For Immediate Release

**Xyratex Ltd Announces Results for the Second Quarter Fiscal Year 2006**Q2 Revenues \$288.9 million, up 70.3% Year over Year

**Havant, UK** June 21, 2006 Xyratex Ltd (Nasdaq: XRTX), a leading provider of modular enterprise class data storage subsystems and storage process technology, today announced results for the second fiscal quarter ended May 31, 2006. Revenues for the second quarter were \$288.9 million, an increase of 70.3% compared to revenues of \$169.6 million for the same period last year.

For the second quarter, GAAP net income was \$24.6 million, or \$0.83 per diluted share, compared to GAAP net income of \$11.1 million, or \$0.38 per diluted share, in the same period last year. Non-GAAP net income increased 95.7% to \$25.5 million, or a diluted earnings per share of \$0.85, compared to non-GAAP net income of \$13.0 million, or \$0.45 per diluted share, in the same quarter a year ago. A reconciliation between net income on a GAAP basis and net income on a non-GAAP basis is provided in a table immediately following the Unaudited Condensed Consolidated Statements of Cash Flows , below.

Gross profit margin in the second quarter was 21.5%, compared to 22% in the same period last year, primarily due to factors affecting the margin of our Storage and Network Systems products, particularly RoHS (Restriction on certain Hazardous Substances) compliance, transfer of the Networking Ethernet X-Card business to Napatech, and customer and product mix.

Revenues from sales of our Storage and Network Systems products were \$153.7 million as compared to \$100.6 million in the second quarter last year, an increase of 53%. Gross profit margin in the Storage and Network Systems business was 13.3% as compared to 16% in the second quarter last year. Revenues from sales of our Storage Infrastructure products were \$135.1 million as compared to \$69.0 million in the second quarter last year, an increase of 96%. Gross profit margin in the Storage Infrastructure business was 30.9%, essentially unchanged from 30.7% in the second quarter last year.

Xyratex had an outstanding quarter with record revenue and earnings. We executed very well and were able to meet the strong demand from our customers, while continuing to invest in technologies and resources that will position us for growth going forward, said Steve Barber, CEO of Xyratex. Our priorities for the remainder of 2006 include strategic investment in new growth opportunities, improving our margin structure in our Storage and Networking Systems business and securing new customers. We feel we are well positioned to capitalize on the positive industry dynamics that are creating significant demand for our storage products.

Non-GAAP Adjustment for the three and six month periods ended May 31, 2006 also includes income from the sale of a product line. Non-GAAP Adjustment for the three and six month periods ended May 31, 2005 also includes in-process research and development expense. The Non-GAAP Adjustment for these periods also include the related tax effects.

We believe these Non-GAAP measures are useful to investors because they provide an alternative method of measuring the operating performance of our business by excluding certain expenses, gains and losses which we believe are not indicative of our core operating results.
