**Item 8.01. Other Events**

As previously disclosed, Liquidmetal Technologies, Inc. was notified by the Nasdaq Listing Qualifications Panel (the Panel), in a letter dated July 14, 2004, that the Company's common stock would be delisted from the Nasdaq National Market effective with the open of business on Friday, July 16, 2004 for failure to comply with the filing requirements of Nasdaq Marketplace Rule 4310(c)(14).

On July 26, 2004, the Company appealed the delisting with the Nasdaq Listing and Hearing Review Council (the Listing Council).

In a letter and decision dated November 18, 2004, the Listing Council notified the Company that it affirms the Panel's decision to delist the Company's securities from The Nasdaq National Market. The NASD Board of Governors may call the Listing Council's decision for further review in connection with a future NASD Board meeting; however, the Company offers no assurance that this will occur and currently considers the Listing Council's decision as the final action in the matter.

At present, the Company's common stock is listed on the Pink Sheets Electronic Quotation Service under the trading symbol LQMT. The Company is working diligently with its Independent Auditors to file its Forms 10-Q for the quarters ended March 31, June 30, and September 30, 2004 and become current in its filings with the SEC. Being current and regaining compliance may allow the Company's shares to then be eligible for trading on the OTC Bulletin Board, until such time as the Company once again meets the requirements for Nasdaq listing.
