Shares, through a partnership to be constituted with **Fundo de Investimentos em Participação (FIP) Coliseu**, if it becomes possible for a sufficient quantity of the units to this FIP (Equity Investment Fund) to be subscribed to meet the above mentioned requirements; and

authorization for **Cemig GT** to grant to **FIP Coliseu** the right to sell the whole of its stockholdings in **Terna Participações S.A.** to **Cemig GT**.

Any stockholder who wishes to be represented by proxy at the said General Meeting of Stockholders should obey the terms of Article 126 of Law 6406/1976, as amended, and the sole paragraph of Clause 9 of the Company's Bylaws, depositing, preferably by August 24, 2009, proofs of ownership of the shares, issued by a depositary financial institution, and a power of attorney with special powers, at Cemig's Corporate Executive Secretariat Office at Av. Barbacena, 19th floor, B1 Wing, Belo Horizonte, Minas Gerais, or showing them at the time of the meeting.

Belo Horizonte, August 05, 2009.

Sergio Alair Barroso Chairman of the Board of Directors .

Before the items on the agenda of this meeting were put to debate and to the vote, the representative of the stockholder **Southern Electric Brasil Participações Ltda.** stated that the **changes in the Bylaws** made by the Extraordinary General Meeting of Stockholders of October 25, 1999, and also the subsequent alterations, were approved only by virtue of the suspension of the **Stockholders' Agreement**, by decision of the Courts, and were thus **provisional and precarious**. He stated that hence the acts and operations practiced or submitted to approval by the management bodies of Cemig, supported by the said changes in the Bylaws made under the protection of the Court decision in force today, may, at any moment, be reviewed and withdrawn from the world of legal existence. On this question, the representatives of the stockholder **the State of Minas Gerais** reminded the meeting that the **court judgment** that annulled the Stockholders' Agreement signed between the State of Minas Gerais and **Southern Electric Brasil Participações Ltda.** **no longer** has an interim or **provisional** character. It is, they said, a decision on the merit and it is thus a case not of suspension but of annulment. They added that there is already in existence a judgment on the merit that annuls the Stockholders' Agreement, confirmed by the Appeal Court of the State of Minas Gerais. They further explained that the decisions of this Meeting can take into account only what exists at the present moment, and that it would be irresponsible not to vote on matters, in expectation of Court decisions, since, in reality, the said Stockholders' Agreement, by force of Court judgment, cannot produce any effects, and the decisions taken are being taken within strict compliance with the Court decision. Finally, they noted that the Extraordinary and Special Appeals brought by Southern have not been admitted by the Vice-chairman of the Minas Gerais Appeal Court, and that the Higher Appeal Court refused the interlocutory and special appeals brought by Southern, thus underlining and reinforcing the legal situation already stated by the Minas Gerais Appeal Court, that is to say, inefficacy of the Stockholders' Agreement subject of the action.

Again taking the floor, the representative of **Southern Electric Brasil Participações Ltda.** stated that the Interlocutory Appeal brought against the dispatch denying the Extraordinary Appeal is awaiting judgment in proceedings in the Federal Supreme Court.

Continuing with the business of the meeting, the Chairman requested the Secretary to proceed to reading of the Proposal of the Board of Directors, which deals with the matter that is on the agenda, the content of which document is as follows:

**PROPOSAL BY THE BOARD OF DIRECTORS
TO THE GENERAL MEETING OF STOCKHOLDERS
TO BE HELD ON AUGUST 26, 2009.**

Table of Contents

Dear Stockholders:

whereas

a) on April 23, 2009, in accordance with Board Spending Decision (CRCA) 030/2009, the Board of Directors authorized the company, subject to approval by the Extraordinary General Meeting of Stockholders, to sign a **Share Purchase Agreement** with **TERNA S.p.A.**, in which **Companhia Energética de Minas Gerais** (**Cemig**) is consenting party and guarantor of all the obligations of **Cemig GT**, for the acquisition of 173,527,113 (one hundred and seventy three million, five hundred and twenty seven thousand, one hundred and thirteen) common shares in **Terna Participações S.A.**, being 85.27% of the voting stock and 65.86% of the total stock of **Terna Participações S.A.**, for the amount of R\$ 13.43 per share, in the total amount of R\$ 2,330,469,127.59 (two billion, three hundred and thirty million, four hundred and sixty nine thousand, one hundred and twenty seven Reais and fifty nine centavos), less any amounts distributed as dividends by **Terna Participações S.A.** up to the date of closing of the acquisition transaction;

b) also on April 23, 2009, the Board of Directors authorized that in the event of it being found to be convenient or of interest to reduce the Company's interest in the registered capital of **Terna Participações S.A.**, for strategic and/or financial reasons, and provided the public interest was served, as long as this took place before the date of closing of the transaction and transfer of the ownership of the shares, **Cemig GT**, by a new decision of the Board of Directors, could constitute a new partnership with a duly qualified partner, in such a way as to maintain a stockholding interest of a minimum of 50% less 1 (one) of the common shares and 50% plus 1 (one) of the preferred shares in **Terna Participações S.A.**, thus reestablishing the stockholding structure negotiated in the previous partnership with **Neoenergia S.A.**, in accordance with CRCA 030/2009;

c) on April 23, 2009 the Contract for Purchase of Shares in **Terna Participações S.A.** was signed, providing in its Clause 10.4 for the possibility that the Company, at its exclusive option and without the need for consent of the **Vendor**, may assign the contract and all its rights and obligations to any one of its affiliates or to any Party whether or not controlled by the **Purchaser** or by **Cemig**, provided that the obligations of the **assignee** in question are guaranteed by **Cemig**;

d) Extraordinary General Meetings of **Cemig** and of **Cemig GT** held on May 28, 2009 ratified the approval of the acquisition of stockholding control of **Terna Participações S.A.**, in the terms of Article 256 of Law 6404/1976 and in the terms of the vote of the **Company's** controlling stockholder, the **State of Minas Gerais**, given on the basis of the decision of the State's General Coordination, Planning, Management and Finance Chamber;

e) as a result of the restraints on credit to the public sector, the **Brazilian Development Bank (BNDES)**, creditor of some concession holders controlled by **Terna Participações S.A.**, has indicated that it would not agree to the transfer of control of Terna Participações S.A. to any company in the public sector;

f) the Share Purchase Agreement states that the closing of the transaction is not conditional upon the consent of the **BNDES** and onlending banks;

g) with the transfer of the control of **Terna Participações S.A.** to **Cemig GT** as sole purchaser, early maturity will occur on the debts to the **BNDES** and other banks, in the amount of R\$ 1.1 billion;

h) to avoid an outcome in which the **BNDES** and the other banks declare early maturity and application of the contractual penalties as a result of the transfer of control of **Terna Participações S.A.** solely to **Cemig GT**, the debts to the **BNDES** will have to be settled on the closing date, using funds arising from raising of new debt, at a higher cost;

i) the additional disbursement of the amount of the debts to the **BNDES** and other banks is not of interest to **the Company**, due to the various opportunities for acquisition that are currently being evaluated by **Cemig**;

j) **the Company** has analyzed the possibility of sharing the acquisition of **Terna Participações S.A.** with a financial partner, which would acquire part of the shares and would have an option to sell such shares to **Cemig GT** with a guaranteed minimum remuneration, which financial partner would be an Equity Investment Fund (FIP), the unit holders of which would be pension funds and other institutional investors interested in taking part in projects that are already in operation, with low performance risk, undertaken by a company with proven operational excellence, and in receiving a profitability higher than their actuarial targets, in a scenario of reduced interest rates;

k) this partnership, as well as making possible the creation of a base structure to leverage new investments, providing the joint benefits of growth and maintenance of indebtedness capacity, would allow the debt contracted by **Terna Participações S.A.** with the **BNDES** to be maintained, since **Terna Participações S.A.** and its wholly-owned and other subsidiaries would not become state companies ;

l) **Banco Modal** has constituted an Equity Investment Fund (FIP) named **Coliseu**, which has been registered with the Securities Commission (CVM) and is in the phase of distribution of its units, which aims to bring

Table of Contents

together qualified interested parties, notably pension funds, to invest in the electricity sector, which intends to participate with a minimum holding of 50% + 1 common share in the registered capital of **Terna Participações S.A.**;

m) there is need for **ratification** of the **authorization** given by the Board of Directors on August 5, 2009,

(i) for **Cemig GT** to reduce its stockholding in **Terna Participações S.A.** to a minimum of 50% less 1 (one) common share and, in relation to the preferred shares, to a minimum equivalent to the percentage realized in the Public Offer to Purchase Shares from the minority stockholders of that company, through a partnership to be constituted with **Fundo de Investimentos em Participação (FIP) Coliseu**, if it becomes possible for a sufficient quantity of the units of this FIP to be subscribed to meet the above mentioned requirement; and

(ii) for **Cemig GT** to grant to **FIP Coliseu** the right to sell the whole of **FIP Coliseu**'s stockholding interest in **Terna Participações S.A.**, in the fifth year following its entry, upon payment of the net amounts of capital invested net of the dividends and benefits received by **FIP Coliseu** in the acquisition of **Terna Participações S.A.**, adjusted by the variation in the IPCA inflation index + 7% p.a.;

• the Board of Directors of **Companhia Energética de Minas Gerais - Cemig** proposes to you the following:

1- **Ratification** of the **authorization** given by the Board of Directors to **Cemig GT** permitting that company:

a) **to reduce** its stockholding in **Terna Participações S.A.**, to a minimum level of 50% less 1 (one) of the common shares, and, as to the preferred shares, to the percentage realized by the Public Offer to Purchase Shares from the minority stockholders of that company, through a partnership to be constituted with **Fundo de Investimentos em Participação (FIP) Coliseu**, if it becomes possible for a sufficient quantity of the units of this FIP (Equity Investment Fund) to be subscribed to meet the above-mentioned requirement; and

b) **to grant** to **FIP Coliseu** the right to sell the whole of its stockholdings in **Terna Participações S.A.** to **Cemig GT**, in the fifth year after its entry, upon payment of the net amounts injected, net of the dividends and benefits received by **FIP Coliseu** in the acquisition of **Terna Participações S.A.**, adjusted by the variation of the IPCA inflation index +7% p.a.

2- **Authorization** to the Company's representative in the Extraordinary General Meeting of Stockholders of **Cemig GT** to **vote in favor** of the ratification of the decision by the Board of Directors of **Cemig GT** authorizing **Cemig GT** to reduce its stockholding participation in **Terna Participações S.A.** to a minimum of 50% less 1 (one) common share and, as to the preferred shares, to a minimum corresponding to the percentage realized by the Public Offer to Purchase Shares, through a partnership to be constituted with **Fundo de Investimentos em Participação (FIP) Coliseu**, if it becomes possible for a sufficient quantity of the units of that FIP (Equity Investment Fund) to be subscribed to meet the above mentioned requirements; and

Continuing with the business of the meeting, the Chairman requested the Secretary to read the **Board of Directors Proposal**, dealing with the matter that is on the agenda, the content of which document is as follows:

**PROPOSAL BY THE BOARD OF DIRECTORS
TO THE GENERAL MEETING OF STOCKHOLDERS
TO BE HELD ON AUGUST 26, 2009.**

To the stockholder Companhia Energética de Minas Gerais:

Whereas

a) on April 23, 2009, in accordance with Board Spending Decision (CRCA) 030/2009, the Board of Directors authorized the company, subject to approval by the Extraordinary General Meeting of Stockholders, to enter into the **Share Purchase Agreement** with **TERNA S.p.A.**, in which **Companhia Energética de Minas Gerais Cemig (Cemig)** is consenting party and guarantor of all the obligations of **Cemig GT**, for the acquisition of 173,527,113 (one hundred and seventy three million, five hundred and twenty seven thousand, one hundred and thirteen) common shares in **Terna Participações S.A.**, being 85.27% of the voting stock and 65.86% of the total stock of **Terna Participações S.A.**, for the amount of R\$ 13.43 per share, in the total amount of R\$ 2,330,469,127.59 (two billion, three hundred and thirty million, four hundred and sixty nine thousand, one hundred and twenty seven Reais and fifty nine centavos), less any amounts distributed as dividends by **Terna Participações S.A.** up to the date of closing of the acquisition transaction.

b) also on April 23, 2009, the Board of Directors authorized that in the event of it being found to be convenient or of interest to reduce the Company's interest in the registered capital of **Terna Participações S.A.**, for strategic and/or financial reasons, and provided the public interest was served, as long as this took place before the date of closing of the transaction and transfer of the ownership of the shares, **Cemig GT**, by a new decision of the Board of Directors, could constitute a new partnership with a duly qualified partner, in such a way as to maintain a stockholding interest of a minimum of 50% less 1 (one) of the common shares and 50% plus 1 (one) of the preferred shares in **Terna Participações S.A.**, thus re-establishing the stockholding structure negotiated in the previous partnership with **Neoenergia S.A.**, in accordance with CRCA 030/2009;

c) on April 23, 2009 the Contract for Purchase of Shares in **Terna Participações S.A.** was signed, providing in its Clause 10.4 for the possibility that the Company, at its exclusive option and without the need for consent of the **Vendor**, may assign the contract and all its rights and obligations to any one of its affiliates or to any of its affiliated companies or to any Party whether or not controlled by the **Purchaser** or by **Cemig**, provided that the obligations of the **assignee** in question are guaranteed by **Cemig**;

d) Extraordinary General Meetings of **Cemig** and of **Cemig GT** held on May 28, 2009 ratified the approval of the acquisition of stockholding control of **Terna Participações S.A.**, in the terms of Article 256 of Law 6404/1976 and in the terms of the vote of the **Company's** controlling stockholder, the **State of Minas Gerais**, given on the basis of the decision of the State's General Coordination, Planning, Management and Finance Chamber;

e) as a result of the restraints on credit to the public sector, the **Brazilian Development Bank (BNDES)**, creditor of some concession holders controlled by **Terna Participações S.A.**, has indicated that it would not agree to the transfer of control of Terna Participações S.A. to any company in the public sector;

f) the Share Purchase Agreement states that the closing of the transaction is not conditional upon the consent of the **BNDES** and onlending banks;

g) with the transfer of the control of **Terna Participações S.A.** to **Cemig GT** as sole purchaser, early maturity will occur on the debts to the **BNDES** and other banks, in the amount of R\$ 1.1 billion;

h) to avoid an outcome in which the **BNDES** and the other banks declare early maturity and application of the contractual penalties as a result of the transfer of control of **Terna Participações S.A.** to **Cemig GT** alone, the debts to the **BNDES** will have to be settled on the closing date, using funds arising from raising of new debt, at a higher cost;

i) the additional disbursement of the amount of the debts to the **BNDES** and other banks is not of interest to **the Company**, due to the various opportunities for acquisition that are currently being evaluated by **Cemig**;

j) **the Company** has analyzed the possibility of sharing the acquisition of **Terna Participações S.A.** with a financial partner, which would acquire part of the shares and would have an option to sell such shares to **Cemig GT** with a guaranteed minimum remuneration, which financial partner would be an Equity Investment Fund (FIP), the unit holders of which would be pension funds and other institutional investors interested in taking part in projects that are already in operation, with low performance risk, by a company with proven operational

Table of Contents

excellence, and in receiving a profitability higher than their actuarial targets, in a scenario of reduction of interest rates;

k) this partnership, as well as making possible the creation of a base structure to leverage new investments, providing the joint benefits of growth and maintenance of indebtedness capacity, would allow the debt contracted by **Terna Participações S.A.** with the **BNDES** to be maintained, since **Terna Participações S.A.** and its wholly-owned and other subsidiaries would not become state companies ;

l) **Banco Modal** has constituted an Equity Investment Fund (FIP) named **Coliseu**, which has been registered with the Securities Commission (CVM) and is in the phase of distribution of its units, which aims to bring together qualified interested parties, notably pension funds, to invest in the electricity sector, which intends to participate with a minimum holding of 50% + 1 of the common shares in the registered capital of **Terna Participações S.A.**;

m) there is need for **ratification** of the **authorization** given by the Board of Directors on August 5, 2009,

(i) for **Cemig GT** to reduce its stockholding in **Terna Participações S.A.** to a minimum of 50% less 1 (one) common share and, in relation to the preferred shares, to a minimum equivalent to the percentage realized in the Public Offer to Purchase Shares from the minority stockholders of **that company**, through a partnership to be constituted with **Fundo de Investimentos em Participação (FIP) Coliseu**, if it becomes possible for a sufficient quantity of the units of this FIP to be subscribed to meet the above mentioned requirement; and

(ii) for **Cemig GT** to grant to **FIP Coliseu** the right to sell the whole of **FIP Coliseu**'s stockholding interest in **Terna Participações S.A.**, in the fifth year following its entry, upon payment of the net amounts of capital invested net of the dividends and benefits received by **FIP Coliseu** in the acquisition of **Terna Participações S.A.**, adjusted by the variation in the IPCA inflation index + 7% p.a.;

- the Board of Directors of Cemig Geração e Transmissão S.A. (**Cemig GT**) thus proposes to you:

Ratification of the **authorization** given by the said Board of Directors for **Cemig GT**:

to reduce its stockholding in **Terna Participações S.A.**, to a minimum level of 50% less 1 (one) of the common shares, and, as to the preferred shares, to the percentage realized by the Public Offer to Purchase Shares from the minority stockholders of that company, through a partnership to be constituted with **Fundo de Investimentos em Participação (FIP) Coliseu**, if it becomes possible for a sufficient quantity of the units of this FIP (Equity Investment Fund) to be subscribed to meet the above-mentioned requirement; and

to grant to **FIP Coliseu** the right to sell the whole of its stockholdings in **Terna Participações S.A.** to **Cemig GT**, in the fifth year after its entry, upon payment of the amounts of capital invested net of the dividends and benefits received by **FIP Coliseu** in the acquisition of **Terna Participações S.A.** adjusted by the variation in the IPCA Inflation Index +7% p.a.

sustainability by the Dow Jones Index**

Cemig has been part of the Dow Jones Index for 10 consecutive years and remains the only company in the Latin American electric sector to be part of this Index since its creation.

Companhia Energética de Minas Gerais Cemig is pleased to announce that it has been selected to comprise, along with 317 other companies in 27 countries, the Dow Jones Sustainability World Index DJSI World portfolio, in its 2009/2010 edition.

Upon being selected for the tenth consecutive year to participate in the Dow Jones Index, Cemig was elected again as a world leader in sustainability in the utilities supersector, which encompasses companies that render electric energy, natural gas distribution, sanitation and other public utility services. During the 2005/2006 period, Cemig was elected a world leader in the electric sector and, in 2007/2008, had already achieved recognition in the utilities supersector.

Continuing its presence in the DJSI World and being elected a world leader in sustainability reaffirm our commitment to continually work towards the improvement of its corporate sustainability practices, taking into consideration the balance of the economic, environmental and social dimensions in a manner that is integrated with its sustainable growth strategy.

The Dow Jones Index is composed of the largest global companies shares from different economic sectors that are characterized by their recognized corporate sustainability, their capability to create value for shareholders over the long term and their ability to take advantage of opportunities and manage the associated economic, environmental and social risks. The Index represents a global benchmark for investors and asset managers, who make investment decisions based on performance.

The evaluation for the selection of the companies covered 2,500 companies from 57 industry sectors in 51 countries throughout the world, with the research and selection process being audited by Deloitte. The Index is revised annually based on questionnaires sent to the companies and on public information available in annual reports and on websites that reflect the companies actions in the economic, environmental and social dimensions. The selection criteria is determined by the SAM Group Sustainable Asset Management, an independent asset management company focused on sustainable investments and headquartered in Switzerland.

In line with its new vision of the future and with the best corporate managerial practices, with the respect for the environment and with social welfare, Cemig has maintained its presence in the Dow Jones Index, thus becoming a global benchmark for sustainability.

Organized Over-the-counter Assets and Derivatives Market (Cetip) in the daily information bulletin available on its website (<http://www.cetip.com.br>) (respectively, the DI Rate and the Remuneration). The Remuneration shall be calculated exponentially and cumulatively, *pro rata temporis*, by Business Days elapsed, applying to the Nominal Unit Value of each Promissory Note, from the date of its actual subscription and paying-up up to the respective Maturity Date, obeying the following formula:

$$J = VNe \times (FatorJuros-1)$$

If, at any time during the period of validity of the Promissory Notes the DI Rate is not published, the last previous DI Rate available shall be applied, and no compensation shall be due between the Issuer and the holders of the Promissory Notes at the time of the subsequent publication of the DI Rate, which would be applicable.

If the DI Rate ceases to be published for a period of more than 10 (ten) days, or if it is abolished or if there is legal impossibility of application of the DI Rate to the Promissory Notes, then such legal parameter as comes to be determined, if any, shall be used in substitution for it. If there is no substitute legal parameter for the DI Rate, the weighted average remuneration of Brazilian short-term federal public securities, at the time of such verification, such as have been traded in the prior 30 (thirty) days, with maturity of com 180 (one hundred and eighty) days, shall be used.

For the purposes of the Issue, the expression Business Day(s) means any day, with the exception of Saturdays, Sundays and national holidays.
