Item 2.02 Results of Operations and Financial Condition.

On January 16, 2009, Sealed Air Corporation (the Company) issued a press release announcing an estimated impairment of its auction rate securities investments and its expectations for some of its financial results for the quarter and year ended December 31, 2008. The press release is attached hereto as Exhibit 99.1 and is incorporated herein by reference.

The information included in this item, including Exhibit 99.1, is hereby furnished and shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934 (the Exchange Act), nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933 or the Exchange Act, except as shall be expressly set forth by specific reference in such filing.

Item 2.06 Material Impairments.

In its January 16, 2009 press release, the Company announced that it will record an estimated \$20 million pre-tax charge, or \$0.07 per diluted common share, in the fourth quarter of 2008 as a result of recognizing an additional impairment related to an other-than-temporary decline in the fair market value of its auction rate securities investments. This additional impairment is due to the continuing decline in the creditworthiness of the issuers of these securities and the lack of a market for auction rate securities generally. Including charges incurred in previous quarters, this brings the aggregate estimated charge for impairment of available-for-sale securities to \$0.11 per diluted common share for the Company s full year 2008. The face value of the Company s auction rate securities investments is approximately \$45 million and the estimated remaining fair value is approximately \$11 million at December 31, 2008. This charge, as well as future similar charges for impairments of auction rate securities investments, if any, would be reported as non-operating expenses by the Company. The foregoing conclusion, finalized January 15, 2009, was made in connection with the preparation of financial statements required to be included in the Company s upcoming Form 10-K filing.

Item 9.01 Financial Statements and Exhibits.
