**Item 1.01 Entry into a Material Definitive Agreement**

On January 28, 2015, Chase Corporation (the Company) entered into an agreement to acquire two product lines from Henkel Corporation, a leading global manufacturer of adhesives with North America Operations headquartered in Rocky Hill, CT, an otherwise unrelated party. The transaction closed on January 30, 2015. In the most recently completed calendar year, the product lines had revenues in excess of \$20,000,000, with results expected to be accretive to Chase Corporation's earnings. The businesses were acquired for a purchase price of \$33,325,000, excluding any working capital adjustments and acquisition related costs. As part of this transaction, Chase acquired Henkel's Microspheres business, sold under the Dualite® brand, located in Greenville, SC, as well as obtained exclusive distribution rights and intellectual property related to Henkel's Polyurethane Dispersions Intermediates business, currently operating in the Elgin, IL location. Under the agreement with Henkel, Chase entered into a three-year facility lease at the seller's Greenville, SC location, and Henkel will perform certain manufacturing and application services for Chase for the next three years. The purchase was funded entirely with available cash on hand. On February 2, 2015, Chase Corporation issued a press release announcing its acquisition of these product lines, a copy of which is included as Exhibit 99.1 to this Current Report on Form 8-K and incorporated by reference herein.
