Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

(e) On March 17, 2010, the stockholders of Hewlett-Packard Company (HP) approved the Amended and Restated Hewlett-Packard Company 2004 Stock Incentive Plan (the Amended Plan). The Amended Plan previously had been approved by the HR and Compensation Committee of the HP Board of Directors, subject to stockholder approval.

Under the Amended Plan, HP may grant stock options, restricted stock awards, restricted stock unit awards, performance-based unit awards and cash awards to employees of HP and its affiliates. In addition, HP may grant annual retainer awards consisting of stock options and/or restricted stock units to non-employee directors.

The Hewlett Packard Company 2004 Stock Incentive Plan (the Original Plan) was originally approved by HP stockholders on March 17, 2004. The Amended Plan provides for the following changes to the Original Plan:

- Makes an additional 65,000,000 shares of HP common stock available for issuance;
- Provides that shares subject to an award that is forfeited or settled in cash are available for future awards;
- Adds HP 's non-employee directors as eligible participants and establishes the terms for awards to non-employee directors;
- Removes a provision in the Original Plan permitting the grant of discounted stock options;
- Removes provisions in the Original Plan establishing special treatment upon termination of employment;
- Amends the performance criteria to make these criteria consistent with the performance criteria under the Hewlett-Packard Company 2005 Pay-for-Results Plan; and
- Extends the expiration of the Original Plan for ten years.

Edgar Filing: HEWLETT PACKARD CO - Form 8-K

A description of the material terms and conditions of the Amended Plan appears on pages 29 to 33 of HP's definitive proxy statement on Schedule 14A filed with the Securities and Exchange Commission on January 27, 2010 (the "Proxy Statement"). That description is incorporated by reference herein, and a copy of that description is filed as Exhibit 10.1 hereto. Such description and the other information relating to the Amended Plan included herein are qualified in their entirety by reference to the actual terms of the Amended Plan, which is attached as Exhibit 10.2 hereto.

Stock options granted to employees of HP and its affiliates will generally be granted for an eight-year term, with a four-year vesting schedule, and with a grant price that is equal to the fair market value of HP shares on the grant date. The option term will generally be shorter if the grantee terminates employment before the option expires, and the vesting schedule may be modified at the discretion of the plan administrator. The plan administrator has the discretion to establish the treatment of stock options upon termination of employment. Currently, the post-termination exercise period is 90 days if termination of employment is due to workforce reduction, one year if termination of employment is due to death, and three years if termination of employment is due to long-term disability or retirement.

Restricted stock and restricted stock unit awards granted to employees of HP and its affiliates with time-based vesting will be subject to a vesting schedule determined by the plan administrator. The plan administrator also has the discretion to determine the treatment upon termination of employment. Currently, unvested awards will generally be forfeited if the grantee voluntarily terminates employment before the award is vested; if termination of employment is due to long-term disability or retirement, awards continue to vest (subject to certain conditions); if termination of employment is due to workforce reduction or death, vesting is prorated based on the period of service during the vesting period.

Performance-based restricted units may be awarded under the Amended Plan to employees of HP and its affiliates. Currently, such awards are granted for a target number of shares that will be issued if certain performance criteria are met by HP over a three-year performance period. The performance criteria currently are annual targets based on cash flow from operations as a percentage of revenue and an overall modifier based on HP's total stockholder return relative to the S&P 500 over the three-year performance period. The number of shares of HP common stock released at the end of the performance period will range from zero to two times the target number depending on performance during the period. The plan administrator has the discretion to establish the treatment upon termination of employment. Currently, performance-based restricted units are forfeited if the grantee voluntarily terminates employment before the end of the performance period, and the units are prorated if termination of employment during the performance period is due to workforce reduction, death, long-term disability or retirement.

Performance-based cash awards may be granted under the Amended Plan to employees of HP and its affiliates. Cash awards may be issued subject to one or more of the qualifying performance criteria specified in the Amended Plan, such as revenue, earnings (including gross margin, earnings before interest and taxes, earnings before taxes, and net earnings), earnings per share, cash flow from operations, operating profit, total shareholder return, market share, or such other similar criteria as may be determined by the plan administrator. The plan administrator has the discretion to establish treatment upon termination of employment. Cash awards will generally be forfeited if the grantee voluntarily terminates employment before the end of the performance period, and awards will generally be pro-rated if termination of employment during the performance period is due to workforce reduction, death, long-term disability or retirement.
