SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors and executive officers, among others, to file with the SEC and the NYSE an initial report of ownership of our common stock on Form 3 and reports of changes in ownership on Form 4 or Form 5. Persons subject to Section 16 are required by SEC regulations to furnish us with copies of all Section 16 forms that they file related to our stock transactions. Under SEC rules, certain forms of indirect ownership and ownership of our common stock by certain family members are covered by these reporting requirements. As a matter of practice, our administrative staff assists our directors and executive officers in preparing initial ownership reports and reporting ownership changes and typically files these reports on their behalf.

Based solely on a review of the copies of Forms 4 and 5 furnished to us, or written representations from reporting persons that all reportable transactions were reported, we believe that during 2007 all of our executive officers, directors and greater than 10% holders filed the reports required to be filed under Section 16(a) on a timely basis under Section 16(a).

ITEM 11. EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Named Executive Officers

The following Compensation Discussion and Analysis provides information regarding the compensation paid to our Chief Executive Officer, Chief Financial Officer and the other three most highly compensated executive officers in 2007. We refer to these individuals as named executive officers. Our named executive officers are Peter R. Huntsman, President and Chief Executive Officer, J. Kimo Esplin, Executive Vice President and Chief Financial Officer, Samuel D. Scruggs, Executive Vice President, General Counsel and Secretary, Anthony P. Hankins, Division President, Polyurethanes, and Paul G. Hulme, Division President, Materials and Effects.

Compensation Philosophy and Objectives

Our executive compensation programs are designed to attract, motivate and retain executives critical to our long-term success and the creation of stockholder value. Our fundamental compensation philosophy is that performance should have a significant impact on compensation and, consequently, we attempt to closely link executive officers' total compensation with the achievement of annual and long-term performance goals. Management and the Compensation Committee believe that compensation decisions are complex and require careful review of individual and Company performance and chemical and general industry compensation levels. The Compensation Committee awards compensation to our executive officers based upon overall, business division and individual performance and designs compensation so as to motivate executive officers to achieve strategic objectives and to continue to perform at the highest levels.

Based on the objectives described above, we strive to set a total compensation opportunity within range of the median of the total direct compensation paid to similarly situated executives at comparable companies against whom we compete both in the chemical industry marketplace and in the broader market for executive, key employee and outside director talent. Actual compensation may be above or below the median based on the actual performance of our Company and the individual, with the opportunity to achieve upper quartile compensation based on superior performance. This approach is intended to ensure that a significant portion of executive compensation is based on our financial and strategic performance.

Roles and Responsibilities

Each of the Compensation Committee, management and an independent compensation consultant retained by the Compensation Committee is involved in the development, review and evaluation, and approval of our executive compensation programs.

Executive Management. Our Chief Executive Officer sets our strategic direction and strives to promote compensation programs that motivate executives' behaviors consistent with strategic objectives. Our Chief Financial Officer and our General Counsel assist our Chief Executive Officer by advising on legal and financial considerations relevant to these programs. Our Chief Executive Officer is also assisted by our Vice President, Global Human Resources, who provides assistance with the design and development of compensation programs, the interpretation of data and the effects of adjustments and modifications to compensation programs. In collaboration with the Compensation Committee and the compensation consultant, management coordinates the annual review of the compensation programs for the executive officers. This includes an evaluation of individual and our overall performance, competitive practices and trends, and various compensation issues. Based on the results of this review, management makes recommendations to the Compensation Committee regarding the compensation of each of the executive officers, other than the Chief Executive Officer.

Compensation Committee. The Compensation Committee has overall responsibility for the approval of programs that are reasonable, consistent with our stated compensation philosophy and support our business goals and objectives. The Board established the Compensation Committee in February 2005 at the time of our initial public offering, and the current members of the Compensation Committee were appointed in March 2005. The Compensation Committee consists of three directors, Messrs. Wayne A. Reaud (Chairman), Nolan D. Archibald and Alvin V. Shoemaker, each of whom is independent within the meaning of the current rules of the NYSE.

The Compensation Committee has authority and responsibility for the review, evaluation and approval of the compensation structure and level for all of our executive officers. This includes the articulation of a compensation philosophy, and policies and plans covering our executive officers. The Compensation Committee also conducts an annual review and approval of the Chief Executive Officer's annual compensation, including an evaluation of his performance, corporate goals and objectives relevant to his compensation, and his compensation under various circumstances, including upon retirement or a change in control.

Edgar Filing: Huntsman CORP - Form 10-K/A

The Compensation Committee operates pursuant to a charter, which is available on the company's website at www.huntsman.com. Under its charter, the stated purposes of the Compensation Committee are:

- to review, evaluate and approve our compensation agreements, incentive-compensation and equity-based plans, policies and programs;
- to carry out its responsibilities under applicable securities laws and regulations relating to our proxy statement for our annual meeting of stockholders or other applicable report or filing;
- to otherwise discharge the Board's responsibilities relating to compensation of our officers and directors; and
- to perform such other functions as the Board may assign to the Compensation Committee from time to time.

The Compensation Committee's charter permits the Compensation Committee to form and delegate some or all of its authority to subcommittees when it deems appropriate. In particular, the Compensation Committee may delegate the approval of award grants and other responsibilities regarding the administration of compensatory programs to a subcommittee consisting solely of members of the Compensation Committee who are non-employee directors or outside directors. In the past, the Compensation Committee has not so delegated its authority.

The Compensation Committee typically meets at least four times each year to address various compensation issues and processes. Our Chief Executive Officer does not have the ability to call Compensation Committee meetings, but generally attends Compensation Committee meetings at the Compensation Committee's request to answer questions and provide input regarding the performance of our executive officers. However, the Chief Executive Officer is not present while decisions regarding his compensation are made. In addition, each Compensation Committee meeting usually includes an executive session without members of management present. The Compensation Committee met six times during 2007, and four of these meetings included an executive session. Our Chief Executive Officer attended four Compensation Committee meetings in 2007. The Compensation Committee regularly reports to the full Board regarding executive compensation matters.

Compensation Consultant. The Compensation Committee has sole authority to retain and terminate the services of a compensation consultant who reports to the Compensation Committee. The role of the compensation consultant is to advise the Compensation Committee in its oversight role, advise management in the executive compensation design process and provide independent compensation data and analysis to facilitate the annual review of the programs. The compensation consultant, who is a Principal at Towers Perrin, attends Compensation Committee meetings as requested by the Compensation Committee. During 2007, the compensation consultant attended four Compensation Committee meetings.

Services performed by the compensation consultant for the Compensation Committee during 2007 included evaluation of levels of executive compensation as compared to general market compensation data and peer companies' compensation data, preparation of tally sheets for each of

the executive officers, evaluation of proposed compensation programs or changes to existing programs and providing information on current executive compensation trends and regulations.

In order to ensure the continued independence of the compensation consultant, the entire Board is made aware of all other services performed by the compensation consultant for our Company. During 2007, these other services were comprised of U.S. and global actuarial services, health and welfare consulting and general compensation services.

In 2007, our Chief Executive Officer did not meet with the compensation consultant outside of Compensation Committee meetings, and met with the compensation consultant at such meetings only when members of the Compensation Committee were present. Our Chief Executive Officer did not retain or consult with any other compensation consultant.

Annual Review of Executive Compensation

Our management and the Compensation Committee strive to maintain an executive compensation program that is structured to provide executive officers with a total compensation package that, at expected levels of performance, is comparable to those provided to other executives holding comparable positions or having similar qualifications in other similarly situated organizations in the chemical industry and the general market. This is achieved through an annual review of the compensation of each of our Company's executive officers.

In preparation of the annual review, the compensation consultant conducted competitive compensation analyses using several sources of data. One source of data specifically utilized in evaluating compensation levels of the executive officers, and particularly the named executive officers, was proxy statements filed by our chemical industry peer companies. Additional information regarding the peer group of companies is provided below. Please see Compensation Discussion and Analysis Compensation Peer Group. We also utilized nationally recognized compensation surveys to assess the competitiveness of executive compensation. Specific survey benchmark matches were identified for each executive officer position.

The compensation consultant prepared a report to the Compensation Committee that included extensive analyses of compensation based on competitive market data gathered from peer proxy statements and published and private survey sources. In addition to this report, the compensation consultant prepared a total compensation report or tally sheet for each of the executive officers, including our Chief Executive Officer. Each tally sheet showed the total dollar value of the executive officer's annual compensation, including the executive's base salary, bonus, long-term incentives, lump sum present value of retirement benefits, company contributions for health and welfare plans, tax gross-ups and applicable perquisites. In addition, these tally sheets estimated the potential payment(s) under a variety of termination scenarios (voluntary termination, for-cause termination, without-cause termination or termination by employee with good reason, and termination due to change in control) and are utilized as a tool to provide transparency as to the impact of each compensation component. Each time the Compensation Committee reviews a component of compensation, it considers the component in light of total compensation.

The tally sheets provide the Committee with context for the decisions they make in relation to total direct compensation. Although they do not necessarily drive decision making with regard to specific components of the total compensation program, the tally sheets enable the Committee to holistically assess total direct compensation and the relationship of various components of the total compensation program to each other. The tally sheets may also influence the Committee's views on a variety of issues, such as changes to severance plans and employment agreements, special equity grants to promote retention, or changes in long-term variable equity incentives.

The Compensation Committee reviews different components of compensation at different meetings during the year. Each time a component is reviewed, our Company provides the Compensation Committee with a report that contains each executive officer's base pay and salary, equity holdings and merit history for the prior three years, and includes the Chief Executive Officer's recommendations regarding the specific compensation being considered at that meeting for those executive officers reporting directly to him. With respect to our named executive officers other than our Chief Executive Officer, this recommendation is made by our Chief Executive Officer after consultation with our Vice President, Global Human Resources. After reviewing these materials, the Compensation Committee considers each executive's performance through a review of objective results, reports from other senior management (for all executives other than our Chief Executive Officer) and, in many cases, personal observation. As part of this process, the Chief Executive Officer provides the Compensation Committee with his evaluation of the performance of each executive officer during the prior year. The Compensation Committee considers all of the information provided to them to arrive at individual compensation decisions.

In making its decisions regarding each executive officer's compensation, the Compensation Committee considers the nature and scope of all elements of the executive's total compensation package, the executive's responsibilities and his or her effectiveness in supporting our key strategic, operational and financial goals.

Compensation Peer Group

In determining the appropriate amount for each element of the total direct compensation (base salary, annual incentives and long-term incentives), the Compensation Committee considers the compensation paid for similar positions at other corporations within a peer group of companies prior to determining the executive officers' compensation. The peer group is comprised of companies against which we compete in the global chemical industry for executive, key employee and outside director talent. The selected peer companies fall within a range (both above and below us) of comparison factors such as revenue, market capitalization and net income. The peer group data supplied by the compensation consultant to the Compensation Committee is not adjusted based on any of these factors. The list of companies that comprise the peer group was developed in 2005 from prior peer groups we used, modified based on suggestions from the compensation consultant and finalized based on input from our management and the Chairman of the Compensation Committee. Some variation may take place from year to year in the composition of this group based on an analysis provided by the compensation consultant that is reviewed for appropriateness by the Compensation Committee. The current peer group is comprised of the following thirteen companies:

Edgar Filing: Huntsman CORP - Form 10-K/A

3M Company,
Air Products and Chemicals Incorporated,
Avery Dennison Corporation,
Dow Chemical Company,
E I Du Pont de Nemours and Company,
Eastman Chemical Company,
LyondellBasell Industries,
Monsanto Chemical Company,
OM Group Incorporated,
PPG Industries Incorporated,
Praxair Incorporated,
Rohm and Haas Company, and
Sherwin-Williams Company.

This competitive market data provides a frame of reference for the Compensation Committee when evaluating executive compensation, but is not the only factor considered for our executive s compensation. In addition to the peer group noted above, the Compensation Committee uses nationally recognized compensation surveys to assess the broader market competitiveness of our executive compensation. This data is generally provided by the compensation consultant and is the

product of published and private survey sources representing compensation amounts for similar positions within general industry and chemical industry companies. The Compensation Committee uses data from these broad market surveys to provide additional information against which they can compare the competitiveness of our executive compensation.

Mix of Compensation

The key elements of direct compensation for the executive officers are base salary, annual incentive compensation, special project bonuses and equity-based compensation, typically delivered through stock options and restricted stock. The Compensation Committee strives to align the relative proportion of each element of total direct compensation with the competitive market and our objectives, as well as preserve the flexibility to respond to the continually changing global environment in which we operate. Generally, as employees move to higher levels of responsibility with greater ability to influence our results, the percentage of performance-based pay will increase. The Compensation Committee's goal is also to strike the appropriate balance between annual and long-term incentives, and it may adjust the allocation of pay to best support our objectives. For 2007, the mix of these three elements for each of the named executive officers is illustrated in the following chart:

Percent of Total Direct Compensation

Officer	Base Salary	Annual Incentive Compensation	Bonus(1)	Long-Term Incentive Awards(2)
Peter R. Huntsman	19%	13%	9%	59%
J. Kimo Esplin	21%	9%	20%	50%
Samuel D. Scruggs	19%	8%	25%	49%
Anthony P. Hankins	36%	17%	0%	47%
Paul G. Hulme	31%	13%	15%	41%

(1) Represents discretionary project bonuses. For more information, please see the Summary Compensation Table.

(2) Based on the FAS 123(R) grant date fair value of restricted stock and stock options granted in 2007.

The mixture of pay elements noted above represents the belief that executive officers should have elements of their compensation tied to both short- and long-term objectives. This pay mixture is the result of our historical pay practices, management recommendations and Compensation Committee determinations.

Elements of Executive Compensation

In addition to the key elements of base salary, annual incentive compensation, special project bonuses and equity-based compensation, our executive officers also are eligible for elements of indirect compensation comprised of health and welfare benefits, retirement and savings plans and certain perquisites. The Compensation Committee considers each of the key elements and the indirect elements when evaluating the overall compensation program design.

Annual Base Salary. The Compensation Committee establishes base salaries that are sufficient to attract and retain individuals with the qualities it believes are necessary for our long-term financial success and that are competitive in the marketplace.

An executive officer's base salary generally reflects the officer's responsibilities, tenure, job performance, special circumstances such as overseas assignments, and direct competition for the executive's services. The Compensation Committee reviews the base salaries of each executive officer, including the Chief Executive Officer, on an annual basis. In addition to these annual reviews, the Compensation Committee may, at any time, review the salary of an executive who has received a significant promotion, whose responsibilities have been increased significantly or who is subject to competitive pressure. Any adjustments are based on the results of the annual review of market pay data, changes in the cost of living, job performance of the executive officer over time or the expansion of duties and responsibilities. No pre-determined weight or emphasis is placed on any one of these factors.

As part of its normal annual review cycle, at its May 2007 meeting the Compensation Committee reviewed the annual base salaries of each of our executive officers. As part of its review, the Compensation Committee considered the contributions and value to our Company of our Chief Executive Officer and the other executive officers during the prior year, including their contributions to our Company's expansion into Asia, controlling costs, achieving specific strategic goals (such as the sale of the assets of our commodity chemicals businesses), experience and level of responsibility, and highly developed individual skills critical to our Company.

The Compensation Committee also considered the compensation consultant's analysis and competitive market pay practice survey results of similar positions within our peer group, general industry and chemical industry. The Compensation Committee targeted the total direct compensation levels of the Chief Executive Officer and other named executive officers at approximately the 50th percentile of total direct compensation levels of relative executive positions within the survey groups. The report from the compensation consultant indicated that, while the Chief Executive Officer's total target cash compensation (annual base salary and incentive compensation) was within the range of the 50th percentile, his annual salary was above the 75th percentile based on competitive market data. The report also indicated that the base salaries of each of the other named executive officers (except Mr. Scruggs) was within range of the 50th percentile, but Mr. Scruggs' base salary was below the 50th percentile of base salary pay practice within our peer group and general industry.

Based on its review of executives' contributions to our Company, tally sheet information and benchmark information from market survey groups, the Compensation Committee in 2007 determined that it would be appropriate to increase the emphasis on performance by tying a greater proportion of compensation to performance-based components. To accomplish this, the Compensation Committee set the Chief Executive Officer's base salary at the same amount as it was in 2006 and limited base salary increases to market median levels for our other named executive officers, with the exception of Mr. Scruggs, whose base salary was increased to an amount commensurate with officers of similar responsibilities at companies in our peer group and in the general and chemical industries.

The following table provides the base salary for our Chief Executive Officer and the other named executive officers in fiscal years 2005, 2006 and 2007 and the percentage increase in their 2007 base salary from their 2006 base salary and their 2006 salary from their 2005 salary:

Officer	Fiscal Year Salary			Percentage Increase From	
	2005	2006	2007	2005 to 2006	2006 to 2007
Peter R. Huntsman	\$ 1,413,600	\$ 1,464,500	\$ 1,464,500	3.6%	
J. Kimo Esplin	\$ 436,800	\$ 452,600	\$ 470,700	3.6%	4.0%
Anthony P. Hankins	\$ 465,750	\$ 482,500	\$ 501,800	3.6%	4.0%
Samuel D. Scruggs	\$ 364,200	\$ 377,300	\$ 425,000	3.6%	12.6%
Paul G. Hulme	\$ 429,700	\$ 445,200	\$ 471,700	3.6%(1)	4.0%(1)

(1) Represents percentage increase for base salary in home country currency.

Annual Incentive Awards. Annual incentive compensation enables executive officers and other key employees of our Company to earn annual cash bonuses for meeting or exceeding our financial goals as well as for individual performance.

The potential payments available under the annual incentive program for the named executive officers depended on the attainment of performance goals recommended by management and approved by the Compensation Committee at the beginning of the year. In addition to these awards, the Compensation Committee approved additional annual incentive compensation amounts following a subjective evaluation of each executive officer's performance and success in areas they believed to be significant to us as a whole or to a particular business unit or function.

For the named executive officers, our annual incentive compensation program for 2007 provided for target annual incentive compensation of 100% of base salary for our Chief Executive Officer and 60% of base salary for the other named executive officers, with maximum possible annual incentive compensation set at 200% of base salary for our Chief Executive Officer and 120% of base salary for the other named executive officers. The target and maximum bonus amounts were set within the median range of those for comparable executive positions within our peer group. Payouts of individual awards were subject to both group performance and individual contributions to our success.

Edgar Filing: Huntsman CORP - Form 10-K/A

The following table summarizes the bonus targets, performance components and corresponding weightings for each of our named executive officers for 2007 bonuses.

Officer	Target Incentive Award (% of Base Salary)	Maximum Possible Incentive Award (% of Base Salary)	Performance Components	Weightings
Peter R. Huntsman	100%	200%	Corporate EBITDA	50%
			Compliance, Debt Reduction, and Committee Evaluation	50%
J. Kimo Esplin	60%	120%	Corporate EBITDA	50%
			EH&S, SOX Compliance	20%
			Personal Performance	30%
Samuel D. Scruggs	60%	120%	Corporate EBITDA	50%
			EH&S, SOX Compliance	20%
			Personal Performance	30%
Anthony P. Hankins	60%	120%	Corporate EBITDA	20%
			Divisional EBITDA	30%
			EH&S, SOX Compliance	20%
			Personal Performance	30%
Paul G. Hulme	60%	120%	Corporate EBITDA	20%
			Divisional EBITDA	30%
			EH&S, SOX Compliance	20%
			Personal Performance	30%

These performance measures were selected for use in the annual incentive portion of compensation because of their importance to the value of our operations. In particular, the Compensation Committee believes that EBITDA is an appropriate measure for the primary financial goal of aligning the interests of management with the interests of our stockholders. EBITDA is defined as net income or loss before interest, income taxes, depreciation and amortization. Because EBITDA excludes interest, income taxes, depreciation and amortization, EBITDA provides an indicator of general economic performance that is not affected by debt restructurings, fluctuations in interest rates or effective tax rates, or levels of depreciation and amortization. Accordingly, our management believes that this type of measurement is useful for comparing general operating performance from period to period. All executive officers have compliance objectives related to our compliance with rules promulgated under the Sarbanes-Oxley Act of 2002 (SOX) and/or with environmental, health and safety (EH&S) laws and regulations in addition to their individual strategic objectives.

To achieve the maximum possible incentive award, an executive must achieve the maximum on each of the discrete performance components of the incentive award. To achieve the maximum possible amount for the corporate EBITDA and the divisional EBITDA components, required that our Company achieve corporate EBITDA or the relevant divisional EBITDA, as applicable, of 120% of the corporate EBITDA budget or relevant divisional EBITDA budget. To achieve 100% of the target incentive awards for these same components, we were required to achieve 100% of the applicable budgeted amount. At achievement of 75% or less of the applicable target budget for these same components, we would not pay the executive any incentive amount for that component. We scale the incentive amounts we pay for the corporate and divisional EBITDA components for achievement of percentages of target budget of between 75% to 100% and 100% to 120% based on a linear progression between these points.

In addition, if we achieve corporate EBITDA of less than 95% of budget, the payouts for all other components are capped at their target levels. If corporate EBITDA is less than 75% of budget, then payment of incentive awards for any component is at the discretion of our Chief Executive Officer and the Compensation Committee.

Edgar Filing: Huntsman CORP - Form 10-K/A

Personal performance reflects a subjective assessment for each of the named executive officers. The Chief Executive Officer provides the Compensation Committee with recommendations for each of the other named executive officers, and the Compensation Committee conducts an assessment of the Chief Executive Officer's personal performance.

In February 2007, the Compensation Committee established threshold, target and maximum performance goals for each of the performance measures to be achieved by our Company and its divisions during 2007. For corporate EBITDA, the target was set as a percentage of our budgeted corporate EBITDA, which for 2007 was \$1.084 billion. The threshold was set at \$0.813 billion (75% of budgeted EBITDA) and the maximum payout possible was set at \$1.30 billion (120% of budgeted EBITDA). This compares with a 2006 EBITDA target of \$1.45 billion and a threshold set at \$1.087 billion (75% of budgeted EBITDA) and a maximum payout possible at \$1.624 billion (112% of budgeted EBITDA).

Edgar Filing: Huntsman CORP - Form 10-K/A

After normalizing for the divestment of our U.K. and U.S. base chemicals businesses, the corporate and divisional EBITDA targets approved by the Compensation Committee for 2007 were generally higher when compared to target levels for our 2006 annual incentive plan, thus making achievement of target and maximum levels of payout relatively more difficult to attain. To illustrate this point, none of our Corporate or Divisional EBITDA targets were met in 2007 and in no case were annual incentive compensation payments to our named executive officer participants for 2007 at or above target level.

During 2007, EBITDA achievement was approximately 84.2% of target. Annual incentive compensation for the named executive officers resulted in incentive award payments in the range of 40% to 68% of base salary. This compares to achievement in 2006 of EBITDA of approximately 91% of target and bonuses for the named executive officers in the range of 51% to 60% of base salary.

The annual incentive compensation for 2007 for the Chief Executive Officer and other named executive officers are disclosed in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table.

To implement its decision to increase the emphasis on performance, in February 2007 the Compensation Committee increased the maximum annual incentive award for which our Chief Executive Officer was eligible to 200% of his base salary, and that of the other named executive officers to 120% of their respective base salaries. The Compensation Committee also increased the difficulty of achieving the maximum payout by raising the percentage of budgeted EBITDA required to achieve the maximum annual incentive compensation from 112% to 120%.

Long-Term Compensation. We provide executives with long-term compensation through the Huntsman Corporation Stock Incentive Plan (the SIP), which was approved by our shareholders prior to our initial public offering. The SIP is intended to encourage employees, consultants and directors to acquire or increase their equity interest in our Company and to provide a means whereby they may develop a sense of proprietorship and personal involvement in our development and financial success. The SIP also encourages this group to remain with and devote their best efforts to our business, thereby advancing our interests and the interests of our stockholders. The SIP also enhances our ability to attract and retain the services of individuals who are essential for our growth and profitability.

In addition, we generally do not maintain employment agreements with executive officers (other than as described below under Employment Agreements). As a result, our Chief Executive Officer and most other executive officers do not have certain benefits upon termination of their employment typically enjoyed by executive officers at our peer companies, including automatic vesting of restricted stock, stock options and phantom stock. To maintain our ability to provide a competitive compensation package and attract and retain individuals vital to our success, the Compensation Committee believes it is appropriate to continue to grant long-term compensation awards to our executive officers.

The SIP permits the granting of a variety of stock and stock-based awards. The awards are granted according to a pre-determined schedule developed by management and the Compensation Committee and approved by the Compensation Committee during the first quarter of each year. Pursuant to this schedule, grants of equity-based awards are typically made during the first quarter. In 2007, the Compensation Committee awarded grants of restricted stock and stock options. The Committee granted these awards to retain our named executive officers, to align the interests of the named executive officers with those of our stockholders and to reward for Company and executive officer performance. In determining the types and amounts of equity-based awards to grant to each executive officer, the Compensation Committee reviewed analyses provided by the compensation consultant of the types and amounts of awards paid for similar positions at peer companies. The Compensation Committee then considered various factors, including the market value of the awards, the size of the awards made to the officer in prior years, the executive's position and responsibilities and the executive's individual performance. The Compensation Committee also looked at the amount of the award in relation to the executive's total compensation. The type of equity awards made and their characteristics, including vesting terms,

Edgar Filing: Huntsman CORP - Form 10-K/A

are consistent with marketplace practices based on information provided by the compensation consultant. The amounts of the awards made in 2007 to all named executive officers were within the range of the 50th percentile of the market, based on the information provided by the compensation consultant.

Edgar Filing: Huntsman CORP - Form 10-K/A

The awards approved for the CEO and other named executive officers in February 2007 were as follows:

Officer	Stock Options	Restricted/Phantom Stock	Total Shares(1)
Peter R. Huntsman	464,785	111,875	576,660
J. Kimo Esplin	110,663	26,637	137,300
Samuel D. Scruggs	110,663	26,637	137,300
Anthony P. Hankins	66,398	15,982	82,380
Paul G. Hulme	60,865	14,650	75,515
Total	813,374	195,781	1,009,155

(1) Additional details regarding these grants are provided in the [Grants of Plan-Based Awards](#) table below.

Project Bonuses. Project bonuses constitute an important part of our compensation philosophy by rewarding successful completion of strategic objectives. In the past, these strategic objectives have included the completion of the acquisition or sale of a business and the implementation of cost reduction plans. In 2007, we paid project bonuses to Messrs. Peter R. Huntsman, Esplin, Scruggs and Hulme for their contribution and leadership in the delivery of priorities associated with our Company's portfolio transformation. Specifically, these bonuses were related to the acquisition and integration of the textile effects business from Ciba Specialty Chemicals and the successful divestitures of our UK base chemicals business to SABIC and our U.S. base chemicals and polymers business to Flint Hills Resources. These bonuses were paid in amounts that we believed was commensurate with the efforts of the executives and the benefits to our Company.

Health and Welfare Benefits. We provide our executive officers with benefits that are intended to be a part of a competitive total compensation package that provides health and welfare and retirement programs comparable to those provided to employees and executives at other companies in the chemicals industry. Executive officers participate in our health and welfare programs on the same relative basis as our other employees.

Retirement and Savings Plans. We provide our executive officers with benefits that are intended to be a part of a competitive total compensation package that provides retirement and savings programs comparable to those provided to employees and executives at other companies in chemical industry and the general market. The benefit plan descriptions below and accompanying the tables provided in the [Summary Compensation Table](#), [Pension Benefits Table](#) and [Nonqualified Deferred Compensation Table](#) provide an explanation of the major features of our employee benefit plans. Executive officers participate in our qualified retirement and savings plans on the same relative basis as other employees.

In the U.S., we sponsor the Huntsman Defined Benefit Pension Plan (the [Huntsman Pension Plan](#)), a tax-qualified defined benefit pension plan. Effective July 1, 2004, the formula used to calculate future benefits under the Huntsman Pension Plan was changed to a cash balance formula. The benefits accrued under the plans as of June 30, 2004 were used to calculate opening cash balance accounts. Of our named executive officers, Messrs. Peter R. Huntsman, Esplin and Scruggs were participants in the Huntsman Pension Plan in 2007.

We also sponsor retirement benefit plans for employees in our operations in Belgium and the U.K. through the Huntsman Pension Fund OVV in Belgium (the Huntsman Belgium Pension Fund) and the Huntsman Pension Scheme in the U.K., respectively. In addition, we sponsor the International Pension Plan, which is a non-registered plan designed to protect the pension benefits of employees whose service involves participation in pension plans in more than one country. Of our named executive officers, Messrs. Hulme and Hankins participate in the Huntsman Pension Scheme in the U.K., and Mr. Hulme participates in both the Huntsman Belgium Pension Fund and in the International Pension Plan.

The Huntsman Supplemental Executive Retirement Plan (the Supplemental Executive Retirement Plan) is a non-qualified supplemental pension plan that provides benefits for designated executive officers based on certain compensation amounts not included in the calculation of benefits payable under the Huntsman Pension Plan. Of our named executive officers, Messrs. Peter R. Huntsman, Esplin and Scruggs were participants in the Supplemental Executive Retirement Plan in 2007. The compensation taken into account for these named executive officers under the Supplemental Executive Retirement Plan includes amounts in excess of the qualified plan limitations. The Supplemental Executive Retirement Plan benefit is calculated as the difference between (1) the benefit determined using the Huntsman Pension Plan formula with unlimited base salary plus bonus, and (2) the benefit determined using base salary plus bonus as limited by federal regulations.

We provide executive officers the opportunity to participate in four defined contribution savings plans: a salary deferral plan (the 401(k) plan); a supplemental savings plan (the Supplemental Savings Plan); a money purchase pension plan (the MPP); and a supplemental executive money purchase pension plan (the SEMPP). All of our named executive officers are participants in each of these savings plans, with the exception of Mr. Hulme.

The 401(k) Plan is a tax-qualified broad-based employee savings plan; employee contributions up to 25% of base salary and annual incentive bonuses are permitted up to dollar limits established annually by the Internal Revenue Service (the IRS). Details regarding the 401(k) Plan are provided in the discussion of Pension Benefits and related tables.

The Supplemental Savings Plan allows designated executive officers to defer up to 75% of eligible salary and up to 75% of annual incentive award bonuses. The Supplemental Savings Plan also provides benefits for participants in the form of Company matching contributions based on certain compensation amounts not included in the calculation of benefits payable under the 401(k) Plan because of limits under federal law on compensation that can be counted and amounts that can be allocated to accounts within the 401(k) Plan.

The MPP is a tax-qualified broad-based employee savings plan. Our contributions vary by service: 1/2% of compensation for 3 to 6 years of service, 3% of compensation for 7 to 9 years of service and 8% of compensation for 10+ years of service, subject to IRS limits. Employees can direct the investments for their accounts. The MPP has been closed to new participants.

The SEMPP is a non-qualified plan for senior executives that provides for benefits not allowed under the MPP due to IRS compensation and allocation limits. Employees are vested in this account upon meeting 10 years of service, upon attaining normal retirement age, death or disability, or upon termination of employment without reasonable cause. The SEMPP permits distributions following termination of employment as a lump sum, life annuity, joint & survivor annuity or monthly installments over period not more than 10 years.

Perquisites. We have provided perquisites as a means of providing additional compensation to our CEO and other named executive officers, through the availability of benefits that are convenient for the executives to use when faced with the demands of their positions. The Committee reviews our policies with respect to perquisites and considers whether, and to what extent, it may be appropriate for our CEO and the other named executive officers to reimburse our Company for perquisites, including personal use of corporate aircraft.

Foreign Assignment Policy We maintain a comprehensive expatriation program to address the range of financial implications associated with international assignments. This program provides assistance in the form of education and language support, housing allowances, transportation of personal belongings, tax equalization and international living or hardship allowances when deemed appropriate. Of our named executive officers, Messrs. Hulme and Hankins participate in the expatriation program.

Aircraft Use Policy In August 2005, the Board adopted an Aircraft Use Policy to carefully manage use of the aviation assets in a manner that best meets the goals of improving senior management's effectiveness and availability. Under this policy, the Chairman of the Board, Chief Executive Officer, any Executive Vice President and any Division President may have personal use of Company aircraft to the extent that such person pays for the costs of such use pursuant to an aircraft time-sharing agreement. Notwithstanding the foregoing, the Compensation Committee may permit the Chairman of the Board and the Chief Executive Officer to have personal use of Company aircraft without cost; except that the Compensation Committee may limit such use in any given calendar year to a specified dollar amount. For 2007, such use by the Chairman of the Board was limited to \$400,000 and such use by the Chief Executive Officer was unlimited. The Chairman's allowance was increased to its current level from \$250,000 in 2006 and was based on personal safety and travel efficiency considerations. In addition, we make gross-up payments to the Chairman of the Board and the Chief Executive Officer in amounts equal to the out-of-pocket tax obligations resulting from their personal use of Company aircraft without cost. If income is required to be imputed to any person for use of the corporate aircraft in a situation where such use has a business purpose under the Policy, we will make gross-up payments to such person in amounts equal to the out-of-pocket tax obligations resulting from such use.

Company Car We provide executive officers with leased vehicles for business use, which the executives may also use for personal transportation. Executive officers are responsible for the taxes on imputed income associated with the personal use of this Company provided transportation.

Employment Agreements. We currently have employment agreements with two of our named executive officers, Messrs. Hulme and Hankins. Generally, we do not maintain employment agreements with executive officers. The primary purpose of these employment agreements is to provide certain executive officers with details regarding repatriation to their home country following the completion of their foreign assignments.

Mr. Hulme is party to an employment agreement with our subsidiary Huntsman Advanced Materials (Europe) BVBA, which is subject to annual renewal. This agreement defines the initial elements of Mr. Hulme's compensation package, including base salary and a performance-based bonus, and provides for customary expatriation arrangements, including an international location allowance expressed as a percentage of his annual salary.

Effective November 1, 2000, Mr. Hankins entered into an agreement with our subsidiary Huntsman Polyurethanes Americas detailing the terms of his secondment from Huntsman Polyurethanes (UK) Ltd. This agreement defines the initial elements of Mr. Hankins' compensation package, including base salary and a performance-based bonus, and provides for customary expatriation arrangements, including an international location allowance expressed as a percentage of his annual salary.

Equity Ownership Policy

The Board has adopted Executive Stock Ownership Guidelines, which apply to our executive officers, including our Chief Executive Officer and the other named executive officers. The purpose of stock ownership requirements is to more closely align our key executives' interests with our shareholders through good times and bad times. The Guidelines require executive officers to achieve and maintain ownership levels of our stock equal to five times base salary for the Chief Executive Officer and two times base salary for other executive officers. Once established, an executive officer's required ownership level generally does not change as a result of changes in annual base salary or fluctuations in our common stock price. Shares that count toward satisfaction of the Guidelines include:

- shares owned outright by the executive officer or his or her immediate family members residing in the same household;
- restricted stock issued as part of an executive officer's long-term compensation whether or not vested; and
- shares acquired upon option exercise that the executive officer continues to hold.

Executive officers are required to achieve their specified ownership levels within five years. Until these levels are achieved, executive officers are required to retain at least 50% of net shares delivered through our executive compensation plans (net shares means the shares remaining after deducting shares for the payment of taxes and, in the case of stock options, after deducting shares for the exercise price of stock options). Shares acquired by an executive officer prior to the adoption of the Executive Stock Ownership Guidelines are not subject to the retention restriction. Once achieved, the specified ownership level must be maintained for as long as the executive officer is subject to the Guidelines. Exclusions for estate planning, gifts to charity, education and primary residence apply to the retention requirement. However, exclusions do not affect the requirement that executive officers achieve their specified ownership levels within the five-year period. In addition, hardship exemptions may be available in rare instances. A copy of the Executive Stock Ownership Guidelines is available on our website at www.huntsman.com.

All of the named executive officers are in compliance with the equity ownership policy. The following table provides the minimum share ownership target of each named executive officer and the percentage of the ownership guideline achieved by the officer as of the record date:

Executive Officer	Ownership Multiple	Ownership Target	% of Guideline Achieved(1)
Peter R. Huntsman	5x	\$ 7,068,000	100%
J. Kimo Esplin	2x	\$ 873,600	100%
Samuel D. Scruggs	2x	\$ 728,400	100%

Edgar Filing: Huntsman CORP - Form 10-K/A

Anthony P. Hankins	2x	\$	931,500	100%
Paul G. Hulme	2x	\$	830,544	100%

Accounting and Tax Treatments of the Elements of Compensation

We account for stock-based awards, including stock options and restricted stock awards, as provided in Financial Accounting Standards Board Statement No. 123(R) *Share Based Payment* (FAS 123(R)). Section 162(m) of the internal revenue code disallows a tax deduction by us for individual executive compensation exceeding \$1 million in any taxable year for our Chief Executive Officer and the other four highest compensated senior executive officers, other than compensation that is performance-based under a plan that is approved by our stockholders and that meets certain other technical requirements.

The financial reporting and income tax consequences to the Company of individual compensation elements are important considerations for the Compensation Committee when it is analyzing the overall level of compensation and the mix of compensation among individual elements. Overall, the Compensation Committee seeks to balance its objective of ensuring an effective compensation package for the named executive officers with the need to maximize the immediate deductibility of compensation while ensuring an appropriate (and transparent) impact on reported earnings and other closely followed financial measures.

In making its compensation decisions, the Compensation Committee has considered that Internal Revenue Code Section 162(m) limits deductions for compensation paid in excess of \$1 million. As a result, the Compensation Committee has designed much of the total compensation packages for the named executive officers to qualify for the exemption of performance-based compensation from the deductibility limit. However, the Compensation Committee does have the discretion to design and use compensation elements that may not be deductible within Section 162(m) when necessary for competitive reasons, to attract or retain a key executive, to enable us to retain flexibility in maximizing our pay for performance philosophy or where achieving maximum tax deductibility would not be in our best interest.

Post-Employment Compensation

Our named executive officers do not have employment agreements with our Company which entitle them to payments and benefits upon the termination of employment or a change-in-control. Executives at companies in the chemical industry and the general market against which we compete for executive talent commonly have employment agreements providing for these types of severance payments and benefits. Because our executives do not have the benefit of such agreements, we established the Executive Severance Plan in order to remain competitive.

Under the terms of our Executive Severance Plan, the Chief Executive Officer and the other named executive officers are entitled to payments and benefits upon the occurrence of specified events including termination of employment (with and without cause) and upon a change-in-control of our Company. The specific terms of these arrangements, as well as an estimate of the compensation that would have been payable had they been triggered as of fiscal year-end, are described in detail in the section entitled Potential Payments upon Termination or Change of Control below. We believe that the relative costs of Executive Severance Plan in light of the expected benefits that would be derived are worth the attendant costs in foreseeable merger or acquisition situations. A description of the Executive Severance Plan and other arrangements relevant to post-employment compensation follows:

Executive Severance Plan. Under the Huntsman Executive Severance Plan (the Severance Plan), if a participant's employment is terminated without reasonable cause or the participant terminates employment for good reason, we will provide the participant with severance benefits in the form of a cash payment, health care continuation and outplacement services.

The amount of the cash payment will be: (a) for a participant with a title of Senior Vice President or higher, an amount equal to two times the participant's base compensation at termination; and (b) for a participant with a title of Vice President, an amount equal to one and one-half times the participant's base compensation at termination. Health care coverage will continue for the participant and his or her covered dependents for the period of time determined by dividing the cash payment received by the participant by the participant's base compensation at termination. Outplacement services will be provided: (y) for a period of 12 months following termination, for participants with a title of Senior Vice President or higher; and (z) for a period of six months following termination, for participants with a title of Vice President.

Stock Incentive Plan. If there is a change in our control, the Compensation Committee may, in its discretion, provide for:

- assumption by the successor company of an award, or the substitution thereof for similar options, rights or awards covering the stock of the successor company;
- acceleration of the vesting of all or any portion of an award;
- changing the period of time during which vested awards may be exercised (for example, but not by way of limitation, by requiring that unexercised, vested awards terminate upon consummation of the change of control);
- payment of substantially equivalent value in exchange for the cancellation of an award; and/or
- issuance of substitute awards of substantially equivalent value.

Any such provision made by the Compensation Committee would benefit all participants in the Stock Incentive Plan, including the named executive officers.

Supplemental Savings Plan. Upon a change in control (as defined in the Supplemental Savings Plan), participants, including the named executive officers, may elect to receive the present value of the benefits payable to them under this plan.

Compensation Arrangements Relating to the Merger

On July 12, 2007, we entered into an agreement and plan of merger (the Merger Agreement) with Hexion Specialty Chemicals, Inc., pursuant to which, Hexion has agreed to acquire all of our outstanding common stock in a merger under Delaware law. Shortly after the signing of the Merger Agreement, our Compensation Committee reviewed and approved transaction and retention bonuses for our executive officers, as described below. The Compensation Committee's purpose in granting these bonuses was to protect against the risk of these officers leaving the Company in light of the pending merger and to provide incentives to effectuate the successful completion of the merger. The amounts of these bonuses were negotiated between the parties in connection with the merger agreement and in consultation with the compensation consultant as being appropriate to meet this purpose.

Upon the consummation of the merger, our named executive officers will receive transaction bonuses in the amounts shown below:

	Transaction Bonus Paid Upon Consummation	
Executive Officers:		
Peter R. Huntsman	\$	1,464,500
J. Kimo Esplin	\$	470,700
Samuel D. Scruggs	\$	425,000
Anthony P. Hankins	\$	501,800
Paul G. Hulme	\$	474,995

Our named executive officers will also be given retention bonuses as set forth below upon the earlier of the date that is 12 months following the consummation of the merger or, with respect to any such officer whose employment is involuntarily terminated prior to the payment of such bonus, the date of such officer's termination of employment.

	Retention Bonus Paid 1 Year Following Consummation	
Executive Officers:		
Peter R. Huntsman	\$	732,250
J. Kimo Esplin	\$	235,350
Samuel D. Scruggs	\$	212,500
Anthony P. Hankins	\$	250,900
Paul G. Hulme	\$	237,498

Our named executive officers will also receive tax gross-up payments to reimburse and make whole any such officer, if such officer incurs excise tax liability imposed pursuant to Section 4999 of the Internal Revenue Code of 1986, as amended, as a result of the merger, including the transaction bonuses or retention payments described above.

Our named executive officers are also impacted by certain provisions in the Merger Agreement that were negotiated by the parties. The Merger Agreement provides that all stock options to purchase shares of Huntsman common stock under any benefit plan, program or arrangement that are outstanding and unexercised at the effective time of the merger, whether or not vested or exercisable, as of the effective time of the merger, will be cancelled and converted to the right, upon delivery of an option surrender agreement, to receive an amount in cash, less applicable tax

withholding and without interest, equal to the product of (x) the number of shares of our common stock subject to each option as of the effective time of the merger multiplied by (y) the excess, if any, of the merger consideration over the exercise price per share of common stock under such option.

The Merger Agreement restricts our ability to grant increases in compensation to our named executive officers, among others, other than in the ordinary course of business consistent with past practice.

Summary Compensation Table

Edgar Filing: Huntsman CORP - Form 10-K/A

The following table presents information concerning compensation earned in the fiscal years ending 2006 and 2007, by our Chief Executive Officer, our Chief Financial Officer and our three other most highly compensated executive officers at the end of 2007. We refer to these five persons collectively as named executive officers. Our compensation policies are discussed above under the heading Compensation Discussion and Analysis.

These amounts reflect our accounting expense for these awards and do not correspond to the actual value that will be recognized by the named executive officers.

(1) This column shows the number of restricted shares of stock or phantom shares granted to the named executive officers in 2007. The restricted or phantom shares vest ratably in three equal annual installments beginning on the first anniversary of the grant date. During the restriction period, each restricted or phantom share entitles the individual to vote such share and to accrue quarterly payments by us equal to the quarterly dividend on one share of our stock.

(2) This column shows the number of securities underlying stock options granted to the named executive officers in 2007. These options vest and become exercisable ratably in three equal annual installments beginning on the first anniversary of the grant date.

(3) The exercise price of each option award granted on February 20, 2007, is \$20.66, the closing price of a share of our common stock on the grant date. Generally, the full grant date fair value of options is the amount that we would expense in our financial statements over the award's vesting schedule and has been calculated using the Black-Scholes valuation model. The valuations were based upon the following assumptions: estimated holding period of 6.6 years, stock volatility rate of 20.76%, and a 1% risk of termination forfeiture. It should be noted that this model is only one of the methods available for valuing options. The full grant date fair value of restricted stock has been calculated using a 1% risk of termination forfeiture rate. These amounts reflect our accounting expense and do not correspond to the actual value that may or will be recognized by the named executive officers.

Edgar Filing: Huntsman CORP - Form 10-K/A

assumptions are discussed in Note 18 to our consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2007. For purpose of performing these calculations, a normal retirement age of 65 was utilized.

Of our named executive officers, Messrs. Peter R. Huntsman, Esplin and Scruggs were participants in 2007 in the Huntsman Pension Plan and the Supplemental Executive Retirement Plan described above in Compensation Discussion and Analysis. The Supplemental Executive Retirement Plan provides defined benefit retirement benefits that would otherwise have been available under the Huntsman Pension Plan but for statutory limitations applicable to tax-qualified plans. Both plans express benefits as a hypothetical cash balance account established in each participant's name.

A participant's account receives two forms of credits: pay credits and interest credits. Pay credits equal a percentage of a participant's compensation and are credited to a participant's account on an annual basis. Compensation for this purpose includes both salary and bonus as described in the Summary Compensation Table. Compensation under the Huntsman Pension Plan is subject to the compensation limit applicable to tax-qualified plans (\$225,000 for 2007). The benefit that would be available under the Huntsman Pension Plan, but for this limitation, is provided under the Supplemental Executive Retirement Plan. The applicable pay credit percentage ranges between 4% and 12% depending on the participant's combined age and years of service as of the start of each plan year. The pay credits for the Huntsman Defined Benefit Pension Plan are \$20,250 for Mr. Peter R. Huntsman and \$18,000 for Messrs. Esplin and Scruggs. The pay credits for the Supplemental Executive Retirement Plan are \$258,075, \$75,182 and \$76,734 for Messrs. Peter R. Huntsman, Esplin and Scruggs, respectively.

Interest credits for a plan year are based on the 30-year U.S. Treasury yield for November of the prior year. The minimum annual interest credit rate is 5.0%. In addition, plan participants who met certain age and service requirements on July 1, 2004 are entitled to receive transition credits. Transition credits are payable for up to five years and equal a percentage of a participant's compensation. The applicable transition credit percentage is from 1% to 8% depending on the participant's combined age and years of service as of July 1, 2004. The transition credits for the Huntsman Defined Benefit Pension Plan are \$11,250, \$4,500 and \$6,750 for Messrs. Peter R. Huntsman, Esplin and Scruggs, respectively. The transition credits for the Supplemental Executive Retirement Plan are \$143,375, \$18,796 and \$28,775 for Messrs. Peter R. Huntsman, Esplin and Scruggs, respectively. The annual benefit payable under the Huntsman Pension Plan may be limited pursuant to certain statutory limits imposed on tax-qualified plans. The Supplemental Executive Retirement Plan provides participants with the benefit in excess of those limitations.

Pursuant to the terms of the Huntsman Pension Plan, at termination of employment after having completed at least five years of service, a participant will receive the amount then credited to the participant's cash balance account in an actuarially equivalent joint and survivor annuity (if married) or single life annuity (if not married). Participants may also choose from other optional forms of benefit, including a lump-sum payment in the amount of the cash balance account. The Huntsman Pension Plan also includes a minimum benefit that guarantees that a participant's benefit will not be less than the benefit accrued under the prior formula at transition (July 1, 2004) plus the benefit attributable to pay credits, with interest credits, beginning July 1, 2004. Under the prior plan provisions, the monthly basic benefit equaled one-twelfth of 1.4% of average earnings multiplied by pension service prior to January 1, 2000, plus 1.5% of average earnings multiplied by pension service after January 1, 2000, less 50% of the Social Security benefit prorated by pension service, payable as a life annuity to the participant. The prior Supplemental Executive Retirement Plan mirrored the benefit from the Huntsman Defined Benefit Pension Plan. Early retirement reductions apply if retirement occurs before normal retirement age (defined as age 65 with 5 years of service) and on or after the earlier of 1) both attaining age 50 and age plus vesting service equal to 80 or more, or 2) age 55 with 10 years of vesting service.

Vested benefits under the Supplemental Executive Retirement Plan are paid 30 days following a participant's separation from service, unless the participant is a specified employee for purposes of section 409A of the Internal Revenue Code (Section 409A) in which case payment will be delayed for six months. Vested benefits are paid in a single cash lump sum unless the participant elects: (1) a life annuity, (2) a life annuity with payments guaranteed for 120 months, or (3) a joint and survivor annuity providing survivor benefits equal to 50 or 100 percent (as elected by the participant) of the annuity payable to the participant. Benefits are unvested until the earlier to occur of: (1) completion of ten years of service, (2) termination on account of death, Disability, on or after attainment of Normal Retirement Age, or (3) termination without Reasonable Cause. Each named executive officer is fully vested in his benefit under the Supplemental Executive Retirement Plan.

Edgar Filing: Huntsman CORP - Form 10-K/A

Disability under the Huntsman Defined Benefit Pension Plan provides that for a disabled participant, service and benefit accruals continue for 24 months. After 24 months, disabled participants are deemed to be terminated participants. Disability is defined as total and permanent disability, as determined by the administrator of the company's long-term disability plan.

Normal Retirement Age is retirement eligibility upon age 65 with 5 years of service under the Huntsman Defined Benefit Pension Plan and Supplemental Executive Retirement Plan.

Reasonable Cause means: (1) the grossly negligent, fraudulent, dishonest or willful violation of any law or the material violation of any of our significant policies that materially and adversely affects us, or (2) the failure of the participant to substantially perform his duties.

Messrs. Hulme and Hankins participate in the Huntsman Pension Scheme in the U.K. The Huntsman Pension Scheme provides standard benefits equal to 2.2% (1/45th) of final pensionable compensation up to \$22,084 (£11,250), plus 1.83% of final pensionable compensation above \$22,084 (£11,250), minus 1/50th of the current State pension benefit, times actual years of service; subject to a maximum limit of 2/3rd of final pensionable compensation times actual years of service, divided by total possible service to retirement. Final pensionable compensation is gross salary received during the 12 months prior to retirement less any profit sharing payments. These benefits include U.K. social security benefits. As of December 31, 2007, Mr. Hankins had approximately 28 years of service in the U.K. and Mr. Hulme had approximately 5 years of service in the U.K. Both Mr. Hankins and Mr. Hulme are fully vested in these benefits.

Mr. Hulme participates in the International Pension Plan, which is a non-registered plan designed to protect the pension benefits of employees whose service involves participation in pension plans in more than one country. Through the International Pension Plan, Mr. Hulme at retirement can elect to receive a total pension benefit (which includes retirement benefits being provided by the Huntsman Belgium Pension Fund and the Huntsman Pension Scheme) that is the greater of (1) the benefit under the Huntsman Pension Scheme (with slight modifications if he has less than 10 years of actual U.K. service) based upon his combined service in Belgium and the U.K. and his U.K. notional salary, or (2) the benefit under the Huntsman Belgium Pension Fund based upon his combined service in Belgium and the U.K. Currently, the benefit under the IPP using the Huntsman Pension Scheme is the most beneficial for Mr. Hulme, who had 24 years of total service as of November 30, 2007.

As described above in Compensation Discussion and Analysis , we sponsor two non-qualified defined contribution plans: the Supplemental Savings Plan and the SEMPP. The Supplemental Savings Plan allows eligible executive officers to defer up to 75% of eligible salary and

up to 75% of annual incentive award bonuses. The plan also provides for matching contributions that would otherwise have been made by us to the participant's 401(k) Plan account but for the statutory limits imposed on tax-qualified retirement plans. As required by section 409A, deferrals must be elected in the calendar year preceding the year in which the compensation deferred is earned.

The Supplemental Savings Plan provides for payment of benefits to a participant upon the earlier to occur of a Change of Control or a termination of the participant's service. Benefits paid upon a Change of Control are always paid in a single lump sum payment. Benefits payable upon a separation from service can be made (at the election of the participant) in either a single lump sum payment or in substantially equal installments over a period selected by the participant that does not exceed ten years. In addition, the participant may request distribution of all or portion of the amounts credited to his account upon an Unforeseeable Emergency. Payments upon separation from service will be delayed six months in accordance with Section 409A in the event a participant is a specified employee for purposes of Section 409A.

The Supplemental Savings Plan defines a Change of Control as the occurrence of either of the following events:

- Any person becomes the owner of 35% or more of our outstanding voting stock (other than certain persons affiliated with us).
- The replacement of a majority of our Board over a two-year period except in cases where (1) such replacement is not approved by a vote of at least a majority of the incumbent Board or (2) the election or nomination of such replacement Board members is by certain of our affiliates.

In addition, any Change of Control must also constitute a change in control for purposes of Section 409A.

A participant will be deemed to have incurred an Unforeseeable Emergency if he suffers a severe financial hardship resulting from (1) an illness or accident with respect to him, his spouse or a dependent, (2) the loss of property due to casualty or (3) other similar extraordinary and unforeseeable circumstances arising as a result of events beyond the participant's control determined by us to constitute an unforeseeable emergency for purposes of Section 409A.

- As described above in Compensation Discussion and Analysis, the SEMPP provides for benefits that would not otherwise be available under our MPP due to statutory limitations imposed on tax-qualified retirement plans. The plan provides for the payment of vested benefits upon a participant's separation from service except to the extent the participant is a specified employee for purposes of Section 409A in which case benefits will be delayed six months. A participant's benefits vest on the earlier to occur of (1) completion of ten years of service, (2) termination on account of death, Disability, or on or after attainment of Normal Retirement Age, or (3) termination without Reasonable Cause. Disability, Normal Retirement Age, and Reasonable Cause have the same meanings as set forth above in our description of the Supplemental Executive Retirement Plan. Each named executive officer is currently vested in his SEMPP benefit.

Edgar Filing: Huntsman CORP - Form 10-K/A

Benefits are payable in one of the following forms elected by a participant:

- A single lump sum payment; or
- A single life annuity; or
- A joint and survivor annuity; or
- Installments over a period selected by the participant not in excess of ten years.

Participants are entitled to elect the investment of their accounts under both the Supplemental Savings Plan and the SEMPP. Although no assets may actually be invested, a participant's benefit value is based on the gains or losses of the investments they choose. No above market or preferential earnings are provided under our non-qualified defined contributions plans because the investment choices available under the plans are identical to the investment choices available in the 401(k) Plan (in the case of the Supplemental Savings Plan) or the MPP (in the case of the SEMPP). Consequently none of the earnings reported in this table are included in the Summary Compensation Table. Participants may change their investment options at any time by submitting a change form to the plan administrator.

The table below lists the investment funds available to participants in the 401(k) Plan, the Supplemental Savings Plan, the MPP and the SEMPP. The table also provides the rate of return for each fund for 2007. All funds and rates of return are the same for all four defined contribution plans.

Potential Payments upon Termination or Change of Control

Edgar Filing: Huntsman CORP - Form 10-K/A

As described above in Compensation Discussion and Analysis, our named executive officers are entitled to potential severance benefits under our Executive Severance Plan. In addition, equity awards granted under our Stock Incentive Plan provide for accelerated vesting upon a Change of Control as defined in the Stock Incentive Plan at the discretion of our Compensation Committee.

The tables below quantify the benefits available under these arrangements (assuming that the vesting of outstanding equity awards held by our named executive officers is accelerated by our Compensation Committee). Each of our named executive officers will be entitled to a single lump sum severance payment in an amount equal to 24 or 33 times his base monthly compensation in the event of a termination without Reasonable Cause or upon a termination by the executive for Good Reason. Severance will be paid within 60 days following the employee's separation from service. Each of our named executive officers will also be entitled to, at our cost, outplacement services for a period 12 months and, for named executive officers based in the U.S., two years of healthcare continuation.

The Executive Severance Plan utilizes the same definition of Reasonable Cause as set forth above with respect to our Supplemental Executive Retirement Plan. A termination for Good Reason will be deemed to occur upon voluntary termination of employment as a result of the significant detrimental reduction or change to the executive's job responsibilities or in his current base compensation, or change in the executive's principal place of work by more than fifty miles from his or her principal place of work in effect immediately prior to such change, which is not remedied by the Company within thirty days of written notice by the executive of the reduction or change.

A Change of Control under the Stock Incentive Plan means the occurrence of any of the following:

- An acquisition of 50% or more of a combined voting power of our outstanding voting securities.
- The consummation of a transaction in which our stockholders do not, immediately thereafter, own 50% or more of the resulting entity in substantially the same portion as their stock ownership prior to the transaction.
- The sale or disposition of all or substantially all of our assets.
- A majority change in the incumbent directors of our Board.
- An approval by our Board or our stockholders of a complete or substantially complete liquidation or dissolution.

The tables below reflect the compensation payable to or on behalf of each named executive officer upon retirement, disability, death, an involuntary termination without cause or a change of control. The amounts shown assume that such termination or change of control was effective as of December 31, 2007, and thus includes amounts earned through such time. The actual amounts we will be required to disburse can only be determined at the time of the applicable circumstance. Amounts payable under the Supplemental Savings and supplemental money purchase pension plan are described in the Nonqualified Deferred Compensation table above.

Outplacement Services(5)	\$ 0	\$ 0	\$ 0	\$ 9,000	\$ 0

(1) This amount is equal to twice Mr. Huntsman's annual salary. This amount is not payable if his employment is terminated for cause.

(2) Any acceleration of vesting of an equity-based award requires the approval of the Compensation Committee. Based on the fair market value per share of our common stock on December 31, 2007, which was \$25.70, an acceleration of Mr. Huntsman's unvested shares of restricted stock would have an estimated value of \$5,937,317, and an acceleration of Mr. Huntsman's unvested options would have an estimated value of \$4,050,645.

(3) These benefits are payable as a lump sum cash payment, although other forms of payment distribution are available at the participant's election. The balance of this account as of December 31, 2007 is larger than the value in the Pension Benefits table due to the present value assumption utilized in calculating the value in that table.

(4) Calculated by multiplying 150% of the employer and employee premiums payable with respect to healthcare continuation pursuant to the coverage elected by the executive as of December 31, 2007 by 24. We assumed a monthly premium 50% larger than current premiums to reflect annual increases in premium costs in order to ensure that the amounts reported above include the total amount for which we are potentially responsible to provide such coverage. If Mr. Huntsman's employment is terminated for cause, we are not required to provide the subsidy noted.

(5) We contract with a 3rd party provider for 12 months of outplacement services. To the extent Mr. Huntsman might utilize these services, we expect the company cost would be \$9,000.

Director Compensation for Fiscal 2007

Edgar Filing: Huntsman CORP - Form 10-K/A

Peter R. Huntsman and Jon M. Huntsman receive no additional compensation for serving on the Board. Annual compensation for non-employee directors is comprised of cash and stock-based equity compensation. Cash compensation consists of an annual retainer, supplemental retainers for the chairs of Board committees, and meeting fees. Each of these components is described in more detail below. The total 2007 compensation of our non-employee directors is shown in the following table:

(1) This column includes the amount earned for retainers, meeting fees and participation on the Huntsman Transaction Committee. Each independent director received \$260,000 for their participation on the Transaction Committee. Mr. Shoemaker received \$500,000 for serving as the Chairman of the Transaction Committee.

(2) This column represents the dollar amount recognized for financial statement reporting purposes with respect to the 2007 fiscal year for the fair value of 6,393 shares of restricted stock granted in 2007 and 3,887 shares of restricted stock granted in 2006 to each independent director, in accordance with SFAS 123R. The restricted shares vest ratably in three equal annual installments beginning on the first anniversary of the grant date. For purposes of the restricted stock-based awards, fair value is calculated using the closing price of our stock on the date of grant. For additional information, refer to the notes of our financial statements in the Form 10-K for the years ended December 31, 2007 and 2006, as filed with the SEC. These amounts reflect our accounting expense for these awards, and do not correspond to the actual value that may or will be recognized by the directors. As of December 31, 2007, the aggregate number of stock awards outstanding for each independent director was: 8,984 for Mrs. Evans, Mr. Lichtenberger and Mr. Shoemaker who elected to receive their stock awards in restricted stock; and 10,280 for Messrs. Archibald, Michaelson and Reaud who elected to receive their stock awards in restricted stock units.

(3) This column represents the dollar amount recognized for financial statement reporting purposes with respect to the 2007 fiscal year for the fair value of 50,000 stock options previously granted to each independent director in 2005 at an exercise price per share of \$19.25. The stock options vest ratably in three equal annual installments beginning on the first anniversary of the grant date. For purposes of the stock options, the fair value was estimated using the Black-Scholes valuation model in accordance with SFAS 123R. As of December 31, 2007, the aggregate number of nonqualified option awards outstanding for each independent director was 16,667.

(4) The amount reflected for each independent director includes \$3,594 dividend earnings accrual on restricted stock-based awards.

(5) Mr. Jon M. Huntsman retired from his position as Chief Executive Officer on December 1, 2001. Through May 2002, we paid the premiums on various life insurance policies for Mr. Huntsman. These policies have been liquidated, and the cash values have been paid to Mr. Huntsman. Mr. Huntsman is indebted to us in the amount of approximately \$1.4 million, which represents the insurance premiums paid on his behalf through May 2002. The amount paid to Mr. Huntsman consists of \$950,000 for consulting fees, \$400,000 for personal company aircraft use and \$177,539 for related tax gross-ups, \$6,432 for personal company car use, and \$9,300 in accumulated per diem amounts.

- (6) Messrs. Matlin and Pechock resigned from the Board in August 2007.

The Board believes that compensation for independent directors should be competitive and should fairly compensate directors for the time and skills devoted to serving us but should not be so great as to compromise independence. With the assistance of outside Compensation Consultants, the Compensation Committee periodically reviews our director compensation practices and compares them against the practices of a selected peer group of companies as well as against the practices of public company boards generally.

Effective January 1, 2007, our Board approved a new compensation structure for our independent directors. During 2007, independent directors received an annual cash retainer of \$120,000 (paid in quarterly installments) and an annual restricted stock-based award with a value of \$120,000 on the grant date. The annual restricted stock-based awards vest in three equal annual installments beginning on the first anniversary of the grant date. Each member of the Audit Committee received an additional annual cash retainer of \$20,000, and each member of the Compensation and the Governance committees received an additional annual cash retainer of \$10,000. The chairperson of the Audit Committee received an annual cash retainer of \$25,000, and the chairpersons of the Compensation and the Governance committees each received annual cash retainers of \$10,000, in each case in addition to the retainers received for being members of these committees.

In connection with the new compensation structure, we adopted the Huntsman Outside Directors Elective Deferral Plan. This is an unfunded nonqualified plan established primarily for the purpose of providing our independent directors with the ability to defer the receipt of director fees. Benefits under the plan are payable in cash in a lump sum or in installments beginning 30 days after the director ceases to be a member of our Board.

Directors who are not independent do not receive annual fees. All of our directors are reimbursed for reasonable out-of-pocket expenses incurred in attending meetings of our Board or its committees and for other reasonable expenses related to the performance of their duties as directors. In the case of Jon M. Huntsman, this includes a per diem amount of \$100 for each day that he travels on Company business.

The Board believes that our total director compensation package is competitive with the compensation offered by other companies and is fair and appropriate in light of the responsibilities and obligations of our independent directors.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Aircraft Sublease and Time-Sharing Agreements

Pursuant to an agreement entered into in 2001, our subsidiary Airstar Corporation (Airstar) subleases a Gulfstream IV-SP Aircraft (the Aircraft) from Jstar Corporation (Jstar), a corporation wholly owned by Jon M. Huntsman. Monthly sublease payments from Airstar to Jstar are in the approximate amount of \$195,000. These monthly sublease payments are used to fund financing costs paid by Jstar to a leasing company. An unrelated third party pays \$2 million per year to our subsidiary for such third-party s part-time use of the Aircraft (or an alternate owned by us if the Aircraft is unavailable), subject to an annual adjustment, which we believe to be at least fair market value for the number of flight hours used by such third party. We bear all other costs of operating the Aircraft. In accordance with our Aircraft Use Policy, we have entered into aircraft time-sharing agreements with certain members of the Huntsman family, pursuant to which these persons pay for the costs of their personal use of the Aircraft.

Consulting Agreement with Jon M. Huntsman

We entered into an agreement with Jon M. Huntsman on June 3, 2003, pursuant to which Mr. Huntsman provides consulting services to us at our request. Mr. Huntsman, who is the Chairman of the Board of our Company but is not our employee, provides advice and other business consulting services at our request regarding our products, customers, commercial and development strategies, financial affairs, and administrative matters based upon his experience and knowledge of our business, the industry, and the markets within which we compete. Mr. Huntsman s services are utilized both with respect to the conduct of our business in the ordinary course and with respect to strategic development and specific projects. Under the terms of the agreement, which renews automatically for successive one-year terms and which may be terminated by either party at any time, Mr. Huntsman receives \$950,000 annually in exchange for his services. For information regarding other compensation arrangements between Mr. Huntsman and us, please see Compensation Discussion and Analysis Aircraft Use Policy, and the Director Compensation Table above.

Salt Lake City Office Building

We have agreed with the Jon and Karen Huntsman Foundation, a private charitable foundation established by Jon M. and Karen H. Huntsman to further the charitable interests of the Huntsman family, that we will donate our Salt Lake City office building and our option to acquire an adjacent undeveloped parcel of land to the foundation free of debt. We have agreed to complete this donation on the earlier of November 30, 2009 or the date on which we occupy less than 20% of the two main floors of the Salt Lake City office building. Under certain circumstances, after we make this donation we will have the right, but not the obligation, to lease space in the Salt Lake City office building from the foundation. As of December 31, 2007, our Salt Lake City office building had a net book value of approximately \$9.96 million.

Other Transactions with the Huntsman Family

- (3) Consists of \$1,779 for personal company car use, \$14,103 for health and welfare, and \$6,693 dividend earnings accrued on restricted stock awards.

RBF Port Neches LLC

In February 2007, our Audit Committee authorized us to enter into several related agreements with RBF Port Neches LLC, a newly-formed company organized to develop and manufacture biodiesel. We believe that an affiliate of MatlinPatterson contributed approximately \$20 million to RBF in exchange for approximately 60% of its equity interests.

We have agreed to lease to RBF two parcels of land of approximately 12.8 acres and 17 acres, in each case located adjacent to our Port Neches, Texas facilities for an initial term of 15 years, and continuing year to year thereafter unless terminated by either party upon three years' prior notice. RBF is currently constructing on the leased parcels a biodiesel facility capable of manufacturing approximately 180 million gallons of biodiesel annually. The leases will require annual lease payments of approximately \$65,000 for the 12.8 acre parcel and \$85,000 for the 17 acre parcel. RBF will own and be responsible for the design and construction of the biodiesel facility. We will own all ancillary facilities necessary to deliver utilities and raw materials to the biodiesel facility.

Once the facility is operational, currently expected to be in August 2008, we will provide the manufacturing and operating services RBF requires, except that it will maintain responsibility for its order processing and product transportation. We have agreed to provide all utilities to the facility, including steam and condensate, electricity, wastewater disposal, water, air and nitrogen, and have agreed to manufacture biodiesel at the facility, on a cost-plus basis. We have agreed to supply methanol and caustic soda to the facility to the extent we continue to use and have available these raw materials at our adjacent plant. RBF will be responsible for procuring and supplying all other raw materials required. In addition, RBF granted us an exclusive option (expiring on August 6, 2008), and thereafter a continuing right of first refusal (except under certain circumstances), to purchase all of the glycerin produced as a by-product at the facility.

Registration Rights Agreements

In connection with a reorganization transaction we consummated upon the completion of our initial public offering, we entered into a registration rights agreement with Huntsman Family Holdings and MatlinPatterson pursuant to which they have demand and piggyback registration rights for the shares of our common stock controlled by them. The agreement also provides that we will pay the costs and expenses, other than underwriting discounts and commissions, related to the registration and sale of shares of our common stock that are registered pursuant to the agreement. The agreement contains customary registration procedures and indemnification and contribution provisions for the benefit of Huntsman Family Holdings, MatlinPatterson and us. In addition, all of our stockholders who received shares of our common stock in the Reorganization Transaction, including certain of our directors, executive officers and other key officers, have the right to include their shares in certain registrations. Our Chairman, Jon M. Huntsman, and our Chief Executive Officer and director, Peter R. Huntsman, are affiliates of Huntsman Family Holdings, and our directors David J. Matlin and Christopher R. Pechock are affiliates of MatlinPatterson. In addition, our executive officers J. Kimo Esplin, L. Russell Healy and Samuel D. Scruggs, are parties to the registration rights agreement. David S. Parkin, who is a son-in-law of Jon M. Huntsman and a brother-in-law of Peter R. Huntsman, is also a party to the registration rights agreement.

Indemnification Agreements

We entered into indemnification agreements with our directors and officers, including each of our named executive officers, in connection with the completion of our initial public offering. Pursuant to these agreements, we agree to provide customary indemnification to our officers and directors against expenses incurred by such persons in connection with their service as directors or officers (as applicable) or in connection with their service at our request as directors, officers, trustees, employees or agents of other entities.

Board Independence

It is important to our Company for investors to have confidence that the individuals serving as independent directors on our Board do not have a relationship with us that would impair their independence. Under the NYSE corporate governance rules, our Board must have a majority of independent directors. For a director to qualify as independent, our Board must affirmatively determine that the director has no material relationship with our Company,

either directly or as a partner, shareholder or officer of an organization that has a relationship with our Company. To assist it in making independence determinations, our Board has adopted independence definitions and standards which can be found on our website at www.huntsman.com. Under these standards, a director is not independent if:

- The director is, or has been within the last three years, an employee of our Company or an employee of any of our subsidiaries, or an immediate family member is, or has been within the last three years, an executive officer of our Company.

- The director has received, or has an immediate family member who has received, during any twelve-month period within the last three years, more than \$100,000 in direct compensation from us (other than director and committee fees and pension or other forms of deferred compensation for prior service, which compensation is not contingent upon continued service). Compensation received by an immediate family member for service as an employee (other than an executive officer) of ours is not considered for purposes of this standard.

- (i) The director or an immediate family member is a current partner of a firm that is our internal or external auditor; (ii) the director is a current employee of such a firm; (iii) the director has an immediate family member who is a current employee of such a firm and who participates in the firm's audit, assurance or tax compliance (but not tax planning) practice; or (iv) the director or an immediate family member was within the last three years (but is no longer) a partner or employee of such a firm and personally worked on our audit within that time.

- The director or an immediate family member is, or has been within the last three years, employed as an executive officer of another company where any of our present executive officers at the same time serves or served on that company's compensation committee.

- The director is a current employee, or an immediate family member is a current executive officer, of a company that has made payments to, or received payments from, us for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million or 2% of such other company's consolidated gross revenues.

- The director is an executive officer of any charitable or non-profit organization to which we have made, within the preceding three years, contributions in any single fiscal year that exceeded the greater of \$1 million, or 2% of such charitable or non-profit organization's consolidated gross revenues.

On the basis of these standards, our Board has determined that Ms. Evans and Messrs. Archibald, Lichtenberger, Michaelson, Reaud and Shoemaker, who constitute a majority of our ten directors, are independent. The six independent directors comprise in full the membership of each standing Board committee on which they serve. In making this determination, the Board considered that Mr. Reaud is a former partner of

Edgar Filing: Huntsman CORP - Form 10-K/A

Reaud, Morgan & Quinn, a law firm to which we pay an annual retainer of \$200,000 for legal services.

ITEM 14. PRINCIPAL ACCOUNTANT FEES AND SERVICES**Fees Billed by Deloitte & Touche**

Audit Committee Pre-Approval Policies and Procedures

The Audit Committee has, by resolution, adopted policies and procedures regarding the pre-approval of the performance by Deloitte & Touche of certain audit and non-audit services. Deloitte & Touche may not perform any service enumerated in Section 201(a) of the Sarbanes-Oxley Act of 2002, except as may otherwise be provided by law or regulation. Deloitte & Touche may not perform any service unless the approval of the Audit Committee is obtained prior to the performance of the services, except as may otherwise be provided by law or regulation. The Audit Committee has pre-approved, by category, the performance by Deloitte & Touche of certain audit and accounting services, certain tax services, and, provided that fees do not exceed \$250,000 per individual project, certain other tax services and audit-related services. The Audit Committee

Edgar Filing: Huntsman CORP - Form 10-K/A

has delegated to the committee chairperson the power to pre-approve services beyond those previously described, provided that no services may be approved that are prohibited pursuant to Section 201(a) of the Sarbanes-Oxley Act of 2002 or that appear reasonably likely to compromise the independence of Deloitte & Touche. Any pre-approval granted by the chairperson is reviewed by the Audit Committee at its next regularly scheduled meeting. In addition, the Audit Committee receives an annual report detailing the prior year's expenditures consistent with the SEC's accountant fee disclosure requirements.
