PIK Payment In Kind.

- (1) Senior floating-rate interests often require prepayments from excess cash flows or permit the borrower to repay at its election. The degree to which borrowers repay, whether as a contractual requirement or at their election, cannot be predicted with accuracy. As a result, the actual remaining maturity may be substantially less than the stated maturities shown. However, it is anticipated that the senior floating-rate interests will have an expected average life of approximately two to three years. The stated interest rate represents the weighted average interest rate of all contracts within the senior loan facility. Senior Loans typically have rates of interest which are redetermined either daily, monthly, quarterly or semi-annually by reference to a base lending rate, plus a premium. These base lending rates are primarily the London-Interbank Offered Rate ( LIBOR ), and secondarily the prime rate offered by one or more major United States banks (the Prime Rate ) and the certificate of deposit ( CD ) rate or other base lending rates used by commercial lenders.
- (2) Unfunded loan commitments. The Fund may enter into certain credit agreements all or a portion of which may be unfunded. The Fund is obligated to fund these commitments at the Borrower s discretion.
- (3) Security valued at fair value using methods determined in good faith by or at the direction of the Trustees.
- (4) Defaulted security.
- (5) Adjustable rate mortgage.
- (6) All or a portion of these securities were on loan at July 31, 2005.

- (7) Security exempt from registration under Rule 144A of the Securities Act of 1933. These securities may be sold in transactions exempt from registration, normally to qualified institutional buyers. At July 31, 2005, the aggregate value of the securities is \$214,087,671 or 10.3% of the Fund's net assets.
- (8) Non-income producing security.

A summary of financial instruments at July 31, 2005 is as follows:

**Credit Default Swaps**

Notional Amount	Expiration Date	Description	Net Unrealized (Depreciation)
2,000,000 USD	3/20/2010	Agreement with Lehman Brothers Special Financing Inc. dated 5/18/05 whereby the Fund will receive 2.4% per year times the notional amount. The Fund makes a payment of the notional amount only upon a default event on the reference entity, a Revolving Credit Agreement issued by Inergy, L.P.	\$ (1,035 )

At July 31, 2005, the Fund had sufficient cash segregated to cover potential obligations arising from open swap contracts.

The cost and unrealized appreciation (depreciation) in value of the investments owned at July 31, 2005, as computed on a federal income tax basis, were as follows:

<b>Aggregate cost</b>	<b>\$ 3,072,216,177</b>
Gross unrealized appreciation	\$ 57,259,529
Gross unrealized depreciation	(29,791,272 )
<b>Net unrealized appreciation</b>	<b>\$ 27,468,257</b>

**Item 2. Controls and Procedures**

(a) It is the conclusion of the registrant's principal executive officer and principal financial officer that the effectiveness of the registrant's current disclosure controls and procedures (such disclosure controls and procedures having been evaluated within 90 days of the date of this filing) provide reasonable assurance that the information required to be disclosed by the registrant on this Form N-Q has been recorded, processed, summarized and reported within the time period specified in the Commission's rules and forms and that the information required to be disclosed by the registrant on this Form N-Q has been accumulated and communicated to the registrant's principal executive officer and principal financial officer in order to allow timely decisions regarding required disclosure.

(b) There have been no changes in the registrant's internal controls over financial reporting during the fiscal quarter for which the report is being filed that have materially affected, or are reasonably likely to materially affect the registrant's internal control over financial reporting.
