Notes to Unaudited Consolidated Financial Statements

(Dollar and share amounts in thousands, except per share amounts)

June 30, 2004

Note 1 - Basis of Presentation

The accompanying unaudited consolidated financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the three- and six-month periods ended June 30, 2004 are not necessarily indicative of the results that may be expected for the year ending December 31, 2004. The traditional semester programs in the education industry, with a summer break, result in large seasonality in the operating results of Laureate Education, Inc. (the Company). The consolidated balance sheet at December 31, 2003 has been derived from the audited financial statements at that date but does not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements.

The Company is focused exclusively on providing a superior higher education experience to over 131,000 students through the leading global network of accredited campus-based and online higher education institutions (higher education institutions).

The Company's educational offerings are offered through two separate business segments: a campus-based university segment (Campus Based) and an online segment (Online Higher Education). The Campus Based segment owns or maintains controlling interests in nine separately accredited higher education institutions with locations in Mexico, Chile, Spain, Switzerland, France, Ecuador, Panama and Costa Rica. The Online Higher Education segment provides career-oriented degree programs to working adult students through Canter and Associates (Canter), Walden E-Learning, Inc. (Walden), National Technological University (NTU), and KIT eLearning BV (KIT).

The Ventures business was disbanded in 2003.

Certain amounts previously reported for 2003 have been reclassified to conform to 2004 presentation.

On May 17, 2004, the Company changed its name from Sylvan Learning Systems, Inc. to Laureate Education, Inc. The Company began trading under a new NASDAQ ticker symbol, LAUR, on May 18, 2004.

Note 2 Accounting Policies

Stock Options Granted to Employees and Non-Employees

The Company records compensation expense for all employee and director stock-based compensation plans using the intrinsic value method and provides pro forma disclosures of net income (loss) and net earnings (loss) per common share as if the fair value method had been applied in measuring stock compensation expense. Under the intrinsic value method, stock compensation expense is defined as the difference between the amount payable upon exercise and the quoted market value of the underlying common stock on the date of grant or measurement date. Any resulting compensation expense is recognized ratably over the vesting period.

The Company records compensation expense for all stock options granted to non-employees who are not directors in an amount equal to their estimated fair value at the earlier of the performance commitment date or the date at which performance is complete, determined using the Black-Scholes option pricing model. The compensation expense is recognized ratably over the vesting period.

The Black-Scholes option pricing model was developed for use in estimating the fair value of traded options, which have no vesting restrictions and are fully transferable. In addition, option valuation models require the input of highly subjective assumptions, including the expected stock price volatility. Because the Company's stock options have characteristics significantly different from those of traded options and because changes in the subjective input

Edgar Filing: LAUREATE EDUCATION, INC. - Form 10-Q

assumptions can materially affect the fair value estimate, in management's opinion, the existing models do not necessarily provide a reliable single measure of the fair value of its stock options.

For purposes of pro forma disclosures, the estimated fair value of the options is amortized to expense over the options' vesting periods. The Company's pro forma information is as follows for the three months ended:

	2004	June 30,		2003
Net income, as reported	\$	20,810	\$	30,851
Stock-based employee compensation expense included in net income as reported, net of tax		2,232		16,055

Note 3 Discontinued Operations and Assets Held for Sale

Discontinued Operations

During 2003, the Company sold or abandoned its K-12 educational services businesses (K-12) and committed to a plan to sell its Wall Street Institute (WSI) business. During 2004, the Company terminated its program in India. WSI is expected to be sold by the end of 2004. Because the operations and cash flows of the business components comprising K-12, WSI, and India were or will be eliminated from ongoing operations as a result of the sale, abandonment or pending sale, and because the Company will not have any significant continuing involvement in the operations after the disposal transactions, these operations are classified as discontinued operations for all periods.

K-12

On June 30, 2003, the Company and Educate, Inc. (Educate), a company newly-formed by Apollo Management, L.P., (Apollo) completed the sale to Educate of substantially all of the Company's K-12 segment, including eSylvan Inc. and Connections Academy, Inc., which were investments previously held by Ventures (Principal K-12 Disposal Group). As a result, the Company recorded a gain of \$71,452, net of tax expense of \$38,994, for the six months ended June 30, 2003.

Edgar Filing: LAUREATE EDUCATION, INC. - Form 10-Q

WSI Business

During the second quarter of 2003, management committed to a plan to dispose of its WSI business. The WSI business owns and operates English-language learning centers in four countries and is a master franchisor of English language learning centers in 21 countries. The Company expects to sell WSI in 2004. The Company recorded a loss of \$23,756, net of tax benefit of \$1,698, for the six months ended June 30, 2003 to reflect the assets of the business at the net realizable value.

Other

During the six months ended June 30, 2003, the Company recorded a loss on disposal of discontinued operations of \$8,273, net of income tax benefit of \$4,425, related to the write-off of the net assets of the Sylvan Learning Center operations in the United Kingdom and France. During the fourth quarter of 2003, the Company made the decision to shut down Sylvan Learning Center operations in the United Kingdom. By December 31, 2003 all operations were terminated, the property leases were cancelled and the Company was in the process of dissolving the corporation. In the first quarter of 2004, the Company completed the sale of the Sylvan Learning Center operations in France for solely contingent consideration.

In the first quarter of 2004, due to the unfavorable regulatory climate for private educational enterprises in India, the Company decided to terminate its current programs there, including the cessation of the educational activities of South Asia International Institute. In conjunction with this decision, the Company has also reduced the carrying value of its assets in India to expected realizable value upon final disposition.

Summarized operating results from the discontinued operations included in the Company's statement of operations were as follows for the three months ended June 30:

	K-12		WSI			Other	
	2004	2003	2004	2003	2004	2003	
Revenues	\$	\$ 68,182	\$ 16,883	\$ 13,456	\$	\$ 277	
Pretax income (loss) from discontinued operations	\$ (1,750)	\$ 9,200	\$ (399)	\$ (5,615)	\$ (245)	\$ (915)	

Summarized operating results from the discontinued operations included in the Company's statement of operations were as follows for the six months ended June 30:

	K-12		WSI			Other	
	2004	2003	2004	2003	2004	2003	
Revenues	\$	\$ 129,032	\$ 34,445	\$ 27,176	\$	\$ 481	
Pretax income (loss) from discontinued operations	\$ (1,750)	\$ 14,221	\$ (828)	\$ (5,932)	\$ (2,521)	\$ (1,883)	

The accompanying balance sheets at June 30, 2004 and December 31, 2003 classify the assets and liabilities of the asset disposal groups based on the probable timing of sales proceeds.

Edgar Filing: LAUREATE EDUCATION, INC. - Form 10-Q

Assets of WSI were as follows:

	WSI	
	June 30, 2004	December 31, 2003
Current assets	\$ 37,791	\$ 37,348
Property and equipment, net	9,512	8,577
Goodwill	13,814	14,276
Other long-term assets	11,448	11,713
Assets of discontinued operations	\$ 72,565	\$ 71,914

The liabilities of WSI are not included in the WSI disposal group above because it is not certain that the future buyer of WSI will assume those liabilities.

Note 4 Notes Receivable from Related Party

On April 27, 2004, the Company received payment in full on one of its notes receivable from Educate in the amount of \$55,000 plus accrued interest of \$5,461. The note receivable was originally issued on June 30, 2003 in partial consideration for the sale of the Company's K-12 segment to Educate. The subordinated note was originally recorded net of a \$13,448 discount (Educate note). The early retirement of the Educate note results in an accelerated recognition of the remaining unamortized original issue discount in the amount of \$12,722, which has been included in investment and other income in the consolidated statements of income.

Note 5 - Other Intangible Assets

The following table summarizes the costs basis of other intangible assets as of June 30, 2004:

		Other Intangible Assets
<i>Subject to amortization:</i>		
Student roster	\$	13,133
Non-compete agreements		1,251
Other		623
<i>Not subject to amortization:</i>		
Accreditation/tradename		81,221
Total	\$	96,228

Amortization expense for intangible assets was \$1,101 and \$1,919 for the three and six months ended June 30, 2004, respectively, and \$370 and \$896 for the three and six months ended June 30, 2003, respectively. The estimated amortization expense for intangible assets for the remaining six-month period of 2004 is \$2,308. The estimated amortization expense for intangible assets for each of the five years subsequent to December 31, 2004 is as follows: 2005 - \$3,208; 2006 - \$2,540; 2007 - \$866; 2008 - \$9; and 2009 and beyond - \$0.

Note 6 Long Term Debt

Note 7 Income Taxes

Edgar Filing: LAUREATE EDUCATION, INC. - Form 10-Q

The Company's income tax provisions for all periods consist of federal, state, and foreign income taxes. The tax provisions for the three- and six-month periods ended June 30, 2004 and 2003 were based on the estimated effective tax rates applicable for the 2004 and 2003 full years, after giving effect to significant items related specifically to the interim periods including the mix of income for the period between higher and lower taxed jurisdictions. Currently, on a full year basis, the effective tax rate for the Company for the year ending December 31, 2004 is expected to be 17%. This forecasted rate has changed from the 18% rate estimated at the first quarter due to changes in the mix of earnings between higher and lower taxed jurisdictions, the impact of the early repayment of the Educate note on pretax earnings and foreign restructuring which allowed the Company to reduce foreign tax inefficiencies. However, due to ongoing changes in the mix of earnings between higher and lower taxed jurisdictions, the Company's consolidated effective tax rate may fluctuate in the remainder of 2004. The Company's effective tax rate from continuing operations was 17.6% and 17.0% for the three and six months ended June 30, 2004, respectively and 18.1% and 29.2% for the three and six months ended June 30, 2003, respectively.

At June 30, 2004, undistributed earnings from continuing operations of non-U.S. subsidiaries totaled approximately \$208,900. Deferred tax liabilities have not been recognized for these undistributed earnings because it is management's intention to permanently reinvest such undistributed earnings outside of the United States. If all undistributed earnings were remitted to the United States, the amount of incremental U.S. federal income taxes, net of foreign tax credits, would be approximately \$39,200.

At June 30, 2004, undistributed gains on the sale of non-U.S. discontinued operations totaled approximately \$213,900. Deferred tax liabilities have not been recognized for these undistributed gains because it is management's intention to permanently reinvest such undistributed gains outside of the U.S. If all undistributed gains were remitted to the U.S., the amount of incremental U.S. federal income taxes, net of foreign tax credits, would be approximately \$82,200.

Note 8 Stockholders Equity

Balance at June 30, 2004	\$ 458	\$ 371,061	\$ 313,404	\$ 8,114	\$ 693,037

The components of stockholders' equity are as follows:

During the quarter ended June 30, 2004, certain current and former employees were inadvertently permitted to exercise 203 stock options on a net share basis, whereby shares equal in value to the option strike price and the employee's minimum tax withholding obligation were withheld by the Company (also known as a "cashless exercise"). Under Accounting Principles Board Opinion No. 25, *Accounting for Stock Issued to Employees*, the use of in-the-money options to cover the strike price resulted in a new measurement date and, as a result, the Company recognized \$1,049 of additional compensation expense in continuing operations and \$1,436 of additional compensation in discontinued operations for the difference between the exercise price and the market value of the shares on date of exercise. When the situation was discovered by management in May 2004, the Company discontinued the use of this practice and, therefore, expects no further compensation charges from the exercise of employee stock options.

Note 9 Comprehensive Income

Outstanding stock options and convertible debentures were not included in the computation of earnings (loss) per share for the three and six months ended June 30, 2003 because they were anti-dilutive. The number of shares of common stock issuable upon the exercise of stock options and the conversion of debentures was 1,801 and 6,037 for the three months ended June 30, 2003, respectively, and 1,131 and 6,037 for the six months ended June 30, 2003, respectively.

Note 11 Contingencies and Commitments

Loss Contingencies

The Company is subject to legal actions arising in the ordinary course of its business. In management's opinion, the Company has adequate legal defenses and/or insurance coverage with respect to the eventuality of such actions and does not believe any settlement would materially affect the Company's financial position.

Contingent Payments

In connection with certain acquisitions, variable amounts of contingent consideration are payable to the seller based upon specified terms. All existing contingent consideration agreements are predicated upon improved operating profitability of the acquired entities and utilize multiples consistent with those used to calculate the initial purchase price. The Company will record the contingent consideration when the contingencies are resolved and the additional consideration is payable.

Additional amounts of contingent consideration are due the sellers of Universidad de Las Americas (UDLA) based on operating results for the three years ending December 31, 2006. No later than March 31, 2006, the Company is obligated to the sellers for an amount equal to 60% of six times (i) average earnings before interest and income taxes (EBIT) for 2004 and 2005, less (ii) 2000 EBIT; this result is reduced by (iii) 42% of certain specified debt. Assuming EBIT remains at 2003 levels for 2004 and 2005, the Company would be obligated to the sellers for approximately \$40,000. No later than March 31, 2007, the Company is obligated to the sellers for an amount equal to 20% of four times (i) average EBIT for 2005 and 2006; this result is reduced by (ii) 20% of certain specified debt and (iii), \$6,500. Assuming EBIT remains at 2003 levels for 2005 and 2006, the Company would be obligated to the sellers for approximately \$8,000. The Company has pledged its shares of Decon, the holding company that controls and operates UDLA, to satisfy its payment obligations to the sellers. The Company cannot dispose of, lien or encumber the shares without the prior approval of the sellers.

Effective April 1, 2008 the minority owners of UDLA have the right to require the Company to purchase their remaining 20% interest in Decon for a variable purchase price based on average EBIT for certain specified periods. Effective April 1, 2009 the Company has a call right to acquire the remaining 20% interest under a similar methodology for certain specified periods.

Effective April 1, 2009 the minority owners of Universidad Andres Bello (UNAB) and Academia de Idiomas y Estudios Profesionales (AIEP) have the right to require the Company to purchase their 20% interest for a variable purchase price based on average EBIT for certain specified periods. Effective April 1, 2009 the Company has a call right to acquire this 20% interest under a similar methodology for certain specified periods.

Additional amounts of contingent consideration, not to exceed \$10,000, are due the sellers of KIT equal to four times the average of the audited earnings before interest, income taxes, depreciation and amortization of KIT for the calendar years ending December 31, 2006 and 2007. KIT was acquired on March 31, 2004.

Guarantees

Subsequent to the divestiture of the Principal K-12 Disposal Group, all leases related to Sylvan Learning Centers were renegotiated or assigned in the name of Educate during the third quarter of 2003. Leases with remaining payments of \$9,519 through December 2008 are guaranteed by the Company. Under the terms of the Asset Purchase Agreement with Educate, the Company is indemnified against any losses suffered as a result of any lease guarantees.

Standby Letters of Credit

The Company has \$3,028 outstanding in standby letters of credit. The Company is self-insured for health care, workers compensation, and other insurable risks up to predetermined amounts above which third party insurance applies. The Company is contingently liable to insurance carriers under certain of these policies and has provided a letter of credit in favor of the insurance carriers for approximately \$1,300. The Company has also issued a standby letter of credit in the amount of \$1,400 assuring the collectibility of a \$1,227 line of credit at AIEP, which is being used for working capital purposes. The balance of the line of credit at June 30, 2004 is \$589.

Commitments

In connection with the sale of the Company's Principal K-12 Disposal Group to Educate, the Company entered into a three-year management service agreement with Educate, which will expire on June 30, 2006. Under the terms of the agreement, Educate will provide certain support services, including, but not limited to, specified accounting, benefits, IT, human resources, purchasing and payroll services to Laureate. Conversely, Laureate will provide certain support services, primarily in the areas of tax and treasury, to Educate. The agreement requires the Company to pay a fixed fee, adjusted as appropriate based on increases to predetermined service volumes. The net fee due to Educate on an annual basis is approximately \$3,000.

Note 12 Business Segment Information

The Company is focused exclusively on providing a superior higher education institution experience to over 131,000 students through the leading global network of accredited campus-based and online higher education institutions. The Company's educational services are offered through two separate business segments. These segments are business units that offer distinct services and are managed separately as they have different customer bases and delivery channels. All historical segment information has been reclassified to conform to this presentation.

The Campus Based segment has five higher education institutions with a broad curriculum in Mexico, Chile, Spain, and Central America, a highly specialized international business school in France, and hospitality schools (Hospitality) with operations in Switzerland, Spain, and China. Campus Based higher education institutions currently enroll approximately 113,000 full-time students and offer more than 100 degree programs through 38 campuses. The higher education institutions primarily serve 18- to 24-year-old students and offer an education that emphasizes career-oriented fields of study with undergraduate and graduate degrees in a wide range of disciplines, including international business, hotel management, health sciences, information technology and engineering. The Company believes that the higher education institutions benefit from strong academic reputations and brand awareness and established operating histories. Each higher education institution also has flexible, non-tenured, teaching-focused faculty and is led by an experienced local management team.

Online Higher Education offers undergraduate and graduate degree programs to working professionals through distance learning. Laureate's Online Higher Education segment includes Canter, Walden, NTU, and KIT, which collectively offer degree programs including education, psychology, health and human services, management, engineering, and information technology. Online Higher Education institutions currently enroll approximately 18,000 students.

Other represents results from the Ventures business, which was disbanded.

The Company evaluates performance and allocates resources based on operating income before corporate general and administrative expenses and income taxes. Segment operating profit (loss) is calculated as net operating profit (loss) for operating segments.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The statements contained herein include forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended. Forward-looking statements include information about possible or assumed results of operations, business strategies, financing plans, competitive position and potential growth opportunities. Forward-looking statements include all statements that are not historical facts and are generally accompanied by words such as may, will, intend, anticipate, believe, estimate, expect, should or similar expressions. Forward-looking statements also relate to the Company's contingent payment obligations relating to acquisitions, future capital requirements, potential acquisitions and the Company's future development plans and are based on current expectations. Forward-looking statements involve various risks, uncertainties and assumptions. The Company's actual results may differ materially from those expressed in these forward-looking statements.

Future events and actual results could differ materially from those set forth in the forward-looking statements as a result of many factors. These factors may include, without limitation: the Company's ability to continue to make acquisitions and to successfully integrate and operate acquired businesses; changes in student enrollment; the effect of new technology applications in the educational services industry; failure to maintain or renew required regulatory approval, accreditation or state authorizations; the Company's ability to effectively manage business growth; possible increased competition from other educational service providers; the effect on the business and results of operations of fluctuations in the value of foreign currencies; and the many risks associated with the operation of an increasingly global business, including complicated legal structures, legal, tax and economic risks and the risk of changes in the business climate in the markets where the Company operates. These forward-looking statements are based on estimates, projections, beliefs and assumptions of management and speak only as of the date made and are not guarantees of future performance.

Overview

Laureate Education, Inc. (the Company) is focused exclusively on providing a superior higher education experience to over 131,000 students through the leading global network of accredited campus based and online higher education institutions. The Company's educational services are offered through two separate business segments: Campus Based and Online Higher Education segments. The Campus Based segment owns or maintains controlling interests in nine separately accredited higher education institutions with locations in Mexico, Chile, Spain, Switzerland, France, Ecuador, Panama and Costa Rica. The Online Higher Education segment provides career-oriented degree programs to approximately 18,000 students through Canter and Associates (Canter), Walden E-Learning, Inc. (Walden), National Technological University (NTU), and KIT eLearning BV (KIT).

On May 17, 2004, the Company changed its name from Sylvan Learning Systems, Inc. to Laureate Education, Inc. The Company began trading under a new NASDAQ ticker symbol, LAUR, on May 18, 2004.

Sale of Business Units

On June 30, 2003, the Company completed the sale to Educate, Inc. (Educate), a company newly-formed by Apollo Management L.P. (Apollo), of substantially all of the Company's K-12 segment (Principal K-12 Disposal Group). In addition, during the second quarter of 2003, management committed to a plan to dispose of its Wall Street Institute (WSI) business. See Note 3 to the consolidated financial statements for

Comparison of results for the three months ended June 30, 2004 to results for the three months ended June 30, 2003.

Revenues. Total revenues increased by \$42.0 million, or 36%, to \$158.3 million for the three months ended June 30, 2004 (the 2004 fiscal quarter) from \$116.2 million for the three months ended June 30, 2003 (the 2003 fiscal quarter). This revenue increase was due to growth in schools owned in both fiscal quarters (organic growth) of 18% in addition to acquisitions after April 1, 2003, of which the most significant was Universidad Andres Bello (UNAB) in Chile, acquired on May 30, 2003. The other acquisitions were Universidad Interamericana (UI) in Costa Rica and Panama, Academia de Idiomas y Estudios Profesionales (AIEP) in Chile, and KIT eLearning (KIT) in the Netherlands.

Campus Based revenue for the 2004 fiscal quarter increased by \$35.6 million, or 41%, to \$123.6 million compared to the 2003 fiscal quarter. This increase was due to 19% organic growth in addition to incremental revenue from the acquisitions of UNAB, AIEP, and UI. Enrollment increases in schools owned in both fiscal quarters added revenues of \$16.8 million and incremental revenue from acquisitions added \$16.9 million. The effects of tuition pricing increases

were offset by the increase in working adult and Technical/Vocational programs which are priced at lower rates. For the 2004 fiscal quarter, the effects of currency translations increased revenues by \$1.9 million compared to the 2003 fiscal quarter, primarily due to the strengthening of the Euro, Chilean Peso, and Swiss Franc against the U.S. Dollar, partially offset by the decline of the Mexican Peso against the U.S. Dollar. Campus Based revenue represented 78% of total revenues for the 2004 fiscal quarter and 76% for the 2003 fiscal quarter.

Online Higher Education revenue increased by \$6.8 million, or 25%, to \$34.6 million for the 2004 fiscal quarter compared to the 2003 fiscal quarter. Enrollment increases, excluding KIT, added revenues of \$2.0 million or 7%, the KIT acquisition added revenues of \$2.4 million or 9%, price increases accounted for \$1.4 million or 5%, and other factors, primarily a favorable change in degree program mix, added \$1.0 million or 4%. Online Higher Education revenue represented 22% of the total revenues for the 2004 fiscal quarter compared to 24% for the 2003 fiscal quarter.

Direct Costs. Total direct costs of revenues increased \$30.1 million, or 31%, to \$128.4 million for the 2004 fiscal quarter from \$98.3 million for the 2003 fiscal quarter. Direct costs as a percentage of total revenues were 81% in the 2004 fiscal quarter compared to 85% in the 2003 fiscal quarter. This margin improvement reflects increased fixed cost efficiencies as a result of higher enrollments at existing schools.

Campus Based direct costs increased by \$23.7 million to \$98.8 million, or 80% of Campus Based revenue, for the 2004 fiscal quarter, compared to \$75.1 million, or 85% of Campus Based revenue for the 2003 fiscal quarter. This margin improvement reflects increased fixed cost efficiencies as a result of higher enrollments at existing schools. The increase in expenses reflected a \$10.9 million increase in costs associated with increased enrollments at the higher education institutions, as well as an increase in expenses of \$12.3 million due to the effect of the aforementioned acquisitions. For the 2004 fiscal quarter, the effects of currency translations increased expenses by \$0.5 million compared to the 2003 fiscal quarter, primarily due to the strengthening of the Euro, Chilean Peso, and Swiss Franc against the U.S. Dollar, partially offset by the decline of the Mexican Peso against the U.S. Dollar.

Online Higher Education direct costs increased by \$7.0 million to \$29.6 million, or 85% of Online Higher Education revenue, for the 2004 fiscal quarter compared to \$22.6 million, or 81% of Online Higher Education revenue, for the 2003 fiscal quarter. The increase in direct costs as a percentage of revenues was the result of lower profit margins at Canter due to accelerated recognition of marketing costs as required by the consolidation of Walden.

Other Operating Expenses. Other expenses decreased by \$21.1 million to \$7.7 million for the 2004 fiscal quarter from \$28.8 million for the 2003 fiscal quarter primarily due to the decrease in non-cash stock compensation expense.

Core operating segments general and administrative expenses decreased by \$0.5 million in the 2004 fiscal quarter to \$5.4 million from \$5.9 million in the 2003 fiscal quarter. As a result of the sale of the K-12 business, certain employees principally dedicated to servicing the K-12 segment became employed by Educate effective July 1, 2003. Contemporaneously, a service agreement was executed by the Company for the contracting of certain administrative

services from Educate. Also, a sub-lease agreement was executed with Educate for certain space in the Company's headquarters facility. See Contractual Obligations and Contingent Matters for further description of these agreements. The reduction in core operating segment general and administrative expenses was a direct result of this reduction in labor costs and facilities costs, partially offset by expenses incurred under the services agreements.

Ventures had no general and administrative expenses in the 2004 fiscal quarter due to the sale of its investment portfolio and the related discontinuation of its administrative costs during the second quarter of 2003. *Ventures* incurred \$0.8 million of general and administrative expenses in the 2003 fiscal quarter related to management of its investment portfolio.

Non-cash stock compensation expense decreased \$19.9 million for the 2004 fiscal quarter compared to the 2003 fiscal quarter. During the 2003 fiscal quarter, the company recorded \$21.7 million of compensation expense resulting from the exchange of employee stock options of a subsidiary for stock options to acquire Laureate common stock. During the 2004 fiscal quarter, certain current and former employees were inadvertently permitted to exercise stock options on a net share basis, whereby shares equal in value to the option strike price and the employee's minimum tax withholding obligation were withheld by the Company (also known as a cashless exercise). Under Accounting Principles Board Opinion No. 25, *Accounting for Stock Issued to Employees*, the use of in-the-money options to cover the strike price resulted in a new measurement date and, as a result, the Company recognized \$1.1 million of additional compensation expense in continuing operations for the difference between the exercise price and the market value of the shares on date of exercise. When the situation was discovered by management in May 2004, the Company discontinued

the use this practice and, therefore, expects no further compensation charges from the exercise of employee stock options.

Non-Operating Income/Expenses. Non-operating income/expenses changed to income of \$14.2 million for the 2004 fiscal quarter from an expense of \$2.6 million in the 2003 fiscal quarter primarily due to income recognized in connection with the early repayment in full of a \$55.0 million note receivable from Educate plus accrued interest. The note receivable was originally issued on June 30, 2003 in partial consideration for the sale of the Company's K-12 segment to Educate and was originally recorded net of a \$13.4 million discount (Educate note).

Investment and other income increased \$15.8 million to \$16.0 million from \$0.2 million in the 2003 fiscal quarter. In connection with the repayment of the Educate note, the Company recorded income of \$12.7 million due to the accelerated recognition of the remaining unamortized original issue discount. In addition, interest income increased \$0.9 million due to higher cash balances and interest earned on the Educate note prior to the repayment in the 2004 fiscal quarter.

Interest expense decreased \$1.6 million due primarily to the retirement and conversion of \$95.0 million of convertible debentures in 2003, offset by interest expense related to debt incurred in connection with the 2003 UNAB acquisition.

Income Taxes. The Company has operations in multiple countries, many of which have statutory tax rates lower than the United States. Since approximately 80% of the Company's revenues are generated outside the United States, the impact of generally lower tax rates in these foreign jurisdictions results in an effective tax rate significantly lower than the United States statutory rate as outlined in Note 7 to the consolidated financial statements.

The effective tax rate remained consistent at 18% for both the 2003 and 2004 fiscal quarters.

Comparison of results for the six months ended June 30, 2004 to results for the six months ended June 30, 2003.

Revenues. Total revenues increased by \$78.8 million, or 37%, to \$290.4 million for the six months ended June 30, 2004 (the 2004 fiscal six-month period) from \$211.6 million for the six months ended June 30, 2003 (the 2003 fiscal six-month period). This revenue increase was due to 17% organic growth in addition to acquisitions after January 1, 2003, of which the most significant was UNAB in Chile, acquired on May 30, 2003. The other acquisitions were UI in Costa Rica and Panama, AIEP in Chile, and KIT in the Netherlands.

Campus Based revenue for the 2004 fiscal six-month period increased by \$65.7 million, or 40%, to \$231.1 million compared to the 2003 fiscal six month period. This increase was primarily due to 17% organic growth in addition to higher enrollments and incremental revenues from the acquisitions of UNAB, AIEP, and UI. Enrollment increases in schools owned in both fiscal six month periods added revenues of \$28.3 million and incremental revenue from acquisitions added \$27.4 million. The effects of tuition pricing increases and course mix added revenues of \$2.2 million, or 1.4% in the 2004 fiscal six month period compared to the 2003 fiscal six month period. For the 2004 fiscal six month period, the effects of currency translations increased revenues by \$7.8 million compared to the 2003 fiscal six month period, primarily due to the strengthening of the Euro, Chilean Peso, and Swiss Franc against the U.S. Dollar, partially offset by the decline of the Mexican Peso against the U.S. Dollar. Campus Based revenue represented 80% of total revenues for the 2004 fiscal six month period and 78% for the 2003 fiscal six month period.

Online Higher Education revenue increased by \$14.0 million, or 31%, to \$59.3 million for the 2004 fiscal six month period compared to the 2003 fiscal six month period. Enrollment increases, excluding KIT, added revenues of \$3.2 million or 7%, the KIT acquisition added revenues of \$2.4 million or 5%, price increases accounted for \$2.3 million or 5%, and other factors, primarily increased revenue shared from Walden and a favorable change in degree program mix, added \$6.1 million or 14%. Online Higher Education revenue represented 20% of the total company revenues for the 2004 fiscal six month period compared to 21% for the 2003 fiscal six month period.

Direct Costs. Total direct costs of revenues from continuing operations increased \$62.6 million, or 33%, to \$250.9 million for the 2004 fiscal six-month period, from \$188.4 million for the 2003 fiscal six-month period. Direct costs as a percentage of total revenues were 86% in the 2004 fiscal

six-month period compared to 89% in the 2003 fiscal six-month period. This margin improvement reflects increased fixed cost efficiencies as a result of higher enrollments at existing schools.

Campus Based direct costs increased by \$53.1 million to \$196.8 million, or 85% of Campus Based revenue, for the 2004 fiscal six-month period, compared to \$143.7 million, or 87% of Campus Based revenue for the 2003 fiscal six-month period. The increase in expenses reflected the increased enrollments and operating activities at the higher education institutions compared to the 2003 fiscal six-month period, which increased expenses by \$21.4 million, and the effect of the aforementioned acquisitions, which increased expenses by \$25.9 million. For the 2004 fiscal six-month period, the effects of currency translations increased expenses by \$5.8 million compared to the 2003 fiscal six month period, primarily due to the strengthening of the Euro, Chilean Peso, and Swiss Franc against the U.S. Dollar, partially offset by the decline of the Mexican Peso against the U.S. Dollar. This margin improvement reflects increased fixed cost efficiencies as a result of higher enrollments at existing schools.

Online Higher Education direct costs increased by \$11.6 million to \$54.1 million, or 91% of Online Higher Education revenue, for the 2004 fiscal six-month period compared to \$42.5 million, or 94% of Online Higher Education revenue, for the 2003 fiscal six-month period. The decrease in direct costs as a percentage of revenues was the result of improved Walden margins resulting from higher enrollment volume and cost containment efforts at NTU, partially offset by Canter's accelerated recognition of marketing costs as required by the consolidation of Walden.

Other Operating Expenses. Other expenses decreased by \$22.1 million to \$13.7 million for the 2004 fiscal six month period from \$35.8 million for the 2003 fiscal six month period. The decrease in other operating expenses related primarily to the decrease of non-cash stock compensation expense.

Core operating segments general and administrative expenses decreased by \$1.0 million in the 2004 fiscal six month period to \$10.7 million from \$11.7 million in the 2003 fiscal six month period. As a result of the sale of the K-12 business, certain employees principally dedicated to servicing the K-12 segment became employed by Educate effective July 1, 2003. Contemporaneously, a service agreement was executed by the Company for the contracting of certain administrative services from Educate. Also, a sub-lease agreement was executed with Educate for certain space in the Company's headquarters facility. See Contractual Obligations and Contingent Matters for further description of these agreements. The reduction in core operating segment general and administrative expenses was a direct result of this reduction in labor costs and facilities costs, partially offset by expenses incurred under the services agreements.

Ventures had no general and administrative expenses in the 2004 fiscal six month period due to the sale of its investment portfolio and the related discontinuation of its administrative costs during the second quarter of 2003. Ventures incurred \$1.8 million of general and administrative expenses in the 2003 fiscal six month period related to management of its investment portfolio.

Non-cash stock compensation expense decreased \$19.3 million for the 2004 fiscal six month period compared to the 2003 fiscal six month period. During the 2003 fiscal six month period, the company recorded \$21.7 million of compensation expense resulting from the exchange of employee stock options of a subsidiary for stock options to acquire Laureate common stock. During the 2004 fiscal six month period, certain employees were inadvertently permitted to exercise stock options on a net share basis, whereby shares equal in value to the option strike price and the employee's minimum tax withholding obligation were withheld by the Company (also known as a cashless exercise). Under Accounting Principles Board Opinion No. 25, *Accounting for Stock Issued to Employees*, the use of in the money options to cover the strike price resulted in a new measurement date and, as a result, the Company recognized \$1.1 million of additional compensation expense for the difference between the exercise price and the market value of the shares on date of exercise. When the situation was discovered by management in May 2004, the Company discontinued the use of this practice and, therefore, expects no further compensation charges from the exercise of employee stock options.

Non-Operating Income/Expenses. Non-operating income/expenses changed to income of \$16.3 million for the 2004 fiscal six month period from an expense of \$13.1 million in the 2003 fiscal six month period. This change is attributable to income recognized in connection with the early repayment of the Educate note in the 2004 fiscal six month period and a loss on investments of \$8.4 million in the 2003 fiscal six month period.

Ventures loss on investment of \$8.4 million was primarily attributable to the write-off of the investment in ClubMom, Inc. during the 2003 fiscal six month period.

Investment and other income increased \$18.7 million to \$19.3 million from \$0.6 million in the 2003 fiscal six month period. In connection with the repayment of the Educate note, the Company recorded income of \$12.7 million due to the accelerated recognition of the remaining unamortized original issue discount. The remaining increase in investment and other income is primarily due to interest earned on the Educate note prior to the repayment.

Interest expense decreased \$2.4 million due primarily to the retirement and conversion of \$95.0 million of convertible debentures in 2003, offset by interest expense related to debt incurred in connection with the 2003 UNAB acquisition.

Equity in Net Income (Loss) of Affiliates. Equity in net income (loss) of affiliates, net of income taxes, increased \$3.9 million for the 2004 fiscal six month period compared to the 2003 fiscal six month period. This increase was primarily due to the \$6.7 million pre-tax write-down of Ventures' equity investment in Chancery Software Limited as a result of its sale to a third party for contingent consideration.

Income Taxes. The Company has operations in multiple countries, many of which have statutory tax rates lower than the United States. Since approximately 80% of the Company's revenues are generated outside the United States, the impact of generally lower tax rates in these foreign jurisdictions results in an effective tax rate significantly lower than the United States statutory rate as outlined in Note 7 to the consolidated financial statements.

The effective tax rate for the 2003 fiscal six month period was 29% as compared to 17% for the 2004 fiscal six month period. This difference in the effective rates is due to the greater proportion of expenses being incurred in higher tax jurisdictions, such as the U.S., in the 2003 fiscal six month period coupled with the continuing increase in the income from operations in the lower-tax jurisdictions.

Liquidity and Capital Resources

Cash provided by operations was \$48.2 million for the 2004 fiscal six month period, compared to \$40.4 million for the 2003 fiscal six month period. The reported net income in the 2004 fiscal six month period of \$20.4 million included significant non-cash expenses and charges, primarily depreciation and amortization of \$17.6 million, non-cash stock compensation expense of \$4.4 million, minority interest of \$8.5 million, offset by the acceleration of the original issue discount on the repayment of the Educate note of \$12.7 million. The reported 2003 fiscal six month period net income of \$14.9 million included significant non-cash expenses and charges such as depreciation and amortization of \$16.5 million, loss of Ventures investments held for sale of \$8.4 million, non-cash stock compensation expense of \$26.9 million, equity in net loss of affiliates of \$7.6 million, minority interest of \$3.8 million, offset by the net gain on disposal of discontinued operations of \$39.4 million. Cash provided by working capital activity totaled \$3.2 million in the 2004 fiscal six month period, compared to \$5.8 million in the 2003 fiscal six month period.

Edgar Filing: LAUREATE EDUCATION, INC. - Form 10-Q

Cash used in investing activities was \$23.8 million for the 2004 fiscal six month period, compared to cash provided by investing activities of \$40.6 million for the 2003 fiscal six month period. The 2004 investment activity consisted primarily of proceeds from the early repayment of a note receivable of \$55.0 million and a change in investment in and advances to affiliates and other investments of \$2.2 million. These cash inflows were offset by purchases of property and equipment of \$48.1 million, net purchases of available-for-sale securities of \$20.8 million, net cash paid for acquired businesses of \$9.7 million, and expenditures for deferred costs and other assets of \$2.4 million. The 2003 fiscal six month period investment activity was primarily the result of net cash proceeds from the K-12 disposal group of \$95.1 million and net proceeds from the sale of available-for-sale securities of \$17.1 million, offset by purchases of property and equipment of \$27.5 million, net cash paid for acquired businesses of \$39.0 million and expenditures for deferred costs and other assets of \$4.6 million.

Cash provided by financing activities was \$9.0 million in the 2004 fiscal six month period, compared to cash used in financing activities of \$1.0 million in the 2003 fiscal six month period. The 2004 financing activity related primarily to cash received from the exercise of options of \$9.0 million, cash received from minority partners of \$1.6 million, and a change in long-term liabilities of \$1.9 million. These cash inflows were partially offset by net payments of long-term debt of \$3.7 million. The 2003 fiscal six month period financing activity related primarily to cash received from the exercise of options of \$1.5 million and cash received from minority partners of \$2.3 million, more than offset by net payments of long-term debt of \$4.2 million.

The Company anticipates that cash flow from operations, available cash and existing credit facilities will be sufficient to meet its operating requirements, including expansion of its existing business, funding higher education

institution acquisitions, and payment of contingent consideration. The Company continues to examine opportunities in the educational services industry for potential synergistic acquisitions. The Company expects that existing capital resources (including credit facilities) will be sufficient to continue to acquire businesses in the educational services industry for at least the next several years. However, if the Company were to pursue a number of large acquisitions, additional debt or equity capital may be required. The Company cannot be certain that this capital would be available on attractive terms, if at all.

Contractual Obligations and Contingent Matters

The following tables reflect the Company's contractual obligations and other commercial commitments as of June 30, 2004 (amounts in thousands):

Contractual Obligations	Total	Payments Due by Period (in thousands)			
		Due in less than 1 year	Due in 1-3 years	Due in 4-5 years	Due after 5 years
Long-term debt, including current portion (1)	\$ 90,192	\$ 20,199	\$ 28,727	\$ 3,101	\$ 38,165

Total contractual cash obligations of continuing operations	\$ 348,934	\$ 54,897	\$ 119,288	\$ 38,900	\$ 135,849
Operating leases of discontinued operations	\$ 5,840	\$ 2,052	\$ 3,092	\$ 680	\$ 16

Commercial Commitments	Total Amounts Committed	Amount of Commitment Expiration Per Period (in thousands)			
		Due in less than 1 year	Due in 1-3 years	Due in 4-5 years	Due after 5 years
Lines of credit	\$	\$	\$	\$	\$
Guarantees (3)	9,519	5,049	4,470		
Standby letters of credit (4)	3,028	1,628	1,400		
Total commercial commitments of continuing operations	\$ 12,547	\$ 6,677	\$ 5,870	\$	\$
Lines of credit of discontinued operations	\$ 143	\$ 143	\$	\$	\$

(1) Effective June 30, 2003, the Company entered into an unsecured line of credit agreement of \$30.0 million, with a \$5.0 million sub-limit for standby letters of credit, which is intended for working capital purposes. The line of credit expires August 2004. There were no borrowings under the line of credit as of June 30, 2004. Individual units in Campus Based operations have unsecured lines of credit, which total \$23.1 million, primarily for working capital purposes. The outstanding balance on the Campus Based lines of credit was \$5.3 million and are included in the current portion of long-term debt balances.

(2) In connection with the sale of substantially all of the Company's K-12 segment to Educate, the Company entered into a three-year management service agreement with Educate. Under the terms of the agreement, Educate will provide certain support services, including, but not limited to, specified accounting, benefits, IT, human resources, purchasing and payroll services to Laureate. Conversely, Laureate will

Edgar Filing: LAUREATE EDUCATION, INC. - Form 10-Q

provide certain support services, primarily in the areas of tax and treasury, to Educate. The agreement is based on a fixed-fee, adjusted as appropriate based on increases to predetermined service volumes. The net fee due to Educate on an annual basis is approximately \$3.0 million.

(3) Subsequent to the divestiture of the K-12 disposal group, all leases related to Sylvan Learning Centers were renegotiated or assigned in the name of Educate during the third quarter of 2003. Leases with remaining payments of \$9.5 million through December 2008 are guaranteed by the Company. Under the terms of the Asset Purchase Agreement with Educate, the Company is indemnified against any losses suffered as a result of any lease guarantees.

(4) The Company has \$3.0 million outstanding in standby letters of credit. The Company is self-insured for health care, workers compensation, and other insurable risks up to predetermined amounts above which third party insurance applies. The Company is contingently liable to insurance carriers under certain of these policies and has provided a letter of credit in favor of the insurance carriers for approximately \$1.3 million. The Company has also issued a standby letter of credit in the amount of \$1.4 million assuring the collectibility of a \$1.2 million line of credit at AIEP, which is being used for working capital purposes. The balance of the line of credit at June 30, 2004 is \$0.6 million.

In connection with certain acquisitions, variable amounts of contingent consideration are payable to the seller based upon specified terms. All existing contingent consideration agreements are predicated upon improved operating profitability of the acquired entities, based on multiples consistent with those used to calculate the initial purchase price. The Company will record the contingent consideration when the contingencies are resolved and the additional consideration payable.

Additional amounts of contingent consideration are due the sellers of Universidad de Las Americas (UDLA) based on operating results for the three years ending December 31, 2006. No later than March 31, 2006, the Company is obligated to the sellers for an amount equal to 60% of six times (i) average earnings before interest and income taxes (EBIT) for 2004 and 2005, less (ii) 2000 EBIT; this result is reduced by (iii) 42% of certain specified debt. Assuming EBIT remains at 2003 levels for 2004 and 2005, the Company would be obligated to the sellers for approximately \$40.0 million. No later than March 31, 2007, the Company is obligated to the sellers for an amount equal to 20% of four times (i) average EBIT for 2005 and 2006; this result is reduced by (ii) 20% of certain specified debt and (iii), \$6.5 million. Assuming EBIT remains at 2003 levels for 2005 and 2006, the Company would be obligated to the sellers for approximately \$8.0 million. The Company has pledged its shares of Decon, the holding company that controls and operates UDLA, to satisfy its payment obligations to the sellers. The Company cannot dispose of, lien or encumber the shares without the prior approval of the sellers.

Effective April 1, 2008, the minority owners of UDLA have the right to require the Company to purchase their remaining 20% interest in Decon for a variable purchase price based on average EBIT for certain specified periods. Effective April 1, 2009, the Company has a call right to acquire the remaining 20% interest under a similar methodology for certain specified periods.

Effective April 1, 2009, the minority owners of UNAB and AIEP have the right to require the Company to purchase their 20% interest for a variable purchase price based on average EBIT for certain specified periods. Effective April 1, 2009, the Company has a call right to acquire this 20% interest under a similar methodology for certain specified periods.

Additional amounts of contingent consideration, not to exceed \$10.0 million, are due the sellers of KIT equal to four times the average of the audited earnings before interest, income taxes, depreciation and amortization of KIT for the calendar years ending December 31, 2006 and 2007. KIT was acquired on March 31, 2004.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURE OF MARKET RISK

Market risk is the risk of loss to future earnings, to fair values or to future cash flows that may result from the changes in the price of financial instruments. The Company is exposed to financial market risks, including changes in foreign currency exchange rates, interest rates, equity prices and investment values. The Company occasionally uses derivative financial instruments to protect against adverse currency movements related to significant foreign acquisitions. Exposure to market risks related to operating activities is managed through the Company's regular operating and financing activities.

Foreign Currency Risk

The Company derives approximately 80% of its revenues from sources outside the United States. This business is transacted through a network of international subsidiaries, generally in the local currency that is considered the functional currency of that foreign subsidiary. Expenses are also incurred in the foreign currencies to match revenues earned, which minimizes the Company's exchange rate exposure to operating margins. A hypothetical 10% adverse change in average annual foreign currency exchange rates would have decreased operating income and cash flows for the 2004 fiscal six month period by \$4.2 million. The Company generally views its investment in its foreign subsidiaries as long-term. The effects of a change in foreign currency exchange rates on the Company's net investment in foreign subsidiaries are reflected in other comprehensive income (loss) on the Company's balance sheets. A 10% depreciation in functional currencies relative to the U.S. dollar would have resulted in a decrease in the Company's net investment in foreign subsidiaries of approximately \$36.8 million at June 30, 2004.

Interest Rate Risk

The Company holds its cash and cash equivalents in high quality, short-term, fixed income securities. Consequently, the fair value of the Company's cash and cash equivalents would not be significantly impacted by either a 100 basis point increase or decrease in interest rates due to the short-term nature of the Company's portfolio. The Company's long-term revolving credit facility bears interest at variable rates, and the fair value of this instrument is not significantly affected by changes in market interest rates. A 100 basis point decrease in interest rates would have reduced net interest income for the 2004 fiscal three-month period by approximately \$0.6 million.

The table below provides information about the Company's financial instruments that are sensitive to changes in interest rates. The table presents cash flows of weighted-average interest rates and principal payments for the six months ended June 30. The fair value of the debt below approximates book value.

Total debt and due to shareholders of acquired companies:

(1) The weighted-average interest rates for the variable debt was calculated using the interest rate in effect as of June 30, 2004 for each debt instrument.

All the potential impacts noted above are based on sensitivity analyses performed on the Company's financial position at June 30, 2004. Actual results may differ materially.

ITEM 4. CONTROLS AND PROCEDURES

The Company's management, including our principal executive and principal financial officers, has evaluated the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-14 and 15d-14d of the Securities Exchange Act of 1934, as amended) as of June 30, 2004. Disclosure controls and procedures are designed to provide reasonable assurance that the information required to be disclosed in this Form 10-Q quarterly report has been appropriately recorded, processed, summarized and reported. Based on that evaluation, the Company's Chief Executive Officer and Chief Financial Officer have concluded that our disclosure controls and procedures are effective at the reasonable assurance level.

The Company's management, including the principal executive and principal financial officers, has evaluated any changes in the internal controls over financial reporting that occurred during the quarter ended June 30, 2004, and has concluded that there was no change that occurred during the quarter ended June 30, 2004 that has materially affected, or is reasonable likely to materially affect, the internal controls over financial reporting.

PART II - OTHER INFORMATION
