Item 2.02. Results of Operations and Financial Condition.

On April 24, 2014, AmerisourceBergen Corporation (the Company) issued a news release announcing its earnings for the fiscal quarter ended March 31, 2014, and announcing its corresponding earnings conference call.

In its news release, the Company included certain non-U.S. Generally Accepted Accounting Principles (non-GAAP) financial measures. The adjustments made to diluted earnings per share from continuing operations relate to gains from antitrust litigation settlements, amounts associated with the Company s LIFO expense, acquisition-related intangibles amortization, warrant expense, special employee severance, litigation and other expenses, and the share dilution resulting from the impact of the unexercised warrants. Management considers GAAP financial measures as well as the presented non-GAAP financial measures in its evaluation of the Company s operating performance. Therefore, the Company believes that its presentation of non-GAAP financial measures provides useful supplementary information to, and facilitates additional analysis by, investors. Reconciliations of these non-GAAP financial measures to the most directly comparable measures as reported in accordance with GAAP are attached to the news release attached as Exhibit 99.1 to this report, and should be viewed in addition to, and not in lieu of, financial measures calculated in accordance with GAAP.

A copy of the news release is furnished as Exhibit 99.1 to this report and is incorporated herein by reference.

Item 7.01. Regulation FD Disclosure.

In the news release issued on April 24, 2014, the Company also announced that it now expects adjusted diluted earnings per share from continuing operations in fiscal year 2014 to be in the range of \$3.64 to \$3.74. The Company continues to expect its revenue growth in the range of 30 percent to 34 percent and adjusted operating income growth in the 12 percent to 16 percent range. The Company continues to expect an adjusted operating margin decline in the 20 to 23 basis points range due to the onboarding of significant new lower margin business and growth in brand pharmaceutical business with its large customers. The Company also announced that it continues to expect to generate free cash flow in the range of \$500 million to \$700 million, with capital expenditures in the \$300 million range, and to spend approximately \$500 million in share repurchases, subject to market conditions.
