NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1. Nature of Operations and Summary of Significant Accounting Policies

Basis of presentation

These interim consolidated financial statements include the accounts of OneBeacon Insurance Group, Ltd. (the Company or the Registrant) and its subsidiaries (collectively, OneBeacon) and have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP). The Company is an exempted Bermuda limited liability company. The OneBeacon operating companies are U.S.-based property and casualty insurance writers, most of which operate in a multi-company pool. OneBeacon offers a wide range of specialty insurance products and services through independent agencies, regional and national brokers, wholesalers and managing general agencies.

OneBeacon was acquired by White Mountains Insurance Group, Ltd. (White Mountains) from Aviva plc (Aviva) in 2001 (the OneBeacon Acquisition). White Mountains is a holding company whose businesses provide property and casualty insurance, reinsurance and certain other products. As of June 30, 2012, White Mountains owned 75.2% of the Company's common shares. Within this report, the term OneBeacon is used to refer to one or more entities within the consolidated organization, as the context requires. The Company's headquarters are located at 14 Wesley Street, 5th Floor, Hamilton HM 11, Bermuda. The Company's U.S. corporate headquarters are located at 601 Carlson Parkway, Minnetonka, Minnesota 55305 and its registered office is located at Clarendon House, 2 Church Street, Hamilton HM 11, Bermuda.

OneBeacon's reportable segments are Specialty Insurance Operations, Other Insurance Operations and Investing, Financing and Corporate Operations. The Specialty Insurance Operations segment is comprised of a number of underwriting units that are aggregated into three major underwriting units for financial reporting: Managing General Agency (MGA) Business, Specialty Industries and Specialty Products. OneBeacon's Other Insurance Operations segment includes the results of the non-specialty commercial lines business, to which OneBeacon sold the renewal rights, other run-off business and certain purchase accounting adjustments relating to the OneBeacon Acquisition. Investing, Financing and Corporate Operations includes the investing and financing activities for OneBeacon on a consolidated basis, and certain other activities conducted through the Company and its intermediate subsidiaries which include OneBeacon U.S. Financial Services, Inc. and OneBeacon U.S. Holdings, Inc. (OBH), both U.S.-domiciled companies, as well as various intermediate holding companies domiciled in the United States, Gibraltar, Luxembourg and Bermuda.

On February 22, 2012, OneBeacon completed the sale of its AutoOne Insurance business (AutoOne) to Interboro Holdings, Inc. (Interboro) (the AutoOne Transaction). See Note 2. AutoOne has offered products and services to assigned risk markets primarily in New York and New Jersey. AutoOne had been included within the Other Insurance Operations segment, however, as a result of the sale, AutoOne has been presented as discontinued operations in the statements of operations and cash flows with the prior periods reclassified to conform to the current presentation. The AutoOne disposal group excludes investing and financing activities from amounts classified as discontinued operations. OneBeacon's investing and financing operations are conducted on an overall consolidated level and accordingly, there are no separately identifiable investing or financing cash flows associated with AutoOne. Pursuant to the terms of the AutoOne Transaction, at closing, the legal entities included in the sale held an agreed upon level of invested assets and capital. The assets and liabilities associated with the AutoOne business as of December 31, 2011 have been presented in the balance sheet as held for sale assuming the investing and financing steps required to effect the sale were completed as of December 31, 2011.

Edgar Filing: OneBeacon Insurance Group, Ltd. - Form 10-Q

All significant intercompany transactions have been eliminated in consolidation. These interim financial statements include all adjustments, consisting of a normal recurring nature, considered necessary by management to fairly state the financial position, results of operations and cash flows of OneBeacon. These interim financial statements may not be indicative of financial results for the full year and should be read in conjunction with the Company's 2011 Annual Report on Form 10-K. The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities as of the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Refer to the Company's 2011 Annual Report on Form 10-K for a complete discussion regarding OneBeacon's significant accounting policies. As described above, certain amounts in the prior period financial statements have been reclassified to conform to the current presentation.

Table of Contents

Recently Adopted Changes in Accounting Principles

Policy Acquisition Costs

On January 1, 2012, OneBeacon adopted Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2010-26, *Accounting for Costs Associated with Acquiring or Renewing Insurance Contracts*, codified within Accounting Standards Codification (ASC) 944. ASU 2010-26 changes the types of policy acquisition costs that are eligible for deferral. Specifically, ASU 2010-26 limits deferrable costs to those that are incremental direct costs of contract acquisition and certain costs related to acquisition activities performed by the insurer, such as underwriting, policy issuance and processing, medical and inspection costs and sales force contract selling. ASU 2010-26 defines incremental direct costs as those costs that result directly from and were essential to the contract acquisition and would not have been incurred absent the acquisition. Accordingly, under ASC 2010-26, deferrable acquisition costs are limited to costs related to successful contract acquisitions. Acquisition costs that are not eligible for deferral are to be charged to expense in the period incurred.

OneBeacon adopted ASU 2010-26 prospectively. As a result of adopting ASU 2010-26, \$5.6 million of unamortized deferred acquisition costs as of January 1, 2012, primarily relating to a portion of profit sharing commission that had been deferred under prior guidance, have been determined to no longer be deferrable and will be recognized in expense over the original amortization period. During the three and six months ended June 30, 2012, \$2.0 million and \$4.4 million, respectively, of the \$5.6 million of unamortized acquisitions costs as of January 1, 2012 was recognized in expense. If OneBeacon had followed ASU 2010-26 in 2011, \$2.5 million and \$4.3 million, respectively, of acquisition costs that had been deferred would have been recognized in expense during the three and six months ended June 30, 2011.

Fair Value Measurements and Disclosures

On January 1, 2012, OneBeacon adopted ASU 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in US GAAP and IFRS* (ASC 820). ASU 2011-04 clarifies existing guidance with respect to the concepts of highest and best use and valuation premise and measuring instruments classified within a reporting entity's shareholders' equity. ASU 2011-04 also clarifies disclosure requirements, requiring disclosure of quantitative information about unobservable inputs used in Level 3 fair value measurements. ASU 2011-04 also amends existing guidance. In circumstances where a reporting entity manages a portfolio of financial assets and liabilities based on the net market and counterparty credit risk exposures, ASU 2011-04 permits determination of the fair value of those instruments to be based on the net risk exposure. In addition, ASU 2011-04 permits the application of premiums or discounts to be applied in a fair value measurement to the extent that market participants would consider them in valuing the financial instruments. ASU 2011-04 also expands the required disclosures for Level 3 measurements, requiring that reporting entities provide a narrative description of the sensitivity of Level 3 fair value measurements to changes in unobservable inputs and the interrelationships between those inputs, if any. As a result of adopting ASU 2011-04, OneBeacon expanded its fair value disclosures. See Note 5.

Comprehensive Income

On January 1, 2012, OneBeacon adopted ASU 2011-05, *Comprehensive Income* (ASC 220). ASU 2011-05 requires all components of comprehensive income to be reported in a continuous financial statement or in two consecutive statements displaying the components of net income and the components of other comprehensive income. Since OneBeacon already presents comprehensive income in a continuous financial

statement, adoption of ASU 2011-05 had no effect on OneBeacon's financial statement presentation.

Goodwill Impairment

On January 1, 2012, OneBeacon adopted ASU 2011-08, *Testing Goodwill for Impairment* (ASC 350). ASU 2011-08 amends the guidance that requires an entity to test goodwill for impairment on at least an annual basis using a two-step quantitative test. The new guidance permits an entity to first assess facts and circumstances to determine whether it is more likely than not that the fair value of a reporting unit is less than its carrying amount. If the entity determines on the basis of this assessment that it is not more likely than not that the fair value of the reporting unit is less than its carrying amount, then performance of the two-step quantitative test is not required. Upon adoption, ASU 2011-08 had no effect on OneBeacon's financial position, results of operations or cash flows.

Recently Issued Accounting Pronouncements

Offsetting Assets and Liabilities

On December 16, 2011, the FASB issued ASU 2011-11, *Disclosures about Offsetting Assets and Liabilities* (ASC 210). The new standard expands the required disclosures in circumstance where either balances have been offset or the right of offset exists. The required disclosures are intended to provide information to enable financial statement users to evaluate the effect or potential effect of netting arrangements on a reporting entity's financial position. Disclosures required under the new standard include the gross amount of assets and liabilities recognized; the amounts that have been offset to arrive at the amounts presented in the statement of financial position; and any amounts subject to an enforceable master netting arrangement, whether or not such amounts have been offset. In addition, a description of the rights of offset should be disclosed. ASU 2011-11 is effective for periods beginning on or after January 1, 2013. OneBeacon is currently evaluating the effect adoption will have on its disclosures, but does not expect adoption to have a material effect on its financial position, results of operations or cash flows.

NOTE 2. Acquisitions and Dispositions

On February 22, 2012, OneBeacon completed the sale of the AutoOne business to Interboro. Pursuant to the terms of the sale, at closing, OneBeacon transferred to Interboro all of the issued and outstanding shares of common stock of AutoOne Insurance Company (AOIC) and AutoOne Select Insurance Company (AOSIC), through which substantially all of the AutoOne business was written on a direct basis. At closing, OneBeacon also transferred the assets, liabilities (including loss reserves and unearned premiums) and capital of the business as well as substantially all of the AutoOne infrastructure including systems and office space as well as certain staff. The closing balance sheet is subject to post-closing adjustments. The AutoOne Transaction also included the execution of a reinsurance agreement with certain subsidiaries of the Company pursuant to which OneBeacon cedes, on a 100% quota share basis, AutoOne business not directly written by AOIC and AOSIC. See Note 14 for further information regarding balances classified as held for sale and activity reported as discontinued operations.

As part of the AutoOne Transaction, Interboro LLC, the parent company of Interboro, issued a \$3.0 million promissory note to OneBeacon Insurance Company (OBIC). Interboro LLC is required to repay the note in \$1.0 million increments on each of the third, fourth and fifth anniversaries of the closing date, or February 22, 2015, 2016 and 2017. In addition, Interboro LLC is required to pre-pay principal in an amount equal to 100% of any dividend or distribution received from its subsidiaries, net of taxes and less \$0.2 million. Interest accrues and is payable quarterly at a rate of LIBOR plus 550 basis points.

On January 24, 2012, OneBeacon sold all of the issued and outstanding shares of common stock of OneBeacon Holdings (Luxembourg) S.à r.l. (OB Lux) to White Sands Holdings (Luxembourg) S.à r.l. (White Sands), a subsidiary of White Mountains, for \$24.7 million. As a result of the sale, OneBeacon recorded a gain of \$14.0 million as additional paid in capital. Net of transaction costs expensed through the statement of operations, the gain was \$13.6 million.

Except as described above, during the three and six months ended June 30, 2012 and 2011, there were no acquisitions or dispositions.

During the three months ended June 30, 2012, OneBeacon experienced \$3.3 million of favorable loss and LAE reserve development on prior accident year loss reserves, with \$3.4 million in Specialty Insurance Operations, partially offset by \$0.1 million of unfavorable loss and LAE reserve development on prior accident year loss reserves in Other Insurance Operations. The favorable loss reserve development was primarily due to lower than expected severity on non-catastrophe losses related to professional liability lines, multiple peril liability lines and other general liability lines. During the three months ended June 30, 2011, OneBeacon experienced \$10.1 million of favorable loss and LAE reserve development on prior accident year loss reserves, with \$7.1 million in Specialty Insurance Operations and \$3.0 million in Other Insurance Operations. The favorable loss reserve development was primarily due to lower than expected severity on non-catastrophe losses related to professional liability lines, multiple peril liability lines and other general liability lines.

During the six months ended June 30, 2012, OneBeacon experienced \$7.2 million of unfavorable loss and LAE reserve development on prior accident year loss reserves, with \$12.5 million in Other Insurance Operations, partially offset by \$5.3 million of favorable loss and LAE reserve development on prior accident year loss reserves in Specialty Insurance Operations. The unfavorable loss reserve development in the run-off

business was primarily driven by case incurred development on a small number of claims related to multiple peril liability lines and general liability lines and also the impact of an adverse court ruling in Mississippi regarding a disputed assessment from an involuntary pool for hurricane Katrina claims. The favorable loss reserve development was primarily due to lower than expected severity on non-catastrophe losses related to professional liability lines, multiple peril liability lines and general liability lines. During the six months ended June 30, 2011, OneBeacon experienced \$15.2 million of favorable loss and LAE reserve development on prior accident year loss reserves, with \$8.3 million in Specialty Insurance Operations and \$6.9 million in Other Insurance Operations. The favorable loss reserve development was primarily due to lower than expected severity on non-catastrophe losses related to professional liability lines, multiple peril liability lines and other general liability lines.

In connection with purchase accounting for the OneBeacon Acquisition, OneBeacon was required to adjust to fair value the loss and LAE reserves and the related reinsurance recoverables on the balance sheet. As of June 30, 2012 and December 31, 2011, the remaining fair value reductions to both loss and LAE reserves and reinsurance recoverable on unpaid losses were \$156.7 million and \$163.3 million, respectively. The net reduction to loss and LAE reserves is being accreted through an income statement charge ratably with and over the period the claims are settled.

NOTE 4. Reinsurance

In the normal course of business, OneBeacon's insurance subsidiaries seek to limit losses that may arise from catastrophes or other events by reinsuring with third party reinsurers. OneBeacon remains liable for risks reinsured even if the reinsurer does not honor its obligations under reinsurance contracts.

Effective May 1, 2012, OneBeacon renewed its property catastrophe reinsurance program through April 30, 2013. The program provides coverage for OneBeacon's property business as well as certain acts of terrorism. Under the program, the first \$25.0 million of losses resulting from any single catastrophe are retained and the next \$155.0 million of losses resulting from the catastrophe are reinsured in three layers, although OneBeacon retains a co-participation of 55% of losses from \$25.0 million to \$40.0 million, 15% of losses from \$40.0 million to \$80.0 million, and 10% of losses from \$80.0 million to \$180.0 million. Any loss above \$180.0 million would be retained in full. In the event of a catastrophe, OneBeacon's property catastrophe reinsurance program is reinstated for the remainder of the original contract term by paying a reinstatement premium that is based on the percentage of coverage reinstated and the original property catastrophe coverage premium.

At June 30, 2012, OneBeacon had \$24.2 million of reinsurance recoverables on paid losses and \$2,197.4 million (gross of \$156.7 million in purchase accounting adjustments, as described in Note 3) that will become recoverable if claims are paid in accordance with current reserve estimates. Reinsurance contracts do not relieve OneBeacon of its obligations. Therefore, collectibility of balances due from its reinsurers is critical to OneBeacon's financial strength. OneBeacon is selective in regard to its reinsurers, principally placing reinsurance with those reinsurers with strong financial condition, industry ratings and underwriting ability. Management monitors the financial condition and ratings of its reinsurers on an ongoing basis. As a result, uncollectible amounts have historically not been significant.

The following table provides a listing of OneBeacon's top reinsurers for its insurance operations, excluding industry pools and associations and affiliates of OneBeacon, based upon recoverable amounts, the percentage of total reinsurance recoverables and the reinsurers' A.M. Best Company, Inc. (A.M. Best) ratings.

(\$ in millions)	Balance at June 30, 2012	% of total	A.M. Best Rating (1)

Tokio Marine and Nichido Fire (3)	54.4	2%	A++
Tower Insurance Company	26.2	1%	A-
Munich Reinsurance America	25.5	1%	A+

- (1) A.M. Best ratings as detailed above are: A++ (Superior, which is the highest of fifteen financial strength ratings), A+ (Superior, which is the second highest of fifteen financial strength ratings), A (Excellent, which is the third highest of fifteen financial strength ratings) and A- (Excellent, which is the fourth highest of fifteen financial strength ratings).
- (2) Includes \$198.3 million of Third Party Recoverables (as defined below), which NICO (as defined below) would pay under the terms of the NICO Cover (as defined below) if they are unable to collect from third party reinsurers.
- (3) Includes \$28.3 million of reinsurance recoverables from the various reinsurers that are guaranteed by Tokio Marine and Nichido Fire under the terms of a 100% quota share reinsurance agreement between Houston General Insurance Company and Tokio Marine and Nichido Fire.

In connection with the OneBeacon Acquisition, Aviva caused OneBeacon to purchase two reinsurance contracts from subsidiaries of Berkshire Hathaway Inc.: a reinsurance contract with National Indemnity Company (NICO) for up to \$2.5 billion in old asbestos and environmental (A&E) claims and certain other exposures (the NICO Cover) and an adverse loss reserve development cover from General Reinsurance Corporation (GRC) for up to \$570.0 million, comprised of \$400.0 million of adverse loss reserve development occurring in years 2000 and prior (the GRC Cover) in addition to \$170.0 million of reserves ceded as of the date of the OneBeacon Acquisition. The NICO Cover and GRC Cover, which were contingent on and occurred contemporaneously with the OneBeacon Acquisition, were put in place in lieu of a seller guarantee of loss and LAE reserves and are therefore accounted for under GAAP as a seller guarantee.

Under the terms of the NICO Cover, NICO receives the economic benefit of reinsurance recoverables from certain of OneBeacon's third party reinsurers (Third Party Reinsurers) in existence at the time the NICO Cover was executed (Third Party Recoverables). As a result, the Third Party Recoverables serve to protect the \$2.5 billion limit of NICO coverage for the benefit of OneBeacon. OneBeacon estimates that on an incurred basis it has used approximately \$2.3 billion of the coverage provided by NICO at June 30, 2012. Net losses paid totaled approximately \$1.4 billion as of June 30, 2012. To the extent that actual experience differs from OneBeacon's estimate of ultimate A&E losses and Third Party Recoverables, future losses could exceed the \$198.3 million of protection remaining under the NICO Cover at June 30, 2012.

Pursuant to the GRC Cover, OneBeacon is not entitled to recover losses to the full contract limit if such losses are reimbursed by GRC more quickly than anticipated at the time the contract was signed. OneBeacon intends to seek reimbursement from GRC only for claims which result in payment patterns similar to those supporting its recoverables recorded pursuant to the GRC Cover. The economic cost of not submitting certain other eligible claims to GRC is primarily the investment spread between the rate credited by GRC and the rate achieved by OneBeacon on its own investments. This cost, if any, is expected to be nominal. OneBeacon has ceded estimated incurred losses of \$562.0 million to GRC under the GRC Cover. As of June 30, 2012, OneBeacon has \$409.3 million of reinsurance recoverable on unpaid losses outstanding under the GRC Cover.

NOTE 5. Investment Securities

OneBeacon's invested assets are comprised of securities and other investments held for general investment purposes. Refer to the Company's 2011 Annual Report on Form 10-K for a complete discussion.

In accordance with ASC 825, OneBeacon classifies its portfolio of fixed maturity investments and common equity securities, including convertible fixed maturity investments, held for general investment purposes as trading securities. Trading securities are reported at fair value as of the balance sheet date as determined by quoted market prices when available. Realized and unrealized investment gains and losses on trading securities are reported in net realized and unrealized investment gains and losses in revenues on a pre-tax basis.

Short-term investments consist of money market funds, certificates of deposit and other securities which, at the time of purchase, mature or become available for use within one year. Short-term investments are carried at amortized cost, which approximated fair value as of June 30, 2012 and December 31, 2011.

Other investments primarily include hedge funds and private equity funds. OneBeacon measures its investments in hedge funds and private equity funds at fair value with changes therein reported in net realized and unrealized investment gains and losses in revenues on a pre-tax basis.

Other investments also includes an investment in a community reinvestment vehicle which is accounted for at fair value and a tax advantaged federal affordable housing development fund which is accounted for under the equity method.
