REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Participants and Plan Administrators of the

SureWest KSOP:

We have audited the accompanying statements of net assets available for benefits of the SureWest KSOP (the Plan) as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2013 and 2012, and the changes in net assets available for benefits for the year ended December 31, 2013, in conformity with U.S. generally accepted accounting principles.

As further discussed in the notes to the financial statements, the Board of Directors of Consolidated Communications, Inc. the plan's sponsor, approved and authorized the merger of the SureWest KSOP into the Consolidated Communications, Inc. 401(k) Plan effective December 31, 2013. The transfer of the assets and liabilities of the SureWest KSOP is reflected on these financial statements as a transfer to the Consolidated Communications, Inc. 401(k) Plan on the statement of changes in net assets available for benefits.

SUREWEST KSOP

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the SureWest KSOP (the Plan or KSOP) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by SureWest Communications (SureWest) effective January 1, 1999. On July 2, 2012, SureWest was acquired by Consolidated Communications Holdings, Inc. (Consolidated or the Company), which resulted in the acquisition of 100% of all the outstanding shares of SureWest.

All employees of SureWest and participating subsidiaries are immediately eligible to participate in the Plan upon hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Vanguard Fiduciary Trust Company (Vanguard) serves as the Custodian and third party administrator of the Plan. The Company has the responsibility for the general operation of the Plan. The Plan has two features, a Stock Bonus feature and an Employee Stock Ownership feature, qualifying under Sections 401(a), 401(k) and 4975(e)(7) of the Internal Revenue Code of 1986, as amended (the Code or IRC). The KSOP also allows for after-tax Roth elective deferrals as part of the Plan.

Plan Merger

Effective December 31, 2013, the Plan was merged into the Consolidated Communications, Inc. 401(k) Plan (Consolidated 401(k) Plan). Total assets transferred to the Consolidated 401(k) Plan including notes receivable from participants were \$96,928,003. All participants in the Plan became participants in the Consolidated 401(k) Plan at that time.

Contributions

Eligible participants may make pretax salary deferral contributions in any whole percentage up to 50% of pretax annual eligible compensation, subject to certain Internal Revenue Code limitations. Participants may also elect to make salary deferral contributions on an after-tax basis in any whole percentage increments, subject to certain limitations defined by the Plan. These contributions are designated as Roth elective deferral contributions or after-tax contributions by the participant.

The Company makes a matching contribution equal to 100% of the participant's pretax and after-tax elective contributions, up to a maximum of 6% of the participant's compensation. Participants begin receiving the Company's matching contribution when they enter the Plan and must have completed one year of service in order to be fully vested in the Company's matching contribution. Company contributions are subject to certain IRC limitations.

Participants may also contribute assets to the Plan that qualify as rollover contributions from other qualified plans within the meaning of the Code.

Table of Contents

SUREWEST KSOP

NOTES TO FINANCIAL STATEMENTS (Continued)

Participant Investment Options

Participants direct the investment of their contributions among any or all of the investment options offered by the Plan. Participants may change their investment options at any time through Vanguard. The Company's matching contributions are invested in the same manner as that of the participant's elective contributions.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's pretax and after-tax elective contributions, allocation of the Company's matching contribution, allocation of Plan earnings, and charged with withdrawals, allocations of Plan losses and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance at the date of distribution.

Notes Receivable from Participants

Participants may borrow from their fund accounts in the form of a loan with a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants are allowed to have two outstanding loans at any given time; one general purpose loan and one residential loan. Loan transactions are treated as transfers between the investment fund and participant loan fund. Loan terms range from 1 to 5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at prime plus 1%. Principal and interest is paid through bi-weekly payroll deductions.

Vesting

Participants are immediately vested in their pretax and after-tax elective contributions, rollover contributions and actual earnings thereon. Participants vest in Company matching contributions after one year of service.

Payment of Benefits

Edgar Filing: Consolidated Communications Holdings, Inc. - Form 11-K

Upon termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum distribution equal to the value in the participant's account. Distributions for the value of a participant's account invested in the Company's Stock Fund are made in the form of the Company's common stock plus cash for any fractional shares or, if a participant elects, in cash as provided by the Plan Document. Participants may also elect to receive in-service distributions on account of hardship or after attaining age 59½.

As of December 31, 2013 and 2012, there were no benefits payable to participants that had elected to withdraw from the Plan but had not yet been paid.

Forfeitures

Forfeited balances, including terminated participants' nonvested accounts, are used to reduce future employer matching contributions. Unallocated forfeited balances were \$0 and \$17,753 as of December 31, 2013 and 2012, respectively, and forfeitures used to reduce employer contributions were \$12,000 in 2013.

SUREWEST KSOP

NOTES TO FINANCIAL STATEMENTS (Continued)

Administrative Expenses and Services

Certain administrative expenses for maintaining the plan are paid directly by the Company. The Company also provides accounting and other administrative services for the Plan at no charge. Investment fund administrative expenses are paid by the Plan.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to their account and is notified by the Trustee prior to the time that such rights are to be exercised. All shares for which the Trustee has not received timely participant directions shall be voted in the same proportion as the shares for which the trustee received timely directions, as defined in the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of termination, participants would become fully vested in their account balances.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

Edgar Filing: Consolidated Communications Holdings, Inc. - Form 11-K

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for additional discussion of fair value measurements.

Collective trust funds with underlying investments in investment contracts are valued based on the net asset value of the trust. These investments are recorded at fair value; however, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents collective trust funds at fair value as well as the related adjustment from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis. Contract value represents contributions plus earnings, less participant withdrawals and administrative expenses.

Table of Contents

SUREWEST KSOP

NOTES TO FINANCIAL STATEMENTS (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowance for credit losses has been recorded as of December 31, 2013 and 2012. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Benefits

Benefits are recorded when paid.

Subsequent Events

Subsequent events have been evaluated for inclusion in the accompanying financial statements through the date of issuance.

3. INVESTMENTS

The Plan's investments are held in trust by Vanguard. The Plan's trust agreement requires the Trustee to invest the Plan's assets into various fund options as directed by each participant.

There were no individual assets that represented 5% or more of the Plan's net assets as of December 31, 2013.

Edgar Filing: Consolidated Communications Holdings, Inc. - Form 11-K

Investments that represented 5% or more of the fair value of the Plan's net assets available for benefits as of December 31, 2012 were as follows:

	December 31, 2012
Vanguard Retirement Savings Trust	\$ 11,305,554
Vanguard 500 Index Fund Investor Shares	10,253,324
Western Asset Core Plus Bond Portfolio	9,588,213
Vanguard Target Retirement 2015 Fund	8,800,030
Consolidated common stock	8,441,707
Vanguard Capital Opportunity Fund	7,066,876
Vanguard Target Retirement 2040 Fund	6,934,036
Vanguard Target Retirement Income	5,990,842
American Funds EuroPacific Growth Fund	4,740,105

NOTES TO FINANCIAL STATEMENTS (Continued)

Consolidated common stock	\$	1,914,733
Mutual funds		12,681,467
Net appreciation in fair value of investments	\$	14,596,200

Edgar Filing: Consolidated Communications Holdings, Inc. - Form 11-K

Mutual funds and money markets: Shares of registered investment companies are reported at fair value based on the quoted market price of the fund, which represents the net asset values on the last business day of the Plan year. Shares of the institutional money market account, which are included in mutual funds, are valued at cost plus accrued interest, which approximates fair value.

Collective trust: The collective trust (Vanguard Retirement Savings Trust) is a stable value fund which invests primarily in synthetic insurance contracts that are backed by bond trusts and in traditional investments issued by insurance companies and commercial banks. The fund seeks to provide current and stable income while maintaining a constant net asset value of \$1 per share. There are currently no redemption restrictions or unfunded commitments for this investment. The fair values of participation units in the stable value collective trust are based upon the net asset values of such fund, after adjustments to reflect all fund investments at fair value, including direct and indirect interests in fully benefit-responsive contracts, as reported in the audited financial statements of the fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial

Table of Contents**SUREWEST KSOP****NOTES TO FINANCIAL STATEMENTS (Continued)**

instruments could result in a different fair value measurement at the reporting date.

The following table presents the Plan's assets measured at fair value on a recurring basis by hierarchy level as of December 31, 2012:

	December 31, 2012			
	Total	Level 1	Level 2	Level 3
Mutual funds:				
Balanced funds	\$ 36,836,841	\$ 36,836,841	\$	\$
Bond funds	9,588,213	9,588,213		
Domestic stock funds	22,437,594	22,437,594		
International stock funds	4,740,105	4,740,105		
Money market fund	43,178	43,178		
Common stock	8,441,707	8,441,707		
Collective trust	11,305,554		11,305,554	
	\$ 93,393,192	\$ 82,087,638	\$ 11,305,554	\$

There were no transfers in or out of Levels 1, 2 or 3 during the years ended December 31, 2013 and 2012.

The Plan did not have any assets or liabilities measured at fair value on a non-recurring basis at December 31, 2013 and 2012.

5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities that, in general, are exposed to various risks such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan holds certain mutual fund investments that are issued by an affiliate of Vanguard and a collective trust also issued by

Edgar Filing: Consolidated Communications Holdings, Inc. - Form 11-K

Vanguard. Vanguard is the Plan trustee and, therefore, these transactions and the Plan's payment of trustee fees to Vanguard qualify as party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company.

The Plan also holds shares of the Plan Sponsor's common stock. Included in investments at December 31, 2012 are 530,258 shares of Consolidated common stock with a fair value of \$8,441,707. The investments represented approximately 12% of total investments at December 31, 2012.

Table of Contents**SUREWEST KSOP****NOTES TO FINANCIAL STATEMENTS (Continued)****7. FEDERAL INCOME TAX STATUS**

The Internal Revenue Service has determined and informed the Company by a letter dated April 23, 2003, that the Plan was designed in accordance with the applicable regulations of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and the Plan continues to be tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2010.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following are reconciliations of net assets available for benefits per the financial statements to the Form 5500:

	December 31,	
	2013	2012
Net assets available for benefits per the financial statements	\$	\$ 94,581,397
Adjustment from fair value to contract value for common collective trust		569,149
Net assets available for benefits per the Form 5500	\$	\$ 95,150,546

The following is a reconciliation of total additions per the financial statements to total income per the Form 5500:

	Year Ended December 31, 2013
Total additions per the financial statements	\$ 23,743,925
Net change in adjustments from fair value to contract value for common collective trust	(569,149)
Total income per the Form 5500	\$ 23,174,776
