9%⁹/₄ Senior Notes due 2015

10³/₈ Senior Subordinated Notes due 2015

The Senior Notes

The 9%⁹/₄ Senior Notes due 2015 (the "senior notes") will mature on October 15, 2015. We will pay interest on the senior notes on each January 15, April 15, July 15 and October 15, commencing on January 15, 2006. For any interest period through October 15, 2010, we may elect to pay interest on the senior notes in cash or by increasing the principal amount of the senior notes. Interest payable in cash will accrue at a rate of 9% per annum, and interest payable by increasing the principal amount of the senior notes will accrue at a rate of 9³/₄% per annum. After October 15, 2010, we must pay all interest payments on the senior notes in cash. The senior notes will be treated as having been issued with original issue discount for U.S. federal income tax purposes. The senior notes will be our unsecured, senior obligations and will rank equally in right of payment with all of our existing and future senior indebtedness, senior to all of our existing and future subordinated indebtedness, including the senior subordinated notes, and effectively junior to all of our existing and future secured indebtedness, including our senior secured credit facilities and our 7.125% senior debentures due 2028 (the "2028 debentures").

The Senior Subordinated Notes

The 10³/₈ Senior Subordinated Notes due 2015 (the "senior subordinated notes" and together with the senior notes, the "notes") will mature on October 15, 2015. We will pay interest on the senior subordinated notes on each April 15 and October 15, commencing on April 15, 2006. The senior subordinated notes will be our unsecured, senior subordinated obligations and will rank junior in right of payment to all of our existing and future senior indebtedness, including our senior secured credit facilities, our 2028 debentures and the senior notes.

Neiman Marcus, Inc., our parent company, and each of our wholly-owned domestic subsidiaries that has guaranteed our senior secured credit facilities, unconditionally guarantees the senior notes with guarantees that will rank equal in right of payment to all of the senior indebtedness of such guarantor, and unconditionally guarantees the senior subordinated notes with guarantees that will be subordinated in right of payment to all existing and future senior indebtedness of such guarantor.

Prior to October 15, 2010, we may redeem some or all of the notes at a redemption price equal to the make whole amount for notes of the relevant series set forth in this prospectus. On or after October 15, 2010, we may redeem some or all of the notes at the redemption prices for notes of the relevant series set forth in this prospectus. Prior to October 15, 2008, we may redeem up to 35% of each series of the notes from the net cash proceeds of certain equity offerings at the applicable redemption price set forth in this prospectus.

Senior Subordinated Notes

The senior subordinated notes will mature on October 15, 2015.

Table of Contents

- entirely in cash (cash interest) or
- entirely by increasing the principal amount of the senior notes (PIK interest).

Cash interest will accrue at a rate of 9% per annum, and PIK interest will accrue at a rate of 9 ³/₄ % per annum. If we elect to pay PIK interest, we will increase the principal amount of the senior notes in an amount equal to the amount of PIK interest for the applicable interest payment period (rounded up to the nearest \$1,000 in the case of global notes) to holders of senior notes on the relevant record date. The senior notes will bear interest on the increased principal amount thereof from and after the applicable interest payment date on which a payment of PIK interest is made. We must elect the form of interest payment with respect to each interest period no later than the beginning of the applicable interest period. In the absence of such an election or proper notification of such election to the trustee, interest is payable entirely in cash. After October 15, 2010, we must pay all interest payments on the senior notes entirely in cash.

Senior Subordinated Notes

In cash.

Original Issue Discount

We have the option, until October 15, 2010, to pay interest on the senior notes in cash interest or PIK interest. For U.S. federal income tax purposes, the existence of this option means that none of the interest payments on the senior notes prior to October 15, 2010 are qualified stated interest even if we never exercise the option to pay interest in the form of PIK interest. Consequently, the senior notes are treated as issued at a discount and U.S. holders are required to include original issue discount in gross income for U.S. federal income tax purposes in advance of the receipt of cash payments on such notes. For more information, see Certain U.S. Federal Income Tax Considerations.

Optional Redemption

Prior to October 15, 2008, we may redeem up to 35% of the aggregate principal amount of the senior notes with the net proceeds of specified equity offerings. Prior to October 15, 2010, we may redeem some or all of the senior notes at a price equal to 100% of the principal amount thereof, plus the Applicable Premium set forth under Description of Senior Notes. The term *Change of Control* is defined under *Description of Senior Notes Repurchase at the Option of Holders Change of Control* and *Description of Senior Subordinated Notes Repurchase at the Option of Holders Change of Control*.

Guarantees
Senior Notes

The senior notes are guaranteed, jointly and severally, on an unsecured, senior basis, by each of our wholly-owned domestic subsidiaries that guarantee our obligations under our senior secured credit facilities and by our Parent.

Senior Subordinated Notes

The senior subordinated notes are guaranteed, jointly and severally, on an unsecured, senior subordinated basis, by each of our wholly-owned domestic subsidiaries that guarantee our obligations under our senior secured credit facilities and by our Parent.

Ranking

The senior notes and the guarantees thereof are our and the guarantors' unsecured, senior obligations and rank:

- equal in the right of payment with all of our and the guarantors' existing and future senior indebtedness, including any borrowings under our senior secured credit facilities and the guarantees thereof and our 2028 debentures; and

- senior to all of our and our guarantors' existing and future subordinated indebtedness, including the senior subordinated notes and the guarantees thereof.

The senior notes also are effectively junior in priority to our and our guarantors' obligations under all secured indebtedness, including our senior secured credit facilities, our 2028 debentures, and any other secured obligations, in each case, to the extent of the value of the assets securing such obligations.

The senior subordinated notes and the guarantees thereof are our and the guarantors' unsecured, senior subordinated obligations and rank:

- junior to all of our and the guarantors' existing and future senior indebtedness, including the senior notes and any borrowings under our senior secured credit facilities, and the guarantees thereof and our 2028 debentures;

- equally with any of our and the guarantors' future senior subordinated indebtedness; and

- senior to any of our and the guarantors' future subordinated indebtedness.

In addition, all of the notes are structurally subordinated to all existing and future liabilities, including trade payables, of our subsidiaries that are not providing guarantees. See *Description of*

Subordinated Notes.

As of August 2, 2008, we had outstanding on a consolidated basis:

- \$1,751.9 million principal amount of secured senior indebtedness, consisting of
 - our 2028 debentures (in an aggregate principal amount of \$125.0 million);
 - indebtedness under our senior secured term loan facility (in an aggregate principal amount of \$1,625.0 million);

- other indebtedness aggregating \$1.9 million, consisting primarily of \$1.7 million of capital lease obligations;

- \$700.0 million principal amount of unsecured senior indebtedness, consisting of the original principal amount of the senior notes; and

- \$500.0 million principal amount of unsecured senior subordinated indebtedness, consisting of the senior subordinated notes.

Although we had no borrowings outstanding under our \$600.0 million senior secured asset-based revolving credit facility as of August 2, 2008, we had \$576.0 million of unused borrowing capacity available under the facility as of such date based on a borrowing base of over \$600.0 million and after giving effect to \$24.0 million used for letters of credit.

Furthermore, as of August 2, 2008, our subsidiaries that will not be providing guarantees of the notes had an aggregate amount of approximately \$0.2 million of total liabilities, including trade payables.

Restrictive Covenants

The indentures governing the senior notes and the senior subordinated notes contain covenants that limit our ability and certain of our subsidiaries' ability to:

- incur additional indebtedness;

- pay dividends on our capital stock or redeem, repurchase or retire our capital stock or subordinated indebtedness;

- make investments;

Edgar Filing: Neiman Marcus, Inc. - Form 424B3

- create restrictions on the payment of dividends or other amounts to us from our restricted subsidiaries that are not guarantors of the notes;
- engage in transactions with our affiliates;
- sell assets, including capital stock of our subsidiaries;
- consolidate or merge;
- create liens; and

Table of Contents

- enter into sale and lease back transactions.

These covenants are subject to important exceptions and qualifications, which are described under Description of Senior Notes Certain Covenants and Description of Senior Subordinated Notes Certain Covenants.

Risk Factors

Investing in the notes involves substantial risk. See Risk Factors for a discussion of certain factors that you should consider before investing in the notes.

Table of Contents

RISK FACTORS

You should carefully consider the risk factors set forth below and the risk factors included under Part I, Item 1A to our parent's Annual Report on Form 10-K for the fiscal year ended August 2, 2008, which is incorporated by reference in this prospectus, as well as the other information contained in this prospectus and in our parent's Annual Report on Form 10-K for the fiscal year ended August 2, 2008 before making an investment decision. The risks described below are not the only risks facing us. Additional risks and uncertainties not currently known to us or those we currently deem to be immaterial may also materially and adversely affect our business, financial condition or results of operations. Any of the following risks could materially adversely affect our business, financial condition or results of operations. In such a case, you may lose all or part of your original investment in the notes.

Risks Related to the Notes

We have a substantial amount of indebtedness, which may adversely affect our cash flow and our ability to operate our business, to comply with debt covenants and make payments on our indebtedness, including the notes.

As a result of the Transactions, we are highly leveraged. As of August 2, 2008, the principal amount of our total indebtedness was approximately \$2,951.9 million, which included the notes. Our unused borrowing availability under our \$600.0 million senior secured asset-based revolving credit facility at that date was approximately \$576.0 million, based on a borrowing base at that date of over \$600.0 million and after giving effect to \$24.0 million of letters of credit outstanding thereunder. Our substantial indebtedness, combined with our lease and other financial obligations and contractual commitments, could have other important consequences to you as a holder of notes. For example, it could:

- make it more difficult for us to satisfy our obligations with respect to our indebtedness, including the notes, and any failure to comply with the obligations of any of our debt instruments, including restrictive covenants and borrowing conditions, could result in an event of default under the indentures governing the notes and the agreements governing such other indebtedness;
- make us more vulnerable to adverse changes in general economic, industry and competitive conditions and adverse changes in government regulation;
- require us to dedicate a substantial portion of our cash flow from operations to payments on our indebtedness, thereby reducing the availability of our cash flows to fund working capital, capital expenditures, acquisitions and other general corporate purposes;

- limit our flexibility in planning for, or reacting to, changes in our business and the industry in which we operate;
- place us at a competitive disadvantage compared to our competitors that are less highly leveraged; and
- limit our ability to borrow additional amounts for working capital, capital expenditures, acquisitions, debt service requirements, execution of our business strategy or other purposes.

Any of the above listed factors could materially adversely affect our business, financial condition and results of operations.

In addition, our interest expense could increase if interest rates increase because the entire amount of the indebtedness under our senior secured credit facilities will bear interest at floating rates. As of August 2, 2008, we had approximately \$1,625.0 million principal amount of floating rate debt, consisting of outstanding borrowings under the senior secured term loan facility. We also had at that date approximately \$576.0 million of unused floating rate debt borrowing capacity available under our senior secured asset-based revolving credit facility based on a borrowing base of over \$600.0 million after giving effect to \$24.0 million used for letters of credit. Effective

Table of Contents

December 6, 2005, we entered into floating to fixed interest rate swap agreements for an aggregate notional amount of \$1,000.0 million to limit our exposure to interest rate increases related to a portion of our floating rate indebtedness.

Despite current indebtedness levels, we and our subsidiaries may still be able to incur substantially more debt. This could further exacerbate the risks associated with our substantial leverage.

We and our subsidiaries may be able to incur substantial additional indebtedness in the future. Although the indentures governing the notes and the senior secured credit facilities contain restrictions on the incurrence of additional indebtedness, these restrictions are subject to a number of significant qualifications and exceptions, and any indebtedness incurred in compliance with these restrictions could be substantial. For example, we have the right under our senior secured asset-based revolving credit facility to request up to \$200 million of additional commitments under this facility, although the lenders under this facility are not under any obligation to provide any such additional commitments. Any increase in commitments under this facility is subject to customary conditions precedent, and our ability to borrow under this facility as so increased would remain limited by the amount of the borrowing base. Our senior secured term loan facilities and the indentures for the notes allow us to incur this additional indebtedness under our senior secured asset-based revolving credit facility without any restriction. In addition, our senior secured credit facilities and the notes allow us to incur a significant amount of indebtedness in connection with acquisitions (including, in the case of our senior secured term loan facility and the notes, an unlimited amount of debt bearing certain characteristics described in the descriptions of the notes included herein) and a significant amount of purchase money debt. If new debt is added to our and our subsidiaries' current debt levels, the related risks that we and they face would be increased.

To service our indebtedness, we will require a significant amount of cash. Our ability to generate cash depends on many factors beyond our control, and any failure to meet our debt service obligations could harm our business, financial condition and results of operations.

Our ability to pay interest on and principal of the notes and to satisfy our other debt obligations will primarily depend upon our future operating performance. As a result, prevailing economic conditions and financial, business and other factors, many of which are beyond our control, will affect our ability to make these payments.

If we do not generate sufficient cash flow from operations to satisfy our debt service obligations, including payments on the notes, we may have to undertake alternative financing plans, such as refinancing or restructuring our indebtedness, selling assets, reducing or delaying capital investments or seeking to raise additional capital. Our ability to restructure or refinance our debt will depend on the condition of the capital markets and our financial condition at such time. Any refinancing of our debt could be at higher interest rates and may require us to comply with more onerous covenants, which could further restrict our business operations. The terms of existing or future debt instruments and the indentures governing the notes may restrict us from adopting some of these alternatives. In addition, any failure to make payments of interest and principal on our outstanding indebtedness on a timely basis would likely result in a reduction of our credit rating, which could harm our ability to incur additional indebtedness on acceptable terms.

Contractual limitations on our ability to execute any necessary alternative financing plans could exacerbate the effects of any failure to generate sufficient cash flow to satisfy our debt service obligations. Our senior secured asset-based revolving credit facility permits us to borrow up to \$600.0 million; however, our ability to borrow thereunder is limited by a borrowing base, which at any time will equal the lesser of 80% of eligible inventory valued at the lower of cost or market value and 85% of the net orderly liquidation value of the eligible inventory, less certain reserves. In addition, our ability to borrow under this facility is limited by a minimum liquidity condition, providing that, if less than \$60.0 million is available at any time, we are not permitted to borrow any additional amounts under the senior secured asset-based revolving credit facility unless our pro forma ratio of consolidated EBITDA to consolidated Fixed Charges (as such terms are defined in the credit agreement for

Edgar Filing: Neiman Marcus, Inc. - Form 424B3

our senior secured asset-based revolving credit facility) is at least 1.1 to 1.0. Our ability to meet this financial ratio may be affected by events beyond our control which may prevent us from meeting this ratio.

Our inability to generate sufficient cash flow to satisfy our debt service obligations, or to refinance our obligations at all or on commercially reasonable terms, would have an adverse effect, which could be material, on

Table of Contents

our business, financial condition and results of operations, as well as on our ability to satisfy our obligations in respect of the notes.

Repayment of our debt, including the notes, is dependent on cash flow generated by our subsidiaries.

Our subsidiaries own a significant portion of our assets and conduct a significant portion of our operations. Accordingly, repayment of our indebtedness, including the notes, is dependent, to a significant extent, on the generation of cash flow by our subsidiaries and their ability to make such cash available to us, by dividend, debt repayment or otherwise. Unless they are guarantors of the notes, our subsidiaries do not have any obligation to pay amounts due on the notes or to make funds available for that purpose. Our subsidiaries may not be able to, or may not be permitted to, make distributions to enable us to make payments in respect of our indebtedness, including the notes. Each subsidiary is a distinct legal entity and, under certain circumstances, legal and contractual restrictions may limit our ability to obtain cash from our subsidiaries. While the indentures governing the notes limit the ability of our subsidiaries to incur consensual restrictions on their ability to pay dividends or make other intercompany payments to us, these limitations are subject to certain qualifications and exceptions. In the event that we do not receive distributions from our subsidiaries, we may be unable to make required principal and interest payments on our indebtedness, including the notes.

The notes are effectively subordinated to all liabilities of our non-guarantor subsidiaries and structurally subordinated to claims of creditors of our current and future non-guarantor subsidiaries.

The notes are structurally subordinated to indebtedness and other liabilities of our subsidiaries that are not guarantors of the notes. In the event of a bankruptcy, liquidation or reorganization of any of our non-guarantor subsidiaries, these non-guarantor subsidiaries will pay the holders of their debts, holders of preferred equity interests and their trade creditors before they will be able to distribute any of their assets to us.

The terms of our senior secured credit facilities and the indentures governing the notes and our 2028 debentures may restrict our current and future operations, particularly our ability to respond to changes in our business or to take certain actions.

The credit agreements governing our senior secured credit facilities and the indentures governing the notes and our 2028 debentures contain, and any future indebtedness of ours would likely contain, a number of restrictive covenants that impose significant operating and financial restrictions, including restrictions on our ability to engage in acts that may be in our best long-term interests. The indentures governing the notes and the credit agreements governing our senior secured credit facilities include covenants that, among other things, restrict our ability to:

- incur additional indebtedness;

- pay dividends on our capital stock or redeem, repurchase or retire our capital stock or indebtedness;

- make investments;

- create restrictions on the payment of dividends or other amounts to us from our restricted subsidiaries;
- engage in transactions with our affiliates;
- sell assets, including capital stock of our subsidiaries;
- consolidate or merge;
- create liens; and
- enter into sale and lease back transactions.

In addition, our ability to borrow under our senior secured asset-based revolving credit facility is limited by a borrowing base and a minimum liquidity condition, as described above under . To service our indebtedness, we will require a significant amount of cash. Our ability to generate cash depends on many factors beyond our control, and any failure to meet our debt service obligations could harm our business, financial condition and results of operations.

Moreover, our senior secured asset-based revolving credit facility provides discretion to the agent bank acting on behalf of the lenders to impose additional availability restrictions and other reserves, which could materially impair the amount of borrowings that would otherwise be available to us. There can be no assurance that the agent bank will not impose such reserves or, were it to do so, that the resulting impact of this action would not materially and adversely impair our liquidity.

A breach of any of the restrictive covenants would result in a default under our senior secured credit facilities. If any such default occurs, the lenders under our senior secured credit facilities may elect to declare all outstanding borrowings under such facilities, together with accrued interest and other fees, to be immediately due and payable, which would result in an event of default under the notes and our 2028 debentures. The lenders would also have the right in these circumstances to terminate any commitments they have to provide further borrowings.

The operating and financial restrictions and covenants in these debt agreements and any future financing agreements may adversely affect our ability to finance future operations or capital needs or to engage in other business activities.

The senior notes and the senior subordinated notes are not secured by our assets and the lenders under our senior secured credit facilities and our 2028 debentures are entitled to remedies available to a secured lender, which gives them priority over holders of senior notes and senior subordinated notes.

The senior notes and the senior subordinated notes (in the case of the senior subordinated notes, in addition to being contractually subordinated to all existing and future senior indebtedness) are effectively subordinated in right of payment to all of our secured indebtedness to the extent of the value of the assets securing such indebtedness. Loans under our senior secured credit facilities are secured by security interests in substantially all of our and the guarantors' assets, our capital stock and in certain of the capital stock held by us (subject to certain significant exceptions). Our 2028 debentures are secured by a portion of our and the guarantors' assets and in certain of the capital stock held by us, subject to certain significant exceptions. As of August 2, 2008, the principal amount of our total indebtedness was approximately \$2,951.9 million, with approximately \$576.0 million of additional borrowing capacity available under our senior secured asset-based revolving credit facility (based on a borrowing base of over \$600.0 million on such date and after giving effect to \$24.0 million of outstanding letters of credit). If we become insolvent or are liquidated, or if payment under the senior secured credit facilities or of any other secured indebtedness is accelerated, the lenders under our senior secured credit facilities and holders of other secured indebtedness (or an agent on their behalf) are entitled to exercise the remedies available to a secured lender under applicable law (in addition to any remedies that may be available under documents pertaining to our senior secured credit facilities or other senior debt). For example, the secured lenders and noteholders could foreclose and sell those of our assets in which they have been granted a security interest to the exclusion of the holders of the senior notes and the senior subordinated notes, even if an event of default exists under the indentures governing those notes at that time. As a result, upon the occurrence of any of these events, there may not be sufficient funds to pay amounts due on the senior notes and the senior subordinated notes.

The right of holders of the senior subordinated notes to receive payments on the senior subordinated notes and the guarantees thereof are junior to the rights of the lenders under our senior secured credit facilities, the senior notes, our 2028 debentures, and to all of our and the guarantors' other senior indebtedness, including any of our or the guarantors' future senior debt.

The senior subordinated notes and the guarantees thereof rank junior in right of payment to all of our and the guarantors' existing senior indebtedness, including borrowings under our senior secured credit facilities, the senior notes and our 2028 debentures and rank junior in right of payment to all of our and the guarantors' future borrowings and except for any future indebtedness that expressly provides that it ranks equal or junior in right of

Table of Contents

payment to the senior subordinated notes and the guarantees thereof. See Description of the Senior Subordinated Notes Subordination.

As of August 2, 2008, the principal amount of our total indebtedness was approximately \$2,951.9 million, consisting of:

- \$1,751.9 million of secured senior indebtedness, consisting of: our 2028 debentures (in an aggregate principal amount of \$125.0 million), indebtedness under our senior secured term loan facility (in an aggregate principal amount of \$1,625.0 million); and other indebtedness aggregating \$1.9 million, consisting primarily of \$1.7 million of capital lease obligations;
- \$700.0 million of unsecured senior indebtedness, consisting of the original principal amount of the senior notes;
- \$500.0 million of unsecured senior subordinated indebtedness, consisting of the original principal amount of the senior subordinated notes.

As of August 2, 2008, we also had \$576.0 million in borrowing capacity outstanding under our senior secured asset-based revolving credit facility (based on a borrowing base of over \$600.0 million on such date and after giving effect to \$24.0 million of outstanding letters of credit). Furthermore, as of August 2, 2008, our subsidiaries that will not be providing guarantees of the notes had an aggregate amount of approximately \$0.2 million of total liabilities, including trade payables. We will also be permitted to incur substantial additional indebtedness, including senior indebtedness, in the future. See Despite current indebtedness levels, we and our subsidiaries may still be able to incur substantially more debt. This could further exacerbate the risks associated with our substantial leverage.

We and the guarantors may not be permitted to pay principal, premium, if any, interest or other amounts on account of the senior subordinated notes or the guarantees thereof in the event of a payment default or certain other defaults in respect of certain of our senior indebtedness, including debt under our senior secured credit facilities and the senior notes, unless such senior indebtedness has been paid in full or the default has been cured or waived. In addition, in the event of certain other defaults with respect to such senior indebtedness, we or the guarantors may not be permitted to pay any amount on account of the senior subordinated notes or the guarantees thereof for a designated period of time. See Description of Senior Subordinated Notes Ranking Payment of Notes.

Because of the subordination provisions in the senior subordinated notes and the guarantees thereof, in the event of a bankruptcy, liquidation, reorganization or similar proceeding relating to us or a guarantor, our or the guarantor's assets are not available to pay obligations under the senior subordinated notes or the applicable guarantee until we or the guarantor has made all payments in cash on our or its senior indebtedness. Sufficient assets may not remain after all these payments of principal or interest when due. In addition, in the event of a bankruptcy, liquidation or reorganization or similar proceeding relating to us or the guarantors, holders of the senior subordinated notes will participate with trade creditors and all other holders of our and the guarantors' senior subordinated indebtedness, as the case may be, in the assets (if any) remaining after we and the guarantors have paid all of the senior indebtedness. However, because the indenture governing the senior subordinated notes requires that amounts otherwise payable to holders of the senior subordinated notes in a bankruptcy or similar proceeding be paid to holders of senior indebtedness instead, holders of senior subordinated notes may receive less, ratably, than holders of trade payables or other unsecured,

Edgar Filing: Neiman Marcus, Inc. - Form 424B3

unsubordinated creditors in any such proceeding. In any of these cases, we and the guarantors may not have sufficient funds to pay all creditors, and holders of the senior subordinated notes may receive less, ratably, than the holders of senior indebtedness. See Description of Senior Subordinated Notes Ranking.

Federal and state statutes may allow courts, under specific circumstances, to void the notes and the guarantees thereof, subordinate claims in respect of the notes and the guarantees thereof and require note holders to return payments received.

The proceeds of the sales of the notes upon the closing of the Transactions were applied to pay the merger consideration payable to the former stockholders of Neiman Marcus and to repay the 2008 notes. Certain of our existing domestic subsidiaries have guaranteed, and certain of our future domestic subsidiaries may guarantee, the notes. Our issuance of the notes, the issuance of the guarantees thereof by the guarantors, as well as other components of the Transactions, including, without limitation, the granting of liens by us and the guarantors, in favor of the lenders under our senior secured credit facilities and our 2028 debentures, may be subject to review under state and federal laws if a bankruptcy, liquidation or reorganization case or a lawsuit, including in circumstances in which bankruptcy is not involved, were commenced at some future date by us, by the guarantors or on behalf of our unpaid creditors or the unpaid creditors of a guarantor. Under the Federal bankruptcy laws and comparable provisions of state fraudulent transfer and fraudulent conveyance laws, a court may void or otherwise decline to enforce the notes and a guarantor's guarantee thereof, or a court may subordinate the notes and such guarantee to our or the applicable guarantor's existing and future indebtedness.

While the relevant laws may vary from state to state, a court might void or otherwise decline to enforce the notes if it found that when we issued the notes, when the applicable guarantor entered into its guarantee thereof or, in some states, when payments became due under the notes or such guarantee, we or the applicable guarantor received less than reasonably equivalent value or fair consideration and either:

- we were, or the applicable guarantor was, insolvent, or rendered insolvent by reason of such incurrence; or

- we were, or the applicable guarantor was, engaged in a business or transaction for which our or the applicable guarantor's remaining assets constituted unreasonably small capital; or

- we or the applicable guarantor intended to incur, or believed or reasonably should have believed that we or the applicable guarantor would incur, debts beyond our or such guarantor's ability to pay such debts as they mature; or

- we were, or the applicable guarantor was, a defendant in an action for money damages, or had a judgment for money damages docketed against us or such guarantor if, in either case, after final judgment, the judgment is unsatisfied.

The court might also void the notes or a guarantee thereof without regard to the above factors, if the court found that we issued the notes or the applicable guarantor entered into its guarantee thereof with actual intent to hinder, delay or defraud our or its creditors.

A court would likely find that we or a guarantor of the notes did not receive reasonably equivalent value or fair consideration for the notes or such guarantee if we or such guarantor did not substantially benefit directly or indirectly from the issuance of the notes or the applicable

Edgar Filing: Neiman Marcus, Inc. - Form 424B3

guarantee. As a general matter, value is given for a note or guarantee if, in exchange for the note or guarantee, property is transferred or an antecedent debt is satisfied. A debtor will generally not be considered to have received value in connection with a debt offering if the debtor uses the proceeds of that offering to make a dividend payment or otherwise retire or redeem equity securities issued by the debtor. For example, in a leveraged transaction, such as the Transactions, there is increased risk of a determination that the issuer incurred debt obligations for less than reasonably equivalent value or fair consideration as a court may find that the benefit of the transaction went to the former stockholders of Neiman Marcus, while neither we nor the guarantors benefited substantially or directly from the notes or the guarantees.

The measures of insolvency applied by courts will vary depending upon the particular fraudulent transfer law applied in any proceeding to determine whether a fraudulent transfer has occurred. Generally, however, an entity would be considered insolvent if:

Table of Contents

- the sum of its debts, including subordinated and contingent liabilities, was greater than the fair saleable value of its assets; or
- if the present fair saleable value of its assets were less than the amount that would be required to pay the probable liability on its existing debts, including subordinated and contingent liabilities, as they become absolute and mature; or
- it cannot pay its debts as they become due.

In the event of a finding that a fraudulent conveyance or transfer has occurred, the court may void, or hold unenforceable, the notes or any of the guarantees thereof, which could mean that you may not receive any payments on the notes and the court may direct you to repay any amounts that you have already received from us or any guarantor to us, such guarantor or a fund for the benefit of our or such guarantor's creditors. Furthermore, the holders of voided notes would cease to have any direct claim against us or the applicable guarantor. Consequently, our or the applicable guarantor's assets would be applied first to satisfy our or the applicable guarantor's other liabilities, before any portion of its assets could be applied to the payment of the notes. Sufficient funds to repay the notes may not be available from other sources, including the remaining guarantors, if any. Moreover, the voidance of the notes or a guarantee thereof could result in an event of default with respect to our and our guarantors' other debt that could result in acceleration of such debt (if not otherwise accelerated due to our or our guarantors' insolvency or other proceeding).

Although each guarantee of the notes contains a provision intended to limit that guarantor's liability to the maximum amount that it could incur without causing the incurrence of obligations under its guarantee to be a fraudulent transfer, this provision may not be effective to protect those guarantees from being voided under fraudulent transfer law, or may reduce that guarantor's obligation to an amount that effectively makes its guarantee worthless.

Because each guarantor's liability under its guarantees may be reduced to zero, avoided or released under certain circumstances, you may not receive any payments from some or all of the guarantors.

As a holder of the notes, you have the benefit of the guarantees of the guarantors. However, the guarantees by the guarantors are limited to the maximum amount that the guarantors are permitted to guarantee under applicable law. As a result, a guarantor's liability under its guarantee could be reduced to zero, depending upon the amount of other obligations of such guarantor. Further, under the circumstances discussed more fully above, a court under Federal or state fraudulent conveyance and transfer statutes could void the obligations under a guarantee or further subordinate it to all other obligations of the guarantor. In addition, you will lose the benefit of a particular guarantee if it is released under certain circumstances described under Description of the Senior Notes Guarantees and Description of the Senior Subordinated Notes Guarantees.

We may not be able to repurchase the notes upon a change of control.

Edgar Filing: Neiman Marcus, Inc. - Form 424B3

Upon the occurrence of certain change of control events, we will be required to offer to repurchase all notes and amounts under our senior secured term loan facility that are outstanding at 101% of the principal amount thereof, plus any accrued and unpaid interest, and additional interest, if any. Our senior secured asset-based revolving credit facility provides that certain change of control events (including a change of control as defined in the indentures governing the notes and in our senior secured term loan facility) constitute a default. Any future credit agreement or other agreements relating to our indebtedness to which we become a party would likely contain similar provisions. If we experience a change of control that triggers a default under our senior secured asset-based revolving credit facility, we could seek a waiver of such default or seek to refinance our senior secured asset-based revolving credit facility. In the event we do not obtain such a waiver or refinance our senior secured asset-based revolving credit facility, such default could result in amounts outstanding under our senior secured asset-based revolving credit facility being declared due and payable. In the event we experience a change of control that results in our having to repurchase your notes, we may not have sufficient financial resources to satisfy all of our obligations under our senior secured credit facilities and the notes. A failure to make the applicable change of

Table of Contents

control offer or to pay the applicable change of control purchase price when due would result in a default under the indentures.

In addition, the change of control covenant in the indentures governing the notes does not cover all corporate reorganizations, mergers or similar transactions and may not provide you with protection in a highly leveraged transaction.

We cannot assure you that an active trading market for the notes will develop.

We have not had, and do not intend to have, the notes listed on a national securities exchange or included in any automated quotation system. We cannot assure you as to the liquidity of markets that exists or may develop for the notes, your ability to sell the notes or the price at which you would be able to sell the notes. The liquidity of any market for the notes will depend upon the number of holders of the notes, our performance, the market for similar securities, the interest of securities dealers in making a market in the notes and other factors. If an active market is not maintained, the price and liquidity of the notes may be adversely affected. Even if an active market were available, the notes could trade at prices lower than their principal amount or purchase price depending on many factors, including prevailing interest rates and the markets for similar securities. Credit Suisse Securities (USA), LLC has informed us that it intends to make a market in the notes, but it is not obligated to do so. Credit Suisse Securities (USA), LLC may discontinue any market making in the notes at any time, in its sole discretion. As a result, any trading market for the notes may not be liquid. You may not be able to sell your notes at a particular time or at favorable prices or at all.

Historically, the market for non-investment grade debt has been subject to disruptions that have caused substantial volatility in the prices of securities similar to the notes. We cannot assure holders of the notes that the market, if any, for the notes will be free from similar disruptions or that any such disruptions may not adversely affect the prices at which the holders of the notes may sell their notes.

DESCRIPTION OF SENIOR NOTES

General

The outstanding senior notes were issued under a Senior Indenture among Newton Acquisition Merger Sub, Inc., Wells Fargo Bank, National Association, as trustee, Holdings and the Subsidiary Guarantors. Immediately following the closing of the offering and as part of the Transactions, Newton Acquisition Merger Sub, Inc. merged with and into The Neiman Marcus Group, Inc., with The Neiman Marcus Group, Inc. continuing as the surviving corporation and assuming all the obligations of Newton Acquisition Merger Sub, Inc. under the Senior Indenture. The Senior Indenture has been qualified under and is subject to and governed by the Trust Indenture Act of 1939. The terms of the senior notes include those stated in the Senior Indenture and those made part of the Senior Indenture by reference to the Trust Indenture Act.

You can find the definitions of certain capitalized terms used in this description under the subheading **Certain Definitions**. In this description, the **Company** refers to The Neiman Marcus Group, Inc., and not to any of its subsidiaries.

The following description is only a summary of the material provisions of the senior notes and the Senior Indenture. We urge you to read the Senior Indenture because it, and not this description, defines your rights as a Holder of senior notes. Copies of the Senior Indenture have been filed with the SEC and are incorporated by reference into the registration statement of which this prospectus forms a part.

Brief Description of the Senior Notes and the Guarantees

The senior notes:

- are unsecured, senior obligations of the Company;
- rank pari passu in right of payment with all existing and future Senior Indebtedness of the Company, including Indebtedness under our Senior Credit Facilities and our Existing 2028 Debentures;
- are effectively subordinated to all Secured Indebtedness of the Company, including Indebtedness under our Senior Credit Facilities and our Existing 2028 Debentures, to the extent of the collateral securing such Indebtedness;

- are structurally subordinated to all existing and future Indebtedness and claims of holders of Preferred Stock of Subsidiaries of the Company that do not guarantee the senior notes;
- rank senior in right of payment to all existing and future Subordinated Indebtedness of the Company, including the Senior Subordinated Notes; and
- are guaranteed on a senior unsecured basis by Holdings and the Subsidiary Guarantors that guarantee our Senior Credit Facilities.

The Guarantee of each Guarantor:

- is a senior obligation of such Guarantor;
- ranks pari passu in right of payment with all existing and future Senior Indebtedness of such Guarantor, including its guarantee under our Senior Credit Facilities;
- is effectively subordinated to all Secured Indebtedness of such Guarantor, including its guarantee under our Senior Credit Facilities, to the extent of the collateral securing such Indebtedness;

Table of Contents

- is structurally subordinated to all existing and future Indebtedness and claims of holders of Preferred Stock of Subsidiaries of such Guarantor that do not guarantee the senior notes; and
- ranks senior in right of payment to all existing and future Subordinated Indebtedness of such Guarantor, including its guarantee of our senior Subordinated Notes.

Principal, Maturity and Interest

The Company issued the senior notes initially with a maximum aggregate original principal amount of \$700.0 million (the senior notes). The Company may issue additional senior notes under the Senior Indenture from time to time after this offering subject to the covenant described below under Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock (the Additional Senior Notes). In addition, in connection with the payment of PIK Interest (as defined in the next paragraph), the Company is entitled to, without the consent of the Holders, increase the outstanding principal amount of the senior notes or issue additional senior notes (the PIK Notes) under the Senior Indenture on the same terms and conditions as the senior notes (in each case, the PIK Payment). The senior notes, any Additional Senior Notes subsequently issued under the Senior Indenture and any PIK Notes will be treated as a single class for all purposes under the Senior Indenture, including waivers, amendments, redemptions and offers to purchase. Unless the context requires otherwise, references to senior notes for all purposes of the Senior Indenture and this Description of Senior Notes include any Additional Senior Notes, PIK Notes that are actually issued and any increase in the principal amount of the outstanding senior notes as a result of a PIK Payment and references to principal amount of the senior notes include any increase in the principal amount of the outstanding senior notes as a result of a PIK Payment.

For any interest payment period through October 15, 2010, the Company may, at its option, elect to pay interest on the senior notes:

- entirely in cash (Cash Interest) or
- entirely by increasing the principal amount of the outstanding senior notes or by issuing PIK Notes (PIK Interest).

The Company must elect the form of interest payment with respect to each interest period by delivering a notice to the Trustee prior to the beginning of each interest period. The Trustee shall promptly deliver a corresponding notice to the Holders. In the absence of such an election, interest on the senior notes will be payable entirely in cash. Interest for the first interest period commencing on the Issue Date shall be payable entirely in cash. After October 15, 2010, the Company will make all interest payments on the senior notes entirely in cash.

Cash Interest on the senior notes will accrue at the rate of 9% per annum and be payable in cash. PIK Interest on the senior notes will accrue at the rate of 9 ³/₄% per annum and be payable:

- with respect to senior notes represented by one or more global notes registered in the name of, or held by, the Depository Trust Company (DTC) or its nominee on the relevant record date, by increasing the principal amount of the outstanding global senior notes by an amount equal to the amount of PIK Interest for the applicable interest period (rounded up to the nearest \$1,000); and
- with respect to senior notes represented by certificated notes, by issuing PIK Notes in certificated form in an aggregate principal amount equal to the amount of PIK Interest for the applicable interest period (rounded up to the nearest whole dollar).

The Trustee will, at the request of the Company, authenticate and deliver such PIK Notes in certificated form for original issuance to the Holders on the relevant record date, as shown by the records of the Register.

Following an increase in the principal amount of the outstanding global senior notes as a result of a PIK Payment, the global senior notes will bear interest on such increased principal amount from and after the date of

Table of Contents

such PIK Payment. Any PIK Notes issued in certificated form will be dated as of the applicable interest payment date and will bear interest from and after such date. All senior notes issued pursuant to a PIK Payment will mature on October 15, 2015 and will be governed by, and subject to the terms, provisions and conditions of, the Senior Indenture and shall have the same rights and benefits as the senior notes issued on the Issue Date. Any certificated PIK Notes will be issued with the description "PIK" on the face of such PIK Note.

Interest on the senior notes will be payable quarterly in arrears on each January 15, April 15, July 15 and October 15, commencing on January 15, 2006. The Company will make each interest payment to the Holders of record of the senior notes on the immediately preceding January 1, April 1, July 1 and October 1. Interest on the senior notes will accrue from the most recent date to which interest has been paid with respect to such notes, or if no interest has been paid with respect to such notes, from the date of original issuance thereof. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months. The senior notes will mature on October 15, 2015.

Cash payments of principal of, premium, if any, and interest on the senior notes will be payable at the office or agency of the Company maintained for such purpose within the City of Dallas, State of Texas or, at the option of the Company, cash payments of interest may be made by check mailed to the Holders at their respective addresses set forth in the register of Holders; provided that all payments of principal, premium, if any, and interest with respect to senior notes represented by one or more global notes registered in the name of or held by the Depository Trust Company or its nominee will be made by wire transfer of immediately available funds to the accounts specified by the Holder or Holders thereof. The senior notes will be issued in denominations of \$2,000 and any integral multiples of \$1,000 in excess of \$2,000, subject to the issuance of certificated PIK Notes as indicated above.

Guarantees

Holdings and each direct and indirect Restricted Subsidiary of the Company that is a Domestic Subsidiary and that guarantees the obligations of the Company under the Company's senior Credit Facilities, as primary obligors and not merely as sureties, will jointly and severally irrevocably and unconditionally guarantee, on a senior unsecured basis, the performance and full and punctual payment when due, whether at maturity, by acceleration or otherwise, of all obligations of the Company under the Senior Indenture and the senior notes, whether for payment of principal of, or interest on or Additional Interest in respect of the senior notes, expenses, indemnification or otherwise, on the terms set forth in the Senior Indenture by executing the Senior Indenture. Each Guarantee will be a general unsecured senior obligation of the applicable Guarantor, will rank pari passu in right of payment with all existing and any future Senior Indebtedness of such Guarantor, will be effectively subordinated to all Secured Indebtedness of such Guarantor, and will rank senior in right of payment to all existing and any future Subordinated Indebtedness of such Guarantor. The senior notes will be structurally subordinated to Indebtedness of Subsidiaries of the Company that do not guarantee the senior notes.

Each Subsidiary Guarantee will contain a provision intended to limit the Subsidiary Guarantor's liability thereunder to the maximum amount that it could incur without causing the incurrence of obligations under its Subsidiary Guarantee to be a fraudulent transfer. This provision may not, however, be effective to protect a Subsidiary Guarantee from being voided under fraudulent transfer law, or may reduce the Subsidiary Guarantor's obligation to an amount that effectively makes its Subsidiary Guarantee worthless. See Risk Factors Federal and state statutes may allow courts, under specific circumstances, to void the notes, the guarantees and the security interests, subordinate claims in respect of the notes and the guarantees and require note holders to return payments received.

Each Subsidiary Guarantor may consolidate with or merge into or sell all or substantially all its assets to (A) the Company or another Subsidiary Guarantor without limitation or (B) any other Person upon the terms and conditions set forth in the Senior Indenture. The Senior Indenture will also impose limitations on the ability of Holdings to consolidate with or merge into or sell all or substantially all its assets to another Person.

Table of Contents

(1) (a) the sale, disposition or other transfer (including through merger or consolidation) of all of the Capital Stock (or any sale, disposition or other transfer of Capital Stock following which such Subsidiary Guarantor is no longer a Restricted Subsidiary), or all or substantially all the assets, of such Subsidiary Guarantor (other than a sale, disposition or other transfer to a Restricted Subsidiary) if such sale, disposition or other transfer is made in compliance with the applicable provisions of the Senior Indenture;

(b) the designation by the Company of such Subsidiary Guarantor as an Unrestricted Subsidiary in accordance with the provisions of the Senior Indenture set forth under Certain Covenants Limitation on Restricted Payments and the definition of Unrestricted Subsidiary ;

(c) the release or discharge of such Subsidiary Guarantor from its guarantee of Indebtedness under the Senior Credit Facilities or the guarantee that resulted in the obligation of such Subsidiary Guarantor to guarantee the senior notes, in each case, if such Subsidiary Guarantor would not then otherwise be required to guarantee the senior notes pursuant to the covenant described under Certain Covenants Limitation on Guarantees of Indebtedness by Restricted Subsidiaries (treating any guarantees of such Subsidiary Guarantor that remain outstanding as incurred at least 30 days prior to such release), except, in each case, a release or discharge by, or as a result of, payment under such guarantee or payment in full of the Indebtedness under the Senior Credit Facilities; or

(d) the exercise by the Company of its legal defeasance option or its covenant defeasance option, as described under Legal Defeasance and Covenant Defeasance or if the Company's obligations under the Senior Indenture are discharged in accordance with the terms of the Senior Indenture; and

(2) in the case of clause (1) (a) above, the release of such Subsidiary Guarantor from its guarantee, if any, of and all pledges and security, if any, granted in connection with, the Senior Credit Facilities, the Senior Subordinated Notes and any other Indebtedness of the Company or any Restricted Subsidiary.

Ranking

Senior Secured Indebtedness versus Senior Notes

Payments of principal of, and premium, if any, and interest on the senior notes and the payment of any Guarantee will rank pari passu in right of payment to all Senior Indebtedness of the Company and the Guarantors, including the obligations of the Company and, to the extent applicable, the Guarantors, under the Senior Credit Facilities and the Existing 2028 Debentures. However, the senior notes will be effectively subordinated in right of payment to all of the Company's and the Guarantors' existing and future Secured Indebtedness to the extent of the value of the assets securing such Indebtedness.

As of August 2, 2008:

(1) the Company's Senior Indebtedness, including Indebtedness under the Senior Credit Facilities, the Senior Notes and the Existing 2028 Debentures, was approximately \$2,451.9 million (excluding unused commitments), of which \$1,751.9 million, consisting principally of Indebtedness under the Senior Credit Facilities and the Existing 2028 Debentures, was Secured Indebtedness and capital lease obligations; and

(2) the Guarantors' Senior Indebtedness, consisting principally of their respective guarantees of Senior Indebtedness of the Company under the Senior Credit Facilities and the Senior Notes, was approximately \$2,326.9 million in the aggregate (excluding unused commitments), of which \$1,626.9 million, consisting principally of their respective guarantees of Senior Indebtedness of the Company under the Senior Credit Facilities, was Secured Indebtedness and capital lease obligations.

We also had at that date approximately \$567.0 million of unused borrowing capacity available under our senior secured asset-based credit facility based on a borrowing base of over \$600.0 million and after giving effect to \$24.0 million used for letters of credit.

Table of Contents

Although the Indentures will contain limitations on the amount of additional Senior Indebtedness that the Company and its Restricted Subsidiaries may incur and the amount of additional Secured Indebtedness the Company and the Subsidiary Guarantors may incur, under certain circumstances the amount of such Senior Indebtedness and Secured Indebtedness could be substantial. The Indentures do not limit the amount of additional Indebtedness that Holdings may incur. See *Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock* and *Certain Covenants Liens*.

Liabilities of Subsidiaries versus Senior Notes

The Company conducts a significant portion of its operations through its Subsidiaries. Some of the Company's Subsidiaries are not guaranteeing the senior notes, and Subsidiary Guarantees may be released under certain circumstances, as described under *Subsidiary Guarantees*. In addition, the Company's future Subsidiaries may not be required to guarantee the senior notes. Claims of creditors of such non-guarantor Subsidiaries, including trade creditors and creditors holding indebtedness or guarantees issued by such non-guarantor Subsidiaries, and claims of holders of Preferred Stock of such non-guarantor Subsidiaries generally will have priority with respect to the assets and earnings of such non-guarantor Subsidiaries over the claims of the Company's creditors, including Holders. Accordingly, the senior notes will be structurally subordinated to claims of creditors (including trade creditors) and holders of Preferred Stock, if any, of such non-guarantor Subsidiaries.

As of August 2, 2008, the Company's Subsidiaries (other than the Subsidiary Guarantors) had consolidated total liabilities (excluding intercompany liabilities of Subsidiaries that are not Subsidiary Guarantors) of approximately \$0.2 million, including trade payables, and consolidated total assets of \$1.2 million. In addition, for the fiscal year ended August 2, 2008, the Company's Subsidiaries (other than the Subsidiary Guarantors) had no revenues. Although the Senior Indenture limits the incurrence of Indebtedness and Preferred Stock by Restricted Subsidiaries, such limitation is subject to a number of significant qualifications. Moreover, the Senior Indenture does not impose any limitation on the incurrence by Restricted Subsidiaries of liabilities that are not considered Indebtedness or Preferred Stock under the Senior Indenture, such as trade payables. See *Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock*.

Mandatory Redemption; Offer to Purchase; Open Market Purchases

The Company is not required to make any mandatory redemption or sinking fund payments with respect to the senior notes. However, under certain circumstances, the Company may be required to offer to purchase senior notes as described under *Repurchase at the Option of Holders*. The Company may from time to time acquire senior notes by means other than a redemption, whether by tender offer, in open market purchases, through negotiated transactions or otherwise, in accordance with applicable securities laws.

Optional Redemption

Except as described below, the senior notes are not redeemable at the Company's option prior to October 15, 2010. From and after October 15, 2010, the Company may redeem the senior notes, in whole or in part, upon not less than 30 nor more than 60 days' prior notice at the redemption prices (expressed as percentages of principal amount) set forth below, plus accrued and unpaid interest, and Additional Interest, if any, thereon to the applicable redemption date, subject to the right of Holders on the relevant record date to receive interest due on the relevant interest payment date, if redeemed during the twelve-month period beginning on October 15 of each of the years indicated below:

Prior to October 15, 2008, the Company may, at its option, redeem up to 35% of the sum of the original aggregate principal amount of senior notes (and the original principal amount of any Additional Senior Notes) issued under the Senior Indenture at a redemption price equal to 109.000% of the aggregate principal amount thereof, plus accrued and unpaid interest, and Additional Interest, if any, thereon to the redemption date, subject to the right of Holders on the relevant record date to receive interest due on the relevant interest payment date, with the net cash proceeds of one or more Equity Offerings of the Company or any direct or indirect parent of the Company to the extent such net proceeds are contributed to the Company; provided that:

- at least 50% of the sum of the aggregate principal amount of senior notes originally issued under the Senior Indenture and any Additional Senior Notes issued under the Senior Indenture after the Issue Date remain outstanding immediately after the occurrence of each such redemption; and
- each such redemption occurs within 90 days of the date of closing of each such Equity Offering.

At any time prior to October 15, 2010, the Company may also redeem all or a part of the senior notes, upon not less than 30 nor more than 60 days prior notice, at a redemption price equal to 100% of the principal amount of senior notes redeemed plus the Applicable Premium as of, and accrued and unpaid interest and Additional Interest, if any, to the redemption date, subject to the rights of Holders on the relevant record date to receive interest due on the relevant interest payment date.

Selection and Notice

If the Company is redeeming less than all of the senior notes at any time, the Trustee will select the senior notes to be redeemed (a) if the senior notes are listed on any national securities exchange, in compliance with the requirements of the principal national securities exchange on which such senior notes are listed or (b) if such senior notes are not so listed, on a pro rata basis to the extent practicable; provided that no senior notes of \$2,000 or less shall be redeemed in part.

Notices of redemption shall be mailed by first-class mail, postage prepaid, at least 30 days but not more than 60 days before the redemption date to each Holder at such Holder's registered address, except that notices of redemption may be mailed more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance of the senior notes or a satisfaction and discharge of the Senior Indenture. If any senior note is to be redeemed in part only, any notice of redemption that relates to such senior note shall state the portion of the principal amount thereof to be redeemed.

A senior note in principal amount equal to the unredeemed portion of any senior note redeemed in part will be issued in the name of the Holder thereof upon cancellation of the original senior note. Senior notes called for redemption become due and payable on the date fixed for redemption. On and after the redemption date, unless the Company defaults in the redemption payment, interest shall cease to accrue on the senior note or portions thereof called for redemption.

Repurchase at the Option of Holders

Change of Control

If a Change of Control occurs, the Company will make an offer to purchase all of the senior notes pursuant to the offer described below (the Change of Control Offer) at a price in cash (the Change of Control Payment) equal to 101% of the aggregate principal amount thereof plus accrued and unpaid interest, and Additional Interest, if any, to the date of purchase, subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date. Within 30 days following any Change of Control, the Company will send notice of such Change of Control Offer by first class mail, with a copy to the Trustee, to each Holder to the address of such Holder appearing in the security register with a copy to the Trustee, with the following information:

(1) a Change of Control Offer is being made pursuant to the covenant entitled Change of Control , and all senior notes properly tendered pursuant to such Change of Control Offer will be accepted for payment;

Table of Contents

- (2) the purchase price and the purchase date, which will be no earlier than 30 days nor later than 60 days from the date such notice is mailed (the Change of Control Payment Date);
- (3) any senior note not properly tendered will remain outstanding and continue to accrue interest;
- (4) unless the Company defaults in the payment of the Change of Control Payment, all senior notes accepted for payment pursuant to the Change of Control Offer will cease to accrue interest on the Change of Control Payment Date;
- (5) Holders electing to have any senior notes purchased pursuant to a Change of Control Offer will be required to surrender the senior notes, with the form entitled Option of Holder to Elect Purchase on the reverse of the senior notes completed, to the paying agent specified in the notice at the address specified in the notice prior to the close of business on the third Business Day preceding the Change of Control Payment Date;
- (6) Holders will be entitled to withdraw their tendered senior notes and their election to require the Company to purchase such senior notes; provided that the paying agent receives, not later than the close of business on the last day of the offer period, a telegram, telex, facsimile transmission or letter setting forth the name of the Holder, the principal amount of senior notes tendered for purchase, and a statement that such Holder is withdrawing its tendered senior notes and its election to have such senior notes purchased; and
- (7) Holders whose senior notes are being purchased only in part will be issued senior notes equal in principal amount to the unpurchased portion of the senior notes surrendered, which unpurchased portion must be equal to \$2,000 or an integral multiple of \$1,000 in excess of \$2,000.

While the senior notes are in global form and the Company makes an offer to purchase all of the senior notes pursuant to the Change of Control Offer, a Holder may exercise its option to elect for the purchase of the senior notes through the facilities of DTC, subject to its rules and regulations.

The Company will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws or regulations are applicable in connection with the repurchase of the senior notes pursuant to a Change of Control Offer. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the Senior Indenture, the Company will comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations described in the Senior Indenture by virtue thereof.

Edgar Filing: Neiman Marcus, Inc. - Form 424B3

On the Change of Control Payment Date, the Company will, to the extent permitted by law,

- (1) accept for payment all senior notes or portions thereof properly tendered pursuant to the Change of Control Offer,
- (2) deposit with the paying agent an amount equal to the aggregate Change of Control Payment in respect of all senior notes or portions thereof so tendered and
- (3) deliver, or cause to be delivered, to the Trustee for cancellation the senior notes so accepted together with an Officers Certificate stating that such senior notes or portions thereof have been tendered to and purchased by the Company.

The paying agent will promptly mail to each Holder the Change of Control Payment for such senior notes, and the Trustee will promptly authenticate and mail to each Holder a senior note equal in principal amount to any unpurchased portion of the senior notes surrendered, if any; provided that each such senior note will be in a principal amount of \$2,000 or an integral multiple of \$1,000 in excess of \$2,000. The Company will publicly announce the results of the Change of Control Offer on or as soon as practicable after the Change of Control Payment Date.

The Revolving Credit Facility will (subject to limited exceptions), and future credit agreements or other agreements to which the Company becomes a party may, prohibit the Company from purchasing any senior notes as

Table of Contents

a result of a Change of Control. In the event a Change of Control occurs at a time when the Company is prohibited from purchasing the senior notes, the Company could seek the consent of their lenders and noteholders to permit the purchase of the senior notes or could attempt to refinance the borrowings and notes that contain such prohibition. If the Company does not obtain such consent or repay such borrowings or notes, the Company will remain prohibited from purchasing the senior notes. In such case, the Company's failure to purchase tendered senior notes would constitute an Event of Default under the Senior Indenture.

The Revolving Credit Facility will provide that certain change of control events with respect to the Company (including a Change of Control under the Senior Indenture) would constitute a default thereunder. If the Company experiences a change of control that triggers a default under the Revolving Credit Facility or cross-defaults under any other Indebtedness, the Company could seek a waiver of such defaults or seek to refinance the Indebtedness outstanding under the Revolving Credit Facility and such other Indebtedness. In the event the Company does not obtain such a waiver or refinance the Indebtedness outstanding under the Revolving Credit Facility and such other Indebtedness, such defaults could result in amounts outstanding under the Revolving Credit Facility and such other Indebtedness being declared due and payable. The Company's ability to pay cash to the Holders following the occurrence of a Change of Control may be limited by its then existing financial resources. Therefore, sufficient funds may not be available when necessary to make any required repurchases.

The Company will not be required to make a Change of Control Offer following a Change of Control if a third party makes the Change of Control Offer in the manner, at the time and otherwise in compliance with the requirements set forth in the Senior Indenture applicable to a Change of Control Offer made by the Company and purchases all senior notes validly tendered and not withdrawn under such Change of Control Offer. A Change of Control Offer may be made in advance of a Change of Control, conditional upon such Change of Control, if a definitive agreement is in place for the Change of Control at the time of making of the Change of Control Offer.

The Change of Control purchase feature of the senior notes may in certain circumstances make more difficult or discourage a sale or takeover of the Company and, thus, the removal of incumbent management. The Change of Control purchase feature is a result of negotiations between the Company and the Initial Purchasers. We have no present intention to engage in a transaction involving a Change of Control, although it is possible that we could decide to do so in the future. Subject to the limitations discussed below, we could, in the future, enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control under the Senior Indenture, but that could increase the amount of indebtedness outstanding at such time or otherwise affect our capital structure or credit ratings. Restrictions on our ability to incur additional Indebtedness are contained in the covenant described under Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock. Such restrictions can be waived with the consent of the holders of a majority in principal amount of the senior notes then outstanding. Except for the limitations contained in such covenant, however, the Senior Indenture will not contain any covenants or provisions that may afford Holders protection in the event of a highly leveraged transaction.

The definition of Change of Control includes a disposition of all or substantially all of the assets of the Company to any Person. Although there is a limited body of case law interpreting the phrase substantially all, there is no precise established definition of the phrase under applicable law. Accordingly, in certain circumstances there may be a degree of uncertainty as to whether a particular transaction would involve a disposition of all or substantially all of the assets of the Company. As a result, it may be unclear as to whether a Change of Control has occurred and whether a Holder may require the Company to make an offer to repurchase the senior notes as described above.

The provisions under the Senior Indenture relative to the Company's obligation to make an offer to repurchase the senior notes as a result of a Change of Control may be waived or modified with the written consent of the Holders of a majority in principal amount of the senior notes.

Asset Sales

The Senior Indenture provides that the Company will not, and will not permit any Restricted Subsidiary to, cause, make or suffer to exist an Asset Sale, unless:

Table of Contents

- (1) the Company or such Restricted Subsidiary, as the case may be, receives consideration at the time of such Asset Sale at least equal to the fair market value (as determined in good faith by the Company) of the assets sold or otherwise disposed of; and
- (2) except in the case of a Permitted Asset Swap, at least 75% of the consideration therefor received by the Company or such Restricted Subsidiary, as the case may be, is in the form of cash or Cash Equivalents; provided that the amount of
- (a) any liabilities (as shown on the Company's or such Restricted Subsidiary's most recent balance sheet or in the notes thereto) of the Company or such Restricted Subsidiary, other than liabilities that are by their terms subordinated to the senior notes, that are assumed by the transferee of any such assets (or a third party on behalf of the transferee) and for which the Company or such Restricted Subsidiary has been validly released by all creditors in writing,
- (b) any securities, notes or other obligations or assets received by the Company or such Restricted Subsidiary from such transferee that are converted by the Company or such Restricted Subsidiary into cash (to the extent of the cash received) within 180 days following the closing of such Asset Sale and
- (c) any Designated Noncash Consideration received by the Company or such Restricted Subsidiary in such Asset Sale having an aggregate fair market value, taken together with all other Designated Noncash Consideration received pursuant to this clause (c) that is at that time outstanding, not to exceed the greater of (x) \$125.0 million and (y) 1.75% of Total Assets at the time of the receipt of such Designated Noncash Consideration, with the fair market value of each item of Designated Noncash Consideration being measured at the time received and without giving effect to subsequent changes in value, shall be deemed to be cash for purposes of this provision and for no other purpose.

Within 450 days after any of the Company's or any Restricted Subsidiary's receipt of the Net Proceeds of any Asset Sale, the Company or such Restricted Subsidiary may, at its option, apply the Net Proceeds from such Asset Sale:

- (1) to permanently reduce
- (x) Obligations under any Senior Indebtedness of the Company or any Subsidiary Guarantor and, in the case of Obligations under revolving credit facilities or other similar Indebtedness, to correspondingly permanently reduce commitments with respect thereto (other than Obligations owed to the Company or a Restricted Subsidiary);

provided that if the Company or any Restricted Subsidiary shall so reduce Obligations under any Senior Indebtedness that is not Secured Indebtedness, the Company or such Subsidiary Guarantor will, equally and ratably, reduce Obligations under the senior notes by, at its option, (A) redeeming senior notes if the senior notes are then redeemable as provided under Optional Redemption (B) making an offer (in accordance with the procedures set forth below for an Asset Sale Offer) to all Holders to purchase their senior notes at 100% of the principal amount thereof, plus the amount of accrued and unpaid interest and Additional Interest, if any, on the principal amount of senior notes to be repurchased or (C) purchasing senior notes through open market purchases (to the extent such purchases are at a price equal to or higher than 100% of the principal amount thereof) in a manner that complies with the Senior Indenture and applicable securities law; or

(y) Indebtedness of a Restricted Subsidiary that is not a Subsidiary Guarantor, other than Indebtedness owed to the Company or another Restricted Subsidiary; or

(2) to an investment in (a) any one or more businesses; provided that such investment in any business is in the form of the acquisition of Capital Stock and results in the Company or any Restricted Subsidiary owning an amount of the Capital Stock of such business such that it constitutes a Restricted Subsidiary, (b) properties,

Table of Contents

(c) capital expenditures and (d) acquisitions of other assets, that in each of (a), (b), (c) and (d), are used or useful in a Similar Business or replace the businesses, properties and assets that are the subject of such Asset Sale.

Any Net Proceeds from the Asset Sale that are not invested or applied in accordance with the preceding paragraph within 450 days from the date of the receipt of such Net Proceeds will be deemed to constitute Excess Proceeds ; provided that if during such 450-day period the Company or a Restricted Subsidiary enters into a definitive binding agreement committing it to apply such Net Proceeds in accordance with the requirements of clause (2) of the immediately preceding paragraph after such 450th day, such 450-day period will be extended with respect to the amount of Net Proceeds so committed until such Net Proceeds are required to be applied in accordance with such agreement (but such extension will in no event be for a period longer than 180 days) (or, if earlier, the date of termination of such agreement). When the aggregate amount of Excess Proceeds exceeds \$45.0 million, the Company shall make an offer to all Holders and, if required by the terms of any Senior Indebtedness, to the holders of such Senior Indebtedness (other than with respect to Hedging Obligations) (an Asset Sale Offer), to purchase the maximum aggregate principal amount of senior notes and such Senior Indebtedness that is an integral multiple of \$1,000 that may be purchased out of the Excess Proceeds at an offer price in cash in an amount equal to 100% of the principal amount thereof, plus accrued and unpaid interest and Additional Interest, if any, to the date fixed for the closing of such offer, in accordance with the procedures set forth in the Senior Indenture. The Company will commence an Asset Sale Offer with respect to Excess Proceeds within ten Business Days after the date that Excess Proceeds exceed \$45.0 million by mailing the notice required pursuant to the terms of the Senior Indenture, with a copy to the Trustee. The Company may satisfy the foregoing obligations with respect to any Net Proceeds from an Asset Sale by making an Asset Sale Offer with respect to such Net Proceeds prior to the expiration of the relevant 450 days or with respect to Excess Proceeds of \$45.0 million or less.

To the extent that the aggregate amount of senior notes and such Senior Indebtedness tendered pursuant to an Asset Sale Offer is less than the Excess Proceeds, the Company may use any remaining Excess Proceeds for general corporate purposes, subject to the other covenants contained in the Senior Indenture. If the aggregate principal amount of senior notes or the Senior Indebtedness surrendered by such holders thereof exceeds the amount of Excess Proceeds, the Company shall select or cause to be selected the senior notes and such Senior Indebtedness to be purchased on a pro rata basis based on the accreted value or principal amount of the senior notes or such Senior Indebtedness tendered. Upon completion of any such Asset Sale Offer, the amount of Excess Proceeds related to such Asset Sale Offer shall be reset at zero.

Pending the final application of any Net Proceeds pursuant to this covenant, the Company or the applicable Restricted Subsidiary may apply such Net Proceeds temporarily to reduce Indebtedness outstanding under a revolving credit facility or otherwise invest such Net Proceeds in any manner not prohibited by the Senior Indenture.

The Company will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws or regulations are applicable in connection with the repurchase of senior notes pursuant to an Asset Sale Offer. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the Senior Indenture, the Company will comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations described in the Senior Indenture by virtue thereof.

The Senior Credit Facilities will limit (in each case, subject to limited exceptions), and future credit agreements or other agreements to which the Company becomes a party may limit or prohibit, the Company from purchasing any senior notes as a result of an Asset Sale Offer. In the event the Company is required to make an Asset Sale Offer at a time when the Company is prohibited from purchasing the senior notes, the Company could seek the consent of its lenders to permit the purchase of the senior notes or could attempt to refinance the borrowings that contain such prohibition. If the Company does not obtain such consent or repay such borrowings, the Company will remain prohibited from purchasing the senior notes. In such case, the Company's failure to purchase tendered senior notes would constitute an Event of Default under the Senior Indenture.

The provisions under the Senior Indenture relative to the Company's obligation to make an offer to repurchase the senior notes as a result of an Asset Sale may be waived or modified with the written consent of the Holders of a majority in principal amount of the senior notes.

The principal amount of any **Indebtedness** incurred to extend, replace, refund, refinance, renew or defease other **Indebtedness**, if incurred in a different currency from the **Indebtedness** being extended, replaced, refunded, refinanced, renewed or defeased, shall be calculated based on the currency exchange rate applicable to the currencies in which such respective **Indebtedness** is denominated that is in effect on the date of such extension, replacement, refunding, refinancing, renewal or defeasance.

shall apply, shall have by supplemental indenture confirmed that its Guarantee shall apply to such Person's obligations under the Senior Indenture and the senior notes; and

(6) the Company shall have delivered to the Trustee an Officers' Certificate and an opinion of counsel, each stating that such consolidation, merger or transfer and such supplemental indentures, if any, comply with the Senior Indenture.

Subject to certain limitations described in the Senior Indenture, the Successor Company will succeed to, and be substituted for, the Company under the Senior Indenture and the senior notes. Notwithstanding the foregoing clauses (3) and (4),

(a) any Restricted Subsidiary may consolidate with, merge into or transfer all or part of its properties and assets to, the Company and

(b) the Company may merge with an Affiliate of the Company incorporated solely for the purpose of reincorporating the Company in another state of the United States of America so long as the amount of Indebtedness of the Company and the Restricted Subsidiaries is not increased thereby.

Subject to certain limitations described in the Senior Indenture governing release of a Subsidiary Guarantee upon the sale, disposition or transfer of a Subsidiary Guarantor, each Subsidiary Guarantor will not, and the Company will not permit any Subsidiary Guarantor to, consolidate or merge with or into or wind up into (whether or not such Subsidiary Guarantor is the surviving corporation), or sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of its properties or assets in one or more related transactions to, any Person unless

(A) (1) such Subsidiary Guarantor is the surviving corporation or the Person formed by or surviving any such consolidation or merger (if other than such Subsidiary Guarantor) or to which such sale, assignment, transfer, lease, conveyance or other disposition will have been made is a corporation organized or existing under the laws of the United States of America, any state thereof, the District of Columbia, or any territory thereof (such Subsidiary Guarantor or such Person, as the case may be, being herein called the Successor Person);

(2) the Successor Person, if other than such Subsidiary Guarantor, expressly assumes all the obligations of such Subsidiary Guarantor under the Senior Indenture and such Subsidiary Guarantor's Subsidiary Guarantee, pursuant to supplemental indentures or other documents or instruments in form reasonably satisfactory to the Trustee;

(3) immediately after such transaction, no Default exists; and

(4) the Company shall have delivered to the Trustee an Officers Certificate and an opinion of counsel, each stating that such consolidation, merger or transfer and such supplemental indentures, if any, comply with the Senior Indenture; or

(B) the transaction is made in compliance with the covenant described under Repurchase at the Option of Holders Asset Sales .

Subject to certain limitations described in the Senior Indenture, the Successor Person will succeed to, and be substituted for, such Subsidiary Guarantor under the Senior Indenture and such Subsidiary Guarantor s Subsidiary Guarantee. Notwithstanding the foregoing, any Subsidiary Guarantor may merge into or transfer all or part of its properties and assets to another Subsidiary Guarantor or the Company.

Holdings will not consolidate or merge with or into or wind up into (whether or not Holdings is the surviving corporation), or sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of its properties or assets in one or more related transactions to, any Person unless:

(1) Holdings is the surviving corporation or the Person formed by or surviving any such consolidation or merger (if other than Holdings) or to which such sale, assignment, transfer, lease, conveyance or other disposition

Table of Contents

will have been made is a corporation organized or existing under the laws of the United States of America, any state thereof, the District of Columbia, or any territory thereof (Holdings or such Person, as the case may be, being herein called the Successor Holdings Guarantor) ;

(2) the Successor Holdings Guarantor, if other than Holdings, expressly assumes all the obligations of Holdings under the Senior Indenture and the Guarantee of Holdings, pursuant to supplemental indentures or other documents or instruments in form reasonably satisfactory to the Trustee;

(3) immediately after such transaction, no Event of Default or payment Default exists; and

(4) the Company shall have delivered to the Trustee an Officers Certificate and an opinion of counsel, each stating that such consolidation, merger or transfer and such supplemental indentures, if any, comply with the Senior Indenture.

Subject to certain limitations described in the Senior Indenture, the Successor Holdings Guarantor will succeed to, and be substituted for, Holdings under the Senior Indenture and the Guarantee of Holdings. Notwithstanding the foregoing, Holdings may merge into or transfer all or part of its properties and assets to a Subsidiary Guarantor or the Company, and Holdings may merge with an Affiliate of the Company incorporated solely for the purpose of reincorporating Holdings in another state of the United States of America so long as the amount of Indebtedness of Holdings, the Company and the Restricted Subsidiaries is not increased thereby.

Notwithstanding the foregoing, the Merger will be permitted without compliance with this Merger, Consolidation or Sale of All or Substantially All Assets covenant.

For purposes of this covenant, the sale, lease, conveyance, assignment, transfer or other disposition of all or substantially all of the properties and assets of one or more Subsidiaries of the Company or Holdings, as applicable, which properties and assets, if held by the Company or Holdings, as applicable, instead of such Subsidiaries, would constitute all or substantially all of the properties and assets of the Company and its Subsidiaries on a consolidated basis or Holdings and its Subsidiaries on a consolidated basis, as applicable, shall be deemed to be the transfer of all or substantially all of the properties and assets of the Company or Holdings, as applicable.

Although there is a limited body of case law interpreting the phrase substantially all , there is no precise established definition of the phrase under applicable law. Accordingly, in certain circumstances there may be a degree of uncertainty as to whether a particular transaction would involve all or substantially all of the properties or assets of a Person.

Edgar Filing: Neiman Marcus, Inc. - Form 424B3

The Company will not permit any of its Wholly-Owned Subsidiaries that are Restricted Subsidiaries (and non-Wholly-Owned Subsidiaries if such non-Wholly-Owned Subsidiaries guarantee other capital markets debt securities), other than a Subsidiary Guarantor or a Foreign Subsidiary, to guarantee the payment of any Indebtedness of the Company or any other Subsidiary Guarantor unless:

(1) such Restricted Subsidiary within 30 days executes and delivers a supplemental indenture to the Senior Indenture providing for a Subsidiary Guarantee by such Restricted Subsidiary, except that with respect to a guarantee of Indebtedness of the Company or any Subsidiary Guarantor, that is by its express terms subordinated in right of payment to the senior notes or such Subsidiary Guarantor's Subsidiary Guarantee, any such guarantee by such Restricted Subsidiary with respect to such Indebtedness shall be subordinated in right of payment to such Subsidiary Guarantee substantially to the same extent as such Indebtedness is subordinated to the senior notes;

(2) such Restricted Subsidiary waives and will not in any manner whatsoever claim or take the benefit or advantage of, any rights of reimbursement, indemnity or subrogation or any other rights against the Company or any other Restricted Subsidiary as a result of any payment by such Restricted Subsidiary under its Subsidiary Guarantee; and

Designation of Designated Senior Indebtedness

Edgar Filing: Neiman Marcus, Inc. - Form 424B3

The Company shall designate the senior notes to be Designated Senior Indebtedness under the Senior Subordinated Indenture.

Reports and Other Information

Edgar Filing: Neiman Marcus, Inc. - Form 424B3

Whether or not required by the SEC, so long as any senior notes are outstanding, the Company will furnish to the Holders, within the time periods specified in the SEC's rules and regulations for non-accelerated filers:

(1) all quarterly and annual financial information that would be required to be contained in a filing with the SEC on Forms 10-Q and 10-K (or any successor or comparable forms) if the Company were required to file such forms, including a Management's Discussion and Analysis of Financial Condition and Results of Operations and, with respect to the annual information only, a report on the annual financial statements by the Company's certified independent accountants; and

(2) all current reports that would be required to be filed with the SEC on Form 8-K if the Company were required to file such reports.

In addition, whether or not required by the SEC, the Company will file a copy of all of the information and reports referred to in clause (1) and (2) above with the SEC for public availability within the time periods specified in the SEC's rules and regulations (unless the SEC will not accept such a filing) and make such information available to securities analysts and prospective investors upon request. In addition, the Company has agreed that, for so long as any senior notes remain outstanding, it will furnish to Holders and to securities analysts and prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

In addition, for so long as Holdings is a Guarantor under the Senior Subordinated Indenture or if at any time any other direct or indirect parent company of the Company is a guarantor of the senior notes, the reports, information and other documents required to be filed and furnished to the Holders pursuant to this covenant may, at the option of the Company, be filed by and be those of Holdings or such other parent rather than the Company; provided that the same is accompanied by consolidating information that explains in reasonable detail the differences between the information relating to Holdings or such other parent, on the one hand, and the information relating to the Company and its Restricted Subsidiaries on a standalone basis, on the other hand.

Notwithstanding the foregoing, such requirements shall be deemed satisfied prior to the commencement of the Registered Exchange Offer (as defined in the Registration Rights Agreement) or the effectiveness of the Shelf Registration Statement (as defined in the Registration Rights Agreement) by the filing with the SEC of the Exchange Offer Registration Statement (as defined in the Registration Rights Agreement) or Shelf Registration Statement, and any amendments thereto, with such financial information that satisfies Regulation S-X of the Securities Act.

- (4) amend the provisions of the Senior Subordinated Indenture that relate to subordination.

Obligations of the Company and the Restricted Subsidiaries Relating to Kate Spade

Edgar Filing: Neiman Marcus, Inc. - Form 424B3

In the event that Kate Spade sells, conveys, transfers or otherwise disposes all or substantially all of its properties or assets in one or more related transactions, the Company shall, subject to its fiduciary duties to the holders of minority Equity Interests in Kate Spade and subject to any other obligations in the organizational documents of Kate Spade or other agreements with Kate Spade or holders of its Equity Interests (in each case, as in effect on the Issue Date), exercise its rights and powers as a controlling holder of Equity Interests in Kate Spade to cause Kate Spade to distribute to the Company its pro rata share of the net proceeds of such sale, conveyance, transfer or other disposition, the Company will apply such proceeds in accordance with the covenant described under Repurchase at the Option of Holders Asset Sales and such proceeds will constitute Net Proceeds thereunder. In addition, the Company will, and will cause its Restricted Subsidiaries to, apply the amount of any other Extraordinary Distribution in accordance with the covenant described under Repurchase at the Option of Holders Asset Sales and such amount will constitute Net Proceeds thereunder. Furthermore, the Company, in its capacity as a holder of Equity Interests in Kate Spade, will not, and will cause its Restricted Subsidiaries not to, waive any of its rights to receive dividends, distributions or other payments from Kate Spade or consent to an amendment of Kate Spade's organizational documents or other agreements that would restrict Kate Spade's ability to make any such distributions.

Events of Default and Remedies

Edgar Filing: Neiman Marcus, Inc. - Form 424B3

The following events constitute Events of Default under the Senior Indenture:

- (1) default in payment when due and payable, upon redemption, acceleration or otherwise, of payments of principal of, or premium, if any, on the senior notes issued under the Senior Indenture;

- (2) default for 30 days or more in the payment when due of interest on or with respect to the senior notes issued under the Senior Indenture;

- (3) failure by the Company, Holdings or any Subsidiary Guarantor for 60 days after receipt of written notice given by the Trustee or the Holders of at least 30% in principal amount of the then outstanding senior notes issued under the Senior Indenture to comply with any of its other agreements in the Senior Indenture or the senior notes;

- (4) default under any mortgage, indenture or instrument under which there is issued or by which there is secured or evidenced any Indebtedness for money borrowed by the Company or any Restricted Subsidiary or the payment of which is guaranteed by the Company or any Restricted Subsidiary, other than Indebtedness owed to the Company or a Restricted Subsidiary, whether such Indebtedness or guarantee now exists or is created after the issuance of the senior notes, if both
 - (A) such default either
 - (i) results from the failure to pay any principal of such Indebtedness at its stated final maturity (after giving effect to any applicable grace periods) or

Table of Contents

(ii) relates to an obligation other than the obligation to pay principal of any such Indebtedness at its stated final maturity and results in the holder or holders of such Indebtedness causing such Indebtedness to become due prior to its stated maturity and

(B) the principal amount of such Indebtedness, together with the principal amount of any other such Indebtedness in default for failure to pay principal at stated final maturity (after giving effect to any applicable grace periods), or the maturity of which has been so accelerated, aggregate \$50.0 million or more at any one time outstanding;

(5) failure by the Company or any Significant Subsidiary (or any group of Subsidiaries that together would constitute a Significant Subsidiary) to pay final judgments aggregating in excess of \$50.0 million, which final judgments remain unpaid, undischarged and unstayed for a period of more than 60 days after such judgment becomes final, and in the event such judgment is covered by insurance, an enforcement proceeding has been commenced by any creditor upon such judgment or decree which is not promptly stayed;

(6) certain events of bankruptcy or insolvency with respect to the Company or any Significant Subsidiary (or any group of Subsidiaries that together would constitute a Significant Subsidiary); or

(7) the Guarantee of any Significant Subsidiary (or any group of Subsidiaries that together would constitute a Significant Subsidiary) shall for any reason cease to be in full force and effect or be declared null and void or any responsible officer of any Subsidiary Guarantor that is a Significant Subsidiary (or the responsible officers of any group of Subsidiaries that together would constitute a Significant Subsidiary), as the case may be, denies that it has any further liability under its Guarantee or gives notice to such effect, other than by reason of the termination of the Senior Indenture or the release of any such Subsidiary Guarantee in accordance with the Senior Indenture.

If any Event of Default (other than of a type specified in clause (6) above) occurs and is continuing under the Senior Indenture, the Trustee or the Holders of at least 30% in principal amount of the then outstanding senior notes issued under the Senior Indenture may declare the principal, premium, if any, interest and any other monetary obligations on all the then outstanding senior notes issued under the Senior Indenture to be due and payable immediately.

Upon the effectiveness of such declaration, such principal of and premium, if any, and interest on the senior notes will be due and payable immediately. Notwithstanding the foregoing, in the case of an Event of Default arising under clause (6) of the first paragraph of this section, all outstanding senior notes will become due and payable without further action or notice. The Senior Indenture provides that the Trustee may withhold from Holders notice of any continuing Default, except a Default relating to the payment of principal of and premium, if any, and interest on the senior notes if it determines that withholding notice is in their interest. In addition, the Trustee will have no obligation to accelerate the senior notes if in the best judgment of the Trustee acceleration is not in the best interest of the Holders of such senior notes.

Edgar Filing: Neiman Marcus, Inc. - Form 424B3

The Senior Indenture provides that the Holders of a majority in aggregate principal amount of the then outstanding senior notes issued thereunder by notice to the Trustee may, on behalf of the Holders of all of such senior notes, waive any existing Default and its consequences under the Senior Indenture, except a continuing Default in the payment of principal of and premium, if any, or interest on any such senior notes held by a non-consenting Holder. In the event of any Event of Default specified in clause (4) above, such Event of Default and all consequences thereof (excluding any resulting payment default) shall be annulled, waived and rescinded automatically and without any action by the Trustee or the Holders if, within 20 days after such Event of Default arose,

- (x) the Indebtedness or guarantee that is the basis for such Event of Default has been discharged,

- (y) the holders thereof have rescinded or waived the acceleration, notice or action (as the case may be) giving rise to such Event of Default or

Table of Contents

(z) the default that is the basis for such Event of Default has been cured.

Except to enforce the right to receive payments of principal of and premium, if any, and interest on the senior notes when due, no Holder may pursue any remedy with respect to the Senior Indenture or the senior notes unless:

- (1) such Holder has previously given the Trustee notice that an Event of Default is continuing;
- (2) Holders of at least 30% in principal amount of the then outstanding senior notes have requested the Trustee to pursue the remedy;
- (3) such Holders have offered the Trustee reasonable security or indemnity against any loss, liability or expense;
- (4) the Trustee has not complied with such request within 60 days after the receipt thereof and the offer of security or indemnity; and
- (5) Holders of a majority in principal amount of the outstanding senior notes have not given the Trustee a direction inconsistent with such request within such 60-day period.

The Senior Indenture provides that the Company is required to deliver to the Trustee annually a statement regarding compliance with the Senior Indenture, and the Company is required, within five Business Days, upon becoming aware of any Default, to deliver to the Trustee a statement specifying such Default.

No Personal Liability of Directors, Officers, Employees and Stockholders

Edgar Filing: Neiman Marcus, Inc. - Form 424B3

No director, officer, employee, incorporator or stockholder of the Company or any Subsidiary Guarantor (other than in the case of stockholders of any Subsidiary Guarantor, the Company or another Subsidiary Guarantor or in the case of stockholders of the Company, Holdings) or any of their parent companies shall have any liability for any obligations of the Company, Holdings or the Subsidiary Guarantors under the senior notes, the Guarantees and the Senior Indenture or for any claim based on, in respect of, or by reason of such obligations or their creation. Each Holder by accepting a senior note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the senior notes. Such waiver may not be effective to waive liabilities under the Federal securities laws and it is the view of the SEC that such a waiver is against public policy.

Legal Defeasance and Covenant Defeasance

Edgar Filing: Neiman Marcus, Inc. - Form 424B3

Most of the obligations of the Company, Holdings and the Subsidiary Guarantors under the Senior Indenture will terminate and will be released upon payment in full of all of the senior notes issued under the Senior Indenture. The Company may, at its option and at any time, elect to have all of its obligations discharged with respect to the senior notes issued under the Senior Indenture and have Holdings' obligation and each Subsidiary Guarantor's obligation discharged with respect to its Guarantee (Legal Defeasance) and cure all then existing Events of Default except for:

- (1) the rights of Holders of senior notes issued under the Senior Indenture to receive payments in respect of the principal of, premium, if any, and interest on such senior notes when such payments are due solely out of the trust created pursuant to the Senior Indenture,
- (2) the Company's obligations with respect to senior notes issued under the Senior Indenture concerning issuing temporary notes, registration of such senior notes, mutilated, destroyed, lost or stolen notes and the maintenance of an office or agency for payment and money for security payments held in trust,
- (3) the rights, powers, trusts, duties and immunities of the Trustee, and the Company's obligations in connection therewith and

Table of Contents

- (4) the Legal Defeasance provisions of the Senior Indenture.

In addition, the Company may, at its option and at any time, elect to have its obligations and those of Holdings and each Subsidiary Guarantor released with respect to certain covenants that are described in the Senior Indenture (Covenant Defeasance) and thereafter any omission to comply with such obligations shall not constitute a Default or Event of Default with respect to the senior notes. In the event Covenant Defeasance occurs, certain events (not including bankruptcy, receivership, rehabilitation and insolvency events pertaining to the Company) described under Events of Default and Remedies will no longer constitute an Event of Default with respect to the senior notes.

In order to exercise either Legal Defeasance or Covenant Defeasance with respect to the senior notes issued under the Senior Indenture:

(1) the Company must irrevocably deposit with the Trustee, in trust, for the benefit of the Holders, cash in U.S. dollars, non-callable Government Securities, or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, premium, if any, and interest due on the senior notes issued under the Senior Indenture on the stated maturity date or on the redemption date, as the case may be, of such principal, premium, if any, or interest on the senior notes;

(2) in the case of Legal Defeasance, the Company shall have delivered to the Trustee an opinion of counsel in the United States of America reasonably acceptable to the Trustee confirming that, subject to customary assumptions and exclusions,

(A) the Company has received from, or there has been published by, the United States Internal Revenue Service a ruling or

(B) since the original issuance of the senior notes, there has been a change in the applicable U.S. Federal income tax law,

in either case to the effect that, and based thereon such opinion of counsel in the United States of America shall confirm that, subject to customary assumptions and exclusions, the Holders will not recognize income, gain or loss for U.S. Federal income tax purposes as a result of such Legal Defeasance and will be subject to U.S. Federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(3) in the case of Covenant Defeasance, the Company shall have delivered to the Trustee an opinion of counsel in the United States of America reasonably acceptable to the Trustee confirming that, subject to customary assumptions

and exclusions, the Holders will not recognize income, gain or loss for U.S. Federal income tax purposes as a result of such Covenant Defeasance and will be subject to such tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(4) no Default (other than that resulting from borrowing funds to be applied to make such deposit and the granting of Liens in connection therewith) shall have occurred and be continuing on the date of such deposit:

(5) such Legal Defeasance or Covenant Defeasance shall not result in a breach or violation of, or constitute a default under any of the Senior Credit Facilities, the Senior Subordinated Indenture, the Existing Indenture, the Senior Subordinated Notes, the Existing 2028 Debentures or any other material agreement or instrument (other than the Senior Indenture) to which, the Company, Holdings or any Subsidiary Guarantor is a party or by which the Company, Holdings or any Subsidiary Guarantor is bound;

The following description is only a summary of the material provisions of the senior subordinated notes and the Senior Subordinated Indenture. We urge you to read the Senior Subordinated Indenture because it, and not this description, defines your rights as a Holder of senior subordinated notes. Copies of the Senior Subordinated Indenture have been filed with the SEC and are incorporated by reference into the registration statement of which this prospectus forms a part.

The Company issued the senior subordinated notes initially with a maximum aggregate principal amount of \$500.0 million (the senior subordinated notes). The Company may issue additional senior subordinated notes under the Senior Subordinated Indenture from time to time after this offering (the Additional Senior Subordinated Notes). Any offering of Additional Senior Subordinated Notes is subject to the covenant described below under Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock. The senior subordinated notes and any Additional Senior Subordinated Notes subsequently issued under the Senior Subordinated Indenture will be treated as a single class for all purposes under the Senior Subordinated Indenture, including waivers, amendments, redemptions and offers to purchase. Unless the context requires otherwise, references to senior subordinated notes for all purposes of the Senior Subordinated Indenture and this Description of Senior Subordinated Notes include any Additional Senior Subordinated Notes that are actually issued.

Interest on the senior subordinated notes will accrue at the rate of $10\frac{3}{8}\%$ per annum, and be payable in cash semi-annually in arrears on each April 15 and October 15 commencing April 15, 2006. The Company will make each interest payment to the Holders of record of the senior subordinated notes on the immediately preceding April 1 and October 1. Interest on the senior subordinated notes will accrue from the most recent date to which interest has been paid or, if no interest has been paid, from the date of issuance of the senior subordinated notes. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months. The senior subordinated notes will mature on October 15, 2015. Additional Interest may accrue on the senior subordinated notes in certain circumstances pursuant to the Registration Rights Agreement as described under Registration Rights. Guarantees

Edgar Filing: Neiman Marcus, Inc. - Form 424B3

Holdings and each direct and indirect Restricted Subsidiary of the Company that is a Domestic Subsidiary and that guarantees the obligations of the Company under the Company's senior Credit Facilities, as primary obligors and not merely as sureties, will jointly and severally irrevocably and unconditionally guarantee, on an unsecured senior subordinated basis, the performance and full and punctual payment when due, whether at maturity, by acceleration or otherwise, of all obligations of the Company under the Senior Subordinated Indenture and the senior subordinated notes, whether for payment of principal of, or interest on or Additional Interest in respect of the senior subordinated notes, expenses, indemnification or otherwise, on the terms set forth in the Senior Subordinated Indenture by executing the Senior Subordinated Indenture. Each Guarantee will be subordinated to any Senior Indebtedness of such Guarantor on the same basis as the senior subordinated notes are subordinated to Senior Indebtedness of the Company. See also Brief Description of the Senior Subordinated Notes and the Guarantees .

Table of Contents

Each Subsidiary Guarantee will contain a provision intended to limit the Subsidiary Guarantor's liability thereunder to the maximum amount that it could incur without causing the incurrence of obligations under its Subsidiary Guarantee to be a fraudulent transfer. This provision may not, however, be effective to protect a Subsidiary Guarantee from being voided under fraudulent transfer law, or may reduce the Subsidiary Guarantor's obligation to an amount that effectively makes its Subsidiary Guarantee worthless. See Risk Factors Federal and state statutes may allow courts, under specific circumstances, to void the notes and the guarantees, subordinate claims in respect of the notes and the guarantees and require note holders to return payments received .

Each Subsidiary Guarantor may consolidate with or merge into or sell all or substantially all its assets to (A) the Company or another Subsidiary Guarantor without limitation or (B) any other Person upon the terms and conditions set forth in the Senior Subordinated Indenture. The Senior Subordinated Indenture will also impose limitations on the ability of Holdings to consolidate with or merge into or sell all or substantially all its assets to another Person. See Certain Covenants Merger, Consolidation or Sale of All or Substantially All Assets .

The Subsidiary Guarantee of a Subsidiary Guarantor will automatically and unconditionally be released and discharged upon:

- (1) (a) the sale, disposition or other transfer (including through merger or consolidation) of all of the Capital Stock (or any sale, disposition or other transfer of Capital Stock following which such Subsidiary Guarantor is no longer a Restricted Subsidiary), or all or substantially all the assets, of such Subsidiary Guarantor (other than a sale, disposition or other transfer to a Restricted Subsidiary) if such sale, disposition or other transfer is made in compliance with the applicable provisions of the Senior Subordinated Indenture;
- (b) the designation by the Company of such Subsidiary Guarantor as an Unrestricted Subsidiary in accordance with the provisions of the Senior Subordinated Indenture set forth under Certain Covenants Limitation on Restricted Payments and the definition of Unrestricted Subsidiary ;
- (c) the release or discharge of such Subsidiary Guarantor from its guarantee of Indebtedness under the Senior Credit Facilities or the guarantee that resulted in the obligation of such Subsidiary Guarantor to guarantee the senior subordinated notes, in each case, if such Subsidiary Guarantor would not then otherwise be required to guarantee the senior subordinated notes pursuant to the covenant described under Certain Covenants Limitation on Guarantees of Indebtedness by Restricted Subsidiaries (treating any guarantees of such Subsidiary Guarantor that remain outstanding as incurred at least 30 days prior to such release), except, in each case, a release or discharge by, or as a result of, payment under such guarantee or payment in full of the Indebtedness under the Senior Credit Facilities; or
- (d) the exercise by the Company of its legal defeasance option or its covenant defeasance option, as described under Legal Defeasance and Covenant Defeasance or if the Company's obligations under the Senior Subordinated Indenture are discharged in accordance with the terms of the Senior Subordinated Indenture; and

(2) in the case of clause (1) (a) above, the release of such Subsidiary Guarantor from its guarantee, if any, of and all pledges and security, if any, granted in connection with, the Senior Credit Facilities, the Senior Notes and any other Indebtedness of the Company or any Restricted Subsidiary.

Ranking

Senior Indebtedness versus Senior Subordinated Notes

Payments of principal of, and premium, if any, and interest on the senior subordinated notes and the payment of any Guarantee will be subordinate in right of payment to the prior payment in full of all Senior Indebtedness of the Company and the Guarantors, including the obligations of the Company and, to the extent applicable, the Guarantors, under the Senior Credit Facilities, the Senior Notes and the Existing 2028 Debentures.

Table of Contents

As of August 2, 2008:

(1) the Company's Senior Indebtedness, including Indebtedness under the Senior Credit Facilities, the Senior Notes and the Existing 2028 Debentures, was approximately \$2,451.9 million (excluding unused commitments), of which \$1,751.9 million, consisting principally of Indebtedness under the Senior Credit Facilities, the Existing 2028 Debentures was Secured Indebtedness and capital lease obligations; and

(2) the Guarantors' Senior Indebtedness, consisting principally of their respective guarantees of Senior Indebtedness of the Company under the Senior Credit Facilities and the Senior Notes, was approximately \$2,326.9 million in the aggregate (excluding unused commitments), of which \$1,626.9 million, consisting principally of their respective guarantees of Senior Indebtedness of the Company under the Senior Credit Facilities, was Secured Indebtedness and capital lease obligations.

We also had at that date approximately \$576.0 million of unused borrowing capacity available under our senior secured asset-based credit facility based on a borrowing base of over \$600.0 million and after giving effect to \$24.0 million used for letters of credit.

Although the Indentures will contain limitations on the amount of additional Indebtedness that the Company and its Restricted Subsidiaries may incur, under certain circumstances the amount of such Indebtedness could be substantial and, in any case, such Indebtedness may be Senior Indebtedness. The Indentures do not limit the amount of additional Indebtedness that Holdings may incur. See Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock .

Liabilities of Subsidiaries versus Senior Subordinated Notes

The Company conducts a significant portion of its operations through its Subsidiaries. Some of the Company's Subsidiaries are not guaranteeing the senior subordinated notes, and Subsidiary Guarantees may be released under certain circumstances, as described under Subsidiary Guarantees . In addition, the Company's future Subsidiaries may not be required to guarantee the senior subordinated notes. Claims of creditors of such non-guarantor Subsidiaries, including trade creditors and creditors holding indebtedness or guarantees issued by such non-guarantor Subsidiaries, and claims of holders of Preferred Stock of such non-guarantor Subsidiaries generally will have priority with respect to the assets and earnings of such non-guarantor Subsidiaries over the claims of the Company's creditors, including Holders, even if the claims do not constitute Senior Indebtedness. Accordingly, the senior subordinated notes will be structurally subordinated to claims of creditors (including trade creditors) and holders of Preferred Stock, if any, of such non-guarantor Subsidiaries.

As of August 2, 2008, the Company's Subsidiaries (other than the Subsidiary Guarantors) had consolidated total liabilities (excluding intercompany liabilities of Subsidiaries that are not Subsidiary Guarantors) of approximately \$0.2 million, including trade payables, and consolidated total assets of \$1.2 million. In addition, for the fiscal year ended August 2, 2008, the Company's Subsidiaries (other than the Subsidiary Guarantors) had no revenues. Although the Senior Subordinated Indenture limits the incurrence of Indebtedness and Preferred Stock by Restricted Subsidiaries, such limitation is subject to a number of significant qualifications. Moreover, the Senior Subordinated Indenture

does not impose any limitation on the incurrence by Restricted Subsidiaries of liabilities that are not considered Indebtedness or Preferred Stock under the Senior Subordinated Indenture, such as trade payables. See Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock .

Other Senior Subordinated Indebtedness versus Senior Subordinated Notes

Only Indebtedness of the Company or a Guarantor that is Senior Indebtedness will rank senior to the senior subordinated notes and the Guarantees in accordance with the provisions of the Senior Subordinated Indenture. The senior subordinated notes and the Guarantees will in all respects rank pari passu with all other Senior Subordinated Indebtedness of the Company and the Guarantors.

Table of Contents

The Company and the Subsidiary Guarantors have agreed in the Senior Subordinated Indenture that they will not incur any Indebtedness that is subordinate or junior in right of payment to their Senior Indebtedness, unless such Indebtedness is Senior Subordinated Indebtedness of the applicable person or is expressly subordinated in right of payment to Senior Subordinated Indebtedness of such person. The Senior Subordinated Indenture does not treat (i) unsecured Indebtedness as subordinated or junior to Secured Indebtedness merely because it is unsecured or (ii) Senior Indebtedness as subordinated or junior to any other Senior Indebtedness merely because it has a junior priority with respect to the same collateral.

Payment of Senior Subordinated Notes

The Company is not permitted to make payments of principal of or premium, if any, or interest on the senior subordinated notes or make any deposit pursuant to the provisions described under *Legal Defeasance and Covenant Defeasance* or *Satisfaction and Discharge* below and may not purchase, redeem or otherwise retire any senior subordinated notes (collectively, *pay the senior subordinated notes*) (except in the form of Permitted Junior Securities) if either of the following occurs (a *Payment Default*):

- (1) any Obligation on any Designated Senior Indebtedness of the Company is not paid in full in cash when due (after giving effect to any applicable grace period); or
- (2) any other default on Designated Senior Indebtedness of the Company occurs and the maturity of such Designated Senior Indebtedness is accelerated in accordance with its terms;

unless, in either case, the Payment Default has been cured or waived and any such acceleration has been rescinded or such Designated Senior Indebtedness has been paid in full in cash. Notwithstanding the foregoing, the Company is permitted to pay the senior subordinated notes if it and the Trustee receive written notice approving such payment from the Representatives of all Designated Senior Indebtedness with respect to which the Payment Default has occurred and is continuing.

During the continuance of any default (other than a Payment Default) with respect to any Designated Senior Indebtedness pursuant to which the maturity thereof may be accelerated without further notice (except such notice as may be required to effect such acceleration) or the expiration of any applicable grace periods, the Company is not permitted to pay the senior subordinated notes (except in the form of Permitted Junior Securities) for a period (a *Payment Blockage Period*) commencing upon the receipt by the Trustee (with a copy to the Company) of written notice (a *Blockage Notice*) of such default from the Representative of such Designated Senior Indebtedness specifying an election to effect a Payment Blockage Period and ending 179 days thereafter. The Payment Blockage Period will end earlier if such Payment Blockage Period is terminated:

- (1) by written notice to the Trustee and the Company from the Person or Persons who gave such Blockage Notice;
- (2) because the default giving rise to such Blockage Notice is cured, waived or otherwise no longer continuing; or

- (3) because such Designated Senior Indebtedness has been discharged or repaid in full in cash.

Notwithstanding the provisions described above, unless the holders of such Designated Senior Indebtedness or the Representative of such Designated Senior Indebtedness have accelerated the maturity of such Designated Senior Indebtedness, the Company is permitted to resume paying the senior subordinated notes after the end of such Payment Blockage Period. The senior subordinated notes shall not be subject to more than one Payment Blockage Period in any consecutive 360-day period irrespective of the number of defaults with respect to Designated Senior Indebtedness during such period; provided that if any Payment Blockage Notice is delivered to the Trustee by or on behalf of the holders of Designated Senior Indebtedness of the Company (other than the holders of Indebtedness under the Senior Credit Facilities), a Representative of holders of Indebtedness under the Senior Credit Facilities may give another Payment Blockage Notice within such period. However, in no event may the total number of days during which any Payment Blockage Period or Periods on the notes is in effect exceed 179 days in the aggregate

Table of Contents

during any consecutive 365-day period, and there must be at least 186 days during any consecutive 365-day period during which no Payment Blockage Period is in effect. Notwithstanding the foregoing, however, no Default that existed or was continuing on the date of delivery of any Blockage Notice to the Trustee will be, or be made, the basis for a subsequent Blockage Notice.

Upon any payment or distribution of the assets of the Company upon a total or partial liquidation or dissolution or reorganization of or similar proceeding relating to the Company or its property:

- (1) the holders of Senior Indebtedness of the Company will be entitled to receive payment in full in cash of such Senior Indebtedness before the Holders are entitled to receive any payment;
- (2) until the Senior Indebtedness of the Company is paid in full in cash, any payment or distribution to which Holders would be entitled but for the subordination provisions of the Senior Subordinated Indenture will be made to holders of such Senior Indebtedness as their interests may appear, except that Holders may receive Permitted Junior Securities; and
- (3) if a distribution is made to Holders that, due to the subordination provisions, should not have been made to them, such Holders are required to hold it in trust for the holders of Senior Indebtedness of the Company and pay it over to them as their interests may appear.

The subordination and payment blockage provisions described above will not prevent a Default from occurring under the Senior Subordinated Indenture upon the failure of the Company to pay interest or principal with respect to the senior subordinated notes when due by their terms. If payment of the senior subordinated notes is accelerated because of an Event of Default, the Company or the Trustee must promptly notify the holders of Designated Senior Indebtedness or the Representative of such Designated Senior Indebtedness of the acceleration. So long as there shall remain outstanding Senior Indebtedness under the Senior Credit Facilities, a Blockage Notice with respect to the Senior Credit Facilities may only be given by the respective administrative agents thereunder unless otherwise agreed to in writing by the respective requisite lenders named in therein. If any Designated Senior Indebtedness is outstanding, neither the Company nor any Guarantor may pay the senior subordinated notes until five Business Days after the Representatives of all the issues of Designated Senior Indebtedness receive notice of such acceleration and, thereafter, may pay the senior subordinated notes only if the Senior Subordinated Indenture otherwise permits payment at that time.

A Guarantor's obligations under its Guarantee are senior subordinated obligations. As such, the rights of Holders to receive payment by a Guarantor pursuant to its Guarantee will be subordinated in right of payment to the rights of holders of Senior Indebtedness of such Guarantor. The terms of the subordination and payment blockage provisions described above with respect to the Company's obligations under the senior subordinated notes apply equally to a Guarantor and the obligations of such Guarantor under its Guarantee.

A Holder by its acceptance of senior subordinated notes agrees to be bound by these subordination provisions and authorizes and expressly directs the Trustee under the Senior Subordinated Indenture, on its behalf, to take such action as may be necessary or appropriate to effectuate

the subordination provided for in the Senior Subordinated Indenture and appoints the Trustee under the Senior Subordinated Indenture its attorney-in-fact for such purpose.

By reason of the subordination provisions contained in the Senior Subordinated Indenture, in the event of a liquidation or insolvency proceeding, creditors of the Company or a Guarantor who are holders of Senior Indebtedness of the Company or such Guarantor, as the case may be, may recover more, ratably, than the Holders, and creditors of the Company or a Guarantor who are not holders of Senior Indebtedness may recover less, ratably, than holders of Senior Indebtedness of the Company or such Guarantor and may recover more, ratably, than the Holders. See Risk Factors The right of holders to receive payments on the senior subordinated notes and the guarantees thereof will be junior to the rights of the lenders under our senior secured credit facilities, the senior notes, the 2028 debentures and to all of our and the guarantors' other senior indebtedness, including any of our or the guarantors' future senior debt .

The terms of the subordination provisions described above will not apply to payments from money or the proceeds of U.S. Government Obligations deposited in trust or with the Trustee, as applicable, for the payment of principal of and interest on the senior subordinated notes pursuant to the provisions described under Legal Defeasance and Covenant Defeasance or Satisfaction and Discharge, if the subordination provisions described in this section were not violated at the time the applicable amounts were deposited in trust or with the Trustee, as applicable, pursuant to such sections.

Mandatory Redemption; Offer to Purchase; Open Market Purchases

The Company is not required to make any mandatory redemption or sinking fund payments with respect to the senior subordinated notes. However, under certain circumstances, the Company may be required to offer to purchase senior subordinated notes as described under Repurchase at the Option of Holders. The Company may from time to time acquire senior subordinated notes by means other than a redemption, whether by tender offer, in open market purchases, through negotiated transactions or otherwise, in accordance with applicable securities laws.

Optional Redemption

Except as described below, the senior subordinated notes are not redeemable at the Company's option prior to October 15, 2010. From and after October 15, 2010, the Company may redeem the senior subordinated notes, in whole or in part, upon not less than 30 nor more than 60 days prior notice at the redemption prices (expressed as percentages of principal amount) set forth below, plus accrued and unpaid interest, and Additional Interest, if any, thereon to the applicable redemption date, subject to the right of Holders on the relevant record date to receive interest due on the relevant interest payment date, if redeemed during the twelve-month period beginning on October 15 of each of the years indicated below:

Year	Percentage
2010	105.188%
2011	103.458%
2012	101.729%
2013 and thereafter	100.000%

Prior to October 15, 2008, the Company may, at its option, redeem up to 35% of the sum of the original aggregate principal amount of senior subordinated notes (and the original principal amount of any Additional Senior Subordinated Notes) issued under the Senior Subordinated Indenture at a redemption price equal to 110.375% of the aggregate principal amount thereof, plus accrued and unpaid interest, and Additional Interest, if any, thereon to the redemption date, subject to the right of Holders on the relevant record date to receive interest due on the relevant interest payment date, with the net cash proceeds of one or more Equity Offerings of the Company or any direct or indirect parent of the Company to the extent such net proceeds are contributed to the Company; provided that:

- at least 50% of the sum of the aggregate principal amount of senior subordinated notes originally issued under the Senior Subordinated Indenture and any Additional Senior Subordinated Notes issued under the Senior Subordinated Indenture after the Issue Date remain outstanding immediately after the occurrence of each such redemption; and

- each such redemption occurs within 90 days of the date of closing of each such Equity Offering.

At any time prior to October 15, 2010, the Company may also redeem all or a part of the senior subordinated notes, upon not less than 30 nor more than 60 days prior notice, at a redemption price equal to 100% of the principal amount of senior subordinated notes redeemed plus the Applicable Premium as of, and accrued and unpaid interest and Additional Interest, if any, to the redemption date, subject to the rights of Holders on the relevant record date to receive interest due on the relevant interest payment date.

Selection and Notice

If the Company is redeeming less than all of the senior subordinated notes at any time, the Trustee will select the senior subordinated notes to be redeemed (a) if the senior subordinated notes are listed on any national securities exchange, in compliance with the requirements of the principal national securities exchange on which such senior subordinated notes are listed or (b) if such senior subordinated notes are not so listed, on a pro rata basis to the extent practicable; provided that no senior subordinated notes of \$2,000 or less shall be redeemed in part.

Notices of redemption shall be mailed by first-class mail, postage prepaid, at least 30 days but not more than 60 days before the redemption date to each Holder at such Holder's registered address, except that notices of redemption may be mailed more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance of the senior subordinated notes or a satisfaction and discharge of the Senior Subordinated Indenture. If any senior subordinated note is to be redeemed in part only, any notice of redemption that relates to such senior subordinated note shall state the portion of the principal amount thereof to be redeemed.

A senior subordinated note in principal amount equal to the unredeemed portion of any senior subordinated note redeemed in part will be issued in the name of the Holder thereof upon cancellation of the original senior subordinated note. Senior subordinated notes called for redemption become due and payable on the date fixed for redemption. On and after the redemption date, unless the Company defaults in the redemption payment, interest shall cease to accrue on the senior subordinated note or portions thereof called for redemption.

Repurchase at the Option of Holders

Change of Control

If a Change of Control occurs, the Company will make an offer to purchase all of the senior subordinated notes pursuant to the offer described below (the *Change of Control Offer*) at a price in cash (the *Change of Control Payment*) equal to 101% of the aggregate principal amount thereof plus accrued and unpaid interest, and Additional Interest, if any, to the date of purchase, subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date. Within 30 days following any Change of Control, the Company will send notice of such Change of Control Offer by first class mail, with a copy to the Trustee, to each Holder to the address of such Holder appearing in the security register with a copy to the Trustee, with the following information:

- (1) a Change of Control Offer is being made pursuant to the covenant entitled *Change of Control*, and all senior subordinated notes properly tendered pursuant to such Change of Control Offer will be accepted for payment;
- (2) the purchase price and the purchase date, which will be no earlier than 30 days nor later than 60 days from the date such notice is mailed (the *Change of Control Payment Date*);

(3) any senior subordinated note not properly tendered will remain outstanding and continue to accrue interest;
(4) unless the Company defaults in the payment of the Change of Control Payment, all senior subordinated notes accepted for payment pursuant to the Change of Control Offer will cease to accrue interest on the Change of Control Payment Date;

(4) Holders electing to have any senior subordinated notes purchased pursuant to a Change of Control Offer will be required to surrender the senior subordinated notes, with the form entitled "Option of Holder to Elect Purchase" on the reverse of the senior subordinated notes completed, to the paying agent specified in the notice at the address specified in the notice prior to the close of business on the third Business Day preceding the Change of Control Payment Date;

(5) Holders will be entitled to withdraw their tendered senior subordinated notes and their election to require the Company to purchase such senior subordinated notes; provided that the paying agent receives, not later than the close of business on the last day of the offer period, a telegram, telex, facsimile transmission or letter setting

Table of Contents

forth the name of the Holder, the principal amount of senior subordinated notes tendered for purchase, and a statement that such Holder is withdrawing its tendered senior subordinated notes and its election to have such senior subordinated notes purchased; and

(6) Holders whose senior subordinated notes are being purchased only in part will be issued senior subordinated notes equal in principal amount to the unpurchased portion of the senior subordinated notes surrendered, which unpurchased portion must be equal to \$2,000 or an integral multiple of \$1,000 in excess of \$2,000.

While the senior subordinated notes are in global form and the Company makes an offer to purchase all of the senior subordinated notes pursuant to the Change of Control Offer, a Holder may exercise its option to elect for the purchase of the senior subordinated notes through the facilities of DTC, subject to its rules and regulations.

The Company will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws or regulations are applicable in connection with the repurchase of the senior subordinated notes pursuant to a Change of Control Offer. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the Senior Subordinated Indenture, the Company will comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations described in the Senior Subordinated Indenture by virtue thereof.

On the Change of Control Payment Date, the Company will, to the extent permitted by law,

(1) accept for payment all senior subordinated notes or portions thereof properly tendered pursuant to the Change of Control Offer,

(2) deposit with the paying agent an amount equal to the aggregate Change of Control Payment in respect of all senior subordinated notes or portions thereof so tendered and

(3) deliver, or cause to be delivered, to the Trustee for cancellation the senior subordinated notes so accepted together with an Officers Certificate stating that such senior subordinated notes or portions thereof have been tendered to and purchased by the Company.

The paying agent will promptly mail to each Holder the Change of Control Payment for such senior subordinated notes, and the Trustee will promptly authenticate and mail to each Holder a senior subordinated note equal in principal amount to any unpurchased portion of the senior subordinated notes surrendered, if any; provided that each such senior subordinated note will be in a principal amount of \$2,000 or an integral multiple of \$1,000 in excess of \$2,000. The Company will publicly announce the results of the Change of Control Offer on or as soon as practicable after the Change of Control Payment Date.

The Senior Credit Facilities and Senior Notes will (in each case, subject to limited exceptions), and future credit agreements or other agreements to which the Company becomes a party may, prohibit the Company from purchasing any senior subordinated notes as a result of a Change of Control. In the event a Change of Control occurs at a time when the Company is prohibited from purchasing the senior subordinated notes, the Company could seek the consent of their lenders and noteholders to permit the purchase of the senior subordinated notes or could attempt to refinance the borrowings and notes that contain such prohibition. If the Company does not obtain such consent or repay such borrowings or notes, the Company will remain prohibited from purchasing the senior subordinated notes. In such case, the Company's failure to purchase tendered senior subordinated notes would constitute an Event of Default under the Senior Subordinated Indenture. If, as a result thereof, a default occurs with respect to any Senior Indebtedness, the subordination provisions in the Senior Subordinated Indenture would restrict payment to the Holders under certain circumstances.

The Revolving Credit Facility will provide that certain change of control events with respect to the Company (including a Change of Control under the Senior Subordinated Indenture) would constitute a default thereunder. If the Company experiences a change of control that triggers a default under the Revolving Credit Facility or cross-defaults under any other Indebtedness, the Company could seek a waiver of such defaults or seek to

Table of Contents

refinance the Indebtedness outstanding under the Revolving Credit Facility and such other Indebtedness. In the event the Company does not obtain such a waiver or refinance the Indebtedness outstanding under the Revolving Credit Facility and such other Indebtedness, such defaults could result in amounts outstanding under the Revolving Credit Facility and such other Indebtedness being declared due and payable. The Company's ability to pay cash to the Holders following the occurrence of a Change of Control may be limited by its then existing financial resources. Therefore, sufficient funds may not be available when necessary to make any required repurchases.

The Company will not be required to make a Change of Control Offer following a Change of Control if a third party makes the Change of Control Offer in the manner, at the time and otherwise in compliance with the requirements set forth in the Senior Subordinated Indenture applicable to a Change of Control Offer made by the Company and purchases all senior subordinated notes validly tendered and not withdrawn under such Change of Control Offer. A Change of Control Offer may be made in advance of a Change of Control, conditional upon such Change of Control, if a definitive agreement is in place for the Change of Control at the time of making of the Change of Control Offer.

The Change of Control purchase feature of the senior subordinated notes may in certain circumstances make more difficult or discourage a sale or takeover of the Company and, thus, the removal of incumbent management. The Change of Control purchase feature is a result of negotiations between the Company and the Initial Purchasers. We have no present intention to engage in a transaction involving a Change of Control, although it is possible that we could decide to do so in the future. Subject to the limitations discussed below, we could, in the future, enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control under the Senior Subordinated Indenture, but that could increase the amount of indebtedness outstanding at such time or otherwise affect our capital structure or credit ratings. Restrictions on our ability to incur additional Indebtedness are contained in the covenant described under Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock. Such restrictions can be waived with the consent of the holders of a majority in principal amount of the senior subordinated notes then outstanding. Except for the limitations contained in such covenant, however, the Senior Subordinated Indenture will not contain any covenants or provisions that may afford Holders protection in the event of a highly leveraged transaction.

The definition of Change of Control includes a disposition of all or substantially all of the assets of the Company to any Person. Although there is a limited body of case law interpreting the phrase substantially all, there is no precise established definition of the phrase under applicable law. Accordingly, in certain circumstances there may be a degree of uncertainty as to whether a particular transaction would involve a disposition of all or substantially all of the assets of the Company. As a result, it may be unclear as to whether a Change of Control has occurred and whether a Holder may require the Company to make an offer to repurchase the senior subordinated notes as described above.

The provisions under the Senior Subordinated Indenture relative to the Company's obligation to make an offer to repurchase the senior subordinated notes as a result of a Change of Control may be waived or modified with the written consent of the Holders of a majority in principal amount of the senior subordinated notes.

Asset Sales

The Senior Subordinated Indenture provides that the Company will not, and will not permit any Restricted Subsidiary to, cause, make or suffer to exist an Asset Sale, unless:

(1) the Company or such Restricted Subsidiary, as the case may be, receives consideration at the time of such Asset Sale at least equal to the fair market value (as determined in good faith by the Company) of the assets sold or otherwise disposed of; and

(2) except in the case of a Permitted Asset Swap, at least 75% of the consideration therefor received by the Company or such Restricted Subsidiary, as the case may be, is in the form of cash or Cash Equivalents; provided that the amount of

(a) any liabilities (as shown on the Company's or such Restricted Subsidiary's most recent balance sheet or in the notes thereto) of the Company or such Restricted Subsidiary, other than liabilities that are by their terms subordinated to the senior subordinated notes, that are assumed by the transferee of any such assets (or a third party on behalf of the transferee) and for which the Company or such Restricted Subsidiary has been validly released by all creditors in writing,

(b) any securities, notes or other obligations or assets received by the Company or such Restricted Subsidiary from such transferee that are converted by the Company or such Restricted Subsidiary into cash (to the extent of the cash received) within 180 days following the closing of such Asset Sale and

(c) any Designated Noncash Consideration received by the Company or such Restricted Subsidiary in such Asset Sale having an aggregate fair market value, taken together with all other Designated Noncash Consideration received pursuant to this clause (c) that is at that time outstanding, not to exceed the greater of (x) \$125.0 million and (y) 1.75% of Total Assets at the time of the receipt of such Designated Noncash Consideration, with the fair market value of each item of Designated Noncash Consideration being measured at the time received and without giving effect to subsequent changes in value,

shall be deemed to be cash for purposes of this provision and for no other purpose.

Within 450 days after any of the Company's or any Restricted Subsidiary's receipt of the Net Proceeds of any Asset Sale, the Company or such Restricted Subsidiary may, at its option, apply the Net Proceeds from such Asset Sale:

(1) to permanently reduce

(x) Obligations under any Senior Indebtedness, the senior subordinated notes or any other Senior Subordinated Indebtedness, in each case, of the Company or any Subsidiary Guarantor and, in the case of Obligations under revolving credit facilities or other similar Indebtedness, to correspondingly permanently reduce commitments with respect thereto (other than Obligations owed to the Company or a Restricted Subsidiary); provided that if the Company or any Restricted Subsidiary shall so reduce Obligations under any Senior Subordinated Indebtedness, the Company or such Subsidiary Guarantor will, equally and ratably, reduce Obligations under the senior subordinated notes by, at its option, (A) redeeming senior subordinated notes if the senior subordinated notes are then redeemable as provided under Optional Redemption (B) making an offer (in accordance with the procedures set forth below for an Asset Sale Offer) to all Holders to purchase their senior subordinated notes at 100% of the principal amount thereof, plus the amount of accrued and unpaid interest and Additional Interest, if any, on the principal amount of senior subordinated notes to be repurchased or (C) purchasing senior subordinated notes through open market purchases (to the extent such purchases are at a price equal to or higher than 100% of the principal amount thereof) in a manner that

complies with the Senior Subordinated Indenture and applicable securities law; or

(y) Indebtedness of a Restricted Subsidiary that is not a Subsidiary Guarantor, other than Indebtedness owed to the Company or another Restricted Subsidiary; or

(2) to an investment in (a) any one or more businesses; provided that such investment in any business is in the form of the acquisition of Capital Stock and results in the Company or any Restricted Subsidiary owning an amount of the Capital Stock of such business such that it constitutes a Restricted Subsidiary, (b) properties, (c) capital expenditures and (d) acquisitions of other assets, that in each of (a), (b), (c) and (d), are used or useful in a Similar Business or replace the businesses, properties and assets that are the subject of such Asset Sale.

Table of Contents

Any Net Proceeds from the Asset Sale that are not invested or applied in accordance with the preceding paragraph within 450 days from the date of the receipt of such Net Proceeds will be deemed to constitute Excess Proceeds ; provided that if during such 450-day period the Company or a Restricted Subsidiary enters into a definitive binding agreement committing it to apply such Net Proceeds in accordance with the requirements of clause (2) of the immediately preceding paragraph after such 450th day, such 450-day period will be extended with respect to the amount of Net Proceeds so committed until such Net Proceeds are required to be applied in accordance with such agreement (but such extension will in no event be for a period longer than 180 days) (or, if earlier, the date of termination of such agreement). When the aggregate amount of Excess Proceeds exceeds \$45.0 million, the Company shall make an offer to all Holders and, if required by the terms of any Senior Subordinated Indebtedness, to the holders of such Senior Subordinated Indebtedness (other than with respect to Hedging Obligations) (an Asset Sale Offer), to purchase the maximum aggregate principal amount of senior subordinated notes and such Senior Subordinated Indebtedness that is an integral multiple of \$1,000 that may be purchased out of the Excess Proceeds at an offer price in cash in an amount equal to 100%, of the principal amount thereof, plus accrued and unpaid interest and Additional Interest, if any, to the date fixed for the closing of such offer, in accordance with the procedures set forth in the Senior Subordinated Indenture. The Company will commence an Asset Sale Offer with respect to Excess Proceeds within ten Business Days after the date that Excess Proceeds exceed \$45.0 million by mailing the notice required pursuant to the terms of the Senior Subordinated Indenture, with a copy to the Trustee. The Company may satisfy the foregoing obligations with respect to any Net Proceeds from an Asset Sale by making an Asset Sale Offer with respect to such Net Proceeds prior to the expiration of the relevant 450 days or with respect to Excess Proceeds of \$45.0 million or less.

To the extent that the aggregate amount of senior subordinated notes and such Senior Subordinated Indebtedness tendered pursuant to an Asset Sale Offer is less than the Excess Proceeds, the Company may use any remaining Excess Proceeds for general corporate purposes, subject to the other covenants contained in the Senior Subordinated Indenture. If the aggregate principal amount of senior subordinated notes or the Senior Subordinated Indebtedness surrendered by such holders thereof exceeds the amount of Excess Proceeds, the Company shall select or cause to be selected the senior subordinated notes and such Senior Subordinated Indebtedness to be purchased on a pro rata basis based on the accreted value or principal amount of the senior subordinated notes or such Senior Subordinated Indebtedness tendered. Upon completion of any such Asset Sale Offer, the amount of Excess Proceeds related to such Asset Sale Offer shall be reset at zero.

Pending the final application of any Net Proceeds pursuant to this covenant, the Company or the applicable Restricted Subsidiary may apply such Net Proceeds temporarily to reduce Indebtedness outstanding under a revolving credit facility or otherwise invest such Net Proceeds in any manner not prohibited by the Senior Subordinated Indenture.

The Company will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws or regulations are applicable in connection with the repurchase of senior subordinated notes pursuant to an Asset Sale Offer. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the Senior Subordinated Indenture, the Company will comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations described in the Senior Subordinated Indenture by virtue thereof.

The Senior Credit Facilities and Senior Notes will limit (in each case, subject to limited exceptions), and future credit agreements or other agreements to which the Company becomes a party may limit or prohibit, the Company from purchasing any senior subordinated notes as a result of an Asset Sale Offer. In the event the Company is required to make an Asset Sale Offer at a time when the Company is prohibited from purchasing the senior subordinated notes, the Company could seek the consent of its lenders and holders of the Senior Notes to permit the purchase of the senior subordinated notes or could attempt to refinance the borrowings and Senior Notes that contain such prohibition. If the Company does not obtain such consent or repay such borrowings or Senior Notes, the Company will remain prohibited from purchasing the senior subordinated notes. In such case, the Company's failure to purchase tendered senior subordinated notes would constitute an Event of Default under the Senior Subordinated Indenture. If, as a result thereof, a default occurs with respect to any Senior Indebtedness, the subordination provisions in the Senior Subordinated Indenture would restrict payments to the Holders under certain circumstances.

Table of Contents

The provisions under the Senior Subordinated Indenture relative to the Company's obligation to make an offer to repurchase the senior subordinated notes as a result of an Asset Sale may be waived or modified with the written consent of the Holders of a majority in principal amount of the senior subordinated notes.

Certain Covenants

Set forth below are summaries of certain covenants contained in the Senior Subordinated Indenture.

Limitation on Restricted Payments

The Company will not, and will not permit any Restricted Subsidiary to, directly or indirectly:

- (1) declare or pay any dividend or make any distribution on account of the Company's or any Restricted Subsidiary's Equity Interests, including any dividend or distribution payable in connection with any merger or consolidation other than
 - (A) dividends or distributions by the Company payable in Equity Interests (other than Disqualified Stock) of the Company or
 - (B) dividends or distributions by a Restricted Subsidiary so long as, in the case of any dividend or distribution payable on or in respect of any class or series of securities issued by a Restricted Subsidiary other than a Wholly-Owned Subsidiary, the Company or a Restricted Subsidiary receives at least its pro rata share of such dividend or distribution in accordance with its Equity Interests in such class or series of securities;
- (2) purchase, redeem, defease or otherwise acquire or retire for value any Equity Interests of the Company or any direct or indirect parent of the Company, including in connection with any merger or consolidation;
- (3) make any principal payment on, or redeem, repurchase, defease or otherwise acquire or retire for value in each case, prior to any scheduled repayment, sinking fund payment or maturity, any Subordinated Indebtedness, other than

(x) Indebtedness permitted under clauses (i) and (j) of the covenant described under Limitations on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock or

(y) the purchase, repurchase or other acquisition of Subordinated Indebtedness purchased in anticipation of satisfying a sinking fund obligation, principal installment or final maturity, in each case due within one year of the date of purchase, repurchase or acquisition; or

(4) make any Restricted Investment;

(all such payments and other actions set forth in clauses (1) through (4) above being collectively referred to as Restricted Payments), unless, at the time of such Restricted Payment:

(a) no Default shall have occurred and be continuing or would occur as a consequence thereof;

(b) immediately after giving effect to such transaction on a pro forma basis, the Company could incur \$1.00 of additional Indebtedness under the provisions of the first paragraph of the covenant described under Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock ; and

(c) such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by the Company and the Restricted Subsidiaries after the Issue Date pursuant to the first paragraph of this covenant or clauses (1), (2) (with respect to the payment of dividends on Refunding Capital Stock pursuant to clause (b) thereof only), (6)(C), (8) and (12) of the next succeeding paragraph (and excluding, for the avoidance of doubt, all other Restricted Payments made pursuant to the next succeeding paragraph), is less than the sum, without duplication, of

(1) 50%, of the Consolidated Net Income of the Company for the period (taken as one accounting period) from August 1, 2005 to the end of the Company's most recently ended fiscal quarter for which internal financial statements are available at the time of such Restricted Payment, or, in the case such Consolidated Net Income for such period is a deficit, minus 100% of such deficit, provided that if, at the time of a proposed Restricted Payment under the first paragraph of this covenant, the Consolidated Leverage Ratio of the Company is less than 4.50 to 1.00, for purposes of calculating availability of amounts hereunder for such Restricted Payment only, the reference to 50% in this clause (1) above shall be deemed to be 75%, plus

(2) 100% of the aggregate net cash proceeds and the fair market value, as determined in good faith by the Company, of marketable securities or other property received by the Company after the Issue Date (less the amount of such net cash proceeds to the extent such amount has been relied upon to permit the incurrence of Indebtedness, or issuance of Disqualified Stock or Preferred Stock pursuant to clause (v)(ii) of the second paragraph of Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock) from the issue or sale of

(x) Equity Interests of the Company, including Retired Capital Stock (as defined below), but excluding cash proceeds and the fair market value, as determined in good faith by the Company, of marketable securities or other property received from the sale of

(A) Equity Interests to any future, present or former employees, directors, managers or consultants of the Company, any direct or indirect parent company of the Company or any of the Company's Subsidiaries after the Issue Date to the extent such amounts have been applied to Restricted Payments made in accordance with clause (4) of the next succeeding paragraph and

(B) Designated Preferred Stock

outstanding under the Senior Credit Facilities on the Issue Date will be deemed to have been incurred on such date in reliance on the exception in clauses (a) and (b) of the definition of Permitted Debt.

The accrual of interest, the accretion of accreted value and the payment of interest in the form of additional Indebtedness, Disqualified Stock or Preferred Stock will not be deemed to be an incurrence of Indebtedness, Disqualified Stock or Preferred Stock for purposes of this covenant.

For purposes of determining compliance with any U.S. dollar-denominated restriction on the incurrence of Indebtedness, the U.S. dollar-equivalent principal amount of Indebtedness denominated in a foreign currency will be calculated based on the relevant currency exchange rate in effect on the date such Indebtedness was incurred, in the case of term debt, or first committed, in the case of revolving credit debt; provided that if such Indebtedness is incurred to extend, replace, refund, refinance, renew or defease other Indebtedness denominated in a foreign currency, and such extension, replacement, refunding, refinancing, renewal or defeasance would cause the

applicable U.S. dollar-denominated restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such extension, replacement, refunding, refinancing, renewal or defeasance, such U.S. dollar-denominated restriction shall be deemed not to have been exceeded so long as the principal amount of such refinancing Indebtedness does not exceed the principal amount of such Indebtedness being extended, replaced, refunded, refinanced, renewed or defeased.

The principal amount of any Indebtedness incurred to extend, replace, refund, refinance, renew or defease other Indebtedness, if incurred in a different currency from the Indebtedness being extended, replaced, refunded, refinanced, renewed or defeased, shall be calculated based on the currency exchange rate applicable to the currencies in which such respective Indebtedness is denominated that is in effect on the date of such extension, replacement, refunding, refinancing, renewal or defeasance.

Limitation on Layering

The Senior Subordinated Indenture will provide that the Company will not, and will not permit any Subsidiary Guarantor to, directly or indirectly, incur any Indebtedness (including Acquired Debt) that is contractually subordinated or junior in right of payment to any Senior Indebtedness of the Company or any Subsidiary Guarantor, as the case may be, unless such Indebtedness is either:

- (1) pari passu in right of payment with the senior subordinated notes or the Subsidiary Guarantees, as the case may be; or
- (2) expressly subordinated in right of payment to the senior subordinated notes or the Subsidiary Guarantees, as the case may be.

The Senior Subordinated Indenture will not treat (1) unsecured Indebtedness as subordinated or junior to Secured Indebtedness merely because it is unsecured or (2) Senior Indebtedness as subordinated or junior to any other Senior Indebtedness merely because it has a junior priority with respect to the same collateral.

Liens

The Company will not, and will not permit any of the Subsidiary Guarantors to, directly or indirectly, create, incur, assume or suffer to exist any Lien (except Permitted Liens) that secures obligations under any Senior Subordinated Indebtedness or Subordinated Indebtedness on any asset or property of the Company or any Subsidiary Guarantor now owned or hereafter acquired, or any income or profits therefrom, or assign or convey any right to receive income therefrom, unless:

(1) in the case of Liens securing Subordinated Indebtedness, the senior subordinated notes or the applicable Subsidiary Guarantee of a Subsidiary Guarantor, as the case may be, are secured by a Lien on such property or assets that is senior in priority to such Liens; and

(2) in all other cases, the senior subordinated notes or the applicable Subsidiary Guarantee of a Subsidiary Guarantor, as the case may be, are equally and ratably secured; provided that any Lien which is granted to secure the senior subordinated notes under this covenant shall be discharged at the same time as the discharge of the Lien (other than through the exercise of remedies with respect thereto) that gave rise to the obligation to so secure the senior subordinated notes.

Merger, Consolidation or Sale of All or Substantially All Assets

The Company may not consolidate or merge with or into or wind up into (whether or not the Company is the surviving entity), or sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of its properties or assets, in one or more related transactions, to any Person unless:

(1) the Company is the surviving corporation or the Person formed by or surviving any such consolidation or merger (if other than the Company) or to which such sale, assignment, transfer, lease, conveyance

or other disposition shall have been made is a corporation organized or existing under the laws of the United States of America, any state thereof, the District of Columbia, or any territory thereof (the Company or such Person, as the case may be, being herein called the Successor Company);

(2) the Successor Company, if other than the Company, expressly assumes all the obligations of the Company under the Senior Subordinated Indenture and the senior subordinated notes pursuant to supplemental indentures or other documents or instruments in form reasonably satisfactory to the Trustee;

(3) immediately after such transaction, no Default exists;

(4) immediately after giving pro forma effect to such transaction, as if such transaction had occurred at the beginning of the applicable four-quarter period,

(A) the Successor Company would be permitted to incur at least \$1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first sentence of the covenant described under Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock or

(B) the Fixed Charge Coverage Ratio for the Successor Company and the Restricted Subsidiaries on a consolidated basis would be greater than such ratio for the Company and the Restricted Subsidiaries immediately prior to such transaction;

(5) each Guarantor, unless it is the other party to the transactions described above, in which case clause (A)(2) of the second succeeding paragraph or clause (2) of the fourth succeeding paragraph, as applicable, shall apply, shall have by supplemental indenture confirmed that its Guarantee shall apply to such Person's obligations under the Senior Subordinated Indenture and the senior subordinated notes; and

(6) the Company shall have delivered to the Trustee an Officers Certificate and an opinion of counsel, each stating that such consolidation, merger or transfer and such supplemental indentures, if any, comply with the Senior Subordinated Indenture.

Subject to certain limitations described in the Senior Subordinated Indenture, the Successor Company will succeed to, and be substituted for, the Company under the Senior Subordinated Indenture and the senior subordinated notes. Notwithstanding the foregoing clauses (3) and (4),

(a) any Restricted Subsidiary may consolidate with, merge into or transfer all or part of its properties and assets to, the Company and

(b) the Company may merge with an Affiliate of the Company incorporated solely for the purpose of reincorporating the Company in another state of the United States of America so long as the amount of Indebtedness of the Company and the Restricted Subsidiaries is not increased thereby.

Subject to certain limitations described in the Senior Subordinated Indenture governing release of a Subsidiary Guarantee upon the sale, disposition or transfer of a Subsidiary Guarantor, each Subsidiary Guarantor will not, and the Company will not permit any Subsidiary Guarantor to, consolidate or merge with or into or wind up into (whether or not such Subsidiary Guarantor is the surviving corporation), or sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of its properties or assets in one or more related transactions to, any Person unless

(A) (1) such Subsidiary Guarantor is the surviving corporation or the Person formed by or surviving any such consolidation or merger (if other than such Subsidiary Guarantor) or to which such sale, assignment, transfer, lease, conveyance or other disposition will have been made is a corporation organized or existing under the laws of the United States of America, any state thereof, the District of Columbia, or any territory thereof (such Subsidiary Guarantor or such Person, as the case may be, being herein called the Successor Person);

Table of Contents

(2) the Successor Person, if other than such Subsidiary Guarantor, expressly assumes all the obligations of such Subsidiary Guarantor under the Senior Subordinated Indenture and such Subsidiary Guarantor's Subsidiary Guarantee, pursuant to supplemental indentures or other documents or instruments in form reasonably satisfactory to the Trustee;

(3) immediately after such transaction, no Default exists; and

(4) the Company shall have delivered to the Trustee an Officers' Certificate and an opinion of counsel, each stating that such consolidation, merger or transfer and such supplemental indentures, if any, comply with the Senior Subordinated Indenture; or

(B) the transaction is made in compliance with the covenant described under Repurchase at the Option of Holders' Asset Sales .

Subject to certain limitations described in the Senior Subordinated Indenture, the Successor Person will succeed to, and be substituted for, such Subsidiary Guarantor under the Senior Subordinated Indenture and such Subsidiary Guarantor's Subsidiary Guarantee. Notwithstanding the foregoing, any Subsidiary Guarantor may merge into or transfer all or part of its properties and assets to another Subsidiary Guarantor or the Company.

Holdings will not consolidate or merge with or into or wind up into (whether or not Holdings is the surviving corporation), or sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of its properties or assets in one or more related transactions to, any Person unless:

(1) Holdings is the surviving corporation or the Person formed by or surviving any such consolidation or merger (if other than Holdings) or to which such sale, assignment, transfer, lease, conveyance or other disposition will have been made is a corporation organized or existing under the laws of the United States of America, any state thereof, the District of Columbia, or any territory thereof (Holdings or such Person, as the case may be, being herein called the Successor Holdings Guarantor);

(2) the Successor Holdings Guarantor, if other than Holdings, expressly assumes all the obligations of Holdings under the Senior Subordinated Indenture and the Guarantee of Holdings, pursuant to supplemental indentures or other documents or instruments in form reasonably satisfactory to the Trustee;

(3) immediately after such transaction, no Event of Default or payment Default exists; and

(4) the Company shall have delivered to the Trustee an Officers Certificate and an opinion of counsel, each stating that such consolidation, merger or transfer and such supplemental indentures, if any, comply with the Senior Subordinated Indenture.

Subject to certain limitations described in the Senior Subordinated Indenture, the Successor Holdings Guarantor will succeed to, and be substituted for, Holdings under the Senior Subordinated Indenture and the Guarantee of Holdings. Notwithstanding the foregoing, Holdings may merge into or transfer all or part of its properties and assets to a Subsidiary Guarantor or the Company, and Holdings may merge with an Affiliate of the Company incorporated solely for the purpose of reincorporating Holdings in another state of the United States of America so long as the amount of Indebtedness of Holdings, the Company and the Restricted Subsidiaries is not increased thereby.

Notwithstanding the foregoing, the Merger will be permitted without compliance with this Merger, Consolidation or Sale of All or Substantially All Assets covenant.

For purposes of this covenant, the sale, lease, conveyance, assignment, transfer or other disposition of all or substantially all of the properties and assets of one or more Subsidiaries of the Company or Holdings, as applicable, which properties and assets, if held by the Company or Holdings, as applicable, instead of such Subsidiaries, would constitute all or substantially all of the properties and assets of the Company and its Subsidiaries on a consolidated

basis or Holdings and its Subsidiaries on a consolidated basis, as applicable, shall be deemed to be the transfer of all or substantially all of the properties and assets of the Company or Holdings, as applicable.

Although there is a limited body of case law interpreting the phrase substantially all, there is no precise established definition of the phrase under applicable law. Accordingly, in certain circumstances there may be a degree of uncertainty as to whether a particular transaction would involve all or substantially all of the properties or assets of a Person.

The Company will not, and will not permit any Restricted Subsidiary to, make any payment to, or sell, lease, transfer or otherwise dispose of any of its properties or assets to, or purchase any property or assets from, or enter into or make or amend any transaction, contract, agreement, understanding, loan, advance or guarantee with, or for the benefit of, any Affiliate of the Company (each of the foregoing, an Affiliate Transaction) involving aggregate payments or consideration in excess of \$10.0 million, unless

(9) the existence of, or the performance by the Company or any of the Restricted Subsidiaries of its obligations under the terms of, any stockholders agreement or its equivalent (including any registration rights agreement or purchase agreement related thereto) to which it is a party as of the Issue Date and any similar agreements which it may enter into thereafter; provided, however, that the existence of, or the performance by the Company or any Restricted Subsidiary of obligations under any future amendment to any such existing agreement or under any similar agreement entered into after the Issue Date shall only be permitted by this clause (9) to the extent that the terms of any such existing agreement together with all amendments thereto, taken as a whole, or new agreement are not otherwise more disadvantageous to the Holders in any material respect than the terms of the original agreement in effect on the Issue Date as reasonably determined in good faith by the Company;

(10) the Transactions, the Credit Card Sale and the payment of all fees and expenses related to the Transactions and the Credit Card Sale, in each case as disclosed in this prospectus;

favorable terms and (ii) the investment constitutes less than 5.0% of the proposed or outstanding issue amount of such class of securities.

Limitation on Guarantees of Indebtedness by Restricted Subsidiaries

Edgar Filing: Neiman Marcus, Inc. - Form 424B3

The Company will not permit any of its Wholly-Owned Subsidiaries that are Restricted Subsidiaries (and non-Wholly-Owned Subsidiaries if such non-Wholly-Owned Subsidiaries guarantee other capital markets debt securities), other than a Subsidiary Guarantor or a Foreign Subsidiary, to guarantee the payment of any Indebtedness of the Company or any other Subsidiary Guarantor unless:

- (1) such Restricted Subsidiary within 30 days executes and delivers a supplemental indenture to the Senior Subordinated Indenture providing for a Subsidiary Guarantee by such Restricted Subsidiary, except that with respect to a guarantee of Indebtedness of the Company or any Subsidiary Guarantor:
 - (a) if the senior subordinated notes or such Subsidiary Guarantor's Subsidiary Guarantee are subordinated in right of payment to such Indebtedness, the Subsidiary Guarantee under the supplemental indenture shall be subordinated to such Restricted Subsidiary's guarantee with respect to such Indebtedness substantially to the same extent as the senior subordinated notes are subordinated to such Indebtedness; and
 - (b) if such Indebtedness is by its express terms subordinated in right of payment to the senior subordinated notes or such Subsidiary Guarantor's Subsidiary Guarantee, any such guarantee by such Restricted Subsidiary with respect to such Indebtedness shall be subordinated in right of payment to such Subsidiary Guarantee substantially to the same extent as such Indebtedness is subordinated to the senior subordinated notes;
- (2) such Restricted Subsidiary waives and will not in any manner whatsoever claim or take the benefit or advantage of, any rights of reimbursement, indemnity or subrogation or any other rights against the Company or any other Restricted Subsidiary as a result of any payment by such Restricted Subsidiary under its Subsidiary Guarantee; and
- (3) such Restricted Subsidiary shall deliver to the Trustee an opinion of counsel to the effect that:
 - (a) such Subsidiary Guarantee has been duly executed and authorized; and
 - (b) such Subsidiary Guarantee constitutes a valid, binding and enforceable obligation of such Restricted Subsidiary, except insofar as enforcement thereof may be limited by bankruptcy, insolvency or similar laws (including all laws relating to fraudulent transfers) and except insofar as enforcement thereof is subject to general principles of equity;

provided that this covenant shall not be applicable to any guarantee of any Restricted Subsidiary that existed at the time such Person became a Restricted Subsidiary and was not incurred in connection with, or in contemplation of, such Person becoming a Restricted Subsidiary.

Reports and Other Information

Edgar Filing: Neiman Marcus, Inc. - Form 424B3

Whether or not required by the SEC, so long as any senior subordinated notes are outstanding, the Company will furnish to the Holders, within the time periods specified in the SEC's rules and regulations for non-accelerated filers:

(1) all quarterly and annual financial information that would be required to be contained in a filing with the SEC on Forms 10-Q and 10-K (or any successor or comparable forms) if the Company were required to file such forms, including a Management's Discussion and Analysis of Financial Condition and Results of Operations

Table of Contents

and, with respect to the annual information only, a report on the annual financial statements by the Company's certified independent accountants; and

(2) all current reports that would be required to be filed with the SEC on Form 8-K if the Company were required to file such reports.

In addition, whether or not required by the SEC, the Company will file a copy of all of the information and reports referred to in clause (1) and (2) above with the SEC for public availability within the time periods specified in the SEC's rules and regulations (unless the SEC will not accept such a filing) and make such information available to securities analysts and prospective investors upon request. In addition, the Company has agreed that, for so long as any senior subordinated notes remain outstanding, it will furnish to Holders and to securities analysts and prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

In addition, for so long as Holdings is a Guarantor under the Senior Subordinated Indenture or if at any time any other direct or indirect parent company of the Company is a guarantor of the senior subordinated notes, the reports, information and other documents required to be filed and furnished to the Holders pursuant to this covenant may, at the option of the Company, be filed by and be those of Holdings or such other parent, as applicable, rather than the Company; provided that the same is accompanied by consolidating information that explains in reasonable detail the differences between the information relating to Holdings or such other parent, on the one hand, and the information relating to the Company and its Restricted Subsidiaries on a standalone basis, on the other hand.

Notwithstanding the foregoing, such requirements shall be deemed satisfied prior to the commencement of the Registered Exchange Offer (as defined in the Registration Rights Agreement) or the effectiveness of the Shelf Registration Statement (as defined in the Registration Rights Agreement) by the filing with the SEC of the Exchange Offer Registration Statement (as defined in the Registration Rights Agreement) or Shelf Registration Statement, and any amendments thereto, with such financial information that satisfies Regulation S-X of the Securities Act.

Edgar Filing: Neiman Marcus, Inc. - Form 424B3

In the event that Kate Spade sells, conveys, transfers or otherwise disposes all or substantially all of its properties or assets in one or more related transactions, the Company shall, subject to its fiduciary duties to the holders of minority Equity Interests in Kate Spade and subject to any other obligations in the organizational documents of Kate Spade or other agreements with Kate Spade or holders of its Equity Interests (in each case, as in effect on the Issue Date), exercise its rights and powers as a controlling holder of Equity Interests in Kate Spade to cause Kate Spade to distribute to the Company its pro rata share of the net proceeds of such sale, conveyance, transfer or other disposition, the Company will apply such proceeds in accordance with the covenant described under Repurchase at the Option of Holders Asset Sales and such proceeds will constitute Net Proceeds thereunder. In addition, the Company will, and will cause its Restricted Subsidiaries to, apply the amount of any other Extraordinary Distribution in accordance with the covenant described under Repurchase at the Option of Holders Asset Sales and such amount will constitute Net Proceeds thereunder. Furthermore, the Company, in its capacity as a holder of Equity Interests in Kate Spade, will not, and will cause its Restricted Subsidiaries not to, waive any of its rights to receive dividends, distributions or other payments from Kate Spade or consent to an amendment of Kate Spade's organizational documents or other agreements that would restrict Kate Spade's ability to make any such distributions.

Events of Default and Remedies

Edgar Filing: Neiman Marcus, Inc. - Form 424B3

The following events constitute Events of Default under the Senior Subordinated Indenture:

- (1) default in payment when due and payable, upon redemption, acceleration or otherwise, of payments of principal of, or premium, if any, on the senior subordinated notes issued under the Senior Subordinated Indenture, whether or not such payment is prohibited by the subordination provisions of the Senior Subordinated Indenture;

Table of Contents

- (2) default for 30 days or more in the payment when due of interest on or with respect to the senior subordinated notes issued under the Senior Subordinated Indenture, whether or not such payment is prohibited by the subordination provisions of the Senior Subordinated Indenture;
- (3) failure by the Company, Holdings or any Subsidiary Guarantor for 60 days after receipt of written notice given by the Trustee or the Holders of at least 30% in principal amount of the then outstanding senior subordinated notes issued under the Senior Subordinated Indenture to comply with any of its other agreements in the Senior Subordinated Indenture or the senior subordinated notes;
- (4) default under any mortgage, indenture or instrument under which there is issued or by which there is secured or evidenced any Indebtedness for money borrowed by the Company or any Restricted Subsidiary or the payment of which is guaranteed by the Company or any Restricted Subsidiary, other than Indebtedness owed to the Company or a Restricted Subsidiary, whether such Indebtedness or guarantee now exists or is created after the issuance of the senior subordinated notes, if both
- (A) such default either
- (i) results from the failure to pay any principal of such Indebtedness at its stated final maturity (after giving effect to any applicable grace periods) or
- (ii) relates to an obligation other than the obligation to pay principal of any such Indebtedness at its stated final maturity and results in the holder or holders of such Indebtedness causing such Indebtedness to become due prior to its stated maturity and (B) the principal amount of such Indebtedness, together with the principal amount of any other such Indebtedness in default for failure to pay principal at stated final maturity (after giving effect to any applicable grace periods), or the maturity of which has been so accelerated, aggregate \$50.0 million or more at any one time outstanding;
- (5) failure by the Company or any Significant Subsidiary (or any group of Subsidiaries that together would constitute a Significant Subsidiary) to pay final judgments aggregating in excess of \$50.0 million, which final judgments remain unpaid, undischarged and unstayed for a period of more than 60 days after such judgment becomes final, and in the event such judgment is covered by insurance, an enforcement proceeding has been commenced by any creditor upon such judgment or decree which is not promptly stayed;

(6) certain events of bankruptcy or insolvency with respect to the Company or any Significant Subsidiary (or any group of Subsidiaries that together would constitute a Significant Subsidiary); or

(7) the Guarantee of any Significant Subsidiary (or any group of Subsidiaries that together would constitute a Significant Subsidiary) shall for any reason cease to be in full force and effect or be declared null and void or any responsible officer of any Subsidiary Guarantor that is a Significant Subsidiary (or the responsible officers of any group of Subsidiaries that together would constitute a Significant Subsidiary), as the case may be, denies that it has any further liability under its Guarantee or gives notice to such effect, other than by reason of the termination of the Senior Subordinated Indenture or the release of any such Subsidiary Guarantee in accordance with the Senior Subordinated Indenture.

If any Event of Default (other than of a type specified in clause (6) above) occurs and is continuing under the Senior Subordinated Indenture, the Trustee or the Holders of at least 30% in principal amount of the then outstanding senior subordinated notes issued under the Senior Subordinated Indenture may declare the principal, premium, if any, interest and any other monetary obligations on all the then outstanding senior subordinated notes issued under the Senior Subordinated Indenture to be due and payable immediately; provided that, so long as any Indebtedness permitted to be incurred under the Senior Subordinated Indenture as part of the Senior Credit Facilities or any series of the Senior Notes will be outstanding, no such acceleration will be effective until the earlier of

(1) acceleration of any such Indebtedness under the Senior Credit Facilities and the Senior Notes, and

Table of Contents

(2) five Business Days after the giving of written notice of such acceleration to the Company, the administrative agent under each of the Senior Credit Facilities and the trustee under the Senior Indenture.

Upon the effectiveness of such declaration, such principal of and premium, if any, and interest on the senior subordinated notes will be due and payable immediately. Notwithstanding the foregoing, in the case of an Event of Default arising under clause (6) of the first paragraph of this section, all outstanding senior subordinated notes will become due and payable without further action or notice. The Senior Subordinated Indenture provides that the Trustee may withhold from Holders notice of any continuing Default, except a Default relating to the payment of principal of and premium, if any, and interest on the senior subordinated notes if it determines that withholding notice is in their interest. In addition, the Trustee will have no obligation to accelerate the senior subordinated notes if in the best judgment of the Trustee acceleration is not in the best interest of the Holders of such senior subordinated notes.

The Senior Subordinated Indenture provides that the Holders of a majority in aggregate principal amount of the then outstanding senior subordinated notes issued thereunder by notice to the Trustee may, on behalf of the Holders of all of such senior subordinated notes, waive any existing Default and its consequences under the Senior Subordinated Indenture, except a continuing Default in the payment of principal of and premium, if any, or interest on any such senior subordinated notes held by a non-consenting Holder. In the event of any Event of Default specified in clause (4) above, such Event of Default and all consequences thereof (excluding any resulting payment default) shall be annulled, waived and rescinded automatically and without any action by the Trustee or the Holders if, within 20 days after such Event of Default arose,

(x) the Indebtedness or guarantee that is the basis for such Event of Default has been discharged,

(y) the holders thereof have rescinded or waived the acceleration, notice or action (as the case may be) giving rise to such Event of Default or

(z) the default that is the basis for such Event of Default has been cured.

Except to enforce the right to receive payments of principal of and premium, if any, and interest on the senior subordinated notes when due, no Holder may pursue any remedy with respect to the Senior Subordinated Indenture or the senior subordinated notes unless:

(1) such Holder has previously given the Trustee notice that an Event of Default is continuing;

(2) Holders of at least 30% in principal amount of the then outstanding senior subordinated notes have requested the Trustee to pursue the remedy;

No Personal Liability of Directors, Officers, Employees and Stockholders

Edgar Filing: Neiman Marcus, Inc. - Form 424B3

No director, officer, employee, incorporator or stockholder of the Company or any Subsidiary Guarantor (other than in the case of stockholders of any Subsidiary Guarantor, the Company or another Subsidiary Guarantor or in the case of stockholders of the Company, Holdings) or any of their parent companies shall have any liability for any obligations of the Company, Holdings or the Subsidiary Guarantors under the senior subordinated notes, the Guarantees and the Senior Subordinated Indenture or for any claim based on, in respect of, or by reason of such obligations or their creation. Each Holder by accepting a senior subordinated note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the senior subordinated notes. Such waiver may not be effective to waive liabilities under the Federal securities laws and it is the view of the SEC that such a waiver is against public policy.

Legal Defeasance and Covenant Defeasance

Edgar Filing: Neiman Marcus, Inc. - Form 424B3

Most of the obligations of the Company, Holdings and the Subsidiary Guarantors under the Senior Subordinated Indenture will terminate and will be released upon payment in full of all of the senior subordinated notes issued under the Senior Subordinated Indenture. The Company may, at its option and at any time, elect to have all of its obligations discharged with respect to the senior subordinated notes issued under the Senior Subordinated Indenture and have Holdings' obligation and each Subsidiary Guarantor's obligation discharged with respect to its Guarantee (Legal Defeasance) and cure all then existing Events of Default except for

(1) the rights of Holders of senior subordinated notes issued under the Senior Subordinated Indenture to receive payments in respect of the principal of, premium, if any, and interest on such senior subordinated notes when such payments are due solely out of the trust created pursuant to the Senior Subordinated Indenture,

(2) the Company's obligations with respect to senior subordinated notes issued under the Senior Subordinated Indenture concerning issuing temporary notes, registration of such senior subordinated notes, mutilated, destroyed, lost or stolen notes and the maintenance of an office or agency for payment and money for security payments held in trust,

(3) the rights, powers, trusts, duties and immunities of the Trustee, and the Company's obligations in connection therewith and

(4) the Legal Defeasance provisions of the Senior Subordinated Indenture.

In addition, the Company may, at its option and at any time, elect to have its obligations and those of Holdings and each Subsidiary Guarantor released with respect to certain covenants that are described in the Senior Subordinated Indenture (Covenant Defeasance) and thereafter any omission to comply with such obligations shall not constitute a Default or Event of Default with respect to the senior subordinated notes. In the event Covenant Defeasance occurs, certain events (not including bankruptcy, receivership, rehabilitation and insolvency events pertaining to the Company) described under Events of Default and Remedies will no longer constitute an Event of Default with respect to the senior subordinated notes.

In order to exercise either Legal Defeasance or Covenant Defeasance with respect to the senior subordinated notes issued under the Senior Subordinated Indenture:

(1) the Company must irrevocably deposit with the Trustee, in trust, for the benefit of the Holders, cash in U.S. dollars, non-callable Government Securities, or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, premium, if any, and interest due on the senior subordinated notes issued under the Senior Subordinated Indenture on the stated maturity date or on the redemption date, as the case may be, of such principal, premium, if any, or interest on the senior subordinated notes;

- (3) in the case of Covenant Defeasance, the Company shall have delivered to the Trustee an opinion of counsel in the United States of America reasonably acceptable to the Trustee confirming that, subject to customary assumptions and exclusions, the Holders will not recognize income, gain or loss for U.S. Federal income tax purposes as a result of such Covenant Defeasance and will be subject to such tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;
- (4) no Default (other than that resulting from borrowing funds to be applied to make such deposit and the granting of Liens in connection therewith) shall have occurred and be continuing on the date of such deposit;

BOOK-ENTRY, DELIVERY AND FORM

Capitalized terms set forth in this section without definition have the meanings given them elsewhere in this prospectus, including the sections Description of Senior Notes and Description of Senior Subordinated Notes.

The notes are represented by one or more global notes in registered, global form without interest coupons (collectively, the Global Notes). The Global Notes were initially deposited upon issuance with the trustees as custodian for The Depository Trust Company (DTC), in New York, New York, and registered in the name of DTC or its nominee, in each case for credit to an account of a direct or indirect participant as described below.

Except as set forth below and other than increases in the principal amount of senior notes in respect of PIK interest (as defined in Description of Senior Notes), all the notes will be issued in registered, global form in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess of \$2,000.

Except as set forth below, the Global Notes may be transferred only to another nominee of DTC or to a successor of DTC or its nominee, in whole and not in part. Except in the limited circumstances described below, beneficial interests in Global Notes may not be exchanged for notes in certified form and owners of beneficial interests in Global Notes will not be entitled to receive physical delivery of notes in certified form. See Exchange of Global Notes for Certificated Notes. In addition, transfers of beneficial interests in the Global Notes will be subject to the applicable rules and procedures of DTC and its direct or indirect participants, which may change from time to time.

Depository Procedures

The following description of the operations and procedures of DTC is provided solely as a matter of convenience. These operations and procedures are solely within the control of the respective settlement systems and are subject to changes by them. We take no responsibility for these operations and procedures and urge investors to contact the system or their participants directly to discuss these matters.

DTC has advised the Company that DTC is a limited-purpose trust company organized under the laws of the State of New York, a banking organization within the meaning of the New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the Uniform Commercial Code and a clearing agency registered pursuant to the provisions of Section 17A of the Exchange Act. DTC was created to hold securities for its participating organizations (collectively, the participants) and to facilitate the clearance and settlement of transactions in those securities between participants through electronic book-entry changes in accounts of its participants. The participants include securities brokers and dealers (including the initial purchasers), banks, trust companies, clearing corporations and certain other organizations. Access to DTC's system is also available to other entities such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly (collectively, the indirect participants). Persons who are not participants may beneficially own securities held by or on behalf of DTC only through the participants or the indirect participants. The ownership interests in, and transfers of ownership interests in, each security held by or on behalf of DTC are recorded on the records of the participants and indirect participants.

Edgar Filing: Neiman Marcus, Inc. - Form 424B3

DTC has also advised the Company that, pursuant to procedures established by it:

(1) upon deposit of the Global Notes for a series of notes, DTC will credit the accounts of designated participants with portions of the principal amount of the Global Notes for such series of notes; and

(2) ownership of these interests in the Global Notes will be shown on, and the transfer of ownership of these interests will be effected only through, records maintained by DTC (with respect to the participants) or by the participants and the indirect participants (with respect to other owners of beneficial interests in the Global Notes).

Table of Contents

Investors in the Global Notes who are participants in DTC's system may hold their interests therein directly through DTC. Investors in the Global Notes who are not participants may hold their interests therein indirectly through organizations (including Euroclear and Clearstream) that are participants in DTC. All interests in a Global Note will be subject to the procedures and requirements of DTC. The laws of some states require that certain Persons take physical delivery in definitive form of securities that they own. Consequently, the ability to transfer beneficial interests in a Global Note to such Persons will be limited to that extent. Because DTC can act only on behalf of participants, which in turn act on behalf of indirect participants, the ability of a Person having beneficial interests in a Global Note to pledge such interests to Persons that do not participate in the DTC system, or otherwise take actions in respect of such interests, may be affected by the lack of a physical certificate evidencing such interests.

Except as described below, owners of an interest in the Global Notes will not have notes registered in their names, will not receive physical delivery of definitive notes registered in certificated form (Certificated Notes) and will not be considered the registered owners or holders thereof under the applicable Indenture for any purpose.

Payments in respect of the principal of, premium, interest and additional interest, if any, on a Global Note registered in the name of DTC or its nominee will be payable to DTC in its capacity as the registered holder under the applicable Indenture. Under the terms of each Indenture, the Company and the trustee will treat the Persons in whose names the notes, including the Global Notes, are registered as the owners of the notes for the purpose of receiving payments and for all other purposes. Consequently, neither the Company nor the trustee nor any agent of the Company or the trustee has or will have any responsibility or liability for:

- (1) any aspect of DTC's records or any participant's or indirect participant's records relating to or payments made on account of beneficial ownership interests in the Global Notes or for maintaining, supervising or reviewing any of DTC's records or any participant's or indirect participant's records relating to the beneficial ownership interests in the Global Notes; or
- (2) any other matter relating to the actions and practices of DTC or any of its participants or indirect participants.

DTC has advised the Company that its current practice, upon receipt of any payment in respect of securities such as the notes (including principal and interest), is to credit the accounts of the relevant participants with the payment on the payment date unless DTC has reason to believe it will not receive payment on such payment date. Each relevant participant is credited with an amount proportionate to its beneficial ownership of an interest in the principal amount of the relevant security as shown on the records of DTC. Payments by the participants and the indirect participants to the beneficial owners of notes will be governed by standing instructions and customary practices and will be the responsibility of the participants or the indirect participants and will not be the responsibility of DTC, the trustee nor the Company. Neither the Company nor the trustee will be liable for any delay by DTC or any of its participants in identifying the beneficial owners of the notes, and the Company and the trustee may conclusively rely on and will be protected in relying on instructions from DTC or its nominee for all purposes.

Transfers between participants in DTC will be effected in accordance with DTC's procedures, and will be settled in same-day funds.

DTC has advised the Company that it will take any action permitted to be taken by a holder of a given series of notes only at the direction of one or more participants to whose account DTC has credited the interests in the applicable series of Global Notes and only in respect of such portion of the aggregate principal amount of the applicable series of notes as to which such participant or participants has or have given such direction.

Edgar Filing: Neiman Marcus, Inc. - Form 424B3

However, if there is an Event of Default under such series of the notes, DTC reserves the right to exchange the applicable Global Notes for legended notes in certificated form, and to distribute those notes to its participants.

Although DTC has agreed to the foregoing procedures in order to facilitate transfers of interests in Global Notes among participants, it is under no obligation to perform those procedures, and may discontinue or change those procedures at any time. Neither the Company nor the trustee nor any of their respective agents will have any

Table of Contents

responsibility for the performance by DTC or its participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

Exchange of Global Notes for Certificated Notes

A Global Note is exchangeable for a certificated note of the same series (*Certificated Notes*) if:

- (1) DTC (A) notifies the Company that it is unwilling or unable to continue as depository for the applicable Global Notes or (B) has ceased to be a clearing agency registered under the Exchange Act and, in each case, a successor depository is not appointed;
- (2) the Company, at its option, notifies the trustee in writing that it elects to cause the issuance of the *Certificated Notes*; or
- (3) there has occurred and is continuing a Default with respect to the notes.

In addition, beneficial interests in a Global Note may be exchanged for *Certificated Notes* of the same series upon prior written notice given to the trustee by or on behalf of DTC in accordance with the applicable Indenture. In all cases, *Certificated Notes* delivered in exchange for any Global Note or beneficial interests in a Global Note will be registered in the names, and issued in any approved denominations, requested by or on behalf of the depository (in accordance with its customary procedures).

Same Day Settlement and Payment

The Company will make payments in respect of notes represented by Global Notes (including payments of principal, premium, if any, interest and additional interest, other than PIK Interest under the senior notes) by wire transfer of immediately available funds to the accounts specified by DTC or its nominee. The Company will make all payments of principal of and premium, if any, and interest (other than PIK Interest under the senior notes) on *Certificated Notes* by wire transfer of immediately available funds to the accounts specified by the holders of the *Certificated Notes* or, if no such account is specified, by mailing a check to each such holder's registered address. The Company will make any payments of PIK Interest in respect of senior notes represented by Global Notes by increasing the principal amount of such Global Notes for benefit of the accounts of Participants specified by the DTC or its nominee. The Company will make any payments of PIK Interest in respect of senior notes represented by *Certificated Notes* by issuing PIK Notes in the form of *Certificated Notes* and delivering them to Holders. See *Description of Senior Notes* Principal, Maturity and Interest. Because of time zone differences, the securities account of a Euroclear or Clearstream participant purchasing an interest in a Global Note from a participant will be credited, and any such crediting will be reported to the relevant Euroclear or Clearstream participant, during the securities settlement processing day (which must be a business day for Euroclear and Clearstream) immediately following the settlement date of DTC. DTC has advised the Company that cash received in Euroclear or Clearstream as a result of sales of interests in a Global Note by or through a Euroclear or Clearstream participant to a participant will be received with value on the settlement date of DTC but will be available in the relevant Euroclear or Clearstream cash account only as of the business day for Euroclear or Clearstream following DTC's settlement date. The Company expects that secondary trading in any *Certificated Notes* will also be settled in immediately available funds.

CERTAIN U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following is a summary of certain U.S. federal income tax considerations that may be relevant to persons considering the purchase of notes. This summary is based on the Internal Revenue Code of 1986, as amended (the Code), administrative pronouncements, judicial decisions and final, temporary and proposed Treasury regulations, in each case as of the date hereof, changes to any of which subsequent to the date of this document may affect the tax consequences described herein, possibly with retroactive effect. This summary deals only with notes that will be held as capital assets and, except where otherwise specifically noted, is only addressed to persons who purchase notes in the initial offering. It does not address tax considerations applicable to investors that may be subject to special tax rules, such as banks, tax-exempt entities, insurance companies, dealers in securities or currencies, traders in securities electing to mark to market, persons that will hold notes as a position in a straddle or conversion transaction, or as part of a synthetic security or other integrated financial transaction, or persons that have a functional currency other than the U.S. dollar.

Persons considering the purchase of notes should consult their own tax advisors in determining the tax consequences to them of the purchase, ownership and disposition of notes, including the application to their particular situation of the U.S. federal income tax considerations discussed below, as well as the application of state, local, foreign or other tax laws.

As used under this heading Certain U.S. Federal Income Tax Considerations, the term U.S. Holder means a beneficial owner of a note that is (i) a citizen or resident of the U.S.; (ii) a U.S. domestic corporation; (iii) an estate the income of which is subject to U.S. federal income taxation regardless of its source; or (iv) a trust if (A) a U.S. court is able to exercise primary supervision over the trust's administration and (B) one or more U.S. persons have the authority to control all of the trust's substantial decisions. As used under this heading Certain U.S. Federal Income Tax Considerations the term Non-U.S. Holder means a beneficial owner of a note that is not a U.S. Holder or a partnership or other entity that is organized in or under the laws of the U.S. or any political subdivision thereof.

The following summary applies equally to all notes, except where expressly stated otherwise.

Tax Consequences to U.S. Holders

Payments of Interest In General

Payments or accruals of qualified stated interest (as defined below) on a note will be taxable to a U.S. Holder as ordinary interest income at the time that such payments are accrued or are received (in accordance with the U.S. Holder's method of tax accounting). The term qualified stated interest generally means stated interest that is unconditionally payable in cash or property (other than debt instruments of the issuer) at least annually during the entire term of the note at a single fixed rate of interest, or, subject to certain conditions, based on one or more interest indices. Because we will pay interest in cash unconditionally semiannually with respect to the notes, except the senior notes (discussed below under Senior Notes), such interest payments will qualify as qualified stated interest.

Payments of Interest and OID Senior Notes

We have the option, until October 15, 2010, to pay interest on the senior notes in cash interest or PIK interest. For U.S. federal income tax purposes, the existence of this option means that none of the interest payments on the senior notes prior to 2010 will be qualified stated interest even if we never exercise the option to pay interest in the form of PIK interest. Consequently, the senior notes will be treated as issued at a discount and the U.S. Holder will be required to include original issue discount (OID) in gross income as it accrues, in advance of the receipt of cash attributable to that income.

In general, a U.S. Holder of a senior note, whether such holder uses the cash or the accrual method of tax accounting, will be required to include in ordinary gross income the sum of the daily portions of OID on such note for all days during the taxable year that the U.S. Holder owns such note. The daily portions of OID are determined

Table of Contents

by allocating to each day in any accrual period a ratable portion of the OID allocable to that accrual period. Accrual periods may be any length and may vary in length over the term of the senior note, provided that no accrual period is longer than one year and each scheduled payment of principal or interest occurs on either the final day or the first day of an accrual period. In the case of an initial holder, the amount of OID on a senior note allocable to each accrual period is determined by (a) multiplying the adjusted issue price (as defined below) of the note at the beginning of the accrual period by the yield to maturity of such note (appropriately adjusted to reflect the length of the accrual period). The yield to maturity of the senior note is the discount rate that causes the present value of all payments on the note as of its original issue date to equal the issue price of such note. For purposes of determining the yield to maturity, a U.S. Holder may assume that we will pay interest in cash and not exercise the option to pay PIK interest, except in respect of any period in which we actually elect to pay PIK interest. The adjusted issue price of a senior note at the beginning of any accrual period will generally be the sum of its issue price and the amount of OID allocable to all prior accrual periods, reduced by the amount of all payments other than payments of qualified stated interest, such as the payments of cash, made with respect to such note in all prior accrual periods.

If we in fact pay the interest in cash on the senior notes, a U.S. Holder will not be required to adjust its OID inclusions. Each payment made in cash under a senior note will be treated first as a payment of any accrued OID that has not been allocated to prior payments and second as a payment of principal (which is not includable in income). A U.S. Holder of a senior note generally will not be required to include separately in income cash payments received on the notes to the extent such payments constitute payments of previously accrued original issue discount.

If for any interest payment period we exercise our option to pay interest in the form of PIK interest, a U.S. Holder of a senior note will be required to adjust its OID calculation for future periods by treating the note as if it had been retired and then reissued for an amount equal to its adjusted issue price on the date preceding the first date of such interest payment period, and re-calculating the yield to maturity of the reissued note by treating the amount of PIK interest (and of any prior PIK interest) as a payment that will be made on the maturity date of such note.

A subsequent U.S. Holder of a senior note that purchases the note at a cost less than its remaining redemption amount (as defined below), or an initial U.S. Holder that purchases a senior note at a price other than the note's issue price, also generally will be required to include in gross income the daily portions of OID, calculated as described above. However, if the U.S. Holder acquires the senior note at a price greater than its adjusted issue price, such holder may reduce its periodic inclusions of OID income to reflect the premium paid over the adjusted issue price. The remaining redemption amount for a note is the total of all future payments to be made on the note other than payments of qualified stated interest.

All OID Election

A U.S. Holder generally may make an irrevocable election to include in its income its entire return on a note (i.e., the excess of all remaining payments to be received on the note, including payments of qualified stated interest, over the amount paid by such U.S. Holder for such note) under the constant-yield method described above. For notes purchased at a premium or bearing market discount in the hands of the U.S. Holder, the U.S. Holder making such election will also be deemed to have made the election (discussed below in Premium and Market Discount) to amortize premium or to accrue market discount in income currently on a constant-yield basis.

Table of Contents

Premium and Market Discount

A U.S. Holder of a note that purchases the note at a cost greater than its remaining redemption amount (as defined in the second preceding paragraph) will be considered to have purchased the note at a premium, and may elect to amortize such premium (as an offset to interest income), using a constant-yield method, over the remaining term of the note. Such election, once made, generally applies to all bonds held or subsequently acquired by the U.S. Holder on or after the first taxable year to which the election applies and may not be revoked without the consent of the IRS. A U.S. Holder that elects to amortize such premium must reduce its tax basis in a note by the amount of the premium amortized during its holding period. Senior notes purchased at a premium will not be subject to the OID rules described above. With respect to a U.S. Holder that does not elect to amortize bond premium, the amount of bond premium will be included in the U.S. Holder's tax basis when the note matures or is disposed of by the U.S. Holder. Therefore, a U.S. Holder that does not elect to amortize such premium and that holds the note to maturity generally will be required to treat the premium as capital loss when the note matures.

If a U.S. Holder of a note purchases the note at a price that is lower than its remaining redemption amount, or in the case of a senior note, its adjusted issue price, by at least 0.25% of its remaining redemption amount multiplied by the number of remaining whole years to maturity, the note will be considered to have market discount in the hands of such U.S. Holder. In such case, gain realized by the U.S. Holder on the disposition of the note generally will be treated as ordinary income to the extent of the market discount that accrued on the note while held by such U.S. Holder. In addition, the U.S. Holder could be required to defer the deduction of a portion of the interest paid on any indebtedness incurred or maintained to purchase or carry the note. In general terms, market discount on a note will be treated as accruing ratably over the term of such note, or, at the election of the holder, under a constant yield method.

A U.S. Holder may elect to include market discount in income on a current basis as it accrues (on either a ratable or constant-yield basis), in lieu of treating a portion of any gain realized on a sale of a note as ordinary income. If a U.S. Holder elects to include market discount on a current basis, the interest deduction deferral rule described above will not apply. Any such election, if made, applies to all market discount bonds acquired by the taxpayer on or after the first day of the first taxable year to which such election applies and is revocable only with the consent of the IRS.

Purchase, Sale, Exchange and Retirement

A U.S. Holder's tax basis in a note generally will equal the cost of such note to such holder, increased by any amounts includable in income by the holder as OID and market discount and reduced by any amortized premium and payments other than payments of qualified stated interest made on such note. Upon the sale, exchange or retirement of a note, a U.S. Holder generally will recognize gain or loss equal to the difference between the amount realized on the sale, exchange or retirement (less any accrued interest not previously included in income by such holder, which will be taxable as such) and the U.S. Holder's tax basis in such note. Except as discussed above with respect to market discount, such gain or loss recognized by a U.S. Holder generally will be long-term capital gain or loss if the U.S. Holder has held the note for more than one year at the time of disposition. Long-term capital gains recognized by an individual holder generally are subject to tax at a reduced rate. The deductibility of capital losses is subject to limitations.

Information Reporting and Backup Withholding

Edgar Filing: Neiman Marcus, Inc. - Form 424B3

Under current U.S. federal income tax law, information reporting requirements apply with respect to payments made to U.S. Holders of notes unless an exemption exists. In addition, U.S. Holders who are not exempt will be subject to backup withholding tax in respect of such payments if they do not provide their taxpayer identification numbers to the Company or its paying agent. All individuals are subject to these requirements. In general, corporations, tax-exempt organizations and individual retirement accounts are exempt from these requirements.

Tax Consequences to Non-U.S. Holders

Under present U.S. federal income and estate tax law, and subject to the discussion below concerning backup withholding, no withholding of U.S. federal income tax generally will be required with respect to the payment by us or any issuing and paying agent of principal or interest (including OID) on a note owned by a Non-U.S. Holder, provided (i) that the beneficial owner does not actually or constructively own 10% or more of the total combined voting power of all classes of stock of the Company entitled to vote, (ii) the beneficial owner is not a controlled foreign corporation that is related to the Company through stock ownership, and (iii) the beneficial owner provides a statement signed under penalties of perjury that includes its name and address and certifies that it is a Non-U.S. Holder in compliance with applicable requirements, generally made, under current procedures, on IRS Form W-8BEN (or satisfies certain documentary evidence requirements for establishing that it is a Non-U.S. Holder).

A Non-U.S. Holder will generally not be subject to U.S. federal income tax on gain realized on the sale, exchange or redemption of a note, unless (i) such gain is effectively connected with the conduct by the holder of a trade or business in the United States or (ii) in the case of gain realized by an individual holder, the holder is present in the United States for 183 days or more in the taxable year of the retirement or disposition and certain other conditions are met.

A note beneficially owned by an individual who at the time of death is a Non-U.S. Holder will generally not be subject to U.S. federal estate tax as a result of such individual's death, provided that such individual does not actually or constructively own 10% or more of the total combined voting power of all classes of stock of the Company entitled to vote and provided that the interest payments with respect to such note would not have been, if received at the time of such individual's death, effectively connected with the conduct of a U.S. trade or business by such individual.

Notwithstanding the foregoing, a Non-U.S. Holder generally will be taxed in the same manner as a U.S. Holder with respect to interest income that is effectively connected with its U.S. trade or business. In addition, under certain circumstances, effectively connected interest income of a corporate Non-U.S. Holder may be subject to a branch profits tax imposed at a 30% rate. A Non-U.S. Holder with effectively connected income will, however, generally not be subject to withholding tax on interest income if, under current procedures, it delivers a properly completed IRS Form W-8ECI.

Information Reporting and Backup Withholding

U.S. information reporting requirements and backup withholding tax will not apply to payments on a note if the beneficial owner (i) certifies its Non-U.S. Holder status under penalties of perjury, generally made, under current procedures, on IRS Form W-8BEN, or satisfies documentary evidence requirements for establishing that it is a Non-U.S. Holder, or (ii) otherwise establishes an exemption.

The rules regarding withholding, backup withholding and information reporting for Non-U.S. Holders are complex, may vary depending on a holder's particular situation, and are subject to change. In addition, special rules apply to certain types of Non-U.S. Holders including partnerships, trusts and other entities treated as pass-through entities for U.S. federal income tax purposes. Non-U.S. Holders should accordingly consult their own tax advisors as to the specific methods to use and forms to complete to satisfy these rules.

EU Directive on the Taxation of Savings Income

Under European Council Directive 2003/48/EC on the taxation of savings income, each EU Member State is required to provide to the tax authorities of another Member State details of payments of interest or other similar income paid by a person within its jurisdiction to an individual resident in that other Member State. However, for a transitional period, Austria, Belgium and Luxembourg will (unless during such period they elect otherwise) instead apply a withholding system in relation to such payments. Under such a withholding system, tax will be deducted at rates rising over time to 35 per cent, unless the recipient of the interest payment elects instead for an exchange of

information procedure. The transitional period is to terminate at the end of the first full fiscal year following agreement by certain non-EU countries to the exchange of information relating to such payments.

A number of non-EU countries, and certain dependent or associated territories of certain EU Member States, have agreed to adopt similar measures (either provision of information or transitional withholding) in relation to payments made by a person within their respective jurisdictions to an individual resident in an EU Member State. In addition, the EU Member States have entered into reciprocal provision of information or transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a person in an EU Member State to an individual resident in one of those territories.
