FORWARD-LOOKING STATEMENTS

CAUTIONARY STATEMENT FOR PURPOSES OF THE SAFE HARBOR PROVISIONS OF THE PRIVATE SECURITIES LITIGATION REFORM ACT OF 1995.

Statements in this Quarterly Report on Form 10-Q (this Quarterly Report), including the exhibits attached hereto, future filings by us with the Securities and Exchange Commission, our press releases, and oral statements made by, or with the approval of, our authorized personnel, that relate to our future performance or future events, may contain certain statements about us and our consolidated subsidiaries that do not directly or exclusively relate to historical facts. The statements are forward-looking statements within the meaning of the U.S. Private Securities Litigation Reform Act of 1995.

These forward-looking statements are necessarily estimates reflecting the best judgment and current expectations, plans, assumptions and beliefs about future events (in each case subject to change) of our senior management and management of our subsidiaries (including target businesses) and involve a number of risks, uncertainties and other factors, some of which may be beyond our control that could cause actual results to differ materially from those expressed or implied in such forward-looking statements. Without limitation, any statements preceded or followed by or that include the words targets, plans, believes, expects, intends, will, likely, may, anticipates, estimates, projects, should, positioned, strategy, future, potential, plan, forecast, or words, phrases or terms of similar substance or the negative thereof, are forward-looking statements. These include, but are not limited to, statements relating to the synergies and the benefits that we expect to achieve from the Cable Networks Acquisition, including future financial and operating results, the Company's plans, objectives, expectations and intentions and other statements that are not historical facts.

We claim the protection of the safe harbor for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995 for all forward-looking statements.

Forward-looking statements are not guarantees of performance. If one or more of these factors materialize, or if any underlying assumptions prove incorrect, our actual results, performance, or achievements may vary materially from any future results, performance or achievements expressed or implied by these forward-looking statements. In addition to the risk factors described in Item 1A Risk Factors in this report, those factors include:

- the reaction by advertisers, programming providers, strategic partners, the Federal Communications Commission (the FCC) or other government regulators to businesses that we acquire;
- the potential for viewership of our Networks programming to decline or unexpected reductions in the number of subscribers to our Networks;
- the risk that we may fail to secure sufficient or additional advertising and/or subscription revenue;

Table of Contents

- the ability to realize anticipated growth and growth strategies of the company since the completion of (i) the Transaction and (ii) the Cable Networks Acquisition;
- the ability to realize the anticipated benefits of (i) the Transaction and (ii) the Cable Networks Acquisition, in each case, which may be affected by, among other things, competition in the industry in which we operate;
- the risk that we may become responsible for certain liabilities of the Acquired Cable Networks;
- the costs expected to be incurred in connection with the integration of us and the Acquired Cable Networks;

- reduced access to capital markets or significant increases in borrowing costs;

- strikes or other union job actions that affect our operations;

Notes to Condensed Consolidated Financial Statements

Note 1. Nature of business

Nature of business: The accompanying Condensed Consolidated Financial Statements include the accounts of Hemisphere Media Group, Inc. (Hemisphere or the Company), the parent holding company of Cine Latino, Inc. (Cinelatino), WAPA Holdings, LLC (formerly known as InterMedia Español Holdings, LLC) (WAPA), and HMTV Cable, Inc., the parent company of the entities for the newly acquired networks consisting of Pasiones, TV Dominicana, and Centroamerica TV (see below). The Company determines its operating segments based upon (i) financial information reviewed by the chief operating decision maker, the Chief Executive Officer, (ii) internal management and related reporting structure and (iii) the basis upon which the chief operating decision maker makes resource allocation decisions. We have one operating segment, Hemisphere. In these notes, the terms Company, we, us or our mean Hemisphere and all subsidiaries included in our Condensed Consolidated Financial Statements.

Basis of presentation: The accompanying unaudited Condensed Consolidated Financial Statements for Hemisphere and its subsidiaries have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, certain information and note disclosures normally included in annual financial statements prepared in accordance with U.S. GAAP have been condensed or omitted pursuant to those rules and regulations, although we believe that the disclosures made are adequate to make the information not misleading. In our opinion, all adjustments (consisting only of normal recurring adjustments) considered necessary for a fair statement have been included. Our financial condition as of, and operating results for the three and nine months ended September 30, 2015 are not necessarily indicative of the financial condition or results that may be expected for any future interim period or for the year ending December 31, 2015. These Condensed Consolidated Financial Statements should be read in conjunction with the audited consolidated financial statements and notes thereto included in our 2014 Annual Report.

On April 1, 2014, we acquired the assets of three Spanish-language cable television networks for \$101.9 million in cash. The three acquired cable networks include Pasiones, Centroamerica TV and Television Dominicana.

Reclassification: Certain prior year amounts presented in due from related parties accounts have been reclassified to accounts receivable on the accompanying condensed consolidated balance sheet, which resulted in an increase to accounts receivable and the related allowance for doubtful accounts to conform with the fiscal 2015 presentation with no impact to current assets.

Net earnings per common share: Basic earnings per share (EPS) are computed by dividing income attributable to common stockholders by the number of weighted-average outstanding shares of common stock. Diluted EPS reflects the effect of the assumed exercise of stock options and vesting of restricted shares only in the periods in which such effect would have been dilutive.

The following table sets forth the computation of the common shares outstanding used in determining basic and diluted EPS (*Dollar and share amounts in thousands*):

We apply the treasury stock method to measure the dilutive effect of our outstanding stock options and restricted stock awards and include the respective common share equivalents in the denominator of our diluted income per common share calculation. Potentially dilutive securities representing 1.0 million shares of common stock for the three and nine months ended September 30, 2015, were excluded from the computation of diluted income per common share for this period because their effect would have been anti-dilutive. The net income per share amounts are the same for our Class A common stock, par value \$0.0001 per share (Class A common stock) and Class B common stock, par value \$0.0001 per share (Class B common stock), because the holders of each class are legally entitled to equal per share distributions whether through dividends or in liquidation.

Use of estimates: In preparing these financial statements, management had to make estimates and assumptions that affected the reported amounts of assets and liabilities and the disclosures of contingent assets and liabilities as of the balance sheet dates, and the reported revenues and expenses for the three and nine months ended September 30, 2015 and 2014. Such estimates are based on historical experience and other assumptions that are considered appropriate in the circumstances. However, actual results could differ from those estimates.

Recent accounting pronouncements: In May 2014, the Financial Accounting Standards Board (FASB) and the International Accounting Standards Board updated the accounting guidance related to revenue recognition. The updated accounting guidance provides a single, contract-based revenue recognition model to help improve financial reporting by providing clearer guidance on when an entity should recognize revenue, and by reducing the number of standards to which an entity has to refer. In July 2015, the FASB voted to defer the effective date by one year to December 15, 2017 for annual reporting periods beginning after that date. The updated accounting guidance provides companies with alternative methods of adoption. We are currently in the process of determining the impact that the updated accounting guidance will have on our consolidated financial statements and our method of adoption.

FASB has issued Accounting Standards Update (ASU) *2015-15 Interest-Imputation of Interest (Subtopic 835-30) Presentation and Subsequent Measurement of Debt Issuance Costs Associated with Line-of-Credit Arrangements Amendments to SEC Paragraphs Pursuant to Staff Announcement at June 18, 2015 EITF Meeting*. This ASU adds SEC paragraphs pursuant to the SEC Staff Announcement at the June 18, 2015 Emerging Issue Task Force meeting about the presentation and subsequent measurement of debt issuance costs associated with line-of-credit arrangements. In April 2015, the FASB issued update, *ASU 2015-03 Interest Imputation of Interest (Subtopic 835-30), Simplifying the Presentation of Debt Issuance Costs*, which requires that debt issuance costs be presented in the balance sheet as a direct deduction from the carrying amount of the debt liability. *ASU 2015-03* does not address presentation or subsequent measurement of debt issuance costs related to line-of-credit arrangements. Given the absence of authoritative guidance within the *ASU 2015-03* for debt issuance costs related to line-of-credit arrangements, the SEC staff would not object to an entity deferring and presenting debt issuance costs as an asset and subsequently amortizing the deferred debt issuance costs ratably over the term of the line-of-credit arrangement regardless of whether there are any outstanding borrowings on the line-of-credit arrangement. We will adopt the guidance in the first quarter of 2016, with the impact to our consolidated statement of position to be a reduction in assets where deferred costs are currently disclosed, and a reduction to long-term debt where these costs will be recorded after the transition.

Note 4. Income taxes

For the nine month periods ended September 30, 2015 and 2014, our income tax expense has been computed utilizing the estimated annual effective rates of 36.6% and 38.8% respectively. The difference between the annual effective rate of 36.6% and the statutory Federal income tax rate of 35% in the nine month period in 2015, is primarily due to state and foreign income taxes. The difference between the annual effective rate of 38.8% and the actual effective rate in the nine month period in 2014, is primarily due to the reversal of the valuation allowance previously recorded of \$2.5 million, as we determined that it was reasonably certain that our foreign tax credits will be realized following the Cable Networks Acquisition on April 1, 2014.

In connection with the filing of our 2014 federal and state tax returns in September, we completed our return to provision true-up, which resulted in an increase in our deferred tax asset of \$0.2 million and a decrease in our deferred tax liability of \$1.8 million.

Table of Contents

Income tax expense for the three and nine months ended September 30, 2015, was \$2.0 million and \$5.9 million, respectively. Income tax expense for the three months ended September 30, 2014, was \$0.8 million and the income tax benefit for the nine months ended September 30, 2014 was \$0.4 million.

Long-term debt at September 30, 2015 and 2014 consists of the following (*amounts in thousands*):

	September 30, 2015		December 31, 2014

On July 30, 2013 certain of our subsidiaries (the Borrowers) entered into a credit agreement providing for a \$175.0 million senior secured term loan B facility (the Term Loan Facility), which matures on July 30, 2020. On July 31, 2014, certain of our subsidiaries amended the Term Loan Facility (the Amended Term Loan Facility), which provides for an aggregate principal amount of \$225.0 million and matures on July 30, 2020. Pricing on the Amended Term Loan Facility was set at LIBOR plus 400 basis points (decreased from a margin of 500 basis points) subject to a LIBOR floor of 1.00% (decreased from a LIBOR floor of 1.25%), resulting in an effective interest rate of 5.00% in the current quarter and 0.5% of original issue discount (OID). The Amended Term Loan Facility also provides an uncommitted accordion option (the Incremental Facility) allowing for additional borrowings under the Term Loan Facility up to an aggregate principal amount equal to (i) \$40.0 million plus (ii) an additional amount of up to 4.0x first lien net leverage. The obligations under the Amended Term Loan Facility are guaranteed by HMTV, LLC, our direct wholly-owned subsidiary, and all of our existing and future subsidiaries (subject to certain exceptions in the case of immaterial subsidiaries). Additionally, the Amended Term Loan Facility provides for an uncommitted incremental revolving loan option in an aggregate principal amount of up to \$20.0 million, which shall be secured on a *pari passu* basis by the collateral securing the Amended Term Loan Facility. The Amended Term Loan Facility is secured by a first-priority perfected security interest in substantially all of our assets.

The proceeds of the Term Loan Facility, as amended, were used to pay fees and expenses associated with the Transaction and the Cable Networks Acquisition, and for general corporate purposes including potential future acquisitions. The OID of \$1.8 million, net of accumulated amortization of \$0.6 million at September 30, 2015, was recorded as a reduction to the principal amount of the Term Loan Facility outstanding and will be amortized as a component of interest expense over the term of the Amended Term Loan Facility. We recorded \$2.4 million of deferred financing costs associated with the Term Loan Facility, as amended, net of accumulated amortization of \$0.8 million at September 30, 2015, which will be amortized utilizing the effective interest rate method over the remaining term of the Amended Term Loan Facility.

The Amended Term Loan Facility principal payments are payable on quarterly due dates commencing September 30, 2014, with a final installment on July 30, 2020.

In addition, pursuant to the terms of the Amended Term Loan Facility, within 90 days after the end of each fiscal year (commencing with the fiscal year ending December 31, 2015), the Borrowers are required to make a prepayment of the loan principal in an amount equal to 50% of the excess cash flow of the most recently completed fiscal year. Excess cash flow is generally defined as net income plus depreciation and amortization expense, less mandatory prepayments of the term loan, interest charges, income taxes and capital expenditures, and adjusted for the change in working capital. The percentage of the excess cash flow used to determine the amount of the prepayment of the loan declines from

Secondary Offering

In May 2015, the Company completed a secondary offering on behalf of certain selling stockholders of 3,195,583 shares of Class A common stock at a price of \$12.00 per share, less underwriting discounts and commissions. In connection with the offering, the underwriters exercised their additional share purchase option, where an additional 479,337 shares were offered by the Company at \$12.00 per share, less underwriting discounts and commissions (the Option Shares). The Company did not receive any of the proceeds related to the sale of the 3,195,583 shares of Class A common stock from the secondary offering, and received net proceeds of approximately \$5.4 million from the sale of the Option Shares.

Equity incentive plans

An aggregate of 4.0 million shares of our Class A common stock were authorized for issuance under the terms of the Hemisphere Media Group, Inc. 2013 Equity Incentive Plan (the 2013 Equity Incentive Plan). At September 30, 2015, 0.8 million shares remained available for issuance of stock options or other stock-based awards under our Equity Incentive Plan (including shares of restricted Class A common stock surrendered to the Company in payment of taxes required to be withheld in respect of vested shares of restricted Class A common stock and available for issuance). The expiration date of the 2013 Equity Incentive Plan, on and after which date no awards may be granted, is April 4, 2023. The Company's board of directors administers the 2013 Equity Incentive Plan, and has the sole and plenary authority to, among other things: (i) designate participants; (ii) determine the type, size, and terms and conditions of awards to be granted; (iii) determine the method by which an award may be settled, exercised, canceled, forfeited, or suspended.

The Company's time-based restricted stock awards and option awards generally vest in three equal annual installments beginning on the first anniversary of the grant date, subject to the grantee's continued employment or service with the Company. The Company's event-based restricted stock awards and option awards generally vest either upon the Company's Class A common stock attaining a \$15.00 closing price per share, as quoted on the NASDAQ Global Market, on at least 10 trading days, subject to the grantee's continued employment or service with the Company. Other event-based restricted stock awards granted to certain members of our Board vest on the day preceding the Company's annual shareholder meeting.

Stock-based compensation

Stock-based compensation expense related to stock options and restricted stock was \$1.4 million for each of the three months ended September 30, 2015 and 2014, respectively, and \$4.1 million and \$4.6 million for the nine months ended September 30, 2015 and 2014, respectively. At September 30, 2015, there was \$2.6 million of total unrecognized compensation cost related to non-vested stock options, which is expected to be recognized over a weighted-average period of 2.0 years. At September 30, 2015, there was \$2.3 million of total unrecognized compensation cost related to non-vested restricted stock, which is expected to be recognized over a weighted-average period of 0.9 years.

Stock options

The fair value of stock options granted is estimated at the date of grant using the Black-Scholes option pricing model for time-based options and the Monte Carlo simulation model for event-based options. The expected term of options granted is derived using the simplified method under ASC 718-10-S99-1/SEC Topic 14.D for plain vanilla options and the Monte Carlo simulation for event-based options. Expected volatility is based on the historical volatility of the Company's competitors given its lack of trading history. The risk-free interest rate is based on the U.S. Treasury yield for a period consistent with the expected term of the option in effect at the time of the grant. The Company has estimated forfeitures of 1.5%, as the awards are to management for which the Company expects lower turnover, and has assumed no dividend yield, as dividends have never been paid to stock or option holders and will not be paid for the foreseeable future.

Warrants

Edgar Filing: HEMISPHERE MEDIA GROUP, INC. - Form 424B3

In connection with our capitalization noted above, we have issued 14.7 million warrants, which qualify as equity instruments. Each warrant entitles the holder to purchase one-half of one share of our Class A common stock at a price of \$6.00 per half share. At September 30, 2015, 14.7 million warrants were issued and outstanding, which are exercisable into 7.3 million shares of our Class A common stock. Warrants can be exercised only through the date of expiration and are only exercisable for a whole number of shares of common stock (i.e. only an even number of warrants may be exercised at any given time by a registered holder). As a result, a holder must exercise a least two warrants, at an effective exercise price of \$12.00 per share. At the option of the Company, 10.0 million warrants may be called for redemption, provided that the last sale price of our Class A common stock reported has been at least \$18.00 per share on each of twenty trading days within the thirty-day period ending on the third business day prior to the date on which notice of redemption is given. The warrants expire on April 4, 2018. During the nine months ended September 30, 2015, no warrants were exercised.

Note 7. Contingencies

We are involved in various legal actions, generally related to our operations. Management believes, based on advice from legal counsel, that the outcomes of such legal actions will not materially affect our financial condition.

Our two primary sources of revenue are advertising revenues and retransmission/subscriber fees. All of our networks generate both advertising revenues and retransmission/subscriber fees. Cinelatino was commercial-free, and generated 100% of its revenue from subscriber fees. However, to further monetize Cinelatino's strong ratings and attractive audience, we introduced advertising on Cinelatino's U.S. feed in July 2015. Advertising revenue is generated from the sale of advertising time. Our advertising revenue tends to reflect seasonal patterns of our advertisers demand, which is generally greatest during the fourth quarter of each year, driven by the holiday buying season. In addition, Puerto Rico's political election cycle occurs every four years and WAPA benefits from increased advertising sales in an election year. For example, in 2012, WAPA experienced higher advertising sales as a result of political advertising spending during the 2012 governmental elections.

Retransmission and subscriber fees are charged to distributors of our Networks, including cable, satellite and telecommunication service providers, pursuant to multi-year agreements. We believe our Networks are well positioned to further grow our retransmission and subscriber fees, fueled by our Networks' strong ratings, continued growth in our target demographic audiences and robust content portfolio. We continually review the quality of our programming to ensure that it is maximizing our Networks

viewership and giving our Networks subscribers a premium, high-value experience. The continued growth in our subscriber fees will, to a certain extent, be dependent on the growth in subscribers of the cable, satellite and telecommunication service providers distributing our Networks, and new system launches.

WAPA has been the #1-rated broadcast television network in Puerto Rico for the last six years and management believes it is highly valued by its viewers and distributors. WAPA is distributed by all pay-TV distributors in Puerto Rico and has been successfully growing retransmission fees. In fact, WAPA's primetime household rating in 2014 was more than three times higher than the most highly rated English language U.S. broadcast network in the U.S., CBS. As a result of its ratings success in the last six years, management believes WAPA is well positioned for future growth in retransmission fees, similar to the growth in retransmission fees that the four major U.S. networks have experienced in the U.S. (ABC, CBS, NBC and Fox). WAPA primarily derives its revenue from advertising, though retransmission fees are growing rapidly and becoming a larger contributor to revenue.

WAPA America, Cinelatino, Pasiones, Centroamerica TV and Television Dominicana occupy a valuable and unique position as they are among the few Hispanic cable networks to have achieved broad distribution in the U.S. As a result, management believes our U.S. networks are well-positioned to benefit from growth in both the growing national advertising spend targeted at the highly sought-after U.S. Hispanic cable television audience, and significant growth in subscribers, as the U.S. Hispanic population continues to grow rapidly. Cinelatino and WAPA America are presently rated by Nielsen.

Hispanics represent 17% of the total U.S. population and approximately 10% of the total U.S. discretionary consumption, but only 5% of the aggregate media spend targets U.S. Hispanics. As a result of the under-indexing of the media spend targeting U.S. Hispanics, advertisers have been and are expected to continue to increase the portion of their marketing dollars targeted towards U.S. Hispanics. U.S. Hispanic cable network advertising revenue grew at a 14% CAGR from 2007 to 2014, more than doubling from \$178 million to \$435 million. Going forward, advertising on U.S. Hispanic cable networks is expected to grow to \$719 million in 2017, representing a CAGR of 18%, presenting a significant and growing opportunity for our U.S. networks.

Management expects our U.S. networks to benefit from significant growth in subscribers, as the U.S. Hispanic population continues to grow rapidly. As of the 2014 U.S. Census Update, 55 million Hispanics resided in the United States, which represents an increase of 20 million people, or 57%, between 2000 and 2015, and is expected to grow to 64 million by 2020. Hispanic television households grew by 31% during the period from 2006 to 2014, from 11.2 million households to 14.8 million households. Similarly, Hispanic pay-TV subscribers increased 57% since 2006 to 12.3 million subscribers. The continued rapid growth of Hispanic television households and pay-TV subscribers creates a significant opportunity for WAPA America and Cinelatino.

Similarly, management expects Cinelatino and Pasiones to benefit from significant growth in Latin America. Fueled by a sizeable and growing population, a strong macroeconomic backdrop and rising disposable incomes, as well as investments in network infrastructure resulting in improved service and performance, pay-TV subscribers in Latin America (excluding Brazil) are projected to grow from 45 million in 2014 to 56 million in 2018, representing approximately 24% growth. Furthermore, Cinelatino and Pasiones are each presently distributed to less than 25% of total pay-TV subscribers throughout Latin America. Accordingly, growth through new system launches represents a significant growth opportunity. Management believes Cinelatino and Pasiones have widespread appeal throughout Latin America, and therefore will be able to expand distribution throughout the region.

MVS, one of our stockholders, provides operational and technical services to Cinelatino pursuant to several agreements. Also Cinelatino's affiliation agreement with Dish Mexico (an affiliate of MVS), is party to an affiliation agreement with Cinelatino pursuant to which Dish

Mexico distributes the network and Cinelatino receives revenue. These agreements expire August 1, 2017.

Net Revenues

Net revenues increased \$2.7 million, or 9%, for the three months ended September 30, 2015, and increased \$14.8 million, or 19%, for the nine months ended September 30, 2015. The increases, in both the three and nine month periods, were driven by growth in advertising revenues and higher subscriber and retransmission fees, driven by overall growth in subscribers and rate increases. The increase in the nine months ended September 30, 2015 was also due to the inclusion of the Acquired Cable Networks, which were not included in the prior year's first quarter. The following table presents estimated subscriber information:

Operating Expenses

Cost of Revenues: Cost of revenues consists primarily of programming and production costs, programming amortization and technical distribution costs. Cost of revenues increased \$1.1 million, or 12%, for the three months ended September 30, 2015, and increased \$3.5 million, or 14%, for the nine months ended September 30, 2015. The increase for the three months ended September 30, 2015, was driven primarily by increased investment in programming at the Acquired Cable Networks and WAPA America, consistent with our previously stated strategy. The increase for the nine months ended September 30, 2015, was

Table of Contents

due to the inclusion of the Acquired Cable Networks, which were not included in the prior year's first quarter, and the increased investment in programming and production during the current quarter.

Selling, General and Administrative: Selling, general and administrative expenses consist primarily of promotion, marketing and research, stock-based compensation, corporate employee costs, occupancy costs and other general administrative costs. Selling, general and administrative expenses increased \$0.6 million, or 7%, for the three months ended September 30, 2015, and increased \$3.3 million, or 14%, for the nine months ended September 30, 2015. The increases for both periods were driven by higher salaries and benefits expense, as we expand our infrastructure to support the growth of our business, higher professional fees, particularly audit and Sarbanes-Oxley consulting fees, and higher marketing expense. The increase in the nine months ended September 30, 2015 was also due to the inclusion of the Acquired Cable Networks, which were not included in the prior year's first quarter.

Depreciation and Amortization: Depreciation and amortization expense consists of depreciation of fixed assets and amortization of intangibles. Depreciation and amortization expense decreased \$0.4 million, or 8%, for the three months ended September 30, 2015, primarily due to the expiration of the useful lives of certain intangibles identified in the Cable Networks Acquisition, which were fully reflected in the prior year's quarter, but not in the current quarter. Depreciation and amortization expense increased \$0.9 million, or 7%, for the nine months ended September 30, 2015, primarily due to the inclusion of the Acquired Cable Networks, which were not included in the prior year's first quarter, offset in part by the decline in amortization of intangibles in the current year period due to the expiration of the useful lives of certain intangibles.

Other Expenses: Other expenses include legal and financial advisory fees, and other fees incurred in connection with corporate finance activities, including debt and equity financings, and acquisition activities. Other expenses decreased \$0.9 million for the three months ended September 30, 2015, due primarily to the incurrence of fees in connection with the refinancing of our Term Loan Facility in the prior year's quarter. Other expenses decreased \$0.9 million for the nine months ended September 30, 2015, due to higher costs incurred in connection with the Cable Networks Acquisition and refinancing of our Term Loan Facility in the prior year as compared to the fees incurred in connection with the secondary equity offering in the current year. For more information, see Note 6, "Stockholders' Equity", of Notes to our Condensed Consolidated Financial Statements included elsewhere in this Quarterly Report.

Other Expenses

Other expenses consist primarily of interest expense. Other expenses decreased \$1.1 million for the three months ended September 30, 2015, and decreased \$0.9 million for the nine months ended September 30, 2015. The decreases, in both the three and nine month periods, were primarily due to the charge incurred in the prior year as a result of the loss on extinguishment of debt in connection with our Term Loan Facility. The decrease in the nine month period was offset in part by higher interest expense due to an increase in the average balance on our Term Loan Facility.
