Explanatory Note

This Amendment No. 1 on Form 10-K/A (the Amendment) amends our Annual Report on Form 10-K for the fiscal year ended December 31, 2011, originally filed with the Securities and Exchange Commission (SEC) on March 8, 2012 (the Original Filing). We are filing this Amendment to amend Part III of the Original Filing to include the information required by and not included in Part III of the Original Filing because we no longer intend to file our definitive proxy statement within 120 days of the end of our fiscal year ended December 31, 2011. Part IV is being amended solely to add as exhibits certain new certifications in accordance with Rule 13a-14(a) promulgated by the SEC under the Securities Exchange Act of 1934. Because no financial statements have been included in this Amendment and this Amendment does not contain or amend any disclosure with respect to Items 307 and 308 of Regulation S-K, paragraphs 3, 4 and 5 of the certifications have been omitted.

Except as described above, no other changes have been made to the Original Filing. The Original Filing continues to speak as of the date of the Original Filing, and we have not updated the disclosures contained therein to reflect any events which occurred at a date subsequent to the filing of the Original Filing other than as expressly indicated in this Amendment. Accordingly, this Amendment should be read in conjunction with the Original Filing and our other filings made with the SEC on or subsequent to March 8, 2012.

Unless the context indicates otherwise, throughout this report, the terms the Company, we, us, our and ours are used to refer to Dynegy Inc. its direct and indirect subsidiaries as presented in our consolidated financial statements.

Director Attendance at Annual Meeting

As detailed in our Corporate Governance Guidelines, Board members are requested and encouraged to attend the Annual Meeting. All of the Board nominees attended last year's Annual Meeting held on June 15, 2011.

Board Risk Oversight

The Board has ultimate responsibility for protecting stockholder value. Among other things, the Board is responsible for understanding the risks to which we are exposed, approving management's strategy to manage these risks, establishing policies that monitor and manage defined risks and measuring management's performance against the strategy. The Board's oversight responsibility for managing risk is detailed in our Risk Policy Statement.

The Risk Policy Statement provides a structure around risk and defines the risks that we accept in the normal course of business. The Risk Policy Statement, in some instances, requires that separate policy documentation be in place including Interest Rate Risk and Investment Policy, Disclosure Controls and Procedures Policy, Insurance Operational Risk Policy, Credit Risk Policy, Investment Policy (Employee Benefit Plans), and Commodity Risk Policy. Although not mandated by the Risk Policy Statement, our Delegation of Authority policy and the Code of Business Conduct and Ethics are complementary and critical to the risk management process. Our Executive Management Team is responsible for managing the above risks and reports on such matters to the applicable Board committees. Further, our Ethics and Compliance Office reports functionally to the Audit Committee Chairman and administratively to the General Counsel. The Ethics and Compliance Office meets periodically with the Audit Committee.

The Risk Policy Statement can be amended with the approval of our Audit Committee on behalf of the Board. The Audit Committee oversees the risks associated with the integrity of our financial statements and our compliance with legal and regulatory requirements. In addition, the Audit Committee discusses policies with respect to risk assessment and risk management, including major financial risk exposure and the steps management has taken to monitor and control such exposures. The Audit Committee reviews with management, internal auditors, and external auditors the accounting policies, the system of internal controls and the quality and appropriateness of disclosure and content in the financial statements or other external financial communications. The Audit Committee also performs oversight of the business ethics and compliance

Table of Contents

program, reviews the programs and policies designed to assure compliance with our Code of Business Conduct and Ethics and applicable laws and regulations and monitors the results of the compliance efforts. Further, as part of their risk assessment responsibility, the Audit Committee oversees our commodity risk monitored by our commodity risk control group.

The Compensation and Human Resources Committee, or Human Resources Committee, oversees risks primarily associated with our ability to attract, motivate and retain quality talent, particularly executive talent, and disclosure of our executive compensation philosophies, strategies and activities. The Human Resources Committee conducted a risk assessment in 2012 to reaffirm that our short-term incentive program, and lack of separate plans or incentives for individual functions, discourages excessive risk taking. This involved a review of a set of risk assessment considerations related to our short-term and long-term incentive programs. The goal of this effort was to establish a formal process for assessing and monitoring risks related to our compensation programs and for reviewing certain policies to ensure that appropriate controls exist to mitigate any identified risks. Following this review, the Human Resources Committee concluded that our incentive programs, including our common approach to the short-term incentive plan, collectively foster cooperation, discourage excessive risk taking and risk-taking behaviors, and focus award opportunities on measures that are aligned with our business strategy and the interests of our stockholders.

The Nominating Committee oversees risks primarily associated with our ability to attract, motivate and retain quality directors and our corporate governance programs and practices and our compliance therewith. The full Board oversees risks primarily associated with our commercial and operating performance and our environmental, health and safety performance.

Board Leadership Structure; Lead Director; Separation of Positions of Chairman and Chief Executive Officer

As discussed in our Corporate Governance Guidelines, the Board's policy with respect to the separation of the Chairman and Chief Executive Officer positions is that the interests of our stockholders are best served by a policy that enables the Board to make a determination regarding its Chairman based on our needs and the particular skill sets that are available at the time.

For the first several weeks of 2011, Mr. Williamson served as our Chairman, President and Chief Executive Officer, and Ms. Hammick served as our Lead Director. As discussed above, Mr. Williamson resigned as a director and Chairman effective February 21, 2011, and Mr. Williamson left his position as President and Chief Executive Officer effective March 11, 2011. Ms. Hammick was appointed Chairman and Mr. Biegler, one of our then directors, was appointed interim President and Chief Executive Officer. On April 9, 2011, Mr. Harrison replaced Mr. Biegler as interim President and Chief Executive Officer. Effective July 11, 2011, Mr. Flexon was appointed President and Chief Executive Officer, replacing Mr. Harrison. Mr. Harrison then resumed his role as an independent director and served as non-executive Chairman of the Board. Effective December 16, 2011, Mr. Harrison resigned as Chairman of the Board and as a member of the Board. The Board appointed Mr. Elward as non-executive Chairman of the Board effective December 16, 2011.

The Board has determined that having two different individuals serve in the roles of Chairman of the Board and Chief Executive Officer is in the best interest of our stockholders at this time. Mr. Flexon, as President and Chief Executive Officer, is responsible for setting the strategic direction for the Company and the day-to-day leadership and performance of the Company, while Mr. Elward, as Chairman, provides overall leadership to the Board in its oversight function and presides over all executive sessions of the Board. At this time, the Board concluded that the separation of the positions allows the Chairman to focus on managing Board matters and allows Mr. Flexon to focus on managing the business, including the Company's restructuring efforts.

Stock Ownership Guidelines

We have stock ownership guidelines for directors, members of the executive management team and other officers. We believe that a significant ownership stake by directors and officers leads to a stronger alignment of interests between directors, officers and stockholders. These guidelines, which were developed with the assistance of an independent compensation consultant, support our corporate governance focus and provide further alignment of interests among our directors and executive officers and stockholders.

Directors. Each non-employee director is expected to own a meaningful amount of Dynegy common stock; specifically, our director stock ownership guidelines (effective November 2008) reflect an expectation that within three years of joining the Board, each non-employee director shall own at least the number of shares equivalent to three times their annual cash retainer. The shares counted for purposes of directors' stock ownership guidelines include shares owned outright,

Table of Contents

annual phantom stock grants awarded under our Deferred Compensation Plan for Certain Directors, as amended and restated, or Directors Deferred Compensation Plan, and other share-based equivalents that we may use from time to time.

Officers. The shares counted for purposes of our officers' common stock ownership guidelines include shares owned outright, unvested restricted shares, in-the-money vested stock options, shares held pursuant to our employee benefits plans and other share-based equivalents that we may use from time to time. The guidelines are expressed as a multiple of base salary and vary by level, as follows:

Chief Executive Officer	5 x annual base salary
Executive Vice President	3 x annual base salary
Senior Vice President	2.25 x annual base salary
Vice President	1 x annual base salary

There is a mandatory five-year compliance period, and executives are encouraged to accumulate one-fifth of their holding requirement during each year of the five-year period. The Nominating Committee will monitor each executive's progress toward the required ownership level on an annual basis. As part of the Nominating Committee's annual review, current market conditions will be taken into consideration, as appropriate. During the five-year ramp-up period, and effective as of March 2010, each covered officer, as determined from time to time by the Board, is expected to retain any shares of stock acquired with the exercise of options or the lapse of restrictions on restricted stock, net of funds necessary to pay the exercise price of stock options and for payment of applicable taxes, sufficient to allow for accumulation of at least one-fifth of the officer's holding requirements during each year of such period. No such holding requirement shall apply to shares of stock acquired with the exercise of options or lapse of restrictions on restricted stock to the extent such shares would exceed the number of shares required under the immediately preceding sentence. At the end of the five-year period, if any executive fails to attain the required level of common stock ownership, action may be taken, in the discretion of the Nominating Committee considering all factors it deems relevant, including awarding annual incentive cash bonuses in the form of restricted shares or requiring an executive to refrain from disposing of any vested shares and shares realized from any option exercise.

Director Nomination Process and Qualification Review of Director Nominees

Process. Our director nominees are approved by the Board after considering the recommendation of the Nominating Committee. A copy of the Nominating Committee's charter is available in the Corporate Governance section of our web site at www.dynegy.com.

Our Second Amended and Restated Certificate of Incorporation provides that the number of our directors shall be fixed from time to time exclusively by our Board. The Board has fixed the number of our directors currently at six, subject to adjustment by the Board in accordance with our Amended and Restated Certificate of Incorporation.

The Nominating Committee reviews annually the composition of the Board as a whole and recommends, if necessary, measures to be taken so that the Board reflects the appropriate balance of knowledge, experience, skills, expertise and diversity required for the Board as a whole and contains at least the minimum number of independent directors required by applicable laws and regulations. The Nominating Committee is

Edgar Filing: DYNEGY INC. - Form 10-K/A

responsible for ensuring that the composition of the Board accurately reflects the needs of our business and, in furtherance of this goal, proposing the nomination of directors for purposes of obtaining the appropriate members and skills. The Nominating Committee identifies nominees in various ways. The committee considers the current directors that have expressed an interest in and that continue to satisfy the criteria for serving on the Board as set forth in our Corporate Governance Guidelines. Other nominees that may be proposed by current directors, members of management or by stockholders are also considered. From time to time, the committee engages a professional firm to identify and evaluate potential director nominees.

Qualifications. All director nominees, whether proposed by a stockholder or otherwise, are evaluated in accordance with the qualifications set forth in our Corporate Governance Guidelines. These guidelines require that directors possess the highest personal and professional ethics, integrity and values and be committed to representing the long-term interests of our stockholders at large. They must also have an inquisitive and objective perspective, practical wisdom, mature judgment and sufficient personal resources such that any director compensation to be received from Dynegy would not be sufficiently meaningful to impact their judgment in reviewing matters coming before the Board. Finally, they must be able to work compatibly with the other members of the Board and otherwise have the experience and skills necessary to enable them to

Table of Contents

serve as productive members of the Board. Directors also must be willing to devote sufficient time to carrying out their fiduciary duties and other responsibilities effectively and should be committed to serve on the Board for an extended period of time. Under our Corporate Governance Guidelines, directors generally will not be nominated for election after their 72nd birthday unless the Board determines circumstances make it in the best interest of stockholders to do so. The Nominating Committee determined that although Mr. Pardo is over 72 years of age, he brings special skills and experience to the Board and, as a result of such skills and experience, stockholders derive tangible and intangible benefits. Upon the advice of the Nominating Committee, the Board, after considering Mr. Pardo's qualifications, willingness to serve and the specific circumstances described above, nominated Mr. Pardo to be re-elected at the Annual Meeting. For additional information, please read our Corporate Governance Guidelines.

In connection with the director nominations for the 2012 annual meeting, the Nominating Committee also considered the nominees (1) experience in the energy industry and understanding of the energy markets, (2) experience in finance and restructuring, (3) publicly traded company and board experience, (4) knowledge in the areas of laws and regulations related to environmental, health, safety and other key industry issues, (5) strategic planning skills, (6) knowledge of corporate governance issues coupled with an appreciation of their practical application, and (7) accounting expertise, including audit, internal controls and risk management.

Each nominee brings a strong and unique background and set of skills to the Board, giving the Board as a whole competence and experience in a wide variety of areas, including energy, strategic planning, corporate governance and board service, executive management, engineering, accounting and finance, operations, manufacturing, economics and international business. Set forth below are the various qualifications, attributes, skills and experience of our director nominees considered important by the Board in determining that such nominee should serve as a director.

Robert C. Flexon. Mr. Flexon currently serves as our President and Chief Executive Officer. He brings executive management and operating experience in many areas of the energy business, including wholesale power generation. Mr. Flexon also has a broad background in accounting and finance and significant corporate financial management experience and financial expertise as a result of his service as a Chief Financial Officer and other senior financial leadership positions.

Thomas W. Elward. Mr. Elward brings a strong technical background to our Board, with a masters degree in nuclear engineering, and has significant executive management experience in non-utility power businesses, including power and gas marketing, gas transmission and storage, and independent power production development, construction and asset management. In addition to his extensive technical knowledge, he has received numerous awards for excellence in safety and environmental stewardship and has served on wholly-owned boards of various independent power producers, including serving as a member of CMS Energy's risk committee. He serves as Chairman of the Board and as our Nominating Committee chair.

Michael J. Emblar. Mr. Emblar brings extensive experience in finance, asset management and restructurings, and expertise in capital markets and capital management. His experience as Chief Investment Officer of a major asset management firm provides the Board with a unique analytical view from the perspective of an investor. Further, Mr. Emblar's significant experience with respect to finance, investing and general business matters are important to the Board's ability to review our financial statements and our investor communications, assess potential financings and strategies and otherwise supervise and evaluate our business decisions. In addition to his finance experience, he qualifies as an audit committee financial expert under SEC guidelines due to his service as a member of audit committees of other publicly traded companies. He serves as our Human Resources Committee Chair.

Edgar Filing: DYNEGY INC. - Form 10-K/A

Vincent J. Intrieri. Mr. Intrieri brings a broad background of experience in executive management, finance and accounting from his career with various Icahn affiliates. Mr. Intrieri was a certified public accountant and has broad industry experience, including investment management. He currently serves as the chair of our Finance and Restructuring Committee and, as chair, he contributes significantly to the review and evaluation of the Company's restructuring alternatives. Mr. Intrieri also currently serves on the boards of numerous companies that Carl C. Icahn directly or indirectly controls or has an interest in.

Samuel Merksamer. Mr. Merksamer has gained finance experience from his career as an investment analyst at Icahn Capital LP and at Airlie Opportunity Capital Management. He has experience in high yield and distressed investments, and employs his finance skills by identifying, analyzing and monitoring investment opportunities and portfolio companies for Icahn Capital. Mr. Merksamer also currently serves on the boards of numerous companies that Carl C. Icahn directly or indirectly controls or has an interest in.

Table of Contents

Felix Pardo. Mr. Pardo brings extensive executive management experience to our Board. His diversified experience in executive positions, including President and Chief Executive Officer with large public companies, has given him broad based industry knowledge, including expertise in the negotiations of energy contracts, bank debt agreements, risk and balance sheet management, and extensive business leadership skills. In addition to his executive management experience, he qualifies as an audit committee financial expert under SEC guidelines due to his many years of experience as an executive, his service as a director on other boards and his participation on several audit committees. He serves as our Audit Committee Chair.

In December 2011, Mr. Harrison resigned as our Chairman and as a member of our Board. We thank Mr. Harrison for his service, contributions and leadership throughout his tenure as director.

Diversity. The Board does not have a formal policy with respect to Board nominee diversity. In recommending proposed nominees to the full Board, the Nominating Committee is charged with building and maintaining a board that has an ideal mix of talent and experience to achieve our business objectives in the current environment. In particular, the Nominating Committee is focused on relevant subject matter expertise, depth of knowledge in key areas that are important to us, and diversity of thought, background, perspective and experience so as to facilitate robust debate and broad thinking on strategies and tactics pursued by us.

Directors Meetings and Committees of the Board

During 2011, our Board held 22 meetings. Each director attended at least 75% of the aggregate of the total number of meetings of the Board and the total number of meetings held by all committees on which he or she served during the period for which he or she has been a director. Under our Corporate Governance Guidelines, directors who are not members of a particular committee are entitled to attend meetings of each such committee.

Compensation and Human Resources Committee. The Human Resources Committee, which currently is comprised of Messrs. Emblar (Chairman), Intrieri and Pardo, met a total of 8 times during 2011. Each member of the Human Resources Committee is independent as defined in the NYSE Listed Company Standards. the Nominating Committee. For more information regarding the role and scope of authority of the Human Resources Committee in determining executive compensation, please read "Compensation Discussion and Analysis" below.

The Human Resources Committee may delegate specific responsibilities to one or more subcommittees to the extent permitted by law, NYSE listing standards and our governing documents. The Human Resources Committee is responsible for pre-approving all services performed by any independent compensation consultant in order to assure that the provision of such services does not impair the consultant's independence. As a result, the Human Resources Committee has established a policy requiring its pre-approval of the annual executive compensation services, engagement terms and fees. The policy requires that requests to provide services requiring pre-approval by the Human Resources Committee or Chair will be submitted to the Committee or Chair by both the independent compensation consultant and our Vice President of Human Resources and must include a joint statement as to whether, in their view, the request or application is consistent with maintaining the consultant's independence. Further, under the policy the Human Resources Committee delegates to its Chair the authority to pre-approve any services (other than annual engagement services) if necessary or appropriate between scheduled meetings; provided, however, that the Chair will cause any such pre-approvals to be reported to the Human Resources Committee at the next regularly scheduled meeting. For a discussion of the role of the independent compensation consultant retained by the Human Resources Committee in recommending executive compensation and the participation of our Chief Executive Officer in the review of the compensation of other executives that report to the Chief Executive Officer, please read "Compensation Discussion and Analysis" below.

Executive Summary

2011 Business Overview

- In 2011, we experienced an unprecedented year with respect to development and execution of our reorganization and restructuring plans that the Board and management believed to be in the best interests of our stockholders.
- Our newly hired executive management team, in conjunction with the newly elected Board, are working to restore Dynegy's financial health by (1) restructuring the balance sheet; (2) improving operating margins, while reducing fixed costs; and (3) successfully operating and commercializing our assets.
- We entered into new credit facilities in the aggregate amount of \$1.7 billion designed to provide and facilitate operational and financial flexibility.
- Significant progress has been made with respect to the Amended Plan of Reorganization for Dynegy Holdings, or Plan of Reorganization, including reaching agreement on the Plan of Reorganization with holders of approximately

Table of Contents

\$1.8 billion of Dynegy Holdings senior notes and debentures and with affiliates of Public Service Enterprise Group, Inc. regarding a settlement of issues and disputes regarding the leases at the Roseton and Danskammer facilities.

- Successfully improved our cash position and collateral requirements by utilizing a first lien collateral structure that resulted in more than \$360 million in returned cash collateral.

Key Features of Our Compensation Program

- A significant portion of the compensation package granted to Messrs. Flexon, Freeland, Howell and the other members of our executive management team hired in 2011 included premium priced stock options that serve to align the compensation and long-term interest of our executive management team with the long term interest of our stockholders.

- Other than reimbursement for financial planning and tax advice and one-time relocation benefits provided to Mr. Flexon and Mr. Freeland, our Named Executive Officers do not receive any material perquisites.

- Our Human Resources Committee, upon the recommendation of our management team, froze participation in and suspended benefit accruals under the Dynegy Inc. Restoration Pension Plan, or the Restoration Pension Plan, and the Dynegy Inc. Restoration 401(k) Savings Plan, or the Restoration 401(k) Plan, two plans that provide deferred compensation for a select group of highly compensated employees, effective for periods on and after January 1, 2012.

- We have a mechanism to claw back any compensation awards following a restatement of our financial results and a determination that financial metrics and performance impacted granting of such awards.

- The Human Resources Committee, following completion of its annual incentive risk assessment, continues to believe that the structure and design of our compensation programs, as well as the approach used in the selection of performance metrics and targets, are not reasonably likely to result in excessive risk-taking that could have a material adverse effect on the Company.

- Our Human Resources Committee believes that the use of employment agreements and long-term incentive programs are both critical to our ability to attract and retain a talented and experienced executive management that have interests aligned with the long term interest of our shareholders.

- We received a favorable result on our Say on Pay vote in 2011, with 78.3% of our stockholders represented in person or by proxy voting to approve the compensation of our Named Executive Officers in 2011.

Compensation Philosophy and Program Objectives

Executive Compensation Philosophy

Our executive compensation program, which is administered by the Human Resources Committee, is primarily designed to attract, motivate and retain a highly qualified executive management team capable of effectively managing our power generation business. Our executive compensation program reflects a fundamental belief that rewards should be competitive, both in elements and amount, with the broad labor market in which we compete for executive talent and commensurate with corporate and individual performance.

The Human Resources Committee reviews and updates, where appropriate, our compensation philosophy for consistency with our near-term and long-term business strategy. Our Compensation Guiding Principles, which are listed below, serve to formalize and document our compensation philosophy. In addition, these principles provide a foundation for certain compensation decisions, as well as a common language for communicating those decisions to executives, employees and stockholders. These Compensation Guiding Principles are as follows:

- Our compensation strategy is based on our core values and business strategy.
- Our total compensation for each individual should provide reasonable upside potential for exceptional performance, while maintaining competitiveness during, and appropriately reflecting, market or economic downturns.

Table of Contents

- Our compensation delivery practices should allow for differential pay levels based on both corporate and individual performance.
- Our key compensation elements base pay, short-term incentives and long-term incentives should complement each other.
- Our variable pay programs should be designed as forward-looking incentives that reflect individual and corporate performance during the year under review.
- Our long-term incentives should encourage share price improvement and a strong link to stockholder interests.
- Our compensation programs should be designed and administered to maximize stockholder value.
- Our overall compensation strategy should recognize that attraction and retention of key talent is critical to the attainment of our stated business goals and objectives and to the creation of value for our stockholders.

Executive Compensation Program Objectives

Consistent with the stated purpose and the Compensation Guiding Principles listed above, the structure of our compensation program reflects the following key objectives: (1) Pay for Performance; (2) Market Competitiveness; and (3) Long-Term Stockholder Value.

Pay for Performance. It is our belief that the variable components of compensation should not be viewed as entitlements, but rather should be awarded for delivering results relative to pre-determined business goals and objectives and for executing on our business strategy to create long-term value for our stockholders. The former members of the Board and its Human Resources Committee reviewed and approved objectives at the start of the 2011 calendar year. Given the significant amount of uncertainty and change that occurred earlier in the year, in June 2011, the current members of the Board and its Human Resources Committee determined that additional objectives should be included following the appointment of the new executive management team. To this end, in August 2011, the Human Resources Committee approved a set of four key objectives that would be used by executive management and the Board in assessing our annual performance in 2011.

2011 Performance Objectives. These new objectives were a combination of the existing financial and operational objectives established at the start of 2011 and two additional goals relating to the reorganization and restructuring efforts that were initiated during the second quarter of 2011. The pre-existing and new objective categories approved by the Human Resources Committee in August 2011 included:

- Operate and commercialize well; and
- Meet or exceed the previously established Adjusted EBITDA(1) target.

The first category, restructure the balance sheet, represents the critical financial efforts required to significantly change the Company's capital structure, restructure legacy unsecured debt, provide liquidity to the business units, and general business support for our asset base. The second category, improve operating margins, while reducing fixed costs, represents the internal efforts related to identifying sustainable fixed cash cost reductions and developing margin improvement opportunities across the organization. Related to this objective, the new executive management team

(1) We define Adjusted EBITDA as EBITDA adjusted to exclude (1) gains or losses on the sale of assets, (2) the impacts of mark-to-market changes on economic hedges related to our generation portfolio, and (3) the impact of impairment charges and certain other costs such as those associated with our internal reorganization, including those charges and costs embedded in losses from unconsolidated investments on our consolidated statements of operations.

Table of Contents

established a multi-year improvement initiative, PRIDE (Producing Results through Innovation by Dynegy Employees), to develop, implement and sustain identified opportunities. The third category, operate and commercialize well, requires utilizing best operating practices to achieve safety, environmental and reliability targets, complemented by hedging strategies that provide near-term stability and while preserving longer-term flexibility. The final category represents our effort to meet or exceed the Company's previously established financial performance target as measured by Adjusted EBITDA. These performance measures reflect the critical steps that we have identified that should allow us to successfully restore the Company's financial health and improve long-term shareholder value.

These four objectives were equally weighted, 25% each, and were used to assess the organization's and Messrs. Flexon, Freeland, Howell and Stephenson's collective performance for the year. Each objective has defined initiatives and, where possible, quantifiable metrics used to evaluate the level of attainment achieved during 2011. Our progress, and Messrs. Flexon, Freeland, Howell and Stephenson's contributions relative to these goals and objectives, were discussed throughout the year by the Board and the Human Resources Committee. Following year-end, compensation awards were determined by the Human Resources Committee based upon their overall assessment of performance, including the degree to which these goals and objectives were achieved.

Individual Performance. In addition to the above-described goals and objectives, executive compensation decisions are also based on the individual performance. In particular, we previously adopted a set of core values that reflect the key leadership qualities and behavioral attributes that our executive compensation program is designed to foster and reward. These qualities and attributes include, among others: honesty and integrity; individual responsibility and accountability; engagement and development of our employees; and doing the right things with an expectation that the right things will happen. In evaluating our Chief Executive Officer from this perspective, the Human Resources Committee conducts an annual performance review together with the Board and evaluates his performance based on interaction with him and his performance throughout the year. Similarly, the Human Resources Committee, which approves the compensation for our executive officers other than our Chief Executive Officer, consults with the Chief Executive Officer as to his performance review of our other executive officers and their achievements relative to our core values.

Market Competitiveness. We believe that in order to attract and retain highly qualified executives, our executive compensation program must be competitive, both in elements and amount, with the broad labor market in which we compete for talent. To support our objective of paying market competitive compensation, the Human Resources Committee conducts a competitive evaluation (including, among other things, a review of proprietary and proxy statement information) with its independent compensation consultant.

Independent Consultant. For the compensation decisions made in March 2012, the Human Resources Committee retained Meridian Compensation Partners, or Meridian, as its independent consultant. Meridian was selected based upon the firm's depth and breadth of expertise in executive compensation and familiarity with our industry. Meridian was engaged to provide consulting advice and services to the Human Resources Committee, collect competitive executive compensation data, and provide information on trends, new rules/regulations and governance practices that may impact executive compensation practices and administration. Meridian reports to and acts at the sole discretion of the Human Resources Committee and is prohibited from performing services for our management without pre-approval by the Human Resources Committee.

Benchmarking. At the request of the Human Resources Committee, Meridian conducted a benchmarking study to assess the competitiveness of the compensation of our executive management team. The benchmarking study provides competitive market compensation data from a combination of published compensation surveys and peer group proxy statements.

Edgar Filing: DYNEGY INC. - Form 10-K/A

Specifically, the benchmarking study used data from the Aon Hewitt 2011 Total Compensation Measurement Database to provide benchmark data for positions with similar roles and responsibilities as our Named Executive Officers. The survey data were derived from a comparator group of 101 companies with revenues similar to ours (median revenues of \$2.1 billion), and were analyzed on both a regressed (size-adjusted) and tabular (not size-adjusted) basis. This data is referred to as the general industry survey data. The general industry survey data served as the primary basis for determining market competitiveness of the compensation of our executive management team, as its larger sample size provides compensation data that is statistically more significant than the smaller sample size of the industry peer group. Please see the table in Exhibit 99.1 for a complete listing of the companies included in the general industry survey data.

Additionally, Meridian collected compensation data from the most recent proxy statement filings for a group of six comparator companies (AES Corp., Calpine Corp., Edison International, FirstEnergy Corp., Genon Energy Inc.

Table of Contents

and NRG Energy Inc.) which is referred to as the comparator group. The comparator group proxy statement data provide an industry-based context for the Human Resources Committee's executive compensation decisions. The Human Resources Committee and Meridian selected these companies because of their similarity to us in business focus and, despite inexact overlap of operations and the limited number of comparator companies, they represent useful reference points for executive compensation purposes. The comparator group proxy statement data collected included base salaries, total compensation amounts and long-term incentive award levels for the Chief Executive Officer, Chief Financial Officer, Chief Operating Officer, Chief Administration Officer and General Counsel.

Alignment with Stockholder Value. Granting equity compensation awards to certain of our Named Executive Officers and other eligible individuals is an important way to align the interests of those individuals with the interests of our stockholders. The value of equity compensation is dependent upon the value of our common stock. Individuals who are granted equity compensation have a direct financial interest in the performance of that stock. An important aspect of our compensation philosophy is thus to provide eligible individuals with additional incentive and reward opportunities designed to enhance our long-term profitability and further align such individuals' interests with those of our stockholders by strengthening their concern for our welfare. Please read *March 2012 Compensation Actions* and *Long-Term Incentive Opportunity* below for further discussion of Named Executive Officers' long-term incentives.

Potential Impact of Restatements and Ability to Claw Back Compensation Awards. The Human Resources Committee has a mechanism to address any restatements that may impact our key financial metrics and our financial performance. The Human Resources Committee will take action, as it determines to be appropriate, with respect to bonuses or other incentive or equity compensation awards to the extent such specified performance targets were not achieved in light of a restatement, which could include seeking to recover amounts paid. We believe this mechanism allows for remedial action to be taken if executive compensation is awarded for achievement of financial performance that is later determined not to have been achieved and further aligns our Named Executive Officers' interests with those of our stockholders.

Say on Pay. We received a favorable result on our Say on Pay vote in 2011, with 78.3% of our stockholders represented in person or by proxy voting to approve the compensation of our Named Executive Officers in 2011. We believe this is a result of our efforts to align pay and performance, ensure transparency in our key performance measures and implement pay practices that seek to align the interests of our Named Executive Officers with long-term stockholder value. The Human Resources Committee believes that the pay decisions made in 2011 and early 2012 should result in continued favorable support by our stockholders.

Elements of Compensation and Compensation Earned in 2011

As previously noted, our Named Executive Officers are eligible to receive three primary forms of compensation: base salary; short-term cash incentive awards; and long-term incentive awards.

Base Salary. Base salaries function as the fixed, recurring cash portion of the Named Executive Officer's total compensation package. In determining the level of base salary for each Named Executive Officer, the Human Resources Committee considers the Named Executive Officer's job responsibilities, our budget for annual merit increases, external benchmark data (our comparator group and general industry survey data as described above under *Executive Compensation Philosophy* *Market Competitiveness*) of companies provided by its independent compensation consultant, the internal equity of each Named Executive Officer's compensation, both individually and relative to the other executive officers and the individual performance of each Named Executive Officer. We generally target base salaries within a range of 80% to 120% of the 50th percentile of the general industry survey data as a competitive level of pay. This range provides the Human Resources Committee the ability to consider expertise, demonstrated performance, tenure in the current role, historical pay, internal equity, market movement and other relevant factors when determining base salaries for our Named Executive Officers. In our estimation, to target base salaries

Edgar Filing: DYNEGY INC. - Form 10-K/A

lower than this range would restrict our ability to attract and retain key talent; to target base salaries higher than this range could potentially result in greater compensation than is necessary to attract and retain key talent to the detriment of our stockholders. The Human Resources Committee ultimately exercises its judgment while considering competitive data, individual performance, internal equity, current position relative to the market and market value, among other factors, to determine base salaries for our Named Executive Officers. In the aggregate, base salaries for Messrs. Flexon, Freeland and Howell are positioned slightly below the 50th percentile of the general industry survey data.

For 2011, the base salaries for Messrs. Flexon, Freeland and Howell were established by their employment agreements. Ms. Nichols and Messrs. Blodgett and Williamson, due to their departures, did not receive salary increases in 2011. Messrs. Cook and Lednicky also did not receive salary increases in 2011. In connection with his promotion to

Table of Contents

Executive Vice President, Mr. Stephenson received a salary increase from \$302,940 to \$335,000 on March 14, 2011. Mr. Biegler received a fee of \$4,150 per day, plus expenses, for each day that he primarily devoted service to Dynegy as its interim President and Chief Executive Officer. Such fees were in lieu of any director meeting fees that would otherwise have been payable to Mr. Biegler during his tenure as interim President and Chief Executive Officer. During this period, Mr. Biegler was not eligible to participate in any employee benefit plans or programs except for his continued participation in Directors Deferred Compensation Plan. Mr. Harrison received compensation at an annualized salary rate of \$1,000,000 during his tenure as interim President and Chief Executive Officer. Given the interim nature of his role, Mr. Harrison was not eligible to participate in any employee benefit plans or programs of the Company except for the Dynegy Inc. 2009 Phantom Stock Plan which he participated in as a director and not as an employee.

Named Executive Officer	Base Salary Earnings in 2011	
Bob Flexon	\$	403,846
Clint Freeland	\$	214,615
Kevin Howell	\$	250,385
Lynn Lednický	\$	435,000
Kent Stephenson	\$	330,068
Bruce A. Williamson	\$	211,538
David Biegler	\$	8,300
E. Hunter Harrison	\$	250,000
Holli C. Nichols	\$	111,058
Charles C. Cook	\$	205,788
J. Kevin Blodgett	\$	51,923

Please read [March 2011 Compensation Actions](#) and [Analysis Named Executive Officer Compensation](#) below for further discussion of Named Executive Officers' base salaries.

Short-Term Incentives. Short-term incentive awards serve as a variable, at-risk element of each Named Executive Officer's total compensation package and are based on the attainment of pre-established performance goals and objectives during the performance year. Short-term incentive awards are paid in cash. Our short-term incentive compensation plan is structured to align executive interests with both stockholder interests and our annual performance goals and objectives. The annual cash incentive bonus opportunity for each executive officer is governed by the terms of their employment agreements or previously established targets in the case of Ms. Nichols and Messrs. Williamson, Blodgett, Cook, Lednický and Stephenson. The short-term incentive award for Mr. Flexon, established by the terms of his employment agreement, is targeted at 100% of his annual base salary and provides an opportunity for target total cash compensation at approximately the 50th percentile of the general industry survey data. The short-term incentive target for Messrs. Freeland and Howell, established by the terms of their employment agreements, is targeted at 75% of their annual base salaries, which provides an opportunity for total cash compensation at approximately the 50th percentile of the general industry survey data. Messrs. Biegler and Harrison, given the interim nature of their roles, were not eligible to receive short-term incentive awards for 2011. These opportunities are not guaranteed and provide adequate flexibility for downward adjustments to reflect corporate or individual performance at less than the targeted level and overall market and economic conditions. Corporate performance or individual performance can result in either no annual incentive bonus or an annual incentive bonus award that is less or greater than the target opportunity level. Please read [March 2012 Compensation Actions](#) below for further discussion of the Named Executive Officers' short-term incentive awards.

Long-Term Incentives. Long-term incentive opportunities serve as the most significant performance-based element of the executive's total compensation package. Our long-term incentive awards generally focus on the attainment of long-term performance goals and objectives, which are deemed instrumental in creating long-term value for stockholders and long-term retention incentives for our executives. Long-term incentive opportunities, in the form of equity-based awards, generally do not fully vest until three or four years after the grant date. They are structured to achieve a variety of long-term objectives, including: attracting and retaining executives; aligning executives' financial interests with the interests of stockholders; and rewarding the achievement of long-term strategic goals and/or superior stock price performance. We generally target within

Edgar Filing: DYNEGY INC. - Form 10-K/A

range of the 50th to 60th percentile of the survey market for long-term incentives. Generally, long-term incentives for executives are granted during the month of March each year but may also be granted in connection with the initial employment of executives. Due to the current reorganization proceedings with Dynegy Holdings, LLC and certain of its subsidiaries, annual equity awards will be granted later in 2012. However, a cash-settled long-term incentive program for certain members of our senior management team was approved by the Human resources Committee in January 2012 and is discussed further in March 2012 Compensation Actions and Long-Term Incentive Opportunity .

Table of Contents

For long-term incentives granted in March 2011, the Human Resources Committee, with input from Meridian, considered various alternatives for granting long-term incentive opportunities. The Human Resources Committee's objective was to motivate management to achieve long-term specified strategic goals and superior stock price performance, and to ensure an appropriate level of equity-based incentives to aid in the retention of Messrs. Lednický, Cook and Stephenson to ensure a successful transition to the new Board. Consistent with our stated compensation philosophy, an equity award thus provides an opportunity for, but does not generally guarantee receipt of, a payout because the extent to which such an award will have value, if any, is dependent on our performance over the term applicable to the award.

Traditionally, we have used a mix of performance-based awards, stock options and restricted stock or cash-settled phantom stock units when awarding long-term incentives. In March 2011, the Human Resources Committee sought to identify additional ways to continue to align long-term incentives for Messrs. Lednický, Cook and Stephenson with the long-term interests of our stockholders. Due to the difficulty in setting long-term performance targets given the forthcoming Board changes and the significant and dynamic challenges faced by the Company, the Human Resources Committee decided to grant long-term incentive awards solely in the form of cash-settled phantom stock unit awards to Messrs. Lednický, Cook and Stephenson, and all long-term incentive recipients across the Company. This decision reflected the Human Resources Committee's belief that long-term incentive awards granted in March 2011 should provide the appropriate balance of long-term stockholder interest with the need to address retention of Messrs. Lednický, Cook and Stephenson. The chart below illustrates the long-term incentive awards granted to Messrs. Lednický, Cook and Stephenson.

Long-Term Incentive Awards Granted on March 7, 2011

Named Executive Officer	Equity Award Value	Phantom Stock Units (100%)
Charles C. Cook	\$ 761,250	131,250
Lynn A. Lednický	\$ 761,250	131,250
Kent R. Stephenson	\$ 586,250	101,078

The phantom stock units were granted to Messrs. Lednický, Cook and Stephenson on March 7, 2011 at a regularly scheduled meeting of the Human Resources Committee. The number of shares of phantom stock units awarded to each of the above Named Executive Officer was based on the fair market value of our common stock as of March 7, 2011, \$5.80, and the awards would generally have vested equally in three annual installments over the three-year vesting period if such individuals had remained employed through the term of the award.

Due to their departures, Ms. Nichols and Messrs. Blodgett and Williamson did not receive annual long-term incentive awards in 2011. Mr. Biegler was not eligible to receive annual long-term incentive awards. Mr. Harrison received a phantom stock unit awards equivalent to the grant he normally would have been eligible to receive as a non-employee director under the Directors Deferred Compensation Plan. Messrs. Flexon, Freeland and Howell each received long-term incentive grants upon commencement of their respective employments with the Company which in each case occurred after March 7, 2011. These awards are explained in further detail below under Summary of Employment Agreements .

Retirement Benefit Plans. Qualified benefit plans comprise additional elements of total compensation for our Named Executive Officers. Generally, each Named Executive Officer (except for Messrs. Biegler and Harrison) is eligible, as are all our corporate employees, to participate in the Dynegy 401(k) Plan, which provides for a dollar-for-dollar match for each dollar contributed (on a pre-tax or Roth basis) up to 5% of salary, (with such elective contributions capped at \$16,500 for 2011). Generally, each Named Executive Officer is also eligible for a qualified pension benefit under the Dynegy Inc. Retirement Plan, or the Retirement Plan. This pension benefit, in the form of the Portable Retirement

Edgar Filing: DYNEGY INC. - Form 10-K/A

Benefit, or PRB, provides a defined benefit that grows each year at a variable rate (30-year Treasury rate). This benefit, introduced in 2001, provides an annual contribution of 6% of the Named Executive Officer's salary (with such salary capped at \$245,000 for plan purposes for 2011). Our contributions to the Dynegy 401(k) Plan vested at a rate of 50% per year and contributions to the PRB vested at a rate of 33.33% per year for 2011.

Table of Contents

In 2008, we adopted two restoration plans, the Restoration 401(k) Plan and the Restoration Pension Plan. The key elements of the restoration plans include:

- Under both plans, all employees who are eligible employees under the applicable qualified plans and earn in excess of a certain qualified plan limit may participate;

- Additionally, under the Restoration Pension Plan, employees who are eligible employees under the applicable qualified pension plans and earn in excess of another qualified plan limit may participate;

- Definition of plan pay under the restoration plans mirrors our existing qualified plans (base pay); and

- Benefits will be paid in the form of a lump sum, with service under the plans taken into account for employment on and after January 1, 2008.

The Human Resources Committee, upon recommendation from management, approved effective for periods on and after January 1, 2012, freezing participation and suspending benefit accruals for non-represented employees who participated in benefits other than the Dynegy 401(k) Plan and PRB; such non-represented employees are instead eligible to participate in the Dynegy 401(k) Plan and PRB going forward (subject to applicable eligibility criteria). In addition, effective for periods on and after January 1, 2012, participation in the above-described Restoration 401(k) Plan and Restoration Pension Plan was frozen, and benefit accruals were suspended under these plans. These decisions were made to provide one uniform set of 401(k) and retirement benefits to all eligible non-represented employees, including our Named Executive Officers.

We previously had a legacy non-qualified executive deferred compensation plan, or Deferred Compensation Plan. The Deferred Compensation Plan was suspended in 2003 and no contributions have been made under the Deferred Compensation Plan since that time. On June 15, 2011, at a regularly scheduled meeting, the Human Resources Committee approved terminating the Deferred Compensation Plan. Mr. Lednicky, who was the only Named Executive Officer with a balance in this suspended plan, was paid an outstanding balance of \$180,071 when the plan was terminated.

Executive Perquisites. The Human Resources Committee reviews executive perquisites on an annual basis. Generally, perquisites provided to Named Executive Officers during 2011 were limited to relocation expenses, cell phones and personal digital assistants primarily used for business purposes. However, as established by their employment agreements, Messrs. Flexon, Freeland and Howell are eligible to receive annual reimbursement for reasonable costs incurred for individual tax and financial planning advice in an amount not to exceed \$10,000 per year. For 2011, Mr. Flexon was reimbursed \$10,000, Messrs. Freeland and Howell incurred no costs for tax or financial planning in 2011. Additionally, Mr. Flexon was reimbursed \$81,354 and Mr. Freeland was reimbursed \$54,594 for expenses associated with the relocation of their primary residences to Houston, Texas. Please read Executive Compensation Summary Compensation Table for 2009, 2010 and 2011 below for further details on executive perquisites.

Edgar Filing: DYNEGY INC. - Form 10-K/A

Overall, the total value of perquisites for our Named Executive Officers represents approximately 1 % or less of total compensation. While the Human Resources Committee will continue to assess the competitiveness of executive perquisites, it believes the current limited use of this element of total compensation is appropriate.

Employment Agreements. In building our new executive team, the Human Resources Committee concluded that given the uncertainties faced by the Company to attract talented and qualified executives it would be appropriate to enter into employment agreements. Therefore, during 2011, the Company entered into employment agreements with Messrs. Flexon, Freeland and Howell. The Company did not maintain employment agreements with our other Named Executive Officers. Key provisions contained in the employment agreements for Messrs. Flexon, Freeland and Howell are described more fully below under [Summary of Employment Agreements](#) and [Potential Payments Upon Termination or Change in Control - Employment Agreements](#) .

Change in Control Arrangements. We have entered into arrangements and maintain plans that require us to provide specified payments and benefits to the Named Executive Officers (except for Messrs. Biegler and Harrison, who were not eligible to participate in such plans) in connection with a change in control. These plans and payments are described below under [Executive Compensation - Potential Payments upon Termination or Change in Control](#) . In particular, certain of our long-term incentive award agreements provide for the accelerated vesting of outstanding equity-based awards in connection with a change in control (as defined in such award agreements), and our Change in Control Plan provides for the payment of certain severance benefits to our executives in connection with a change in control, as defined in the Change in Control Plan. The Change in Control Plan, most recently adopted by the Human Resources Committee in 2008 after consultation with its independent compensation consultant, enables us to attract and retain critical talent in a marketplace with a potential for

Table of Contents

industry consolidation and significant shortfalls in the executive talent pool. Please read [Executive Compensation Potential Payments Upon Termination or Change in Control](#) for further details on our change in control plans.

Severance Pay Plans. We also maintain the Dynegy Inc. Executive Severance Pay Plan, or Executive Severance Pay Plan, that provides for payment of certain severance benefits. We continue to believe that this plan enables us to attract and retain critical talent given the significant ongoing restructuring activities we face as an organization. For details regarding the Executive Severance Pay Plan, please read [Executive Compensation Severance-Eligible Terminations](#).

Excise Tax Reimbursement Policy. We provide for an excise tax gross-up in the event of a change in control to equalize payments for similarly situated employees who may otherwise face disparate tax treatment. The Code imposes a 20% excise tax on employees who receive benefits in connection with a change in control that equal or exceed three times the employee's base amount of compensation. Similarly situated executives may have substantially different base amounts of compensation and a large portion of our senior executives' compensation is in the form of long-term incentive awards which vest over multiple performance years. Applicable tax rules can impose excise taxes when awards vest in connection with a change in control or a termination of employment in connection with a change in control. Consequently, the Code can have significantly varying and arbitrary effects on an individual's tax obligations. Therefore, the Human Resources Committee believes that tax gross-up payments can be appropriate in limited circumstances in order to prevent the intended value of a benefit from being significantly and arbitrarily reduced and to equalize payouts across similarly situated officers (including Named Executive Officers) and other key employees who may have different exposures to excise tax.

Compensation Actions in Connection with 2011 Named Executive Officer Separations. As discussed in [Corporate Governance Recent Events](#), during 2011 and 2012, the composition of our Board and executive team has changed significantly. In connection with these changes, certain Named Executive Officers received benefits and payments upon their termination.

- **Mr. Blodgett.** On February 4, 2011, Mr. Blodgett left his position as General Counsel and Executive Vice President, Administration. Pursuant to the terms of an agreement with the Company, Mr. Blodgett received the benefits and payments to which he was entitled under the Executive Severance Pay Plan (i) a lump sum payment equal to 12 months of base salary and (ii) continued participation in the Company's group health care plan for 12 months. In addition, he remained eligible for compensation under Dynegy's short-term incentive plan for the 2010 performance year. Upon leaving, all of Mr. Blodgett's outstanding restricted shares, phantom stock units and stock options fully vested.
- **Mr. Williamson.** On February 21, 2011, the Company entered into the Separation Agreement with Mr. Williamson and he left his position as President and Chief Executive Officer effective March 11, 2011. Mr. Williamson also resigned as a director and Chairman of the Board, effective as of February 21, 2011. In entering into this Separation Agreement, the Human Resources Committee believed that Mr. Williamson successfully led the Company through an unprecedented business environment. Pursuant to the terms of the Separation Agreement, Mr. Williamson (i) received a \$2,000,000 lump sum payment as severance, (ii) is eligible to continue participating in the Company's group health care plan for two years, (iii) received a short-term incentive payment of \$850,000 for the 2010 performance year, and (iv) received a payment of \$1,500,000 in settlement of all of his outstanding performance units. Under the Separation Agreement, Mr. Williamson was also required not to compete with the Company for three years following his termination of employment in exchange for a payment of \$1,500,000, and he was required to provide limited consulting services to the Company through December 31, 2011 and to assist the Company with its litigation matters. Upon leaving, all of Mr. Williamson's outstanding restricted shares, phantom stock units and stock options fully vested.

Edgar Filing: DYNEGY INC. - Form 10-K/A

- **Ms. Nichols.** Effective March 11, 2011, Ms. Nichols resigned as Executive Vice President and Chief Financial Officer. On March 8, 2011, the Company entered into a consulting agreement and release with Ms. Nichols that provided for limited consulting services to the Company from March 12, 2011 through May 12, 2011. In consideration for the \$250,000 lump sum payment Ms. Nichols received under the consulting agreement, she agreed to release claims related to any matter related to her employment with, separation from, and/or affiliation with the Company. In consideration for the consulting services to be provided by Ms. Nichols, the Company agreed to release claims arising from Ms. Nichols' employment relationship with Dynegy.

- **Mr. Cook.** On June 15, 2011, the Board accepted Mr. Cook's resignation as interim Chief Financial Officer and Executive Vice President, Commercial and Market Analytics. Mr. Cook received no separation or severance payments in connection with his departure.

Table of Contents

- **Mr. Lednicky.** On June 28, 2011, the Company entered into a transition services agreement with Mr. Lednicky that provided him the ability to receive up to three cash bonus payments in connection with meeting certain objectives associated with restructuring efforts of the Company and its affiliates and his continued provision of services to the Company and affiliates through the earlier of (i) December 30, 2011, or (ii) the date he experienced an involuntary termination of employment (not for cause) or a termination of employment due to death or disability. In entering into the transition services agreement, the Human Resources Committee noted Mr. Lednicky's critical efforts in helping to lead the Company during the management and Board transition. Effective December 30, 2011, Mr. Lednicky left his position as Executive Vice President, Operations. Pursuant to the terms of Mr. Lednicky's transition services agreement with the Company, Mr. Lednicky received \$300,000 in retention bonus payments, granted to ensure Mr. Lednicky would be available to assist in the various restructuring efforts, as well as the benefits and payments to which he was entitled under the Executive Severance Pay Plan, including (i) a lump sum payment equal to 12 months of base salary, (ii) continued participation in the Company's group health care plan for 12 months and (iii) a payment of \$435,000, which is equal to his target payment under Dynegy's short-term incentive plan for the 2011 performance year. Upon leaving, all of Mr. Lednicky's outstanding restricted shares, phantom stock units and stock options also fully vested in accordance with the terms of the applicable long-term incentive award agreements.

- **Mr. Stephenson.** On August 31, 2011, the Company entered into a transition services agreement with Mr. Stephenson. In entering into the transition services agreement, the Human Resources Committee noted Mr. Stephenson's critical efforts in helping to lead the Company during the management and Board transition, and the importance of ensuring that he would be available to assist in the various restructuring efforts. On March 30, 2012, Mr. Stephenson left his position as Executive Vice President. Pursuant to the terms of his transition services agreement with the Company, he received the benefits and payments to which he was entitled under the Executive Severance Pay Plan (i) a lump sum payment equal to 12 months of base salary, (ii) continued participation in the Company's group health care plan for 12 months, and (iii) a payment of \$82,500, which is equal to his target payment under Dynegy's short-term incentive plan for the 2012 performance year prorated for his termination date. Mr. Stephenson also received a cash payment of \$10,000 to cover the cost of tax and financial planning advice. Upon leaving, all of Mr. Stephenson's outstanding restricted shares, phantom stock units and stock options fully vested in accordance with the terms of the applicable long-term incentive award agreements.

Summary of Employment Agreements

As noted above, in connection with their recruitment and employment, the Company entered into employment agreements with Messrs. Flexon, Freeland and Howell. The Human Resources Committee believes that these employment agreements were necessary to attract each individual, alleviated employment concerns relate to the uncertainty the Company faced at the time of their employment and enabled Messrs. Flexon, Freeland and Howell to focus on their responsibilities and restoring stockholder value. The material terms of these agreements are summarized below:

Robert Flexon – President and Chief Executive Officer. In connection with the appointment of Mr. Flexon as Chief Executive Officer, we entered into an employment agreement with him effective June 22, 2011. The agreement continues through December 31, 2014, however the terms will be automatically extended following the end of the initial term and on each subsequent one-year anniversary by an additional one (1)-year period unless, at least ninety (90) days prior to the end of the initial term or the applicable additional term, the Company or Mr. Flexon provides notice to the other party that it or he does not desire to extend the term of the agreement.

Under the agreement, Mr. Flexon is entitled to an annual base salary of \$875,000, subject to review by the Board from time to time for increase, and his base salary may be reduced only in connection with a broad-based reduction for employees of the Company. Mr. Flexon has an annual short-term incentive award target of 100% of his annual base salary, with a maximum payout opportunity of 200% if 125% of his performance goals are attained and a minimum payout of 25% if 80% of the performance goals are attained. If the identified performance goals are not attained at least at the 80% level, no payout will be made. Mr. Flexon received a one-time cash sign-on bonus of \$750,000 and shares of

Edgar Filing: DYNEGY INC. - Form 10-K/A

Company common stock with an aggregate fair market value equal to \$250,000, based on the closing price on the first day of his employment with the Company. The cash and stock sign-on bonus served as inducement awards, given the uncertainty the Company faced, and to account for any short-term and long-term incentives that Mr. Flexon may have forfeited from his prior employer.

In consideration for Mr. Flexon entering into this employment agreement, and as an inducement to join the Company, he was also granted a non-qualified stock option with respect to the following number of shares of the Company's common stock, (i) 500,000 shares at fair market value on the date of employment; (ii) 625,000 shares at \$6.50 per share; (iii) 750,000 shares at \$8.00 per share; and (iv) 125,000 shares at \$10.00 per share. In no event will the exercise price be less than the fair market value of the Company's common stock on the grant date. Under the Dynegy Inc. 2009 Phantom Stock Plan, Mr. Flexon also received stock appreciation rights, or SARs, for 875,000 shares at \$10.00 per share, provided that in no event will the exercise price be less than the fair market value of the Company's common stock on the SAR grant date. The stock options and SARs will become exercisable in equal installments on each of the first four anniversaries of his hire date, however, if his employment is terminated for any reason other than for Cause or by Mr. Flexon without Good Reason (each as defined in the Dynegy Inc. Executive Severance Pay Plan), the stock options and SARs shall immediately vest in full and thereafter be exercisable in accordance with the terms of the award agreements. The Human Resources Committee believed it was necessary to provide these long-term incentive awards to Mr. Flexon to incent him to focus on the attainment of long-term performance goals and objectives, which we deem are instrumental in creating long-term value for stockholders.

The agreement also provides for reimbursement for reasonable direct out-of-pocket moving and relocation expenses incurred by Mr. Flexon in connection with his relocation of his principal residence to the Houston, Texas area, including a reimbursement of up to \$100,000 for loss on home sale of his residence in Pennsylvania. In addition, Mr. Flexon is eligible to receive reimbursement for reasonable costs actually incurred for tax and financial planning advice up to \$10,000 on an annual basis.

Clint Freeland Executive Vice President and Chief Financial OfficerIn connection with the appointment of Mr. Freeland as Chief Financial Officer, we entered into an employment agreement with him effective June 23, 2011. The agreement continues through December 31, 2014, however the terms will be automatically extended following the end of the initial term and on each subsequent one-year anniversary by an additional one (1)-year period unless, at least ninety (90) days prior to the end of the initial term or the applicable additional term, the Company or Mr. Freeland provides notice to the other party that it or he does not desire to extend the term of the agreement.

Under the agreement, Mr. Freeland is entitled to an annual base salary of \$450,000, subject to review by the Board from time to time for increase, and his base salary may be reduced only in connection with a broad-based reduction for employees of the Company. Mr. Freeland has an annual short-term incentive award target of 75% of his annual base salary, with a maximum payout opportunity of 150% if 125% of his performance goals are attained and a minimum payout of 25% if 80% of the performance goals are attained. If the identified performance goals are not attained at least at the 80% level, no payout will be made. Mr. Freeland received a one-time cash sign-on bonus of \$150,000 and shares of Company common stock with an aggregate fair market value equal to \$50,000, based on the closing price on the first day of his employment with the Company. The cash and stock sign-on bonus served as inducement awards, given the uncertainty the Company faced, and to account for any short-term and long-term incentives that Mr. Freeland may have forfeited from his prior employer.

In consideration for Mr. Freeland entering into this employment agreement, and as an inducement to join the Company, he was also granted a non-qualified stock option with respect to the following number of shares of the Company's common stock: (i) 50,000 shares at fair market value on the date of employment; (ii) 62,500 shares at \$6.50 per share; (iii) 75,000 shares at \$8.00 per share; and (iv) 100,000 shares at \$10.00 per share. In no event will the exercise price be less than the fair market value of the Company's common stock on the grant date. The agreement also provides for reimbursement for reasonable direct out-of-pocket moving and relocation expenses incurred by Mr. Freeland in connection with his relocation of his principal residence to the Houston, Texas area, including a reimbursement of up to \$100,000 for loss on home sale of his residence in New York. In addition, Mr. Freeland is eligible to receive reimbursement for reasonable costs actually incurred for tax and financial planning advice up to \$10,000 on an annual basis.

Kevin Howell Executive Vice President and Chief Operating OfficerIn connection with the appointment of Mr. Howell as Chief Operating Officer, we entered into an employment agreement with him effective June 22, 2011. initial term and on each subsequent one-year anniversary by an additional one (1)-year period unless, at least ninety (90) days prior to the end of the initial term or the applicable additional term, the Company or Mr. Howell provides notice to the other party that it or he does not desire to extend the term of the agreement.

Under the agreement, Mr. Howell is entitled to an annual base salary of \$525,000, subject to review by the Board from time to time for increase, and his base salary may be reduced only in connection with a broad-based reduction for employees of the Company. Mr. Howell has an annual short-term incentive award target of 75% of his annual base salary, with a maximum payout opportunity of 150% if 125% of his performance goals are attained and a minimum payout of 25% if 80% of the performance goals are attained. The cash and stock sign-on bonus served as inducement awards given the uncertainty the Company faced.

In consideration for Mr. Howell entering into this employment agreement, and as an inducement to join the Company, he was also granted a non-qualified stock option with respect to the following number of shares of the Company's common stock: (i) 60,000 shares at fair market value on the date of employment; (ii) 75,000 shares at \$6.50 per share; (iii) 90,000 shares at \$8.00 per share; and (iv) 120,000 shares at \$10.00 per share. The Human Resources Committee believed it was necessary to provide these long-term incentive awards to Mr. Howell to incent him to focus on the attainment of long-term performance goals and objectives, which we deem are instrumental in creating long-term value for stockholders.

Mr. Howell is eligible to receive reimbursement for reasonable costs actually incurred for tax and financial planning advice up to \$10,000 on an annual basis.

March 2012 Compensation Actions

Given the considerable changes to the Named Executive Officer composition and the collective accomplishments of the management team and organization over the course of the year, the Human Resources Committee in its sole discretion reviewed and approved compensation for Mr. Flexon, Mr. Freeland, Mr. Howell and the other members of our executive management team on March 1, 2012. Beginning in January and continuing in March, the Human Resources Committee assessed management's performance for 2011 based on the degree to which the previously described four categories of goals and objectives were attained and the performance-related factors that it considered relevant. Each of these four objectives were equally weighted and, supported by key initiatives and, where possible, quantifiable metrics were used to evaluate the level of attainment. Specifically, the Human Resources Committee considered the following accomplishments:

Restructure the Balance Sheet (25% of total opportunity):

- Successfully completed new credit facilities in the aggregate amount of \$1.7 billion.

- Significant progress made with respect to the Plan of Reorganization for Dynegy Holdings, including reaching agreement on the Plan of Reorganization with holders of approximately \$1.8 billion of Dynegy Holdings notes and with PSEG regarding a settlement of issues and disputes regarding the Roseton and Danskammer leases.

Improve Operating Margins; Reduce Fixed Costs (25% of total opportunity):

- Successfully exceeded targeted reduction in Dynegy's existing fixed cost structure and realized approximately \$49 million in reductions in 2011 versus 2010.
- Successfully managed Dynegy's cash position and collateral requirements as the balance sheet was restructured with more than \$360 million in returned cash/collateral.

Table of Contents

- Developed a sustainable program, or PRIDE, that is focused on increasing cash flow through efficiencies. Over 240 initiatives have been identified that will positively impact viability of the Company in future years, with \$42 million in contributions in 2011.

Operate and Commercialize Well (25% of total opportunity):

- Plant safety performance metrics below targeted levels as a result of higher safety incidents than expected in 2011.
- Strong operational performance with in-market-availability over 90%.
- Performance on low-cost and in-compliance plant operations metrics were all generally between threshold and max performance.

Meet or Exceed Established Adjusted EBITDA Target (25% of total opportunity):

- Failure to meet Adjusted EBITDA target of \$350 million, largely as a result of market factors.

This structure served as the framework for assessing the short-term incentive opportunities for all eligible employees, including certain of the Named Executive Officers. We believe that, by establishing a set of core objectives that are used to determine short-term incentive awards across the organization, we encourage performance and behaviors that are consistent across the organization. The Human Resources Committee noted that 2011 was an unprecedented year, with respect to the complete turnover of the Board and management team. In the midst of this challenging time and difficult business environment, our Named Executive Officers were able to lead the organization in a manner that exceeded the expectations of our Board.

In assessing the four performance objectives, in accordance with the annual established goals, the Human Resources Committee considered both the quantitative and qualitative metrics that comprised each. As a result of its review, the Human Resources Committee determined overall performance for each objective as follows:

Company Objective	Attainment Levels
Restructure the Balance Sheet	Achieved Overall Expectations
Improve Operating Margins; Reduce Fixed Costs	Exceeded Overall Expectations
Operate and Commercialize Well	Below Targeted Performance
Adjusted EBITDA	Below Threshold Performance

Base Salary Determinations. In reviewing base salaries for the Named Executive Officers at the start of 2012, the Human Resources Committee determined the base salaries for Messrs. Flexon, Freeland and Howell were positioned appropriately considering their positions relative to the general industry survey data. Given that each were hired in the second half of 2011, and consistent with the recommendation made by Mr. Flexon, the Human Resources Committee elected not to increase the base salaries for Mr. Freeland and Mr. Howell. Similarly, the Human Resources Committee recommended, and the full Board agreed, not to increase Mr. Flexon's base salary as well. With his employment set to end on March 30, Mr. Stephenson also did not receive a base salary increase.

Named Executive Officer	December 31, 2011		Current Base Salary

Short-Term Incentive Determinations. In determining short-term incentive awards for 2011, our performance and the contributions of each Named Executive Officer during the performance year were considered. Following a thorough review process, the Human Resources Committee determined that the Named Executive Officers performed well relative to the objectives for 2011. The executive leaders, in the midst of complex restructuring and reorganizational objectives, collectively contributed to meeting or exceeding many of the stated objectives, while providing both external and internal stability. The Human Resources Committee reviewed this performance and exercised its discretion in setting the actual funding below the level that might have been expected had it purely taken a formulaic approach in determining short-term incentive awards. The Human Resources Committee determined that, despite the level of performance achieved, the final award opportunity should be balanced with the economic climate, actual reported financial results and stockholder value realized in 2011

In considering the performance during the 2011 performance year for the Named Executive Officers, the Human Resources Committee considered each individual's contributions to the overall performance level achieved. After considering these individual factors, as well as the overall performance achieved during 2011 as further described above, and the recommendation of Mr. Flexon, the Human Resources Committee determined, and approved annual short-term incentive awards at 78% of target opportunity for Mr. Freeland, Mr. Howell and Mr. Stephenson. Similarly, the Human Resources Committee recommended, and the full Board approved, to set the annual short-term incentive award for Mr. Flexon at 78%. While the individual performance of each Named Executive Officer was reviewed and considered, ultimately it was determined that the collective efforts and contributions of this group over the course of 2011 warranted short-term incentive awards at the same percentage of target for each individual. The chart below further illustrates the short-term incentive award for each of these Named Executive Officers and the amount earned as a percent of his 2011 base salary earnings.

Named Executive Officer	Short-Term Incentive Target	Award Earned as a Percent of 2011 Base Earnings	Award Amount
Robert Flexon	100%	78% \$	315,000
Clint Freeland	75%	78% \$	125,550
Kevin Howell	75%	78% \$	146,475
Lynn Lednicki(1)(2)	100%	N/A \$	N/A
Kent Stephenson(1)	100%	78% \$	257,453

(1) Mr. Lednicki and Mr. Stephenson were eligible for 100% short-term incentive targets for 2011.

(2) Mr. Lednicki did not receive a 2011 short-term incentive award, but he did receive a payment of \$435,000 as per the terms of his transition services agreement with the Company.

Long-Term Incentive Opportunity. On January 5, 2012, the Human Resources Committee established the 2012 Long Term Incentive Program Cash, or the Cash Incentive Program, for certain Named Executive Officers and other members of management. The Cash Incentive Program is being implemented in connection with the ongoing financial restructuring of certain of Dynegy Inc. subsidiaries, including Dynegy Holdings, LLC, or DH, and certain of its subsidiaries, which filed voluntary petitions for relief under Chapter 11 of the U.S. Bankruptcy Code. The Cash Incentive Program is intended to (i) incent Company management to remain employed with the Company during the ongoing restructuring program, (ii) incent such individuals to assist DH to successfully emerge from bankruptcy pursuant to a reorganization plan that is approved by the U.S. Bankruptcy Court, and (iii) promote the long-term growth of the Company.

The Cash Incentive Program provides for a long-term incentive compensation payment, payable in cash, equal to a percentage of each Named Executive Officer's base salary as of December 31, 2011. The Human Resources Committee will determine the value of each participant's Program award based on each participant's individual performance during the period between the date of the award and the date of DH's emergence from bankruptcy, (ii) the performance of the Company's management team, and (iii) any other factors that the Committee determines

Edgar Filing: DYNEGY INC. - Form 10-K/A

appropriate, in its sole discretion. Each award will be determined by the Human Resources Committee no later than 15 days following DH's emergence from bankruptcy, or the Exit Date, with one-third of the Award amount paid no later than the next available payroll cycle following the Human Resources Committee's determination of the award. The participant will be entitled to receive an additional one-third of the award on each of the first and second anniversaries of the Exit Date, if the participant remains employed with the Company on such dates, with payment of each such amount to occur no later than the next available payroll cycle following each such anniversary.

Any future long-term incentive equity and/or equity-based awards granted in the year in which the award is paid will be offset by the amount of any award. When combined with the target annual long-term equity/equity-based award, no participant will receive a combined equity/equity-based award and cash award greater than the targeted long-term incentive range for his position. Long-term incentive grants for our Named Executive Officers in 2012, if any, will be considered by

Tax and Accounting Treatment of the Elements of Executive Compensation

We account for stock-based compensation in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification Topic 718 (ASC 718).

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for individual compensation paid to the Chief Executive Officer and the other four highest compensated executive officers to the extent the compensation exceeds \$1 million in any year. Performance-based compensation paid pursuant to a stockholder-approved incentive plan is not subject to the Section 162(m) limitations if certain requirements are met. As part of its role, the Human Resources Committee reviews and considers the financial reporting and income tax deductibility of the compensation of our executive officers. Our policy is to utilize available tax deductions whenever appropriate and consistent with our compensation philosophy and objectives. However, the Human Resources Committee retains the discretion to provide compensation to our executive officers that may not be fully deductible.

(1) Amounts include salary earned for a full 12 months. Actual salary earned in any calendar year may vary from the annual base salary due to timing of pay cycles and time of service.

(2) Amounts shown under Bonus for Messrs. Flexon, Freeland and Howell include: a) one time lump sum cash payment in the amount of \$750,000, \$150,000 and \$225,000, respectively; and b) shares of our common stock with an aggregate fair market value of \$250,000, \$50,000 and \$75,000, respectively, or the Private Placement Shares. Messrs. Flexon, Freeland and Howell received the following number of Private Placement Shares: 42,017, 8,306 and 12,605, respectively.

(3) On March 4, 2009, the Board adopted the Phantom Stock Plan in order to grant cash-settled phantom stock units. On July 8, 2011 the Phantom Stock Plan was amended to allow for the granting of cash-settled stock appreciation rights, or SARs. Even though the phantom stock units and SARs are cash-settled and thus have no effect on each Named Executive Officer's beneficial ownership, for executive compensation reporting purposes the phantom stock units are reported under the stock awards column and the SARs are reported under the stock option/SARS column. Please see Security Ownership of Certain Beneficial Owners and Management below for each Named Executive Officer's beneficial ownership of our capital stock. The amounts shown under Stock Awards and Option / SAR Awards for 2009, 2010 and 2011 reflect the aggregate grant date fair value for restricted stock, phantom stock units, and performance units, in the case of Stock Awards, and for option awards and SARS (using the Black Scholes model), in the case of Option Awards, calculated in accordance with FASB ASC Topic 718. The performance units require performance goals to be attained over a three-year period following the granting of the opportunity for any actual award to be earned. For the grant date fair value of the performance units, the value reported in the table is based on the probable outcome of the performance conditions as of the grant date. Please read Compensation Discussion and Analysis Named Executive Officer Compensation above for further discussion of value realization of performance units. The

(1) For Messrs. Williamson, Lednicky, Stephenson and Blodgett, stock options had a three-year ratable vesting schedule, with 1/3 of each award vesting each year. Each of such awards vested on the effective dates of each such individual's respective termination. For grants awarded in 2003 to 2005, the options expire three months after the date of termination. Grants awarded in 2006 or 2007 will have a one year expiration and grants awarded in 2008

Table of Contents

- to 2010 have a three year expiration from the date of termination. For Messrs. Flexon, Freeland and Howell the stock options and SARs have a four-year ratable vesting schedule, with ¼ of each award vesting each year.
- (2) For Mr. Stephenson, restricted stock awards granted in 2010 and phantom stock unit awards granted in 2009 vested on March 30, 2012, the date of his termination. The phantom stock units granted to Mr. Stephenson in 2011 had a three-year ratable vesting schedule, with 1/3 of each award vesting each year. Mr. Stephenson's remaining 2011 phantom stock units vested on March 30, 2012, the date of his termination.
 - (3) The market value of the restricted stock and phantom stock unit awards, unless otherwise noted, is based on the closing market price of our common stock on December 30, 2011 of \$2.77.
 - (4) The performance units require performance goals to be attained over the three-year period following the granting of the opportunity for any actual award to be earned. If the performance criteria are met, the performance unit awards generally are paid at the end of a three-year performance period, except in special circumstances, including a change in control. Based on the terms set forth in the agreement, in the case of involuntary termination, awards will continue to vest and any such payment resulting from the achievement of the performance goals will be pro-rated based on the duration of service through the term of the grant. Per the terms of Mr. Williamson's Separation of Service Agreement, in exchange for a settlement payment, all performance units for Mr. Williamson were cancelled on the date of his termination.
 - (5) The market value of the performance units is based on achieving the target level for such awards. In cases of involuntary termination, awards will continue to vest and any such payment resulting from the achievement of the performance goals will be pro-rated based on the duration of service through the term of the grant.
 - (6) Messrs. Williamson, Biegler, Harrison, Cook, Lednicky and Blodgett and Ms. Nichols left or resigned from their officer positions in 2011 and Mr. Stephenson left his position in 2012. Messrs. Williamson, Blodgett, Lednicky and Stephenson received treatment described in Notes 1, 2 and 4 in the case of involuntary termination. Mr. Cook and Ms. Nichols forfeited all prior awards upon their termination from employment.

(1) Dynegy's allocations to the Retirement Plan for the PRB component of that plan vest at a rate of 33%, 67% and 100% after completion of each year of service over three years. Our allocations to the Restoration Pension Plan vested at the same rate as under the PRB component of the Retirement Plan. Effective January 1, 2012, participation in the Restoration Pension Plan was frozen, and benefit accruals were suspended.

(2) Amount included for Mr. Cook under Payments During Last Fiscal Year of \$29,514 were paid in January 2012 due to restrictions under Section 409(a) of the Code.

Our Named Executive Officers are eligible for qualified pension benefits under the Retirement Plan. The pension benefit is based on the PRB portion of the Retirement Plan, which provides a defined benefit that grows each year at a variable rate (30-year Treasury rate). This benefit, which was introduced in 2001, provides an annual contribution of 6% of each eligible employee's, including each Named Executive Officer's, salary, capped at \$245,000 for 2011. Our Named Executive Officers were also eligible to participate in the Restoration Pension Plan, which is an unfunded, nonqualified plan designed to provide an allocation or benefit to certain employees that are highly compensated and whose company pension contributions are limited under certain Internal Revenue Service, or IRS, requirements for qualified plans. Under the Restoration Pension Plan the allocations or benefits were intended to supplement or make-up for what affected employees would have received under the Retirement Plan but for the IRS limitations. The Human Resources Committee approved the freezing of participation in the Restoration Pension Plan, effective for periods on and after January 1, 2012 and benefit accruals have also been suspended.

The present values of accumulated benefits payable to each of the Named Executive Officers under the Retirement Plan and Restoration Pension Plan were determined using assumptions consistent with those used in Note 25 of the Notes to Consolidated Financial Statements in our Annual Report on Form 10-K for the year ended December 31, 2011.

Table of Contents**Nonqualified Deferred Compensation**

The Deferred Compensation Plan, a legacy nonqualified executive compensation deferral program, was suspended in 2003 and terminated on June 15, 2011. Only one of our Named Executive Officers, Mr. Lednicky, had a remaining balance in the Deferred Compensation Plan. No contributions under the Deferred Compensation Plan were made by Mr. Lednicky or by us during fiscal year 2011.

Potential Payments Upon Termination or Change in Control

We have entered into certain employment agreements and maintain certain plans, as described below, which require us to provide specified payments and benefits to some or all of our Named Executive Officers as a result of severance eligible events, a change in control, retirement, death, and disability.

Employment Agreements.

Robert C. Flexon. The term of Mr. Flexon's employment commenced on July 11, 2011 and will end on December 31, 2014, with automatic one-year renewals commencing on December 31, 2014, unless either party gives notice of nonrenewal at least 90 days prior to any such renewal date. He receives a base salary of \$875,000 annually, subject to review by the Board from time to time for increases, and received a sign-on bonus consisting of a lump sum cash payment of \$750,000 and shares of our common stock with an aggregate fair market value of \$250,000. He participates in our short-term incentive plan, or STI Plan, provided that the maximum award (as defined under the STI Plan) that Mr. Flexon may earn during each performance period shall be 200% of his base salary (if 125% of the performance goals are attained), the target award is 100% of his base salary (if 100% of the performance goals are attained), and the minimum award is 25% of base salary (if 80% of the performance goals are attained). As an inducement to join Dynegy, he received initial long-term incentives in the form of stock option grants (or the equivalent in the form of stock appreciation rights) including: 500,000 shares with an exercise price equal to \$6.25 per share; 625,000 shares at an exercise price of \$6.50 per share; 750,000 shares at an exercise price of \$8.00 per share; and 1,000,000 shares at an exercise price of \$10.00 per share. The options (or stock appreciation rights) vest in equal installments on each of the first four anniversaries of the commencement date; provided, however, that if Mr. Flexon's employment is terminated for any reason other than by us for cause or by Mr. Flexon without good reason (as defined in the Executive Severance Pay Plan) the options and SARs shall immediately vest in full and thereafter be exercisable in accordance with the terms of the option and SARs award agreements.

Furthermore, Mr. Flexon is eligible to receive additional annual award grants pursuant to our long-term incentive programs and he participates in our other employee benefit plans and programs including the Dynegy Excise Tax Reimbursement Policy. Mr. Flexon is entitled to participate in the Executive Severance Pay Plan and the Change in Control Plan; provided that, to the extent he is eligible to receive severance payable under the Executive Severance Pay Plan, the amount payable to Mr. Flexon is increased by an amount equal to two times the current target award as in effect immediately prior to the date of the termination. Mr. Flexon waived his participation in any Enhanced Severance Period benefits in the Executive Severance Pay Plan (as described below). Further, as provided under the agreement, in 2011 we paid certain specified moving and relocation expenses in connection with relocating his principal residence to Houston, Texas. If Mr. Flexon is terminated for any reason as described in his employment agreement, we are obligated to pay or provide to Mr. Flexon (or his estate, if applicable) in a lump sum within 30 days following such termination, or at such other time prescribed by any applicable plan: (1) any base salary payable to him pursuant to this agreement, accrued up to and including the date on which Mr. Flexon's employment terminates; (2) any employee benefits to which he is entitled upon termination of his employment in accordance with the terms and conditions of the applicable plans; (3) reimbursement for any unreimbursed business expenses incurred prior to his date of termination; and (4) payment for accrued but unused vacation time as of the date of his termination, in accordance with our policies.

Clint C. Freeland. The term of Mr. Freeland's employment commenced on July 5, 2011 and will end on December 31, 2014, with automatic one-year renewals commencing on December 31, 2014, unless either party gives notice of nonrenewal at least 90 days prior to any such renewal date. He receives a base salary of \$450,000 annually, subject to review from time to time for increases, and received a sign-on bonus consisting of a lump sum cash payment of \$150,000 and shares of our common stock with an aggregate fair market value of \$50,000. He participates in our STI Plan; provided that the maximum award (as defined under the STI Plan) that Mr. Freeland may earn during each performance period shall be 150% of his base salary (if 125% of the performance goals are attained), the target award is 75% of his base salary (if 100% of the performance goals are attained), and the minimum award is 25% of base salary (if 80% of the performance goals are attained). Furthermore, Mr. Freeland is eligible to receive additional annual award grants pursuant to our long-term incentive programs and he participates in our other employee benefit plans and programs including the Dynegy Excise Tax Reimbursement Policy. Mr. Freeland waived his participation in any Enhanced Severance Period benefits in the Executive Severance Pay Plan (as described below). Further, as provided under his employment agreement, in 2011 we paid certain specified moving and relocation expenses in connection with relocating his principal residence to Houston, Texas. If Mr. Freeland is terminated for any reason as described in his employment agreement, we are obligated to pay or provide to Mr. Freeland (or his estate, if applicable) in a lump sum within 30 days following such termination, or at such other time prescribed by any applicable plan: (1) any base salary payable to him pursuant to this agreement, accrued up to and including the date on which Mr. Freeland's employment terminates; (2) any employee benefits to which he is entitled upon termination of his employment in accordance with the terms and conditions of the applicable plans; (3) reimbursement for any unreimbursed business expenses incurred prior to his date of termination; and (4) payment for accrued but unused vacation time as of the date of his termination, in accordance with our policies.

Kevin T. Howell. The term of Mr. Howell's employment commenced on July 5, 2011 and will end on December 31, 2014, with automatic one-year renewals commencing on December 31, 2014, unless either party gives notice of nonrenewal at least 90 days prior to any such renewal date. He receives a base salary of \$525,000 annually, subject to review from time to time for increases, and received a sign-on bonus consisting of a lump sum cash payment of \$225,000 and shares of our common stock with an aggregate fair market value of \$75,000. He participates in our STI Plan; provided that the maximum award (as defined under the STI Plan) that Mr. Howell may earn during each performance period shall be 150% of his base salary (if 125% of the performance goals are attained), the target award is 75% of his base salary (if 100% of the performance goals are attained), and the minimum award is 25% of base salary (if 80% of the performance goals are attained). As an inducement to join Dynegy, he received initial long-term incentives in the form of stock option grants (or the equivalent in the form of stock appreciation rights) including: 60,000 shares with an exercise price equal to \$6.25 per share; 75,000 shares at an exercise price of \$6.50 per share; 90,000 shares at an exercise price of \$8.00 per share; and 120,000 shares at an exercise price of \$10.00 per share. The options vest in equal installments on each of the first four anniversaries of the commencement date; provided, however, that if Mr. Howell's employment is terminated for any reason other than by us for cause or by Mr. Howell without good reason (as defined in the Executive Severance Pay Plan) the options shall immediately vest in full and thereafter be exercisable in accordance with the terms of the option award agreement.

Furthermore, Mr. Howell is eligible to receive additional annual award grants pursuant to our long-term incentive programs and he participates in our other employee benefit plans and programs including the Dynegy Excise Tax Reimbursement Policy. Mr. Howell is entitled to participate in the Executive Severance Pay Plan and the Change in Control Plan; provided that, to the extent he is eligible to receive severance payable under the Executive Severance Pay Plan, the amount payable to Mr. Howell is increased by an amount equal to two times the current target award as in effect immediately prior to the date of the termination. Mr. Howell waived his participation in any Enhanced Severance Period benefits in the Executive Severance Pay Plan (as described below). If Mr. Howell is terminated for any reason as described in his employment agreement, we are obligated to pay or provide to Mr. Howell (or his estate, if applicable) in a lump sum within 30 days following such termination, or at such other time prescribed by any applicable plan: (1) any base salary payable to him pursuant to this agreement, accrued up to and including the date on which Mr. Howell's employment terminates; (2) any employee benefits to which he is entitled upon termination of his employment in accordance with the terms and conditions of the applicable plans; (3) reimbursement for any unreimbursed business expenses incurred prior to his date of termination; and (4) payment for accrued but unused vacation time as of the date of his termination, in accordance with our policies.

Voluntary Resignation and Termination for Cause. Except as otherwise described under Severance-Eligible Terminations and Change in Control, our Named Executive Officers are not entitled to payments or benefits in connection with a voluntary resignation or termination for cause, other than payments for amounts due before such termination. Under our company policy applicable to all employees, a Named Executive Officer terminated under such circumstances would be entitled to vacation pay accrued up to the month of termination. A Named Executive Officer would be able to exercise any options vested before the date of termination upon termination for cause and for a 90-day period after the date of termination upon a voluntary resignation, or through the end of the option term, if less. Vested options that were not exercised before the date of termination, in the case of termination for cause, or before the end of the 90-day period, or end of the option term if less, in the case of

voluntary resignation, unvested options, restricted stock and performance units would all be forfeited as a result of termination in accordance with the applicable award agreement.

Severance-Eligible Terminations. Any outstanding stock options, restricted stock awards, phantom stock units and other equity-based awards previously granted to our executives will vest based upon the applicable long-term incentive award agreement.

In addition, pursuant to our Executive Severance Pay Plan, our executives are entitled to payment of severance benefits if their employment is terminated due to a reduction in work force, a position elimination or an office closing, or an involuntary termination without cause or upon a good reason termination. A good reason termination is defined as a voluntary resignation following a material reduction in base salary. Severance benefits under the Executive Severance Pay Plan, which are payable in a lump sum, include:

- severance pay equal to one month of base pay for each full, completed year of service with us and a pro-rated amount for each partial year of service, subject to the following requirements:

- for the Chief Executive Officer, 24 months of base pay;

- for any Executive Vice President, 12 months of base pay;

- for any Senior Vice President, minimum nine months and a maximum of 12 months of base pay; and

- for any Vice President or Managing Director, minimum six months and a maximum of 12 months of base pay, unless his or her employment termination date occurs during the period beginning on March 7, 2011 and ending on August 31, 2012, or the Enhanced Severance Period, in which case, minimum nine months and maximum of 12 months of base pay, or the Enhanced Severance Benefit;

- continued participation in our group health care plan that provides medical and dental coverage for a period of time equal to the number of months of base pay such executive receives under the Executive Severance Pay Plan (or, for an executive whose employment terminates during the Enhanced Severance Period, for a period of time equal to the number of months of base pay such executive would have received without application of the Enhanced Severance Benefit), provided the executive continues to pay premiums at active employee rates, with such coverage ending immediately upon the executive obtaining new employment and eligibility for similar coverage; and

- outplacement assistance benefits, as determined by the plan administrator, for a period of time equal to the minimum number of months of base pay such executive is entitled to receive under the Executive Severance Pay Plan (or, for an executive whose employment terminates during the Enhanced Severance Period, for a period of time equal to the minimum number of months of base pay such executive would have received without application of the Enhanced Severance Benefit) (but in any event not beyond the end of the second calendar year following the calendar year in which the executive terminated employment), with such benefits paid directly to the outplacement assistance provider and not to the executive in a lump sum; and

 - the aggregate annual target opportunity under all applicable STI Plans that could have been earned by such covered employee for the Current Performance Period, determined as if all applicable goals and targets had been satisfied in full, but pro-rated based on when such covered employee's date of termination of employment falls within such performance period; and
 - (a) if such covered employee's termination of employment occurs before a determination has been made regarding STI payment amounts for the Prior Performance Period, the aggregate annual target opportunity under all applicable STI Plans that could have been earned by such covered employee for the Prior Performance Period, determined as if all applicable goals and targets had been satisfied in full or (b) if such covered employee's termination of employment occurs on or after a determination has been made regarding STI payment amounts for the Prior Performance Period, the aggregate annual target opportunity

however, if such covered employee completes at least three months of service in the Current Performance Period but not in the Prior Performance Period, or if such covered employee completes at least three months of service in the Prior Performance Period but not in the Current Performance Period, such covered employee will only be eligible for the additional STI-based lump sum cash payment described above that is applicable to the performance period in which the three months of service was completed. As noted above, Messrs. Flexon, Freeland and Howell waived in their respective employment agreements any participation in any benefits prescribed for the Enhanced Severance Period.

The foregoing benefits may be subject to the following material conditions or obligations:

- execution and performance of a confidentiality and nondisparagement agreement; and
- execution and performance of a release and waiver of liability agreement with respect to his or her employment and termination.

Change in Control. Any outstanding stock options, restricted stock awards, phantom stock units and other equity-based awards previously granted to our executives will vest based upon the applicable long-term incentive award agreement.

In addition, each of our executives is entitled to severance benefits if, no earlier than 60 days before and in connection with or within two years after a change in control, such executive is subject to an involuntary termination, as defined in the Change in Control Plan. In general, such an executive experiences an involuntary termination if such executive:

- is terminated without cause; or
- terminates for good reason, generally meaning he or she suffers a material reduction in authority or duties, a material reduction in total compensation or relocation to a location 50 miles or more from the previous principal employment location.

Severance benefits under the Change in Control Plan include:

- a lump sum cash payment equal to:

- all medical, dental, vision and life insurance benefits maintained for such executive as of the termination date, contingent upon continued payment of premiums by such executive at a cost that is no greater than the lesser of the cost of such coverage paid by such executive immediately prior to the date of the (a) executive's involuntary termination or (b) the change in control for a period equal to (1) 36 months from termination for the Chief Executive Officer, (2) 30 months from termination for any Executive Vice President, (3) 24 months from termination for any Senior Vice President, (4) 18 months from termination for any Vice President, and (5) 12 months from termination for any Managing Director; and

The foregoing benefits may be subject to the following material conditions or obligations:

- execution and performance of a confidentiality and nondisparagement agreement;
- execution and performance of a non-solicitation agreement for a period of 24 months; and
- execution and performance of a release and waiver of liability agreement with respect to his or her employment and termination.

Excise Tax Reimbursement Policy. Effective January 1, 2008, our Excise Tax Reimbursement Policy provides that any employees at the level of Managing Director or above who incur excise taxes under Section 4999 of the Code, as a result of a payment or distribution, shall receive an additional payment in an amount equal to the excise tax, interest on the excise tax amount and any penalties related to the excise tax payment imposed upon the employee.

Retirement. As of December 31, 2011, none of our Named Executive Officers have reached eligibility age for payments upon retirement.

Disability or Death. All of our employees may elect to participate in our disability policy, and any participating employee would be entitled to long-term disability benefits under such disability policy if he or she paid any required premiums. All of our Named Executive Officers have elected to participate in our disability policy. Under such policy, all employees at the level of Vice President or above are entitled to 12 months of the monthly base salary that is in effect on the date that the employee is determined to be disabled. Additionally, employees at the level of Vice President or above are also provided with additional basic life insurance coverage as supplemental life insurance equal to 12 months of monthly base salary.

Edgar Filing: DYNEGY INC. - Form 10-K/A

Further, in the event of death, the medical, dental and vision benefits that we maintained for the deceased employee at the level of Vice President or above and his or her family would be maintained for 12 months after the date of death, provided that such employee's covered dependents continue to pay the required premiums. Such employee's Dynegy 401(k) Plan distributions and Retirement Plan benefits would generally be paid to his or her beneficiary. Health benefits in the event of disability vary depending on the type of disability.

In addition, each Named Executive Officer's equity-based awards would vest upon death or disability in accordance with the applicable long-term award agreement.

Potential Payments and Benefits. The following tables describe the estimated potential payments we would have been required to make to our Named Executive Officers under the severance and change in control plans, as applicable, upon termination of their employment under various circumstances. The following assumptions and general principles apply with respect to these tables:

- As discussed above under Corporate Governance Changes to Board of Directors and Executive Team During 2011 and 2012, Messrs. Williamson, Cook, Lednicky, Stephenson and Blodgett and Ms. Nichols left or resigned from their officer positions in 2011 or first quarter of 2012. In connection with their departures, each received certain payments and other benefits that may differ from the amounts discussed in the tables below;
- As Messrs. Biegler and Harrison both served as interim President and Chief Executive Officer, they did not participate in any employee benefit plans or programs and are not included in the tables below;

Table of Contents

- The amounts shown assume the applicable termination event took place on December 31, 2011, the last business day of the year accordingly, values associated with long-term incentive awards made in March 2012 are not included;
- The price per share used to calculate the value of the equity-based payments is the closing price of our common stock on December 31, 2011 of \$2.77;
- The amounts under the Severance Eligible Termination for Mr. Stephenson reflect amounts that could be earned during the Enhanced Severance Period. Per the terms of their Employment Agreements, Messrs. Flexon, Freeland, and Howell have waived rights to any Enhanced Severance Period benefits in the Executive Severance Pay Plan;
- The amounts shown as Base salary under the Change in Control column are the lump sum cash payments described as annual compensation under Change in Control ;
- The amounts shown for Medical, dental and vision benefits under the Severance-eligible terminations column assume that the applicable Named Executive Officer continued to participate in our group health care for the maximum period of time permitted for such Named Executive Officer under the Executive Severance Pay Plan; and
- The amounts shown for Accidental death & dismemberment insurance proceeds under the Disability column represent the maximum payment available under the applicable accidental death and disability policy. The actual value could be lower depending on the type of disability. Under the Death column is the maximum payment if death occurred from an accident covered under the applicable accidental death and disability policy.

- (1) As discussed above under Corporate Governance Changes to Board of Directors and Executive Team During 2011 and 2012, Mr. Blodgett left effective February 4, 2011.
- (2) Mr. Blodgett received a severance payment in the amount of \$450,000 under the Dynegy Inc. Executive Severance Pay Plan. He also received payment for his accrued but unused vacation in the amount of \$14,712 (not shown in the table above) and was eligible to receive a Short-Term Incentive payment for the 2010 performance year.
- (3) As of December 31, 2011, the strike price for all of Mr. Blodgett's unexercised options was higher than the value of the stock. Based on the terms set forth in the Mr. Blodgett's option grant agreements, the grants receive accelerated vesting in the case of involuntary termination and specific expiration terms are applied from the effective date of such termination. Upon his termination, 22,538 shares with a strike price of \$5.65 received accelerated vesting treatment and were subsequently exercised at a price of \$5.92 resulting in a gross gain of \$12,170. For grants awarded in 2003 to 2005, the options expired three months after the date of termination. - (4) Under the terms of Mr. Blodgett's Restricted Stock and Phantom Stock Unit Grant Agreements, the forfeiture restrictions lapsed as to 100% of his unvested restricted shares upon his severance.
- (5) In the event of an involuntary termination performance unit awards require performance goals to be attained over the three-year period following the granting of the opportunity for any actual award to be earned. The performance units would be paid out in accordance with their original schedule and upon satisfaction of the applicable performance criteria; provided, however, in the event of an involuntary termination, the payment, if any, would be prorated by multiplying the payment by a fraction, the numerator of which would be the number of calendar days that elapsed between the date of termination and the effective date of the award and the denominator of which would be 1,080. Should performance goals be met, Mr. Blodgett would be eligible for 3,578 performance units from the 2009 grant and 1,461 performance units from the 2010 grant. For purposes of this table, the potential payout amounts for performance units in connection with such terminations are calculated at the target opportunity level, although the actual payout, if any, at the end of the applicable three-year performance period could be at the threshold or maximum opportunity levels depending on the achievement of the performance goals.

- (3) As of December 31, 2011, the strike price for all options was higher than the value of the stock.
- (4) For Mr. Stephenson's 2010 restricted stock awards, the terms of the grant agreement also included 100% lapse of the forfeiture restrictions in the event of a severance eligible termination. Under the terms of Mr. Stephenson's 2009 and 2011 Phantom Stock Unit Grant

Edgar Filing: DYNEGY INC. - Form 10-K/A

Agreements, the forfeiture restrictions would lapse as to 100% of their unvested phantom stock units in the event of a severance eligible termination, change in control, death or disability. In the event of a voluntary resignation without good reason or for cause termination, all unvested restricted stock and phantom stock units would immediately be forfeited without consideration.

(5) In the event of an involuntary termination, or a termination in connection with retirement, death or disability, performance unit awards require performance goals to be attained over the three-year period following the granting of the opportunity for any actual award to be earned. The performance units would be paid out in accordance with their original schedule and upon satisfaction of the applicable performance criteria; provided, however, in the event of an involuntary termination, the payment, if any, would be prorated by multiplying the payment by a fraction, the numerator of which would be the number of calendar days that elapsed between the date of termination and the effective date of the award and the denominator of which would be 1,080. For purposes of the tables, the potential payout amounts for performance units in connection with such terminations are calculated at the target opportunity level, although the actual payout, if any, at the end of the applicable three-year performance period could be at the threshold or maximum opportunity levels depending on the achievement of the performance goals.

(6) In the event of an involuntary termination in connection with a change in control, performance unit award payout would be determined by using either the agreed price per share received by our stockholders as a result of the change in control transaction, or if there is no agreed price per share then the average closing share price for the twenty (20) consecutive trading days immediately preceding the effective date of the change in control. The 2009 and 2010 performance unit awards would pay out at target upon consummation of the change in control.

As of December 31, 2011, each of the directors, had cumulative losses on all prior deferrals of fees in the following amounts: Messrs. Elward, Intrieri and Merksamer \$(24,439); Messrs. Embler and Pardo -(15,444); and Mr. Flexon-(9,681).

(4) The amounts shown as All Other Compensation for Messrs. Biegler, and Trubeck and Ms. Hammick represent a voluntary cash deferral of fees earned at each director's election into common stock or various investment funds under the Directors Deferred Compensation Plan that were payable upon termination in cash.

(5) Messrs. Biegler, Grijalva, Harrison, Sheppard and Trubeck and Ms. Hammick are no longer Directors of Dynegy.

Edgar Filing: DYNEGY INC. - Form 10-K/A

- (6) Mr. Biegler served as interim President and Chief Executive Officer from March 11, 2011 to April 9, 2011. During such period Mr. Biegler did not receive compensation for his service as a director. Please see Executive Compensation Summary Compensation Table for 2009, 2010 and 2011 for information regarding his compensation for service as the former interim President and Chief Executive Officer.
- (7) Mr. Harrison served as interim President and Chief Executive Officer from April 9, 2011 to July 11, 2011. During such period Mr. Harrison did not receive compensation for his service as a director. Please see Executive Compensation Summary Compensation Table for 2009, 2010 and 2011 for information regarding his compensation for service as the former interim President and Chief Executive Officer. During the period from July 11, 2011 to December 16, 2011, Mr. Harrison served as a non-executive Chairman of the Board.
- (8) Effective December 16, 2011, Mr. Elward is serving as non-executive Chairman of the Board.
- (9) Effective July 11, 2011, Mr. Flexon was appointed President and Chief Executive Office. Please see Executive Compensation Summary Compensation Table for 2009, 2010 and 2011 for information regarding his compensation for his service as President and Chief Executive Officer.

Periodically, our Nominating Committee reviews the competitiveness of the compensation of our non-employee directors. The results of such review were presented to the Board with regard to the compensation of our non-employee directors for 2011. The Board determined that, based on an assessment of competitiveness and the then-current economic environment, no compensation changes were appropriate at that time.

Under the Directors Deferred Compensation Plan, non-employee directors receive annual phantom stock grants with an aggregate value of \$70,000, awarded quarterly (assumes the director is a director on the last day of the quarter) in arrears based on the closing price of our common stock on the last trading day of the quarter. Since the amounts of phantom stock granted are unfunded, directors do not actually receive shares of our common stock. We established a trust to provide an

Table of Contents

informal funding vehicle for the obligations under the plan to our directors. The assets of the trust, commonly referred to as a rabbi trust, are subject to the claims of our creditors in the event of insolvency, so the plan is considered unfunded for tax purposes. We contribute cash in amounts equal to the compensation that is deferred by us for the directors, which is then invested generally by the administrator of the trust in a fund of our common stock. However, effective as of November 7, 2011 in connection with certain of our subsidiaries' voluntary petitions for relief under Chapter 11 of the United States Bankruptcy Code, to comply with Section 409A(b)(3) of the Internal Revenue Code of 1986, as amended, or the Code, amounts are not being contributed to the trust or otherwise set aside to fund the plan. Upon termination of service as a director, the shares of phantom stock become payable, based on an election previously made by the director, in a lump sum payment or in monthly, quarterly or annual installment payments following such termination. The shares of phantom stock are payable in cash or in shares of common stock, based upon a one-time election of the director.

In addition to the phantom stock grants, the non-employee directors receive the following compensation, which is payable in cash and may be deferred under the Directors Deferred Compensation Plan, in whole or in part, and invested in one or more investment options, including a hypothetical Dynegy common stock fund, at a particular director's election:

- An annual retainer of \$50,000 per year;
- A fee of \$2,000 for each Board meeting attended;
- A fee of \$1,000 for each Audit, Nominating and Human Resources committee meeting attended;
- A fee of \$1,500 for each Finance and Restructuring committee meeting attended;
- An additional annual retainer of \$30,000 for the Lead Director or Chairman of the Board;
- Fees for each committee chairperson per year: Audit Committee \$20,000; Human Resources Committee \$10,000; and Nominating Committee \$10,000;
- An annual retainer of \$5,000 and \$2,500 per year for members of the Audit Committee and the Human Resources Committee, respectively;
- Reimbursement for reasonable out-of-pocket expenses incurred in connection with travel to and from, and attendance at, meetings of the Board or its committees and related activities, including director education courses and materials;

Edgar Filing: DYNEGY INC. - Form 10-K/A

- Effective February 25, 2011 to June 15, 2011, in her role as former interim Chairman of the Board, Ms. Hammick received a daily fee of \$4,150 per day, plus expenses, for each day that she primarily devoted to providing service to Dynegy; and
- Effective February 25, 2011 to June 15, 2011, a payment of \$4,150 per day, plus expenses, was paid to each director who, at the specific request of the former interim Chairman of the Board, provided assistance to Dynegy that was in addition to the level of service to Dynegy that would ordinarily be performed in the capacity as a member of the Board or any committee thereof, and such payments were in lieu of any meeting fees that would otherwise be payable as a result of meetings of the Board or its committees that are held on such days of service.

Item 13. *Certain Relationships and Related Transactions, and Director Independence*

Review and Approval of Transactions with Related Persons

Our Board adopted a written policy relating to the approval of transactions with related parties. In general, for purposes of this policy, a related party transaction is a transaction to which we are a party, or a material amendment to any such transaction, and with respect to which a related party is directly, or to our knowledge, indirectly, a party. Under our policy, a related party is an executive officer, director or nominee for director of ours, a person known to us to be the beneficial owner of more than 5% of our voting securities, an immediate family member of an executive officer, director, nominee for director or 5% stockholder, and any entity owned or controlled by any of the foregoing individuals or in which any such individual serves as an executive officer or general partner or, together with any other such individuals, owns 10% or more of the equity interests of such an entity. Our policy requires the Audit Committee or, at the Board's discretion, a majority of directors disinterested from the transaction, to review and approve related party transactions. In reviewing and approving any related party transactions or material amendments to any such transaction, the Audit Committee must satisfy itself that it has been fully informed as to the related party's relationship and interest and as to the material facts of the transaction and must determine that the related party transaction is fair to us. Generally, transactions between us and joint ventures are reviewed and approved under our related party policy, with the exception of certain specified transactions involving less than \$50 million that are excluded from the policy's approval procedures. A copy of our related party transactions policy is available on our web site at www.dynegy.com.

Table of Contents

(1) From March 11, 2011 to April 9, 2011 and April 9, 2011 to July 11, 2011, Mr. Biegler and Mr. Harrison, respectively, served as interim President and Chief Executive Officer. As interim President and Chief Executive Officer, Mr. Biegler and Mr. Harrison were not independent for NYSE purposes; however, service as an interim Chief Executive Officer or other executive officer does not disqualify a director from being considered independent following that service.

(2) Mr. Flexon, previously an independent director, is no longer independent following his appointment as our President and Chief Executive Officer.

The Board has also determined that each member of the Audit Committee, the Human Resources Committee and the Nominating Committee meets the independence requirements applicable to those committees prescribed by the NYSE and the SEC. The Board has further determined that more than one of the members of the Audit Committee, including its current Chairman, Mr. Pardo, are audit committee financial experts as such term is defined in Item 407(d) of the SEC's Regulation S-K.

The Nominating Committee reviewed the answers to annual questionnaires completed by the directors and nominees as well as the above-described legal standards for Board and committee member independence and the criteria applied to determine audit committee financial expert status. On the basis of this review, the Nominating Committee made its recommendation to the full Board and the Board made its independence and audit committee financial expert determinations after consideration of the Nominating Committee's recommendation and a review of the materials made available to the Nominating Committee.

Item 14. *Principal Accountant Fees and Services*

E&Y served as our independent registered public accountants for the years ending December 31, 2011 and 2010. Set forth below is a summary of the fees we paid E&Y for professional services rendered for the years ended December 31, 2011 and 2010.

	2011	(in thousands)	2010
Audit Fees(1)	\$ 2,271		\$ 1,828
Audit-Related Fees(2)		1,255	250
Tax Fees			
All Other Fees(3)			19
Total Fees	\$ 3,526		\$ 2,098

(1) Audit fees relate to the audit of Dynegy's and Dynegy Holdings, LLC's financial statements for the years ended December 31, 2011 and 2010.

(2) Audit-related fees include fees of \$488,000 and \$137,000 in 2011 and 2010, respectively, for the audits of separate financial statements of various of our consolidated and unconsolidated subsidiaries and equity investees. Additionally, 2011 fees include \$394,000 for services rendered related to Dynegy Inc.'s proposed tender offer for Dynegy Holdings, LLC's outstanding debt and \$373,000 rendered related to audit procedures for financial statements that were not completed or issued. 2010 fees include \$46,000 for services rendered related to Dynegy Holdings, LLC's registration of securities, \$40,000 related to Dynegy's registrations of common stock and \$21,000 related to the review of E&Y's work papers by third parties.

(3) Other fees of \$19,000 paid to E&Y in 2010 relate to services performed to test our information systems security.

All of the fees and services described above under the captions Audit Fees, Audit-Related Fees, Tax Fees and All Other Fees were approved under the Audit Committee's pre-approval policy and pursuant to Section 202 of SOX. None of the services described above were provided to us pursuant to the de minimus exception provided for in applicable SEC rules and regulations.

Audit and Compliance Committee Pre-Approval Policy

The Audit Committee is responsible for appointing, setting compensation for and overseeing the work of our independent registered public accountants. The Audit Committee has established a policy requiring its pre-approval of all audit and permissible non-audit services to be provided by our independent registered public accountants in order to assure that the provision of such services does not impair the auditors independence. The policy, as amended, provides for the general pre-approval of specific types of services, gives detailed guidance to management as to the specific audit, audit-related and tax services that are eligible for general pre-approval and provides specific cost limits for each such service on an annual basis. The policy requires specific pre-approval of the annual audit engagement, most statutory or subsidiary audits and all permissible non-audit services for which no general pre-approval exists. For both audit and non-audit pre-approvals, the Audit Committee considers whether such services are consistent with applicable law and SEC rules and regulations concerning auditor independence.

Table of Contents

The policy delegates to the chairman of the Audit Committee the authority to grant certain specific pre-approvals within the specified limits approved by the Audit Committee; provided, however, that between regularly scheduled meetings the chairman may grant pre-approval with respect to extensions of or changes to services that have previously been pre-approved by the Audit Committee in amounts up to \$50,000. The chairman is required to report the granting of any pre-approvals to the Audit Committee at its next regularly scheduled meeting. The policy prohibits the Audit Committee from delegating to management such committee's responsibility to pre-approve services performed by the independent registered public accountants. In fact, if making the determination as to whether a particular service is of the type generally pre-approved by the Audit Committee requires our management to exercise any independent judgment or discretion, such service may not be provided by the independent registered public accountants unless such service is authorized by the chairman or specifically pre-approved by such committee. When we engage the independent auditor to perform services based on a general pre-approval, our Chief Financial Officer or, in his or her absence, our Controller is required to, as soon thereafter as reasonably practicable, notify the chairman of such engagement and provide a detailed description of the type and scope of services, proposed staffing, a budget of the proposed fees for such services and a general timetable for the performance of such services.

Requests for pre-approval of services must be detailed as to the particular services proposed to be provided and are to be submitted by our Chief Financial Officer or, in his or her absence, our Controller. Generally, each such request must include a joint statement to the effect that neither the submitting officer nor the independent registered public accountants believe the proposed engagement would impair the auditors independence. In addition, each such request generally must include a detailed description of the type and scope of services, proposed staffing, a budget of the proposed fees for such services and a general timetable for the performance of such services.
