30 April 2014

PROPOSAL OF SHAREHOLDERS

ITEM 4 ON THE AGENDA:

(To resolve on a general appraisal of the Company's management and supervision)

In order to comply with article 455,1 of the Portuguese Companies Code, which establishes that the Annual General Meeting of Shareholders shall resolve on the general appraisal of the company's management and supervision;

Taking into account the performance of PT's Board of Directors and Executive team during the 2013 financial year, which, in a particularly adverse environment that was marked by the crisis of the sovereign risk in the Euro area and by the progressive deterioration of the financial conditions of the Portuguese economy, guided the Portugal Telecom Group's businesses by seeking to maintain a strong strategic, financial and operational discipline, to maximise customer focus, to make the operational and organisational structure more profitable, to lead the development in all business segments in Portugal, to support Oi in Brazil and to maximise the strategic value of other international assets;

Further taking into consideration the highly professional and diligent manner in which the Audit Committee and the Chartered Accountant performed their duties, contributing in a significant way to the Company's good performance;

We propose that the General Meeting of Shareholders approve a special praise to the Chairman of the Board of Directors and of the Executive Committee for his exceptional conduct of the activities of the Company, throughout the period under appraisal;
