EXPLANATORY NOTE

This report combines the quarterly reports on Form 10-Q for the period ended March 31, 2013 of CubeSmart (the Parent Company or CubeSmart) and CubeSmart, L.P. (the Operating Partnership). The Parent Company is a Maryland real estate investment trust, or REIT, that owns its assets and conducts its operations through the Operating Partnership, a Delaware limited partnership, and subsidiaries of the Operating Partnership. The Parent Company, the Operating Partnership and their consolidated subsidiaries are collectively referred to in this report as the Company. In addition, terms such as we , us , or our used in this report may refer to the Company, the Parent Company, or the Operating Partnership.

The Parent Company is the sole general partner of the Operating Partnership and, as of March 31, 2013, owned a 98.3% interest in the Operating Partnership. The remaining 1.7% interest consists of common units of limited partnership interest issued by the Operating Partnership to third parties in exchange for contributions of properties to the Operating Partnership. As the sole general partner of the Operating Partnership, the Parent Company has full and complete authority over the Operating Partnership's day-to-day operations and management.

Management operates the Parent Company and the Operating Partnership as one enterprise. The management teams of the Parent Company and the Operating Partnership are identical, and their constituents are officers of both the Parent Company and of the Operating Partnership.

There are few differences between the Parent Company and the Operating Partnership, which are reflected in the note disclosures in this report. The Company believes it is important to understand the differences between the Parent Company and the Operating Partnership in the context of how these entities operate as a consolidated enterprise. The Parent Company is a REIT, whose only material asset is its ownership of the partnership interests of the Operating Partnership. As a result, the Parent Company does not conduct business itself, other than acting as the sole general partner of the Operating Partnership, issuing public equity from time to time and guaranteeing the debt obligations of the Operating Partnership. The Operating Partnership holds substantially all the assets of the Company and, directly or indirectly, holds the ownership interests in the Company's real estate ventures. The Operating Partnership conducts the operations of the Company's business and is structured as a partnership with no publicly traded equity. Except for net proceeds from equity issuances by the Parent Company, which are contributed to the Operating Partnership in exchange for partnership units, the Operating Partnership generates the capital required by the Company's business through the Operating Partnership's operations, by the Operating Partnership's direct or indirect incurrence of indebtedness or through the issuance of partnership units of the Operating Partnership or equity interests in subsidiaries of the Operating Partnership.

The substantive difference between the Parent Company's and the Operating Partnership's filings is the fact that the Parent Company is a REIT with public equity, while the Operating Partnership is a partnership with no publicly traded equity. In the financial statements, this difference is primarily reflected in the equity (or capital for Operating Partnership) section of the consolidated balance sheets and in the consolidated statements of equity (or capital). Apart from the different equity treatment, the consolidated financial statements of the Parent Company and the Operating Partnership are nearly identical.

The Company believes that combining the quarterly reports on Form 10-Q of the Parent Company and the Operating Partnership into a single report will:

Edgar Filing: CubeSmart - Form 10-Q

- facilitate a better understanding by the investors of the Parent Company and the Operating Partnership by enabling them to view the business as a whole in the same manner as management views and operates the business;
- remove duplicative disclosures and provide a more straightforward presentation in light of the fact that a substantial portion of the disclosure applies to both the Parent Company and the Operating Partnership; and
- create time and cost efficiencies through the preparation of one combined report instead of two separate reports.

To help investors understand the significant differences between the Parent Company and the Operating Partnership, this report presents Item 1 Financial Statements as separate sections for each of the Parent Company and the Operating Partnership.

Table of Contents

In order to highlight the differences between the Parent Company and the Operating Partnership, the separate sections in this report for the Parent Company and the Operating Partnership specifically refer to the Parent Company and the Operating Partnership. In the sections that combine disclosures of the Parent Company and the Operating Partnership, this report refers to such disclosures as those of the Company. Although the Operating Partnership is generally the entity that directly or indirectly enters into contracts and real estate ventures and holds assets and debt, reference to the Company is appropriate because the business is one enterprise and the Parent Company operates the business through the Operating Partnership.

As general partner with control of the Operating Partnership, the Parent Company consolidates the Operating Partnership for financial reporting purposes, and the Parent Company does not have significant assets other than its investment in the Operating Partnership. Therefore, the assets and liabilities of the Parent Company and the Operating Partnership are the same on their respective financial statements. The separate discussions of the Parent Company and the Operating Partnership in this report should be read in conjunction with each other to understand the results of the Company's operations on a consolidated basis and how management operates the Company.

This report also includes separate Item 4 - Controls and Procedures sections, signature pages and Exhibit 31 and 32 certifications for each of the Parent Company and the Operating Partnership in order to establish that the Chief Executive Officer and the Chief Financial Officer of the Parent Company and the Chief Executive Officer and the Chief Financial Officer of the Operating Partnership have made the requisite certifications and that the Parent Company and the Operating Partnership are compliant with Rule 13a-15 or Rule 15d-15 of the Securities Exchange Act of 1934 and 18 U.S.C. §1350.

Table of Contents

Forward-Looking Statements

This Quarterly Report on Form 10-Q, or this Report, together with other statements and information publicly disseminated by the Parent Company and the Operating Partnership, contain certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, or the Exchange Act. Forward-looking statements include statements concerning the Company's plans, objectives, goals, strategies, future events, future revenues or performance, capital expenditures, financing needs, plans or intentions relating to acquisitions and other information that is not historical information. In some cases, forward-looking statements can be identified by terminology such as believes, expects, estimates, may, will, should, anticipates, or in negative of such terms or other comparable terminology, or by discussions of strategy. Such statements are based on assumptions and expectations that may not be realized and are inherently subject to risks, uncertainties and other factors, many of which cannot be predicted with accuracy and some of which might not even be anticipated. Although we believe the expectations reflected in these forward-looking statements are based on reasonable assumptions, future events and actual results, performance, transactions or achievements, financial and otherwise, may differ materially from the results, performance, transactions or achievements expressed or implied by the forward-looking statements. As a result, you should not rely on or construe any forward-looking statements in this Report, or which management may make orally or in writing from time to time, as predictions of future events or as guarantees of future performance. We caution you not to place undue reliance on forward-looking statements, which speak only as of the date of this Report or as of the dates otherwise indicated in the statements. All of our forward-looking statements, including those in this Report, are qualified in their entirety by this statement.

There are a number of risks and uncertainties that could cause our actual results to differ materially from the forward-looking statements contained in or contemplated by this Report. Any forward-looking statements should be considered in light of the risks and uncertainties referred to in Item 1A. Risk Factors in the Parent Company's and the Operating Partnership's combined Annual Report on Form 10-K for the year ended December 31, 2012 and in our other filings with the Securities and Exchange Commission (SEC). These risks include, but are not limited to, the following:

- national and local economic, business, real estate and other market conditions;
- the competitive environment in which we operate, including our ability to maintain or raise occupancy and rental rates;
- the execution of our business plan;
- the availability of external sources of capital;
- financing risks, including the risk of over-leverage and the corresponding risk of default on our mortgage and other debt and potential inability to refinance existing indebtedness;
- increases in interest rates and operating costs;

Edgar Filing: CubeSmart - Form 10-Q

- counterparty non-performance related to the use of derivative financial instruments;
- our ability to maintain our Parent Company's qualification as a real estate investment trust (REIT) for federal income tax purposes;
- acquisition and development risks;
- increases in taxes, fees, and assessments from state and local jurisdictions;
- changes in real estate and zoning laws or regulations;
- risks related to natural disasters;

Table of Contents

- potential environmental and other liabilities;
- other factors affecting the real estate industry generally or the self-storage industry in particular; and
- other risks identified in the Parent Company's and the Operating Partnership's Annual Report on Form 10-K, as amended, and, from time to time, in other reports that we file with the SEC or in other documents that we publicly disseminate.

Given these uncertainties and the other risks identified elsewhere in this Report, we caution readers not to place undue reliance on forward-looking statements. We undertake no obligation to publicly update or revise these forward-looking statements, whether as a result of new information, future events or otherwise except as may be required by securities laws.

CUBESMART AND CUBESMART, L.P.

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

1. ORGANIZATION AND NATURE OF OPERATIONS

CubeSmart (the Parent Company) operates as a self-managed and self-administered real estate investment trust (REIT) with its operations conducted solely through CubeSmart, L.P. and its subsidiaries. CubeSmart, L.P., a Delaware limited partnership (the Operating Partnership), operates through an umbrella partnership structure, with the Parent Company, a Maryland REIT, as its sole general partner. In the notes to the consolidated financial statements, we use the terms the Company, we or our to refer to the Parent Company and the Operating Partnership together, unless the context indicates otherwise. The Company's self-storage facilities (collectively, the Properties) are located in 21 states throughout the United States and the District of Columbia and are presented under one reportable segment: the Company owns, operates, develops, manages and acquires self-storage facilities.

As of March 31, 2013, the Parent Company owned approximately 98.3% of the partnership interests (OP Units) of the Operating Partnership. The remaining OP Units, consisting exclusively of limited partner interests, are held by persons who contributed their interests in properties to us in exchange for OP Units. Under the partnership agreement, these persons have the right to tender their OP Units for redemption to the Operating Partnership at any time for cash equal to the fair value of an equivalent number of common shares of the Parent Company. In lieu of delivering cash, however, the Parent Company, as the Operating Partnership's general partner, may, at its option, choose to acquire any OP Units so tendered by issuing common shares in exchange for the tendered OP Units. If the Parent Company so chooses, its common shares will be exchanged for OP Units on a one-for-one basis. This one-for-one exchange ratio is subject to adjustment to prevent dilution. With each such exchange or redemption, the Parent Company's percentage ownership in the Operating Partnership will increase. In addition, whenever the Parent Company issues common or other classes of its shares, it contributes the net proceeds it receives from the issuance to the Operating Partnership and the Operating Partnership issues to the Parent Company an equal number of OP Units or other partnership interests having preferences and rights that mirror the preferences and rights of the shares issued. This structure is commonly referred to as an umbrella partnership REIT or UPREIT.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying unaudited consolidated financial statements have been prepared pursuant to the rules and regulations of the SEC regarding interim financial reporting and, in the opinion of each of the Parent Company's and Operating Company's respective management, include all adjustments (consisting of normal recurring adjustments) necessary for a fair presentation of financial position, results of operations and cash flows for each respective company for the interim periods presented in accordance with generally accepted accounting principles in the United States (GAAP). Accordingly, readers of this Quarterly Report on Form 10-Q should refer to the Parent Company's and the Operating Partnership's audited financial statements prepared in accordance with GAAP, and the related notes thereto, for the year ended December 31, 2012, which are included in the Parent Company's and the Operating Partnership's Annual Report on Form 10-K for the fiscal year ended December 31, 2012. The results of operations for the three months ended March 31, 2013 and 2012 are not necessarily indicative of the results of operations to be expected for any future period or the full year.

Recent Accounting Pronouncements

In February 2013, the Financial Accounting Standards Board (FASB) issued an amendment to the accounting standard for the reporting of amounts reclassified out of accumulated other comprehensive income (AOCI). The amendment requires entities to disclose for items reclassified out of AOCI and into net income in their entirety, the effect of the reclassification on each affected income statement line item and for AOCI items that are not reclassified in their entirety into net income, a cross reference to other required GAAP disclosures. This amendment became effective for fiscal years and interim periods beginning after December 15, 2012.

Table of Contents

The adoption of this guidance in 2013 did not have a material impact on the Company's consolidated financial position or results of operations as its impact was limited to disclosure requirements (see note 8).

4. INVESTMENT ACTIVITY

2013 Acquisitions

During the three months ended March 31, 2013, the Company acquired one facility located in Arizona for a purchase price of approximately \$6.9 million. In connection with this acquisition, the Company allocated a portion of the purchase price to the intangible value of in-place leases which aggregated \$0.6 million. The estimated life of these in-place leases is 12 months and the amortization expense that was recognized during the three months ended March 31, 2013 was approximately \$0.1 million.

Development

During the three months ended March 31, 2013, the Company incurred development costs of approximately \$2.7 million. To-date, the Company has incurred approximately \$7.4 million in costs. These costs are capitalized to construction in progress while under development and are reflected in Storage facilities on the Company's consolidated balance sheets.

2012 Acquisitions

During 2012, as part of the \$560 million Storage Deluxe transaction involving 22 Class A self-storage facilities located primarily in the greater New York City area, the Company acquired the final six properties with a purchase price of approximately \$201.9 million. The six properties purchased are located in New York and Connecticut. In connection with the acquisitions, the Company allocated a portion of the purchase price to the intangible value of in-place leases which aggregated \$12.3 million. The estimated life of these in-place leases is 12 months and the amortization expense that was recognized during the three months ended March 31, 2013 was approximately \$2.7 million. In connection with the six acquired facilities, the Company assumed mortgage debt, and recorded the debt at a fair value of \$93.1 million, which includes an outstanding principal balance totaling \$88.9 million and a net premium of \$4.2 million in addition to the face value of the assumed debt to reflect the fair values of the debt at the time of assumption.

On September 28, 2012, the Company purchased, from its joint venture partner, the remaining 50% ownership in a partnership that owned nine storage facilities in Pennsylvania, Virginia, New York, New Jersey and Florida, collectively the HSRE Venture (HSREV), for cash of \$21.7 million. In addition, upon taking control of these assets, the Company repaid \$59.3 million of mortgage loans related to the properties. Following the purchase, the Company wholly owned the nine storage facilities which were unencumbered and had a fair value of \$102 million at acquisition. In connection with this acquisition, the Company allocated a portion of the fair value to the intangible value of in-place leases which aggregated \$8.3 million. The estimated life of these in-place leases is 12 months and the amortization expense that was recognized during the three months ended March 31, 2013 was approximately \$2.1 million.

During 2012, the Company acquired an additional 22 self-storage facilities located throughout the United States for an aggregate purchase price of approximately \$128.4 million. In connection with these acquisitions, the Company allocated a portion of the purchase price to the intangible value of in-place leases which aggregated \$13.2 million. The estimated life of these in-place leases is 12 months and the amortization expense

Edgar Filing: CubeSmart - Form 10-Q

that was recognized during the three months ended March 31, 2013 was approximately \$3.1 million. In connection with two of the acquired facilities, the Company assumed mortgage debt, and recorded the debt at a fair value of \$13.9 million, which includes an outstanding principal balance totaling \$13.4 million and a net premium of \$0.5 million in addition to the face value of the assumed debt to reflect the fair values of the debt at the time of assumption.

5. UNSECURED SENIOR NOTES

On June 26, 2012, the Operating Partnership issued \$250 million in aggregate principal amount of unsecured senior notes due July 15, 2022 (the senior notes) which bear interest at a rate of 4.80%. The indenture under which the unsecured senior notes were issued restricts the ability of the Operating Partnership and its subsidiaries to incur debt unless the Operating Partnership and its consolidated subsidiaries comply with a leverage ratio not to exceed 60% and an interest coverage ratio of more than 1.5:1 after giving effect to the incurrence of the debt. The indenture also restricts the ability of the Operating Partnership and its subsidiaries to incur secured debt unless the Operating Partnership and its consolidated subsidiaries comply with a secured debt leverage ratio not to exceed 40% after giving effect to the incurrence of the debt.

Table of Contents

The indenture also contains other financial and customary covenants, including a covenant not to own unencumbered assets with a value less than 150% of the unsecured indebtedness of the Operating Partnership and its consolidated subsidiaries. The Operating Partnership is currently in compliance with all of the financial covenants under the senior notes.

6. REVOLVING CREDIT FACILITY AND UNSECURED TERM LOANS

On June 20, 2011, the Company entered into an unsecured Term Loan Agreement (the Term Loan Facility) which consisted of a \$100 million term loan with a five-year maturity and a \$100 million term loan with a seven-year maturity. The Company incurred costs of \$2.1 million in connection with executing the agreement and capitalized such costs as a component of loan procurement costs, net of amortization on the consolidated balance sheet. At the Company's current Baa3/BBB- level, pricing on the Term Loan Facility ranges from 1.45% to 2.10% over LIBOR for the five-year loan, and from 1.60% to 2.25% over LIBOR for the seven-year loan.

On December 9, 2011, the Company entered into a new credit facility comprised of a \$100 million unsecured term loan maturing in December 2014; a \$200 million unsecured term loan maturing in March 2017; and a \$300 million unsecured revolving facility maturing in December 2015 (the Credit Facility).

Pricing on the Credit Facility depends on the Company's unsecured debt credit rating. At the Company's current Baa3/BBB- level, amounts drawn under the revolving facility are priced at 1.48% over LIBOR, with no LIBOR floor. Amounts drawn under the term loan portion of the Credit Facility are priced at 1.75% over LIBOR, with no LIBOR floor.

As of March 31, 2013, \$200 million of unsecured term loan borrowings were outstanding under the Term Loan Facility, \$300 million of unsecured term loan borrowings were outstanding under the Credit Facility, \$30 million of unsecured revolving credit facility borrowings were outstanding and \$269.8 million was available for borrowing on the unsecured revolving portion of the Credit Facility. The available balance under the unsecured revolving portion of the Credit Facility is reduced by an outstanding letter of credit of \$0.2 million. The Company had interest rate swaps as of March 31, 2013, that fix LIBOR on \$200 million of borrowings under the Credit Facility maturing in March 2017 at 1.34%. In addition, at March 31, 2013, the Company had interest rate swaps that fix LIBOR on both the five and seven-year term loans under the Term Loan Facility through their respective maturity dates. The interest rate swap agreements fix thirty day LIBOR over the terms of the five and seven-year term loans at 1.80% and 2.47%, respectively. As of March 31, 2013, borrowings under the Credit Facility and Term Loan Facility had an effective weighted average interest rate of 3.18%.

The Term Loan Facility and the term loans under the Credit Facility were fully drawn at March 31, 2013 and no further borrowings may be made under that facility and those term loans. The Company's ability to borrow under the Credit Facility is subject to ongoing compliance with certain financial covenants which include:

- Maximum total indebtedness to total asset value of 60.0% at any time;

Edgar Filing: CubeSmart - Form 10-Q

- Minimum fixed charge coverage ratio of 1.50:1.00; and
- Minimum tangible net worth of \$821,211,200 plus 75% of net proceeds from equity issuances after June 30, 2010.

Further, under the Credit Facility and Term Loan Facility, the Company is restricted from paying distributions on our common shares that would exceed an amount equal to the greater of (i) 95% of our funds from operations, and (ii) such amount as may be necessary to maintain the Parent Company's REIT status.

The Company is currently in compliance with all of its financial covenants and anticipates being in compliance with all of its financial covenants through the terms of the Credit Facility and Term Loan Facility.

Table of Contents**7. MORTGAGE LOANS AND NOTES PAYABLE**

The Company's mortgage loans and notes payable are summarized as follows:

YSI 24	28,983	29,141	4.64%	Jun-21
Unamortized fair value adjustment	4,079	4,326		
Total mortgage loans and notes payable	\$ 226,460	\$ 228,759		

(a) This borrowing has a fixed interest rate for the first five-years of the term, and the rate then resets and remains constant over the final five-years of the loan term.

Table of Contents

The following table represents the future principal payment requirements on the outstanding mortgage loans and notes payable at March 31, 2013 (in thousands):

2013	\$	27,837
2014		11,633
2015		86,978
2016		21,342
2017		1,915
2018 and thereafter		72,676
Total mortgage payments		222,381
Plus: Unamortized fair value adjustment		4,079
Total mortgage indebtedness	\$	226,460

The Company currently intends to fund its remaining 2013 principal payment requirements from cash provided by operating activities, new debt originations, and/or additional borrowings under its unsecured Credit Facility (\$269.8 million available as of March 31, 2013).

8. ACCUMULATED OTHER COMPREHENSIVE LOSS

The following table summarizes the changes in accumulated other comprehensive loss by component for the three months ended March 31, 2013 (dollars in thousands):

	Unrealized loss on			Total
	Unrealized loss on	foreign currency		
	interest rate swap	translation		
Beginning balance	\$ (18,973)	\$ (823)	\$	(19,796)
Other comprehensive (loss) gain before reclassifications	(303)	(243)		(546)
Amounts reclassified from accumulated other comprehensive loss	1,503(a)	-		1,503
Net current-period other comprehensive income (loss)	1,200	(243)		957
Ending balance	\$ (17,773)	\$ (1,066)	\$	(18,839)

(a) See note 9 for additional information about the effects of the amounts reclassified.

9. RISK MANAGEMENT AND USE OF FINANCIAL INSTRUMENTS

The Company's use of derivative instruments is limited to the utilization of interest rate agreements or other instruments to manage interest rate risk exposures and not for speculative purposes. The principal objective of such arrangements is to minimize the risks and/or costs associated with the Company's operating and financial structure, as well as to hedge specific transactions. The counterparties to these arrangements are major financial institutions with which the Company and its subsidiaries may also have other financial relationships. The Company is potentially exposed to credit loss in the event of non-performance by these counterparties.

Table of Contents

However, because of the high credit ratings of the counterparties, the Company does not anticipate that any of the counterparties will fail to meet these obligations as they come due. The Company does not hedge credit or property value market risks.

The Company has entered into interest rate swap agreements that qualify and are designated as cash flow hedges designed to reduce the impact of interest rate changes on its variable rate debt. Therefore, the interest rate swaps are recorded in the consolidated balance sheet at fair value and the related gains or losses are deferred in shareholders' equity as Accumulated Other Comprehensive Loss. These deferred gains and losses are amortized into interest expense during the period or periods in which the related interest payments affect earnings. However, to the extent that the interest rate swaps are not perfectly effective in offsetting the change in value of the interest payments being hedged, the ineffective portion of these contracts is recognized in earnings immediately. The Company formally assesses, both at inception of a hedge and on an on-going basis, whether each derivative is highly-effective in offsetting changes in cash flows of the hedged item. If management determines that a derivative is highly-effective as a hedge, then the Company accounts for the derivative using hedge accounting, pursuant to which gains or losses inherent in the derivative do not impact the Company's results of operations. If management determines that a derivative is not highly-effective as a hedge or if a derivative ceases to be a highly-effective hedge, the Company will discontinue hedge accounting prospectively and will reflect in its statement of operations realized and unrealized gains and losses in respect of the derivative.

The following table summarizes the terms and fair values of the Company's derivative financial instruments at March 31, 2013 and December 31, 2012, respectively (dollars in thousands):

<u>Hedge Product</u>	<u>Hedge Type (a)</u>	<u>Notional Amount</u>	<u>Strike</u>	<u>Effective Date</u>	<u>Maturity</u>	<u>Fair Value</u>	
						<u>March 31, 2013</u>	<u>December 31, 2012</u>
Swap	Cash flow	\$ 40,000	1.8025%	6/20/2011	6/20/2016	\$ (1,757)	\$ (1,873)
Swap	Cash flow	\$ 40,000	1.8025%	6/20/2011	6/20/2016	(1,758)	(1,875)
Swap	Cash flow	\$ 20,000	1.8025%	6/20/2011	6/20/2016	(878)	(937)
Swap	Cash flow	\$ 75,000	1.3360%	12/30/2011	3/31/2017	(2,217)	(2,378)
Swap	Cash flow	\$ 50,000	1.3360%	12/30/2011	3/31/2017	(1,474)	(1,583)
Swap	Cash flow	\$ 50,000	1.3360%	12/30/2011	3/31/2017	(1,475)	(1,583)
Swap	Cash flow	\$ 25,000	1.3375%	12/30/2011	3/31/2017	(743)	(799)
Swap	Cash flow	\$ 40,000	2.4590%	6/20/2011	6/20/2018	(3,238)	(3,433)
Swap	Cash flow	\$ 40,000	2.4725%	6/20/2011	6/20/2018	(3,269)	(3,470)
Swap	Cash flow	\$ 20,000	2.4750%	6/20/2011	6/20/2018	(1,634)	(1,734)
		\$ 400,000				\$ (18,443)	\$ (19,665)

(a) Hedging unsecured variable rate debt by fixing 30-day LIBOR.

The Company measures its derivative instruments at fair value and records them in the balance sheet as either an asset or liability. As of March 31, 2013 and December 31, 2012, all derivative instruments were included in accounts payable, accrued expenses and other liabilities in the accompanying consolidated balance sheets. The effective portions of changes in the fair value of the derivatives are reported in accumulated other comprehensive income (loss). Amounts reported in accumulated other comprehensive income (loss) related to derivatives will be reclassified to interest expense as interest payments are made on the Company's variable-rate debt. The change in unrealized loss on interest rate swap reflects a reclassification of \$1.5 million of unrealized losses from accumulated other comprehensive loss as an increase to interest expense during the three months ended March 31, 2013.

10. FAIR VALUE MEASUREMENTS

The Company applies the methods of determining fair value as described in authoritative guidance, to value its financial assets and liabilities. As defined in the guidance, fair value is based on the price that would be received from the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In order to increase consistency and comparability in fair value measurements, the guidance establishes a fair value hierarchy that prioritizes observable and unobservable inputs used to measure fair value into three broad levels, which are described below:

Edgar Filing: CubeSmart - Form 10-Q

Table of Contents

Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.

Level 2: Observable prices that are based on inputs not quoted on active markets, but corroborated by market data.

Level 3: Unobservable inputs are used when little or no market data is available. The fair value hierarchy gives the lowest priority to Level 3 inputs.

In determining fair value, the Company utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible as well as considering counterparty credit risk in its assessment of fair value.

Financial assets and liabilities carried at fair value as of March 31, 2013 are classified in the table below in one of the three categories described above (dollars in thousands):

	Level 1	Level 2	Level 3
Interest Rate Swap Derivative Liabilities	\$ -	\$ 18,443	\$ -
Total liabilities at fair value	\$ -	\$ 18,443	\$ -

Financial assets and liabilities carried at fair value as of December 31, 2012 are classified in the table below in one of the three categories described above (dollars in thousands):

	Level 1	Level 2	Level 3
Interest Rate Swap Derivative Liabilities	\$ -	\$ 19,665	\$ -
Total liabilities at fair value	\$ -	\$ 19,665	\$ -

Financial assets and liabilities carried at fair value were classified as Level 2 inputs. For financial liabilities that utilize Level 2 inputs, the Company utilizes both direct and indirect observable price quotes, including LIBOR yield curves, bank price quotes for forward starting swaps, NYMEX futures pricing and common stock price quotes. Below is a summary of valuation techniques for Level 2 financial liabilities:

§ Interest rate swap derivative assets and liabilities valued using LIBOR yield curves at the reporting date. Counterparties to these contracts are most often highly rated financial institutions, none of which experienced any significant downgrades in 2013 that would reduce the amount owed by the Company. Although the Company has determined that the majority of the inputs used to value its derivatives fall within

Edgar Filing: CubeSmart - Form 10-Q

Level 2 of the fair value hierarchy, the credit valuation adjustments associated with the Company's derivatives utilize Level 3 inputs, such as estimates of current credit spreads, to evaluate the likelihood of default by the Company and the counterparties. However, as of March 31, 2013, the Company has assessed the significance of the effect of the credit valuation adjustments on the overall valuation of its derivative positions and has determined that the credit valuation adjustments are not significant to the overall valuation of its derivatives. As a result, the Company has determined that its derivative valuations in their entirety are classified in Level 2 of the fair value hierarchy.

The fair values of financial instruments, including cash and cash equivalents, accounts receivable and accounts payable approximate their respective carrying values at March 31, 2013 and December 31, 2012. The aggregate carrying value of the Company's debt was \$1,006.5 million and \$1,023.8 million at March 31, 2013 and December 31, 2012, respectively. The estimated fair value of the Company's debt was \$1,034.6 million and \$1,017.3 million at March 31, 2013 and December 31, 2012, respectively. These estimates were based on a discounted cash flow analysis assuming market interest rates for comparable obligations at March 31, 2013 and December 31, 2012. The Company estimates the fair value of its fixed rate debt and the credit spreads over variable market rates on its variable rate debt by discounting the future cash flows of each instrument at estimated market rates or credit spreads consistent with the maturity of the debt obligation with similar credit policies, which is classified within level 2 of the fair value hierarchy. Rates and credit spreads take into consideration general market conditions and maturity.

Table of Contents

11. NONCONTROLLING INTERESTS

Variable Interests in Consolidated Real Estate Joint Ventures

USIFB, LLP (the Venture) was formed to own, operate, acquire and develop self-storage facilities in England. The Company owns a 97% interest in the Venture through a wholly-owned subsidiary and the Venture commenced operations at two facilities in London, England during 2008. The Company determined that the Venture is a variable interest entity, and that the Company is the primary beneficiary. Accordingly, the Company consolidates the assets, liabilities and results of operations of the Venture. At March 31, 2013, the Venture had total assets of \$11.0 million and total liabilities of \$7.2 million, including two mortgage loans totaling \$6.6 million secured by storage facilities with a net book value of \$10.8 million. At March 31, 2013, the Venture's creditors had no recourse to the general credit of the Company.

Operating Partnership Ownership

The Company follows guidance regarding the classification and measurement of redeemable securities. Under this guidance, securities that are redeemable for cash or other assets, at the option of the holder and not solely within the control of the issuer, must be classified outside of permanent equity/capital. This classification results in certain outside ownership interests being included as redeemable noncontrolling interests outside of permanent equity/capital in the consolidated balance sheets. The Company makes this determination based on terms in applicable agreements, specifically in relation to redemption provisions.

Additionally, with respect to redeemable ownership interests in the Operating Partnership held by third parties for which CubeSmart has a choice to settle the redemption by delivery of its own shares, the Operating Partnership considered the guidance regarding accounting for derivative financial instruments indexed to, and potentially settled in, a company's own shares, to evaluate whether CubeSmart controls the actions or events necessary to presume share settlement. The guidance also requires that noncontrolling interests classified outside of permanent capital be adjusted each period to the greater of the carrying value based on the accumulation of historical cost or the redemption value.

Approximately 1.7% and 2.4% of the outstanding OP Units as of March 31, 2013 and December 31, 2012, respectively, were not owned by CubeSmart, the sole general partner. The interests in the Operating Partnership represented by these OP Units were a component of the consideration that the Operating Partnership paid to acquire certain self-storage facilities. The holders of the OP Units are limited partners in the Operating Partnership and have the right to require CubeSmart to redeem all or part of their OP Units for, at the general partner's option, an equivalent number of common shares of CubeSmart or cash based upon the fair value of an equivalent number of common shares of CubeSmart. However, the partnership agreement contains certain provisions that could result in a settlement outside the control of CubeSmart and the Operating Partnership, as CubeSmart does not have the ability to settle in unregistered shares. Accordingly, consistent with the guidance, the Operating Partnership will record the OP Units owned by third parties outside of permanent capital in the consolidated balance sheets. Net income or loss related to the OP Units owned by third parties is excluded from net income or loss attributable to Operating Partner in the consolidated statements of operations.

The per Unit cash redemption amount would equal the average of the closing prices of the common shares of CubeSmart on the New York Stock Exchange for the 10 trading days ending prior to CubeSmart's receipt of the redemption notice for the applicable Unit. At March 31, 2013 and December 31, 2012, 2,280,730 and 3,293,730 OP units, respectively, were outstanding and the calculated aggregate redemption value of outstanding OP units was based upon CubeSmart's average closing share prices. Based on the Company's evaluation of the redemption value of

Edgar Filing: CubeSmart - Form 10-Q

the redeemable noncontrolling interest, the Company has reflected these interests at their redemption value at March 31, 2013 and December 31, 2012, as the estimated redemption value exceeded their carrying value.

Table of Contents

The Operating Partnership recorded an increase to OP Units owned by third parties and a corresponding decrease to capital of \$2.9 million and \$19.5 million at March 31, 2013 and December 31, 2012, respectively.

12. RELATED PARTY TRANSACTIONS*Corporate Office Leases*

Subsequent to its entry into lease agreements with related parties for office space, the Operating Partnership entered into sublease agreements with various unrelated tenants for the related office space. Each of these properties are part of Airport Executive Park, a 50-acre office and flex development located in Cleveland, Ohio, which is owned by former executives. Our independent Trustees approved the terms of, and entry into, each of the office lease agreements by the Operating Partnership. The table below shows the office space subject to these lease agreements and certain key provisions, including the term of each lease agreement, the period for which the Operating Partnership may extend the term of each lease agreement, and the minimum and maximum rents payable per month during the term.

Office Space	Approximate Square Footage	Maturity Date	Period of Extension Option (1)	Fixed Minimum Rent Per Month	Fixed Maximum Rent Per Month
The Parkview Building 6745 Engle Road; and 6751 Engle Road	21,900	12/31/2014	Five-year	\$ 25,673	\$ 31,205
6745 Engle Road Suite 100	2,212	12/31/2014	Five-year	\$ 3,051	\$ 3,709
6745 Engle Road Suite 110	1,731	12/31/2014	Five-year	\$ 2,387	\$ 2,901
6751 Engle Road Suites C and D	3,000	12/31/2014	Five-year	\$ 3,137	\$ 3,771

(1) Our Operating Partnership may extend the lease agreement beyond the termination date by the period set forth in this column at prevailing market rates upon the same terms and conditions contained in each of the lease agreements.

In addition to monthly rent, the office lease agreements provide that our Operating Partnership reimburse for certain maintenance and improvements to the leased office space. The aggregate amount of payments incurred under these lease agreements for each of the three months ended March 31, 2013 and 2012, was approximately \$0.1 million.

Total future minimum rental payments due in accordance with the related party lease agreements and total future cash receipts due from our subtenants as of March 31, 2013 are as follows:

	Due to Related Party Amount	Due from Subtenant Amount
	(in thousands)	
2013	\$ 374	\$ 236

2014		499		315
	\$	873	\$	551

13. DISCONTINUED OPERATIONS

For the three months ended March 31, 2013, discontinued operations relates to five properties that the Company sold during 2013. Each of the sales during 2013 resulted in the recognition of a gain, which in the aggregate totaled \$0.2 million. For the three months ended March 31, 2012, discontinued operations relates to five properties that the Company sold during 2013 and 26 properties sold during 2012.

Table of Contents

The following table summarizes the revenue and expense information for the period the Company owned the properties classified as discontinued operations as of March 31, 2013 (in thousands):

	Three months ended March 31,	
	2013	2012
REVENUES		
Rental income	\$ 389	\$ 2,790
Other property related income	73	297
Total revenues	462	3,087
OPERATING EXPENSES		
Property operating expenses	221	1,342
Depreciation and amortization	57	680
Total operating expenses	278	2,022
OPERATING INCOME		
Income from discontinued operations	184	1,065
Gain on disposition of discontinued operations	228	-
Total discontinued operations	\$ 412	\$ 1,065

14. PRO FORMA FINANCIAL INFORMATION

During the three months ended March 31, 2013 and 2012, the Company acquired one self-storage facility for an aggregate purchase price of approximately \$6.9 million (see note 4) and 37 self-storage facilities for an aggregate purchase price of approximately \$432.3 million, respectively.

The condensed consolidated pro forma financial information set forth below reflects adjustments to the Company's historical financial data to give effect to each of the acquisitions and related financing activity (including the issuance of common shares) that occurred during 2013 and 2012 as if each had occurred as of January 1, 2012 and 2011, respectively. The unaudited pro forma information presented below does not purport to represent what the Company's actual results of operations would have been for the periods indicated, nor does it purport to represent the Company's future results of operations.

Table of Contents

The following table summarizes, on a pro forma basis, the Company's consolidated results of operations for the three months ended March 31, 2013 and 2012 based on the assumptions described above:

	Three Months Ended March 31,	
	2013	2012
	(in thousands, except per share data)	
Pro forma revenue	\$ 78,581	\$ 73,792
Pro forma net loss from continuing operations	\$ (650)	\$ (1,833)
Net loss per common share from continuing operations		
Basic and diluted - as reported	\$ (0.02)	\$ (0.05)
Basic and diluted - as pro forma	\$ 0.00	\$ (0.01)

The following table summarizes the Company's revenue and earnings related to the 2013 and 2012 acquisitions from the respective acquisition dates in the period they were acquired, included in the consolidated income statement for the three months ended March 31, 2013 and 2012:

	Three months ended March 31,	
	2013	2012
	(in thousands)	
Total revenue	\$ 33	\$ 840
Net loss	(52)	(369)

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion should be read in conjunction with the financial statements and notes thereto appearing elsewhere in this report. The Company makes certain statements in this section that are forward-looking statements within the meaning of the federal securities laws. For a discussion of forward-looking statements, see the section in this report entitled "Forward-Looking Statements." Certain risk factors may cause actual results, performance or achievements to differ materially from those expressed or implied by the following discussion. For a discussion of such risk factors, see the section entitled "Risk Factors" in the Parent Company's and Operating Partnership's combined Annual Report on Form 10-K for the year ended December 31, 2012.

Overview

The Company is an integrated self-storage real estate company, and as such we have in-house capabilities in the operation, design, development, leasing, management and acquisition of self-storage facilities. The Parent Company's operations are conducted solely through the Operating Partnership and its subsidiaries. The Parent Company has elected to be taxed as a REIT for U.S. federal income tax purposes. As of March 31, 2013 and December 31, 2012, the Company owned 377 and 381 self-storage facilities, respectively, totaling approximately 25.2 million and 25.5 million rentable square feet, respectively. As of March 31, 2013, the Company owned facilities in the District of Columbia and the following 21 states: Arizona, California, Colorado, Connecticut, Florida, Georgia, Illinois, Maryland, Massachusetts, Nevada, New Jersey, New Mexico, New York, North Carolina, Ohio, Pennsylvania, Tennessee, Texas, Utah, Virginia and Wisconsin. In addition, as of March 31, 2013, the Company managed 140 properties for third parties bringing the total number of properties which it owned and/or managed to 517. As of March 31, 2013, the Company managed facilities in the District of Columbia and the following 25 states: Alabama, Arkansas, California, Colorado, Connecticut, Florida, Georgia, Illinois, Louisiana, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, New Hampshire, New Jersey, New York, North Carolina, Ohio, Pennsylvania, Rhode Island, South Carolina, Tennessee, Texas, and Virginia.

The Company derives revenues principally from rents received from its customers who rent cubes at its self-storage facilities under month-to-month leases. Therefore, our operating results depend materially on our ability to retain our existing customers and lease our available self-storage cubes to new customers while maintaining and, where possible, increasing our pricing levels. In addition, our operating results depend on the ability of our customers to make required rental payments to us. We have a decentralized approach to the management and operation of our facilities, which places an emphasis on local, market level oversight and control. We believe this approach allows us to respond quickly and effectively to changes in local market conditions, and to maximize revenues by managing rental rates and occupancy levels.

The Company typically experiences seasonal fluctuations in the occupancy levels of our facilities, which are generally slightly higher during the summer months due to increased moving activity.

The United States continues to recover from an economic downturn that resulted in higher unemployment, stagnant employment growth, shrinking demand for products, large-scale business failures and tight credit markets. Our results of operations may be sensitive to changes in overall economic conditions that impact consumer spending, including discretionary spending, as well as to increased bad debts due to recessionary pressures. A continuation of or slow recovery from ongoing adverse economic conditions affecting disposable consumer income, such as employment levels, business conditions, interest rates, tax rates, fuel and energy costs, and other matters could reduce consumer spending or cause consumers to shift their spending to other products and services. A general reduction in the level of discretionary spending or shifts in consumer discretionary spending could adversely affect our growth and profitability.

Edgar Filing: CubeSmart - Form 10-Q

In the future, the Company intends to continue its focus on maximizing internal growth opportunities and selectively pursuing targeted acquisitions and developments of self-storage facilities.

The Company has one reportable segment: we own, operate, develop, manage and acquire self-storage facilities.

Table of Contents

The Company's self-storage facilities are located in major metropolitan and rural areas and have numerous tenants per facility. No single tenant represents a significant concentration of our revenues. The facilities in New York, Florida, Texas and California provided approximately 18%, 15%, 10% and 10%, respectively, of total revenues for the three months ended March 31, 2013.

Summary of Critical Accounting Policies and Estimates

Set forth below is a summary of the accounting policies and estimates that management believes are critical to an understanding of the unaudited consolidated financial statements included in this report. Certain of the accounting policies used in the preparation of these consolidated financial statements are particularly important for an understanding of the financial position and results of operations presented in the historical consolidated financial statements included in this report. A summary of significant accounting policies is also provided in the aforementioned notes to our consolidated financial statements (See note 2 to the unaudited consolidated financial statements). These policies require the application of judgment and assumptions by management and, as a result, are subject to a degree of uncertainty. Due to this uncertainty, actual results could differ from estimates calculated and utilized by management.

Self-Storage Facilities

The Company records self-storage facilities at cost less accumulated depreciation. Depreciation on the buildings and equipment is recorded on a straight-line basis over their estimated useful lives, which range from five to 40 years. Expenditures for significant renovations or improvements that extend the useful life of assets are capitalized. Repairs and maintenance costs are expensed as incurred.

When facilities are acquired, the purchase price is allocated to the tangible and intangible assets acquired and liabilities assumed based on estimated fair values. When a portfolio of facilities is acquired, the purchase price is allocated to the individual facilities based upon an income approach or a cash flow analysis using appropriate risk adjusted capitalization rates, which take into account the relative size, age and location of the individual facility along with current and projected occupancy and rental rate levels or appraised values, if available. Allocations to the individual assets and liabilities are based upon comparable market sales information for land, buildings and improvements and estimates of depreciated replacement cost of equipment.

In allocating the purchase price for an acquisition, the Company determines whether the acquisition includes intangible assets or liabilities. The Company allocates a portion of the purchase price to an intangible asset attributable to the value of in-place leases. This intangible asset is generally amortized to expense over the expected remaining term of the in-place leases. Substantially all of the leases in place at acquired facilities are at market rates, as the majority of the leases are month-to-month contracts. Accordingly, to date no portion of the purchase price for an acquired property has been allocated to above- or below-market lease intangibles. To date, no intangible asset has been recorded for the value of tenant relationships, because the Company does not have any concentrations of significant tenants and the average tenant turnover is fairly frequent.

Long-lived assets classified as held for use are reviewed for impairment when events and circumstances such as declines in occupancy and operating results indicate that there may be impairment. The carrying value of these long-lived assets is compared to the undiscounted future net

Edgar Filing: CubeSmart - Form 10-Q

operating cash flows, plus a terminal value, attributable to the assets to determine if the property's basis is recoverable. If a property's basis is not considered recoverable, an impairment loss is recorded to the extent the net carrying value of the asset exceeds the fair value. The impairment loss recognized equals the excess of net carrying value over the related fair value of the asset. There were no impairment losses recognized in accordance with these procedures during 2013 and 2012.

The Company considers long-lived assets to be held for sale upon satisfaction of the following criteria: (a) management commits to a plan to sell a facility (or group of facilities), (b) the facility is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such facilities, (c) an active program to locate a buyer and other actions required to complete the plan to sell the facility have been initiated, (d) the sale of the facility is probable and transfer of the asset is expected to be completed within one year, (e) the facility is being actively marketed for sale at a price that is reasonable in relation to its current fair value, and (f) actions required to complete the plan indicate that it is unlikely that significant changes to the plan will be made or that the plan will be withdrawn.

Table of Contents

Typically these criteria are all met when the relevant asset is under contract, significant non-refundable deposits have been made by the potential buyer, the assets are immediately available for transfer and there are no contingencies related to the sale that may prevent the transaction from closing. However, each potential transaction is evaluated based on its separate facts and circumstances. Properties classified as held for sale are reported at the lesser of carrying value or fair value less estimated costs to sell.

Revenue Recognition

Management has determined that all of our leases with tenants are operating leases. Rental income is recognized in accordance with the terms of the lease agreements or contracts, which generally are month-to-month.

The Company recognizes gains on disposition of properties only upon closing in accordance with the guidance on sales of real estate. Payments received from purchasers prior to closing are recorded as deposits. Profit on real estate sold is recognized using the full accrual method upon closing when the collectability of the sales price is reasonably assured and the Company is not obligated to perform significant activities after the sale. Profit may be deferred in whole or part until the sale meets the requirements of profit recognition on sales under this guidance.

Share-Based Payments

We apply the fair value method of accounting for contingently issued shares and share options issued under our equity incentive plans. Accordingly, share compensation expense is recorded ratably over the vesting period relating to such contingently issued shares and options. The Company has elected to recognize compensation expense on a straight-line method over the requisite service period.

Noncontrolling Interests

Noncontrolling interests are the portion of equity (net assets) in a subsidiary not attributable, directly or indirectly, to a parent. The ownership interests in the subsidiary that are held by owners other than the parent are noncontrolling interests. In accordance with authoritative guidance issued on noncontrolling interests in consolidated financial statements, such noncontrolling interests are reported on the consolidated balance sheets within equity/capital, separately from the Parent Company's equity/capital. The guidance also requires that noncontrolling interests are adjusted each period so that the carrying value equals the greater of its carrying value based on the accumulation of historical cost or its redemption value. On the consolidated statements of operations, revenues, expenses and net income or loss from less-than-wholly-owned subsidiaries are reported at the consolidated amounts, including both the amounts attributable to the Parent Company and noncontrolling interests. Presentation of consolidated equity/capital activity is included for both quarterly and annual financial statements, including beginning balances, activity for the period and ending balances for shareholders' equity/capital, noncontrolling interests and total equity/capital.

Recent Accounting Pronouncements

Edgar Filing: CubeSmart - Form 10-Q

In February 2013, the Financial Accounting Standards Board (FASB) issued an amendment to the accounting standard for the reporting of amounts reclassified out of accumulated other comprehensive income (AOCI). The amendment requires entities to disclose for items reclassified out of AOCI and into net income in their entirety, the effect of the reclassification on each affected net income line item and for AOCI items that are not reclassified in their entirety into net income, a cross reference to other required GAAP disclosures. This amendment became effective for fiscal years and interim periods beginning after December 15, 2012. The adoption of this guidance in 2013 did not have a material impact on the Company's consolidated financial position or results of operations as its impact was limited to disclosure requirements.

Results of Operations

The following discussion of our results of operations should be read in conjunction with the consolidated financial statements and the accompanying notes thereto. Historical results set forth in the consolidated statements of operations reflect only the existing facilities and should not be taken as indicative of future operations. The Company considers its same-store portfolio to consist of only those facilities owned and operated on a stabilized basis at the beginning and at the end of the applicable years presented.

Table of Contents

We consider a property to be stabilized once it has achieved an occupancy rate representative of similar self-storage assets in the respective markets for a full year measured as of the most recent January 1 or has otherwise been placed in-service and has not been significantly damaged by natural disaster or undergone significant renovation. Same-store results are considered to be useful to investors in evaluating our performance because it provides information relating to changes in facility-level operating performance without taking into account the effects of acquisitions, developments or dispositions. At March 31, 2013, there were 328 same-store properties and 49 non same-store properties, of which 38 were 2012 and 2013 acquisitions and 11 were properties that were not stabilized, had been damaged by natural disaster or had undergone significant renovation.

Acquisition and Development Activities

The comparability of the Company's results of operations is affected by the timing of acquisition and disposition activities during the periods reported. At March 31, 2013 and 2012, the Company owned 377 and 376 self-storage facilities and related assets, respectively. The following table summarizes the change in number of owned self-storage facilities from January 1, 2012 through March 31, 2013:

	2013	2012
Balance - January 1	381	370
Facilities acquired	1	6
Facilities sold	(5)	-
Balance - March 31	377	376
Facilities acquired		2
Facilities sold		(8)
Balance - June 30		370
Facilities acquired		24
Facilities sold		(7)
Balance - September 30		387
Facilities acquired		5
Facilities sold		(11)
Balance - December 31		381

- (1) Represents occupancy at March 31 of the respective year.
- (2) Represents the weighted average occupancy for the period.
- (3) Realized annual rent per occupied square foot is computed by dividing rental income by the weighted average occupied square feet for the period. Square footage for non same-store assets acquired during 2013 are prorated based on the portion of the period the properties were owned.

Revenues

Rental income increased from \$57.3 million during the three months ended March 31, 2012 to \$69.6 million during the three months ended March 31, 2013, an increase of \$12.3 million, or 22%. This increase is primarily attributable to \$9.4 million of additional income from the properties acquired in 2012 and 2013 and increases in average occupancy on the same-store portfolio which contributed \$2.9 million to the increase in rental income during the three months ended March 31, 2013 as compared to the three months ended March 31, 2012.

Other property related income increased from \$5.8 million during the three months ended March 31, 2012 to \$7.7 million during the three months ended March 31, 2013, an increase of \$1.9 million, or 33%. This increase is primarily attributable to \$0.8 million of additional income from the 2012 acquisitions and increased tenant insurance commissions of \$1.1 million during the three months ended March 31, 2013 as compared to the three months ended March 31, 2012.

Table of Contents

Operating Expenses

Property operating expenses increased from \$25.9 million during the three months ended March 31, 2012 to \$30.8 million during the three months ended March 31, 2013, an increase of \$4.9 million, or 19%. This increase is primarily attributable to \$3.3 million of increased expenses associated with newly acquired properties as well as increased expenses on the same store portfolio. The increases in same store expenses were associated with snow removal and utilities due to a comparably colder winter in 2013 than in the prior year and increases in real estate tax assessments.

Depreciation and amortization increased from \$25.1 million in the three months ended March 31, 2012 to \$29.8 million in the three months ended March 31, 2013, an increase of \$4.7 million, or 19%. This increase is primarily attributable to depreciation and amortization expense related to the 2012 acquisitions.

Other Income (Expenses)

Interest expense increased from \$9.3 million during the three months ended March 31, 2012 to \$10.4 million during the three months ended March 31, 2013, an increase of \$1.1 million, or 11%. The increase is attributable to a higher amount of outstanding debt in the 2013. To fund a portion of the Company's growth, the average debt balance during the three months ended March 31, 2013 increased approximately \$235 million from the same period in 2012 from \$790 million to \$1,025 million. This increase was offset by a decrease in the weighted average effective interest rate of our outstanding debt from 4.43% for the three months ended March 31, 2012 to 4.14% for the three months ended March 31, 2013.

Loan procurement amortization expense decreased from \$0.8 million during 2012 to \$0.5 million during 2013. This decrease primarily relates to charges incurred during the three months ended March 31, 2012 associated with early repayment of debt.

Acquisition related costs decreased from \$0.6 million during the three months ended March 31, 2012 to \$0.1 million during the three months ended March 31, 2013. Acquisition costs are non-recurring and fluctuate based on quarterly investment activity. The decrease was the result of the acquisition of one self-storage facility in the 2013 period compared to six facilities during the 2012 period.

Equity in losses of real estate ventures was \$0.3 million for the three months ended March 31, 2012 with no comparable amount during the 2013 period. This expense is related to earnings attributable to HSREV, a partnership in which the Company purchased the remaining 50% ownership interest during September 2012.

Cash Flows

Edgar Filing: CubeSmart - Form 10-Q

Comparison of the three months ended March 31, 2013 to the three months ended March 31, 2012

A comparison of cash flow from operating, investing and financing activities for the three months ended March 31, 2013 and 2012 is as follows (in thousands):

	Three Months Ended March 31,		
	2013	2012	Change
<u>Net cash flow provided by (used in):</u>			
Operating activities	\$ 26,461	\$ 20,753	\$ 5,708
Investing activities	\$ 2,373	\$ (52,795)	\$ 55,168
Financing activities	\$ (30,704)	\$ 30,438	\$ (61,142)

Cash flows provided by operating activities for the quarters ended March 31, 2013 and 2012 were \$26.5 million and \$20.8 million, respectively, an increase of \$5.7 million. Our principal source of cash flow is from the operation of our properties. Our increased cash flow from operating activities is primarily attributable to our 2012 acquisitions, the majority of which were completed subsequent to the three months ended March 31, 2012. These acquisitions contributed to the increase in operating cash flows for the three months ended March 31, 2013 when compared to the same period in 2012.

Table of Contents

For the three months ended March 31, 2013 cash flows provided by investing activities were \$2.4 million and for the three months ended March 31, 2012 cash flows used in investing activities were \$52.8 million, a change of \$55.2 million. The change was driven by lower acquisition activity compared to the three months ended March 31, 2012 as we acquired only one property in 2013 for an aggregate purchase price of \$6.9 million compared to six properties for an aggregate purchase price of \$49.8 million in the same period in 2012. In addition, the Company sold five properties during the three months ended March 31, 2013, compared to no properties sold during the three months ended March 31, 2012, providing approximately \$11.0 million of cash proceeds.

For the three months ended March 31, 2013 cash flows used in financing activities were \$30.7 million and for the three months ended March 31, 2012 cash flows provided by financing activities were \$30.4 million, a change of \$61.1 million. This change relates to a reduction in revolving credit facility borrowings during the three months ended March 31, 2013 compared to the same period in 2012 as the Company raised debt levels to fund acquisitions during the three months ended March 31, 2012. The change also relates to an increase in distributions paid of \$3.9 million, which was partially offset by proceeds from issuance of common shares of \$1.5 million.

Liquidity and Capital Resources

Liquidity Overview

Our cash flow from operations has historically been one of our primary sources of liquidity used to fund debt service, distributions and capital expenditures. We derive substantially all of our revenue from customers who lease space from us at our facilities. Therefore, our ability to generate cash from operations is dependent on the rents that we are able to charge and collect from our customers. We believe that the facilities in which we invest self-storage facilities are less sensitive than other real estate product types to current near-term economic downturns. However, prolonged economic downturns will adversely affect our cash flows from operations.

In order to qualify as a REIT for federal income tax purposes, the Parent Company is required to distribute at least 90% of its REIT taxable income, excluding capital gains, to its shareholders on an annual basis or pay federal income tax. The nature of our business, coupled with the requirement that we distribute a substantial portion of our income on an annual basis, will cause us to have substantial liquidity needs over both the short term and the long term.

Our short-term liquidity needs consist primarily of funds necessary to pay operating expenses associated with our facilities, refinancing of certain mortgage indebtedness, interest expense and scheduled principal payments on debt, expected distributions to limited partners and shareholders, costs to develop facilities and recurring capital expenditures. These funding requirements will vary from year to year, in some cases significantly. We expect remaining recurring capital expenditures in the 2013 fiscal year to be approximately \$5 million to \$9 million. In addition, we expect costs associated with development activities in the 2013 fiscal year to be approximately \$12 million to \$15 million. Our currently scheduled principal payments on debt (including debt maturities) are approximately \$27.8 million for the remainder of 2013.

Our most restrictive debt covenants limit the amount of additional leverage we can add; however, we believe cash flow from operations, access to our at the market equity program and access to our Credit Facility are adequate to execute our current business plan and remain in compliance with our debt covenants.

Our liquidity needs beyond 2013 consist primarily of contractual obligations which include repayments of indebtedness at maturity, as well as potential discretionary expenditures such as (i) non-recurring capital expenditures; (ii) redevelopment of operating facilities; (iii) acquisitions of additional facilities; and (iv) development of new facilities. We will have to satisfy our needs through either additional borrowings, including borrowings under the revolving portion of our Credit Facility, sales of common or preferred shares and/or cash generated through facility dispositions and joint venture transactions.

Table of Contents

Notwithstanding the discussion above, we believe that, as a publicly traded REIT, we will have access to multiple sources of capital to fund long-term liquidity requirements, including the incurrence of additional debt and the issuance of additional equity. However, we cannot provide any assurance that this will be the case. Our ability to incur additional debt will be dependent on a number of factors, including our degree of leverage, the value of our unencumbered assets and borrowing restrictions that may be imposed by lenders. In addition, dislocation in the United States debt markets may significantly reduce the availability and increase the cost of long-term debt capital, including conventional mortgage financing and commercial mortgage-backed securities financing. There can be no assurance that such capital will be readily available in the future. Our ability to access the equity capital markets will be dependent on a number of factors as well, including general market conditions for REITs and market perceptions about us.

As of March 31, 2013, we had approximately \$2.6 million in available cash and cash equivalents. In addition, we had approximately \$269.8 million of availability for borrowings under our Credit Facility.

Unsecured Senior Notes and Bank Credit Facilities

On June 26, 2012, the Operating Partnership issued \$250 million in aggregate principal amount of unsecured senior notes due July 15, 2022 (the senior notes) which bear interest at a rate of 4.80%. The indenture under which the unsecured senior notes were issued restricts the ability of the Operating Partnership and its subsidiaries to incur debt unless the Operating Partnership and its consolidated subsidiaries comply with a leverage ratio not to exceed 60% and an interest coverage ratio of more than 1.5:1 after giving effect to the incurrence of the debt. The indenture also restricts the ability of the Operating Partnership and its subsidiaries to incur secured debt unless the Operating Partnership and its consolidated subsidiaries comply with a secured debt leverage ratio not to exceed 40% after giving effect to the incurrence of the debt. The indenture also contains other financial and customary covenants, including a covenant not to own unencumbered assets with a value less than 150% of the unsecured indebtedness of the Operating Partnership and its consolidated subsidiaries. The Operating Partnership is currently in compliance with all of the financial covenants under the senior notes.

On June 20, 2011, we entered into an unsecured Term Loan Agreement (the Term Loan Facility) which consisted of a \$100 million term loan with a five-year maturity and a \$100 million term loan with a seven-year maturity. The Company incurred costs of \$2.1 million in connection with executing the agreement and capitalized such costs as a component of loan procurement costs, net of amortization on the consolidated balance sheet. Initially, pricing on the Term Loan Facility ranged, depending on the Company's leverage levels, from 1.90% to 2.75% over LIBOR for the five-year loan, and from 2.05% to 2.85% over LIBOR for the seven-year loan, and each loan has no LIBOR floor. During 2011, the Company received two investment grade ratings, and therefore pricing on the Term Loan Facility now ranges from 1.45% to 2.10% over LIBOR for the five-year loan, and from 1.60% to 2.25% over LIBOR for the seven-year loan.

On December 9, 2011, the Company entered into a new credit facility comprised of a \$100 million unsecured term loan maturing in December 2014; a \$200 million unsecured term loan maturing in March 2017; and a \$300 million unsecured revolving facility maturing in December 2015 (the Credit Facility).

Pricing on the Credit Facility depends on the Company's unsecured debt credit rating. At the Company's current Baa3/BBB- level, amounts drawn under the revolving facility are priced at 1.48% over LIBOR, with no LIBOR floor. Amounts drawn under the term loan portion of the Credit Facility are priced at 1.75% over LIBOR, with no LIBOR floor.

Edgar Filing: CubeSmart - Form 10-Q

As of March 31, 2013, \$200 million of unsecured term loan borrowings were outstanding under the Term Loan Facility, \$300 million of unsecured term loan borrowings were outstanding under the Credit Facility, \$30 million of unsecured revolving credit facility borrowings were outstanding and \$269.8 million was available for borrowing on the unsecured revolving portion of the Credit Facility. The available balance under the unsecured revolving portion of the Credit Facility is reduced by an outstanding letter of credit of \$0.2 million. The Company had interest rate swaps as of March 31, 2013, that fixed LIBOR on \$200 million of borrowings under the Credit Facility maturing in March 2017 at 1.34%. In addition, as of March 31, 2013, we had interest rate swaps that fixed LIBOR on both the five and seven-year term loans under the Term Loan Facility through their respective maturity dates. The interest rate swap agreements fix thirty-day LIBOR over the terms of the five and seven-year term loans at 1.80% and 2.47%, respectively. As of March 31, 2013, borrowings under the Credit Facility and Term Loan Facility had a weighted average interest rate of 3.18%.

Table of Contents

The Term Loan Facility and the term loans under the Credit Facility were fully drawn at March 31, 2013 and no further borrowings may be made under that facility and those term loans. The Company's ability to borrow under the revolving portion of the Credit Facility is subject to ongoing compliance with certain financial covenants which include:

- Maximum total indebtedness to total asset value of 60.0% at any time;
- Minimum fixed charge coverage ratio of 1.50:1.00; and
- Minimum tangible net worth of \$821,211,200 plus 75% of net proceeds from equity issuances after June 30, 2010.

Further, under the Credit Facility and Term Loan Facility, we are restricted from paying distributions on our common shares that would exceed an amount equal to the greater of (i) 95% of our funds from operations, and (ii) such amount as may be necessary to maintain the Company's REIT status.

We are currently in compliance with all of our financial covenants and anticipate being in compliance with all of our financial covenants through the terms of the Credit Facility and Term Loan Facility.

At The Market Program

Pursuant to our sales agreement with Cantor Fitzgerald & Co. (the Sales Agent), dated April 3, 2009, as amended on January 26, 2011 and September 16, 2011 (as amended, the Sales Agreement), we may sell up to 20 million common shares at the market prices. During the quarter ended March 31, 2013, we sold 0.1 million common shares with an average sales price of \$15.30 per share, resulting in gross proceeds of \$1.5 million under the program (\$165.3 million of gross proceeds and 16.2 million shares sold with an average sales price of \$10.19 since program inception in 2009). The Company incurred \$0.02 million of offering costs in conjunction with the 2013 sales. The proceeds from the sales conducted during the quarter ended March 31, 2013 were used to fund general working purposes. As of March 31, 2013, 3.8 million common shares remain available for issuance under the Sales Agreement.

Non-GAAP Financial Measures

NOI

Edgar Filing: CubeSmart - Form 10-Q

We define net operating income, which we refer to as NOI, as total continuing revenues less continuing property operating expenses. NOI also can be calculated by adding back to net income (loss): interest expense on loans, loan procurement amortization expense, acquisition related costs, equity in losses of real estate venture, amounts attributable to noncontrolling interests, other expense, depreciation and amortization expense, general and administrative expense, and deducting from net income: income from discontinued operations, gain on disposition of discontinued operations, other income, gain from remeasurement of investment in real estate venture and interest income. NOI is not a measure of performance calculated in accordance with GAAP.

We use NOI as a measure of operating performance at each of our facilities, and for all of our facilities in the aggregate. NOI should not be considered as a substitute for operating income, net income, cash flows provided by operating, investing and financing activities, or other income statement or cash flow statement data prepared in accordance with GAAP.

We believe NOI is useful to investors in evaluating our operating performance because:

- It is one of the primary measures used by our management and our facility managers to evaluate the economic productivity of our facilities, including our ability to lease our facilities, increase pricing and occupancy, and control our property operating expenses;
- It is widely used in the real estate industry and the self-storage industry to measure the performance and value of real estate assets without regard to various items included in net income that do not relate to or are not indicative of operating performance, such as depreciation and amortization expense, which can vary depending upon accounting methods and the book value of assets; and
- It enables our investors to meaningfully compare the results of our operating performance from period to period by removing the impact of our capital structure (primarily interest expense on our outstanding indebtedness) and depreciation of our basis in our assets from our operating results.

Table of Contents

There are material limitations to using a measure such as NOI, including the difficulty associated with comparing results among more than one company and the inability to analyze certain significant items, including depreciation and interest expense, that directly affect our net income. We compensate for these limitations by considering the economic effect of the excluded expense items independently as well as in connection with our analysis of net income. NOI should be considered in addition to, but not as a substitute for, other measures of financial performance reported in accordance with GAAP, such as total revenues, operating income and net income.

FFO

Funds from operations (FFO) is a widely used performance measure for real estate companies and is provided here as a supplemental measure of operating performance. The April 2002 National Policy Bulletin of the National Association of Real Estate Investment Trusts (the White Paper), as amended, defines FFO as net income (computed in accordance with GAAP), excluding gains (or losses) from sales of property and real estate related impairment charges, plus real estate depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures.

Management uses FFO as a key performance indicator in evaluating the operations of the Company s facilities. Given the nature of its business as a real estate owner and operator, the Company considers FFO to be a key measure of its operating performance that is not specifically defined by accounting principles generally accepted in the United States. The Company believes that FFO is useful to management and investors as a starting point in measuring its operational performance because it excludes various items included in net income that do not relate to or are not indicative of its operating performance - such as gains (or losses) from sales of property, gains on remeasurement of investment in real estate ventures, impairments of depreciable assets, and depreciation - and which can make periodic and peer analyses of operating performance more difficult. Our computation of FFO may not be comparable to FFO reported by other REITs or real estate companies.

FFO should not be considered as an alternative to net income (determined in accordance with GAAP) as an indication of our performance. FFO does not represent cash generated from operating activities determined in accordance with GAAP and is not a measure of liquidity or an indicator of our ability to make cash distributions. We believe that to further understand our performance, FFO should be compared with our reported net income and considered in addition to cash flows in accordance with GAAP, as presented in our Consolidated Financial Statements.

FFO, as adjusted

FFO, as adjusted represents FFO as defined above, excluding the effects of acquisition related costs, gains or losses from early extinguishment of debt, and other non-recurring items, which we believe are not indicative of the Company s operating results.

Edgar Filing: CubeSmart - Form 10-Q

Table of Contents

The following table presents a reconciliation of net income to FFO for the three months ended March 31, 2013 and 2012 (in thousands):

	Three months ended March 31,	
	2013	2012
<i>Net loss attributable to common shareholders</i>	\$ (1,894)	\$ (5,345)
Add (deduct):		
Real estate depreciation and amortization		
Real property - continuing operations	29,462	24,733
Real property - discontinued operations	57	670
Company's share of unconsolidated real estate ventures	-	514
Noncontrolling interest's share of consolidated real estate ventures	-	(434)
Gains on sale of real estate	(228)	-
Noncontrolling interests in the Operating Partnership	(35)	(149)
<i>FFO</i>	\$ 27,362	\$ 19,989
Add (deduct):		
Acquisition related costs	115	551
<i>FFO, as adjusted</i>	\$ 27,477	\$ 20,540
Weighted-average diluted shares and units outstanding	137,738	128,470

Off-Balance Sheet Arrangements

We do not currently have any off-balance sheet arrangements.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

The Company's future income, cash flows and fair values relevant to financial instruments depend upon prevailing interest rates.

Market Risk

Edgar Filing: CubeSmart - Form 10-Q

Our investment policy relating to cash and cash equivalents is to preserve principal and liquidity while maximizing the return through investment of available funds.

Effect of Changes in Interest Rates on our Outstanding Debt

Our interest rate risk objectives are to limit the impact of interest rate fluctuations on earnings and cash flows and to lower our overall borrowing costs. To achieve these objectives, we manage our exposure to fluctuations in market interest rates for a portion of our borrowings through the use of derivative financial instruments such as interest rate swaps or caps to mitigate our interest rate risk on a related financial instrument or to effectively fix the interest rate on a portion of our variable rate debt. The analysis below presents the sensitivity of the market value of our financial instruments to selected changes in market rates. The range of changes chosen reflects our view of changes which are reasonably possible over a one-year period. Market values are the present value of projected future cash flows based on the market rates chosen.

Table of Contents

As of March 31, 2013 our consolidated debt consisted of \$871.6 million of outstanding mortgages, unsecured senior notes and unsecured term loans that are subject to fixed rates, including variable rate debt that is effectively fixed through our use of interest rate swaps. As of March 31, 2013, there was \$134.9 million of outstanding mortgages and credit facility borrowings subject to floating rates. Changes in interest rates have different impacts on the fixed and variable rate portions of our debt portfolio. A change in interest rates on the fixed portion of the debt portfolio impacts the net financial instrument position, but has no impact on interest incurred or cash flows. A change in interest rates on the variable portion of the debt portfolio impacts the interest incurred and cash flows, but does not impact the net financial instrument position.

If market rates of interest on our variable rate debt increase by 100 basis points, the increase in annual interest expense on our variable rate debt would decrease future earnings and cash flows by approximately \$1.3 million a year. If market rates of interest on our variable rate debt decrease by 100 basis points, the decrease in interest expense on our variable rate debt would increase future earnings and cash flows by approximately \$1.3 million a year.

If market rates of interest increase by 100 basis points, the fair value of our outstanding fixed-rate mortgage debt, unsecured senior notes and unsecured term loans would decrease by approximately \$42.3 million. If market rates of interest decrease by 100 basis points, the fair value of our outstanding fixed-rate mortgage debt, unsecured senior notes and unsecured term loans would increase by approximately \$46.1 million.

ITEM 4. CONTROLS AND PROCEDURES

Controls and Procedures (Parent Company)

Evaluation of Disclosure Controls and Procedures

As of the end of the period covered by this report, the Parent Company carried out an evaluation, under the supervision and with the participation of its management, including its chief executive officer and chief financial officer, of the effectiveness of the design and operation of its disclosure controls and procedures (as defined in Rules 13a-15(e) under the Securities Exchange Act of 1934, as amended (the Exchange Act)).

Based on that evaluation, the Parent Company's chief executive officer and chief financial officer have concluded that the Parent Company's disclosure controls and procedures are designed at a reasonable assurance level and are effective to provide reasonable assurance that information required to be disclosed by the Parent Company in reports that it files or submits under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in SEC rules and forms and that such information is accumulated and communicated to the Parent Company's management, including its chief executive officer and chief financial officer, as appropriate, to allow timely decisions regarding required disclosure.

Changes in Internal Controls Over Financial Reporting

Edgar Filing: CubeSmart - Form 10-Q

There has been no change in the Parent Company's internal control over financial reporting (as defined in Rule 13a-15(f) under the Exchange Act) during its most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, its internal control over financial reporting.

Controls and Procedures (Operating Partnership)

Evaluation of Disclosure Controls and Procedures

As of the end of the period covered by this report, the Operating Partnership carried out an evaluation, under the supervision and with the participation of its management, including the Operating Partnership's chief executive officer and chief financial officer, of the effectiveness of the design and operation of the Operating Partnership's disclosure controls and procedures (as defined in Rules 13a-15(e) under the Exchange Act).

Table of Contents

Based on that evaluation, the Operating Partnership's chief executive officer and chief financial officer have concluded that the Operating Partnership's disclosure controls and procedures are designed at a reasonable assurance level and are effective to provide reasonable assurance that information required to be disclosed by the Operating Partnership in reports that it files or submits under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in SEC rules and forms and that such information is accumulated and communicated to the Operating Partnership's management, including the Operating Partnership's chief executive officer and chief financial officer, as appropriate, to allow timely decisions regarding required disclosure.

Changes in Internal Controls Over Financial Reporting

There has been no change in the Operating Partnership's internal control over financial reporting (as defined in Rule 13a-15(f) under the Exchange Act) during its most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, the Operating Partnership's internal control over financial reporting.

PART II. OTHER INFORMATION**ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS**

The following table provides information about repurchases of the Parent Company's common shares during the three-month period ended March 31, 2013:

	Total Number of Shares Purchased (1)	Average Price Paid Per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	Maximum Number of Shares that May Yet Be Purchased Under the Plans or Programs (2)
January 1- January 31	40,317	\$ 14.59	N/A	3,000,000
February 1- February 29	-	-	N/A	3,000,000
March 1- March 31	-	-	N/A	3,000,000
Total	40,317	\$ 14.59	N/A	3,000,000

Edgar Filing: CubeSmart - Form 10-Q

- (1) Represents common shares withheld by the Parent Company upon the vesting of restricted shares to cover employee tax obligations.

- (2) On September 27, 2007, the Parent Company announced that the Board of Trustees approved a share repurchase program for up to 3.0 million of the Parent Company's outstanding common shares. Unless terminated earlier by resolution of the Board of Trustees, the program will expire when the number of authorized shares has been repurchased. The Parent Company has made no repurchases under this program to date.

ITEM 5. OTHER INFORMATION

On May 3, 2013 our Board provided Invesco Advisers, Inc., on behalf of itself and specified affiliates (collectively, the Invesco Group), a waiver from the 5.0% share ownership limit in our Declaration of Trust. The waiver permits members of the Invesco Group to hold up to 15.0% of the Company's common shares. We have attached as an exhibit to this Form 10-Q a copy of the waiver, which includes representations, warranties and agreements of the Invesco Group.
