Item 1.01 Entry into a Material Definitive Agreement

On March 16, 2005 United Therapeutics Corporation (the Company) entered into a construction management agreement with Turner Construction Company (Turner) based in Arlington, Virginia. Turner will manage the construction of the Company s new laboratory facility in Silver Spring, Maryland adjacent to the Company s headquarters (the Facility). The new Facility will support the Company s Remodulin® and OvaRex® programs.

Under the terms of the agreement, Turner will be responsible for the construction of the Facility. The agreement has a guaranteed maximum price clause in which Turner agrees that the construction cost of the facility will not exceed approximately \$27.0 million, which amount is subject to change based on agreed-upon changes to the scope of work. Turner will be responsible for covering any costs in excess of the guaranteed maximum price guarantee. If the ultimate cost of the project is less than guaranteed maximum price of \$27.0 million, then a portion of the costs savings will be shared with Turner. In addition, Turner must pay penalties to the Company if the construction is not completed by April 2006, which date is subject to change based on agreed-upon changes to the scope of work. Turner has no material relationship with the Company or any of its affiliates.

The costs of constructing this laboratory facility are being financed through the June 2004 synthetic operating lease agreement with Wachovia Development Corporation.
