**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To the Participants and Administrative Committee of  
East West Bank Employees 401(k) Savings Plan:

We have audited the accompanying statements of net assets available for benefits of East West Bank Employees 401(k) Savings Plan (the Plan ) as of December 31, 2003 and 2002, and the related statements of changes in net assets available for benefits for each of the two years in the period ended December 31, 2003. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States) and in accordance with generally accepted auditing standards as established by the Auditing Standards Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2003 and 2002, and the changes in net assets available for benefits for each of the two years in the period ended December 31, 2003 in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held (at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan s management. The supplemental schedule has been subjected to the auditing procedures applied in our audit of the basic 2003 financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

**NOTES TO FINANCIAL STATEMENTS  
YEARS ENDED DECEMBER 31, 2003 AND 2002**

**1. DESCRIPTION OF THE PLAN**

The following description of the East West Bank Employees 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Document for more complete information.

*General* The Plan is a defined contribution plan designed to provide retirement benefits financed by participants' tax deferred contributions and company contributions on behalf of the participating employees. The Plan is administered by an Administrative Committee appointed by the Board of Directors of East West Bank, the Plan's sponsor (the Bank or the Plan Sponsor). Prudential Trust Company (the Trustee) serves as the trustee for the Plan. The Plan became effective January 1, 1986. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA). On August 1, 2003, the assets of Pacific Business Bank, Inc. 401(k) Plan were merged with the Plan.

*Eligibility* Under the terms of the Plan, employees of the Bank become eligible to participate in the Plan as of the first day of the first calendar month beginning after the date the employee attains the age of 21 years and completes one year of service (more than 1,000 hours) with the Bank. Effective January 1, 2004 the eligibility requirement to join the Plan was reduced from one year of service to three months of service.

*Contributions* Eligible employees may elect to defer up to 15% of their compensation before taxes (limited to \$12,000 and \$11,000 in 2003 and 2002, respectively). The Bank matches 100% of the first 6% of a participant's deferred compensation. Participants direct the investment of their contributions into various investment options offered by the Plan. Employer matching contributions are participant-directed.

*Vesting, Benefits and Benefits Payable* Participants are fully vested in the portion of their accounts which resulted from their contributions and earnings on their voluntary contributions. Participants become vested in the contributions received from the Plan Sponsor at the rate of 20% per year for each full year of service after the first year so that the participants become 100% vested after five years of credited service.

Edgar Filing: EAST WEST BANCORP INC - Form 11-K

Benefits are recorded when paid. Benefit payments are determined and disbursed by the Trustee upon notification of the participant's death, disability, retirement or termination of employment. As of December 31, 2003 and 2002, \$119,739 and \$0, respectively, was due to terminated participants.

*Forfeited Accounts* At December 31, 2003 and 2002, forfeited nonvested accounts totaled \$2,619 and \$32,415, respectively. These accounts will be used to reduce future employer contributions. During the years ended December 31, 2003 and 2002, employer contributions were reduced by \$71,332 and \$27,815, respectively, from forfeited nonvested accounts.

**Participant Accounts** Each participant's account is credited with the participant's contribution, the Bank's contribution, the Plan's earnings or losses, and, if applicable, rollovers from plans of prior employers. Allocations of earnings or losses are based on account balances as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

**Loans to Participants** Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as transfers to (from) the investment fund from (to) the participant notes fund. Loan terms range from 1 to 5 years or up to 15 years for the purchase of a primary residence. Effective in 2003, the maximum loan term for the purchase of a primary residence was changed to 20 years. The loans are secured by the vested balances in the participants' accounts and bear interest at rates commensurate with local prevailing rates as determined quarterly by the plan administrator. At December 31, 2003 and 2002, interest rates on outstanding loans to participants ranged from 5.00% to 10.50%. Principal and interest are paid ratably through bimonthly payroll deductions.

**Reclassifications** Certain reclassifications were made to the 2002 financial statements to conform to the 2003 presentation.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Basis of Accounting** The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

**Valuation of Investments** The Plan's investments are stated at their fair value measured by quoted market prices or the quoted market prices of the underlying investments.

**Use of Estimates** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Risk Management** The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near

term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

*Administrative Expenses* Administration expenses of the Plan are paid by the Plan Sponsor, as provided in the Plan Document.

*Investment Income* The Plan presents in the statements of changes in net assets available for benefits the net appreciation or depreciation in the fair value of investments, which consists of realized gains or losses and unrealized appreciation or depreciation on those investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

*Excess Contributions Payable* The Plan is required to return contributions received during the plan year in excess of the IRC limits.

In the event of the Plan's termination, all participant accounts will become 100% vested and will be distributable to participants in accordance with the Plan.

**6. FEDERAL INCOME TAX STATUS**

The Internal Revenue Service has determined and informed the Bank by a letter dated September 12, 2003 that the Plan and the related trust were designed in accordance with applicable sections of the Internal Revenue Code ( IRC ). The Plan Sponsor believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC as of December 31, 2003. Therefore, no provision for income taxes has been included in the Plan s financial statements.
