December 31, 2005 there was no goodwill in the accompanying consolidated balance sheets.

### Long-Lived Assets

## Edgar Filing: ONLINE VACATION CENTER HOLDINGS CORP - Form 10QSB

The Company's accounting policy regarding the assessment of the recoverability of the carrying value of long-lived assets, including property and equipment and purchased intangible assets with finite lives, is to review the carrying value of the assets if the facts and circumstances suggest that they may be impaired. If this review indicates that the carrying value will not be recoverable, as determined based on the projected undiscounted future cash flows, the carrying value is reduced to its estimated fair value.

11

### ONLINE VACATION CENTER HOLDINGS CORP AND SUBSIDIARIES NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

#### Income Taxes

-----

The Company accounts for income taxes under the liability method. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates in effect for the year in which those temporary differences are expected to be recovered or settled.

#### Comprehensive Income

-----

Comprehensive income is comprised of net income and other comprehensive income. Other comprehensive income includes certain changes in equity that are excluded from net income. At June 30, 2006, there were no items to be included in accumulated other comprehensive income.

#### Earnings Per Share

-----

Basic earnings per share is computed by dividing net income available to common shareholders by the weighted average number of common shares outstanding during the period. Diluted earnings per share reflects the potential dilution that could occur if stock options and other commitments to issue common stock were exercised or equity awards vest resulting in the issuance of common stock that could share in the earnings of the Company. 300,000 stock options that have vested but have not been exercised are included in the weighted average shares outstanding - diluted.

#### Stock-Based Compensation

-----

In December 2002, the FASB issued SFAS No. 148, "Accounting for Stock-Based Compensation Transition and Disclosure" ("SFAS No. 148") which amends FASB Statement No. 123 "Accounting for Stock-Based Compensation" ("SFAS No. 123"). The Company has adopted the expense recognition provision of SFAS 123 and is providing expense for stock based compensation for grants made on and after January 1, 2003. There was no stock based compensation granted during the year ended December 31, 2005. On March 16, 2006, 1,860,000 stock options and 7,000 restricted shares were granted to employees and directors under the 2005 Management and Director Equity Incentive and Compensation Plan. Compensation cost recognized in the six-month period ended June 30, 2006 was \$76,923 for the stock options and \$5,950 for the restricted shares.

## Edgar Filing: ONLINE VACATION CENTER HOLDINGS CORP - Form 10QSB

### Off-Balance Sheet Arrangements

-----

The Company has not entered into any off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on the Company's financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources and would be considered material to shareholders. Certain

12

### ONLINE VACATION CENTER HOLDINGS CORP AND SUBSIDIARIES NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

officers and directors of the Company have provided personal guarantees to various lenders as required for the extension of credit to the Company.

### Recent Accounting Pronouncements

-----

#### Share-Based Payment

In December 2004, the FASB issued a revision of SFAS 123 ("SFAS 123(R)") that requires compensation costs related to share-based payment transactions to be recognized in the statement of operations. With limited exceptions, the amount of compensation cost will be measured based on the grant-date fair value of the equity or liability instruments issued. In addition, liability awards will be remeasured each reporting period. Compensation cost will be recognized over the period that an employee provides service in exchange for the award. SFAS 123(R) replaces SFAS 123 and is effective as of January 1, 2006. Compensation cost for stock options issued on March 16, 2006 was recognized and is included in the statement of operations for the six-month period ended June 30, 2006.

In March 2005, the U.S. Securities and Exchange Commission, or SEC, released Staff Accounting Bulletin 107, "Share-Based Payments," ("SAB 107"). The interpretations in SAB 107 express views of the SEC staff, or staff, regarding the interaction between SFAS 123R and certain SEC rules and regulations, and provide the staff's views regarding the valuation of share-based payment arrangements for public companies. In particular, SAB 107 provides guidance related to share-based payment transactions with non-employees, the transition from nonpublic to public entity status, valuation methods (including assumptions such as expected volatility and expected term), the accounting for certain redeemable financial instruments issued under share-based payment arrangements, the classification of compensation expense, non-GAAP financial measures, first-time adoption of SFAS 123R in an interim period, capitalization of compensation cost related to share-based payment arrangements, the accounting for income tax effects of share-based payment arrangements upon adoption of SFAS 123R, the modification of employee share options prior to adoption of SFAS 123R and disclosures in Management's Discussion and Analysis subsequent to adoption of SFAS 123R. SAB 107 requires stock-based compensation be classified in the same expense lines as cash compensation is reported for the same employees.

#### Nonmonetary Exchange

In December 2004, the FASB issued SFAS No. 153, "Exchanges of Nonmonetary Assets--An Amendment of Accounting Principles Board (APB) Opinion No. 29, Accounting for Nonmonetary Transactions" ("SFAS 153"). SFAS 153 eliminates the exception from fair measurement for nonmonetary exchanges of similar productive assets in paragraph 21(b) of APB Opinion No. 29, "Accounting for

## Edgar Filing: ONLINE VACATION CENTER HOLDINGS CORP - Form 10QSB

Nonmonetary Transactions," and replaces it with an exception for exchanges that do not have commercial substance. SFAS 153 specifies that a nonmonetary exchange has commercial substance if the future cash flows of the entity expected to change significantly as a result of the exchange. SFAS 153 is effective for fiscal periods beginning after June 15, 2005. The adoption of SFAS 153 is not expected to have a material impact on the Company's current financial condition or results of operations.

13

#### Conditional Asset Retirement

In March 2005, the FASB issued FASB Interpretation (FIN) No. 47 - "Accounting for Conditional Asset Retirement Obligations - an Interpretation of SFAS 143 (FIN No. 47). FIN No. 47 clarifies the timing of liability recognition for legal obligations associated with the retirement of a tangible long-lived asset when the timing and/or method of settlement are conditional on a future event. FIN No. 47 is effective no later than December 31, 2005. FIN No. 47 did not impact the Company for the six month period ended June 30, 2006.

#### Accounting Changes and Error Corrections

In May 2005, the FASB issued SFAS No. 154, "Accounting Changes and Error Corrections, a Replacement of APB No. 20 and FASB 3 (SFAS No.154). SFAS No. 154 requires retrospective application to prior periods' financial statements of a voluntary change in accounting principle unless it is impracticable. APB Opinion No. 20 "Accounting Changes," previously required that most voluntary changes in accounting principle be recognized by including in net income of the period of the change the cumulative effect of changing to the new accounting principle.

Other includes tax rate differentials and the true-up of permanent tax differences from prior periods. The gain on sale of cigar assets is the result of the transaction wherein the Company distributed the assets relating to the cigar business to Alan Rubin in exchange for 2.7 million shares of stock. The Company recognized gain on each asset distributed based upon the difference between the fair market value and the Company's adjusted basis in each asset at the time of closing.

Deferred income taxes result from temporary differences in the recognition of income and expenses for the financial reporting purposes and for tax purposes. The tax effect of these temporary differences representing deferred tax asset and liabilities result principally from the following:

### Settlement Obligation

-----

The Company is involved from time to time in various legal claims and actions arising in the ordinary course of business. Revenues. Revenues decreased \$559,931, or 13%, to \$3,828,277 for the six month period ended June 30, 2006 from \$4,388,208 for the six month period ended June 30, 2005. The decrease was primarily due to fewer customers traveling during the second quarter of 2006 as compared to the same period in 2005.

Operating expenses. Operating expenses, which include sales and marketing expenses and general and administrative expenses, were \$3,083,204 for the six month period ended June 30, 2006 as compared to \$3,227,318 for the six month period ended June 30, 2005, a decrease of \$144,114 or 4%. The decrease was principally due to a decrease in sales and marketing expenses and management compensation which was partially offset by an increase in professional fees as described below. For the six month period ended June 30, 2006, sales and marketing expenses were \$926,541 as compared to \$1,264,374 for the six month

period ended June 30, 2005, a decrease of \$337,833 or 27%. Sales and marketing expenses primarily consist of sales salaries, commissions, and marketing expenses. The decrease is primarily due to a decrease in co-op marketing projects in the first quarter of 2006. For the six month period ended June 30, 2006, general and administrative expenses were \$2,156,663 as compared to \$1,962,944 for the six month period ended June 30, 2005, an increase of \$193,719 or 10%. General and administrative expenses primarily include management compensation, professional services, and occupancy costs. For the six month period ended June 30, 2006, management compensation expenses were \$1,186,430 as compared to \$1,482,037 for the six month period ended June 30, 2005, a decrease of \$295,607 or 20%. This decrease was primarily due to a salary decrease due to a new employment agreement with the company's president. For the six month period ended June 30, 2006, professional services expenses were \$607,055 as compared to \$134,868 for the six month period ended June 30, 2005, an increase of \$472,187 or 350%. The increase was due to consulting, legal, and accounting expenses that were associated with the company's reverse merger transaction.

22

Income from Operations. For the six month period ended June 30, 2006, income from operations was \$745,073 as compared to \$1,160,890 for the six month period ended June 30, 2005, a decrease of \$415,817 or 36%. The decrease was primarily due to a decrease in net revenues.

Other Expenses. Other expenses decreased to \$21,787 for the six month period ended June 30, 2006 as compared to \$121,193 for the six month period ended June 30, 2005. The decrease in other expenses was due to a decrease in interest expense associated with the subordinated debenture discussed below and an increase in interest income on the company's interest-bearing cash accounts.

Earnings from Continuing Operations. For the six month period ended June 30, 2006, earnings from continuing operations were \$723,287 as compared to \$1,039,697 for the six month period ended June 30, 2005, a decrease of \$316,410 or 30%. The decrease was primarily due to a decrease in net revenues.

Provision (Benefit) for Income Taxes. The provision for income taxes increased to \$359,717 for the six month period ended June 30, 2006 as compared to (\$672,820) for the six month period ended June 30, 2005. The increase in the provision for income taxes resulted primarily from a decrease of the valuation allowance benefit. For the six month period ended June 30, 2006, the non-cash U.S. income tax provision, which includes a tax expense of \$23,593 related to the gain on the sale of the assets relating to the cigar business to Alan Rubin in exchange for 2.7 million shares of stock, was \$359,717 as compared to \$492,147 for the six month period ended June 30, 2005, an decrease of \$132,700. For the six month period ended June 30, 2006, the valuation allowance benefit was \$0 as compared to \$1,164,967 for the six month period ended June 30, 2005. SFAS No. 109, "Accounting for Income Taxes," requires that Online Vacation Center record a valuation allowance when it is "more likely than not that some portion or all of the deferred tax assets will not be realized." The valuation allowance was decreased to \$1,164,968 or 65% of the gross deferred tax asset of \$1,792,258 in 2004 and decreased to \$0 or 0% of the gross deferred tax asset of \$1,116,148 in 2005 as described below.

At December 31, 2002, Online Vacation Center recorded a valuation allowance of \$2,217,158 or 80% of the gross deferred tax asset of \$2,771,447. Online Vacation Center decreased the valuation allowance in 2003, 2004, and March 31, 2005. At June 30, 2005, Online Vacation Center had its most profitable quarter to date. Net income before taxes and future revenue increased as compared to the same three month period ending June 30, 2004. Historically, the second quarter of the year is the time that most bookings travel, therefore it would be expected that advanced bookings would significantly decrease. Instead, advanced bookings increased 40% as compared to the same period in 2004. Based on this information, management concluded at that time that it was no longer more likely than not

## Edgar Filing: ONLINE VACATION CENTER HOLDINGS CORP - Form 10QSB

that a portion of the deferred tax asset would not be realized and consequently, the company removed the valuation allowance. Accordingly, Online Vacation Center recorded a net non-cash tax benefit in the quarter ended June 30, 2005 of \$644,163, resulting primarily from the effect of a \$1,007,748 reversal of the valuation allowance on Online Vacation Center's deferred tax assets, partly offset by a \$363,585 non-cash U.S. income tax provision (prior to the impact of the valuation allowance).

Net Income. For the six month period ended June 30, 2006, net income was \$359,165 as compared to \$1,712,517 for the six month period ended June 30, 2005, a decrease of \$1,353,352 or 79%. The decrease was primarily due to an increase in the provision for income taxes, as previously discussed.

Management believes that the existing cash and cash expected to be provided by operating activities will be sufficient to fund the short term capital and liquidity needs of its operations. Online Vacation Center may choose to seek to sell equity or debt securities or obtain credit lines from financial institutions to meet its longer-term liquidity and capital requirements, which includes strategic growth through mergers and acquisitions. There is no assurance that Online Vacation Center will be able to obtain additional capital or financing in amounts or on terms acceptable to Online Vacation Center, if at all or on a timely basis.

Online Vacation Center has historically been dependent on its relationships with three major cruise lines: Celebrity Cruises, Princess Cruises and Royal Caribbean Cruise Line. Online Vacation Center also depends on third party service providers for processing certain fulfillment services.

The domestic and international leisure travel industry is seasonal and is sensitive to global events that are out of its control. The results of Online Vacation Center have been subject to fluctuations caused by the seasonal variations in the travel industry and by global events. The company expects these variations to continue in the future.
