## Edgar Filing: HIRERIGHT INC - Form DEFA14A

June 9, 2008

Dear HireRight Partner,

This afternoon we announced exciting news – a definitive agreement to merge HireRight and the commercial services business unit of USIS. Our combination will position us as one of the largest and most capable background screening solutions providers in the world. Our intention with this merger is not just to be one of the biggest screening providers in the industry, but the best. This merger will enhance our ability to deliver our customers distinct advantages, including a state-of-the-art solutions platform, robust technical and operational capabilities, an extensive services portfolio, deep industry subject matter expertise, and financial strength. Our combined organization will continue to provide our customers with innovative, on-demand screening applications built with state-of-the-art technologies providing outstanding user experience and quality, the fastest turn-around times, and extensive process and workflow automation.

Our focus on partnerships will continue to be an important part of our strategy. This merger will benefit our partners by broadening our service offerings and our industry coverage, and deepening our level of subject matter expertise, allowing us to better serve the diverse needs of the customers of our partners. By combining the HireRight culture of customer focus and innovation, the strength and integrity of our team and the quality and depth of our technology-based solutions, with the deep vertical expertise in the transportation and retail sectors, unique data sources and services, and security expertise of USIS, the combined company will be uniquely positioned to meet the needs of our current and future customers. In addition, with significantly increased scale, we will have greater resources to stay at the forefront of industry innovation. The merger will also provide our partners with exposure to a broader customer base.

I want to reassure you that through this transition and beyond, we will continue to provide you and your customers with the same high levels of responsiveness and attention you have become accustomed to. In addition, we will continue to support and evolve the HireRight technology platform and our partner integrations.

I joined HireRight in 1999 when the company had just a handful of customers. Although we were not one of the largest providers at the time, what we did have was a unique vision for the future of the industry and the power that technology could have in transforming the way employers conducted employment screening. In the years since, HireRight has grown considerably while our vision has remained unchanged. Our merger with USIS will allow us to even more aggressively pursue this vision, resulting in substantial benefits to our customers and partners in the years ahead.

I expect that you may have a variety of questions about this announcement. As such, we've created a web site available through HireRight.com where we'll provide the most up-to-date information available. This site can be found at: <http://www.hireright.com/merger>. In addition, your usual partner contacts will be reaching out to you shortly, and feel free to contact them with any questions you have now or in the future.

We look forward to continuing our strong relationship with you in the exciting times ahead!

Sincerely,

Eric Boden

Chairman and CEO

## **About USIS**

USIS is a leading provider of security screenings, background investigations, employment and drug screening services, automotive insurance underwriting services, and national security solutions to government and corporate clients. Headquartered in Falls Church, Va., the company has more than 7,000 employees that support business operations in all 50 states, U.S. territories, and overseas. USIS was formed in July 1996 following a White House initiative that led to the establishment of US Investigations Services, Inc. (USIS) as the first privatization of a government program into the private sector. Today, the company is owned by Providence Equity Partners, the largest global private equity firm dedicated to investing in the media, information services and communications industries.

USIS three businesses include the Investigative Services Division, the largest supplier of background investigations to the federal government and a provider of screening services to law enforcement agencies and first responder organizations; the Commercial Services Division, one of the nation's largest employment and drug screening companies that serves the needs of more than 33,000 businesses across the U.S.; and the National Security Division, a global provider of specialized national security solutions that support the mission critical needs of a wide-range of federal programs.

## **About HireRight**

HireRight is a leading provider of on-demand employment background and drug screening solutions that help employers efficiently implement, manage and control screening programs. Many companies, including more than 65 of the Fortune 500, trust HireRight because the company delivers customer-focused solutions that provide greater efficiency and faster results. HireRight also provides pre-integrated employment screening services through enterprise e-recruiting solutions from top providers such as Oracle/PeopleSoft, Taleo, Vurv, ADP/VirtualEdge and PeopleAdmin. HireRight's worldwide headquarters are located in Irvine, Calif., with offices and affiliates around the globe.
